

Steers Top Idalou; Take On White Deer In Regional Play

A last second field goal by Max Fields made the one point difference to send the Farwell Steers past Idalou's Wildcats 60-59 in a bi-district game played at Olton Tuesday night. The local team will meet White Deer at 9:30 a. m. Saturday in the Regional 1-A tournament in Lubbock.

Fields paced the Steers with 23 points, hitting 15 of 15 free throws and sinking four field goals. Idalou was in the lead most of the game, holding a 15-10 margin at the close of the

first period. At the half, the Steers had tied it up at 30-30, but the Wildcats had a 44-42 edge at the end of the third quarter.

With 40 seconds remaining, Idalou had a 57-54 advantage. The teams traded shots with Farwell making four free throws to close the gap to within one point, 59-58. With 15 seconds left in the game, traveling was called against Idalou to give the Steers the ball. Then Fields sunk the winning shot as time ran out.

Leon Lovelace scored 15 points, Jerry Lovelace made Maurice Smith had 12, and Errol Johnson made 4 to rout out the Steer scoring.

The Steers topped the Sudan Hornets 61-54 to capture the District 3-A crown in a special playoff game Saturday night at Olton. Maurice Smith scored 23 points to lead the winners and Max Fields scored 17. Leon Lovelace had 8 and Jerry Lovelace had 9 and Jerry Childs scored one.

Max Fields makes two points for the Steers. Fields sunk the winning basket in the Steers' bi-district tilt with Idalou Tuesday night to give the Farwell team a 60-59 win. Fields hit 15 of 15 free throws to make this record stand at 25 consecutive free throws hit. He scored 23 points in Tuesday night's game.

Farwell Junior Play Set For February 23

Farwell junior class will present its play, "The Adorable Imp," at the junior high auditorium today Friday at 7:30 p. m.

Directing the three-act comedy are Coach Dempsey Alexander and Mrs. Bill Mayfield. Characters include Hortense, Dorris Donaldson; Betty Lou, Patsy Herington; Abby, Barbara Conner; Pamela, Shirlene Martin; Melvina, Margaret Hasehoff; Imogene, Kaye Kube; Brian, Barry McCuan; Clint, Joe Reed; Winston, Ricky Cooper; Bill, Billy McDonald; and Ross, Ronnie Reed.

Admission is 75 cents for adults and 50 for children. The public is cordially invited.

Bronchos Upset Texico

Texico Wolverines were upset by the Floyd Bronchos in their first District game Thursday night 36-34. With only a few seconds left to play Floyd captured the ball and scored a field goal. Texico is now out of district play. Floyd will meet Dora tonight at 8:30. Texico Whirlwinds will play the Ft. Sumner girls at Texico Tuesday night. Game time is set for 7:30.

Rotarians Observe Anniversary

Texico - Farwell's Rotary Club this week observed the 57th anniversary of the founding of Rotary, world-wide service organization of business and professional men.

In observation of the anniversary, Bobby Joe Crume, secretary of the local group, presented a program on the history of Rotary International and the history of the local organization at the regular meeting of the club Wednesday at noon.

Other local officers are president, Rev. Robert Tomlinson; vice-president, Ira S. Levins; and treasurer, J. Buck Doran.

The local Rotary Club meets every Wednesday noon at the Texico Hotel.

Area Students Make College Honor Rolls

According to news releases from two colleges several area students have made the dean's list (honor roll) for the fall semester.

At ENUM those making the list are Glendon Moss, Patricia Patterson, Gary Singleterry, freshmen, Monte Singleterry, junior, and Bobby Patterson senior all of Texico. In order to make the list a student must be taking a minimum of twelve semester hours and maintain a three point average or above.

Making the list at South Plains College in Levelland, was Wade Mills of Farwell.

Proudly displaying their first place trophies won at a recent "Go and Whoa" contest are Orle Jones and Roy Hammonds, front. In the back are Mike Getz and Jerry Herington who placed second in their classes in the driving contest. All are members of the Dualers Hot Rod Club.

Dualers Win Four Places In Contest

Four members of the Dualers Hot Rod Club placed in the "Go and Whoa" sponsored by the Pacemakers club of Clovis at the fairgrounds there Sunday afternoon.

The Dualers entered seven cars in the contest and won two firsts and two seconds. Trophies were awarded to first place winners in each class.

Orle Jones won the AA first place trophy with his '32 Ford coupe powered by a '59 Olds engine. His average time in three runs was 9.2.

Roy Hammonds won the class D first place award with a 10.7 time in his '56 Chevrolet. Second place winner in this class was Jerry Herington with a time of 10.8 in a '55 Chevy. Mike Getz, driving a '59 Chevrolet placed second in class C with a time of 10.4.

This type contest tests a driver's skill in starting and stopping, the object being to travel from one point to another as quickly as possible without sliding or skidding one's wheels.

Texico Plays Floyd In District Meet

Texico's Wolverines, third seeded team in district 6-B, played the Floyd Bronchos in the opening night of the district tournament at Portales Thursday. (See bulletin elsewhere in paper for outcome of this game.)

In a non-district game played at Texico Friday night the Wolves coasted to an easy 56-34 victory over the House Cowboys. Members of the B team played most of the game. Dwight Turner made 13 points for the Texico team and Leon Kelley made 10. Kelley had been unable to play for several weeks because of illness.

Saturday night the San Jon coyotes, 1961 state champions, beat the Texico squad 64-32 to end Texico's regular season play with a 16-8 record.

Dwight Turner hit 9 points for Texico and Gene Martinez made 19 for the winners with several other San Jon boys scoring in the double digits.

The "little Wolverines" beat the House B Team 30-21 Friday night and were beaten 46-39 by the San Jon team Saturday.

Polands -- heavyweight: 1, Marsella Mayfield; 2, Linda Gleason; 3, Max Eubanks; 4, Marsella Mayfield; 5, Bobby Gleason; 6, Buddy Embry; 7, Ronald Mayfield; and 8, Ronald

Mayfield.

Crosses: 1, Bobby Gleason; 2, Danny Miller and 3, Larry Davis.

Larry Eubanks showed the grand champion barrow and Marsella Mayfield showed the reserve champion barrow.

H.H. DeLozier Gives Address

H. H. DeLozier, Clovis accountant, gave the main address at groundbreaking ceremonies for the new Texico high school building Wednesday at 12:30.

Vic Harrington, president of the student body, was master of ceremonies for the event and Glenn Singleterry, school board member, gave the invocation.

Joe Helton, mayor of Texico, speaking in behalf of the city, gave a brief statement concerning the school's growth and general progress.

Rev. Robert O. Tomlinson, pastor of Hamlin Memorial Methodist Church, gave the benediction.

Construction is already underway on the new building, but the groundbreaking ceremonies were held this week after being delayed because of rain last week.

Vic Harrington, president of the Texico School student body, uses the spade at the groundbreaking ceremonies for the new high school building Wednesday. Behind Harrington, left to right, are J. Buck Doran, school superintendent; and school board members F. S. Thigpen, John Hadley, Paul Harrison and Glenn Singleterry. Other board member, Ed Combs, was unable to be present.

Joe Helton, mayor of Texico and charter member of the Texico-Farwell Lions Club is the local club's nominee for Deputy District Governor of District 40X. Helton, along with other Lions from Texico-Farwell, have been visiting other New Mexico Lions Clubs announcing his candidacy and enlisting their support for his election at the state convention this spring at Ruidoso.

Doran Rehired At Texico

J. Buck Doran was rehired as superintendent of Texico Schools at a special meeting of the board on Thursday. Doran had just completed a three-year contract as superintendent, having been hired when Agrie Jones retired from that position. Prior to accepting the superintendency, Doran has served at the school as an English instructor for two years.

Doran was principal of the school at Field for seven years before moving to Texico.

Other teachers of the system will be hired at the regular meeting of the board in March.

