

TRIBUNE TO INSTALL SECOND TYPESETTING MACHINE SOON

A deal was closed the first of the week whereby an additional Linotype machine is soon to be installed at a cost that will exceed \$3,500.

The typesetting machine, now in use at Littlefield, will be moved here just as soon as a replacement is delivered at Littlefield, probably early in December.

This will give the local newspaper two Linotype machines, something of which few small weeklies in the country can boast. The present machine will be used for what is commonly called "straight matter" (just like this you are reading)

for the newspaper and the second machine, a much larger job than the one now in use, will be used for setting advertisements and commercial forms.

Equipped with four regular magazines and an auxiliary magazine, the operator will be able to set five different sizes of type without getting out of his (or her) chair.

With the addition of this extra machine, the investment in printing machinery in this office will be boosted well above the \$10,000 mark, making this plant one of the best equipped in the area.

FROM THE HOPPER

By HOP

This is the season of the year when the newspaper man is deluged with complimentary tickets to practically every kind of sport and entertainment in all sections of the country. In looking over the press passes we have already received, we find that they include everything from the Stevens Bros. Circus, to be held here on Oct. 2, to the prison rodeo which opens inside the walls at the Texas State Penitentiary on the same day, not to mention all the regional and state fairs over the country, as well as some of the outstanding football games in the Southwest and Border Conferences. Too bad newspaper men have to work for a living and can't take in all the fun and entertainment being offered them!

We have to smile to ourselves when we hear a home-town merchant preaching home-town loyalty from behind a desk that is littered with printing that he has ordered from some out-of-town firm.

Not a few of our subscribers complained during the past weekend that the story we ran in the last issue regarding the proposition to remove the county agent's office was somewhat confusing. As an explanation, we would like to say that the action of the commissioners court on Monday to move the agent's office to Friona was the latest information we had until 10 minutes before we were ready to go to press with last week's paper. The story dealing with the action of the court on Monday was written on Tuesday, and was already in type and ready to go to press when the court, meeting in special session Wednesday morning, rescinded Monday's action, and leaving the agent's office in Farwell. We covered the Wednesday meeting, ran back to the office and prepared a bulletin, which changed the context of the story written the day before. News bulletins that are received just before a newspaper goes to press quite often change a lengthy story that has already been prepared and is ready to go in the paper. As an example, we noted in the Amarillo News last Thursday a lengthy account of extensive preparations being made to attempt to locate two men, who had been missing for about a week while on an airplane flight across the country. Large front-page pictures of planes that were to take off from Amarillo in search of the missing men appeared in the News of Thursday morning. BUT... right at the very top of the 2-column story run in connection with the pictures was a seven-line bulletin announcing that the missing flyers had been located up in Oklahoma. Bulletins play an important part in newspapering. Don't expect your newspaperman to set every line of type that goes in the paper just 10 minutes in advance of press time. That can't be done in the ordinary small weekly newspaper office.

Two Cafes Merge; Will Occupy New Building

The City Cafe and Mary's Cafe, both operated in Farwell, have recently merged, with Mr. and Mrs. Bennie McDonald selling their interest in the City Cafe to Mr. and Mrs. Leon Sudderth, operators of Mary's Cafe.

Mr. and Mrs. McDonald have gone to Odessa, where they will make their home.

The Sudderths announced this week that they were going to move their business to larger quarters in the near future and would occupy the Felix Monroe building, at one time occupied by the postoffice. New fixtures are being added to the new location and the move is contemplated in about a week.

Two More New Homes To Go Up in Farwell

Plans were announced early this week for the construction of two more new homes soon to be built in Farwell, bringing to ten the number of residences under construction at the present time.

Claude Darr has let the contract for a six-room brick veneer home, and ground has already been broken for its construction a block north of the Church of Christ.

Announcement was also made here this week of plans of Mrs. J. C. Robertson, formerly of Lariat, to erect a home just east of the Church of Christ. The Tribune has been unable to contact her for details of her plans.

It is further learned that at least one other substantial residence is being contemplated here, but no definite plans had been reached.

Crash Victims Leave Hospitals Past Week

All three persons who suffered injuries in an automobile collision east of Bovina, Monday noon of last week, have been dismissed from the hospitals where they were removed following the accident that claimed the life of Grady Mitchell, 54-year-old unmarried day laborer of Bovina.

Mr. and Mrs. Eugene Ezell of Bovina, who suffered rather serious injuries, have been dismissed from the Clovis Memorial Hospital. Ezell was permitted to leave last Thursday and Mrs. Ezell was removed to her home on Sunday.

Kibby Bolin, who was taken to the Parmer County Community Hospital at Bovina, has also been discharged.

Mrs. Ezell suffered the most serious injuries. She sustained a large gash above and below her left knee, a broken nose and bruises about the body. Her husband escaped with a deep scalp wound and other less serious bruises. The 15-year-old Bolin had received a bad gash on his lower lip, the loss of some teeth and a broken forearm.

The accident occurred one and a half miles east of Bovina on Highway 86 when the Ezell car and the Bolin machine ran head-on almost in the center of the highway.

Cases Are Handled By District Court Here

Judge C. D. Russell was on the bench the past Friday, when a regular session of the 64th District Court was held at the Parmer County courthouse in Farwell.

Clerk Loyde Brewer reported that a number of civil matters were disposed by the District Judge. Business transacted by the court included handling of the following cases:

Friona Baptist Church vs. John L. Havens, et al, TTT, judgment for plaintiff.

Harold I. Stovall vs. Lillie Marie Stovall, divorce, granted.

L. M. Wood vs. Joe L. Prowell, judgment recovered.

Hicko Mennenga vs. Bernard Mennenga, receivership and partition, judgment granted plaintiff.

Charlie Hugh Womack vs. Pat Womack, divorce, granted.

D. B. Gillie vs. Maryland Casualty Company, damages, settlement made.

Miles Thomas vs. Eula Thomas, divorce granted.

Action was taken on one other case regarding receivership and partition, but no final judgment was made, due to absence of a witness, Brewer said.

REPAINTING STATION

The Phillips 66 Station in Farwell, operated by Pop Spurlin, is being given a new outlook this week. Both the exterior, including the roof, and the interior of the station and wash room are being treated with glowing, fresh paint.

Harvard University is in Cambridge, Mass.

Fair & Dairy Show Opens Thursday

Increase of \$432,720 Noted In Tax Values

REVIVAL BEGINS TONIGHT

A 10-day revival series gets underway at the Methodist Church this (Wednesday) evening, with Rev. H. H. Allen, pastor of Trinity Methodist Church in Clovis, doing the evangelistic preaching. Services will be held twice daily during the period, at 1:45 and 8 p. m.

Farwell Man Loses Car In Chicago

Word was received here the latter part of last week regarding the misfortune that befell Harry Jesko, local resident, in the loss of his new 1949 Nash automobile, which was stolen from a down-town street in Chicago.

The car has been missing more than a week and no trace had been found of the machine at last reports received here. Jesko remained in the Windy City to assist in the search for the car and is expected to return home the latter part of this week.

Jesko left here a few weeks ago for a visit with relatives in Indiana and adjoining states. He is said to have gone to Chicago with a relative leaving the car on the street after it had been locked. They left the machine about nine p. m. one evening, returning some three hours later to discover that the new car was missing. Family members said that insurance was carried on the auto.

Large Cotton House Is Added To Local Gin

A large cotton house with a capacity to handle 125 bales of seed cotton, is being added to the Farwell Gin, owned and operated in this city by N. L. Tharp.

Tharp said today that the warehouse was being erected to accommodate the cotton growers of this section, in that it will eliminate long waits at the gin at the rush season. During rush periods, the cotton in the seed will be dumped into the new warehouse and then will be ginned out either at night or during slack periods, Tharp explained.

Electrically driven fans will be used to unload the cotton from the trucks.

In addition to this improvement, the gin machinery has been completely overhauled and put in readiness for the ginning season, which is expected to get underway around the first of October. Tharp, who has spent a lifetime in the study of cotton ginning, said today that he probably would not have the fastest gin in the country, "but we will specialize on a good turn-out and a better sample".

There are probably 1500 acres of good cotton in this immediate trade territory to be handled at the local gin this fall, Tharp opined.

Mother of Local Man Buried at Canadian

Mrs. Walter L. Cain, 70, mother of Loyd A. Cain of this city, was buried at Canadian last Monday afternoon, September 12th, following funeral services at the First Baptist Church in Canadian, conducted by Rev. Taft Holloway.

In failing health for some months, Mrs. Cain sustained a severe paralytic stroke early on the morning of September 8th, and passed away on Saturday, September 10. Born Ida Jo McAnally in Tate Springs, Tenn., on Nov. 8, 1878, she came to Texas with her mother and was married to W. L. Cain at Bowie, Texas on Nov. 12, 1895.

In 1899 the Cains moved to Hemphill county and in 1900 filed a claim just over the line in Oklahoma, where they lived for 10 years. In 1943 they established their home in Canadian.

Survivors include the husband, W. L. Cain of Canadian; four sons, Archie of Oklahoma City; Loyd of Farwell; Frank and J. C. of Canadian; one daughter, Mrs. Paul Calcolm of Canadian; seven grandsons, seven granddaughters and four great-grandchildren.

Many employees are like a certain processed coffee; 98 per cent of the active ingredients have been removed from the bean.

Taxable valuations in Parmer County for the year of 1949 show an increase of \$432,720, according to the records of the County Tax Collector's office.

Total valuations this year reach \$6,662,636 as compared to \$6,229,916 for the year of 1948. Most of the increase during the past year was due to action of the County Commissioners in assessing each irrigation well in the county at a flat \$500 for taxable purposes. The records reveal that a total of 177 such wells were in operation in the county at the time the assessments were made early in the year. Valuations in the county have been showing a steady increase for the past several years, the records reveal.

Curry County Fair Bonds Are Approved

With the Grady box still out at 10 o'clock Wednesday morning, the voters of Curry County had approved the \$100,000 fair bonds issue by a vote of 1111 to 394, in a special election held on Tuesday.

All the proposed constitutional amendments appear to have been adopted with the possible exception of the one that would increase the pay of state legislators. Curry County voters approved all amendments.

Polio Fund Drive Is Extended To Oct. 1

The emergency polio fund drive, which had been previously announced for only one week, has been extended through Friday, September 30th, the National Foundation has advised county representatives, according to Loyde Brewer, of Farwell.

Brewer reminded that Parmer contributions are to be sent to "Polio Care Postmaster" to any postoffice in the county. The postmasters in turn have been advised to forward their collections to a central point in Dallas, Mrs. Noma Lokey, of the Farwell office, reported today.

No report on the amount donated in the county thus far is available. Brewer said he hoped to make a survey of the offices this week.

Men's Club To Renew Monthly Meetings

The Texico-Farwell Men's Club, which suspended its regular meetings during the summer months, will renew its activities Thursday evening of this week with a meeting at the Legion Hall.

