

Little change in temperature tonight; colder early Friday.

11 Convicts Make Escape, Three Nabbed

Fugitives, in Two Groups, Trained By Bloodhounds... HUNTSVILLE, Jan. 14. (AP)—Eleven prisoners, including several long-term convicts, sawed their way out of the dormitory building at Eastham prison farm early today, but three of them were quickly captured, state prison officials said.

They said Frank Frisbee, 39, serving seven years from Tarrant and Cubson counties for theft and robbery was shot in the leg by a guard and captured. He was not wounded seriously.

James M. Scott of Los Angeles, serving five years from Oldham and Potter counties for robbery; and one other convict not identified by the records office, also were captured immediately after the break.

Officials said at least some of the eight fugitives were being trailed by hound packs in the Centerville section.

State police at Austin said they were notified that the convicts had fled in two groups, one apparently heading toward Trinity and the other in the direction of Weldon.

Prison officials listed those still at large as: Jessie Lawrence Vance of Jasper, serving 15 years from Liberty county for robbery.

Carl Anderson, 25 years from El Paso county, robbery.

Leon Dwight Craft of Dallas, five years from Cooke county, robbery with firearms.

Chester Dillard, three years from Fannin and Grayson counties, forgery.

John E. Morin, Corpus Christi, five years from Nueces and San Patricio counties, burglary and theft.

J. D. Taylor of Lubbock, 10 years Lubbock county, burglary.

Jack Williams of Dallas, 25 years Dallas county, robbery.

Ollie York of Giddings, life from Lee and Victoria counties, theft and robbery.

Legislature Counts Votes... AUSTIN, Jan. 14. (AP)—The 48th legislature today started its lengthy cut-and-dried but constitutionally required canvass of the general election votes for governor and lieutenant governor.

Jap Destroyers Damaged By Yank Torpedo Boats

Takes Oath—Rep. Price Daniel of Liberty (left) is shown taking the oath of office as speaker of the house of representatives of the 48th Texas Legislature. He was unanimously elected to the post. Administering the oath is Secretary of State William J. Lawson.

Labor Board Calls Session On Coal Strike

WASHINGTON, Jan. 14. (AP)—The war labor board today called a public hearing for tomorrow on the anthracite strike and asked union leaders and operators to attend.

Chairman William H. Davis, in a telegram to President John L. Lewis of the United Mine Workers, officers of the principal coal companies involved, and officers of local unions, said:

"You are requested to appear before the war labor board at 2 p. m., Friday, January 15, at the departmental auditorium, 14th and Constitution avenue, Washington, for the purpose of stating fully the reasons why the anthracite miners, citizens of the United States whose sons and brothers are at the fighting front, are on strike against the national no-strike policy against the welfare of the nation in time of war."

"The case has been certified to the war labor board and the board will, in accordance with its established policy, consider the controversy on its merits when the matter has returned to work."

Solid Fuels Coordinator Ickes told a press conference that the anthracite strike had "cost us" 500,000 tons of coal in two weeks, and declared the miners' stoppage "shows a reckless disregard of country and patriotic duties, and is highly reprehensible."

P.O. Will Be Open Saturday Afternoons... For the first time in more than a decade, the federal postoffice will maintain a regular schedule of service Saturday afternoon effective Jan. 16. Postmaster Nat Shick announced Thursday.

Until and unless regulations to the contrary are announced by the postal department, Shick said that the office here would stay open as on any other day—5 p. m. for registrars and 6 p. m. for other windows.

Decision to remain open, he said, was the result of the 48-hour week for federal employees. By staggering schedules during the week, this extra time will permit Saturday afternoon operation, he said.

Essen Pasted For The Third Night In Row

LONDON, Jan. 14. (AP)—Essen, hard-hit home of the giant Krupp armament works, was battered by 100 tons of explosives and incendiaries last night in the RAF's third consecutive night attack on the industrial Ruhr valley, it was announced officially today.

The air ministry said four of the bombers which carried out the concentrated 13-minute downpour of destruction on the repeatedly-raided industrial center were lost.

Other parts of the Ruhr also were hit, but Essen was the main target, a communiqué declared. It was the RAF's eighth attack on Germany in 11 nights.

The communiqué announced the loss of one fighter aircraft on operations over France and Holland, and said "Hudsons of the coastal command, without loss, attacked an enemy convoy off the Dutch coast. Two enemy supply ships were hit."

So concentrated was the attack that the cargoes unloaded their deadly cargoes over the target in the space of 12 minutes, the announcement disclosed.

The raid—the third on the Ruhr in as many nights—provided a follow-up to a thunderous daylight assault on occupied France and the Netherlands yesterday in which American flying fortresses played a major role.

The raid in which the flying fortresses participated yesterday was described as one of the heaviest ever carried out in daylight over occupied Europe.

The principal target of the fortresses was the industrial city of Lille, which was subjected to its third heavy bombing of the war.

Five Are Killed In US Bomber Crash... BLOUNTSVILLE, Fla., Jan. 14. (AP)—An army bomber from MacDill Field, Fla., crashed in a forest near Blountstown yesterday, killing five men on a routine training flight. There were no survivors.

The dead included: Second Lt. Neil B. Snyder, Enid, Okla., pilot.

Foe Again Forced To Withdraw

By The Associated Press... American motor torpedo boats darting into battle against Japanese warships were officially reported today to have damaged two and possibly three enemy destroyers in the waters off Guadalcanal island, in the Solomons.

A navy department bulletin said the enemy warships, presumably attempting to carry reinforcements to embattled Japanese troops on the island, were forced to withdraw to the northwest as a result of the furious torpedo-boat assault.

Two torpedo hits were scored on one of the destroyers, one hit on a second destroyer, and two possible hits on a third, the navy said.

The navy's communiqué said U. S. army troops on the island "continued their advance" under aerial support.

At the same time, Allied warplanes, blasting at Japan's war-faring invasion armies from Burma to the South Sea, were officially credited today with setting big fires at the important enemy base of Lae, New Guinea, and razing destruction on half a dozen other reported.

On the New Guinea land front, heavy rains slowed efforts to annihilate the trapped Japanese garrison at Sanananda Point, but small Allied patrols worked constantly to ferret out hidden enemy positions in the swamps and jungles.

Gen. Douglas MacArthur's headquarters said United Nations airmen bombed Lae, Salamaua, Madang and Finschhafen in northeast New Guinea, striking the heaviest blows at Lae where Japanese reinforcements landed from a badly battered convoy last week.

"In a series of coordinated attacks, our attack units with strong fighter cover bombed the (Lae) airfield, harbor installations, stores and barges," Gen. MacArthur reported.

"Damage was heavy and large fires were started."

In Burma, RAF planes flying from bases in India renewed the attack on the big Japanese base at Akyab, on the Bay of Bengal, and pounded targets at Kyauktaw, 40 miles north of Akyab.

No further information was forthcoming on the progress of Field Marshal Sir Archibald Wavell's British column driving back into Burma from India, last reported about 25 miles from Akyab.

Texans Get Plenty Of Gas In Mexico... AUSTIN, Jan. 14. (AP)—Texans and other Americans who can't do it in the U. S. A. are saying "fill 'er up" in some Mexican border towns, investigators for the motor fuel tax division of the state comptroller's department have been informed.

They report three filling stations in Nuevo Laredo, which were selling an average of 200 gallons a day before gas rationing in this country, are now dispensing more than 1,000. Heaviest trade is on the weekend.

In Matamoros the figure has also jumped to 1,000 gallons, and in Reynosa, where outlets are few, it averages 575. Many cars with Texas and other U. S. license plates were noticed in the border towns, they said.

Wage Parley Set Tonight... The boss and his workers will sit down together for a talk at 8 p. m. today in the Settles ballroom with federal officials on wartime wages and the controls which Uncle Sam has placed on paychecks to curb inflation.

Farm Machine Restrictions Questioned

Truman Committee Says Production Will Be Affected... WASHINGTON, Jan. 14. (AP)—Senator Truman (D-Mo.) protested today that farmers in America's arsenal of food, already short on labor, face a shortage of equipment because of restrictions laid down by the war production board.

Truman and other members of the senate defense investigating committee inquired pointedly of the wisdom of a WPB order which cut 1943 production of farm machinery to 23 per cent of the 1940 tonnage, and set the production of replacement parts at 167 per cent of the 1940 output.

Oscar W. Mele, chief of the agricultural, food and textile machinery unit of WPB, replied that 1940 was one of the peak years for purchases of farm machinery, and as a result farmers' equipment is generally in good shape.

Truman retorted, "I don't believe you have given him either enough new machinery or adequate repairs."

This same committee, which Truman heads, was assured by John L. Lewis, president of the United Mine Workers, that he is doing "everything possible" to end the anthracite strike in Pennsylvania.

Producers of anthracite have temporarily suspended shipments to Canada and points west of Erie, Pa., Secretary Ickes, the solid fuel coordinator, announced.

There is also a gasoline shortage in the 17th state eastern area and in this connection the Office of Price Administration acted today to lighten up on grants of increased gasoline allowances for B and C ration book holders there.

The OPA took out of the hands of local ration boards the decision as to whether these drivers could get more coupons to compensate them for the recent 25 per cent reduction in the value of their ration coupons.

Hereafter the nearest district, state or regional OPA office must rule on the requests.

OPA enforcement agents were accused in a house resolution prepared by Rep. Herter (R-Mass) of "extortion of hush money perilously close to blackmail."

Herter said they had "adopted a technique whereby the accused culprit is called upon to make a voluntary contribution to the U. S. treasury in an amount specified by the OPA and receives in return an inconclusive and unenforceable promise that the charges will not be pressed."

Farm Parley Dates Listed... Dates of important community meetings are being sent out today from the AAA office to farmers in Howard county in order to assist them in carefully planning 1943 farm crops.

The meetings are planned to help farmers learn what they can do more in production to win the war.

The schedule of meetings and speakers are listed below:

Elbow, 3 p. m., Thursday, Jan. 21—Thomas, Weaver, Mann.

Luther, 3 p. m., Thursday, Jan. 21—Griffin, Hull, Kendrick.

Red Offensive Broadens As More Gains Reported

Caucasus Drive—Broken arrows show how the Red region threatens the German army's counter drive in the Caucasus. Black arrows show main points of Russian pressure. Red troops were reported to have broken through German lines in the western outskirts of Stalingrad where a German army had been pocketed while in the south two Russian columns were reported to have joined near Levokumy, one from the north and one from the south.

French Units Take Heights From Nazis... ALLIED HEADQUARTERS IN NORTH AFRICA, Jan. 14. (AP)—French troops in Tunisia attacking northwest of Kairouan captured two strategic heights yesterday, it was announced today.

Bad weather temporarily halted allied aerial operations from the west against Marshal Erwin Rommel's forces in Libya.

An indication of the strength the Allies are building up for the coming battles came in a report that the British navy had successfully escorted 971 transports, supply ships and other vessels totaling 7,600,000 tons between Gibraltar and North Africa ports from last Nov. 8, when the AEF made its first landings, to Jan. 8.

The French operations northwest of Kairouan, a German held communications center southwest of the port of Sousse, were the only offensive actions along the Tunisian front. Even this action was not touched upon in an Allied force communiqué.

"There is no change in the ground situation," it said.

"Air activity was light. Our fighters shot down one enemy fighter without loss."

A French spokesman described the gains as important. He said the captured heights were Jebel Haoub and Jebel Bou Davous, which just from the desert north-eastward from Pichon.

A Reuters dispatch from North Africa said direct contact had been established between General Henri Honoré Giraud's headquarters and the fighting French of Brig. Gen. Jacques Lelièvre—the first such liaison in the new phase of the African war.

(Allied air squadrons operating with Gen. Sir Bernard Montgomery's British Eighth army rained bombs upon air fields and other objectives near Misurata, machine-gunned motor convoys in both Tripolitania and Tunisia, blasted the port of Sousse again and damaged a merchant vessel off the Tunisian coast, a Cairo communiqué said. Four Messerschmitt 109's were shot down and others damaged, while eight Allied planes failed to return.)

Raid Warden, Fire Watcher Classes Are Scheduled... Classes in air raid warden and fire watcher training will begin Tuesday, January 16, in the court room at the City Hall, the Office of Civilian Defense announced today.

Classes to be held Tuesday and Thursday of each week, will start at 7:30 p. m., lasting two hours.

Any man interested in receiving training as a fire watcher, is urged to call Mrs. A. B. Partridge, assistant warden chairman, telephone 512, for information.

Heavy Rains Fail To Check Soviet Drive

Dozen More Towns Recaptured In Caucasus March... MOSCOW, Jan. 14. (AP)—The Red army's come-back drive through the Caucasus was reported today fanning out wider on both sides of the Rostov-Baku trunk line as separate spearheads of the assault stabbed on through towns more than 20 miles west and 50 miles north of recaptured Mineralnye Vody.

