

Congratulations, Soldiers!

William L. McFetridge, director of salvage division of the Office of Civilian Defense, Chicago, congratulates members of the Junior Victory Army Salvage Corps.

Tuesday's Rain Halts Wheat Harvest

24,000 Pounds Rubber Gathered Here

Half Inch of Rain Recorded Tuesday

A driving rain, accompanied by an electrical storm and heavy wind visited this section late Tuesday afternoon putting a definite stop to wheat harvesting.

An undetermined amount of damage was done to wheat fields ready for harvesting, it is believed here, although no reports had been received when The Tribune went to press early Wednesday.

A half inch of moisture was recorded locally and it is believed that the rainfall was considerably heavier in the outlying sections, particularly to the east and northeast of this city where heavy clouds hung for some time after the rain had ceased falling here.

While the precipitation is believed to have damaged the wheat, it will be of great benefit to young crops which have been badly in need of moisture for the past several days. It was the first appreciable moisture to be received here in more than a month.

Thieves Take Two Typewriters From Local High School

Supt. J. T. Carter of the Farwell school reports the loss of two Remington typewriters from the commercial room of the local high school on Sunday night.

Entrance was gained to the building by breaking a glass to a window in the basement and then smashing another glass in a transom leading to the commercial room.

Carter said that the loss right at this particular time was irreparable since new machines could not be purchased. He said that the thieves also forced the lock of his office, but nothing was missing.

The sheriff's office is making an investigation of the break-in.

May Register Now At Co. Draft Office

Boys 18 and 19 years old who will be required to register under the terms of the Selective Service Act on June 30, may now register at the office of the local board, it was announced today by officials of the draft board.

Registration cards and other supplies were received here early this week from the state office, and young men may now register at the office of the county board at their convenience.

Only four registration booths will be set up in the county on June 30, it has been previously stated with registration privileges being available at Friona, Bovina, Farwell and Lazbuddy.

Curry county registrants will be required to register at the office of that board in Clovis, Lowell Green, clerk of the board, has announced.

Club Speaker Warns Against Enemies In U. S. National Life

Without calling any names, Dr. Alfred Crofts of the Eastern New Mexico College, very pointedly warned against the return of certain individuals to the National Congress, who are seeking elections at the polls this year.

His remarks were so directed that there was little doubt in the minds of his hearers as to whom he was referring.

Dr. Crofts prelude his remarks directed toward candidates by recounting the details that led up to the fall of France by showing that "it was a few men on the inside" that was responsible for the collapse of the once-great nation.

"We cannot expect a man who has aligned himself with the isolationists in the past to be trusted very far in this national emergency," he declared.

Dr. Crofts was speaking to the Men's Club at the regular meeting in the Methodist Church last Thursday evening where some fifty local men had assembled to hear him.

AUSTIN—Pledging himself to follow the lead of President Roosevelt in winning the war, former Governor Dan Moody this week began an active speaking tour to put his campaign for the U. S. senate before the people of Texas.

The red-headed Moody, once attorney general and twice governor of Texas, last week made a statewide radio address from Houston and spoke before a mass meeting in El Paso. Saturday he spoke at Hillsboro and Waco.

Garrison To Leave For Crosby Co. Job

Keltz Garrison, who had acted as administrative officer of the Parmer County Agricultural Conservation Administration for the past year, has tendered his resignation with the announced intention of going to Crosby County in the same capacity.

Garrison said that he planned to report to his new job on Friday of this week.

The County Committee, composed of J. G. McFarland, Olan Schleuter, and Elmer Euler, was scheduled to meet on Tuesday night to name Garrison's successor, but failed to convene due to a rainstorm. Garrison expressed the opinion a meeting would be held today (Wednesday) to name a man to fill the vacancy caused by his resignation.

ATTACK! ATTACK! ATTACK!

America's attacking on both the fighting front and the home front today! We're giving the Axis a bitter taste of what's to come. We're fighting the inflationary 6th column that blows prices sky high here at home, too. And every one of us who saves at least 10% of his pay in War Bonds is an important soldier in the attack! Join the attack yourself!

Mother Of Local Man Buried In Oklahoma

Mrs. Laura Jenson, 78, of Poteau, Oklahoma, was buried the past Thursday afternoon in the family plot at Sigler, Oklahoma, following a brief illness brought on by a stroke.

She was the mother of Stanley Hillhouse of this city, who was called to her bedside on Tuesday. Hillhouse reported that Mrs. Jenson sustained the stroke while asleep and never regained consciousness before passing away.

The local man returned here on Friday.

A check-up early this week revealed that already 24,000 pounds of scrap rubber had been taken in by Texico-Farwell oil dealers alone in the nation-wide drive since the first of last week.

The collection included everything in rubber from pencil tips to tractor tires, with a good assortment of water bottles, gloves, and what-have-you thrown in for generous measure.

Local buyers are paying one cent per pound for the scrap rubber, and one dealer said that much of his accumulation had been donated to the cause of relieving the nation of a rubber shortage.

Plans are now being discussed to transport the rubber to Amarillo, concentration point for this area, and it is believed that a freight car will be required to haul this town's contribution to the concentration point.

Meanwhile housewives continued to scour their domiciles for bits of precious rubber that escaped the first survey, while children watched bar-bits and scrap piles for more rubber to add to the growing piles.

Officials have repeatedly stressed the fact that nothing is too good or too worn to be of value in alleviating the nation's demand for rubber, and every stray ounce should be gathered up and taken to some collection point before the drive closes on June 30th.

Fourth Registrants To Get Occupational Questionnaires Soon

Mailing of occupational questionnaires to those registering in the fourth manpower sign-up will begin within the next few days, it was announced today by attaches at the office of the local board.

Those to receive the occupational questionnaires include the age group of 45-65 years, and a total of 504 sheets will be mailed through the local office.

These questionnaires, Mrs. Bessie Lee Henneman, clerk of the board pointed out must be returned within 10 days under the Selective Service regulations. Failure to comply with this provision will result in the registrant being classed as a "suspected delinquent".

Absentee Voting May Be Delayed This Year

Absentee voting in the first democratic primary election may be delayed this year, it was revealed by G. D. Anderson, county Democratic chairman, today.

Anderson said that as yet he had not received the names of the candidates comprising the state ticket and for that reason the printing of the ballots could not proceed on schedule.

Absentee voting is scheduled under the law to begin on July 5th and conclude on July 22. But, Anderson explained, "there can be no voting until we get the ballots printed, and we can't print the ballots without the complete list of candidates."

The delay in certifying to the names of the state candidates has been occasioned by a court action to determine who is entitled to appear on the ballot for the office of railroad commissioner.

Mrs. Florence Wallace has gone to Amarillo where she has secured employment.

Harvesting of Parmer county's immense wheat crop began to reach its full stride early this week, only to be interrupted by rain and threatening weather on Tuesday.

Further delay was occasioned by a dashing rain and fierce electrical storm Tuesday night, which is believed to have caused damage to some fields of ripe wheat.