C. M. Henderson, president of the Club, said there were some important matters to come up and a good attendance on the part of the men of the community is desired. The meeting is scheduled to get underway at 7:30. Bring pies, sandwiches, beans, etc., for the lunch. Pip will have the coffee ready.

The registration for the Falls Creek Baptist Assembly, Oklahoma, reached 15,739 a new record set for this annual 10-day youth encampment.

VERNER IMPROVING

Donald Ray Verner, who was stricken by poliomyelitis early in the summer, is showing slow but continued improvement at the Plainview hospital, relatives report here. Young Verner, who was kept in an iron lung in the earlier stages of the disease, is now allowed to spend some time with his parents near Oklahoma Lane during the weekends, while continuing his therapy treatments at Plainview.

Tax Statements For 1949 Now Going Out

Get set for bad news! Attaches at the County Tax Collector's office are now making up tax statements for the current year, which will reach the taxpayers' hands before the close of the present week.

While there has been no increase in the tax rate over last year, the 1949 taxes will show increases in some instances where the valuations have been hiked.

Taxpayers were reminded that by paying their 1949 taxes during the month of October, they will be entitled to a 3% discount on state and county taxes. A discount of 2% will be allowed on state and county taxes during November, and 1% discount will prevail during December.

The above discounts apply to state and county taxes only, and have no bearing on school and municipal taxes, clerks at the Collector's office explained.

Actually, the taxes for the current year are not due until Jan. 1, 1950. All taxes remaining unpaid will become delinquent on Feb. 1, 1950, on which date a penalty of 1% will be added, in addition to interest at the rate of 6%. Penalties on unpaid taxes will increase 1% each month after becoming delinquent, taxpayers were reminded.

Lazbuddy Polio Patient In Abilene Hospital

Mrs. J. T. Mayfield, of the Lazbuddy community was admitted to an Abilene hospital the past Wednesday to receive treatment for polio, Loyde Brewer, local chapter chairman, was informed this week.

Mrs. Mayfield, 21 years of age, was attacked by the crippling disease on September 8th, information to Brewer revealed. The report says that she has the spinal type of polio, and is affected in the abdomen and legs.

Information here was to the effect that the young woman was confined in a Muleshoe hospital for several days for tests, after which she was transferred to Abilene. The Mayfields are comarative newcomers to the Lazbuddy area, having moved to that vicinity the past winter, it is understood.

OFFICERS ARE NAMED FOR FARWELL 4H CLUB

The Farwell 4H Club met Thursday, September 15th, to elect officers and the group chose Frank Gully as president, Troy Christian as vice president; Vane Doshier as secretary and Pudge Rose as reporter. C. C. Christian is the local adult leader.

Demonstration projects for the year were discussed, and County Agent Ollie Linder outlined the work at the Parmer County Dairy Show and Fair, which comes off this week in Friona.

Whitharral Meets Steers Here Friday

The Whitharral Panthers will be out to draw blood from the Farwell Steers on Friday night of this week, September 23rd, when the third home game of the current season unfolds on the Farwell gridiron.

Coach Louis Purvis reported the first of the week that his squad is in good condition, with no injuries sustained from the game with the Friona Chiefs last weekend. In that match, the Steers racked up their second win and first conference victory, and the locals will be hoping to keep their record unmarred and add another conference match this week.

Actually, nothing is known here of the calibre of the Whitharral squad. The school representatives have faced each other on the cage court, but this is their first meeting in football uniform.

On paper, the Steers look to have a slight—but encouraging—weight advantage. Figures released by Purvis show that his boys' currently

weigh in at an average of 148 pounds per man, while the Panthers average out at 140 per. In the all-important backfield, the locals maintain their edge, with the four Steer backs averaging 139 per man while Whitharral's quartet averages 133.

The following lineups have been released:

Farwell Steers			
Pos.	Name	No.	Wt.
LE	B. Poteet	56	155
LT	P. Hughes	20	139
LG	T. McKillip	24	149

RG	G. Norton	57	135
RT	B. Dollar	34	175
RE	D. Ford	35	175
QB	M. Terry	32	140
RH	J. Coburn	30	130
LH	J. Pool	21	133
FB	B. Nix	54	154
Whitharral Panthers			
Pos.	Name	No.	Wt.
LE	L. Westmoreland	10	130
LT	H. Taylor	19	145

It's fair time again, and on Thursday of this week, September 22nd, the annual Parmer County Dairy Show and Fair will open its doors at the Friona FFA Show Barns for the 1949 show-nig. The affair will last through Saturday, September 24th.

Growing by leaps and bounds, the county fair this year offers exhibitors a chance for some top prize money in addition to serving as a proving ground for animals which will probably be exhibited at the regional affairs in Lubbock and Amarillo.

County Agent Ollie Linder estimated on Tuesday that there would be approximately 100 Jerseys and 40 Milking Shorthorns exhibited at the show, along with a number of entries of Brown Swiss and Guernseys. In the beef cattle division, three or four exhibitors have expressed their plans to show a number of animals, and as to the swine entries, Linder remarked, "We expect to have the barn running over with hogs."

Final entries in all phases of the fair are to be made today (Wednesday) to the various department superintendents, and all cows entered in the milk production contest will receive their preliminary milking from 6 to 8 o'clock this evening.

Three out-of-county men, prominent in their field, have been secured to do the judging for the show. T. L. Leach, of the vocational agriculture department at Texas Tech, and Raymond King, agent from Castro county, are in charge of beef cattle, ag products, swine and Jerseys, while the Milking Shorthorns are to be rated by Morgan Dennis, outstanding Shorthorn breeder from Castro county.

Calendar of Events Given

Starting early Thursday, the first test in milking production will be made from 6 to 8 a. m., and the barn will be open to spectators. In the afternoon, judging of agricultural products and the ladies' division entries will be held, each starting at 2:30.

Final tests for milking production are slated from 6 to 8 p. m., and individuals are advised that 6 p. m. is the last hour to get entries into the show barn, although the majority of entries are expected earlier.

Friday is the big day, for on that day the prime concern of exhibitors and spectators—the judging of the animals—is slated.

Going down the line: at 9 a. m. the hog entries will be rated; beef cattle come up before the judges at 11; the Milking Shorthorn entries will be judged at 1 p. m., followed by the Jersey classification at 2, and the final scoring starts at 4, when Holstein-Freisian, Guernsey and Brown Swiss entries go to the ring.

FFA and 4H clubbers—who usually make up a large portion of the exhibitors—will take over in the judging ring Saturday morning at 9, doing some practice rating, and the big parade, featuring floats from over the entire county, is slated to make a swing through the main drag of Friona shortly after noon.

For the first time, the parade will be a competitive affair, with various divisions set aside for the entries, and cash prizes will be presented, according to Jim Shaffer, Friona, chairman of this phase of the show.

Shaffer listed the time of the parade as "promptly at 1:30", and the deadline for entries was announced last week as 5 o'clock this (Wednesday) afternoon. There will be a pet division, bicycle division, and high school and outside float divisions.

Health Note

Texas State Department of Health

AUSTIN—Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, State Health Officer, and habitual loss of sleep will tend to retard the body's recovery from fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged period will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one," Dr. Cox said. "When good health can be protected to such a large extent merely by sleeping, and thus allow overtaxed bodies and minds to secure the proper rest, it is hard to understand why so many persons are heedless of this important health measure."

Some individuals require more sleep than others. How well we sleep is as important as how long we sleep. A good night's rest means a sufficient number of hours spent in sleep to enable each person to feel well, do efficient work, and to keep in a cheerful humor the next day.

"Some outdoor exercise each day, a comfortable bed, and fresh air in our sleeping quarters," Dr. Cox said, "will help us to sleep soundly at night. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning, rested and with a feeling of general well-being, you will be amply repaid for your thought in planning a good night's sleep."

The youngest age at which one may be married in the United States is 14 years for men and 12 years for women.

Farm Bureau Members Hear State President

Approximately 150 Texas Farm Bureau farmers and ranchers assembled in Plainview last Tuesday to hear their state president, J. Walter Hammond, and Congressman George Mahone discuss their progress and problems.

The national income for the past 30 years has been equal to 7 times the nation's agricultural income. It is imperative, therefore, that farmers accept their responsibility of keeping their needs before legislators and other representatives so that they can be accurately analyzed.

Texas State Farm Bureau President, J. Walter Hammond, spoke seriously but hopefully as he stated that the agricultural index has dropped 22 points within the last year. This fact is increasingly important when accompanied by the present cost of government. Our national debt is just a little more than the total income of our people for a year. Linked with this is the fact that the cost of government this year is estimated to be about one-fourth of what all the people will earn.

Texas farmers were saved \$40,000,000 this summer when Hammond, with the backing of Farm Bureau members expedited arrangements for wheat storage and emergency loans on wheat for which storage was not available.

Congressman Mahone emphasized the importance of Farm Bureau participation in legislative finalization that gives legislators opportunity to make decisions in the interest of a stable economy. "The men in the field do not realize the seriousness of the present agricultural situation. Prospects of huge surplus commodities is threatening," he said.

Bill Tillson, Lubbock, district director, opened the meeting, introducing guest speakers and outlining the program of the day.

Austin A. Crownover, State TFBF field representative, outlined plans

for the membership campaign. Miss Wanda Pearl Fisher, Motley county candidate, was chosen bi-district queen.

There will be a county-wide Farm Bureau meeting in the Friona grade school auditorium, October 17, at 8 o'clock. All Parmer county residents interested in agriculture are invited to attend. Parmer county now has about 180 members.

To Live Longer, Try Eating Little Less

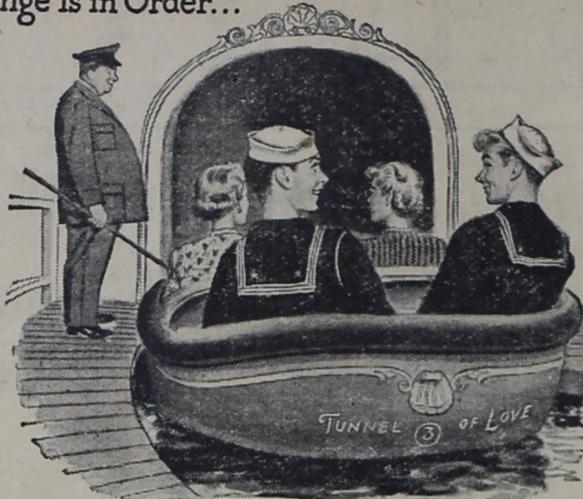

COLLEGE STATION — As we grow older, we begin to dream of living longer. But a long and happy life depends to some extent on what and how much you eat, according to Louise Mason, extension foods and nutrition specialist at A. & M.

