

Teachers Hired , School To Begin

Two English teachers were hired for the Farwell school Monday leaving three faculty vacancies to be filled. Supt. W. M. Roberts expressed the hope that the three vacancies would be filled at the next meeting of the board Monday night, August 10.

Vacancies remaining in the faculty are in the science department, on the coaching staff (where a girls' basketball coach and assistant coach in other sports is needed) and in the mathematics and history department.

Hired on Monday were Miss Laura Lynn Wyman and Mrs. Mary Lowe Ellison. Miss Wyman a native of Quanah, who recently received her B. A. degree from Midwestern University in Wichita Falls will teach English and Spanish, Mrs. Ellison a 1964 graduate of Eastern New Mexico University will teach English and speech.

School will begin in Farwell with registration of seniors on August 27, 9:30 a.m. Juniors

will register on the same day at 1:30 p.m. On Friday, August 28, sophomores along with seventh and eighth grade students will enroll at 9:30 a.m.; freshmen will enroll at 1:30 p.m. also on Friday.

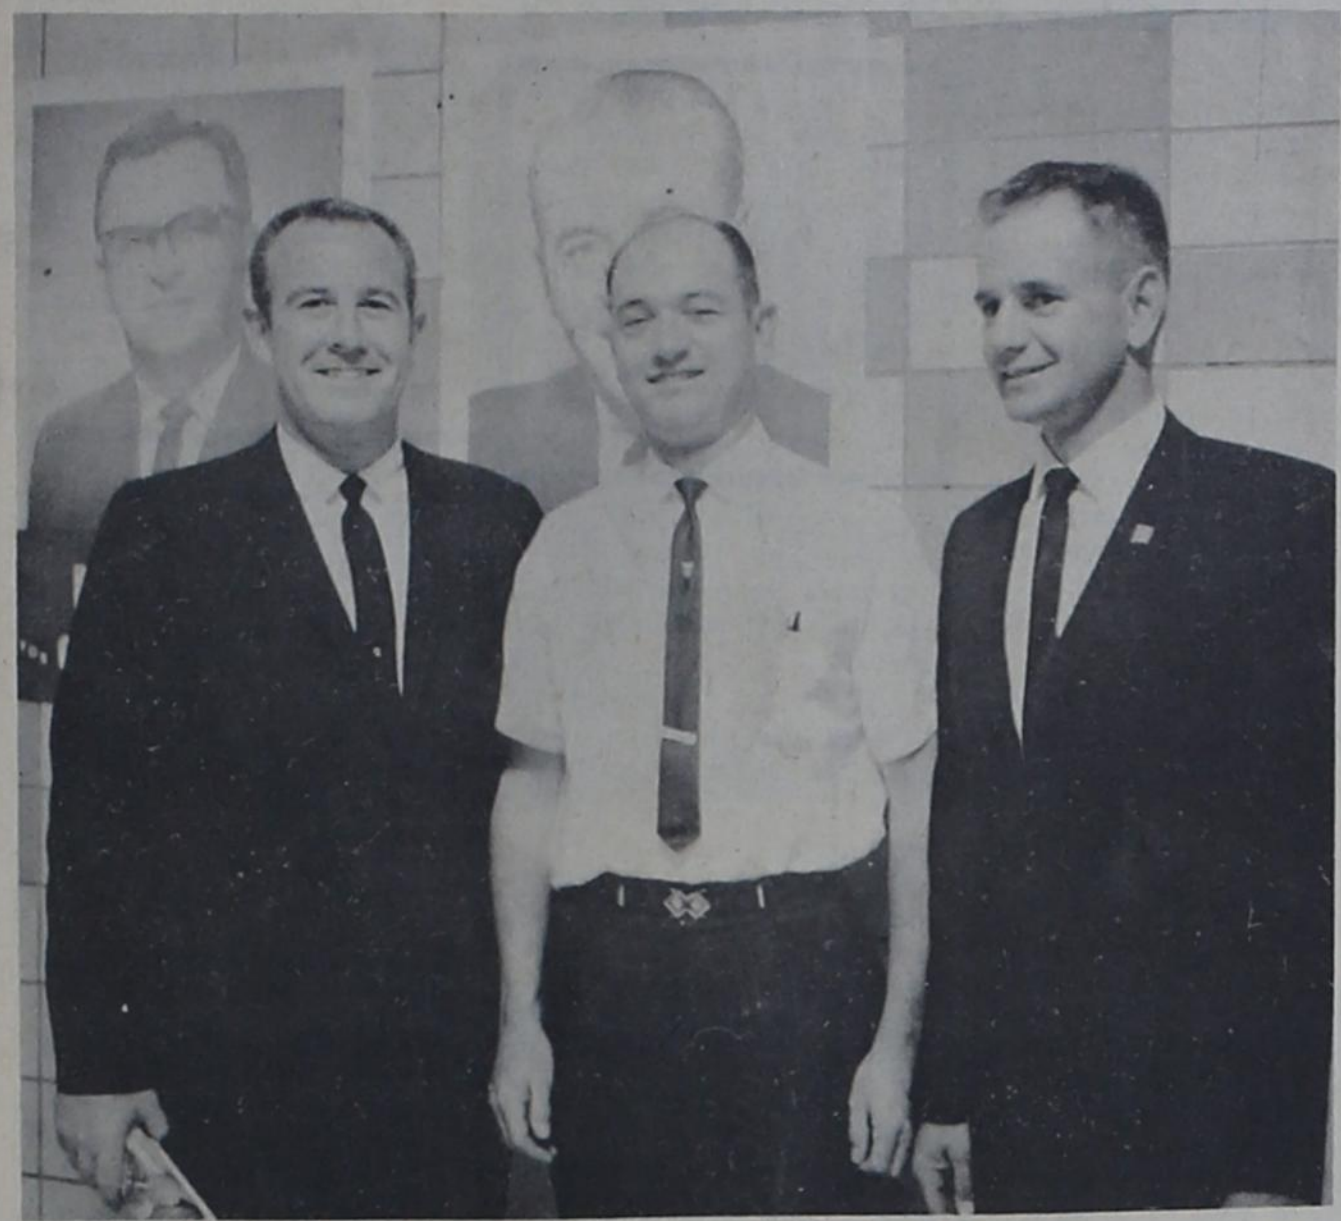

Classes will begin for high school students at 8:30 a. m. on August 31. Grade school students grades 1-6 will enroll and begin classes on August 31.

School will begin at 8:30 a.m. and close at 3:30 p.m. each day, according to Supt. Roberts. Lunch will be served on August 31 in the school cafeteria.

First faculty meeting of the year will be held on Wednesday, August 26, 10 a.m. at which time all teachers will convene for a general meeting. At 1 p.m. on the same day faculty members in each of the school's divisions will meet with the principal in their section for an orientation period.

Employees of Southern Union Gas Co. were busy in the Twin Cities this week repairing gas lines and seeking out minute leaks which might cause trouble. One might think with the continued heat wave "who needs gas", however in a few short weeks residents of the town will be making pleas for the company employees to hurry-hurry and get the gas on before we freeze.

ED FORMAN MEETS ED FARMER - Ed Foreman, U. S. Representative from the 22nd Texas Congressional District meets Ed Farmer the Mayor of Texico, N. M., Hoyt Pattison, New Mexico State representative performs the introductions. The meeting took place at the Republican rally held last Saturday night at the Clovis High School cafeteria.

Know Your Teachers

A. D. McDONALD
TEXICO SUPT.

sociation, Texas State Teachers Association, Parmer County Teachers Association, Texas Association for School Administrators and the Panhandle School Leaders Association.

He holds a B. S. degree, with a major in mathematics and the equivalent of a major in history and education from North Texas State Teachers College, and also holds a M. A. degree with a major in school administration from Eastern New Mexico University.

He is married and the father of two sons (one deceased following his dad in the teaching field) the other, Charles is a student at West Texas State University where he is majoring in mathematics. Roberts

also has one grandson, Rodney Kent.