Wheat growers were not enthusiastic about the moisture, but row crop farmers were very cheerful for every drop of rain to relieve their young crops.

Early harvestings revealed that the yield here this year was turning out even better than early estimates, with a number of fields producing as high as 30 bushels to the acre. The quality of this year's wheat was also showing up well with practically all wheat testing 60 pounds and upwards to the bushel, some loads reaching the 63 pound mark.

The wheat storage situation, which has been declared exceedingly acute in this area, was considerably relieved this week with the announcement of E. M. Deaton of the Farwell Bonded Warehouse that storage facilities for an estimated 200,000 bushels has been made available here with the approval of the local warehouse for wheat storage.

Other storage facilities have been provided at Black and Friona during the past few weeks with the building of additions to elevators there.

Coupled with this storage is the fact that many farmers have been erecting facilities on their own farms and local grain men expressed belief today that most of the county's wheat crop could be properly cared for without loss by having it piled on the ground, as had been predicted during recent weeks with the announcement that storage facilities at the large grain terminals was not to be had this year.

Friona Wheat Grower Suffers Heavy Loss

Among the wheat growers of this county who suffered heavy losses last week in the most destructive hail storm ever to visit this county was F. N. Welch, of northeast Friona.

Welch was here the first of the week and confirmed earlier reports that his loss was estimated at not less than \$20,000. He was making plans early this week to attempt to recover some of the riddled grain by means of attaching pick-up fingers to his combine, but expressed the belief that he could only hope to salvage a fraction of the loss.

Welch has just completed the erection of a 20,000 bushel elevator on his farm for the purpose of storing his crop.

While Welch's loss is considered the heaviest sustained in the county, conservative estimates place the total loss in the county at approximately a half million bushels of wheat that was almost ready to harvest.

Speaking of the hailstorm's path, Welch said that its trail of destruction was 16 miles wide and more than 100 miles in length. Reports reaching here indicate that it extended as far to the southeast as Plainview.

TO RAILROAD WORK

Jack Wallace, who has had charge of the City Cleaners for the past two years, left Tuesday for Clovis where he has secured employment with the Santa Fe Railroad. Jack expects to be stationed at Belen, N. M. Mrs. Wallace will remain here and with Dick Crume and Mrs. Paul will continue to operate the local shop.

26 Registrants Are Reported Delinquent

Mrs. Bessie Lee Henneman, clerk of the Parmer County Selective Service Board, today released the names of 26 Parmer county registrants who have failed to return their occupational questionnaires in due time and are, therefore, under the Selective Service regulations, reported as delinquents.

Notices of suspected delinquency have been mailed to these registrants and they have been given until 12 o'clock noon June 27, 1942, to report to the local board by mail, telegraph or in person at their own expense. Failure to report by that time, Mrs. Henneman explained, will mean that the delinquents will be reported to the Federal Bureau of Investigation, which could result in their immediate induction into the Army.

Those to whom suspected delinquency notices were mailed at their last known address include the following registrants:

- George Washington Whittenburg
- Percy Morgan Eubanks
- Jesse Marion Doshier
- Thurmond Walter Johnson
- Lee Thorsland
- London Otis Bradburn
- Marvin C. Reid
- William Edward Roberson
- John Henry Daniel
- Roscoe William Parr
- Jack Melvin Stagner
- F. L. Oliver Jr.
- Edward Busby
- Raymond Joseph Powers
- Benicio Guerrero
- Clements John Novak
- Elwin Brown Julian
- Jake R. Calhoun
- Newman Jersig Carr
- Charlie Marion Rogers
- William Harvey Jarrell, Jr.
- Harold Irvin Stovall
- James Clovis Griffin
- Grady Austin Conner
- Charles Victor Peach

A bowlegged man can always be thankful he wasn't born a girl.

Of Interest to Farmers

By Keltz Garrison, Sec'y. Parmer County AAA

The storage situation is becoming more acute each day and we are all realizing more and more each day that farmers are going to be forced to take care of their own wheat to a greater extent than they have ever had to before.

There are elevators which are offering to buy wheat from farmers by telling them that they cannot issue warehouse receipts for them to get them to get a government loan. The county committee has asked me to urge all farmers not to sell their wheat at the present market price which is around 15c below the loan value. There are some of the large elevators over the country who are trying to steal wheat from as many farmers as possible by paying them the market price rather than issuing warehouse receipts in order that a farmer may get up to the loan value for his wheat. The present market price of wheat is certainly likely to go up if farmers will hold their wheat off the market at the present time. We still have plenty of granaries which we can order for farmers to store their wheat on the farm at the rate of \$1.17 per bushel for No. 1

wheat. It would only take a couple of years storage to pay for one of these prefabricated bins and they can be bought by executing a note in favor of Commodity Credit Corporation which is due December 31, 1943 and bears 3% interest. You will also give a chattel mortgage on the granary itself as security for the loan. These bins have a rated storage capacity of 1643 and 1892 bushels and cost \$225 and \$270 respectively. We have ordered around one hundred of the bins for producers in the county and there are still plenty more of the bins available. The above prices are delivery point prices, freight prepaid.

Barley Loans

I do not have anything in black and white; however, I was told by telephone this week that there would be a barley loan at the rate of 55c per bushel stored on the farm. Of course, if anyone is lucky enough to get it in an approved warehouse the loan rate will be 7c per bushel less. This same rate of 55c per bushel, I was told will apply also to grain sorghum this fall with 7c a bushel less for warehouse stored grain sorghum.

Bovina Happenings

Mr. and Mrs. Lorn Elliott of El Paso, Texas, are visiting his parents, Mr. and Mrs. C. R. Elliott this week.

W. E. Williams and daughter Willie Ellen visited Mrs. Williams and son in Canyon Sunday, where she is attending summer school.

Mr. and Mrs. W. C. Bryant and son visited with Mrs. J. Sam Gaines this week.

Mrs. Dial of Tularosa, N. M., is visiting relatives here this week.

Miss Grace Wells and Grandma Wells of Odessa spent the weekend with friends here.

Mrs. Nellie Isham left Friday to visit her father.

Mrs. J. D. Wilkerson, who has spent the past two weeks with her parents, Mr. and Mrs. O. W. Venable, left for Corpus Christi Monday where her husband is employed in defense work.

Mr. and Mrs. Jack Williams of Clovis visited in the O. W. Rhinehart home Sunday.

Mr. and Mrs. Otis White of Amarillo, visited in the Kelly home Sunday.

Mr. and Mrs. Alvin Gaines of Friona visited Mr. and Mrs. Tom Horton on Wednesday.

Mr. and Mrs. John Wines and daughter of Amarillo, visited in the Jack Wines home Sunday.

Mr. and Mrs. French Crook and sons of Denver, Colorado, visited with friends here Thursday and then continued to Amarillo where he will be employed.

