Cassady, No. 1 Quarterback, May Not See Action

Since the Lady of the House has resorted to old wife's tales in her column in an effort to embarrass the author of these words, we don't see why we should have any misgivings for returning fire.

Indeed, it is unfortunate strategy for her to have made fun of us for sticking our hands in the baby's sterilized water to see if it had cooled, because she is no more immune from domestic boners than are we.

As an example, we seem to recall that once as we were seated at the breakfast table (it was a rather early morning hour), she approached holding a steaming pot of coffee.

It was very evident that she was not fully awake, so we did not say anything when she solemnly bent over and filled to the brim her bowl of cereal, leaving the coffee cup high and dry. A sudden cry of "Oh! Why didn't you stop me?" accompanied her violent start as she suddenly realized what she was doing.

And we know stories lots worse, too.

We have absolutely no patience with people who say that old folks are "fuddy duddies". Some of the most wonderful personalities we have ever known have been in their 70's—and beyond.

While it is true that most old-timers like nothing better than to sit around with neighboring pioneers and swap tales of bygone days, it is inaccurate to accuse the elderly people of "living in the past" and "being afraid to face the future".

Time is the greatest teacher, and it's a real shame more youthful people don't try to learn a lesson or two from their seniors.

Great jokes are made of expectant fathers, and it is a fact that they are a rather amusing group. But the world's humorists are overlooking some good material. We have in mind the "expectant grass growers".

Last week we passed Johnny McDonald's house three times early in the morning and each day we noticed old John down on his hands and knees anxiously inspecting the dirt in his front yard.

We soon found out that he was an expectant grass grower. Now, we can't vouch for the truth of this part of the story, but they tell us he passed out cigars when the grass finally showed up.

Charley Calaway won some blue ribbons at the county fair last week with his one-in-a-bottle pickles. Charley takes a narrow-neck bottle and puts it over the cucumber while it is still very small on the vine.

In a few days the cuke has filled up the jar, and he detaches it, pouring vinegar in the little space that's left.

Charley says he isn't a bit ashamed to win blue ribbons in the home arts department, typically the domain of the women folks, and we guess it's all right. But we bet if anybody ever catches him crocheting, he never hears the last of it.

We took on Laverna Christian, a recent high school graduate, last week, as a green reporter. We had planned to really put her through the paces, but finding out that she didn't have a driver's license and couldn't use the car slowed us up a little.

For a while, it struck us as mighty odd that an 18-year-old girl couldn't drive an automobile. Then we considered her (Continued on last page, this sect.)

Dump Yard Fenced, Cooperation Sought For Twin Cities

Several people who have been in the habit of using the old dump grounds of the City of Farwell, east of town, have been surprised recently to see the area fenced off and the gate locked.

The reason: the city is attempting to bring about more orderly and sanitary practices of disposing of garbage, which has become a public health problem in recent months.

Negotiations are underway between Farwell and Texico concerning use of the yard. Farwell has borne the expense to have the grounds cleaned up and is attempting to join with Texico to make operation of the yard a cooperative affair.

Texico officials have made an offer for participation, but as yet no formal agreement has been reached.

Meanwhile, Ray Mears is the only authorized trash collector in Farwell, and has been recognized in that capacity by the city. He will continue his periodic rounds picking up trash from businesses and residences, no additional charge being made to the citizens other than the fee already agreed upon between themselves and Mears.

Individuals are permitted to dump in the yard upon payment of a \$1 fee, and they must be accompanied to and from the area by a city official. These officials request that no unescorted dumping be asked.

Signs are soon to be erected notifying the general public that the abuse of the public property for dumping purposes will carry a fine of \$25.

Negro Schooling Provisions Made

In a move designed to make available educational opportunities for colored people as guaranteed by Texas law, the Farwell school board last week made history by offering Negro residents of the district transportation to and from the Lincoln-Jackson colored school in Clovis.

The offer was considered for a short time by the Negroes, and has been accepted. Under the agreement, colored school-age youngsters will be picked up by regular Farwell buses running the usual routes, and carried to the local grounds where they will be transferred to a single bus that will make a daily run to Clovis.

First 1953 Cotton Ginned on Monday

The first bale of 1953 cotton came out of the North Plains Gin Company's machinery at the south side of Friona at 11 a. m., September 14th.

Belonging to J. L. Stowers, who farms about two miles east of Friona, the bale weighed out at 512 pounds, with a total of 1740 pounds of seed cotton going into its makeup. Wright Williams, gin manager, said that a premium price of 50c per pound was paid for the initial bale.

Stowers brought in the cotton last Saturday evening. Williams added. Stowers has 185 acres of Paymaster cotton on his farm, and told a Tribune reporter on Monday that he believed the yield would run a bale per acre, possibly a bit over.

As to hired help, the Stowers just didn't bother with that Saturday. Deciding the cotton was ready to go, the parents and three kids pitched in, aided by one outsider, and got the load together.

Stowers and his family came to Friona from the Spade community, in Lamb county. On two occasions he brought in the first bale for his community at Spade, he added.

General cotton prospects in the Friona—and county—area are reported to be "very good", with most of the crop under irrigation. Asked about when ginning might be expected to be consistent, Williams said it was his opinion that another two weeks would see the gin turning out bales daily. Hot, dry weather the past several weeks has brought on a quick bursting of the bolls.

WSCS of the Methodist Church met for a routine business session Wednesday afternoon of last week with nine members present. Mrs. Albert Thomas, vice president, was in charge in the illness of the president, Mrs. A. D. Smith.

At the conclusion of the school day, the bus will return to pick up the students, and they will join the regular homeward bound trek of Farwell buses to their homes.

No special routes are involved, and both white and colored children will ride the same buses, although separate seating provisions have been made.

"We've known for some time that this problem was coming, and we tried to be ready for it," says Supt. Jack Williams. "Early this summer we conferred with superintendents of Clovis schools and made tentative arrangements for the colored children in the event they would be in school this fall."

Cost of transportation for the new students will be borne entirely by the school district, no state aid being available for this type arrangement.

No petition had been filed by Negro parents, and the move was voluntary on the part of the board. On several occasions, however, local employers had contacted the board members informally and suggested that arrangements be made.

At a called meeting last Wednesday night, the board made its resolution, which became effective this week.

In the first survey, it was believed that 13 Negro children of school age resided in the district. The count had risen to 16 last weekend.

Difference in time between Texas and New Mexico schools will make it possible for the youngsters to get a full day's schooling, minus some physical education activity in the afternoon.

Since school begins one hour later in Clovis, ample time is available for transporting the group the other nine miles to the Lincoln-Jackson school. They will be picked up at 3:40 in Clovis.

"It would not be practical to attempt to have a separate school for colored folks here," Supt. Williams said, explaining that "with only sixteen students and five different grades represented, one teacher would have quite a task attempting to handle the different age groups and varied subjects."

Spokesmen for the Negroes who met with the board included Marcellus Nance, employed by B. P. Davis; and T. J. Askew, employed by Bert Williams.

GETS ARM BROKEN

Mrs. W. T. Magness received a broken arm when the car in which she was riding overturned near Alice, Texas, Friday. Mrs. Magness and a daughter, Mrs. Joe White, were on their way to Edinburg, Texas, to visit with another daughter, Mrs. Joe Bowery.

Mrs. White was at the wheel when the car hit a soft shoulder and flipped over. White reports that his wife was uninjured.

Lazbuddie will have three senior boys in their lineup Friday, September 18, when they meet Smyer at Lazbuddie Field. They are Leonard Smith, No. 30, center; Jerry Gleason, No. 14, back; and Frank Spitler, No. 23, end.

Lazbuddie Takes Sunray in First Football Game

The Lazbuddie Longhorns started their season with a bang Friday by downing the Sunray team 34 to 6.

The Longhorns' starting lineup was Jerry Gleason, David White, Sammy Cox, Frank Spitler, Leonard Smith, and Jimmie Oliver.

There were no scores at the end of the first quarter. Then the Longhorns loosened up and ran over three touchdowns the second quarter. White contributed two and Gleason kicked the extra goal. The scores at half were 20 to 0.

The third quarter, Gleason ran two more touchdowns and the extra point was made making the score 34 to 0.

The fourth quarter the opponents intercepted a pass and went for a touchdown making the final score 34 to 6.

The defensive lineup was Chunkey Ivy, Sammy Cox, Jerry Gleason, Frank Spitler, David White, and Leonard Smith.

Lazbuddie defense did an outstanding job allowing Sunray only one touchdown during the entire game.

The Longhorns' next game is with Smyer Friday, Sept. 18, at Lazbuddie. Kickoff time is 2:30 p. m.

Ticket Drive Started For Concert Group

A campaign to sell memberships to the Friona Concert Association is underway, following organization of the group last week. Clyde Goodwine was elected president and Mrs. Nelson Welch is in charge of ticket sales.

Four programs will be engaged by the association during the coming season, the first of which will be next month. At that time, the Schulz Trio will be on hand for a performance. The group includes a harp, soprano and baritone.

It is the plan of the group to have two programs during 1953 and two early next year.

The association is making a drive to attain 300 memberships. Tickets sell for \$10 (family), or \$6 (individual).

Mr. and Mrs. Mitz Walling were in Lubbock recently to attend a Walling family reunion held at McKenzie State park. Mrs. R. L. Lindsey of Houston returned home with the Wallings, then Mrs. Walling took her to Amarillo and remained there for a short visit.

Her nephew, Gary Walling returned home with her.

Methodist Religious Survey To Be Sunday

In keeping with the activity of all Methodist churches in the New Mexico conference, the Hamlin Memorial Church will conduct a friendly community religious survey of Farwell and Texico Sunday afternoon, starting at 1:30 p. m.

This survey is being taken in preparation for the simultaneous visitation and evangelistic preaching campaign, which will start in all the Methodist churches in the Clovis District, on Sunday, Oct. 18. Rev. H. L. Graves of Odessa will lead the campaign in the local church.

Rev. Miller H. Stroup asks that everyone who will not be at home Sunday afternoon leave the name, age, and religious affiliation of each member of the family with a neighbor, so that call-backs will be held to a minimum. He also asks that all workers in the survey meet at the church promptly at 1:30 for instruction and assignments.

HERE'S PRIZE LIST OF WINNERS IN PARMER COUNTY SHOW & FAIR

Once again, the annual Parmer County Dairy Show and Fair has come and gone at Friona, with a well-rounded program for the show. Although entries were lower overall, representative and outstanding stock were shown, observers say.

There were many outside activities to add interest to the festivities. The Chamber of Commerce sponsored free barbecue. Friday night was the biggest yet, with the hosts serving well over the 2000 mark recorded last year.

The parade came Saturday afternoon and bands of the county were engaged in marching compe-

dition, with Farwell again placing first and Bovina second. In the commercial float division, Gib's Cleaners carried away the laurels with a 1917 Model T Ford decorated, paper flowers spelling out the name of the business.

In the civic division, Friona Woman's Club placed first with a "Death At The Wheel" theme. A wrecked car was featured, surrounded by white-sheeted ghosts, and the exhibit was accompanied by the highway patrol car and an ambulance.

Sophomores had the top school exhibit with a "Growth of Ameri-

THE TRIBUNE'S EDITORIAL COMMENT

Humane Attitude Toward Negroes Encouraging

Whether it was done consciously or not, the Farwell school board has taken a humane and Christian attitude toward the matter of Negroes who are of school age in the school district.

Texas, a "Jim Crow" state, has a law that provides for equal educational opportunities, although at the same time it calls for segregation of Negroes from whites.

It would be a fruitless expenditure for the school to decide to rent or build some structure and equip it for classroom work and hire a teacher for the school, because such a small system could warrant only a single instructor, and opportunities there could scarcely be more than used to be found in the "little red schoolhouse."

The chance for Negro children to attend Lincoln-Jackson in Clovis is welcomed by Negro parents and students alike, for that school is well developed and "departmentalized" in such a way as to afford them a much better chance at a well-rounded education.

In most instances of this nature, the school pays little attention to Negro rights until openly coerced to do so. Most often, it is the petition of angry and earnest colored people which finally opens the door for Negro schooling. This is particularly true of schools of smaller enrollment, and where the Negro population is heavily in the minority.