He and his family are members of the First Baptist church in Farwell and he is also a member of the Texico-Farwell Lions Club.

Robert says his hobbies are fishing and golfing, although he confesses that he's not a "champ" at either. He has this bit of advice to offer parents, "Not all children are ready for school at the same age, but more children are hurt by beginning a late start."

In spite of his busy schedule Roberts is always willing to aid a student who needs his advice or offer assistance to any worthwhile project for the betterment of the area "Youth."

W. M. ROBERTS
FARWELL SUPT.

This week the Tribune will begin a series of articles on teachers in the Texico and Farwell Schools. We are featuring A. D. McDonald and W. M. Roberts, superintendents in the Texico and Farwell schools respectively this week.

They are members of First Christian Church in Clovis.

Chief interest of McDonald is "boys and girls" trying to assist and direct them in every day living in order that they may be useful, educated citizens.

FARWELL SUPERINTENDENT

Administrator of the Farwell Schools is W. M. (Willie) Roberts who has been in the teaching field for the past 32 years. He graduated from Anson High School at the early age of 15 years and began college immediately, receiving a degree in 1937.

He began his teaching career at Harmony (consolidated school district) near Anson in 1927. After one year as a teacher at Harmony he moved to Wylie where he served as principal and coach. He also served as principal and coach for one year at Mullins (CSD) near Lamesa. In 1937 he moved to Bellevue where he served as high school principal, coach and superintendent until 1945.

With the beginning of school in 1945-56 he moved to Oklahoma Lane (Parmer County) and began duties as high school superintendent. When the school was consolidated with Farwell in 1947 he returned to Bellevue to serve as principal and coach for the next two years.

In 1947 he again returned to Parmer County as high school principal at Farwell. He served in this capacity until 1955 when he accepted assignment to the Estelline School as high school principal. 1957-59 he served as superintendent at the Whitehall school.

When Jack Williams, Farwell superintendent became ill and resigned his post in 1959, Roberts returned to Farwell in the position of superintendent. He has served in this position since that time.

Supt. Roberts is a member of the National Education As-

sociation, Texas State Teachers Association, Parmer County Teachers Association, Texas Association for School Administrators and the Panhandle School Leaders Association.

He first came to Curry County and this area with his parents in 1921 from Coleman County, Texas. He was married to Gladys Singleterry of the Pleasant Hill Community in 1935.

Texico Students To Register August 24

Texico school students will register for classes on August 24 (opening day) beginning at 9 a. m. Busses will run and bring the children to school. They will be returned to their homes after noon. Lunch will be served at the lunchroom.

High School students will complete registration forms begun in the spring. They will meet each class briefly on the opening day.