Despite German attempts at a stand, the Russians were broadening their offensive front in fighting unchecked by steady rains and wet snow which bogged the fertile valley fields with mud and water.

A dozen towns were won back under the Red banner in the continuing drive, officials announced.

German reports that the Russians had launched new offensives against the Leningrad siege line or on the Voronezh front to the north of the Don bend were not confirmed here.

Dispatches announcing the recapture of Novo Blagodarovsky placed the Russian advance more than 20 miles west of the spa town of Mineralnye Vody, recaptured early this week.

Another arm of the offensive swept through Kumagorsky and on past Zhuravskoye, 50 miles north of Mineralnye Vody.

In between, on the straightened front the Russians reported seizing the little towns of Kalaborka, Orbelianovka and Pobegalskoye in the heart of some of the most intensively farmed land in the Caucasus.

Red Star, mouthpiece of the Russian army, said a large German force had been surrounded in one Caucasian settlement and was under the combined attacks of tanks and Cossack cavalry.

In their regular early war bulletin, the Soviet leaders recounted a sharp advance along the railway to Rostov, a slowing-down of the combined drive northwest of Mineralnye Vody, the smashing of waves of determined axis counterattacks in the lower Don river area, and new successes in the Russian campaign to throw the Germans out of the Stalingrad factory area and to exterminate the besiegers.

Red army columns slashed due north from the Mineralnye-Vody-Rostov rail line to recapture Zhuravskoye, seizing the district center of Novoselitskoye and other large towns in the advance, it was stated.

Few Paying Poll Taxes... American men in the armed forces Thursday were doing a lot better in their job to protect the right of franchise than the home folks.

This was the conclusion to be drawn from poll tax payments in this, an "off" year, although the rate of payment thus far is well ahead of the same date two years ago.

Through Wednesday, poll tax payments totaled 1,900 in Howard county and exemptions added another 40 to the apparent potential voting strength of the county. At the same time in 1941, the previous "off" year, there were 1,048 poll taxes paid and 47 exemptions issued, giving this year an advantage of \$45 to date.

However, this is a poor showing in light of the number of citizens. Last year, which was by no means the peak in the county's history, no less than 5,369 polls were paid and 231 exemptions secured. The previous year the paid polls amounted to 3,708 plus 138 exemptions.

In Texas no person, who is otherwise qualified, may vote if he or she has not paid a poll tax or secured an exemption for any given year. Deadline for paying a poll tax and securing the right to vote—one of the things which soldiers and sailors seem to be fighting so well for—is Jan. 21.

Hitler Scratching Deeper For More Military Power

STOCKHOLM, Jan. 14. (AP)—Faced with mounting casualties and growing demands on new fronts, the Germans are making a stern effort to mobilize every available reserve by mustering into the army men previously rejected for military service, reliable diplomatic sources said today.

A commission of high German army officers, these sources declared, is touring the Reich to comb out the last of the nation's manpower—men previously pronounced unfit for active service for slight disabilities but who could be used as garrison troops in occupied countries or for desk work, thus releasing more able-bodied men for the front.

The German were said by these sources, to be counting on this program to yield another 2,000,000 men for the army.

Threatened For A Sentenced Against FD

FORT WORTH, Jan. 14. (AP)—Claude Hankey, 39, itinerant circus worker, pleaded guilty in federal court yesterday to a charge of threatening to kill President Roosevelt and was given a 90-day sentence.

Hankey, arrested in November, had spent 55 days in jail awaiting trial. He said he was "drunk that night, and I didn't mean what I said."

The Point Rationing System: Explanation Of How It Works

By HERMAN ALLEN

The "point rationing" system won't seem so complicated if you look on your coupons as a sort of money.

Beginning probably in February, you will have to "spend" these coupons for most varieties of canned, dried and frozen fruits—and vegetables just as you spend

1 INDIVIDUAL gets 96 blue stamps in ration book 2. (Red stamps to be used for meat rationing later.)

nickels and dimes. Of course you will still have to fork over those nickels and dimes too.

Your "Ration Book No. 3" will contain red and blue coupons numbered 1, 2, 3 and 4 and lettered A to Z. The numbers stand for point values and the letters for time periods. The blue coupons are to be used for the processed foods and the red ones later for

2 STAMPS have different letters for use in limited periods. Number on each shows point value in buying.

meat. It may be that for the first month of rationing you will be permitted to use all coupons lettered A, B, and C. If so, you will have 48 points to "spend" on processed food. If only the coupons lettered A and B are released for the first month, you will have only 32 points. As food supplies vary up or down, the OPA may permit

3 STORES will post OPA lists, showing point value for each type of canned food. Any stamp can get any food.

You to use more—or fewer—coupons in any period of time. The OPA explains that point rationing is necessary for things like canned foods where it is not necessary for things like coffee and sugar. The reason is that

4 MERCHANT will demand stamps with each purchase, as well as money not exceeding selling prices.

there are few if any common substitutes for coffee or sugar. If you ration them you're just about covered the field. With canned goods it's a different story. If you ration just one item, like peas, you simply send people scampering to buy other things similar to peas, and before you know it you have a shortage in them too. So you have to ration the whole list of canned, dried and frozen vegetables to keep the supply on an even keel.

Here's the way it will work.

5 WHOLESALE gets stamps from merchant for supplies. He must turn in stamps when buying from cannery.

Let's pretend for the moment that only dried beans are involved. Let's say a shortage has developed in navy beans. It won't do any good to ration them, because folks will simply jump in and buy up all the kidney beans, lima beans, black-eyed peas (which are

really beans) and pinto beans they can get their hands on. So you ration ALL kinds of dried beans.

But there are plenty of lima beans—skads and skads of them—and just about as many kidney beans. Black-eyed peas and pinto beans are not quite so plentiful. Obviously the thing to do is to push lima beans and kidney beans so that there will still be enough navy beans for everybody to get at least a few.

So you set out a point ration book. You decide that grocery buyers will have to "pay" only one point a pound for lima beans and two points for kidney beans. You decide to charge four points for black-eyed peas and six for pinto beans.

But for navy beans, which are very scarce, you charge 12 points a pound.

Then you decide that the general bean situation is such that you can allow each consumer 25 points worth of beans in February. You announce that coupons lettered A and B are good for that month. That means the housewife can buy 32 pounds of lima beans for each member of her household, or 8 pounds of black-eyed peas—but only 2 2/3 pounds of navy beans. She can take it all in lima beans, or divide it up any way she pleases, but she gets only 25 points worth of beans all told for each person.

Of course this is just a make-believe example. Beans probably won't be handled in just this way at all, but it illustrates the principle. When point rationing comes, nearly every item of prepared food in your grocery store will have its point value—canned soup, dried prunes, frozen peas. If you can't find exactly what you want, OPA hopes that you will be able to find something very like it. But remember—your coupons are not money. They are simply proof of your right to buy a certain number of points' worth of goods. You will still have to take a handful of change to the store with you.

Security Board Won't Have Wage Data By March 15

Workers cannot secure statements from the Social Security Board showing wages as reported by their employers for the purpose of filing income tax returns, according to Elliott W. Adams, manager of the Social Security Board field office in Big Spring.

Many requests were received for this information at this time last year, and numerous requests are being received now. Wages reported for 1942 are now being posted to the individual employee accounts by the Social Security Board, but the job will not be completed until about July of this

year. Since income tax returns must be filed with the Bureau of Internal Revenue before March 15, the wage records of the Social Security Board will not be available for use in preparing the tax returns.

"Every wage earner is urged to make a periodic check up of his Old-Age and Survivors Insurance account to make sure that wages have been properly reported," Adams said. "There are now approximately sixty million employees accounts, and the job of posting the wages reported by employers to each worker's account is done by automatic bookkeeping machines, but the processing of so many accounts cannot be completed before the deadline for filing income tax returns."

Colorado Deposits At Record High

COLORADO CITY, Jan. 14. (AP)—Annual reports to the stockholders of the City National bank in Colorado City for 1942 were approved in a meeting this week. Deposit sets the highest mark in the history of the organization with a total of \$2,075,584.96 as compared to \$1,765,487.96 for the year 1941. Loans totaled \$288,883.95 and the grand total of resources was \$2,355,922.13, an increase of \$384,883.17 over last year. Surplus, divided profits and reserve accounts increased to \$59,457.87.

Increase in individual deposits was noted in spite of a short cotton crop this year. Higher prices for livestock and farm products and the ban on automobile purchasing has likely, according to bank officials, increased savings. In addition to money on deposit Mitchell county citizens have invested \$200,000 in government securities during 1942. Officers of the bank, the only one in Colorado City, are Charles C. Thompson, president; Joe Smoot, executive vice-president, and George B. Slaton, vice-president. The board of directors includes P. K. Mackey, George Slaton, Lay Powell, W. B. Rhoads, C. C. Thompson, and Joe Smoot, all of whom were reelected along with J. G. Pritchett, cashier; H. E. Grant-

Improvement In Wool Output, Livestock And Dairy Herds Shown By Glasscock Agent

GARDEN CITY, Jan. 14.—Definite results came from dairy herd improvement campaigns, better bred livestock, and culling of flocks for best wool producers during 1942 in Glasscock county, the annual report of County Agent Berry N. Duff shows.

One of the most interesting developments was the introduction of a milking shorthorn herd to the county. One farmer secured 14 registered head of these animals, and is experimenting diligently with them as a combination beef and milking stock. Two other ranchers secured six head of high-grade Guernseys and one bull issue of the herd was kept in the county for future service in improving dairy herds. Duff estimated it would be easy for the county to meet its 10 percent stock increase in 1943.

Since sheep constitute perhaps the largest single item in Glasscock county's economy, Duff devoted 85 days of his time to this work. He gave 24 method demonstrations in which 25,000 head were drenched, and led in four result demonstrations in creep feeding and increasing wool production through selection of ewes.

Ranchers who followed advice and drenched after the first killing frost found they had a larger percent lamb crop and that the lambs were five to eight pounds heavier than those from undrenched flocks at market time. Duff selected 2,800 head of ewes from one flock on a wool grading basis.

Feeding demonstrations got results in the cattle division, and one of the most successful demonstrations of the year was in parasite control. At one time 2,000 cattle on the McDowell ranch were dipped with good results. The agent assisted several ranchers in the selection of breeding stock.

Considerable attention was paid to horse raising, which is gaining in importance in Glasscock county. The agent assisted in vaccinating 290 horses against sleeping sickness. He helped arrange the horse show in connection with the livestock show at Garden City. There are four good quarter-horse type stallions in service in the county now in addition to a re-mount stud.

Feeding production was at a peak but gathering and storing the crop is yet an unsolved problem. There are some 5,000 tons in trash silos. Around 650,000 bushels of cane and hagar were produced in the county. Cotton was good until a severe infestation of leafworms curbed prospects. The agent assisted in getting adequate poison to combat the menace.

In conservation, Duff ran seven and a half miles of terraces lines and 48 miles for contours. These covered around 960 acres. He estimated that 70 percent of the county's cultivated acreage now was farmed on the contour, including 18 percent terraced.

The county agent worked with army bombing school authorities in the area whereby army equipment is used to plow up as many fire guards as needed to prevent fires resulting from practice bombing in the area. His 4-H club projects included demonstrations in cattle feeding, sheep production, grain sorghum, poultry, home gardens, swine and

dairy cattle. Success of these is indicated by the first two—values brought 21.2 cents average at the sale and lambs 17.24 cents.

Practice Bombs Chase Coyotes Into Traps

Count the West Texas coyote as a casualty of the war. Earl Brownrigg, Howard county, had the predatory animals about cleaned out of the northern end of the county last autumn. But then bombardier cadets started raining practice bombs on the breaks country of southern Hardeman county and the coyotes took out to the more peaceful climes to the south.

The trapper was waiting. In the past 26 weeks he has bagged 98 of them and is after half a dozen more he knows to be prowling in the area. His recent catch is a fourth as much as the 102 coyotes he trapped all last season. While after these, he snared nine bobcats and too many foxes, skunks and others to mention.

Brownrigg, incidentally, continues to win awards with his pelts. In December he submitted his first pelt, that of a skunk, to Sears Roebuck in its 14th national fur show. It won first place for the day it was submitted. Again on Jan. 5 he submitted a pelt and it won first prize. The next day his third pelt won still another first prize.

'Inexcusable Delay' Charged In Barge Construction Plans

WASHINGTON, Jan. 14 (AP)—The senate defense investigating committee charged today there had been "inexcusable" delay and confusion in carrying out a barge construction and conversion program designed to relieve the east coast's oil shortage.

"There was simply too much talk and not enough action," the committee said.

Recalling that President Roosevelt last spring appointed a committee to study the barge problem, the investigating group, which is headed by Senator Truman (D-Mo.), declared in an interim report: "The committee believes that there has been unnecessary delay and confusion in carrying out a program essential to the national welfare. The delay which occurred prior to the recommendations of the committee appointed by the president is most regrettable, but the delay which occurred after the matter had been studied by that committee and after its recommendations had been received by the president is inexcusable."

