

Poll Tax Due Jan. 31

The deadline for voters on the Texas side to settle up with their state government on a little matter of \$1.75 for poll tax is near at hand. Receipts cannot be issued after Thursday, January 31.

Those who wish to vote on someone to replace Sen. Price Daniel (he has resigned to become governor), participate in school elections, and perhaps vote in some other election which may come up, had better beat a path to the courthouse and get squared away with Lee Thompson, new assessor-collector.

At any rate, check with the assessor-collector to make sure you don't cheat yourself out of a ballot this year.

"OFFICIAL PUBLICATION OF PARMER COUNTY"

FARWELL, TEXAS THURSDAY, JANUARY 17, 1957 NUMBER 15

S.O.S.—S.O.S.
We have just suffered a big casualty in The Tribune news-writing department. Our regular rural staffer for the Oklahoma Lane area, Mrs. Harold Carpenter, has had to give up her job.

Avis has done a good job out at Okla. Lane—so good, in fact, we'll have a hard time replacing her, we bet. She's been wanting to drop her weekly writings for some time, but we have been able to hold her 'til now. Last week, though, she says she has so many irons in the fire she just can't keep going, so we're in the market for a replacement.

We are making an earnest plea to you fine ladies of the Oklahoma Lane community to help us out in this respect. We would like to fill this gap in our news-papery activities as quickly as possible.

Sometimes the most earthshaking news of all doesn't get into the headlines. That is the case, we think, with what's going on at The Tribune offices this week. We are installing indoor plumbing—the first in our history.

For over 30 years, we have managed quite well, thank you, with the austere but really quite efficient facilities in a little wooden house near the alley.

During "reconstruction" days as we call them—the 1930's when WPA projects were in such vogue—we somehow managed to get a first-rate privy constructed out back. It had a concrete floor, ventilated roof, and other modernizations that some of the old folks can't remember.

This writer grew up in the tradition of an outdoor toilet for the shop, and would never have thought any more of it until the advent of female employees in the office, who let it be known by methods subtle and otherwise that things were just a little less than ideal in this department.

Air conditioned offices, a modernized front, foam bottom chairs, and other office improvements could not—we were made to understand—ever replace the solid comfort of an inside bathroom with hot and cold running water.

Our plans for moving inside were put off from year to year for what we considered vastly more important things: We needed a new press, our type metal was insufficient, lighting was bad, and it was high time we replaced that worn-out router.

This year, however, the wife intervened in her implacable way, and the facts were made known: THIS was the time to put in the bathroom.

So be it. But, the time is past when we can get along without big plumber's bills. And that's more than we can say for the little green John out back. It never once stopped up.

The Tribune office was the "base of operations" for several West Texas newsmen who were coming through to see President Eisenhower Monday.

Visiting here were Gene and Pat Alford of the Moore County News at Dumas, Cecil Wesley of the Happy Herald and Kress News, and Troy and Corlye Martin of the Olton Enterprise.

There sure was a big crowd at the drawing Saturday, wasn't there?

Which reminds us: For sale—about 55,000 tickets on the 1957 Plymouth that was given away January 12. Cheap.

Ben Smart to Sell Furniture Interest

A dissolving of partnership sale has been announced for the "Brighten the Corner" Furniture Mart in Texico. Ben Smart is selling his interest in the store to his brother, Jim Bob, effective following the close-out sale which is now in progress.

"In order to make the transfer, our entire stock of inventory will have to go," the Smarts say. An ad in this issue further explains the sale.

Future plans for Ben are indefinite, but he says he and his family will probably remain here until school is out. Smart has been in the furniture business in Texico-Farwell for the past nine years.

Lemons Receives Honorable Mention

When the Texas schoolboy Class A all-state team was announced last week, Farwell had one player making the honorable mention list. He was Leo Lemons, Negro sophomore tackle for the Steers.

While Lemons was only a sophomore he will not be back in a blue and white uniform next fall. His family left Farwell soon after the close of football season this year, and they have reportedly moved to Kansas.

RECEIVES KEYS—Mrs. Chas. Lovelace gets behind the wheel of the 1957 Plymouth she won Saturday. Presenting the keys is Walter Hardage, local DeSoto-Plymouth dealer. The new car was awarded by fourteen Texico-Farwell merchants.

Mrs. Chas. Lovelace Winner of New Car

"I just couldn't believe that I had the winning ticket," said Mrs. Chas. Lovelace of Farwell soon after being awarded the new 1957 Plymouth at the Farwell football field Saturday afternoon. The winning ticket came from Fern's Ready-to-Wear.

Mrs. Lovelace walked up with the ticket stub just before the second number was about to be drawn from the huge container. The first number had been read and after considerable length of time, it appeared that not one of the estimated 10,000 persons who flocked to the field, possessed the stub.

The reason for the delay was that the winner was some distance away from the point of the drawing. After having the number relayed to her, she started looking over her stubs. Finding the number, she started walking toward the point of the drawing, verifying her number with the one called out, by persons along the way.

She arrived just in time, and by so doing, made it the fourth straight time that only one number had to be drawn. Local mer-

Bradshaw Wins Television Set

Buck Bradshaw was the winner of the General Electric 14-inch portable television set, given away last Saturday afternoon by the Texico-Farwell Lions Club.

Close to 350 tickets were sold on the set, which was purchased from The Furniture Mart at cost.

DONATE TO MOD

The Texico-Farwell volunteer fireboys voted to give \$50 to the March of Dimes at their meeting Wednesday night, \$25 going to both Texico and Farwell.

Steers Thrash Sudan

In the initial district game of the season Tuesday night, the Farwell Steers raked up a triumph over the Sudan Hornets in a low-scoring ball game. The 41-24 win gave Farwell a split for the evening as the girls dropped a 44-29 decision in the first game.

Coach Cal Murray's Steers were ice cold in the first quarter, scoring only two field goals while the visitors managed nine points. Farwell came back for 12 in the second period while Sudan scored

four, giving the home team a 16-13 lead at halftime.

From that point the Steers were never headed, as the Hornets hit only 12 points in the last half while Farwell accounted for 25.

Three Steers hit the double digits in the scoring, Alan Price having 12, David Willard 11, and Johnny Lovelace 10.

In the girls game, the visitors outscored the locals in every quarter, with the scores at the different intervals being 14-9, 26-13, and

36-21. Topping the Farwell scorers was Angela Williams with nine points. Lynch had 19 for the winners.