Farwell C of C To Meet Tuesday

Farwell Chamber of Commerce will have its regular monthly meeting at the AA Bowl Cafe Tuesday afternoon, February 27, at 5. Members are urged to attend the meeting, which will be an organizational session for the coming year.

Teams Invited To Enter Tournament

All the old basketball pros are invited to form teams to play in the first outsiders basketball tournament slated March 16-17 in Farwell gymnasium, and sponsored as a money-making project by ESA.

Deadline for entering teams is March 1 and anyone wishing to enter a team should contact Mrs. Pike Jordan, president of the group. Team members must be out of school. Each team is allowed 12 players in the women's division and 10 players in the men's bracket -- "to allow plenty of substitutes," Mrs. Jordan says.

Entrance fee for each player is 25¢ and spectators will be charged 50¢, says Mrs. Jordan. All money derived from the tournament will be used for worth projects in the community, she adds. Several area civic organizations have already indicated that teams will be entered in the competition.

Jury Sifting Start Trial Monday

Selection of 12 suitable jurors will commence Monday for the trial of two Bovina residents who are charged with the slaying of Jesse Dawkins on Dec. 8.

Gene Davis, 38, alias George Evans, and Nellie Mae Thompson, 30, are named in the charges.

District Judge E. A. Bills confirmed his schedule for the trial early this week and the jury panel was notified. Forty-eight residents have been called for prospective jury duty.

In addition, Judge Bills will appoint a jury commission for the purpose of selecting a new grand jury and jury panel for the next court term. The new term will start March 5 and continue until Sept. 3.

The commission will consist of from three to five members and will present the judge with a new grand jury and petit jury panel.

Called to appear Monday are

Grady King, Mrs. Ray Landrum Kirt Crume, LaVon Jones, De Gerles, Raymond Martin, M. Snider Jr., Ovid Lawlis, Conner Nelson, Marvin Lawson, Ernest Kube, James R. Boardman, J. McDonald, Bob Hammond, Weldon Slayton, Mrs. Prentice Mills, Mrs. Willis Hester, W. Chadwick Jr., James Patrick, G. D. Anderson Jr. Mrs. A. F. Phillips, Geo. W. Jones, Sterling Donaldson, O. M. Hammonds;

Mrs. Sam Williams, John McGehee, Mrs. Delbert Garner, Glen Scott, L. L. Cooper, James Robinson, Truett Hardage, Mrs. James D. Roach, Jimmie Ware, Frank Hinkson, Donald Christian, Riley Goodnough, Willie Steinbock, Mrs. Frank Edwards, Connie O'Brien, Archie L. Tarter, Melvin Terry, Ewell Mitchell, Jack Waltman, Ben Foster Jr., Ear Peterson, A. H. Haseloff, Mont Barrett, Mrs. L. L. Norton

Steer Football Schedule Released

Football schedule for the Farwell Steers was released this week by Dempsey Alexander, coach, with the first game scheduled September 7 on the home field when the team plays host to Friona.

Plans are to separate the A and B teams next year if enough boys come out for football. "This will keep several of our younger boys from competing against older varsity players," adds Alexander.

Seagraves is replacing Lazbuddie on the schedule this year, and the local coach rates them as one of the toughest Class "A" teams in the state next year. Another new one on the list will be Portales replacing Sundown. The New Mexico team was runner-up for state champion honors last year. The school would probably be in Class AAA if situated in Texas, Alexander adds.

"A" TEAM

Sept. 7 -- Friona here
Sept. 14 -- Bovina here
Sept. 21 -- Seagraves here
Sept. 28 -- Morton here
Oct. 5 -- Portales there
Oct. 12 -- Plains there
Oct. 19 -- Kress here
Oct. 26 -- Hale Center here
Nov. 9 -- Sudan there
Nov. 16 -- Springlake there

JUNIOR HIGH TEAM

Sept. 13 -- Springlake here
Sept. 20 -- Clovis there
Oct. 4 -- Clovis here
Oct. 11 -- Bovina here

Nov. 8 -- Sudan here
Nov. 15 -- Springlake here

"B" TEAM

Sept. 13 -- Friona here
Sept. 20 -- Clovis C here
Sept. 27 -- Muleshoe freshmen here
Oct. 4 -- Clovis C here
Oct. 11 -- Bovina here
Oct. 18 -- Friona there
Nov. 1 -- Bovina there
Nov. 8 -- Dimmitt here
Nov. 15 -- Muleshoe freshmen there

Burglars Return To Crime Scene

It is said that a criminal always returns to the scene of his crime. In Parmer County, the old adage seems to be the rule rather than the exception.

Burglars broke into Helton Oil Company in Farwell last Thursday night for the second time in less than a month. But they didn't get away with anything.

They gained entrance to the yard by cutting the two strands of barbed wire at the top of the storm fence and using an oil drum and chair to climb over the fence.

Ten truck tires were then rolled out of a small shed at

the north end of the yard and placed near the east fence. The thieves then cut some six feet of storm fence and opened up an exit large enough to drive through.

What happened next is pure guesswork but it is thought that the thieves were either scared off or were unable to steal suitable transportation in time.

A short time back, Grady Dodd's warehouse in Friona was burglarized for the second time last year. Sizeable hauls were made each time.

Officers investigating the Dodd burglary expressed an

opinion that the same persons committed both crimes.

Allen's Jewelry in Friona was robbed twice during the past year. Three-Way Chemical in Bovina and several other businesses in the county have been bothered by burglars more than once during the past year and stand as mute evidence that burglars return to the scene of the crime--maybe they are not the same burglars but they do return.

The attempted burglary was not reported until noon Friday, according to Tom Atkins, deputy sheriff, who investigated the incident.

News From LAZBUDDIE
BY MRS. G. A. WATSON

Visitors in the home of Mr. and Mrs. Neil Burnett and daughter, Sunday were Mr. and Mrs. Bill Williams and children of Plainview, Mr. and Mrs. Kenneth Burnett and children from Coton Center, also Gary Wood and Martha Robinson.

From left to right, with wives standing in back of their husbands, are Mr. and Mrs. A. T. Kersey, Mr. and Mrs. Fred Kepley, Mr. and Mrs. E. W. McGuire and Mr. and Mrs. D. W. Carpenter.

Carpenters Honored On 52nd Anniversary

Four Oklahoma Lane Couples who have all observed their 50th wedding anniversaries gathered at the Harold Carpenter home Friday to observe the 52nd anniversary of Mr. and Mrs. D. W. Carpenter. The three other couples who have passed the Golden Anniversary milestone are Mr. and Mrs. A. T. Kersey, Mr. and Mrs. Fred Kepley and Mr. and Mrs. E. W. McGuire. Assisting Mrs. Harold Carpenter with the affair were Mrs. Leon Billingsley and Mrs. Lester Norton.

All four of the couples moved to the Oklahoma Lane community when their children were quite young and reared their families here. They all still live on their farms.

Style Show Set For March 23

Farwell Study Club met at the Home Ec cottage Monday night with Mrs. Lucille Brittain and Mrs. Joe Crume as hostesses.

Mrs. Claude Coffey, president, presided at the business meeting. Plans were made for a fund raising project in the near future so that the club can help out with the park project.

March 23 was set as date for the style show with Gladys' shop furnishing clothes to be shown. The show will be at the Farwell School auditorium with admission (\$1.00) one dollar for adults and (50¢) for children. Avis Carpenter will narrate the show. Women and girls who have made clothes for the Vogue pattern contest will model them at this time.

Mrs. Elmer Scott was admitted to the club as a new member.

The program was on Finland with Mrs. Jack Williams discussing "Life and Customs of Finland," and Mrs. E. G. Williams discussing "Finland--a New Era Ahead."

Refreshments of open-faced sandwiches, punch and coffee were served to the 14 members present.

