# SCHOOL BELLS READY TO RING

About the worst mess we've gotten into recently was when Gran'ma had her house painted.

The 15 full-length window screens were removed and painted, and in the process, got themselves somewhat mixed up. After the painter had departed and left Gran'ma to put the screens back in place, she made the unnerving discovery that each was custom made and the screens were not interchangeable because of their different dimensions.

We first learned of this when Gran'ma came panting up on our front porch (her tongue was out about so far) and told us she just couldn't unjumble the 15 screens.

It was now our turn at this homemade Chinese puzzle, and anxious to show our prowess with unusual and difficult situations such as these, we went around the block to Gran'ma's and set to work at once.

Elementary logic indicated it was a matter of elimination:

Take one screen, try it at the first window, if it doesn't work, then go to the next window, and so on around the house. You're bound to hang up one screen per trip, we told ourselves, and furthermore, with each elimination the puzzle would grow easier.

It looked about like a 20-minute job.

But there are things around Gran'ma's that elementary logic doesn't account for. Take the big juniper bushes that grow right up against the house. Wow. They're just like getting past a hundred porcupines. And then those mosquitoes. They really swarm on.

Anyhow, we set to our work, and were pleased to hang two screens in about five minutes. Didn't even have to go around the house before lugging out.

About this time, help arrives, and Gran'ma decides it looks so simple that maybe she can do it too. Others pitch in and it looks as though the job will be done in jig time.

In about ten minutes, there are only three screens left, and three windows—which don't match. Something has gone wrong.

It turns out that the screens will go into a window casing that is larger than they are intended for, so we have some wrong numbers and don't know which.

Everybody decides they know how to solve the problem, so there is a great commotion as screens go on and off at a torrid rate for about another 15 minutes.

This time when we stop, there are four screens left over.

To be complete, our story would of necessity be lengthy. Suffice it to say that we continued our work until there was only one misfit left and everybody was willing to call it quits on that one.

Like we say ever so often (as if we mean it), we try to keep from quoting others in this column to such an extent that we have little to say ourselves.

But again, we have come across something that's so darn good that we just can't resist it. It originally appeared in the Cowlitz County Advocate, Castle Rock, Wash., in 1915, and no doubt has run the gamut of copying since that early date.

You'll probably like it as much as we did:

CONSIDER THE EDITOR. He weareth purple and fine linen. His abode is amongst the mansions of the rich. His wife hath her limousine and his first born sporteth a racing car that can hit her up to forty flat.

Lo! All the people breaketh their necks to hand him money. A child is born unto the wife of a merchant in the bazaar. The physician getteth 10 gold plunks. The editor writeth a stick and a half and teth the multitude that the child tippeth the beam at nine pounds. Yea, he lieth even as a centurion. And the proud father giveth him a Cremona.

Behold, the young one groweth up and graduateth. And the editor putteth into his paper a swell notice. Yea, a peach of a notice. He tetheth of the wisdom of the young woman, and of her exceeding comeliness. Like the roses of Sharon is she and her gown is played up to beat the band. And the dress-maker getteth two score and four iron men. And the editor getteth a note of thanks from the SGG.

The daughter goeth on a journey. And the editor throweth himself on the story of the farewell party. It runneth a column, solid. And the fair one remembereth him from afar off with a picture postal card that costeth six for a jitney.

Behold, she returneth and the youth of the city fall down and worship. She picketh one and Lo, she picketh a lemon. But the editor calleth him one of our most promising young men and getteth away with it. And they send unto him a bid to the wedding feast and behold, the bids are fashioned by Muntgummery Hawbuck, in a far city.

Flowery and long is the wedding notice which the editor printeth. The minister getteth 10 bones. The groom standeth the editor off for a twelve-month subscription.

Schools over the area are taking on an air of feverish activity this week as administrators and faculty members make last-minute preparations for the opening of the fall semester.

With plans for student registrations, books ready to be checked out, faculty meetings and all the other functions that must be decided, school heads are realizing that only a few days remain before the 1955 session begins.

All schools in the Tribune circulation area have set opening days. Bovina was forced to postpone the opening until September 5, to allow more time to complete the new school building in that community. Friona begins classes September 1, Lazbuddie opens its doors September 5, and Farwell and Texico begin Monday, August 29.

### Texico School

Although tomorrow (Friday) will not be a school day for Texico students, it will be the first step in getting classes organized, as students meet for registration. Buses will run on the same routes and at the same times as they did last

year, and students will be returned to their home by noon. Regular classes will then begin on Monday.

The first faculty meeting will be today (Thursday) at 2 o'clock in the afternoon, announces Paul Frederick, school principal.

Only one new face will be seen on the school faculty. Marian Thurman will teach English. Fred Danforth, grade school principal, will also be band and music instructor, replacing George Hill, who resigned to go to Jal, N. M., as band director.

Others on the faculty are Mrs. Wanda Faville, Gretchen Weisler, first grades; Mrs. C. B. Stockton, Mrs. Curtis Miller, second grades; Mrs. Frank Seale, third; Mrs. Avis Patterson, fourth; Mrs. N. W. Peyton, fifth; Mrs. B. A. Rogers, sixth; Mr. and Mrs. Fred Danforth and Curtis Miller, junior high; Tom Hudson, agriculture; Mrs. Jimmie Allman, home economics; Mrs. Agrie Jones, commercial subjects; John Adams, social sciences; C. B. Stockton, history and athletics; Paul Frederick, math and high school principal; and Agrie Jones, physics and superintendent of schools.

Regular meal will be served in the school lunchroom Monday, with Mrs. John Hightower in charge of the cafeteria. Her assistants will be Mrs. R. E. Crooks, Mrs. A. B. Bell, and one other employee to be hired at a meeting of the school board Thursday night, Sept. 1. Mrs. Hugh Tucker, formerly employed at the lunchroom, has resigned, says Jones, and will move with her family to Plainview, where Mr. Tucker has taken a position.

The county nurse, Margie Dixon, will be in the school some time in the first few weeks to check children for smallpox vaccinations and other requirements, say administrators.

Asked about segregation in the school, administrators explain that there were no colored students in the school last year, and they do not know if any will wish to enroll this term. If so, they will be integrated in the regular school system.

## Co. Fair To Have Queen

A pretty Parmer County young lady will be selected this year to reign over the annual county fair, officials have announced, with selection based on votes received by the entries. ESA will be in charge of the contest.

The fair queen will be single, between the ages of 16 and 22, a resident of Parmer County, and will be sponsored by a business, organization or individual. Each sponsor will pay the \$5 entry fee for the queen contestant, and votes will be one cent each with the entry receiving the most votes, crowned as queen of the fair. She will ride in the parade and will reign over the festivities the weekend of the fair.

Deadline for entry in the queen contest is Monday, September 5, and the contest will continue through Friday at the fair, with the queen announced some time that day, Mrs. Joe Helton, president of ESA, says.

Anyone wishing to submit an entry to the contest should mail the name of the contestant and the \$5 fee to Mrs. Joe Helton, Farwell, or contact any ESA member.

## 7 Wheat Varieties To Be Discounted

Seven varieties of wheat grown in Texas are among the 23 varieties across the nation which will be discounted 20 cents per bushel under the 1956 price support program, Joe Camp of the Parmer County ASC office reminds farmers.

These include Early Black-hull, Blue Jacket, Red Chief, Kanking, Chiefkan, New Chief, and Yogo.

The USDA announces, "The 20-cent per bushel discount is designed to discourage planting these varieties because of inferior milling or baking qualities."

All 23 blacklisted varieties constitute only about 3.7 percent of the nation's total wheat production. They are usually grown from specific advantages, such as drought or rust resistance to certain insects, early maturity, or some other local reason.

The varieties, although superior in some ways, are found to be unsuitable for the making of bread and cereals.

It will be up to the producer to certify what type of wheat he is planting this fall, before price supports will become effective for his crop.

Since the wheat price support program is based on a nation-wide average, better varieties of wheat will be boosted somewhat as a result of cutting down on these 23 varieties. The change will be minor, however, since the lower quality varieties are such a small percent of the total production.

## Ware's Grand Opening Scheduled for Friday

The entirely new Ware's department store in Friona will hold its grand opening tomorrow (Friday) between the store hours of 9 a. m. to 6 p. m.

Joe Ferrell, manager, says that the business will handle a general line of merchandise and will keep the same hours every day as mentioned above, except for Saturdays. On this day Ferrell says that Ware's will remain open later, but he is not sure yet what the hours will be.

One of the many prizes to be given away will be a 21 inch TV set. The next ten prizes will consist of \$100 each in Gunn Brothers Stamps. Ferrell adds that favors will be given to the children.

Patrons may register all day Friday and Saturday and need not be present for the drawing on Saturday evening at 6 to win.

## TIABAN IS DRY, SAYS FARWELLITE

Lloyd Cain, who recently returned from his vacation, swears to the veracity of this: Tiaban, N. M., is dry.

He and his family were going west from Melrose on their trip, and ran into a hard rain. It continued for several miles until the little town of Tiaban neared.

Then the rain suddenly stopped, and the town was bone dry as the rains drove through. As soon as they had passed through, the rain commenced again, vows Cain.

For those who don't know, Tiaban is the nearest legally "wet" spot for this locality.

There are about 5,000 different languages in the world.

## SLU-R-RP, WHAT A RECIPE!

The annual Parmer County Fair barbecue, sponsored by the Friona Chamber of Commerce, involves quite a recipe. Dillie Kelley, C-C president, reports the following "ingredients" to assure everyone's satisfaction:

1600 pounds of beef

200 pounds of beans

2000 spoons and forks  
2000 coffee cups  
2000 soda cups  
2000 plates  
20 gallons of pickles  
3 cases of lemons  
15 pounds of coffee  
150 pounds onions

125 loaves of bread  
70 pounds of sugar

It's all free, reports Kelley, and is the biggest drawing card for the annual fair.

The fair will be at the grounds in Friona the weekend of September 8-9-10.

## Little Difficulty Expected Locally With Castor Beans

Although the severe marketing effect that the presence of castor beans has in grain sorghum should not be minimized, it is generally thought this week that Parmer County farmers will experience little if any difficulty with this problem this fall.

Producers were startled last week when Commodity Credit, the government marketing agency, revealed that some loads of grain sorghum produced in downstate Texas were refused at terminal points because of the presence of some of the beans.

Castor beans, in their raw state, present a health menace as they are a protein poison.

In 1953, there were 1500 acres of castor beans grown in Parmer County under a government price support program. They were not grown in any one area, but were liberally sprinkled over the county.

That, so far as the County ASC office knows, was the last crop of castor beans, and few volunteer plants are expected to still be in fields that have since been turned into grain production.

However, Joe Camp, ASC office manager, warns farmers to be on the lookout for this menace. In cases where fields are infested, it will be necessary to remove the beans by hand.

## Lions Urged To Bring Guests To Hear Speaker

Each member of Texico-Farwell Lions Club is asked to bring a farmer guest to the meeting to-night (Thursday) at the Legion hall, when a guest speaker will be present. The speaker is an authority on cotton by-products, according to the program chairman.

At the last meeting of the group, a film "10,000 Foot Deep," was shown. The film was about drilling oil wells in Louisiana.

John H. Cantrell of Portales, N. M., visited Monday with Rev. and Mrs. R. C. Cantrell and family.

## Two Boys Killed In Car Wreck

Richard Lesly, 14, son of Mr. and Mrs. T. O. Lesly of Rt. 1, Friona, and Sigman Durham Smith, 14 year old son of Mr. and Mrs. Leon Smith Sr., also of Rt. 1 Friona, were killed late Friday afternoon when their car ran into the rear of a six wheel truck some three miles north of Muleshoe.

Jack Conner, 16 year old son of Mr. and Mrs. Leon Conner of Farwell was injured in the wreck. He was taken to the hospital in Muleshoe by a passerby. Conner suffered head lacerations, bruises, and ankle injury and a slight degree of shock. His condition was reported as improved on Tuesday.

Dr. T. M. Slemmons of West Plains Hospital pronounced the other two boys dead at the scene of the accident.

The youngsters were traveling south in a car, a 1953 model, when they hit the truck which was going 34-40 miles per hour, according to its driver, N. H. Thorn of Christoval. Thorn was not injured.

All three boys were riding in the front seat of the car driven by Smith.

Funeral services were held for Richard Lesly on Sunday after-

## Watkins Named New Legion Commander

Gilbert Watkins has been elected new commander of the American Legion, in an informal meeting this month.

Other officers to serve with him are Smokey Gast, vice-commander; Joe Camp, adjutant; John Getz, service officer; Joe Helton, sergeant at arms; Tom Wagner, finance officer; and Kirt Crume, chaplain.

Next meeting is September 12. New officers take over their duties October 1.

## Biggest Grain Crop In History Is Likely

The Parmer County area may well look forward to a record production of grain sorghums this fall, according to a survey conducted this week by The Tribune among elevator men.

Many grain dealers expect the average yield to be even greater than the record set last year, when the total production averaged out nearly 3000 pounds per acre—an all-time high.