The school board is probably expecting some static from parents in the district who object to their children riding on the same vehicles with Negro children, and they probably won't be disappointed, either.

But this we'll wager: The principles involved—the children themselves—are going to get along fine. Friendship and companionship at an early age are seldom marred by the scars of racial antagonism.

Some Hopeful Suggestions Relating to Our County Fair

The Farmer County Fair is the only occasion on which it is possible for every section of this great county of ours to sort of "get together." Whatever we do, we should strive for a continued improvement of this event, because as the county fair goes, so goes the prosperity of the area.

It would be unfair to criticize the small number of entries in the livestock divisions this year, since the "cow, sow, and hen" population in Farmer County is down from normal years.

But where the fair really should have shined was in the community exhibits, and the home arts department. Neither Farwell nor Friona submitted entries in the community exhibits contest, and their absence was noticed, don't think it wasn't. It probably is discouraging to rural communities to

not have competition from their "cited" neighbors.

The fair is run entirely by public subscription, and for that reason is consistently without funds for anything more than operating expenses. The people who make the fair what it is do so because of their civic interest. They don't get any pay.

It is discouragingly true that what is supposed to be everybody's job turns out to be nobody's job. If people are not going to be interested enough to use their own initiative, would it be worth the money to pay some competent individual to oversee the fair and make it more representative of the entire county?

How about an opinion from you folks?

Introducing to You the Next Secretary of Agriculture

We don't have so many bones to pick with Secretary of Agriculture Ezra Benson, but a lot of other people do. The office he holds has always been notorious for the adverse publicity it encourages, but Ezra seems to be getting more than his share recently. It looks like he's tried to go "down the middle" to please everybody, and has wound up pleasing nobody. Mighty unfortunate situation.

However, there's a new hopeful on the horizon: Gov. Dan Thornton of Colorado. Old Dan won't come right out and say he'd like Ezra's office, and maybe he actually wouldn't, but lately he's been demurely putting out some mighty interesting "feelers."

Dan has a farm plan of his own, you know, and makes no bones about letting President Eisenhower get ear of it. For what it's worth, we'll reprint it here, with apologies to United Press. You farmers might better pay attention to what the man has to say, because it is entirely possible that by time next year rolls around, the Colorado governor will have taken up a new residence.

1. A guarantee to the farmer of the average cost of production based on regional costs for the farm crop he produces.

2. Administration by regional authority with the nation divided into eight geographical areas where growing conditions, climate and financing are similar.

3. Renewed efforts to bring about "either a reduction of surpluses, looking forward to their ultimate elimination except as a reserve against disaster, or their beneficial use." He recommended such surpluses be used to feed the hungry both in this country and abroad.

4. Creation of new markets for farm commodities through government research.

5. A transition period to allow livestock producers to reorganize their feeding program and gear their operations to the plan.

Local Lions Club Meets on Tuesday

Texico-Farwell Lions Club met Tuesday for a banquet meal.

In their business session, a note of thanks was read from Bel Willard of Oklahoma Lane for the help that the Lions Club gave her in attending Girls State at Austin.

The project of putting street signs in both Texico and Farwell is still on the program of the local club and the committee is expected to report at the next meeting.

Date for the next meeting of the Lions Club will be Thursday, Oct. 8. It is probable that the time of meeting will be permanently changed to the second and third Thursday evenings of each month.

Wishing to work in harmony with all local clubs, the Lions have formulated plans to join with the local American Legion in putting on some outstanding entertainment during the near future. More will be released on this later.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

To you who weren't at the public resolutions meeting in Bovina, Labor Day night, here is the gist of what farmers had to say on various subjects:

Does the Farm Bureau program suggested (acreage instead of commodity allotments) include all products? Supposing wheat went to 75% of parity and it was economically feasible to produce it at that price? Who is going to count the eggs I sell?

GRAIN SORGHUMS: What advantage would there be to declaring grain sorghums basic commodities? When cotton and wheat allotments occur, increased grain sorghum acreage can hurt regular producers of grain sorghums. 75 to 90 percent parity without allotments sounds good, but we can't expect it to last forever. I believe grain sorghum supports are maintained at the discretion of the Secretary of Agriculture at present.

WHEAT—General trend: Allotments not used should be turned in annually for transfer to someone desiring increased acreage. County committee should be limited to 1 percent in exceeding Secretary of Agriculture's cut in allotments.

COTTON: Investigate procedures of cotton classing and buying in Lubbock.

CATTLE: If feed is supported, cattle should be, but how in the world can you do it? . . . I am opposed to supports on cattle, prime cattle are selling very near parity. (Very little comment heard on cattle at this meeting.)

Obnoxious weeds in road ditches: Commissioners should be petitioned to keep weeds out of bar ditches, recommended that Farm Bureau provide a committee to work with commissioners on this project. . . Irrigation water should not persistently be allowed to run into bar ditches.

In October, at the annual convention, you will be asked to vote on resolutions drawn up from these and other discussions.

There is going to be lots of dissatisfaction when cotton allotments begin to be made for 1954. Please let Farm Bureau know if you have any suggestions for providing a more equitable method of arriving at these figures.

Consider this: Go not forth hastily to strive, lest thou know not what to do in the end thereof, when thy neighbor hath put thee to shame. Debate the cause with thy neighbor himself; and discover not a secret to another: Lest he that heareth it put thee to

shame and thy infamy turn not away. Proverbs 25:8-10.

LETTERS FROM OUR READERS

Dear Hop (or Sonny, whichever it is):

After looking through this week's issue of the State Line Tribune I could not resist the longing to express to you my highest compliments on the entire issue and my congratulations on your accomplishment. I can hardly realize how you did so much work in so short a time.

It is well written, neatly arranged, and cleanly and clearly printed. All parts of the county are represented in its news columns and there are enough articles of history and general information in its columns to make it worthy to be classed as a "keep-sake" by each of its readers.

Please accept my most sincere congratulations and very best wishes.

Most sincerely yours,

Extensive Program For Farm Bureau

Texico Farm Bureau met Monday night in the gymnasium with a record attendance. Olan Schleuter, chairman, presided, and reported on a board meeting held recently in Clovis, and a fair booth committee meeting at the Barney Harding home.

Nominating committee for new Farm Bureau officers was named including: Buddy Pearce, chairman; J. W. Patrick and Edward Engram. Resolutions committee is B. A. Rogers, chairman, James Grisham and James Gillean.

An extensive program is planned at the next meeting. Subjects include: "Farm Income, Stability and Improvements", B. A. Rogers; "Water Conservation", John Hadley Jr.; "Production and Marketing", Luther Pearce; "Two-Way Trade and Aids", James Gillean; "Capital of Agriculture", Roscoe Burris; "Voice of Agriculture", Jim Grisham; and "Conservation and Improvements of Farm Resources", John Hadley.

Mrs. James Gillean, 4H advisor, then presented the girls for their achievement day program. Gloria Johnson was introduced; club song was led by Joyce Gillean; Karen Brehm told of her trip to state camp; Mary Ann McDaniel gave the creed, and Miss Gillean told of her trip to state camp.

Pins were given Misses McDaniel, Patsy Sain, Johnson, Barbara Caldwell, Brehm, Lynell Lovette, and Joyce Gillean.

Clovis Chamber of Commerce delegates presented talks on the history of fairs, and the poultry program. Refreshments of Eskimo pies and cake were served.

through Saturday, September 26. Officials of the fair, department heads and committee chairmen floor boarded the accelerator with activity at midweek in anticipation of the starting date.

Four days before the gates opened, it looked as if the Tri-State Fairgrounds in Amarillo would be a veritable haven of Hereford aristocracy. Entries in the Hereford division promise to break all records according to W. M. Gouldy, superintendent of this event. Judging will be Tuesday.

Ed Caskey, manager of the cutting horse contest, a perennial feature of the Tri-State fair, said the scope of this year's exhibition will be greater than ever and that entries have been received from as far away as California. According to Caskey, the cutting horse contest is becoming one of the most highly professional events of its

kind because of the meticulous manner in which the horses are worked.

One of the newest exhibits at the fair will be a lineup of antique cars, 25 or more years old. Among them will be a 1906 Cadillac and others. This exhibit will be located at the north end of the Fair Park pavillion.

Launching the fair will be a gigantic parade down Amarillo's main thoroughfare, Polk St., at 11 a.m. Monday. After the parade, the gate to the fair ground will swing open to receive the visitors.

Thirty high school bands from this area in addition to the Amarillo band and Amarillo AFB band will vie for honors in the parade of bands.

A \$200 cash award will be made to the best playing band, and a similar award to the best marching band and still a third \$200 to

the best-dressed band. In addition, \$50 will be awarded to the best baton twirler. Already signed up are bands from Bovina, Farwell, Friona and Texico.

Tickets for the ice show, "Ice Ahoy", which will have two performances a day, are going in a hurry. The show includes Clyde McCoy and his Sugar Blues band; Candy Candido, formerly with the Jimmy Durante show; and others.

Inspection Stations In Twin Cities

AUSTIN—Texas motorists found the doors of 3,120 official auto inspection stations open Tuesday morning to check their vehicles under the provisions of the modified Motor Vehicle Inspection Law enacted by the last Texas legislature. Sikes Motor and Hardage Hudson of this city are authorized for inspection of cars.

The new period during which motorists must have their cars inspected, opened Sept. 15th and will run through next April 15th.

Garrison pointed out that all of the inspection station operators have been fully versed in the provisions of the new act which calls for inspection only of brakes, lighting equipment, horns, rear-

view mirrors and windshield wipers.

1953 Cotton Acreage Is Being Measured

Workers are measuring the 1953 cotton acreage in Farmer County, according to PMA secretary Joe Camp. "If you have cotton this year for the first time you should advise this office so we can measure," Camp says. "If you had cotton in 1951 or 1952 and did not report your acreages in those two years, you should do so now as those acreages will be used in setting up cotton allotments."

According to Camp, the 1954 wheat allotments were mailed on August 24 and the deadline for requesting additional wheat acreage is past.

"If you plan to seed wheat in excess of your allotment for a cover crop or for grazing, you must submit a sketch map of your farm to the office, designating the acreage for cover crop or grazing before wheat is seeded, or it will be counted against your allotment," Camp continues.

The penalty for seeding wheat in excess of allotment and not designating it as cover crop or grazing acreage would be:

1. Farmers would not be eligible to receive a loan on any of the wheat produced.
 2. The excess acreage wheat would be subject to a 45 percent of the parity price penalty.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline

with TCP

Boosts power as much as 15%! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!

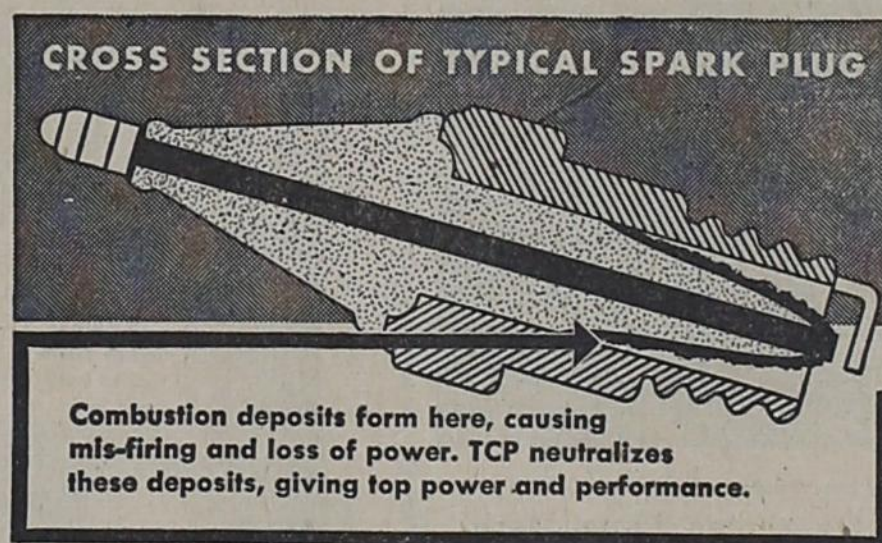

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

Why you need Conoco Super Gasoline with TCP

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways. First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

How TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. It will actually increase spark-plug

life up to 150%. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Yes, a great new era in motoring is here for you. Drive into your Conoco station today and fill your tank with new Conoco Super Gasoline with TCP: You'll feel the difference by the second tankful!

