Deryl Coker Named New County Agent

DERYL L. COKER . . . County Agent

Parmer County has a new county agent.

Deryl L. Coker, who has served as assistant agent of Hockley County for the past four years and 10 months, will begin his duties here September 25. He was here from Levelland Monday.

Coker succeeds Joe W. Jones, who had served this county for the past 11 1/2 years. Jones resigned the position to join the staff of the Security State Bank in Farwell.

Also here Monday was W. W. Grisham, district agent of Amarillo, who serves District 1. The new county agent was born in Cheyenne, Okla. and completed high school there. He attended Oklahoma A&M College at Stillwater where his major was animal husbandry and he spent two years in the Army. He served at Ft. Sill and in Alaska.

After his release from service, Coker worked for the extension service of Texas A&M College before going to Levelland.

Coker is married and he and his wife, Peggy, are the parents of three children, Tonya, 6, Doyle, 5, and Dewayne, 3. Mrs. Coker was reared in Lubbock. They are members of the Baptist Church.

Asked about the procedure in selecting the county agent, Grisham said that he recommends qualified persons to the County Commissioners Court, and the court then hires the agent in cooperation with the extension service.

My luck is the kind that if I had a suit with two pairs of pants, I would tear a hole in the coat, but things are really looking up for me this week. In fact, I feel like I really have the world on a string.

A couple of weeks ago an inquiry came in the mail from an out-of-state firm. It was a form we were supposed to fill out, and in it were some questions about an account at First Federal in Clovis. It gave the account number, balance, and all that. From what the wife and I could figure, the information they asked for was supposed to be a check from an auditing firm for bookkeeping purposes.

Anyway, the questions they asked didn't make sense to us, so the wife, who tends to all money matters, as you might suspect, hustled over to Clovis to see what was up.

It turned out that there was a savings account in my name at First Federal, and that there was a \$90-plus balance in it. It had been sitting there for years. So help me, I don't recall ever having opened this account, but there it was as big as day.

This is really manna from heaven. The things that I am enjoying the most is that I personally put this money in the account several years ago, and was careful not to let anybody else's name get associated with it. The net result is that this \$90-plus is not only morally, but legally, all mine. Nope, not even the wife can get at it. She doesn't have her name on the little card.

Of course she came back with mixed emotions. She reported the results to me and was glad to know that the family fortunes were increased several score dollars quite unexpectedly, but it frustrated her not being able to get her hands on the money. It's all mine, says the boss at First Federal.

I have been in places where a businessman would have a frame up on his office wall, and in it was supposed to be the first dollar he ever made. Or, sometimes he would have under glass an uncashed check from one of his buddies that represented the pay-off on a bet. In other words, he would preserve money he enjoyed seeing more then spending.

I feel sort of the same way about this 90 bucks. Just knowing it is over there and that I can get it any time I want to is a great feeling to have. I believe this is the emotion the life insurance salesmen call "security" or something like that.

Besides, with liquid funds like those on tap, I believe I will be in a lot better bargaining position next time we set up the family budget, which won't be very long from now.

For three years now the wife has had me on a \$10 a week allowance, and with inflation the way it is today, I believe I'm entitled to a cost-of-living increase.

If she knows that I can get hold of some spending money whether she lets me have it or not, this should loosen her up a little on the family purse-strings.

THREE BIRTHDAYS IN THREE DAYS FOR LANGFORDS

Birthday parties will require unusual planning in the Leon Langford family in a few years, with the arrival of the third child this week, to space the ages of the children two years and one day apart in all instances.

The new arrival, little Miss Leone Annette, was born Sept. 12 and weighed 7 lb. 13 oz. Her birthday follows the sequence set by the other little Langfords. Jacqueline was born Sept. 10, 1957; on Sept. 11 two years later, Russ was born; and now after another two years, the new baby was born, on Sept. 12, naturally.

Grandparents are the Elmer Langfords of Pleasant Hill and the H. H. Kelseos of Bovina.

Department Lauds Water Company

A verbal pat on the back has been received by officials of the Farwell Waterworks System from Charles A. Schaefer, senior engineer of the division of sanitary engineering of the Department of Health of Texas.

According to a letter received by G. D. Anderson, president, V. T. Hancock Jr., health department representative, made a sanitary survey of the water supply system here.

Schaefer comments: "We were pleased to note from our representatives report that the water system is being operated in a satisfactory manner and that the equipment and surrounding areas are maintained in an excellent condition and present an attractive appearance. We feel that the proper officials are to be complimented for their interests in the provision of public water system facilities meeting high standards of maintenance and operation."

Schaefer also requested that monthly reports of the waterworks operation showing pumpages and other operational data be compiled and a copy submitted to the Division of Sanitary Engineering of the Department of Health. He also asked that efforts be made to obtain copies of the water well geological formations and material setting data which should be placed on permanent file in the Utility office for future reference.

Copies of the letter were mailed to Sam Aldridge, mayor; V. C. Venable, water superintendent; Paul Spring, Parmer County Health officer; and W. D. Power, Region 1.

Grade Teachers Set Meetings

The elementary teachers of Farwell Schools met Tuesday afternoon to reorganize for the school year with Mrs. Lenora Tatum presiding. Mrs. Elsie Cain was named president and Mrs. Hattie Boling as secretary.

Teachers will be responsible for the use and care of the library this year as there will be no library-trained assistance. Mrs. Margaret Kennedy was appointed to serve as coordinator for this work.

Mrs. Janice Dew and Mrs. Elsie Cain, first grade teachers, will be refreshment hostesses for the next meeting, Oct. 10.

Texico PTA Begins Year

Committee heads were named, teachers were introduced and a film on cystic fibrosis was shown when members of the Texico P-TA held their first meeting of the new year. A watermelon feast preceded the business session and program.

Heading the committees are: Mrs. Joe Helton, program; Mrs. Elmer Teel, publicity; C. H. Webb, budget and finance; Mrs. Murray White, membership; Mrs. Bud Pearce, hospitality; Ed Combs, magazine and publicity; Mrs. Floyd Lofton, historian.

Mrs. Pearce introduced the teachers and each instructor then reviewed his or her work in Texico Schools. Buck Doran, superintendent, presented a report on a workshop which he recently attended. Dues were also discussed.

Next meeting is slated for October 2.

United Fund To Kick Off Drive Oct. 2

Texico citizens are reminded of the United Fund drive which has been set for October 2 through November 4, says Melvin Burns, Texico representative to the Curry County board of directors. Goal for the county is \$63,260.

The drive, which is a one-package contribution opportunity for nine worthy causes, is designed to give citizens a chance to give one check instead of having several different drives.

Mrs. Elmer Teel is fund chairman and will select captains and workers for the undertaking. Contributors will be given a sticker when their donations are given. The drive will be made through personal contact, says Burns. No cards will be mailed.

Included in the United Fund are Red Cross, Salvation Army, T. B. Association, Boys Ranch, Disabled Children, Curry County Polio, Girl Scouts, Boy Scouts and Mental Health. Burns emphasizes that of particular interest to Texico citizens should be that two Brownie Girl Scout troops are planned in the near future in Texico, and aid can be expected from the Fund.

Work Day Set By Juniors

A work day will be a money-making project for members of Farwell Junior class Saturday, beginning at 9 a.m. Anyone wishing to hire class members are asked to call Clifford Nicholson or any member of the junior class.

The students will do house work, yard work, and will have a car wash set up at the school in front of the gym.

First Rummage Sale Sept. 23

On the agenda for the fall season are the annual rummage sales sponsored by Theta Rho chapter of ESA, with the first sale planned for Sept. 23, Mrs. Pike Jordan, president of the group, states.

As has been customary in past years, the sales are slated each Saturday, with the place to be announced later. Times have been set for 4-7.

Mrs. Jordan urges local residents who have items to donate, to call her or any ESA member in the next two weeks. Clothing, household items, dishes and almost anything that is usable is needed, she adds.

MISS JANICE PRINCE

Miss Prince In Contest

Miss Janice Prince, 15-year-old daughter of Mr. and Mrs. Bill Prince of Farwell, participated in the Maize Days queen contest at Friona last night (Thursday) at the Friona High School auditorium.

She appeared on Cotton John's program over KGNC-TV Saturday. Her sponsor is KZOL, Farwell radio station. Miss Prince is a Farwell sophomore and is serving as head majorette with the band. She is reporter for her class and is FHA parliamentarian.

Texico Baptist Church Sets Fall Revival

An evangelist from Oklahoma and a singer from New Mexico will be here next week, when the revival at First Baptist Church in Texico is scheduled, says Rev. O. E. Brantley, pastor.

The meeting begins September 17 and ends the 24th, and is scheduled twice daily, at 7 a. m. and at 8 p. m.

Tom Cox, evangelist, is pastor of Latita Baptist Church in Pumpkin Center, Okla. He was educated in Ft. Worth Public Schools and attended Decatur Baptist College and Texas Wesleyan College in Ft. Worth.

Joe Jones, singer, lives in Dora, N. M. and is presently enrolled at Eastern New Mexico University in Portales. He was formerly a student at Oklahoma Baptist University, says Rev. Brantley. Presently, he is music director at First Baptist Church in Dora.

Daily prayer meetings, sponsored by the WMU, are now held at the local church, from 4-5 p. m., the pastor adds.

Firm Hired To Sell Bonds

Members of the Texico School board have hired Quinn and Co., investment bankers, to take over the bond issue for the new proposed school building. The firm will be in charge of the legal procedure involved in selling the bonds.

The architect is now working on the plans for the building, says Buck Doran, Texico superintendent.

Steers Meet Lazbuddie In Home Opener Tonight

Farwell's Steers, minus three regular backfield starters, will be seeking their third win of the season tonight when they entertain the Lazbuddie Longhorns in the home opener. Game time is 8 p. m.

The Farwell offensive machine, which has been a disappointment thus far this season, will be handicapped more than ever this week due to a high toll of injuries.

Three regular starters who will not even suit up for the game are Quarterback Leon Lovelace, who suffered a pulled groin in the Bovina game; Halfback Danny Lindop, who received a bruised hip in the game; and Fullback Joe Reed, who hurt his ankle in workouts this week.

