

FROM THE
HOPPER

BY HOP JR.

Another of the many useless things I invest my time in is noting the crude art of the younger generation whenever I get a chance to travel around the country a bit.

The kind of scribbles that appear on bridges, water towers, abandoned buildings, and wooden fences is indicative of the native artistic talent and enthusiasm of the younger set. At least that's my theory.

Now, society as a whole frowns on foot-high letters in colored paint that proclaim the affection of Johnny Brown for Susie Smith, or communicate some other information about which the general public has not the slightest interest.

I can see society's point, and can recall with no difficulty the exasperation I have felt on occasion when the old Tribune south side, plus the outdoor privies at the back, were subject to the youthful brush-wielders dabs.

However, painting signs isn't a part of vandalism and juvenile delinquency. At least I don't think it is, because the paint in itself is not destructive and the painter seldom if ever is making a conscious attempt to deface property. He's just driven by a subconscious urge in his young mind to display something that he has created where all can see it.

I have seen some real teenage signpainters in my day, and although I admit the laws of the land don't set aside any rights and privileges for their medium, I think their talent is deserving of passing mention.

If you think painting a sign in the dead of night while holding a bucket of paint in one hand, the brush in the other, and leaning into a stiff breeze while standing on a water tower railing 120 feet over the ground doesn't take some ability, you had just ought to try it some time.

Like a lot of other homey artistic inclinations, however, this amateur signpainting business is falling prey to the deteriorative effects of the modern world.

Kids aren't exercising their finest creative powers any more. Most are now resorting to simply scrawling their own names—a self-centered act that the old-time painter would abhor—or "Srs, '61." Such tripe is hardly worth the reading and is doing violence to a fine old tradition.

Also, the paint can, or coffee can full of whitewash, is giving way to another modern abomination—the aerosol paint can. This crude instrument has removed the nerve and nuances of the art until now all signs look alike—lousy, individuality has been swallowed up in the silly stigma of mass production.

The sociologists, psychologists and neurologists haven't reached this great truth yet, so I am going to beat them to it; Boys Will Paint Signs. There are no ifs and or buts to this statement. It is as well established a principle as any logarithm, and a lot easier to prove. I think the experts are making progress toward that discovery, and eventually they will see that I am right.

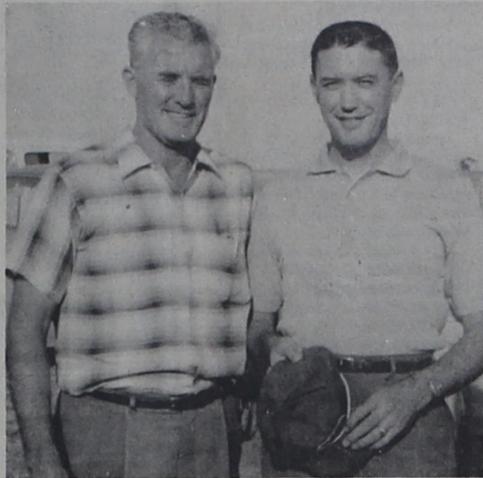

Now, try to suppress this axiom in the home and see what happens. You may succeed in keeping their graphic expressions from the back yard fence, or the neighbor's garage, but the next thing you know the irrepressible lettering appears on sidewalks or even the walls inside the house. There's no use fighting it.

The injunction "Fools' names like fools' faces are always seen in public places" is usually aimed at the youthful public painter. However, well-meaning parents should remember that some of the kids' biggest heroes in their school history books were notorious sign-painters.

One that we can think of right quick is the famous Spanish explorer Onate, who cleared the way for colonization of our own Southwest in the 16th century. He and some of his comrades-in-arms carved their names all over a big sandstone rock in western New Mexico when they were trooping through the country looking for gold, and their scribbles have been enshrined as a national monument.

If it weren't for the public doodlers of ancient times, I wonder how many pages of the history of civilization would have to be ripped out? The

300 Attend Oklahoma Lane Celebration

TRAVELING THE GREATEST DISTANCE to attend the Oklahoma Lane 4th of July celebration were Clifford McGuire, Redlands, Calif.; and Major M. W. (Pete) Hanna from Orlando, Fla.

More than 300 persons attended the annual Oklahoma Lane 4th of July picnic which was held at the community center Tuesday.

Starting the day activities was a baseball game between little league teams from the community. Following their game, the annual north-south softball game, which pits men from north of the Oklahoma Lane farm to market road against men from south of the road, was played.

Winning pitcher was Glendon Sudderth from the North team, while Don McMahan hurled for the south team.

Men in the community then divided into two groups for a baseball game.

Volleyball and other games were played throughout the day, and Mesdames James Ensor and Gilbert Kaltwasser conducted contest games for children.

Lemonade was served throughout the day.

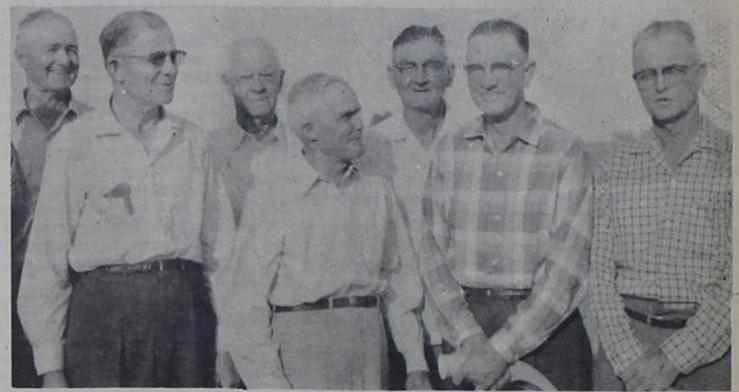

Immediately before supper, a program was held during which time Rev. Jimmie McGuire gave the invocation, and Mrs. Lillie Christian led the group in singing the National Anthem.

Recognized for being the oldest person at the celebration was D. W. Carpenter, while the 10-month old daughter of the Ronnie Howards was recognized for being the youngest person attending.

Other old timers recognized were E. W. McGuire, who has lived in the community since 1916; Emmett Berry, Claude Primrose, John West, C. C. Christian and Clyde Perkins.

Travelling the greatest distance to attend were Major and Mrs. M. W. Hanna of Orlando, Fla.; Clifford McGuire and Mr. and Mrs. Bill McGuire from Redlands, Calif.

(Continued on page 8.)

OLD TIMERS at the picnic included back row left to right, Emmett Berry, D. W. Carpenter, and Claude Primrose; front row, left to right, are John West, E. W. McGuire, C. C. Christian and Clyde Perkins.

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

8 PAGES

FIFTIETH YEAR

SECTION 1

Bank Deposits Up

Bank deposits in Farwell are up considerably from a year ago, according to the statement of condition released this week by Security State Bank.

At the close of business June 30, the bank financial statement revealed total deposits as being \$4,770,000, more than a million above last year's total of \$3,325,000 on June 15.

This substantial increase doesn't represent a completely true picture of financial conditions in Farwell, according to Bob Anderson, vice-president, who points out that the bank call this year came 15 days later than a year ago.

There are some deposits from the recently-completed wheat harvest figured in the total, while last year the call came before

any wheat was harvested.

However, Anderson says that a good part of the money for this year's bumper wheat crop had not been deposited by June 30. "The deposits are considerably better now than they were on June 30," Anderson says, and there are still more to come in from the wheat harvest.