The Farwell teams entertain Springlake in conference encounters tomorrow (Friday night) before hitting the road for games with Morton and Friona next week. The Tuesday night Morton games and the Friday night games with Friona close out the first round of district play for the local squads.

J. O. Landon Dies Sunday

James O. Landon, a resident of this area since 1906, died Sunday, January 13, after having been ill for some time. Landon, who had lived on his farm five miles south of Texico for 50 years, had a serious heart condition.

He was a member of the Baptist Church in Texico, having joined this denomination early in life. He moved to this area in 1906 and in 1916 was married to Mattie E. Williams.

Funeral services were conducted at the Texico Baptist Church on Wednesday afternoon, January 16, at 2:30 with Rev. C. C. Morgan, pastor of the church, and Ebb Randol, Church of Christ minister, officiating. Interment was in the Texico Cemetery with Steed's Funeral Home of Clovis in charge of arrangements.

Pallbearers were Joe Blair, Ed Engram, Wesley Engram, John Hadley, Paul Wurster and Claud Williams.

Dick Doshier Stocks Lake with Catfish

The stocking of Pleasure Lake with Catfish got underway on Monday of this week.

Over seven hundred pounds of fish were dumped into the lake and more are planned to be added this weekend, says Dick Doshier, owner of the lake southwest of Texico.

Doshier plans to have the lake open to the public by the first of May. The lake was built last spring and during the summer months it was open to the public for boat racing, fishing, and swimming.

The water for the lake comes from three irrigation wells on a section of land at the Doshier farm. More details of Doshier's plans for the summer will be announced later.

Pioneer County Booster Dies

Friends from over a wide area gathered at Hamlin Memorial Methodist Church in Texico Saturday afternoon to pay last respects to a pioneer educator, businessman, and city and county official, B. N. Graham, who passed away at his home Thursday.

Conducting the services were Rev. R. L. Butler, former pastor of the local church and now of Sweetwater; Rev. R. C. Cantrell, present pastor, and Rev. Hurshel Thurston, former pastor and Sunday School pupil of Mr. Graham, who is now of Dalhart.

Pallbearers were Joe Blair, Joe Helton, Loyd Cain, John Hadley, Paul Wurster and J. H. McDonald. Funeral services were in charge of Steeds Funeral Home in Clovis and interment was in Lawn Haven Memorial Gardens. Honorary pallbearers were members of the official board of the Methodist Church.

Mr. Graham is survived by his wife; three sons, Benton of Sumatra; John of Lubbock, Howard of Pampa; and two daughters, Mrs. Raymond Ross of Morton and Mrs. William Thornton of Bovina, and 12 grandchildren.

Graham was born in Celeste in Hunt County.

The Grahams moved to Bovina in 1914 and came to Farwell in 1916. He had served as superintendent of schools in several area towns before he settled in Parmer County including Plainview, Lubbock and Kress Schools. He was also superintendent of Bovina Schools. He served as county and district clerk of the county for 10 years—from 1916 to 1926. He then went into the insurance business which he operated until the time of his death.

He also served as secretary of the Farwell Waterworks System. The pioneer public servant was the first county clerk to occupy the office in the present courthouse, which was new during his term of office. At the time of his death, he

Eugene Mann Speaks To Lions Monday

Eugene Mann, director of public relations at Eastern New Mexico University, was guest speaker at a meeting of the Texico-Farwell Lions Club Monday night.

Mann, who was recently appointed deputy governor of the local club's district, gave several pointers as to what makes a good club. He stressed public relations, stating that "Every club member is a director of public relations."

He also listed the advantages of being associated with a small club. In a small town, there is a closer relationship among members, which enables a club to accomplish more proportionately than a larger one, Mann said.

MOD Talent Show Planned at Texico

A talent show, for the benefit of the 1957 March of Dimes, has been planned by Mrs. John Adams, Texico's MOD chairman, and other persons helping with the polio fund drive.

The show will be Thursday night, January 24, at the Texico School and will be for all persons of the area who wish to participate. Mrs. Adams says that everyone is invited to enter the talent show and that prizes will be awarded by local merchants.

Admission for the talent show will be 25 and 50 cents and the show will get underway at 8 o'clock.

Persons wishing to enter the show should call Mrs. John Adams, 8-2287, or Mrs. Ray Sharp, 8-6378, no later than Wednesday afternoon, January 23.

Lucy, Black Sales Are Next Week

Two farm sales are planned for next week by the State Line Commission Company. The first one is Tuesday, January 22, at the Sam Lucy farm, 11 miles north of Muleshoe on the Friona-Muleshoe Farm-to-Market road.

The following day, Wednesday, a general clean-up farm sale is scheduled for Mrs. A. W. Black, six miles east, four miles north, and one-fourth mile east of Muleshoe.

The Tuesday sale begins at 1 p.m. and the Wednesday auction gets underway at 10:30 in the morning. Col. Dick Doshier will be auctioneer for both sales and Jerrell Doshier will be clerk.

At the Wednesday sale, Col. Dean Sanders will assist Doshier with the auctioneering.

by Mrs. Adams and other interested citizens includes the placing of coin holders in business houses and other public places for donations. Assisting Mrs. Adams with this type work during the weekend were Janice and Judy Adams, Glendon Moss, Carol Bell and Patricia Patterson.

Swimming Pool Response Slow

Response to the direct mail survey on the proposed Texico-Farwell swimming pool project, has been slow, reports Jess Landrum, instigator of the plan. Nevertheless, the majority who have answered the survey, are in favor of the pool.

It is hoped that more people will fill out the questionnaires and return them in the next few days. The backers are depending on the response from this survey to indicate whether or not the swimming pool project should be undertaken.

"Let us know one way or another where you stand," Landrum says, adding "that if you cannot pledge a definite amount of money or labor but are willing to do all you can, let us know."

Mrs. Coffman Will Resign PTA Post

Mrs. Joyce Coffman announced this week that at the next regular meeting of the Farwell Parent-Teacher Association, she will submit her resignation as president of the organization.

Mrs. Coffman has been the PTA president for about two months.

Texico Teams Win First Round Games

Texico Senior and Junior High basketball teams won their first round play of their own Invitational Tournament Tuesday night. The two Ranchvale teams entered in the tourney were also victorious in their games.