Mrs. Melvin Stagner and daughter of Amarillo, visited relatives and friends here the past weekend.

Mrs. Lawrence Starr is now employed at the Consumers grocery.

PLEASANT HILL

Wheat harvest is in full swing this week and it would please most farmers to see dry weather continue.

Mr. and Mrs. C. H. Whitener made a trip to Amarillo last Wednesday.

Lonnie Dudley of Haldton, Okla., visited relatives in this community Sunday. He plans to help through harvest before returning home.

Mrs. Buchanan was accidentally shot last Tuesday evening with an air gun, the shot lodging in her left cheek bone and causing much pain. Since the removal of the shot, she has improved satisfactorily.

Every one who attended the club at Mrs. Elmer Langford's had an enjoyable time. One quilt was finished and several cup towels embroidered. Dinner was served at the noon hour.

Mr. and Mrs. Alvis Bell who have worked for Buck Ellison the past year moved last Thursday to the Curtis store room and began work for Monk Horton.

Mrs. McGoodman has been on the sick list the past two weeks.

Misses Glennis Dale and Maxine Fahsholtz were home for a visit last weekend.

Mrs. Arthur Moorman left Saturday to visit her parents at Ralls, Texas, for a couple of weeks.

Mrs. Hubert Singleterry and baby daughter left Wednesday to spend a few weeks with her parents near Abilene.

lene.

Mr. and Mrs. J. L. Martin and Mr. and Mrs. Floyd Martin and children spent Sunday afternoon with Mrs. Maggie Bell and Elvis.

CRUME GIVEN JANITOR JOB AT COURT HOUSE

Chas. Crume of this city was awarded the job as janitor of the Farmer county courthouse "if and when Stanley Hillhouse is called on defense work" by the County Commissioners in session here Monday.

The Commissioners also appropriated \$150.00 to be used in fighting grasshoppers in the county.

Other business transacted at the meeting on Monday included payment of current bills and approval of Sheriff Earl Booth's expense account for the month of May in the amount of \$369.00.

The taxable valuation of the Santa Fe railway properties in the county was retained at the same figure of last year by the Court, sitting as a Board of Equalization.

Oil Industry Will Produce Synthetic Rubber By End of '43

"United States produces enough raw material from which to make all the rubber we will ever need" according to a statement made today by Frank Phillips, chairman of the Phillips Petroleum Company. "To build synthetic rubber plants and get them into production requires months of design and construction and thousands of tons of critical material. While plants are being built it is necessary that rubber be conserved until there is a sufficient supply for all purposes. Rubber can be used over and over again. As rubber articles wear out and become unusable the scrap rubber should be turned in to be used again. Present rubber stocks must be reserved for military requirements. Civilians must conserve rubber by making their present tires last until the huge synthetic rubber industry can get into production."

"The shortage of rubber for civilian use is only temporary. Large rubber plants are now being built in the United States and additional plants will be built. Substantial production of synthetic rubber will be accomplished by the end of 1943, and will increase thereafter. When this production exceeds military requirements civilians will again be able to purchase tires for their cars."

"Rubber can be made from petroleum, alcohol, and chemicals, all of which this nation has a tremendous supply. We have never before been faced with the need to produce our own rubber, consequently, prior to the war, the industry had not been developed. Synthetic rubber, however has been manufactured in limited quantities by the oil and chemical industries for some time. The Phillips Petroleum Company long before Pearl Harbor, was manufacturing synthetic rubber from petroleum through the operation of one of its subsidiary companies. The company is now designing and building for the government huge plants for the manufacture of butadiene and styrene, petroleum products from which synthetic rubber is made. The Phillips research staff, its engineers and construction men are working day and night to get these plants in operation at the earliest possible date. Rubber will then flow from the company's rubber plantation of oil wells."

"There has been considerable controversy over the quality of synthetic rubber in comparison with raw rubber, but I am confident that when the synthetic rubber industry gets into mass production and has an opportunity to apply scientific knowledge to the manufacture of rubber, we will produce rubber from petroleum, farm products and many other materials that will be as good or better than any rubber that came from a tree."

Green gold is generally an alloy of gold and silver.

A man never has too many friends, but one enemy is too many.

YOU CANNOT WIN
Adolph--
IF

You do not have to wear a uniform to render important service to your country during this war. It requires 18 men behind the lines, working with all their might at production tasks, to keep one man fighting at the front.

You are needed! Uncle Sam wants every man and every woman in all walks of life to get busy with unabated vigor to produce more . . . to help amass such an overwhelming supply of everything—guns, ships, tanks, planes, ammunition, food, clothing, supplies—that Adolph and his crowd will gasp in awe at such colossal achievement.

You can help by putting all that you have into your job whatever you are doing. You see, if every individual did his job just a little better, produced just a little more, the nation-wide collective total would be so great that it would shatter Adolph's dream of conquering the world and of robbing us of the things that we cherish most—free religious worship, free speech, free thought, free action. We must remain free to continue our way of life unhampered by the brutal whims of a mad man.

You must not fail Uncle Sam in this crisis! You are a more important person now than ever before. Think what would happen if every American, not in the armed forces, assumed that our government would get the job done without his help! Well, there just wouldn't be an Uncle Sam, would there? And this thought is just too terrible to contemplate, isn't it? Resolve now to let him down now, when he needs you most . . . when you have a chance to prove that you are worthy to be called a real American citizen.

Conserve on everything, especially those things essential to our armament program, but do not deny yourself the things that you require to carry on life as normally as possible, considering that we are at war. Be a good American. Buy all the War Bonds and Stamps that you can.

No, Adolph cannot win, IF every American does his part.

The wholesale and retail merchants, the service institutions, and the professional men serving you may be unable, in some instances, to give you the same complete service and attention that you were accustomed to receiving from them in peace time. Accept any little inconveniences that may occur with graciousness, knowing that they are doing all that they can to serve you the best they can . . . and what they are doing is what Uncle Sam wishes them to do.

LETTERS from Our Readers

Farwell Texas
June 19, 1942

State Line Tribune;

Today I am boiling over with disgust at the way our defense program is being handled; and I do not know of a better way to get this off my chest than to boil over on you.

Last Saturday I was at Alamogordo, N. M., the site of the two largest saw mills within the State of New Mexico. These mills have the lumber contract for the new bomb plant at Roswell and the new bomb-sight plant at Alamogordo. One of these mills is shut down completely; the other one is barely running on part-time on account of strikes. The lumber dealers' prices have been frozen and a ceiling placed on the lumber market as of March prices. Consequently, the saw mill owners, not being able to advance the price of their lumber, cannot advance employees' wages. But the Union men will not listen to this and have struck. The two big government projects being built at Roswell and Alamogordo are in need of this lumber; and there are hundreds of carpenters idle in these two towns as a result of the strike.