In addition to the deposits, total assets at Security State were up from \$3,722,000 last year on June 15 to \$5,260,000 this year on June 30. Loans were up from \$1,656,000 to \$1,706,000.

Anderson cited the wheat harvest, which was the best in history, as being the major reason for the improved financial report, and in general, the area is better off economically than it was a year ago.

Swimming Classes Underway

Twenty-seven pupils are enrolled in swimming lessons at the New-Tex pool, according to Dan Truelove, who is giving lessons.

The lessons will continue for approximately three weeks. No vacancies remain in the classes, which are divided into beginning and intermediate swimming groups.

The classes are small so individual attention can be given to each student.

Truelove stated that the pool will remain open until the end of August, although he will be gone the week of August 6 to a coaches school at San Antonio. Mrs. Truelove will oversee the pool during her husband's absence.

Two Men Fined

Two Bovina men, Tommy McCracken, 53, and Cecil Crow, 50, were picked up in Bovina last Wednesday by the Parmer County Sheriff's Department, and charged with being drunk.

Sales End Saturday

Final summer rummage sale will be conducted Saturday afternoon at 5:00 in the building next to Rose Drug in Farwell. Sales are being sponsored by the local ESA chapter. Saturday's sale will be a 10¢ sale, with all items on sale for 10¢.

Grand Opening Set For Fina Station

Grand opening for Farwell's newest business, the Farwell Oil Company Fina Service Station, will take place on Friday and Saturday, July 14 and 15.

A two pound bag of sugar will be given with each purchase of 10 gallons or more of Fina gasoline. Prizes will be given away at 8 p. m. Saturday evening, and persons do not have to be present to win. Prizes include a junior juke box, rod and reel and an electric perculator.

The station which is just off the state line road on highway 60 in Farwell is being leased by Edward Autrey.

See advertisement elsewhere in the paper for further information on the grand opening.

FARWELL'S NEWEST BUSINESS is the Farwell Oil Company Fina Service Station which is located on Highway 60. Grand opening for the new business will be held on July 14 and 15.

Hunch Pays Off, Sheriff Finds Stolen Truck

Following a hunch, Parmer County Sheriff Chas. Lovelace took off Wednesday in search of a stolen truck and found it near

the South Plains community of Spade—100 miles from where it was stolen.

The 1956 GMC truck had been stolen from the Friona Growers and Shippers packing shed about three weeks ago, on the same night that 100 tires were stolen from Grady Dodd's warehouse in Friona.

The joint truck-tire thefts in Parmer County were similar to ones which had been occurring in and around Lubbock for several weeks.

Another one occurred in the community Acuff Monday night, so the sheriff decided he'd take a drive down that way and see what he could find.

While driving along Highway 54, about 16 miles east of Spade, Lovelace discovered the Friona truck which had been abandoned in a field. The truck, which was still in good condition was returned to Parmer County Thursday.

The persons who have been committing the series of thefts throughout the South Plains have not yet been apprehended, but law enforcement officers throughout the area are working on several leads, Lovelace says.

Helton Oil Wins Portales Tourney

Four wins in a row brought a first place trophy to members of the Helton Oil softball team, as they won the Portales Invitational tournament over the July 4th weekend.

The local team, a member of the Clovis Jaycee softball league and now holding a 7-1 first place lead in the league, took their first win from Bishop Printing of Portales Saturday evening.

Helton's batterer out 9 hits during the game, with Bruce Chronister, Raymond Hadley, N. D. Kelso and Jerry Henson getting two each and Lee and Eddie Smith getting one apiece.

Helton's four runs came when N. D. Kelso singled, Eddie Smith walked, and Raymond Hadley doubled to drive in two runs. Prince and Hadley both scored to give Helton a four run lead. Bishop scored one run to keep St Koenig, Helton's hurler from getting a shut-out.

In the second game of the tournament, Helton met Santa Fe of Clovis, and took a 4-0 victory behind the pitching of Bruce Chronister.

Buddy Prince scored Helton's first run in the second inning when sacrifices moved him around to third base, and Maurice Smith hit a line drive down the first base line to bring him home.

Eddie Smith broke the 1-0 game wide open in the fifth inning with a home run over the right field fence with Kelso on base. Hadley followed Smith's homer, with one of his own over the center field fence, for the local team's final score of the game.

Tuesday afternoon, Helton Oil met the undefeated Walker Air Force Base team from Roswell, and held on for a 3-1 victory be-

hind the four-hit pitching of Bruce Chronister. Scoring for the locals were Duckie Isham, Kelso and Eddie Smith.

In the finals Tuesday evening, St Koenig hurled five-hit ball, and was backed up in the field by several spectacular plays including two double-plays.

Helton jumped off to an early lead in the game when Raymond Hadley homered over the center field fence to drive in Henson and Kelso. Henson scored one more time to leave the final score 4-1.

A double play from Eddie Smith, shortstop, to Henson at second to Prince at first, gave the Furniture Mart their final two out of the game.

Eddie Smith, Helton's shortstop, was recognized as being best hitter of the tournament, and was presented with a trophy following the final game. Smith's batting average for the 4 games was .700.

Teams entered in the tourney included Santa Fe, Swift and Son, Clovis; Helton Oil, Farwell; and Shirley-Anderson, Lariat, all members of the Clovis Jaycees Softball league; Furniture Mart, Booth Pharmacy and Bishop Printing, Portales; and Walker Air Force Base, Roswell.

Members of the local team participating in the tournament were Maurice Smith, catcher; Bruce Chronister and St Koenig, pitcher; Raymond Hadley, first base; Jerry Henson, second base; Eddie Smith, short stop; N. D. Kelso, third base; and Buddy Prince, Jimmy Joe Robertson, Duckie Isham and Lee Smith, fielders.

Next game for the local team will be Wednesday evening at 8 p. m. when they meet the Bovina all-stars in a game at Jaycee park in Clovis.

DISPLAYING THE HARDWARE which Helton Oil softball team brought home from the Portales Softball Tournament over the July 4 weekend are Eddie Smith, winner of the best hitter trophy, and Joe Helton, sponsor of the team, with the tournament trophy.

Arrest Of Teenagers Solves Break-Ins

A series of minor break-ins were solved Tuesday night with the arrest of two teenage boys, one from Texico and one from Farwell.

The boys, one 14 and the other 13, were arrested at their homes about 3 a. m. Wednesday shortly after they had broken into Jim's Cafe in Texico and attempted to break into S&S Furniture.

Entrance was gained at Jim's Cafe by breaking a window. Several dollars in change was stolen, says Parmer County Sheriff Chas. Lovelace, who made the arrests. The boys broke a window on a door at S&S Furniture but were unable to gain entrance to the store.

After being arrested, the boys admitted

the break-ins, and also admitted tearing down the back door of the Border Theatre in Farwell during the noon hour Sunday.

Nothing was taken from the theatre Sunday, but one of the boys admitted stealing a reel of film during a similar entry two months ago. The film was recovered, Lovelace says.

Both boys appeared before Judge Loyde Brewer in Parmer County juvenile court Wednesday and were paroled to their parents, who consented to return the stolen money and pay for the damage caused by the boys.

The two boys were then turned over to Curry County authorities to face similar charges for the break-ins committed in Texico.

Mr. and Mrs. Joe Hutchenson from San Marcus visited his sister, Mrs. Less Bruns, Wednesday. The Hutchensons are former teachers from Lazbuddie. They have taught at San Marcus for several years.

