

BY HOP JR.

A. D. McDonald New Texico Supt.

Over the years I have gotten to be fairly well acquainted with H. M. Baggary, publisher of the Tullia Herald. On account of the in-law situation, I often pass through Tullia, and occasionally stop in to bat the breeze with him.

In the last 10 years Baggary has come from obscurity to the most widely read weekly newspaper editor in the country. This is by design and not fate, as public notice is to Baggary what meat and raiment is to most of the rest of us. He just couldn't live without it.

Consequently, he runs his own picture in his own paper every week, sends the Herald gratis to everybody who is anybody in state or national circles, and, by his own count, broadcasts a half-dozen different opinion programs every week.

He authors at least a hundred inches of political cannon fodder every issue, and has become the liberal's mouthpiece for the Southwest, if not the nation. The guy is a human dynamo, and loves the role. Only the pity that he couldn't convert all that energy into worthwhile channels.

I had a chance to hear him publicly the other day at a press get-together in Amarillo. A good two-thirds of his editor-audience was openly hostile toward his position, and in spite of the fact that I get fighting mad every time I read the Tullia Herald, I was beginning to feel sorta sorry for old Bags. He needed some support from somebody.

It was just at this point that he illuminated any help from me, however. I had booked him on the program, and suggested a title, "What Makes Baggary Tick." He denounced the suggestion that he ticked as "asinine." That did it. I've gone back to cussing Baggary and I feel lots better.

Editors talk about a lot of silly things, I guess. It might surprise some people what they do think about. Jeanne and I were seated at a table where the merits and demerits of television came up for discussion, and as you might suspect, the boob tube was getting a hard time of it from the newspaper folks.

However, we were surprised to find that there was almost complete unanimity in endorsing one particular TV program. Of all things, it's Captain Kangaroo. Couples with kids of "that" age just couldn't get by without the daily nonsensical fare of the dimwitted Captain. He is considered "the most" for whiling away a few kiddie minutes.

The Captain, however, is a pretty sly old coot and not nearly as dumb as he would like for you to believe. He slips in little things like getting the youngsters to use the "magic words" (please and thank-you), and exposing them to some of the musical classics while they hear a story in brain washing at its best.

The good Captain has accomplished things the frustrated mother and father can't get to first base on. The editorial panel agrees: The Captain and his nutty shipmates are great.

As a conversation topic, the Billie Sol Estes scandal has about run out of gas, at least so far as the editors were concerned. I don't recall a single Billie Sol joke -- and the past two years the press meets had been full of them.

I do think, though, that it must have been a sad day for the newspaperman that was in Billie Sol to see the story which was ran several weeks ago in his own newspaper, the Pecos Daily News.

After his trial in El Paso, the Daily News screamed the results with two-inch type across the top of the frontpage, pronouncing that Estes was found guilty. A picture of him (as he looked in his more successful days) was run alongside the headline. If Billie Sol saw that issue it must have been hard to take.

I asked the wife if I ever ended up going to the state pen would she run the story and my picture and play it up big in The Tribune, and she didn't give a clear answer. Looks like hard times are ahead for editors who don't go straight.

Added evidence that bureaucratic stupidity tests the limits

(Continued on Page 2)

Texico has a new school superintendent.

He is A. D. McDonald, who was hired by the Texico school board Monday night. He replaces J. Buck Doran, who resigned three weeks ago.

McDonald's face is a familiar one in the community. He was principal of the grade school at Texico from 1935 until 1942 when he went to Pleasant Hill as principal there.

He returned to Texico in 1960 and taught until mid-semester of 1962 when he took a leave of absence to return to school to finish work on his Master's in administration at ENMU, Portales.

All of McDonald's teaching has been in the Pleasant Hill and Texico schools. He was associated with a Clovis automobile agency from 1945 until 1960.

He and his wife plan to move to Texico in the near future.

A. D. McDONALD

Officers Arrest Five For Check Offenses

Parmer County Sheriff's officers have five men in custody, all charged with forgery or worthless check offenses.

Robert C. Bell, 39, of Crowell was returned to Parmer County from Montana. He is charged with forgery.

Antonio Flores, 27, of Amarillo, was picked up last week on a warrant. Charged with forgery, he is also wanted in Castro County.

Joe Medina, 18, Bovina, was arrested last Tuesday in Farwell and bound over to the Parmer County Grand Jury for action.

E. B. Morrow, 49, of Salt Lake City, Utah, was returned to Parmer County last Tuesday, and indicted for passing worthless checks.

Bobby Horn, 22, Hereford, is charged with forgery and bound over to the grand jury for action. Bond on each of the five men was placed at \$1,000.

In addition, Bravillo Luna, 18, of Tullia, was picked up in Tullia last Thursday, charged with taking a person charged with a felony out of state, to avoid his arrest. Luna's bond was also set at \$1,000.

Jerry Foster, 26, of Clovis, N.M., was tried in County Court Friday on a charge of driving while intoxicated. Foster was apprehended in Friona on Thursday by Chief of Police Bill Morgan. He was fined \$100 and costs and 10 days in jail by Judge Loyde Brewer.

C. G. Mackey, 43, a Muleshoe man, was arrested by Sheriff Charlie Lovelace, while driving a car stolen in Texico, Parmer County officers returned Mackey to Clovis officials where charges were pressed.

Examinations For Rural Carrier

An examination for Rural Mail Carrier for the post office at Farwell, Route 1 will be open for acceptance of applications until May 21, the U. S. Civil Service Commission announced this week.

All applicants must take a written test, and must have resided within the delivery of the post office for one year, immediately preceding the closing date of the examination.

In addition, they must have reached their 18th birthday by the closing date for acceptance of applications. There is no maximum age limit; however persons who have reached their 70th birthday may be considered for the appointment for temporary assignments of one year.

Complete information about requirements and instructions for filing applications may be obtained at the Farwell Post Office. Application forms must be filed with the U. S. Civil Service Commission, Washington, D.C. They must not be post-marked later than the closing date.

Farwell FFA Judging Teams To State

Two of the Farwell FFA judging teams which attended the district, area and Tech judging meets in Lubbock over the past weekend will be in Austin to participate in the state judging contest this weekend.

The poultry team composed of Bobby Actkinson, Jim Morton and Charles Roberts placed second in the district, fourth in the area and sixth in the Tech contest to qualify for the state meet. Fifty seven teams were entered in the poultry judging event. The Poultry team was fourth in judging eggs in the Tech contest.

The meats team, Johnnie Actkinson, Dale Gober and Bobby Sharum placed first in the district, fifth in the area and eighth in the Tech contest from a field of 41 teams entered. They will also be in Austin for the state meet.

The dairy judging team, Roy and Larry Donaldson and Joe White were first in the Tech contest and third in the dis-

trict contest; however they are uncertain as to whether they will be able to attend the state meet, as they were in a tie with another school in the area. Roy Donaldson, a member of the local dairy judging team

was fourth high individual in the contest. One hundred and seven teams were entered in the dairy judging event.

Other judging teams in the contests at Lubbock were a crops judging team and a land

team. The local FFA boys will leave Farwell May 2 for Austin and will return Sunday May 5. They will be accompanied on the trip by Robert O. Morton, chapter advisor.

Members of the meats judging team which placed first in the district contest Saturday are 1 to r; Dale Gober, Bobby Sharum and Johnnie Actkinson. (More Pictures Page 6)

Texico FBLA Wins Five First Places At State Convention

Five first place honors were won by members of the Texico Chapter when they attended the State Convention of Future Business Leaders of America, Saturday on the campus at Eastern New Mexico University, Portales.

These students won the right to represent New Mexico and Texico at the national convention in Dallas June 9-11, if finances can be arranged.

Coming in first for the second consecutive year was the Parliamentary Procedure Team, composed of five members. On the team are Donald Chandler, chairman; Lloyd Harrison, parliamentarian, who has trained the team; Linda Palmateer, secretary; Howard Danforth and Dwayne Billingsley, James Watts serves as alternate.

Selected as state "Mr. FBLA" after interviews with three businessmen was Howard Danforth, son of Mr. and Mrs. Fred Danforth. He is now eligible to compete against candidates from other states and foreign countries in a similar contest at the national convention.

Linda Palmateer, daughter of Mr. and Mrs. M. A. Palmateer, won first in the spelling contest.

Two other first places were won, on the scrapbook, which tells in colored pictures and news clippings the activities of the local chapter during the year and a report on a special project, "Operation Econ." These two items will be sent to the national convention by Derrell Bulls, state FBLA chairman and faculty member at Eastern.

The scrapbook was prepared by Miss Judy Sharp, who says "We are indeed grateful to the neighboring newspapers who have been so helpful in publishing news of our activities."

To promote a better understanding of economics the national headquarters of FBLA

proposed "Operation Econ." The local chapter selected the study of banking and Joe Jones, Security State Bank, spoke to the club. Displays, tours and other activities completed this study.

Awards for all honors were presented at a banquet Saturday night in Portales. Danforth received an 18-inch gold-colored trophy for being selected Mr. FBLA and special certificates were presented in the other events.

Guest speaker at the banquet was Jack Williamson, faculty member at ENMU and an author of science fiction stories. Special guests at the banquet were ENMU President and Mrs. Donald C. Moyer, Dean and Mrs. Gall Shannon and Dr. and Mrs. Eugene Mann.

Donald Chandler was presented a second place award in public speaking and Marquette

Wall placed third. James Watts placed third in the spelling event. The exhibit of the chapter was second. It was set up by Ellen Callouet.

The parliamentary procedure team to win the contest, took a thirty minute written test and then presented a model meeting from an agenda prepared for them. Some of the less-often used procedures such as "suspend the rules" and "sustain the chair" were required.

Howard Danforth was installed in the office of state reporter, at one of the general sessions. "The students made an excellent showing at the state convention and I hope it is possible for them to represent this area, and participate in their respective events in the national convention," states Mrs. Fred Danforth, FBLA sponsor.

Texico Runs True To Form; Wins EPAC Meet

Texico track and field team with 117 points won the EPAC meet in Portales Saturday. Each second year since the EPAC meet has been in progress Texico has come home with the win. Tatum with 80 points was second in the meet followed by Elida. Other teams in the EPAC are Floyd, Melrose, House and Dora.

In winning the track and field meet Texico's 440 relay team again set a record for the EPAC as did Horton (Tatum) in the low hurdles. Vernon Thigpen, Tex-

ico, threw the javelin 168 feet to again break a record; although this is a shorter distance than he had previously thrown the javelin at the Tatum Relays. Due to high winds Saturday, the times and distances were not as good as they have been in several meets this year.

Coaches at Texico are optimistic over the team's chances of going to the state meet which is set for May 10-11 in Albuquerque. The Texico team will be in Ft. Sumner Saturday for the district track and field meet.

Members of Farwell Study Club were ringing doorbells Wednesday in a door-to-door drive for the cancer crusade. County quota is \$1500.

Mrs. John Aldridge is chairman of the county unit and Mrs. Lady Armstrong of Bovina is crusade chairman. A like drive was set for Bovina this week. Serving as committee chairman of the drive here were Mrs. Bruce Blair, Mrs. C. C. Christian, Mrs. Lenton Pool and Mrs. Mabel Reynolds, with Mrs. A. R. Sander to direct the Lariat canvass.

Club members began the drive Wednesday, and plan to call on as many residents as possible, says Mrs. Aldridge. She asks that any residents who were away from home at the time of the drive, can make a contribution through any Study Club member or can mail a check to her.

Last year, \$817 was given to the drive in the county, says Mrs. Aldridge. The county unit meets once a month, the first Wednesday, on the second floor of the courthouse in Farwell. Anyone wishing to aid in the work of the group, is invited to attend.

Members are now working on bandages, and hope to have a supply available soon so that supplies can be available from a loan cabinet, to be ready for use by cancer patients.

Also, says Mrs. Aldridge, one of the main purposes of the organization is to educate the public on the danger signals of the disease and to make other information available.

Persons wishing to do so may make contributions as memorials and this can be done through the county organization, Mrs. Aldridge adds.

Mother Of Local Man Dies

Burial In Okla.

Funeral services were conducted in Quinlan, Okla., Saturday for Mrs. Nettie B. Crook, 89, mother of H. R. Crook, Farwell. Interment was in Moreland, Okla., by the side of her husband.

Mrs. Crook, who had been in failing health for a number of years passed away Thursday morning in Ceiling, Okla. She had visited here in the home of her son on several occasions and was well known locally.

Survivors in addition to the local son are, a son, F. M. Crook, Bovina, four daughters. (Continued on Page 2)

Volleyball Tournament A Success

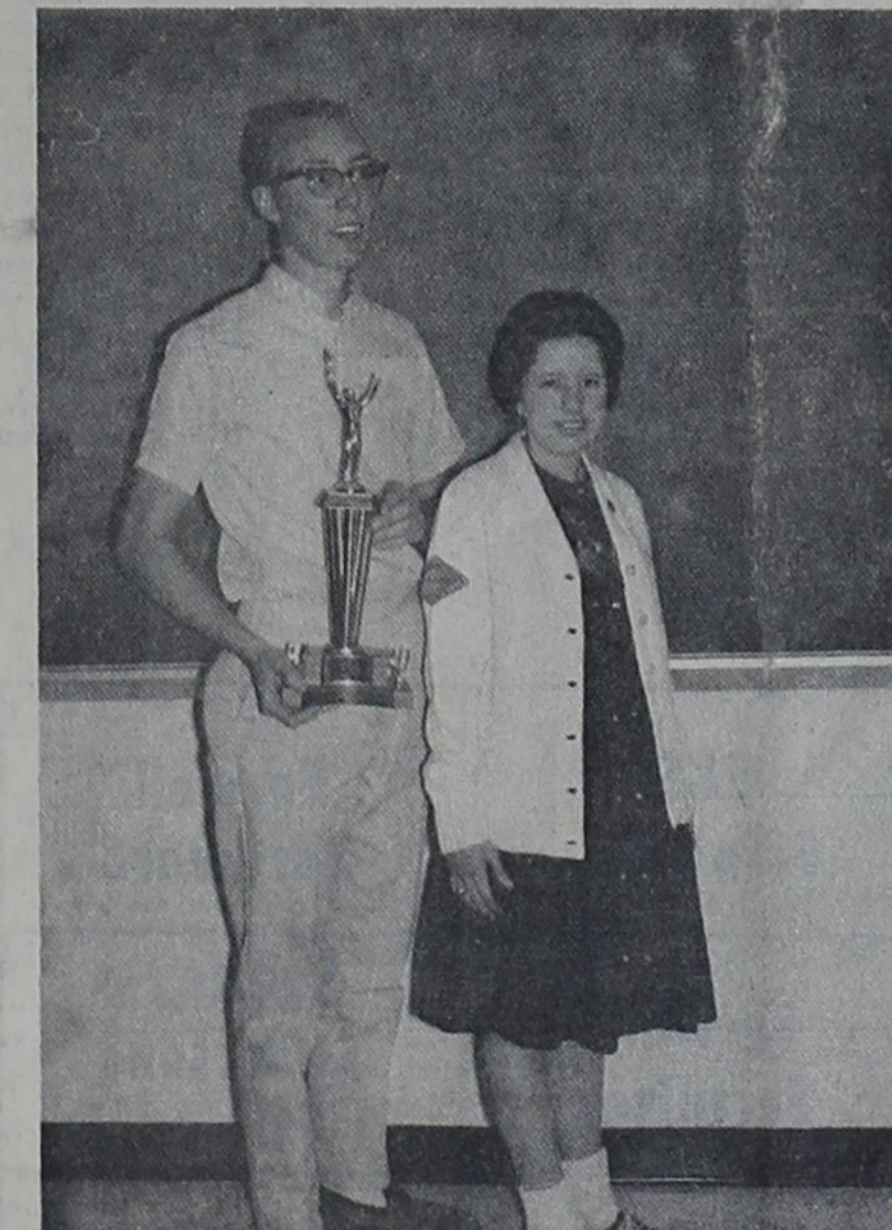

The outsiders volleyball tournament played at the Farwell High School gymnasium over the weekend was a great success, says James Craig, junior high school principal and coach of the junior high school girl's basketball team, who sponsored the tournament.