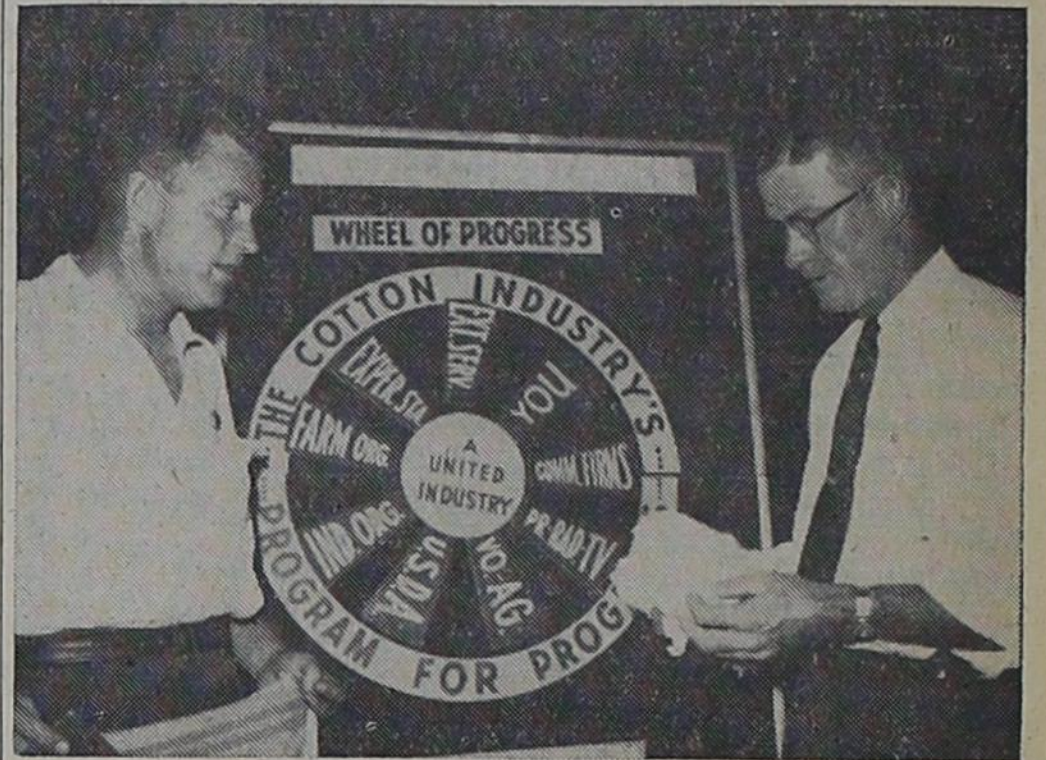

Some yields of over 7,000 pounds were reported in the county last year, but they were in small, well-cared for fields, and amounted to

only a fraction of the county production.

For the first time in years, dryland grain is expected to produce, although its yields will be in no way a comparison with irrigated production. The total grain sorghum acreage in Parmer County is somewhere in the neighborhood of 350,000 acres—with over 300,000 acres of this being under irrigation from the county's 2,000 wells.

All farmers are anxious for more rain—which could make a big difference at this critical stage, but only a few have got-

THAT'S NOT COTTON, BOY

John T. Gregg, left, shows Gilbert Kaltwasser of the Parmer County Farm Bureau what cotton is up against. Kaltwasser is holding a batch of nylon—which is difficult to distinguish from the "real McCoy."

## Cotton Must Promote Sales, Says Gregg

"The Government can't handle this problem," said John T. Gregg, West Texas field representative for the National Cotton Council, at a meeting Friday night in Friona.

He was speaking of the surplus production problem of the cotton industry, which, when this year's crop is harvested, will find itself with a two-year supply of fiber.

Very few cotton producers were on hand to hear Gregg's talk. The attendance did not exceed 40.

That apparently dimmed Gregg's enthusiasm for his subject but little, however, and he spoke from the topic, "How a Brighter Future Can be Shaped for Cotton."

Most of his talk dealt directly with the National Cotton Council. Prior to the conception of this organization, there was no common bond between the six main divisions of the cotton industry.

Now, however, the Council joins together the producer, the ginner, the spinner, the crusher, the warehouseman, and the cotton merchant, in one common aim—to sell more cotton.

Gregg pointed out the great strides made by competing synthetic fibers in recent years.

The outlook for cotton was rosy in the 1920's, said Gregg. "All we had to do was produce, and there was an unlimited market."

Then came synthetics, and the markets narrowed as years went by. Cotton is still making up 70 percent of the nation's fiber market, but rayon production is up to the equivalent of 3,000,000 bales per year—and it's selling for about six cents a pound less than cotton.

Nylon has a 300,000-bale market. Paper products account for another 2,000,000 bales.

This aggressiveness by cotton's competitors has come about through research and development of the products, coupled with up-to-date marketing promotion, says Gregg.

For instance, synthetics are pouring money into production at a rate 80 times greater than the cotton industry.

Gregg ended his talk with a look at the future. Advance research is now underway to determine what must be done to enlarge cotton's

marketing outlook, he said. The answer to this question will soon be available, and Gregg predicts it will mean an increase in promotion work many times over what is being done at the present.

## ASC Communities Elect Officials

Three Parmer County "communities" last week elected delegates and alternates to the county ASC convention. The convention will be in Farwell Monday morning, and at that time, delegates will select three men to serve on the county committee and name two alternates.

Delegate from Community "A" (northern part of county) is James Proctor. Community "B" (southeast part) representative is Archie Tarter. Community "C" (southwest) member is Wendol Christian.

Others elected, but who will not be delegates:

Community "A"—E. G. Phipps, Oscar Baxter, Dean Awtry, Doyle Elliott.

Community "B"—Jimmie Seaton, Ben Foster Jr., Leon Smith, W. J. Coffman.

Community "C"—Truman Kent, H. T. Edwards, Ernest Kube, Henry Haseloff Jr.

Voting this year was light. Only 271 ballots were cast. Last year, 536 voted.

## Farmers Must Sign Housing Statement By September 10

According to information received Monday by the Texas Harvesting Association, from the Department of Labor, farmers who have failed to sign a housing statement or Form 342 A by Sept. 10, will not be permitted to use Mexican Nationals, says Orvin Grogan, manager of the Muleshoe office.

Grogan urges that farmers who are going to need the nationals to help gather their crops, be sure and come by without further delay. Farmers are stating that their crops are the best they have ever raised here, and it is expected to have a large demand for transient labor, Grogan said.

Additional information can be secured from ginner or the county Farm Bureau.

**TO MEET IN CLOVIS**

Members of Farwell Chamber of Commerce Board of Directors will meet with the Board of Directors of The Clovis Chamber of Commerce for a dinner and discussion of various problems of mutual interest to both communities on Tuesday, August 30, at 7 p. m. at the Silver Grill.

The local chamber will meet in regular session on Monday night, August 29, at the Legion Hall.

Visiting with Miss June Hensley during the weekend were Mr. and Mrs. L. B. Hensley Jr. and Marion Hensley of Pampa, Leldon Hensley and Joe Huffman of Walnut Springs, and Miss Patsy Rymer of Friona.

# THE TRIBUNE'S EDITORIAL COMMENT

## Farmers Must Help Sell What They Produce

A change must come about in the thinking of most of the farmers of this nation if the optimum in sales of agricultural products is ever to be achieved.

The discouraging response to a special program presented by a member of the National Cotton Council last week, is indicative, we fear, of the general attitude of producers of this region—and probably the nation over.

John Gregg, who came to tell farmers what the outlook for sales of their highest-income-per-acre-crop is, must feel as we do, and that is that farmers usually don't give a hang what happens to their cotton once it has been taken to the gin.

Our conclusions in this matter have not been drawn from that meeting of last week alone—it simply served as a reminder of what we have seen in other ways.

What the reason for this lack of interest in sales can be is hard to clearly define. The effect of the government serving as a market instead of a storehouse in many instances has no doubt been partly to blame.

However, the problem is more extensive than that, and is largely, we believe, a result of improper education, or better said, the lack of proper education.

With competing fiber (man-made synthetics) pouring money for advertising and sales promotion into their merchandising program at a rate that is 80 times greater than the meager amount allowed the Cotton Council, it is small wonder that cotton, for instance, is hard pressed to keep its grip on present markets, let alone develop new ones.

The day of the "come and get it" slogan is gone forever.

Raw material buyers are not interested so much in how much you have to sell, or surprisingly enough, how much you want for it! They want to know the good points of your product—how your product can be used to open new markets for them.

Manufacturers of rayon, dacron, nylon, and other synthetics are doing this, don't think they're not. They are SELLING THEIR GOOD POINTS and not mentioning their weaknesses!

The USDA and several strong national farm organizations believe that lower prices for farm products will automatically increase consumption of them. So do we—but only to a limited extent.

Instead of making our cotton, our grain sorghum, or wheat sound cheap, we think we ought to be telling the world about how superior they are in so many ways, and how even at \$200 a bale, or \$3 a hundred, or \$3 a bushel, they are tremendous bargains.

This week, the writer's wife was amazed to read an advertisement in the Dallas News wherein a nationally-famous store was offering variety cards for \$2.50 per box. It happened that she was engaged in a money-raising project in connection with an organization to which she belongs, and she had been selling the same brand and style of cards for \$1 per box (25 cents per box more than they cost her). And we feel sure that the Dallas store's sales were enormous on that single item they so effectively promoted.

The same principle of merchandising can be applied, we feel sure, to raw materials as well

## Continued Business Development Is Marked Sign of Progress

With pleasure we note the continued development of business districts of Texico-Farwell, Friona, and Bovina.

Industrial and residential development is certainly to be desired, it is true, but the real heart of every community is its business district.

With a county such as Parmer, with a population over 9,000 and an agricultural income alone in excess of \$25 million, we continue to marvel, however at the apparent lack of foresightedness on the part of investors, who, were they of a mind, could greatly speed the development of retail businesses.

A few comparative figures are interesting. Parmer County's population, as reported by the West Texas Chamber of Commerce, was 9,325 in 1954. Look, may we suggest, at retail development in counties of the same area, which have populations comparable to Parmer's.

Bailey county's population is 8,300—look at Muleshoe's business district. Castro's is 6,950—look at downtown Dimmitt. Surprisingly enough, Deaf Smith County boasts only 10,804 people in the report, yet, compare the development of Hereford with towns of our own immediate area.

The need is apparent and signs of stirring development are cheering. Friona is leading neighboring communities in keeping up with the times, so far as business is concerned. And the announcement was made just this week that a dry goods store is soon to be built in Farwell—its first.

That's good news, but all our small communities need to develop faster.

ferris wheels.

Even if this facet of county fairs has passed, they are still an excellent place for folks who have productive pride to show off their talents and receive token awards for their efforts. In an agricultural county such as we have, the county fair gives the farm folks a chance to show their neighbors and town friends what they have been doing all year, and to share in some of the reflected glory of accomplishment.

Personally, I would hate to see the county fair flounder and fall by the wayside for want of attention and interest. Getting a fair together is a lot of work, but surely someone must feel a terrific sense of pride in seeing a job well done.

And it is written on tablets of jade in letters of gold that the mother flea is the only woman who does not worry about her children going to the dogs.

Football season will be rolling around before we know it. In fact, coaches in Bovina, Friona, Farwell and Lazbuddie are calling the boys out for workouts. They are already getting some hard knocks just getting in shape.

It will seem a little strange, but for the first time since we've been living in Farwell, we are going to be a "spectator," in the strictest sense. Before, we've always kept one eye on the game and the other on our pencil and notebook as we jotted down names, plays and all the essential information for a news story.

Gone are the good old days when we practically caught pneumonia as we ran the sidelines to write a play-by-play account of the games. We did away with that type reporting two years ago, before it did away with us.

But someone else will have the honor of sports reporting this year. We're gonna celebrate.

So will the other occupants of the Farwell press box, probably. The year Ronny was a baby and we carted him up to the press box with us, was a gala one. He managed to take his bottle on the floor of the little room, undergo major changes, and do a little cheering on his own, as we took notes to miss no highlight of the festivities.

We may not know how to act, when we attend a game just for fun!

We swiped this one somewhere: A little boy was saying his go-to-bed prayers in a very low voice.

"I can't hear you, dear," said mother whispered.

"Wasn't talking to you," said the wee one firmly.

Texico and Farwell have a lot to offer as shopping centers, but there are still many articles that one

would have to drive to another city to purchase. So it is with anticipation that many citizens await the opening of the new ready-to-wear store to be operated by the Hardages.

Too, their new modern building will be a nice addition to the community. As other merchants modernize or build new buildings, our old front on The Tribune looks more and more drab, by comparison. Our secret dream is to give the old shop a face-lifting on the outside to match the nice front on the business next door. One of these days, we will accomplish this too.

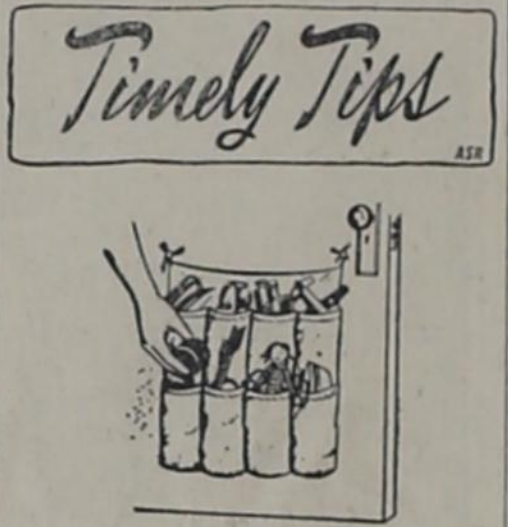

We managed to build offices in the old shop two years ago, which still shock subscribers who come in yearly to renew and miss seeing the old desk right there in the doorway, to greet all customers. We have lost that old homey feeling the big room gives, but we have also lost some of the confusion of getting the paper out (very little).

Our plan was to do our remodeling on the outside (new sign and all) this year, but when our car was wrecked, we had to postpone the change. Then summer came and the back shop became the sweat shop, so air conditioning was needed. If nothing else comes up, we still have hopes.

We hadn't given it much thought before, but when does a woman become old enough to attain a different classification than "the girls?" Most all of us refer to other members of organizations as girls.

We commonly refer to the group of which we are a member as "the ESA girls," and much as we hate to admit it, none of us are in the teen-age category anymore. And we've heard women older than we, refer to their friends as "the girls."