"We've had six serious injuries this year, and not one of them have been of the contact variety," said Coach Dempsey Alexander, who was singing the blues this week. Most all of the accidents have been of a freak nature.

Even though the Steers will be minus three

starters, the offensive unit will receive a boost with the return of Jerry Lovelace, who missed the first two games because of a hand injury.

Joining Lovelace in the backfield will be Max Field, quarterback, and William Dannheim and Mike Nelson, halfbacks. Both Field and Nelson are regular ends.

The starting line will be the same as it has in the first two games, with the exception of left end, where Ricky Cooper will be starting in place of Field.

The Lazbuddie team this year has split two games, defeating Wilson and losing to New Deal. Despite losing heavily by graduation from last year's district championship squad, the Longhorns still have a "fair" team and may give the Steers plenty of trouble.

Again, Farwell's offense will be the key to the game. The defense has been coming along well, but in both the Friona and Bovina games, the offense had trouble jelling.

Pee Wee Season To Begin Saturday

Football fans will have a chance to observe a "first" in area sports, when for the first time in history, a Pee Wee football team is fielded by Texico-Farwell and begins season play.

The first exhibition game is planned at 10:30 Texas Time at Bell Park in Clovis Saturday, and Bill Prince urges all local fans to be on hand to kick off the season for the small fry teams. Sam Aldridge, Farwell mayor, and Joe Helton, Texico mayor, have been asked to help open festivities.

Six teams are included in the Plains Junior football league, two from Texico-Farwell. Team names are the Calves and Yearlings from here; the Indians, Bears and Bombers from Clovis and the Cannon Eagles.

In the exhibition games Saturday, the Calves vs. Indians, Eagles vs. Bears and Yearlings vs. Bombers. Plans are for one of the local teams to play here each Saturday, with the other team playing out of town.

Coaching the Calves are Johnny Green and Glenn Phillips and Yearling mentors are Don Williams and Harry Sheets.

Murlene Smith Picks Nine Correct Games

The women swept the series the first week of the Farwell businesses cotton bowl football contest, getting the jump on the 106 armchair quarterbacks who submitted entries.

Mrs. Murlene Smith turned in the top entry by picking all the winners correctly. Being in the winner's category is nothing new in the Smith family. Her husband, Loyd, led the contest for several weeks last year until the last two weeks, when he went along with the favored teams in the weekend games and lost out because of several major upsets.

Mrs. Smith was optimistic about the outcome of the Farwell-Bovina game, guessing that score as 40-0. Mrs. Smith is a housewife. Second and third place winners, Beverley Cassidy of Texico and Mrs. Albert Johnson of Farwell each picked eight winners, but Miss Cassidy came closer to the actual score on the tie breaker.

Miss Cassidy guessed the Farwell-Bovina score at 13-0 and the actual tally was 6-0. Mrs. Johnson guessed the score to be 20-0. Mrs. Johnson, who has resided in the community a little over a year, was the win-

Harvey Grimes puts a hand on the smallest of three squashes grown in his garden in Farwell. The left one weighed 3 lbs., the one in the middle which is actually only one although it has the appearance of two, tipped the scales at 6 lbs. The third weighed 4 lbs. Grimes observes that this area is a good place to grow things as he adds "This is the best farming country I've ever been in and I've been in several--and we have as good a people here as anywhere in the country."

Texico FFA Boys Get Ready For Trip To State Fair

It's off to the fair for several members of the Texico FFA chapter and their sponsor, James Pierce. The boys will show animals at the state fair in Albuquerque next week, and the past few days have been busy ones as they make preparations for the trip.

Ronnie Curry, Richard Ridings and James Hutson left Thursday with two loads of animals for competition and Pierce and the other boys plan to leave this afternoon (Friday) after school. They will remain in Albuquerque next week. Claude Curry accompanied the first three boys.

Also, the boys will build a display booth at the fair, using the theme "It's not what's on the Tag, it's what's in the Bag

that Counts." The booth will be in competition with other entries from over the state. It placed second at Curry County fair last week, with Melrose taking first.

Boys taking entries to Albuquerque include: Riding, 12 head of Berkshire hogs, 3 Chesterwhite barrows and 1 Poland gilt; Lonnie Curry, 3 Poland Chinas and 1 Chesterwhite boar; Ronnie Curry, 2 Chesterwhite barrows, 2 Chesterwhite gilts and 1 Hampshire barrow;

Gary Skaggs, Hereford calf; Allan Hill, 2 Berkshires and 1 Hampshire, barrows; Billy Campbell, 2 Hampshire barrows; Skippy Tipton, 2 Poland China gilts; James Hutson, 2 Poland China gilts; and Leon Kelley, 2 Poland China barrows.

The boys showed the above animals in the Curry County fair, the boys from the Texico chapter took home about \$300 in prize money, says Pierce. He feels that the chapter did as good and possibly better at the fair than in past years. Also showing animals at the Curry fair were Scott Kirby, a Chesterwhite sow and Mike Spearman, a Hereford fat steer. A sale at Farmers and Ranchers for animals that weren't to be taken to the state fair, resulted in an average price of 30¢ to 49¢ for fat calves.

Gary Skaggs took second place in showmanship of beef cattle at the Curry fair, Pierce adds.

Texas Stations Test Atomic Fallout

AUSTIN, Tex.--Radioactive fallout is under close scrutiny at Texas' two testing stations in Austin and El Paso.

Resumption of nuclear testing by the Soviet Union brought on the 24-hour-a-day shift atop the State Health Department building in Austin where sampling devices, working like vacuum cleaners, pull jet

streams of air through a filter to measure fallout.

During the four year nuclear test ban, radioactivity got progressively lower. Before the tests were stopped, engineers said it was 50 to 100 times higher. They expect results of Russian shots to begin showing up here within the next few days.

Meanwhile, Gov. Price Daniel

announced a survey is being launched in Texas to make fallout shelter space available over the state. He said Col. R. Paul West of the U.S. Army Engineers at Fort Worth, who has been assigned to survey, will work in coordination with the State Civil Defense and Disaster Relief Division and local civil defense officials.

Survey is part of a national program to locate possible fallout shelter space in existing buildings, tunnels and other protected areas.

POULTRY INDUSTRY IN TROUBLE--Texas Agriculture Commissioner John C. White organized a conference of southern Agriculture Commissioners in Atlanta, Ga., to "seek ways and means to help save the poultry industry."

White said they will attempt to find ways to relieve the current "disastrous poultry prices which are at the lowest point in the history of commercial broiler production."

"This is not just a local situation in Texas," White said. "The entire national broiler industry is suffering from a price depression."

He reported poultry prices dropped in the past week to as low as 10.5 cents per pound, or as much as five cents below cost for many producers.

Meanwhile, the Attorney Gen-

eral's Department is studying the record of a special court of inquiry to determine if anti-trust violations are involved in the price decline.

Witnesses testified the trouble is overproduction. Actually the overproduction is not in Texas but in the 21 other broiler producing states.

Phil Friberg, manager of the Western Hatcheries in Gonzales, said 50 per cent of Texas' broiler producers will be out of business if something doesn't happen.

Atty. Gen. Will Wilson wants to determine if "there is any effort to price the Texas poultry producer out of business."

PADRE ISLAND STUDY ORDERED--Governor Daniel has taken up Land Commissioner Jerry Sadler's recommendation that a feasibility study be made to determine whether Padre Island beaches should be turned

into a state park area.

Sadler said the Governor agreed to appoint a statewide committee with instructions to report quickly. The long, slender island, a potential playground paradise, has been the center of controversy since it was proposed that a large portion of it be turned over to the federal government for a national park area.

LOAN COMPANIES CLEARED OF ANTI-TRUST CHARGE--A civil anti-trust suit alleging 31 loan companies conspired to push punitive small loan laws through the Texas Legislature has been dismissed by Federal Judge Ben Rice Jr. in Austin.

Suit, filed by J. L. House Jr. who operates a small loan business in Waco and other cities, charged that large Texas and out-of-state loan companies conspired to secure enactment of laws that would "destroy the

small loan business of the plaintiff and all others similarly situated."

Judge Rice held the allegations did not show sufficient cause against the defendant companies to warrant a court trial.

OIL PRICES HIT--Governor Daniel joined independent producers in pleas for action to stem the tide of falling Texas crude oil prices.

"In view of rising equipment and operating costs, crude purchasers should be thinking of some price increase," he said. "Domestic crude oil is long overdue for more realistic prices if needed exploration is to be stimulated. Lower prices, combined with a stringent law allowable pattern in Texas, will continue to aggravate the problem of the domestic oil producing industry. This, together with excessive foreign oil imports, some of them by the price-cutting companies, will hamstring the domestic industry and the producing states."

"I hope these and other purchasers will consider the plight of the domestic industry in their future actions," he concluded.

The president of the Texas Independent Producers and Royalty Owners Association, James F. West, said a personal appeal is being made to the heads of purchasing companies "in hope that common sense will assert itself."

PAPER BACKS IN SCHOOL?--State Board of Education has launched a study into the question of how much could be saved by using paper-back books in schools, and whether it would be worth it.

"We can't say what the savings will be until the study is made," State Education Commissioner J. W. Edgar said, "but it appears the initial savings will be considerable." He pointed out the principal cost of some books is what's inside, rather than the materials used.

Board authorized the Texas Education Agency to start by asking bids on both soft cover and hard cover editions of one textbook -- Vocal Music for seventh and eighth grades. It also authorized the agency to have a qualified laboratory test the

wearability of paper backs against hard covers and submit findings.

DEMOCRAT TURNS REPUBLICAN--Jack Cox of Breckenridge, former member of the Texas House of Representatives who ran as a democrat for Governor in 1960, announced he is enlisting in the Republican Party "as a huck private."

"I can no longer support nor be a part of the Democratic Party under its present leadership and political platforms," he said. "And I shall immediately exercise my constitutional privilege of pledging my efforts and dedicating whatever abilities I may have to assist the Republican Party in its fight to restore constitutional government."