"We were able to raise the necessary amount of money to buy 18 basketball suits for the junior high school girl's team," he says.

All trophies for the tournament were donated by Spur Restaurant, Bill Moss Texaco and Miracle Manufacturing Co. "We wish to thank those businesses for this courtesy," says Craig. He also adds thanks to all of the participants in the tourney and to all who attended.

Winner of the women's bracket in the tournament was Farwell Fertilizer, second was Sherley Grain, Bovina, and third was Lariat Ladies team. Other teams entered were Sherley-Anderson, Farwell; Powder Puffs, Hot Shots, Lariat G and Farmers Union.

First place winner in the men's bracket was Smith 60, Bovina; second place winner was Bovina PE and winner of the consolation prize was the Pioneers. Other men's teams included: Friona, Texico-Farwell Lions, Rotary, East Siders, Clovis; Farwell Cannon, P & H Hoppers, Canyon PE, Lariat Fertilizer, Oklahoma Farm Supply, Lariat Farmers, A A Bowl and Gifford-Hill.

Howard Danforth, selected Mr. FBLA in the state of New Mexico at the state convention at ENMU Saturday, displays his prize-winning trophy. Shown with him is Linda Palmateer, who won the state spelling contest at the same convention.

Texico PTA Plans Reception To Honor Teachers

Texico PTA will hold its last meeting of the school year Monday night, May 6, 8 p.m. in the high school auditorium. At this meeting a reception is planned to honor the school's 23 teachers. Hostesses for the meeting will be Mesdames Paul Harrison and Melvin Burns.

Grades 4-6 under direction of Gary Stelling, music director, will be in charge of the program. The boy and girl state delegates of 1962 will be pres-

ent and will give a report of their activities. Also the delegates selected to attend boy and girl state this summer will be present. The PTA helps to sponsor one of the boys' state delegates each year.

Murray White, newly elected president of the PTA, will announce the names of his committee members at the Monday night meeting.

Refreshments will be served and a door prize will be presented to some lucky person.

Excellent Rating For Farwell Band

Farwell High School band was in Canyon, April 24 to participate in the Region XI Inter-scholastic League concert contest, where they received ratings of excellent or second division in sight reading and concert work.

Judges for the contests were Joe Haddon, Midwestern University, Gary Garner, UCLA and James Matthews from the University of Houston.

John McGee, band director in the Farwell school, says he is well pleased with the performance of the band students at the regional contest.

Off to Enid and the Tri-State Music Festival are members of the Farwell High School Band. Shown loading one of the bass horns into a pickup for the trip are band members, Mikala Austin, Doyle Johnson, Burt Purvis and Ronnie Smith. The band left Farwell at 4 a.m. Wednesday morning and will return this weekend. Band director is John McGee.

Farwell Players Top Petersburg

Farwell now has a 2-1 record in district play in baseball competition after trouncing Petersburg 3-0 Tuesday afternoon. Johnny Actkinson pitched a no hitter, and Farwell racked up six hits during the games, says Bill Mayfield, coach.

Hits recorded for the locals were: Leon Lovelace, home run and single; Bobby Actkinson, double; Charles Roberts, J. Actkinson and Danny Huffaker, singles.

The only loss suffered by the Steers was to Silverton, 3-4. The team topped Lorenzo 11-10. Lineup for the Steers includes Johnny Actkinson and Ronnie Reed, pitchers and left fielders; Danny Huffaker, catcher; Charles Robert, first; Joe White, second; Jerry Childs, shortstop; Bobby Actkinson,

third; Warren Gossett, right field and Leon Lovelace, center field.

HONOR ROLL

In the honor roll released today by the Texico school, 47 students were listed. Eighth grade led the list with 14 persons from that class listed for the honor. Eighth graders listed are Linda Armstrong, Jill Billington, Dean Campbell, Rose Creek, David Farmer, Danny Hitson, Frankie Lambert, Roy McDaniel, Donnie Morris, Marsha Palmateer, Pam Roberts, Kathryn Stone, Jimmy Webb and Susan White.

Listed to the roll from the twelfth grade are Dianne Baldrige, Glenna Bourne, Vic Harrington, Shirley Huber, Georgina Lambert, Jean Morris, Linda Palmateer, James Watts and Carol White. The eight 11th grade students making the list were Bill Billington, Don Chandler, Gary Farmer, Wayne Hudnall, Jackie Hughes, Hazel McDaniel, Kathleen Smith and Susan Taylor.

Tenth grade students making the list are Emmitt Autrey, Nancy Jones, Gwinette Lovett, Sheryl Offutt, Cynthia Spence, Sarah Walker and Kathy White. Four 9th grade students were listed. They were Terry Lovett, Gary Meler, Joe Patterson and Veda Wilson.

Listed for the honor from the seventh grade were Allen Breitenbach, Yolanda McDaniel, Brenda Sims, Ricky Stanley and Janet Wilson.

Texico Runs --

(Continued from Page 1)

1 mile run: 1st - Melrose, time 5:11; 2nd - Mike Spearman (Texico), 4th - Kenneth Glaze (Texico), 5th - Ronnie Curry (Texico).

880 relay-1st - Tatum, time 1:35.5; 2nd - Texico (Vic Harrington, Ronnie Curry, Weldon Walker, Hal Ed Helton).

Low hurdles, 1st - Tatum, 2nd - Vic Harrington (Texico), 3rd - Weldon Walker (Texico), 880 run - 1st - Lonnie Curry (Texico), time 2:16.2, 2nd - Melrose.

Medley relay: 1st - Texico (Harrington, Dyer, R. Curry, Campbell), 2nd - Melrose.

220 dash: 1st - Tatum; 2nd - Wayne Hudnall (Texico), 3rd - Jackie Dyer (Texico), 4th - Hal Ed Helton (Texico).

Mile relay: 1st - Elida, 2nd - Tatum, 3rd - Melrose, 4th - Texico.

440 dash: 1st - Wayne Hudnall (Texico) time 55.3, 2nd - Elida, 3rd - Tatum.

Javelin: 1st - Vernon Thigpen (Texico) distance 168 feet, 2nd - Tatum, 3rd - Melrose.

Pole vault: 1st - Tatum - 11.3, 2nd - Lynn Doshier (Texico).

Shot put: 1st - Dora; 45 feet 9 in, 2nd - Vernon Thigpen (Texico), 3rd - Melrose.

Broad jump: 1st Wayne Hudnall (Texico) 19 feet 5 inches, 2nd - Elida, 3rd - Dora, 4th - Bill Campbell (Texico).

Discuss: 1st - Vic Harrington (Texico) 120 feet, 2nd - Vernon Thigpen (Texico) 3rd - Tatum.

High jump: 1st and 2nd - Elida, 3rd - Melrose, tie for 4th and 5th - Dyer (Texico) and Floyd. Winning jump was 5 ft. 9 in, which tied the old EPAC record.

Man Dies --

(Continued from Page 1)

Mrs. Floy Whitcomb, Trinidad, Colo.; Mrs. Eurith Querard, Golden, Colo.; Mrs. Vera Shuck, Chester, Okla.; Mrs. Clara Mae Simmons, Wichita, Kansas; one brother, C. L. Mosier, Iola, Kansas, 23 grandchildren and several great-grandchildren.

Mr. and Mrs. H. R. Crook and family accompanied by the F. M. Crook family of Bovina, were in Quinlan for the funeral services.

Hopper --

(Continued from Page 1)

of credulity is the proposed Youth Employment Act, which looks like a surefire thing before long.

This law, when and if put into effect, is supposed to put 60,000 young people to work across the country in various areas of conservation and public works.

That wonderworker Ralph Yarborough is one of the bill's sponsors, and he figures that America needs, among other things, 20 young people working at Buffalo Lake. Things like this, according to Texas' senior senator, will help curb juvenile delinquency and prepare our future citizens for useful lives.

If, in the government's employ, they learn how to work this will indeed be a miraculous project because it is my observation that government service of most types is a field outstanding in its de-emphasis on individual effort. The object seems always to be an organization and planning, but little getting-done.

The futtling of this project is seen by those who know of the thousands of young people, able and willing and otherwise qualified for work, who are deprived of regular employment by stupid government-imposed restrictions.

The nature of the work, the hours that work may be performed, where it may be done, and what is to be paid for it has become the province and business of the federal government.

This manipulation is ostensibly for the purpose of eliminating the privations of child labor and abuse, and industrial "sweatshop" conditions.

Actually, industry cured itself of these ills without government help, and the laws are seldom needed, but they linger on, and indeed, have been increased in their restrictiveness.

One immediate consequence to this federal meddling is the closing of the doors of opportunity to young people who can't get a toe-hold in the learning phases of business. Many would gladly exchange their labors for the knowledge they could gain in certain businesses; and any pay for this learning-while-working would be pure gravy.

However, Uncle Sam has crossed off another American heritage by telling businessmen how they must run their businesses. Now the government is trying to make up for this mistake by CREATING jobs instead of freeing those they have shackled. To use a Baggary adjective, this is asinine.

BULLETIN!

Mrs. Willis Magness, 78, pioneer resident of this area, passed away Wednesday night after a lengthy illness. Services are scheduled Friday afternoon at the Church of Christ with Ebb Randol and Don Tarbet in charge, assisted by Rev. J. L. Bass.

Film Shown At Cub Meeting

A film on the last Boy Scout Jamboree held in Colorado was shown Saturday night for those attending the monthly Cub Pack meeting in the elementary library at Farwell Schools.

Special guest was Terry Edwards, Scout executive from Clovis. Webb Guber directed the meeting. He is local Cubmaster.

News From LAZBUDDIE

BY MRS. C. A. WATSON

Mrs. C. A. Watson

Mr. and Mrs. Jack Smith and son, her mother, Mrs. N.M. McCurdy, attended the Reagan Reunion held in Amarillo Thompson Park Sunday. The Reagans are Mrs. Smith's relatives. About 50 were present for the occasion.

Birthday Greetings this week go to: Yolanda Gonzales, Thresa Seaton, Mary Gilbert, Johnnie Beth Ivy, and Lewis Seaton.

Mr. and Mrs. Duane Darling visited Sunday with Mr. Darling's mother, Mrs. Austin Darling at the Retirement Ranch in Clovis.

The Margreat Oliver circle met Tuesday of last week in the home of Mrs. J. C. Redwine for Bible study. Present at the meeting were Mmes. J. C. Redwine, W. S. Menefee, Dan Cargile, Jewell Trelder, L. B. Hambricht, Earl Peterson, J. R. Harris, Bert Gordon, Raymond Houston and one visitor, Mrs. E. E. Mason of Big Spring.

All Churches of the First Baptist Church met at the church Tuesday for the Royal Service program.

Mr. and Mrs. Marion Barton were called to Clovis Thursday to be at the bedside of his grandmother, Mrs. C. D. Brown, 76. Mrs. Brown suffered a stroke and is in serious condition. She is in room 226 in the Memorial Hospital.

James D. Brown, Frederick, visited during the weekend with his aunt, Mrs. Lena Steinbock and Mrs. Annie Vaughn. Mrs. Vaughn is the grandmother of James.

The seventh grade enjoyed a supper skating party in Farwell Friday night. Mothers going with the children were Mrs. J. G. Ward, Mrs. Charles Ramage, Mrs. Roy Miller, Mrs. Kenneth Precure, Mrs. J. B. Jennings, Mrs. D. D. Vaughn and Mrs. T. L. Gleason.

The Lazbuddie FFA judging Team went to Lubbock Friday

Wolverine Variety Show May 7, Texico

The annual Wolverine Variety show at the Texico School is set for May 7, 8 p.m. in the high school auditorium. Highlight of the show will be the coronation of the most beautiful girl and the most handsome boy in the school. They will be chosen from photographs. Candidates for the honor were selected by each organization in the school.

Candidates and their sponsoring organizations are: FFA; Linda Campbell and Lynn Doshier; FFA; Carol White and Vernon Thigpen; FBIA; Judy Tharp and Dwayne Billingsley; Press Club; Sue Walton and James Hudson; Chorus; Lattia Harrison and Donald Chandler; Band; Wanda Eshleman and Howard Danforth; science club; Jackie Hughes and Joe Patterson; honor society; Georgina Lambert and Terry Niece, and student council; Kathy White and Wayne Hudnall.

Weldon Walker, most handsome in 1962 will crown the

couple. Masters of ceremonies will be Georgina Lambert and Faye Martin, co-editors of the Wolverine, school yearbook. The yearbook, whose theme for this year is "Togetherness, parent, teacher, child" will be presented at the end of the evenings activities.

Other entertainment will be an athletic drill by a girl's drill team composed of Lucille Halsell, Monnie Sanford, Kathleen Smith, Pauline Taylor, Sandy Tipton, Mary Creek,

Ellen Cailouet and Marquetta Wall. Wanda Eshleman will sing, "When Apples Grow on Lilac Trees" and a skit "Love Thy Neighbor" will be presented by Nancy Jones and Vivian Duncan.

"Trial of the House Council" a skit in rhyme will be presented by James Watts, Buddy Spence, Skippy Tipton, James Jones, Leonard Hutsall, Shirley Huber, Kenneth Glaze, Jodie Doshier, Brenda Brooks, Cynthia Spence, Linda Hadley,

Sarah Walker, Nancy Jones, Vivian Duncan, Gwinette Lovett, and Pauline Taylor.