Frankly, we like it! It gives us

Make a convenient small toy catch-all... tack a shoe bag at an easy-to-reach height on the play room door. Helps impress the importance of neatness on the youngsters... saves you work.

the feeling of informality that we feel, makes people enjoy the company of others. But we can remember when we felt much more like a "young lady," but that was when we were a young "girl."

The same is true on the other side of the fence, so to speak. When we were in high school, we would hear the expression among the boys, "come on men," but now that these same people are men, when they have a night away from the family, they are out with the "boys."

Maybe we just like to attain what we are not—a quirk of human nature.

PAT ON THE BACK CORNER—We salute Bob Brooks, president of the Farwell Chamber of Commerce, who has an important but thankless

job. If the CC doesn't get things done this year, it won't be because Brooks hasn't spent a maximum of time and effort. If all members would do a third as much, what wouldn't we see!

## Careful with Grass Cuttings, Says City

Citizens of Farwell are requested to be careful when they dump lawn cuttings, if they expect the garbage servicemen to carry refuse off.

"Don't put your cuttings in a barrel," say city officials. "Pull them on a clean place near the barrel, but not on top of cans or other trash that makes it impossible for the attendants to scoop them up."

Several 1955 seniors will be enrolling in various colleges and

universities this month and next. They will be entering a new era in their lives—one of the most important. Some are going to school because they have nothing better to do, others are seeking to find what profession they wish to pursue, and some are mature enough to further their education for an already-decided profession.

Whatever the reason for going, we feel that these students will be setting a pattern for their later lives as they meet new situations away from home. We admire them!

Give the weeds an inch and they'll take a yard—if you don't believe it, drive by the Grahams some time.

Remarks from Carroll Pouncy's column in "The Littlefield News" might well apply to our county. Below, he presents a few well-chosen remarks on county fairs.

The county fair is getting off to a late start this year, and as usual,

only a handful of interested folks will wind up doing all the work, and incidentally getting a lot of criticism. It's easier, of course, to sit by and gripe about the efforts of others when we are not doing anything to help. Gives you a more objective view and a keener eye for finding faults to point out.

County fairs are traditional, and have probably outgrown the purpose for which they originally started. Long years ago, the county fairs used to be THE big gathering point of the year, when everybody in the county got to see everybody else at least once. Families came and stayed all week, bringing their own tents and household goods for a temporary camp. Fierce competition prevailed in all departments, and especially in the agricultural exhibits and livestock.

The geegaws and tinsel of the carnival were not nearly so shoddy as they seem these days, and fellowship was more important than

"We Service Our Own Sales"

Miss Sharon Cox of Carlsbad, N. M., arrived Monday to visit a few days with her aunt and uncle, Mr. and Mrs. A. T. Watts and family.

Mr. and Mrs. Ansel Doolittle and Debbie, and Ted and Bill Roth returned Tuesday from Maud, Okla., where they had been visiting Mr. and Mrs. C. E. Wiley.

### Some Wanna', Some Don't, But Monday They're All Gonna

"School days, school days, dear old golden rule days. Readin' and ritin' and rithmetic, taught to the tune of a licorice stick." The words have changed some since the song was first written, but when September rolls around and school bells start to ring, the meaning continues to linger as children the world over start schoolward once more.

To learn the sentiment of Texico-Farwell students on the opening of school, a number of students from each school were asked "Are You ready for school to start?"

Miss Susan Levins, who will be a junior at Texico High this fall, says, "No, I have too much fun in the summer and I dread going back to work." Fearing that some of her instructors might read this, she hastily added, "But I'm looking forward to it more this year than I usually do."

Patricia Patterson, seventh grader at Texico, says she will be glad for school to start because this year she will be in Junior High and she thinks that might be "a little different."

"Shoot no!" is the sentiment of Mike Getz, sixth grader at Farwell, when approached on the subject of the starting of school.

A junior at Texico High this fall, Mikala Faville says that she is still undecided whether or not she is ready for school to start.

Bert Williams, a Farwell senior, has no comment to make about the starting of school, but he did venture to say that he'd be glad when basketball season arrived.

Koleta Doshier, Texico seventh grader, is anxious for school to start so that she can see all the kids again.

Farwell seventh grader, Carroll Huggins, says that he's ready for school to start so that he can play football.

Elaine Magness, a Farwell senior, says that she really doesn't know whether or not she'll be glad for school to start. She did mention that she will be glad to see all the kids again.

A freshman at Texico High School, David Lockhart says "I think I'll be ready for school to start. After three months of vacationing, I think most kids are ready."

Glenna Davis, Farwell senior, joyfully admitted "Oh yes" when asked if she was ready for the starting of school. She further stated that she really enjoyed school and also that she could "quit work" when school begins.

As he fell to the floor tearing his hair, Danny Huffaker, Farwell third grader yelled "Gosh no. I hate school!" (The word hate couldn't possibly have expressed all the feeling he felt.)

Diane Lovelace, who will be a second grader at Farwell, said that she likes school and that she would "really be glad when it starts."

"Yes, I'm ready for school to start because I like the teachers, music and band" is the comment given by Janice Adams, Texico sixth grader.

Ted Roth, freshman at Texico, says he doesn't know whether or not he's ready for school to start.

Ted's brother Bill, who will be a seventh grader at Texico mumbled "Oh, I guess so," when asked about school starting.

Ready or not, Monday is the day they'll all dig their books from dusty corners and trudge or skip (depending on their feelings about the situation) to school for another nine months of work and play.

Try beating the train to a railroad crossing if you want to put a real lasting finish on your car. Ever wonder why after dinner speakers are usually men? Women can't wait that long.

### WITH COTTON ON MOUNT EVEREST

Majority of the tents used by the conquerors of Mount Everest were made of a blended cloth, predominantly cotton. The fabric's high percentage of cotton gave it its weatherproof construction the "breathing" properties without which tents might have been uncomfortably hot and muggy.—(The Times—London—World Copyright reserved by Himalayan Committee.)

### Newspaper Speakers Announced by TPA

AUSTIN—Plans for an "all-out" observance of National Newspaper Week, Oct. 1-8, have been announced by the Texas Press Association, according to TPA President Russell W. Bryant, publisher of the Italy News-Herald.

A speakers bureau of more than 50 publishers from all sections of the state has been named by the association. Speakers will be available for appearances before all types of civic and social organizations during the week.

Slogan for the 1958 observance of National Newspaper Week is "Your Newspaper Fights for Your Right to Know." TPA hopes to impress upon newspaper readers the fact that newspapers need to

obtain information in order to keep the Texas public an informed public.

"Recent instances of misdealing by public officials never would have been possible if the newspapermen and women of Texas had had free access to public records," Bryant said. "It has been proven again and again that the public will take action if it is armed with the information on which to act."

Organizations desiring to take part in the National Newspaper Week observance may make arrangements for speakers through their local newspaper publishers, or by writing direct to the Texas Press Association, 1716 San Antonio Street, Austin.

## Susan Levins to Meeting at Purdue

Miss Susan Levins, daughter of Mr. and Mrs. Ira S. Bevins, Texico, is among the 5,000 youth from the United States and foreign countries who are at Purdue University in Lafayette, Ind., this week to attend the National Methodist Youth Convocation.

The convocation, whose theme is "Our Christian Witness in the World of Struggle," opened on Monday, August 22, and will continue through Friday, August 26.

Miss Levins boarded a chartered bus at Clovis Friday afternoon with 33 other West Texas and New Mexico representatives to the convocation. In charge of the delegation is Rev. J. R. Bunts, pastor of the Trinity Methodist Church of Clovis. Mrs. C. B. Norris, also of Clovis, accompanied the group as a chaperone.

The group representing the Methodist Church of the New Mexico Annual Conference will return home August 30 after visiting in Chicago for one and one half days. Convocation attendants from Clovis are Nancy Echols, Beth Nord, Roy Melugin and Charles Hardwick.

## Mrs. Graham Hostess To WSCS Wednesday

Mrs. W. H. Graham Sr. was hostess to members of the WSCS of Hamlin Memorial Methodist Church on Wednesday morning, August 24.

Mrs. J. A. Cox was leader of the program, "A Vision of the Better Life." Mrs. Albert Thomas and Mrs. A. D. Smith gave parts of the program.

Mrs. B. N. Graham presided at a business session at which time members voted to send \$15 to Africa and the Philippine Islands for mission work.

Mrs. R. C. Cantrell was elected as promotion secretary to fill the position recently vacated by Mrs. Clay Beavers.

Mrs. Graham urged WSCS members to attend the zone meeting to be held August 30 at Floyd, N. M.

Refreshments of coffee and doughnuts were served to Mesdames J. A. Cox, B. N. Graham, A. H. Overstreet, Albert Thomas, Lena Yoder, Grace Sanders, R. C. Cantrell, A. D. Smith, Marion Buck and the hostess, Mrs. Graham.

## To Amarillo

Mrs. W. H. Graham went to Hereford and accompanied her daughter, Mrs. Vance Crume, to Amarillo on Thursday. Judy, Betsy and Prissy Crume returned home with their grandmother for a short visit. They went back home by bus Saturday.

## Midway HD Club Has Business Meet

Members of the Midway Home Demonstration Club met Tuesday afternoon, August 16, in the home of Mrs. Beulah Redwine for a business meeting. Date of the club's annual family night and picnic was changed from Friday, August 26 to Thursday, August 25 (tonight) because of conflict with other meetings.

The club also voted to give \$10 to the Farmer County Fair. Mrs. Mildred Redwine and Mrs. Davis Gulley gave reports on the meeting of the HD Council exhibit committee meeting held in Farwell on Monday afternoon, August 15.

The Midway Club will have charge of the hobbies division of the exhibits at the fair.

Members present for Tuesday's meeting were Mesdames Eliene Chitwood, Mildred Redwine, Louella White, Elzada Gulley and the hostess, Beulah Redwine.

The hostess served refreshments of fruit punch and cookies to those present. Next meeting of the club will be held on Tuesday, September 6.

## Visit in Means Home

Mr. and Mrs. Robert L. Means and children of Long Beach, Calif., visited last week in the home of his uncle and family, Mr. and Mrs. Les Means.

Dinner guests in the Means home Thursday were Mr. and Mrs. J. E. Stone and Crawford Walton. Calling in the Means home later that evening was Harold Killian.

## Texico WMU Has Mission Study

WMU of Texico Baptist Church met Wednesday afternoon at the church for mission study on "The Moslem World." Mrs. B. A. Kelley taught Wednesday's lesson.

The group will meet next Wednesday at the church for a continuation of mission study. All members of the organization are urged to attend and new members are cordially invited.

Those present for this week's meeting were Mrs. B. A. Kelley, Mrs. Olan Schleuter, Mrs. Morgan Billington, Mrs. Nell Autrey, Mrs. C. C. Morgan and Mrs. Henry.

## Return From Vacation

Mrs. Amos Shockley and daughter, Myrtice, returned last week from a vacation trip to Los Angeles, Calif. While there they visited Mr. and Mrs. J. P. Snider and family.

Mrs. Shockley says that they particularly enjoyed visiting Disneyland and that it is a special treat for children.

Mrs. Shockley and Mrs. Snider are daughters of Rev. and Mrs. C. C. Morgan of Texico.

## To Family Reunion

Mr. and Mrs. Percy Tipton and Fern, and Mr. and Mrs. Woodrow Brown, Sharon and Johnny left last Thursday night for Jacksonville, Tex., where they attended the seventh annual Womack family reunion.

The reunion of Mrs. Tipton's relatives was held at Love's Lookout Park at Jacksonville and about 200 relatives were there for the occasion.

Returning home with the group was Gerald Brown who had been visiting there.

On the return trip, the group stopped in Plainview to visit the Tipton's son and family, Mr. and Mrs. Bert Tipton.

## Take Weekend Trip

Mr. and Mrs. B. N. Graham returned Monday afternoon after spending the weekend visiting relatives.

The Grahams went to Lubbock Friday to visit their son and family, Mr. and Mrs. John Graham. From there, Mrs. Graham went to Lamesa to visit a sister, and Mr. Graham and Howard Graham made a trip to Iraan. They all returned to Lubbock Sunday night.

## HOW TO GREASE YOUR OWN CAR

### FIRST

Put on your dirtiest clothes so you can crawl under your car.

### SECOND

Buy a supply of transmission, differential, universal joint, water pump and pressure grease, a grease gun and a spray gun. Also some penetrating oil and No. 40 oil.

### THIRD

Equip yourself with lots of strong words such as "Darn," and "Oh Hang," and the like to use on the joints where the grease doesn't want to come through. Keep using these words until the grease comes out on the other side.

### FOURTH

Buy yourself a complete set of wrenches to use on the containers that must be opened to inspect the lubricating supply inside. Also, some new skin to graft on your knuckles when the wrench slips.

**SCHOOL—**

(Continued From Page 1)

are John Hadley, president; Murray White, secretary; T. T. Doolittle, C. C. Curry, and Glenn Singletary. Mrs. Coeta Doolittle is school secretary. Custodians are T. H. Richey and Stanley Stewart. N. W. Peyton is in charge of the bus system for the school. Drivers for this year will include John Adams, Fred Danforth, Allen Kelley, Lula Daniels, Mrs. Lucille Stover, and Leon Doolittle.

Officials say workmen are continuing the building of the new school building, but completion date is not definite at this time. Administrators had hoped to move into the building by Thanksgiving.

**Lazbuddie**

Doors of Lazbuddie school will open Monday morning, September 5, with pre-school youngsters (students starting in the first grade) registering Tuesday, August 30. Also high school students will register that day. Hours for upper classmen to enroll are from 9 to 11 a. m. and 1 to 4 p. m.