1,455 Arrests By City Police In Past Year

City police made 1,455 arrests during 1942, and fines were assessed in 989 of these cases, an annual report of activities, submitted by Chief of Police J. B. Bruton and approved by city commissioners, shows.

Another 197 were dismissed and with a few exceptions the others were transferred to other authorities, including the FBI, sheriff, liquor control board, selective service and military police.

Drunkness led the list in cause for arrests. There were 664 cases paid for this offense during the 12-month period. There were 35 dismissals on these charges and arrests for the offense for other authorities ran the total to 782. Allied offenses such as driving while intoxicated, dangerous driving (the city's way of fining for drunk driving) ran the aggregate of all types of drinking offenses to 840, which included the 35 dismissed cases.

Gaming, or gambling, ranked next in violations with 89 paying fines. Vagrancy followed with 75, affray with 70, dangerous driving with 37, and theft with 27.

One case of impersonating an officer was transferred to the FBI. Of the 150 cases transferred to the sheriff, 81 were for theft, 17 for driving while intoxicated, 12 for burglary and the others for a score of offenses. Of the 89 cases transferred to military police, 78 were for drunkenness and seven for being AWOL.

Traffic tickets issued during 1942 amounted to 1,750. Of these, fines were paid in 760 cases and 178 were excused. Another 568 were on out-of-county cars and in 252 cases police were unable to locate car owners. Fines were paid in 74 of the 89 speeding cases.

Police assisted the public with information in 3,538 instances and made 2,235 cases. They shut doors or windows of business houses in 243 cases during the year. The police radio handled 17,852 local calls and 2,418 messages from out of town during 1942 and dispatched 870 out-of-town messages. The two patrol cars travelled 76,234 miles. The department's average was 10 men during the year.

Girls To Train As Aviation Engineers

NEW YORK, Jan. 14 (AP)—Move your drawing board over, brother, the lady has designs.

Believing women may prove as skillful aviation engineers as they are assembly workers, the Curtiss-Wright company has selected 400 young women from 100 American colleges for a ten-month course in six engineering schools. They will be known as "cadettes."

"No glamour girls need apply," warned C. Wilson Cole, engineering personnel supervisor for the company, when he announced the plan. He added, however, that beauty was not a bar if the girl had brains.

They will train at Cornell, Purdue, the University of Minnesota, Iowa State College, the University of Texas and Rensselaer Polytechnic Institute.

Hereford Auction Nets \$1,020 Average

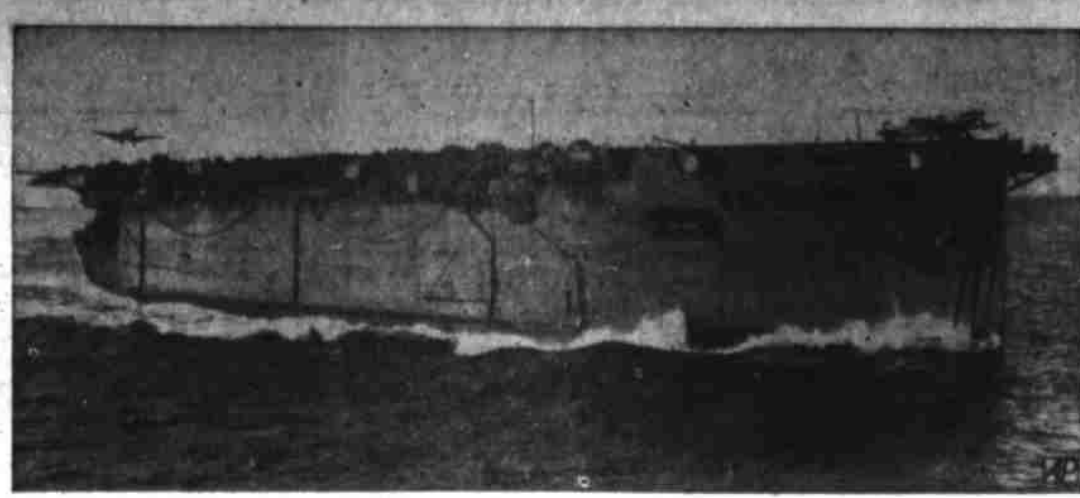

WALNUT SPRINGS, Jan. 14 (AP)—Forty-six animals sold for an average of \$1,020 at the Flat Top ranch Hereford auction yesterday, when cattlemen from 19 states engaged in lively bidding.

Top bull of the sale was Beau Diamond 1st, which sold for \$3,400 to Bill Luse Hereford farm, Dallas. Glad Acres farm, Dallas, topped the female list by paying \$3,000 for Ft. Stanway Tonette.

To Business Men: Take It Easy

CHICAGO, Jan. 4 (AP)—Slow down, take adequate rest periods, don't get angry, and delegate authority to others.

These were among the health suggestions outlined by Dr. Walter Alvarez of the Mayo Clinic, Rochester, Minn., for the overworked and tired business and industrial executives who wish to keep fit.

Dr. Alvarez, addressing several hundred business leaders last night, asserted that the health of the nation's executives must be conserved so they will be better equipped to meet wartime problems.

New Program For 'Dust Bowl' To Be Studied At Parley

DALLAS, Jan. 14 (AP)—Called by the U.S. Department of Agriculture, agricultural committeemen of the war boards and AAA extension workers from Oklahoma, Arkansas, New Mexico, Colorado, Kansas and Texas meet today to consider production and food problems in the former dust bowl area.

A group from the Texas Panhandle arrived early and was expected to express opinions opposing the recent announcement from Washington that the erstwhile dust bowl's own reclamation problem is to be abandoned for the regular statewide AAA program.

R. C. Buckles, AAA chairman of Sherman county said the regular AAA program lays so little stress

December Fire Loss At Low Of \$251

Big Spring was lucky on fire losses during December, monthly report of City Fire Marshal J. D. Stenbridge shows.

There were nine fires for the month and insured loss only amounted to \$251.12.

But it could have been bad, for estimated value of buildings involved stood at \$97,800 and contents at \$45,350.

Defective wiring was responsible for two blazes, cleaning clothing and defective stove one each, grks fires three and rubbish fires two.

Army Documents Are Rifled By Holdup Men

NORTH KINGSTOWN, R. I., Jan. 14 (AP)—Four men who held up an unarmed army dispatch rider at gunpoint and rifled through official army papers, only to return them with the remark that "it isn't here," still were at large today despite a state police dragnet.

There was no indication of what the men were seeking in their mysterious foray, nor any clue to their identity.

The men forced the soldier, Private Raymond L. Mosher, of Springfield, Mass., to drive his small army truck for more than a mile, a gun at his head, to a secluded lane where they carefully examined the documents. Then they sped away in a small sedan.

State police, upon being notified of the hold-up, posted guards on all highways leading out of the area and referred the case to the Federal Bureau of Investigation office in Providence.

Mosher said that all the men wore caps. Two wore mackinaw type coats and the others, dark overcoats.

Hope Expressed By Morgan For Continuation Of Sports Program

Tech Mentor Speaker At Grid Dinner

Hope that the tradition of competitive athletics in "every school in the nation" may be upheld during the year was expressed Wednesday evening by Del Morgan, Texas Tech football coach, in an address at the fourth annual football banquet sponsored by the Lions club for the Big Spring team.

In the program Morgan saw a means of presenting the nation's young men agile and physically fit and imbued with a spirit that "makes them the best fighters in the world."

Letters were presented to 18 members of the squad by Coach Morgan, who had praised his boys as a bunch that "never once quit" and as the "finest group in spirit and determination I have ever had." Certificates of letter were given to Bobby Barron, Peppy Bostick, Ernest Bostick, Bob Boyles, Glen Brown, Red Cagle, Hugh Deaton, Bob Coffey, Wayne Dearborn, Noel Hill, Billy Bob McDonnell, Billy Mims, Leo Rusk, Dewey Stevenson, Doyle Stewart, John Tvey, Darrell Webb and Barkley Wood. Reserve letters were announced for Gene Anderson, Woody Baker, I. B. Bryan, Lee Burkhardt, Paul Clark, Herb Johnson, Claude Matlock, Ed McConnell, Harlan Morgan, John McInish, Bob Simon and Ray Thomas. Managerial letters went to Melvin Wilson, Terrell Thompson and Jimmy Talbot. Mention for working all year through ineligible went to Gene Smith and Dick Robert.

W. C. Blankenship, superintendent, paid a tribute to the team in declaring that "the boys like these who will win the battle of democracy." He added that "teamwork" they have learned will come in handy if it has become second nature.

Appreciation of the Lions club interest in the team and of the dependability of the boys was expressed by John Coffey, high school principal. Pat Murphy, former state coach, spoke briefly, admitting it made a big difference whether you were "riding or driving" when it came to football. He said, however, it was impossible to overrate the coach's influence, and in this he handed a bouquet to Morgan.

Approximately 125 were on hand for the affair, presided over by Lawrence Robinson. Dan Conley served as master of ceremonies. The brass section of the high school band furnished the musical entertainment and Mrs. R. E. Blount was at the piano for the singing of the school song.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Jan. 14 (AP)—The other day the University of Illinois hockey team had to call off a game with Minnesota because it had only seven players available after they had met once. It also called off the rest of its schedule.

Gordon Gilmore of the St. Paul Dispatch provides further information that both teams wanted to let the Illinois use freshmen as the second game could be played as an "exhibition" but the Western conference faculty representative said no because of the Big Ten freshman rule. . . . This, Gilmore points out, caused Minnesota to waste some 17,600 man miles of transportation. It also leads us to wonder what kind of trains were meant in those high-flown speeches we've heard about the valuable "training" offered by college athletics.

Spar reporter—
Choc Hutcheson, sports editor of the Lubbock, Tex., Avalanche-Journal, asked Pfc. Tad Ricks of the South Plains Army Flyers School public relations office to find out something of the ability of the SPAFS Golden Gloves boxers. . . . Pfc. Ricks, 140 pound dripping wet, decided to interview each one with 16-ounce gloves. "I'm going to judge you on how hard you hit me," he told the first. . . . Next day Pfc. Ricks appeared in the sports sanatorium with one black eye, one swollen cheek, one split lip and assorted bruises. . . . "We've got one lightweight that's pretty good," he mumbled. "I know that. But you'll have to take the coaches' word about the rest of them."

Sportspouri—
After George Young, who works in the Liberty aircraft plant at Farmingdale, L. I., finished ninth in the national individual bowling tournament at Chicago, bowling interest at the plant picked up so much that 150 teams were in action. . . . Causing no little confusion in local fight circles is the fact that California Jackie Wilson, who meets Jake Lamotta Friday, isn't a native of California and isn't named Jackie. He's George Dudley Wilson, both of Spencer, N. C., and brought up in Cleveland. . . . And no matter what happens in the Chalky Wright-Joejoe Peralta fuss, it'll be a Mexican standoff. Both were born in Mexico. . . . When Montana U. lost its second basketball coach of the season, the job was turned over to Eddie Chinako, Missouri high school pilot. Chinako handles the high school team in the afternoon and the university at night, making him probably the only college coach with his own farm system.

Today's guest star—
Tommy Fitzgerald, Louisville Courier-Journal: "When the new food ration books come out, we'll give you six points and take Notre Dame."

Texas Group Talks With Jas. F. Byrnes

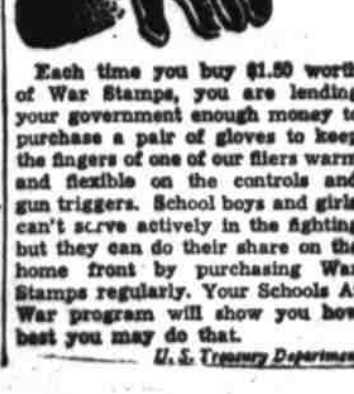

WASHINGTON, Jan. 14 (AP)—Stabilization Director James F. Byrnes talked briefly, then answered questions of Texas congressmen on rationing and farm production at an off-the-record luncheon yesterday.

Guests included Grover B. Hill, assistant secretary of agriculture; Federal Judge Marvin Jones, former Texas representative; Charles Guy, editor and publisher of the Lubbock Avalanche-Journal, and Bryan Blalock, Dr. H. D. Bruce and Oscar Jones, all of Marshall.

Of every 1,000 children born in America, one dies in the first year of life as the result of an accident.

What You Buy With WAR STAMPS

Much of today's aerial warfare is fought at extreme high altitudes and the sub-zero temperature at such heights makes flying gloves a vital part of our airmen's equipment. These gloves cost \$1.50 a pair and must be supplied to each air fighter.