A scene from the musical "Hi-Fi," "I Like Mountain Music" will feature Howard Danforth, Gary Farmer, Dwayne Billingsley, Marquetta Wall, Mary Creek, James Watts and members of the chorus who will dance and sing.

Sponsor of the show and yearbook is Mrs. Lillian Allman, journalism instructor in the school.

CHRISTIANITY

Is The Bulwark of Our Way of Life

A REASONABLE RELIGION
Isaiah 1:18-20

In Isaiah 1:18 God claims to be reasonable and says that if man will be reasonable he can come to know God. Let us consider three things:

1. It is reasonable to believe that there is a God. Intelligence in nature proves it. We can always count on water being wet, fire being hot, ice being cold etc.. We build our entire way of life upon the things in nature that can be depended upon. The reason that there is intelligence in nature is because intelligence was put into nature by the creator - God. Morality in man proves the existence of God. All people everywhere believe that some things are right and some things are wrong and that we are obligated to do that which is right. Where did this sense of morality come from? It came from God the creator. This line of reasoning could be continued indefinitely, but this is enough for us to see that it is reasonable to believe that there is an intelligent, moral God behind this universe. Without doubt the most acceptable explanation of creation that can be given is to simply say that an all-wise, all-powerful God did it. All other explanations create more questions than they answer.

2. It is reasonable to believe that God has revealed himself to man. There are three ways that God has done this. Romans 1:18-20 points out that there is enough of God revealed in nature to cause all unbelievers everywhere to be without excuse. II Timothy 3:16 tells us that all Scripture is given by inspiration of God. Hebrews 1:1-4 says that God has revealed himself through his Son. Thus we see that God has made himself known to mankind through nature, through the Bible, and through his Son the Lord Jesus Christ.

3. It is reasonable to believe that man ought to obey God. He ought to obey God because God is the giver of life. The best that man can do is to reproduce life he cannot create it. Man ought to obey God because he is the sustainer of life. The entire universe along with all life would come to an abrupt end if God were to remove his sustaining power for just one second. Man ought to obey God because God is the one who has provided salvation through his Son. Acts 4:12 says: "Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved."

Yes, man can come to know God if he really wants to do so.

DEAR FRIENDS

We humbly wish to express our sincere thanks, to you the members of the Public, for the way you helped support the endeavors of the Farwell Bands, during their recent fund raising campaign;

Also through the entire school year, with your donations, your support and your advertising and every other endeavor.

We deeply appreciated it.

THANK YOU

Farwell Band Boosters Association

"SEARCH THE SCRIPTURES" ARE YOU IN OR OUT?

Does it matter whether one is IN or OUT of a warm house on a cold winter day? Does it matter whether one is IN Christ or OUT of Christ? Yes, for Paul said "if any man be IN Christ he is a new creature." (2 Cor. 5:17). "All spiritual blessings are "IN Christ." (Eph. 1:3). "Salvation . . . is IN Christ." (2 Tim. 2:10). Hence, unless one is IN Christ, he has no spiritual blessings or salvation and is not a new creature. The Christian then is one who is IN Christ.

But HOW does one GET INTO CHRIST? Only two passages in all the Bible tell us HOW to get into Christ, where there is salvation. (1) "Know ye not, that so many of us as were BAPTIZED INTO CHRIST were baptized into his death?" (Rom. 6:3). (2) "For as many of you as have been BAPTIZED INTO CHRIST have put on Christ." (Gal. 3:27). "Search the scriptures" a hundred years and you will not find another passage telling us HOW to get INTO Christ. We believe UNTO (not "into") righteousness; we repent UNTO (not "into") life and we confess UNTO (not "into") salvation. (Rom. 10:10; Acts 11:18). There is a difference in the words "unto" and "into." If one is baptized "because of" salvation, he is not baptized "into" Christ where there IS salvation. Visit the church of Christ -- Listen to KZOL Sunday at 8:30 A.M.

Don't Get Lost
In hunting in rugged country precautions should be taken against getting lost.

Throw a light rope, such as a clothesline, across the highest outside limb of the nearest dead tree, or sparsely-limbed sapling.

Next tie a red bandana, or other brightly-colored cloth, to the dangling end of the line. Then pull the bandana to the top of the tree.

It will serve as a beacon that can be seen from afar.

Allan Kelleys At Home In Clovis, Following Easter Wedding

At home at 2620 Williams St. in Clovis following their recent wedding are Allan Kelley, son of Mr. and Mrs. B. A. Kelley, Texico, and his bride, the former Helen Ruth Priest, daughter of Mr. and Mrs. W. A. Priest, Clovis.

The couple was married Easter Sunday in Central Baptist Church, Clovis with Rev. Carl Scott, church pastor officiating.

Double ring vows were exchanged before a white Cathedral arch covered with greenery from which white wedding bells were suspended. Flanking the arch were fan shaped arrangements of white gladioli and pom poms mums along with seven branched candelabra holding white tapers. At either side of the candelabra were palms of Woodwardia fern. Centering the setting was a white wrought iron kneeling bench on which the couple knelt to seal their wedding vows.

Miss Carol White, Texico, accompanied her mother, Mrs. Murray White as she sang "Because", "Walk Hand In Hand," and "The Lord's Prayer" as the couple knelt. She also played traditional wedding marches. Candelighters were Ernie Porter and Jerry Newkirk.

Serving her sister as maid-of-honor was Miss Jo Mae Priest. Brides-matrons were Mrs. Phyllis Wooten, sister of the groom and Mrs. Wayne Pierce. Peggy Sue Priest was flower girl for her sister. All of the attendants wore dresses of orchid colored cotton satin featuring full gathered skirts. They wore white accessories. Their white pill box hats were covered with short veils of white illusion. They carried unique colonial bouquets of white stephanotis and pom pom mums shaped like giant Easter Lilies. The flower girl carried a basket filled with white pom pom mum petals.

Serving his brother-in-law as bestman was Buster Wooten, Portales. Groomsman were J. C. Kelley, brother of the groom, and Wayne Pierce, a close friend. Ushers were Leon Kelley, brother of the groom, and Glen Harris. Ringbearer was Dwayne Kelley, small cousin of the groom.

The bride given in marriage by her father chose a ballerina length dress of white satin and Chantilly dress, styles with a fitted bodice, long fitted sleeves extending to scallops at the back of the hand and a high round neckline. Her shoulder length veil of white Chan-

Mr. and Mrs. Allen Kelley

tilly lace fell from a crown of white seed pearls. She carried a cascade arrangement of white rosebuds and stephanotis atop a white lace and satin covered Bible.

Carrying out tradition she carried a white linen handkerchief for something old, a pearl necklace, gift of the groom was new and a garter belonging to her sister-in-law, Mrs. James Priest, was borrowed and blue. Mrs. Priest chose for her daughter's wedding a navy blue dress with white accessories. Her corsage was white carnations. The groom's mother, Mrs. Kelley, chose a beige dress with black patent accessories. She wore a corsage of pink carnations.

Guests at wedding were registered by Mrs. J. C. Kelley, sister-in-law of the groom.

A reception was held in the home of the bride's parents immediately following the ceremony. Serving table was covered with a floor-length cloth of

white organdy and centered with a bouquet of lilacs.

After the three tiered wedding cake had been cut by the bride and groom it was served with punch. Presiding at the serving table were Mrs. Fred Elchenberger and Miss Margaret Baxter.

When the couple left for a short wedding trip the bride was wearing a three-piece suit of beige with brown accessories, and a corsage lifted from her bridal bouquet.

The bride is a 1958 graduate of Clovis High School and attended ENMU for one semester. She is employed by Mountain States Telephone Co., in Clovis.

The groom is a 1956 graduate of Texico High School and also attended ENMU. He is engaged in farming in the Pleasant Hill Community.

Crooks In Cee Vee

Mr. and Mrs. Paul Crooks and daughters, Jana and Jean Ann, accompanied by Mr. and Mrs. R. E. Crooks and son, Keith, were in Cee Vee over the weekend where they visited in the homes of Mr. and Mrs. Joe Crain, Mr. and Mrs. Billie Crain and sons and Mr. and Mrs. Q. O. Seale. They also attended a rodeo in Paducah.

Toni Billingsley, Bo Betty Wed In Double Ring Ceremony

First Baptist Church, Farwell, was the scene of the 8 p.m. double ring ceremony uniting Miss Toni Jaquetta Billingsley, daughter of Mr. and Mrs. Clark Billingsley of Farwell and Robert (Bo) Betty Jr., son of Mr. and Mrs. Robert E. Betty Sr. of Clovis.

Rev. J. L. Bass read the vows April 26 before an altar decorated with an artistic arrangement of white gladioli, stock and mums silhouetted by two seven-branch candelabra in the background and spiral candelabra on either side holding 15 tapers each. Palms and jade foliage completed the setting and vows were exchanged before the white wrought iron kneeling bench set on a throw of white plush.

Given in marriage by her father, the bride wore a gown of Chantilly lace and cloudwhite taffeta designed with a set-in midriff and a bell shaped skirt. A cascade of lace was attached to the front of the bodice extending over the shoulders and forming sleeves, then extending the full length of the taffeta chapel train. Tiny pearls and crystals dotted the gown.

Her shoulder-length veil of English silk illusion was attached to a queen's crown of crystals and pearls. The bridal bouquet was centered with a large white cattleya orchid tied with satin streamers and stephanotis and carried atop a white Bible.

Traditionally, the bride wore a blue garter, for something old, she chose the cameo engagement ring of the bridegroom's great-grandmother; new was her wedding dress and borrowed was a Bible from her sister.

Miss Sherry Billingsley, sister of the bride, served as maid of honor. She was attired in a dress of yellow organza over taffeta with a fitted bodice and full skirt and styled with a round neckline and a cummerbund encircling the waist. Her tiara of yellow net was accented by a short veil and accessories included wrist gloves and white patent pumps. She carried a single white long-stemmed rose with a yellow satin tie and foliage.

Miss Mary Gay Judd of Stratford and Miss Sandy Billingsley of Farwell, cousin of the bride, served as bridesmaids. They wore identical dresses and ac-

Mr. and Mrs. Robert (Bo) Betty

cessories to the maid of honor. Debra Betty, sister of the bridegroom, was the flower girl. She wore a dress similar to those of the attendants.

Candelighters were Bradley Billingsley, cousin of the bride, and Milton Lee Walling.

Phillip Billingsley, brother of the bride, served as best man, and ushers were Van Crume of Farwell, and Russell Weems, Don Gillis and Johnny Longridge of Clovis were groomsmen.

Pianist, Miss Edith Ann Walling, played the traditional wedding music and Mrs. Clytie Dial sang "Because", "I Love You Truly" and "Wedding Prayer" accompanied by Miss Sherry Austin, organist.

Mother of the bride wore a lace dress of rose beige with ruche patent accessories and a yellow rosebud corsage. Mother of the bridegroom wore a three piece brown suit with brown accessories and a yellow rosebud corsage.

Immediately following the wedding, a reception was held in the fellowship hall. The serving table was covered with ecru lace. Crystal and silver ap-

Routon-Owens Engagement

Mr. and Mrs. Earl Routon, Farwell Route 1, are announcing the engagement and approaching marriage of their daughter, Carolyn Lenora, to Bill Owens, son of Mr. and Mrs. Dee Owens, also of Farwell. Friends and relatives are invited to attend the Sunday, June 2, 2 p.m. wedding at Oklahoma Lane Baptist Church and the reception. No invitations are being sent. (PHOTO BY MYRTLE'S STUDIO)

"Evening In Paris" Banquet Theme

Theme for the Farwell junior-senior banquet which was held at the high school cafeteria, Saturday night was "An Evening In Paris". Approximately 100 students, teachers and invited guests were in attendance.

The cafeteria was decorated in the Parisian motif, with sidewalk cafes made from blue and white crepe paper. Focal point of decorations was an Eiffel Tower, at one end of the room, made from black crepe paper. Tables seated four persons, and were covered with checked tablecloths and centered with miniature Eiffel towers or candles. Speaker's table had a floral arrangement of red carnations and white lilies surrounding a miniature Eiffel tower.

Master of Ceremonies was Ronnie Henson, junior class president. Invocation was given by Alan Busbice after which Henson welcomed the seniors and guests. Bobby Atkinson, representing the senior class gave the response. Beverly Purvis gave the senior class will and Charles Roberts read the class prophecy.

Speaker of the evening, "Doc" Stewart was introduced by Ronnie Henson and spoke to the group on "Salesmanship." He was accompanied to the banquet by his wife.

Special entertainment was provided by Fount Shults, an Eastern New Mexico student, who gave a pantomime routine.

A Daughter For Airman And Mrs. Edens

Airman 2nd and Mrs. Cecil D. Edens are announcing the arrival of a daughter Thursday morning, April 25, 10:30 a.m. in Cannon Airbase hospital.

The little girl weighed 7 lb. 2 1/2 oz. on arrival and has been named Linda Christine. She has a brother, Cecil, Jr., 15 months of age.

Airman Edens is stationed in Korea.

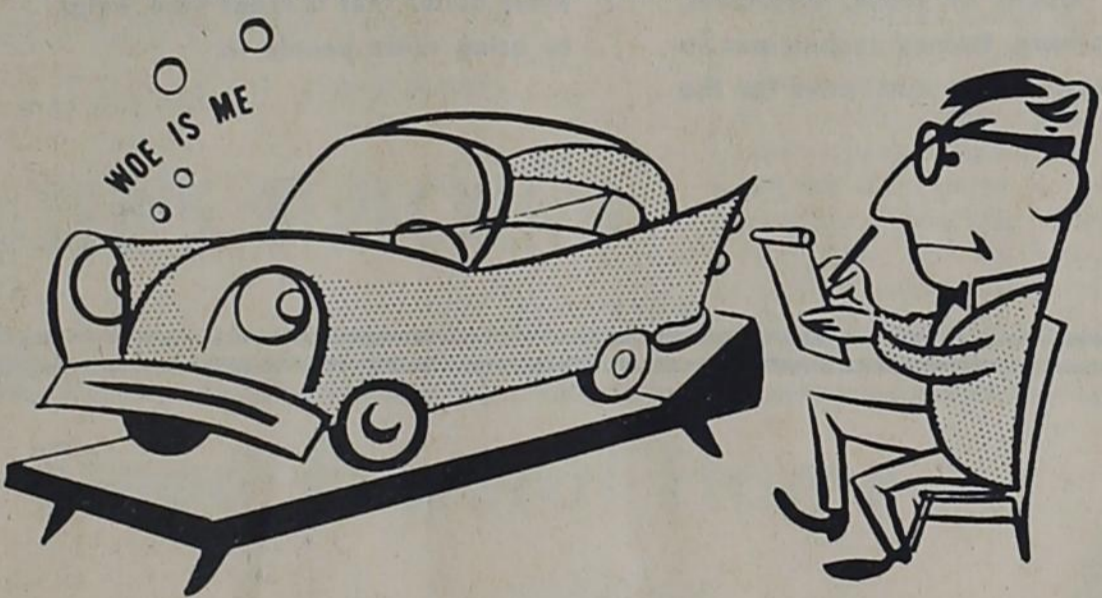

Grandparents are Mr. and Mrs. Walter Crocker, Pleasant Hill and Mr. and Mrs. Leland Edens, Tanoma, Calif.