Local Women Attend Delta Xi Chapter Tea

Six local women who are members of the Delta Kappa Gamma society attended the regular meeting of Delta Xi chapter in Bovina Saturday afternoon for a tea.

Mrs. Helen Richardson of Dimmitt, president, conducted the business meeting. Roll call was answered with letters of the Greek alphabet. Reports were given by members of all standing committees. New officers were elected for the coming two years as follows: Miss Della Stagner, president, Mrs. Merlin Kaul, first vice-president, both from Hereford; Miss Grace Paul, second vice-president, Bovina; Miss Bernice Littlepage, recording secretary, Mrs. Ralph Smith, parliamentarian, both from Dimmitt, and Mrs. John Boling, corresponding secretary, Farwell. Miss Hazel Merritt of Dimmitt, program chairman, introduced Mrs. Joe Cowen, who was chairman of a panel made up of Mrs. Inez Robinson, High School Science teacher, Mrs. Ted Newman, social science teacher in junior high, Mrs. Ralph Smith, high school history instructor, and Miss Winnie Hampton, fifth grade teacher, all of Dimmitt.

The subject for consideration was "Education for World Service."

The discussion pointed up problems encountered by the classroom teacher in the endeavor to educate for world service; general apathy among all students toward learning in any area encouraged by material abundance; lack of zest for learning even among the gifted students; distorted goal of life as being personal gain rather than service--the politician rather than the statesman way of thought.

A white elephant sale for the benefit of the scholarship fund was presided over by Mrs. Margaret Kennedy.

Centerpiece for the tea table was an arrangement of red and white flowers with a hatchet and cherries intermingled. Individual plate favors were a hatchet topped by a cluster of cherries. Napkins with the George Washington motif were used also.

Attending from Farwell were Mesdames Claude Coffey, Margaret Kennedy, Harry Whitley, E. G. Williams, J. D. Zahn and John Boling.

Refreshments Program Topic

An all-day meeting of Pleasant Hill Community Club was held at the REA building Thursday with Mrs. Juan Eskew as hostess. Mrs. Eula Mae Madole home economist gave a demonstration on "Party Refreshments" with the food prepared being served at noon to the 14 members and three guests present.

In the absence of the president, Mrs. Eric Pierce, the vice-president presided at the business meeting.

All members were urged to attend the District meeting in Vaughn March 31. Next meeting will be at the community center March 1 with Mrs. Martha Heinz as hostess.

Program will be on "Adequate Wiring For the Home," and is to be presented by the county agent.

Members attending were Mesdames Eric Pierce, Lowry Winkles, Frank Meier, Barney Kelley, Eual Hart, Tom Burnett, Mason Neeley, Leonard Kimbrough, Frank Hemke, Byron Burford, Pearl Singletery, Elmer Langford, Martha Heinz, Maurice Clark, and guest Mesdames Gene Boawright, Zella Patterson and G. A. Thornton.

Husbands Are Guests At Social

Texico Womens club members were hostesses for a belated Valentine social honoring their husbands Monday night at the club building in Texico.

After a buffet style meal of sandwiches, potato chips, pie and coffee had been served, games of 42, bridge and dominoes were enjoyed by a large crowd.

In a short business meeting, presided over by Mrs. Elmer Teel, president, a nominating committee was appointed. Appointed to serve on this committee were Mesdames Jim Pierce, Judge Stone and Gerald Wilkinson.

Next meeting for the club will be March 19 at the club building with Mesdames Leroy Faville, Elmer Teel and Jim Moss as hostesses.

Officers for the next two years will be elected at this time.

Our friend, Douglas Meador of the Matador paper, says that if two can live as cheaply as one, one ain't eating.

Becky Burk, the daughter of F. O. Burk, who lives in Farwell, has been honored as February Girl of the Month at Clovis high school, I note.

Becky, lives across the street, has received several honors that are noteworthy, but the fact that impressed me was that she was out wiring buildings with her father, an electrician, last summer. But the last time I talked to her, her ambition was to be a nurse.

I read in one of the magazines that the self-lighting cigarette is almost perfected. By rubbing the cigarette tip against a treated surface on the package, you can "light up." The story says that no quick flame appears--just an even glow.

I can't think of any appropriate comment for this startling information.

Middle names are often surprising -- in fact, Wilfred Quickel introduced Smoky Gast by a name (which I didn't catch) at the Chamber of Commerce banquet. So you might ask Smoky what his real name is.

Here are a few others that belong to other local people: (Arenia) Nell Walling; Theodore (James) Glenn; Hattie (Marie) Boling; Rip is not a nickname of Rip Snodgrass, but his one and only given name;

After watching the space flight TV program Tuesday, it reminded me of the story a friend tells about his brother-in-law who will never take a trip to the moon. The man is so tight, he won't go anywhere out of town where he can't stay with relatives.

Get-Together In Whiteside Home

A family get-together was enjoyed the past Sunday when members of the family of Mrs. Bill Whitesides met at her home in Farwell for the annual affair.

Special guest was Mrs. Elsie Block of Harrison, Ark., mother of Mrs. Whitesides, who had arrived Thursday and will spend the next two months in this area visiting with her children and other relatives.

After a bountiful meal had been served, an afternoon of informal visiting, and games of 42 were enjoyed by the 38 people present.

Those attending were Mr. and Mrs. Ralph Nafzgar and family, Mr. and Mrs. Ralph Block, Robert, Elda and Lena, Mrs. John Davis, Vicki Davis, and Mr. and Mrs. Earl Jackson and family, all of Plainview; Mr. and Mrs. Art Nafzgar and family, Mrs. Maggie Nafzgar and Mr. and Mrs. Vern Fent from Olton.

Also Mr. and Mrs. Rex Sparks, Ima; Raymond Block and children, Tucumcari, and Mr. and Mrs. Bill Traugher from Portales.

Mesdames Traugher and Sparks and Raymond Block are sisters and brother of Mrs. Whitesides.

Farmerettes Have Valentine Social

Mrs. Harold Carpenter and Mrs. R. E. Blankenship were hostesses to a Valentine social for Farmerette Club members and their husbands at the Carpenter home Tuesday night, February 13.

A spaghetti supper was served to guests as they arrived and a Valentine motif was used in the decorations. Games of progressive 42 were played and a Valentine box was opened with club members presenting gifts from the box to their husbands.

Present besides the hostesses and their husbands were Messers and Mesdames James Roach, Wendol Christian, Troy Christian, Donald Watkins, Delbert Garner, Donald Christian, Leon Billingsley, Lawrence Cooper and Wayne Hardage.

To Meet Monday

Texico Fireman's Auxiliary will have its regular meeting Monday night at the fire station with Mrs. C. H. Webb as hostess.

Meeting time is 7:30 p.m., announces Mrs. Gladys Johnson, reporter.

Phillips Tips Red Prather

This service has spoiled me.

That's the way we treat our customers. But, even more important, we KNOW HOW to care for your CAR. Get the habit driving in regularly.

Kaltwassers Welcome Birth Of Son

Mr. and Mrs. Gilbert Kaltwasser welcomed the birth of a son, Craig Gilbert, Monday, February 19. The young fellow weighed 8 lbs. 5 1/2 oz. at birth and is 21 inches long. Grandparents are Mr. and Mrs. Karl Kramer of Clovis and Mrs. Bertha Kaltwasser of Oklahoma Lane.

The Kaltwassers have three other children, two boys and a girl.

Whites Hosts To Class Meeting

The home of Mr. and Mrs. Kenneth White was the scene of a salad supper for members of the Winsome Sunday school class of the Oklahoma Lane Baptist Church Tuesday, February 13.

A business meeting was conducted and a visitation program was planned.

Present besides the hosts were Messers and Mesdames Walter Verner, Melvin Terry, Carl Coffey, Johnny Vaughn, J. B. Sudderth and Donald Ray Verner.