The Whirlwinds slipped by the Rogers lassies 33-31, after they had stalled the ball for 12 minutes of the last half. The Rogers sextet had taken a 12-9 lead at the end of the first quarter mark and were still leading at halftime by a 23-22 margin.

Texico made seven points in the third quarter while holding the opponents to a pair of field baskets to go ahead and were never behind from that point. Barbara Caldwell's 23 points led the scoring in the game. Walker and Parrish led the Rogers squad with 15 counters apiece.

In the other round game Texico Junior High girls outscored the Center team 23-18. Christy Bowers led her team with nine points while Margie Ray was high for the Center team, also scoring nine points.

Other action saw the two Ranchvale clubs score easy wins over the Grady teams. The Ranchvale senior high Trojanettes completely outclassed the Grady bunch, scoring a 38-15 win. Betty Cole and Darla Baker led the Ranchvale lassies, tallying 18 points each. Stanfield led the Grady team with nine points.

The Ranchvale junior team

earlier defeated Grady 22-16.

Next session of the tournament will start today (Thursday) at 6 p. m. CST, with the Melrose Juniors meeting the Texico B team. The 7 o'clock game matches the Melrose Senior High with Forrest-Rosedale and Field Junior High will meet at 8:30 while the same Senior High teams meet at 9:30.

The third session of the tournament will start at 12 p. m. Friday with the Center Junior High meeting the loser of the Rosedale-Field tilt. One o'clock action pits the Rogers Seniors against the loser of the Rosedale-Field game. At 2:30 Grady Junior High meets the loser of Melrose-Forrest contest.

The semi-finals begin at 6 p. m. Friday with the Ranchvale Junior girls meeting the winner of the Melrose-Texico B game.

PRESIDENT VISITS AREA—President Eisenhower, near center of picture with dark overcoat on, talks informally with an area farmer, Raymond Worrell, who farms northwest of Clovis. This picture was made as IKE and USDA officials made a spot check of drouth conditions in the area Monday.

Near Clovis—

Ike Takes a Look At Area Drouth

Editor's Note: Over 200 newsmen who covered the appearance of President Eisenhower at Clovis Monday made sure they did a good job of it. Some of the nation's most qualified reporters were on hand.

While we fully realize that by now almost all of our readers have read the detailed news accounts of this event, there are always "sideline" scenes that a person would miss unless he actually was there. Richard Hapke, covering the president's appearance for The Blade, The Tribune, and The Star, went into his assignment with his eyes open. But he saw more out of the corners of his eyes than the central figure toward whom all eyes were focused.

You've read the wire stories about what the president did while here in our part of the Southwest. Now, read what was happening around him while he was here.

By DICK HAPKE

Surrounded by 200 newsmen and photographers, including this one, and more secret service personnel than anyone could accurately estimate, President Dwight Eisenhower made a short appearance at a farm home northwest of Clovis Monday afternoon.

The farm, which was the site of much hustle and bustle for the few short minutes, was that of Raymond Worrell. The president chatted with Worrell and his family, went down to an ensilage pit, viewed some farm machinery, and looked at a herd of Duroc swine.

While all this was taking place, the occurrences around the president were more of a spectacle than the president himself. Most notable were the photographers, going to any means to get a close-up of the chief executive, and the secret service, keeping the newsmen from interfering with the president's tour and conversation.

Photographers were seen standing on fence posts, atop tractor

wheels and seats, and trailer sideboards. Playing deaf to the demands of the secret service men, some hurdled a fence, blocking the view of the president as he attempted to look at the prime herd of hogs.

As the president's party reached the herd of swine, Secretary of Agriculture Ezra Benson climbed through a charged barbed-wire fence for a close-up look, but luckily evaded a shock.

The secretary willingly posed with the hogs for a picture, but one cameraman found a sow less agreeable as he tried to get a solo of the animal. The sow, deaf to the plea of "Whoa there, you," almost upended the lensman as he tried to get his picture.

One photographer, eyeing a small tumbleweed rolling by, ran it down, placed it in a position where it would not elude his camera's scope, and then took a picture.

In spite of the turmoil going on around him, the president carried on his conversation in a sense of solitude, and from his talk, one could sense a grave concern over what the farmer was relating.

He smiled occasionally, once almost in jest when a photographer attempted to get him to look his way for picture.

From the time of his arrival at Clovis Air Force Base to the time of departure, Eisenhower was in Curry County only an hour and a half. Arriving at approximately

1:30, he was greeted by Air Force and New Mexico dignitaries and a throng of area people, estimated at 10,000.

He came down from his plane, waved at the crowd, and entered Governor Edwin Mechem's Cadillac for the tour, which included numerous fields, both dryland and irrigated.

The president's car was followed by three convertibles, loaded with secret service men, and several buses of newsmen.

The bus on which I was a passenger, broke down just prior to reaching the base exit, but the Air Force displayed its efficiency, having another one for the passengers with only two minutes delay.

After being delayed a minute longer while waiting on a passing freight, the bus caught up with the tour at the farm.

Enroute to the farm and on the return to the air base, people were on hand at each intersection in an effort to get a glimpse of the president as he passed by.

The route and every meeting for the president was strategically planned, with nothing being overlooked, even the scheduled freight which came by minutes after the departure from the base.

A briefing for the newsmen was conducted three hours prior to the arrival of the president's plane. The Officers Club had been converted into a newsroom, with Western Union machines and temporary telephones set up for the benefit of the representatives of the press, radio, and television.

At the briefing the newsmen were instructed as to what course to follow during the time the president was there.

The work required in preparing for the president's visit would be impossible to estimate, but it is for certain that many man hours were taken up in making the arrangements.

And, all for an hour and a half appearance.

Carolyn Curd Wins Betty Crocker Award At Texico High School

The Betty Crocker Homemaker of Tomorrow in Texico High School is Carolyn Curd.

Carolyn received the highest score in a written examination on homemaking knowledge and attitudes, administered December 4, 1956, to senior girls in the graduating class. Her examination paper will be entered in competi-

tion to name New Mexico's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runner-up award in the state. For her achievement, Carolyn received an

award pin designed by Trifari of New York.