He said he will gladly serve the party of his new choice "in any capacity, no matter how small."

But he left the door open to run for Governor again. He polled some 620,000 votes in a two-man race that Governor Daniel won with 909,000 votes in 1960.

ROAD MAINTENANCE FUNDS NEEDED--State Highway Commission is asking more flexibility in use of funds for maintenance of Farm-to-Market roads.

Problem today is adequate maintenance, improvement and reconstruction of roads already built. Therefore, a portion of the total F-M earmarked funds must be spent for maintenance.

Governor Daniel vetoed the earmarked construction funds for the second year of the new biennium as a step in this direction. The Highway Department expects legislation to be introduced at the coming special session to finish the job.

SHORT SNORTS
About a nickel a day --that's what tax experts figure the new sales tax will cost the average

Texan whose income is figured in the three-to-four-thousand-dollar bracket.

State Treasurer Jesse James reports a slump of \$57,746 in August sales of cigarette tax stamps.

H.S. (Hank) Brown, president of the Texas AFL-CIO, predicts the Texas sales tax "will retire more legislators than ever before in history." He predicted "Texas will not take this tax."

State draft quota for October, calling for 911 men, is 201 less than September call. State Selective Service Director Morris Schwartz reports 6,002 men will be given pre-induction examinations in October.

"School Traffic Safety Week" has been designed as September 18-22 by Governor Daniel, who appeals for "vigorous traffic safety programs" throughout the state.

Labor Day weekend was the safest in Texas since 1946 with only 19 fatalities recorded by Department of Public Safety against expected 30. There were 17 for comparable period in 1946.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

Hospital Notes

E. A. Hughes is still confined to the Veterans Hospital in Amarillo, according to word from friends. He has been hospitalized there for three months, and his wife has been at his bedside.

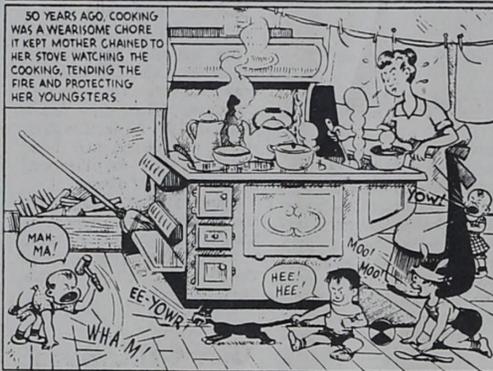

The local man would appreciate cards or letters from his friends at: Veteran's Hospital, 2A, Room 248, Amarillo.

Gene Lovelace was a patient at the hospital in Clovis at the first of the week.

Mrs. Gene Coffman was admitted to the Clovis Hospital Tuesday night with an asthma attack. She was doing well late Wednesday.

Mrs. Willie Williams underwent major surgery Tuesday at Clovis Hospital. She was doing well Thursday.

THE CHANGING SCENE

Football Contest--

point differences in score. The average guess was four touchdowns to one.

There are still nine weeks to go, so everyone still has a chance at the grand prize--tickets to the January 1 Cotton Bowl game. Even if persons failed to enter the first week, there is time for participants to nab the big prize as well as the weekly cash prizes of \$5, \$3, and \$1.

Mrs. Don Williams won the contest last year and the previous season, Bunk Phillips was the top armchair quarterback.

Interest in the contest has doubled this year with twice as many contestants the first week as were counted last year. Sponsors include Helton Oil Co., Security State Bank, Sherley-Anderson Pitman Inc., AA Bowl, and Clara's Bowl Cafe, Nickels Gin, Lone Star Elevator, and Oklahoma Lane Farm Supply.

Women Have Study Group

"Churches for New Times" Blair, B. N. Graham, Joe Helton, Joe White, W. T. Magness, W. H. Graham Jr., John Tadlock, C. C. Christian, W. N. Foster, James Craig, J. A. Cox, Robert Tomlinson and McDonald.

A covered dish luncheon was held at noon.

Attending were Mesdames Joe Roark, Elmer Teel, E. G.

Wilsons Attend Special Dinner

Mr. and Mrs. Loren Wilson attended the retirement dinner honoring Mr. and Mrs. Willis Lancaster of Las Cruces Sept. 9 at Kay's Cafeteria there.

Mrs. Wilson, president of New Mexico Rural Letter Carriers, presented a corsage to the honoree with best wishes for a long and happy retirement. Seventy-two attended the function. Wilson is secretary-treasurer of the NMRLC.

Junior Pep Club Names Leaders

Julie Routon, president, directed the meeting of Farwell junior high pep squad Tuesday. Other elected officers are: Susan Blair, vice president; Diane Lovelace, secretary; Lana Gay Mahaney, treasurer; Peggy Lesly, reporter, and Sheri Roberts, historian.

First game is slated Sept. 14 at Bovina. Heading the cheerleaders is Miss Blair, with the assistance of Miss Routon, Edith Ann Walling, Debbie Morpheu, Sheri Roberts and Joyce Kay Watts. Sponsor is Mrs. A. C. Clark.

Mr. and Mrs. A. E. Dennis and daughter and Mr. and Mrs. Jerry Dennis and son were in Brownwood over the weekend to attend funeral services for their grandmother.

Salad Supper Set Monday

A salad supper is scheduled to begin the year for the members of the Farwell Study Club. A program on "The Advantages of Federation" will follow the supper Monday night at the Farwell home economics cottage. Meeting time is 7 o'clock in the evening.

Hostess committee is headed by Mrs. M. C. Roberts and Mrs. M. A. Snider and Mrs. T. J. Glenn. They urge all members to attend and to bring a guest, says Mrs. Lucille Brittain, reporter.

Lisa Kay Joins Norton Family

Mr. and Mrs. James Norton are parents of a daughter born Tuesday at Farmer County Community Hospital in Friona. The 8 lb. 2 oz. girl has been named Lisa Kaye.

Maternal grandparents are Mr. and Mrs. Garvin Thorn of Lazbuddie and paternal grandparents are Mr. and Mrs. L. L. Norton. The Nortons have two other children, Jimmie and Penny.

This is a big week for the college set. In fact, most of the young people left for various schools over the weekend or the first of the week. I don't know how many young people from Texico-Farwell will be enrolled in college this year, but the count should be a high percentage.

Mothers who have daughters in this group have been grumbling about the fashion wizards who have caused them to spend many hours shortening hems to coincide with the new length.

Corky Cain made me very happy when he rushed in to subscribe to The Tribune before leaving town. He didn't want to miss any of the hometown news. He also told me he is seriously considering majoring in Journalism. I liked that idea too.

Incidentally, you can send the Tribune to that college youngster for nine months for \$3. There is nothing that takes the place of news from home.

The little boys have been enjoying home-grown watermelon this week, thanks to Mr. and Mrs. E. E. Booth. There's a special thrill in knowing that the melon came from the garden of their friends right here in town. The Booths also shared their tomatoes with the Grahams.

I have a note from Mrs. Margaret Harper, president of Texas Panhandle Heritage Foundation at Canyon inviting anyone interested to the next meeting of the group Sunday, the 17th, in the Branding Iron Theatre on the W. T. campus in Canyon. She especially urges attendance of "some of your Farwell people."

Actually, purpose of the Foundation is to produce an outdoor historical play, based on history of this area. The "symphonic drama will be staged in a permanent outdoor theatre in Palo Duro Canyon. Hopes are to produce the play for 60 nights in the summer of 1962 or 1963.

Everyone who buys a Founder's Week ticket will be a member of the Foundation for the first year and will be listed as one of the Pioneer supporters of the plan.

Mr. and Mrs. Felix Winegeart of Texico were in Amarillo to attend the annual Boys Ranch Rodeo. They toured the Ranch and returned home with pictures of the buildings and other areas of interest on the Ranch.

ESA Begins Plans For Year Monday

Plans for the new year for Theta Rho chapter of ESA were begun when the group met in the home of Mrs. Pike Jordan, president, Monday evening. Yearbooks were distributed by educational director, Mrs. M. C. Roberts.

First on the agenda for discussion was the annual visit of Santa to Texico-Farwell, which is sponsored by the group. Contemplated changes in the promotion were discussed and approved.

Money-making ideas were discussed and members decided to sell candles, and to hold a give-away of Miss ESA, a doll with a full wardrobe. This project has been sponsored by the group in the past. Also, dates for annual rummage sales were set, with September 23, Sept. 30 and Oct. 7, planned as dates for the event.

Council meeting was announced for October 8 in Farmington.

Mrs. Jordan served apple pie and ice cream with coffee or pop to Mesdames Joe Helton, W. H. Graham, Ted Magness, Frank Pritchett, Mitz Walling, Gilbert Watkins, Bert Williams, Joe Jones, John Getz, M. C. Roberts and Wilma Liner. Special guest was Mrs. Ila Dozier of Greenville, who is a sister of Mrs. Roberts.

Son Born To Durb Kittrells

Mr. and Mrs. Durb Kittrell of Lawndale, Calif. are the parents of a son, Sandy Don, born Thursday. The little fellow weighed 7 lb. 14 oz. The Kittrells, who are former local residents, have one other son, Gary Jay, who is three.

Maternal grandparents are the Everette Christians of Santa Monica, Calif. and Mr. and Mrs. T. P. Kittrell of this community. The mother is the former Billie Christian.

Girls 4-H Groups Name Officers

Farwell 4-H groups have been divided with the senior group including girls in the sixth grade and above and the junior group including younger members.

Reba Lesly has been named president of the seniors. Aiding her are Vicky Kaltwasser, vice president; Janis Billingsley, secretary; Peggy Lesly, reporter; Viane Lesly, recreation; Kathryn Gober, council delegate; and Mary Coffey, parliamentarian.

Junior officers are: Cheryl Kaltwasser, president; Camilla Hobbs, vice president; Sharon Garrett, secretary; Sheila Garner, reporter; Lois Craig, recreation; Regina Rundell, council delegate.

Seniors meet the second Monday of each month with another meeting set for groups by each leader. Peggy Lesly, reporter, also asks that junior mothers volunteer to lead 4-H groups.