Each time you buy \$1.50 worth of War Stamps, you are lending your government enough money to purchase a pair of gloves to keep the fingers of one of our fliers warm and flexible on the controls and gun triggers. School boys and girls can't serve actively in the fighting but they can do their share on the home front by purchasing War Stamps regularly. Your Schools As War program will show you how best you may do that.

Men At Bombardier School Are Given Technical Tests

Big Spring Bombardier School established an extraordinary record in a series of technical school examinations last week which qualified double the number of men listed on the school quota.

Men of the classification department gave more than 5,000 examinations to enlisted applicants. Examinations covered such varied training courses as photography, welding, mechanics, bombight maintenance, radio and weather observation. Some applicants took several tests.

First Lieut. August J. Kromer, Highland Park, N. J., is the commissioned officer directing the test activities. Staff Sgt. Casey A. Montwill, Long Island, N. Y., is the non-com leader. Members of the examining staff include Pfc. James B. Walta, Colorado Springs, Colo.; Pfc. Woodrow A. Haley, Waco, Tex., and Pvt. Robert F. Moore, Des Moines, Ia.

Shop mathematical, mechanical aptitude and surface development tests were given to all applicants. The questions, the classification department said, were designed to test the general aptitude of the men.

The mathematics test was only partially one of knowledge, largely one of thought. A typical question, the classification department said, would be one such as the following: "If one pump on full force fills a tank in 16 minutes and another on full force fills the tank in 12 minutes and a valve wide open empties the tank in 10 minutes then how long would it take to fill the tank if all three were open full force?"

"The tests were given to determine what men would be transferred to the technical training command for training. Many men enlisted in the specialist recruiting program at Big Spring were among those selected for additional training."

Students Must Take Up Jobs

CHICAGO, Jan. 4 (AP)—Two million high school boys and girls will have to go to work on part-time, after-school and vacation jobs this year—and every year as long as the war lasts—to help solve the nation's manpower problem.

This estimate was reported today by Lyle Spencer, director of science research associates, a group of sociologists, after more than a year's survey of the country's employment situation. It was supplemented by a study of what high schools can teach to help prepare students directly for war jobs.

Twenty high school subjects in which trained young people are needed most for the nation's war machine, were listed by Spencer: agriculture, auto repair, blueprint reading, bookbinding, cooking, foundry, the international Morse code, machine shop, mechanical drawing, model plane building, nursing, nutrition, office machine operation, personal hygiene, photography, plane repair, pre-flight aeronautics, radio and telephone repair, shorthand and typewriting, and wood working.

The report said that since passage of the "teen-age draft" bill, no boy can plan to do more than complete his current semester of work after he reaches 18 "unless he is training directly for one of the highly technical war occupations."

Midland Man Among Those Decorated

CAIRO, Jan. 14 (AP)—Phillips Lande of Midland, Tex., was decorated Tuesday, along with other enlisted men and officers of the Ninth air force "in recognition of meritorious achievement while participating in aerial flight." The group so honored was cited for having participated in 100 hours of operational flight against the enemy.

WANTS US CALLED 'USONONS'

RIVERSIDE, Cal. (UP)—Before the Institute of World Affairs, Chancellor Rufus E. von Klein-Schmidt of the University of Southern California proposed the adoption of the term "Usonian" by citizens of the United States of North America as a possible solution of the lack of clarity caused by the fact that citizen of both North and South America call themselves "Americans." The final "n" is added for euphony and locale.

Landis' Ban On Detroit Is Lifted

DETROIT, Jan. 14 (AP)—The Detroit Tiger finally got out of Commissioner K. M. Landis' doghouse today after doing a three-year stretch for irregularities in farm operations.

That's what the judge called it on Jan. 14, 1940, when he cracked down on the Tigers in a momentous decision unmatched in baseball annals that set 90 players free of any strings held by Detroit.

Furthermore, the white-maned commissioner nixed a three-year embargo on Detroit dealings with a dozen or more minor league affiliates involved in the decision and likewise prohibited the Tigers from making any passes at the emancipated talent. The time limit was up today.

With Hank Greenberg and 17 others in the nation's service, the Tigers could use some reinforcement, and General Manager Jack Zeller would derive personal satisfaction from getting back some of the 90. But those still in the game are well sewed up.

Only Jimmy Dykes Continues To Be A Bad Boy

CHICAGO, Jan. 14 (AP)—The American league, taking inventory of baseball fines assessed in 1942, has concluded that times are very tough indeed.

"We didn't take in over \$500 in fines last season," said President Will Harridge, "and Jim Dykes (Chicago White Sox manager) contributed \$300 of that total."

He laughed and added "it's terrible how tough times are getting."

Robert Foxx Given New Assignment

ATHENS, Ga., Jan. 14 (AP)—Ensign Robert M. (Bob) Foxx, U. S. N. R., former University of Tennessee football star, has been detached from the navy pre-flight school here to prepare for duty as a navy flight instructor. Foxx, a four-sport star at Tennessee and participant in three bowl games, entered naval service last June.

TEXAN DIES

EDMONTON, Alta., Jan. 14 (Canadian Press)—H. C. Hammett of Denton, Texas, civilian employe of a northern project, died yesterday of a heart attack.

Texas, Baylor Win S'west Hoop Games

By The Associated Press
The University of Texas Longhorns remain unbeaten in South-west conference basketball campaigning, having come from behind last night to put away Southern Methodist University's Mustangs, 41 to 27, while the Baylor Bears surprised with a 68 to 58 win over the Texas Aggies.

Neither the Longhorns nor the Mustangs were hitting the basket well, but Texas pulled away in the last four minutes after SMU had taken an early lead of 10 to 4. The Mustangs were in front, 16 to 15, at the half.

The Aggie-Baylor game went overtime and Baylor gathered eight points during the extra period as the Aggies lost their first conference game of the season.

Frankie Edwards scored 24 points for the Bears, while Pete Watkins was racking up 15 and Lee Huffman 14 for the Cadets.

Women's Golf Match Planned At Miami

MIAMI, Fla., Jan. 14 (AP)—Miamians may get to see some of the nation's best women golfers in action this winter, after all.

The Miami Country Club Women's Golf association said Dorothy Kirby of Atlanta and Dorothy Painter of Rollins College are expected to compete in the annual match play tournament beginning Jan. 27.

Florida Fish Catch Is Best In Years

RIVIERA BEACH, Fla., Jan. 14 (AP)—Riviera's fishermen report that the harvest from the sea is the best in years.

Postmaster Tom West said fishermen brought in 400,300 pounds of fish Tuesday despite the navy's prohibition against night operations. The haul, mostly Spanish mackerel with some king and blue fish, was shipped to northern markets.

He added that one fisherman, using only a light sea skiff, made \$1,100 recently in a single day.

Tulane To Continue Sports Program

NEW ORLEANS, Jan. 14 (AP)—Intercollegiate sports at Tulane University including its 1943 football schedule, will be carried on providing government regulations and the public attitude permit.

Charles Janvier, acting president of the athletic council, said last night.

201 Major League Players Are Now In Armed Forces

NEW YORK, Jan. 14 (AP)—Baseball fans will get their usual quota of major league games during the 1943 season, unless present plans fall through, but they may have to tour the globe for a glimpse of their favorite stars.

The baseball world still was waving goodbye to Pete Reiser, the slugging center fielder of the Brooklyn Dodgers, yesterday when Joe DiMaggio, who operates in a similar capacity for the New York Yankees, decided to follow Pete into the armed forces.

There, in the service of their country, these two valuable performers who once wore the batting crowns of their respective leagues will join such diamond greats as Enos Slaughter and Johnny Beasley, standouts of the last world series, Ted Williams, Hank Greenberg, Bob Feller and dozens of others.

His marital problems solved, DiMaggio announced in Reno, Nev., that "everything is straightened out," and "I'm going to try to get into the armed forces in the near future."

With Reiser, the Dodgers have sent 15 men into the service and are topped in that respect in the National league only by the Philadelphia Phils, who have watched 17 of their players march off to war.

The latest count disclosed a total of 201 major leaguers now actually in the army, navy, coast guard or marine corps, 16 of them from the American league.

Brother... quit being so human!

Remember 1933—when times were tough? Maybe you didn't have a job. Maybe you and your wife and kids didn't eat too well—dress too well—have too much fun. Maybe you swore then that if things were ever different, you'd make up for it.

Chances are, today, things are different. You've got a job. You're getting good money. And you'd naturally like to have a little fun with it. You'd like to buy some of the "extras" that you and your family never had during the hard times. It's only human to feel that way. But right now—we've got to get by so human!

Right now, over in England, a bunch of fellows are getting ready to tackle one of the bloodiest jobs ever given an Army in the Pacific, another bunch is playing hide-and-seek with an enemy that thinks the right treatment for a wounded prisoner is a bayonet through the guts. Others are sweating in Africa—still others are on cold, desolate fog-bound islands near the Bering Sea.

That's their job.

But it's our job to give them the tools they need to win—by buying War Bonds! And so far, we aren't doing our full job! Right now, there are still people who ought to be buying War Bonds through the Payroll Savings Plan—but aren't!

While plenty of people in the Plan are investing more than the 10% Uncle Sam needs, a lot are setting aside less than they can.

The fellows who aren't yet in the Plan—or, being in, haven't hit their 10% yet—aren't patriotic, or 5th Columnists, or anything like that. They're just human. They just haven't realized their country's bitter, crying need—yet! They haven't realized that Americans have been licked in battle for lack of planes, ships, tanks, and bullets—tools that the money we'd like to spend for fun has got to buy!

Uncle Sam hopes that every single one of us will realize it—by January 1, 1943. By that date, everybody on a payroll should be on a Payroll Savings Plan—and we'll "Top That 10% by New Year's."

So, if you aren't setting aside your 10%, go on in and tell 'em you want to raise your sights. Not to 6%, or 7% or 8%—but to at least 10%. If you can put in more than 10%—do it. If you aren't yet in on the Payroll Savings Plan—sign up tomorrow!

- WHAT YOU SHOULD DO:**
1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
 2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
 3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
 4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank, or wherever Bonds are sold. They will be glad to help you start a Plan of your own.

Catherine Ryan Weds Cpl. Griffin In A Post Chapel Service

Red daisies and yellow chrysanthemums, outlined with fern, formed the table center piece at a 9 o'clock breakfast given for Mrs. P. R. Denman of Houston, by Mrs. C. A. Shaw.

The table was laid with a hand-made outwork cloth and placecards carried out a red and yellow color motif.

Assisting the hostess were Mrs. G. E. Weaver, Mrs. V. L. McPherson.

Mrs. Denman, state president of the Texas Medical Auxiliary, is being honored with a series of entertainments, while lecturing in Big Spring.

A three-course breakfast was served and those attending were Mrs. R. B. G. Cowper, Mrs. M. H. Bennett, Mrs. G. T. Hall, Mrs. J. E. Hogan, Mrs. P. W. Malone, Mrs. Clyde Thomas, Jr., Mrs. G. B. True, Mrs. V. Van Gieson, Mrs. J. M. Woodall, the honored guest and the hostess.

Wedding Party Given Supper At The Settles

Before an altar banked with calla lilies and fern, Catherine Ryan, daughter of Mr. and Mrs. J. T. Ryan of High Point, N. C., became the bride of Phillip G. Griffin, Jr., son of Mr. and Mrs. Phillip G. Griffin, Sr., of Brooklyn, N. Y., in a single ring ceremony read at the Big Spring Bombardier post chapel.

The rites were read by the Rev. George Julian, pastor of St. Thomas Catholic church, at 8:30 o'clock Wednesday evening.

The bride, who was given in marriage by her father, J. T. Ryan, wore a wedding gown of candelion satin sculptured gracefully into a long bodice of classical lines. The light fitting sleeves which extended into points over the wrists and the sweetheart neckline were accented with seed pearls.

The long voluminous train of her full skirt was covered with a bridal veil of candelion illusion which flowed gracefully from a coronet of shirred illusion caught with orange blossoms. Her only jewelry was a single strand of pearls.

The bride's bouquet was of gardenias, staphanotis and shattered white carnations with showers of satin ribbon caught with carnations.

Maid of honor was the bride's sister, Mary Jo Ryan, who dressed in a camellia pink gown of illusion trimmed at the neckline with French blue velvet bows. Her headpiece was of matching French blue velvet ribbon. She carried an old fashioned bouquet of cornflowers surrounded by yellow and white daisies and shattered pink carnations.

Bridesmaid was the bridegroom's sister, Irene Griffin, who wore an aqua satin and chiffon gown made with elbow length sleeves and a heart shaped neckline. Her headpiece was of aqua ribbon and her bouquet was of yellow and white daisies and renunculus.

The bride's mother, Mrs. Ryan, dressed in a woods violet crepe gown trimmed in sequins of contrasting colors and wore an orchid corsage. The bridegroom's mother, Mrs. Griffin, wore an aqua blue gown trimmed in silver sequins at the yoke and had a corsage of renunculus.