Questions and answers about New Conoco Super Gasoline with TCP

- Q. What is TCP?**
Answer. It is a cresyl compound, originally developed for aviation gasoline and used with great success in both military and commercial aircraft.
- Q. Has TCP been tested?**
Answer. Yes, for millions of miles, in all kinds of cars, under all kinds of driving conditions.
- Q. What does TCP do?**
Answer. It overcomes the power loss caused by deposits on spark plugs and in combustion chambers.
- Q. What does TCP do for new cars?**
Answer. It helps them keep their original power.
- Q. What does it do for older cars?**
Answer. It's like cleaning your spark plugs and getting a motor tune-up. You'll get back much of the power you're now missing.

GOOD NEWS FOR Homemakers
Anne Marshall

KEEPING COOL IN THE KITCHEN is a neat trick on a summer day. There's a magic key to keeping cool as you cook. The key is to use easy-fix foods. Like SOUPS AND SANDWICHES.

Have your cupboard stocked with condensed soups. Might be tomato, chicken, noodle, vegetable and cream of mushroom soups. Each is a wonderful main course for the meal.

Then reach to your shelf of sandwich fixings for the rest of the meal. Peanut butter, sliced cheese, cold sliced meats or canned meats. Bread, lettuce, butter or margarine.

Another happy, easy-fix twosome is hot soup and a cool refreshing salad. Soup goes so well with a big tuna salad or a combination salad of fresh fruits and cottage cheese.

When you prepare soup for summer meals, try new blends. Mix one canned soup with another and see what new taste enjoyment you'll discover. Here are some to try.

Hearty Vegetable-Noodle Soup
1 can (1 1/2 cups) condensed vegetable soup
1 can (1 1/2 cups) condensed beef noodle or chicken noodle soup
1 1/2 soup cans water
Combine soups and water. Simmer about 5 minutes. Serve soup with a green salad and deviled eggs.

Quick Mushroom-Corn Chowder
2 bacon slices
1/2 cup chopped onion
1 can (1 1/2 cups) condensed cream of mushroom soup
1 soup can (1 1/2 cups) whole milk
1 cup cream style corn
Crisp bacon in saucepan, remove bacon and break into 1-inch pieces. Cook onions until soft in bacon drippings. Add remaining ingredients and simmer 5 minutes. Garnish soup with bacon bits. 4 servings. Serve this soup with ham-on-rye sandwiches.

Atchleys Celebrate 50th Wedding Date

Mr. and Mrs. G. W. Atchley of Texico celebrated their golden wedding at their home in Texico Sunday, with a reception from 2 until 5 o'clock in the afternoon.

The home was decorated with bouquets, gifts of Mrs. M. C. Roberts and Mrs. Albert Thomas; and daughter and daughter-in-law of the Atchleys baked the eight-tiered cake for the occasion. The cake was iced in white and has gold icing trim and was topped with a miniature bride and bridegroom. The serving table was covered with a crocheted cloth over silk that a son, Milton, had brought from Germany. Punch and mints were served with the cake.

Hostesses for the reception were Mrs. Cecil Atchley, Mrs. Tom Lindop, Shirley Atchley, Sue Atchley, Jeanette Lindop, Linda Lindop, and Mrs. M. C. Atchley.

George W. Atchley and Willie Fears were married at Paint Rock, Ala., Sept. 10, 1903 and their first child, Earl, was born there Oct. 10, 1904. Traveling with Mrs. Atchley's parents, the young family moved to Ellis County, Texas, near Ennis in January of 1905, living there four years. They moved to Navarro County, then to Freestone, and eventually to Union County, N. M., where they homesteaded.

After homesteading for a while, they sold their place and moved to Tucumcari. They finally landed in Farwell in the fall of 1923, farming the first year in the West Camp community, and then moving to Oklahoma Lane.

They lived there until 1940 when they became "city folks," moving to their present home.

All the children were born in Texas except Earl, the oldest. He passed away in 1948. Other five children are Cecil, Lariat; Milton, Anthony, N. M.; Willard, Yuma, Ariz.; Joe, Tulare, Calif.; and Mrs. Tom Lindop. The Atchleys have 14 grandchildren and four great-grandchildren.

Attending the reception were Mr. and Mrs. W. J. Matthews, Fred Barker, Friona; Mrs. Grace Sanders, W. H. Graham Jr., Jim Moss, Mrs. Albert Thomas, Mrs. Jess Newton, Rev. and Mrs. M. H. Stroup, A. D. Wesley Class Has Regular Meeting

The Susannah Wesley Bible class of the Methodist Church met Tuesday in the home of Mrs. Roy Thornton in their regular monthly meeting. Mrs. B. N. Graham was assistant hostess and Mrs. Anne Overstreet led the devotional.

Eleven members and one visitor were present. Refreshments were served to Mesdames E. G. Blair, Lena Yoder, James Cox, G. W. Atchley, Grace Sanders, Laura Tempie, Anne Overstreet, W. W. Ingram, Albert Thomas, B. N. Graham, Roy Thornton, and one visitor, Mrs. J. W. Mordecai.

Eugene Coffman and his son, Hobby, were in Albuquerque Tuesday, attending a sales meeting for Ford Motor Company.

LIVING IN AMARILLO

Mr. and Mrs. Darrell Norton smile happily after their marriage recently in the Oklahoma Lane Methodist church. She is the former Bernice Christian, daughter of Mr. and Mrs. Everette Christian, and he is the son of Mr. and Mrs. L. L. Norton. The newly-weds are residing in Amarillo.

June Hardage and Billy Medley Wed

Miss June Hardage, daughter of Mr. and Mrs. W. C. Hardage, became the bride of Billy Medley, son of Mr. and Mrs. G. L. Medley, Sunday of last week at the home of the bride's parents. Eugene Sofford, Church of Christ minister, read the single ring ceremony.

The setting was simple, and Mrs. Jane Medley, his sister-in-law, played pre-nuptial music, and Miss Peggy Hardage sang "Always." The bride was given in marriage by her father.

Attending Miss Hardage was her sister, Miss Irene Hardage; and best man was the groom's brother, Jack Medley of Oklahoma City.

For her wedding, the bride chose a blue-gray dress of taffeta with a scalloped off-shoulder neckline, fitted waist and full street-length skirt. Her jewelry was of rhinestones and her accessories were black suede and reptile shoes.

Her rhinestones were something old; her dress was new; her Bible was borrowed from Ann Whitley; and she wore a blue garter. She wore a penny in her shoe for luck.

The bride's attendant wore a navy dress fashioned with round neck line, fitted waist and flared skirt. Mother of the groom was attired in a grey ensemble and black accessories and Mrs. Hardage chose a white pique with black accessories.

Immediately following the ceremony, a reception was held in the Edd Hardage home. The lace-covered table was centered with a two-tiered cake topped with a miniature bride and bridegroom; and the punch service was surrounded with asters. White tapers were used. Misses Sue Medley and Ann Whitley presided at the serving table and Miss Irene Hardage was at the guest book.

Attendees were the W. C. Hardages, Truitt and Glyn; the G. L. Medleys, Minnie, Winnie and Sue; Mrs. Gene Powell, Donnie and Gary; Mr. and Mrs. Jack Medley, Mike and Jackie; Jerry Bradshaw, Ann Whitley, George Castleberry, Jesse Cox, Rev. and Mrs. Dewey Horton, Mr. and Mrs. Herbert Potts, Mr. and Mrs. Frank Doshier Jr., Mike and Gary; Myrtle Withrow, Gerald Hardage, Mrs. George Byford, Peggy Hardage;

Also Mr. and Mrs. W. D. Hardage, Mrs. M. A. Snider and Wilma, Mrs. Edd Hardage, Erma Lee Baker, Mrs. Clyde Magness, Mrs. Joe Magness, Nancy Aldridge. The young couple has returned

Members Continue Plans For Coming Womanless Divorce

Members of Theta Rho chapter of Epsilon Sigma Alpha met Monday night in the home of Margie Crooks for the first fall business session, and continued with plans for the "Womanless Divorce", a sequel to the "Womanless Wedding" staged two years ago by the group.

A slight discussion was given on the district meeting of ESA to be in Portales, November 1, and rush season was postponed until after the "Womanless Divorce." Jack McManigal has already consented to serve as master of ceremonies for the show, and other prospective characters are to be contacted this week. Cast is to include men from Texico, Farwell, Bovina, Friona, and Clovis.

The script was reviewed and members spent the evening making the costumes for the chorus line in the night club scene. Posters also were made.

Tickets for the entertainment go on sale this week, with each member holding the tickets. Prices are 25c for school children through the eighth grade, 50c for adults, and 75c for reserve seats. Practice session hours will be announced later.

Next meeting for ESA will be Monday night, September 28, in the home of Nell Walling, beginning at 8 o'clock. A special program on "Appearance" is slated with Wilma Limer and Iris Thornton as directors. A guest speaker has accepted an invitation to the meeting.

Return From Arizona
Mr. and Mrs. D. A. Hallmark returned from Holbrook, Arizona, recently, having attended the horse races. They had two animals entered, winning two firsts and one second. While in Arizona they visited the Petrified Forest, near St. Johns.

Mr. and Mrs. Fred Barker of Friona visited in the home of Mr. and Mrs. Jim Moss of Texico last Sunday. Mrs. Eugene Coffman visited in the afternoon.

Esther Class Elects Mrs. Murray as Prexy

The Esther Class of the First Baptist Church, Farwell, met in the home of Mrs. Murray Dial, teacher, Monday evening at 8 o'clock for regular monthly business and social meeting.

