Bank Deposits At Record High

For the second quarter in succession, bank deposits here are at an all-time high. Security State Bank deposits at close of business Wednesday, September 24, totaled \$3,420,713.47, Bob Anderson, vice-president, reports. This is some \$600,000 more than was on deposit at last year's third quarter call, he says. However, last year's call came in October instead of September.

Anderson admits the "more money" situation is hard to understand. He attributes it to inflation, which is worrying economic leaders across the nation, and a more conservative attitude by local people.

Percentage-wise, deposits are up more here than they are in other banks in the area. Security State's assets total \$3,788,381.22.

Homecoming This Week

Lazbuddie School's annual homecoming will be Friday and Saturday of this week. Friday night, the Longhorns will play hosts to Wilson in a homecoming football game. A queen will be crowned at halftime.

A banquet will be staged Saturday night at 6, and over 200 exes and students are expected to attend, says J. G. Ward, superintendent. Exes and friends of the school are invited to attend.

Rummage Sales Begin Saturday

First in an annual series of rummage sales, sponsored by Theta Rho Chapter of ESA, will begin Saturday afternoon at 3:30 in the building west of State Line Grocery in Farwell, says Wilma Limer, president.

Sales are held each year to help pay for the distribution of 1000 treats to children of Texico-Farwell when Santa visits here in December.

Anyone having rummage to donate for the sale is asked to contact any ESA member and the articles will be picked up. Clothing, bedding, dishes and other household goods are needed.

The ESA president also asks that local citizens who are employing Spanish-speaking persons, to inform their employees of the sale.

Cold, wet weather this fall is too much like that of 1957 to suit most folks in this great farming area. Last year's weather at harvest time caused loss and partial loss of many acres of potential money-making crops.

A year ago, the weather was considered unusual for the time of year. Yet, this year it pops up again.

As of now, the weather-crop situation hasn't advanced, generally, to a point where warm drying sunshine wouldn't put everyone back in a pleasant mood. The weather of the past several days has been of the type we'd expect a farmer to want after he'd hauled his last load of crop to the gin, elevator, or wherever.

Something else--not nearly so serious--the weather has done is drive bookooks of flies to warm places. Houses and other buildings were the logical destinations for the shivering, warmth-hunting flies.

Up to now, the weather hasn't been cold enough to kill them; just cold enough to slow them down so as they are easy marks for a fly-swatter, rolled-up newspaper, or some other appropriate fly killer. In spite of the fact they are easier killed, the population is so concentrated in warm places that they're still as big a pest as ever. Maybe more so.

They're not crazy yet. We're speaking of those fellows you've noticed walking around Twin Cities during the past few days with sad looks in their eyes and muttering to themselves about "single wings" and "39 points" and "new coach" and "Tech beat us, too" and stuff like that.

They're graduates of Texas A&M College and supporters of said school's football team. The men in question will answer to names like Helmie Henderson, Robert Morton, Jim Terrell, Bob Anderson, and Joe Jones.

Their football team, which does have a new coach, was one of the best in the nation last fall. This year, it lost a heartbreaker to Texas Tech 15-14, and took a 39-7 lashing from University of Houston on consecutive Saturday nights. That's enough to make the aforementioned fellows act peculiar and turn in the opposite direction when they see a supporter of a rival school approaching them.

This department is proud that it is a supporter of the Farwell Steers and has no college football alliance... this year, we'd like to reserve the right to change that sentiment in case the Aggies beat Texas University.

A miniature folder which found its way to our desk is titled, and points out, "50 Significant Facts About Texas Public Schools."

A sign of the times is shown in Significant Fact No. 13: Texas today has 1,685 school districts; in 1948-49 it had 4,474 districts.

Also, 3,500 new teachers are required in the state each year and Texas spent \$225 per child in average daily attendance in 1956-57, which ranked 32nd among the 48 states.

Texas ranks 25th among the 48 states in average salary paid teachers; that's another significant fact. We don't know, but are curious as to how New Mexico ranks. It's better than Texas, though, we know that.

Still another significant fact is that "LOCAL school districts bear the full cost of constructing and financing classroom and other physical facilities."

Thought those might be worthy of being passed on.

Friday night, way off over in New Mexico, Farwell's Steers take on the heavy and experienced Fort Sumner Foxes as they continue playing their slate of non-conference games.

Gametime, incidentally, is 8:30 Texas time. This will be 30 minutes later than local fans and players are used to. However, we'll not consider that in our prediction of the game's outcome; hoping that won't have any effect.

Texico Band Wins Trophy

Marching five miles in the rain at New Mexico State Fair in Albuquerque last Saturday paid off for Texico School Band members.

They were named second-

place winners in the division for schools of up to 300 enrollment.

Entering competition for the first time, the 50-piece organization was topped by Grants, a school which is quite a bit larger. Both will receive trophies.

Director Fred Danforth was well-pleased with the performance of the group and the manner in which the students conducted themselves during the trip. They left Friday afternoon and returned Sunday.

Parents and faculty members who furnished transportation included Mr. and Mrs. Taft Turner, Mr. and Mrs. Lloyd Lofton, Mr. and Mrs. D. A. Hall, Mrs. Buck Doran, Mr. and Mrs. Murray White, Mrs. V. P. Harrison, Mrs. Mabel Tharp, Mr. and Mrs. N. W. Peyton, Mr. and Mrs. Ken Hanks, Mr. and Mrs. Danforth, Mr. and Mrs. John Hadley and John Adams.

Band members are Patricia Patterson, Judy Lovett, Kay Hall, Pat Hill, Carol White, Judy Sharp, Sharon Thompkins, Donna Osborne, Diane Baldrige, Linda Palmateer, Gwinette Lovett, Linda Hadley, Gale Hadley, David Lockhart, Don Johnson;

Also, Larry Richardson, Donna Chandler, Hap Danforth, Callaya Roberts, Betty Lockhart, Jackie Hughes, Kathleen Smith, Sue Walton, Lattia Harrison, Kenneth Murdick, Donald Caillouet, Christina Bowers, Dwight Turner, Kathy White, Wesley Ingram, Monte Singletery, Mike Trower, Raymond Hadley, Joe Teel, Mickey Lofton, Kit Doran, Duranna Curtis, Kenneth Bowers, Janice Adams, Glendon Moss;

And also Carol Bell, Peggy Taylor, Connie Tharp, Beth Peyton, D'Rene Danforth, Judy Adams, Lynell Ingram, Jimmy Goolsby, and Linda Carroll.

Curtis Thompson was arrested late Saturday night at Lariat by Sheriff Chas. Lovelace and Deputy Tom Atkins. He was charged with drinking and disturbance.

Texico FFA Wins State Fair Prizes

Texico FFA members who are showing stock at New Mexico State Fair in Albuquerque this week have won 19 ribbons, according to word received from their advisor, Tom Hudson.

Bill Reid, Alfred Stover, Billy Hukill and Bobby Stover won three or more prizes and Don Reid and Eugene Servatius took two each.

Jerry Walker and Leon Smith were awarded one each. Bill Reid exhibited a grand

champion Duroc gilt and also won a first on a senior sow pig and a second on a senior sow gilt. Stover placed first, second, fourth and seventh with his Chesterwhite gilts and Bobby Stover took a first, a fourth and a fifth with his Duroc gilts. Hukill had a champion Chesterwhite gilt and a first and a fifth place in the same class. Don Reid's Poland China gilts won second and third

Steers to Go A' Fox Hunting

Weight and experience are a pair of advantages the Fort Sumner Foxes will have when they meet Farwell's Steers there Friday night.

Foxes are expected to have nine starters back from last year's team, Farwell Coach J. D. Atwell, says. They will have a weight advantage of 21-pounds-per-man in the line 18-pounds-per-man in the backfield.

Offensively, Fort Sumner operates from a T-formation with an unbalanced line. They have 2-1 record for the season. They blanked Bovina 37-0 and Santa Rosa, 25-0, and lost to Jal, 6-13. Last season, the Steers were victorious, 37-14.

The Steers came out of the Morton game in "pretty good shape" physically, Atwell

says. "We got the usual amount of game bruises, but everyone who played last week will be ready again this week."

End Morris Reed, who was out last week with an injured hand, is expected to be ready to play Friday night.

The game will begin at 8:30 Texas time. Fort Sumner would be a Class AA school if it were in Texas. This will be the second week in a row for the Steers to play a larger school after taking on a pair of Class B teams in the first two games.

Probable starting line up for Fort Sumner, with positions and weights, are Rankin, 160, and Smartt, 165, ends; Denison, 175, and Walker, 190, tackles; Barton, 175, and Maes, 160, guards; Blyth,

180, center; Burke, 170, quarterback; Drake, 170, left halfback; Hammons, 190, fullback; and Willis, 190, right halfback.

Lineup for Farwell will be the same as last week: Owen Huffaker, 145, and Jimmy Martin, 130, ends; Jerry Lovelace, 165, and Robert Carthel, 180, tackles; Joe Hughes, 150, and James Burleson, 150, guards; Dickie Williams, 140, center; Johnny Lovelace, 190, quarterback; Carroll Huggins, 150, left halfback; Phillip Berry, 160, right halfback; and Larry McDorman, 150, fullback.