First faculty meeting is slated at 9 o'clock in the morning on Thursday, September 1. The complete faculty list is not available at this time, since some vacancies still exist, says Supt. J. G. Ward.

Regular bus runs will be made Friday, Sept. 2, to bring all grade school youngsters to the school for registration. This includes pupils from grades 1 through 8, says Ward. Students will be returned to their home in time for lunch as the cafeteria will not be open on that date. Regular meals will begin in the lunchroom on the opening day of school, Sept. 5.

Other important meetings will be August 31, pep squad at 2 p. m.; August 31, freshmen football boys at 2 p. m. for football equipment; and Monday, August 29, at 8:30 p. m., Booster Club meeting. Ward says further information will be released later on the Lazbuddie school opening.

**Farwell Schools**

Regular classes will begin Monday at Farwell, with enrollment planned for this weekend. Juniors and seniors are registering today (Thursday) and freshmen and sophomores are signing up tomorrow (Friday). Sophomores register in the morning and freshmen learn their class schedules in the afternoon.

School officials stress the fact that all beginners must have some means of certifying their ages. They must also have their required shots if at all possible, before the beginning of school. These include smallpox vaccinations, and the combination shot of tetanus, diphtheria and whooping cough.

Buses will run Monday morning, with about the same schedule and routes as were used at the end of the term last May. School will be held all day Monday and lunch will be served in the cafeteria at noon. First assembly program to be for the public is planned September 1 at 10 o'clock in the morning.

Elementary pupils are asked to bring last year's book cards and report cards, says L. B. Penick, grade school principal. Also, he announces that pupils have already been assigned to teachers. He invites parents to visit the school at any time.

Board of trustees for Farwell includes C. C. Christian, president; Dick Gerles, vice-president; A. W. Guber, secretary; L. L. Norton, Walter Kaltwasser, J. T. Ford and Paul Wurster.

Jack Williams is superintendent and high school principal is George Childress, who replaces W. M. Roberts, who went to Estelline. New elementary principal is L. B. Penick, replacing Kenneth Fields, who took a position at Friona.

Returning instructors in high school are Mrs. H. K. Milford, English; H. K. Milford, sciences; Mrs. Erma Jobs, music; Calvin Murray, mathematics and athletic director; Robert Morton, agriculture; and R. B. Tucker, biology and grade coach.

New high school faculty members are A. D. Daniel, English, library and plays; Mrs. Irene Jones, business; Russell Young, science and coach; Mrs. Laura Penick, vocational home economics.

Teaching in the grade school will be Mrs. Elsie Cain, first grade; Mrs. Exa Hopkins and Mrs. Lenton Pool, second grades; Mrs. Ila Huffaker, third; Mrs. Margaret Kennedy, fifth. All the above named are returning instructors. New on the faculty are: Mrs. Willie Daniel, first; Mrs. Louie Childress, third; Mrs. Hattie Coffey, fourth; and Mrs. Gladys Eggers, fifth.

Teaching in junior high will be Mrs. Marie Ellyson, James T. Allen, R. B. Tucker, Shelby Jobs and Russell Young.

Mrs. J. T. Lockhart will again serve as school nurse, Mrs. Tucker is school supervisor and secretary is Mrs. Eugenia Murray. Custodians are R. S. Tucker and H. H. Petree.

Mrs. Travis Brown is again lunchroom supervisor, assisted by Mesdames Willie Hardage, Velma McDorman, Charles Hromas, Herbert Potts, Annabel Hillock and Nora Billingsley.

H. R. Crook is bus foreman, and drivers will be Eddie Smith, Jerry Owen, Truitt Hardage, Gerald Hardage, Dean Jones, A. D. Daniel, Robert Hukill and Jimmy Schell.

**Friona Schools**

Students of Friona Schools will be ready to begin classes by September 1, announces Dillie Kel-

ley, superintendent, with high school pupils registering next week. Seniors will enroll August 29, from 8 to 12 in the morning and juniors will schedule classes that afternoon from 1 o'clock until 5 p. m.

August 30 is the day for enrollment of the sophomores and freshmen. Morning registration from 8 a. m. until noon is planned for the second year students and freshmen will enroll that afternoon from 1 to 5 p. m.

General faculty meeting is planned at 1 o'clock in the afternoon on August 31.

On September 1, opening day, school will be held all day with buses running and lunch served in the cafeteria. Kelley predicts about 900 enrollment this year.

He emphasizes that beginners should have certification of their ages, and must have their smallpox vaccinations by the first day of school. Administrators prefer that the youngsters also have their 3-in-1 shots.

Buses will have approximately the same schedule as last year. J. P. Ready is bus foreman and all drivers have been hired although the names were not available this week. Five new 48-passenger buses are to be on hand by the opening of school, with a total of 10 vehicles to be in use. An athletic bus is also maintained for school use.

D. C. Herring is president of the Friona school board and James Fortenberry is secretary. Other members are Arthur Drake, Clyde Hays, Cordie Potts, Hoyt Smith and Hadley Reeve. At a special meeting last week, the school budget was approved and other necessary business discussed.

Asked about facilities, Kelley says the new band hall is not ready, but the new science room will be ready for use. Four new lab tables have been ordered and facilities will accommodate 32 students. A fume hood has also been ordered for the room which will serve as a combination lab and lecture room.

The football field is also in good shape for the beginning of the conference for the Friona Chiefs. New lights and poles have been installed. "Instead of 32 lights, we now have 64. We have a Class A lighted field now" Kelley adds. Practice began Monday with about 40 trainees out for practice.

The faculty members will be entertained with a social by the seniors of the school on the night of September 1, at the home of Hap Fairchild.

The band began practice Monday and has had a session each day this week, under the direction of J. D. Frye. About 60 students will make up the high school band this year, and 11 additional uniforms have been ordered. Added to

the musical group are two baritone horns this year. First appearance of the organization will be at the football game with Vega September 9 and the group will also march in the parade at the Parmer County Fair in September.

Mrs. Howard Mayfield is cafeteria manager and Emmarie Lehnick is school secretary. Dr. Paul Spring serves as school doctor. Custodians are Arthur Hilton, high school; Clarence Ashcraft, junior high; and Fred Lloyd, elementary.

Asked about the faculty, Kelley says one new teacher has been hired since the announcement in last week's paper giving the list of teachers. She is Mrs. Marguerite Perry of Shawnee, Okla., who will teach the fifth grade. She was an elementary major and has her bachelor's degree.

**Bovina Schools**

Both the first day of school and the open house planned for the new building in Bovina have been postponed, according to Supt. W. H. Willoughby.

Registration will be on Friday, Sept. 2. Buses will run regular routes Friday morning, and will return students to their homes by noon.

A more detailed story will be found in the Bovina section of the paper.

**Ex-Officio School Superintendent**

A. D. Smith indicated this week that enrollment in the four Parmer County schools will attain a new all-time high this fall.

According to a pre-school census received at his office this past week, the county superintendent reports that 2039 students have been listed. This shows an increase of over 200 from the previous year.

He added that actual enrollment will very likely exceed this number.

Mr. and Mrs. M. C. Roberts left Sunday evening for a business trip to Santa Fe, N. M. They planned to go to Taos and Red River, N. M., before returning home this afternoon (Thursday).

Mrs. Ray Tharp and children returned this week from a vacation trip to California.

The 1950 amendments to the Social Security Act lowered, considerably, the amount of work required of the worker before payments where death occurred before of deceased persons. For example, in the case of a 40 year old employee who died in August, 1950, he originally had to have worked almost 7 years in social security covered work for payments to be made to his survivors. Had he died one month later, in September, the requirement would have been only 1 1/2 years of covered work. This change in the law, however, did not change the requirements where death occurred before September, 1950.

The 1954 amendments corrected this situation. Payments can now be made to the following survivors of a person who died before September, 1950, with at least 1 1/2 years of covered work:

1. Minor children still under age 18 who were living with the worker or dependent upon him at time of his death.
2. Unremarried widows of such workers who have such children in their care, and unremarried widows at age 65.
3. Dependent parents of such workers, if now 65 years of age and if workers left no child nor widow entitled to payments.

The following points should be noted in connection with this

change: No lump-sum death payment is possible in these cases; the rules for payments to dependent parents remain unchanged; payments can be retroactive as much as 12 months, but no earlier than September, 1954.

Inquiries about these changes should be addressed to the Social Security Office, Amarillo, Texas.

**NOTICE OF PUBLIC HEARING ON BUDGET**

The Commissioners Court of Parmer County, Texas, will convene at the Courthouse in Farwell, Texas, on September 12, 1955, at 10:30 o'clock a. m., to adopt Budget for Parmer County, Texas. All persons who are interested are invited to be present at the adoption of the County Budget.

**LETTERS**

To The Editor

W. H. Graham, Jr. The State Line Tribune Farwell, Texas

Dear Fellow Slave:

You have a very fine newspaper and we are happy to exchange with you. We work like the Devil at our office and pay out all the receipts for labor, repairs, rent, stock, donations and taxes. . . but hope you find the going easier and more profitable.

With it all, however, we like it. We suppose it is a mental failing . . . but who wants to be sane?

Fraternally, THE KAUFMAN HERALD Jack Callan

Mr. and Mrs. R. D. Gee of Houston visited briefly with his sister and family, Mr. and Mrs. Percy Tipton. The group spent the week-end visiting Carlsbad Caverns.

Mr. and Mrs. Clay Henson and Ronny, and Billy McDonald returned Thursday afternoon from a short vacation trip to Red River, Santa Fe and Taos, N. M.

Then there is the guy who gave his girl friend some tooth paste, but her tooth fell out anyway.

Mrs. Lorene Bosler and Gene returned Thursday from a week's vacation at San Antonio where they visited Mrs. Bosler's sister and family.

**Hunt Weapons Curbed Little**

Texas hunting on a statewide basis this fall will not be marked by any substantial changes in the means of taking wildlife, according to the Executive Secretary of the Game and Fish Commission.

But scattered areas, primarily the newly grouped regulatory authority areas, have ordered some changes. For example, four Hill Country counties—Kerr, Gillespie, Mason and Llano—have proposed outlawing use of shotguns in harvesting deer like the original six counties in the so-called Poqsum Kingdom bracket.

This quartet of counties also barred use of .22 calibre rifles using rim-fire ammunition. A similar ban has been in effect in the 28-county Panhandle regulatory area.

By act of the last Legislature, both Upshur and Wood counties in northeast Texas prohibit between-season hunting in "deer territory with shotgun loaded with buckshot or slug or rifle larger than .22 calibre."

Both the Panhandle counties and the four Hill Country counties, authorized by Legislative act to adjust their own hunting regulations from season to season, do allow high velocity center fire .22 calibre bullets.

A slight advancement in the sport of archery was scored when the three county bracket of northeast Texas counties voted to permit use of bow and arrow for big game. They are Red River, Titus and Fannin Counties. However, Titus County voted to keep the deer season closed this fall.

The 28-county Panhandle group already had authorized use of bow and arrow for deer hunters. Both areas stipulated that archery could be followed in taking big game only by "express permission of the landowner."

The sportier angle to bow and arrow usage comes through Panhandle area allowance for wild turkey hunting with the land owner's consent, and under the 1954 waterfowl regulations presumably to be renewed, permitting practice of archery on ducks and geese.

Wide latitude in gun preference continues under the General State Law covering deer hunting for most of the state. It states under means of taking, "No restriction as to type of gun."

The pattern for shotgun usage for wing shooting has been well standardized said the Executive Secretary. Scatter guns for quail, doves and waterfowl may not be larger than ten gauge and must be plugged to hold no more than three shells. Rifles may not be used to shoot either waterfowl or doves.

Many more people get on in the world than up in it.

### Pick-Up Order Nabs Burglars Next Day

A quick arrest resulted after a pick-up message was sent from the sheriff's office this week, and two young men charged with burglarizing a Farmer County home are in custody.

Clayton Tatum, 20, and Ted Matney, 29, both Idaho residents, were jailed in Arnett, Okla., Monday. They are charged with burglary and theft at the Bill Glenn home seven miles northeast of Farwell.

The burglary was discovered Sunday after church, by the Glens, and it was believed to have occurred between 11 and 12 o'clock. Their house was unlocked. Stolen was about \$125 worth of merchandise, including a radio-record player, a pair of women's boots, and clothing.

It has all been recovered. Sheriff Lovelace says that the pair charged with the act will be returned here to answer charges in the near future.

### Man Picked Up For Authorities

The Parmer County sheriff's department this week picked up James D. Carpenter, 20, Friona, on a warrant from Dallas County for theft of a boat and trailer.

He was returned to Dallas Tuesday by officers from that county. A boat also was recovered by county officers for Dallas, together with a motor for officers in Pryor, Okla.

### John Mount Returns Home After Surgery

John Mount was returned to his home Monday after spending three weeks in a Clovis hospital. He was recuperating from major surgery.

His wife describes his condition as good, although he will be unable to resume work for some time. He will undergo further surgery when his condition permits.

### Johnny McCuan Has Operation Wednesday

Johnny McCuan, son of Mr. and Mrs. Dale McCuan, underwent surgery on his back Wednesday at Northwest Texas Hospital at Amarillo. His condition was favorable at the time of the report, but results of the operation will not be known for several days. Johnny is in room 136 at the hos-

pital and will appreciate receiving cards and letters during his stay there which will probably be 10 to 12 days.

Rev. and Mrs. E. J. Keith and sons, Mrs. John Porter and Johnnie Pedroso were in Amarillo Wednesday to be at the bedside of Johnny.

Pedroso, of Howard Payne College has been with Rev. Keith in Dora, N. M., where Rev. Keith held a revival. He was song leader at the revival held at the Farwell Baptist Church recently.

### TEXICO BAPTIST CHURCH

Rev. C. C. Morgan, Pastor

Attendance at Sunday School was 141 on Sunday morning, August 21. Training union attendance was 69.

