

'Abandon Ship' Drill on Atlantic Convoy

At Sea . . . You are somewhere on the broad Atlantic aboard a unit of the U. S. navy's Atlantic task force, currently doing a job of conveying. What you are now looking at is an "abandon ship" drill, in which the ship's personnel go through all the motions without actually going over-side. In the background are other ships of the convoy. (Approved by U. S. navy.)

Final Date Approaches for County Candidates

Less than a month remains in which candidates for county and precinct office may file for places on the ballot for the July primary election.

June 13th is the last day candidates may file for office and get their names on the ballot, under the Texas election laws.

Up to now, all present officials who are holding county-wide offices are unopposed for reelection, and it appears likely that some will be handed back their present offices on a platter. There will be contests in three of the commissioner precincts, however.

Some weeks ago there was strong talk that some of the present office-holders would draw at least one opponent. There has been little political gossip of this nature lately, however. It is generally conceded that there will be no contest in the county attorney's race, but political observers are not sure that this will be the case in other county-wide offices.

"People are too busy talking about the war and wondering how we are going to harvest our wheat crop this year to take much stock in politics," one observer pointed out.

Only Two Cars Are Rationed in County

Miss Irene Sachs, clerk of the Farmer County Rationing Board, today released the information that only two automobiles had been rationed to users in this county since cars went under the restricted list.

She said that certificates to purchase new automobiles had been issued to Bill Sherley and Arlie Green. She also added that four new automobiles remained in the county quota that could be issued to "anyone who can prove their need" between now and June 1st.

The four remaining cars in the county quota must be rationed during the month of May or they will be removed from the quota. "They cannot be carried over into the next month," she explained.

Of Interest to Farmers

By Keltz Garrison, Sec'y. Farmer County AAA

Additional regulations concerning harvesting of excess volunteer wheat provide that if a producer harvests excess volunteer wheat and expects to avoid the penalty he must store, on the farm, either the average yield for the entire farm or his five-year average yield, whichever happens to be smaller.

For example, if a farmer's volunteer wheat only averages five bushels, but the entire farm—volunteer and seeded wheat together—averaged ten bushels, he would be required to store ten bushels per acre of the volunteer wheat he cuts in excess of

his allotment. Another example: If the excess volunteer wheat makes 15 bushels while the entire farm only averages 10 bushels, the amount to be stored would be ten bushels per acre times the excess acreage.

Another example: If all the wheat on the farm, including excess volunteer, averages 10 bushels per acre but the five-year average for the farm is only seven bushels, then the amount to be stored would be seven bushels times the excess acreage harvested and all the other wheat could be sold penalty free.

Timely Rain Helps Crop Conditions

Selection of County Agent Deferred

The Farmer County Commissioners Court, in special session here last Saturday, finally adjourned without taking any definite action on the matter of hiring a county agent to replace Lee McElroy, who has been inducted into the Army.

County Judge Lee Thompson said that the commissioners took the position that at present the services of an agent are not absolutely necessary. But at the same time, Thompson said, the commissioners felt that it would be unwise to close the door to future consideration of an agent. "We merely left the door open so we could employ an agent if necessity demanded," the Judge explained.

He added that a serious infestation of grasshoppers or some other emergency might demand the employment of an agent to combat the pests. He indicated that Farmer county would be without the services of an agricultural agent for the present, unless some emergency might arise.

Jess Mitchell Will Address Men's Club

Jess Mitchell, former editor of the Muleshoe Journal and retired minister, will be the principal speaker at the regular monthly meeting of the local men's club, to be held on Thursday evening of this week.

Mr. Mitchell is one of the foremost speakers in this section. His subject will be of his own choosing. The meeting has been called for 8:30 p. m. in the basement of the Methodist church.

Sponsors have repeatedly stressed that the meeting is open to all men in the community and a general invitation is extended to all to be present.

Upwards of fifty local men have been in attendance at recent meetings of the club, and sponsors are hoping to build the attendance up to at least 100. Sandwiches, coffee and pie will be served.

Nine Selectees Are Accepted at Lubbock

Of the twelve Farmer county boys who left here Monday for Lubbock to take their Army physical examinations, nine of them were accepted and three rejected.

Those returning here were T. Wesley Osborne, Morgan Billington and Virgil Lee Elms. All returned home Monday afternoon. Wulfora Edward Johnson was accepted and granted a furlough.

Those accepted were: Dee Brown, Melvin Coffey, Robert Lance Jr., Carl Shirley, Adrain Fallwell, James Gully, Ed Garrett, Wm. O'Dell Wilburn, Joe Burford. Two transfers from other boards were also accepted: Kent Gerles, and Donald Griffith.

Mrs. Bessie Lee Henneman, clerk of the local board, today announced that a quota of 13 men had been assigned Farmer county for the month of June, and they would be forwarded to Lubbock on June 15. The names of those to be called in the quota was not made public at this time.

She said that her records reveal none of the men who registered in the third sign-up would be needed to fill the June call.

Schools Close Doors For Vacation Period

Following graduation exercises for seniors and grade students, along with general all-school programs, the Texico and Farwell schools wound up the 1941-42 session and closed their doors for the summer the past weekend.

Seniors at the Farwell school made their final public appearance on Tuesday night, when they received their diplomas, while on Friday night the Texico seniors stepped on the stage to receive the paper stating that they had finished high school work. The last program of the week for Farwell was held on Thursday evening, when the all-school program was presented.

Graduation services for the Texico eighth graders was also held on Thursday evening, with a good crowd in attendance at the school.

If you want your dreams to come true, you'd better wake up.