Saturday night I was fortunate in meeting the owner of one of the mills which is shut down. This man informed me that he had told these Union men that on account of the price of his lumber frozen he could not advance their wages; but that if they would go to work, he would guarantee them enough overtime that their monthly checks would never be less than \$140.00. The Union considered this offer very unsatisfactory and the men are still on a strike; the mills are still shut down; and our defense plants are being seriously handicapped on account of lack of lumber.

Why is our administration at Washington so foolish as to set a ceiling on lumber prices as of March and not place a ceiling on Union labor scale wages as of March?

One of the best carpenters of this section went to Amarillo to contact the Pan-Tex plant for a carpentering job. He was asked if he had \$50 to make a down-payment on his initiation fee into the Union, and was told that he could pay the balance out of his pay checks later on. Not having this surplus money, and not wanting to buy a job or get robbed to get it, he came home thoroughly disgusted. He has lost confidence in his government and in the way our defense program is being operated. The government needs this work done and needs this carpenter. This carpenter needs the job and has a large family to support.

Why are the sane, sensible people of the United States standing idly by and seeing our defense program run in this manner? Can't somebody do something to make Congress realize that a war is being fought for our very existence, and that labor racketeers and gangsters should not interfere with a great nation's struggle for its existence?

Ninety days ago a small camp was built in Clovis. Before a carpenter was hired, he was compelled to see a Union labor representative and pay unreasonable dues. The camp was completed in two weeks, and very few, if any, of the carpenters who built the camp were able to earn enough money to reimburse them for the Union dues which they paid out in order to buy the job.

I often wonder if the good American people really know what is going on, and that the administration at Washington is solidly behind and cooperating with these labor unions. Can it be possible that the people are going to stand by and see our nation wrecked and ruined from the same sources and causes that were the downfall of France?

We buy lots of our lumber from the Marshall Lumber Company at Marshall Tex., whose manager told us this story on the long distance telephone this week. He says that the government is building a TNT plant within fifteen miles of his lumber saw mill at Marshall; that he was given a contract to supply the lumber. Then the government sent a recruiting officer to his saw mill and hired all the men working there. Consequently, the saw mill was shut down. The men at the TNT plant are now unable to work full time because they have no lumber with which to work, since the Marshall Lumber Company, which has the contract to supply the lumber has had to shut down. This is the worst case of inefficiency and inability that I have ever seen.

The first foundation stone upon which our individual and national security rests is free private enterprise. By this I mean free private enterprise with reasonable umpiring on the part of government to insure fair play. But when government ceases to be an umpire and, with the full strength of its dominating authority, steps into the game itself, many a player concludes that his chances to win are so greatly diminished that a seat on the sideline is preferable. So private initiative tends to dry up and the spirit of progress disappears. The spirit of America has been: "I may, I can, I will." It is rapidly becoming: "May I? Can I? Must I?"

Won't you please visualize the impending dangers... dangers far greater and more imminent than any invading army? Our trouble is with-

Santa Fe and your

WINTER WHEAT

Once more the miracle of the winter wheat harvest is with us. Nature has been kind, in Santa Fe territory, and another bumper crop is indicated. Prices, too, are good.

That is a happy prospect, but it brings serious problems with it—both for you who raise the grain, and for us who move it.

You face a shortage of harvest labor, and a serious lack of storage space, at terminals and in rural bins, because of the unprecedented carry-over of old wheat. We face the job of moving a vast grain tonnage, in a short time, on top of the greatest railroad traffic load in history.

For example, in April, 1941, Santa Fe freight cars moved 108,131,891 miles. In April, 1942, that mileage had leaped to 142,823,878. A great part of that 32% jump represented war freight, that *must* move first.

Santa Fe pledges every possible help in moving 1942 wheat to points where it can be accepted and placed for use. Of you we ask prompt loading and unloading, and that no car be used for storage, even temporarily. Let's pull together and whip this war-born transportation problem, as we have so many others in the long years we've worked together.

MORE ABOUT SWEETENING

By Elsie Cunningham
Home Demonstration Agent

Questions continue to come in about sugar substitutes and ways of getting around the sugar problem. Every day I get new information which helps me to answer these questions, so feel free to present your problems and I'll do my best to give you an answer.

Many have asked about using saccharine as a sugar substitute. I'll give you a few facts about saccharine and let you decide for yourself whether you want to use it.

Saccharine is a coal tar product which is 300 to 550 times as sweet as sugar. It has no food value, and as far as I know it is not harmful.

Cooking brings out a bitter flavor. Therefore, if it is to be used in sweetening canned fruit or other food products it should be added just before serving and not canned or cooked with the food.

Saccharine has long been used by diabetic patients as a sweetening for beverages which is its most satisfactory use, I believe.

Saccharine may be purchased in powder or tablet form at drug stores.

This past week I have been out in the gardens in various parts of the

county and have seen blossoms on some cucumber vines. This means some cucumbers will be available for pickling soon. If you like sweet pickles—you may want to try saccharine pickles this year. Here is the recipe:

Saccharine Pickles

7 qts. medium sized cucumbers, 1 tsp. saccharine, 1 cup dry mustard, 1 cup salt, 1 gallon vinegar.

Wash cucumbers and pack into sterilized jars. Mix saccharine, mustard and salt and add to vinegar. Pour over cucumbers in jar and seal.

Resourceful homemakers have set out with determination to find ways to satisfy the family's sweet-tooth rather than using their energy in worry. Even the girls have joined in the search.

Bonnie Foster, daughter of Mr. and Mrs. Tom Foster of Oklahoma Lane and a member of the junior 4-H club has taken this problem as one of her club goals.

Bonnie says warm gingerbread served with canned fruit and ice cold sweet milk makes a simple dessert that her family enjoys.

This is Bonnie's recipe for ginger muffins:

Ginger Muffins

½ cup boiling water, 1 cup molasses 4 tablespoons butter, 2½ cups flour, ½ tsp. salt, 1 tsp. soda, 1½ tsp.

ginger 1 egg.

Add water to molasses. Mix and sift dry ingredients. Add to wet ingredients. Add butter and stir vigorously. Stir in egg last. Pour into greased muffin tins. Bake 25 minutes in moderate oven.