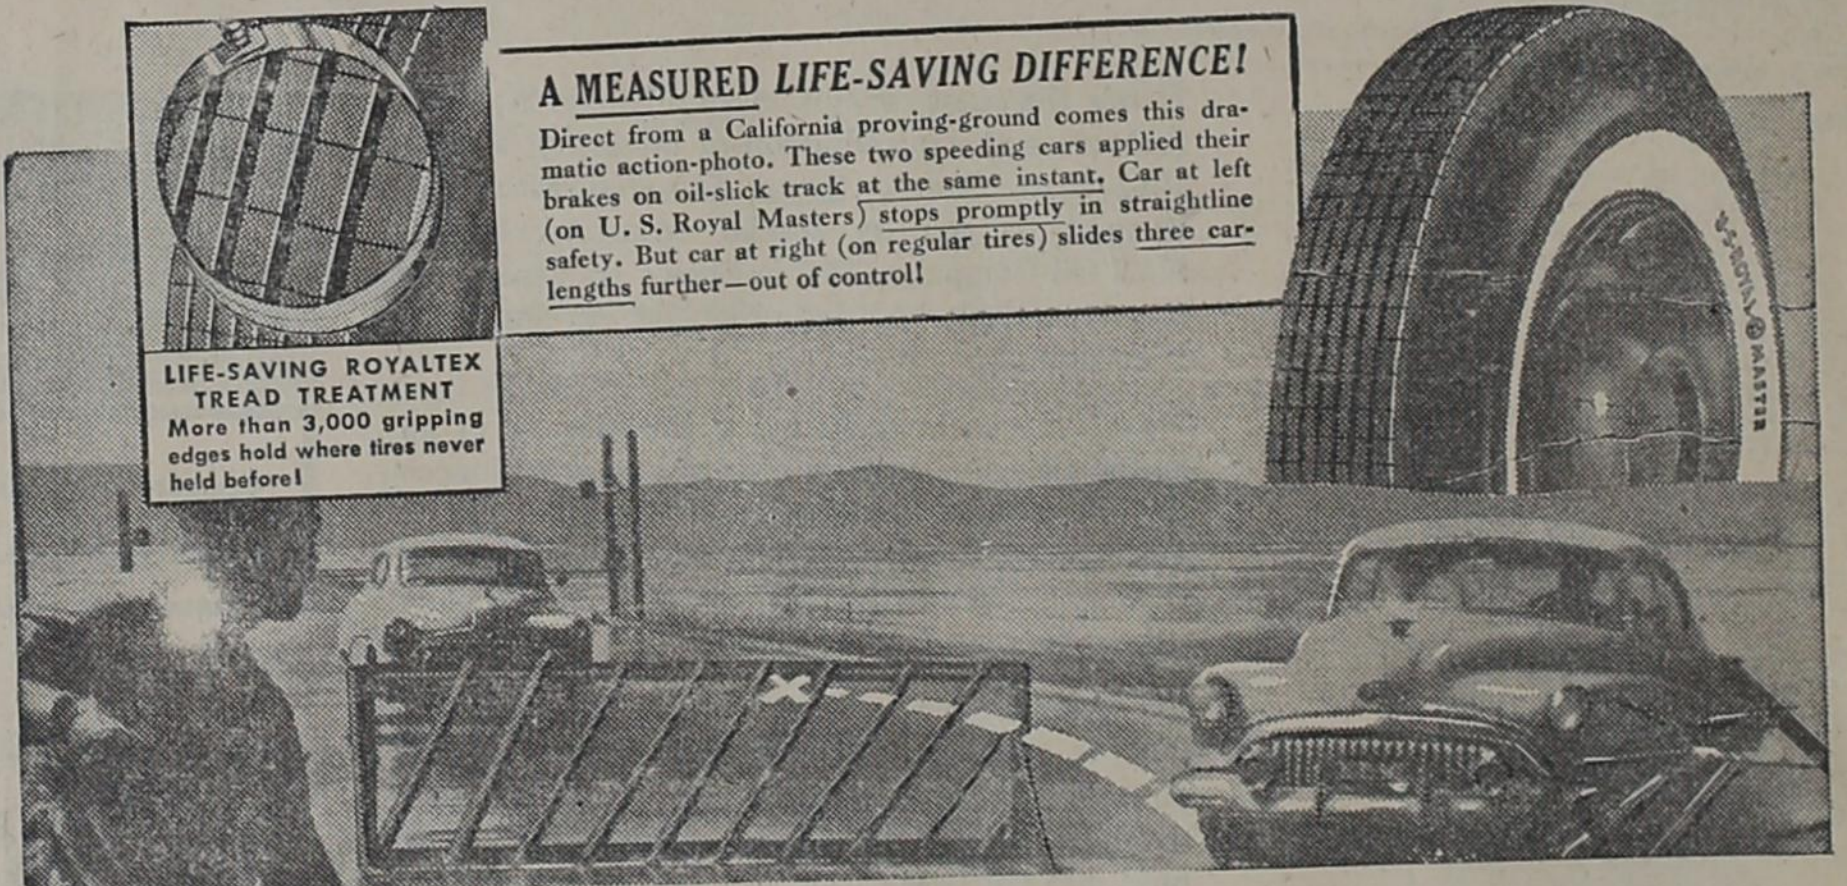

The meeting was opened with the class song, "Wonderful Words of Life", led by Mrs. Calvin Murray. Mrs. Dial led the opening prayer after which Mrs. Dewey Horton gave the devotional, "The Hands of Jesus".

In the business meeting that followed new officers for the year were elected as follows: president, Mrs. Calvin Murray; vice president, Mrs. Herman Gerie; secretary-treasurer, Mrs. Cecil Rundell; group captains, Mrs. Bill Lyles and Mrs. Fred Curtis. Mrs. Murray Dial was re-elected as teacher with Mrs. Asa Smith as assistant. Other items of business were discussed and the meeting was closed with a prayer by Mrs. Kenneth Fields.

In the social hour that followed refreshments were served to Mesdames Asa Smith, Calvin Murray, Raymond Martin, Joe Reed, Fred Curtis, Herman Gerie, Kenneth Fields, Dewey Horton and the hostess, Mrs. Dial.

Mr. and Mrs. Glen Vining visited last weekend in the home of Mr. and Mrs. A. T. Watts.

You're safer because of life-saving differences! U.S. ROYAL MASTER

A MEASURED LIFE-SAVING DIFFERENCE!

Direct from a California proving-ground comes this dramatic action-photo. These two speeding cars applied their brakes on oil-slick track at the same instant. Car at left (on U. S. Royal Masters) stops promptly in straightline safety. But car at right (on regular tires) slides three car-lengths further—out of control!

LIFE-SAVING ROYALTEX TREAD TREATMENT More than 3,000 gripping edges hold where tires never held before!

DAY AFTER DAY, YEAR AFTER YEAR, the great U. S. Royal Master holds its undisputed position as top tire of its time.

WHY IS THIS? WHAT CAUSED IT? The answers are plain. The U. S. Royal Master is America's super-tire, of recognized extra mileage, with positive life-saving differences throughout its construction, and in all of its performance.

IN SKID PROTECTION AND STOPPING POWER, the U. S. Royal Master has its own unique tread treatment, continuously renewable, holding peak safety to the last mile of its long life.

IN SIDEWALL CONSTRUCTION and CURB PROTECTION, the U. S. Royal Master is also entirely original and unique. The tire walls themselves are shielded from scuffing damage. The trim, clean whitewalls remain spotless, free from smear and abrasion.

AND WHEN TIRE COSTS ARE ADDED UP, there seems to be nothing to compare with this great tire's year-after-year economy. It rightfully remains America's top favorite in quality, outlasting because it deserves to outlast.

The protection that's always with you!

- The Only ROYALTEX TREAD and TRACTION — skid protection and stopping power beyond all previous standards!
- The Only RENEWABLE SAFETY TREAD — offering you up to twice as many safe miles — without retreading!

- The Only EVERLASTING WHITEWALLS — preserving their trim beauty from cleaning nuisance and expense!
- The Only CURB GUARD* PROTECTIVE RIB — preventing sidewall scuffing, abrasion and damage!

For good neighbors of the week, we nominate Rev. and Mrs. C. M. Fields of Friona. Several weeks ago, a young couple enroute to one of the Carolinas had a car wreck on the outskirts of Friona. They had a small child less than a year old, and were anticipating another.

The mother was hospitalized for nearly two weeks, and the unborn child was killed. The father was also injured. Rev. and Mrs. Fields, who had a visiting revivalist in their home, took the other child into their home and kept her all during the time the parents were hospitalized.

They had never seen the young people before, but they knew they needed help, and shouldn't be worried about the care of their little girl. The child was bruised and had quite a case of homesickness, missed her mother and daddy—and was a very unhappy little girl for about three days before she warmed up to the Fields, but in the end, they were all great friends.

Isn't that one of the nicest stories of good neighbors?

THE ENVIED WOMAN: One who can eat what she wants and never gain a pound.

SPOILAGE DEPARTMENT: The Grahams are going to Silverton this weekend to attend homecoming at the high school. That is where Yours Truly had her first 11 years of "book learning" and got the newspaper bug.

And the Dudley grandparents will have one whole day to spoil

their grandson as they see fit. They seem to derive a mutual satisfaction: Ronny likes to be spoiled and they love to spoil him. We like to watch the process and enter in on the spoiling at frequent intervals.

Our mother-in-law has the solution to that problem in a nutshell, however. She says, "If loving babies spoils them, then my grandchildren will really be spoiled." We are inclined to agree with her.

There was never a baby who had more doting elders around than the young editor. Of course, there are his parents, his Grandmother Graham, Grandmother and Granddad Dudley; great-grandparents, the H. Roy Browns of Silverton and Mrs. J. B. Dudley of LaMarque.

Great-Grandmother Dudley has 11 children, about 36 grandchildren and numerous great-grandchildren and still says Ronny is "the smartest baby she has ever seen". (None of the cousins read this column, so it's safe to tell.) Of course, she was visiting in Silverton when Ronny and Proud Mama were there and the baby was only four days old. She might have been prejudiced during that time.

It's all in the way you say it. For instance, we were beating out a yarn on the Girl's Chorus at Farwell schools yesterday. Our lead was "54 Chorus Girls". After reading it over, we changed it to "54 girls are enrolled in chorus."

Appearances are deceiving. We were in a downtown cafe for our morning coffee the first of the week when this nattily dressed man walked into the place. He had on neatly pressed trousers of navy blue creased to the most minute perfection; his navy blue suede shoes were brushed and new; and this sport jacket of grey-blue brushed gabardine was just right to set off his attire. His hair was slicked down and he looked as though he might have stepped

from one of the fashionable men's store ads in Esquire.

He sat down at the counter ordered coffee and a cinnamon roll, which the waitress brought in short order. The next time we glanced over he was sitting there dunking the roll in his coffee, and about to stick about half the entire confection in his mouth at one time. Quite unaware of our interest in the procedure, he gulped the other half on his next go-round then proceeded to finish his coffee.

From his appearance, we had expected him to be SO correct about his eating habits. As for us, dunking is fine—but aren't appearances deceiving!

One of the "cutest" things we've seen lately are the bright, bright red ruffly curtains that Margie Crooks has on her picture window. They look so cheerful—and ever so smart. We had driven by the Crook's home several times, and could get just a glimpse of the curtains from the outside.

But they really take your eye when you get inside. Margie practically has a red living room, using that as her dominant color. Her living room is just about as vivid as Margie's captivating personality.

- H. A. Courtney has listed the eleven ages of man, expressed in menu style. We clipped it from "Thoughts for Thursday" by H. M. Baggerly of Tulia. It was too good to omit.
1. Milk.
 2. Milk and bread.
 3. Milk, eggs, bread and spinach.
 4. Oatmeal, bread and butter, green apples and lollypops.
 5. Ice cream soda and hot dogs.
 6. Minute steak, fried potatoes, coffee and apple pie.
 7. Bouillon, roast duck, escalloped potatoes, creamed broccoli, fruit salad, fudge sundae and demitasse.
 8. Pate de foie gras, weiner schnitzel, potatoes Parisienne, eggplant a l'opera, Roquefort cheese and demitasse.
 9. Two soft-boiled eggs, toast, and milk.
 10. Crackers and milk.
 11. Milk.

Reminder Department: Texas law requires a driver to come to a complete stop when overtaking from the rear, a school bus which has stopped to receive or discharge children. This same rule applies when meeting a stopped school bus according to the State Bar of Texas.

It is our contention that more people unthinkingly ignore this regulation than those who comply. It's something to think about.

Even the person who maintains that he has never had an accident often finds that he is not immune to injury to himself or others if he doesn't observe safety rules.

Ronny, the young editor, thought the Parmer County fair was staged just for him last week. We took him with us Friday, and he had the best time of anyone there. Of course, he had a few ups and downs. We were eating at the Methodist annex and placed Ronny on a blanket on the floor, close to our chairs. Claude Osborn came up and began talking to the young man, only to be amazed when the kid bowed his head and howled. He had the mistaken impression that Osborn was going to pick him up, and when he didn't, really told him about it.

We agree with the youngest member of the family in believing the fair was great; and the food furnished by the Methodist women and the barbecue that night could not have been better. There goes our diet again.

There is nothing that makes The Tribune staff feel more elated than all those kind remarks people made about our special edition last week. There were times, about 10 or 11 at night, when we would become discouraged and wonder if it was worth it, in those hectic days previous to the publication of our 28-page special.

But you readers have been so generous with the adjectives and have made us feel that you actually read all those stories we worked so hard on, so it's worth it—and should give us the incentive to try again, after a short recuperation period of course.

It is no fun to have hay fever,

as evidenced by those here at The Tribune. Out of the four full-time workers here today, three run around the place with repeated sneezing, itching, watering of the eyes, and difficulty in breathing. We are the only one who has managed to escape the allergy.

Hay fever is a sure sign that fall is here. Other symptoms we have noticed are the frequent changes in temperature. We are freezing when we get up in the morning; nearly collapse from the heat by mid-afternoon; and are forced to wage a constant battle on the flies who refuse to admit they are no longer seasonal. People who don't have hay fever have colds, or a mixture of both; and football is in the air. Autumn is here.

If you get a big bang out of all the errors that you find in our newspaper, there is one disappointing aspect. It's like the big fish that gets away—you miss some of the best ones that we somehow manage to cull out before the paper is published.

But we console ourselves about the big mistakes that somehow elude us. There are about 280 lines to a column, with seven columns to a page. Figuring about five words to a line that gives us approximately 9800 words to a page and we often have 12 pages or more. After writing that many words every week, our percentage isn't so terrifically high.

Surprised With Anniversary Supper

Mr. and Mrs. Virgel Woodson were surprised with an anniversary party in their home last Tuesday evening. Friends and neighbors met at the Everett Christian home and all went to the Woodsons.