Educator Pleads for "United People" in Address to Seniors

Texico's First Grad Delivers Diplomas

An unusual honor was revealed at the Texico graduating exercises on Friday evening, when Rupert Paul, president of the school board and first graduate of the school, delivered diplomas to the class of eight graduates.

Among the graduates was his own daughter, Miss Dorothy Paul, who had honors heaped upon her by being named as salutatorian of her class.

Honts Asks Re-election As District Attorney

John B. Honts of Dalhart, who is now serving his first term as district attorney of the 69th judicial district, this week announces as a candidate to succeed himself at the Democratic primary election in July.

In announcing his candidacy, Mr. Honts issued the following statement:

To The Citizens of Farmer County And the 69th Judicial District Of Texas:

I am asking you a second term as your District Attorney, subject to the action of the Democratic Primary in July.

It has been a privilege and a pleasure to work with the citizenry of this district in our mutual endeavor to uphold the laws of this state. I have done my best to administer the office justly and fairly, and always to accord the accused the rights guaranteed him under the constitution of this Democracy.

Should you permit me to serve you again, I shall earnestly strive to improve my own record and prove my worthiness of your confidence, by conscientious and unstinted service to duty.

Your counsel and advice is solicited at all times in matters coming within the purview of my duties. When I may serve you, please command me. May I now take this opportunity to thank you for your vote and influence in my behalf during the campaign.

Comencement Is Held In Bovina on Friday

Comencement exercises for eight graduates of the Bovina school were held the past Friday night at the auditorium in that city, with the seniors presenting their own program.

Included in the evening's entertainment was the welcome by Lillie Hester; a one-act play by the class; sousaphone solo, Wayne Lovelady; song by the class; vocal solo, Mary Elizabeth Charles; farewell by Wayne Lovelady. The presentation of diplomas was made by Superintendent W. O. Cherry.

Members of the class are Mary Elizabeth Charles, T. D. Evans, Elmer Green, Lillie Hester, Earl Johnston, John Robert Kimbrow, Wayne Lovelady, Charles Don Smith and Rita Wilkinson.

Miss Dorothy Shaw has gone to Dallas to spend a few days with her parents, after which she will return to Farwell to conduct summer project work for homemaking students.

Victory Wheat Pledges Suggested As Means Of Buying War Bonds

With wheat fields all over the nation promising fairly average yields—and those in this area believed to have "bumper" possibilities—a victory wheat campaign as a means of investing in United States War Bonds and Stamps has been suggested by John R. Mayo, of Amarillo and Hereford, who farms several thousand acres in Deaf Smith county.

Mayo's plan, reduced to its essentials, provides that all wheat producers take the first 10 bushels of wheat per acre to meet all expenses, etc., and then invest one-tenth of all

Standing beneath a huge banner inscribed "Impossible Is Un-American", Dr. Alfred Crofts of the Eastern New Mexico College, pleaded for a united nation to "overthrow our aggressors" in a masterful address to the graduating class of the Texico high school on Friday evening. "Our nation needs us now even more than we can give," the college professor, who was born in China of missionary parents and educated in this country, declared.

He observed in his plea for a united nation that "America will not lose on the battlefield unless we lose in our hearts first", and added, "if there ever was a generation that had a date with destiny, it is ours." Driving home his point further, he stressed, "to be an American is no longer that casual life of ease and complacency."

"Turning his attention directly to the class members he raised a question for them to ponder: "Was there ever a graduating class that despised risks?" From that springboard he pointed out that no class which was unwilling to face dangers ever attained much in this world.

In conclusion, he sounded a cheerful note in predicting that out of this war will come the opportunity to establish Christianity and freedom to mankind everywhere, when "everybody on this earth will live by the precepts of Christianity and the Gospel of good will."

Ronald Booth was at the piano for the professional and recessional, with Sylva and Wanda Pearce and Juanita Roberts, and the high school chorus in charge of special music. Rev. W. C. Wright and Rev. E. J. Sloan gave the invocation and benediction.

Special Awards Made

Medals and scholarships to several colleges were awarded by Supt. L. A. Hartley to Ruby Doolittle and Dorothy Paul as valedictorian and salutatorian of the class, while medals were also given to outstanding class members as follows: freshman, Bill White; sophomore, James Orval Francis; junior, Pearl Martin; and senior, Ruby Doolittle.

Lila Boss and Calvin Blain were named as the "best all-round students" and recognized. Special typing awards went to Ruby Doolittle, Edna Earle Thompson, Pearl Martin, Melvin Doolittle, Wanda Boss, Billie Nell Thompson, Betty Williams, and Chester Rierson.

The graduates were presented the diplomas by Rupert Paul, president of the board.

LOKEY NOMINATED

E. F. Lokey, local attorney, has been nominated by the Farmer County Selective Service Board to succeed Sam Aldridge as chairman of the advisory committee. Aldridge tendered his resignation when he departed for Washington to enter government service a week ago. Lokey's nomination has been forwarded to Gov. Coke Stephenson for approval.

CAFE OPENS

Mr. and Mrs. Frank Smith reopened the Farwell Cafe here Monday after the business had been closed down for several weeks. Mrs. G. C. Danner, outstanding local cook, will be in charge of the kitchen.

A very timely rain fell here Tuesday night, bringing much relief to farmers of this area who were beginning to grow a bit anxious about needed moisture and crop conditions generally.

The rainfall in Farwell amounted only to little more than a quarter of an inch, but reports indicate that it was considerably heavier in the outlying districts, particularly to the south and east of this city. Reports from other sections were lacking.

Planting operations, which have been in progress for the past few weeks had just about come to a standstill due to lack of moisture in the seedbeds. Early plantings, most of which are up to a good stand, were beginning to need rain to keep the feed crops growing, farmers say.