Though the Steers are tremendously outweighed, they are apt to be favored on the strength of their impressive win over Morton.

Surprising Steers Scalp Indians

Surprising even their most loyal and confident followers, Coach J. D. Atwell's Farwell Steers waylaid the favored Class AA Morton Indians here Friday night, 49-0.

It was the third consecutive, and most important, win of the young season for the high spirited, determined Steers. The first two victories were

from Class B schools, a notch under Farwell. But, Farwell went a class above themselves in blasting the Morton team.

For the Steers, the game marked sweet revenge. Last year, Morton blanked a highly promising Steer team 25-0, early in the season. It was almost apparent Friday night that the Steers were remembering that game as they threw bone-crushing blocks and made bruising tackles.

The Steers slashed to an early lead--the score was 12-0 at the end of the first quarter and 36-0 at the half--and then toyed with their bewildered opponents in the last half.

In addition to the seven touchdowns they scored, they also slammed the Indians behind their own goal line twice for two, two-point safeties and Quarterback Johnny Lovelace place-kicked three points after touchdown.

In yards gained rushing, Farwell led 245 to 42. In passing, however, the Indians, who were heavier in the line, led 61-15.

The Steers didn't score the first time they got the ball--on the opening kickoff. But they did rack up a couple of first downs before they lost the ball on downs--by inches. The visitors couldn't penetrate the stout Steer defense and Jackie Brown, fine Indian quarterback, punted into the endzone to give the Steers the ball on the Farwell 20.

Fullback Larry McDorman made eight yards in two carries and then Lovelace, after shaking off would be tacklers right and left, broke into the clear for a 78-yard jaunt and a touchdown. That made the score 6-0 and it remained unchanged as McDorman failed in an attempt to carry the extra points over.

Seconds later, the winners turned a pair of breaks into their second TD. Lovelace's kickoff following the first score was fumbled and Farwell recovered on Morton's 23. Five plays and a first down later, the ball was on the seven yard line. A Love-

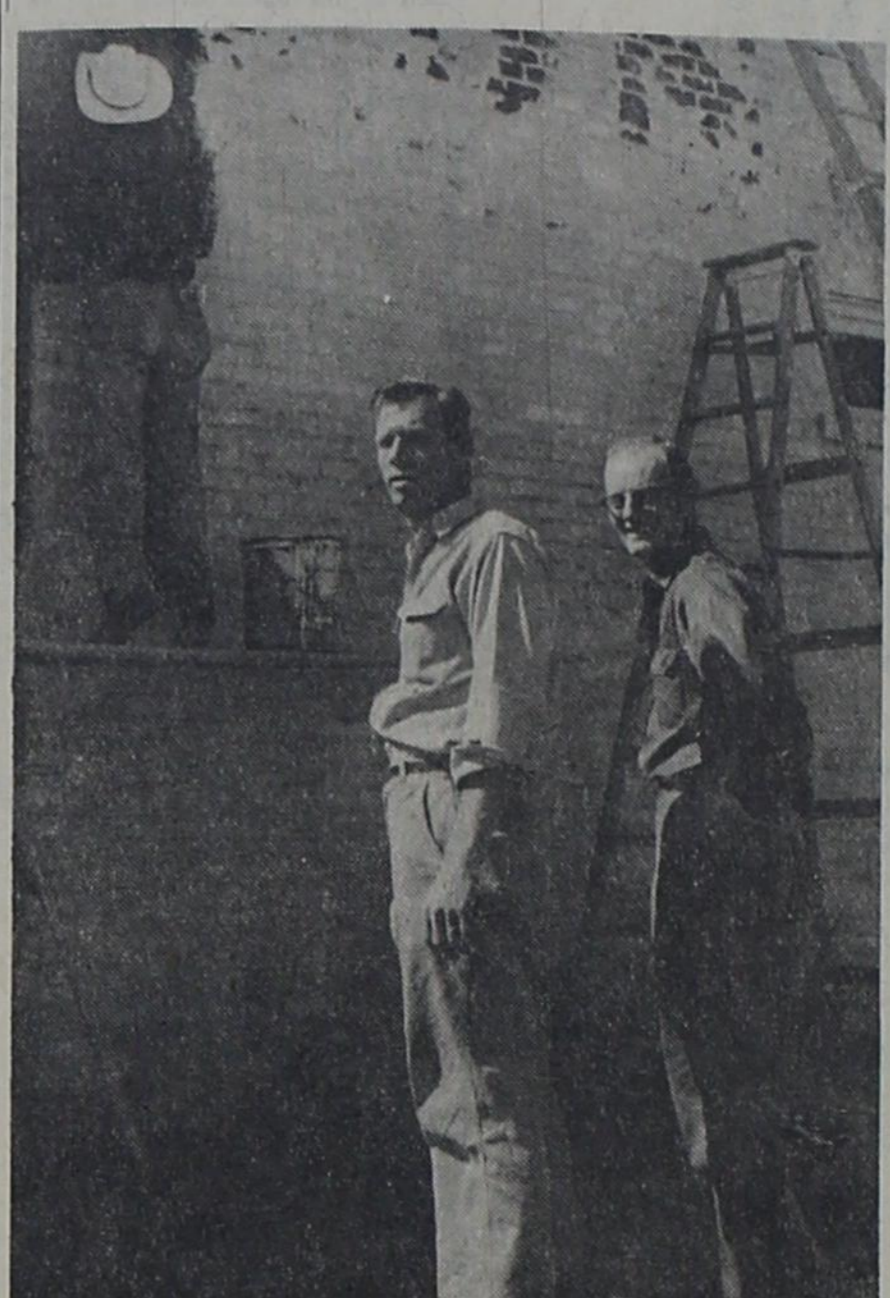

lace-to-Carroll Huggins pitch out, a play scheduled to go around the right side, went astray. After hesitating as if he might fall on the ball and accept a yardage loss, Huggins picked it up and dashed toward the left side. Alert Steer linemen quickly threw a handful of key blocks to allow the fleet Huggins to scamper across the goal line untouched.

Again the extra points failed and the score remained 12-0.

Late in the initial period, a fumble gave the Steers the ball again in Indian territory--this time on the 33. Farwell shoved to the 13 where they picked up a first down on a fumble of their own. Tackle Robert Carthel gathered the stray ball in for a four-yard gain and the first down. Two more plays had it on the two and from that point McDorman powered over for the touchdown. Lovelace kid down. Lovelace kicked the extra point to make the score 19-0.

Lovelace's kickoff went into the endzone which would have put the ball on the Indian 20, but a Morton clipping penalty moved it back to the five. Failing to gain, Brown sent a short punt out of bounds on the 28.

Huggins was sprung loose on the first play from that point for 25 yards to put the

MOVE AND REMODEL--The Cover Shop, owned by Cliff Nicholson, left, and James Ussery, has changed location in the Twin Cities. It was moved this week to the building next door east to State Line Grocery. Here, Nicholson and Ussery watch a painter apply a coat of red to the outside of the building.

Mrs. Banks Dies, Rites Tuesday

Funeral services for Mrs. J. C. Banks Sr. of Farwell were conducted Tuesday at 2 p.m. from First Baptist Church by Rev. Sidney Cox. Steed Funeral Home of Clovis was in charge and interment was in Oklahoma Lane Cemetery.

Mrs. Banks, who would have been 77 years old November 11, died Sunday about 5:30 p.m. in Clovis Memorial Hospital following an illness of about three weeks. She had lived in this area since 1929.

Pallbearers were Fred Curtis, Joe Magness, R. T. Langston, Harry Whitley, Mitz Walling, and V. C. Venable. She was preceded in death by her husband in 1949. Survivors include two sons and four daughters. They are J. C. Jr. of Clovis, Bill of Morton, and Mrs. Ray Partlow of Ardmore, Okla., Mrs. Charles Bowman of Lubbock, Mrs. Garland Harper of Dallas, and Mrs. Clyde Magness of Farwell.

Other survivors include three sisters, Mrs. M. W. Mahaney and Mrs. Elmer Patterson of Sayre, Okla., and Mrs. Roy Conner of Oklahoma City; three brothers, Rev. W. I. McClung of Salina, Calif., Rev. Frank McClung of Dallas, and Rev. Spurgeon McClung of Wichita Falls; nine grandchildren and two great grandchildren.

Commodity Purchases Elevator

Commodity Credit Corporation, casting the only bid, purchased Henderson Elevator Properties, Bankrupt, in Farwell at an auction sale Wednesday afternoon. Purchase price was \$54,404.25.

John E. Speer, trustee in bankruptcy, conducted the auction which had no bids save the one from Commodity Credit.

Some 30 individuals were present for the sale which began shortly after 2 p.m.

The man who submitted CCC's bid said he wasn't sure as to what purpose the properties would serve in the future.

Included in the sale were some 14 acres of land, grain storage for approximately 550,000 bushels in seven buildings, and a four-room residence.