Homemade cake and ice cream was served, with the men playing dominoes while the ladies visited.

Those attending the party were: Mr. and Mrs. Claude Watkins, Mrs. Ed Brown, Rev. Barto Massey, Mr. and Mrs. E. W. Carpenter, Mr. and Mrs. Jack Roach, Mr. and Mrs. Harold Carpenter, Mr. and Mrs. Junior Doshier and family, Mr. and Mrs. Jimmy McGuire and boys, Mr. and Mrs. Sterling Donaldson and family, Mr. and Mrs. Lee Jones and Lavon, Mr. and Mrs. Rochelle Christian and boys, Mr. and Mrs. Everette Christian and girls, and Mr. and Mrs. W. O. Chadwick and boys.

Home From Service

Mr. and Mrs. Don Williams arrived home the first of the week from Montgomery, Ala., where he had been stationed with the Army. Williams has been discharged and they plan to make their home here.

Rolen Fined, Jailed For Drunken Driving

Marion C. Rolen, 26, plead guilty last Friday in county court to driving an automobile while intoxicated. He was fined \$100 and costs, and three days in the county jail.

Rolen was on probation of the district court from a previous brush with the law in a forgery matter. According to testimony, Rolen was picked up in the vicinity of Friona by the state Highway Patrol.

A companion, William E. Ellis, was fined \$25 and costs for drunkenness in a public place. He had been picked up by Rolen while hitchhiking, and the two had acquired liquor in Amarillo.

SCD Banquet Draws Big Turnout, 15th

The annual banquet of the Parmer County Soil Conservation District in Friona Tuesday night attracted a large crowd, estimates running to over 200 people.

Present to deliver the main address was V. C. Marshall, executive director of the state SCS board. A. L. Black, a member of the Parmer SCD board of supervisors, introduced Marshall.

Preceding the talk, attendants had a banquet meal in the cafeteria of Friona Schools. The program was held in the auditorium.

Commissioners Hear Petition For Road

Commissioners Court in session Monday heard the petition of O. N. Jennings and others of Lazbuddy to open a mile-long road south of that community.

The court appointed a jury of view to look into the matter and report to the commissioners at a later session. Included on the jury of view are Jennings, George Haskins, E. L. Merriott, W. A. Knight, and R. L. Kimbrough.

Frankie Coffman Responding Well

Frankie Coffman, son of Mr. and Mrs. Gene Coffman, is responding very well to polio treatments, his mother reported this week. Frankie contracted polio during the first part of June. His right side is partially paralyzed, but the attending physician believes that if he keeps responding to treatment, he may be able to "run with the track team next spring".

The youngster will receive treatments three times weekly until December, once weekly after that.

Frankie is in the eighth grade at Farwell and formerly took part in all sports. This year he will be assistant manager of the junior football squad.

Mr. and Mrs. Richard Woods of Dallas and Mr. and Mrs. C. L. Gunn of Forrest were guests in the Mitz Walling home Sunday.

METHODIST CHURCH NOTES

"Jesus Christ, the Bread, the Way, the Door," will be the sermon subject by Rev. Miller H. Stroup at the 11 o'clock hour Sunday, September 20, at the Hamlin Memorial Methodist Church.

The Sunday school hour is 10 a. m. with Loyde Brewer as general superintendent.

The Senior MYF and the Junior-Intermediate MYF will meet at the church at 6:30 p. m.

The hour for the evening service is 7:30. The sermon subject will be "Faulty Religion."

The community religious survey will be taken at 1:30 p. m. All who are to assist in the survey are asked to meet at the church promptly for instruction and assignment.

The Woman's Society of Christian Service will meet at 3 p. m. Wednesday, Sept. 23 at the home of Mrs. W. H. Graham, with Mrs. Grace Sanders, co-hostess. Mrs. J. R. Hadley will be in charge of the lesson.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 9.520 miles of Gr., Strs., Base and Surf. from Road Int. 8.5 mi. north of Bovina to US 60 at Friona on Highway No. FM 1731, covered by S 1783 (1), in Parmer County, will be received at the Highway Department, Austin, until 9 a. m., Sept. 22, 1953, and then publicly opened and read.

This is a "Public Works" project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of W. H. Garrett, resident engineer, Littlefield, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Esther Ferguson Will Head Companion Class

Esther Ferguson was elected as new president of the Companion Class of the Baptist Church in a regular meeting held in the home of Mrs. T. E. Roth, Tuesday afternoon.

Assisting Mrs. Ferguson will be: Margie Crooks as vice president; Minnie Paul, secretary and Christ ministry, community missions; Jeanan Grisham, devotional chairman; Coeta Doolittle, treasurer; Dorothy Camp, and Rita Dollar will be reporter.

Those attending the meeting were: Mesdames Allene Pearce, Margaret London, Margie Crooks, Minnie Paul, Dorothy Camp, and T. E. Roth.

The Tribune prints news that interests YOU.

Hoppers—

daddy. Everete had six girls and one car. Maybe he wasn't so backward at that.

As best as we have been able to tell, our picture and history idea used in last week's paper is the most popular we have ever hit up-

on. Three advertisers have dressed us down for not giving them a chance to get in on the special edition.

That's really flattering. There is one wrath we'll always be able to bear, that's the anger of a businessman who is mad because he can't buy enough advertising.

By the way, we still have a number of copies of last week's paper which will go for five cents as long as they last. Let us know if you're interested.

We have an appointment with the dentist Friday and we have already been told that three teeth are going to have to be plugged up. Frankly, we'd rather face a firing squad than see that strong-arm dentist approach us with that infernal drill.

We bet dentists would make good safe-crackers.

While on the subject of teeth, we might mention that Jack Williams is advertising a lower row of artificial choppers for sale this week.

The superintendent says his uppers work fine now, but that bottom installment of store-bought grinders is certainly giving him fits.

We remember when a distant

relative of ours used to throw us into stitches by referring to his false teeth as "china clip-pers".

We're still getting our free meals. Thanks to the Friona CC for our big plate of barbecued beef and also to the Parmer County SCD for their invitation to the annual banquet.

If you work so hard making a living in order to live, then why kill yourself doing it?

The Tribune has a position open for a woman or young lady who has a good to outstanding background of high school or college English behind her. We need to train a general reporter. Work will be interesting, but not easy at first. Please don't apply if you're allergic to a steady grind.

FAIR—

ca" motif. In picturing the world of today, students had an altar and Bible to represent spiritual life; basketball and football display representing physical; and students in school characterized mental life. Juniors won second with a "World Peace" float, with Gay Cass as the statue.

In the children's division, placed: Edwin Taylor, "Uncle Sam" on a bicycle, first; Johnny Miller, carrying his "bride," Patricia Baxter, in a wheelbarrow emblazoned with "just married" signs, second; Jill Blackburn with her doll carriage full of four puppies, third; and Iva Ben Parr, attired in yellow slacks on a yellow bike, fourth.

The Army Air Force band from Clovis gave a big lift to the parade; the American Legion was featured, and S. T. Thornton was the clown.

Home arts department presented entries from the county, and a new doll division drew attention. Because of space limitation this week, the grand champions for the fair are carried below with the complete prize list.

POPPIN' OFF... WITH POP

I know quite a few people who sow wild oats all week and go to church on Sunday to pray for a crop failure.

Speaking of crops, the new farm creed 'pears to be faith, hope, and parity.

Jed Somers says the average woman has a smaller stock of words than the ordinary man, but the turnover is greater.

Happenings at Friona

MRS. OSCAR BAXTER AND MRS. ABIE CRUME, CORRESPONDENTS. PH. 3801

Checkup to Determine City's Fire Rate

A checkup to determine if the key insurance rate of Friona can be lowered was being considered this week, according to City Manager Roy Wilson.

Wilson, in receipt of information from Dan Ethridge, local insurance man, which Ethridge had received from George Hawley, state insurance agent, pointed out that the proposed survey to determine the number of combustible (wooden) roofs in Friona would have to be authorized by the city's fire chief, Charley Bainum. However, Wilson added that it was likely such a checkup would be made in the near future.

According to Hawley, the percentage rating of combustible and non-combustible (asphalt shingle) roofs on residential property in the city has a definite bearing on the city's fire insurance rate. It is hoped that the survey will show Friona lower in the percentage rating than current figures, which would mean a small saving on such insurance on residential property—including outbuildings such as garages, etc.

Work Going Forward On Labor Housing

"A little slow" workmen at the construction site of labor housing here classified the work this week, pointing out that putting tar paper and wire on the wooden structures preparatory to stuccoing was about the slowest part of the job.

Actual frame construction on the buildings has been finished, and work has now progressed to the slower finishing stages. Windows and doors are to be installed, with a few already in the first of the week; interior and sheetrock work

is still in the future, along with the final exterior finishing.

The housing quarters, erected here by H. H. Weis under contract from Bert Chitwood, represent the first move in the community to provide residence for migratory labor necessary to handle crops.

With the coming of irrigation, farming has become more diversified, and where transient labor previously was used only a few short weeks, now there will be calls for such workers during much of the year, observers believe.

Chitwood is considering erecting more of the family units, it was reported, although this work will probably be some months in the future.

New Pits Being Dug At City Dump Ground

Two new pits are now in process of being dug at the city's dump grounds, north of town, City Manager Roy Wilson reported this week.

The work is being done by Wallace and Company, Hereford.

One of the pits will be located in the old lake bottom on the dump property, with the other to be dug on the side of the slope. Wilson points out that "We can use the one in the bottom during dry weather, moving up-hill when we get moisture."

MORE CITY LINES

Additional city sewer lines have been run during recent days in what is known as the west loop drive addition of Friona, records at the office of Roy Wilson, city manager, show. A total distance of 290 feet of lines was installed, to be connected at present with one new dwelling. The lines will be available to serve some six to eight building sites, Wilson says.

Knox to Move Store To New Location

Jack Knox, proprietor of Knox Ready-to-Wear, announced Monday of this week that the business expects to be located in its new home, next door to the City Drug, around Oct. 1.

Work on the building, which previously housed Lewis Variety is going forward at a good clip, he added. The building belongs to Glen Weir of Hereford, and will be rented by Knox.

Improvements will include the laying of hardwood floor (almost completed Monday morning); removal of the old wooden awning on the front of the building, improvement of the display windows, and complete repainting through the interior.

Asked about occupancy of his present building, the former Friona State Bank quarters, Knox said he understood it was being considered for business offices, but added that he knew nothing definite.

Mosquitoes, Flies to Get Poison Blasts

Mosquitoes and flies in the Friona area had better "fly" for their lives, since the city is planning to be out with the spraying machines again within the next few days.

City Manager Roy Wilson said that the pest infestation has been held down fairly good in Friona this year through spraying methods both down alleys and over the entire town by airplane. New shipments of insecticide are due in shortly, and will be put to use immediately.

STILL "SPUDDING"

Potatoes continue to move in and out of the local shed this week, although incoming loads have dropped down to a trickle. Trucks were being loaded with the sacks of spuds this week and it is expected that work at the shed, operated by Herman Neff of Hereford, will be concluded in the near future.

Growers of this area who tried out the crop this year report that yields were top-notch, but market prices put a slight damper on enthusiasm for increased plantings next year. In the main, only those growers who were fortunate and got their spuds out of the ground in the very early first weeks of the harvest season realized much profit on the crop.

GIRL SCOUT NEWS

Brownie troop VIII met Monday at the Friona Congregational Church and later took a hobo hike to the Friona park. Each one had a sack lunch and had watermelon. They played games and sang Brownie songs, then hiked back to the meeting place.

Those present were Willene Baxter, Patricia Barker, Lavoyce Burrow, Cardelia Parr, Ina Ben Parr, Mary and Martha Knight, Sharon Reeve, Linda Kay Johnson, Audrey Slagle, Carolyn Singletery, Cynthia Guinn, Patty Ready, Barbara Dudley, Patty Fallwell, one guest, Joe Bob Johnson, and their leaders, Mrs. Edith Johnson and Lucille Lotta.

Willene Baxter will be hostess next Monday.

Miles Robbins left Saturday for his home in Blunt, S. D. He has been in Friona attending his farming.

Friona Loses To Vega Longhorns

Friona Chieftains were defeated on their own field, Friday night, in their first football game of the season, when the Vega Longhorns topped the locals 28-6. This was a non-conference tilt.