Aid To Wheat

The most critical need for moisture, however, was on the wheat fields. Wheat farmers say that the wheat was just at the critical stage when it must have moisture to insure a good yield. Most fields are just passing from the boot to the heading stage, and a shortage of moisture just at this period would seriously affect the yield. Faced with the best prospect for a bumper crop in recent years, growers had agreed that unless rain came during the next few days, the yield would be materially cut.

The heavy growth of wheat, farmers report, had sapped the moisture of last month until some fields were actually beginning to suffer.

As The Tribune went to press Wednesday morning, there were strong indications that more moisture might be expected before the "all clear" signal is sounded.

Mrs. D. K. Roberts Reported Seriously Ill

Mrs. D. K. Roberts, wife of County Clerk Roberts, is reported to be seriously ill in a Sherman, Tex., hospital, where physicians give family members little encouragement for her recovery.

She was removed to Sherman two weeks ago in the hope that the lower altitude might prove beneficial.

Members of her family have been summoned to her bedside. Her son, DeVere, who is stationed at San Diego with the Navy, arrived at Sherman the first of the week.

Graduation Exercises At Oklahoma Lane

Rev. E. J. Sloan, of the Texico-Farwell Methodist church, has been invited to deliver the baccalaureate address to members of the Oklahoma Lane senior class on Sunday, May 24th.

Services for the group will be held in the school auditorium, beginning at 11:45 a. m. There are eleven seniors this year.

On Thursday evening, May 28th, the commencement exercises will be held, also at the school, with the seniors presenting the program.

GOLDSMITH TO MOVE

Noble Goldsmith of the Goldsmith Produce, is making preparations to move his business to new quarters by June 1st. He recently purchased the building formerly occupied by the Robertson Produce in Texico and has moved the building across from the Farwell postoffice.

Miss Maude Pearson has gone to Oklahoma City for a summer vacation, and Miss Sadie Burns, another Texico teacher, is spending the summer in Vici, Oklahoma.

Bovina Happenings

Mr. and Mrs. Otis White of Amarillo visited relatives here Sunday. Orvil Stevick of Friona, visited in the Byron Dial home, Monday.

Mr. and Mrs. Tom Horton visited their daughter, Mr. and Mrs. Alvin Gaines, in Friona, Sunday.

Mrs. Sarah Jefferson and granddaughter, Betty Charles, left Sunday for Albuquerque, to visit her daughter, Mrs. S. Renaids.

Nolan Rhodes, a prominent athlete and student of Bovina has passed the physical exam and has enlisted in Uncle Sam's navy. He will leave in a few days. He is the son of Mrs. Lillie Rhodes.

Defense Class

The metal course will begin May 25th and will be taught by Ernest Englant. Anyone interested in taking this course should contact B. E. Gregory before that time.

O. L. Smith of Farwell was a business here Tuesday.

Mrs. Oscar Venable and daughter, left Friday for Crowell, Texas, to visit her parents, who were injured in the tornado a few days past.

John Kimbrow left Sunday morning for Fort Worth to visit his grandparents.

PLEASANT HILL

Mr. and Mrs. Pearl Singletery, of Hereford, are preparing to move to Mr. Pipes' place in the near future.

Rev. and Mrs. R. A. Long left for San Antonio, last Wednesday.

Delbert Reed went to Amarillo last Wednesday.

Mrs. Pennegrass, of Clovis, attended the graduation exercises here last Wednesday night.

Victor Pierce and Rev. R. N. Powers and wife attended the Fellowship meeting at Roswell last week.

Mrs. Harry Jefferson of Bovina, visited her aunt, Mrs. W. P. Kays, Friday.

The Fundamental Baptist church began a meeting Sunday, with Rev. Jack Powers in the pulpit.

Mrs. Dodd, of Amarillo, attended the graduation exercises last week.

Glenn Singletery is suffering from an attack of the "flu".

Mrs. Paul Spearman and sons, Jim and John, and Mrs. Maggie Bell went to Roswell, Saturday.

Betty Jo Hightower will leave Sunday for Portales to attend summer school. She and Miss McCormick will be roommates.

Mrs. Lee is leaving soon for summer school at Portales.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending May 16, 1942, were 21,213 compared with 22,671 for the same week in 1941. Received from connections were 9,673 compared with 7,312 for the same week in 1941. The Santa Fe handled a total of 30,954 cars during the preceding week of this year.

Parachutes used by the Marine Corps require about 150 yds of silk.

U. S. Navy To Invade Panhandle, Saturday

DALLAS—The Navy never lets anyone down, especially their own men. That was proven here Saturday when 106 volunteers from the great Panhandle of Texas were given assurance the Navy would return this visit by taking prominent roles in the Panhandle Navy Day Celebration at Buffalo Lake, Saturday and Sunday, May 23-24.

Lieut.-Commander J. B. Holten of the Flight Selection Board of Aviation Cadets announced today he would detail Lt. Ralph Binnion, Lt. Jack Sisco, Lt. John Pierce, Ensign Jack Crane (former All-American fullback of Texas University), Yeoman James Barnett and Yeoman Barney Thompson from his division for the lake celebration.

From the United States Navy Recruiting Station here will go Ensign Gerald Pope, Yeoman Julian Prade Jr., Seaman First-Class Buddy Harris, Lieut. L. H. Ridout Jr., officer in charge said today.

There will be information booths at the Lake, officers said, where everyone may find answers to any questions of all branches of the Navy. Yeoman Barnett and Thompson will have a complete motion picture unit with them featuring sound pictures on aviation, Navy and submarine divisions. All of the officers will be judges in the motorboat races scheduled for the day.