Ladies Attend Dallas Show

Mrs. Dale McCuan and Mrs. John Porter of Tom Paul's Beauty Shop have returned from Dallas where they attended the All Texas Beauty Show, February 11, 12, 13, at the Adolphus Hotel where they studied under nationally known top artists, Margaret Vinci Heldt of Illinois and Woody Ringler of Florida, creators of the new techniques in advanced hairstyling. They are recognized as the authoritative creative coiffure designers who anticipate new fashion trends and originate hair movements that harmonize with current trends.

They also studied under James Victor and Lewi Peri from California.

The ladies visited in Granbury with Gordon McCuan and report that he is improving.

Farmerettes Have Valentine Social

Mrs. Harold Carpenter and Mrs. R. E. Blankenship were hostesses to a Valentine social for Farmerette Club members and their husbands at the Carpenter home Tuesday night, February 13.

A spaghetti supper was served to guests as they arrived and a Valentine motif was used in the decorations. Games of progressive 42 were played and a Valentine box was opened with club members presenting gifts from the box to their husbands.

Present besides the hostesses and their husbands were Messers and Mesdames James Roach, Wendol Christian, Troy Christian, Donald Watkins, Delbert Garner, Donald Christian, Leon Billingsley, Lawrence Cooper and Wayne Hardage.

Lutheran Church

Sunday, February 18, Donna Gail, daughter of Mr. and Mrs. Wilbert Kalbas was baptized at the morning service, Mr. and Mrs. Jahnsen, maternal grandparents, of Wildorado and Otto Lingnau, brother of Mr. Kalbas, were sponsors.

Walther League met at the Otto Lingnau home Sunday. Two new members, Richard Hasehoff and Edwin Lingnau were accepted. The group will meet for an evening of bowling February 25.

Mr. and Mrs. Gilbert Kaltwasser became the parents of a baby boy Monday, February 19.

The Sunday school training class met Wednesday night, February 21. LWML will meet Thursday March 1.

Installation of Rev. Beversdorf will be held at Hereford Sunday February 25, at 4 p.m. All local friends are invited to attend.

Mrs. Emma Schroeder of Muleshoe has been returned to her home from Knights Rest Home at Amherst.

We are happy to report that R. S. Foerster, who has been critically ill, is improving.

Garden Club Meets In Nelson Home

West Plains Garden Club met in regular session at the Conra Nelson home Friday, February 16, with six members and one visitor present.

Members answered roll call with the name of a state flower or state bird. Programs were assigned to members and hostesses named for the remainder of the year.

Mrs. F. A. Grimsley of Mule shoe was elected secretary-treasurer.

Brownies, punch and coffee were served by Mrs. Nelson to Mesdames Grimsley, Maud Primrose, Lovetta Kitten, Ruth Bass, Charles Farley, Gladys Hardage and Barbara Bush.

Loflins Honored On Anniversary

Mr. and Mrs. Frank Loflin of Friona were honored on their 56th wedding anniversary Sunday in the home of their daughter and family, Mr. and Mrs. Juan Eskew, and Gary a Pleasant Hill.

The serving table was covered with a white cloth and was centered with an anniversary cake topped with a miniature bride and groom.

Attending were Mr. and Mrs. Auburn Loflin of Stinnett, Russell Loflin of Springfield, Colo., Mr. and Mrs. Blaine McVeckers of Villas, Colo., Mr. and Mrs. Sam Jones of Friona, Mr. and Mrs. Don Lamar of Hereford, Mr. and Mrs. Haney Tate and boys of Ranchvale, and Mrs. Jerry Loflin of Friona.

Locals

Mrs. Jean Reed, daughter of the Joe Reeds, visited her parents her last weekend. She is a student at Wayland Baptist College, Plainview.

Visiting Saturday and Sunday in the Ted Magness home were her brother and family, the M. E. Hensleys of Amarillo.

Visiting in the home of her grandparents, the Fred Barkers, over the weekend was Miss Patricia Barker of Friona.

Mrs. James Craig and daughter, Jayme were accompanied by Howard Danforth, Texico, and Billy McDonald, Farwell, to Odessa where they attended a conference on "Moral Concerns. They left Friday and returned Sunday. They were accompanied by Miss Pamela Reed of Elida.

NOTICE

THE STATE OF TEXAS COUNTY OF FARMER

To All Persons Interested In The Lands Described In The Following Pediton:

You are hereby notified that a Petition, of which the following is a true copy, to wit:

THE STATE OF TEXAS COUNTY OF FARMER

PETITION TO CANCEL SUBDIVISION

To The Honorable Commissioners Court Of Farmer County, Texas:

Comes now N. R. Harding and his wife, Ethel Harding, Hurshel R. Harding and his wife, Joyce Y. Harding, C. H. Steele and his wife, Bessie Steele, and Hugh Moseley, all hereinafter called petitioners, and would respectfully show to the Commissioners' Court of Farmer County, Texas, as follows:

1. That your petitioners own the following described lots, tracts and parcels of land, situated in the Hamlin Heights Addition to the Town of Farwell, Farmer County, Texas, as shown by Plat of said addition of record in Volume 6, Page 522, of the Deed Records of Farmer County, Texas, as follows:

(a) N. R. Harding and his wife, Ethel Harding, own the following described lots, tracts or parcels of land in the Hamlin Heights Addition, to-wit: All of Lots 1-32, inclusive, of Block 4; All of Lots 1-32 inclusive, of Block 5; The South 3 feet of Lot 9, and Lots 10-23 inclusive, of Block 6; Lots 1-14, inclusive, of Block 7; Lots 1-14 inclusive, of Block 8; Lots 1-32 inclusive, of Block 9; Lots 1-32, inclusive, of Block 10; Lots 1-32 inclusive, of Block 11; Lots 1-32 inclusive, of Block 12; Lots 1-32 inclusive, of Block 13; Lots 1-38 inclusive, of Block 15; Lots 1-38, inclusive, of Block 16; Lots 1-38 inclusive, of Block 17.

(b) Hurshel R. Harding and his wife, Joyce Y. Harding, own the following described lots, tracts or parcels of land in the Hamlin Heights Addition, to-wit: All of Lots 1-38, inclusive, of Block 18;

(c) C. H. Steele and his wife, Bessie Steele, own all of the following lots, tracts or parcels of land in the Hamlin Heights Addition, to-wit: All of Lots 1-8 inclusive, and the North 22 feet of Lot 9, all in Block 6;

(d) Hugh Moseley is the owner of all of the lots, tracts or parcels of land in the Hamlin Heights Addition, described as follows, to-wit: All of Lots 1-6 inclusive, of Block 1; All of Lots 1-12, inclusive, of Block 2; All of Lots 1-12, inclusive, of Block 3.

2. That said lots and blocks were originally platted as a part of the Hamlin Heights Addition to the Town of Farwell, Farmer County, Texas, as fully shown by Plat of record in Volume 6, Page 522, of the Deed Records of Farmer County, Texas. That all of the Hamlin Heights Addition lies wholly outside of the

Incorporated City or Town of Farwell.

3. That none of said lots, blocks, streets, or alleys, as platted in said addition, were ever opened or graded as such on the ground except Avenue G as shown on the original Plat of record, which is above referred to, and that your petitioners do not seek in any manner to close or abandon Avenue G as it has been opened and used on the ground for years; but your petitioners are seeking to close all of the balance of the lots and blocks above described. That all of the land above described consists of pasture land and is devoted exclusively to agriculture and agrarian purposes, except the lots above described owned by C. H. Steele and his wife, Bessie Steele, which is their home, and that all of the same should be reverted to acreage.

