A NEWSPAPER OF AND FOR TEXICO-FARWELL, AND CURRY COUNTY, N. M., AND PARMER COUNTY, TEXAS.

Vol. 3, No. 11

Texico, New Mexico, Wednesday, April 30, 1919.

Subscription Price \$1.50

PARMER COUNTY DISTRICT COURT

Court convened last week with Judge Reese Tatum presiding. All the officers of the court were in attendance, as follows: Clifford Braley, District Attorney; B. N. Graham District Clerk; and Miss Shackelford, Court Stenographer. The sheriff with his full force were in daily attendance. His deputies were as follows: B. P. Abbott and Jim Martin of Bovina, Rube Kinsley of Friona and D. M. Whitley of Farwell.

The grand jury headed by S. H. Withers, found four true bills.

The court disposed of a number of minor cases the first part of the week, but the most interesting case was that of a Mr. Hubbard, charged with butchering a cow belonging to Mr. Fuqua of Hereford. The killing took place on a farm occupied by Toad Hines. It seems as if both had a part in the fray, but each laying it on the other. In substance Hines turned states evidence, which made it look very bad for Hubbard. This made the contest between the two lawyers very interesting and exciting at times. Atty. Dayton Moses of Fort Worth, in the employ of the Cattle Raisers' Association of Texas, assisted the District Attorney, in fact did the prosecution. Atty. Russell of Hereford was the lawyer for the defense. He had some job too, but he put up one of the bravest fights for his client that anyone could, for it appeared from the beginning that he had an up hill pull. Judge Tatum was fair in his decisions and prompt at all times. The trial lasted one day and a half, besides two night sessions, the last one lasting almost till midnight, when the jury was instructed by the court. A verdict was found Saturday morning, finding the defendant guilty, giving him two years in the penitentiary.

One of the amusing incidents of the trial was the testimony of a boot-

Hereford, who testified on the stand that he had gotten whiskey at Tucumcari for the defendant, on the day the theft was committed. At this juncture the judge took up the questioning, drawing the witness out in his above said declaration.

Court is in session again this week, but it is likely that it will adjourn before the end of the week.

R. E. Curo can save you money on Furniture and Undertaker's goods. tf

Plenty of good coal on hand. I want your trade. K. K. Runnels.

C. W. Harrison of Clovis was a visitor in the State Line city last Tuesday.

Velma Whitten will save you money on millinery goods. At R. E. Curo's Furniture Store. tf

T. J. Allen has returned from his trip to the southern part of the state last week.

Luther Rogers, Boots Rawleigh and J. V. Wheeler were Clovis callers Monday.

Harry Allen and Ray Donelson drove to Roswell Tuesday, returning Wednesday of last week.

JERSIG-MONNING

Miss Allen Shelby Jersig of Bovina and Ben P. Monning were quietly married at the Methodist parsonage Saturday the 12th, by the Rev. Doctor S. R. Hay. The wedding was expected to take place soon, though its extreme quietness was a surprise to their many friends here. The bride is the only daughter of Mr. and Mrs. Fred W. Jersig, and is well known here, having frequently visited Mrs. Lee and Miles Bivins, being the guest of the latter at the time of the marriage. She comes of a distinguished family and is the granddaughter of General Shelby of Civil War fame. She is a young woman of charming personality and talented accomplishment, being a gifted reader and a graduate of Christian College.

The groom is the son of Mr. and Mrs. John Monning and has grown to manhood in Amarillo. He is a graduate of the University of Texas in the class of 1914, and finished the law course in that institution two years later. He has been prominent in athletics from high school days, making the all-university team in baseball at both Southwestern and the State University while a student in those institutions. He was admitted to the bar in Amarillo several years ago, and since his return from the army, where he served as lieutenant in the tank corps, he has been a member of the law firm of Pierson and Monning.

After a short trip to Kansas City, Mr. and Mrs. Monning will be at home to their friends in Amarillo.—Amarillo Daily News.

NOTICE TO ALL CITIZENS

All citizens are notified that Tuesday, May 6th, is Clean-up Day, for Texico, N. M., and that each and all are requested to gather up all rubbish such as cans and other stuff, and pile at the back of the property on which they reside, where the wagon, furnished by the city, can gather up the same to be hauled to the dumping ground. Do this, please, and do not forget the date.