First faculty meeting will be held at 9 a. m. on August 21. All custodians and lunchroom personnel will also attend this important meeting at which time plans for the year's work will be completed.

Superintendent A. D. McDonald hopes to fill vacancies in the faculty before the opening day of school. Still needed are a science teacher and a teacher for Spanish and Driver's Training.

Lunchroom personnel and custodians will remain the same as last year.

Uncle Of Mrs. Walling Dies

The Mitz Wallings received word Monday of the death of her uncle, George Baumgart of San Angelo. Mr. and Mrs. Walling left early Tuesday morning to attend services.

Last rites were scheduled Wednesday at Johnson's Funeral Home in San Angelo. Baumgart, 76, passed away unexpectedly after a heart attack. He has been hospitalized for two weeks shortly before his death, but had returned home.

The Baumgarts had visited here many times with the Walling family.

Additional Water Well FOR Farwell

An additional water well for the city of Farwell was approved by city commission members at their Friday meeting. Need for the well has been evident for several months with the continued growth in the city.

The present city wells have been inadequate to supply the necessary water for the needs of residents (especially with the low amount of rainfall in recent months); the wells have been hard pressed to supply only

small amounts of water for lawns and gardens. A new spheroid (water tank)

was erected early in the year to assist with storage facilities for the town's water. Bids for drilling the new well should be turned in at the office of city clerk Janie Bowery by all interested persons.

Water facilities in the Twin-Cities was originally owned by Capitol Land Company who sold their rights to a group of civic minded citizens in the early 1930's. This same group of citizens deeded the water works to the city in 1962, and the city has continued to operate the facilities since that time. The commission also approved

drawing up of a traffic code for the city. The code will create some through streets and several arterial streets. The arterial streets will have few stop signs along their route and should be used for through traffic. The code will also regulate the speed limits and observance of stop signs. Heavy penalties will result if the code is not observed. Fines up to \$200. will be levied against offenders. A copy of the traffic code will be found elsewhere in the paper. All other business handled by the city commission was routine.

Membership Drive To Begin Soon

A drive for members for the Texico PTA will begin as soon as school convenes, announces

Former Resident Dies In Oklahoma

Word was received early this week of the death of Elmer (Pat) Willingham of Hollis, Okla., former Farwell resident.

Mr. Willingham passed away Monday night following a heart attack.

Survivors are his wife and two children. He was a brother in law of Mrs. Willie Williams and M. A. Snider. Mr. and Mrs. Williams and several other local relatives were in Oklahoma for funeral services.

Practice To Begin

Football practice sessions will begin for Farwell Steers along with 946 other schools in the Texas Interscholastic League on August 17.

Class AAA A schools - top division - who has spring training are not permitted to begin training until August 28.

This year will be the 45th campaign for the League, with many of the present coaches not born at time of the first race-1920 was held. Last year only 936 schools participated in the sport, which will stage its campaign for the next four months.