She says it isn't easy to cut down on certain foods that you have become accustomed to, but sometimes its necessary in order to prevent some diseases and ailments that come on with old age.

Over-heating seems to be our greatest common dietary fault. That is, eating too many fat, rich, and sweet foods. Miss Mason recommends eating more green leafy vegetables, milk, citrus fruits, tomatoes and animal protein foods such as cheese, eggs, lean meat: beef, pork and poultry to ward off such ailments as high blood pressure, diabetes, hardening of the arteries and even cancer.

Some folks are allergic to certain foods; some don't like them; some can't digest them. Therefore, each person develops his individual food habits. You can develop these habits to extend your life expectancy. Eat the foods you like, says Miss Mason, but eat more of the good mineral and protein rich foods and less of the sweet and rich foods for longer, healthier living.

A Change is in Order...

Change to OIL-PLATING!

Different!

With Conoco Nth Motor Oil you have OIL-PLATING! An exclusive additive in Conoco Nth fastens an extra shield of lubricant right to the working parts of your car's engine. They're always safe!

Reduces Cost! . . .
OIL-PLATING protects your engine from wear—shrinks repair bills! No damaging "dry-friction" starts!

Goes Farther! . . .
Another additive in Conoco Nth fights combustion acids—combats carbon and sludge.

Stays on the Job! . . .
Conoco Nth is tough because it's made from top-quality paraffin-base crude. It stands up under hard driving and heavy loads.

Oil-Plate today at your Conoco Mileage Merchant's!

Three-Fourths Of Farm Homes Are Electrified

COLLEGE STATION—It is estimated that agricultural buildings-engineer of Texas farm families now have electricity in their homes. That's a good indication of better living on Texas farms, says W. S. Allen, extension agricultural buildings-engineer of Texas A. & M. College.

To get the most benefit from all electrical equipment, Allen suggests that you plan the complete wiring system carefully and see that the wiring job itself is done right. Make accurate plans for the wiring system when you build that new house or remodel the old one.

Here are a couple of tips that Allen says will make your wiring system to do the job you want it to do: First, make a list of all the ways you

use electricity now, including any electrical equipment you plan for the next few years. Next, make a list of the lights and electrical equipment in each room. Take this list and a rough sketch of the floor plan of your house to some reliable wiring contractor. With this information, he can help you plan a wiring system that will take care of all your needs.

Additional information about farm wiring methods and plans can be obtained from county agents or from the superintendent of Documents, USDA, Washington, D. C.

Winter Legumes Are Listed For Texans

COLLEGE STATION—With acreage allotments definitely ahead for several cash crops, many Texas farmers are turning to winter legumes

for soil improvement on diverted acres. It is important that farmers plant legume varieties that are best adapted to their particular soil and climatic conditions, according to E. A. Miller, extension agronomist for the A. & M. College System.

Experiments and demonstrations all over the State have proven that certain legumes give better results in certain areas.

Miller says alfalfa under irrigation is the most satisfactory adapted legume for the High Plains, Pecos Valley and El Paso Valley. Biennial sweet clovers also do well under irrigation when planted in early fall.

If you have plans for more soil improving crops this winter, Miller suggests that you see your county agricultural agent for the latest proven recommendations as to legume varieties, fertilizer requirements, seed inoculation and planting methods.

Tribune want ads get results.

COMES FROM CALIFORNIA

AUSTIN—Dr. Frances E. Cake has come from the University of Southern California faculty to take an associate professorship in the Physical and Health Education Department of the University of Texas College of Education.

Dr. Cake, an authority on camping and aquatics, has been director of the Health and Physical Education Department at Limestone College, Gaffney, S. C., and has taught at Winthrop College, Rockhill, S. C., and in the Norfolk, Va., public schools.

LAZBUDDY NEWS

Reception Tendered

The Methodist ladies of the community gave a reception honoring the Lazbuddy school faculty, with punch and cookies served after the social hour.

There are 12 teachers in the local school this year, all of whom are new to the community. Lazbuddy began the term with an enrollment of 219.

The school is offering agriculture for the first time since before the war. In addition to affiliated credits, additional credit is to be given in ag. The Homemaking Department has been approved two two units this year, and the school will be given an additional unit next year, making a total of three in homemaking. Under the Gilmer-Aiken setup, the school will have the benefit of a nurse. The school is trying to secure a part-time librarian under the same setup. Plans are underway for securing a music instructor.

The community has just completed sidewalks around both buildings and to the lunch room, with labor and material donated by the community. Grounds have been leveled and plans are to landscape and start a lawn.

Box Supper at School

There will be an old-fashioned box supper at the high school gymnasium on Friday night Sept. 23. Everyone is invited. Proceeds go to the athletic, agriculture and homemaking funds.

Lazbuddy Pep Squad Formed

The Lazbuddy pep squad is made up of about 30 girls, with Levinia Clark and Carol Ivy as majorettes. Cheer leaders are Billie Waddell, Clara Mae Crain, Trixie Steinbock and Noretta James. The girls have uniforms of black slacks and white sweaters, with cheer leaders in black skirts and gold sweaters and the majorettes are in solid gold.

FOR SALE—Three-room house near Farwell. Will sell on lot or to be moved. Inquire at The Furniture Mart or phone Jim Bob Smart, Farwell, 3086. 49-tfc

ARTISTIC AND CHARMING Bernice and Ainsley, above, are doing a production dance routine, which will be part of the colossal Musical Revue, "A Trip To Wonderland", that will be presented, nightly, at the 32nd annual Panhandle South Plains Fair, Sept. 26 through Oct. 1 at Lubbock.

Circus Coming For One Afternoon Showing, Sunday, October 2

Tom McLaughlin, advance representative of the all-new Stevens Brothers Circus and menagerie was a caller in the Tribune office this week and announced the coming of the first big circus of the season, the date having been set for Sunday, Oct. 2, with one performance scheduled at 2 p. m. No night show will be given.

In a few days the regular advertising trucks will arrive and begin the task of placing the bright red posters throughout the surrounding territory. This will be the first trip for the Stevens Circus in this territory. In addition to presenting six cages of wild animals in their menagerie, the management will have with them Dolly Jacobs, famous trained elephants, Bob Grubbs' liberty horses, and a host of big-time circus acts.

INJURIES COST MORE

CHICAGO—Still going up! The cost of accidents continues to rise each year, according to the 1949 edition of "Accident Facts", statistical yearbook of the National Safety Council. The total costs of accidents in America in 1948 were about \$7,400,000,000. This, surveys reveal, was \$300,000,000 more than the year before and one billion dollars more than 1946.

Included in the 1948 accident costs are wage losses of about \$2,600,000,000; medical expenses of \$450,000,000; \$1,250,000,000 in overhead costs of insurance; property damage in motor vehicle accidents amounting to \$1,100,000,000; fire losses of \$715,000,000, and a total of \$1,300,000,000 in miscellaneous costs of occupational accidents.

The average cost per injury in the United States last year was \$710. This is \$50 more than the average injury cost the year before and \$100 more than 1946.

New Marriage Law To Go Into Effect, 5th

A new law regarding issuance of marriage licenses in Texas goes into effect October 5th, County Clerk Loyde Brewer reminded today.

As of October 5th, both parties seeking a marriage license will have to file certificates of blood tests with the county clerk before the wedding papers can be issued, Brewer stated. In the past, only the man has had to produce such a certificate.

Those wishing licenses must first apply to the clerk, who will issue them the forms necessary for blood tests. They are then to be checked by their selected physician, and a laboratory test must be made in a lab approved by the Texas State Health Department. Reports on the tests are then to be filed with the clerk as the license is issued, and if the license is not used within 15 days, it becomes null and the parties must go through the whole procedure again.

Regarding out-of-state couples, the clerk said that both must present certificates issued by health department-approved laboratories from the state in which they reside before receiving a Texas license.

Asked as to the nearest approved laboratory for this area, Clerk Brewer said he had not received a list from the Health Department, but it is considered likely that the hospital lab at Friona would get approval in Parmer County.

\$1400 Offered In Cash Premiums At Tri-State Fair

The 1949 Tri-State Fair and Exposition is taking shape rapidly. Fair officials, according to John K. Boyce, president, are looking forward to one of the biggest and best fairs in the organization's 26-year history.

Agricultural and livestock exhibitors of the Tri-State area will be competing for more than \$14,000 in cash prizes.

The new Bull Barn will house all livestock. This building, recently completed at a cost of approximately \$175,000, is one of the finest in the nation.

The old livestock building has been remodeled and given a facelift, and will be the new home for quarter horses.

For the first time since 1941, there will be a poultry show. Earl Curry, superintendent of this show, is already at work to make the reactivated poultry show a success.

NEW ORANGE JUICE

The newest orange juice to make its bow on the market is fresh bottled juice which holds its fine flavor and full vitamin C content for at least two weeks under refrigeration.

Kepley-Herington Rites Are Read On Saturday

Miss Gloria Kepley, daughter of Mr. and Mrs. F. E. Kepley, of Farwell, became the bride of J. W. Herington, son of Mr. and Mrs. H. W. Herington of Muleshoe, Saturday, September 17th.

The nuptial vows were read by Rev. J. C. English, pastor of the First Methodist Church in Clovis, in the home of the minister, and a lovely double-ring service was used.

For her wedding costume, the bride chose a new fall suit of brown, with matching accessories.

Both Mr. and Mrs. Herington are graduates of the Farwell high school. Mrs. Herington attended West Texas State College at Canyon during the summer.

After a short wedding trip the couple will reside in the West Camp community, where their new home is under construction and where Herington is engaged in farming.

Ruth S. S. Class Ladies Meet On Thursday

The Ruth Sunday School class of the Texico-Farwell Baptist Church met in regular session in the undercroft of the church, Thursday evening, September 15, at 8 o'clock.

Mrs. R. L. Day, vice president, was in charge of the meeting in the absence of the class president, Mrs. R. L. Douglas.

The meeting was opened with a song led by Mrs. Clyde Magness and Mrs. Willie Hardage offered the opening prayer.

During the business session, officers for the next quarter were elected, as follows: President, Mrs. Travis Brown; vice president, Mrs. John Porter; secretary, Mrs. M. H. Poteet; reporting secretary-reporter, Mrs. Guy Cox; social chairman, Mrs. Evelyn Billington; class ministers, Mrs. Geneva Lovelady; group captain, Mrs. Olan Schleuter and Mrs. Jack White; teacher, Mrs. Dallas Brown; assistant teacher, Mrs. R. L. Day.

The ladies voted to have a joint meeting once a quarter with the Golden Circle class, for a missionary program and social hour.

At the close of the meeting delicious refreshments of hot doughnuts and spiced apple juice were served by the hostesses, Mrs. Olan Schleuter and Mrs. Frank Seale.