Each state Betty Crocker Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip with her school advisor to Washington, D. C., colonial Williamsburg, Virginia, and New York City. A \$500 scholarship will be awarded the runnerup girls in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

The scholarship of the young woman named All-American Homemaker of Tomorrow will be increased to \$5,000. This year for the first time, girls who rank second, third and fourth in the national finals will receive \$4,000, \$3,000, and \$2,000 scholarships, respectively.

"Homemaking is truly the greatest career a woman can have. But it's a big job, not always easy, and as an outstanding future homemaker you will be able to help and encourage other girls to prepare for its challenge," is a quote for the letter Carolyn received from Betty Crocker.

When Carolyn was asked about the award, she said she didn't ever think it would happen to her. Also, by coincidence, December 4 was Carolyn's 17th birthday.

Junior Teams Split Games

Texico junior cage teams tangled with the Rosedale junior teams in a basketball game in the Texico gymnasium on January 9.

Texico girls kept up their record by taking a 28-21 victory, while Texico boys went down in defeat 30-22. Both Texico teams are showing up well in their games.

Christina Bowers led Texico's scoring by accounting for 11 of Texico's points. She was followed closely by Connie Tharp with 10. Roubison was high point for Rosedale.

The boys were led by Don Johnson with a total of 6, while Turner was high for Rosedale with 21 points.

Starting the line-ups for Texico were Connie Tharp, Christina Bowers, Gayle Hadley, Mary McDaniel, Phyllis Kelley and Jo Ann Brown for the girls; Larry Pawoll, Crayton Weisler, Billy Hukill, Charles Stockton and Don Johnson for the boys.

With Carolyn

Have you ever seen a kitchen completely filled with candy? Well, maybe you haven't, but members of the FHA Club have. While attending a candy demonstration last Thursday at the Farmer's Electric Co-op in Clovis, they helped prepare and eat all types of candy—divinity, fudge, taffy, fondant and even candy sandwiches. FHA girls report that it was a well-spent afternoon (probably because the candy was so good.)

Joyce Gillean, FFA sweetheart for 1956-57, is very proud of the blue satin jacket that the FFA Club presented her.

With 16 teams entered, the junior and senior high girls basketball teams are sponsoring an invitational tournament this week. The first games were played Tuesday night with the finals being this Saturday.

Notes at random: Rush Hughes, Director of Public Relations from Highland's University, was at THS last week talking to all students who are interested in attending college. Bobbye Richardson, a former Texico student, was a member of the ENMU choir that presented a very fine performance at a recent assembly program. Expected to arrive next week are three student teachers from the business education department at

Eastern New Mexico University. See ya' at the tournament. Carolyn

NOTE:

The Wolverine's Tale is being cut short this week because of a shortage of space. The remainder of the school news will be carried next week.

R. A. Group Has Meet at Church

Royal Ambassadors of the First Baptist Church, Farwell, met at the church Wednesday night, January 9, for a regular program.

Herman Gerjes presented a mission story, "The Tarnished Helmet" to the group attending. Jimmy Martin and Jerry Turner served refreshments after the program.

Recent Bride Is Shower Honoree

The home of Mrs. John Getz in Farwell was the scene of a bridal shower honoring Mrs. Ted Magness, the former Miss June Hensley, on Friday evening, January 12, from 7:30 until 9.

Hostesses for the courtesy were Mesdames Getz, W. H. Graham Jr., W. E. Curtis, James Terrell, M. J. Weiman of Clovis and Miss Billie Fay Heckman.

Corsages of pink carnations were presented by the hostesses to the honoree and the groom's mother, Mrs. Joe Magness.

Decorations throughout the house featured the honoree's colors of pink and white. Miss Heckman registered the guests at a table covered with pink which held the bride's book and an arrangement of pink and white carnations backed by slim pink and white tapers. The arrangement, in a low pink container, formed the background for a miniature rolling pin tied with pink and white ribbons.

Cookies, iced with pink and shaped like wedding bells, were served with coffee, hot spiced tea, nuts and pink and white mints.

The serving table was covered with white lace and was centered with an arrangement featuring a bride and groom figurine standing beneath a white arch entwined with pink ribbons and centered with silver wedding bells in a large pink bow.

Pink streamers in front of the figurine bore the names of "June and Ted" in black lettering. A calendar of the month of January with the number 4 circled was placed at the end of the streamers with a large "1957" at the side. The arrangement was flanked on either side by tall, twisted pink tapers. Pink and white napkins inscribed with "June and Ted" completed the decorations.

Plate favors were miniature copies of the State Line Tribune in white with the write-up of the couple's wedding printed in pink.

Among those attending and sending gifts were Mrs. W. T. Magness, Mrs. Joe A. Helton, Mrs. Joe Magness, Mrs. Phil Cassidy, Mrs. W. H. Graham Sr., Mrs. Joe White, Mrs. Clyde Magness, Miss Naomi Hapke, Mrs. C. M. Henderson, Mrs. Ronny Ferguson, Miss Glenna Ruth Davis, Mrs. Carl Davis;

Also, Mrs. Ruby Stone, Mrs. Guy Cox, The Earl Routons, Mr. and Mrs. Lee Meeks, Mrs. Buck Bradshaw, Mrs. Dale McCuan, Mrs. Bill Garrett, Mr. and Mrs. L. R. Vincent, Freddy Magness, O. B. Staggs, Mrs. Partin Austin, Mr. and Mrs. C. A. Cassidy, Misses Marion Smith, Anita Moss, Mikala Faville, Martha Smith, and Susan Levins, Alan Price & the hostesses.

And, Mr. and Mrs. Walter Hardage, Mrs. Ann Smith, Mr. and Mrs. Johnny McDonald, Mrs. A. E. Hapke, Mr. and Mrs. M. A. Snider, Richard Hapke, Mr. and Mrs. W. H. Spurlin, Wilma Liner, Mrs. Ronny Ferguson, Mrs. G. L. Medley, Mr. and Mrs. Si Ellis and children, Mr. and Mrs. Sam Rindell and Lewis Hensley.

ESA Begins Year By Planning Aid To Civic Projects

Members of Theta Rho chapter of ESA began the New Year by supporting civic projects for the Twin Cities, when they met Monday evening in the home of Mrs. Wilfred Quickel.

Sikes Visit 25 States And Canada On Extended Tour

A four-month tour of the mid-west, Great Lakes, New England, Eastern Seaboard, and Southern portions of the United States, plus parts of Canada and the District of Columbia, has just ended for Mr. and Mrs. Oliver Sikes of Farwell.