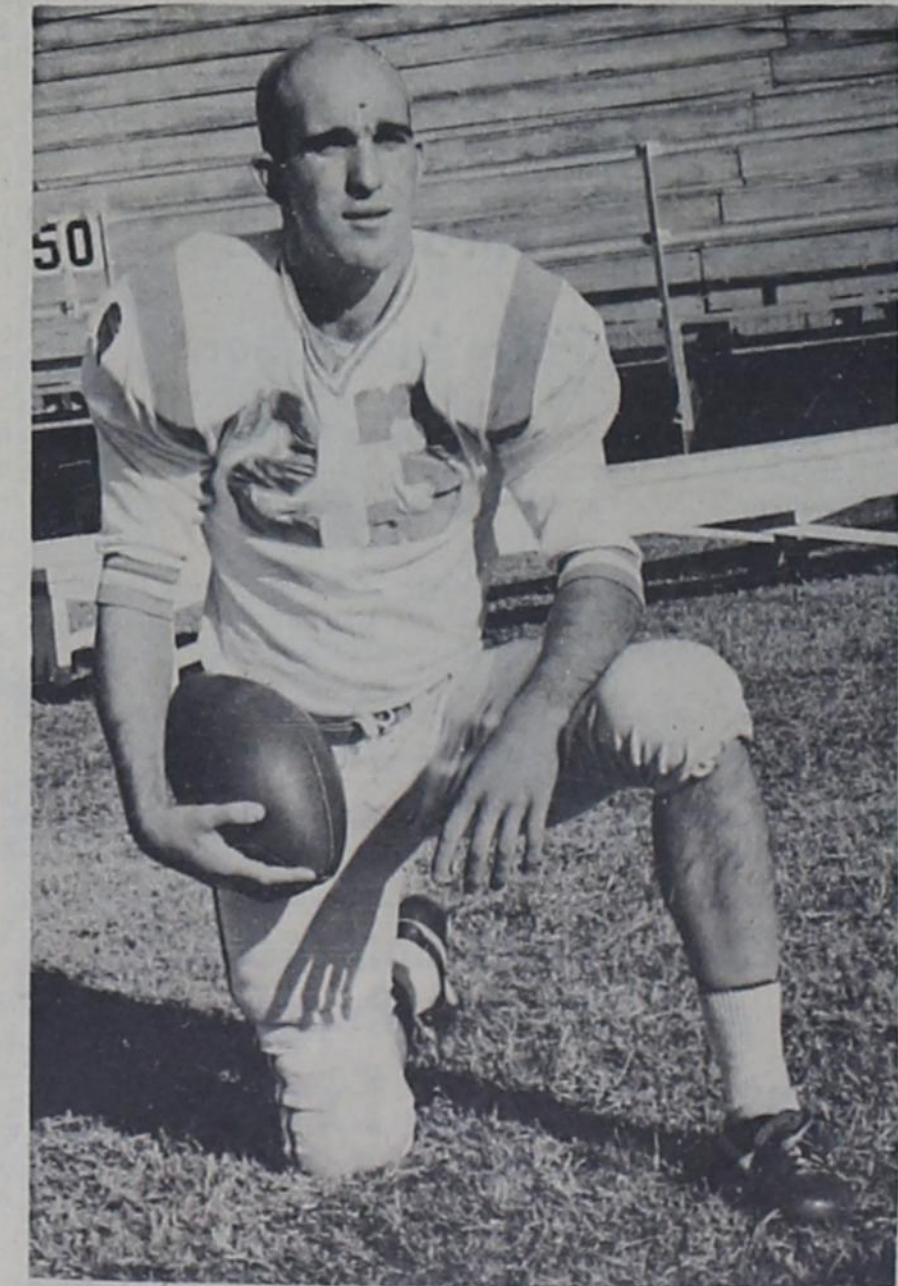

Coach Toby Booth, who will take over the reins for the Steer squad this season was attending a coaching school in Ft. Worth this week and could not be reached for comment on his team prospects or hours for the practice sessions. He will return to town late this week and should be able to fill in a few statistics early in the week.

Mrs. Jack Eshelman president of this year. One opening day of school PTA members will be at the school to visit with parents who attend to enroll their children. They will solicit membership in the organization.

Patrons are also reminded of the "Clothing Bank" which was begun as a PTA project last year. Several children were outfitted with school clothing (including shoes, coats and other necessities) during the year says Mrs. Eshelman. Any patron having clothing to donate

to the bank prior to the opening day of school should contact Mrs. Willie Hammond in Texico or take the clothing to the high school building. Officers of the PTA have been working on programs for the coming year and express the hope that they will be varied enough to suit each person.

Officers for 1964-65 are: president - Mrs. Jack Eshelman, vice - president - Mrs. Willie Hammond, secretary - Mrs. Carlis Woods and treasurer - Mrs. Perry Winkles.

DANNIE LINDOP

Bookmobile To Visit Farwell

The Bookmobile will be in Farwell on Saturday morning August 8 on its regularly scheduled visit. It will be stopped at the Holiday Parking Lot between 8:45 a. m. and 11:45 a. m.

The bookmobile pays two visits to each stop in a three county area each month. Next visit will be on August 29. All local patrons are asked to return any over due books to the librarian.

Pee Wee Football League Parents To Meet

Parents and other interested persons of the Pee Wee Football group are invited and urged to attend a planning session at the old gymnasium at the Farwell School tonight (Thursday) August 6, 7 p. m., announces Pike Jordan, chairman of the group.

Boys between the ages of 8-11 will be eligible to play in the league, however they should not accompany parents to the meeting.

To Play In Greenbelt Bowl

William Dannie Lindop, who played as half-back on the Farwell football squad for a number of years, has been named to play in the 1964 Greenbelt Bowl Classic as a member of the East Squad. The game will be played in Childress August 15. Dannie is the son of Mr. and Mrs. Tom Lindop.

Players for the game will report Monday, August 10th, 10 a. m. at the Childress Hotel to draw equipment and begin practice. Coaches for the East team are Jim Puryear and Leland Willis. Coaches for the West team are Buddy Horne and Max Bumgardner.

Queen candidates will arrive in Childress on Friday, where they will be guests at the Childress Hotel. They will be guests of the Elks for a soft drink party. Friday night activities include a picnic for the players, queens, and their parents at the Childress Fair Park. Queen contest will be held that night.

Saturday the activities will include a parade at 3 p. m. Game time is 8 p. m. at the Childress Fair Park Stadium.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

Muleshoe Area United Fund Sets Annual Meeting

The 1st annual meeting and election of the Muleshoe Area United Fund has been scheduled for Friday, August 7, 8 p.m. in the Community Room of the Bailey County Electric Cooperative. Inez Bobo, President, announced that new officers and board members would be elected during a program that would also include operating reports and an address by Barney E. Rushing, Jr., longtime United Fund leader from Lubbock.

The Fund's organization was fostered by the Muleshoe Chamber of Commerce in August 1963, after investigation to establish a need and desire for some form of united campaign. The group chose the name Muleshoe Area United Fund and set their area of operations to include all of Bailey County and any adjoining sector which might desire to participate.

All health, welfare, youth, and recreation agencies active in the area were urged to apply for inclusion in a single fund-raising campaign, and eventually ten of them became participating member agencies.

In order that contributors could choose where their money went, it was decided that contributors would be asked to designate which agency was to receive how much of a gift and exclude any agency not desired. This is a permanent policy of the Fund and will be continued this year.

The 1963 campaign was a complete success, with campaign chairman Marie White directing over 100 workers in the effort to give every firm and individual a chance to contribute. The goal of \$13,000 was reached and exceeded.