Lazbuddy PTA Group Organizes, Tuesday

A PTA chapter was organized at Lazbuddy on Tuesday afternoon of this week, with the following officers elected: Mrs. C. C. Graef, first vice president; Mrs. Finis Jennings, second vice president; Mrs. Joe Jesko, third vice president; Mrs. Jack Smith, secretary-treasurer; Mrs. D. B. Ivy, reporter; Mrs. J. D. Carpenter, historian; Miss Pearl Jesko, pianist; Mrs. Irene Thorn, song leader; Mrs. Glenn Scott, parliamentarian.

Regular meetings will be held the first Monday night of each month. A called meeting is slated for Monday night, Sept. 26, at 8 p. m. Everyone is cordially invited.

Visits Brother

Mrs. Anna Norman of Roswell, has been here the past few days visiting with her brother, J. H. Stone. Mr. Stone only recently recovered his sight after several months of blindness and the pair had a great visit together.

Little Miss Mona Lynn Drace, of Abernathy, spent the past week in the home of her grandparents, Mr. and Mrs. Jim Moore in Texico.

Standing Committees Named For Auxiliary

Twelve members were present at a regular meeting of the American Legion Auxiliary, Justice-Williams Unit 516, held Monday night at the local hall.

Mrs. John Getz, president, appointed standing committees to function for the coming year as follows: membership, Mae Porter, Kate Phillips, Nell Walling; child welfare and community service, Grace Snider, Mabel Martin, Estelle Billington; finance, Iris Thornton, Dorothy Quicker, Irene Dyer; Americanism and Girls State, Velna Seale, Mary Lou Cason, Jerry Meeks; poppy and music, Ruth Thornton, Caroline Martin, Ruth Meeks; social and entertainment, Marjorie Meeks, Ellen Wurster, Edith Henderson; flowers, Bea Suderth, Wilma Snider, Modena Banks; national defense, constitution and by-laws, Johnnie Crawley, Alpha Sikes, Gladys Kaltwasser; history, publicity and radio, Bess Henneman, Tommie Thompson, Wana Brewer.

The unit voted to expend \$100 of its welfare fund for the payment of doctor bills incurred by local veterans who need assistance.

Members of the American Legion and Auxiliary are asked to keep in mind the following dates: September 27, covered dish supper at 8:30 p. m. at the hall for members and guests; October 7, bingo party at Amarillo Veterans hospital, postponed from an earlier date because of rain; October 11, zone meeting at Friona; October 15 and 16, district meeting at Canadian; and it is urged that all who can participate in these events contact Mrs. Getz.

A rummage sale is being planned for the near future and the Lee Meeks home has been designated as a receiving station for articles to be donated for the sale. All members are expected to help collect items of clean used clothing of all kinds odd dishes, curtains, linens or novelties that may be offered for sale, and it is emphasized that donations from anyone in the community will be appreciated.

Miss Kirkpatrick Bride Of Marshall Deaton

Miss Olita Kirkpatrick, daughter of Mrs. Bell Kirkpatrick of Junction, became the bride of Marshall Deaton, formerly of Black and now on Amarillo, on September 15 at 8:30 p. m., at the home of the bride's mother, Rev. Lemons, Church of Christ minister, performed the ceremony.

The bride was dressed in a street dress of gray alpaca crepe with a corsage of orchid and carnations. She carried a white Bible. For something borrowed she wore a strand of pearls belonging to her sister-in-law, Mrs. Don Kirkpatrick of Mobile, Ala. Mrs. Kirkpatrick chose for her daughter's wedding a navy blue crepe with orchid corsage. The home was decorated with roses and gladiolus.

Those attending were Mrs. Kirkpatrick and son, Norman; Mr. and Mrs. Everett Deaton of Friona and Mrs. W. H. Flowers of Hereford. Mr. and Mrs. Deaton will make their home in Amarillo.

Box Supper Postponed

Officials of the Farwell Parent Teacher Association announced Tuesday that the PTA-sponsored box supper originally planned for September 27th, had been postponed, and an October date will be announced next week. The change was made due to the fact that the September date conflicted with a revival series at the local Methodist Church.

Pauline Sheets Is Prexy Of Farwell FHA Group

Fifty enthusiastic girls met in the home economics building at Farwell on Monday, for the purpose of organizing the 1949 FHA club, which operates under the direction of Mrs. John Lovelace, teacher and sponsor.

In the election of officers, Pauline Sheets was named as president of the club for 1949. Other officers chosen include: vice president, Bobby Ann Christian; secretary-treasurer, June Christian; reporter, Alta Norton; pianist, Caryetta Grissom; song leader, Dot Kent; and parliamentarian, Sandra Bateman.

A program committee and an initiation committee was organized and very active girls were chosen to fill the positions. Hettye Randol, Billie Christian and Wynema Cochran are the program committee members. The initiation committee consists of Jenean Lunsford, Bobbie Christian and Nelma Branscum.

Mrs. E. W. Sheets, Mrs. Everett Christian and Mrs. Truman Kent were named as club mothers, and Donald Ford, popular senior, was given the title of "FHA Prince Charming".

The club motto is "Toward New Horizons", the colors are red and white and the flower, red rose.

Monday, Sept. 26, will be a hectic day for freshmen girls, who face initiation at that time. The girls are to be required to wear some ridiculous garb to school during the day.

That evening will highlight the opening of club work this year, as a candlelight installation service will be held, along with completion of freshman initiation and a real get-together for all members.

Degrees of achievement for the local chapter members, and purposes of the club were discussed by Mrs. Lovelace.

Junior Group Enjoys Social And Picnic

The new farm home of Mr. and Mrs. D. J. Brown was the scene of a social, Monday night, when members of Group 1 of the Junior Training Union of the Baptist Church enjoyed a party sponsored by Mrs. Brown and Mrs. John Lockhart.

Gathering just before dusk, the youngsters played games and held a weiner roast, following which they enjoyed a skating party in the basement of the Brown home.

Present for the affair were Truitt Hardage, Pudge Rose, Deon Branscum, Allen Kelley, Thomas Earl Smith, Bob Spears, Allen Lockhart, Jerry Poteet, Phyllis Tucker, Nadine Thornton and Naomi Hapke, members; Mrs. Barney Kelley, J. C. Kelley, Kenneth Wayne Smith, Phyllis Kelley, Jo Ann, Alex and Anita Fern Brown, visitors; Mrs. John Lockhart and Mrs. D. J. Brown, sponsors.

Business Meeting And Supper Held, 14th

A regular business meeting of the WSCS of the Methodist Church was held last Wednesday afternoon, as members assembled at the church building to discuss various matters.

In the evening, the group re-assembled at the church for a fellowship supper and study program. The current study is "Women of the Scripture", and Mrs. W. H. Graham was in charge of the discussion.

To District Conference

Rev. and Mrs. Murphy Duncan and Mr. and Mrs. B. N. Graham are in Fort Sumner attending a meeting of the district conference of Methodist churches in the Covis district.

Officials And Sponsors Named By Students

Class meetings were held throughout the entire Farwell school system the past week, with officers, and sponsors being named for the current year.

In the lower grades, room mothers were named. Mrs. Harry Whitley is teacher in the first grade, with 29 students enrolled. Room mothers are Mesdames A. O. Gast, Leon Billingsley, and Webb Gober.

Mrs. Lenton Pool directs the 33 students in the second grade, with Mesdames Turner Paine, Alton Berry and Gilbert Ford as room mothers. For the third graders, Mesdames Jack McManigal, W. H. Dollar, and Harold Hillock will act as room mothers, with Mrs. C. E. Sanders directing the 42 students.

The 35 fourth graders are taught by Mrs. Lula Hensley, and Mesdames L. L. Cooper, Vernon Jamison and S. E. Magness were elected room mothers. Fifth graders, 32 in number, chose Mesdames Sam Aldridge, Clyde Magness and Ben Smart as the room mothers. Miss Wilma Snider is the instructor.

President of the sixth grade is Gerald Hardage, with James Norton as vice president and Max Magness as secretary. Miss Dorothy Jack is instructor of 32 students, and Mesdames Verney Towns, C. C. Christian and C. G. Davis are room mothers.

Don Geries is president of the seventh grade, vice president is Don Pool, secretary is Dean Walls, and reporter, James Roberts. There are 33 students, Mrs. Elsie Cain is teacher, and Mesdames Dick Geries, Ed Hardage and W. M. Roberts are room mothers.

Shelby Jobs directs the eighth graders, with Mesdames Buster Cochran, Barber and C. A. Cassady being named by the 17 students as room mothers. Class president is Darlene Sprawls, vice president is Ann Whitley, secretary-treasurer is Shirley Smith, and reporter is Edd Miller.

Freshmen students, 29 in all, elected Dennis Raney as president; Kaia Felts, vice president; Teddy Magness, secretary-treasurer; Elenda White, reporter; Jimmy Gulley, photographer. Louis Purvis is the sponsor, and class parents are Mr. and Mrs. Charlie Felts and Mr. and Mrs. Bill Hanna.

Robert Morton will sponsor the activities of the 27 sophomores, with the help of class parents Mr. and Mrs. Ray Mears and Mr. and Mrs. Frank Phillips. Pike Jordan is president; Donald Jesko, vice president; Jackie Doshier, secretary-treasurer; and Katherine Magness, reporter.

Mr. and Mrs. John Aldridge and Mr. and Mrs. Otis Branscum, class parents, will assist W. M. Roberts, sponsor, with extra activities of the 29 juniors enrolled, while John Christian will serve as class president, Bob Geries as vice president, Bobbie Christian as secretary-treasurer, Billy Crume as reporter and Gerald Curtis as photographer.

President of the seniors is Joan Allison, assisted by Bobby Poteet, vice president; Hazel Petree, secretary-treasurer; June Christian, reporter; Melborne Jones, photographer. Mrs. Erma Jobs was named as sponsor, and Mr. and Mrs. Lee Jones and Mr. and Mrs. Everett Christian are class parents for the 22 students.

Here From Quitaque

Mr. and Mrs. Raymond Hamilton and daughters, Judy and Kay, of Quitaque, visited in the J. E. Stone over the past weekend. Mrs. Hamilton is Mrs. Stone's sister.

Wanda Sheets Is Bride Of Fred Erwin, Jr.

Miss Wanda Sheets, daughter of Mr. and Mrs. Eugene Sheets of Farwell, became the bride of Fred Erwin Jr., son of Mr. and Mrs. Fred Erwin of Groesbeck, Texas, on Friday, September 16th.

The simple single-ring ceremony was performed at 4 o'clock in the home of the bride's parents. Rev. Murphy Duncan, of the local Methodist Church, read the vows.

The bride was lovely in a street-length dress of blue satin, and her shoulder corsage was of pink carnations.

Mr. and Mrs. Erwin will make their home in Portales, where he is employed.

Juniors Hold Picnic, Hike On Friday

Nine and ten-year-old members of the Baptist Training Union enjoyed a hike and picnic the past Friday afternoon sponsored by Mrs. O. O. Holloday.