JOHN MCGREW, Mayor.

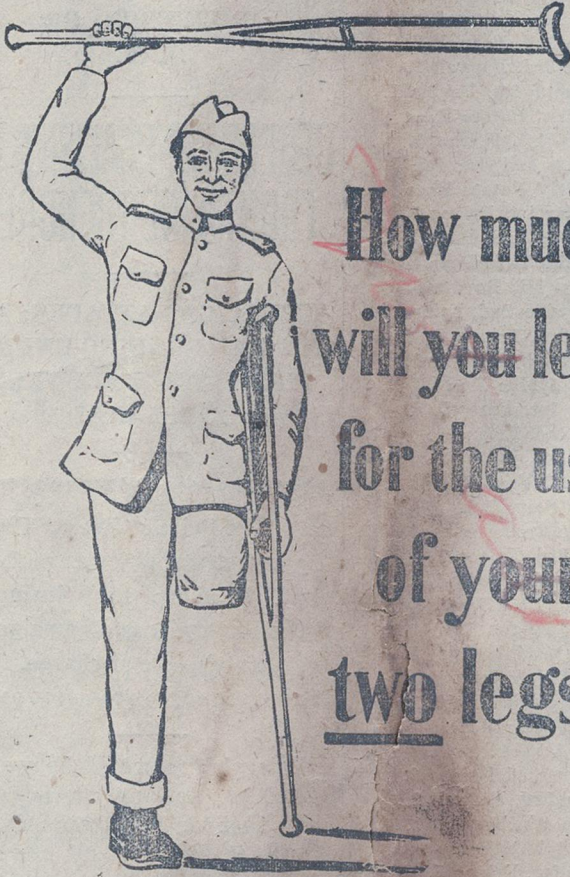

A first class dressmaker as Porter's Furniture Store. tf

Another fine rain visited this section of the plains and Panhandle Tuesday night. The range is in excellent shape and the grazing was never better at this season of the year. Wheat prospects are very flattering and nothing short of a calamity can now cut the crop short. Present indications point to a bumper crop this year, both in wheat and row crops.

S. H. Dixon of Shenandoah, Iowa, was in the city Tuesday. Mr. Dixon is one of Iowa's most successful breeders of fine hogs, and says that the plains, in his opinion, is particularly adapted to hog raising. He has a quarter section of fine farm land northwest of Bovina.—Tribune.

Luther Rogers is remodeling his store room, preparatory to putting in a larger stock, and a more of a variety. Luther is a fine fellow, and for that reason he has worked up a good trade.

WHAT'S THE NEWS? \$150. a yr.

How much will you lend for the use of your two legs?

Sure, we'll finish the Job.

TOWN TOPICS

Hats trimmed to order at Mrs. Porter's.

C. A. Roberson and wife and Mrs. A. Holloway were business visitors in Clovis Monday.

R. C. Hooping, the former sheriff of Parmer county, but now a resident of Littlefield, Texas, was here Wednesday on business.

Another new railroader has arrived in the State Line city. Bob Moore is the smiling papa. Born Friday. All concerned doing nicely.

Sewing Machines in first class condition. Good as new. Going at from \$3 to \$10. Only a few left. R. E. Curo.

The following are the names of the ladies on the Woman's Liberty Loan committee: Mrs. M. M. Craig, chairman, Grace Haber, Doshia Ann Cranfill and Oriol Curtis.

J. S. Carter of Dallas has arrived and taken charge of the local ice plant. He is busy this week overhauling the machinery and will soon begin to make ice.

Harry Allen has made arrangements for control of the local print shop, and will begin immediately to work up a good job business. Why not send him your printing? Watch for his ad later.

Sergt. Frank Wirth returned home Tuesday morning, having received his discharge from the air service at Camp Sheridan, Ala. Frank has made good in the service of Uncle Sam and has returned with a mechanical education which will be a source of pleasure and profit as long as he lives.—Tribune.

The Panhandle Association of the Congressional Church will convene at Friona, May 6th and 7th. Dr. Henry Tuttle, president of Kingfisher College, will deliver an address Wednesday night on "Our Intellectual Inheritance." Dr. F. J. Easterbrook of Denver, will be present and will speak on "Education for Christian Character." Other prominent speakers will be Dr. A. E. Rickers of Dallas and Dr. L. H. Kellar, pastor of the Plymouth Church, Oklahoma City. A number of delegates from the churches in this section will attend.