The names of participating organizations and the amount of support given each through the 1963 budget follow: Girl Scouts \$1600, Boy Scouts \$2100, Muleshoe American Field Service Scholarship \$700, Bailey County Jr. Stock Show \$2500, American Red Cross \$800, Muleshoe Area Youth Center \$750, Salvation Army \$1500, 4-H Club Recognition Committee \$150, Texas United Fund (12 agencies including the U. S. O.) \$200, and Babe Ruth League \$600.

The featured speaker of the evening, Barney E. Rushing, Jr., is vice president and secretary of Hemphill-Wells Company of Lubbock. A native of Plainview, he joined the Lubbock firm in 1934 while a student at Texas Tech. Since then he has come to be one of the community's best boosters, a tireless worker in civic and

Spend Two Weeks At Church Camp

Rev. Herbert F. Pelman and his wife, Madge from St. John Lutheran Church at Lariat are spending the next two weeks at Ceta Glen Christian Camp, east of Happy. They will serve as business manager and kitchen supervisor, respectively.

The year marks the 17th summer that the couple have given two weeks of their time to their church's camping program. "Working with the children and young people keeps us young in spite of our advancing years," stated the 70 year old pastor of St. John. He also remembers that many of today's campers are children of the teen-age campers in the late 1940's and 1950's.

Rushing is eminently qualified to address a United Fund gathering. He has worked with the United Fund of Lubbock for many years, having served as both president and campaign chairman. He still serves on the board of the organization, and last year he was Chairman of the Special Gifts Division.

His interest and support for the united way of giving extend beyond the local level. He is a director of the Texas United Fund and serves on its Admissions and Budget Committee. He is also a member of the National Budget and Quota Committee, an independent body which reviews the budgets and activities of charitable agencies across the entire country.

Outgoing officers of the Muleshoe Fund group are Inez Bobo, president, Sam Fox, 1st vice-president and chairman of the Budget and Admissions Committee, Marie White, 2nd vice-president and campaign chairman, Owen Jones, 3rd vice-president and public relations chairman, and Bo Bryant, treasurer.

All persons who contributed through the Fund are eligible to vote in the election, in which 20 directors will be chosen for new 3-year terms in addition to the 1964-65 officers.

The public is invited to the meeting, and refreshments will be served.

Mrs. Winfred Bradley Cobb, 1717 East 21st, Clovis a former teacher in the Farwell School reports that her book "The Greening Branch" has been well received. The book is made up of poems and is the first book of Mrs. Cobb's to be published. She says she had originally planned to write only one book but finds the work so rewarding that she is now planning a second book. She is shown autographing a copy of the book in a Clovis bookstore recently.

Farwell Equipment To Handle New Line Of Farm Equipment

Gehl Bros. Manufacturing Co. West Bend, Wis. has announced the appointment of Farwell

to handle the Gehl line, John Dempster of the newly appointed dealership said, "We are happy to add the name of Gehl to the list of farm machinery lines that we handle."

Equipment Co. as the local franchised dealer for its Forage Harvesting, Handling and Feed-

making equipment. The new line of farm equipment is now on display at the dealership.

The farmers in this community are invited to stop in at the dealership to look over the Gehl display.

Letters To The Editor

Dear Hop Jr.,
 Read your piece on Oklahoma City and I felt like writing and telling you its not just the city. It's the whole state of Oklahoma. Guess we won't have shattered nerves any more as headlines of Daily Oklahoman was "Sonic Boom to Stop." It is --- to be washing dishes and all of a sudden a boom shake the Whole house.
 Am enjoying my Tribune more and more each week. Look forward to it. I missed a couple of copies so wrote to you; next week or so I got two. That's Service.
 Sincerely,
 Sharon Coffman Wilson

LEGAL NOTICE

THE STATE OF TEXAS
 TO: Charlie Dudley, Jack Dudley, Laura Dudley Stovall, Nettie S. Bell, Mrs. Virgil N. Bell, Mrs. Jewel A. Jacobs, William G. Stovall, Walter H. Stovall, Lee R. Stovall, Maribel S. Moss, G. S. Dudley, Bobby George Dudley, Shirley Dudley, Mrs. Verna Dudley, S. W. Dudley, Beulah Belle Dudley, Mrs. Beulah Dudley, Jim Dudley, Lonnie Dudley, Johnnie Ray Dudley, and the unknown wife or wives and husband or husbands of each of the above named parties, each of whom are unknown to Plaintiff, and if any of the above named parties is deceased, then of his unknown heirs, assigns, and legal representatives, all of whom are unknown, and all of whose residences are unknown, and all unknown persons owning, having or claiming any interest or lien of any nature in or to the land and property hereinafter described, and all of the unknown heirs, assigns, and legal representatives of all of said above named persons, Defendants,
 GREETING:
 You are hereby commanded to appear by filing a written answer to Plaintiff's Petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of the issuance of this Citation, same being Monday, the 14th day of September, A. D. 1964, in this cause, Numbered 2485 on the docket of said court, and styled:
 ROBERT L. MORTON, Plaintiff
 vs
 CHARLIE DUDLEY, ET AL, Defendants.