The youngsters hiked out to the gravel pit north of town, where they played games and spread a picnic supper.

In the group were Sonya and Johnnie North, Karoline Townes, Dickie Lockhart, Cecelia Holloday and Mrs. Holloday.

Constitution Day Is Noted By Broadcast

Observing the usual commemoration of national events, which is the custom of the DAR and DAC, a brief Constitution Day program was presented last Saturday, September 17, over station KICA, in Clovis.

Mrs. A. D. Smith gave a five-minute talk on the constitution, and Mrs. W. H. Graham sang "America, The Beautiful".

Receive Licenses

Marriage licenses were issued the past Wednesday, September 14th, to two couples, County Clerk Loyde Brewer said today.

Receiving the licenses were Travis L. Jackson and Twila Ruth Kirby, and John Royce Rice and Kathryn June Benton. No record of the marriages has been filed here.

Back To College

Mr. and Mrs. B. N. Graham of this city accompanied their son, Howard, to Abilene, Wednesday, where he entered McMurry College for his senior year. J. D. Graham, brother of the local man, went along and visited with relatives in Abilene over the weekend.

Here From Hereford

Rev. and Mrs. Chester Hatcher and girls, of Hereford, were Sunday visitors with friends in Farwell. Rev. Hatcher filled the pulpit at the United Pentecostal Church in Texico for both services.

Visit In Lubbock

Mr. and Mrs. N. R. Harding went to Lubbock, Monday, to return their son, Hershel, to Texas Tech, where he is a sophomore student. They also visited in the home of Mr. and Mrs. Warren G. Harding while in Lubbock.

In Harding Home

Visitors in the home of Mr. and Mrs. N. R. Harding, Sunday, were Mr. and Mrs. J. D. Harding of Levelland; Herschel, from Texas Tech, and Nathan Harding, student at ENMU, Portales.

FLOWERS EXPRESS YOUR MESSAGES

Your messages expressed in flowers are appropriate when everything else fails. Leave your orders with us for all occasions and they will be delivered locally or anywhere in the U. S. at the appointed time.

Mrs. Faye Lloyd, who has been employed at the Hardage Hudson Co. in Farwell, has returned to her home in Brownwood, Texas.

Mrs. Jim Moore returned home Thursday of last week from Lubbock and Abernathy, where she had been entertaining her new grandson since his arrival.

Jim Moore and son, Jimmie, drove over to Abernathy the past weekend to inspect the former's new grandson. Proud parents are Mr. and Mrs. Bob Drace of Abernathy.

Mr. and Mrs. Gabe Anderson, Jr., and son of Bovina, were Sunday dinner guests, in the home of his parents Mr. and Mrs. G. D. Anderson, in Farwell.

A. C. Henneman, freshman student at West Texas State College, in Canyon, was a visitor in Farwell over the weekend.

Mrs. Fred Barker, of Friona, visited with relatives and friends here last week.

Dolly Jacobs, with "Empress", one of the trained elephants from her herd, which will appear here on

Bovina Happenings

BY MARIE VENABLE

Mr. and Mrs. Fred Langer drove to Lubbock on Tuesday, where their daughter, Sherri Lynn, received medical care. She had been under observation in Clovis for two weeks and is reported to be some improved.

Mrs. J. A. Richards, who has been in the Friona hospital the past ten days in a serious condition, is reported to be some improved.

Johannie Glover was on the sick list the past weekend.

Mrs. Oscar Venable and daughter, Sarah, made a business trip to Farwell, Wednesday.

Rev. Lee of California, is pastor at the Church of Christ in Bovina, moving here this week. He will attend school at Portales, three days each week during the winter term.

Mrs. Max Wade, of Amarillo, drove Mrs. W. J. Wade home Tuesday.

Bovina students who graduated in 1949 and who have gone on to school include: Patsy Ellison, in Lubbock for nurse's training; Lera Dell Cherry at Tech; Jerry Jones, Fred Hofer, Delores Wilson, Don Tabor, at WT in Canyon; Clinton Tidenberg and Nancy Lou Williams at Portales.

Mr. and Mrs. Lee Thompson have begun work on their new home in the south part of Bovina.

A group of neighbors and friends worked all day Wednesday, plowing and cutting feed for Mr. and Mrs. Gene Ezell, who were injured in a car crash that claimed the life of Grady Mitchell, also a local citizen.

Mrs. Leroy Berggren and Elizabeth Ann spent Wednesday afternoon in Clovis.

Mr. and Mrs. Lawrence Bowers, of Texico, were visitors in the Jess Vestal home, Sunday.

Jack Waltman, Bill Kyle and Vernon Ward were fishing the past week end in New Mexico.

Mrs. June Watkins was a visitor in

Clovis, Tuesday morning.

Mrs. R. W. Standefer, formerly of Bovina, who underwent major surgery at Lubbock a week ago, is reported to be doing fine at this time.

Hal McSpadden, of Pampa, was in Bovina to visit relatives, Sunday.

Marvin Mahan, of California, is here visiting his wife, the former Lillian Venable, and sons.

Mrs. Jessie McSpadden attended to business in Farwell, Monday.

The American Legion is sponsoring a quace Saturday night, Sept. 24, at the Legion Hall. All funds will go to the polio drive, and the public is invited to participate.

Several local people attended the funeral of Sam Stites in Clovis, Sunday. A few years past, the Stites operated a grocery store here. Mrs. Stites passed away two years ago.

Bovina won the first game of the football season, Friday night, defeating Bula on the local field.

Mrs. W. J. Wade returned Tuesday evening after spending two weeks in Groom, where she was called to the bedside of her grandson, Bobby Max Wade. Bobby was injured when his motor scooter hit a rut and threw him. She reported that he had sufficiently recovered from his injuries to return to school.

Surprise Birthday Party

Mrs. Elton R. Venable gave her husband, Elton, a surprise birthday supper, Friday evening, in their home. A large birthday cake centered the table, with 32 lighted candles. The cake, along with hot dogs, was served to Mr. and Mrs. Pete Davies and children, Mr. and Mrs. Byron Turner and children, Mr. and Mrs. T. G. Hudson, and Mr. and Mrs. Tilton R. Venable and children. Several birthday gifts were presented to Mr. Venable.

Bovina PTA Meets

"The Intelligence of the Child" was the subject of a talk given by Dr. John W. Charles, professor of education of Iowa State Teachers College, Cedar Falls, Ia., at the first meeting of this year for the local PTA chapter. Forty-nine attended the meeting.

Mrs. Floyd Montgomery and Mrs. Leola Williams presented the first and second grade children in songs and dance for the enjoyment of the group.

Mrs. Vernon Estes presided at the business meeting, and the teachers were introduced by Supt. Willough-

by. Refreshments were served at the conclusion of the meeting.

OKLAHOMA LANE

The Oklahoma Lane Variety Club met with Mrs. Sam Sides last week, and the evening was spent in embroidering cup towels. Refreshments of sandwiches, cake and punch were served to Mesdames J. A. Caluweit, Clyde Perkins, W. P. Shelley, Thad Watkins, Johnnie Ginnings, E. R. Barry, Sam Sides and Lee Thompson, of Bovina, a visitor.

Mrs. Sides was given a handkerchief shower.

The next meeting will be with Mrs. W. P. Shelley. Come prepared to embroider.

Mrs. R. Carter and son, James, and father, R. A. Palm, were visiting the Sam Sides. Mr. Palm is Mrs. Sides' father and Mrs. Carter her sister.

Those interested in getting a home demonstration agent for Farmer county are asked to see Clyde Perkins or Mrs. E. R. Barry before Sept. 30th, as the commissioners court will meet around the first and we must know by then.

TECH WILL HAVE BOOTH AT TEXAS STATE FAIR

LUBBOCK—A fair within a fair. That's the kind of exhibition Texas Tech will have on display at the Texas State Fair which opens its doors in Dallas, Oct. 8.

Features of the Tech booth include scheduled showings of the color motion picture of life on the campus, "Futures Unlimited", and an "admiral" screen which will show 120 full-color views of campus activity throughout the day. A demonstration loom from Tech's textile engineering department will produce guest towels with "Texas Tech" woven into the cloth.

The booth will be in the fair spotlight on Oct. 12, which has been designated as "Texas Technological College Day" by the fair's agriculture public relations committee.

Enlarged photographs of the Tech campus and laboratory scenes will border the exhibit, which will be open until the fair closes Oct. 23.

Bob Kelley

CANYON—One of the most promising centers ever to don the uniform of a West Texas State Buffalo is Bob Kelley of Bovina.

Kelley is a rough and tough blond sophomore up from last year's excellent frosh squad and now competing for a berth on the varsity squad. Although he may not break into the first team this year, Border Conference opponents will hear plenty from this lad, for he has three years left in which to bother them.

Weighing in at 210, Kelley has plenty of weight and determination to push around anyone who gets in his way. He is the son of Odis White of Bovina.

Fans wishing to see Bob and the Buffs in action are reminded of the home schedule of the West Texans: Sept. 24, McMurry; Oct. 8, Texas Western (Mines); Oct. 22, Trinity University; and Nov. 12, Hardin-Simmons University.

New Record Set For Use Of Fertilizers

COLLEGE STATION—More than 300,000 tons of commercial fertilizers were used on Texas farms during the six months period from January 1 through June 30, 1949, according to State Chemist J. F. Fudge of the Texas Agricultural Experiment Station. This amount for the six months period exceeded total sales for any complete year prior to the period July 1, 1945—June 30, 1946.

The most important point to observe in this report, says Fudge, is

not the increased amount and quality of fertilizer sold but the fact that many counties are using practically no commercial fertilizers. For example, there were 175 counties in which less than a thousand tons was used and only 79 counties using more than a thousand tons.

Four counties—Hidalgo, Cherokee, Rusk and Smith—each reported the use of 7,500 to 10,000 tons of fertilizers since January 1. Harris county alone reported more than 10,000 tons of fertilizers used for the same period.

About two-thirds of the total amount was mixed fertilizers and one third was unmixed fertilizer materials. Dr. Fudge points out that more than 90 percent of the mixed fertilizers were 5-10-5 and 4-12-4. And for the first time, sales of the 5-10-5 grade exceeded those of 4-12-4. Two year ago, the amount of 4-12-4 used was about twice that of 5-10-5.

Field and pasture applications of ammonium nitrate and superphosphate were about the same as a year ago. Slightly more nitrate of soda and less ammonium nitrate has been used this year. On the other hand, there has been a large increase in sales of concentrated superphosphate and rock phosphate. There was little difference in the amount of available phosphoric acid and potash sold during this period as compared with a year ago.

In conclusion, Dr. Fudge says that the State as a whole could profitably utilize several times as much fertilizer as is now being used.