Leaders of the senior groups are: Mrs. U. L. Lesly, Mrs. Claude Coffey, Mrs. Leon Billingsley and Mrs. Walter Kaltwasser.

Interest in achievement work has been exceptional this year says Mrs. Lesly, as she reveals that 40 record book entries have been entered in this phase by the girls. Boys submitted 43 entries.

Lullaby Shower Fetes Mrs. Boling

A tall stork figurine standing amid gaily wrapped packages with a package-filled bassinet in the foreground, formed the decorative motif for the lullaby shower honoring Mrs. Bill Boling Thursday evening.

The courtesy was held in the undercroft of the Texico Baptist Church with members of the Companion Sunday School Class as hostesses.

Further accenting the colors of pink and blue was the gift table covered in blue and the serving table covered with a lace cloth over blue. Crepe paper streamers of pink and blue were entwined to form ropes from the ceiling to the bassinet. Crystal appointments were used with pink napkins to complete the theme.

Mrs. Truman Kittrell and Mrs. T. J. Kittrell presided at the serving table and Mrs. Bud Pearce presented the program and directed games.

Mrs. Boling and her mother and mother-in-law, Mrs. S. G. Jones and Mrs. John Boling, were given corsages fashioned from nursery items.

Others attending and sending gifts were: Mrs. N. R. Jones and Linda of Hereford and Mrs. A. L. Burchel of Morton; also Mesdames Dora Johnson, Tena Roth, John Zahn, W. H. Graham Jr., John Lockhart, Jess Hicks, T. R. Richey; Mesdames Clara Belle Smith and Kathleen, Margaret White, Nora Day, Allie Burriss, Olan Schlueter, Judge Stone, Guy Cox, Pat Webb, Letha Morris, Rada Winkles, Helen Bowers, John Hill, Charlotte Pierce, F. S. Thigpen, Mary Lyn London, B. A. Kelley, D. J. Brown, Olena Wilkinson, Mabel Reynolds, Dorothy Camp and the Companion Class.

"Whither Thou Goest." Miss Doris Donaldson also sang a solo "Wedding Prayer."

Mrs. Weese, mother of the bride, wore a two-piece suit with a tiny black and white check design, with black and white accessories and a corsage of white carnations. Mrs. Carpenter chose a royal blue wool sheath accented by a feather crown hat. Her corsage was white carnations.

A reception was held in the fellowship hall of the church with Laura Mae Weese and Jo Ann Weese, sisters-in-law of the bride, presiding at the serving table. The three-tiered traditional cake was topped with miniature bridal figurines and was served with wedding punch.

The white lace cloth over pink featured a floral centerpiece of pink and white button dahlias.

For traveling, Mrs. Carpenter selected a brown wool suit with a corsage of white roses. Her accessories were orange. After a wedding trip to St. Louis, Mo., the young couple will be at home at 1809 1st. Ave., Canyon.

The bride was graduated from Higgins High School and has been attending West Texas State College with a major in physical education. The bridegroom was graduated from Farwell Schools and is also a student at West Texas where he will receive his degree in January with a major in math. He is a 2nd Lt. in the ROTC there.

Circle Sets Urgent Meet

Several important business items are planned for discussion Tuesday night when the Grace Circle of the WSCS of the Methodist Church meets, and it is urgent that members are present, says Mrs. Joe Helton.

The session is set in the church parlor at 8 p.m. Mrs. Joe Roark will direct the program.

Beemers Have A Daughter

Mr. and Mrs. Marvin Beemer are the parents of a new daughter born Sept. 12 at Saranac, Michigan, where they now reside. They formerly lived in Texico. The new baby weighed 9 lb. 11 oz. and is the third child for the couple.

Their older daughter, Donna, is 4 and Mickey is 3 years old. Mr. and Mrs. Almer Powell of Farwell are grandparents.

Variety Members To Bring Work

Mrs. George Lindrop will be hostess to members of the Variety Club Sept. 20 at her home. Each member is asked to bring her own work.

However, those who wish to work on bird cages are asked to bring their own coat hangers.

Texico Club Plans Supper

A salad supper is slated Monday night to kick off the club year for members of Texico Woman's Club, says Mrs. Elmer Teel. The meeting is planned at the Woman's Club building at 8 p.m.

Homer Fears and family were guests of Mr. and Mrs. G. W. Atchley last week. Mr. Fears is a brother of the local woman. The family resides in Port Arthur.

Carpenter Marries Miss Weese At Higgins

The Methodist Church in Higgins was the setting for the September 2 wedding of Miss Kay Weese and Harold Don (Donnie) Carpenter. The bride is the daughter of Mr. and Mrs. Willard J. Weese of White Deer and the bridegroom is the son of Mr. and Mrs. Harold W. Carpenter of this community.

Mr. Henson of Abilene was officiating clergyman. He is also a former resident of Farwell and a former schoolmate of the bridegroom.

The double ring vows were read before an altar flanked by tall wicker baskets holding bouquets of pink and white gladioli.

Larry Cooper of Dallas served his friend as best man and Winford Cates of Canyon was groomsmen. Ushers were Powell Foster of Clovis and Glen Watkins of Rt. 3, Muleshoe.

Attending the bride was Miss Kay Bussard as maid-of-honor and Miss Mary Sue Thomas, bridesmaid. Both reside in Higgins. Little Miss Kathy Weese, niece of the bride, was flower girl and ringbearer was Linden Weese, brother of the bride.

Given in marriage by her father, the bride chose a floor-length wedding gown of delicately patterned chandilly lace over tulle with a scoop neckline overlaid with a sweetheart lace design. The tight sleeves came to a point at the wrist and the fitted waistline extended into a billowing skirt of scalloped lace panels over frothy tiers of tulle. A fingertip length veil of illusion was attached to a dainty crown of seed pearls and irridescent. She carried a bouquet of white roses accented by feathered carnations and satin streamers.

Traditionally, something old was a six-pence given her by Mrs. Walter Kaltwasser of Farwell, new was a cultured pearl pendant given her by the bridegroom, she wore the traditional blue garter and her veil belonged to Mrs. Dean Weese, a sister-in-law.

The bride's attendants wore gowns of pink nylon over taffeta, designed with scoop necklines and trimmed with satin at the waist. They carried bouquets of pink and white pom-poms.

The organist for the wedding service was Charles Gourley and Misses Jolene, Dorris and Zelda Donaldson of Farwell, cousins of the bridegroom, sang.

News From
LAZBUDDIE

BY MRS. C. A. WATSON

FIRST FALL MEETING

Instructors of Lazbuddie Schools and parents who are new to the community were introduced by J. G. Ward, superintendent, when the PTA held the first meeting of the new school year.

Mrs. Don Schumann is president; Mrs. Junior Treider, vice-president; Mrs. Freeman Davis, secretary; and Mrs. A. E. Redwine, treasurer.

Committees include: Mrs. Jimmy Seaton and Mrs. Junior Matthews, hospitality; Mr. and Mrs. J. B. Jennings, finance; Mrs. Harvey Blackstone, Mrs. James Ward and Mary Maxwell, membership; Mrs. Clyde Monk, publicity; Mrs. Davis Gulley, Mrs. D. B. Ivy, Mrs. Harvey Blackstone and Mrs. Freeman Davis, program.

Discussion was held on civil defense participation and the possibility of a fallout shelter for the school. Next meeting is Oct. 2.

Mrs. Louella White has been elected president of Midway H. D. Club. Serving with her are Dorothy Mason, vice president; Eleigh Chitwood, treasurer; Irene Watkins, secretary; Dorothy Brown, council delegate; Alzada Gulley, parliamentarian; and Grace Young, reporter.

The group met last week in the home of Mrs. J. B. Young. Members answered roll call with "The most interesting place I have been." Mrs. White gave the council report and Elizabeth Gulley reviewed parliamentary procedure. Cookies, pop and coffee were served. Next meeting is planned Sept. 19 in the home of Laverne Carroll.

A pink and blue shower honored Mrs. Jry Runyon in the First Baptist church Friday afternoon. The pink and blue color motif was accentuated by the minute pink rosebuds and bells arranged as a centerpiece. Punch, mints, and cookies were served to 28 guests and the hostesses and many who were unable to attend, remembered the honoree with gifts.

A high chair and blanket were presented the honoree by the hostesses: Mesdames Dan Cargile, John Gammon, Mrs. Dwain Menefee, Joe Briggs, Mack Steinbock, Troy Sharrock and Elbert Nowell.

The Lazbuddie Longhorns will be pitted against the Farwell Steers Friday night in Farwell. Game time is 8 p.m. The Longhorns were topped by New Deal Friday night. The local team was near the scoring line at the end of the last quarter when time was up.

Attending a "Come as you are" breakfast Tuesday morning were Mesdames Ira Wimberley, Joe Frank Paul, Ted Treider, Dud Winders, Roy Miller, Jimmy Johnston, Bill Curry, Junior Treider, Tommy Curtis and Dorothy Wright. Mrs. Curry and Mrs. Treider prepared the waffles.

Labor Day dinner guests of Mrs. W. S. Menefee were the Paul Symes of Albuquerque, Mrs. Ruth Long and children of Hereford, the Burk McGees of Los Angeles, the Larry

An inspired herd of Bovina Mustangs battled the Farwell Steers on even terms Friday night after they had given the highly-favored team from the county seat a touchdown early in the first period.

The touchdown, which came from the throwing arm of Quarterback Leon Lovelace and was hauled in by End David Lindop, was all Farwell could muster against the determined Bovina team, but it was enough for a 6-0 victory--the seventh in a row for the Steers over their long-time rival.

For both teams, it was the second chapter of a story which started in the season openers

Treiders of Hobbs, the Jewell Treiders of Lazbuddie and the Dwain Menefees of Friona.

The Junior Treiders entertained her parents, the Charley Neeleys of Wichita, Kansas, Labor Day.

Mrs. Madelyn Fuquey and Neil left Tuesday of last week to visit friends and relatives in Sacramento.

Birthday Greetings to Linda Smith, Larry Davis, Bobby Gleason, Gayle Hawkins, Mike Hinkson and Raymond Fonseca.