The names of the parties to the cause are as follows: Robert L. Morton is Plaintiff; and Charlie Dudley, Jack Dudley, Laura Dudley Stovall, Nettie S. Bell, Mrs. Virgil N. Bell, Mrs. Jewel A. Jacobs, William G. Stovall, Walter H. Stovall, Lee R. Stovall, Maribel S. Moss, G. S. Dudley, Bobby George Dudley, Shirley Dudley, Mrs. Verna Dudley, S. W. Dudley, Beulah Belle Dudley, Mrs. Beulah Dudley, Jim Dudley, Lonnie Dudley, Johnnie Ray Dudley, and the unknown wife or wives and husband or husbands of each of the above named parties, each of whom are unknown to Plaintiff, and if any of the above named parties is deceased, then of his unknown heirs, assigns, and legal representatives, all of whom are unknown, and all of whose residences are unknown, and all unknown persons owning, having or claiming any interest or lien of any nature in or to the land and property hereinafter described, and all of the unknown heirs, assigns, and legal representatives of all of said above named persons, are Defendants.

A brief statement of the nature of this suit is as follows, to-wit:
 Plaintiff sues for title to and possession of the following described land, to-wit:
 All of Garden Lots 15 and 16, of Section 31, Township 9 South, Range 1 East, of a Capitol Syndicate Subdivision of Parmer County, Texas, as shown by plat of said subdivision of record in Volume 5, Page 116, of the Deed Records of Parmer County, Texas, and being Garden Lots containing approximately 5 acres of land

each, and being situated directly East of the platted town of Farwell, Parmer County, Texas, LESS 85 feet off the North side of said Lot 15 sold to E. H. Robinson as shown by the deed records of Parmer County, Texas; and LESS a further strip 10 feet wide off the North side of said Lot 5 sold by Belle Melugin to the State of Texas, as reflected by the Deed Records of Parmer County, Texas; and LESS .9624 acre of land out of the East part of Garden Lots 15 and 16, in Section 31, Township 9 South, Range 1 East, of a Capitol Syndicate Subdivision of Parmer County, Texas, described by metes and bounds, as follows:

BEGINNING at an iron pipe, the original SE corner of said Garden Lot 16;
 THENCE North, at 227.08 feet pass the SE corner of Garden Lot 15, at 335.38 feet an iron pipe in the South right-of-way of U. S. Highway 84;
 THENCE West 125.00 feet to an iron pipe;
 THENCE South at 108.30 feet pass the South line of said Lot 15, at 335.38 feet an iron pipe in the South line of said Lot 16;
 THENCE East 125 feet to the place of beginning, having filed a petition alleging suit in trespass to try title in the above case, alleging ownership and title to said land and claiming title to said land by virtue of the 10-year statute of limitations, as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within 90 days after the date of its issuance it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

ISSUED AND GIVEN under my hand and the seal of said Court at office in Farwell, Texas, this the 31st day of July, A. D. 1964.

Enjoying a family reunion in the R. E. Crooks home this week have been all of the children of Mrs. Lizzie Crooks. This marks the first time in five years that family members had been together. Family members left to right front row: Mrs. C. C. Campbell, Mrs. Lizzie Crooks, Mrs. Troy Phillips; standing left to right: R. L. (Buster) Crooks, Mrs. Walter Timmons and R. E. (Tooter) Crooks.

Crooks Family Has Reunion

For the first time in five years the family of Mrs. Lizzie Crooks were all together this week when they gathered at the home of Mr. and Mrs. R. E. Crooks in Texico for a reunion. On Sunday a family dinner was held with much time spent in getting acquainted with new members of the family and taking moving pictures. Family picnics were held during the week at various homes of area relatives.

Here for the occasion were: Messrs. and Mmes. R. E. Crooks and Keith, Texico, Arlye Crooks, Glia and Britt, Paul Crooks Jana and Jean Ann, all of Clovis, Troy Phillips and Truce and Mrs. Lizzie Crooks all of Tyler. Also Messrs. and Mmes. Walter Timmons and Mark, Northfield, Don Dawson, Kelly, John and Ray Don, Amarillo,

Don Tarbet To Albuquerque

Joe Crain, Billy Crain, Billy Bob and Kevin, Cee Vee, Melvin Wozencraft, and Winford Monk all of Melrose, R. L. Crooks and Raylene, Montclair, Calif., Shorty Campbell, Victorville, Calif., Mrs. Betty Laws and Mrs. Mavis Laws, Lovington.

Several of the visitors arrived on Saturday and will visit through this week.

Use Safety Tape
If you use the same jacket for hunting both deer and ducks, you've got a problem. Wear a red or yellow jacket and you'll spook ducks two miles away. Wear an olive-drab one and you're apt to get blasted by a cross-eyed deer hunter. Here's the solution: Buy the olive-drab jacket for duck hunting, then when you go after deer, mark the back and sleeves with industrial adhesive tape.

BOVINIA'S FIRST JP-- Services Friday For W. J. Parker

Funeral services for W. J. (Will) Parker, 81, Bovina's first justice of the peace, were conducted Friday afternoon at the Church of Christ here.

Mr. Parker, a resident of this community since 1919 and of the area since 1914, died Thursday morning at Clovis Memorial Hospital.

He had been seriously ill only a short time. June 21, he suffered a light stroke and was confined to the hospital for a time. He partially recovered and returned to his home. He suffered another stroke July 24 and was admitted to the hospital for treatment again.

Mr. Parker was the only justice of the peace in Bovina's history. He was elected to the office after it was created by the county commissioners court in 1948. He was re-elected to a second four-year term in '62, and was serving it at the time of his death.

Don Stone, minister of Bovina Church of Christ, officiated.

Mr. Parker was born March 31, 1883 in Rusk County. He moved to Texico-Farwell with his family from Garrison, in deep East Texas in 1914. The family moved here five years later.