NUTS AND MORE NUTS

Record crops of almonds, walnuts and filberts are expected this year. Housewives can take this as a tip to assemble their favorite recipes for nut dishes—and keep an eye out for new ways to include nuts in family meals.

Vets Are Reminded Of School Requirements

Schools now must be in operation on their own for at least a year before they may accept veteran enrollees at government expense under the GI Bill, VA announced today.

This means that unless the one-year minimum is met, veterans beginning training in such schools may not receive subsistence allowances.

Purpose of the law, VA said, is to protect the interest of vets by requiring schools to have had one year or more experience in providing the type of training they propose to offer to ex-servicemen and women.

The new law prohibits VA from spending any money for subsistence allowances, tuition, fees or other charges for a veteran who enrolls in a school which has been functioning for less than one year immediately prior to his enrollment date. Veterans who began courses in such new schools before Public Law 266 went into effect may continue their training at government expense.

VA instructions, amplifying the law, explain that the effective date of a school's operation "will be the date on which a full schedule of instruction was commenced by the school to a minimum of 25 students for which the school collected tuition.

Also, the instructions state, the

school must meet these requirements:

1. It must have been in continuous operation under substantially the same ownership and management for a full 12-month period, including reasonable vacation and holiday periods.

2. It must have provided to at least 25 students during that year's period the course or courses of substantially the same length and character as those to be offered following the initial year.

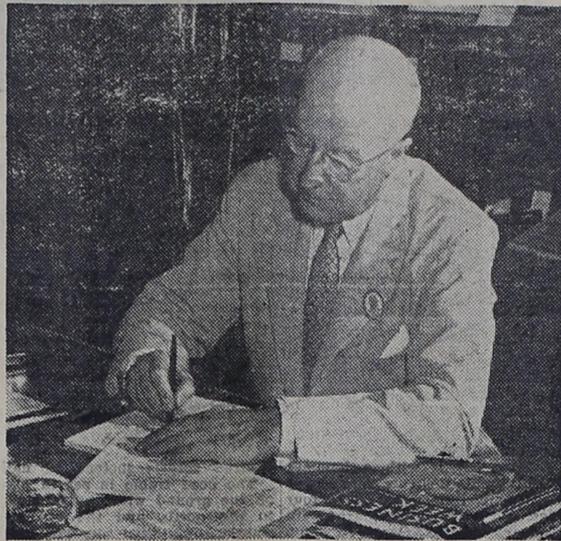

For the purpose of Public Law 266, VA defines a school as such when it operates in only one location. A subsidiary, branch or extension of an existing school, either in the same or in a different community, will be considered as a separate institution.

Ecuador Now Using Purifying Machine Made In Texas

DALLAS—A water purifying machine which was originally designed for Texas farms and ranches is now producing 500,000 gallons of water a day for earthquake stricken sections of Ecuador as a gift from its Texas manufacturer and an international airline. It was the first water purification equipment to reach the country after the earthquake of early August.

The unit which is now purifying

First Company "Non-Red" Gain Wins Acclaim

Filing the first company non-communist affidavits with the government, even though the Taft Hartley Act requires signatures only from union leaders, wins acclaim for the officers and directors of the Timken Roller Bearing Company. In a letter to Secretary of Labor Maurice Tobin, William E. Umstatt, Timken president, pictured above, states that company officers, directors and men charged with negotiating contracts with labor unions should sign anti-communist and anti-subversive oaths.

According to General Counsel Robert N. Denham of the National Labor Relations Board, the affidavits were accepted with pleasure and will be kept in the files as evidence of the outstanding good faith and managerial cleanliness of the Timken organization.

Several moves have been made in congress, unsuccessful so far, to require oaths from employers as well as unions.

water from a mountain creek in Ecuador, was donated by Paddock Engineering Co. of Texas and cargo space for the 2500 pounds of equipment including pumps and power sources, was donated by Braniff International Airways which flies to Ecuador through the Houston gateway and Cuba and Panama.

Tom Collins, representative of the firm who flew down to operate the equipment for the Ecuadorian government, has returned to Texas, after leaving the unit operating near Ambato, center of the devastated area where water sources were destroyed. Only source of germ-free water

when Collins reached Ambato were tanks into which chlorine pellets had been dropped by hand.

At the capital city of Quito, Collins was invited to the Presidential Palace to receive the personal thanks of president Galo Plaza Lasso to his company and Braniff for making the shipment possible.

The unit as a whole was designed by Paddock for Texas valley farms and ranches, and since it consists of several portable parts, can be quickly set up by any stream, river, or pond to produce pure water. It operates from either electricity or a gasoline pump and can be transported on

one pick-up truck. Bulk of the 2500-pound shipment to Ecuador was power generating equipment and extra supplies of the chemicals used.

Cattle In Spotlight First Week of Fair

Beef cattle will hold the spotlight during the first week of the 1949 State Fair of Texas, Oct. 8-13, with interest also directed toward shows for Quarter Horses Oct. 8-14 and breeding swine and sheep and Angora goats Oct. 8-16. Ben E. Cabell, chairman of the State Fair Livestock Committee, has announced.

The National Aberdeen-Angus Show, hailed as the most promising ever held in the South for the breed, will top the beef cattle shows. Angus premiums alone bulge with \$11,500 and upwards of 500 entries from more than 10 states are expected for this one show.

Premiums listed for Hereford, Shorthorn and Brahman shows bring the total beef cattle awards to \$25,200.

Aberdeen-Angus judging will be

Oct. 11 and 12, with a banquet planned Oct. 12. Three outstanding judges will be announced just before the rating begins. A sale predicted to be the best offering of cattle ever made at a breed sale in the South will be sponsored Oct. 12 by the Texas Aberdeen-Angus Association.

Hereford judging will be Oct. 10 by W. J. Largent of Merkel, with \$7500 in premiums offered. John C. Burns of Fort Worth will judge the Shorthorns on Oct. 13 and awards will total \$1800. Brahmans will be judged Oct. 14 by Frank Scofield of Austin and \$4250 in premiums are offered.

B. J. Baskin of Bryan is superintendent of the Beef Cattle Show, and Stewart Sewell, Jacksboro rancher, is assistant superintendent.

The Dairy Cattle Show Oct. 14-21 offers \$12,900 in premiums and the Junior Livestock Show Oct. 17-22 lists awards totaling \$9840. Other premiums include \$8250 for breeding swine, \$3944 for sheep and Angora goats, \$3000 for quarter horses and \$1750 for Palominos.

Ray W. Wilson is manager of the State Fair Livestock Department.

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act..."

Obviously the railroads cannot be run

efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employes, and are the most highly paid of all employes on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employes of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

Business Situation On Upswing In Texas

AUSTIN—Business in Texas continued to climb upward in July for the second consecutive month, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of business activity rose 4 per cent from June to 225 per cent of the 1935-39 base period in July. With the exception of crude oil runs to stills, which dropped 2 per cent all components of the index increased from the previous month.

Sales of department and apparel stores rose 21 per cent; miscellaneous freight carloadings, 2 per cent; electric power consumption and pay rolls, 1 per cent; and employment gained fractionally.

The index of bank debits in Texas cities, compiled by the Bureau, does not confirm the upturn of the composite index, indicating that the total volume of business as measured by the total dollar volume of checks written declined in July.

Another general business indicator which failed to confirm the upturn registered by the composite index was the index of postal receipts. As all business concerns use postal services, the fluctuations in the volume of postal receipts may be taken as an over-all measure of business activity. Although this index continued to rise longer than other general indexes, it has declined every month since March, reaching its lowest point in July since last November.

Since both the index of bank debits and the index of postal receipts failed to confirm the upturn registered by the composite index, it appears that the change of direction in Texas business should be considered a rather tentative trend until it is established more positively. Although it seems to be confirmed by a similar trend in business for the country as a whole, the upward movement is

not strong enough or widespread enough yet to justify concluding that the recession that has been underway has been stopped.

Retail sales in Texas rose 1 per cent in July, after adjustment for seasonal variation. Sales of durable goods stores declined in July, while nondurable goods stores gained 1%.

The construction industry continued at a high level during July with the Bureau's index of the value of building permits at 584. Although the July level was 15 per cent below the previous month and 27 per cent below a year earlier, the fluctuations in this index are normally very large, which means that changes no greater than that registered in July may be considered as not a significant movement. The value of building permits issued during the summer have been substantially above the level of building during the earlier months of the year, and this index shows the strongest upward trend of any of the barometers of Texas business. The consistently high level of building construction has been an important element in the high level of business activity.

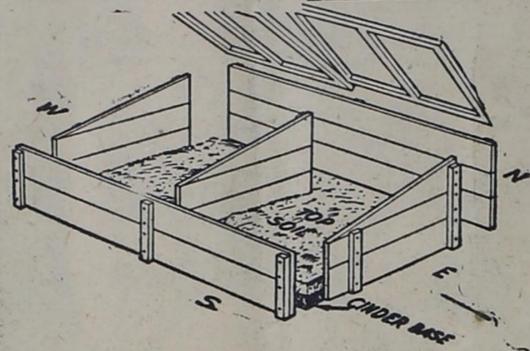

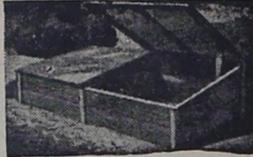

Cash farm income for July was double the income received in June after allowing for the normal seasonal variation. The unusually low income from farm marketings during the late winter and spring months resulted from the damage to fruits and vegetables by the severe freeze last winter. Now that the crops are beginning to move to market, income is climbing back towards the levels of last year.

GREATEST KID KILLERS

CHICAGO — Here's a word of warning to all Mom and Dads: Accidents are the greatest kid-killers in America!

According to the 1949 edition of the National Safety Council's statistical yearbook, "Accident Facts", accidents far outrank any of the more generally feared childhood diseases

Start Perennials Now Easy to Make SEED FRAME

Anyone handy with a hammer and saw can construct this sturdy seed frame. It is made up of four sides, and a hinged top glazed with Vimlite*, flexible plastic glazing. Vimlite is used because it is shatterproof, lightweight, has good insulation qualities and is easy to install. No grooving of the frame, or puttying is necessary. Vimlite is merely tacked in place like fly screen.

The standard size for seed frames is 3 feet x 6 feet. To protect it against rot and decay, the lumber used should be treated with Dow's pentachlorophenol. This chemical and Vimlite can be obtained at hardware, lumber and building supply stores.

Assemble the four sides, center partition, and top frames according to the sketch. For permanent construction it is advisable to use gal-

vanized screws instead of nails. The seed frame is set in place on the ground with the high side to the north, and the top sash slanted toward the sun. The inside should be filled with 3 inches of cinders or gravel and then a layer of top soil. This insulates against cold, and improves drainage. When the seed frame has served its purpose each season, it should be removed and stored until it is time to use it again.