Six additions, two by baptism and four by letter, were made to the church Sunday. Baptismal services were held Sunday night.

Three members of the junior GA organization met at the church on Wednesday afternoon, August 17, with Mrs. Mark Fairman, leader, in charge.

The group studied a lesson on how they could be missionaries at school. Present for the lesson were Doris Webster, Carol White and Wanda Morgan.

WMU met Wednesday afternoon of last week for Bible Study with five members present. In the absence of Mrs. D. J. Brown, Bible Study leader, the pastor, Rev. Morgan, gave the Bible lesson. Theme of the lesson was "Using Oneself as a Vessel for the Lord." Those present were Mrs. C. C. Morgan, Mrs. R. D. Webster, Mrs. Olan Schleuter, Mrs. B. A. Kelley, Mrs. J. O. Ford and the pastor.

Rev. Hubert Foust of Graham, Texas, will be here to preach in the revival which will begin Friday, September 2. Song leader for the revival will be Rev. Sam Allen of Claremore, Okla.

The church will have a memorial service in observance of the 50th year of the church's establishment on Sunday, September 11. This will be the closing day of the revival and will be "a sort of homecoming" according to the pastor, Rev. C. C. Morgan.

Rev. Morgan says that a special program has been planned for the all day meeting and that retired pastors of the church will speak during the afternoon program. Everyone is cordially invited to attend.

Mr. and Mrs. Bob Cantrell and sons of Dallas visited Thursday and Friday of last week with her brother and family, Mr. and Mrs. Mose Glasscock.

### In Nebraska

Mr. and Mrs. A. E. Hapke and children left Saturday for a weeks' vacation trip to parts of Nebraska. The Hapkes plan to return via Colorado where they will visit Andre Palmateer, a former Texico resident.

### UNDERGOES SURGERY

Edie Smith was reported to be "doing nicely" Wednesday after undergoing surgery at Clovis Memorial Hospital on Tuesday morning. Date of his return home is not known at the present time.

### FARWELL BAPTIST NEWS

Rev. E. J. Keith, Pastor

Pastor of the church, Rev. Keith, returned Sunday from Dora, N. M., where he had been preaching at a revival. Rev. Keith reports that seven additions were made to the church during the meeting.

School of Missions will be held at the local church each night starting Sunday, September 4, and continuing through Friday night, September 9.

Names of missionaries who will be guest speakers during the School of Missions will be announced next week.

The pastor reports that many fine comments have been made concerning the program presented by the young people of the church on Sunday morning.

Morris Reed, Glyn Hardage and Jerry Henson were speakers for the morning service and music was furnished by the youth choir.

## HOPPERS—

(Continued From Page 1)

All flesh is grass and in time the wife is gathered into the silo. The minister getteth his bit. The editor printeth a death notice, two columns of obituary, three lodge notices, a cubit of poetry and a card of thanks. And he forgetteth to read proof on the head, and the darned thing cometh out "Gone to Her Last Roasting Place."

And all that are akin to the deceased jumpeth on the editor with exceeding great jumps. And they pulleth out their ads and cancelleth their subscriptions and they swing the hammer unto the third and fourth generations.

Canst thou beat it?

We're in the doghouse with Bob Anderson, one of Farwell's boosters, for referring to the volunteer paving program as being a 7-to-10 block project. 'Tain't so, he asserts. The paving will run 20 blocks or more if the Stagner addition is included—and it should be, he says, because the city isn't having to pay for it.

We'll publicly admit our sins in this matter and revise our figures upward about three times over. Paving is one thing we don't mind bragging on—anywhere!

## Crops Look Good, Say Grain Men

(Continued from Page 1)

Storage Tremendous  
Storage facilities in this great grain-producing area are tremen-

dous. The total capacity of the 14 elevators in Texico-Farwell, Lariat, Friona, Black, and Bovina is 11,340,000 bushels.

Of that, 9,470,000 is expected to be available for the fall grain sorghum crop. The remainder of storage is usually taken up by Commodity Credit stored grain.

Whether this storage will be sufficient is problematical. Last year's grain sorghum production totaled 12,000,000 bushels. This year's is almost certain to be substantially greater—perhaps over 15,000,000 bushels.

A small amount of storage will be available on farms, and a number of elevators depend on immediate move-out of grain to terminal elevators in distant points.

The ability of the grain to move will likely have some bearing on whether storage problems arise this fall.

**Most Grain Men Optimistic**  
Following is a report on the opinions of elevator men across the area on the 1955 grain sorghum crop outlook:

### TEXICO-FARWELL Roberts Seed

M. C. Roberts expects greater production in the Texico-Farwell area this year, including some dryland grain which has missed for several years. However, he considers the condition of the crop "very critical" and in need of rain at the present time.

**Lone Star**  
Bob Brooks believes crop conditions were "the best ever" two weeks ago but the outlook has declined since that time. The prospects are still excellent, however, he thinks.

He estimates dryland production will be about 700 pounds (unless more rain comes), and irrigated grain will average about 3000 pounds.

### Worley Grain

Herbert Potts says conditions are good, and he expects the yield to be greater this year than last. More acreage will probably result in a storage shortage, he believes, with grain on the ground.

### Sherley-Anderson Pitman, Inc.

Johnie Williams says the coming crop will be "enormous" in the Farwell area, and he expects it to be considerably greater than last year. Dryland feed is doubtful, however, unless an immediate rain comes, he believes.

### LARIAT Lariat Elevator

Boone Allison says the dryland grain around Lariat is "hurting," and that irrigated feed is holding up "reasonably well." Prospects are not as bright as two weeks ago, he believes.

Dryland feed in that area is likely to produce about 1000 pounds per acre, estimates Allison, and he ex-

pects the 1955 crop to be larger than last year's.

### BOVINA Macon Elevator

Things look "mighty good on the average," reports J. P. Macon. He also expects greater production this year. The Bovina area was helped out Monday night by rainfall of around one inch or more.

### Sherley Grain

Penrod Anderson thinks "We'll be lucky if our yield is as high this year as it was last year." He believes there are more acres in grain sorghum this year, however.

### Bovina Wheat Growers

"The greatest production ever," estimates A. C. Teter. The yield will be average or better and there will be greater production from greater acreages.

### FRIONA Friona Wheat Growers

Glen Williams says crop conditions in the Friona area are very good. He thinks the yield will equal last year's and that a bigger crop will be harvested.

### Continental Grain

"Conditions are good," says

Preach Cranfill. The yield looks as if it will be as good as last year's. Increased acreage and increased use of fertilizer will result in a bigger crop," he forecasts.

### BLACK Tri-County Elevator

Pete Braxton reports "very good" conditions, and expects the biggest crop ever. Not enough storage will be available for the grain, believes the manager.

### Black Grain

D. C. McWhorter says grain this year is the "best I've ever seen." The yield will exceed last year's in the Black area, he believes.

## WRECK—

(Continued From Page 1)

Last rites were held for Sigman Smith on Sunday afternoon at 4 o'clock at the home of his parents 17 miles north of Muleshoe. Elders V. J. Lowrance of Lubbock, Jimmie Bass of Amherst and M. W. West of Luling officiated. Burial was in Littlefield Memorial Park.

Pallbearers were Bobby Hall, Dean Watkins, Lawrence King, Larry Treider, V. J. Lowrance Jr., and Richard Jesko.

Smith, who would have been a freshman at Lazbuddie High School this year, was born on July 24, 1941 at Needmore, Tex.

Survivors include his parents, Mr. and Mrs. Leon Smith, two sisters, Mrs. Mona Sybert of Denton and Toni Ellyn of the home; and two brothers, Leon Smith Jr., and David Smith, both of Rt. 1, Friona.

Although women dress to please men they usually miss it about 30 minutes.

## Bureau Resolutions Committee Meets

The resolutions committee of the Parmer County Farm Bureau met this week and discussed topics for the general policy-forming meeting which will probably be held next month.

Topics included social security, price supports, weed control, and grain sorghum quality. Suggestions are invited by the committee, says

Gilbert Kaltwasser, FB president. Committee members are Bruce Parr, Archie McCutchan, Raymond Schueler and T. R. Smallwood.

## PAVING AT ELEVATOR

Paving of 2000 feet of driveways is being started this week at Sherley-Anderson-Pitman, Inc., of Farwell. Johnie Williams, manager, reports that some concrete entrances have already been installed.

# Sesame, Minor Cash Crop, Looks Good on Stover Farm

Minor cash crops have been drawing attention in Parmer County this year, especially with the advent of lower acreages and prices. There was not much good news to report from the potato production this summer, but the outlook appears better for a few other minor crops.

One of these is sesame, the oil-seed crop which sprung into the center of attention virtually overnight. An estimated 3000 acres of sesame are being raised in the county this year, and most of it is doing well.

Some stands were plowed under earlier this spring because of rain and inexperience with planting which resulted in poor germination, but for the most part, sesame seems to be doing well.

One of the best—if not the best—fields of sesame in the area is on the place farmed by J. E. and Jim Stover, about four miles south-east of Bovina.

There, Jim and his father are watching over 60 acres of the unusual-looking crop, and are cautiously optimistic about its possibilities.

They assert that it's too early to "count the chickens" yet, but believe that they have good reason to hope for a gross of somewhere near \$100 an acre next month when harvesting takes place.

Bad weather could change this picture drastically, however.

Right now, the sesame looks mighty good, although the Stovers have to admit that they wouldn't know poor-looking sesame if they saw it. The crop is that new.

They feel that things are going well, after a talk with officials from the Texas Sesame Seed Growers Association who visited the farm about three weeks ago.

At that time, one official stated that the Stover crop was the best he had seen in the entire state.

Farming sesame is a good deal like farming cotton, report the Stovers. They planted the crop on June 1 (after a pre-watering), and have watered twice since that time. They planted 1 1/2 pounds per acre.

One hand-hoeing was necessary to clean out all the weeds, but no special culture problems have arisen.

The sesame seems to need slightly more water than cotton, but less than grain sorghum. The field

has not been fertilized either before or after planting. It is old cotton land.

Farmers not accustomed to sesame run into lots of unusual situations, say the Stovers. For instance, Jim reports that when the sesame first sprouted, it had the appearance of tiny goatheads, and if he had not known better, he might have plowed up the entire crop.

At a later stage, the plant's leaves develop and bear a surprising resemblance to careless weeds.

Blooming takes place in the latter part of July, and seed pods then form. The Stover crop is still blooming and making pods, and many of the plants are even "suckering out" with lower shoots which promise development of their own if the length of the season will allow.

One more watering will be required to see the crop through, and harvest is expected to take place about September 15—normally prior to frost. Development of a combine-type seed is not yet perfected, and although this year's sesame is considered semi-shatterproof, it will be necessary to first bundle and then thrash the crop.

The Stovers have contracted with the Association which will purchase their seed at the prevailing market price. Last year, seed sold for \$9.60 per hundred, and reports indicate that the price will be somewhere near that figure this fall.

Sesame seed is used for the manufacture of vegetable oils, seasoning, and has a number of commercial applications, just as does cottonseed oil.

A visitor from Plainview who produced sesame last year told the Stovers that he averaged 1000 pounds of seed per acre, and remarked that he had poor stands in some places.

The use of vegetable planter boxes by the two Stovers is expected to have eliminated this unfortunate circumstance for their crop.

All in all, the Stovers certainly won't be disappointed with \$100 per acre for their crop next month. Multiply 3000 pounds time \$1.60 for grain sorghums, and the reason will be evident.

Prefixes Fitz, Ben and Mac Fewer words begin with X than any other letter.

## HEAVY, BEAUTIFUL STAND

This heavy, even stand of sesame is raising the eyebrows of passers-by, who think it's one of the best looking crops on the Plains this year. Jim Stover stands in the hip-high oilseed crop.

## Boys' Ranch Rodeo Set for Labor Day

It's Rodeo time for 220 young cowhands at America's First Boys Ranch, Amarillo.

The boys have been practicing for several weeks now and excitement is running high at the Ranch as the date approaches.

Two shows will be held this year at Boys' Ranch, located 40 miles northwest of Amarillo, Labor Day weekend, September 4 and 5 at 2:30 each afternoon.

Every boy at the Ranch will have a chance to show his abilities. The little fellows ride calves and the older boys put on as good a show as professionals atop the broncs

and bulls. The Ranchers will be participating for the top cowhand award and prizes will be given in each division. Special clown and trick roping and riding acts will be presented by the boys.

The Rodeo will be a homecoming and reunion for many of the 1200 boys who have lived at the Ranch in the past 16 years. Many of the boys are in service, some are attending colleges and others are all over the United States in different occupations. Many have already responded and all ex-Ranchers are urged to attend the reunion and bring their families. They should write or contact Boys' Ranch, Box 1890, Amarillo, Phone DRake 44687.

This will be the 11th annual Boys' Ranch Rodeo and the youngsters participate in every event seen in

a professional show. The rodeo will be open to the public and tickets will be on sale at the Ranch on both days. The price will be \$1.25 for adults and .75c for children.

## Friona Firemen Plan Demonstration

Friona fire department will give a special demonstration on fire extinguishing on Thursday night, September 8, at 7 o'clock south of the fair grounds during the Parmer County Fair. The entire demonstration will be supervised by Fire Chief Charlie Bainum and Assistant Chief, James Cunningham.

Project A of the demonstration will include controlling and extinguishing of a pit fire by low pressure fog. The department will extinguish a fire in a pit 10x20 feet filled with six barrels of used oil ignited with gas and diesel fuel furnished by Strickland Oil Company.

The group will burn a wrecked car, to be furnished by Opal Jones of Jones Wrecking Yard, for project B of the program. Two members of the department will rescue a dummy from the burning car. Included in this phase of the demonstration will be the extinguishing of a service station fire.