Chief C. M. Norman, Amarillo recruiter in charge of the 25 counties in the Panhandle, recently challenged the Army, Marines and Coast Guard men to a row boat race for the day and officers from Dallas state emphatically they are willing to row against all comers to uphold the Navy traditions.

Festivities will begin Saturday night with a Naval Ball in the lake's recreational building honoring both Navy and Army officers. The dance is open to the public and Concessionaire Jim Golding, recently enlisted in the Navy, has announced proceeds will be given to the Navy Relief Society.

All entertainment with the exception of the dance will be free to the public and no admission charge is ever made to the popular government spa.

In addition to the Navy program and boat racing there will be diving and swimming exhibitions, fishing, motorboat races, water skiing by Bascom White, another Navy volunteer from Amarillo and West Texas Ski Champ, and many other nautical highlights for out-door lovers.

The United States Navy cordially invites every one in the Panhandle to attend the Buffalo Lake celebration and get acquainted Saturday and Sunday.

WAR CHECKS FARM BUILDING

COLLEGE STATION—Recent War Production Board orders affecting construction of farm homes and buildings mean rural families in Texas may build little and repair much for the duration of the emergency. Purpose of the orders is to restrict the sale or use of materials necessary to the war effort.

There are a few exceptions to the order. For example, a farm building which costs less than \$1,000 and will not be used for residential purposes may be built if materials are available. However, cost of several new buildings within any 12-month period must not exceed \$1,000. All agricultural construction exceeding this figure must be authorized by the WPB. Individual applications should be filed with county USDA War Boards for transmittal.

New farm residential construction which will cost less than \$500 is also exempt from the order. Mrs. Bernice Extension Service specialist in home improvement, says this means many farm families will need to do considerable repair on their homes to keep them in good shape and to protect health during the war period.

Farm residences costing \$500 or more must be approved by WPB unless buildings damaged or destroyed by "fire, flood, tornado, earthquake, act of God or the public enemy" must be reconstructed or restored. Then no permit is necessary.

THE POCKETBOOK of KNOWLEDGE by TOPPS

Microphones concealed in the fences that surround many factories help to guard against sabotage. If an intruder touches the fence the sound is carried to the plant guardhouse as a warning signal.

One source of supply for the tropical Nile river of Egypt is the melting snow from the peaks of equatorial Africa.

Industry employs 75 percent of 2,000 American factories covered in a recent survey have rooms equipped for medical treatment of employees.

One new war plant has a three-inch layer of moving water on the roof to help keep the plant cool in summer.

The lumber required to crate a bomber for shipment is enough to build a five room house.

Health Notes

By Texas Department of Health

AUSTIN—The season of the year when most complaints are received on account of diarrhea and dysentery or "summer complaint" is here and Dr. Geo. W. Cox, State Health Officer, has issued a warning to parents in regard to this, and offers the following suggestions to prevent its occurrence among babies.

The chief causes of diarrhea include impure milk, water and contaminated foods, over-heating, fever from any cause, too much sugar or cream in the diet, overfeeding and underfeeding. Mother's milk is the safest food. However, if other milk must be used, the supply should be clean and pure. Water should be clean, pure and boiled. Any other articles of food should be fresh and clean and no unsuitable articles of food, such as cake and candy, should be given.

If a feeding formula is used, it should be one prescribed by a physician and it must be prepared with extreme attention to cleanliness and kept cold until used. The baby should be fed at regular intervals and should not be forced to eat when he is not hungry. The baby should be kept cool and comfortable in hot weather, should not be overclothed and should be given plenty of clean water to drink. Any infections which develop in the nose, throat, ears or other organs should receive prompt attention from a physician.

If diarrhea develops, feeding should be stopped or greatly diminished and an abundance of water should be given. Cathartics should not be given except on the advice of a physician. If the diarrhea does not improve within a short time, a physician should be called and a complete examination should be made.

The three F's—flies, fingers and food—are the three sources of danger to the baby. Flies carry disease germs to the baby and to its food. Fingers and hands that are not thoroughly washed before preparing the baby's food are likely to be germ carriers also. All milk and water that is intended for the baby should be boiled for five minutes, then carefully covered and kept in a cool place until used.

LETTERS from Our Readers

(Given below is, in part, a letter received this week by The Tribune from T. B. (Churky) Morse, of Linn Creek, Mo. The Morse family were formerly local residents.)

Dear Mr. Graham: We are just fine and like our new home better all the time, if that is possible. We miss our friends in Texas but have made worlds of them up here.

I won't tell you any fish stories for you would not believe them, so you will have to come up and find out for yourself.

Give our regards to everybody. T. B. (Churky) Morse

Never Surrender The expression "A Marine never surrenders" is credited to Capt. Gilbert Hatfield who refused a Nicaraguan bandit's request to give up with those words.

REVISED AAA PAYMENTS REFLECT WAR NEEDS

COLLEGE STATION—Wiser use of land, labor and equipment in producing wartime food is the aim of recently-announced parity and conservation payments to be made Texas farmers cooperating under this year's AAA program.

Payments also act as levers to assist farmers in continuing soil conservation practices and in converting from production of crops with big reserves to crops the country needs to increase quickly. Geo. Slaughter, chairman, Texas AAA committee, announces.

A parity payment of 13.5 cents per bushel will be made to cooperating wheat growers, but no parity payments will be made to cotton and rice farmers because their 1941 return, including conservation payments, is at or above the parity level. New conservation rates of payment which are paid producers for seeding special crops according to AAA regulations, also have been announced and replace rates originally designated. New cotton rate is \$1.20 per 100 lbs. instead of \$1.25, while the wheat conservation rate of 10.5c per bushel has been reduced to 9.9c.