Mrs. Edens will be remembered as Linda Crocker.

Mr. and Mrs. N. R. Harding

Mr. and Mrs. N. R. Harding, south of Farwell left Saturday for a vacation to points in Texas. They expect to visit with their son, Warren G. Harding and his family, in Galveston.

Local ESA Group Wins Top Award In State For Display

Theta Rho Chapter of Epsilon Sigma Alpha came home with the first place award for their philanthropic display, which was shown at state convention in Clovis over the weekend. Mrs. Joe Roark and Mrs. Pike Jordan designed the winning award.

In keeping with the western theme of the convention, the display pictured a cowboy in a corral of cattle. The cattle signified the worthy projects carried on by the local chapter the past year. Mrs. Roark accepted the \$25 cash prize.

Mrs. Mitz Walling, who was one of the top contenders for the title of outstanding member in the state, was also honored during the convention. Mrs. Joe Helton was chairman of the committee for gifts during the convention with the local chapter serving as her committee.

Workshops, business sessions and entertainment were highlights, with the local chapter members serving as hostesses for the Sunday morning breakfast.

Registration for the convention was 272 with members coming from all parts of New Mexico and Texico-Farwell and El Paso, Texas.

The local chapter also received honorable mention for a special philanthropic award, and was named on the honor roll for educational programs held during the year. Study this year has been on "Government."

Convention in 1964 is planned in Albuquerque.

Members from Theta Rho attending the convention other than those already named were: Mesdames John Getz, W. H. Graham, Hugh Moseley, Bert Williams, Joel Tankersley, Bobby Crume and Mrs. M. C. Roberts, educational director. Husbands of the members also were guests for social functions of the convention.

Members of Theta Rho chapter of Epsilon Sigma Alpha from Farwell, pause after completing tote bags to be presented to ESA members from New Mexico registering for the annual convention at Holiday Inn this weekend. The Farwell members were in charge of gifts and door prizes for the convention.

Mrs. Joe Roark and Mrs. Pike Jordan stand behind the philanthropic display which won first place at the annual state convention of New Mexico State Council of Epsilon Sigma Alpha, held in Clovis over the weekend. The cattle in the corral represent worthy projects completed by the local chapter the past year. Mrs. Roark and Mrs. Jordan designed the display.

Hospital Notes

Mrs. A. E. Hapke was dismissed Wednesday from Clovis hospital. She has been ill with pneumonia.

Mr. and Mrs. Charlie Crume, who were injured in an automobile accident several weeks ago, are still hospitalized, but doing well, according to family members. They are in the hospital at Muleshoe. Crume is still wearing a cast from the knee to the toe on the right leg.

Club Members Have Auction Sale

Eight members of Oklahoma Lane HD Club met at the community center Thursday for a regular meeting with Mrs. Edmund Kitten as hostess. Members brought items which were auctioned off, to help with the financial projects of the club.

Mrs. Gilbert Kaltwasser, reviewed the book "The Recovery of Family Life."

Mrs. Henry Haseloff will be hostess for the May 9, meeting at which time each person is asked to bring handwork to do. The meeting will be at the community center.

Patriotic Theme For Junior-Senior Banquet

Texico juniors and seniors along with invited guests gathered in the banquet room at Silver Grill, Clovis for their annual banquet Friday night with approximately 70 persons in attendance.

A patriotic theme was carried out in room decorations. Centerpiece for the speaker's table was an arrangement of red carnations, white gladioli and blue iris in a low bowl, intermingled in the arrangement were small American flags. Similar floral arrangements graced the other tables. To further carry out the patriotic theme nut cups were in the shape of an eagle, small flags were placed at each person's plate, as a favor, and programs were inscribed with the picture of an eagle. Blue pencils were attached to the cover of the menu and program booklets.

Wayne Hudnall, junior and president of the Texico student body, gave the invocation, following which a selection of patriotic songs was played on the organ. Terry Niece, junior class president gave the welcome address "Americanism." Ernest Meier, representing the senior class responded with "Freedom" after which Donald Chandler, in introducing the speaker of the evening spoke briefly on "Unalienable Rights."

evening spoke to the assemblage of Salesmanship. He stressed the fact that to do a good job one must be alert, on his toes and always willing to put forth the best that he has.

Donald Chandler presented Mrs. Stewart with the floral arrangement from the speaker's table. The junior class also presented her with a corsage.

A special guest for the evening

was Harkmutt Weddige, German exchange student, who is making his home with the Stewart family while attending school in Clovis.

Benediction was given by Miss Callalaya Roberts, John Adams, class sponsor was in charge of arrangements for the banquet.

Menu consisted of fruit juice, tossed green salad, baked potato, creamed corn, chicken fried steak, hot rolls, butter, apricot cobbler, iced tea or coffee.

Delta Kappa Gamma To Host Brunch

Local members of Delta Kappa Gamma Society will host a brunch for members of Delta XI Chapter Saturday morning 9:30 a.m. in the home of Mrs. Claude Coffey.

Mrs. Kent Snare, Hereford, will pay tribute to the 12 founders of Delta Kappa Gamma Society and Mrs. O. K. Howe, Dimmitt will honor charter members of Delta XI Chapter. The Delta XI Chorus will bring special music.

Charter members who will assist Mrs. Coffey are Mesdames Harrye Whitley, John Zahn, John Bolling and Mrs. E. G. Williams, an associate member. Mrs. Olean Leggett, formerly of Hereford now living in Clovis will also assist.

What's Cooking At School

MONDAY -- steamed wieners, cheese and macaroni, green beans, sliced tomato, jelly, hot rolls and butter, milk.

TUESDAY -- hamburger casserole, tossed salad, spinach, chocolate cake, cornbread with butter and milk.

WEDNESDAY -- roast beef with gravy, potato salad, peas, peaches, hot rolls with butter, milk.

THURSDAY -- hamburgers, onions, pickles, tomatoes and cheese slices, baked potato, and banana pudding and milk.

FRIDAY -- tuna salad on lettuce, scalloped potatoes, tomato slices, cinnamon rolls, bread with butter, milk.

People are handy to have around

Because

- They buy our stuff
- ... teach our children
- ... pay taxes
- ... treat our ailments
- ... fix our flats
- ... listen to our troubles
- ... loan us money
- ... serve on committees
- ... guide our footsteps
- ... etc., etc., etc.

Neighbors help us to live longer and enjoy it more

Most of the comforts and conveniences that we enjoy today are accessible to us more or less in proportion to the number of people who live near us.

Schools, churches, doctors, electric power, stocks of foods, medicines, and clothing, trained technicians to service our needs, customers for the

products of our own labor... all of these are ours to enjoy... as long as there are enough PEOPLE in the community to support them.

Every dollar that leaves this community helps to move somebody out. Every dollar that is spent here, helps to bring more people in.

It Pays to Buy where you Live

Marriage Licenses Issued

Marriage licenses issued by the County Clerk's office in Farwell recently included the following:

April 19 -- Charles Leonard Bass, Friona, and Patricia Myers, Friona.

April 23 -- Robert Betty, Jr., Clovis, New Mexico, and Toni Jaquette Billingsley, Farwell.

Pleasant Hill

BY MRS. BUCK TAYLOR

Frederick Meier, son of Mr. and Mrs. Frank Meier, is home for a 2-week visit. He completed boot training at Fort Polk, La., and will be stationed at Fort Bliss. Their daughter of ENMU was here for the weekend.

Recent guests of the Devey Pierces were her parents, the Forrest Lees of Clovis, also the Tommy Guys and the Fred Pierces. Gale Pierce was home from Las Cruces over the weekend.

Mrs. Buck Taylor went to Plainview Thursday night and accompanied her daughter, Mrs. Cecil Osborne, to Lubbock Friday.

Earl Servatius of Fritch is (Continued on page 6)

Future Teachers Club Selects Officers

Members of the Future Teachers Club of Farwell High School, met in regular session recently to elect officers for the 1963-64 school year. Officers selected were: president, Janice Prince; vice-president, Johnnie Actkinson; secretary, Jane Hubbell; treasurer, Jerry Field; historian, Mary and Martha Coffey, parliamentarian, Larry Donaldson and reporter, Becky Strain.

In the business meeting the club members made plans for a merit system for the next school year; under this system the member with the highest grades would be eligible to attend the state convention in Dallas as a delegate from the local club. Points are to be given for work done, and interest shown in the club. Sherri Austin was selected as points chairman.

One of the projects selected for the year is the "teacher aid" program which was started this year by helping out the elementary teachers. This will be the main project for the year. Other projects include a freshman orientation and starting a paper back library.

FTA members wish to thank

Mrs. A. C. Clark for sponsoring them this year, and hope to work with her again next year. They also wish to thank Jack Williams, elementary principal for his support of the teacher aid program.

Girls Attend State FHA Convention

Janice Prince, Jane Ann Bradshaw, and Carolyn Lindop, members of Farwell High School FHA Chapter, accompanied by their sponsor, Mrs. Phyllis Denton, were in Dallas April 18-20 to attend the State FHA Convention.

The girls attended several general sessions and heard lectures. They also attended a talent show on Friday night, which was presented by girls from all areas of Texas.

Only one family in our New York neighborhood lives within its income. They borrow money to do it.

Farwell

When you get straightened out on your directions you will see that this is a map of a familiar part of the Twin Cities. It shows the location of a tract of land (almost 5 1/2 acres) just south of the Santa Fe depot in Texico. The land has been leased to the Lions Club and will be used as a site for developing a ballpark

recreation area for the Twin Cities. Improvements including lights and water are planned, making it possible for local teams to play on a hometown diamond instead of going to Clovis or Bovina as is now the case.

Georgia Lee Rundell Wins Costume Prize

Georgia Lee Rundell won the prize when she attended Texas Educational Secretaries convention at Lubbock over the weekend. Mrs. Rundell, secretary of Farwell Public School, decided to go as Miss Kitten of a western TV program, "Gun-smoke" when delegates were asked to wear western costumes to a prairie party.

She was awarded the prize for the "most authentic" costume. About 250 women were costumed for the occasion. Mrs. Rundell relates that many of the attendants didn't know where Farwell was located, but she comments "By my winning the contest, I think many of the secretaries will remember our school."

Theme of the convention was "Wagon Wheels to Rockets." Registration was Friday with the Lubbock Administrators Association hosting a reception that evening.

Saturday's program included a breakfast. The general session was that morning, and luncheon speaker was Dr. L. Chess Lovern, pastor of the First Methodist Church of Lubbock. He discussed "Tip for Tasks." The costume party was in the evening.

The convention ended with a breakfast and devotional Sunday morning.

Mrs. Rundell noted that few people knew where Farwell was and "I must have told our position on the map not less than 50 times during the time I was there."

Parmer's Bond Sales Pass \$23,000-Mark

Parmer County's bond sales for March totalled \$18,422, placing its total for the first quarter of 1963 at \$23,428, representing 29.3 per cent of the county's goal, according to Frank A. Spring, chairman of the county savings bond committee.

Sales in Texas for the first quarter of 1963 amounted to \$15,387,951, which represents 26.7 per cent of the state goal of \$150,600,000.

"Right now the Freedom Bond Drive is going on . . . this is an opportunity for every family to purchase at least one Savings Bond before the Fourth of July. Buy one at your bank or join the Payroll Savings Plan where you work. I urge all patriotic citizens to join in this drive," Spring stated.

ENMU Rodeo, Parade Scheduled For May 4

All rodeo fans and those who love a parade are invited to attend the rodeo parade at ENMU (May 4) 12:30 p.m. (MST.) Several bands from this area will be on hand to participate in the parade as will cowboys and cowgirls from throughout eastern New Mexico and west Texas.

The first rodeo performance is set for Friday evening May 3, 7:30 p.m. (MST) at the Mounted Patrol Arena in Portales. Again on Saturday -- at 2 p.m. the tanbark will see bull riding, calf roping, bareback bronc riding, girls' barrel racing, girls' goat tying and a wild cow milking contest.

Boys entered in the rodeo will be competing for the title of all-around cowboy. First prize is a saddle, runner-up will receive a pair of hand-made boots and the third prize is the \$50 Ag Club scholarship. A total of nine prizes will be presented. Many area students will be participating in the parade and rodeo.

Annual Play Day Held At Texico School

Texico high school held its annual play day and election for student body president Friday. Elected to the presidency of the student body for the 1963-64 school year was Mike Spearman, son of John Spearman. He was selected by secret ballot from a field of three candidates. Other candidates were Donald Chandler and Terry Niece.

Also selected by vote of the student body were the A team cheerleaders for the next school term. Tryouts were held after which the student body voted. Chosen were Callalya Roberts, Jackie Hughes, Kathy White, Teresa Luce and Linda Hudson. Millie Autrey will serve as alternate.

Winners of the play day events were the senior class. The classes along with the faculty had a volleyball tournament, a class relay and a tug-of-war.

On Monday morning all classes met and selected their representatives to the student council for the next school year. Chosen to represent the seniors are Wayne Hudnall, retiring student body president, Donald Chandler, and Terry Niece. Representing the juniors will be Kathy White, Tom Rickstrew and Cynthia Spence. Sophomore representatives are Terry Lov-

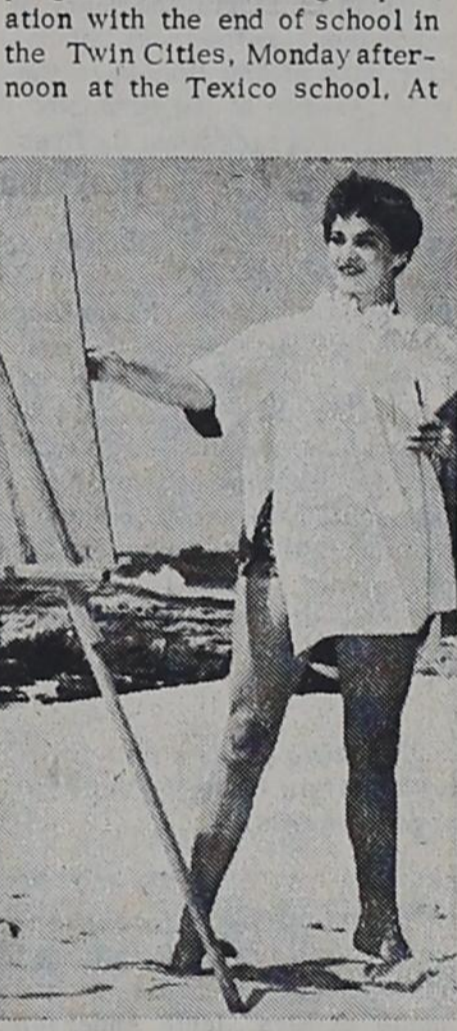

Fifty Five Boys Register For Summer Baseball League

Approximately 55 boys registered for the summer baseball program which will begin operation with the end of school in the Twin Cities, Monday afternoon at the Texico school. At least 25 others are expected to register when sports activities are finished at the schools.