The fire department will also give demonstrations of fire extinguishers, their uses and limitations. Types of extinguishers to be demonstrated include carbon dioxide, dry powder and foam extinguishers.

Two miniature houses, one treated with Flarmont and one not treated, will be burned to show the difference in fires in the two types of houses.

Also on the program will be the controlling and extinguishing of a butane fire with low pressure fog.

The Friona firemen will have a booth at the Parmer County Fair where they will demonstrate fire extinguishers and other fire equipment.

The water polo contest between

the Lions club and the firemen will be held Friday night, September 9, at the east side of the Friona Park during the Chamber of Commerce barbecue.

## Two Men Injured As Trucks Collide

An accident occurring at the intersection of Texas highway 87 and Farm to Market road 199 at the Hub last Wednesday resulted in injury to two men.

James F. Westfall, Canyon, driving a truck believed to be loaded with tires, collided with a pick-up driven by N. L. Maynard of Elmendorf.

Both men were taken to the Friona hospital where X-rays revealed that Westfall suffered a broken collar bone.

Maynard was given emergency treatment for a laceration on the forehead before being released.

Westfall was given medical treatment and was then allowed to travel to his home in Canyon on the same evening of the accident.

A boy riding in the pick-up with Maynard was uninjured.

Clarence Blair, highway patrolman of Hereford, investigated the accident.

## Church Building Nears Completion

The 6th Street Church of Christ auditorium which is being built on 6th Street in Friona is nearing completion, according to R. L. Fleming, foreman of the project.

Fleming says that it is hoped that the structure will be ready for occupancy by September 15. He adds that this does not seem probable due to the delay of the furnishings for the auditorium.

## Getting Ready For Highway Construction

State highway surveyors from the district office in Lubbock were in Friona on Tuesday laying the ground work for the proposed widening of Highway 60 within the city limits of Friona.

A hearing was held Tuesday evening at the Legion Hall in Friona at which time a board appointed by the County Court sat in on the proceedings. This board was then to make the decision as to whether and how much the city was to pay landowners for the right-of-way. It was not known, at the time of this report, how the court-appointed board had ruled.

## Prizes Given At Second Anniversary Sale on Saturday

Piggly-Wiggly Store of Friona noted its second anniversary on Saturday, August 20, with a food sale, serving of anniversary cake and awarding of prizes.

First two prizes were given for guessing the weight of the enormous cake which was displayed at the store. Mrs. Alta Wily was awarded a deep-fry cooker after guessing the weight at 198 pounds which was the exact weight and the second prize, a gas powered racer, was given to Betty Rector who guessed the weight of the cake at 197½ pounds.

Mrs. Walter Loveless was given a radio; Mrs. Tom O'Brian, was given a clock, and Eddie Bradshaw was awarded a skillet.

The cake was served to the customers throughout the firm's business hours on Saturday and it is reported that over 500 persons enjoyed this refreshment.

Awarding of the gifts was held at 6:30 p. m. on Saturday evening.

## Dump Truck Heavily Damaged in Fire

Firemen were called to the residence of Opal Jones last Wednesday afternoon to extinguish a dump truck fire believed to have been caused by a cutting torch.

Chief Bainum says that the torch was being used on the truck and it is thought that gas in the instrument overflowed, thus igniting the piece of equipment.

The fire severely damaged the cab and wiring on the truck and damage is estimated between \$400 and \$500.

Bainum says that it took firemen about half an hour to put out the blaze.

## Firemen Discuss Fair And Fire Threat

Friona firemen met in regular session last Thursday evening with 12 members present. Chief Bainum says that most of the time was taken up with the discussion of the possibility of fire at the fair grounds.

Bainum says that the members of the department talked over what they would do if a fire should break out on or near the fair grounds.

Bainum also states that the local department will have a booth at the fair and will sell fire extinguishers. Friona firemen will also give demonstrations of the extinguishers and other fire equipment.

The firemen have challenged the local Lions Club to a water polo contest to be held on Friday night, September 9, at the city park if the Lions take them up on the challenge.

When asked how the two organizations could put on a water polo contest in Friona, this was Bainum's reply: "A volley ball is suspended on a wire running between trees. Then a man is placed at each end of the wire with a hose in his hand. The one who can, by the force of the water, get the ball to the side opposite from him, wins the game."

Bainum says that this proves to be a lot of fun for the spectators and the participants as well. So far the firemen have not heard whether or not the Lions Club will take them up on this feat.

Bainum announced that the stage show which has been discussed in previous meetings will have to be rescheduled. He adds that members of the department still hope that they will be able to bring the show to Friona. Next meeting of the department will be held September 1.

## Church Plans Dinner For Fair-Goers

The Friona Methodist Church, as in past years, is planning a dinner to be held Friday, September 9, at the annex between the hours of 11 a. m. and 2 p. m. (The free Chamber of Commerce barbecue will be held at the park that evening.)

The menu will consist of chicken and dressing, garden vegetables, homemade pie, iced tea and coffee. Chairmanship of the dinner is under the direction of the Finance Committee of the WSCS and proceeds are to be used in local church projects.

Admission of \$1.25 for adults and 60c for children will be charged.

## Indians To Play Umbarger Sunday

The Friona Indians will play Umbarger this Sunday in Friona in the first game of a two out of three series. Game time is set for 2:30 p. m.

Umbarger won the series recently played with Dimmitt by coming out the victor in a game played Sunday before last, August 14, by a score of 10-9 in 10 innings. The Umbarger team then came back the following Sunday to win the first of a scheduled double header with a score of 9-5.

## REVIVAL TO BEGIN

A revival will begin at the Friona Baptist Church on Friday, September 2, and continue through Sunday, September 11.

Rev. C. H. Jones of Dallas will be the guest evangelist and services are scheduled for 10 a. m. and 8 p. m. each day except for the two Sundays during the course of the meeting. Regular hours of services will be in effect on these days. Rev. Jones is the pastor of the Urban Park Baptist Church in Dallas.

Dinner guests in the home of Mr. and Mrs. Clarence Martin on Saturday were Mr. and Mrs. Calvin Martin and Mr. and Mrs. Eugene Nidey and daughter of Campo, Colo.

## TO BE AT BI-WIZE

Miriam Volz, DuBarry cosmetics representative, will be at Bi-Wize Drug beginning Tuesday, September 6, through Saturday of that week. Miss Volz will demonstrate beauty techniques. Free lessons are given when appointments are arranged for.

## CONSTRUCTION BEGINS

Preliminary work began Monday on the proposed building of the new Parmer County Community Hospital, according to Jimmie Baxter, manager of the local hospital.

Contractor for the work is Elmo Jones of Littlefield and Baxter says that he has no idea when the project will be completed.

## MEETS TUESDAY

Board of Directors of the Friona Credit Union met for their regular monthly meeting last Tuesday night in the Union office with all members present.

Mrs. Lucy Jones, secretary of the organization, says that only routine business was conducted, but she did add that the local Union now has 180 members.

Next meeting of the board will be held on September 20.

## WORK ON ADDITION

Bricklayers are busy this week on the addition being made to Foster's Dry Goods in Friona. Wesley Foster, manager of the firm, says that the walls should be completed some time this week.

He added, however, that he would not venture a guess as to when the addition would be completed. Foster says that he is hoping that it will be ready for occupancy by September 20.

## TO PLAN FAIR

A Fair Directors meeting will be held tomorrow (Friday) evening at 8 in the Legion Hall at Friona. All directors are urged to be present for this session when further plans will be made for the coming county fair.

## Girl Scouts Holding Day Camp this Week

Girl Scouts and Brownie Scouts of Friona began a three day camp yesterday (Wednesday) at the Methodist Annex. Hours for the camp are 3 to 7 p. m. on Wednesday and Thursday and from 4 to 8:30 p. m. on Friday.

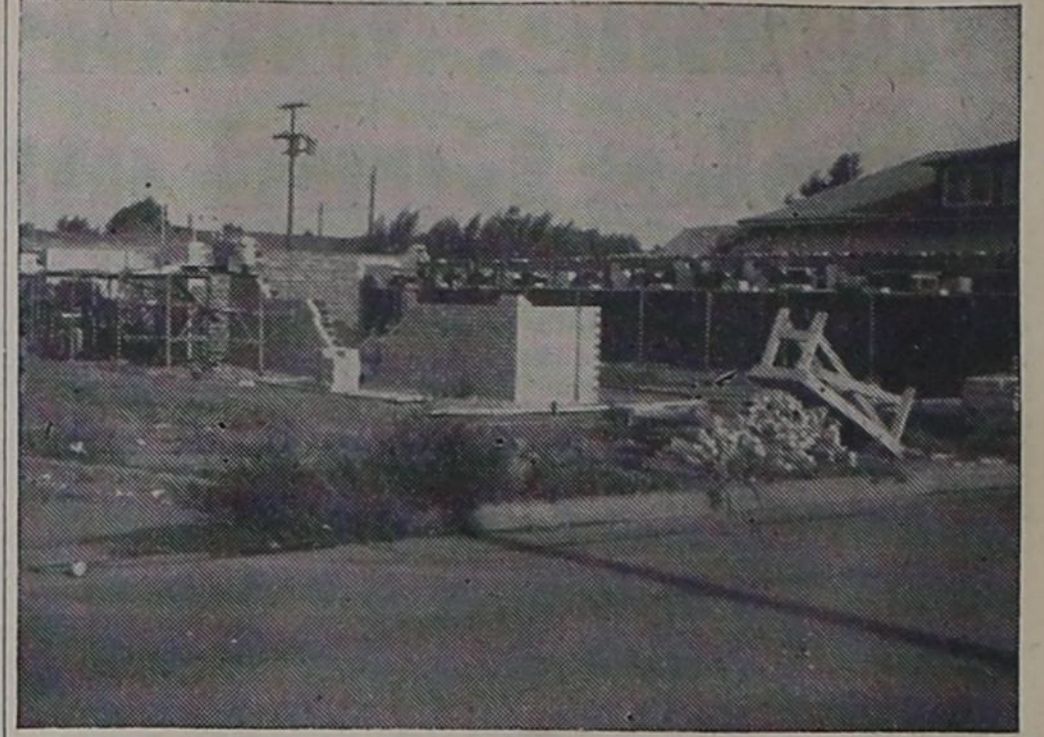

Among the many things being studied at the camp are handicraft and outdoor cookery.

Mrs. Russell O'Brian is the day camp director and Mrs. H. K. Kendrick is the chairman of the Friona Girl Scout Council.

Between 12 and 14 leaders are aiding in the instruction at the camp.

Rev. and Mrs. Hugh Blaylock and daughters returned to Friona last Friday after a ten-day vacation in California where they visited relatives and friends.

## MABRY BUILDING GOING UP

This is a picture of the James Mabry office building which is under construction in Friona. The firm is located across the street from Piggly Wiggly and Elmo Jones of Littlefield is contractor. The building, when completed, will be of very modern architecture.

## Northside Club Holds Picnic at Park Friday

Northside Home Demonstration Club ladies were hostesses for a picnic held Friday evening at the Friona park for members and their families.

A picnic supper and social hour was enjoyed by Mr. and Mrs. Claude Paul, Mr. and Mrs. John Wright and son, Mr. and Mrs. T. E. Lovett and daughter, Ruth Ann, Mr. and Mrs. Luther Shelton and son, Mrs. Faye McMahan and Mr. and Mrs. Glenn Taylor and family.

Since the club's regular meeting

date comes on a day of the county fair, a called meeting has been scheduled for September 2. Members will, at this time, make plans for their exhibits at the fair.

## From Albuquerque

Mr. and Mrs. Joe Landrum, Albuquerque, N. M., visited over the weekend in the home of his brother and family, Mr. and Mrs. Ray Landrum.

Eugenia Landrum, daughter of Mr. and Mrs. Ray Landrum, returned to Albuquerque with her aunt and uncle to visit for about a week.

Graham Jr., of The Tribune, attended.) Abilene, Texas August 14, 1955

Dear Grahams: Imagine my surprise upon picking up the Reporter to see my old neighbor, standing there as big as Ike. I was not surprised that you made anybody's front page but that you made this one here. I have accused this paper of being strictly local. See.

I like here very much, but I miss my old friends there so badly. The weather has been terrific, but today has been very pleasant. McMurry College is all that the Methodist Church could hope for and I know I have never met a sweeter group of young people than we have here. Becky has been in Farwell and Earth for two weeks now and I am counting the days until I come for the in-between session. Please renew my subscription. Enclosed is a check. Yours truly, Loucie Foster

**NEWS FROM THE FARM BUREAU**  
By RAYMOND EULER

**MEXICAN NATIONALS:** It is important that if you intend using Mexican Nationals this fall, you make application to the Department of Labor and sign a housing statement BEFORE the 10th of September. Otherwise you will not be able to work nationals. We suggest that you do this soon. We can help you with both of these instruments in the FB Office.

We know you saw the headlines regarding castor beans in milo, in one of the daily papers. If you have grown castor beans, be sure to eliminate any plants from your fields, so you can sell the harvest without drastic penalty. One week from next Tuesday at nine o'clock is the date set for inspection of grain sorghum fields of those who have saved the certification tags from the seed bags. It appears that it will be a busy day, but if you desire such an inspection, please leave your name at the Farm Bureau office or at the office of the county agent. The inspectors and other interested persons, including members of the weed committee, will meet here at the office in Friona. You will be welcome to participate in this effort to enable you to get better, purer seed next year.

President Gilbert Kaltwasser attended a District II Farm Bureau presidents' conference in Lubbock last Thursday night. He and Mrs. Kaltwasser and your service representative also went to Amarillo on the evening of the seventeenth when Miss Clara Jean Jesko, our Farm Bureau queen, was presented on Cotton John's television show. Clara Jean continues to be complimented, and we are looking forward to her good possibility of winning the district contest early in September in Lubbock.