During their travels, the local couple traveled through 25 states and rolled up 10,000 miles. "We could write a book on what we saw," exclaimed Sikes this week.

The former local auto dealer added that they never got homesick while away, but still were delighted to be back in this community. Apparently, the Sikeses escaped some of the more common difficulties of tourists. They had no car trouble of any kind—never had a flat, never ran out of gas, never had any engine trouble and never got picked up by a highway patrolman.

Among the more impressive sights that Mr. and Mrs. Sikes viewed while gone, they counted these as three of the biggest:

1. The United Nations general assembly at New York, where they attended and heard a debate on the peacetime use of atomic power.

2. The Hialeah Race Track at Miami, surrounded by stables filled with 5,000 race horses.

3. The harbor at Jacksonville, Florida, where they saw 500 war vessels riding at anchor.

Sikes said the weather was especially kind to them. "We always were just one jump ahead of cold weather," he said.

He commented on the beauty of the New England states, and also was expressive about fishing in Canada. An ardent angler, Sikes "wetted his line" many times during the trip, but thought fishing in Canada was best of all.

Some other sights taken in included Plymouth Rock at Plymouth, Mass., Arlington Cemetery at Washington where a perpetual guard is maintained near the tomb of the unknown soldier, historic scenes at Boston, Washington, D. C., and Charlottesville.

Relatives of the Sikes family were called on in Boston, Hartford, Conn.; Arlington, Virginia; Waldo, Florida, and Wichita Falls.

States visited included Texas, New Mexico, Oklahoma, Missouri, Illinois, Michigan, Indiana, Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North and South Carolina, Georgia, Florida, Alabama, Mississippi, and Louisiana.

The Sikeses returned home January 10.

Deborah Sunday School class of the church met Monday night at the home of Mrs. Harold Carpenter for the monthly business meeting and social. Mrs. Lavenia Jones was honored with a pink and blue shower at the meeting.

Mrs. Alton Pruitt presented the devotional entitled "Motherhood and Baby Book." Mrs. Sterling Donaldson and Mrs. Delbert Garner directed games.

Mrs. Carpenter served pie and hot chocolate to Mesdames Sterling Donaldson, Jimmy McGuire, Delbert Garner, Neil Stewart, Alton Pruitt, Vernon Symcox, Donald Watkins, D. W. Carpenter, Jack Roach, Bryan Blevins, Howard Garner, Bernard Nelson, Miss Lois Marie Looney and the honoree, Mrs. Donald Jones.

Elton Kesner Takes Barber's Examination

Elton (Goob) Kesner, son of Mr. and Mrs. Shirley Kesner, was here visiting his parents last Tuesday and Wednesday prior to going to Santa Fe on Thursday to take a barber's examination.

He returned here and visited until Saturday when he returned to Amarillo where he has been attending barber college for several weeks.

Farwell Grade Girls Hold 5-1 Record

With half of their schedule completed, the Farwell grade school basketball girls have won all but one game. The group lost their first game of the season when the Friona teams played here.

Other teams in the conference include Sudan, Springlake, Lazbuddie, and Bovina. Farwell took a non-conference tilt from Texico to give them a 5-1 record for the first half of their season.

Thirty-three girls from the sev-

enth and eighth grades are coming out for the grade school team which is coached by R. B. Tucker. Girls making the traveling squad thus far this season include Janice Rounton, LaCretia Milford, Emalee Tucker and Arzie Goldsmith in the forward slots and Jean Reed, Karen Schell, Gari Lynn Crook, Jo Potts, Darlene Fromas, Zell Billingsley and Carolyn Parker as guards.

Second round play in the conference set-up started for the locals Monday night when they were guests of the Friona team. Mule-shoe grade teams will play here tonight (Thursday).

First and second place trophies will be awarded in this division at the close of conference play.

IS IMPROVING

David Lynn, infant son of Mr. and Mrs. David Okelberry, was released from Parmer County Community Hospital where he had been confined with pneumonia since Wednesday of last week. The child's maternal grandmother, Mrs. Alton Berry, reported that his condition was improved this week.

Fred Cox Dies At Phoenix

Fred Cox, son of Mrs. James A. Cox, died at a hospital in Phoenix, Arizona on Wednesday, January 9, after a lengthy illness.

Funeral services were held Saturday morning in Phoenix for the son of the local woman. Mrs. Cox was ill and was unable to make the trip. Another son, Guy Cox, also of Farwell, attended the funeral and returned here Sunday morning.

SPEAKS HERE

Rev. R. L. Butler of Sweetwater and former pastor of Hamlin Memorial Methodist Church, was the guest speaker at the church here at the Sunday morning service.

PLAINS SANCTUARY

A Minister's Impression
Dr. Millard F. Compton, head of the Methodist Conference in West Virginia, gives his impression of Mausoleum entombment, as follows:
"After more than thirty years experience at funeral services, I welcome with profound gratitude this movement to provide a process of burial for our dead that will remove the sad distress that now holds us. Years ago, when I was a pastor in New York, plans were prepared and exhibited for humane and sanitary burial; since then I have followed every effort of this kind with interest, and I have had a conviction that sooner or later some plan must displace the horrors of ground burial.
"It is bound to come. This Mausoleum idea carries us back to the days of Christ and beyond, when the great civilized nations entombed their dead above the ground.
"We shrink from the story of earth burial with its decay. In the beautiful Compartment Mausoleum we can place our loved ones, to sleep quietly, the dear body preserved from decay awaiting the morning of the resurrection. Humanity has shuddered at the earth grave, but only the rich have been able to build a Mausoleum or tomb above the ground; now we rejoice that people in moderate circumstances can have the same precious privilege, with arrangements perfected for scientific care whereby the body will be preserved.
"It robs death of much of its horror. Today, we hurry our dead to the cemetery, where we hastily hide them, often in time of rain or snow, and after we have left them in the ground return broken-hearted. How different, how impressive, to gather in the chapel of such a beautiful building, hold our services, take our last look, and place their bodies where they shall rest unchanged.
"We can indeed, honor our dead by providing a beautiful resting place for their bodies, where the beloved form may be preserved and maintained for ages. To the Christian, the prospect especially appeals. With our faith in the resurrection of the dead, we believe that Christ has prepared a beautiful home for the soul in the mansions in heaven; to us the opportunity is presented of a beautiful resting place for the body, where it can rest as in a quiet sleep, unchanged, body, form and features, preserved for generations and ages; perhaps the human form may be preserved until the end of the world.
"My only purpose in writing this is that I may call the attention of our people to it. The company at the head of this movement ought to receive the hearty co-operation of the municipality, the board of commerce, the church, and all the great philanthropic associations in the city."