4. The cancellation of the above subdivision and Plat as the same applies to the above described lots, blocks, streets and alleys, lying and situated between said lots and blocks and immediately adjacent thereto within said subdivision, except that part of Avenue G which petitioners do not seek to close, will not in any manner interfere with the established rights of any purchaser owning any portion of said subdivision as there are no open or established streets and alleys upon the ground in any part of such subdivision, none of the same has ever been opened as streets and alleys and none of the same is being used as streets and alleys, and there would be no need for any streets or alleys to be opened in said subdivision in the future. That all of said subdivision is owned by your petitioners save and except Lots 1-38, inclusive, of Block 14, which is a cultivated field and served by a public road not within said subdivision running along the East and South boundary line of said block, and the same will not be interfered with by the closing of the lots, blocks, streets and alleys as hereinabove described.

WHEREFORE, your applicants request that notice as required by law be given by publication in some newspaper published in Farmer County, Texas, for three consecutive weeks, and that this matter be set down for hearing on the 12th day of March, A. D. 1962, which is a regular day and term of this court, and that all of the lots and blocks above described, and all of the streets and alleys lying between said blocks and lots, and adjacent

thereto, as fully shown on the plat of said subdivision, except Avenue G, be fully cancelled and that the same be thrown back into acreage as it existed before said subdivision was made. That the Court enter an order cancelling the same and that your applicants be fully authorized to throw all of the above described lands back into acreage as it existed before such subdivision was made in the manner provided by law.

WITNESS OUR HANDS this the 12th day of February, A. D. 1962.

24 HOURS A DAY GAS SERVES WEST TEXAS

THE NEW MAIN'S GOING IN. A growing city needs gas — lots of it. One big job at Southern Union: bringing gas into new residential tracts so new homes can rise. Another: maintaining an adequate supply of low-cost gas to attract and fuel new industry.

YOUR GAS MAN'S ON THE JOB. Gas is naturally clean, quick and safe. Your gas man makes it dependable. He'll lay this pipe to last for decades. He stands watch over a distribution system that's as important to you as the fuel itself. Personal attention from painstaking people, that's what you get — night and day — with gas!

SCHOOL'S SNUG. Fresh-air gas heat keeps minds alert, walls clean, and heating costs down. Economical gas cooks more lunches and heats more water in schools than any other fuel. (And Southern Union helps build schools, too, through the taxes it pays.)

LAUNDRY'S DRY. Wet wash was turned fluffy and fresh-smelling in no time at all. New gas clothes dryers eliminate weather worries. And they pay for themselves several times over in the cost of the clothes they save.

SOUTHERN UNION GAS COMPANY
an investor-owned, regulated utility

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Vegetable Crop Prospects Good

Farmer County Vegetable farmers will begin work on the 1962 crops shortly providing the favorable weather continues.

Present conditions appear very favorable for vegetables at present although several additional factors will affect the produce this year.

One of the main problems which vegetable farmers in this area will be faced with is the changes being instituted by the Labor Department. Should the department repeat its recent action of raising the minimum wages paid to laborers, many of the local vegetable growers will probably feel the financial pinch.

Wage for lettuce harvesters was set at a minimum of \$2 per hour recently.

The heavy freeze in the Rio Grande Valley which destroyed a portion of the produce in that area is expected to raise the price of most types of produce

in this area.

The change in cotton acreage determination will also affect produce--specifically, it will affect potatoes. Cotton planted with two rows in and two rows out will not be measured by total area in determining allotment as has been done in the past. The two rows not planted will not count on total allotment this year.

The Potato Growers Association at Shafter, Calif. reports an approximate 18 per cent reduction in potatoes in that area as a result of the two in, two out change.

It is also anticipated that farmers in the Imperial Valley in California will not raise as much produce as in the past because of "labor problems."

"Prospects for a good county crop look very good at present, but changes in the labor situation could change the picture a great deal," Deryl Coker, county agent, said.

W. D. Buske keeps the wheat leveled in the truck as the farm stored grain is brought out for moving. Wheat prices are approximately 20 cents higher than when the wheat was stored last spring. Storage payments plus the possible increase in price at a later date makes farm storage appear profitable. Buske moved approximately 30,000 bushels of wheat from his storage barn last weekend.

County FU Group Visit Washington

Sam Bradley and Mr. and Mrs. Freeman Davis, of the Lazbuddie-Muleshoe area, represented Farmer County Farmers Union in Washington during the week of Feb. 5.

They were participants in the 13th Annual Farmers Union Bus Trip program, organized and conducted by the Texas Farmers Union in cooperation with the national branch.

Members from North Dakota and Illinois were also in Washington.

Members are provided with an opportunity--through participation in the bus trip program--to visit judicial and executive branches of government and to talk to their congressmen and senators about issues and policies important to farmers. The representatives from Farmer County Farmers Union met with Walter Rogers, George Mahon and others.

Some of the issues that were discussed were adequate loan funds for the Farmers Home Administration and Rural Electrification Administration, extension of the Social Security system to provide health care for the aged, and the taxation

of farmers' co-operatives.

The farmers told their congressmen that the farm income and price situation was critical and that a new long range farm bill was needed which would solve the problems of surpluses and at the same time, raise farm income, according to Davis.

The current proposals to drastically revise tax revenues in regard to farmers' co-operatives were given a great deal of attention by the farmers in their discussions with their congressmen. Members of delegations pointed out that certain proposals would add greatly to burdens of farmers and weaken co-operatives, Davis said.

The group also had an opportunity to discuss current agriculture programs with the officials of the United States Department of Agriculture.

Hale Tests Prove Soil Test Value

Result demonstrations in Hale county have shown the value of a soil test in determining fertilizer need. The demonstrations were conducted by Charles Cyfert, associate county agent, together with farmer co-operators in the county.

On the Charles Bucy Farm, the soil test recommendation called for 60 pounds of nitro-

gen and 30 pounds of phosphorus as P205. Mr. Bucy's crop yielded 602 pounds of lint per acre without fertilizer. With the application of 60 pounds of nitrogen, the yield was 678 pounds per acre. The 60-30-0 rate increased the yield to 731 pounds of lint per acre.

Treatment with nitrogen alone returned \$18.00 additional profit per acre, while treatment with the soil test recommended rate returned an extra \$30.60 per acre.

The demonstration on the Bert Lane farm yielded 558 pounds of lint per acre without fertilizer. Application of the soil test recommended rate of 60-50-0 raised the yield to 965 pounds of lint per acre. Per acre yield where 10 pounds of nitrogen and 50 pounds of P205 were applied was 691 pounds of lint.

Added net return due to the application of the recommended rate was \$112.00 per acre. The increase from nitrogen alone resulted in a net return of almost \$100.00 per acre, while application of the 10-50-0 returned \$33.00 per acre.

Cyfert points out that in both

Farming requires 45% of Russia's labor force.

of these cases the application of a soil test recommended rate returned the greatest net profit per acre. This is typical of the results that farmers are obtaining by using soil tests to determine fertilizer needs. Have you had your soil tested?

THE HIGH PLAINS FARM AND HOME

To Control Screwworms

Sterile Fly Drop Launches Program

Texas' multimillion dollar screwworm control program is underway. It was launched Wednesday morning (Feb. 14) when sterile male screwworm flies were air-dropped over Hays county.

The release -- first of its kind in the Southwest -- was timed to coincide with a meeting of the Southwest Animal Research Foundation in Austin. More than 400 livestock producers and sportsmen from Texas and adjoining states attended the kick-off meeting. The fly release climaxed the efforts of thousands of stockmen and sportsmen who have worked on the program for many weeks.

C. G. Scruggs, president of the SAHRF, said the program involves the U. S. Department of Agriculture, Texas Animal Health Commission, Texas A&M College and the research foundation. He reported that contributions by stockmen and sportsmen now totaled approximately \$1,400,000. An intensive drive will be continued, SAHRF officials said, until the \$3 million goal is reached. Scientists, capitalizing on freeze-out of overwintering screwworms in January, believe there is an opportunity for lowering -- if not totally eradicating -- screwworms from Texas this year.