News From LAZBUDDIE

BY MRS. C. A. WATSON

Captain and Mrs. James Pieper from the air force base in Abilene visited their grandfather, Y. B. Mayfield, their aunts, Mrs. Eulan Parham and Mrs. Truman Gleason; and an uncle J. T. Mayfield and his family during the July 4 holidays.

The Z. T. Tanners from Progress were Sunday visitors in the Alton Morris home.

Mr. and Mrs. L. M. Hardage, Billy and Jan were weekend visitors in Wichita Falls, visiting her sisters and family the J. B. Adyes.

The Midway Home Demonstration Club will meet in the home of Mrs. J. B. Young Tuesday afternoon, July 11. The program will be on Mental Health, and everyone is invited to attend.

The Lazbuddie Home Demonstration Club women held a rummage sale in Muleshoe Saturday. The club will again meet on July 13 in the home of Mrs. Adrian Weir, with the program on covering shoes.

Mrs. Davis Gulley, 4-H leader, had three girls, Jan Mason, Connie Harlin and Karan Johnson in her home one day last week for a lesson in making chocolate fudge.

Dinner guests in the Raymond Houston home Sunday were her sisters and their children, Mrs. Clyde Henry and Mrs. Gene Henry all from Muleshoe.

The GA's of the First Baptist

Church had their coronation Sunday evening. A large crowd, including several visitors, attended. Refreshments of cookies and punch were served. Rev. and Mrs. Bill Curry returned Friday from a twelve-day trip to New Mexico.

Mrs. Jess Pendergrass returned Sunday of last week from a ten-day stay with her mother, Mrs. L. C. Hester of Abilene. Mrs. Hester is reported to be doing much better by her daughter. She broke both wrists in a fall at her home several weeks ago.

Leroy Pendergrass, nephew of Jess Pendergrass, was a guest in his uncle's home Tuesday evening. Pendergrass was enroute to his home in Sumpter, S.C.

Linda Monk, daughter of the Clyde Monks, returned from Church Camp Friday. She was at camp for two weeks.

Marl-Anna Gammon, daughter of the John Gammons, left early in the week for church camp in New Mexico. She will be gone for a month.

Returning last week from harvest in Colorado, were Doyce Waddell, Jerry Koelzer, Johnny Garrett and Johnny Garrett and Johnny Gammon. The boys plan to return late in the week.

Mrs. F. W. Green of Lazbuddie visited in her son's home at Pleasant Valley, Sunday. Other guests included Mr. and Mrs. Ralph Paul of Hereford, Lt. and Mrs. Leon Cohorn from Camp Hood, Dr. and Mrs. John Johns and children from Campbell, Calif., and the Joe Frank Pauls from Lazbuddie. The group also visited in the home of Mrs. Mae Green Sunday with Col. and Mrs. L. B. Plumer from Austin.

Mr. and Mrs. Robert Murray and children from Bovina were Sunday guests in the Charlie Watson home.

Jaunata Pierce and Cynthia Harvey met with Mrs. Joe Jesko, a 4-H leader, Friday. Mrs. Jesko gave the girls advice on their sewing. The two girls have their skirts about half finished.

Mr. and Mrs. Joe Jesko and Pete were in Nazareth Sunday in the home of their daughter, the James Acres, to help them celebrate their 5th wedding anniversary.

Mr. and Mrs. Charlie Gustin had as guests Sunday afternoon, the W. J. Thomas family from Hereford.

Visiting in the home of the Finis Jennings this week are their grandchildren from Farwell. The children are visit-

BOB BOLTON

Bolton Receives Rating Advance

Mrs. Arthur L. Bolton of Farwell was recently notified of the advancement in rating of her nephew, Robert W. Bolton, who is in the Navy.

In a letter from R. F. Farrington, Captain of the USS Ticonderoga, aboard which Bolton serves, he stated "through his continuous efforts to advance in rating, Robert has shown a tremendous amount of pride in his country and in the greatest Navy the world has ever known."

In closing Captain Farrington said "It is with extreme pride that I join 'all hands' of the USS Ticonderoga in heartiest congratulations to Robert. He has displayed the military, intellectual and leadership qualities required to advance to his present rate."

Bolton grew up in Farwell and attended school here while living with his grandmother, Mrs. Lola Lee Bolton, and an aunt, Jennie Lynn Bolton.

Cooper and Steve Young are visiting their grandparents the E. D. Chitwoods in Wichita Falls this week.

Gary and Pam Haskins, children of Mr. and Mrs. Edwin Haskins of Lubbock are spending the week with their grandparents, the George Haskins, Sunday, Mr. and Mrs. George Haskins visited in Levelland with their son and family, the J. B. Haskins.

Pleasant Hill

BY MRS. BUCK TAYLOR

(Left out last week.)

The ladies Sunday school class, "The Willing Workers" met recently in the home of Mr. and Mrs. J. J. Armstrong for a surprise breakfast honoring Mrs. Armstrong. After the honoree opened gifts, cake and coffee were served to Grace Dane, Corda Taylor, Posey Clark, Jessie Lee Taylor, Janine, and Bette Clark, and Mr. Armstrong.

An ice cream social was held this week at the Pleasant Hill Baptist Church honoring persons with June birthdays. Honorees were Grace Dane, Beatrice Brown, Buck Taylor, Noma McCullough, Mrs. J. J. Armstrong, and Vicki Lovett. The Church presented Bro. and Mrs. Hugh Freaquer with a table and lamp.

Sarah Walker, Mary Dane, and Lena Brown all attended a Baptist Church camp held in Glorieta. They returned home Monday.

Sarah Walker, Mary Dane, and Lena Brown all attended a Baptist meeting held in Yeso recently.

Monty Singleterry, son of Mr. and Mrs. Glenn Singleterry, who has been attending college in Portales is home for the summer.

Donna Pierce was a Sunday dinner guest in the home of Ginger Reimer.

Fay Martin visited with Pauline Servattus and was an overnight guest Friday.

Mrs. Lorado Servattus and Arline, and Mrs. Corda Taylor were overnight guest in Anton with their mother Mrs. Janie Anderson.

Mrs. C. C. Morgan from Anton spent Sunday night in the home of her daughter and family, Mr. and Mrs. Amos Shockley. Monday Mrs. Shockley accompanied her mother to Muleshoe to visit Mrs. L. L. Reese who is a patient in the West

Attending Memphis State U

Carthon Phillips, son of Mrs. Kate Phillips, Farwell, is attending classes at Memphis State University, Memphis, Tenn., this summer.

Memphis State has the largest summer enrollment in its history with some 2900 students

this year. A graduate student, Mr. Phillips is majoring in education.

Mrs. Russell Johnson recently returned from Alva, Okla., where she visited with her son and family, the Bill Johnsons, while her daughter-in-law, underwent surgery.

June 28 Ceremony Unites Miss Gast - Robert Vashaw

Sherry Kay Gast, daughter of Mr. and Mrs. Buster Gast, and Robert Lloyd Vashaw, son of Mr. and Mrs. Lloyd Vashaw of Detroit, Michigan, were married on June 29 in a mid-morning ceremony in the Immanuel Lutheran Church in Clovis.

Lighted tapers which were placed on the chancel rail, provided a background before which Pastor David P. Bergmann performed the double-ring ceremony. In the foreground was a white wrought iron kneeling bench covered in white satin and entwined with white gladioli, blue daisies and huckleberry. Bouquets of white gladioli, blue daisies and huckleberry were on columns at either side of the kneeling bench, and two large bouquets of the same flowers flanked the altar setting. Potted palms were interspersed throughout the arrangement.