The next game will be Friday night at Morton.

Friona football roster includes Harold Taylor, Danny Mac Bainum, Jerry Houlette, Billy Parker, Wesley Barnett, Wayne Houlette, Dudley Bainum, Jimmy Robertson, Kenneth Ferguson, Kenneth McLellan, Keith Battey, Teddy Fangman, Dewayne Taylor, Jim Dixon, Don Reeve, Bob Langley, Gary Panzer, Glenn Reeve, Jerry Zachary, Virgil Phipps, Joe Allen, Bill Dennis, Charles Kirk, Cotton Renner, Donald Petty, Gaylon Rhodes, John Thomas, Jerry Chiles, Ardith Rolan, Darrell Thompson, Phillip Weatherly.

Miller Graduates From Officers School

NEWPORT, R. I.—Graduation ceremonies at the Navy's officer candidate school here Sept. 11 marked the beginning of Naval careers for 600 Naval reserve ensigns who have completed the four-month course of instruction.

Among the graduates was Roy V. Miller Jr., son of Mr. and Mrs. Roy V. Miller of Route 2, Friona.

Vice Admiral J. L. Holloway Jr., deputy chief of naval operations for personnel, delivered the commencement address and presented diplomas to the group.

Feed Crops Looking Good Over Territory

Feed crops in the Friona territory are looking exceptionally good this week, despite hot weather which has come with the first of September.

While many irrigation wells are still pumping, the number of farmers who are "through watering" is increasing daily, as fields begin to show signs of "turning" for their final ripening.

Fairly general rains during July gave fields a lift that irrigation water fails to produce, and even some dryland fields are looking good despite returning dry weather.

Friona PTA To Meet Tonight

The PTA will meet tonight, Sept. 17 at 8 p. m. at the high school. This will be a reception for the Friona teachers. Everyone is invited to attend. PTA will welcome new and old teachers. After the meeting they will go to the gymnasium to play games and refreshments will be served.

Mrs. Claude Edelman is president. The public is invited to attend.

MEET THE SENIORS

With a great big smile, and a hello for all, Marye Pair sails through each day, and relates "I just can't wait until May 17 when I get that diploma." But she is concealing her anticipation by trying to get as much as possible from her senior year.

Mary was born in Lubbock on April 21, 1936, and has been a Farwell student during her four years of high school. She enters in school activities, serving on the paper staff, as co-editor of the annual, head cheer leader, student council member, and is on the executive council of the senior class and chorus. Her favorite entertainment is a good close football game, with Farwell as winner, of course. She isn't much of a satin and lace girl, preferring boxy suits, full skirts and neat blouses, or sports wear.

As for her interests, she merely says "A.M.," and she is also quite evasive about her future, declaring "time will tell."

Officers and cheerleaders for the pep squad have been elected. Potential leaders were given "try-outs" in an assembly, and the student body then voted on girls.

Marye Pair is head cheerleader, assisted by Peggy Woodson senior; Peggy Hardage and Mona McDorman, juniors; Shirley Atchley, sophomore; and Betty Smart, freshman. Officers are: Betty Lovvorn, president; Marye Rolland, vice president; Mona McDorman, secretary-treasurer; and Lavoyda Billington, reporter.

Sponsors are Miss Jo Ann Williams and Mrs. Carrol Cates.

Band Begins Workout For Halftime Programs

Football season is here again. With it comes the season for marching and fast marches, and Farwell band has already begun the activities in preparation for half-time performances at ball games. They plan to make the first appearance at Vega, September 18, when the Steers play the Vega team.

This year, 53 are in band, an increase in last year's marching band. Drum Major will be Darlene Sprawls, band members congratulate her on her new position.

There are three members with new instruments. These include Judy Garrett with a new "Martin" tenor saxophone; Bert Williams, trombone and a new recruit; Leon Box with a new "Olds" trumpet.

They elected officers last spring.

John Herrington To Serve as Fish Prexy

John Herrington was named president of the freshman class Monday of last week. To serve with him are Jerry Dee Owen, vice president; Cora Sue Atchley, secretary-treasurer; Larry Cooper, reporter; Jerry Venable and Betty Smart will represent the class on the student council, and class parents are the Magnesses and the Owens. Sponsors are Kenneth Fields and Calvin Murray.

Several courses are offered the freshmen this year: Courses and instructors are: Agriculture I, Robert Morton; Home Economics I, Mrs. Carol Cates; band and chorus, Mrs. Shelby Jobs, general science, Herman Milford and Calvin Murray; and English I, Mrs. Herman Milford.

During the summer, the freshman class lost several students. Two boys, Jerry Venable and Jerry Owens, are going out for football training.

"We certainly want to ask all our class to be on the look for school news that effects us. If you have any news, be sure to turn it in to your reporter. Let's make our part of the paper the best in the entire school," the reporter urges.

Boys Show Hustle In Scrimmage Game

Portales "B" football team played Farwell in a scrimmage game last week, Coach Carrol Cates says.

The defensive play of the Farwell team seemed very sound, with an exception noted in pass defense. The Portales team eked only two 1st downs, and were never in scoring territory.

The offense of the Farwell Steers seemed to be capable of moving the ball at all times, but was hindered from scoring on several occasions by fumbling. A capable quarterback seems to be the key to an offense that can roll, Coach Cates says.

A list of names for commendable work would include the whole team. They hustled, and hit hard throughout the entire scrimmage.

Further seasoning will do much to develop a sound ball club.

The first game of the season will be played in Vega this Friday night, and one week from Friday they will play their first home game. This home game will be against Boy's Ranch.

Speech Now Offered In Farwell Schools

For the first time in a few years, Farwell high school is having a speech class. There are 13 students enrolled.

"We have been having conversations, learning to talk, and we all enjoy that, and have offered two new one-act plays, that have never been presented at Farwell. They are to be presented in the spring.

The school has ordered speech books, which are expected to arrive any day.

From the Office

Jack Williams

We plan to share this item with Mr. Roberts and Mr. Fields and will try to have some news from this source for each paper.

The first two weeks of school has been delightful. The cooperation of the students and the faculty has made this a very pleasant two weeks. This same cooperation will make this our best school year.

The election of our student president is past. Our sincere congratulations to both Lavon Jones, the winner, and Darlene Sprawls, who will serve as vice president. These two students along with the other members of the Student Council have a real challenge in promoting and helping in the actual running of our school. We sincerely solicit your cooperation.

By the time you receive this paper, you will have encountered something very new in our community. We feel that this project of seeing that our colored children have an opportunity to attend school will have the approval of the majority of our students and also our patrons. We ask for your help and consideration in this matter. We certainly want all of our bus students to cooperate with us to the fullest and not in any manner make the riding of our buses unpleasant for these youngsters. With your help we will be able to help and not hinder the education of these youngsters.

A Thought For The Week: Play the game. Know the rules and observe them. Always play fair, no matter what the other man does. Play to win. If you lose, be a good loser.

Spirit and More Spirit is Vogue

We need spirit, school spirit, that is—and lots of it. This year the student body, boys and girls, will all sit together each football game and yell-YELL! The boys will wear levies and white shirts, the girls will wear white sweaters and blue corduroy skirts. Let's all wear these next Friday to the game at Vega.

We plan to have a pep rally next Friday at the 6th period to send

our football boys off with a fighting spirit. Hey gang, lets work together and have the best cheering section Farwell High has ever known. Lets get behind our sports, boys and coaches and school 100 per cent, and give them our support.

We're going to work hard as cheerleaders, have new ideas each pep rally, mimeograph yells for you and wait till you see our uniforms next Friday. We think they're swell. Hope you do too!

And after the game, lets start getting together for Cokes at

PARMER COUNTY FARMERS CHOOSE THE BEST EQUIPMENT

Here is a well being installed on the farm of Ira J. Cook of Snider, Okla. Mr. Cook's land is southeast of the Hub community. He is certainly convinced that without a good irrigation system, it is becoming almost impossible to make decent crops in this part of the country. Mr. Cook is impressed by the condition of irrigated feed and cotton as compared to dryland crops in Parmer County.

For that reason, he has ordered the well in the picture, his first irrigation investment. We predict it will be a good one, because he's using a Byron-Jackson Pump and an Olds V-8 Rocket engine—the most dependable combination for economical water we know of.

Mr. Cook's well is drilled to 324 feet, and the pump is set on 210. The well was finished September 11, and was being developed when the picture was taken. He is on the right, R. F. Robinson on the left.

Grade School News

First Grade

Mrs. Cain

We have twenty children in our room. Their names are Leon Vandiver, Bruce Billingsley, Bobby Pruitt, Peggy Eason, Mary Coffer, Dale Gober, Judy White, David Chappell, Barbara White, Mikala Williams, Mark Hopkins, Danny Huffaker, Steve Milford, Bobby Sharm, Jerry Childs, Linda Phillips, Shirley Smallwood, Peggy Martin, Jerry Thurman, Mikala Austin.

We have been busy learning the ways of school, but we are very well organized now and are beginning to know what is expected of us.

We have been decorating our room with fall flowers. We also cut out Little Bo Peep and her sheep to decorate our board.

Second Grade

Mrs. Pool

The twenty-six boys and girls in Mrs. Pool's second grade are: Jimmy Armstrong, Dwayne Billingsley, Alan Busbice, Jimmie Curtis, Roy Donaldson, Clifford Gray, Jerry Herington, Jim Bob Herington, Donnie Lindop, Melvin Lingnau, Leon Lovelace, Butch Magness, Dennis Moore, Bill Quicquel, Jan Adams, Sherrie Austin, Janie Bradshaw, Melody Coffman, Ramona Davis, Kathleen Gummelt, Jane Hubbell, Janice Meeks, Janice McKee, Sandra McKee, Sylvia Smith, and Patricia Thomas.

Mrs. Hopkins' second grade children come in each day for spelling, writing, and science. The science book "All Around Us" is a very beautiful picture book, and all of the children are enjoying science very much. They have learned the characteristics of birds, insects, and mammals. They have brought insects to class and are bringing pictures of the three kinds of animals to make a bulletin board display.

In language, the children are enjoying choral reading. They have already learned several poems with actions to accompany them.

Probably the favorite part of the school day (other than recess) is story time. The children are spell-bound each afternoon while they listen to the adventures of "Winnie the Pooh."

We have been happy to have the following visitors: Mrs. Lee Meeks and David, and Mrs. J. H. Curtis.

Children bringing flowers for the room are: Roy, Bill, Jane, Jimmie Curtis and Janice Meeks.

Sixth Grade News

R. B. Tucker

We have no new students this year, but have lost a few from last year. There are three that go to Texico; Carol Robinson, Lena May Steele and Hilda Hanneman are the ones that go to Texico.

We have had a few pupils absent from school due to sickness. They are Judy Jesko, Jerry Vestal, Larry Smith and Danny Cruse.

We fixed up our room last week. We put up some pictures and some of the girls brought flowers.

The following students are enrolled in the sixth grade: Loyd Cain, Eddy Collins, Donald Crume, Danny Cruse, Bobby Curtis, Jimmy Hardage, Don Hendrickson, Joe Bob Hughes, Larry McDorman, Mike Paine, Mickey Rundell, Larry Smith, Robert Tomlinson, Jerry Vestal, Charles Williams, Kenneth Williams, Ramsey Williford.

Minnie Jo Atkins, Katherine Billington, Barbara Chappell, Sharon Coffman, Judy Herington, Janie Hillock, Joan Hubbell, Judy Ann Jesko, Carole Ann Latham, Frieda Meeks, Gwenlyne Potts, June Ritchie, Fern Arlene Smith, Ree Stroup, Frances Thomas.

Seventh Grade News

Shelby Jobs

We have elected officers for the year and they are: president, Dickie Williams; vice president, Delbert Lingnau; secretary-treasurer, Frank Hammonds; reporter, Charlotte Lawson and Judy Hillock; room mothers, Mrs. Merriman, Mrs. Lawson and Mrs. Schell.

We welcome two new students to our class for this year. They are Alice Ramm from Muleshoe and

Beverly Hubbell from Clovis. Sixteen of our boys are going out for junior high football and 18 of our girls are playing basketball. The boys are planning their first game on September 18.

Ten of our students are band members and made their first trip last Saturday to the Friona fair.