Survivors include his wife, Orpha Jane of the home; three sons, L. D. and Oscar, both of Amarillo and Billy of Holbrook, Ariz.; one daughter, Jewel Wilson of Merced, Calif.; one brother, Gene Parker of Alamogordo, N. M.; three sisters, Mrs. Kate Beckham, Mrs. Effie Green, and Mrs.

Clyde Cardwell, all of Garrison; one nephew, Marvin Hambric of Farwell; four grandchildren and eight great-grandchildren.

W. J. PARKER

Burial was in Bovina Cemetery with Claborn Funeral Home of Friona in charge of arrangements.

Pallbearers were Gene Ezell, Bill Denney, Vernon Ward, Henry Minter, Paul Jones and Jack Wolton. Honorary pallbearers were Earl Richards, Reagan Looney, J. E. Sherrill, C. R. Elliott, Boyd Gilreath and Ed Johnson.

Here from California for a visit with friends and relatives are Mrs. Charlie Bowers and Gerri, Mrs. Durb Kittrell, and their mother, Mrs. Everette Christian. They were honored with a coffee Thursday morning in the home of Mrs. Bill Craft.

Research Project Being Conducted At ENMU

A research project involving yield study and fertilizer trials on peanuts, cotton, and grain sorghums currently is being conducted at Eastern New Mexico University.

Directing the research is W. Newell Page, head of the agriculture department, and Dr. Erick Nilson, assistant professor in agriculture. Cooperating with Eastern in the project are New Mexico State University and the Plains Sub-Station.

Page said results of the project will be of value both to area farmers and for teaching purposes. He added that results of the study will be announced to the public this fall following harvest.

The research is being conducted on university land located west of the married students housing. Farmers or other interested persons are invited to visit the experimental plots.

The fertilizer trials with peanuts involve two methods of fertilizing, comparison of different kinds of phosphorus, use of different amounts of three main fertilizers, and different amounts of water application. The yield study will be correlated with the fertilizer trials in the 26 test plots.

Fertilizer methods being used are band-underground strips -- and broadcast -- surface application. The fertilizer bands have been placed at various distances and depths from the plants and were applied at planting time rather than a later application.

Also being observed is the effect on the yield in various plots with differing amounts of three main fertilizers -- nitrogen, phosphorus, and potash -- used at different rates.

Another area of study with the peanuts is the use of high, medium, and low water applications correlated with low, med-

ium, and high amounts of nitrogen fertilizer to show the effect on stained or dark colored hulls.

The study on cotton involves 11 varieties and is expected to give the following information on each variety; grade, staple length, lint diameter of fiber, yield, and gross income per acre. Six plots using various amounts of nitrogen and phosphorus commercial fertilizers will be checked for yield per acre.

In the hybrid grain sorghum study, two rates of nitrogen with check plots are being used to show the differences in yield of grain. Being used in the study are eight varieties of grain.

Records are being maintained for all three crops of soil temperatures taken twice per day during the study. Also being recorded are rainfall and irrigation dates.

On peanuts receiving high, medium, and low water applications, meter readings on moisture at 8 - inch and 20 - inch depths are being taken three times per week.

Building Permits Issued

Several building permits have been issued in Farwell in recent days, indicating that the building boom is continuing.

Dr. T. J. Glenn has been issued a permit for a new home to be erected in the 900 block on 2nd street in south Farwell; Billy Joe Jones was issued a permit to park a trailer house on Ave. A near Blair and Son, Lee Meeks a concrete block fence, Bruce Blair and Billy Watts each were issued permits for concrete block fences and storage rooms; and Monroe Lovell will remodel garage and add a room to convert it into a dwelling.

No permits have been issued in Texico since last week.

Oklahoma Lane Wins League

Oklahoma Lane Eagles are Little League champions. They took over the league leadership at the opening of the season and were never headed. The two-month long season ended last week.

Going through more than half the season undefeated, the South-of-Town boys finally lost two of the 14 games they played but were never in danger of being ousted from the top spot in the league standings.

In the only game played last week, Bovina Wheat Growers Bovina Insurance, the cellar team, took an 18-4 whipping from First National Bank-Lawlis Gin Friday night. Both teams were crippled by a lack of players. Some members of both squads were in Elida playing in an invitational tournament on all-star aggregations.

Each team in the league was scheduled to play 15 games. Oklahoma Lane and Lions of Texico-Farwell have one game

yet to play -- it was postponed because of the Elida tournament. It probably won't be played, however, since it could have little effect on the league standings.

The only change which could be made by playing the game is that Bank-Lawlis could move from fourth place into a tie for third if Oklahoma Lane won the tilt. If the Lions won the game, there would be no change.

In the tournament at Elida, the two teams from here each won their first game on Thursday and lost the second round tilts on Friday.

This pitted them against each other in the consolation finals Saturday. Team No. 2 (Red Tops, Lions and Three - Way Chemical - Bovina Gin) won over Team No. 1 (Oklahoma Lane, BWG-BI, Bank-Lawlis), 6-4. Each of the teams received a trophy for its efforts.

LITTLE LEAGUE STANDINGS

Team	W	L	Pct.
Okl. Lane	12	2	.857
Red Tops	10	5	.666
Lions	7	7	.500
Bank-Lawlis	7	8	.466
3-Way-Gin	6	9	.400
BWG-BI	2	13	.133

New Location

City cleaners in Farwell will be moving to a new location, next door to the light company offices beginning Monday, August 10, announces Hugh Preston, owner.