Mrs. Fred Townson, organist, accompanied Lloyd Wagner, as he sang "O Perfect Love" and "The Lord's Prayer."

Attired in a bouffant gown of white Chantilly lace over taffeta, the bride was escorted to the altar and given in marriage by her father. Her gown was designed with a fitted bodice and had a full skirt which featured three tiers of lace.

Her waistlength veil of French silk illusion was attached to a flower covered tiara. A white satin covered Bible provided the base for the bridal bouquet of white rose buds and agapanthus. To complete her

MRS. ROBERT LLOYD VASHAW

ensemble the bride wore a strand of pearls, given to her by the bridegroom's parents.

In keeping with tradition, she carried a linen handkerchief belonging to her great-grandmother Gast, as something old. New was her dress, borrowed

her mother's dinner ring, and she wore a blue garter which was given to her by Mrs. Charlie Hromas. In her shoe she carried a penny minted in the year of her birth.

Attending her sister as maid of honor was Judy Gay Gast. She wore a dress of white organza over blue taffeta, which was fashioned with a V-neckline and full billowing skirt. Tiny blue velvet bows were used for trim on the sleeves and bodice. Cascading blue streamers tumbled from her bouquet of white carnations, and her headpiece was a blue tiara.

Best man was Bob Meservey from Cannon Air Force Base, and ushers were Karl Gast and Joe Blackburn from Farwell.

Mrs. Gast attended her daughter's wedding in a lilac dress designed with a round neckline and box-pleated skirt. She wore white accessories and a corsage of gladiolus.

The newlyweds were honored immediately after the ceremony with a reception. A white cut-

Double-Ring Ceremony Unites Miss Hromas - Mike McManigal

Double-ring vows were exchanged recently in the Farwell First Baptist Church by Darlene Hromas and Mike McManigal.

Parents of the bride are Mr. and Mrs. Charlie Hromas of Farwell, and the groom's parents are Mr. and Mrs. J. E. McManigal of Canyon.

Rev. J. L. Bass, pastor of the Farwell First Baptist Church, performed the ceremony before an altar setting centered with a white wrought iron archway entwined with greenery. A tall basket filled with an arrangement of white carnations and gladioli was centered behind the archway, and white tapers in four-branched candleabra were at either side. Potted palms were interspersed throughout the setting.

Attending Miss Hromas as maid of honor was a cousin, Jolene Donaldson. She wore a dress of coral silk organza designed with a fitted bodice, full yoke, puffed sleeves and a full gathered skirt which featured a white bordered hemline. She wore a half veil of tulle matching her gown, which was held in place with an bandeau trimmed in miniature flowers. She carried a bouquet of white feathered carnations with white satin streamers.

Bridesmaids were Jean Reed and Charlotte Hromas, cousin

of the bride. They wore peacock blue silk organza dresses fashioned identical to the maid of honor's. Their bouquets were of white feathered carnations, and they wore half-veils to match their gowns.

Tammy Christian served as ring bearer, and was attired in a coral silk organza dress fashioned similar to the other attendants.

Best man was Ronnie Thornton, cousin of the groom from Lockney, and Wade Mills and Jim McManigal doubled as ushers and groomsmen. Candlelighter was Roy Donaldson.

Miss Hromas, escorted to the altar and given in marriage by her father, was attired in a train length gown of white net over taffeta which was fashioned with wide bands of scalloped lace bodice featured a sabrina neckline which was outlined in seed pearls and iridescent sequins. Tiny buttons extended down the back of the gown and terminated at a point below the waist. Long tapering sleeves buttoned at her wrists, and ended in petal points over her hands.

Her elbow length veil of tulle edged with a wide band of scalloped lace was attached to a miniature crown of seed pearls. The bridal bouquet of white roses, with cascading silver rope streamers which were tied in love knots, was carried atop a white Bible which was borrowed from Mrs. Clyde Powell.

In completing tradition, she wore a drop pearl necklace and earrings, which was given to her by the bridegroom, as something new. Old was a handkerchief belonging to the bridegroom's grandmother, Mrs. W. F. Markam, and blue was a garter, given to her by Mrs. Myron Hillock.

In one shoe the bride carried a penny dated in the year of her birth, and in the other she carried a sixpence which was brought to her from Europe by a great aunt, Mrs. Bill Hromas.

Glenda Powell, organist, accompanied Misses Dorris and Zella Donaldson as they sang "Always" and "Whither Thou Goest."

A reception took place immediately after the ceremony, in the fellowship hall of the church. The serving table was covered with a white cutwork cloth and centered with a three-tiered wedding cake decorated in peacock blue and coral and topped with a miniature bride and groom. Coral candles with

streamers bearing the names "Mike and Darlene" in glitter, flanked the arrangement. Napkins were embossed with "Now We are Mr. and Mrs. Mike McManigal." Crystal and silver appointments were used to complete the table decor. Misses Peggy White and Gwendolyn Christian served punch, wedding cake, nuts and mints to the 175 guests who registered.

After the reception, the newlyweds left for a trip to points of interest in New Mexico.

Mrs. McManigal graduated from Farwell High School in 1961 as salutatorian of her class. She was also a member of the National Honor Society. Her husband graduated from the same school in 1959, and attended college at West Texas State. He will attend Texas Tech next year.

The couple are making their home at 2706 41st street in Lubbock.

Twins Honored On Second Birthdays

Pamela Sue and Tamela Ann, twin daughters of the Joe Carpenters of 520 Ross in Clovis, were feted on their second birthdays Sunday with a party at the family home.

For the occasion, the serving table was draped with an ecru lace cloth over red and featured tall red candles in double crystal holders on either side of the birthday cake.

The white iced cake was in the shape of entwining hearts, and was decorated with red roses and red icing braids. Inscribed on one of the hearts was "Happy Birthday Tamela" while the other was inscribed with "Happy Birthday Pamela." Party plates and napkins were used to add to the festive atmosphere.

Guests were given paper party hats as favors before being served cake and punch.

Out of town guests attending the affair included the girls' great-grandparents, the W. I. Rundells from Walnut Springs; their grandparents, the Dick Doshers and Lon Carpenters from Texico; the Gerald Doshers, and Junior Foremans, Texico; Bill Moores, El Paso and Margaret Minter from Bovina.

Mr. and Mrs. B. A. Kelley of Route 1, Texico, announce the engagement and approaching marriage of their daughter Phyllis to Buster Wooten, son of Mr. and Mrs. A. L. Wooten of Portales. The wedding will be solemnized in the Texico Baptist Church at 6 p. m. (mst) on July 15. Friends and relatives of the couple are invited to attend the wedding and reception which will follow.

Hanna Family Has July 4th Dinner

Among those attending a July 4th dinner in the Bill Hanna home in Clovis were Mr. and Mrs. Milton Henson, Mr. and Mrs. Jerry Henson, Mr. and Mrs. Paul Crooks and Jana, Texico; Mr. and Mrs. Ed McGuire, Farwell; Mr. and Mrs. Jimmy McGuire and children, Sandhill; Major and Mrs. W. M. Hanna and daughters, Orlando, Fla.; and Mrs. W.S. Smith, Sweetwater.