The demonstration in June at home demonstration club meetings was "Ways of Stretching Your Sugar Allowance". The women exchanged recipes learned about sugar substitutes that may be used in cooking and canning and collected other little secrets. Here are a few of the tips which may help you:

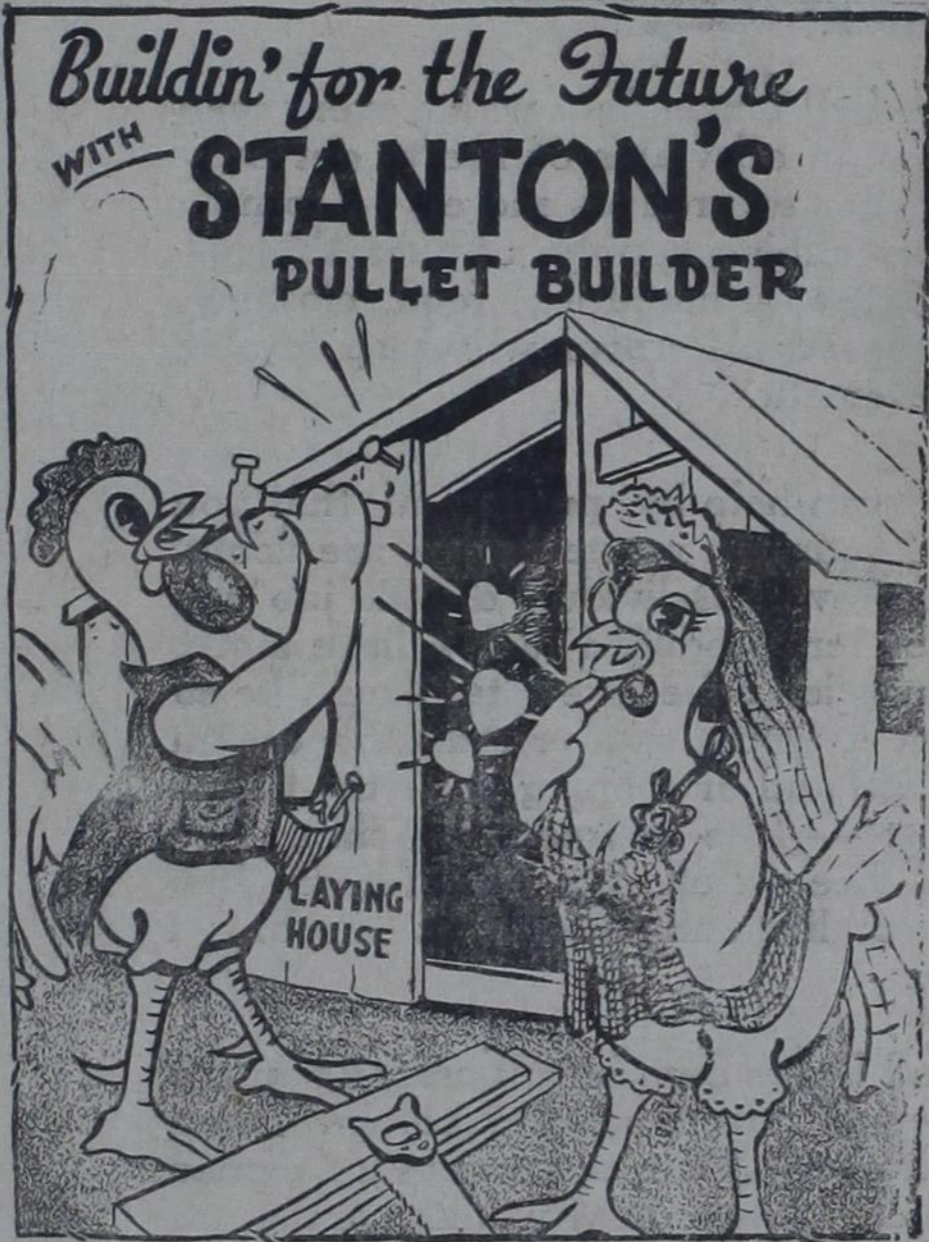

1. Serve a dessert hot whenever you can, because hot food tastes sweeter than cold.

2. Add a tiny bit of salt to any dessert. Salt brings out flavor and sweetness.

3. Save every bit of juice from canned fruit, use it to make sauces to sweeten other fruits, to sweeten and flavor fruit drinks.

4. Be sure all sugar is completely dissolved to get its full sweetness.

5. Sprinkle sugar over unsweetened fruit, cover and let stand 15 to 20 minutes at room temperature. This gives a product that tastes sweeter because all the sugar has dissolved and part of it has soaked into the fruit.

HARVEST TIME IS HERE AGAIN

AND THE BIG QUESTION OF THE SEASON
IS... WILL THERE BE

Ample Storage Space for the New Wheat Crop?

It is a well known fact that the storage in elevator space will make it necessary for a large percentage of the wheat to be stored on the farms this season.

But the Farwell Elevator Co. has connections which will permit us to handle our share of the new crop.

You can count on us putting forth every effort to take care of our farmer friends during this emergency.

Local Happenings

Ceremony Is Performed In Clovis, June 14th

Miss Ruth Donaldson, daughter of Mrs. Joe Donaldson of the Oklahoma Lane community, became the bride of J. C. Boone of Clovis on Sunday, June 14th.

Rev. E. J. Speegle, pastor of the Bovina Baptist Church, performed the single ring ceremony at 2:00 o'clock in the afternoon.

The bride wore a navy blue chiffon street dress with white accessories.

The couple was attended by Miss Evelyn Hromas of the Oklahoma Lane community and Paul Skaggs of Clovis.

Mrs. Boone is a graduate of Oklahoma high school and Mr. Boone is a graduate of the Texico high school.

The couple are making their home at 1319 Prince Street in Clovis, and Mr. Boone is employed by the Collins Dairy in that city.

Club Ends Year With Outdoor Picnic

The local Bridge Club discontinued meetings for the summer the past Thursday night, when the final social was held in the home of Mrs. Claude Rose.

An enjoyable outdoor picnic and hamburger fry was held in the attractive back yard of the Rose home, after which games of contract were played with high score award going to Mrs. Jimmie Rogers.

Attending the affair were Mrs. M. C. Roberts, Mrs. Jimmie Rogers, Miss Jennie Lee London, Mrs. Clyde Corey of Amarillo, Mrs. Bess Henne-man, Mrs. Bess Dow, and the hostess, Mrs. Rose.

W. S. C. S. Has All-Day Meeting Today

Mrs. W. B. Hill is acting as hostess today (Wednesday) to members of the Methodist Woman's Society of Christian Service, in a special all-day meeting which began at 10 o'clock.

Mrs. A. D. Smith was in charge of the morning program, with members to enjoy a covered dish luncheon at noon. The afternoon mission study will be under the direction of Mrs. Hill.

Mr. and Mrs. Ervin Parks of Amherst, and Lewis Pierce and daughter Miss Martha Lee, both of Clovis, visit Sunday with Mr. Pierce's daughter and family, Mr. and Mrs. Gene Lovelace, near Farwell.

Zone Meeting Will Be Held In Clovis, 30th

The regular zone meeting of the Woman's Society of Christian Service will be held for the Methodist churches of the Clovis District on Tuesday of next week, June 30th, with the Clovis ladies acting as hostesses.

Subject for the day will be "The Challenge of Jesus," with Mrs. S. J. McKinney opening the all-day program with the call to worship. Other numbers for the morning include the meditation by Harold Gore, "The Challenge of Evangelism," Mrs. Scott; "The Challenge of Sacrifice," Mrs. Gossard; duet, Mrs. Hildreth and Mrs. Rogers; "The Challenge of a Purpose-Filled Life," Mrs. J. H. Slayter; and the closing prayer by Rev. S. C. Walker.