Mr. and Mrs. Alford Scott were in Morrison, Ill., Tuesday to attend funeral services for Earnest Moot Hart, 64. Mr. Hart was the husband of Mr. Scott's twin sister.

The Edgar Hartleys received word of the death of their niece's husband, Mike Arnet of Roswell, 22. The young man was killed in a car accident Friday night near Roswell. The local people attended the funeral Tuesday.

Mr. and Mrs. Harvey Bass and family were Sunday dinner guests of the C. A. Watsons.

Eugene Houston and Gary Foster visited Benny Watson Sunday afternoon.

Dinner guests of the Lacy Hardages Sunday were the Wayne Hardages, the Lee Masons, Karan Jones, Billy Hardage, the Gene Sloans, the Jim Adyes. The Sloans and Adyes of Burkburnett spent the weekend there. Billy Hardage is enrolled in Hardin-Simmons of Abilene.

WMU of the First Baptist Church is holding a week of prayer beginning at 8:30 each morning at the church.

Macey Fuquey is recuperating from a farm accident. A fertilizing rig came loose from the tractor and passed over his leg.

Mr. and Mrs. Finis Jennings returned late Saturday from a trip to Colorado Springs, Denver, Cripple Creek Gold Mine and other points of interest, including Pikes Peak. Mr. and Mrs. Miles Warren of Florida accompanied them as well as Mrs. Paul Pittman of Albuquerque.

for the two clubs.

The Steers, who opened the season with a 20-0 win over Friona, were effective on defense when the chips were down, but like in the Friona game, could never get their highly-touted offensive machine in gear. It was the second straight week in which Farwell went into a game they were supposed to win with ease and had a tough time of it.

The Mustangs, who opened the season with a 14-0 loss to Class A Springlake, played well, but didn't have the horses to push across a touchdown. The loss to the Steers was the second straight time they had been shut out by a team from District 3-A.

The local people report lots of snow in the mountains. The Warrens returned here with the Jennings and left Monday for Hot Springs, Ark., where they plan to spend two weeks before returning home.

SCHOOL MENUS

Monday -- vegetable beef soup, crackers, cheese sandwiches, cake and milk.

Tuesday -- hamburger-bean casserole, buttered carrots, spinach, chocolate pudding, cornbread with butter, milk.

Wednesday -- fried chicken, butter potatoes, gravy, lime jello with pineapple and cheese, rolls with butter, milk.

Thursday -- hamburgers, potato chips, cheese slices, rice pudding, milk.

Friday -- fishsticks, tarter sauce, green beans, waldorf salad, rolls with honey, milk.

Eugene Houston and Gary Foster visited Benny Watson Sunday afternoon.

Dinner guests of the Lacy Hardages Sunday were the Wayne Hardages, the Lee Masons, Karan Jones, Billy Hardage, the Gene Sloans, the Jim Adyes. The Sloans and Adyes of Burkburnett spent the weekend there. Billy Hardage is enrolled in Hardin-Simmons of Abilene.

district 3-A.

The lone touchdown of the "rock 'em, sock 'em" contest, came the first time Farwell had the ball. Bovina had taken the opening kickoff, and after marching for one first down, was forced to punt.

The punt went high into the air, came back down, took a backward bounce and rolled dead on Bovina's 32-yard line, only four yards in front of the original line of scrimmage.

The Steers went for six yards in three plays, and then on a fourth down attempt, Lovelace dropped back and hit Lindop with an aerial in the flat, and the Steers' senior end darted over for the touchdown. The try for extra point was wide.

After that, the game turned into a hard-hitting defensive battle with neither team nearing pay dirt again in the first half.

The Steers punted three times and the Mustangs five times in the first half, but thanks to the

toe of Jerry Lovelace, who averaged 37 yards on each kick, Farwell managed to keep the ball in Bovina territory most of the time.

Statistics after the first half were about even, with the Steers having picked up 64 yards on the ground and the Mustangs 59.

It was about the same story in the second half, but the Steers did surpass the Mustangs in yardage, and they twice moved inside the five-yard line before the Mustang defense tightened up and held.

Once in the fourth quarter the Steers were stopped on the one-foot line, and later in the period were knocking on the door again.

This time they called on Fullback Jerry Lovelace, who had been sitting out most of the game because of an injured hand, but the Steer ace was stopped and the Mustangs took over, this time on the four-yard line.

Despite losing their second

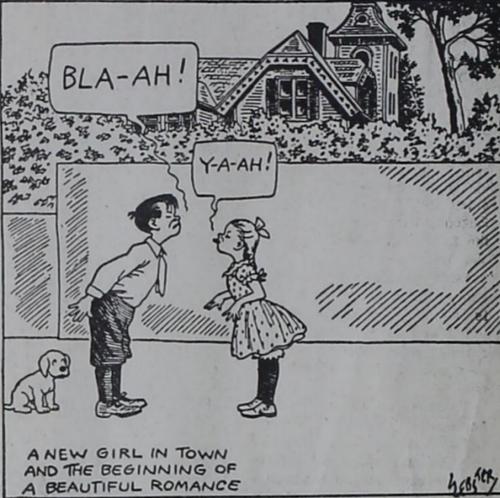

straight game, it was a moral victory for the Mustangs who went into the game as four touchdown underdogs.

For the Steers, it was the straight game in which they kept the opponent from scoring, but offensively, it was another disappointing contest.

Starting quarterback Leon Lovelace dislocated his hip when he kicked off following Farwell's first touchdown and had to join his brother on the sidelines for most of the game.

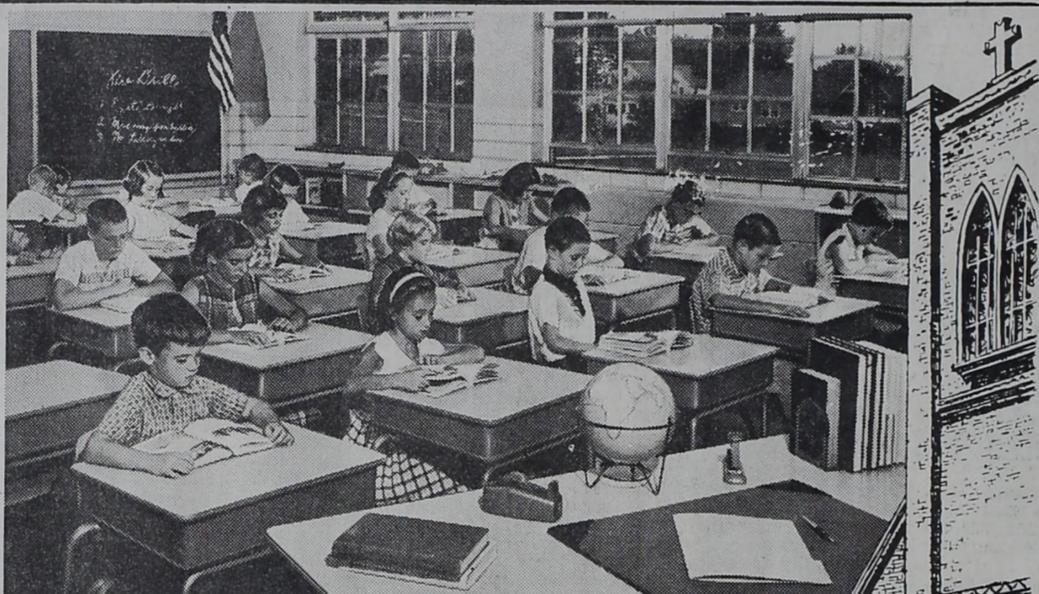

Max Field, starting end and third string quarterback, handled most of the signal calling for the Steers.

The Unquestioned Compulsion

Years ago there were many who disputed the novel idea of free and compulsory public education. The first truancy laws were opposed as infringements on liberty. But as our children return this fall to schools that will mold their growing minds--does a single parent complain? I believe in sound religious education, as well. The molding of the character should keep pace with the molding of the mind.

Naturally I never want my government to exercise compulsion in this sacred area. And my Church, while it offers a complete curriculum of religious training, does so on a free and voluntary basis. But I'm a parent! And, though I find that example and encouragement usually suffice, I'm not above telling Johnny, "YES, SON, YOU HAVE TO GO TO SUNDAY SCHOOL!" As a child begins to see the importance Faith has in our lives and in the strength of our nation... you'll be surprised how quickly this becomes an unquestioned compulsion.

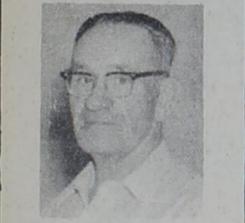

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and ready your Bible daily.

African Missionaries Visit At OL

For a family of four now visiting in the Oklahoma Lane Community, a change of pace will be noted in the next year, although their work is just beginning. Rev. and Mrs. Gene Verner and two children, Robin and Daryl, are visiting his parents, Mr. and Mrs. Walter Verner, in the Oklahoma Lane Community.

The young Verners returned to the states in June after spending three years as missionaries in Africa. Little Daryl Eugene, the newest member of the family, is three months old and was born in Africa, and doesn't realize the extent of his early travels. Robin Rae at five, is an adept conversationalist who likes to tell her grandparents and visitors about her pets and life in another country.

Rev. and Mrs. Gene Verner and children, who are visiting here from Ghana, West Africa, wear the native clothing of the country where they serve as missionaries. When the men are at work they remove the full outer garment, says Rev. Verner. A pajama-like costume is worn under the full shroud. The skirts worn by Mrs. Verner and 5-year-old Robin, are straight pieces of material wrapped around the body. The baby is Daryl, 3 months.

The Verners also plan to visit her mother, Mrs. B. F. Rieben in Bay Minette, Alabama, while they are on furlough and will fulfill speaking engagements in cooperation with the Southern Baptist Mission Board while they are in the states. They plan to remain here through the month of September, then will be back here for a visit about January.