Through the combined efforts of Mr. and Mrs. Don Strohacker, the Steed Funeral Home and the Roberts Funeral Home are bringing to the people of the Clovis area a new type of interment for their loved ones.

High Plains Farmers Add Pipeline Miles

Irrigation farmers in the High Plains area of Texas, from September 1, 1955 to September 1, 1956, added 710 miles of underground concrete pipe to their irrigation facilities. This makes a total of 2,532 miles of pipe now in use, says George L. Black, Jr., associate agent in irrigation for the Texas Agricultural Extension Service with headquarters at Lubbock.

Black reports that the first installation was made in 1948 and that last year's additions amounted to 28 percent of the nine-year total. "It is a demonstration which shows that farmers are doing something on their own to conserve and get the most efficient use from the water pumped for irrigation on their farms," says the engineer.

Advantages cited for the underground concrete pipe installations are the elimination of water losses from ditch seepage and evaporation, does away with the weed problem on ditches, makes for easier and more complete culti-

vation of all field areas, permits the tying together of two or more wells which cuts labor costs and of major importance, permits better water distribution over the entire farm. Black says that evaporation losses alone in the area range from 70 to 80 inches annually.

The cost of installing an underground irrigation system is high, points out Black, but since its lasting qualities are very good, the savings made in water, labor and better water distribution make it a paying proposition.

A man who wanted to buy a riding horse for his wife went out to the stables and tried one out. Noticing that the horse was quite spirited and required a firm hand he inquired of the owner, "Do you think that a woman could handle this horse?"

"Well," replied the owner after some deliberation, "let's put it this way. A woman could handle that horse all right, but I'd hate to be the husband of the woman who could do it."

THE PARMER FARMER

One obvious but sometimes unmentioned thing about gross income figures: they represent the total intake, not the net. The difference in net profits and gross receipts is often almost as much as the total for the gross itself; sometimes, it's worse, representing a net operating loss.

These things we feel we should mention this week after publication in last week's paper of a summary of farming receipts for Parmer County during 1956. While the gross income very reassuringly leaped over \$26 million for a new all-time high, there is more to the picture than that.

It is an absolute impossibility to determine the approximate net or profit income from this large amount of money. Except for a family-by-family survey, there just isn't any formula that can be relied on.

However, the trend seems to be that in spite of larger receipts this year than in prior years, the expenses incurred in grossing over \$26 million were excessive.

That is to say, Parmer County farmers, pumping around the clock to beat the dry weather, haven't been exempt from the much-discussed cost-price squeeze.

As a generalization, we might say that the percentage of net profit from farming has been lower this year than ever. Surely, there are exceptions, but we are shooting for a rule of the thumb.

Farmers, who are in reality "businessmen of the land" are coming to have an understanding of what the nation's merchants mean when they speak of "profitless prosperity." It's one thing to handle a lot of money, and quite another to keep some of it.

Still and all, we can see that our situation is more fortunate than that of many others we know. At least, when you produce, you have a chance. You don't have any kind of a chance if you can't produce. The dryland farmer will tell you this.

So, while we bear in mind that gross income is seldom an indication of net income, we still would recall to your memory an old-time recipe. It is a recipe for rabbit stew.

The directions start out: "First, get a rabbit." Gross income is this area's "rabbit." It has been succulent. The rest is up to the cooks.

Cummings Farm Store Wins From DeKalb

Cummings Farm Store of Friona has won fifth place in DeKalb's West Texas Division for their display of seed plots during the past season. Ennis Cummings of the store is to go to Denver Thursday of this week on an expense-paid trip to the fat stock show there, as a prize for the placing.

Signs marking the seed plots, plus relations with customers helped the Parmer County firm win the honor.

NEWS FROM THE

FARM BUREAU

By RAYMOND EULER

Your president, Gilbert Kaltwasser, two of your directors, M. T. Glasscock of Farwell, and J. T. Jones of Bovina, and Joe Jones, county agent, attended the "Drouth Relief Planning Meeting" in Lamesa last Thursday. The meeting which was arranged by Texas Farm Bureau was held for the purpose of drafting condensed suggestions from Plains counties which were presented to President Eisenhower and USDA Secretary Benson Monday in San Angelo. Suggestions from Parmer County FB were printed in Parmer County papers last week. Cotton John, one of the farmer's best publicity men in radio and newsprint, broadcast a portion of the conference from Lamesa last Saturday afternoon.

KPAN, Hereford, Saturday 12:45 p. m. and KMUL, Muleshoe, Monday, 12:30 p. m. are the two stations and times Parmer County residents can tune in for Texas Farm Bureau Roundup. We believe you will agree this is the best statewide agriculture report on the air. 102 radio stations carry it every week as a public service.

He gave a lot of time and effort toward making it a going organization, and has never lost interest in it. He keeps his membership paid up, year after year. Shine lives on and operates a ranch near Cameron, New Mexico, now. We'd like to have him sit in on a directors meeting some first Monday night in the Friona office. We'd like to see you, too. Two farm laymen visited the last meeting: Jack Woltmon, cattleman of Bovina, and Vernon Symcox from south of Oklahoma Lane. Symcox is a member of the legislative committee.

A number of directors, officers and committeemen and your office secretary, Arvella England, will attend a Farm Bureau meeting in Lubbock Thursday of this week to keep abreast of activities, present and future.

FU Has Half Dozen Drouth Suggestions To Offer President

Like other farm organizations and hundreds of individuals, the Farmers Union has suggestions to make to President Eisenhower and Secretary of Agriculture Benson on what can be done to relieve the effects of the drouth.

1. That farmers be allowed to purchase grain directly from CCC or from individual farmers and that the feed grain program be extended and increased.
2. 100 percent ACP payments be given for practices carried out to prevent erosion and depletion of soil in the disaster areas.
3. Pastureland should be eligible for soil bank benefits.
4. Long-range, low interest rate Farm Home Administration financing including re-financing is needed.
5. The hay program should be extended and increased with the USDA helping to find supplies of hay.
6. Freight rate reductions need to be extended.