The payment rate on commercial peanuts, which does not include peanuts for oil under the Food for Freedom program, has been reduced from \$1.45 per ton to \$1.25 per ton, and the rate on Irish potatoes has been changed from 2c per bushel to 1.8c per bushel. The 1942 rice payment will be 3.88c per barrel instead of 4.86c.

New payment schedules do not include changes in the soil-building allowance rates or soil-building practice payment rates under the 1942 conservation program, the AAA chairman said. Necessary changes in these rates will be made later when more adequate information becomes available concerning the extent of participation in this phase of the program.

WHEAT LOAN ANNOUNCED

COLLEGE STATION—Basic loan rates for this year's wheat crop in Texas is \$1.34 per bushel but individual prices will vary according to locations.

The loan program, with rates based upon returns equivalent to 85 per cent of parity, became effective when wheat farmers approved marketing quotas in national referendum May 2. Unofficial vote indicates Texas wheat farmers approved quotas by

approximately 89 per cent while national approval is expected to average about 82 per cent.

THREE LOAN PROGRAMS

COLLEGE STATION—Texas grain sorghum, rye and barley growers will have a loan program again this year.

Loan rate for farm-stored rye grading No. 2 or better will be 60c per bushel at all locations. Barley loan rates, on farm-storage basis, will be 55c per bushel for No. 1, 54c for No. 2, 52c for No. 3, 49c for No. 4 and 45c for No. 5. Rates on grain sorghum, on same type storage, will be 55, 53, 50 and 45 cents per bushel respectively. Mixed barley and grain sorghum rates will be 2c per bushel less.

If grain is stored in warehouses, storage charges must be paid in advance, otherwise a deduction of 7c per bushel will be made from the loan rate. P. C. Colgin, state AAA commodity loan specialist, reports.

A report was being circulated this morning that a 60-year-old man has a new tooth, but it may be false.

Local Happenings

Lovilla Clay Bride Of W. A. Kessie

On Wednesday evening, May 13th, Miss Lovilla Clay of this city became the bride of Walter Arnold Kessie, of the U. S. Army, with the beautiful double-ring ceremony being read by Rev. John Ashley, in the candlelit sanctuary of the Santa Barbara, Calif., Methodist Church.

Wearing a simple navy blue cape suit with accessories of navy and white, the bride chose as her flowers a corsage of Talisman roses. Her attendant, Miss Ruth Bruce of Canadian, Texas, was attired in a cadet blue suit, and wore a corsage of gardenias.

Serving as attendant to the groom was Clifford Black, also of the U. S. Army, and Miss Virginia Hunter, of Santa Barbara, was a guest.

Coming here from the Hereford FSA office, Mrs. Kessie has been a member of the local FSA force for the past two years. Her parents are Mr. and Mrs. Logan E. Clay, of Shamrock, Texas. She received her high school diploma from the high school in that city and later took her degree from Panhandle A. & M. College, at Goodwell, Oklahoma.

Mr. Kessie, who was formerly connected with Montgomery Ward in Clovis, volunteered into the service more than a year ago, and is in the Field Artillery Division. He has been stationed at San Louis Obispo for the past several months. His parents are also residents of Shamrock.

Mrs. Kessie will return to her work in the local office next week, and will make her home in Farwell until Mr. Kessie is released from service.

Breakfast Held Friday In Smith Home

A lovely breakfast was held in the home of Mrs. A. D. Smith the past Friday morning, when Mrs. Smith entertained the Kilkare Club of Clovis and visitors from this city.

Tables were laid for foursomes, and dainty hand-painted placecards, brought from Mexico by Mrs. Clyde Smith of Clovis, were arranged for the seating of guests. Beautiful bouquets of spring flowers were used for decoration in the entertaining rooms. Roll call of the club was answered by members recounting interesting vacation trips, after which a social hour was enjoyed.

Special guests from Farwell were Mrs. E. J. Sloan and Mrs. W. H. Graham.

Jim Cleve Dixon, who has been in California, is here for a visit with his grandparents.

Dick Hunter, local Texaco agent, has gone to Hot Springs, N. M., to take the mineral water baths.

Saturday Is Poppy Day In America

Mrs. Foister Rector, secretary of the Friona Legion Auxiliary, this week pointed out that Saturday, May 23, was "Poppy Day" and asked that all county residents cooperate in buying their poppies from Auxiliary representatives.

"This year we have a bigger load to carry than ever before," Mrs. Rector points out, stressing the fact that disabled veterans of World War I and recent casualties will receive benefits from the funds accumulated through the sale of the poppies.

Mrs. Rector states that at present there are eight boys from the current conflict hospitalized at the Amarillo Veterans Hospital, and ends her request for cooperation with, "On this Poppy Day let us each one buy his poppy, wear it with renewed grace and loyalty to our comrades of 1917-18 and to our own sons of 1942."

Farewell Party Held On Sunday Evening

Mr. and Mrs. Lester Rogers and Mr. and Mrs. Wesley Osborne were honored the past Sunday evening, when members of the local Church of Christ tendered handkerchief showers.

The social was held at the water-tower park in Farwell, and after an hour of visiting, refreshments of punch and cake were served to about 50.

The Rogers will leave soon for Littlefield, where he will assume the responsibility of school principal, while the Osbornes plan to depart for Washington state, where he expects to be employed.

Miss London Hostess To Bridge Club

Miss Jennie Lee London was hostess to the local bridge club on Monday evening of this week, the group starting the evening with supper at the Hillhouse Cafe.