Mr. and Mrs. Eddie Traxson returned Monday from Carlsbad where they toured the Cavemers and daughter, Mrs. Bruce Deavours and children, Clovis; Mr. and Mrs. Paul Roberson and daughter, San Diego; Mr. and Mrs. Jimmy Henson and children, Seymour; Clifford McGuire, Redlands, Calif.; and Mr. and Mrs. Larry Summers, Portales.

Mr. and Mrs. Eddie Traxson returned Monday from Carlsbad where they toured the Cavemers.

Wheat Production Hard To Believe

Elevators Report 5 1/2 Million Bushels

Parmer County farmers have just completed what was the most mammoth wheat harvest of all time.

So great was the quantity of grain handled by county elevators, that it had those persons who make a habit of trying to estimate the overall county production shaking their heads in bewilderment.

It is impossible to arrive at an exact figure on wheat produced in the county, but a check with most of the major elevators in the county revealed a staggering 5 1/2 million bushels -- about a million bushels over last year's total which was also an all-time high.

Most of the elevators in areas where part of the wheat was likely to have come from another county were asked to estimate what they thought was produced in Parmer County. Even by deducting what they believed came from out of the county the remaining quantities totaled 5 1/2 million bushels.

Last year's total wheat production was estimated at less than 4 1/2 million bushels. Prentice Mills of the Parmer County ASC office estimated that about 95,000 acres of wheat were harvested in the county this year. By dividing this acreage into the overall production, the average yield would figure out at about 57 bushels per acre.

That figure is above what the majority of the elevator men estimated the average yield to be. Most of them thought that the average yield on irrigated wheat would be around 50 to 55 bushels. The dryland

acreage, which is relatively small, would have brought the overall average down some from that.

There are several reasons why the 5 1/2 million figure may not give the true picture, even though it was arrived by the same method used in past years, which has generally given a realistic picture.

Only fourteen of the 16 elevators in Parmer County, in addition to one in Texico, were contacted. Two of those elevators did not reveal the amounts of grain they had handled.

Those reporting, however, represented all of the major elevators in the county.

Naturally, some of the grain which the county elevators received came from out of the county, but as one elevator man said, "Probably some of the grain produced in the Parmer County went to elevators in Curry, Deaf Smith, Castro and Bailey counties, and all in all, it should balance out."

Even though some folks may find the 5 1/2 million figure hard to believe, almost everyone is in agreement that this year's harvest is the greatest ever.

Elevator men reported some irrigated yields as high as 80 bushels, and the men who handled the grain were almost unanimous in guessing the average yield at between 50 and 55 bushels per acre. There were quite a number of 35-bushel dryland yields.

Quality of the grain harvested was termed "exceptional," testing anywhere from 60 to 65 pounds and being dry.

One load of dryland wheat, which came from a field belonging to Edward Schilling, tested 66 1/2 pounds per bushel, according to Mrs. Lloyd Prewett of Prewett Grain Company at Black. There were quite a few loads which tested 65 pounds, and the average this year was about 62.

A factor which made this year's harvest even more unbelievable was that there was some spotted hull damage, especially in the Farwell area. However, on the whole, hull damage this year was not nearly as widespread as a year ago.

Here are some comments of a few of the elevator men who handled this year's crop:

Pete Braxton, Tri-County Elevator, Black: "It (the harvest) was about the best we've ever had. We had the highest yields ever, many of them being 60 bushels and better, and some of them in the 70's."

O. L. McMertrey, Hub Grain Company: "It was the best quality I've ever seen. It all tested heavy, about 62 & 63 pounds, and was dry. I'd say we produced 15 per cent above last year."

Preach Cranfill, Continental Grain, Friona: "It was as good or better than we've ever had. It was good quality and the yields were way above average."

Joe Moore, Sherley Grain Company, Bovina: "It was as good or better than any year we've ever had. There were a lot of yields over 70 bushels and the quality was good."

Herb Potts, Worley Grain, Farwell: "There was a lot more wheat than last year. Even though there was some hull damage, I'd say the average yield was around 50 bushels. There were some as high as 80."

Pat Patrick, Golden West Seed, Texico: "It was the

THE HIGH PLAINS FARM AND HOME

Clothing Workshops Underway In County

County 4-H Clothing Workshops are underway in preparation for the County 4-H Dress Revue to be held July 14. Approximately forty girls are being taught by trained volunteer adult leaders.

Girls enrolled in first year sewing are making simple gathered skirts of cotton fabrics with elastic bands. Leaders trained to teach these classes are Mrs. Nelson Foster, Mrs. Gerald Ramage, Mrs. Glenn Annear, and Mrs. Freeman Davis. They were trained Thursday afternoon June 22. A second training for leaders will be conducted Thursday morning, June 29 by the home demonstration agent, Miss Ettie Musil.

Trained in second year sewing is Mrs. Glenn Annear. Girls taking this workshop are making

biggest wheat harvest, by far, that we've ever had. Irrigated wheat made better than 50 bushels and a lot of dryland made 35."

About all of the 1961 wheat crop was sold instead of being put into government loan. The market price ranged from \$1.75 to \$1.78, as compared to the loan price of about \$1.70.

simple blouses. They are learning to lay and cut out patterns, mark fabric for darts, make facing for necklines and sleeves, and hem. Leaders were trained Thursday morning, June 22 in District Courtroom in Farwell.

Simple dresses will be made by third year sewing experienced girls. Problems to be learned will be cutting and marking patterns, sewing darts, facing neckline and sleeves, sewing together bodice and gather skirt with a selvedge stay, hemming, reinforcing underarm seam of sleeve, and pressing finished dress. Leaders trained Friday, June 23 were Mrs. C.W. Tannahill, Mrs. Carl Schlenker, Mrs. U. L. Lesly, and Mrs. Jim Terrell.

Fourth year sewing experienced girls are making simple blouses and pleated skirts. Pleated skirts will have quilted interfacing in skirt band, zipper, and slip stitched hems. Simple blouses will have faced necklines, hemmed sleeves, and reinforced underarm seam with selvedge. Leaders trained Friday afternoon were Mrs. Harvey Blackstone, and Mrs. Joe Jesko.

Girls who were 14 years of age and have been 4-H members 3 years are eligible to make a dress in the Senior Division. These girls will be taught by the County Home Demonstration

Agent. Since all leaders were trained by Miss Ettie Musil, County Home Demonstration Agent, they will all teach as were trained. This makes judging easier in each of the garment divisions.

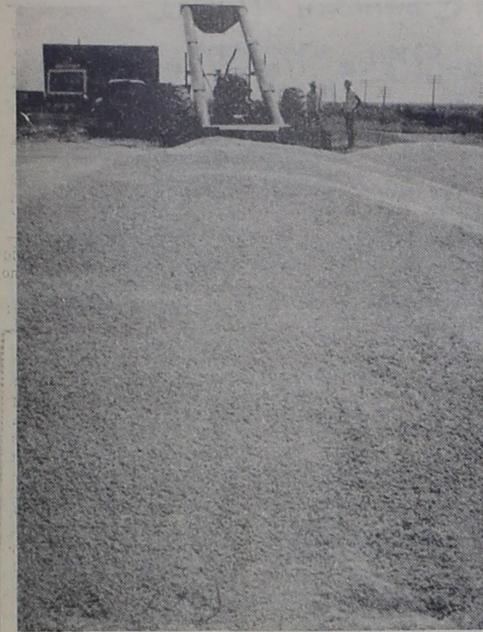

Winners of the simple skirts, blouses, pleated skirts, and simple dresses will attend the District 4-H Dress Revue in Amarillo, July 28, as special guests. Winner of the senior division will compete with all counties of District 1.