Following the lunch hour the afternoon program will begin with the call to worship by Mrs. McKinney, followed by the meditation conducted by J. M. Bickley. Mrs. Val McDaniel will sing a solo, and Mrs. W. G. Bailey and Mrs. Perry Keith will be in charge of the forum.

Officers of the organization are Mrs. Frank Greathouse, Clovis, president; Mrs. B. A. Rogers, Texico-Farwell, vice president; Mrs. T. H. Harris, Santa Rosa, secretary-treasurer; Mrs. S. J. McKinney, Clovis pianist.

Birthday Social Given In S. Barry Home

A group of friends gathered in the Scottie Barry home Thursday night, to celebrate Mr. Barry's birthday.

Preceding games of "42" a delicious turkey supper was served the guests. Mr. Barry was also honored with a number of gifts from his friends.

Those present were Mr. and Mrs. Ed McGuire, Mr. and Mrs. Clyde Perkins, Mr. and Mrs. Johnnie Ginnings, Mr. and Mrs. George Lindop, Mr. and Mrs. A. B. Wilkerson, Mr. and Mrs. S. H. Sides, Mr. and Mrs. W. E. Verner, Misses Geraldine Verner and Joan Sides, and the host and hostess.

Bridge Social Held Friday Evening

Mrs. Anne H. Overstreet entertained with three tables of contract last Thursday evening, in her home in north Farwell.

Awards at the conclusion of the games went to Mrs. R. E. Maddux, high; Miss Jennie Lee London, second high; and Mrs. Jimmie Rogers, low. A lovely refreshment plate was served to the guests.

Attending were Mrs. John Aldridge, Mrs. B. S. Triplett, Mrs. Lee McElroy, Mrs. R. E. Maddux, Mrs. Sam Aldridge, Mrs. Claude Rose, Mrs. Bess Dow, Mrs. M. C. Roberts, Miss Jennie Lee London, Mrs. Jimmie Rogers, Mrs. Lee Bradshaw, Mrs. E. F. Lokey and the hostess.

Mrs. W. A. Kessie left the past Saturday to visit for several days with her parents, Mr. and Mrs. Logan E. Clay, in Shamrock. She is expected to return here today (Wednesday).

Home From California

Mrs. Warren Powers and children, Annita and Willis, returned last weekend from California, where they had spent two weeks vacationing. They visited relatives in San Bernardino, and made several short trips to scenic spots in that area.

Mrs. Powers and children made the trip with her parents, Mr. and Mrs. J. A. Wimberley of Muleshoe, going through the northern route and returning via the central route. They report an unusually enjoyable trip.

To Have Hay Ride

Arrangements were completed this week for members of the Young People's department of the local Methodist church to enjoy a hayride on Thursday evening of this week. The group will meet at the church, and all members of the organization are urged to attend.

Visit In Ezell Home

Mr. and Mrs. Roy B. Ezell had as guests in their home in Farwell on Father's Day Mr. and Mrs. Gene Ezell and family of Bovina, R. B. Ezell of Plainview and Mr. and Mrs. Marty Ezell and daughter of Farwell.

Miss Eunice Graham who teaches at Olton, Texas, was a Sunday visitor in the home of her parents, Mr. and Mrs. B. N. Graham.

Miss Billie Sharpe is visiting relatives and friends in Amarillo this week.

D. K. Roberts spent Sunday in Lubbock visiting with Mr. and Mrs. Kendrick Green and other relatives.

J. A. Meyers of Riverbank, Calif., a former resident of this county, was here last week visiting in the home of Sam Lucy and other relatives.

Mr. and Mrs. Lester (Jelly) Vincent had as their guests the past weekend Mr. and Mrs. C. L. Smith of Childress and Miss Francis Smith of Clovis.

Mr. and Mrs. R. B. Summers and children and Mr. and Mrs. Lester Vincent have returned home after visiting the past week in Childress with relatives and friends. They enjoyed a reunion while there.

Mrs. Sam Dunlap and son of Dallas are here visiting in the home of her parents, Mr. and Mrs. E. E. Booth. Mr. Dunlap spent the weekend here and then returned to Dallas.

Robert Franklin Armstrong underwent a tonsilectomy on Friday of last week.

Mr. and Mrs. Earl Fine and children spent the weekend visiting relatives in Lubbock, and were accompanied home by his young brother, Bobby, who will remain here for several days.

Mrs. Jason Gordon and daughter returned to their home in Floydada, the past weekend, after having spent several days here visiting friends and relatives.

Miss Ruth Ayres, who is working in the FSA office in Childress, Texas, spent the weekend visiting relatives and friends in Bovina.

Mr. and Mrs. Virgil Elms returned last week from a week's outing. They visited in Chama, New Mexico, and then made a swing through southern Colorado scenic points.

Mr. and Mrs. John F. Tate and small daughter of Dimitt, spent Father's Day visiting friends and relatives here. They formerly resided in Farwell.

Jack Wallace made a trip to Pampa, Sunday, and was accompanied home by Mrs. Wallace and baby son, Gary Max who had spent the past two weeks with relatives there.

Mr. and Mrs. J. T. Carter and children returned the middle of last week from Holy Ghost Canyon, New Mexico, where they had spent several days vacationing.

Miss Mary Lou Crume who is employed in a beauty parlor in Roswell, spent Sunday and Monday visiting relatives and friends in this city.

Mrs. Eldred Hobbs of San Antonio, arrived the past Wednesday to spend several days visiting her mother, Mrs. Ross. Mrs. Hobbs is the former Miss Mona Ross of Texico.

Miss Oma Dean Graham of Portales, visited over the weekend in the home of Mr. and Mrs. B. N. Graham.

J. F. Barnett of Bovina was a business visitor in Farwell on Tuesday morning.

Mrs. O. B. Roberson of Summerfield, attended to business matters in this city on Monday.

Mr. and Mrs. Leroy Faville returned home Monday from an outing in the mountains of northern New Mexico. They report very few vacationists in the mountains this season.

News from Our Boys in Camp

SEALE VISITS HERE

Frank Seale of the U. S. Navy visited with friends in this city Wednesday while on furlough. Seale was recently accepted for the Midshipman Reserve training class and will report to South Bend, Ind. on July 5. In the meantime, he is visiting his parents near Lubbock, and friends in this section.

BATES BOYS IN TEXAS

The three Bates brothers of Bovina sons of B. B. Bates, who recently volunteered as members of the Coast Guard, have all been located in Texas. Earl and R. L. are stationed at La Porte while J. R. is a member of the force at Galveston.

GETS FIRST STRIPE

John Graham, who is here on furlough from San Antonio, is displaying his first rank stripe, that of private first class. John is a member of the Air Corps ground crew, stationed at Brooks Field.

Girls Finish Summer Project Work, 18th

Twenty-one girls, under the direction of Miss Dorothy Shaw, Farwell home economics supervisor finished their annual summer project work the past Thursday, and celebrated with a hayride on Tuesday evening of this week.