Games were then enjoyed at the B. N. Graham home, with Mrs. Claude Rose holding high score. Attending were Mesdames Claude Rose, Bess Henneman, E. F. Lokey, Bess Mansfield, A. H. Overstreet, M. C. Roberts and Bess Dow, and Miss Jennie Lee London.

The next meeting will be Tuesday evening, May 26, with Mrs. Bess Mansfield.

To California

Miss Linnette Cain left the last of the week for Los Angeles, California, where she expects to spend the summer visiting relatives and working.

Miss Hazel Metcalf also has gone to California, and will spend the summer there.

Leaves For Home In Oregon Today

Mrs. Curtis Danner and small son, Danny, will leave today (Wednesday) for their home in Portland, Oregon, following a visit of several weeks with relatives here and in Bovina.

On Monday, Mrs. Danner and son, Mrs. Lee Bradshaw, Bob Kyker and Rex Kyker made a trip to Carlsbad and spent the day with relatives.

Aldridges Entertain Friends Saturday

Honoring Mr. and Mrs. Lee McElroy and Mr. and Mrs. Wesley Osborne, a number of friends gathered at the home of Mr. and Mrs. John Aldridge the past Saturday evening.

A hamburger fry was enjoyed and the evening spent in informal visiting. Some twenty persons were in attendance.

Students Complete State Music Work

Several piano students of Mrs. Florence Millwee Vinyard have completed work for state credit, following recitals given the past two weeks.

Joan Booth and Norma Jean Thomas have finished their junior work; Joan Williams, Betty Hillhouse and Jill Dunn, primary; Dessie Fern King of Bovina, an intermediate state credit, and also required from the West Texas Conservatory for the same credit, Mrs. Vinyard announces.

Visiting Soldier Is Honored on Tuesday

Honoring Sgt. Frank Thompson, who is on furlough here from California, and Mrs. F. E. Thompson and children, who will leave this week to make their home in Linwood, California, an informal chicken fry was held by a number of friends at Hillcrest Park in Clovis, Tuesday evening.

Commencement Supper Is Held At La Vista

Seniors of the Texico school celebrated the conclusion of their work following commencement exercises, Friday night, by enjoying supper at La Vista, in Clovis.

Those in the party were Mr. and Mrs. Lee Richards, Edna Earle Thompson, Wanda and Lila Boss, Duane Howard, Daniel Gonzales, and Mr. and Mrs. I. I. Arnold.

School Program Given Thursday Evening

With members from all departments participating, the annual all-school program for Farwell was given before a large crowd in the auditorium, the past Thursday evening.

Numbers included songs from the younger groups, a dance by Nancy Alaridge, reading by Jane Claire Overstreet, folk dance by the first graders, short playlets by second and third, fourth and fifth graders, and a one-act play by Marilyn Anderson, Arlon Lovelace and Paul Robinson.

Teachers in charge were Mrs. A. W. Johnson, Mrs. Hilton Terry, Miss Velna Sherif, Lenton Pool, and Miss Linnette Cain.

Junior Recital Given By Two Girls

Miss Norma Jean Thomas and Miss Joan Booth, piano students of Mrs. Florence M. Vinyard, presented a recital the past Wednesday evening, at the Methodist church.

The girls gave the recital as the completion of junior high school work through the West Texas Conservatory of Musical Arts, in Amarillo, and also as the completion of junior work under the state board. Miss Linnette Cain assisted in the program, by giving readings.

Former Residents Here

Mr. and Mrs. Wick Daniels, of Arizona, visited the past Friday and Saturday in the home of Mr. and Mrs. Baylor Triplett in Texico. The Daniels lived in Texico a number of years ago.

To Beauty Meet

Miss Hazel Anglin, proprietor of the Vanity Fair Beauty Shop, was in Lubbock over the weekend and through Monday, attending a beauty show and visiting with relatives and friends. On her return she was accompanied by her sister, Miss Dama Anglin, who will stay for several days.

Mrs. S. C. Smith, mother of Mrs. O. C. Sikes and Frank Smith, is here for a few days' visit before going to Phoenix, Ariz. She has been visiting her daughter, Mrs. E. L. Fry, in Youngstown, Ohio, the past few weeks.

Mrs. W. M. Wilkinson of Harold, Texas, is visiting in the home of her son, A. B. Wilkinson, in the Oklahoma Lane community.

Supt. J. T. Carter departed last Saturday for Denton, Texas, where he will join Mrs. Carter and the children for a few days' visit, after which the entire family will return here for the summer.

News from Our Boys in Camp

APPLIES FOR AIR CORPS

Sgt. J. D. Thompson, son of Mr. and Mrs. F. E. Thompson, has written home folks that he has made application for entrance to the Army Air Corps, to take his final examinations this week. J. D. volunteered into the Army almost two years ago and has been serving in the telephone division.

CARTHON PHILLIPS IS NOW IN JAVA

Mr. and Mrs. Frank Phillips were this week in receipt of a letter from their son, Carthon, who is stationed "somewhere in Java" with the United forces.

Reporting that he has just been made a sergeant, Carthon writes that he has "ten men and a Javanese boy jumping every time I say frog . . . but I have a time making my native boy catch on to what I want done. I only got him last week, and before I could make him understand I wanted him to mop the floor, I had to mop it myself. His name is Satumon and he salutes and stands at attention every time I say anything. . . . The squadron has 10 of these boys around the little hospital we have and we pay them 10 gilden a month (about \$5 in our money) and they think they have got a real job.

"The place I am now is very beautiful—but very hot. As you probably know, the people at Dutch and Javanese natives. The Dutch are fine people and can out-fly anything I have ever seen. I am picking up the Dutch language as fast as I can so that I can get along with these Dutch gals better . . . they are few in number but usually very cute . . . I have one little 'diecer' at present."