Equipment sold included trucks, motors Vac-U-Vator aeration tunnels, railway trackage, moisture tester, fumigation pump, etc.

Warren Awarded \$1200 Damages

Case of C. P. Warren vs. J. W. Wright, et al, which was tried in Farmer County district court Monday, resulted in Warren being awarded \$1200. Both men live in Bovina.

February 9, a '55 Ford pickup driven by Wright's son, Jimmy, collided with a '57 Mercury driven by Warren. The accident occurred at the intersection of Avenue B and Boyce Street in Bovina.

Warren charged that his car was damaged in the amount of \$1600 and was suing for that amount. The jury retired at 5 p.m. Monday. The verdict was returned at 8:30.

Members of the jury were Vernon Jamison, C. C. Mathews Jr., Elmer Scott, W. R. Broadhurst, Robert L. Jones, Jr., Owen Broyles, Roy Eastep, Harry Sheets, Giles Cobb, John McFarland, G. A. Bandy and James Roach.

TO BE CLOSED

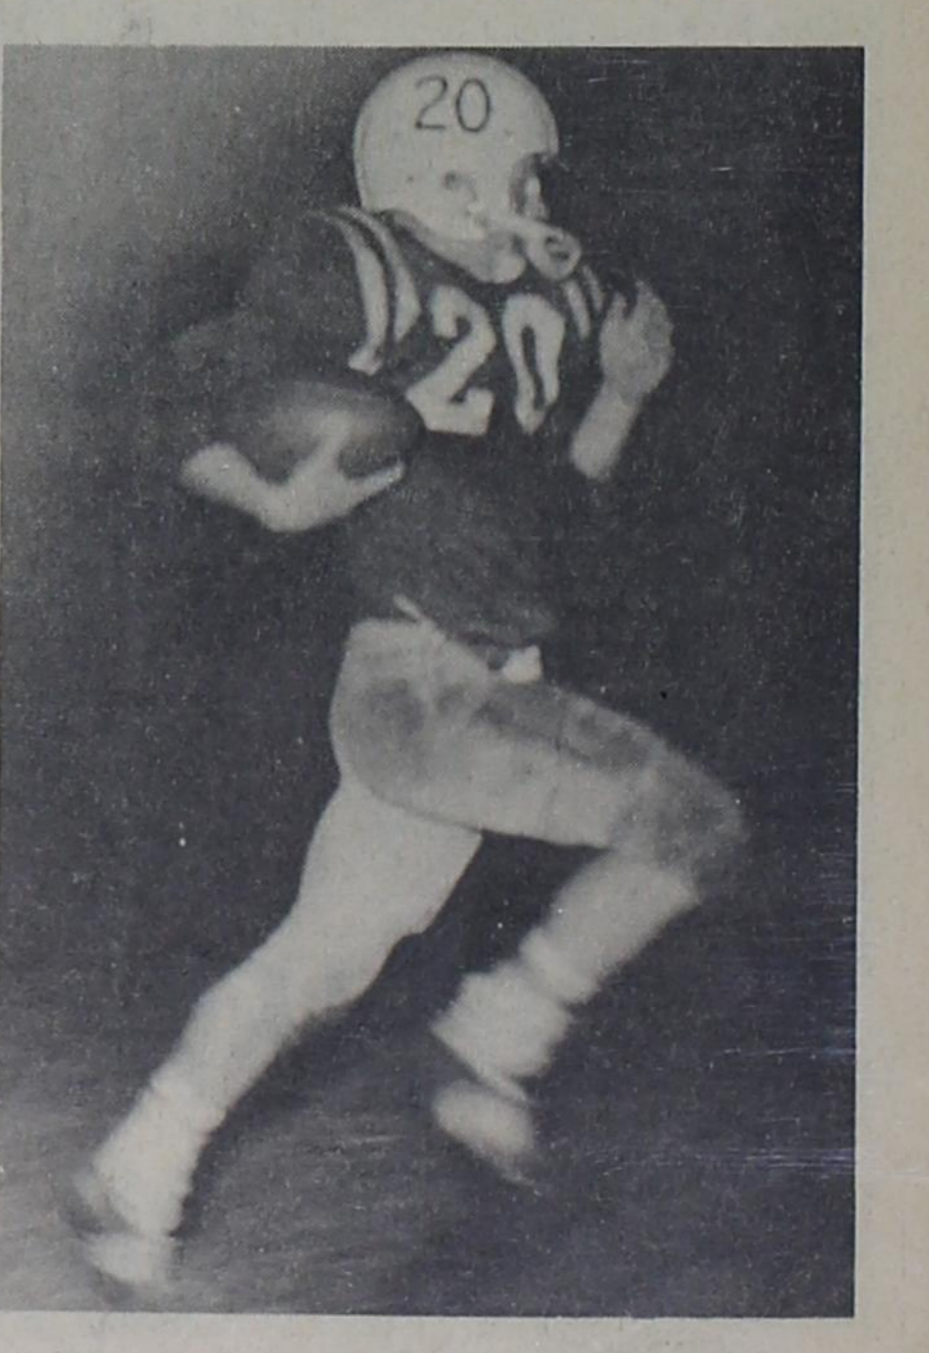

Farmers Home Administration office in the courthouse will be closed Tuesday, October 7, according to an announcement from that office.

McGuire Ordination Sunday Afternoon

Ordination services for Jimmy McGuire will be Sunday, October 5, at 3 p.m. The public is invited to attend at Oklahoma Lane Baptist Church.

"LOOK OUT, INDIAN!"--Three Farwell defenders are shown closing in on an unidentified Morton ball carrier during Friday night's game here. No. 61 is James Ussery, Johnny Lovelace is No. 12 and No. 32 is Barthel Ford. Farwell won the game 49-0.

TOUCHDOWN JAUNT--Farwell Steer Halfback Phillip Berry returned a kick 69 yards for a touchdown during the second quarter of the Farwell-Morton game. Here he's shown streaking down the right side of the field on the jaunt.

Family Parties Mark Birthday

Two informal family celebrations marked the birthday of Mrs. Ebb Randol last weekend.

The first was a luncheon Saturday at the Randol home with her daughters and their families present.

The second was a surprise party after evening church services Sunday. Her daughters presented her a cake inscribed "Happy Birthday, Mother" and served it with ice cream.

Present were the honoree's husband and Mr. and Mrs. Hugh Edwards and Dennis Dean of Clovis, Mr. and Mrs. Carl G. Davis and Carl Glenn, Mr. and Mrs. James Spurlin and Vickie and T. J. Randol. A special guest was a cousin, Mrs. Gertrude Davison of Houston.

Marilyn Doshier Observes Birthday

Marilyn Doshier, daughter of Mr. and Mrs. Frank Doshier, celebrated her 10th birthday Sunday.

Three guests accompanied her home from church for lunch. They attended a movie and were served birthday cake and ice cream in the afternoon.

Attending were Marlene and Darlene Bell and Linda Hudson.

Mr. and Mrs. Rex Pool and family of Borger spent the weekend with his parents, Mr. and Mrs. Lenton Pool.

West Camp Club Discusses Wills

Importance of making wills was stressed during the program at a meeting of West Camp HD Club September 24. Harriette Jackson presented the program.

A report of canning done by the members followed a business session. Each member is asked to turn in a list of foods canned or frozen to Wanda Walker.

Mrs. Naomi Austin was hostess and served pops and sandwiches and cookies to Mesdames Mae Busbice, Katie Robertson, Della Peel, Wanda Walker, Alta Hughes, and Jackson.

Next meeting is to be October 8 at 2:30 p.m. in the home of Mrs. Robertson.

Visiting in the home of Mr. and Mrs. R. S. Hines is her mother, Mrs. W. C. Harden of Crosbyton.

In case you think you might be stung

Some people seem to feel that prescriptions are outrageously priced. The truth of the matter is this: Last year the average American bought about 3 prescriptions for a total cost of around \$7.50. An average of less than \$3.00 per prescription. Sure, some drugs cost a lot. So do television tubes—for the same reason. They're expensive to manufacture. New and improved production methods, however, bring prices down. Penicillin, for example, costs only a small fraction of what it did when it first came out. Your pharmacist has a professional knowledge of drugs and can tell you this. They are fairly priced. You get what you pay for. We are always pleased to serve you.

Sonny Safety says: "MAKE YOURS A HOME SAFE HOME"

Fresh air is important to the proper functioning of open-flame heaters. Without it, carbon monoxide may be created. Poisonous carbon monoxide is given off by any fuel which doesn't get enough fresh air. For efficient and safe operation, your heating equipment MUST have: a continuing source of fresh air, approved metal connectors — not unsafe rubber hoses — and a well-adjusted, bright blue flame. Where heating equipment requires venting, make certain that vent pipes are properly installed and unobstructed. Gas is your safest fuel. Use it wisely. If your heating equipment needs checking, call a licensed plumber, heating contractor, or your gas company.

ball on the three. Again McDorman plowed over and the shocked Indians were trailing 25-0. Lovelace's kick made it 26-0.