Rev. Verner who was graduated from Oklahoma Lane in 1945, attended Texas Technological College in Lubbock for three years, then transferred to Wayland where he was graduated in 1952. It was while he was at Tech that he had decided that he wanted to become a missionary, although he had grown up in the Oklahoma Lane Baptist Church. More schooling was in store for the young man to better prepare himself for his chosen work. He went to New Orleans Baptist Seminary where he completed his Bachelor of Divinity degree in three years and achieved his Masters in Religious Education a year later, completing that phase of his work in 1956.

It was during this time that Rev. Verner met his future wife, who was a nurse there. They were introduced by mutual acquaintances.

The young couple was married at her home in Bay Minette on May 3, 1954. After completing his Masters degree, the Verners went to Bay Minette where he was Pastor of Southside Baptist Church. They had requested transfer to the foreign mission field and were appointed to Ghana April 8, 1958. In July, after many preparations, they were on their way. They served in Ghana on the old Gold Coast for the three years. Asked about language difficulties, they comment that most missionaries study the native languages while on the mission field. Their task was to learn Twi, a local language, in Kumasi. Once when several of the school laborers came to Mrs. Verner for medical treatment, she thought she told them

to take two tablets every four hours. Later she learned she had said to take two tablets every four YEARS.

The educated people in Ghana, know the English language however.

The Verners lived in a concrete block house, which was plastered and painted. Their water came from a cistern. Rain water drains into an underground tank from the roof. The water is then pumped to an overhead tank for use.

Some fresh vegetables are available in the markets and lots of fresh fruit is available. The people are very friendly, they say. They add that the Congo troubles didn't effect their area at all.

Rev. Verner was advisor for two missionary associations and traveled over Ghana and some of Nigeria. He served the Kumasi and Atehubu Baptist Associations. His responsibilities here included counselling, encouraging and assisting church pastors and other church leaders in their work.

As principal of the Ghana Baptist Seminary, a theological school, he worked in administrations, teaching and development of a new campus.

Mrs. Verner, first a housewife, is also the school nurse, teacher of music classes for the ministerial students and of a general homemaking class for their wives; counselor of the

Lydias, a missionary organization for young women; and pianist of a local church.

Mrs. Verner is not only a graduate of Mather School of Nursing, Southern Baptist Hospital, New Orleans, La., but she holds the bachelor of religious education degree from new Orleans Baptist Theological Seminary.

The next few months are to be busy ones for the young couple, but they are enjoying a time with family and friends, before they say goodbye once again for three years in their chosen home. Robin and Daryl when they return again will have more stories to tell their playmates, about such pets as bush cats, monkeys, deer, parrots and other unusual animal friends.

Teachers Honored

Mike Hunt, superintendent of schools at Portales, was speaker when the Methodist Men entertained the Texico-Farwell men teachers and school board members with a supper Wednesday night at the local church.

Described by the pastor, Rev. Robert Tomlinson, as one of the best lay speakers he had ever heard, Hunt discussed "Attitudes." About 50 men were present for the occasion.

Hamburgers, red beans, salad and dessert were on the menu.

Groups Asked To Show Film

Program planners for civic clubs are asked to consider showing a film on cystic fibrosis, a mystery disease, during September, cystic fibrosis month, says Mrs. Pike Jordan, president of ESA, sponsoring organization.

New Mexico State Council of ESA, has adopted cystic fibrosis research and education as a state project, and the local chapter has voted to help in every way possible. Local members are particularly interested in educating citizens about the disease.

The film isn't lengthy, says Mrs. Jordan, and response from those who have seen it, has been gratifying. The film was shown at Texico PTA recently and is scheduled for viewing at Farwell PTA and Lions Club. Anyone wishing to schedule the program for other meetings is asked to contact Mrs. Jordan.

Wilson Girls Take Honors

Two members of the Wilson family at Pleasant Hill did well in competition at the Curry County fair last week.

Veda received nine firsts in teen living, including blue ribbons in sportswear, overall patch, sleeve board, gardening II, home beautification II, orchard management I, poultry II, on hen and tom turkeys and plain cake, open class. She had seconds on baking III, hen and tom turkey, sugar cookies, open class and third in tailored blouse events.

Janet had firsts in home living I on her towel and oatmeal cookies; second for oatmeal cookies, open class. Her towel will represent Curry County in the home living class I at the state fair.

Veda will send her blouse, shorts and skirt set, sleeve board, and overall patch to represent Curry County in the teen living class.

The girls are active in Pleasant Hill 4-H club with Mrs. Edwin Fahsholtz as leader.

Lutheran Church

Walther League met at the home of Margaret Haseloff Sunday and a report of the athletic rally was given. Bowling was planned for October 1. Recreation committee for the next quarter will be Miss Haseloff, Nolan Kriegel and Delbert Lingnau. Calvin Meissner gave the spiritual topic.

Mrs. Walter Kaltwasser and Mrs. A. R. Sander presented lessons for the Sunday School training class Wednesday.

LWML met last week with Mrs. Charles Trimble and Mrs. Sander as hostesses. A fellowship supper was planned for guests next month. Other business included cleaning of the church, baptismal napkins and visitation committee. A film on Mill Neck Manor School for the Deaf on Long Island was shown. The school is maintained by the Lutheran Churches.

The group was invited to a workshop at Clovis Oct. 1.

Regular family night for September has been cancelled. Pastor and Mrs. Sander have been invited to attend the pastoral conference of Circuit 2 to be held at Rhea.

Texico Teams Swamp Logan

It was a good day for Texico softball teams when they met Logan Friday, with both the high school girls and the boys carrying easy victories. Games were played at Logan.

The Wolverines more than doubled their opponents with a score of 15-6.

Statistics for the boys are listed in this order--times at bat, runs, hits:

Hal Ed Helton, 4-2-2; Jerry

Thornton 3-1-1; Jerry Walker, 3-0-2; Vernon Thigpen 3-1-2; Weldon Walker 3-1-1; Lynn Doshier 3-2-2; Wayne Hudnall 3-3-3; Dwight Turner 3-2-2; Vic Herington 2-1-1; Don Reid 3-1-1; Bobby Hapke 1-0-0;

James Hutson 1-0-0; and Kit Doran 1-0-1.

The girls also ran up a big count over the other team, scoring 27 to 7 in five innings play. Their statistics: Millie Autrey 5-2-3; Georgina Lam-

bert 5-2-3; Janice Adams 5-5-4; Carol Bell 5-3-3; Beulah McDaniel 5-3-4; Shirley Huber 5-2-3; Grace Hamilton 4-2-2; Jeannette Duncan 4-3-3; Sue Martin 4-2-2; Betty Lockhart 3-2-2; Inetta Morris 1-1-1.

Married 55 Years, Visit Attendants

Fifty-five years is a long time and one visiting couple in Farwell found a unique way to celebrate their 55th anniversary. They paid a visit to their best man and to their maid-of-honor.

Julian and Sally Guinn were breakfast guests in the home of the J. R. Thorntons on their anniversary Tuesday. Thornton was their best man on that long-ago day.

They planned to have lunch on the same day in Plains with their maid-of-honor. The Guinns reside in Austin.

Mr. and Mrs. Gene Winegeart and family arrived here Friday night for a weekend visit with his parents, Mr. and Mrs. F. E. Winegeart. The visitors reside in Pampa.

Mr. and Mrs. John Atnip of Sherman were visitors in the Jack Watts home Tuesday. He is a brother of Mrs. Watts.

Smiles illuminated the faces of these of these members of the younger set of Texico-Farwell, when they posed for a Tribune photographer. The children are Cynthia Lou, daughter of Mr. and Mrs. Ed Combs; Lee Ann, daughter of Mr. and Mrs. Bert Williams; Ty, son of Mr. and Mrs. Bunk Phillips; Mike, son of Mr. and Mrs. Carliss Woods; Carla Jean, daughter of Mr. and Mrs. Jim Bob Smart; and Terry Max, son of Mr. and Mrs. Perry Winkles.

Volunteer Workers Treat Bindweed On County Highway ROW

Volunteer workers, in cooperation for the state highway department, this week started treating bindweed along all of the state highway right-of-way in Parmer County.

Plans for treating all of the highway for bindweed were made at a meeting of the Parmer County Weed Control committee last week at Bovina. Lloyd Killough of the state highway department volunteered the services of a highway department representative to assist the volunteer workers with the project. The state highway department is also furnishing the chemicals for treating the bindweed.

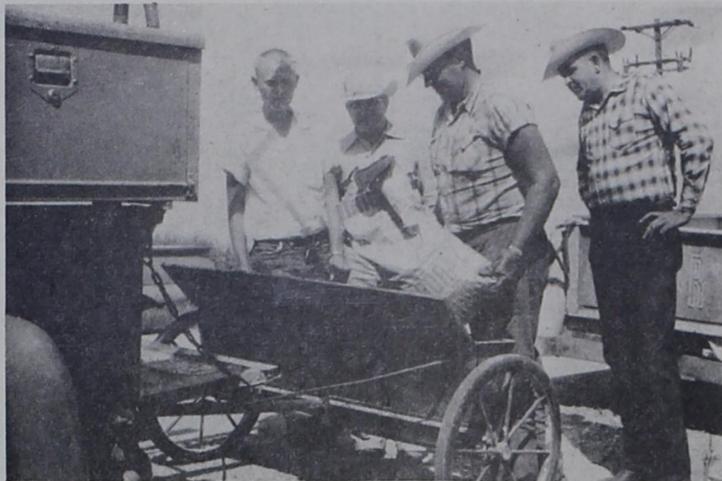

This project is part of an extensive county-wide program which has been in effect for several years. Governmental agencies, including the county ASC office, the county agent, and the commissioners court, have been cooperating with the weed committee in administering the program.

The county furnishes chemicals to farmers who volunteer to treat bindweed along county roads and the ASC shares the cost of treating bindweed on land of individual farmers.

Also, besides the state highway department, Santa Fe Railroad and the cities of Bovina, Farwell and Friona have assisted in treating infested areas.