Members of the class carried on a variety of projects including home and clothing improvement, gardening and raising chickens, etc., in addition to doing some painting and refurbishing around the home economics building proper.

For the completion of the required hours of work, the girls will receive one-half credit on their school record, Miss Shaw said.

Girls who successfully handled summer projects were Dovie Hightower, Marjory Moore, Theda White, Betty Jo Gilson, Opal Williams, Jewel Dean Francis, Ruby Hamm, Ruby Brand, Marie Brano, Norma Jean Thomas, Joan Booth, Velma Heringington, Lucile Knowles, Lucile Ramm, Bernice Schwede, Lavell Hurst, Tommie Ruth Shelly, Frankie Tipton, Margaret Bigham, Maxine Hughes and Dot McGahan.

Eight Complete Local Home Nursing Course

Eight local women completed a course in home nursing the past Wednesday evening, which has been under the direction of Mrs. V. Scott Johnson.

Eligible for certificates now are Mrs. Roy Bobst, Mrs. W. H. Graham, Mrs. Ed Eason, Mrs. Frances King, Miss Myrtle Atkins, Mrs. O. B. Pipkin, Mrs. L. H. Bradshaw and Mrs. Felix Monroe, the supervisor said.

Mrs. Johnson added that she had been asked to handle a like class in the Lazbuddy community, but due to transportation difficulties was not contemplating starting the series. No other home nursing classes are in prospect at present, she said further, unless the demand is sufficiently strong to justify another class in Texico-Farwell.

War Relief Garments Shipped From County

A large shipment of clothing articles made by volunteer Parmer county women for foreign war relief were shipped to national headquarters by the local chapter of the American Red Cross on last Thursday.

According to Mrs. Minnie Aldridge, secretary of the Parmer chapter, the following were included in the shipment:

Men's pajamas, 124 pairs; men's sweaters, 23; men's socks, seven pairs; men's caps, one; men's mittens 4 pairs; men's mufflers, four; boy's overalls, 71 pairs; bed jackets, 115; convalescent robes, eleven.

Mrs. Aldridge added that there was one more shipment of Red Cross garments to go out of this county within the next few days, mostly convalescent robes, after which the sewing will be discontinued for the summer months.

E. G. (Blackie) Williams, who is employed as a guard on a defense plant in Amarillo, arrived here Tuesday for a brief visit with home folks.

Mr. and Mrs. Vernon Hunter and son, Kim, of Santa Fe, visited in the S. C. Hunter home over the past weekend.

Learning the Three R's in China

Guerrilla fighters, farmers and their wives and children assemble for a weekly open air class in reading and writing in a northwestern city in China. With the aid of United China Relief funds, China is making great strides in eliminating illiteracy among its millions as part of its wartime reconstruction program. Since the war began some 90,000,000 Chinese have been taught to read and write, and today they are intelligent citizens of a democracy that is an important ally of the United States.

dust off these PESTS with your DOLLARS

It takes less sprayed from machine guns and bombers to exterminate these borers-from-within. Combatting international pests is not cheap—no war is. Your dollars are vitally needed to help Uncle Sam do a thorough job.

If American farmers buy their proportionate share of WAR BONDS, they alone can finance 30,000 fighter planes this year. Think what a crop-dusting job an air fleet like that could do!

Allis-Chalmers believes: That WAR BONDS are today's best and safest farm investment.

That American farmers, by buying WAR BONDS every market day, can make total victory the climax to total war.

The quickest and surest way to achieve it is for farmers themselves to take the leadership. That is the aim of the "Win-the-War Bond Contest", sponsored by Allis-Chalmers in cooperation with the U. S. Treasury Department.

Send in your letter today —be the War Bond leader in your community!

ALLIS-CHALMERS
MILWAUKEE, WISCONSIN

See us for your official entry blank and complete rules today!

Clyde Magness, Dealer
Farwell, Texas.

"WIN THE WAR BOND CONTEST"

Your chance to win one of 125 prizes for Best Letters of 100 Words or Less on "Why Farmers Should Buy War Bonds"

1st PRIZE \$1000 WAR BOND

plus a tour for the winner and one other member of the family, all expenses paid. See the big Allis-Chalmers factory where weapons of victory are made. Visit Great Lakes Naval Training Station and, war conditions permitting, cruise as guest of honor aboard a U. S. Navy boat!

2nd PRIZE — \$1000 War Bond
3rd PRIZE — \$500 in War Bonds
122 other prizes from \$400 to \$10 in bonds and stamps.

HOW TO ENTER
Anyone living on or operating a farm is eligible except Allis-Chalmers employees and dealers and their families. List the serial no. of a War Bond registered in your name. Obtain entry blank from your Allis-Chalmers dealer. Contest closes Sept. 15. Submit entries to Allis-Chalmers, Dept. D, Milwaukee, Wis.

Demonstration Club Notes

By Special Staff Reporters

Council To Meet

The Parmer county home demonstration council will hold a regular meeting at Blackwell Hardware in Friona on Saturday of this week, the business session opening at 3:30. Miss Elsie Cunningham demonstration agent urged that all women belonging to the council be in attendance.

Rhea Club

The home demonstration club met June 16 at the school house. Miss Cunningham led the discussion on "Ways of Saving Sugar". She had a list of foods which were already sweetened and require no sugar, such as dried fruits etc. Another list of things other than sugar to use for sweetening and some ready-to-eat foods that can be bought at the grocers for desserts. Each lady exchanged recipes and told of experiences she has had cooking with sugar substitutes.

Miss Cunningham made two kinds of sweet sandwiches and served to the ladies. They were Mrs. Travis Brown, C. L. Calaway, Russell Har-

ington, Charles Schlenker, Herman Schueler, Pete Huffman, Wayne Parker, Paul Koelzow and Robert Calaway; also Miss Wanell Brown.

There will not be a regular meeting of the club in July but we plan to have a community party at the school house.

The next club meeting will be on August 18. Miss Cunningham's demonstration will be on "Dry Cleaning at Home". Everyone is urged to attend.

Hub Club

The Hub home demonstration club met June 12 with Mrs. S. L. McLellan as hostess. Eleven members and four visitors were present.

Program leader was Mrs. V. E. Adams. The club repeated the picnic after which Mrs. C. W. Boatman discussed "Care of Wounds", and Mrs. R. F. Jones spoke on "Filing a Tray for a Sick Patient". "The Contents of a Household Medicine Cabinet" was taken up by Mrs. John Thomas.

The next meeting will be June 27 with Mrs. E. B. Brannon as hostess and Mrs. L. L. Johnson as program leader. Miss Elsie Cunningham will demonstrate "Ways of Saving Sugar".

Texas petroleum workers are paid \$272,000,000 a year in wages and salaries. This is approximately 40 percent of the total business and industrial payroll in Texas.