**TALENT SHOW:** Farm Bureau is sponsoring the talent show the last night of the County Fair. That will be September 10, Saturday night. J. T. Jones has reported that Mrs. M. A. Snider, Farwell; Mrs. Leon Grissom, Oklahoma Lane; and Mrs. C. V. Potts, Rhea, will solicit and accept entries for the show. The Fair Association will provide prizes for winning entries. If it is more convenient, call your entry into 3521, Friona, collect.

Very little interest was shown in the National Cotton Council meeting last Friday night. Only a few over thirty men attended. Our compliments to Lawlis and Ely of Bovina, and North Plains of Friona, ginners who were present, expressing an interest in marketing your cotton, as well as ginning it. Your future as a cotton producer is certainly dependent upon expanding markets and exports, as pointed out by John T. Gregg, council representative.

Consider this: Envy thou not the oppressor, and choose none of his ways. Proverbs 3:31.

**Safety Department to Receive Applications**

Austin—Applications are being received by the Texas Department of Public Safety for appointment as Driver's License Examiner, according to a statement released today by Col. Homer Garrison, Jr., Director of the State Safety Department.

Young men between the ages of 21 and 35, inclusive, may apply between now and September 20th, closing date for receiving applications, according to Garrison.

In addition, applicants must meet the following qualifications: be not less than 5 feet 8 inches in height; weigh not less than two nor more than three pounds per inch of height; have a high school education; be of good moral character and subject to rigid character and physical examinations. Also, they must have resided in Texas for at least a year.

Garrison said that examinations will be given late in September to fill 23 existing vacancies in the Driver's License Division caused by resignations, promotions and transfers.

Student examiners are paid \$275 monthly during the first month of training. They are then raised to \$306 per month for the initial three months of their first field assignments. After that they receive the maximum pay scale of \$315.

Additional benefits are: two weeks paid vacation annually; and both retirement and social security provisions.

Application blanks may be secured at the State Driver's License District Office or by writing directly to A. F. Temple, Chief, Driver's License Division, Texas Department of Public Safety, Austin.

**TRAINS AT FORT KNOX**

FORT KNOX, KY.—Pvt. Frank D. Cox, whose wife, Marye, and mother, Mrs. Verda Faye Cox, live in Muleshoe, Texas, is receiving basic training at Fort Knox, Ky., as a member of the 3d Armored Division.

The "Spearhead" division formerly a training unit at the Armored Center, recently was reorganized into a combat-ready unit.

Private Cox is a 1951 graduate of Muleshoe High School. Before entering the Army last month, he was employed by Fry & Cox Brothers.

## Estimate Given On City Light Bill

Street lighting recommendations for the city of Bovina as prepared by the Southwestern Public Service Company call for some 37 lights to be distributed along the two highways, Third Street, North Street and the school. The recommendations were made at the request of Bovina's Mayor and City Council.

The recommended lights would consist of three types; 16,000 lumen mercury vapor white-way fixture, 6,000 lumen incandescent white-way fixture, and 4,000 lumen incandescent white-way fixture. Lumen, according to the American College Dictionary, is the unit of luminous flux; the light emitted by a source of one international candle in a unit solid angle.

The 16,000 lumen lights would be used along the main business district with three of them on Highway 60. The 4,000 lumen lights would be placed on Highway 86, on Third Street and three on the north end of North Street. The 6,000 lumen lights would be in front of the school (four of them) and others on Highway 60.

The recommendations are based on a personal inspection, air inspection, and map and study of the streets in Bovina. The spacing of the lights was planned so as to comply, so far as practical, with the new Code in Street Lighting, as published by the Illuminating Engineering Society.

Wood poles are planned to be used with 6 foot curved upsweep brackets to attach the lights to the poles, except for the lights around the school where 25 foot steel ornamental standards would be used.

The construction and installation of the lighting plan would be handled by Southwestern Public Service Company and at their expense. The only cost to the city of Bovina would be in the monthly electricity bill. This cost, says Henry Minter, city official, would be "something less than \$100 a month."

No election or called meeting would be necessary to put the plan into effect. The city commission has the authority to have the lights installed when it sees fit.

This plan was brought before the people of the town at the mass meeting that was held back in July. Its main advantage compared to other projects that the town has undertaken is that it would have no initial cost. It was

given a vote of approval at the mass meeting.

No lights for the strictly residential areas of the town are being considered in this plan; however, they could be added if and when the commission saw fit. More information may be obtained at the city hall by seeing the plans. The city commissioners are interested in knowing how the people of the town feel about the plan.

## School Opening Postponed Until 5th

Bovina schools' opening has been postponed until September 5 due to the fact that the new building will not be completed by the originally set opening date of August 29.

The work that needs to be completed is the painting of baseboards and other odds and ends, said W. H. Willoughby, superintendent. There is also a lot of "cleaning up" that needs to be done.

Atkinson and Acheson of Lubbock, architects for the building, advised Willoughby not to accept the building until August 31.

The open house that was scheduled for Monday night, August 29, has been postponed until Monday, Sept. 5, at 7 p. m. The open house will feature a barbecue in the school cafeteria followed by entertainment in the auditorium with an inspection of the building to conclude the evening. The public is invited to attend the barbecue as well as the rest of the program and Willoughby said that he expected a large crowd. The football field was the originally planned site for the barbecue.

Willoughby again emphasized that this function was only an open house and not the dedication of the building. The dedication will be held at a later date.

Due to the postponement, registration will be Friday, September 2, with regular classes beginning on Monday. Busses will run on regular schedule Friday morning and the students will be dismissed before noon.

Whether one section for first graders will be enough or if two will be needed can't be determined until school begins, Willoughby said. Thirty-three first graders were registered at the pre-registration but the school officials feel that there are many potential first graders that were not registered. Mrs. W. E. Williams will teach the first grade if there is only one section. If two sections are needed

Miss Lillian Fisher will teach the other.

Fourteen seniors and eight juniors were registered Monday at the new school building. However, 21 seniors and 19 juniors were expected.

The reason for the pre-registration was to find out what subjects the students wanted to take so that schedules could be arranged. Classes will be one hour long this year instead of 45 minutes as they were last year.

Seniors could sign up for their choice of four credits from the following: English IV, one credit, algebra II, one credit, plane geometry, one credit, typing I, one credit, typing II, one credit, chemistry, one credit, government, one half credit, bookkeeping, one credit, shorthand, one credit, vocational agricultural III, one credit, homemaking III, 1 credit, music, one-half credit, band, one-half credit.

Juniors could choose four credits from the following: English III, one credit, algebra II, one credit, plane geometry, one credit, American History, one credit, typing I, one credit, homemaking III, one credit, agriculture III, one credit, shorthand, one credit, music one-half credit, band one-half credit.

The noon hour will be 45 minutes long for all high school students.

## Bovina Faculty Listed for 1955-'56

The faculty and administration has been announced for the school year of 1955-56 by W. H. Willoughby, superintendent. He left the impression that there might be additions to the group.

Those signed are: Mrs. W. E. Williams, first grade, Miss Lillian Fisher, first or fifth grade, Mrs. Myrna Hammonds and Mrs. Gladys Edwards, second grade, Mrs. June Rhodes and Mrs. W. R. Beard, third grade, Mrs. Hazel Rigdon, fourth grade, Mrs. Fleta Terry, sixth grade, Miss Grace Paul, seventh grade and principal of the elementary school.

The eighth grade will be a part of the high school.

High school teachers include Mrs. Frank Truitt, English, Mrs. Otie Ellison, social science, Mrs. Bob Wills, commercial subjects, A. E. Rochelle, science and math, R. M. Crawford, vocational agriculture, Bob Wills, coach, Mrs. Pauline O'Keefe, home economics, Wayne W. Stevens, band.

The administrative department includes Willoughby, R. E. Everett, principal of high school, Mrs. Katherine Lockhart, nurse, Mrs. W. O. Turner, business manager, and Mrs. Jeanie Moten, administrative secretary.

## Charlotte Brice Enters Evangelistic Field

Rev. Charlotte Brice, pastor of the Bovina Pentecostal Church for the past four years, left Monday to make her home in Amarillo.

Rev. Brice will live on the Pentecostal Camp Grounds in Amarillo and will conduct revivals.

## Football Practice Begins, 17 Try Out

Seventeen Bovina High School footballers reported to Coach Bob Wills for practice Monday. Equipment was issued to the boys in the morning and the first practice session got underway at 3:30 in the afternoon.

Workouts Monday consisted of windsprints, calisthenics, and passing drills followed Tuesday with more windsprints, calisthenics and the group ran through some plays. Tuesday's workout was in pads while Monday's was in shorts.

Coach Wills estimated that he could field a line averaging 160 pounds and a backfield of about a 157 pound average. Six regulars are back from last year's squad. Eight lettermen are returning.

More boys are expected to come out between now and the time of the first game.

First game is with Springlake at Bovina September 9.

Boys that were out Monday are: seniors, Lynn Isham, 240 pound letterman, Billy Richards, 145 pound letterman, French Crook, 110, Darrell Read, 165 pound letterman, Larry Ezell, 160 pound letterman, Kenneth Estes, 140 pound squadman, Jerry Loflin, 150 pound squadman.

Juniors include: Sonny Brito, 180 pound letterman, Neil Smith, 140 pound letterman, Erith Hawkins, 160 pound letterman.

Sophomores: Terry Adams, 155 pound letterman, and Dick Horn, 125 pounds.

Freshmen: Furman Kelso, 115, Billy Routh, 115, James Lawlis, 140, Ronnie Isham, 160, Billy Burnam, 140.

Positions that the boys will play have not been determined.

## Bovinan To Receive Master's Degree

Alice Elliott Love of Bovina will receive a Master's degree in business education at the graduation exercises at Texas Tech Friday, August 26.

This year's exercises will be held on the Administration Building green, beginning at 7:15 p. m. and more than 320 students are scheduled to receive degrees.

Seven doctoral degrees will be conferred, the largest number since Tech established the program in 1950, Dr. Jones said. In addition, the summer graduating class includes 114 candidates for the Master's degree, 201 for the bachelor's.

Commencement speaker will be the Honorable Waggoner Carr, Lubbock member of the Texas House of Representatives and a member of the Texas Tech class of 1940.

The Reverend Paul F. Heberger, pastor of St. Paul's Church of the Plains in Lubbock, will deliver the invocation with Father Edward Lyons, St. Elizabeth's Catholic Church, pronouncing benediction.

Commencement music will be provided by a Tech vocal quartet consisting of Mrs. Robert Gaston, soprano, Mrs. T. J. Lovett, contralto, Ira Schantz, tenor, and Eudell Epitzer, bass. The quartet will sing Rossini's "Hear Us, Lord" from Stabat Mater. Mrs. S. H. Lee, organist for St. John's Methodist Church in Lubbock, will play the processional and recessional music for the service.

## Kindergarten School Opens September 5

Mrs. Margaret Caldwell says that since the opening of Bovina's school has been postponed to September 5, she will delay the opening of her Kindergarten School till Monday, September 5.

She also says that parents should accompany their child the first morning as their presence is needed for information to go on file. School session will not be long so that the parents may take their child back home.

## Contributions for 4-H Rummage Sale Sought

All members of 4-H and anyone else so desiring are urged to make their contributions by Wednesday, August 31, for the 4-H Rummage Sale which will be held Saturday, September 3, in Clovis at the Grand Avenue Homes.

Contributions can be made in this area by phoning Mrs. Earl Stevenson (4141) or by taking them to Mrs. J. E. Whitesides.

Mr. and Mrs. Jack Goodwin and children of Portales visited Saturday with Mr. and Mrs. Virgil Goodwin.

Mr. and Mrs. N. E. Bonds and Mrs. Graham Thornton and Mike visited Mrs. Mattie Elrod in Wildorado Sunday.

Ever wonder what "Santa Fe" means?

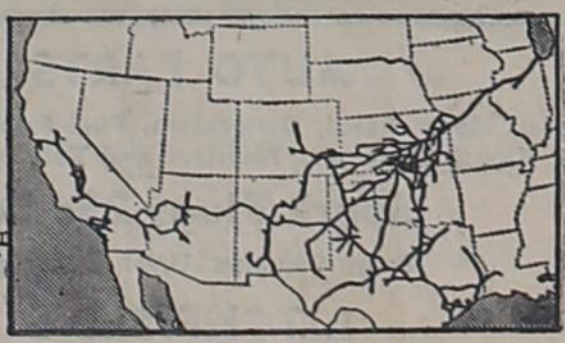

Back in 1901, about 40 years after the Santa Fe Railway was founded, the ancient Indian Cross-within-a-Circle design was placed in a square and the assembly was adopted as the official trademark of the young railroad.

The words "Santa Fe" means Holy Faith. Today, that faith and vision in America's future have built the Santa Fe Railway System into a vital network of steel, linking the West,

Southwest and East with fast, efficient transportation services. These rails serve your town; help it grow and prosper.

And, no matter what your shipping or travel problems may be, Santa Fe will solve them. Your local Santa Fe agent is right here in your town to help you.

You can depend on him, as you can depend on the vast system he represents.

**C. E. Trimbles Return from Trip**

Mr. and Mrs. C. E. Trimble returned from their trip the 18th of August. They left the sixth, saw the Seven Falls and Garden of the Gods in Colorado Springs, and went through Yellowstone Park. They visited a cousin in Casper, Wyoming, spent several days in Coeur d'Alene, Idaho with Mrs. Trimble's mother and brother and other relatives and friends. They also visited Mrs. Trimble's sister in Portland, Oregon and went to Seaside.