The kickoff again went into the endzone, but this time the Indians put it into play and carried to the 10. After gaining one yard in two plays, Brown went back to punt. The snap from center went over his head and into the endzone to give the Steers a safety and make the score 28-0.

Following the safety, the Indians kicked off from their own 20. Phillip Berry gathered the kick in on his own 31 and, following perfect blocking, returned 69 yards down the right side for still another Steer touchdown to leave the Indians hanging on the ropes. Extra points effort was no good and the score was 34-0.

This time the kickoff was returned to the 16. A 15-yard penalty against Morton put the ball back on the one. On the first play from that point, the hard-charging Steer line dropped the ball carrier behind the goal line for another safety. This one made the score, 36-0.

Early in the second half, a blocked Morton punt gave Farwell possession of the ball on the Indian 12. Berry made two and then Lovelace stepped back to pass. With defenders swarming all around End Owen Huffaker, Lovelace's favorite passing target, he fired true to Huggins, who stepped across the goal line to make the score 42-0.

Farwell's second unit handled offensive chores most of the second half with the first unit taking over on defense.

Late in the fourth quarter, Halfback Gerald Christian in-

tercepted a Brown pass on the Morton 35 and returned it to the 13. Lovelace made three, McDorman two and then Berry carried over from eight yards out. The conversion was good and scoring was over, 49-0. A crowd estimated at 700 was on hand for the game which was the first of the season to be played in cool, football-like weather.

Liners--

Needless to say, the Steers surprised us last week, too, as they romped and stomped over Class AA Morton. At that, though, we weren't as far off as the daily papers in the area. They predicted Morton would win. We did have the winner picked although we figured the score would be much, much closer than it was.

There's no point in putting it off any longer:

"Ammonia makes a big difference in my wheat"

Frank S. Wise, who farms 960 acres near Dimmitt, says: "I know from experience that Phillips 66 Agricultural Ammonia makes a big difference in my wheat yields. I figure I'm getting an average of 20 bushels more to the acre by putting down 80 to 100 pounds of Phillips ammonia pre-plant."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields . . . and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

seeing one of our home town boys perform. He won't be on the field with the football players, his turn will come at halftime when the Tech band takes the spotlight. We're talking about the forward major of the Farwell band, Johnny Armstrong, who will play the clarinet with the college group. Back when we were in Tech, it was quite an honor to be

chosen as a member of the band. So naturally, we're proud of Johnny, who achieved this goal quite early in his college career. Several of our Texico-Farwell college students have done well when they leave our community and continue their education elsewhere. It always pleases us!

We hope the Texico band students make enough money to have a gala weekend at the state fair this week. They really have been working for the privilege.

We had an energetic young slave Saturday, who made a day of "cleaning" our yard, and we might add, he did a good job. Joe Teel was our worker, and as busy as he was, he probably needs a vacation.

The Farwell band members have been busy too. So far, we've had six junior salesmen to show us their candy boxes. We've bought some, but just didn't have the will power to try resisting the calories, by getting too many candy bars in the pantry.

But most of the youngsters we questioned were doing well on their sales and were pleased with results.

It's college time again, and a subscription to the Tribune runs very little more than the 4¢ stamp it takes to mail a letter to Jim or Jane every week; and it will save you some of the responsibility of keeping the young men and women posted on happenings at home.

The gophers have raided the Grahams, and we can't do a thing about it. We wonder if any other mamas hide things so well that they are lost for good.

It all started when the little ones in the household got big enough to be inquisitive. So Mama hid the key to the gun closet to avoid danger to the young ones.

Recently, we glanced out the window and spied a little furry creature poking his dirt-covered head above the ground as he excavated another of the holes in our already unsightly yard. "Papa, grab the gun," we shouted, "he's a perfect target."

"Where's the key?" he asked. Now, three weeks later, we're still rummaging through things and haven't located it, and Mr. Gopher is happily enjoying the safety and digging qualities of our yard.

ALFRED SCOTTS TO CELEBRATE 50th ANNIVERSARY

Mr. and Mrs. Alfred Scott will be celebrating their 50th wedding anniversary Sunday, October 5.

Their children, Mr. and Mrs. Hubert Elliott, Mr. and Mrs. Leonard Elliott, and Mr. and Mrs. Glen Scott--will honor them with "open house" at the Hubert Elliott home. They wish to invite all friends, relatives and neighbors to call from 3 p.m. on.

P-TA MEETING MONDAY

Lazbuddie P-TA will meet Monday, October 6, at 7:30 p.m. A short musical program will be presented. The membership committee wants to urge all the people of the community to join the P-TA and get their dues in at this meeting.

The ball game between Wilson and Lazbuddie will be played here Friday night and this will be the last home game until November 7. Don't forget the P-TA-sponsored concession booth.

MRS. WIMBERLEY DOING WELL

Mrs. Ira (Jeannine) Wimberley is reported to be in good condition following major surgery in the Friona hospital last Tuesday.

Practically all of the high school students attended the Lubbock fair on Monday. Also a number of parents were seen at the fair on Monday and more were expected to go as the week progressed. Miss Della Stagner from Hereford spent the weekend with Miss Grace Paul. Della and Grace are former school and room mates.

Don't forget homecoming for all ex-students and teachers at the school cafeteria Saturday, October 4, with a barbecue supper being served. This is sponsored by the athletic department and the public is invited.

WOMEN GIVE POST-GAME PARTY

Following the Lazbuddie-Kress game Friday evening, a group of women served sandwiches, cookies, potato chips, tea and milk to the local boys and the pep squad.

Hostesses for the affair were Mesdames Puri Tippie, Harold Wilson, Duane Darling, J. G. Ward, Neil Bradshaw, Dalton Mimmms, John Bond, Roy Daniels, J. J. McDonald, Albert Clark, John McGee, John Gammon, and Pete Mimmms.

FFA OFFICERS ELECTED MONDAY

FFA boys met last Monday afternoon and the following officers were elected: President, Duane Teague; vice-president, Clyde Redwine; secretary, David Tarter; treasurer, Roy Max Miller; reporter, Billy Hardage; and sentinel, Norman Brantley. The week before the boys, accompanied by Mr. Black, attended a barbecue supper and visited the Research Station at Halfway.

Rex Steinbock and Ralph Broyles were in Farmington, N. M., the first of the week, completing the move of the Ralph Broyles family to Lazbuddie. The Broyleses are former residents of this community and they have four children.

Shan Foster spent the weekend in Lamesa with a brother, Mr. and Mrs. W. R. Foster. Mr. and Mrs. Joe Briggs and Mr. and Mrs. John Gammon and Marianna attended the Tech-West Texas game in Lubbock Saturday night.

Glover Family Has Reunion

The home of Mr. and Mrs. Charlie Glover was the scene Sunday of a family reunion.

Present besides the Glovers were Mr. and Mrs. W. R. Tucker, Downing, Calif.; Mrs. H. C. Huckabee, Houston; Mr. and Mrs. Jim Nelson, Bobby and Duane, Spade; Miss Gaye Hall, Littlefield; Mrs. Jess Mitchell, J. C. Sprull, Miss Nan Tucker, Mrs. Bessie Sprull, and Mr. and Mrs. Lonnie Widener and family, all from Memphis; Mr. and Mrs. Jack Garrett, Amarillo; Mr. and Mrs. W. L. Crabtree, Tulsa; Mr. and Mrs. Billy Chester and Tanya and W. R. Glover, Sudan; Mr. and Mrs. W. F. Harper, Muleshoe; Mr. and Mrs. Jack Tucker and Shirley and Mr. and Mrs. William Moss, Tony and Gary, Dimmitt.

Mr. and Mrs. O. M. Jennings spent the weekend in Friona with the Elvie Jennings family.

Mr. and Mrs. Rufus Carter left Tuesday morning for a few days visit at Mangum, Okla., with his mother, Mrs. S. A. Carter, a hospital patient.

Mr. and Mrs. R. L. Forrester spent the weekend in Levelland with their daughters and families. Little Ronnie Crabtree came home with them to visit this week. On Monday, Forrester's cousin, Mr. and Mrs. Lewis Klesling from Levelland, visited in the Forrester home.

Mr. and Mrs. Gene Phillips, Mr. and Mrs. Clayton Ray Graef and James Welch spent the weekend at Palo Duro Canyon as sponsors of a church youth retreat. While the Phillipses were gone, Sandy and Chuck visited their grandmother, Mrs. Hazel Phillips in Portales, and Jerry and Bobby stayed with the C. C. Graefs.

Mrs. W. S. Menefee went to Hereford last Wednesday and visited the rest of the week with the Sam Long family. On Thursday she attended the annual WMU meeting in Canyon.

Attending the WMU meeting in Canyon last Thursday were Mesdames Wesley Barnes, Claude Heath, Bill Curry and F. W. Greene.

Sunday visitors in the C.A. Watson home were Mr. and Mrs. Forrest Collins and Johnny from Springlake and Mr. and Mrs. R. C. Cline of Muleshoe.