For all practical purposes, managing pullets on the range differs very little from confinement management, says Joe Wakefield of the Poultry Science Department at Texas A&M College. A group of pullets that have been well managed in the brooder house should do equally well when turned onto the range. Close supervision is needed, however, until the birds become adjusted to their new environment.

A BUMPER WHEAT CROP was just a little more than one Bovina elevator could handle and part of the golden grain had to be piled on the ground. Here, workmen at Bovina Wheat Growers are shown loading the grain and putting in the elevator Tuesday as storage space becomes available.

Cattlemen To Look At New Farm Legislation

The effect of the omnibus farm bill upon the livestock industry will be in the spotlight at the quarterly directors' meeting of the Texas and Southwestern Cattle Raisers Association in San Angelo.

Traditionally, cattlemen have opposed any price supports and production controls on cattle. Discussions at the TSCRA meeting are expected to center on the effect the new bill would have upon those in the cattle business, and to what extent the bill embraces practices which are related to beef production and marketing.

Other action at the meeting will include a review of the present brand laws in Texas, consideration of submitted

samples for an official emblem for the Association, an analysis of activities of the National Livestock and Meat Board, and committee reports on a number of other subjects of particular interest to cattlemen.

Progress being made by the newly-formed cattle feeder division also will be reported.

Wife--Since God created woman after man, it must follow that we females are an improvement over the original model.

Husband--Oh, come now. My theory is that God had a very good reason for making woman after he made man--He didn't want any advice.

Wants Sugar Investigated

(Editor's note--The weekly newsletter of Congressman Walter Rogers expresses his concern over the domestic sugar program. High Plains farmers have expressed an interest in growing a substantial acreage of sugar beets.)

Last week I introduced H. Res. 364. This Resolution calls for the creation of a Select Committee of nine Members of the House of Representatives to conduct an investigation of the sugar program. I had hoped that this would not be necessary, but after patiently watching blocking tactic after blocking

tactic employed by the sugar interests who now have a strangle hold on this part of our economy, I concluded that the American people were going to be robbed of the facts and the American farmer of his right to produce sugar unless exceptional action was resorted to.

Obtaining passage of this Resolution will be no small task. The present powerful sugar interests will resort to every possible device to continue their control of this lucrative business. Although the American farmer can produce more than enough sugar to meet the demands of this country, these sugar interests are so powerful that they are forcing the importation of 45 percent of our domestic needs, or approximately 4.5 million tons.

At five cents a pound, that would amount to \$450 million, which explains the jealousy with which this control is guarded.

Until this year, Cuba was providing approximately three million tons, of the approximate value of \$300 million. This was taken away from Cuba, but the sugar interests in control blocked the assignment of any of it to the American farmers; farmers who have been bitterly assailed as recipients of Federal subsidies, yet who are denied by law the right and the opportunity to produce a product which can be produced in abundance. The requirement that this country import 45 percent of a product that can be produced in abundance by loyal, patriotic American citizens, cannot be justified. The American people have been misled to believe that the sugar problem is somewhat akin to the

Einstein theory, thermo-nuclear energy, or cancer research, insofar as complexities are involved. The sugar interests would lead you to believe that it is a problem of such vast complications that it can only be understood by a scientist. I would warn you that the only science involved in the sugar problem is the science of a few monopolists lining their pockets with gold at the expense of the American farmer.

As I said, obtaining passage of H. Res. 364 will not be a simple task. But I would venture the prediction that if this Resolution is passed and the full facts surrounding the sugar transactions during the past several years are made public, it will produce a rather sordid picture.

FOOTSAVING EDUCATION
by James E. Edwards

Are Loafers "Bad" For Children's Feet?
Loafers have not been on the market long enough to say how they will affect the nation's foot health.
A comparison could be made with the wooden shoes worn by Hollanders. Strange as it may seem, those necessarily large, stiff "loafers" developed strong arches because the wearers must learn to use their toes to hold them on as they lift each foot to step forward.
Of this we can be sure, loafers are conducive to removing shoes in the house and there is nothing better for foot health, for posture and good carriage than walking bare-foot.

BEGINNING TO ROLL in the Friona area Monday was the 1961 potato harvest. Workers at Friona Growers and Shippers grade some of the Red spuds as they roll into the shed. Quality of this year's crop looks good, according to Kenneth Neill, manager of the shed, but Monday it was too early to tell just what yields would be. Market price for the spuds Monday was \$2.75 per sack.

WITH THE COUNTY AGENT

JOE JONES

This week we received a letter from Billy C. Gunter, Area Agronomist, concerning weed control with 2-4-D, that we thought would be of interest to all of you.

Each year we receive reports from many areas of the High Plains about the misuse of 2-4-D in weed control of grain sorghum. The complaints are usually due to damaged cotton.

Remember, 2-4-D regardless of formulation is extremely toxic to cotton and other broad leaf plants and anyone who uses it should be most careful in his application and be prepared to pay damages if he can't operate a sprayer so that drift does not occur.

Listed below are some good points to bring to the attention of all of you in using 2-4-D in control of weeds in grain sorghum. This is particularly timely due to recent rains which have kept farmers out of the fields resulting in below par weed control in grain sorghum.

Points listed below have been established by Dr. Allen Wiese, Agronomist at the Bushland Station, in his research on weed control.

1. It should always be kept in mind that 2-4-D regardless of formulation is extremely toxic to cotton and other broad leaf plants.
2. Grain sorghum should be sprayed when it is from 6-10

inches tall for maximum control of weeds and minimum injury to the grain sorghum. Earlier or later spraying can injure the grain sorghum.

3. Set nozzles so that good coverage of weeds is obtained--this will vary with type of nozzle and fan angle--setting the spray boom low helps minimize drift--about 20 inches above weed tops is usually a good spacing.

4. Never spray when wind is above 10 miles per hour and preferably less. Remember, drift is the thing that is the most dangerous to nearby cotton and other broad leaf plants.

5. Spray pressure should be just enough to make nozzles work 15-20 pounds per square inch. This too minimizes drift. It is extremely important that the low spray pressure be used because high pressure produces small spray droplets which are easily carried by wind.

6. Use only amine salt formulations, low volatile ester formulations, or emulsifiable acid formulations to reduce the hazard of volatility.

7. To further reduce drift use a large volume of total mix, 10 to 20 gallons per acre.

8. One-half pound 2-4-D per acre should be sufficient.

Why I Believe In Soil Conservation

(Editor's note: This is another in a series of essays written by Farmer County youngsters on soil conservation. This essay, written by Kitty Black, daughter of the A.L. Blacks of Friona, took third place in a contest covering the Panhandle and South Plains area.)

KITTY BLACK

Why do I believe in soil conservation? I have seen what it has done in Farmer County. Before soil conservation practices were applied, Farmer County was a part of the Dust Bowl. This land depletion by wind erosion was a result of the unwise methods used by the farmers. Because they plowed shallow, didn't use cover crops, and didn't use crop residue properly, the moisture did not soak in but rather washed away valuable topsoil and made the land more susceptible to wind erosion.

Since the proper use of water is a vital factor in soil conservation and crop productivity, it became necessary that the farmers use it wisely, especially when it was discovered that irrigation water could be pumped to the surface without too much difficulty.