Proceeding the ceremony, Helen Duley played "Liebestraum" and "Schubert's Serenade" and during the wedding gave "Ave Maria" at the organ. Miss Duley also played the traditional wedding marches, the traditional wedding marches. Lieut. Donald Bartman played violin selections and accompaniment.

The chapel was decorated with greenery banked behind the chancel rail which was twined with pinnucos. A tall basket of calla lilies was at either side of the chancel rail. White tapers in four candelabras burned at the altar and the chapel was lighted with white tapers in nests of fern at each window.

Bestman was Barry Harvey of Montgomery, Ala., and attendants were Norman Peterson and William Zilke, both of Chicago, Ill.

Following the ceremony, the wedding party was given a supper at the Settles hotel. A three-tiered wedding cake topped with a miniature bride and bridegroom centered the table.

The bride attended Randolph-McCormack College at Lynchburg, Va., and Notre Dame convent at Southern Pines, N. C. The bridegroom was graduated from high school in Brooklyn, N. Y., and attended Columbia University in New York. He formerly worked on the New York Times before joining the army air corps two months ago. He is stationed at the Big Spring Bombardier school as a corporal.

Lutheran Ladies Aid Has Meeting At The B. Rueckart Home

The Concordia Ladies Aid of the St. Paul Lutheran church met Wednesday afternoon at the home of Mrs. B. Rueckart for a joint social and business meeting.

Features was a report of the past year, and the mapping of plans for the ensuing year. A plate lunch was served buffet style from Mrs. W. C. Heckler, Mrs. H. Weinkauff, Rev. R. L. Kasper, Alma Rueckart, Mrs. Bertha Rueckart, Mrs. Evelyn Pachall, Mrs. Herman Pachall and son, Jackie, Mr. and Mrs. Gus Oppgard, Mrs. Henry Rehler, Mrs. R. A. Pachall.

Breakfast Given For A Guest

Red daisies and yellow chrysanthemums, outlined with fern, formed the table center piece at a 9 o'clock breakfast given for Mrs. P. R. Denman of Houston, by Mrs. C. A. Shaw.

The table was laid with a hand-made outwork cloth and placecards carried out a red and yellow color motif.

Assisting the hostess were Mrs. G. E. Weaver, Mrs. V. L. McPherson.

Mrs. Denman, state president of the Texas Medical Auxiliary, is being honored with a series of entertainments, while lecturing in Big Spring.

A three-course breakfast was served and those attending were Mrs. R. B. G. Cowper, Mrs. M. H. Bennett, Mrs. G. T. Hall, Mrs. J. E. Hogan, Mrs. P. W. Malone, Mrs. Clyde Thomas, Jr., Mrs. G. B. True, Mrs. V. Van Gieson, Mrs. J. M. Woodall, the honored guest and the hostess.

Parties & Clubs Held In Coahoma

The Presbyterian Young People's Council met recently at the home of Rev. and Mrs. C. P. Owens. During the business session new officers were elected for the next year. Jo Dell Hale was elected president, Jane Read vice president and Jim Owens was elected secretary and treasurer. Refreshments were served to the following: Betty Lou Loveless, Ruby Lee Wheat, Jo Dell Hale, Jane Read, Jim Owen, C. H. DeVaney and the Rev. and Mrs. C. P. Owen.

Mr. and Mrs. J. L. Adams entertained a group of friends Monday evening with a 42 party. Refreshments were served and those present included Mr. and Mrs. E. T. O'Daniel, Mr. and Mrs. I. H. Sevrance, Mr. and Mrs. W. L. Yardley, Mr. and Mrs. W. T. Barber, Mr. and Mrs. B. R. Thomason, Captain and Mrs. Horace L. Borden, Mr. and Mrs. Norman H. Read, Mrs. Ophelia Sullivan and the hostess.

Miss Jo Dell Hale entertained recently at the home of her parents, Mr. and Mrs. A. C. Hale, with a game party. Candy and popcorn were served and those present were Charlene Lindley, Buzzie Hubbard, Bernadine Satterfield, J. W. Warren, Mary Lee Logan, Gray Birkhead, Alice Dorsay, Ben Logan, Doña Bialock, Gloria McGee, Darlene Tindol, Ned Hale, Ray Nell Hale, M. L. Duncan, Mr. and Mrs. Hale and the hostess.

Honoring Mrs. E. T. O'Daniel on her birthday, a group of relatives and friends met at her home Monday and served a birthday dinner. Gifts were presented to the honoree and those present were Mrs. R. B. Hood, Mrs. A. R. Collins, Mrs. Rosaline Craiz and Mrs. Dale Puckett of Big Spring, Mrs. Mary Jane Adams, Mrs. Rachel Bell, Mrs. Ophelia Sullivan, Mr. and Mrs. W. J. Jackson, Mr. and Mrs. J. L. Adams, E. T. O'Daniel and Mrs. Fins Daniel and Donette of Stamford.

Mrs. James Teague, who recently enlisted in the WAAC's, is now in training at Fort Des Moines, Ia. She was an employee at Ora's beauty shop. Her husband, James Teague, is to leave soon for foreign construction in the navy.

Colorado Group Installs Leaders At Meeting

COLORADO CITY, Jan. 14 — The members of the Woman's Society of Christian Service of the Methodist church in Colorado City held a program and installation service Monday. Mrs. C. M. Epps was leader, Mrs. N. H. White, Jr., accompanist for the piano responses. Mrs. L. B. Elliott, president-elect, spoke on "Signs of Promise of a New World."

The Rev. Epps gave the charge to the new officers which include Mrs. Elliott, president; Mrs. W. L. Does, vice-president; Mrs. L. Maddin, recording secretary; Mrs. William Brookover, corresponding secretary; Mrs. M. O. Chapman, treasurer; Mrs. Charles C. Thompson, superintendent of study; Mrs. J. Ed Richardson, secretary of literature; Mrs. L. A. Costin, secretary of supplies.

Mrs. J. W. Randie is secretary of work for children; Mrs. James Payne, secretary of young women and girls' work; Mrs. F. C. Shilling, secretary of student work; Mrs. Tom Grant, secretary of work with babies; Mrs. Epps, spiritual life chairman; Mrs. J. G. Merritt, chairman of Christian-social relations; and Mrs. R. J. Wallace, fellowship chairman.

Circle chairmen installed were Mrs. W. F. Hogue, Mrs. H. E. Grantland and Mrs. R. E. Brentland. Following the installation service a pledge service was held with each member signing her pledge for contributions during the year.

Farewell Shower And Party Given At Nolan Church

Members of the North Nolan Baptist church honored the Rev. and Mrs. J. D. Holt with a farewell party and linen shower Wednesday evening at the church.

The Rev. and Mrs. Holt are leaving soon for Atlanta, where they will enroll in Hardin-Simmons University.

Games were played and refreshments were served to P. H. Pitman, Mrs. Ada Holley, Benny Byrnes, Mrs. R. A. Humble, Ray Russell, the Rev. W. C. Harrison, Mr. and Mrs. J. W. Arnold, Mr. C. L. Prens, Mrs. Joe Arnold, Mrs. C. L. Prens, Mrs. F. E. Holley, Earline Arnold, Faye Russell, Mary Ruth Holley, Helen Hendricks, LaVerne Franklin, Mr. and Mrs. C. V. Warren, Donald Webb, Bob Patterson, Mr. and Mrs. Claud Russell, Mr. and Mrs. P. B. Webb, Mr. and Mrs. A. W. White and Sue Ellen.

Sending gifts were Mr. and Mrs. Horace Dearing, Jr., Mr. and Mrs. Oscar Jenkins, Mrs. C. C. Nations and Willie Joe, Mr. and Mrs. G. R. Brashers, Mrs. F. H. Franklin, the Rev. and Mrs. R. E. Dunham.

Emily Stalcup To Be Air Hostess

Today, Emily Stalcup, daughter of Mr. and Mrs. Harry Stalcup, is fulfilling her life ambition of becoming an American Airlines stewardess.

Emily was one of five girls selected from fifty candidates in Dallas, to attend the American Airlines Stewardess School, LaGuardia Field, New York, N. Y.

Miss Stalcup was one of the first Big Spring women to receive her pilot's license, and received a flight scholarship in connection with a CAA course here two years ago.

She will fly to New York January 25.

Miss Laneous Notes

MARY WEALEY

Can't you imagine how some of the conversations of soldiers, sailors and marines are going to sound in the years to come when they tell their grandchildren tales of World War Two?

Like the stories of France and other French cities caught the imaginations of this generation think what the boys and the girls for that matter can talk about when this war is won.

The days when a man had visited abroad, including England, France, Ireland and Germany, will seem mighty tame compared to tales of Africa, Philippine Islands, Burma, Egypt, Australia.

Sheiks and Arabs, that belonged only to fairy tales before, will be real people to some of the men. People who lived and died, ate and slept, much in the manner of men everywhere. There will be good and bad ones to remember, but they'll be people, not just conjured up mythical pictures.

Bushy haired natives in Africa, little dark Filipinos, stout headed Dutch. Brave men and cowards, black, white, yellow and red. They'll meet the good and the bad of the races of the world and when they come back home again they'll have an understanding of people and of the world that their fathers could never have had except theoretically.

Maybe a brotherhood of man, such as the good book has asked us to practice, will evolve from the experiences of a lot of private citizens who took up the business of soldiering to defend their country. Allies today could mean allies forever and millions of men and women striving for a better life in peacetime as they unite now in war.

Study Club Works For The Red Cross

Wednesday afternoon, members of the Child Study Club wrapped bandages at the Red Cross Surgical dressing room, instead of the regular semi-monthly meeting of the club.

Those attending were Mrs. R. W. Currie, Mrs. Jack Smith, Mrs. John Collins and Mrs. Bill Wright.

Mrs. Strain Is Hostess To The Pioneer Club

War stamps were given as bridge prizes, Wednesday afternoon when Mrs. R. C. Strain entertained the Pioneer-bridge club in her home.

Mrs. B. Reckhaus was included as a guest. Mrs. Bernard Fisher was presented an award for bridge high.

Refreshments were served and others present were Mrs. Albert Fisher, Mrs. V. Van Gieson, Mrs. E. O. Ellington, Mrs. Joyce Fisher, Mrs. Bernard Fisher, Mrs. Jerry Palmer, a tea, guest, Mrs. J. D. Biles, and the hostess.

The club will meet with Mrs. W. W. Inkanam January 27.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "trying to blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna because it brings welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's best. Get genuine Dr. Caldwell's.

Farewell Dinner Is Given Here

Mrs. Don Seale and Jeanette Marchbanks were honored with a farewell dinner and theatre party Wednesday evening by members of the Sub Deb Club. Mrs. Seale, club sponsor, is moving to Levelland and Miss Marchbanks, is entering Baylor University at mid-term.

Guests met in Mina Mae Taylor's home, and went to the Monterey Cafe for a Mexican dinner. Honored guests were presented farewell gifts, and the group attended the theatre.

Those present were Louise Ann Bennett, Jerris Hodges, Camille Inkman, Merline Merwin, Joanne Rice, Dorothy Sue Rowe, Gloria Strom, Ann Talbot, Mina Mae Taylor, Johanna Terry and Marjio Thurman and the sponsor, Mrs. Burke Summers.

Study Clubs Of Colorado Elect New Officers

COLORADO CITY, Jan. 14 — Four of the Colorado City Study clubs elected new officers in their annual business meetings this week. The officers will serve during the club year which begins next September.

Mrs. L. J. Taylor was named president of the Self Culture club. Other officers chosen by the club are Mrs. Luke Thomas, first vice-president; Mrs. A. C. Melton, second vice-president; Mrs. Frank Jones, recording secretary; Mrs. Bas Jones, corresponding secretary; and Mrs. L. B. Elliott, treasurer.

The Hesperian club elected Mrs. J. A. Sadler, president; Mrs. Bennett Scott, first vice-president; Mrs. John Rasse, second vice-president; Mrs. C. M. Epps, recording secretary; Mrs. E. H. Winn, corresponding secretary; and Mrs. Otto F. Jones, treasurer.

Named president of the 1921 Study club was Mrs. W. C. Hooks. With her Mrs. J. G. Hardison will serve as vice president; Mrs. Charles C. Thompson as recording secretary; Mrs. H. E. Broadus as corresponding secretary; Mrs. N. H. White, Jr., as treasurer; and Mrs. Sam Majors as historian.

Mrs. Oren B. Trulock was elected president of the 1943-44 year by the Hesperian Daughters. Mrs. Jack Alexander was chosen first vice-president; Mrs. John Tom Merritt, second vice-president; Mrs. Charles Mosser, recording secretary; Mrs. J. D. Williams, corresponding secretary; Mrs. M. O. Chapman, treasurer; and Mrs. Truett Barber, historian.