Mrs. J. H. Brown from Slaton is visiting this week with her son, Mr. and Mrs. Andy Brown and daughter. The elder Mrs. Brown is recuperating from recent surgery. Dinner guests in the Alfred Steinbock home Sunday were Mr. and Mrs. Judd Clark, Emil Hansen and Mr. and Mrs. David White and twin babies.

Mr. and Mrs. Howard Carpenter and daughters, Jimmie and Sussie, visited Saturday in Lubbock with Mr. and Mrs. Nell Ross. On Saturday night

Jimmie and Sussie attended the Tech-West Texas game.

The J. B. Young family attended the fair in Amarillo Saturday. While there Cooper attended a meeting of the District 4-H Council of which he is vice-president.

Sunday visitors in the Jackie Brown home were Mr. and Mrs. Glen Splawn, Muleshoe; Mr. and Mrs. Woodie Splawn, Whiteface; and Mr. and Mrs. C. M. Splawn.

Mr. and Mrs. J. L. Shuping of Kress spent the weekend with her brother-in-law and sister, the Willie Steinbocks. Other visitors in the Steinbock home on Sunday were her mother, Mrs. Annie Vaughan and Sheila Vaughan.

Mr. and Mrs. Frank Hinkson and boys attended the fair in Amarillo Tuesday. Mr. and Mrs. J. B. Thomas and family had as their Sunday guests, Mr. and Mrs. Vaughan Keith of Farwell and Mr. and Mrs. Virgil Echols from Clovis.

Sunday visitors in the Bill Lancaster home were Mr. and Mrs. Pete Lancaster from Slaton and Mr. and Mrs. Bobby Donaldson from Clovis. The Lancasters also brought along their new grandson, Robby Teffertiller, to show to the great-grandparents.

Mr. and Mrs. Ed Little and boys from Muleshoe were Sunday guests in the J. R. Harris home.

Mr. and Mrs. John Agee and Mr. and Mrs. Walter Steinbock spent last week at Hot Springs, N.M.

Mr. and Mrs. Lacy Hardage were in Las Vegas, N.M., on Sunday.

Visiting with Mr. and Mrs. Frank Hunt Sunday were Mrs. Gene Briggs, Vicki and Ricky,

from Lubbock, Mr. and Mrs. Billy Hunt and Mike, Muleshoe; Mr. and Mrs. Donald Dean Littlefield and Donnie, Vicki Briggs stayed to spend the week with her grandparents.

Mr. and Mrs. Paul Zahn spent the weekend with the John Zahns in Farwell.

Mr. and Mrs. Y. B. Mayfield have moved back in their home and Mr. and Mrs. Bob Grissom from Anson are staying with them.

Mr. and Mrs. Junior Stout from Plainview and Mr. and Mrs. Donald Runyon from Earth visited Sunday in the Barney Floyd home.

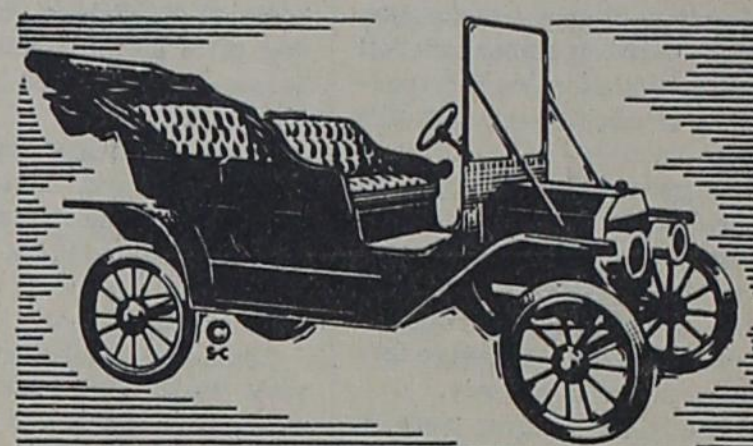

Mrs. Emily Smith from Leflores, spent last week visiting her son-in-law and daughter, Mr. and Mrs. Tice Hugg.

Dinner guests in the home of Mr. and Mrs. Max Steinbock on Sunday were Mr. and Mrs. Gene Smith and son, Mr. and Mrs. Ted Treider and children, Mr. and Mrs. Beardean Broyles and Becky, and Mr. and Mrs. Jimmie Black and Timmie.

Mr. and Mrs. Finis Jennings visited Saturday night in Farwell with the Billy Wattses.

Rally day was Sunday at the Methodist Church. A basket lunch was served following the morning service. Special services were conducted in the evening with the youth taking part.

Kirby Carrell from Lubbock spent the weekend at home with his parents, the Thomas Carrells.

"Monsoon Season" Breaks But Norther Quelches Sun

A week or ten days ago mention of the return of the "monsoon season" would bring a smile or a chuckle from Parmer County area farmers. They felt that surely the wet spell would break most any day and let them get into their fields for harvest.

However, this week the weather is anything but a laughing matter and most farmers are taking their weather problems with utmost seriousness. They well remember last fall and aren't enjoying the prospects of another one just like it.

Soggy weather which closed in two weeks ago Sunday finally passed over and the sun came out Monday, which, combined with a tidy breeze from the dry southwest, started to improve things in a hurry.

The temperature rose in to the high 70's and the humidity decreased considerably. Clouds disappeared and farmers slapped their hands in anticipation of the hard work that appeared to be only a day or two ahead.

A full harvest moon came out Monday night but before the dawn broke one of the earliest true "northers" in High Plains' history blew in from the Rocky Mountain area and quelched all hopes for sunshine and dry weather. The mercury dropped 30 to 35 degrees and hovered in the high 40's, sending chills of both cold and dread down farmers' spines. For a time it looked as if it might even start snowing.

Actually, very little moisture came with the moving in of the big cold front. It was simply another session of cold, dreary days that would prevent harvesting of both cotton and grain sorghum.

County Agent Joe Jones estimates that about 20 percent of the county grain crop has been cut--most all of that being the early maturing, early planted varieties.

Moisture content of nearly all of the grain is excessive, and, besides that, fields are in such a condition that it would be impossible to get combines through many of them. The harvest is stalled in its tracks.

Monday's clear weather only whetted the appetites of

farmers for combine work. Probably not a load of grain was cut that day. There just wasn't enough warmth--enough time--to get the job done.

Parmer County area farmers appear to have an excellent grain crop, in spite of some middle and late-season damage from insects, especially chinch bugs.

Some losses are sure to come from lodging of grain that is in the field and should be cut but cannot be because of the weather.

The heads are big, the stalks are mature and drying out, and excessive moisture, icing, sudden winds, or other hazards could result in considerable falling.

Conditions were at their very worst last year, however, and nearly all of the crop was salvaged, so perhaps things are still not too perilous.

The county's corn crop is very susceptible to this streak of bad weather. Agent Jones reports that corn borer infestation is very general and that the stalks are in poor condition to stand under such conditions as those the crop is now experiencing.

As a consequence, much of the corn is already going down. Fallen corn is a lot bigger problem than laid-over grain sorghum, farmers have discovered. It must be picked by hand if there is a lot on the ground. Usually, falling must be heavy to justify this hand labor, however.

THE HIGH PLAINS FARM AND HOME

FU Meet Tonight

The annual county convention of the Farmers Union will be tonight (Thursday) at the Hub Community Center. An Olton school-teacher-farmer will be the speaker, says Bill Wooley.

Election of county officers will be held at the meeting. At the present time, Clayton Graef of Lasbuddie is president.

The convention, which is to

begin at 8, will include entertainment for all ages. Music, fun and prizes will be featured. A weaning pig or feeder lamb will be awarded as a prize. A hula hoop contest will be held for the kiddies.

Refreshments of coffee and doughnuts will be served. Wooley says everyone is urged to attend.

Lazbuddie Fair Set for Friday

Beginning its third year, the Lazbuddie Community Fair will be held on the school grounds of that Parmer County community Friday of this week.

The "fair" represents the joint efforts of school and county farm and home-making workers who want to stimulate interest and participation in the events--especially since there is no more Parmer County Fair.

The fair will be for both boys and girls in 4-H work, and for FFA boys and FHA girls in the Lazbuddie school. It will start about 10 in the morning, and exhibits will be viewable all day and until that evening so that those coming to the football game can take a look also.

County Agent Joe Jones has pronounced the fair a "good

thing" for the youths and the community, and says that participation is very good and that many adults from the community are interested in the work, too.