Mike Hill has been ordered to Camp Travis, and is likely to drop in on us most any time.

NEW MEXICO LEAD IN FOURTH DRIVE

(Clovis News.)

In a report recently issued by the treasury department it is shown that New Mexico subscribed the highest per cent of any state in the Union for the fourth Liberty Loan. Its subscription was 181.3% of its quota. District of Columbia with a percentage of 185.7% (which included a large amount of Navy subscriptions, taken through the Navy department) and Alaska with a subscription of 232.2% alone exceeded New Mexico.

The Prohibition rally drew a large crowd at the Court House Sunday evening. The special music was enjoyed by all, as well as the address by Rev. Acree, the Baptist minister. An organization headed by Hon. J. D. Hamlin will be in operation soon, for the purpose of getting voters to the polls. The Pros. are in a majority, but are more or less disinterested because of the seemingly overwhelming majority, hence the danger, as every Anti will be there ready for the polls to open. So let every Texan be sure and vote for the Prohibition amendment to the State Constitution, on May 24th, this year.

Nick O'Neal returned from overseas Sunday. He is looking fine, and was mighty glad to return.

Mr. and Mrs. Roy Marks returned Sunday from Fort Worth, after an extended visit with Mrs. Brown of that place, mother of Mrs. Marks.

Portales came over Sunday and was treated to another defeat at the hands of the Texico boys to the tune of 4 to 8.

There was a broncho busting contest pulled off in Texico Sunday. Buck Rawlie and Willis Wiggins carried off the honors.

W. L. Mansfield returned Tuesday morning from a trip to Denver, Colo. He says that the recent blizzard was quite severe in that section of the country.—Tribune.

The local picture show draws its capacity each Saturday night. The manager is deserving of good patronage, because of the good class of pictures he is putting on.

The Farwell school board has secured the remainder of their teachers for the ensuing year, as follows: Miss Flora Best Hopping, formerly a teacher in the schools, will teach the 5th and 6th grades. Miss Frankie Hassell of Ozona, Texas, will have charge of the Domestic department, and Miss Ruth Thomas of Hamilton, Texas, will teach as one of the assistants in the high school. If the other two are as successful teachers Miss Hopping, we will have a fine school, for the rest of the teachers already hired are all capable in their respective places.

The W. O. W. of this place is alive and on the move. They have initiated a contest for members, having divided its membership into two groups, and each side is working hard to win. Then on next Sunday they are to have the unveiling of monuments: one at the Texico cemetery at 1:30 and one at the Bovina cemetery at 4 p. m. Then on the following evening, Monday, May 5th, they are to have a big ice cream supper at the tire plant, when ice cream and cake will be served and a social program rendered. They cordially invite all to attend.

CLUB LEADER FOR CURRY COUNTY

(Clovis News.)

At a special meeting of the County Commissioners last Saturday the board decided to co-operate with the Agricultural Department in employing a Boys' and Girls' Club Leader for Curry County. The club leader for this work is employed on about the same basis as the county agent, the county paying a portion of the expense and the government the remainder. The leader must fill certain requirements and is chosen by the government.

Mrs. C. V. Steed has already been named for the position and assumed the duties of her new work Monday.

WHAT'S THE NEWS? \$150. a yr.

BASKET BALL

An exciting basketball game was played Wednesday evening on the Farwell grounds, between the second teams of Texico and Farwell. The first half was all one sided in favor of Texico, and when time was called the score stood 9 to 9. But the last half Farwell awoke and came near winning out in the total counts, but time was called too soon, and the score stood 9 to 10 in favor of Texico. The rivalry between the two teams is keen, which is all right, but it would be much better if a teacher from each of the schools would act as referees, instead of pupils. Following is the lineup:

Texico: Forwards—Bertie Curo and Jessie Weltman. Centers—Rena Jones and Jewell Powell. Guards—Kate Cross, Maurine Wright and Ida Vinyard, sub.

Farwell: Marie Moore and Louise Hiner. Centers—Mattie Fay Nash and Jimmie Lila Walling, Wildena Withers, sub. Guards—Ruth Maddux and Joe De Olivera.