Russian Compositions Presented At Meeting Of Music Study Club

Group To Furnish Books For Local U. S. O. Library

Mrs. C. W. Norman had a program on "Russian Nationalism" Wednesday afternoon at a meeting of the Music Study Club at the Settles Hotel.

A collection of Russian compositions was presented, and included "Hopak," a duet number, by Moussorgsky and played by Roberta Gay and Mrs. J. H. Kirkpatrick, "Legend" by Tchaikovsky and "Slumber Song" by Grieg. A recording "Schubert's Suite" by Rimsky-Korsakov was played, as an illustration of the composer's work.

A business meeting followed the program, and the club voted to furnish books for the U.S.O. center. Mrs. J. P. Kenney was elected as corresponding secretary to fill the office of Mrs. S. H. Gibson, who is on a leave of absence.

The club will convene again on January 27. Those attending were Mrs. Ellason, Roberta Gay, Mrs. W. B. Hardy, Mrs. Harry Hurt, Mrs. J. P. Kenney, Mrs. J. H. Kirkpatrick, Mrs. Bernard Lamun, Mrs. Larson Lloyd, Mrs. L. S. McDowell, Mrs. C. W. Norman, Mrs. R. W. Thompson, Mrs. Herman Williams and Elsie Willis.

The Mother Singers met at the First Methodist Church Wednesday afternoon at 2 o'clock for song practice and a business meeting.

Plans for future engagements were discussed, and those attending were Mrs. M. A. Cook, Mrs. G. W. Chown, Mrs. H. G. Keaton, Mrs. Randle Pickle, Mrs. E. E. Winterrowd, Mrs. Bernard Lamun, Mrs. C. W. Norman, Mrs. Dick O'Brien, Mrs. Ailton Underwood, Mrs. W. A. Laswell, Mrs. R. C. Clark.

spending secretary; Mrs. M. O. Chapman, treasurer; and Mrs. Truett Barber, historian.

Oats Unrationed, Helps Meet That Wartime Budget

In the National Oats' spring campaign, appearing in the Herald, housewives will learn about the new and varied uses of these delicious tasting oats in filling wartime budget needs—not only as the top breakfast food, but on lunch and dinner menus as well—as a basic food that is not rationed, and costs less than 1-2 cent per serving.

In addition to a consistent series of 110-line black and white newspaper ads appearing each week on Thursdays, there will be large space advertising in leading women's and farm magazines of the South that will urge housewives to "serve National 3-Minute Oats to their families regularly."

These newspaper and magazine ads, displaying the National 3-Minute Oat Men—Peppy, Thrifty and Delish—will feature National 3-Minute Oats as a Basic War Food for Vitamin B1, Iron and Energy—and the A-1 War Food for Health, for work and for finer flavor.

\$30,000 Turnover In L'stock Sale

In a good sale held at the Big Spring Livestock auction grounds Wednesday, 800 head of cattle sold for a total price of \$30,000, it was reported today.

Springer cows, which were most in demand, sold for \$65 to \$80. Bulls sold from \$9.50 to \$11 and fat cows up to \$10.50. Butcher cows went for \$8 to \$10 and common butcher cows for \$6 to \$8.

Butcher yearlings brought \$10 to \$12.50 and common butcher yearlings \$9 to \$10. Stocker steer calves sold for \$14 to \$14.50 and stocker heifer calves for \$12 to \$13.50.

LEADS THE WAY

SAN DIEGO, Cal. — When the husband of Mrs. Gene Norco was sent overseas with the Navy, she decided to pioneer a new field of work for the war widows left behind. Although she was not even a typist herself, she was always interested in the mechanism of typewriters. She took a special course of instruction, and now has a thriving business of cleaning, adjusting and repairing typewriting machines of all makes.

Chocolate Coffee Cake

NOW that not one drop of coffee can go to waste, you'll try to make only what you need each time. But occasionally, unless you're a superwoman, you'll have a half a cup or so left over—and that's where this cake comes in. Instead of throwing leftover coffee away, use it for flavoring luscious desserts like this Coffee Chocolate Cake—a rationed cake, by the way, because it uses only half a cup of sugar and just one egg. Look for the tested recipe on this page.

Economical but fit-for-a-king, Coffee Chocolate Cake is just the ticket for winding up festive dinners or lulling the family along on meatless days. Easy and quick to make it'll give you that "holier than thou" feeling because you'll be making every drop of coffee count. Here's how:

Coffee Chocolate Cake
 2 cups sifted cake flour
 2-1/2 teasp. baking powder
 1-4 teasp. soda
 1-2 teasp. salt
 1-2 cup shortening
 1-2 cup sugar
 1 egg
 1-2 cup dark corn syrup
 1-2 cup leftover coffee
 Mix and sift flour, baking powder, soda, and salt three times. Cream shortening; stir in sugar slowly and cream until fluffy. Stir

in well beaten egg. Add 2 tbsps. of sifted dry ingredients; beat well. Stir in syrup. Add remaining dry ingredients and leftover coffee alternately, beating well after each addition. Bake in two 8-inch layer pans in moderate oven (350 degrees F.) for 25 minutes. Turn off heat; let cake remain in oven 5 minutes longer. Cool and frost as desired.

Coloradoan Listed As Jap Prisoner

COLORADO CITY, Jan. 14 — The first word since the fall of Bataan concerning the fate of his brother, J. K. White, came to N. H. White, Jr., in Colorado City this week. According to official government announcement, Corporal J. K. White is now a prisoner of the Japanese government in the Philippines. An ex-employee of the Col-Tex Refinery in Colorado City, Corporal White enlisted three years ago. He had been stationed in the Philippines with the air corps at Nichols Field for two years before the war.

Rent Property Must Be Listed By Tomorrow

Friday is the last day for rental property owners to list their property with the Rent Control office, R. L. Cook, inspector in charge, reminded Thursday.

To date there have been approximately 2,500 rental units listed and 40 rooming houses and hotels registered at the office. Cook estimated that there were probably another hundred units still to be registered before the deadline.

Every day there are some 65 to 70 units registered at the rent control division but those who have yet to list their property are urged not to wait until the last minute in order not to swamp clerks and office personnel.

Charles Sullivan, attorney-examiner, for the local office, also told that there has been some confusion on the part of tenants who receive a copy of the landlord's registration. These are not to be returned to the office, Sullivan said, but kept by the tenant for his own information and use.

If there are any complaints or objections which the tenant finds from information on the register, he is to report this to the rent control office within 15 days after the copy of the register is received.

To Issue New List On Use Of Fuel Oil

WASHINGTON, Jan. 14. (AP)—A new preferential list of fuel oil and gasoline consumers in the petroleum-short east was promised today by Petroleum Administrator Harold L. Ickes.

Ickes said he was working with the Office of Price Administration and the war production board on a substitute for the cancelled original list, which omitted amusement places but gave all other fuel oil consumers equal rating.

Cancellation of the original list was decreed by Ickes yesterday restricted eastern gasoline and fuel oil re-sellers and industrial and commercial consumers to a ten-day petroleum supply limit.

This restriction, Ickes said, was intended to "provide for more equitable wartime distribution of the limited amount of petroleum products on the east coast."

Expected from the restriction were homeowners' fuel oil tanks, filling stations, suppliers' bulk terminals and refinery storage.

Informed sources who declined to be named said the new preferential list would be less liberal than the old, and probably would designate classes which would not be allowed to get petroleum unless supplies were ample after others' needs had been filled.

The restriction order also ex-

panded Ickes' authority over delivery of motor-fuel and fuel oil to secondary supplies, who buy stocks brought into their zone by others, and lifted restrictions on eastern inter-zone transfer of supplies.

The Office of Price Administration announced it would make news photographers eligible for C gasoline coupon books for transporting non-portable equipment.

Photographers who qualify under the amendment, effective January 20, will be eligible for sufficient gasoline to take pictures for their publications.

New Uniforms For Colorado's Guard

COLORADO CITY, Jan. 14 — The Texas Defense Guard unit at Colorado City is now completely equipped with winter clothing, according to announcement of Captain Louis Latham, local TDG commanding officer. Clothing for the company and for the supernumeraries was purchased through the cooperation of Mitchell county and Colorado City official action. The county bought shirts, trousers and caps; the city furnished blouses (jackets) for the guard uniforms.

CADET KILLED

MOORE FIELD, Jan. 14. (AP)—Cadet L. Z. Smith, 20, of Ponder, Tex., was killed yesterday in the crash of a training plane seven miles southwest of the field while on a routine flight, the field's public relations office announced today.

Texas Food Costs 16.6 Pct. Higher

AUSTIN, Jan. 14. (AP)—Food costs 16.6 per cent more in Texas today than at the time of Pearl Harbor.

Labor Commissioner John Reda reported that food costs have increased about 1.5 per cent per month since April, 1941. An increase of 1.85 per cent over the previous month was recorded in December, 1942.

Of 85 basic food items surveyed in 19 cities, 28 showed steady or slight declines while 56 increased, Reda said, emphasizing that indications are that food costs will continue the upward trend.

Extra Tires For County Approved

E. F. Robbins, general chairman for the War Price and Rationing Board, has returned from the Lubbock area office where he reported on needs for emergency tires for this county.

The office in Lubbock reported that it had received over 6,000 requests for tires over and above its regular quota from the 71 counties reporting in the area.

Robbins secured for this county's emergency quota, 25 extra tires including 12 truck tires and grade tires. These were issued Tuesday to Howard counties. Each county received a proportion of the extra tires above the regular quota.

Tulsa, though approximately the same size as New York state, has more than 750 miles of coast-

Elouise Haley Is Top Scorer In Women's Bowling

Elouise Haley won high individual game with a score of 219 and high individual series with a score of 516 in the Woman's Bowling league games Wednesday night.

Team games included a win by J. & L. from Bliss Liquor Store in a clean three-game sweep. Schlitz won two games from C. R. Anthony and Club Cafe two from Billy Simons Lanes.

Anthony had high game of 772 and Schlitz won high team series with a total of 2192.

Standings in six games to date, with total scores:

Schlitz	4	2	4161
J. & L.	4	2	3890
Simons	4	2	3845
Anthony	4	2	3722
Club Cafe	2	4	3865
Bliss	2	4	3728

What One Farmer Yielded For Scrap

WASHINGTON (AP)—A farmer of Liverpool, N. Y., who has been hoarding his stock of obsolete and discarded farm machines for the past 40 years, has warmed up to the scrap drive. He has donated two heavy tractors, four passenger cars, two treashing machines, mowing machines, hay loaders, plows, and other odds and ends totaling more than 20 tons of scrap, according to WPB salvage officials.

ARRESTED FOR THEFT

LIVERPOOL, England, Jan. 14. (AP)—A truck driver employed by the United States army, and a motor mechanic were arrested today on charges of stealing \$50,000 worth of American-owned cigarettes from the United States armed forces.

Griffin Lists Aids On Meat Preparation

Attention should be given now to preparation of hog meat to be kept past June 15, County Agent O. F. Griffin said Thursday.

He advised that such meat be packed in vegetable oil as soon as it is well cured, and added that if properly done it would keep indefinitely.

Weather has been ideal for the past month for killing hogs and curing meat, he said. Undoubtedly there will be much more within the next month. Griffin still suggested use of seven pounds salt, four ounces salt peter and three pounds brown sugar per 100 pounds of meat as an excellent preservative.

Carcaasses should be allowed to chill thoroughly before being cut, he said. Bone pieces should be sawed above the joints and the bone end stuffed with the preservative. All should be rubbed thoroughly with the mixture.

Once again he suggested better containers such as barrels or boxes that would hold fluid. Bony pieces should be put to the bottom, he said. Within two weeks the process should be repeated.

Boneless pieces will cure out one day to the pound and those with bone three days to the pound. Thus, a 15-pound bacon slab would cure in 15 days, and a ham of the same weight in 45 days.

Meat to be kept for long periods of time should be placed in containers (10-gallon lard cans are ideal) when thoroughly cured and covered with refined vegetable oil (no mixture with animal fat will do). Tests at Texas A. & M. College have shown hams thus treated will keep for at least five years without loss of flavor, quality or weight.

More Canadian Workers Strike

TORONTO, Jan. 14. (AP)—A strike by the United Steel Workers of America (CIO) spread to four other Canadian plants today as 7,500 more employees quit work in support of demands for an increase in their basic wages.

The action brought to approximately 12,500 the total number of men on strike and steel control authorities at Ottawa estimated that the walk-out would cut Canada's steel production by more than two-thirds.

Latest to be affected were the giant plant of the Algoma Steel corporation at Sault Ste. Marie, Ont., and three plants of the Dominion Steel and Coal corporation at Trenton, N. S.

The British Royal Observatory was established at Greenwich in 1675.