The Lazbuddie show is the only one of its kind in the county.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

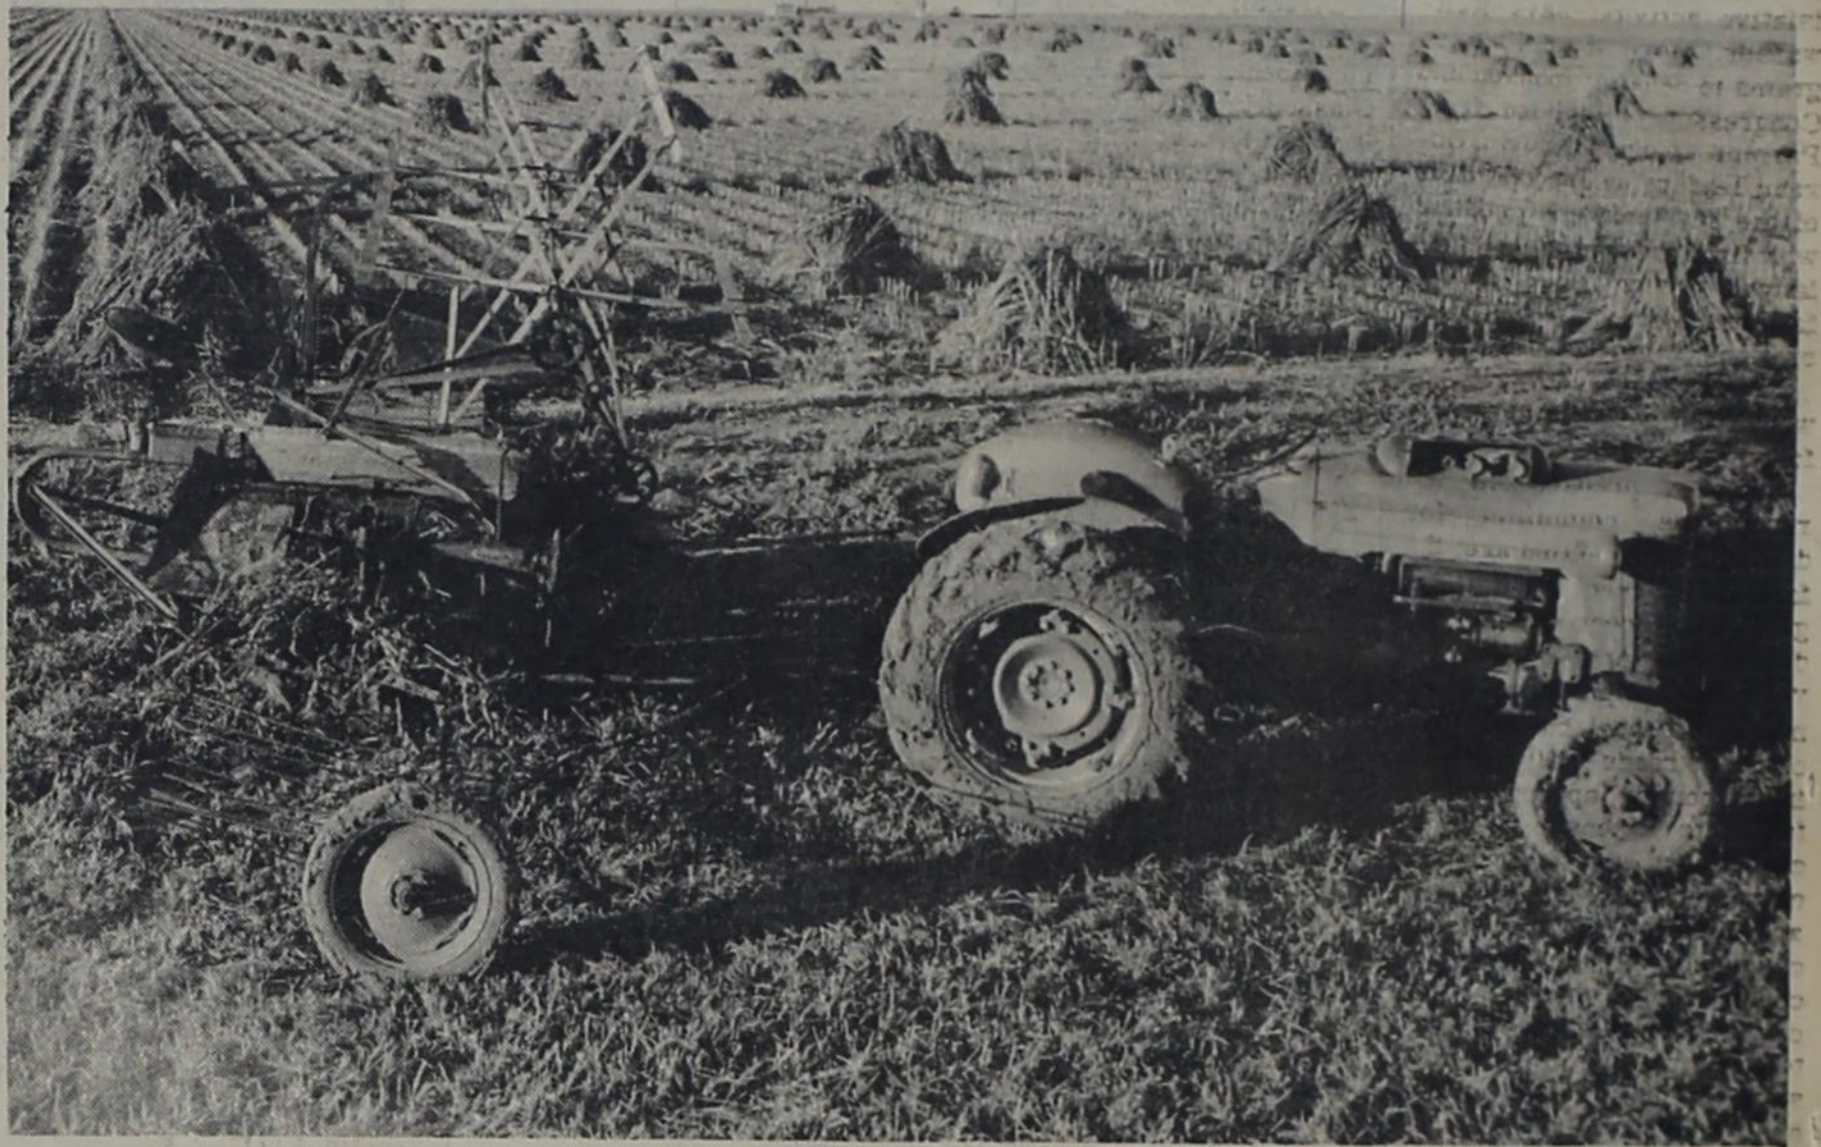

Monday night, October 6, eight o'clock, Hub Community Building.

That is the time and place of the tenth annual Parmer County Farm Bureau Convention. This is where policies are made by the membership, by discussion and vote. Your vote will be counted if you are there to vote, for or against the issues discussed. Subjects prepared for discussion and action by the resolutions committee are being submitted for publication. If you know of others that should be introduced, bring them up on the floor.

Farm Bureau is proud that the runner-up in the Farm Bureau queen contest was winner in the Maize Days contest last week. We are also proud to have won second on the FB float in its class, with our queen, Mary Ann Stacy gracing the throne. Farm Bureau wishes to extend its thanks to those who worked so faithfully in preparation of the float: Mrs. Leona Wolfe, the Stacys, D. G. Hands, Hamiltons, Roy V. Millers, John S. Thompsons, Clyde Renners and the Jack Pattersons.

Wheat farmers are facing a great problem in future allotment and support programs. We don't know all the complications involved, but some Parmer County men went to Amarillo Tuesday to get information on the sub-

ject. Dr. Warren Collins, American Farm Bureau's assistant commodity division director, was there to talk on the future of wheat farming to Panhandle wheat growers. There will be a report on this meeting next week. Attending from here were Clarence

TIME'S A-WASTIN'--When it's time to cut sesame, there's no lost motion for Billy Marshall of Bovina, the nation's biggest producer of the oilseed crop. In the few hours that the sun broke through Monday, Marshall made short work of a lot of sesame with his row-binder. Despite the fact the fields were ankle deep in mud, he chained two tractors together and went right ahead cutting. His binder makes a four-row swath.

AFTER THE SESAME BUNDLES HAVE BEEN SHOCKED they will be allowed to dry and mature, then be ready for threshing. This is the handsome harvest scene on Marshall's farm, where he raises over 500 acres of sesame. Row after row of green sesame will soon be changing into nut-like brown as the fall advances. Then will come the combines to finish harvest.

FB Convention Monday Night

KGNC-TV's farm editor, Cotton John Smith, will be among the first on the program at the tenth annual Parmer County Farm Bureau convention at the Hub Community Building, Monday night, October 6, at 8 o'clock, says Gilbert Kaltwasser, president. Cotton John will report on his recent tour of Europe, and show the new film, "Tenderfoot in Europe," documenting events of interest on the trip. Every Parmer County farmer and his family is invited and urged to attend.

The most recent farm program, which gives the cotton farmer for 1959 a much brighter outlook for his industry in the immediate future, is one result of Farm Bureau organization and legislative activity, says Kaltwasser. More than 40 telegrams to Senator Johnson and Congressman Rayburn from Parmer County Farm Bureau leaders in the last days of the session were credited with final passage of the legislation which gives cotton farmers a choice in their operations, said Kaltwasser.

Over a thousand telegrams from Texas the day before action was taken.