Through experimentation it was found that by using a program which included crop residue utilization, crop rotation, improved water application and management, cover cropping, and fertilization, the soil could be both conserved and im-

proved, and crop productivity would increase. There cannot be one set program, however, because each field has its own particular problems. For example, the soil in one field may slow down the movement of air, water, and roots. It may also be susceptible to plow pans and surface crusting. These problems can be overcome by the proper application of soil conservation methods.

Today Farmer County is one of the most fertile and productive areas in the state of Texas.

I have seen acres and acres of golden grain, truckloads of luscious vegetables, and bales and bales of cotton leave the fertile fields. I have seen the plows turn the rich dark soil and water gushing from the wells. I have seen what soil conservation can do, and I believe we should practice it for God commanded us to "replenish the earth."

The word good said to a child is always understood, and no one explains it to him.

Joubert

HD Agent's Notes

BY MISS ETTIE MUSIL

Have you taken time out from your busy summer activities and harvest to see the beautiful farms in the county? The array of green, gold, and brown colors are all a painter or photographer would need for a memorable picture of early summer.

Monday afternoon on my way to and from Friona to attend the monthly County Home Demonstration Council much of the wheat had been harvested. Good soil and water conservation was in practice on many of these wheat fields with farmers plowing or one-waying the wheat stubble back into the soil. This practice will not only improve the soil with organic matter, but keep the soil from blowing away.

Yes, we homemakers are concerned about the wheat stubble being returned to the soil. Not only for the richness of the soil, but also from the standpoint of having less sand blowing and less house cleaning of that fine dust.

Last week I trained ten leaders who will be teaching the 4-H clothing workshops in the county. It was a privilege to work with these interested volunteers who are giving their time to teach 4-H girls how to sew. All girls will model their garments at the County 4-H Dress Revue, July 14. Everyone is invited.

We have had many comments

Shocks--Overloads

We Honor All Credit
Cards

Boyd's Brake Shop

221 W Grand - Clovis
PO 3-4326

from these leaders during and after the trainings. Mrs. Nelson Foster, Mrs. Gerald Ramage, and Mrs. Freeman Davis all agreed that the simple skirt with the elastic band was an attractive skirt for the beginning seamstress.

Mrs. Harvey Blackstone and Mrs. Joe Jesko think the directions we used to pleat skirts is the easiest way they have ever tried. Of course, I always learn much from the leaders, too. Mrs. Jim Terrell, Mrs. Carl Schlenker, Mrs. C. W. Tannahill and Mrs. U. L. Lesly taught me a few sewing short-cuts. Mrs. Glenn Annear will be teaching the simple blouses to the Lazbuddie Jr. 4-H Girls.

How is your garden? Producing all the beans, spinach, lettuce, squash, radishes, and mustard you can keep up eating? If you are getting a little tired of serving these vegetables day after day, how about freezing or canning a few jars each day.

We have several excellent freezing and canning directions that have been tried and tested by research. This will take all the guess work and spoiled food.

Hope all of you are using the easy one step, cold-pack method of canning beans, as well as most garden vegetables. If you are still cooking the beans in a hot kettle, scalding your hands as you fill the jars, and then having to wait still longer for the pressure canner, you are about six years behind times.

In the easy method of canning all you need to do is to fill the jars with the cut beans to one-half inch of top of the jar. Add one-half teaspoon salt to pint jars and one teaspoon salt to quart jars. Cover with boiling water leaving one-half inch space at top of jar. Then clean off top rim of jar. Seal with two piece lid and ring,

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Grass is the ranchman's crop. The way he uses this crop will govern the yield. A high sustained grass yield is the goal of every rancher. Co-operators in Soil Conservation Districts have found that good management of their grassland offers much hope for larger profits through higher beef yields. Treatment practices, such as brush control and range seeding, have increased grass yields greatly, but the management practice--proper range use, must always be practiced to make the treatment practices effective. What is meant by proper range use? This involves the four basic principles of Range management: proper class of livestock; proper number of livestock; proper season of use; and proper distribution of the livestock.

The proper class of livestock for most of the Panhandle of Texas is cattle. The reason for this is because the vegetation of most ranches is grass with few edible browse plants adapted to goats or sheep. The proper number of livestock is usually governed by the grass yield as influenced by site, and climatic factors. The principle of using approximately one-half of the grass crop is practiced by most cooperators. In judging the per cent of use, these ranchmen usually use one of their better grasses as a measuring stick.

Ranges can be grazed heavier after seed production without injury to the plants than during the rapid growth period. It is a well recognized fact that the season of greatest damage occurs during May and June. This is the season of food translocation from root to seed. The practice of moving livestock from one pasture to another during this period to allow seed production has become very popular with cooperators.

tightening with just your hand strength. Process pint jars at 10 pounds pressure in pressure canner for 20 minutes, and quart jars for 25 minutes.

Come And Go Shower Honors Don Joneses

The parlor of the Hamlin Memorial Methodist Church was the scene for a come and go shower honoring the Don Joneses Tuesday evening from 7:30 to 9:30 p.m.

A blue Grecian glass bowl holding an arrangement of white snapdragons centered the serving table which was covered with a white cutwork cloth. A crystal punch set and crystal and silver appointments were used on the table, and napkins were embossed with "The Don Joneses" in silver.

A bouquet of roses and daisies was placed on the piano, and

flower arrangements throughout the room added to the decor.

Since the bridegroom is in the service station business in Farwell, a miniature Phillips "66" station complete with cars and personnel was used as a unique decoration.

Pinwheels of angel food cake with aqua filling were served along with fruit punch, nuts and mints by Mesdames Joe Helton and Harold Travis. Mrs. Partin Austin presided at the guest book.

Soft background music was played throughout the evening by Sherri Austin, Phyllis Christian and Ruth Reed.

Hostesses for the affair were Mesdames Partin Austin, Loyd Cain, Clarence Christian, Guy Cox, W. M. Foster, Joe Helton, Elbert Landrum, J. H. McDonald, Harold Travis, Ann Smith and L.R. Vincent.

Guests included Mesdames Willie Williams, Elmer Kennedy, John Armstrong, Eddie Ramm, Agnes Ogden, Martin Kriegel, Loreine Dannhelm, Karl Gast, Lenton Pool, Mr. and Mrs. Paul Keltgon, Mr. and Mrs. Adolph Guthals and Bea Kent.

Also Mr. and Mrs. Ernest Kube, Curtis Jones, Guy Cox, Mrs. Lee Jones, Mr. and Mrs. Dean Jones, Loyd Cain, Loyd Cain Jr., Tommy Wurster, Mr. and Mrs. Laurence Cooper, Mrs. John Aldridge, C. C. Christian, and Misses Bobbi Kaye Kube, Sherri Austin, Phyllis Christian, Glenna Davis, Jeanette Hughes, Alice Ramm and Cindy Ogden.

FIVE GENERATIONS were among the 150 relatives at the Young-Blackwell reunion which took place in Texico over the weekend. Pictured from right to left are Mrs. W. H. Blackwell, Littlefield; Mrs. W. H. Young, Hot Springs, Arkansas; Mrs. Frank Doshier, Texico; Mrs. Joyce McGuire, and Jackie McGuire.

Young-Blackwell Reunion Takes Place In Texico

One hundred and fifty persons from 27 different towns gathered Sunday at the Texico Woman's Club building for the first reunion of the Young and Blackwell families.

Since Mrs. Frank Doshier (Young) was centrally located, the reunion took place in Texico. Persons began arriving Thursday for the event.