Lumber List

- Sides: 9 pcs. 1" x 6" x 6 ft
 - 15 lineal ft. 1" x 2"
 - Sash: 30 lineal ft. 1" x 2"
 - 4 hinges, 1 1/4" x 1 1/4"
 - 2 yds. VIMLITE, 36" wide
- *Reg. U.S. Pat. Off.

as a cause of death among children 1 to 14 years old.

There were 10,731 accidental deaths in that age group in 1947—three times more than were claimed by pneumonia, the next most import-

ant cause of death. And accidents caused 42 times as many deaths as polio.

Queen Victoria of England became Empress of India in 1877.

Tech Band Chapters Are Given Award

LUBBOCK—Texas Technological college's chapters of Kappa Kappa Psi, national honorary band fraternity, and Tau Beta Sigma, national honorary band sorority, have been awarded the National Intercollegiate Band Achievement award for 1949. The gold trophy was presented to Dr. D. O. Wiley, director of the Tech band, at the national convention of the organizations which was held recently at the University of Colorado, Boulder.

Tech was chosen to receive the trophy for having the largest delegation and for contributing the most to the convention.

The University of Colorado won the award last year. The college winning the trophy three out of six years is permitted to keep it.

RECIPE OF THE WEEK

Raisin Oatmeal Bread

- 1 1/2 cups sifted enriched flour
 - 2 teaspoons baking powder
 - 1/2 teaspoon baking soda
 - 1/2 cup sugar
 - 1 teaspoon cinnamon
 - 1 cup quick rolled oats
 - 1 egg, well beaten
 - 2 tablespoons melted shortening
 - Juice of 1 large orange
 - 1 cup seedless raisins
- Sift together flour, baking powder, soda, sugar and cinnamon. Stir in oats, egg, shortening, orange juice plus enough water to make 1 cup. Pour one-half of batter in well greased 8x4 inch loaf pan. Top with raisins. Pour in remaining batter. Bake about one hour in moderate oven.

There is a very narrow margin between keeping your chin up and sticking your neck out.

IMPORTANT

In order to give our customers the best service possible, we find it necessary to organize our numerous service calls in advance of the usual fall rush.

We especially solicit and urge customers who have had their GAS SERVICE disconnected for the summer to apply for reconnection NOW.

Customers whose FLOOR FURNACES, CENTRAL HEATING UNITS and CEILING UNITS need adjusting or have been turned off for the summer should apply immediately to have these appliances serviced and/or lighted before the first cold spell.

Calls will be taken care of in the order they are received, and as soon as possible thereafter. Your cooperation will prevent delay and inconvenience to yourself.

Automatic thermostatically controlled gas heating equipment NOW AVAILABLE for immediate installation. Be prepared... Make your selections at once before stocks are depleted.

Use Natural Gas for Cooking, Water Heating, Refrigeration, House Heating, Air Conditioning

Telephone 2821

A LOT FOR A LITTLE

Through the years, in good times and bad, few things have given so much for so little as your telephone.

Its value in some instances cannot even be estimated.

A single call may save a life . . . make a friend . . . save hours of time . . . close an important business deal.

Yet a telephone call continues to be one of the biggest bargains money can buy. The cost of telephone service has gone up far less than most other things in recent years. Day and night your telephone stands ready to make calls — and to receive them.

And, while providing a service of great value, your Telephone Company is also one of the larger employers, taxpayers and purchasers in the state — a good citizen of the communities it serves.

Announces Candidacy For Representative 120th District

Harold M. LaFont, former District Attorney of the 64th Judicial District, today made his formal announcement for the office of Representative of the 120th Representative District of Texas. In connection with his announcement, Judge LaFont made the following statement:

"In making my announcement for this office, it is with a full sense of understanding that whoever the people elect to this office will have the responsibility of making the laws that govern over six million people of the State of Texas. These laws affect directly the daily lives of practically all of us and serious thought and consideration should be given to each and every law that is passed by the Legislature. Men who fill these places of responsibility and in whom we place our trust and confidence should be honest, sincere and capable.

"All of us are interested in the progress and welfare of our District and the State of Texas as a whole, and all of us want our fair share of those things for which our tax money is expended. These include educational assistance, police protection for our families and property, welfare assistance and State Highways and farm-to-market roads. All of these items and other state governmental help make our district a better place in which to live and rear our families.

"I would like to have the opportunity to represent the people of the 120th Representative District. If you

can see your way clear to support me in this race for this office on November 8, I assure you that no one will appreciate it more than Harold M. LaFont, and no one will try harder to represent all of the people of this district than I will."

Hereford Calves Will Be Shown at N. M. Fair

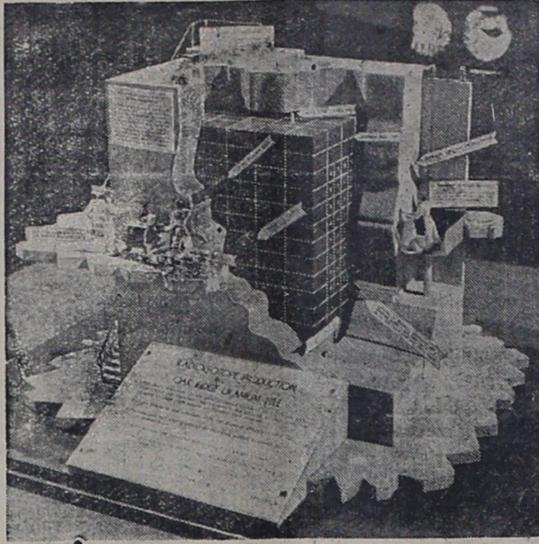

Four outstanding registered Hereford heifer calves awarded by the New Mexico Cattle Growers Association and State Fair Commission to winners in the heifer calf division of the 1948 State Fair are expected to attract considerable attention at the State Fair in Albuquerque this year, according to G. W. Evans, Magdalena, president.

Provisions of the contest make it mandatory that calf winners exhibit their animals at the State Fair a year following the awards, in order that ranchers may appraise the improvement in animals under the youth's care.

Winners who will exhibit heifers at the State Fair this year and prominent herds from which their animals were selected follow:

Pete Stewart of Melrose with a calf from the Lee Glasgow herd, Farley; Charles and Clifford Franklin, Melrose, heifer from Joe Ainsworth herd, Milnesand; Ruth Elaine Beigio, Raton, calf from father's (Mike Beigio) herd; and Ileta Faye George, Clayton, calf from Albert Van Dyke herd of Raton.

"Calves were purchased for the 4H and FFA youths following the State Fair last year. Boys and girls were given the opportunity to select any

STATE FAIR 'ATOM PILE'—This model of a uranium pile is a small segment of one of the dramatic exhibits in the "Man and the Atom" show coming to the 1949 State Fair of Texas Oct. 8-23 direct from the famed American Museum of Atomic Energy at Oak Ridge, Tenn., cradle of the atom bomb. Admission to exhibit will be free.

calf they desired from whatever herd they might choose. They were assisted in their selections by Ivan Watson, Extension Animal Husbandman of State College," Evans said. Prize animals were purchased on a 50-50 basis by the New Mexico Cattle Growers Association and New Mexico State Fair Association.

"Reports indicate this contest will be a successful endeavor to encourage the interest of the youth of New Mexico in better breeding of cattle and if results of the event this year are as successful as we expect, we feel sure the contest will be continued from year to year," Evans said. "The livestock industry of New Mexico has always had enthusiastic cooperation from the State Fair

Commission in developing worthwhile projects of this kind," he said.

Primitive tribes paint their faces to frighten the enemy.

JUST PLAIN CURIOUS? TRY WEATHER COURSE

AUSTIN—You don't have to be a magician, an alchemist, or a scientist to take these courses on the weather—just curious, says a College of Engineering poster at the University of Texas.

A five-course program in meteorology has been set up this fall by the

Department of Aeronautical Engineering to give any student interested an understanding of exactly what weather is and how it vitally affects agriculture, business, and industry. Dr. M. J. Thompson, department director, has revealed.

The cost of operating farm machinery is more than one-third the expense of operating farms in Texas.

Farwell Steers Rally To Beat Friona Chiefs

Coming to life only after the Chiefs had mauled and battered them at will for one and one-half quarters and had managed to get one touchdown in the lead, the Farwell Steers put their first 1949 conference win on the record Friday night as Friona went down before the locals 25-6.

Playing a lethargic game, the Steers let Friona push over them in no uncertain fashion until mid-way through the second period, when sprinter Jerry Pool was taken from the game with an eye injury. Apparently this was the shot of high-life the Steers needed for with Nix and Poteet blasting at the line and Terry and Ford connecting on passes the Blue and White went right on down the field. Poteet went back at the 18 and shot a long one to Ford, in the end zone, and then Terry passed to Ford for the extra point, putting Farwell in the lead, a situation which was never reversed.

Nix and Poteet were the Steer men-of-the-night until late in the final go-round, when Pool broke loose through the Friona line on his own 35, side-stepped two would-be tacklers near the chalk line, shouldered a third out of bounds, and was on his merry way for the outstanding run of the evening into paydirt, with the pack in full cry behind—and losing ground every step.

Poteet made a name for himself by intercepting a Chief pass on their 45 and bulling his way right on downfield for the second Farwell counter while Nix showed amazing durability in blasting at the line for continued gains.

As was expected, Laceywell carried the brunt of the Friona attack, but Fullback Strickland showed his wares the full four periods. Lined-men on each side played both hot and cold during the evening, showing flashes of brilliance and then lapsing into an apparent don't-care attitude.

First Quarter

Friona won the choice and elected to receive, with Ford booting to the 10. Cobb received and came back to the 35, Strickland got on to the 43 and then crossed to the Steer 48, but his next try was stopped cold by the Steer line. Laceywell went for 5, but the play came back and Friona got a 15-yard penalty. Laceywell shot one to Osborn on the Friona 40, then carried himself to the 48, where the Chiefs kicked to Farwell's 28, with Terry fumbling and then recovering. Coburn got 6 but Farwell was penalized back to their 14. Pool went to the 20, Terry shot an incomplete pass almost taken by Laceywell. The line leaked and Pool lost 2, and a bad pass from center Christian went awry to kicker Nix on fourth down and the ball went over to Friona on the 1. On the initial play, Strickland forged his way for a touchdown, but Laceywell's kick was to the left of the uprights, and the Chiefs led, 6-0.

The Chiefs kicked off and Ford got to the 38, Pool going on to the 43. Nix made it to the Chief 40, Terry added five, but Farwell got a five-yard penalty. Coburn was snaggged back to the 30 by Osborn and Miller and Ford shot a pass to Poteet, who caught it just after he went out of bounds. Pool fumbled back to the 15 with Barnett heckling him and the Steers kicked out, Laceywell returning to midfield. Houlette got 8, then lost to his 40 when blasted by Ford and Dollar. Laceywell was driven back to the 39 by Christian and Friona kicked out of bounds on the Steer 12, but the play came back and the Chiefs got an offside penalty. Kicking again, Laceywell booted out

on the Farwell 32. Pool made 5, then got to the 43, and again added 4. Terry made 1 with Cruse making a nice shoe-string tackle. Terry passed to Nix on the Friona 32 and Coburn got 4 as the period ended.