The latest volunteer project got underway Monday morning. The volunteer workers, the highway areas they are treating, and the schedule of operation is as follows:

Monday, September 11--Lester Norton, Jess Coburn and Bill Fullerton, Highway 60 from Farwell to Bovina; and Ike

OPERATION BINDWEED continues in Parmer County through a cooperative program involving the state highway department and farmers who have volunteered to assist with the project. Treating bindweed along the highway right-of-way from Friona to Rhea Tuesday afternoon were these four fellows, Doyle Wassom, T. E. Lovett, Weldon Moody and Jack Patterson. Wassom and Moody are representatives of the highway department from Bovina, and Lovett and Patterson are farmers who volunteered to assist along this particular route.

Quickel, Travis Dyer and Keith Brock, Highway 60 from Bovina to Friona.

Tuesday, September 12--Edward Schilling and Gus Schlabbs, Highway 60 from Friona to Deaf Smith County Line.

Wednesday, September 13--Jack Patterson, Albert Rolen, Marlon Carson and Art Mast, Highway 1731, Bovina to 10 mile corner and east to Friona.

Monday, September 18--Calvin Meissner, Vernon Symcox, John Aldridge and Vernon Jamison, Highway 70-84, from Farwell to Bailey County Line. Tuesday, September 19--Dee

Chitwood and R. D. Dale, Highway 690, from Oklahoma Lane to Castro County Line; and Joe Jesko and others, Highway 214, from Hub to Bailey County Line.

Monday, September 25--Walter Kaltwasser and John West, from underpass east of Farwell to Oklahoma Lane.

Individuals who know of patches of bindweed anywhere along the highway right-of-way are asked to contact the volunteer workers and point out where the infested areas are.

BINDWEED PATCHES ARE COVERED in a hurry with this sprayer which belongs to the Texas Highway Department. The highway department is cooperating with the county in its efforts to control bindweed.

Halfway Field Day Set September 27

The 5th Annual Field Day of the High Plains Research Foundation will be held the afternoon of Wednesday, September 27. Tours will start at 1:30 p.m. and continue until the barbecue at 5:00 p.m. Research projects will be explained by farmers and scientists at stops on the tours. The evening program will begin at 6:00 p.m. with the introduction of the Trustees of the Foundation. Addresses by Congressman, James Wright and Texas Agricultural Commissioner, John White, will conclude the program.

Farm equipment will be displayed and demonstrated during the afternoon. Included will be farm machinery, irrigation and fertilizer equipment, air spray and transportation equipment. Carl Hill, Jr. of Amarillo is chairman of the machinery exhibit.

Exhibits by agricultural services will be explained by various agencies as a part of the afternoon's activities.

Frank Moore, President, in announcing the Field Day program stated that soil and water conservation research will be featured at the Field Day this year. The attendance is expected to exceed that of close to 3,000 in 1960.

Harold Hinn, Chairman, announced today that the Board of Trustees of the Foundation will hold their semi-annual meeting at McGrath's at 10:00 a.m. the morning of Field Day. The board will establish the research program and budget of 1962 and decide policy matters for the Foundation. Steve Taylor, Vice-President of Dimmitt, is chairman of the Field Day Host Committee, which is composed of board members.

Hiway Commission States Position On FM Program

The Texas Highway Commission, in its meeting on Tuesday, August 29, expressed a belief and hope that the Texas Legislature would see fit to reinstate the 1962 Farm to Market (Colson-Briscoe Bill) appropriation, together with the urgently needed flexibility in the use of Farm to Market Road funds to cope with the increasing problem of maintenance as recommended by Governor Price Daniel.

The commission expressed the hope that this action would be taken at the forthcoming special session of the legislature, and stated that it is vital that this appropriation be reinstated and that adequate maintenance be authorized in the second half of this biennium if the Texas Highway Department is to continue the Farm to Market Road Program at the current pace.

The commission was of the opinion that both the Legislature and the governor are correct in their desire to continue the Farm to Market Road Program.

The legislature has expressed a vital concern in the over-all program by vetoing the 1962-63 second-year appropriation on the grounds that there should be more flexibility in the use of the funds in order to provide proper maintenance of the Farm to Market Road System.

The commission is of the opinion that legislation will be introduced at the next special session which will be acceptable to the governor and the legislature, along with the Farm Bureau Federation, the County Judges and Commissioners Association, the Texas Good Roads Association, and other interested groups, and toward this end the commission accepts this challenge and pledges its efforts to support such legislation.

The commission plans to study and discuss all possible solutions with officials and groups such as heretofore mentioned. The commission pointed out that maintenance of the vast Farm to Market Road System had been paid for out of trunk highway funds since 1949, and that this was advisable during this period due to the necessity

WITH THE COUNTY AGENT

JOE JONES

The brucellosis testing work got underway Monday and should last for about three weeks if everything goes well. There are several volunteer crews helping line herds up ahead of the breeder. If everyone will cooperate by being ready with good holding pens that will handle their cattle, some kind of strong chute, and plenty of help, the job here in the county will be finished much sooner. The sooner the job is done and out of the way the better, is the feeling of all concerned. To help speed the program up, get everything ready so the job will be smooth.

Wheat seeding is here, so don't be in such a hurry you don't take time to treat your seed for smut and soil insects. Every year we have spots of wheat destroyed from soil insects that could be avoided with proper seed treatment. If you make it a practice of following these two seed treatments year after year it will pay you in wheat production and save a lot of time and worry.

When thinking of wheat production, we should always think of producing wheat the market wants. This means producing a wheat of good milling quality and keeping it free of foreign material. Too much of our wheat

has been having a few grains of barley or some similar grain other than wheat. Plans should be made to avoid this by selecting the land to be used for wheat and cleaning it of all plants such as barley, oats, rye, vetch, etc.

I have discussed fall seeded legumes with several people lately and many indicated they were planning to seed some of their diverted acres this fall. These people are on a program that will build their soil and pay dividends in years ahead. If you haven't given a winter legume much consideration, why don't you think it over, you may see how they could fit your program. Vetch, clover, alfalfa, and winter peas are all good, but the time is just about past for seeding clover and alfalfa.

After eleven and one-half years as county agent, it is rather hard to say good-bye as your county agent. It is not quite like it would be if I were leaving the country, but I know there are a lot of you I will not get to see and visit with like I have in the past. It has been a real pleasure serving as county agent the past years and I have hopes of being around several more years serving in another capacity, so come by and see me when you can and I'll be seeing you from time to time at various places.

CCC Milo Being Sold

Farmers and cattlemen wanting to purchase milo may now do so by calling the Dallas ASCS commodity office, says Prentice Mills, Parmer County ASC office manager.

Commodity Credit Corporation milo is now being sold at the market price, and may be purchased at any time, provided the buyer wants at least 60,000 pounds.

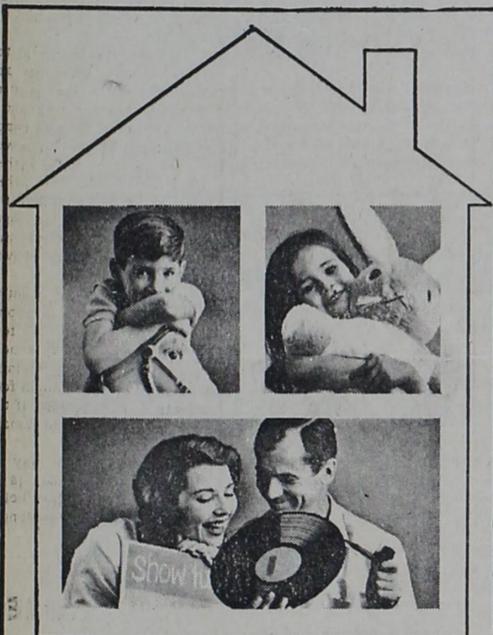

In phoning in their orders, buyers may stipulate where they want to take delivery.

The market price has been ranging from \$1.58 to \$1.70, Mills says.

Record Number 4-H Books Turned In

A record number of 81 4-H Club Record Books were turned in to both Extension Service Agents Office. Four-H Club girls completed 37 record books and 44 boys turned in their record books for judging.

All boys and girls who turned in record books are eligible to receive completion year pins. Special awards medals will be awarded to 46 boys and girls for their outstanding achievements as judged according to their record books.

Entering record books in the Senior Division District Judging were Reba Lesly, Judy Billingsley, Cooper Young, Richard Chitwood, and Gary and Gerald Foster. To be eligible for senior division judging 4-H'ers must be 14 years of age on January 1 of the current year.

Word has been received from the District Extension Agent of the results of district judging. Winning in the district are Cooper Young, --Leadership, Richard Chitwood--Santa Fe, and Judy Billingsley--Dress Revue.

Extension Agents, Miss Ettie Musil and Joe W. Jones wish to express congratulations to the boys and girls for their effort in completing their

record books for this year. Girls turning in record books were: Janis Billingsley, Judy Billingsley, Reba Lesly, Viane Lesly, Peggy Lesly, Linda Gleason, Katie Blackstone, Judy Koelzer, Carol Miller, Deborah Hargrove, Rayma Lemons, Kandy Meeks, Connie Dennis, La Nelle Christian, Vicky Kaltwasser, Cheryl Ramage, Shirley Putman, Sheila Vaughn, Nelda Foster, Marsha Schumann, Carolyn Annear, Linda Ashford, Janice Miller, Carolyn Johnston, Connie Vaughn, Brenda Woodruff, Vicki Vaughn, Breta Mears, Connie Schlenker, Sharon Martensen, Debbie Jarecki, Shirley Schueler, Terri Schueler, Crista Evans, Karen Milner, Patricia Tannahill and Sherri Tannahill.

Boys turning in record books were: Richard Chitwood, Cooper Young, Gary Foster, Gerald Foster, Charles Morton, James Walker, Marvin Willson, Dale Blackstone, Bruce Billingsley, Mike Smith, Floyd Schlenker, Curtis Drager, Raymond Drager, Danny Schueler, Wayne Schueler, Johnny Broyles, Jimmy Broyles, Lyndon Foster, Daryl Foster, Kirby Burch, Charles Shulk, Mike Riethmayer, Steven Young, Bobby Gleason, Ronald Mayfield, Johnny Gulley, Ronald Ashford, Jerry Cass, Danny Miller, Kim Buske, Don Hoover, Bobby Redwine, Rickey Bob Coon, Eddie Wood, Larry Gregory, Terry Parham, Steven Foster, Timmy Foster, Mike Ward, John Ward, Mike Hinkson, Frank Hinkson, and James Schlenker.