John Green, assistant coach at the Texico school, is in charge of registration and he asks that any boy interested in playing ball, on either the Babe Ruth or Little League team, who has not registered previously, contact him at his home or come to the Texico baseball field Monday, May 6, 4:30 p.m. for the first practice session of the summer.

Coaches for the little league team will be David Axe and Buster Harriman. Tentative coaches for the Babe Ruth league are Preston Martin and C. H. Webb.

Team members will be chosen from tryouts later in the season.

BEACH BEAUTY . . . Jere Wright, a former Miss Hawaii is a fetching model herself as she sketches a scene on a Hawaiian beach. Outdoor activity in Hawaii is year-round.

Members of the poultry judging team Charles Roberts, left, Jim Morton and Bobby Atkinson display their awards won at the district, area and Tech contest Saturday to members of the FFA Chapter.

In the other picture are members of the dairy judging team which was first in the Tech contest and third in the district contest. In the center is Roy Donaldson, who was fourth high individual in the contest. Other members of the team are Larry Donaldson, left, and Joe White.

JOTTIN'S

By Jeanne

I like the flavor of an upside down cake, but I've never quite mastered the art of getting the cake from the pan in one piece. But I learned the secret this week. By cooking the cake in my heavy iron skillet instead of a regular cake pan, this problem is solved. It does make an attractive dessert.

PINEAPPLE UPSIDE DOWN CAKE
 1 cup brown sugar
 5 slices pineapple
 1/8 cup butter
 1/2 cup chopped pecans
 5 maraschino cherries
 Melt sugar and butter in large, heavy skillet. Arrange pineapple slices with cherry in each center. Scatter pecans on top. Make cake batter with the following:
 2 eggs
 1 cup sugar
 1 tsp. vanilla
 1 cup cake flour
 1 tsp. baking powder
 1/4 tsp. salt
 1/2 cup milk
 1 tbs. butter
 Beat eggs until foamy and gradually add the sugar and add vanilla. Sift flour, baking powder and salt and gradually add to eggs and sugar. Add butter to milk and heat the milk until butter melts. Add this to the egg mixture, making a thin batter. Pour batter over brown sugar and pineapple in the skillet and bake at 375 for 25 minutes.
 Can be served plain, with whipped cream or with ice cream. It is a colorful dessert.

Have you tried the new Instant onion flakes? I've found that this method of adding flavor to congealed vegetable salad is much better than chopping minute onion bits. Donna Jordan tells me that the flakes are delicious in soups and meat dishes. I plan to try that too.

Douglas Meador of the Mator Tribune so many times says what I wish I could say. I like what he had to say about "attitude" recently.
 "Attitude, hammered out of the same material the heart is made from, is the most important part in any life. It is the good that can not be corrupted; the silent prayer when the fires of hate are burning. The greatness that can smile when the heart is breaking and the courage to gather up the crushed pieces of a shattered dream. Attitude is the design of the soul rolled thin and baked on the tile of words. It may be evil concealed beneath every subterfuge the mind can conceive, screening hate, greed, jealousy; or merely the flickering candle of despair. Attitude is the truth when the dross of life has been removed."

"Nothing gives a man more leisure than being on time for appointments."

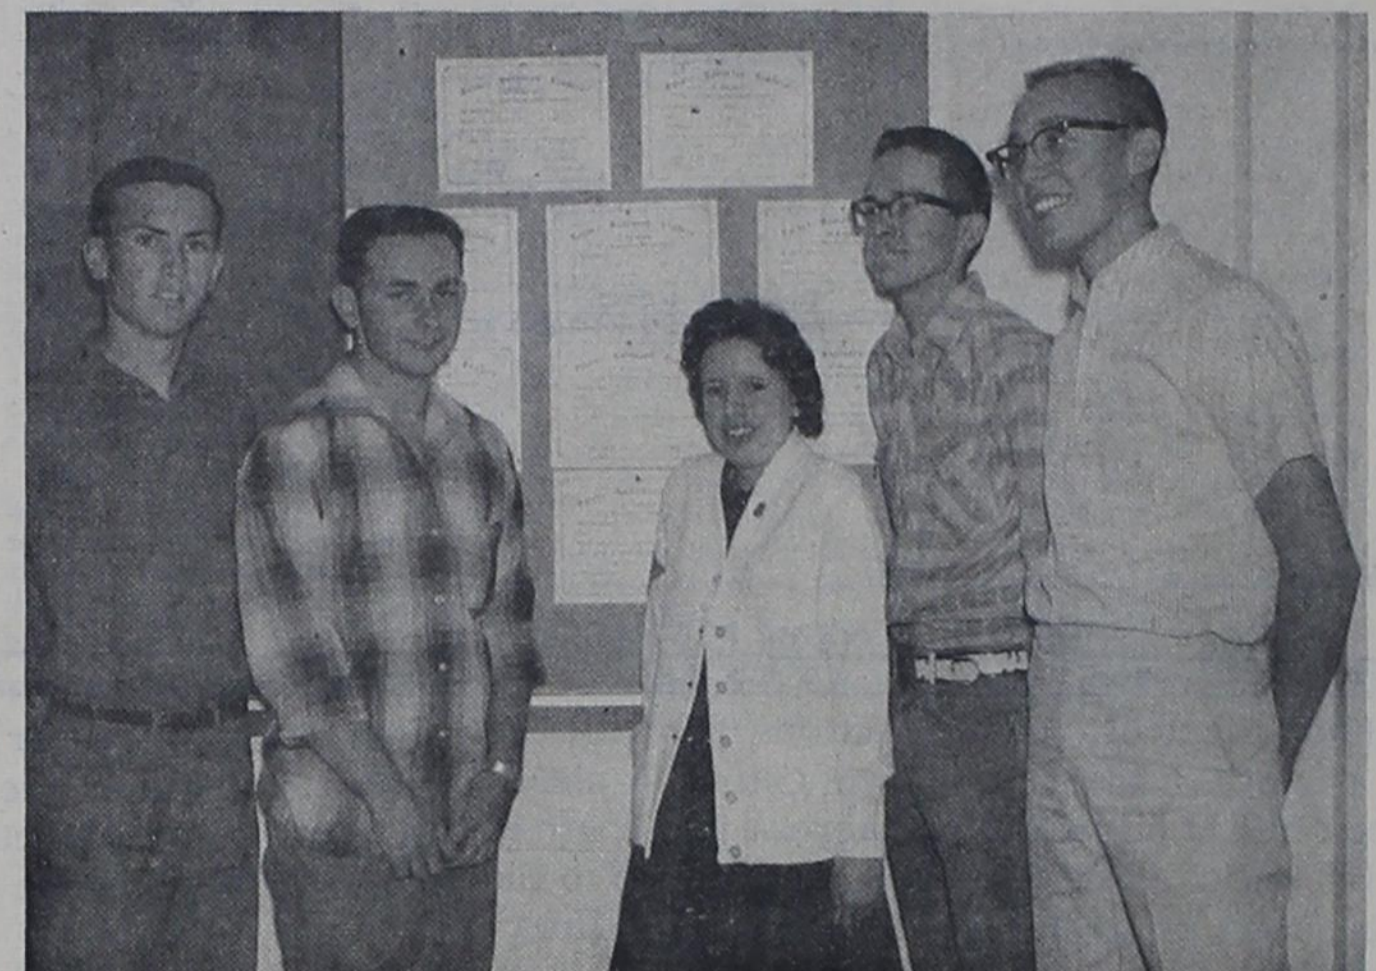

The families of Robert Servatius and Buck Taylor attended an Anderson reunion in the home of Mrs. Janie Anderson Sunday. A buffet dinner was served, including turkey with all the trimmings. Miss Fay Martin of Texico also attended. Family members were present from Paducah, Phoenix, Plainview, Oklahoma City, Lubbock, Clovis and Anton.

"Awake 'Tis May" To Be Presented By Farwell Elementary Grades

Members of the Farwell elementary grades have been busy for the past few weeks getting in readiness for their annual spring operetta, "Awake 'Tis May" and their May Day Festival, which will be presented at the high school gymnasium, tonight (Friday) 8 p.m.
 Price of admission is 75¢ for adults and 35¢ for students. No admission will be charged for children under six years of age.
 A "May Queen and King" will be crowned at the beginning of the evening, after which the operetta will be presented for the entertainment of the queen and her court, along with the audience.
 The operetta tells the story of a group of children, who are planning a spring garden. Almost as soon as they begin to dig, a few worms are turned up, which reminds the boys of their new fishing rods. Off they go, to fish, leaving the girls to finish the chore when the Fairy Messenger, sent by the Fairy Queen appears, to see who is

planning a garden and to find a place for the May Festival. She tells the children to leave their garden implements and that the Brownsies will prepare the flower beds. The Brownsies, dig, and till, the Seed Fairies plant, dance and sing, the Fairy Queen appears with the lovely Flower Festival and lo 'tis spring.
 At the close of the operetta twenty children from each of the first five grades will wind the maypoles. Imagine, if you can, a more beautiful sight than 100

happy, smiling, skipping children, winding five maypoles decorated with gaily colored flowers and streamers.
 "Queen of May" is Sydney Bell and "king" is Danny Prince. Members of their court are Sandra Watkins, Kevin Hardage, Gloria Asevedo, Clyde Dollar, Connie Terry, Rodney Herrington, Barbara Goettsch, David Blankenship, Sandra Enson, Jimmy Franse, Connie Jones, Craig Capps, Beverly Tims, James Magness, Penny Phillips, John Franse, Jean Kirk, Greg Meeks, Trummie Christian, Donnie Wise, Tina Rundell, Kirt Martin, Ruth Blankenship and Eugene Sheets.

Texico FBLA Parliamentary Procedure team members discuss the trip to Dallas for the national convention after having won first place in the state contest at the convention Saturday. Team members 1 to 4--Dwayne Billingsley, Donald Chandler, Linda Palmateer, Lloyd Harrison and Howard Danforth.

Therefore will we not fear, though the earth do change.

First Session For Dale Carnegie Course Set

The first regular session in the Dale Carnegie classes will be conducted at the Woman's Study club building in Texico at 7:07 p.m. (CST).
 The classes will meet each following Monday night for 14 weeks at the same time and

place. They are to be taught by a certified Dale Carnegie graduate and are being sponsored locally by the Rotary Club.
 Approximately 50 persons were in attendance at the demonstration meeting held April 22. Only 44 persons will be admitted to the class and to assure admission.
 Persons desiring to take the course are asked to call one of the Rotary Committeemen in charge of pre-registration. They are Bob Crume, Dr. T. J. Glenn, Leroy Faville, Bill Bolling, Herbert Potts, Harry Sheets or Joe Jones.
 Few vacancies remain to be filled.

Officials Canvass Votes At Meeting

Official canvass of the city election held in April was made when the Farwell city commission met Friday afternoon. Mayor Sam Aldridge received 27 votes and C. C. Christian and Joe Blair, councilmen, polled 25 each.
 Other routine business was conducted.

Building permits issued during the month included: permit to park trailer house on the Sherley - Anderson - Pitman Grain Co. property; permission to E. R. Coffman to erect a carport, storage room and concrete driveway on his property on Fourth St.
 A new home permit to Joe Camp for a brick veneer residence of 2280 square feet in the Mimo addition; and a permit to H. E. Buchtel for a concrete patio and tile and wire yard fence at his property on Seventh St.

Friona Feed Yard Holds Grand Opening Saturday

FOOTSAVING EDUCATION

by James E. Edwards

Do People Still Buy Ill - Fitting Shoes For Children ?

People whose first concern for their children is that they grow up with normal healthy feet would find it hard to believe that three out of every four youngsters wear ill-fitting shoes.

Parents who buy just anything that will cover their children's feet never tire of telling their conscientious neighbors that their children never complain.

They are not lying. Children rarely complain of ill-fitting shoes. That is why the people who manufacture foot comfort pads and appliances do a multi-million dollar business.

Robin Hood Shoes.
Designed for Young America

Orthopedic Shoes Fitted To Your Doctor's Prescription

Edwards'
SHOE STORE

512 MAIN

CLOVIS, N. MEX.

One of the most modern feed lots in the nation will stage its grand opening five miles east of Friona Saturday. Favors will be presented everyone who comes to inspect the new Farmer County Industry.

Friona Feed Yard, Incorporated, which is located directly on Friona Draw, is opening up the initial phase of what will be the largest feed-lot operation in Farmer County; and one of the largest in the area.

As the new feed yard opens, there will be space for 7,000 to 8,000 cattle. It is constructed so that the operation can be expanded later to handle from 15,000 to 18,000 if the business demands.

The new operation is a complement to the owners, constructed entirely of concrete and steel. More than 8,000 feet of concrete went into the construction of the bunkers. The pens are all made of steel pipe.

Jack Carrothers, who formerly managed a feed lot in Colorado, is manager of the new feed lot. He has been in Friona since last August, helping with the construction at the lot.

The feed mill, which was the last step on the construction, was completed early this month. "We used our first feed from the mill on April 21," said Carrothers.

The mill will be able to mix about 25 tons of feed per hour, or 120 to 150 tons in a six-hour day. Mixed feed will be made available for cattle owners to buy. In the event severe weather causes a feed shortage, cattle owners may bring their stock to the pens.

The new business has created jobs for 10 men besides Carrothers. This should be a boost to the economy of the county. "We've tried to do as much business locally as possible," Carrothers said.

Carrothers, a native of California, earned a degree in Agriculture from Oregon State University. He and his wife have four children. The three oldest, all boys, are in school at Friona. The youngest child, a girl, is under school age.

The new feed lot is expected to create more business for county farmers. Corn, used for ensilage, will become more of a cash crop for farmers. Also, the lot will be in a position to buy cattle from farmers who need to sell. A natural by-product of feed lots, manure, also will be available in plentiful quantities.