The following students are enrolled in our class:

Janet Branscum, Belva Christian, Linda Crume, Betty Dollar, Judy Hillock, Orchid Latham, Jeanette Lindop, Charlotte Lawson, Doris Rolland, Edith Routon, Joyce Routon, Alice Ramm, Jo Ann Janice Meissner, Wilma Norton, Schell, Merlene Snelgrove, Jean Tarr, Beverly Hubbell, William Atkins, Don Bandy, Gerald Christian, Kenneth Doshier, Doyle Goldsmith, Jackie Goldsmith, Frank Hammonds, Niel Hancock, Owen Huffaker, Larry Jesko, Bobby Lesley, Delbert Lingau, Johnny Lovelace, Freddy Magness, Jimmy Martin, Mike McManigal, Dale Merriman, Morris Reed, Jackie Stancell, Dickie Williams.

Eighth Grade News

The eighth grade is being taught by the high school faculty this year and our home room is located in the home economics building. We are thirty-two strong and intend to make this one of our banner years at Farwell. We feel that we had a very strong hand in the election of the new president of the student body since we were all allowed to vote at this election. We are also allowed one vote on the student council.

We met with the high school Monday, and elected the following officers: class president, Glynn McDorman; vice president, Mitchell Walls; secretary-treasurer, Naomi Hubbell; reporter, Sally McShan; student council representative, Glen Hardage; class parents, Mr. and Mrs. McShan and Mrs. Jamison.

The following high school teachers teach the eighth grade the following subjects: Calvin Murray, 8th grade math; Carol Cates, 8th grade history and geography; Shelby Jobs, band and chorus; Mrs. Cleo Milford, 8th grade English and spelling; Herman Milford, 8th grade science.

We will see you at our next press time.

Second Grade

Mrs. Hopkins

The children in the second grade in Mrs. Hopkins' room are: Ann Adams, Darrell Crook, Carl Davis, Myrna Dunham, John Herington, Steven Hillock, Monte Lesley, Tommy Williford, Carolyn Woodson.

The third graders are: Darwin Billingsley, Rickey Cooper, Glynda Cruse, Patsy Herington, Bobbie Kaye Kube, Patricia Landrum, Shirlene Martin, Barbara Moore, Charles Roberts, Ronnie Vestal.

We have had two weeks of review. The workbooks are here and we are ready to use them.

2nd and 3rd Grade

Mrs. Hopkins

We have had several students absent from school with sore throats. They are Ronnie Vestal and Glynda Cruse. Darrell Crook also went home sick last Tuesday at noon.

The following students according to their grades are in this section of the second and third:

Second graders: Ann Adams, Darrell Crook, Carl Glen Davis, Myrna Dunam, John Herington, Steve Hillock, Monte Lesley, Tommy Williford, Carolyn Woodson.

Third grade: Darwin Billingsley, Rickey Cooper, Glynda Cruse, Patsy Herington, Bobbie Kay Kube, Patricia Landrum, Shirlene Martin, Barbara Moore, Charles

Roberts, Ronnie Vestal. I am very happy to be back in West Texas. I am very anxious to meet old friends and make new ones—Mrs. Hopkins.

Third Grade

Mrs. Huffaker

We have a nice enrollment of 21 pupils, ten boys and 11 girls.

We were proud to have two new boys coming from Clovis. They are Kerry Hubbell and Scooter Pipkin.

Thanks to Velda Paine for bringing us a beautiful ivy to make our room look pretty.

The boys and girls were happy to welcome David Routon back to school after a weeks absence with his arm.

Two of our girls have had birthdays already, since starting of school, Velda Paine and Brenda Thomas.

The following students are enrolled in this section of the third grade:

Bobby Atkinson, Dean Crume, Ray Hallmark, Kerry Hubbell, Mike Landrum, Barry McCuan, Billy McDonald, Scooter Pipkin, Joe Tom Reed, David Routon, Barbara Bieler, Mary B. Collins, Bonnie Cochran, Dorris Donaldson, Margaret Haseloff, Sandra Hendrickson, Velda Paine, Nancy Roberson, Carol Smart, Brenda Thomas, Paula Winegeart.

Fourth Grade

Mrs. Stroup

There are twenty boys and girls enrolled in this section of the fourth grade. We have ten boys and ten girls. Two of our boys, Jackie Williams and Aubrey White have celebrated their tenth birthdays since the first day of school.

We have been making booklets which we call "The Geography of Farwell." In them we have maps pictures and original illustrations of things we see in and around Farwell, and weather reports. We are enjoying our study of health also. We have made safety rules and posters and are watching our plants and sweet potato vines to be sure they get enough light, air and water to be healthy.

We have the following students enrolled in our section of the fourth grade: Pattie Black, Jimmy Clements, Van Crume, Jolene Donaldson, D'Ann Garrett, Iris Goldsmith, Jane Gulley, Judy Gummelt, Roy Hammonds, Errol Johnson, Billy Liles, Pete Rolland, Steve Smart, Maurice Smith, Doris Thurman, Sherry Vestal, JoCarolyn Watts, Aubrey White, Virginia Willard, Jackie Williams.

Fourth Grade News

Mrs. R. B. Tucker

In addition to our 3 r's, we are enjoying "Living" together as a fourth grade family. Already many pets and plants have been brought to our school home. We are caring for and enjoying them. Rickey, the parakeet has been ill. We hope he will soon be well again.

We are getting ready to take a trip across the United States. (What fun geography can be). Bring your curiosity and imagination with you and see the world with the fourth graders.

We have the following students enrolled: Carmelita Doshier, Joan Potts, Butch Pair, Gloria Hillock, Larry Lumpkin, Karen Schell, Mike Billington, Carolyn Routon, Zell Billingsley, David Watkins, Christine Paine, Marshall Lee, Kathrine Adams, David Lindop, Jimmy Walker, Glenda Billingsley, Dickie Gerles, Mike Getz, Jerry Lovelace, Kenneth Chapel, Jimmie Cain.

Fifth Grade News

Mrs. Kennedy

The fifth grade teacher enrolled 29 pupils on the opening day of school. There are 12 boys and 17 girls. We would like for all of our parents to visit us and see just what work we plan to do and are doing. The following are the students enrolled: Mike Booth, Daniel Daude, Benji Dial, Jerald Gober, Carroll Huggins, Jerry McSuan, J. F. Mount, Jr., Bill Owens, Benjie Stancell, Tommy Wurster, Donald Joe Bell, Cathy Bell, Judy Billingsley, Phyllis Black, Ellen Cain, Cari Lynn Crook, Quinnell Cruse, Koleta Doshier, Sherry Gast, June Gray, Darlene Hromas, Evelyn Lingnau, Katherine Martin, La Cretia Millford, Jean Reed, Noaetta Roberts, Janice Routon, Emalee Tucker.

Seniors Order Caps, Gowns, Invitations

Seniors met with the cap and gown representative Monday, and placed an order; "we certainly hope that we all get to wear them," the reporter says. Orders were also made for the invitations, about which the reporter says, "we feel we made a wise selection, and think they are the prettiest ever ordered by the senior class."

Detail work has also begun on the annuals, and seniors remind fellow classmates to get deposits ready, for collections begin soon.

Darlene Sprawls, candidate for president of the student body, was defeated by a slight margin, and the seniors extend their congratulations to the winner, LaVon Jones. "We would like to thank all students who supported Darlene. She would have made a good president, and she will be working in

the interest of all, as vice-president," the reporter states.

Officers of the senior class are Phillip Cassidy, president; Darlene Sprawls, vice-president; Marye Pair, secretary-treasurer; JoAnne Cochran, reporter; Marye Pair, Wayne Morris, JoAnne Cochran and Clarence Kube, student council; Mr. and Mrs. O. W. Pair and Mr. and Mrs. Woodson, room parents; and W. M. Roberts and Jack Williams, sponsors.

EDITORIAL

You—the Student Makes School Spirit.

By Gloria Dial

What is school spirit? Do we really need it? How can we have good school spirit? These are vital questions that must be considered as we begin our work for 1953-54.

First, let us try to define "school spirit." I would say that it is an attitude. It is the way that a student, or a teacher, or a parent feels toward the school system as a whole. This system includes classroom work and music as well, as sports and other curricular activities.

In analyzing these questions, we find that many factors must be considered. Proper school spirit is not only beneficial, but profitable to any school. That is why it is important and necessary.

Secondly, "Do we really need school spirit?" There is but one answer. Yes! Without it, the enthusiasm and zest for school, in any respect would be lost. All of us have seen instances where poor school spirit caused by jealousy, envy, or disinterest, has made the public school in the community ineffective in training boys and girls in good citizenship.

How can we have school spirit? This question can be answered easily. First, we must put aside personal motives and concentrate on the best interest of the school. Just a few students cannot accomplish this. The entire student body and the teachers must work together to bring this about. As mentioned before, jealousy and envy will have to be repressed by each one and unselfishly work toward the goal of a school "for the student, of the student, and by the student."

I think that our school is well on the way to having a good school spirit. This is evident, by the way election of the president of the student council took place. I am sure that each student enjoyed the campaigning and election. It was not only for fun, but educational, for the election was held as near like a real election as possible.

The election was not the only evidence of a good school spirit. I have never seen the first two weeks of school pass as smooth, and with as little trouble as this year. This is due to cooperation between the teachers and students and because of good organization.

Farwell schools can have plenty of good school spirit. We have a good start and I believe that we can keep it up.

Farwell's first football game will be with Vega—there. This game will be held next Friday night, Sept. 18. Be sure and attend the game. Let's get behind our school 100 per cent.

Mustangs Squeeze by Buffaloes 18-19 In Season's First Football Skirmish

The Bovina Mustangs opened their 1953 football season on Friday night with a win over the Melrose Buffaloes on their home field with an 18-13 score. The Mustangs had trailed at the half-time period by 13-13, and at one time they trailed 18-7.

The Mustangs were going pretty slow until they opened up their passing attack during the second quarter and they began to gain yardage. All touchdowns were either directly or indirectly due to their passing. Darrell Read was their mainstay in the passing attack with Leon Ware throwing one of the touchdown passes. Milton Barron was the offensive push for the Buffaloes doing most of the ball carrying.

Melrose kicked off to start the game and Bovina made first down and then lost the ball on downs. Melrose took over on their own 43-yard line and they didn't stop until they had scored with Billy Shaw carrying the ball over from the 18-yard line. One of the Bovina boys got hold of him behind the line of scrimmage, but couldn't hold him and he went on to score. Barron carried the ball over for the extra point but an offensive penalty on Melrose nullified the play and they failed on their try to run it over from the 7.

Bovina took the ball on the kickoff and after two downs with little gain, they fumbled and Melrose took over on the Bovina 15 and went on to score their second touchdown with Barron carrying it across the double stripe. They failed on their extra point try and the score was 12-0.

They kicked off to Bovina again and Norman Taylor took the ball about his own 35 and ran it back to 43. They made a first down on the Melrose 44. They gained five yards and then lost back to the 43. Then they started their passing attack. Read passed to Taylor and got a first down on the Melrose 27. Then Ware passed to Taylor and he scored the first Bovina touchdown. Read passed to Taylor for the extra point and the score was 12-7. The extra point proved to be the winning margin for the Mustangs.

Melrose took the kick-off on their 15 and ran it back to the 35 and they made a sustained drive for another touchdown with Barron doing most of the ball carrying. He scored the tally from within the ten yard line. They failed again on their extra point and that was their last score.

Bovina took the kick-off and they look the ball down: to paydirt again with three passes highlighting their push. Two were completed from Read to Taylor and the touchdown pass going from Read to Owens from the fifteen yard line. The half ended with Melrose getting only a couple of plays off.

There was no spring during the third period. The quarter ended with Bovina having the ball within the Melrose ten. As the last period started Bovina tried a pass on fourth down and it was incomplete in the end zone and Melrose took over. Melrose lost the ball on a fumble after making a first down and Bovina took over on the Melrose 15. They failed to make a first down and again lost the ball to Melrose. They made one first down and then fumbled again and recovered but it was a yard short of a first down and Bovina took over on their own 41. Read tossed a pass to Owens who took it in on the Melrose 30. He eluded a tackler and ran on untouched for the touchdown. They again failed on the extra point but they had pulled ahead by 19-18 margin. There were only three

minutes remaining in the game and they were able to keep the Buffaloes from scoring. They tried three desperation passes but they were all incomplete. They kicked to Bovina and the game ended before they had time to run any plays.