Subjects prepared by the resolutions committee for discussion and action are: the farm-to-market road program of a recent survey conducted by Farm Bureau reveals that there are over 1,500 miles of school bus and mail carrier roads still unimproved in the county; appropriations for state Extension Service, experiment stations and forestry services, animal health and disease control laws, compulsory re-districting of county commissioner's precincts; natural resources tax to meet revenue needs of the state; exemption of farm trailers from licensing, regardless of weight; corrective rural electric co-op legislation, milk labeling legislation, state permanent school fund, relations of "speed-lock" devices to highway accidents, formation of a woman's auxiliary for TFB, right-to-work legislation, and water devel-

opment and conservation. Resolutions of a national scope include anti-trust exemptions for labor unions, minimum wage for agricultural employees, federal aid to education, compensatory payments to farmers for commodities they produce, and wheat legislation.

Other subjects on the agenda include election of a president and five directors. Although the nominating committee will have ballots prepared with suggested candidates, members are urged to consider men of their area that they would like to have serve as directors or as president.

Such nominations will be welcomed from the floor, and their names will be placed on the ballot before voting takes place, says Kaltwasser.

Directors will be selected from Black, John Henderson, incumbent; Farwell, M. T. Glasscock, incumbent; north Friona, Ernest Anthony, incumbent; Lazbuddie, J. D. White, incumbent; Oklahoma Lane, Donald Christian, incumbent.

Coffee and donuts will be served at the conclusion of the meeting.

Rural Youth Day at the Tri-State Fair was quite a day last Saturday. High point for me was when Judy Billingsley was presented a \$15 check as second place winner in the better baking contest. Since she was competing with 20 other girls from all over the Panhandle, the accomplishment is quite a feather in Judy's cap.

Parmer County also carried off awards in the junior foods department in the biscuit division. Both Judy and Janice Billingsley entered and Judy won first while the latter, won second. Janice also took first place awards with her butterscotch coconut creams. This family should have lots of good biscuits for breakfast. The girls are daughters of Mr. and Mrs. Leon Billingsley of Farwell.

The day at the fair included a talent program which also featured Smiley "Frog" Burnett. Both 4-H and FHA members participated.

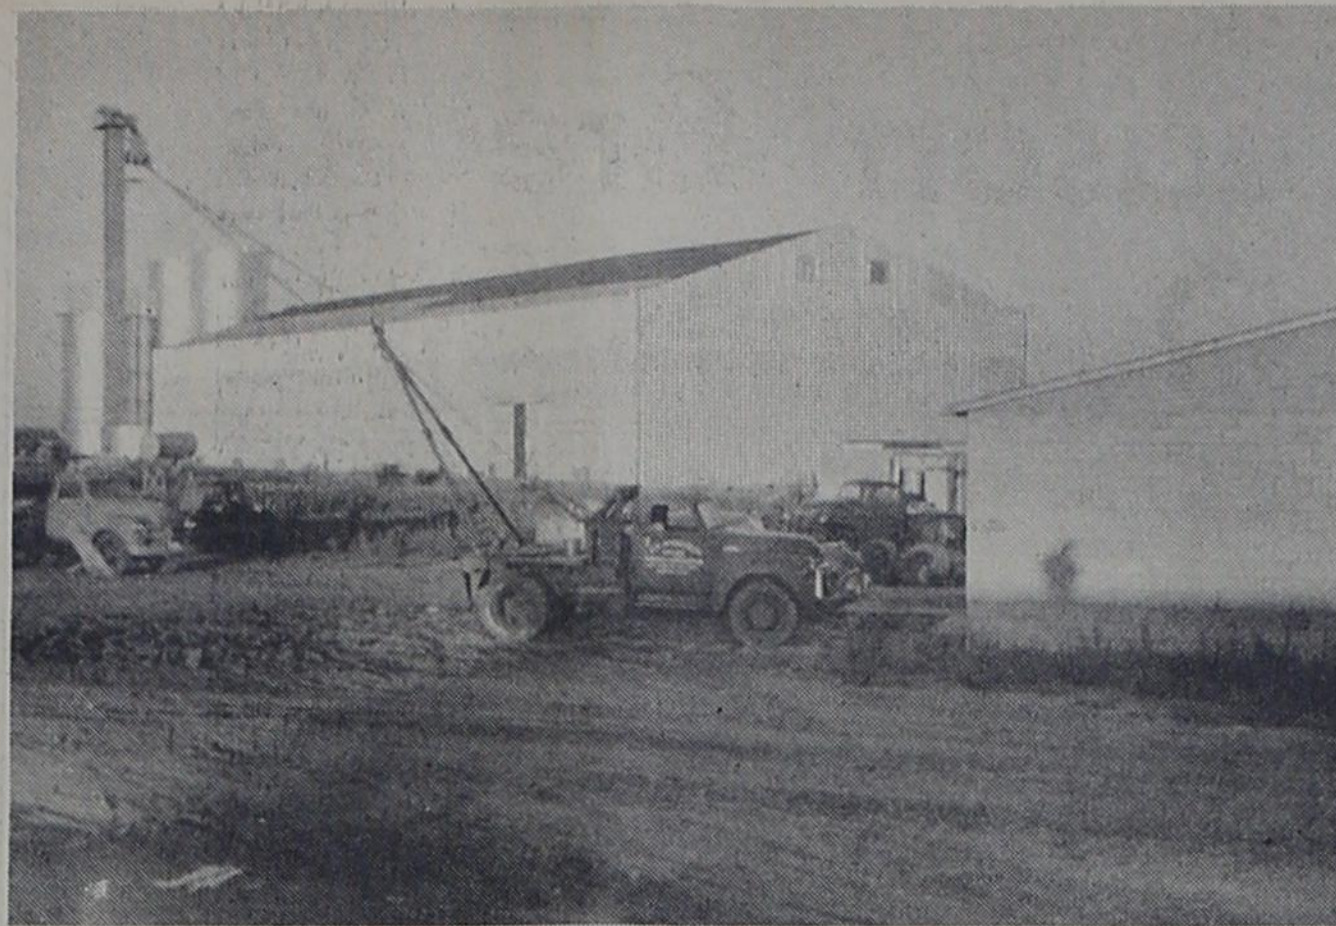

Here are two good tuna recipes that you might like to try.

BROILED TUNA CHEESE DREAMS
1 cup (7 oz.) tuna, drained and flaked
1/2 cup finely chopped celery
2 tablespoons pickle relish
2 tablespoons salad dressing

Combine tuna with celery, pickle relish, salad dressing and salt. Toast bread on one side; turn and lightly spread untoasted sides with prepared mustard and tuna mixture; top each sandwich with cheese slice. Broil under medium heat 3 minutes or until cheese melts and browns.

TUNA, SPANISH STYLE
1 medium sized onion, chopped
1/2 green pepper, cut in strips
2 tbsp. butter or margarine
1 can (1 pt. 2 fl. oz.; 2 1/4 cups) tomato juice
1 can (7 oz.) tuna, drained and flaked
1 package (5 oz.; 1 1/3 cups) precooked rice
1/3 cp water
1/4 teaspoon salt
Cook onion and green pepper in butter or margarine 3 minutes. Add remaining ingredients; mix carefully and bring to boil. Cover tightly; cook over low heat 12 minutes or until rice is tender. Serve with Parmesan cheese if desired.

Detachments of U. S. Marines have been stationed at Portsmouth, N. H. since 1813. The Navy Yard there had its official beginning in June, 1800.

CONSTRUCTION IS ABOUT COMPLETED for the new Hub Grain Company in central Parmer County. The combination flat-and-tank storage firm is south of Fleming & Son Gin at the Hub, and expects to be in business to receive fall grain.

FHA Helps Finance Farm Improvements

Nearly \$100,000

Loaned in County

To raise the values of their farms and increase their incomes, a number of Parmer County farmers are thinking in terms of better soil conservation practices, permanent pasture improvement, and full development and use of farm water supplies, reports Billy R. Boling, Farmers Home Administration county supervisor.

The FHA has a loan program to help eligible farmers carry out needed soil and water conservation measures, he said, and added that the practices most needed and most likely to be carried on through the agency's loans in this area include drilling wells, developing farmstead water facilities, and irrigation systems.

The making of soil and water conservation loans to farmers who are eligible is one of the functions of the agency's county office located in room 17 of the county courthouse, the county supervisor pointed out.

Each county has a three-member county committee, and one of its duties is to determine whether or not an applicant is eligible for a loan. To be eligible, the applicant must be a farm owner or operator, with necessary experience, whose credit requirements for soil and water conservation improvements cannot be supplied through private or cooperative sources.

The agency has completed approximately four years of making soil and water conservation loans under the present program, Boling said. During that time approximately 7,250 individual farm families throughout the nation, plus 141 associations serving approximately 5,200 families, have borrowed \$43,100,000. About 80 percent of this total helped farmers develop farm water and irrigation systems. This included buying pumps, motors and pip-

ing, drilling wells, and constructing and repairing irrigation ditches and laterals.

Farmers used the rest of the loan funds to develop livestock and household water systems, and for soil conservation practices such as terracing, improved pastures, drainage, clearing and tree planting.

In Parmer County ten soil and water conservation loans have been made for a total of \$94,530.