Get behind the Victory Loan.

COUNTY TREASURER MORGAN MARRIED

(Clovis News.)

County Treasurer J. Simpson Morgan was married on the 16th of April, at Water Valley, Miss., to Miss Peola Lawshe at the home of the bride's parents at that place. The bride and groom arrived in Clovis the latter part of last week and will make their home in Clovis.

Few people in Curry County have more friends than J. Simpson Morgan. He was last year nominated and elected to the important office of County Treasurer of Curry County and that too without opposition. The News joins the many friends of Judge in extending hearty congratulations, and welcoming the bride to Clovis.

OUR QUOTA \$13,900

Curry County's quota in the Victory Liberty Loan is \$113,900, whereas it was only \$87,500 in the last loan. There is no reason, however, why we cannot go over the top as usual this drive, for during the Fourth drive the county subscribed \$142,900.00, and the present bonds are a better investment than the last. Let's all put our shoulders to the wheel and make this a real victory loan as far as Curry County is concerned.

Entered as Second-class Matter, October 27, 1916, at the postoffice at Texico, N. M., under the Act of Congress, March 3, 1879.

Joe Bailey begins a speaking tour in Texas, about May 15th, against woman suffrage. There was a time when Mr. Bailey wielded a lot of influence, not only in Texas, but in the United States as well...

All Texans should be glad to learn that Captain E. G. Chamberlain of San Antonio, whose veracity, in respect to his daring exploits in the air, was questioned by aerial authorities of both the United States and England, is winning out in his investigation. Proof that he did accomplish what he claimed is being verified by eye witnesses.

Federal District Judge James C. Wilson of the Dallas District granted a temporary restraining order, last week, as to the enforcement of the law which would close pool halls in Texas on May 1st. Whether the interlocutory injunction is granted or refused the party losing may appeal to the supreme court of the United States...

There seems to be a general movement on the part of a great many by some of the larger newspapers of the country, to oust the Postmaster General. The cause seems to start from the new zone rate law, pertaining to newspapers. It appears to most fairminded people that if all other institutions, are to abide by the different rulings of the different departments, that the newspapers should be no exception.

C. H. Schmidgall of Peoria, Illinois started to work fourteen years ago on what was until two years ago, considered a mechanical impossibility, namely, a bit that would bore a square hole. Two years ago he solved the problem and not only invented a bit that would bore a square hole, but any other shapes, that one might want by making the proper changes. On the 18th of March he received

his absolute patent and is now willing that his accomplishment may be told to the world. Since the patent has come to light, the large machine shops of the United States have written Mr. Schmidgall for demonstrations in their shops. What next?

"Play Ball" is again heard throughout the land. All the big Leagues have opened their season, the past week. Base ball played right is a good clean sport, and should be supported by communities in which it is played, that is so long as it is properly played.

The bill which disfranchised the returning soldiers, to our way of thinking, is a disgrace to Texas, or any other state which would dare to enroll it on their statutes. If any set of men ever lived, should enjoy the privilege of suffrage, it is our own boys who went across the sea, and over the top, and brought back to us a victory such as was never recorded in the world's history.

THE PARMER COUNTY MEET Perhaps the largest crowd met in Friona the 16th, the date of the county meet that the community has had within her borders for many a day. Friona was ready for the job too, for she handled the crowd nicely and hospitably. Her citizens are to be congratulated for the ease which was bounteously given. The teachers are of the finest type. The meet is deserving of more of a writeup than we are giving, but it being so late in getting into print, it is thought best to give the result of the different contests and let that suffice.

"THE PRICE OF PEACE"

BIG \$5,000,000 WAR FILM COST BILLIONS OF DOLLARS AND THOUSANDS OF LIVES TO PRODUCE

DESPERATE REALITIES OF FRONT LINE TRENCHES

ACTUAL GAS ATTACKS; ARMY RAILROADING UNDER FIRE; BATTLE BETWEEN AIRPLANES

"The Price of Peace," the greatest war film ever made will be shown here during the Victory Loan Campaign absolutely free of charge.

This picture would be worth \$5,000,000 to any movie company that could secure the rights to run it. But it can't be done. The film belongs to the United States Government. It was made by United States Signal Corps photographers and the actors were United States soldiers—only they were not acting; they were doing honest-to-goodness fighting. One of the photographers was killed while turning the crank of the camera. See this picture and you will understand where the Liberty Loan billions went.