On the return trip they spent some time in Salt Lake City sight seeing, visiting friends, and swimming in the Great Salt Lake. In Colorado they saw the Black Canyon and the Royal Gorge.

**Margie Leake Owens Feted at Shower**

Mrs. Jack Owens, the former Margie Leake, was complimented with a bridal shower Wednesday, August 17, in the Fellowship Hall of the Bovina Baptist Church.

Hostesses for the fete were Mesdames Charles Ross, Ewin Norton, Wilbur Charles, Hubert Ellison, Harry J. Charles, E. M. Ware, W. E. Williams, Lester Rhinehart, I. W. Quickel, Aubrey Rhodes, Frank Wilson, and John Wilson.

The bride and her mother, Mrs. Clifford Leake, were presented with corsages of two gardenias tied with white ribbon.

The table was spread with a white lace cloth. Yellow roses, artistically arranged, graced the center of the table.

The cake decorated with white icing with pink horseshoes and wedding bells, was served by the sister of the bride, Kay Leake. Sandra Rhinehart served punch. Janice Leake, another sister, did the

registering honors.

During the opening of the gifts, Sandra Rhinehart played soft music on the piano.

Accompanied by Mrs. E. T. Caldwell, Lois Terry and Lillie Ellison blended their voices to sing "Whither Thou Goest" and "My Best to You."

Those attending the shower were Mesdames Roy B. Ezell, W. E. Lovell, E. E. Woelfel, Joe Pesch, E. A. Hromas, Frank Pesch, Lewis Pesch, E. T. Caldwell, Melvin Terry, Vernon Estes, Scott Barry, Arnold Hromas, Frank D. Smith, Lloyd Battey, J. D. Stevens, and Clifford Leake.

Also attending were Judy Lovell, Nickie Joyce Woelfel, Sue Moody, Sandra Rhinehart, Kay Leake, Lillie Ellison, Larry Hromas, and Janice Leake.

**Lexie Stevenson Gives Hayride**

Lexie Stevenson entertained Tuesday, August 16, with a hay ride at 7:30 p. m.

A trailer was hitched to a tractor driven by Earl Stevenson. After the ride, the group met at Lexie's home for refreshments of ice cream and cookies.

Attending the party were Joy Redden, Celia Berry, Jackie Davies, Carole Hammonds, Jerry Barron, Van Downing, Sid Killough, Donald Jones, Arnold Kreigal, Doyle Wassom, and Elmer Snodgrass.

**Have Canadian Guests**

Mr. and Mrs. Frank Truitt and family and Mrs. Maggie Timms were host and hostesses to friends from Canada Sunday.

The guests were Mr. and Mrs. Tommy Spencer and Mrs. Tillie Norman of Regina, Saskatchewan, Canada. The visitors left Monday morning.

**Wesleyan Guild Has Family Night**

The Wesleyan Guild met in the home of Mr. and Mrs. H. J. Charles Monday at 8:00 p. m. with their families. A picnic had been planned to be held in the back yard, but the rain drove the families inside.

Billy Charles sang the blessing accompanied by Mrs. Margaret Caldwell at the piano.

After the picnic supper, Rev. W. R. Beard spoke briefly on the importance of the home. Mrs. Margaret Caldwell then closed this part of the meeting with prayer.

The men adjourned to the den while a business meeting, conducted by Mrs. W. E. Williams, was held. It was decided at this meeting that the Bovina Guild would be hostess Sunday, September 11, to the District Meeting of the Wesleyan Guild. A tea will be given in the Fellowship Hall of the Bovina Methodist Church at 2:00 p. m. Sunday, September 11. Mrs. H. J. Charles is in charge of planning for the tea.

It was also decided that the guild would meet twice in October and November to cover a study instead of their usual monthly meeting for those two months.

After a report from the treasurer, the business meeting was adjourned.

Those present were Mr. and Mrs. H. J. Charles and Billy, Mr. and Mrs. Wilbur Charles, Mr. and Mrs. W. E. Williams, Mr. and Mrs. Ewin Norton, Mr. and Mrs. Dolph Moten, Miss Lillian Fisher, Mrs. Margaret Caldwell, Rita Caldwell, and Mrs. Jack Barnett and Sheryl Ann of Dallas.

**Bovina Widow's Club Holds School Program**

The Bovina Widow's Club held a school program on Thursday, August 18, at their regular meeting which was held with Mrs. Margaret Caldwell. The program began immediately following their luncheon.

In registering, they gave their names, ages, and dates of birth. The classes were Literature, Mathematics, Ancient History, and Penmanship.

The students in the literature class named their favorite book or novel and described it or told why they liked it. Favorite books were everything from Uncle Remus to the dictionary to the Bible.

In the mathematics class, the knowledge seekers measured the length of their bodies plus the length of their feet. One widow arrived at the answer of 10 ft. and 10 in. (Editor's note: She either has long feet or her mathematics is none too good.)

Ancient History classmates gave the name of school, county, state, and year they began school. All, except one, were born in Texas, attended schools all over Texas, and some started to school before others were born.

The widows in the Penmanship class wrote their names backwards, using last letter of the last name to start. The first one through was winner of the title "Ye Scribe."

There were ten members present. The next meeting will be on September 15, with Mrs. Della Ezell.

Mr. and Mrs. Gene Ezell, Joan Kay, and Roger left Saturday to visit points in New Mexico and Colorado for about five days.

Arlene McCullam won low score honors for the afternoon.

Refreshments of iced tea and cream puffs were served to Mary Jane Wilson, Joann Gaston, Pat Sudderth, Betty Clark, Janelle Martin, Ernestine Sides, Fern Bell, Arlene McCullam, and the hostess, Jane Barton.

The next meeting will be in the home of Joann Gaston September 1, at 2:00 p. m.

**Enjoy Vacation**

Mrs. Bob Johnston and her sister, Margaret Robards of Lubbock, left Tuesday to visit various spots in Texas.

The sisters visited Mrs. George Livings in Temple; then went on to

Austin to visit historic spots. They also visited in Abilene with Rev. and Mrs. Walter Devers. Then it was on to Snyder to visit their grandmother, Mrs. Dovey Devers, and their aunt and uncle, Mr. and Mrs. Sam Cohn.

They then went to Lubbock where Margaret returned home and Mrs. R. S. Johnston visited Mr. and Mrs. R. S. Johnston. She returned home Saturday with her daughter, Linda, who had spent the time her mother was traveling, with her grandparents, the R. S. Johnstons.

**Downings Return From Vacation**

Mr. and Mrs. Willis Downing returned last week from their three weeks' vacation trip to California. They visited Mrs. Downing's parents and sister in Tulare, California. They also visited Mr. Downing's brother in Fresno, California.

The Downings spent several days fishing in the High Sierras near Bishop. Then they visited in the Los Angeles area where they lived before moving to Bovina.

A trip was made through Disneyland, and they swam in the ocean at Redondo Beach.

Marilyn and Patty Downing spent all their time with their grandparents.

**Zanelle Martin Wins High in Bridge Club**

Zanelle Martin was high score winner of the Bovina Bridge Club which had its regular meeting Thursday, August 18, at the home of Jane Barton.

Arlene McCullam won low score honors for the afternoon.

Refreshments of iced tea and cream puffs were served to Mary Jane Wilson, Joann Gaston, Pat Sudderth, Betty Clark, Janelle Martin, Ernestine Sides, Fern Bell, Arlene McCullam, and the hostess, Jane Barton.

The next meeting will be in the home of Joann Gaston September 1, at 2:00 p. m.

Mr. and Mrs. Gene Ezell, Joan Kay, and Roger left Saturday to visit points in New Mexico and Colorado for about five days.

**Good Neighbors Hold Annual Picnic**

The Bovina Good Neighbor Club met in the City Park of Bovina for their annual picnic.

After visiting awhile, weiners and marshmallows were roasted. Then ice cream and cake were served.

Those attending were Mr. and Mrs. Kelso and sons, Mr. and Mrs. J. D. Stevens and children, Mr. and Mrs. Arthur Kent and son, Mr. and Mrs. Howard Looney and children, Mr. and Mrs. T. J. Hopingardner and two grandchildren, Lee Hopingardner, Mable Newberry, Mr. and Mrs. Henry Wilkerson and two grandchildren, Mr. and Mrs. G. A. Bandy and son, and Ruth Thornton and Mike.

Mr. and Mrs. John Sikes and son, Mr. and Mrs. Wilford Sikes and Cathie, and Mrs. Smith and four children were guests.

**LEGAL—THE STATE OF TEXAS**

To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Parmer County, Texas, the accompanying citation, of which the herein below following is a true copy.

### NEWS FROM LAZBUDDIE

JIM GORDON, CORRESPONDENT

#### Football Practice Now Underway

The football practices for this season have gotten underway on the football field at Lazbuddie High School with two practices daily. Morning practice is held from 9 to 10:30 and afternoon practice session is from 4 to 5:30.

Coach Dukes is getting the boys ready for the first conference game of the season which is to be played here with Petit on September 16. So far, about ten boys have reported for practice.

Those out for practice include Glen Watkins, Leon Smith, Johnny Gammon, Jim Roy Danile, Chunky Ivy, Ronnie Ivy, Kirby Carrell, Durwood Teague, Roy Vanlandingham and Jimmie Ray Oliver.

Leland Gustin is to be the team manager for this year. It is hoped throughout the entire community that these boys really develop into a winning team and will take the district from Bula this year.

#### Funeral Services Held

Funeral services were held Sunday for Sigman Smith, son of Mr. and Mrs. Leon Smith, Sr., and Richard Lesley, son of Mr. and Mrs. T. O. Lesley. Both boys were killed in an automobile accident on Friday, August 19.

Services for Richard Lesley were held at 1:30 in the Church of Christ at Lazbuddie with burial in the Tech Memorial Park in Lubbock, and services for Sigman Smith were held in the home of his parents, with burial in the Littlefield Memorial Park.

The entire community was saddened by the sudden death of these boys and everyone wishes to extend their deepest sympathy to their families.

EVERYBODY reads The Tribune.

#### Entertain Guests

### LETTERS

To The Editor

W. H. Graham Jr.—Publisher The State Line Tribune Farwell, Texas

Dear Mr. Graham:

Thank you for your nice letter concerning the general excellence trophy which the Southwestern Bell Telephone Company provided for the recent West Texas Press Association meeting.

You have every right to take pride in the trophy because of what the award stands for and the stiff competition you and your staff had to meet in order to win it. I regret that I wasn't on hand to congratulate you personally, but a previous commitment made it impossible for me to attend the meeting.

If my memory serves me right, I had the pleasure of meeting you and your wife at a Press Association meeting in Dallas in the fall of 1953. I am looking forward to seeing you both again at future Press meetings.

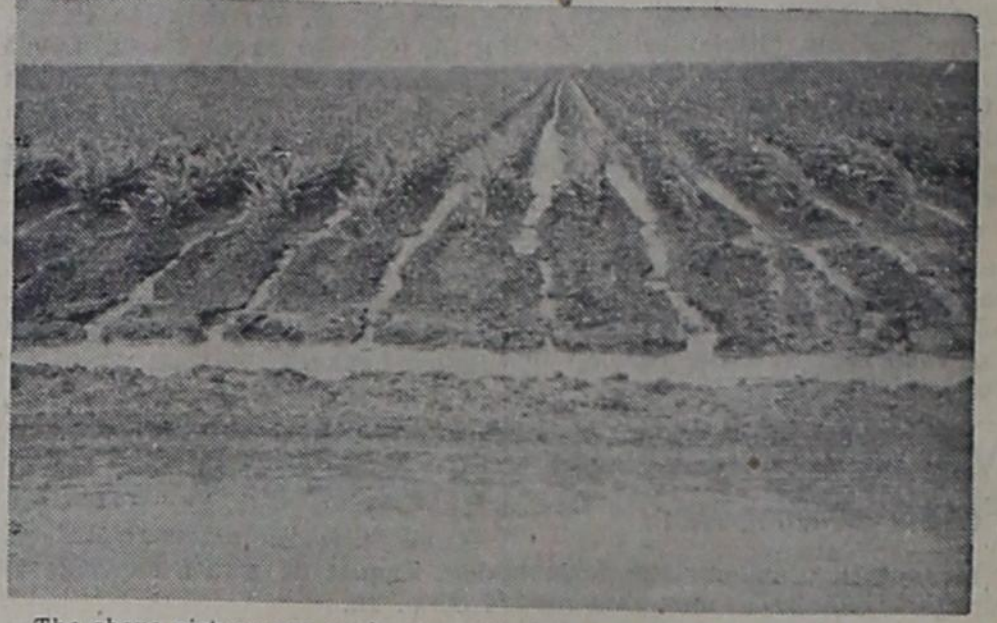

Sincerely,  
James L. Brunson

### Does This Constitute Waste?

The above picture was made of a milo field with rows 9/10ths of a mile long and with no steps taken to keep irrigation water from emptying into county road bar-ditch.

This picture of water produced for irrigation uses was made after following the water for 2 1/2 miles from point where it left the land upon which it was pumped.

### IMPORTANT NOTICE!

Waste of underground water as defined in Texas Law was amended in the 1955 session of the Legislature by adding the following section:

"(c) WILLFULLY CAUSING, SUFFERING, OR PERMITTING UNDERGROUND WATER PRODUCED FOR IRRIGATION OR AGRICULTURAL PURPOSES TO ESCAPE INTO ANY RIVER, CREEK, OR OTHER NATURAL WATER COURSE, DEPRESSION, OR LAKE, RESERVOIR, DRAIN, OR INTO ANY SEWER, STREET, HIGHWAY, ROAD, ROAD DITCH, OR UPON THE LAND OF ANY OTHER PERSON THAN THE OWNER OF SUCH WELL, OR UPON PUBLIC LAND."