Troops Aboard Africa-Bound Convoy Are Anxious To Have Part In Fight

By RICE YARNER
WITH A CONVOY BOUND FOR NORTH AFRICA (Correspondence of the Associated Press)—The wind has freshened, we've just had gunnery practice, the men are exercising on deck, and if there were more women aboard and if there were all more "chivvies" you wouldn't think there was a war on.

But the shooting might start any minute on this trip to the Mediterranean and there is not a man—or nurse—aboard who doesn't realize that the war is getting closer with every turn of the propeller of this former Canadian liner.

And in the whole convoy of dozens of ships, large and small—the first reinforcements of men and material to go to North Africa—there isn't a man or woman who isn't relieved that now he is a part of the axis-cracking show that seems to be the beginning of the end.

Right now they devote hours to shipboard duties, to eating and sleeping, to making others comfortable. There is every confidence in the royal navy and the merchant seamen taking the great convoy to Africa. Christmas mail and gifts that arrived before we sailed decorate some cabins, and groups are singing Christmas songs.

The big convoy includes all sorts of troops, both British and American, and munitions and supplies—guns and tanks, tankers to supply fuel for planes and mechanized weapons.

I have been with some of these troops for almost two years. First in Louisiana and then in Carolina when they were getting their final field training in 1941, then again in Ireland where they were waiting for the jump-off. Now they're ready for a fight.

Many Factions And Ambitions Tied Up In N. African Political Scrap

By WES GALLAGHER
ALGIERS, Jan. 14. (AP)—A political story without names is almost impossible to write—but the "political story" of French North and West Africa is not only virtually without names, but also without politics.

For what has been happening here, with Admiral Jean Darlan's assassination, the subsequent arrests, and international dissension, is not politics as Americans and Britons conceive it.

Gen. Henri Giraud, a military man who loathed politics from the bottom of his heart, is being harassed on the eve of a far-reaching negotiations with Gen. Charles De Gaulle by the bitter struggle of Vichy-placed and Axis-sanctioned officials to retain their posts against an onslaught of newcomers, many with hands none too clean themselves.

The varied figures in the tangle sometimes have been labelled glibly as monarchists, DeGaulleists, rightists, leftists, or pro-Allied, but it is not as simple as that.

At least one of the men arrested in connection with the assassination of Darlan simultaneously has let it be known that he is pro-Allied and helped the American landings, that he is a monarchist supporting the court of Paris, pretender to the non-existent throne of France, and is a follower of De Gaulle.

To top it off, he said he accepted a Vichy appointment in order to get to Africa in the first place, six or seven months ago.

The same is true of dozens of others who try to tie up with as many different factions as possible, seeking support of their personal aims.

The truth is: North Africa is suffering from "Axis sickness," the result of German and Italian domination. And it is small scale.

Anaconda Company Faces Indictment

WASHINGTON, Jan. 14. (AP)—Attorney General Biddle announced today that a federal grand jury at Providence, R. I., had indicted the Anaconda Wire and Cable company of Pawtucket, R. I., and five individuals on charges of conspiring to defraud the government and false claims in connection with wire and cable produced for the United States and British armies.

The indictment, which was made public by the justice department, alleged that defective and untested wire and cable had been shipped to the fighting forces as a result of a deliberate policy of evasion of inspection.

Here 'n There

Private Kenneth B. Guley of Big Spring has been stationed at Will Rogers Field, Okla. Son of Mrs. Hannah Guley, 2303 Scurry, he is assigned to a bombardment squadron as mechanic.

Technical Sergeant Charles W. Parks, son of Mrs. R. B. Gilmore of Big Spring has gone to Miami Beach, Fla., for officers candidate school. He previously was at Gowen Field, Idaho, employed as chief clerk in the squadron orderly room.

Winton McGregor of Knott has been commissioned a second lieutenant upon completion of officer candidate school at Fort Benning, Ga. He is the son of Mr. and Mrs. J. J. McGregor of Knott. Lt. McGregor enlisted in the army last April and was with the MP detachment at Fort Brown before going to officer candidate school.

Clide M. Roberts who has been stationed at the Quartermaster Detachment at Fort Bliss, has been promoted from corporal to the grade of sergeant technician. It was recently announced by Major L. B. Plummer, quartermaster detachment commander.

Sergeant Roberts is the son of Mr. and Mrs. J. P. Roberts of 610 East 17th street and brother of Mrs. Ophelia Tucker of Big Spring. He also has a brother, Staff Sergeant Max O. Roberts who is stationed at Lowery Field, Colorado, in the air corps.

Word was received in Big Spring today of the promotion of Second Lieutenant Jesse G. Hill, son of Mr. and Mrs. Joe B. Hill, to the rank of first lieutenant. He is assistant post adjutant at Basic Training Center No. 8, Fresno, California, a unit of the Army Air Forces Technical Training Command.

Lieutenant Hill rose from the ranks of enlisted men to his present post. He enlisted in 1935, and was commissioned on March 21, 1942.

Howard county home demonstration club women are not going to be content with producing and conserving more food this year as a war aid, but they are going into a serious study of the aims behind the war. In February, all club meetings will include a discussion of the historic Atlantic Charter.

C. M. O'Brian, Stanton, is home on a furlough after a year in the navy. Stationed at Seattle, Wash., he has been promoted from apprentice seaman to ships cook, 3C.

Vandals recently smashed a number of windows on the B. Reagan place, east of here on the lake road, he reported Thursday.

"Big Spring—the Casual Biography of a Prairie Town," book written by Shine Phillips, is selling in England now. The other day Shine, who told the story of this city's early days through the eyes of a druggist, got a letter from Margaret Cousins, who aided in polishing the manuscript, that she had met a friend disembarking from England. Under the friend's arm was a copy of "Big Spring." It had been bought in London.

Merle Mancil was up for a little while Thursday after a week of confinement at his home due to a severe attack of bronchial influenza.

Firemen answered a call to 904 W. 3rd street Wednesday evening to extinguish a grass fire.

Mr. and Mrs. E. W. Burslen have heard from their son, Wayne, who is working in Pearl Harbor, Hawaii. He appeared happy enough with his work, which, incidentally, is plentiful, long and hard. Wayne is a machinist.

Ensign Katherine Brook will be in command of the WAVES recruiting party which is due to be at the U. S. Navy recruiting substation in the postoffice basement Monday and Tuesday, recruiters said here today. Women interested in joining the naval auxiliary are urged to call at the office.

Wall Street

NEW YORK, Jan. 14. (AP)—A few bulls scampered around the stock market pasture today but the majority kicked up little rallying dust.

Transfers for the full proceedings were around 600,000 shares. Among stocks reaching new 1942-43 peaks were J. I. Case, Oliver Farm, Hudson & Manhattan, Virginia-Carolina Chemical. Chrysler got up about a point. Resistance was displayed by U. S. Steel, Bethlehem, Continental Motors, Santa Fe, Southern Pacific, Morris & Essex, Martin Party, Kennecott, U. S. Rubber, Sears Roebuck and Du Pont.

Intermittent slipping inclinations were shown by Homestake Mining, United Aircraft, Glenn Martin, General Motors, General Electric, Phelps Dodge, Standard Oil (N.J.), Texas Co. and Union Carbide. American Telephone was an isolated soft spot.

Order Issued In Insurance Suit

FORT WORTH, Jan. 14. (AP)—Federal Judge James C. Wilson yesterday signed an order requiring ten defendants in the \$1,165,978 suit brought by insurance policy holders of the Fraternal Society of Dallas to show cause why a temporary restraining order should not be issued against them and why a receiver for the corporation should not be appointed to serve pending the outcome of the trial.

The petition contends that assets of the corporation suffered in the amount named because of mismanagement and transactions by officers listed as defendants.

The suit was brought by a group of Oklahoma policyholders who ask that the \$1,165,978 be placed in the corporation's treasury.

Women Linguists Wanted By Army

DALLAS, Jan. 14. (AP)—A call for women skilled in languages to enroll for service with the Women's Army Auxiliary Corps was issued here today by Col. Claude K. Rhinehart, commanding the Dallas recruiting district of the army.

He listed linguists needed, in order of their importance, as those skilled in Spanish, Portuguese, Chinese, Japanese, Russian, French, German and Italian.

Quotas have not been allotted, he said, but some 500 of these women are needed immediately for the entire United States.

Two Shipped From Here Into Navy

Oscar James Gatlin, Big Spring, and Merritt Manyon Dunham, Midland, were shipped Wednesday evening to Dallas to complete enlistment in the U. S. Navy.

Both were 18-year-olds and went into the regular navy as apprentice seamen and selected volunteers. They filled the navy's local recruiting sub-station quota for the week, others having been shipped previously.

"GOOD NEIGHBOR" POLICY BEGINS AT HOME...

Everyone will ride farther if you share-the-ride with your neighbors! We've got to stretch the rubber on our tires a long way. To do this, workers going to factories will want to form share-the-ride clubs—five people in one car rather than one person each in five cars! Housewives, too, will want to do their part by car-sharing when they do their shopping. Car-sharing means your car will have a longer life because you alternate driving with riding; you will save gasoline; and you will know you are helping Uncle Sam!

Share Your Cars and Spare Your Tires

Big Spring Herald

Livestock

FORT WORTH, Jan. 14. (AP)—All classes of cattle and calves found a steady to strong market at Fort Worth today. Butcher hogs sold mostly 15 to 20c below Wednesday's average with the extreme top \$14.65 and the packer top \$14.60. Packing sows and pigs were steady. All sheep and lambs cleared at unchanged prices.

Good to choice fed steers and yearlings \$13 to \$15.00; Good beef cows \$10 to \$11.00; bull prices \$7.75 to \$11.50.

Fat calves sold \$9 to \$13.50. Good to choice stocker steer calves \$12 to \$14.00; best heifers \$13.50, stocker and feeder steers and yearlings \$9 to \$13.00.

Good to choice 190 to 300-pound butcher hogs \$14.90 while good and choice 160 to 180-pound averages brought \$14 to \$14.55. Packing sows sold at \$13.25 or \$13.50.

Good and choice fat lambs \$13.75 to \$14.25. Good yearlings including some two-year-old wethers \$12.75 with aged wethers at \$7.25 to \$7.50. Cull to medium grade slaughter ewes brought \$5.50 to \$6.00; and medium grade feeder lambs turned at \$10.50 down.

Draft Delinquents Advised To Report

AUSTIN, Jan. 14. (AP)—Men listed as delinquents under the selective service act will be allowed to comply with their obligations if they report to their local boards during January, General J. Watt Page, state selective service officer, said today.

He warned that vigorous action for deliberate violators was planned by the FBI after Feb. 1, explaining that many now listed as delinquents have merely been careless. Selective service hopes to have its records clear of these by that date, Gen. Page said.

Weather Forecast

WEST TEXAS: Little change in temperature this afternoon and not quite so warm over the Panhandle. Colder tonight in the Panhandle and South Plains. Little change in temperature elsewhere. Windy.

EAST TEXAS: Little temperature change except slightly warmer on lower coast and in extreme south portion tonight.

Action To Meet The Oil Shortage

Now that the fact of oil shortage has been more sharply impressed on both public and official thought, we can expect forthright action to correct the situation. A start is seen in the ban on pleasure driving, in the curtailments of non-residential oil users and in the co-operation by the Navy in releasing supplies of heavy bunker oil.

The oil situation has long required more action and less talk. It has also required a more realistic approach on the part of both civilian and military authorities. The East must have certain minimum petroleum supplies if its war industries are to continue, and if its war workers are to get to their jobs, to say nothing of general morale and of elementary physical needs in the Nation's most densely populated areas. All needs can be taken care of, but they require

a maximum of coordinated, sensible planning and a minimum of last-minute expedients and shouting.

The curtailment on oil allotments will unquestionably affect amusement and business centers unable to burn other fuel. The ban on pleasure driving will probably close many enterprises, ranging from hot-dog stands to full-scale mercantile establishments, that have sprung up along the highways. Gasoline restrictions have already sharply affected businesses poorly located in relation to public transportation, and will now even more acutely shorten queues at the boxoffices.

Since these are casualties of war, almost as much so as if they had been bombed, the question arises as to what must be done either to ease hardship cases now or to provide postwar rehabilitation.

Nation Will Have To Tap Womanpower Reservoir

(First of two articles on women in the war effort)

By JACK STINNETT

WASHINGTON—The underground has it that sometime early in 1943 there will be a registration (maybe even a modified draft) of women for the war effort.

The reasons are two: (1) Best estimates now are that more than 63,000,000 persons will be needed in the military and industrial army by the end of next year, and there just aren't that many males available. (2) The example of Great Britain.

The War Manpower Commission this way: 10,000,000 for the armed forces; 20,000,000 in war industry; almost 20,000,000 in civilian industry (practically all of it essential or near-essential); about 8,000,000 for full-time farm production; and about 5,000,000 for seasonal farm work.