THE TEXAS HIGHWAY DEPARTMENT GETS READY FOR SCHOOL — As school days begin throughout the state, the Texas Highway Department is taking special precautions to insure the safety of school children on the way to and from school. Numerous signs of warning and caution are appearing near school sites (such as this typical sign being tamped in place by a Highway Department maintenance man) and school bus stops. Motorists are urged to carefully observe these signs to guarantee the safety of school children.

Apply Now For Conservation Cost - Sharing

Prentice Mills, Farmer County ASC office manager, reminds farmers to apply during September for ASC cost-sharing on approved conservation practices they have planned for the months of October, November and December.

These conservation practices would be installation of irrigation tile, land levelling, construction of terraces and water ways.

On tile installations, the ASC will pay one-third of the cost, and on the other practices the government agency will foot

about half of the cost.

Mills also announced that farmers will be notified of the amount of the lay-out payments under the wheat program around September 22.

Farmers will be able to start signing up for the program shortly after September 22 and will have until December 31 to sign agreements.

The ASC manager also announced that his office will start making final payments for lay-out acreage under the feed grains program around October 1.

HD Agent's Notes

BY MISS ETTIE MUSIL

If you can't afford a new fall hat, give the old one a new look with careful brushing and cleaning. Start by careful brushing. This may show up spots and stains that need special treatment.

Then you'll hear more "oh's and ah's" from your many friends. You know, they may even ask you, "Where did you get that gorgeous hat?" Of course, this would be your secret.

Start by careful brushing. Then try using the sandpaper method first, if you wish. With a piece of No. 0 sandpaper, begin at center top of crown and gently sand in the same direction around the crown. Then the side crown and the brim are next.

If this fails, use naphtha or other cleaning fluid. Don't use gasoline; it's too dangerous. (A new hat would be far safer.) Dip a small brush, as a nail brush, in the cleaning fluid. Shake out excess liquid and brush the hat until the soiled spots disappear. Remember to work outdoors when using cleaning fluids.

You may need to use special treatment with white or light colored felt hats. Saturate corn meal with naphtha or other cleaning fluid. Rub the mixture into the felt with a clean stiff brush. When the fluid has evaporated, brush out the corn meal and air the hat before storing.

Have you ever thought how much your garbage can eats? Is it a heavy eater? How much does it cost to feed it for a year? Could this be the reason for food costs being so high?

From time to time we all go on a diet to lose weight. Now let's plan a diet for the garbage

can. First of all, plan for better planning and buying of grocery needs. This could result in eliminating overbuying and having to throw out spoiled foods that were never eaten.

What about better food preparation and serving? Do you spend hours cooking, just to have your family members tell you, "Oh, not again!" Maybe we can help you with new tried and tested recipes in our many bulletins just waiting for you.

If you have leftovers, we have recipes that can help you use these foods in new dishes. Then we could use the food as "planned-overs" rather than leftovers. This could cheat the garbage can out of a full meal rather than just a snack.

Spillage in frozen foods and canned foods improperly stored or preserved could make the garbage can gain more weight than it needs. Follow freezing and canning directions carefully. We have bulletins that have recent research findings.

In a more serious thought plan your buying and preserving so that food can be used or stored promptly before it loses freshness and flavor or spoils. Serve food when it reaches the just-right stage. Food loses texture, flavor and food value if overcooked or if it stands too long before it is served.

Use leftovers promptly in soups, salads, stews or sandwiches. Keep all food clean, cool and covered until you use it. Check food often in your pantry and keep it moving. Food in the freezer should be moved as it cannot stay there forever and be of good quality.

As your garbage can loses weight, your food budget increases. What more could you ask for.

Can you think of an excuse to get back into school after a day of absence or tardiness? Here are some of the excuses given by students from Perryton High: sickness, out of town flat tires, wrecks, buses not running, going home to get a belt, "late Ride," stuck in mud, and "not out of P. E. in time," nosebleed, hayfever, toothache, hurt thumb, went to circus, appendicitis, sprained ankles, eyeache. These are only a few of the many.

GSPA Plans To Enlarge

Harvest of what may be another bumper grain sorghum crop on the Texas High Plains is starting in the southern part of the Plains, Frank Moore, Plainview farmer, who is president of the Grain Sorghum Producers Assn., said this week as he announced expansion of that organization.

In existence since late 1956, the GSPA has worked continuously in behalf of grain sorghum producers and has been recognized as the only sorghum commodity group of the nation.

Work of the GSPA, while representing just about all farmers who produce grain sorghum, has been supported and directed mainly by producers in the area to the north of Lubbock up to the Oklahoma line.

For the first time this year, the organization is attempting to enlarge its representation

and support and extend its boundaries southward over most of the High Plains. County organizations will be set up to give producers in each county a voice in the GSPA and representation on its board.

Elevator operators throughout the south portion of the Plains are now being contacted along with direct contact to producers about support of the grain sorghum research, market development and service program. Funds for the organization are made possible by producers through a deduction of two pounds per thousand from grain sorghum deliveries at local elevators.

Moore said that additional information on the grain sorghum organization will be published later, to show results accomplished thus far and plans for future work.

4-H Leader Workshop Set

A special 4-H adult leader development workshop for District 1 is scheduled for September 27 through 29 to be held at Ceta Canyon Camp, south-east of Canyon.

Approximately 200 4-H adult leaders, extension agents, and state specialists are expected to attend the 3-day workshop. District 1 is the fourth district in the state to receive training thus far in the 12 districts of the state.

Farmer County has a quota of ten leaders to attend the training. Five leaders from the boys' club and five leaders from the girls' club will make up the county quota.

The workshop will be financed by the Texas 4-H recognition committee. This committee plays an important part in helping to finance the Texas 4-H Roundup held each year in College Station in June during State Demonstration Contests.

Nine subject-matter-groups will be taught. These subjects include clothing, recreation,

entomology, wildlife, citizenship, field crops, beef cattle, automotive, 4-H money management and two groups for organization leaders.

The Workshop is planned to train organization and subject matter leaders in what their job is, what is involved, and how to do the job. Objectives for the training is a wonderful opportunity to strengthen 4-H Club work in each and every county.

Anuone interested in attending this leader development workshop should notify Miss Ettie Musil, county home demonstration agent.

SOIL CONSERVATION DISTRICT NEWS

The third Soil Conservation District tour will be held in the Rhea and Bovina communities Tuesday, September 19. The tour will start from Carl Schlenker's elevator at 2 p.m. Tuesday. Transportation and refreshments will be served.

Points of interest that will be visited on this tour are: Carl Schlenker's windbreaks and his water conservation practices; the Gilbert Schueler farm.

At Schueler's farm those making the tour will look at his lake pump and other farming operations. Bindweed control will be observed along the county roads. The final stop will be Herbert Schueler's feeding operation.

The fourth and final tour will be held in the Friona-Black community. This tour will begin at 1:30 p.m. Thursday, September 21. The tour will leave from the SCS office which is located in the American Legion Building in Friona.

Farmers to be visited on this tour are: John Renner, who has a cotton variety demonstration; Bob Riethmayer, who will show his soil and water conservation practices; Bruce Parr, who has sugar beets and soil and water conservation practices.

The final stop will be at the George Warner farm, where several different varieties of grasses are grown for seed production and irrigated pasture.

Transportation and refreshments will be furnished for this tour.

FOOTSAVING EDUCATION

by James E. Edwards

How Can I Tell When My Children's Shoes Are Outgrown?

Those whose children's shoes prove to be a size or a size and a half shorter than their measurement tell the shoemaker that they felt the toe and there seemed to be room. There are many reasons why this manner of testing is not reliable. The child may have been sitting down; the shoes may be too narrow to allow his toe to get down into the front etc.

Consider this: the great toe of most babies when they are fitted for their first pair of shoes is about an inch and a half in length. When they reach adult life those great toes will be only two to three inches long. The major growth is behind the toes. We think of the toes growing into the fronts of shoes but actually they are pushed there by the growth of mass of the foot.

It is very important not to allow that pressure to crowd the soft bones of young feet against the ends of shoes, sox or sleeper feet. In fact, almost all of the common foot defects can be avoided if the great toe is allowed to remain straight.

The only reliable way to check the fit of shoes is to remeasure the feet being careful to be guided by length of the longer foot.

STACKED AGAINST YOU

340 tons of dishes are stacked against you in a lifetime — and that's quite a pile. It takes 728 hours a year to do them by hand — and that's a monthful of 24-hour days.

You haven't got a chance of cleaning them by hand as well as an electric dishwasher will do the job — and you'll have nothing but red hands to show for your effort.

Why all this drudgery when a penny and a half spent doing the job electrically each day removes all the misery.

Dishwashers come in portable models that take no extra plumbing or wiring. So — don't be a dishwasher — buy one.

UNIVERSAL FAVORITE -- Trim coolie coat and tapered trousers in vibrant blues and greens combine in Maharaja hostess suit by Ceeb of Miami. It's included in all-cotton wardrobe awarded Miss Universe — Linda Bement of Salt Lake City.

and I Quote
"Two of the biggest highway menaces are drivers under 25 going over 65 and drivers over 65 going under 25." — L. S. McCandles.

Neither hay nor fever is connected with hay fever, but there are about five million sufferers from hay fever in the U. S.

The first electric refrigerator was introduced in 1913.

The pronghorn antelope can outrun a man when it is only four days old.

The Great Wall of China is more than 1,500 miles long.

New Jersey cropland yields more cash per acre than that of any other state, the National Geographic Magazine reports.

The New York Stock Exchange buys over a million pencils a year.

A detailed review of research and extension programs dealing with sheep and goats and wool and mohair has been completed. The recommendations of the review group will be used in future programs.

"Ohhhhh.....my achin' motor."
It's a safe bet that proper "care" would have kept the car WELL a lot longer. Getting the habit of letting us check your gas, oil, battery water and tires gives longer life to cars.