For the present fiscal year, Congress made \$5,500,000 available for direct soil and water conservation loans. This is in addition to a larger amount which local banks or other private lending agencies may advance for this type of loan, with repayment in full insured by the FHA.

Judy Billingsley Second in Baking

Judy Billingsley, Parmer County's entry in the Tri-State Fair baking contest at Amarillo Saturday was named second place winner. She was presented \$15 by Cotton John Smith and Smiley "Frog" Burnett, guest entertainer for Rural Youth Day.

Miss Billingsley's entry in the contest included her 4-H foods record, a two-crust pie, and biscuits.

The daughter of Mr. and Mrs. Leon Billingsley, she also won first place in the junior foods division with her biscuits and her younger sister, Janice, won a first place with candy.

duces weed growth, maintains soil fertility, and tillage is easier.

One main objective of the Parmer SCD is to encourage the landowners to become co-operators with their soil conservation district and to encourage each farmer and rancher within the district to become a conservationist.

Technicians of the Soil Conservation Service will help interested farmers and ranchers develop basic plans on their farms or ranches. These are plans that offer a blueprint of conservation activities to be accomplished over a long period of time.

They provide for correct land use, needed treatment for the entire ranch or farm in keeping with the present desires of the operator, and a sound economic enterprise.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

At one time or another, if our memory serves us correctly, we have mentioned that perhaps we who live here on the High Plains are inclined to look at our weather from a topsy-turvy angle.

For one thing, in the years 1950 through 1956, we just about made up our minds that the dry weather was here to stay and it became perfectly natural to think of this part of the nation as desert-like.

Already this year we have heard a lot of comments that go something like, "My, isn't this a wet fall?" and these remarks set us to wondering, Is it REALLY as extraordinary as people might think?

While we admit that the wet

Fed. Land Bank To Lend More

According to Noel Woodley, secretary-treasurer of the Western National Farm Loan Association, the Federal Land Bank has adjusted its loan values upward and is now in position to lend more on most properties.

This added loan value is important to persons buying land and to those who use long-term credit on their farms and ranches, he says.

The Western National Farm Loan Association now has 425 loans outstanding for more than \$3,000,000 in Parmer and Bailey Counties, Woodley said.

and cool weather is adverse so far as harvest conditions are concerned, we don't recall any proof that holds this type of weather abnormal.

In fact, the reverse might even be true. Looking over the rainfall records, we note that the average monthly rainfall pattern for the High Plains runs something like this:

May 3.01, June 3.25, July 2.36, August 2.99, September 2.29, October 1.93, and November .88. Please note that September (supposedly a "dry" month) has about as much rain as July in an average year.

Further, notice that the rain during the fall and winter months does not begin to taper off noticeably until October. There is a lot of harvesting that we want to get done in September these days, so that understands why, perhaps, that it SEEMS to us that Septembers are so much wetter than they used to be.

FLYING IS MORE THAN JUST FUN

THIS IS WHAT THEY'RE AFTER--The rank, sappy cotton on Parmer County area farms isn't opening up and maturing out like farmers would like to have it. Note the leafy, bush-like growth above, which would produce a large amount of cotton if the crop would only mature. Note also the ominous power line poles which constitute a great hazard to crop-spraying pilots.

HERE THEY COME--Showering defoliant down on this cotton is a team of two spray planes from Bengier Air Park. They were at work in the Hub-Lazbuddle area Monday. Behind this low-flying Piper can be dimly seen his bi-wing companion making the turn just over the trees around the farmstead.

Defoliation Big Thing for Cotton

Defoliation--forced shedding of leaves induced by chemicals applied to a cot-

ton crop--is, strictly speaking, nothing "new" to Parmer County area cotton farmers.

But never before have such large numbers swung over to that practice so suddenly as they have this year when farmers are literally lined up with custom crop dusters to get their fields sprayed.

The reason is all too obvious. The farmers have a good, but juicy and immature, cotton crop and they want to stunt or halt its growth and get a little sunshine down into the plant to mature out the maximum cotton obtainable.

In 1957 area farmers had a very good crop of cotton "set" and ready to make, but a large portion of it just never finished. The cold, damp weather and the freezes got it. This year, to speed things up, the idea is to stun the plant with toxic chemicals and make it shed its leaves.

This desire has been greatly stimulated by the hanging-up of poor harvest weather. The poor weather is also hard on the spray planes, which find it difficult to operate satisfactorily under such conditions.

The need for good weather for the cotton harvest is real, but County Agent Joe Jones emphasizes that 1958 is almost sure to not be another 1957. "Already we're ahead of what we were last year," he says.

UP AND OVER zooms the bi-plane as it strains to clear the wires at the left. Such exacting and dangerous flying is hair-raising to watch from near at hand on the ground, but it is strictly routine for the men who lay the spray down on High Plains crops.

"bacterial blight"--angular leaf spot--has further distressed cotton men. This disease, which usually accompanies wet weather and usually leaves the high, dry Plains pretty much alone, is widespread over the area and will reduce the quality of the cotton. What its effects are exactly won't be known until harvest, though.

Many farmers are still studying the merits and demerits of defoliation, says the agent. He says, "If I could defoliate just six days before a freeze, I would." Jones is convinced that just a little bit of sunshine can be mighty important at this stage.

"Farmers can well consider defoliation this year," he says, "but I believe they should stay away from the desiccants."

Desiccants kill the plant outright but defoliants only "knock it," and it usually revives and starts to grow again. With the moisture that is available for growth, this might mean two defoliations to get a good job this year, but that still could be worth it, says Jones.

Also, Jones believes that farmers who harvest their cotton might be better off to strip it and leave it piled on the turnrows awaiting a chance to gin than to defer stripping until the gins get caught up, thus exposing the crop in the field to possibly adverse weather conditions.

"In weather like we are having now cotton loses a lot of its grade in a hurry," points out the agent.

At any rate, when the weather does clear off, there will be plenty of activity in Parmer County area cotton fields because farmers are most anxious to get back to work on their No.1 money-maker.

Farm Bureau Weed Committee Meets

Johnson grass--not bindweed--was the main topic of conversation at a Monday night meeting of the Parmer County Farm Bureau weed committee.

Meeting in Friona, the group decided to visit with the county commissioners court and see what action, if any, might be taken to pool Johnson grass control efforts in the county. Such efforts resulted in a comprehensive bindweed control effort three years ago which is still continuing.

Present were Raymond Schueler, R. D. Dale, A. R. McCutchan, Gus Schlabb, and Vernon Symcox.

THE HAPPY HOMEMAKER BY JUNE FLOYD

Since we have so many time and labor saving devices it is estimated that today's homemakers spend less time in their kitchens than any generation. This does not necessarily mean that they spend less time on meal preparation. Much more time is spent studying nutrition and good eating habits.

A question that each of us should consider is, "Are you a good example?" All the words we may speak to our

Mrs. Lillie Taylor suggested that we print the following recipes since cantaloupes are plentiful in this area at the present time. She says that each recipe may be varied by using different kinds of fruit and all of them have a delightful taste.

Cantaloupe Butter
Cut up several cantaloupes then boil with one cup of water until chunks of cantaloupe are soft. Run through collander before measuring. Then measure 6 cups of pulp, 3 cups of sugar, and add to cantaloupe. Then add juice and rind of one lemon. Boil until mixture becomes thick. Then add 1 teaspoon cinnamon, 1/2 teaspoon allspice, and 1/4 teaspoon cloves. Boil several minutes then seal in hot sterilized jars.

Carrot Cake
Another recipe which calls for a Parmer County grown vegetable comes to us from Mrs. David Moseley. It was sent to her by her sister-in-law, Mrs. Henry Moseley of Ringling, Okla., and she was kind enough to share it with our readers.

- Carrot Cake**
- 1 cup sugar
 - 1/2 cup cooking oil
 - 1 1/2 cups sifted all-purpose flour
 - 2 teaspoons baking powder
 - 1/2 teaspoon soda
 - 1/4 teaspoon salt
 - 1 teaspoon cinnamon
 - 1 cup grated carrots
 - 2 eggs
 - 1 cup chopped nuts

Heat oven to 350 degrees. Mix sugar and salad oil then add sifted dry ingredients. Mix well then add carrots. Beat in eggs one at a time, beating well after each addition. Bake in oiled loaf pan 8 1/2 x 4 1/2 x 2 1/2 55 to 60 minutes. Cover cake with foil first 20 minutes of baking time to reduce cracking on top.

This idea of covering loaf cakes with foil is good any time a loaf cake is being baked. Most of us have difficulty with the tops of the cakes cracking and the paper will eliminate this.

Are you planning to send Christmas cards with pictures of one or more members of the family on them? If so, you should order them in the near future. This year you can send color film and have colored pictures on your cards for a reasonable cost.

When so many homemakers constantly run out of time, there must be an indication that perhaps we are not using our time wisely. Next time you start off a sentence with "I would, if I had time," stop and consider.

If it is just an excuse, don't say it. It is really a reason, give some study to the use you are making of your time. Of course, everyone is busy and to keep busy is to keep interested, but no homemaker should have such a full schedule everyday that she really doesn't have any time left over for enjoying her family.