"If they can feed cattle up north and out west and make money, we should be able to do it here, since this is where our feed is," Carrothers predicts.

There are six feeding alleys in the new lot. The longest alley is a quarter-mile long. The lot was constructed on Friona Draw to take advantage of natural drainage benefits for the pens.

The operation will have accommodations for anyone, be he a large cattle owner or a small operator. There will be pens to handle 25, 50, 10, 400 head, or

as many as a cattleman has. Stockholders in Friona Feed Yard, Inc., include W. D. Buske, W. F. Buske, Ranza Boggess, G. B. (Pete) Buske, A. L. Black, Carrothers, Si Darling, Paul Fortenberry, D. C. McWhorter, Owen Seamon and G. E. Tannahill.

Black is president of the board of directors. W. D. Buske is vice president, and Carrothers is secretary-treasurer.

Wedemeyer Speaks At Wheat Meeting

Bill Wedemeyer, director of research and education of Texas Farm Bureau, will be the speaker at a meeting to discuss the wheat referendum at Lubbudde High School Auditorium, Friday, May 10, beginning at 8 p.m.

Frank Hinkson, chairman of the Farm Bureau's wheat referendum for Farmer County, arranged the program.

"We hope every interested farmer will attend the meeting, regardless of their opinion on the referendum," Hinkson says.

THE HIGH PLAINS FARM AND HOME

WITH THE COUNTY AGENT

DERYL COKER

In driving over the county I have seen several patches of bindweed, which are in full bloom. With the extreme dry spring, it sure is a good time to locate bindweed. Lets all watch for bindweed, whether we live in town or on a farm and all do our part in controlling that noxious weed. If you should find some bindweed, tell the weed committee of its location, or come by the office and tell me.

We must continue to work hard at destroying bindweed, and everyone can help by observing and being familiar with the following points:

1. Locate all patches of bindweed in your area and make sure that the weed committee, or the county agent's office knows its location. This can be done by mail sent to the county agent's office in Farwell or to

the Farm Bureau office in Friona. If you should have any trouble in the identification of bindweed, I would be glad to try to identify it for you.

2. The use of soil sterilants is recommended as the treatment of infested areas, also, regular checks should be made of the area for surviving vines.

3. Farmers are urged to cooperate with the weed committee, state highway department, railroads, county commissioners, and other organizations that are working to

eliminate bindweed along right-of-ways. 4. Test labels on seed should be double checked for the presence of bindweed or other noxious weeds.

5. Out of county harvest machinery should be cleaned and the cleaning burned before the machinery is allowed to enter the field. 6. The purchase of hay or feed grown in infested fields should be avoided. 7. Any farmers who might have bindweed in his cotton field should inform the ginners to burn the burrs from the field. 8. The ASC office under the ACP Program will pay 50 percent of the approved herbicide cost, not to exceed \$75. per acre.

The State Highway Department and railroads will furnish the material and will apply it, if they are told of the bindweed location. The county commissioners will furnish the herbicide for county right-of-ways, if the farmer will agree to kill the weed in the adjoining field and apply the material on the county right-of-way. Remember you can receive help under the ACP Program for killing bindweeds in your fields.

Compared to surrounding counties, Farmer County has very little bindweed.

WILL SERVE COUNTY

Water District Establishes Field Office At Muleshoe

A new field office of the High Plains Underground Water Conservation District has been established at Muleshoe. It will primarily serve the residents of Bailey, Cochran and Farmer counties.

Two employees of the Water District will staff the office. David Cunningham, a new addition to the District staff and a new resident of the High Plains; and Mrs. James Daniel, who will handle the secretarial and clerical work at the new field office.

Mrs. Daniel's husband farms near Muleshoe in the Y-L community, and the mother of four

boys, Ronnie 12; Ricky, 10; Randy, 7; and Roger, 4. The three older boys attend school in Muleshoe.

Mrs. Daniel is the former Bertha Jones of the Roosevelt community east of Lubbock, and graduated from the Roosevelt High School in 1949. She played on the 1949 Roosevelt High girls' basketball team that won the state Class "B" championship. She was selected that year as a member of the all-state girls' team. The Daniels attend the YL Methodist Church where she teaches in the Nursery Department and serves as secretary - treasurer for the congregation. Mr. Daniel is Superintendent for the Bible School of the Church.

Cunningham has just recently moved to Muleshoe from Del Rio. He and his wife, Cecile, and two children, Dorothy 5, and Davie, 3, reside at 502 West 2nd Street in Muleshoe. Cunningham is 26 years old and graduated from high school at the San Marcos Academy. He formerly lived in Yoakum, Gaines, and Kent Counties and worked in the oil fields. He also has a ranching background. He and his wife are members of the Baptist Church.

The Water District field office will be located at 217 Avenue B in Muleshoe, where building space will be shared with the Ray Carter Insurance Agency.

Applications for well-drilling permits in Bailey County will be accepted at the new field office, and assistance will be provided to anyone who has a ground-water problem.

Farmers Hear Discussion On '64 Wheat Referendum

By Bill Ellis

Several Farmer County farmers attended a discussion in Hereford last Thursday by representatives from the Texas Agricultural Extension Service on the 1964 wheat program proposals.

W. W. Grisham, district agricultural agent, served as moderator for the discussion. He reviewed the responsibilities of the Extension Service in providing educational-type programs for farmers on issues which are of interest to them. "The Extension Service is the educational arm of the U.S. Department of Agriculture. It is not the responsibility of the Extension Service to enforce rules of the USDA, it is strictly the educational arm," Grisham commented.

Ben Spears, extension service agronomist, opened the session by reviewing the proposals of the 1964 wheat program. Spears referred to the Food and

Agriculture Act of 1962, with its two alternate programs for wheat.

"Regardless of the vote, one of the programs will be in effect. Producers can also expect the outcome of the referendum to be in effect for one year. Prospects are good for another referendum next year, whether producers vote for or against the program," Spears said.

Under a "yes" vote, virtually all wheat will be affected. If the referendum fails to carry, most restrictions will be eliminated, Spears commented.

This year, for the first time, producers who have 15 acres or less of wheat will be eligible to vote in the referendum. Those who sign up to vote will come under the program if it passes; those who do not sign up will not be under the program.

Tom Aaron, grain marketing specialist, re-emphasized the extension service's role. "We are decision assistants. We are not decision makers. That is your job," he told the producers.

"We in agriculture are often criticized for not getting our heads together on various programs. This is a normal reaction," Aaron said. He listed the four basic causes for differences of opinion:

1. People hold different basic beliefs; 2. All of us have certain biases; 3. Only limited facts are available. (No one has all the information on any one subject); and 4. People lack the

proper analytical tools to analyze certain problems. "Try to add to your knowl-

Questions-Answers Presented Regarding Wheat Referendum

(Editor's note: This is another in a series of releases by the Farmer County ASCS dealing with the wheat referendum to be voted on May 21. This week a series of questions and answers is featured)

By Prentice Mills
Farmer County ASCS

Q - If growers vote against marketing quotas this time, when will another referendum be held? A - The law specifies that marketing quotas would again be proclaimed for the 1965 crop, assuming supplies continue to be excessive, and another referendum would be held before June 15, 1964.

Q - In case the "no" votes prevail, does the program offer less to producers than formerly in case quotas were rejected? A - No. The provision is identical to that in effect since 1949. From 1938 to 1949 the law provided no loans if growers voted against marketing quotas.

Q - Can price - support levels, the percentage of farm normal yield to be covered by Marketing Certificates, or the farm allotment be changed after the official announcements are made? A - They may be increased or suspended entirely. They cannot be reduced. The minimum limits are those in the official announcements by the Secretary and they cannot be made more stringent for the 1964 crop.

Q - Is it a fact that the Secretary can drop the support price of certified wheat as low as 65 per cent of parity, or \$1.59 per bushel? A - To do so would be contrary to the directive from Congress to use the program to maintain farmers' income from wheat. The Secretary has already announced the 1964 price-support rate at \$2 for certified wheat and the rate cannot now be lowered.

Q - If the referendum fails to gain growers approval, would the government dump

wheat on the market? A - No. To do so would violate the first basis on which Congress enacted the law, that is, "To improve and protect farm income."

Further, the prospect of a crop of 1.6 billion bushels-- farm in excess of all needs -- and of relatively few growers qualifying for price - support loans at 50 per cent of parity would undoubtedly drop market prices well below the minimum sales price for CCC - owned wheat (105 per cent of the support price plus carrying charges.)

Q - Will producers who sign up for additional diversion be required to meet this obligation? Yes. If they do not follow through, all diversion payment will be lost. Any producer who fails to meet his voluntary diversion obligation after signing to do so can, however, meet minimum requirements and be eligible to receive price supports and certificates.

Q - After the referendum, will it be necessary for all farms to be signed up for certificates, price support, and diversion payments? A - A sign-up will be necessary for growers who want diversion payments. Sign-up will be for diversion portions of the program only, and will be scheduled near the time the 1964 crop is seeded. Producers with allotments of more than 15 acres, and small farm producers who elect to be allotment growers who do not sign up for diversion will be eligible to receive certificates and price support if they meet allotment, conserving base, and diversion requirements. The law provides small farm producers must sign the Notice of Allotment to get all these provisions.

Q - When will this sign-up be held? A - Prior to planting time; for winter wheat, about July; for spring wheat, a period starting about February 1, 1964. These signups will be for both large farms and for small farms that were signed up prior to the pre-referendum cut-off date.

Aaron outlined four possible recourses for the wheat industry to pursue in the future.

These were: demand expansion, supply control, a combination of these, or no program at all. About demand expansion, Aaron said this was impractical, because as dollar income increases, wheat consumption ordinarily goes down. It is also hard to expand world markets, because of tariffs.

Under the supply control angle, Aaron also listed several objections. These included the loss by farmers of the right to produce as they see fit; and the inadequacies of a program which controls only one facet of production -- land. He said the same objections applied to a combination of the two ideas.

On the fourth angle (no program at all), Aaron said the relatively efficient farmer stood a chance to gain. As to the problems of having no program, he pointed out that productive inputs are not necessarily linked with the farmer's price needs.

James Murphey, area farm management specialist, projected a comparison of the price returns which might result from a "yes" or a "no" vote. The financial returns may not be the foremost consideration of the producer, Murphey pointed out. Other considerations might be possible loss of freedom in relation to production and marketing as well as changing of the status of the small wheat farmers.

C. H. Bates, farm economist, listed the principal objectives of a "yes" and "no" vote. The main objectives of the 1964 program, he said, were as follows: 1. An orderly reduction of stocks; 2. Maintenance of adequate reserves; 3. Fair prices to producers and consumers; 4. Regulate crops on diverted land, and 5. Reduction of government costs.

On the "no" side of the ledger, Bates pointed out that op-

ponents to the program say that farmers will not be voting on \$1 wheat as opposed to \$2 wheat. "They say production would rise from 1.2 billion bushels to 1.8 billion, an increase of 50 per cent, and that the price would be \$1.30 per bushel," which would more than offset the difference.

In conclusion, Bates said that farmers will not be voting on \$1 wheat as opposed to \$2 wheat. "They say production would rise from 1.2 billion bushels to 1.8 billion, an increase of 50 per cent, and that the price would be \$1.30 per bushel," which would more than offset the difference.

lead to more restrictions later; the effect on the "public image" of the farmer; and the effect the vote might have on the world's economic leadership.

Despite modern agriculture's many advances, a good job of plowing is still important to the success of many crops, says Henry O'Neal, extension agricultural engineer. Proper plowing controls many plant diseases and weeds, he adds.

Properly adjusted moldboard plows are more economical to operate and do a better plowing job than plows out of adjustment. Most plows are designed to operate at a depth of about one-half the bottom's cutting width. The design of the plow determines how the furrow slice is turned, the amount of soil pulverization, and the scouring or cleaning ability of the plow. Usually the more gentle the slope of the moldboard, the lighter the draft and the less the pulverization, says O'Neal.

Plowshares should be sharp, but not unduly hooked at the points. When sharpening a plowshare make its shape as nearly like that of a new share as possible, explains the engineer. Farmers should not expect to work many acres with a dull share, he says.

Colter rollers and colter bearings should be checked and tightened or replaced if needed. Bearings should be lubricated to reduce wear, and frogs or standards and beams should be checked to make sure they are not sprung. Because it is impossible to make adjustments where parts are worn or bolts are not tight, they should also be checked, says O'Neal.

To properly adjust the plow first set the wheels at the tread width desired and then level the plow while setting at the plowing depth to be used. One of the most important adjustments to be made on the plow is at the hitch. Adjust it vertically so that the rear of the landside is about a finger's width above the furrow bottom, advises O'Neal.

Finally the engineer recommends using the operator's manual and making sure the plow is in good condition before starting the plowing job.

Proper plowing remains important farming aid

Properly adjusted moldboard plows are more economical to operate and do a better plowing job than plows out of adjustment. Most plows are designed to operate at a depth of about one-half the bottom's cutting width. The design of the plow determines how the furrow slice is turned, the amount of soil pulverization, and the scouring or cleaning ability of the plow. Usually the more gentle the slope of the moldboard, the lighter the draft and the less the pulverization, says O'Neal.

Plowshares should be sharp, but not unduly hooked at the points. When sharpening a plowshare make its shape as nearly like that of a new share as possible, explains the engineer. Farmers should not expect to work many acres with a dull share, he says.

Colter rollers and colter bearings should be checked and tightened or replaced if needed. TEXAS COTTON GROWERS REPORT:

Entire Season Control of Thrips, Aphids and Mites...

Untreated plant

Di-Syston treated

Di-Syston Treated Plants Are Stronger, Straighter... Produce More Squares Earlier

West Texas and New Mexico cotton growers now have a new way to control thrip damage and early-season stunting... with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream--as soon as the plant emerges. No part of the plant is unprotected--even tender new growth as it is formed.

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

TOTAL PERFORMANCE:

FORD GALAXIE 500/XL SPORTS HARDTOP

IF YOU KNEW WHAT HE KNOWS...YOU'D BE DRIVING THE 1963 TOTAL PERFORMANCE FORD

Ford is traditionally the nation's Number One police car. The reason: Total Performance!

When it comes to cars the police don't take chances. Put yourself in a State Trooper's shoes. Every day you must patrol hundreds of miles in your cruiser. Mileage and time grind into a man and his machine, but when the bell rings you've got to be ready. Chase. Turn. Corner. Quick stop. You've got to be able to do it all if you're going to do your job.