The program will follow the pattern of the successful eradication effort in Florida and the Southeast. Millions of artificially raised male screwworm flies, made sterile by exposure to radioactive material, will be released in the overwintering area in South Texas and in a "buffer zone" along the southern border of the state. A giant screwworm pro-

ducing plant will be constructed in South Texas with an expected capacity of 50-75 million flies per week. Facilities at Kerrville Lab will eventually produce 20 million flies each week. Dr. S. Gartman, who has charge of the Kerrville fly facilities, will head operations at the new plant.

Speakers at the kick-off meeting included Dolph Briscoe, Jr., Uvalde, president, Texas and Southwestern Cattle

Raisers Association; Dr. F. J. Mulhern of USDA's animal disease eradication division, and Dr. R. S. Sharman, ADE staff officer, who explained how the program will operate.

Release of sterile flies is only half the job, they said. The remainder is up to the stockmen. If maggot infestation is found, stockmen are asked to remove 10 from the bottom of the wound and report to their county agent for a positive identification.

HE Consultant Gives Program On Laundrying

"How can I wash clothes to keep them looking like new?" "How much detergent should I use?" "What's the difference in soaps and detergents and which is better?" "Why do clothes look yellowed after laundering?" "What is meant by water hardness in laundering?"

These are a few of the questions that will be answered in a county-wide program "All About Laundering" for everyone who launders clothes. Miss Lily Johnson, Home Economics Consultant of Dallas, will present a laundry demonstration Tuesday in the Hub Community Center. For convenience of all the program will be presented at 1:30 to 3:30 p.m. and 7:30 to 9:30 p.m. during the day.

Miss Johnson is Home Economics Consultant for the Southwestern Area of Philco Corporation. She has been associated with the appliance industry since 1945 working with laundry equipment, laundry aids, and fabrics.

To be included on the program are use of bleach, water softeners, fabric softeners, temperatures of washing and drying of natural fibers and man-made fibers, amounts of detergents for laundering, hardness of water, cost comparisons of different laundry aids, water capacity of washers, difference of low sudsing and high sudsing detergents, and many other answers to laundering problems.

Rural Hero Still Sought

There is still time to get in a nomination for the Texas Farm and Ranch Safety Council's Rural Heroism Award. Deadline is March 1.

The award, an engraved plaque, will be presented to the winner during the annual meeting of the Texas Safety Association scheduled for late March in Dallas.

The Council points out that acts of bravery occur in many Texas communities each year which are eligible for the award.

Nominations are limited, to persons who live in rural areas or in communities of 2,500 population or less. The act of bravery performed might have been in the removal of a person from a burning building, rescuing someone in danger of drowning or rescue work carried out in connection with storms or floods.

A brief written report covering the deed and a short statement about the nominee along with news clippings, if available, should be mailed before the deadline date to Texas Rural Heroism Award, 546 Rio Grande Building, Dallas 2, Texas.

By recognizing heroic rural service in this manner, the Council believes the award will help rural residents see the need for improved safety conditions in their homes as well as where they work and play.

FOOTSAVING EDUCATION

These Movable Parts Nearly A Hundred Of Them -

are movable for a purpose. If the foot wasn't elastic and mobile it would be rigid, without yield on weight-bearing. When you walked, with every weight-bearing step the foot would feel a clump-like shock. You couldn't walk two blocks without having to stop because of the constant jarring to your whole nervous system. Thus, the elastic or mobile foot comes with a built-in shock-absorbing system. The "give" to the foot--thanks to all those muscles, tendons, ligaments and joints--enables one to walk with ease and pleasure. But that same shock-absorbing system also requires a constant change of shape and size in the foot.

MEET THE NEW
SUPER DIESEL
The 1962 Massey-Ferguson Super 90
Here's big power, yes...but power with a big difference, too. It's the all-new Massey-Ferguson Super 90 Diesel--the one and only 5-plov diesel with the proven economies and built-in efficiency of the famous Ferguson System. It's got new SUPER DIESEL POWER - smoothly generated by a rugged new 302.2 cu. in. M-F power plant

The Massey-Ferguson Super 90 has new SUPER DIESEL ECONOMY, too thanks to Direct Injection Combustion. Gets more power per gallon. Uses less fuel per job.

WITH THE COUNTY AGENT

DERYL COKER

Several people have been in the office wanting to know more about the Southwest Animal Health Research Foundation, which is an organization that was formed recently to eradicate the screwworm in the Southwest. As you know, this organization was asking each person with livestock to make a donation of 50¢ for each adult cow and bull and 10¢ for adult swine and sheep. The Southwest Animal Health Research Foundation still needs some more funds, so as to have plenty to do this job.

They are already releasing male sterile flies in the overwintering area of South-Texas so as to take advantage of the severe winter we have had, but they will need a little more money to finish the job. If you would like to donate drop by the office and leave a check made out to the Southwest Animal Health Research Foundation or give the check to Joe Jones, who is secretary for the organization in Farmer County. Joe is located at Security State Bank in Farwell. It definitely is going to be a great help to people with livestock to know that they will not be bothered with screwworms this summer.

We, also, have plenty of back-tags available in the office, so if you plan to sell any female cattle over three years of age, drop by the office and pick up some tags. We all worked

hard to get our county a modified certified brucellosis free county, so it will be to your advantage to participate in the backtag testing program and keep Farmer County a brucellosis free county. We are clean, so let's stay clean.

The results of the 1961 agriculture demonstrations in Farmer County are available for anyone who would like to have a copy.

These results can serve as a guide to you, or maybe can answer some of your questions pertaining to fertilizer.

We feel it would be worth your time to look at these results, as it could be a help to you in planning your fertilizer program for 1962.

Remember that results for a one year period do not necessarily give a sound basis for changing a practice already proven successful on your farm. Results obtained over a three to five year period are necessary for reliability and proper evaluation. Also, the success of any production practice is dependent on good management of tiling it in with other practices.

The members of the Farmer County Program Building Committee, Farmer County Crops Committee, farmers conducting demonstrations, and business concerns who contributed to the success of these demonstrations by their efforts in planning, furnishing seeds,

Long streamers of dust raise tell-tale signs of land leveling operations during the past few weeks. Farmers are taking advantage of the warm weather and leveling their fields a

few inches in preparation for irrigation this summer. The rig above is one of four working between Friona and Farwell along Highway 60 last week.

fertilizer, equipment and supplies are certainly to be commended.

Persons deserving a great deal of credit are the farmers who conducted these demonstrations. Keeping yields and other results accurate involved extra time and effort on the part of the farmer and shows his interest in helping his neighbor, community and county.

All of these efforts of these people have, and will contribute materially to the county economy.

HD Agent's Notes

BY MISS ETTIE MUSIL

Wonderful as the new dishwasher is, it does need some help from you in order to do its best job. Are you really getting the most out of your "little helper?"

Here are some details that must get attention if the results are to be satisfactory,

You'll need to check your hot water heater so that water is at 140 to 160 degrees. Hot water in the dishwasher is most important for best performance. Be sure to use only the detergent recommended by the manufacturer of your dishwasher. Detergent should be measured to suit the load of dishes.

If dishes are to stand for some time before being washed, do pre-rinse them before loading into the washer. In loading, alternate large and small dishes in the rack. If dishes are too crowded they will not wash clean.

For best results place pans and dishes to avoid water blockage. Load flatware handles down, alternating knives, forks, and spoons. Try to avoid "nesting" or stacking forks or spoons together to avoid blockage of water for all flatware.

If dishes are not dry, next time check that cups, glasses, and bowls were turned to permit drainage. Another reason for wet dishes is the water temperature may be set below the 140 degrees.

There are certain articles that are not suitable for machine dishwashing in all washers. Colored and anodized aluminum should not be washed by the machine. Other articles include wooden salad bowls, china patterns that are not glazed, non-heat resistant plastic and rubber, soft leaded glass or crystal that may streak or etch, and highly polished decorative aluminum ware such as soft metals and pewter.