Edelman himself was prepared to make the proposals, but a mix-up in appointments Monday at the Air Force base in Clovis nullified his opportunity. "Several persons were allowed to the conference who weren't expecting it," he said, indicating there was a measure of confusion.

However, the county FU head offered no criticism of how the interviews were run Monday, and said everyone he spoke with was "very nice."

"I went along on the tour all right—just didn't get into the

drouth conference," he said. "It was strictly for persons from New Mexico."

Edelman said the propositions of his farm organization were offered Tuesday by Vernon Tiryey of Texline, as the president completed his inspection of the drouth in that part of the country.

Farmers Union SPEAKS

By W. L. EDELMON

As the crowd waited for the Columbine to reach Clovis, shifting sands could be seen in the west, and the horizon began to show signs of a real duster—but a slight shift in wind direction brought relative calm by the time President Eisenhower and his group of advisors made the tour around Clovis.

Some 3,000 people greeted the president as he alighted from his plane. Seven busloads of newsmen, farmers and ranchers accompanied him on the 30-minute drive northwest of Clovis, which included some 15 farms. The tour was through a dryland farming area and presented a rather desolate picture for the visiting delegation.

The results of the president's drouth inspection tour are being awaited anxiously by the people of six states. The information concerning the extent of the drouth was at the disposal of the secretary of agriculture, but it must be admitted that to view the effect of the present drouth would leave nothing more to be said.

Long-term financing, continuation of the grain and hay program, emergency erosion control measures, and inclusion of grasslands in the soil bank benefits were suggested to combat the effects of this extended drouth. Whatever the president recommends, will be done with full information and a graphic picture in mind.

Delay in announcing the feed

grain support program for 1957 makes us wonder what it will be like. In years past, the support program has been known well before this time of year. Secretary Benson's desire to put corn on a full flexibility basis does not make the grain picture look much different from 1955.

The first load of bus trippers to Washington will leave Wichita Falls January 25, just a week from now. They will be able to see much of the farm legislation being made.

Farmers Union has issued a challenge to all farmers and farm groups to send bus loads of grass-roots farmers to say what they want in a farm program.

SOIL CONSERVATION DISTRICT NEWS

Water-short Texas towns are waking up to the opportunity of adding to their water supplies through the Department of Agriculture watershed protection and flood prevention program in the Trinity and Colorado River watersheds and in local projects assisted under Public Law 566.

State Conservationist H. N. Smith of the U. S. Soil Conservation Service reports growing interest on the part of municipalities eager to pay added costs to provide needed water storage behind floodwater retarding dams.

Smith explained that the dams are designed as detention structures primarily. Their purpose is to slow down flood waters and release them automatically at a rate stream channels can hold. Each dam must first be justified on the basis of its usefulness in flood prevention. Water storage for any purpose other than flood prevention must be secondary and in keeping with state law.

Applications for SCS help under the comparatively new Watershed Protection and Flood Prevention Act (Public Law 566) now total 113, Smith reported. Modification of the Act has made it easier for municipalities and special purpose districts to make use of the program in meeting local water needs.

In the new watershed protection, municipalities or other authorized organizations can build water storage into a flood water retarding structure by paying the difference in cost, Smith explained. The city of Kaufman, in the Kaufman-Van Zandt Soil Conservation District, was the first Texas city to take advantage of the water-storing opportunity.

Added capacity of 1834 acre feet was built into a floodwater retarding structure on Big Cottonwood Creek, a small watershed in the big Upper Trinity flood prevention program.

The 1834 acre feet of storage—nearly 600 million gallons—was provided at a cost to Kaufman of \$18,114.

PRESENTS RECOMMENDATIONS—Gilbert Kaltwasser, Parmer County Farm Bureau president, addressed a drouth conference at Lamesa last Thursday. Here the FB official outlines recommendations adopted by his county organization.

High Plains Station Now in Operation

Preparation for the 1957 crop year got under way at the High Plains Station of the Texas Research Foundation at Halfway last week. Clearing away old fences and plowing has been started. Construction of a pole shed for equipment storage is under way. Sponsors of the project were delighted to see this long desired research in operation.

The 310 acre research farm at Halfway was purchased in two separate agreements. Harold Hinn purchased the 157-acre east half of the site and through the Harvest Queen Foundation, has given this acreage to the High Plains Station on a 25-year lease at \$1 a year, for agricultural research.

The purchase of the west half of the station, consisting of 153 acres has been underwritten by George Green, president of Green Machinery Company of Plainview. The purchase price of this land is to be repaid to Green over the next five years by the Texas Research Foundation from funds subscribed to the High Plains Station by farmers and business concerns.

In addition to Dr. T. C. Longnecker, head, and Dr. Johnny Davis, associate head, Reuben Cargill, foreman, and Jesse Reed, assistant foreman, are on the job at the station. The office for the High Plains Station will remain at 704½ West 5th Street in Plainview until additional funds are available for the construction of a headquarters building at Halfway.

Do you plan to put out gladiolus bulbs this spring? If so, now is the time to get them started. Bulbs which are put in the ground within the next few weeks will produce nice blooms this spring. Some gardeners are of the opinion that bulbs should be put in the ground when the temperature is low.

This is also a good time to start that asparagus bed which you have been planning for years. The nicest thing about an asparagus bed is that once you get it started, you can forget about planting it again for several years.

The skating rink in Friona has planned a special skating session for homemakers who want to learn to skate. The rink will be open to ladies only from 1 to 2 each afternoon except Saturday and Sunday. There will be no charge for this time and if you don't know how, you will be in the majority.

Nails can be driven into plastered walls without crumbling the plaster if they are dipped into melted paraffin or placed in hot water for a few minutes.

Plastic bags in which vegetables are packed are very useful for many things around the house. The smaller ones can be used for unused pie crust or uncooked cookie dough. The larger ones make practical patch bags.

If scraps left from sewing are

placed in these plastic bags, you are able to see from the outside which kind of patch you need and it is not necessary to empty the entire contents to find the desired one.

Habits are like plants. It is necessary to cultivate the good ones—bad ones grow wild.

Another one we like about habits is: Habits are either bobbers or sinkers on the sea of life—they either hold you up or hold you down.