Listen to a trooper list the reasons why he prefers a Ford and you realize how difficult it is for any car to measure up to his standards. The car must be strong... it has to stand up to big mileage. It must be silent... when you practically live in a car a rattle can sound like a kettle drum. It must be swift... powerful enough to catch any car on the road. It must be sure... dependable even in the face of the unexpected. Strong. Silent. Swift. Sure. A four-word outline of total performance. The police demand it. That is why they choose the total performance Ford. Why should you settle for anything less?

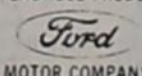

Whatever your special demands and needs, the total performance Ford is the car most likely to satisfy you all the way down the line. You can prove this for yourself.

First, look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside and Atlanta 500's, and in the demanding Pure Oil Performance Trials. Only a car with total performance could roll up so many impressive wins.

Second, before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery--if it's built by Ford, it's built for performance... total performance.

Low Calorie Diet May Be Dangerous

Three hearty meals a day is no guarantee of good health. It is "what you eat" and not "how much" that counts. Strangely enough, in the richest agricultural nation on earth, an alarming percentage of the population is deficient in consumption of vital nutrients such as calcium and vitamin C. Even overweight people who eat high calorie foods rarely get a real balanced diet. The current popularity of low calorie foods tends to make

some people thin—as intended—but the person rarely bothers to make certain of a balanced diet, according to studies by agricultural officials. A danger point is approached when these low calorie eating habits prevent a person from getting enough protective foods necessary for good health. For example, the National Research Council recommends a daily intake of .8 grams of calcium as necessary for good health. Yet, only about one person in six takes that much calcium daily—and calcium is abundant in eggs, milk and cheese. It is well established that vitamin C is important in maintaining health, teeth and gums. Most people are 10 per cent below

normal in vitamin C intake except in areas where citrus fruits are plentiful. Texas is a big producer of citrus fruits. The diet study seems to suggest that foods rich in vitamin C should be promoted and made more attractive to adults. Frozen and dried citrus concentrates and other dependable year-round sources of the vitamin deserve more attention in the family diet. Greater calcium consumption increased public education on the value of milk and milk products, and perhaps also through development of new calcium-rich foods. Overeating of the wrong foods may make a person fat, but he still may be striving for the essential nutrients.

State Has Taken Strides Toward Brucellosis Victory

Nearly half of the counties in Texas now qualify as modified certified brucellosis areas, and more are in the process of certification, says Dr. C. M. Patterson, extension veterinarian, Texas A&M College. Counties are granted a modified certified status when the disease has been reduced to not more than one per cent of the cattle and not more than five per cent of the herds, explains

Patterson. He points out that the incidence of the disease in cattle has declined more than 90 per cent since 1954, and believes the disease can be eliminated from the state with the present eradication program. Also, cases of the human form of the disease, undulant fever, are at an all time low. Once reported by the thousands, only 500 cases were detected in the U. S. in 1962 and fewer still are expected during this year, says Patterson.

An important part of the program is market cattle testing, says Patterson. For this testing cattle are back tagged or identified with the owner's herd through sales records. Blood samples are taken at packing plants and if infected cows are discovered eradication measures are planned by the herd owner and the veterinarian. At present about 97 per cent of the cattle tested in this manner are found free of the disease, he says. The milk ring test is the method used to screen dairy herds for brucellosis. With the use of market testing of beef cattle and the milk ring test for dairy animals, Patterson predicts the eventual identification of all brucellosis infected herds and subsequent complete eradication of the disease.

Meat Continues On Plentiful Food List

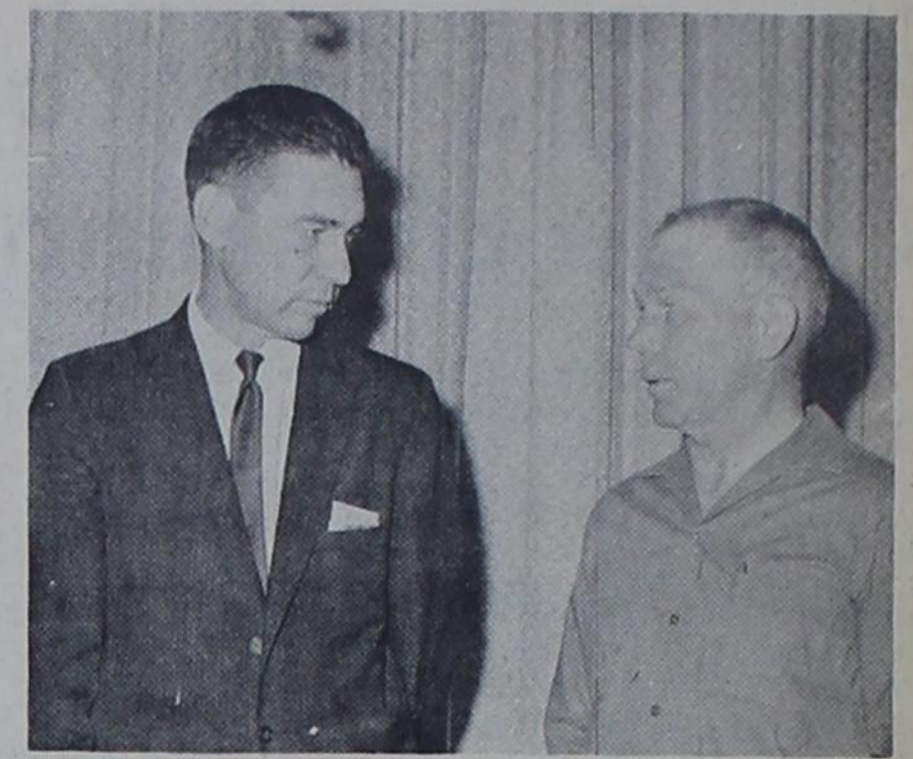

There'll be meat galore at food stores throughout the state this May. More - than-ample abundance will show up in beef, pork and chicken, as all three are on the U. S. Department of Agriculture's May list of plentiful foods, reports the Texas Agricultural Extension Service.

May plentifuls also include carrots, canned freestone peaches, canned ripe olives, and milk foods. Beef and pork are features of the list. Prices of both are noticeably lower than they were last winter. Broiler-fryers have carried "budget" prices for many months. The abundance of southwest-grown carrots can add color and flair to May menus. The winter carrot crop of six million hundredweight was a near

record. There'll be more than enough fresh milk, cheese, cream, butter, ice cream, yogurt and other delightful dairy foods. Milk production normally reaches a peak in May.

Canned freestone peach supplies are some higher than they have been for the last three years. Prices are lower. They're ideal partners for ice cream or other desserts. And a sprinkling of canned ripe olives can turn spring salads, sandwiches or picnics into something special.

The plentiful foods list is made up each month by USDA's Agricultural Marketing Service, in cooperation with producers and the food trade. AMS keeps constant tab on supplies of all farm-produced foods.

DISCUSS WHEAT... Frank Hinkson, right, Lazbuddie farmer, discusses the coming wheat referendum with Ben Spears, Extension Service agronomist, at a meeting in Hereford last Thursday.

Hereford Show Needs A Name

The Deaf Smith Chamber of Commerce is sponsoring a contest to provide a name for the Hereford Junior Calf Show, which is being re-organized for the coming year. The Hereford Rotary Club, which sponsored the show for 17 years, has decided to abandon the sponsorship. A non-profit corporation is being set up, with directors elected to the board from each of the participating counties.

SLOAN OSBORN, president of the board of directors of the Deaf Smith County Electric Cooperative, is shown as he presided at last week's annual meeting at Hereford.

The organization is inviting 4-H Club and FFA members in Deaf Smith, Castro, Parmer and Oldham counties to help them select a name for the show. No name will be considered which identifies the show with a particular county or city -- it should be of area-wide significance. A cash prize of \$10 is being offered for the name selected. Entries should be addressed to Box 192, Hereford. Names suggested should read "The Junior Livestock Show."

Nitrate Poisoning Is Danger To Cattle

Nitrate poisoning is a danger to all livestock but poses a particular problem where cattle are grazing plants recently fertilized with high levels of nitrates, says Dr. C. M. Patterson, extension veterinarian. The problem becomes especially acute if the growth of the plants has been stunted by low moisture levels following

the fertilization, he adds. Non-toxic forms of nitrates are reduced to toxic nitrates in the animal's system and enter the blood stream where they tie-up the blood hemoglobin. As a result, the oxygen carrying capacity of the blood is greatly reduced and the animal may suffocate, says Patterson. Signs of poisoning are a bluish skin color, a staggering gait, rapid pulse, evidence of abdominal pain, bloating, excessive salivation, and labored breathing, he says. Also, quantities of nitrate too small to kill an animal may lower milk production or cause a cow to abort, he explains.

Cattle may be poisoned by eating weeds and forage crops that contain high levels of nitrates or pre-formed toxic quantities of nitrates. Oat hay is the most likely of the cereal grains to cause poisoning and the young plants are generally more dangerous than older ones. Inorganic sources of excess nitrates may be fertilizer bags or fertilizer spreaders left where cattle have access to them, says Patterson. Contaminated water draining from barnyards or bunker-type silos may also be a means of poisoning. Sometimes the combined intake of nitrates from two or more sources can cause a serious problem, he adds. Patterson recommends that animals believed to be suffering from nitrate poisoning be removed from the suspected pasture and a veterinarian called.

Parmer County Youths Win At District Eliminations

Three Parmer County 4-H club members will be eligible for the state senior elimination contests at College Station in June, as a result of placing first in the district contests last Saturday at Canyon.

Janis Billingsley and Reba Lesley of Farwell won the blue ribbon in the safety demonstration contest. Gary Foster of Lazbuddie was first in the tractor driving contest. All are eligible to enter the state contests.

Three members of the Lazbuddie Junior club won second-

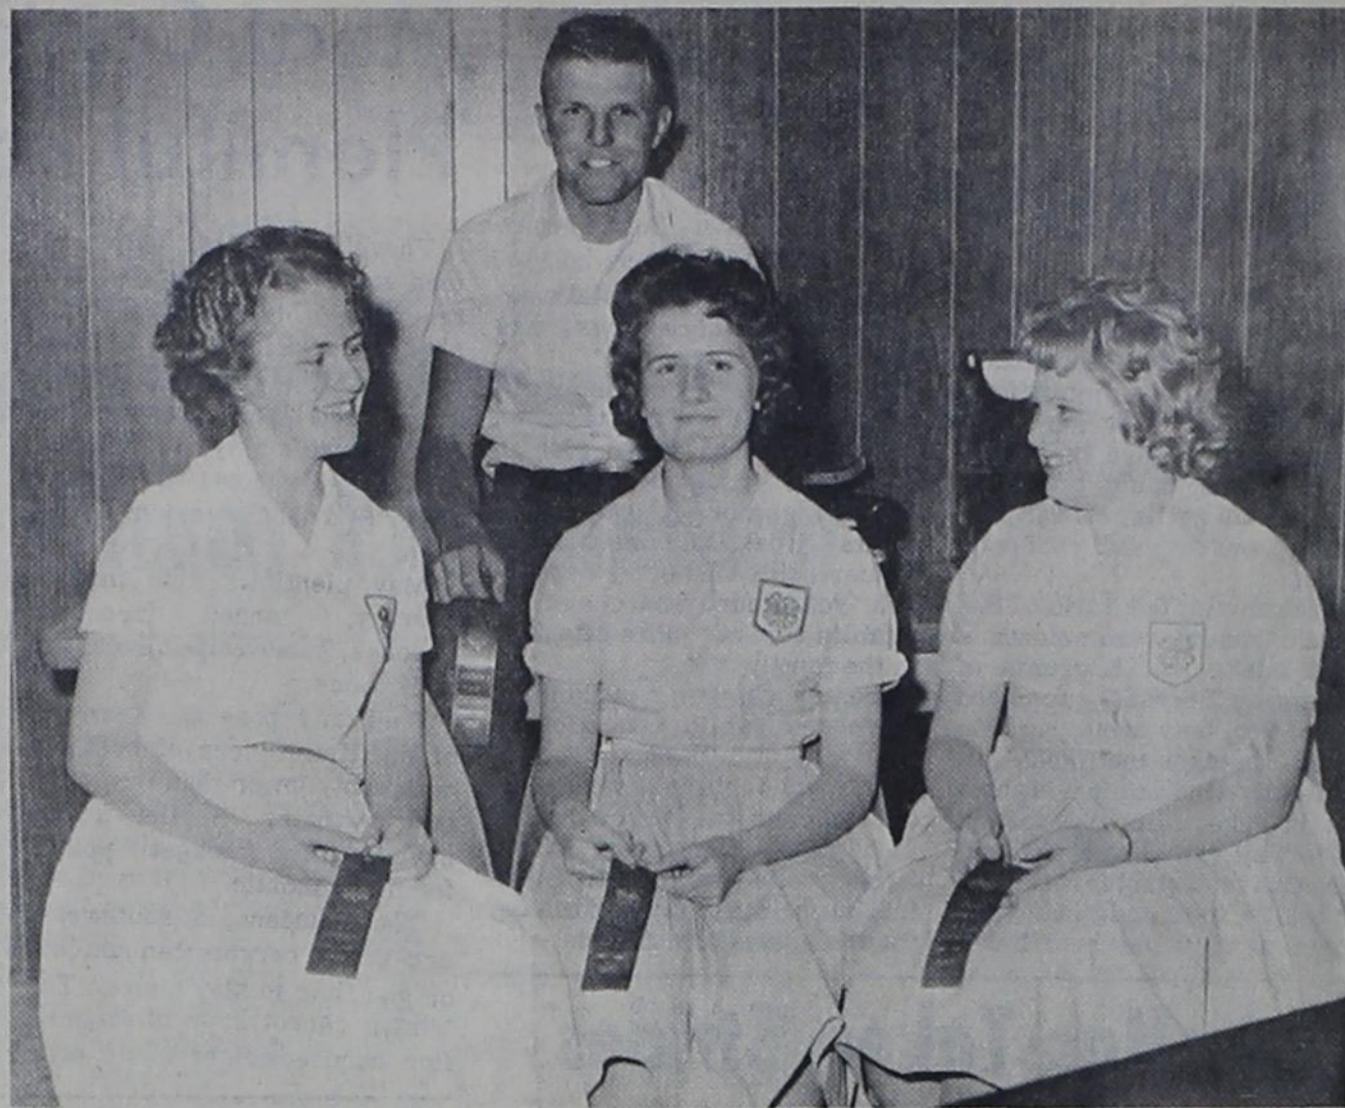

place honors at the district contest. John Gulley and Bobby Redwine, the junior electric team, and Dale Blackstone of Lazbuddie, who entered the foods and nutrition division, all placed second.

In the senior division, Katy Blackstone of Lazbuddie, who entered the milk division of the favorite foods contest, also placed second.