Carthon says that the boys in his outfit have plenty of food, providing they like bananas, or they can take coconuts. He goes on "we had an air-raid alarm out on the field this morning but nothing happened . . . It is raining by the bucket full here now—one of those tropical showers you have heard about."

He winds up his letter by asking home folks not to worry about him—"all that has happened to me so far is having a wisdom tooth pulled and I had a wreck on a bicycle and skinned myself up a little."

STUDYING AVIATION MACHINERY REPAIR

Frank Seale, former FSA supervisor in Parmer county, is now enrolled in a class for the study of aviation machinery repair, according to news from the Naval Air Station at Alameda, Calif., where he is located.

Frank reports that there are lots of things that have been rationed but "one thing they have is still plentiful after using large quantities for a long period. It seems that the supply is cheap and inexhaustible. From time to time officers make us gifts of large quantities even when we have done things that displeased them . . . of course, that shows what good sports Naval officers are. They can forget about most any boner on the recruit's part and just make him a very generous present of EXTRA DUTY. They show no signs whatever of even lowering the plentiful supply."

BULLOK IS SERGEANT

Carl Bullok, who was inducted into the Army last year and has been stationed at March Field, Calif., for several months, has received his third stripe, raising him to the rank of sergeant, according to his sister, Mrs. Monte Hamilton, of Texico.

BACK TO WORK

Pvt. John Graham, of Brooks Field, San Antonio, will leave here today to resume his duties, after a 9-day furlough. Pvt. Lee McElroy, also here on furlough, left Sunday evening for Fort Sill, Okla.

LOCATED IN GEORGIA

Lt. Julian Thornton, of the Army Air Corps, is now located in Savannah, Georgia, according to a statement from his father, Roy Thornton

of this city. Julian received his wings a short time ago, at the Advanced Training School in Albuquerque.

TAYLOR IN ARIZONA

John Taylor, former Texico student and athlete of the school, is now a sergeant in the ground crew of the Army Air Corps, and is stationed in Arizona.

BACK TO CAROLINA

Pvt. Kirt Crume, who has spent the past two months in Key West and Homestead, Florida, has been transferred back to his former camp, Fort Jackson, S. C., and will likely remain there for some time.

IMMANUEL EV. LUTHERAN CHURCH

Rhea, Texas

Sunday School and Bible Class at 2:15 p. m.

Divine Worship at 3:00 p. m. Sermon: "Christ's Gift of the Spirit".
You are cordially invited to worship with us.

Karl W. Keller, Pastor.

Miss Ruby Ezell spent the weekend visiting friends in Friona, returning here on Monday morning. She has now moved to Clovis to make her home with her mother.

A. G. Acker, son of Mrs. Nelson Smith, departed Saturday for San Antonio and other points in lower Texas, where he will visit relatives for a few days before continuing to A. & M., to enroll as a freshman.

Mr. and Mrs. Bert Reynolds and baby son were here from Trinidad, Colorado, over the weekend, to visit with friends and relatives.

Dick Bobst spent the weekend here with Mr. and Mrs. Roy Bobst, returning on Sunday evening to Lubbock, where he is attending business college.

Demonstration Club Notes

By Special Staff Reporters

Oklahoma Lane Jr. 4-H
"The correct way to set a table" was demonstrated by Miss Elsie Cunningham to the Oklahoma Lane Jr. 4-H club, on May 18.

Plans were made for the summer, with meetings to be held once each month, at the same time the women's group meets.

Those present were: Betty Rose Johnson, Barbara Foster, Vernel Berry, Edith Roberts, Bobby Jo Hammonds, Rada Morgan, Billy

Jean Roach, Doris Kent, Caryetta Grissom, Bonnie Foster, Betty Foster, Wilma Atchley, Wilma Dell Dasher, Betty June Hughes, Joyce Lee, June Christian, Billy Corene Christian, Loneta Thompson, Sue Robertson and Miss Cunningham.

Egg Crates Should Be Handled Gently

Egg crates are the latest item to be listed as a vital war material. Handle them gently and don't hoard.

According to Olan N. Schlueter, chairman of the Parmer county USDA war board, the increased production of eggs in the nation has strained the egg crate capacity, so the board has been asked to urge careful handling and rapid movement of all used egg crates.

Chairman Schlueter listed six suggestions for helping to keep egg crates from becoming a bottleneck:

Open Cases Carefully—take care of the lid so that it will be available to protect the eggs on the next trip. A strip of wood is NOT enough.

Use Care in Removing Fillers—they can be used again. By being careful when you take them out, you are preventing egg breakage.

Replace Flats and Fillers in emptied cases. They are hard to obtain. Otherwise put them into a clean, dry place. A wet, dirty filler may damage your next lot of fresh eggs.

Don't Drop Cases—they take nails and extra time to repair.

Make Every Case Go Another Trip. If care could make very case go to market and back just one more trip, it would help overcome the shortage.

Don't Hoard Cases. Remember, there are poultry producers who have eggs to move with nothing to put them in. Let that extra case go back into circulation and there will be enough for everyone.

Miss Velna Sheriff left Saturday for Lubbock, to spend the summer.

To Prevent Invasion of Australia

With the threat of Japanese invasion becoming constantly stronger, the coast defense methods of the Australian army have become more extensive. This soundphoto shows Bren gun carriers patrolling a stretch of sandy beach.

TIRE CERTIFICATES ISSUED

Following is a list of tire and tube purchase or retread certificates issued last Wednesday at the regular meeting of the county Rationing Board:

Mrs. Wallace H. Rogers, one passenger tire, two tubes.