The Mustangs will play their second game this Friday night when they will be hosts to the Gruver team. Game time will be 8 p. m. The Bovina band entertained at the half time. They formed a large M for the Melrose stands and then formed a small B and M for the Bovina stands and played the school song. They also gave a good performance of marching.

Bovina PTA Meets Monday

The Bovina PTA opened its year of activity with its first meeting Monday night in the school auditorium. The members showed a lot of interest and enthusiasm for this year's work, and they had one of the best attendances they have ever had, around 100 being present.

More than 54 members joined, which was more than the total membership last year. Mrs. Aubrey Rhodes, president, presided over the business meeting. They had several reports from the committees who have been working during the summer, and they had their yearbooks ready for distribution. They voted to set their regular meeting date for the second Monday night of each month.

At the close of the business meeting, Mrs. Gene Snodgrass, leader for the evening, gave the PTA prayer and led the group in reading the club objectives. She then introduced the persons who presented the program.

Mrs. Ovid Lawlis was the first speaker and she told of the place of the home in the community. Clovis Ratliff told of the strides made in education and of the important part it plays in our world today. Miss Eva Simpson then gave a short talk and gave a poem with much food for thought in it. The reporter repeats it here for those who didn't hear it at the meeting:

Unity
I dreamed I stood in a studio
And watched two sculptors there.
The clay they used was a young child's mind,
And they fashioned it with care.
One was a teacher; the tools he used
Were books, music, and art;
One, a parent, who worked with guiding hand,
And a gentle, loving heart.
Day after day the teacher toiled,
With touch that was deft and sure,
While the parent labored by his side
And polished and smoothed it o'er.
And when at last their task was done,
They were proud of what they had wrought
For the things they had molded into the child
Could neither be sold or bought.
And each agreed they would have failed
If he had worked alone
For behind the teacher stood the school,
And behind the parent, the home.
The program closed with Mrs. Charlotte Brice giving a talk on the church and its place in the community. All of the talks were outstanding, say members. The new teachers and several new families who were present were introduced to the group. Mark Williams, band instructor for the

school, played piano selections. Officers were hostesses at the reception which followed, and punch and cookies were served to those attending. Background piano music was played by Mrs. Margaret Caldwell during the social hour.

Mrs. Thornton Gives Glimpses of Future

The Bovina Woman's Study Club met September 10 at the Legion Hall for a lovely autumn luncheon. This was the first meeting of the club year.

The president, Mrs. William Thornton, gave some thoughts on a glimpse into the future. Mrs. Clarence Jones reviewed the constitution and by-laws of the club. Mrs. J. P. Macon gave a resume on the writings of Mary Stewart, the author of the club collect, which the Federation of Women's Clubs has accepted to use as their Club Collect.

The members present were: Mesdames Tom Caldwell, Rouel Barren, O. W. Rhinehart, H. D. Bradshaw, Billy Sudderth, Arlin Hartzog, Bob Pittard, Regan Looney, Ovid Lawlis, C. M. Huggins, A. B. Wilkinson, Gene Ezell, Arnold Hromas, David Carson, Cecil Elliott, William Thornton, Bill Mayben, Troy Fuller, Charles Ross, J. P. Macon, Ike Quickel, Clarence Jones, W. H. Willoughby, Bill Mayben, H. L. Tidenberg, A. L. Glascock, Buck Ellison, O. D. Bingham, Lloyd Battey, Frank Truitt.

The club membership is urged to be present for every meeting and uphold the constitution of the club.

Girls Discuss FHA Projects

The Bovina Chapter of FHA met Thursday, in the high school auditorium for the first meeting of the school year.

The first meeting was given over to suggestions from the club members to the program committee on the projects they were principally interested in seeing the club carry out. Suggestions made to the program committee centered around FHA radio program, a talent show, and overseas pen pal project, a Christmas gift for the Bovina City Park, a Korean CARE project and a trip similar to the one to San Antonio last year.

The regular meeting time has been moved to the second Thursday rather than the first Thursday as it was last year.

BOVINA METHODIST NEWS

"The happy family is the church going family" is a statement of truth. Every individual needs the fellowship and principles taught at the community church. The Bovina Methodist Church welcomes all people to its sanctuary of worship. The Holy Services in the morning begin at 11 a. m. and in the evening at 8 p. m. Church School begins at 9:45, and the evening adult and Methodist Youth Fellowship groups meet at 7:15 o'clock. Rev. Walter G. White is the minister, and extends this means of inviting you to worship this Sunday with the Bovina Methodist Church.

Methodist Youth Fellowship Council
The Council of the Methodist Youth Fellowship will meet at the parsonage this Thursday evening at 7:15 o'clock. The purpose of the meeting is to accentuate planning of the fall program.

Methodist Men's Group
Next Monday morning at 6 o'clock, the Methodist men of the Bovina Methodist Church will meet for breakfast of "hot biscuits, bacon and eggs" to be prepared by J. T. Hammonds, Vernon Estes and Arlin Hartzog. Joe T. Salem of Sudan, has been invited as guest speaker to explain "The Methodist Mens Organization". All men are invited to attend.

FFA BEGINS WORK

The Bovina F. F. A. anticipates a membership of about 50 for the current year. Classes being taught this year are vocational ag. I, II, and III. The prospects for a very successful project program this year are bright at this time. So far there have been six lambs and three calves put into the pens and more livestock will be added in the near future.

The first F. F. A. meeting will be Thursday night, Sept. 17, at 6:30. Officers for the year will be elected and a program of work will be outlined for the year. Regular meetings will be the third Thursday in each month. Greenhand initiation will be at the October meeting.

At the county fair the past week, Eddie Steelman, Owen Burnett, and Neil Smith won blue ribbons in livestock. Eddie's Milking Shorthorn cow was the Grand Champion for the second year in a row.

Mrs. G. E. Free had a happy visit the past two weeks with her son, Troy, from Los Angeles, California. Also visiting with Mrs. Free over the weekend was her daughter and husband, the Elbert Kelleys, from Childress.

Receives Bedspread

The Bovina Birthday club met in the home of Mrs. Lloyd Killough Friday, Sept. 11, to help her celebrate her birthday and to quilt. Members present were Mesdames Jim Ellison, Oscar Venable, D. S. Harrell, Buck Ellison, Tom Rhodes, Mel Gunn, Will Parker, J. R. Caldwell, Tom Griffith, Levi Johnson, Harold Lowrie and son, Bill Burnam and Grady Pricer.

Out-of-town guests were Mrs. Bill Nesbitt and son, Mrs. Wait Belknap and Mrs. Fred Waggoner from Dimmitt.

Mrs. Killough received a lovely bedspread and rug from the birthday club and several other nice gifts from her other friends and family.

In Killough Home

Mrs. Bill Nesbitt and son, and Miss June Belknap visited in the Lloyd Killough home Monday night. Other relatives visiting the Killoughs were her parents, Mr. and Mrs. J. M. Purvis of Dimmitt and Mr. and Mrs. Walt Belknap and family and Mr. and Mrs. L. V. Watts from Hereford. Mrs. Belknap and Mrs. Watts are Lloyd's sisters.

PROGRAM PLANNED

The Bovina High School is going to sponsor "A Trip to the Holy Land" on Thursday, October 15 at the school auditorium. The program is presented by Stephen A. Haboush and includes a travelogue film shown on a special 3-dimensional screen. He is known as "The Native Galilean Shepherd."

There are two hours of films and other inspirational appeals. It is important to secure tickets early. Tickets in advance will be \$1:00 for adults and 50 cents for children and tickets at the door will be \$1.50 for adults and 50 cents for children.

On Vacation

Mr. and Mrs. Leslie McCain of Bovina and his sister and husband, Mr. and Mrs. Elton Hill of Fieldton left Tuesday morning for a vacation to Colorado and California. They plan to go by way of Colorado and will visit in San Diego and Los Angeles. They will be gone a week or ten days.

Mrs. Bonds Given Gifts at Shower

Mrs. Tommy Bonds was honored at a come and go stork shower on Friday morning, Sept. 11, in the home of Mrs. Bob Johnston. The calling hours were from nine until eleven and many friends dropped by to present the honoree a gift. Hostesses for the shower were Mesdames Cash Richards, Glenn Hromas, William Gromowsky and Bob Johnston.

Refreshments of coffee and sweet rolls were served to the guests by Mrs. Cash Richards from a table covered with a lace cloth and centered with a beautiful large silver bowl with a lovely arrangement of pink and purple asters and dahlias. A silver coffee service completed the appointments. Mrs. Glenn Hromas presided at the guest book.

The honoree received many lovely gifts which were displayed around a miniature red rocking chair. The hostess' gifts to the honoree were a blanket for the new arrival and a lovely bed packet for herself.

Guests calling during the morning hours were Mesdames John Hartwell, Bass Elliott, J. D. Stevens, Clifford Leake, Earl Richards, Pete Davies, John Wilburn, Harry J. Charles, Charles Hawkins, and Roy Hawkins. Many sent gifts who were unable to attend.

Visit Relatives

Mr. and Mrs. Von Bowen and Mrs. Glenn Kelley and Glenda Kay went to Post Sunday to visit Mrs. Bowen's sister and family, the Shelby Bishops. Mrs. Kelley and her daughter remained for a visit and Mr. and Mrs. Bowen returned by Plainview where they visited his brother and wife, the Everett Bowens, and his parents, who were there visiting.

TO COLLEGE

We have a few more names this week of students who are leaving to take up their college studies for the fall term. Rex Isham has gone to Texas A. and M. for his freshman year and Jerry Ellison has gone to Lubbock to attend Texas Tech. Norma Lee Loflin and Jo Beth Brice have gone to Southwestern in Oklahoma City. Norma Lee will be a freshman in college and Jo Beth will be a senior in the high school.

Mr. and Mrs. Darrell Robbins of Blunt, North Dakota are here for several weeks. They will visit with her parents, Mr. and Mrs. A. H. Robertson.

BOVINA BAPTIST CHURCH NEWS

The church has voted to begin immediate construction on the new educational building. Arnold Hromas has been employed as the building construction foreman. Materials are being purchased and delivered on the grounds.

The W. M. U. is observing the Mary Hill Davis week of prayer this week for state missions. They are emphasizing the importance of Christ's commands of the great commission, "Go ye into all the world and preach the gospel to every creature."

The new officers for the coming year will take their offices for the first of October. Those elected were Mrs. A. L. Kerby, clerk; Al Kerby, treasurer; T. B. Whitefield, Sunday school superintendent; A. L. Kerby, Training union director; Allen Cumpston, brotherhood president; Mrs. P. A. Adams, W. M. U. president, R. L. Douglas, choir director; Mrs. R. E. Everett, pianist.

The church is entering the campaign with its Southern Baptist neighbors to enroll a million more in "fifty-four." The local church set a goal of 25 percent more enrolled in Sunday school for 1954.

Last Sunday's attendance report: Sunday school 168, morning worship 217, Training Union 75, evening worship 138.

A cordial welcome awaits you at the Bovina Baptist Church.

BOTH SONS HOME

The Nat Reads had both of their sons home last week from the service for a visit. Sgt. Robert Read and wife, Pat, are here from Camp Rucker, Ala. They have an 18-day leave and will be here about another week. They will return to Camp Rucker and will be moved to Ft. Benning, Ga., sometime in the next few months.

A 2-c Billy Don Read was here from Friday until Monday from Wichita, Kans., for a visit with his folks. Pat and Robert are also visiting her parents, the Buck Elliisons.

COTTON FARMERS..

Did you see the exhibit sponsored by the Lubbock Cotton Classing Office at the Fair?

As can be seen in the above picture, there are many classifications for South Plains Cotton. Learn these classes and how they are arrived at - it's important to you.

Some "rules of the thumb" To make your yield better:

- Don't tromp cotton into trailer
- We recommend Net Wire Siding over Slats
- Remember you make your own grade on the farm
- Keep out trash and moisture
- If you use strippers, make sure they're in good condition and properly adjusted.

Thanks to the Lubbock Cotton Classing Office for their help —