SEE THE BOYS See what actually happened our soldier from the time he enlisted until he marched across the Rhine into Germany. Our boys landing in France; the desperate realities of the front line trenches, gas attacks, army railroading under fire, a portion of the tracks blown up by an exploding shell and the engineers ducking for shelter; the great attack at Chateau Thierry, infantry and artillery under heavy bombardment, a German airplane shot down, falling like a twirling leaf from the sky, observation balloons under fire, prisoners and captured guns, our troops marching into Germany, General Pershing and his men in Prussia, Christmas Day with the Army of Occupation in Germany, and the homecoming.

A BIG THRILL One of the big thrills of the picture is the scene where our boys go over the top into the wheatfields at 4:35 o'clock in the morning. The dim, misty light of dawn suddenly flares up with the angry red fires of war and gives the scene a peculiar and fascinating intensity. Every scene run off will stir you and thrill you as no other war story has done. It's all so real; it's the only official story of the war. When a doughboy crumples up and falls or is blown to bits you know he is not pretending. The scenes jar the nerves with their reality, and you will watch them breathless—fascinated.

FREE OF CHARGE You will see free of charge a picture that has never been publicly shown. The film has been held back by the War Department until now, because it contains secrets of the war, and the Treasury Department has exclusive use of it for the Victory Liberty Loan campaign. "The Price of Peace" will show you why you bought Liberty Bonds, and why you must buy more. It will show you that though the war is won, the work of the people at home is not done, and won't be until the price of peace is paid.

Salvation Army Boy, Who Amused Thousands Here, Dead

The following clipping taken from an Odenton, Maryland paper was sent the editor by the father of the boys spoken of in the clipping. Perhaps some of our boys, from this locality, had met them at Camp Meade, or it might be that this paper will enter homes away from here, whose boys were blessed by these two young men at the camp. For these reasons we are copying the same:

Many a soldier of the 79th and 11th division will be shocked to learn that Russell Boucher of the Salvation Army hut died at the base hospital of pneumonia Tuesday morning March 18th.

Russell and Dick, his younger brother, have been great favorites with the men of Camp Meade ever since the Salvation Army hut was erected at Odenton, a year ago last November. The hut was always open with a warm welcome for soldiers, and many were the soldiers who slipped in at all hours of the day and night for some of those famous Salvation Army doughnuts and an hour of good cheer. The "sunshine" of the place day and night was Russell and Dick, who kept the soldiers laughing from morning until night with their songs and stunts of all kinds. Few soldiers could go through the manual of arms as perfectly as could Russell and Dick. They were the apt pupils of many ardent teachers. Nothing could please an old army sergeant more than to show these boys some of the really fine points of the game.

It is estimated that Russell and Dick sang and played, drilled, wrestled and boxed before 16,000 men of the 79th division and before nearly as many men of the 11th division. They

performed in every Y. M. C. A. hut twice while the 79th division was here and once in every hut during the stay of the 11th division. Dick would always be the officer and give orders to his elder brother in true military fashion.

When the "officer" shouted "Forward, march!" the brothers right-shouldered arms and marched out on the stage. At the command "Halt!" their heels clicked together and they came to order arms with such a snap as to set the audience laughing and applauding loudly, which applause was repeated at every pause during their program.

To wind up the program Russell and Dick "stood retreat!" Russell blew the call on his bugle, while Dick stood at parade rest. Then Russell blew "To the colors" with Dick at "present arms." When the applause let up a bit Russell blew "mess call" and Dick ran off the stage as fast as any hungry soldier runs when he hears the call. When the program was over the soldiers always gathered around the stage in great numbers and the brothers went through their stunts, with a few additional flourishes, many times over.

Besides his brother Dick, Russell leaves behind him his elder brother, Sergt. Ira Boucher of the 111th Field Artillery Band, now in France, and his father and mother Adj. and Mrs. Ross Boucher.

Russell was buried in Woodlawn cemetery, near Baltimore. An American flag covered the casket and Corp. Rife of Casual Company, No. 1, of the Tanks Corps, sounded "taps" just before the little bugler was lowered into his last resting place.

SIMPLE FACTS ABOUT NOTES OF VICTORY LIBERTY LOAN

(Clovis News.)