They have one weakness, however. The rate of absenteeism is so high among women workers that in some instances, it has actually slowed production seriously. The Labor department and WMC are working hard on this now. Working conditions, hours, recreational facilities and many other things, of course, have much to do with it. As for the women themselves, it is being recommended that employers who wish to avoid absenteeism should hire in this order (after overall requirements of physical fitness, adaptability, experience and attitude have been considered): (1) Young, unmarried women without dependents; (2) Married women, without children; (3) Married women, with children.

If there ever is a draft of women into the war effort in this country, that is probably how they will be classified.

(Tomorrow: The English Example)

The record of women workers in this war is a revolution in the annals of labor history. They are doing everything from time-keeping to heavy manual labor.

Still the consensus of manpower officials is that the potential army of women workers has hardly been tapped. Not until the actual extent of this womanpower is known can the WMC intelligently apply itself to the overall problem of distributing manpower where it will do the most good.

As reports roll in to WMC and the Department of Labor from every employer of women workers from Uncle Sam down to small factory owners who can count their skirted laborers on one hand, the picture of women in industry is beginning to clarify.

For example, it is now almost an industrial truism that women are as adept as, and in most instances even more adept than men at precision work. They learn more rap-

Hollywood Sights And Sounds— Even The Films Tell You That Gamblers Can't Win

By ROBBIN COONS
HOLLYWOOD—A movie set is the place to learn about gambling—the easy way.

Today, for instance, after watching Cary Grant engineer a mighty coup for charity on his gambling

boat for "This Way to Victory," I can let you all in on a secret: Gambling doesn't pay. You can't win.

Cary's job was tough but it was in the script. He had to pick up \$200,000 from a crowd of only 200-odd suckers in a single evening. He did it, of course, but Al Rhein, the technical man, said he doubted that it could be done in a single evening with that small a "house," — "unless," he added, "they fixed the wheels and the cards."

Al is a movie actor and technical adviser today, but he used to be a professional dealer. Worked on the gambling boat Rex—which was subsequently put out of business—and in many another house of dice and cards. It was Al who gave me my short course in gambling—the easy way.

Al, though he's not in the game any more, is still a disciple of "honest gambling."

"It's always proved out," he said, "that a house that deals on the level makes more money than a house that cheats. The sneak joints have to get the money quick because they don't know when they'll be raided. A house where gambling is legal—say in a state that permits it—knows it'll get the money anyway, given enough time. The only way you can beat the house is to have enough money to double your bet each time. You're bound to win eventually. But you have to be in a no-limit game—and the house always puts a limit on bets. See?"

For a "clean game," here's an argument: "You let a man play four or five times and then you pull some dirty work. You break him and distress him. But you play straight, and he wins once in a while, so he'll come back and tell his friends."

The "unseen percentage" in all the games favors the house. A nickel of every dollar spent at roulette goes to the house—the customers don't miss it, unless they're heavy losers) but the

Chapter 21
Between Two Fires
The number is eye-on-eye-on-eye thrumming six," the operator said mechanically. "The number is temporarily out of order."

"Thank you," Puzzled, Mary hung up the receiver. She had already called Mrs. Lloyd, and the entertainment committee chairman, and the hotel. But no one knew where Carmencita was. She must be at her villa, Mary reasoned. It just meant driving right out there to get her.

"Not leaving now, are you Mary?" her mother called as she went through the hall. "Linda just announced dinner."

"Sorry, Mother. I have to do an errand for Dad," and hoped that explanation would suffice.

But her mother persisted. "What errand?"

Mary held her voice steady. "Dan Sherman is terribly ill. He's calling for Carmencita in his delirium. Dad thinks it important that we find her."

"Really. Jan't there anyone else in Santa Phillipa who could run the Lieutenant's errands?"

"Hundreds of people," Mary said, lips tight. "I'm glad that I have the chance to be the one."

Her mother tried to release the tension with a little ripple of laughter. "Don't tell me you too have been impressed by a little gold braid and some brass buttons."

"It isn't the braid and buttons, Mother. It's the man himself who is worth saving."

Mary wished instantly that her anger hadn't betrayed her into showing her hand that way. Especially when her mother was in her present mood.

"Oh—so that's the way the wind blows"—eyebrows arched.

"Don't be silly. I just told you it's Carmencita he's calling for," and turning, Mary ran out the door before she said more that she would be sorry for.

Too Beautiful
Poor mother, she thought as she stepped hard on the accelerator, pushed her car out along the Foot hill Boulevard as fast as she dared. She should have had a different kind of daughter. One who could share her passion for lovely expensive clothes and "important" parties and "important" people. Someone who'd be really thrilled to be a social leader.

Mother had always loved it so, had climbed to her present place in exclusive Santa Phillipa by long patient planning. And then—Mary grimaced ruefully—she had to spoil it all by being "difficult."

"Thank heaven Daddy seemed to understand. Without his unspoken support, Mary never would have

had the courage to stick it out. Carmencita's villa, a lovely imitation of some Mediterranean show-place, nestled against the foothills deep in shrubbery. Mary caught sight of its gleaming white walls. Its tiled roof only when she turned into the gate a road.

Mary had been here only once before. When Porter had brought her out to meet his aunt, the real owner. Even then, Mary had been chilled by the loneliness of the place.

Beautiful, truly artistic, a perfect bit of old-world architecture, still the house lacked something. Porter, later, had suggested they rent it from his aunt for their "honeymoon cottage."

Mary could still remember the shudder that had twisted through her at the thought of living there in that too-perfect, too-lonely villa.

None of its perfection had been marred, Mary noticed as she followed the heavy-footed house-keeper into the drawing room.

"The Senorita is not at home," the florid-faced woman insisted.

Mary smiled sweetly. "But I don't mind waiting. And it's terribly important. A matter of life and death."

The woman shrugged. "I don't know when she will come. It would be better if you left a message."

"I prefer to wait."

Again the woman shrugged. Still obviously disapproving, she stamped off, slammed a door somewhere.

Not really conscious of the fact that she was actually searching for evidence, Mary moved thoughtfully around the room. Rare art treasures, tooled leather-bound first editions, fine tapestry, rich brocade—the room was the art museum Mrs. Dwight Porter had intended.

Port himself had thought she'd overdone it a little. Still, the effect was very grand—and exactly what must please Carmencita in Vega.

Carmencita Slips
Mary found herself picturing the lovely Senorita in her trailing white gowns, her long black cape, her startling contrasts here in this room. Had Dan ever been here, she wondered?

Carmencita would look more beautiful than ever seated there in that high-backed Renaissance chair, framed by its lovely old carving. Or there in the curve of the huge grand piano. Or there against the deep scarlet velvet draperies at the great studio win-

(Continued On Page 9)

Home Fronts And Global Strategy Allied Problems Behind Lines

(This is the fourth in a series of six articles by Mr. Hoover.)
By HERBERT HOOVER

When Russia was invaded she dropped the mental garments of communist internationalism and took on the fighting armor of nationalism. The Russian people rose as of old to defend the soil of Holy Russia. She still holds fast, after the loss of probably 5,000,000 soldiers, 70,000,000 of her population, with a considerable part of her industries and food sources. It is a magnificent defense by a people of unlimited courage. And now she bids fair not only to hold her segment of the ring but to even strike telling blows. From her untapped manpower and her vast hinterlands, she will still be formidable in 1943.

Russia will suffer greatly on the home front. But with the spirit of nationalism reawakened, with the furious hates against an enemy on her own soil cruelly butchering her people, she will keep fighting. But she will need help in food, clothing and arms.

China's Home Front
I have lived in China in years gone by. It is only in the last 25 years that she has developed a national spirit of independence. That spirit has been fiercely flamed by the invasion of her soil and barbaric treatment of her people.

The living standards of the great mass of Chinese are always at bare subsistence level. Famine is the experience of every Chinese village. At present she cannot be reached with much-needed supplies of food or arms. Yet she holds half of her hinterland from the Japanese.

When we try to assess China's spirit, we must remember that Asiatic peoples are less sensitive to death and more stoic in misery than the Western people. The spiritual strength of their home front seems strong, but every possible help must be given to lessen her sufferings.

The British Home Front
For three years the British have made magnificent defensive war. They have lost many battles on the military front. Yet, with a nucleus of 65,000,000 white population, they have held their empire intact except for Burma, Malaya and the Chinese cities.

The battle of Britain was the greatest home-front battle of history. They won by the greatest display of organization, magnificent courage and fortitude on the part of a civilian population that has ever been witnessed.

The people on the home front in Britain are the great heroes of this war. Despite air destruction they have reached the highest point in their industrial production.

In a military way the British Isles are now apparently safe from invasion by land. German tanks will never see Trafalgar Square. Her industries are turning out proportionately more materials than ours.

Britain's greatest problem is the submarine. Her survival on the home front depends upon convoys of materials and food from the United States. If her civil population can be protected from a degree of privation which might undermine its physical strength, they will fight endlessly. There can be no question of their determined spirit.

The American Home Front
On our home front we are in a more favored position than our Allies in one great particular. The airplane has rendered the Atlantic and Pacific oceans wider instead of narrower. No effective sea attack against the Western hemisphere is now possible against adequate land-based planes and our navy. We need have no fear that enemy armies will march through the United States in this war. If we hold our outlying bases we do not need to fear the destruction of systematic air attacks. While we are discommodated, we do not need fear being starved out by submarine block-

ades.

Our task on the home front is different from that of any other nation in the war. We must not only raise large military forces, equip them and transport them overseas but we have an enormous further burden. We must furnish finance, food and munitions to the other United Nations. We must do this in the face of the Axis submarine blockade and the Japanese conquests, which reduce our normal supplies of many commodities from overseas. And we must support our civil population in such a fashion that their physical strength and spirit are not exhausted.

If we are to perform these tasks so as to get this war over without delay, we have no margins for the waste of blunders or mismanagement on our home front.

Our job is production, production and more production. And it is production of planes, ships and arms, and food right now, if the United Nations are to aggressively tighten the rings around the European and Asiatic Axis, and if we are to compel their continuing internal degeneration by effective attrition.

We could wish for better conduct and organization of our civilian front.

Our fighting forces have availed themselves of every experience and every lesson from World War I in building their organization. But these experiences and these lessons have been largely ignored and even repudiated on our civilian front.

All nations in that war, Britain, France, and the United States, and even Germany—had to pioneer the way to total civilian organization. In the end, they all arrived at certain common principles of organization. Our initial and continuing mistake in this war was ignoring this experience and these principles. Only in the past few months has their validity been recognized and only yet partially adopted.

(Tomorrow: "Why America Needs a War Council.")

HE DESERVES IT
FORT DEVENS, Mass. (UP)—The greatest Yank of them all. That's the description given to Maj. Saverio N. Pennino of the dental clinic at this army station, who has extracted 1,206 teeth during a single month.

nickels mount up. That's the "unseen percentage." . . . Al says this isn't telling any trade secrets. And it won't hurt the gambling houses. It's like that traveling salesman in the story. Stranded in a small town, he asked a native if he knew of a game he could get in, to kill a few hours. The native said, "Sure, but it's crooked." So the salesman walked around and pretty soon he found himself in the crooked game. He was cleaned. Back at the station he met the native again. "But didn't I tell you the game was crooked?" the native said. "Sure," said the fellow, "but it was the only game in town."

BRIDGE OUT, CHINESE USE FERRY—Chinese civilians cross a river at Nanchang via ferry. Chinese destroyed the bridge to delay Jap forces invading the Hang Chow-Hanchang-Hankow triangle in the campaign of last summer.

CHEESE WAFFLES

HERE is a recipe for tender, tasty waffles which combines Uncle Sam's biggest bargains in good food—nippy, yellow cheese and velvet-smooth enriched flour with its added B-vitamins and iron.

CHEESE WAFFLES 2 cups sifted enriched flour 3 teaspoons baking powder 1 teaspoon salt 1/2 cup grated cheese 3 eggs, separated 2 cups milk 1/4 cup melted shortening

Ask Ruling On Tax Exemption

SANTA FE, N. M., Jan. 14. (AP)—The federal government today was asked whether housewives in community property states might claim an added \$12 weekly exemption on their husbands' salaries from the 5 per cent Victory Tax.

Supplies To China Terged Very Small

LONDON, Jan. 14. (AP)—Dr. K. C. George Yeh, London director of the Chinese ministry of information, said today that war supplies reaching China are "ridiculously small."

Texan Wounded, But Kept Gun In Action

WASHINGTON, Jan. 14. (AP)—Sgt. Oscar R. Billings of Lubbock, Tex., ball turret gunner on a crippled flying fortress that participated on a raid over France, kept shooting despite a wound in his leg and flames licking around his turret from a wing fire and brought down an enemy plane, the army reported yesterday.

Some People Just Don't Sleep: Take A Look At The Night Cafes

After 12 o'clock when you are tucked in bed, you may think that everybody else is sleeping soundly too. But visit some of the open-all-night eateries and you'll decide that nobody has been going to bed at night but you.