Second Quarter

Terry passed to Poteet for a first down on the 25, Pool drove to the 19, Terry made an incomplete shot to Ford, then lost to the 25 with Laceywell doing the downing. Pool made another incomplete try, and Friona took over on their 22. Strickland got to the 31 and Laceywell went on to the 41. Strickland was hit by Ford for nothing but the play got Friona a five-yard penalty. Dollar collared Laceywell back on the 28, Laceywell then got 4 and Houlette added 4 more as Hughes stopped the movement. Friona kicked, the ball came back and they got 5 yards, again Laceywell booted, again the pigskin was returned and a penalty assessed. On the third try, the ball went over Pool's head and he finally snagged it on the 15.

Pool started to pass, found nobody, and ran to the 19. Nix went on to the 25, and added 3 more. Terry made an incomplete try to Ford, and Pool went to the 42, where he was injured. Nix then blasted the line on two tries for 14, Terry passed to Ford on the 35, Poteet gained to the 30, Nix got 6, then 2 with Fulks and Laceywell hanging on, Friona got a 5-yard penalty and Farwell was on their own 18. Poteet then passed a high sailer to Ford, who snagged it perfectly—as usual—in the end zone for the first score. Terry passed to Ford for the extra and the Steers led, 7-6.

Ford kicked to the 25, Laceywell tried an incomplete pass over center, and Strickland got nothing. Laceywell then fired one which backfired, as Poteet came into the air, took the ball from the intended Friona receiver, and was off from the 45 for the end zone and a score. Terry to Ford was incomplete. Score 13-6.

Purposely dribbling the ball off his foot to prevent a long run-back, Ford topped the leather into Friona territory on the 43 and Strickland got 6 as the half ended.

Third Quarter

Friona kicked to the Steer 15 and Coburn got back only 3. Norton added 1, Poteet went to the 22, and Pool made the 48. Terry to Magness was short, Coburn hit the Chief 38, then added 4 more as Laceywell nailed him. Pool got to the 35 with London riding him down. Pool to Poteet connected on the 18, Pool to Coburn went to the 12, Nix pushed on to the 9, Terry lacked only a foot hitting paydirt and Terry to Poteet made the score. The extra try, Terry to Pool, was incomplete, and the Steers had 19 to Friona's 6.

Ford booted and the ball bounced off Strickland but was finally covered on the 40 by Houlette. Laceywell got 5 and Strickland made it to midfield. Houlette carried to the Farwell 45, but the Chiefs got a 5-yard penalty. Strickland reached midfield again and Friona kicked out with Pool coming back to the 17, where the entire Friona team converged to down him.

Pool got 3 as Fulks snared him and Farwell was penalized back to their own 12. Nix blasted to the 18, then made 4 more as Osborn dumped him and the locals kicked to Laceywell on his 47. Strickland got into Steer territory to the 45, Laceywell passed to Miller to the 25 with Pool and Ford stopping the advance, Laceywell got to the 16, Cruse got a first down and Strickland got nowhere as the quarter ran out.

Fourth Quarter

Laceywell got to the 6-yard marker

as Nix missed a tackle in the Friona backfield, Strickland added 1, and Laceywell was snared by Dollar for nothing with the ball going over to the Steers. Pool made nothing as Cruse and Jones got in the play, the Chiefs drew a 5-yard penalty for substituting. Coburn made 8 but Farwell was offside. Terry tried a pass to Ford over his head and the Steers kicked out to midfield.

Strickland got to the Steer 38, Laceywell got a minus as Dollar and McKillip went after him, and Poteet drove Laceywell back for 10, with Friona kicking. Pool made the 38, Terry to Ford was incomplete, and then Pool took off on his 65-yard sprint for the final score of the evening. His kick was a fizzle and the Steers led, 25-6.

Ford kicked to the 10 and Laceywell came back to the 35 where Nix met him. Strickland got nothing and Laceywell added 2, as Strickland was again caught cold and Friona kicked to Pool on the 23. Terry to Ford was complete for no gain, Pool scampered to the 46, Pool to Ford went to the 30, but Pool then fumbled the leather and Jones recovered on the 40. Laceywell passed to Miller for 9 and Strickland reached the Steer 48. Strickland got 3 as McKillip came in, Laceywell reached the 38 and made an incomplete pass, and again Friona kicked, to the 10.

Pool came back to the 35, Poteet made the 40, Terry and Poteet got their play fouled up, the ball went astray and Terry covered for a minus 5. Farwell was penalized back to their own 14, Terry lost 2 more, but Pool came out to the 23. Farwell kicked out at midfield, Laceywell passed to Osborn but the play was nullified by a Chief penalty. Laceywell got 3 and Strickland failed to gain when the final whistle sounded.

Texico Teams Losers In Softball Rounds

The Texico teams, playing their first softball games of the season, came out behind in both frays last Friday night, when they were entertained by the Rosedale ballers. Final score for the girls game was 14-9, while the local boys were edged out in the last gasp, 6-5.

Local errors gave the Rosedale girls a chance to grab a long lead in the bottom half of the second inning, with four mis-cues being chalked up against Texico while Rosedale also slammed out six hits.

Two singles and a grand slam home run figured in the batting, with Patsy Ingram, of Texico, connecting for top honors. Ingram was on the mound for Texico while Seals pitched for Rosedale.

Going to nine innings, the boys' game was a thriller and a heart-breaker for the Texico-ites. Big innings for Texico came in the third when the locals scored three times, combining a walk with two Rosedale errors.

Chandler, pitching for Rosedale, allowed 7 hits during the game, while Tucker, Texico hurler, granted 11 hits but was dependable when the chips were down.

LOKEY ON TEAM

LEXINGTON, Mo.—Cadet Ernest F. Lokey, Jr., son of Mr. and Mrs. E. F. Lokey of Farwell, has earned a place on Wentworth Military academy's high school grid team, Capt. Dick Nines, coach, said today. Ernest will play end position on the Academy's prep eleven. Wentworth's high school squad opens its season here against Missouri Military academy on Sept. 23, at which time the local cadets will try to repeat last year's 13-6 win over their old rivals.

U. N. WILL PRAY

A special committee of the United Nations has approved a plan to open and close each session with a minute of silent prayer.

Lazbuddy, Three-Way Have Grid Game, 22nd

The Lazbuddy Longhorns and the Three-Way Eagles will meet on the Muleshoe gridiron Thursday night at 8 o'clock in a six-man conference clash.

The Lazbuddy team has only played one previous game, losing to Bovina last year. Rivalry between the teams is expected to be strong, as the current Lazbuddy coach was on duty at Three-Way last year.

Longhorn squadmen include the following: backs, Max Steinbock, Don Briggs, James Beavers, Nowell Mick, Rufus Lucy, Paul Jesko, James Foster, Rudolph Jesko, Shelby Whitfield and Benny Joe Koelzer; linesmen, Don McDonald, W. R. Freeman, Joe Cox, Harold White, John Crim, Teddy Treider, Ramon McBride, Richard Engleking and Wayne Hardage.

Fans of the area, who have seen a good deal of six-man football during the past few years, are invited to witness the wide-open clash Thursday.

Grady Plays Host To Texico Teams, Friday

The second night game of the season for the Texico softballers will be staged Friday night of this week when the locals journey to Grady to meet both boys' and girls' squads, local coaches reported today.

The game is slated to get underway at 8:15, Texas time.

Coaches at the school declined on Monday to make definite commitments regarding the lineups, pointing out that actual play last Friday night had revealed some necessary changes in positions.

Big Clovis Eleven Puts Yearlings In Dust

A big Clovis eleven trampled the Farwell Yearlings the past Thursday night, when the two teams played in Clovis, Coach Shelby Jobs reports. The Clovis gridders ran up a total of 37 points during the match, but the local cause was not completely hopeless, as the youngsters eked out a touchdown and one extra point.

Dennis Raney scored the lone Yearling counter with a plunge over the line, and Junior Poteet made it seven points by hitting pay dirt on a quarterback sneak.

In speaking of the game, Coach Jobs said his youngsters looked good, but had little chance to make a showing against a larger and heavier squad. "Clovis has promised to play a lighter, younger group of boys when the teams kick off here on Thursday night, September 29," he added.

Starting lineup for the Yearlings were ends, Teddy Magness and Buel Dollar, tackles, Gene Hardage and Duane Herington; guards, Leon Rundell and Phillip Cassidy; center, Bob Daniels; quarterback, Junior Poteet; left half, Ronny Dial; right half, Dennis Raney; fullback, Frank Guley.

Subs included Preston Miller; guard, Vane Doshier, Pudge Rose, and Deon Branscum, tackles; Jimmy Eateman, Jerry Poteet and James Roberts, ends; Don Pool, H. R. Billingsley and Don Gerles, backs. The Yearlings will journey to Dimmitt on Thursday night, September 22nd, where they are expected to meet stiff competition in a tangle with the Dimmitt younger set.

TO CONTROL WEEVILS

Plowing under cotton stalks before frost is the most dependable method for controlling boll weevils. A heavy roller-type stalk cutter with disk harrow attached does a good job of stalk destruction and makes plowing easier. Stalks may be covered by bedding or by using a one-way plow.

New Uniforms Arrive For Farwell Band

New uniforms featuring the blue and white colors of the school, arrived for the Farwell school band the past Friday, Supt. Jack Williams said today, and were issued to band members the first of the week.

The uniforms are of navy blue wool whipcord. Trousers are solid blue with white stripes down the sides, the coats are double-breasted with silver buttons, white braid, and a white shoulder epaulet reading "Farwell" on the left side.

"There are several patrons who have made known their intentions of paying for a suit, but have not done so to date," Supt. Williams said, adding, "Please do so promptly so that we may complete this bit of business." Others who wish to contribute toward the uniform fund are advised that contributions will "certainly be appreciated."

Mrs. Erma Jobs, school music director, is in charge of the band work, and will present her charges for the first time on Friday night of this week, September 23rd, at the home football game between Whitnarral and the Steers.

Betty Foster is drum major, and four majorettes have been named, including Rose Hines, Darlene Kay Sprawls, Bobby Ann Christian and Ann Whitley.

NO AFFILIATION

The New York Police Department reports that more than 80 percent of the serious juvenile delinquents have no religious affiliation for either the offender or his parents.

CAPITULATION . . . Actor Jimmy Stewart surrenders in his battle with cupid and marries socialite Gloria Hatrick McLean at Brentwood, Calif. Stewart kisses his bride for the benefit of news photographers who were barred from the church.