There are two kinds of notes being issued. Both mature in three or four years, as the Government chooses later.

The first kind bear 4% per cent yearly, payable every six months. These are free from State and local taxes, except estate and inheritance taxes, and from the normal Federal Income taxes.

The second kind bear 3% per cent interest and are free from taxation as the others are, but in addition are free from super-taxes and every other form of taxation, except the usual estate and inheritance taxes.

Notes of either kind can be changed for those of the other issue, at the wish of the buyer.

The notes of both series will be dated and bear interest from May 20, 1919, and will mature on May 20, 1923. Interest will be payable on December 15, 1919, and after that on June 15 and December 15, and at maturity. The dates upon which payments will be required on the notes are as follows:

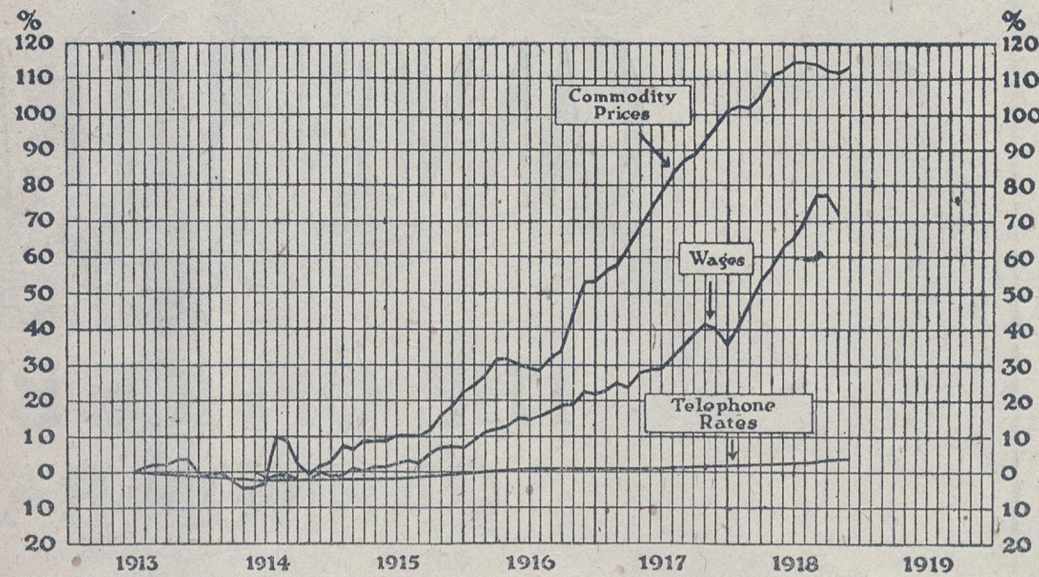

- Ten per cent with application on or before May 10.
- Ten per cent on July 15.
- Twenty per cent on August 12.
- Twenty per cent on September 9.
- Twenty per cent on October 7.
- Twenty per cent on November 11 with accrued interest on deferred installments.

Payment in full can be made on May 20, the ten per cent required with application having been duly paid on or before May 10. Payment can also be completed on any installment date with accrued interest.

This accrued interest is the money you refund the Government on account of the fact that it pays you interest on the full amount of your bond from May 20, whereas it does not have the full use of your money until you have paid the last installment. This amounts to very little, of course.

High Costs Affect Operation Greater Revenues Required

Changes in Telephone Rates--1913 to 1918 Compared with Changes in Wages and Prices

SINCE 1913 there has been a steady increase in the price of all commodities and the products of industry, which has not been reflected in a corresponding increase in telephone rates. In order to meet the past and present high cost of telephone operation, a revenue in just proportion to the expense must be secured.

The reason is simple. The cost of telephone operation has steadily advanced both because of the increased cost of material and the increased living cost of employes. The consumer has realized the necessity of paying more for rent, for food, for clothing and for transportation. The telephone industry has been affected by the same conditions which have produced higher prices in all of the necessities of life.

Between 1913 and 1918, commodity prices advanced 112%, wages advanced 72% and Telephone rates the country over advanced only 4%. Adequate rates are needed if the service is to be maintained efficiently and on a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the Postmaster General for the United States Government and must secure sufficient revenue to cover the cost of rendering the service.