If your family gets tired of beans, there are any number of ways that you can add variety to them. One which usually goes over big is Pork 'n Lima Beans. The ingredients are 1 lb. bulk pork sausage, ½ cup diced onion, 1 clove garlic, minced; 4 cups cooked dried lima beans, 1 No. 2 can tomatoes, 1 teaspoon salt, ½ teaspoon paprika, ¼ teaspoon celery salt, and 1 cup grated process cheese.

Form sausage into small balls, using ¼ cup for each. Lightly brown over medium heat. Add onion and garlic and cook until golden. Place drained lima beans and tomatoes in individual casseroles or 2-quart casserole. Season with salt, paprika, and celery salt. Arrange sausage over mixture, pressing ball into mixture. Sprinkle with cheese. Bake in moderate oven for 45 to 50 minutes. Makes 6 to 8 servings.

"The Place Where Most People Trade"

Friona, Texas—Wednesday, January 16, 1957

Parmer County ranked first in cotton-per-acre produced on the Plains in 1955. With 525 pounds of lint per acre, Parmer County was first on the Golden Spread and the third in the state. Figures available for 1956 show 700 pounds per acre which should make us first or nearly first in the state. The best cotton we heard about in Parmer County was grown by J. R. Southward of Lakeview who averaged 2½ bales per acre.

It'll soon be time to irrigate. Let us get your motor in shape for a long hard season. Call Ben Woody for a date.

The big, early day Texas longhorns presented a tax problem. Should they be taxed in the county where their horns were, where their feet stood or where their tails waved? So they made the counties big enough so that hoofs and horns and tails could all fit into the same county. Thus, sixty-four of the 254 counties in Texas are larger than Rhode Island. And Texas buloney carries on and on and on.

See the lister attachments for applying dry fertilizer at the Parmer County Implement Company.

When the H. K. Kendricks got a new station wagon, their son Danny insisted they bring it by to show David at our house. David and Danny immediately got in the front seat and took a "play like" trip with lots of sound effects. Soon Susie, the three year old across the street, came to watch. David rolled down a window and hollered, "Susie, wanna ride with us?" and she screamed back, "No, you drive too fast."

We read this somewhere. An average housewife will wash 2½ million dishes in her life time. This amounts to a stack of dirty dishes 13½ miles high.

Our daddy, J. G., spent the last part of the week in El Paso with other International Dealers.

One of the good arguments for trading in Friona used to be that you would find a parking place, but that isn't so any more. Sometimes it is necessary to walk two blocks to do your shopping. We heard Red Faley say that one way to cure the parking problem was to take all the cars off the road that aren't paid for. We'd rather just keep hunting for a parking place. The Parmer County Implement Company would like to sell a few more Oldsmobiles and let you choose your own terms to pay for them.

More people ride on Goodyear tires than any other brand of tire. It costs no more to have the best. Call 2091 or come by and see Doug. We need some good used 12-38 tires.

Mr. and Mrs. H. A. Hyde really miss their grandson's visits. Truel Wayne II, who lives at Lubbock, is nine months old. He seldom ever gets to visit in Friona because he is allergic to dust, cows, horses, hay and weeds. He has been under treatment with a specialist in Amarillo and his parents thought he was better and then he had the measles. All in all little Truel Wayne has had his share of troubles. He is better now so maybe before long he can visit with his Friona grandparents.

We still have a few new and used breaking plows. Why not pull a packer behind your plow? We have them also.

If you are out of town, just call 2091 for your parts and we'll send them out by mail.

Mr. and Mrs. Newman Jarrell Sr. are the proud owners of a beautiful new pink and white Oldsmobile, super 88.

A very proper Bostonian died and very properly went to Heaven. He accepted an invitation by St. Peter for a guided tour. As they wandered about, St. Peter described various things of interest in detail. But ever so often they would pass someone chained to a columnar cloud, or a star or to some other substantial anchor. St. Peter did not seem to pay any attention to them and finally the newcomer's curiosity was aroused so that he felt impelled to ask about these people.

"Oh," said Peter, "I thought you would know who those people are. We have to keep them chained so they won't go back home. They're Texans."

Get your planter parts now and avoid a rush when planting time gets here. We have hard surface or regular lister shares and breaking plow discs.

In Texas you learn—that the wildest thing in Texas is a Texan's enthusiasm—That rivers don't always have water in them—That people who cuss Texas love its cussedness—That men are measured by the size of their hearts and Texas is noted for big men—That if you are man enough to break them in, cowboy boots are the most comfortable of all masculine footwear—That it is dangerous to predict weather.

There's a reason why Parmer County Implement has more satisfied customers.

DISSOLVING PARTNERSHIP

I am now selling my interest in the "Brighten the Corner" Furniture Mart to my brother, Jim Bob Smart. We must close out our entire stock of inventory in order to do this. You will find listed elsewhere real estate, houses to be moved, house trailers, etc. at unheard of bargains.

No reasonable offer will be refused. I am leasing to my brother our three main buildings in Texico, but if you want to buy some buildings at a bargain, please see me.

held the position of Justice of Peace of Farwell.

Mr. Graham was an active leader in civic, social and religious activities in the community, and was a long-time member and worker in the local Methodist church. He was a Mason all his adult life.

After having been ill for several days, Mr. Graham passed away at his home on Thursday morning. Family members had been at his bedside early in the week, but he had rallied and seemed to be improved and his children had returned to their homes. He was 78 years old at the time of his death.

Mr. and Mrs. Graham had celebrated their 44th wedding anniversary on December 27.

Texico Drops Two Contests to House

House basketball teams posted two wins over the Texico squads Friday night in contests played on the House court. The Cowboys handed the Wolverines their sixth loss of the season by a 54-37 score while the Whirlwinds were going down by a 45-40 count.

In the boys game House jumped to a 13-7 first quarter margin and were never headed by the Wolverines who had a very cold night from the free throw line. Harmon of the Cowboys was high point man of the contest scoring 17 points. Jerry Henson led the Wolverines with 8 points.

After battling to an 18-18 count at half time, the Whirlwinds took a 28-25 lead at the third quarter mark, but the House lassies scored 20 points in the final quarter to take the hard fought victory.

Texico's Barbara Caldwell again led the Whirlwinds with 26 points. Mitchell led the winners with 25 points.