Tommy Bledsoe, music director from the Waco Baptist Church, led group singing at the reunion, along with Mrs. Christine Norman from Albuquerque. Buffet meals were served.

with the highlight of the reunion coming when five generations were crowned.

Persons making up the five generations were Mr. and Mrs. W. H. Blackwell of Littlefield, Mrs. W. H. Young, Mrs. Frank Doshier, Harold Doshier and Harold Doshier Jr. Harry

Badger was master of ceremonies for the occasion.

Coming the longest distance for the reunion was John Young from Fresno, Calif.

All six of Mrs. Doshier's sisters were here including Mrs. Irene Alexander, Mrs. Leona Waugh, Mrs. Ruby Bledsoe, Mrs. Edna Ware, Mrs. Nadine Harris and Joe Helen Badger.

Moving pictures were shown on Sunday evening to end the reunion.

Post-Nuptial Shower Given For Mrs. Robert Mehler

A post-nuptial coffee was given Saturday morning for Mrs. Robert Mehler, nee Nancy Aldridge, in the parlor of the Hamlin Memorial Methodist Church.

A Hallmark bride doll surrounded by a garland of rosebuds centered the white linen covered serving table. A gold coffee service and white napkins completed the table decor.

Cut flowers arranged in a Madonna were placed on the piano, and other bouquets were placed throughout the room.

Serving party rolls and coffee were Misses Susan Birdsong and Mary and Martha Coffey.

Hostesses for the affair were Mesdames Loyd Cain, E. E. Booth, A. D. Smith, Joe Crume, Ethel Thomas, Claud Coffey, Elmer Hargrove, Willie Williams, Sam Rundell and Don Williams.

Attending the social were Mesdames Bess Booth, Oliver Sikes, Joel White, Joe Helton, J. E. Stone, John Armstrong, Ruby Dixon, Benna Felts, Beth Howard, Ruth Burk, Jack Williams, Lenton Pool, Harry Whitley, McFarland Osborn, John Getz, Ethel Thomas, Elmer Kennedy, Jas Cox, Nell Walling, M. F. Green, Johnnie Williams, Leroy Hunton, C. J. Dooze, and Frank Rogers.

Also Susan Birdsong, Polly Birdsong, Ethel Ruth Spring, Ilene Osborn, Mrs. Lee Spring,

June Spring, Eufaula Ethridge, Marinda Sieren, Inez Wright, Eugenia Lee, Bess Mansfield, Mrs. C. C. Christian, Mrs. G. D. Anderson Jr., Mrs. Lee Meeks, Mrs. C. L. Mahaney, Lana Mahaney, Mrs. Glenn Phillips, Mrs. G. T. Watkins, Mrs. W. H. Graham Jr., and Mrs. Cecil Winegeart.

Mr. and Mrs. Leland Boyd and children of Kearney, Arizona were guests in the W. H. Graham home Friday. They also visited with friends in Bovina and Erlona, where Boyd was formerly associated with the paper.

PH Baptist Church Has New Pastor

On Sunday, June 23, ordination services were held at the First Baptist Church in Pleasant Hill for their new pastor Bro. Hugh L. Frazier. Services began at 3:00, with the ordained deacons and ministers in attendance, retiring to organize a council. Singing was led by Joe Norris from Roswell. Upon return of the council, Troy Lovett, chairman of the board of deacons, presented Bro. Frazier to the congregation and council. Earl Landtroop, associational missionary, acted as moderator, and preceded with the questioning. Mrs. Frazier was presented to the congregation by Lovett. Rev. Gerald Wascom from Trinity in Roswell gave the charge to the minister, and Rev. T. J. Gamble from Clovis brought the charge to the church.

Attending the services from out of town were Mr. and Mrs. Roland Frazier, from Roswell, Lindel and Romelda Frazier, Mr. and Mrs. B. A. Coon and children, Mr. and Mrs. Herman Person and sons, Mr. and Mrs. Harry Lamkin Jr., Mrs. H. B. Lamkin, Mr. and Mrs. Joe Morris and family and Rev. Gerald Wascom.

Mrs. Kittle Bea Whitten of Amarillo was a guest in the James Craig home last week. Mrs. Whitten is the mother of Mrs. Craig.

Mr. and Mrs. H. T. Edwards returned recently from a tour of the Western United States. The family left here on June 1, and visited in the home of the Frank Doshers Jr., in Hilger, Montana, before touring Glacier National Park, and visiting in Canada, Montana, Idaho, Utah and other western states.

Equalization Board To Meet

The equalization board of the Farwell Independent School district will meet Monday and Tuesday mornings, July 10 and 11, at 9 a. m. at the city hall.

Taxpayers with questions pertaining to the assessed valuation of their property and the tax structure are invited to appear before the board.

There will be no increase in the tax this year which is \$2.01 per \$100 valuation. The rate was increased 10¢ in 1959 to meet cost of the new elementary building.

Serving on the board are G. T. Watkins, L. L. Norton and A. W. Gober, chairman.

Hoppers--

tombs of the pharaohs, the shrines of the pre-Christian worlds, and countless caves were covered with messages that are a link between the present and the distant past. As a boy I tried my luck at the water tower and the bus barn door. These were bold, exciting moments, I felt as if I were leaving something for posterity.

But now that I have mellowed with the years and think back on the great moments of inspiration and expression, I admit that my finest hour was when I carved my name in the hard oak wood of a stained desk top in the fourth grade at Farwell.

The teacher, a Mrs. Beene, sentenced me to 45 minutes in the corner, as I recall. It was well worth the price.

Visiting in the Milton Henson home this week are her brother and family, Major and Mrs. M. W. (Pete) Hanna, Judy and Jean. The Hannas are enroute to Columbus, Ohio, where he will be stationed, from Orlando, Fla.

Spending the weekend at Cowles, New Mexico were Mr. and Mrs. Billy Watts and Cindy, Dr. and Mrs. Charles Lewis and daughter, and Dr. and Mrs. Richard Gaines and son.

40 Sign For Youth Program

Approximately 40 boys are participating in the summer youth program which is being sponsored by the Texico-Farwell Lions club.

Activities in the program include little league and pee wee baseball, with other activities tentatively scheduled to take place later in the summer.

Members of the ball teams have played practice games at their practice sessions during the week, but have not played another team this far in the season.

Cecil Dykes is the program supervisor for the summer activities.

300 Attend--

Among other out-of-community persons attending were Mr. and Mrs. W. P. Smith and Martha, Waxahachie; Mrs. Alta Smith, Sweetwater; Mrs. Lee Sudderth, Bovina; Mrs. J. O. Ford, Farwell; Mr. and Mrs. John Keiffer, Helena, Okla; Mrs. Tom Massongil, Long Beach, Calif.; Mr. and Mrs. J. R. Turellington, Clovis; Mrs. Jack Erwin, Garden Grove, Calif.; Rev. and Mrs. Jimmy McGuire, Floydada; Mr. and Mrs. Hoyt Brown and Charlie Summers, Clovis; Mr. and Mrs. W. I. Rundell, Walnut Springs; and Mr. and Mrs. Clyde Massongil and daughter, Long Beach, Calif.

Following a basket supper, officers for the community organization were elected. Clarence Johnson will serve as president, Jeter Garner is secretary, and Neil Stewart, treasurer.

A fireworks display directed by Thomas Young and Wayne Hardage ended the days activities.