Have you been troubled with beating egg whites? Nothing is as disappointing as trying to beat the whites for fluffy meringue, chiffon cakes or souffles when the whites just will not beat. Egg whites at room temperature beat up better than cold egg whites.

Separate the whites from the yolks and leave the whites at room temperature for a short

time before whipping. Cover the yolks with cold water and return them to the refrigerator. Do use the yolks as soon as possible.

There's lots of honey on the market this season. According to marketing information the busy little bees really worked overtime last summer. The bees produced 33 million pounds above an average crop last summer.

Honey is at its best uncooked as a spread, a topping, or as a beverage sweetener. It also adds special goodness to many baked products. Have you ever tried using honey in preparing puddings, custards, or pie fillings instead of sugar?

Honey adds extra flavor and a beautiful golden glaze when brushed on ham during the last half-hour of baking. It is also used on baked apples, salad dressings, cinnamon toast, and many other appetizing dishes or snacks.

Largest U.S.A. Seed Collection

The largest general seed collection in the world, if not the only general collection, is the property of the United States Department of Agriculture and is located at its Plant Industry Station and Agricultural Research Center in Beltsville, Md.

Started just before the turn of the century in a more or less haphazard manner, the present collections were officially inaugurated in 1908. At present the two collections contain about 100,000 samples of seeds of over 250 plant families (which are very large groups and not comparable to human families). Gardeners are more familiar with plant species than with plant families, so the figure of over 17,000 species is probably more meaningful to them.

This vast collection includes seeds of all sizes, from the monster seed of the double cocoanut which may weigh 50 pounds down to the dustlike seeds of various orchids. The smaller seeds are stored in glass vials, the largest simply laid on horizontal spaces available.

Most of the samples are of plants which have been introduced into this country from other countries. There are, however, samples acquired from many sources, which are included as reference material.

Tech Schedules Conference On Grain Drying

Requirements for keeping grain in good condition during storage will be highlighted at the eighth annual Grain Drying and Storage Conference March 8-9 at Texas Tech, Lubbock. The first morning session will feature talks on such subjects as problems in bin flow, economics of grain storage, maintaining grain in good condition, aeration system requirements, and others.

Four seminars will be held that afternoon. They will be on aeration, drying, instrumentation, and structures. Seminars will be one hour long, allowing conferees to attend all four if desired.

Speakers the second morning will discuss evaluation of the wheat sedimentation test, grain sorghum feeding qualities, soybean storage and marketing, and other topics.

Seminars that afternoon will be fumigation, special problems, management, and materials handling and equipment. These will be given only twice, which means conferees may attend any two.

The final session will center on problems and opportunities in world trade and a report on the Commodity Credit Corporation. The program will close with a conference evaluation and a look ahead.

POLITICAL CALENDAR

The Farmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the first Democratic Primary.

FOR DISTRICT CLERK: Dorothy Quickel

FOR COUNTY JUDGE: Loyde Brewer (Re-election)

FOR COUNTY TREASURER: Mabel Reynolds (Re-election)

FOR COUNTY CLERK: Bonnie Warren

FOR COMMISSIONER, PCT. 2: Charlie Jefferson (Re-election) Jack Patterson

FOR COMMISSIONER, PCT. 4: G. W. Crain (Re-election)

Fertilizer Demonstration On Wheat

CONDUCTED BY: DEE BROWN and Southwestern Great Plains Field Station at Bushland

1. Variety - Concho
2. Fertilizer applied - Sept. 28, preplant
3. Date and rate of seeding - October 2 - 90 pounds per acre
4. Soil type - Amarillo fine sandy loam
5. Irrigation - preplant, plus 3 during growing season
6. Crop history - 1958 millet, no fertilizer, 1959 sesame 70# N/A - 1960 wheat, 100# N/A
7. Remarks - Nitrogen and phosphorus were figuring at 10¢ per unit for simplification. Wheat was figured at \$1.75 per bu. Extra harvest cost 10¢ per bu. and extra hauling cost 5¢ per bu.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Some local people have expressed concern about the federal government providing tractor driving schools for unemployed men of the industrial areas who are later supposed to be shipped to farming areas for employment.

They have expressed the opinion that possibly these men from union areas may be the men intended to do some union organizing among farm workers as well as driving tractors. They also said that they thought farmers would be as good at teaching them how to drive a tractor as the government, and at the same time they could be doing the farmer-teacher some good, if they are really interested in a farm job. Then, of course, there are other things to do on the farm besides sitting behind the steering wheel of a tractor, and if the tractor driving students are not interested in the off-the-tractor jobs, they don't have much business talking to farmers about a job anyway.

We have experienced "selective service" requests for jobs here in the Farm Bureau Office for several years. Men come in during harvest looking for jobs driving trucks, but are not interested in shoveling grain or setting tubes for irrigation or anything like that because they are bothered by dust or back trouble. A man who really wants to work can find a job around here in these Texas counties right now, we believe.

The letter from the gas company--to the irrigation farmers who were asking for a method of talking over gas prices who the gas company didn't think were representative of irrigation gas users--was a masterpiece, wasn't it? (Of stupidity, that is.) If you are not a member of the Association referred to, we hope you'll join right away. And you are welcome to join Farm Bureau right a way if you are not already a member, too.

Farm Bureau people believe in less government controls and more opportunity for a higher net income by means of a non-government controlled market for their products. Freedom, silly as it apparently seems to some government people, is still one of the most important things where farm people are concerned.

CONSIDER THIS: How long, ye simple ones, will ye love simplicity? and the scorners delight in their scorning, and fools hate knowledge? Prov. 1:22

ASK YOUR PUBLIC SERVICE MANAGER

The HAPPY HOMEMAKER

BY JUNE FLOYD

If you don't have a stand by for fluffy icing, clip this one and use it often.

Fluffy Seven-Minute Icing
2 egg whites, unbeaten
1 1/2 cups sugar
Dash of salt
1/2 cup water
1 tablespoon light corn syrup
1 1/4 teaspoons vanilla
Combine egg whites, sugar, salt, water, and corn syrup in top of double boiler. Beat 1 minute, or until thoroughly mixed.

Then place over boiling water and beat constantly with sturdy egg beater (or at highest speed of electric beater) 7 minutes, or until frosting will stand in stiff peaks. (Stir frosting up from bottom and sides of pan occasionally with a rubber scraper, spatula, or spoon.) Remove from boiling water. (For a very smooth and satiny frosting, pour at once into a large bowl for final beating.) Then add vanilla and food coloring, if desired; beat 1 minute, or until thick enough to spread. Yield: enough to cover two 9-inch layers.

CHILLED PICKLES
4 quarts sliced cucumbers, medium size
36 medium onions sliced
3 cloves of garlic
1 sweet red pepper
1/3 cup salt
3 cups distilled white-vinegar
5 cups sugar
1 1/2 teaspoon celery seed
1 teaspoon turmeric
1 tablespoon mustard seed
Slice cucumbers thin. Add onions, sliced, garlic, and pepper, cut in narrow strips. Add salt. Cover with cracked ice. Mix thoroughly. Let stand 3 hours. Drain. Combine remaining in-

gredients and pour over cucumber mixture. Heat to boiling and seal in jars. Makes 8 pints.

SOUTHERN PECAN PIE
Arrange in 9" pie shell:
1 cup pecan halves
Beat:
3 eggs
Add and blend:
1 cup light corn syrup
1 tablespoon melted butter
1/2 teaspoon vanilla
Combine:
1 cup sugar
1 tablespoon flour
Blend with egg mixture and pour over nuts in pie shell. Let stand until nuts rise, so they'll get a nice glaze during baking. Bake in 350 degree oven 45 minutes.