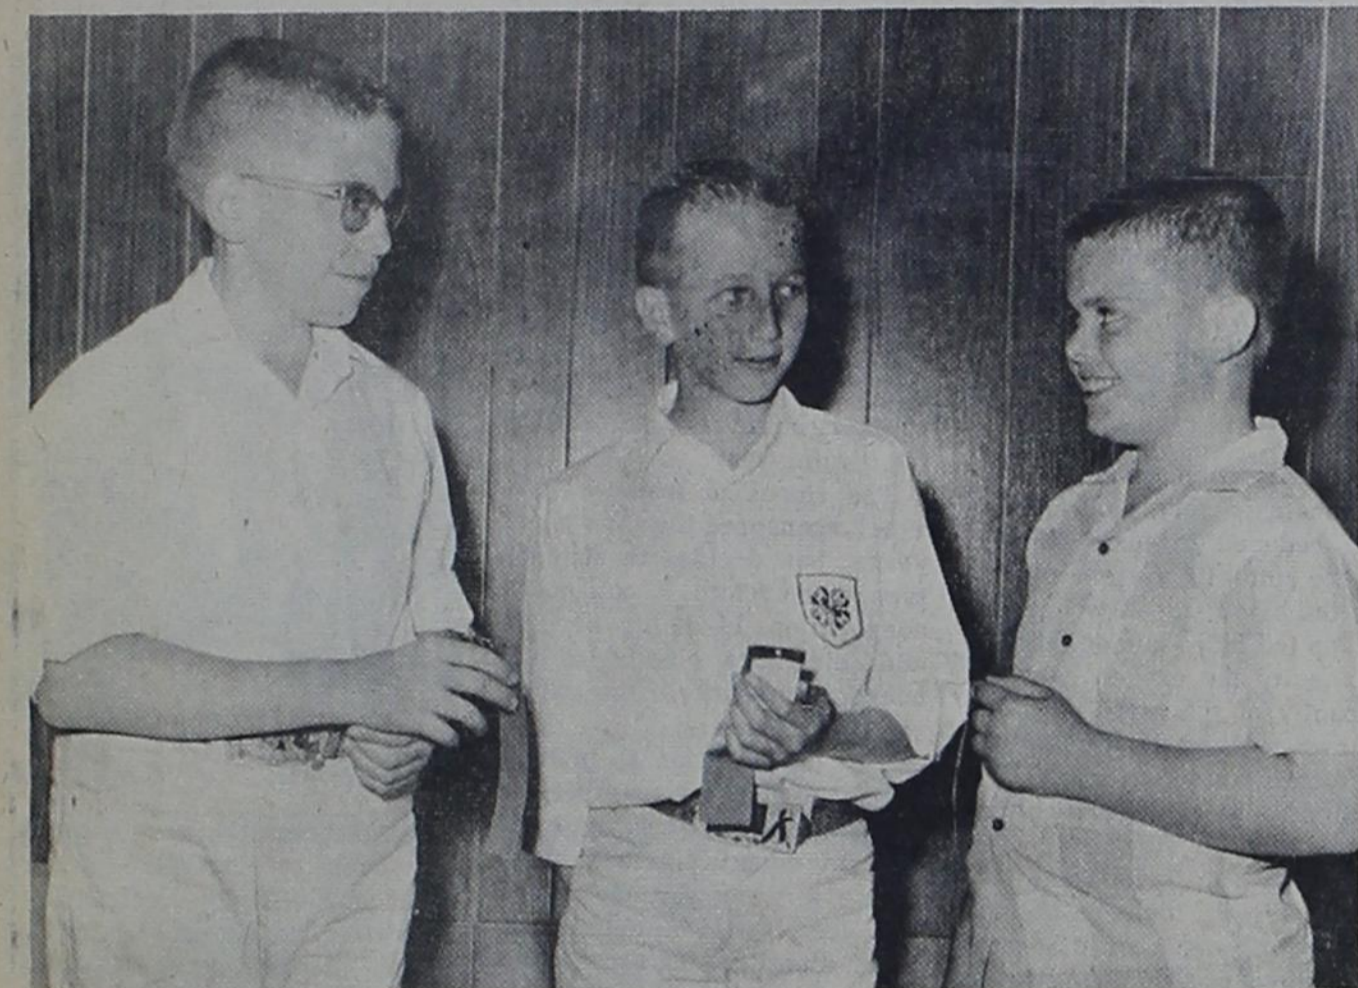

Other county elimination winners who entered the district contests included the senior rifle demonstration team of Bruce Billingsley, Warren Gos-

sett and Gerald Foster of Farwell; Jill Mimms of Lazbuddie (public speaking), Randy Bush and James Gulley of Lazbuddie (junior safety) and Ann Blackstone (junior foods and nutrition).

County Agency Deryl Coker was very complimentary of the contestants from Parmer County. "We had a lot more teams in the district contest than usual," Coker said. He added that there were anywhere from six to eight teams in each contest.

WINNERS AT the district 4-H Club eliminations last week at Canyon were (front) Katy Blackstone, Janis Billingsley and Reba Lesley, and Gary Foster (rear), Miss Billingsley and Miss Lesley, along with Foster will represent the county at the state contests.

THESE THREE 4-H Club boys from Parmer County won ribbons at the district 4-H eliminations contest at Canyon last Saturday. Left to right are John Gulley, Bobby Redwine, and Dale Blackstone, all of Lazbuddie.

MARKSFIELD, MO., MAIL: "A year ago when President Kennedy gave his 'State of the Union' message to the Congress he said he was submitting for fiscal 1963 a balanced budget. His budget message promised a surplus of \$500 million. It appears now that the deficit for this period will be 8.8 billions of dollars."

SEA FARMING -- raising plants in water containing essential nutrient salts rather than in soil -- will become necessary when arable land becomes inadequate to feed the earth's growing population, says Philip B. Yaeger of the U. S. House of Representatives Committee on Science and Astronautics. Yaeger, who contends salt water husbandry will come sooner than most people think, says the sea will also be used to store food. He envisions a "revolutionary shift" to sea storage for commodities that must be kept in a cool, stable temperature.

LIKE MARTINIS, some gases are drier than others. For example, when used to shield arc welding, carbon dioxide must be very dry (-40 F, dew point) to avoid spattering of hot metal, reports Cardox, a leading producer of CO₂. (Because it is nearly inert, the gas prevents molten metal from combining with impurities in the air that could cause the hardened weld to be below standard.) To remove moisture, the gas is passed through driers containing absorbent materials such as activated alumina or silica gels. For other uses, such as carbonating beverages, carbon dioxide moisture content is not so critical, the company says.

BUFFALO, WYO., BULLETIN: "... Chairman Harry F. Byrd of the senate finance committee, and the best-informed budget analyst in the nation, is not impressed with the deficit estimate. His own projection is that spending will top \$100 billion and if the Kennedy tax cut is voted by congress, the deficit will be \$14 billion."

STEEL production in the U. S. in 1962 was 98.3 million tons, up slightly from the previous year. Record production, in 1955, was 117 million tons.

FRUITS and vegetables are said to keep five times as long as is possible with conventional

refrigeration thanks to a new device called Tectrol (total environment control) generator. The machine produces low-oxygen, high-carbon dioxide air to preserve the fruit. The principle involved is that a deficiency of oxygen in a sealed chamber retards the aging process.

MARKSVILLE, LA., NEWS: "Every elected or appointed government official or board, receiving or otherwise handling public funds, should publish at regular intervals an accounting showing where and how each dollar of taxpayer money is spent."

CAUGHT DURING A DISCUSSION at the annual meeting of the Deaf Smith County Electric Cooperative last week in Hereford were members of the board of directors, Webb Gober of Farwell and Sloan Osborn of Friona, board president.

WEST BEND, WISC., NEWS: "President John Kennedy is preparing to ask Congress for pay hikes for top-bracket federal employees . . . The truth is, though few bureaucrats will admit it, that the benefits of government service are far greater than the usual benefits of private employment, in retirement benefits, in sick pay, in fringe benefits and in working hours . . . At a time when we are headed toward another large deficit, certainly the time is inopportune to propose bigger top-bracket federal salaries."

will happen in the next war, but don't be bothered; after all, you can't die but one time."

LIBERAL, KAN., TIMES: "It's a bit hard to understand how a government now losing money can make money by reducing its income. It's like taking a pay cut to help pay your bills, only the Washington folks say it will work . . . Looks like it's about time Washington goes old-fashioned and decides to live on its income, not monkey with everybody's affairs in the hope some easy miracle of prosperity without effort might be achieved."

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Wheat Referendum May 21: There will be a meeting sponsored by your Farm Bureau on this subject on Friday, May 10 in the Lazbuddie School Auditorium, at eight o'clock in the evening. You are cordially invited to attend regardless of your organization affiliations, or whether you have any such affiliation. It will be the intent of this meeting to answer many questions which probably will still be forthcoming regarding the effect of a yes or no vote in the referendum.

There will be a further announcement of this meeting and we hope you will be planning to attend. We can promise you that this is not a brainwashing meeting, but one in which your questions will be frankly answered with substantiation for such answers readily available. We hasten to add, however, that there are some questions that cannot be answered by anyone and that you will have to base your own judgement on history on some of them.

We believe it is not at all out of line for us to suggest here that if you are a Christian, you base your decision on how to vote on what you actually believe to be right. If you are not a Christian, then we would suggest that you base your judgement on what your conscience tells you. And we do not feel that it is at all necessary to go into detail here as to what we mean, because we believe you know as well as anyone. Please do not take this suggestion to mean that we would, if we knew how you voted, (which we will not), consider you un-Christian or without conscience, regardless of how you vote.

We are glad to be able to announce that the Texas Farm Bureau Student Citizenship Seminar will be held at Sam Houston State Teachers College, Huntsville, Texas from August 20 through 23. The necessary 200 sponsored students have been assured. As we have stated before, Miss Linda Rector, Friona High School student, and

Miss Jane Bradshaw, Farwell High School student, will be the two sponsored by Parmer County Farm Bureau. Mrs. Vernon Symcox and Mrs. Walter Kaltwasser have been primarily responsible for the success of this project locally. **CONSIDER THIS:** The Lord is far from the wicked; but he heareth the prayer of the righteous. Proverbs 15:29.

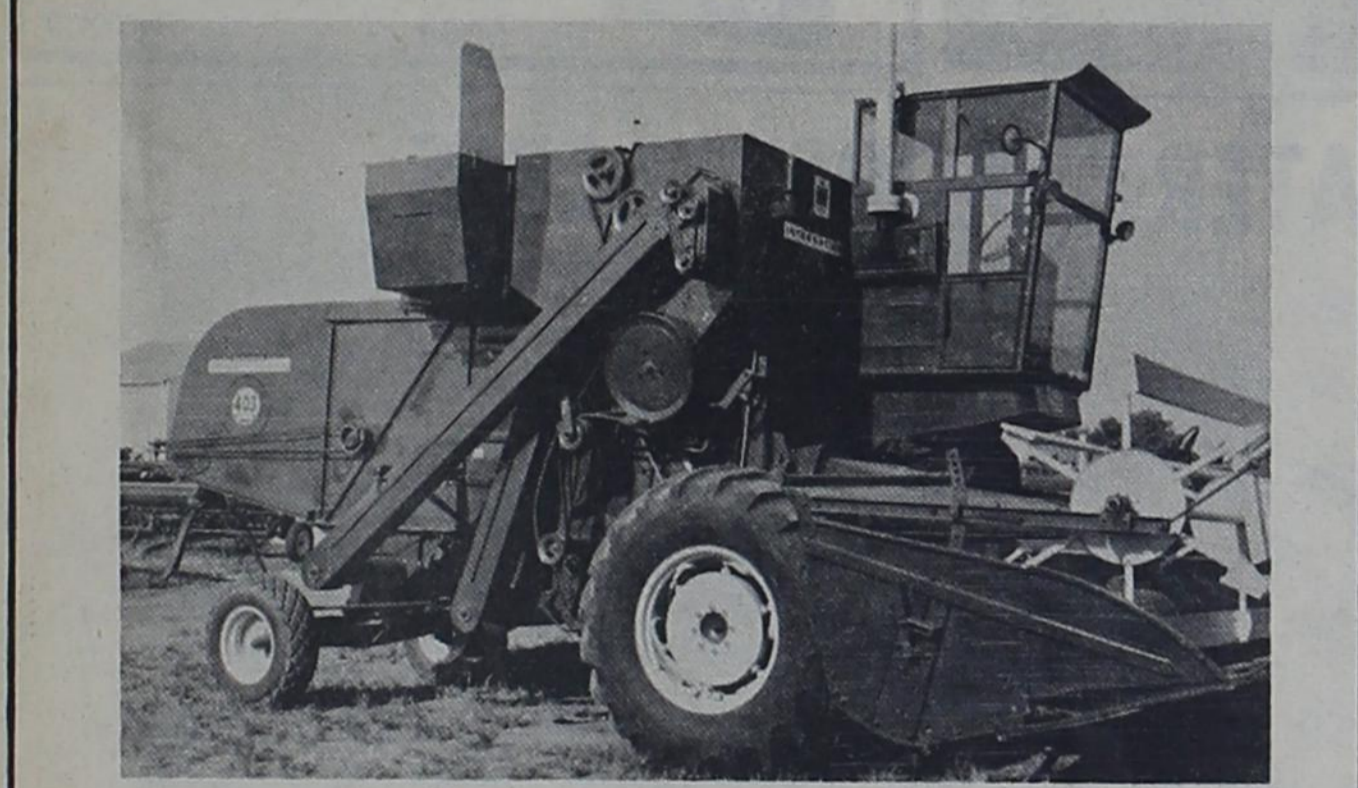

A BASKETBALL - SIZE orange metal sphere picked out of the wreckage of a commercial airliner can be to modern-day accident investigators what the magnifying glass was to Sherlock Holmes. It's the flight recorder, a nearly indestructible device which the Federal Aviation Agency requires on all civil turbine-powered planes (jet and turboprop). It continuously records on a thin ribbon of aluminum foil flight data such as barometric altitude, indicated air speed, vertical acceleration, compass heading and elapsed time. With this information, investigators are able to reconstruct events leading up to accidents, near mid-air collisions, aborted takeoffs, missed approaches and the like.

The recorders are built to withstand an impact of 100 G forces, temperature of 1100 degrees C, and immersion in salt water for 36 hours.

PECOS, TEXAS, INDEPENDENT: "We subscribe to the belief that freedom is a gift of God and not a political grant. We believe that freedom is consistent only with Christianity. We believe that our welfare shall depend on our own initiative and ability, we believe in maintaining a society in which the citizen has fullest individual freedom and the government's primary and paramount role is the protection of that freedom."