J. W. Baxter, two obsolete trailer tires.

Joe Roberts, two obsolete passenger tires.

James R. Wilson, one pickup tire, one tube.

Kenneth O'Brian, one truck tire.

J. W. Ellison, two tractor tires.

W. R. Harrington, one tractor tire.

Bert Shackelford, one truck tire, one tube.

Mrs. J. H. Drager, one tractor tire.

Friona Consumers Co., one truck tire, one tube.

Clyde Seamonds, two tractor tires.

Frank Hinkson, one tractor tire.

Forest Gaines, two retread pickup tires.

Frank D. Smith, two truck retread tires, one tube.

Alyce M. Bewley, two retread pickup tires, two pickup tubes.

V. B. Whitley, two retread pickup tires.

M. C. Osborn, one retread pickup tire.

Henderson Grain & Seed, one retread tire, truck.

Giles Cobb, two retread tractor tires.

R. S. Hines, one retread truck tire.

Consumers Fuel Ass'n., two truck retread tires.

L. R. Baxter, one truck retread tire.

H. S. Curtis, two pickup retread tires, two tubes.

O. W. Rhiemhart, two retread truck tires.

Albert Carroll, two retread truck tires.

P. Dobbs, one pickup tire, one tube.

Ervin Johnson, two obsolete trailer tires, one tube.

Older Men May Now Enroll For Training

The vocational education department for training of defense workers, at Clovis, has been advised by the Eastern New Mexico Department of Vocational Education that due to the extreme need of skilled workers in war industry, it is desirable that men in the older age group now take training and be given consideration if they meet the requirements for defense training.

Heretofore the age limit has been 45; those who are 18 years of age and over may now apply for training for war industry in machine tool operations, aircraft riveting, aviation mechanics and electric arc welding, which courses are given by the Clovis high school in the Clovis Municipal Airport. There are a good number of vacancies in all the 417 courses for these types of training. There is no charge whatsoever.

All that is necessary to make application for these courses is to apply at the U. S. Employment Service in the basement of the new courthouse in Clovis and pass a simple test. If qualified, be referred to the Clovis Training Center, and applicant will be considered for training in the types of work he desires to take. Upon completion of the course and approval of the instructor, they are eligible for jobs in war industry. At the present time, there is a great demand.

Free transportation is given from the Clovis high school to the Municipal Airport for trainees in the courses. Those desiring to qualify themselves and desire additional information may inquire at Supt. Jas. M. Bickley's office, Clovis high school, or contact Carl A. Miller, local director of National Defense Training.

Ideas are obstinate little things. They won't work unless you do.

Next Visit To Japan Won't Be Mercy Trip

The next time the United States Marines march in the streets of Tokyo it won't be on any errand of mercy as was the occasion of their last visit.

Following the earthquake of September, 1932, U. S. Marines aboard the USS Huron were ordered to proceed to Japan to set up a hospital camp and other quarters for Americans in the area. Upon arrival in Japan the Marine Detachment found it would not be permitted ashore to perform its mission. Japanese authorities objected.

A short time later, at the request of the American Embassy in Tokyo a detail of Marines was sent ashore. This detail was composed of a sergeant and two squads of Marines. They established the camp and served as couriers and guards for the American colony.

Later an order was received calling for the erection of a second complete camp on the grounds of the American consulate in Yokohama. During their stay in these two cities of Japan the Marines extended every courtesy and consideration to the Japs.

Tokyo newspapers praised the Leathernecks as "ambassadors of good will and amity from the Americans to Japan. They are upholding the traditions of the United States Marine Corps, while their chivalry, expressed in kindness to everyone and readiness to do everything possible for those seeking aid has already made them firm friends of the Japanese people."

After their relief mission had been completed all the Marines were withdrawn with the exception of a sergeant and eight men who remained behind to act as an Embassy guard.

Since that time many Marines have visited Japanese ports and Navy ships but now they are grimly determined that the next visit to the island will bring anything but relief to the Japs. The earthquake of 1923 will fade into insignificance before the wrath of the fighting Leathernecks.

ATTEND AMARILLO MEET

Members of the Parmer County Selective Service Board attended a meeting of all local boards in Amarillo on Wednesday night of last week.

It was brought out at the meeting that not less than 18 million men were scheduled to be "either in the armed forces or war production plants" before the close of the present year.

BILLINGTONS TO MOVE

Mr. and Mrs. Sterlyn Billington announced today that they were making plans to occupy their new building with their barber and beauty shop at an early date. Billington estimated that it would be the middle of next week before they would be ready for business in the new location.

The day is never too long to the man who has work to do and enjoys doing it.

We've enjoyed courtesy and willing service so much that we sort of hate to see the depression end.

"...Electricity is too important a public service to encourage or invite curtailment when it is unnecessary..."

J. A. Krug
Chief of the Power Branch of the Materials Division of the War Production Board

When you save rubber or sugar, tin and lead, they accumulate for war production . . .

BUT . . .

When you curtail your use of electricity none of it is saved so long as sufficient capacity is here to serve you.

Curtailment now simply means shutting down a power plant.

That's like telling a farmer not to milk his cows so as to save milk!

It is impossible to accurately predict future developments in war production. However, there is at present in this section of the country an ample supply of electricity, not only for war projects, but also for our industries, commercial establishments and homes. This is the result of hard work, careful planning for the future, and sound engineering, under American business management.

If and when a power shortage comes to this section of the country, we will be the first to know about it, and we will cooperate to the fullest in urging our customers to conserve electricity so that additional demands for new war purposes can be met.