LEMON CHESS PIE
1 cup milk
1/2 cup butter
1 tablespoon flour and 1 tablespoon meal mixed with sugar
5 eggs
1 large lemon and rind
1/3 teaspoon lemon extract.
Cream Butter, sugar, corn meal, and flour. Add eggs one at a time. Add milk and Lemon and Rind. Place in unbaked pie shell. Cook 40 to 50 minutes at 350 degrees

BANANA CREAM PUDDING
Make a filling of two cups of milk, 1 1/2 cups sugar, 2 egg yolks, 2 tablespoons of flour. Cook in double boiler until thick custard. When cool, add 1 teaspoon of vanilla. Arrange layer of vanilla wafers, or stale cake crumbs, in bottom of dish. Then add a layer of sliced bananas; a layer of filling. Alternate layers and top with beaten egg whites and brown in oven. Pineapple may be used instead of bananas.

SOIL CONSERVATION DISTRICT NEWS

The construction of flood detention structures along Running Water Draw is a feasible project, according to the preliminary investigations made by the Soil Conservation Service team from the state office in Temple, Texas.

This was the information presented at a meeting of Soil Conservation District Supervisors, county commissioners, local farmers and interested business men in Dimmitt. All of this came as result of an application submitted to the Soil Conservation Service by the board of supervisors of the Hale County Soil Conservation District. The soil conservation districts in Lamb, Swisher, Castro and Farmer Counties have agreed to co-sponsor this application with Hale County, Curry County in New Mexico has been asked to join in the project since Running Water Draw heads in that county.

For a project like this to be justifiable under the Watershed and Flood Detention Act, the damage that has been inflicted to property, both on farms and in towns, must equal or exceed the cost of such a project. The damage to the city of Plainview along with the damage to farms along the draw well exceeds the cost of 10 to 12 structures that would be needed to halt another flood like the one in 1960.

Even though there is very little damage from flood water here in Farmer County, this is an excellent opportunity to build structures and impound water for recreation, irrigation or even municipal water supply if the people of this county want it.

Let's say that a land owner has an ideal site for construction of a dam on his land. If he does not want the structure on his land, then other sites will be sought for either upstream or downstream. Let's say again that this landowner that has an ideal site on his land gives an easement for construction of a dam. After construction is completed this land owner still has full rights of the land as before, with exception that qualified persons would come in occasionally to inspect and maintain the structure as needed. The land owner may pump the water for irrigation, stock the lake with fish or do as he pleases since the land still belongs to him.

The growing water shortage in the Southwest is something that needs to be taken seriously. This is a chance to hold some of our runoff water that is being lost to the downstream areas. We need all the water that can be held here in the Farmer County Soil Conservation District.

Jack Glenn, Farwell, receives the first layout payment check under the 1962 feed grain program at the Farwell ASC office. Prentice Mills, office manager, looks on as Dorothy Gast presents the check. Mills reports that 458 farms have been signed and payments of \$631,000 had been made by Tuesday.

Feed Grain Price Support Eligibility

How does a feed grain producer become eligible for price support on his 1962 crop?

County Agent Deryl Coker says that although the 1962 Feed Grain program is voluntary, corn and grain sorghum producers must participate in it if they want to be eligible for price supports on this year's corn and grain sorghum crops. Also, Coker points out that oats and rye will be eligible for price supports only if the farm participates in the barley or the corn-grain sorghum programs.

Thus, eligibility for 1962 - Crop Price Support, says Coker, is determined as follows:

- (1) For corn and grain sorghum there must be a minimum reduction of 20 percent from the 1959 - 60 average acreage of these crops, and the producer (other than certain producers of malting barley) must not exceed the farm's barley base.
- (2.) For barley there must be a minimum reduction of 20

percent in the average 1959-60 barley acreage, and the producer must not exceed the farm's corn and grain sorghum program or the does not apply to certain producers of malting barley.

(3.) A grower of oats and rye will be eligible if the farm complies with either the corn-base. The required reduction grain sorghum program or the barley program.

Anyone interested in the use of data processing for keeping beef cattle production records should get a copy of the recent Extension Service publication B-978, "Using Data Processing Equipment To Keep Beef Cattle Records." This bulletin contains a thorough discussion on the use of this service, as well as information on what is necessary to employ it. A copy may be obtained from the local county agent.

INTRODUCING -- LITTLE ELK NO. T-950 -- Standing at Stud, Little Elk is a registered Appaloosa with four generations of spots on both his Sire and Dam side. Its very few Appaloosas that you ever see with quarter horse head and ear, quarter horse conformation and still have this dominant color distinction. Little Elk is red roan with leopard spots. With this, you can put a distinctive color on your colts from good quarter mares and never have a doubt but what you bred to a top quarter horse. Stud fee for 1962, \$50.00. Little Elk is owned by Jake Snipes and Sons (Snipes Appaloosa Acres) Rt. 3 Box 215 Clovis, New Mexico Phone No. PO 3-7570 or PO 3-3455. We are also standing a 51" Registered P.O.A. Appaloosa Stud No. T-1733. Stud Fee \$50.00. You are invited to look at our Stallions.

WHEAT SUPPLY AND DISTRIBUTION

Price Supports Affect Income

"Farmer County farmers should study how participation in the 1962 Feed Grain Program will affect their net farm income," says County Agent Deryl Coker.

He can now provide budget forms to county producers of corn, grain sorghum, and spring barley. Farmers can use these forms in estimating net income if they participate or don't participate in the program. By comparing these estimates, Coker says, farmers will have a better basis for making their decision.

Under provisions of the program, farmers will receive payments for diverting to conservation use 20 to 40 percent of their feed grain acreages. In addition, feed grain crops raised on remaining land will be eligible for price supports. So farmers have several alternatives on extent of participation. Each will have a different effect on their net income, Agent Coker points out.

Copies of the budget form are available at the county agent's office, Coker says he will be glad to assist farmers in use of the form in considering the alternative choices.

A PICNIC IS A PICNIC, the Texas Beef Council feels, whether it's served in the back yard or beside a cool stream far from the city. To make a memorable outing in any setting, serve this delicious, inexpensive ground beef Skillet Supper.

Richard E. Bell of the U.S. Department of Agriculture's Economic Research Service reminds us the Russians need a farm labor force 6 1/2 times bigger than ours—or about 45% of the available Russian labor—to supply a population only 20% greater than ours.

The American farmer is supplying 182 million of us with nearly all of our food and fiber and there's enough left over to export one-sixth of his cropland output.

Art of the Ages in Modern Glass

Artists and artisans have always found inspiration in the signs of the Zodiac which are used here in gold coins on green glass, all around this modern Zodiac casserole. It can go from refrigerator to stove to table where it rests in style on a brass stand and candle warmer. One, or more, of these would be stunning for a buffet party while their everyday uses are endless. Among others, it would serve nicely as a soup tureen. It is also an unusually tasteful and useful gift especially for a bridal shower. For a plus, type a few good casserole recipes on three by five cards, cover them with cellophane and tie together with a pretty ribbon! Linen fish print towel by Vera. Casserole, 2 1/2 quart size, \$7.95 by Corning Glass.

LOOKS LIKE THE WHOLE DARN COUNTRY HAS GONE FALCON-HAPPY!
WE'VE SOLD A MILLION OF 'EM...A MILLION OF 'EM...IN RECORD TIME!! AND NOW WITH 13 NEW MODELS...NEW MONEY-SAVING...HAPPY-MAKING FEATURES...THE 2ND MILLION IS BOUND TO SELL EVEN FASTER THAN THE FIRST. COME SEE WHY!
NEW FALCON FUTURA
Let's look at some reasons for Falcon success: 1. Falcon prices begin lowest of any six-passenger car in the land.* 2. Falcon's gas needle hates to leave "F." 3. Falcon's an oil-saver too—you go 6,000 miles between changes. 4. Cars just don't come with fewer cares and repairs. 5. Dealers just don't come any more reasonable or reliable than we Ford Dealers. We have a few more reasons up our sleeves. Come get them all.