RATION BOARD REPORT

The following tire, tube and retread certificates were authorized by the Parmer County Ration Board on June 17:

- C. M. Gough, one trailer tire retread.
- R. L. Douglas, two retread trailer tires.
- Joe Langer, two retread pickup tires.
- J. T. Coburn, two retread pickup tires.
- Paul G. Renner, two retread truck tires.
- Oble Sheets, three retread truck tires.
- C. C. London, two retread truck tires.
- Ralph Cox, two retread pickup tires.
- A. A. Crow, two retread truck tires.
- Jess F. Jones, two retread truck tires.
- Billie Sudaerth, three retread truck tires.
- F. B. Gaede, two retread truck tires.
- H. C. Burge, one retread truck tire.
- Frank D. Smith, one retread truck tire.
- Frank Hinkson, one retread truck tire.
- Roy Johnson, two retread pickup tires.
- Bob Pierce, two pickup tubes.
- Howard Splawn, one pickup tube.
- E. H. Cummins, one pickup tire, one tube.
- J. G. McFarland two tractor tires.
- Nat Jones, one truck tire, one tube.
- Lee Sudderth one obsolete tractor tire.
- J. P. Tate, two pickup tires.
- H. B. Seaton, one pickup tires.
- Claskel Sudderth, one pickup tire.
- C. R. Hurst, one pickup tire.
- J. W. Ellison, two pickup tires, two tubes.
- Wayne Burford one truck tire, one tube.
- Sloan Osborn, one pickup tire, one tube.
- Albert G. Drager, one truck tire, one tube.
- J. O. Ford, one combine tire.
- Jack Dunn one truck tire, one tube.
- D. P. Mann, two passenger retread tires.
- Bob Mars, one retread passenger tire.
- E. A. Berry, two trailer tubes, two obsolete tires.
- A. J. Mootman, one obsolete trailer tire, one tube.
- Harold W. Carpenter one obsolete passenger tire, one tube.
- C. H. Long, one retread tractor tire, one tube.

Hopper Poison Now Available To Farmers

Grasshopper poison is now available to farmers of Parmer county, with the distribution plant being located at the Gaines building in Bovina.

Monday heralded the official opening day of the drive against the pests and County Agent Garlon A. Harper reported that fifteen thousand pounds of poison bait was issued to farmers the first day of operation.

Supplies are available to issue poison in any quantities desired by farmers, Harper said, at a cost of 20c per hundred to pay mixing expenses. "The grasshoppers are here and are at work, the poison is now available, and it is up to the farmers to do what they can in controlling them", Harper said bluntly.

"Apparently," the agent went on, "the grasshopper infestation is serious. Some farmers are reporting that the hoppers are cutting off the heads of the wheat. I do not think that much damage will be done to the wheat, since it is so far advanced—however, when there is enough of them to attack the wheat there is likely to be severe damage to row crops. One of the biggest dangers, it seems, is that the pests will severely damage young wheat this fall if they are not poisoned before that time. Every hopper which is killed now will keep us from having just that many more this fall and next spring," he said pointedly.

Offering tips on the spreading of the poison bait Harper advised that the mash be spread at the rate of 15 pounds per acre. If distributed evenly at this rate, he said, there is no danger that livestock or poultry will be killed.

One important warning: The hoppers will "take" to the poison only when it has moisture in it, therefore for an effective kill poison should be spread very early in the morning or, preferably, late in the evening. Poison which is spread in the middle of the day merely represents wasted effort and material, Harper stressed.

125 Prizes In Farm War Bond Contest

With Uncle Sam's flying fortress-darkening the sky, Hitler's mark and the Japanese yen are wavering on the stock markets of the world, American farmers, in contrast, are about to let go a smashing broadside of dollars in the purchase of war bonds.

The power of the farm dollar in putting weapons of victory into the capable hands of American soldiers is spotlighted in a "Win-the-War Bond Contest" sponsored by Allis-Chalmers in cooperation with the Treasury Department. Seeking reasons from farmers themselves on "Why Farmers Should Buy War Bonds" the contest offers 125 prizes for winning letters of 100 words or less on that subject.

First prize is a \$1,000 War Bond, plus a tour with all expenses paid, for the winner and one other member of the family to the Allis-Chalmers factory at Milwaukee to see weapons of victory in the making. The tour will include a trip to the Great Lakes Naval Training Station and war conditions permitting, a cruise on a U. S. Navy boat.

Second prize is a \$1,000 war bond, third is \$500 in war stamps and 122 other prizes range from \$400 down to \$10 in bonds and stamps.

Anyone living on a farm can enter by listing with his letter the serial number of a war bond registered in his name. Each bond denomination of \$25 permits one entry.

Local Players Plan Work on Golf Course

Consideration of improvement work on the Texico-Farwell golf course was the theme of conversation of a number of local golfers this week, as attempts were being made to reorganize the local club and "get some work done" on the course.

Aubrey Sprawls, interviewed on Tuesday, stated that he and Mrs. Jimmie Rogers were trying to contact a sufficient number of players to form a local club, and urged that all those interested in playing see him or Mrs. Rogers.

Rather than attempting to do the needed mowing, etc., themselves, members will contribute \$5 in dues in order that labor may be hired to keep the course in playing condition, Sprawls said.

"There are a number around here who have been ardent golfers in the past" he said, "and since enter-

Kurtz Named Inspector For Panhandle-Plains

The promotion of C. B. Kurtz as transportation inspector of the Panhandle and Plains divisions, effective immediately, was announced today by G. H. Minchin, acting general manager of the Santa Fe Western Lines. Headquarters will be in Amarillo.

Kurtz, who has been secretary to the general manager, succeeds B. L. Lindley, who has been promoted to the position of trainmaster at Galup on the Santa Fe Coast Lines.

The new transportation inspector has been with the railway since 1925, serving in various capacities in Kansas, Colorado and Texas. Before coming to Amarillo in 1941 he had been secretary to the assistant general manager at La Junta. He is married and resides with his wife and two children at 1414 Washington St., Amarillo.

The popular former secretary is succeeded in that post by A. R. Greer, formerly secretary to the superintendent at Wellington, Kan. Greer has been with the Santa Fe since 1927.

The halibut fishery of Newfoundland has not been fully developed because of lack of cold-storage facilities, the Department of Commerce reports.

Texas petroleum production makes up 93 per cent of the value of all mineral production in Texas.

We Want Your Wheat

Bring your Wheat to us for the highest market prices. No delays when you unload with us . . . and your business appreciated.

Storage is hard to get, but we will have it if obtainable.

Roberts Seed Co.

Save Your Wheat!

WE ARE PLEASED to announce that we have storage for an estimated 200,000 bushels of wheat in our warehouse in Farwell, formerly used as a cotton warehouse.

We are bonded with the Commodity Credit Corporation and wheat stored with us will be eligible for the government loan. All wheat stored with us is insured also.

You don't have to pile your grain on the ground nor sell it on the open market when this storage is available to you.

Haulers are requested to weigh at the scales of the Farwell Gin, where tests will be made.