He advises that all patrons of the cleaning establishment should arrange to pick up their clothing from his firm by Saturday as the cleaning plant will be closed several days during the move.

ents of their fourth child, Todd King, on Sunday afternoon, and according to records available at the hospital, he is the largest baby ever delivered at the Friona Hospital. He weighed in at 12 pounds, 12 ounces.

Young Pearson took the honors by a full pound over the former "heavyweight champion," Robert Lee Merrell, son of Mr. and Mrs. Bobby Merrell of Bovina, who weighed 11 pounds, 12 ounces when he was born in February of 1963.

Other "big babies" born at Parmer County Community Hospital include Jerry Ben Harrelson, son of Mr. and Mrs. Glen Harrelson, who weighed 10 pounds, nine and one-half ounces when he was born in February of 1962.

Two babies weighed in at 10 pounds, nine ounces. They were Ricky Lloyd, son of Mr. and Mrs. Robert Leon Lloyd of Route 4, Hereford, born in 1958, Michael Perry Dixon, son of Mr. and Mrs. John Frank Dixon of Bovina weighed the same when he was born in 1957.

A total of three babies are listed weighing 10 pounds, eight ounces. Another weighed 10 pounds, eight and one-quarter ounces.

The largest multiple birth at the hospital came almost exactly a year ago when twin boys were born to Mr. and Mrs. Darrell Wheeler of Friona. The boys, born August 16, 1963, weighed a total of 14 pounds, 10 ounces at birth.

Next largest multiple birth babies were born to Mr. and Mrs. Arthur Haseloff of Farwell, whose twin girls born on July 8, 1960 weighed a combined total of 13 pounds, 13 and one-half ounces.

Records at Parmer County Community Hospital show that since January 1 of 1953 a total of 1,731 births have been registered. Of that number, there have been 123 sets of twins. There have been no triplets born at the local hospital.

As of August 4, there had been 93 births at the Friona hospital since January 1 of this year. On the same date a year ago, the total stood at 96.

Grandparents of the Pearson baby are Mr. and Mrs. Harold Pearson of Lycan, Colorado. A great-grandmother is Mrs. Sena King of Farnsworth, Texas.

The new boy has two older sisters, Jonnye, 11 and Denise, 10, as well as an older brother, Clay, seven.

Highlights and Sidelights From Your State Capital

AUSTIN, Tex.--State Supreme Court took a recess last week after handing down a heavy volume of new rulings including one which in effect upheld the 1959 open beaches law.

High courts declined to hear arguments attacking the law guaranteeing free access to the beaches and oceans. It left standing a Houston Court of Civil Appeals decision stating the public is entitled to use Gulf Coast beaches from the water to the vegetation line.

In other cases, the court: Permitted Texas Liquor Control Board to continue regulation of liquor exporters along the Mexican border during court attack on a law authorizing such control;

Set down arguments by State Board of Optometry Examiners to force Judge Dallas Blankenship of Dallas to rule on Dr. Ellis Carp's suit challenging its ethical practices order of 1959;

Overturned a contempt judgment against the city manager and mayor of Hurst, Tarrant County, in connection with a condemnation case involving land for drainage easements; Agreed to review an Austin district court decision denying a state savings and loan charter to Metropolitan Savings Association of Houston;

Refused review of a \$1,000,000 lawsuit in Hutchinson County brought by union members who claimed they were fired for following orders of their officials in a 1958 strike at Phillips Petroleum Company plants in the Texas Panhandle;

Refused a state AFL-CIO request to enjoin alleged "pro-employer lobbying" by Texas Employment Commission, leaving in effect lower court opinions.

Third Court of Civil Appeals overturned a district court ruling blocking Upshur Rural Electric Co-Op from building a \$9,000,000 power plant near Ore City. However, it held the co-op cannot sell power to non-members.

APPOINTMENTS ANNOUNCED--Gov. John Connally appointed James S. Naismith of Corpus Christi and Donald C. Klein of Odessa to the State Board of Registration for Professional Engineers. Col. Thomas C. Green of Austin was reappointed executive secretary.

Connally also reappointed Edwin Bucek, Edmund Hajovsky and Alfred Neumeyer Jr. of Hallettsville to the Board of Directors of Lavaca County

Program is co-sponsored by the State of Texas and the Ford Foundation.

First-year "interns" are Charles William Hoehne, Schulenburg; William G. Reid, San Marcos; Jo Ann Pankraz Stiles, Comfort; Hubbard Scott Caven and Mrs. Clarice J. Davis, both of Austin; Jonathon S. Day, Houston; and Edward Lamar Farley, Delhi, La.

ALAMO HIGHWAY -- State Highway Commission heard requests from a group of Texans representing cities from Texarkana to Round Rock. They asked that a route through their area be called "the Alamo Highway" and sought recommendations

Flood Control District No. 3. He selected James Bozka, Hallettsville banker, to fill the unexpired term of Robert Gindler, resigned.

SCHOOL TRANSFER UPHELD--Hockley County school board's approval of the transfer of 25 students from Whittharral Independent School District to schools in Levelland, Littlefield and Anton was upheld by Education Commissioner J. W. Edgar.

Whitharral authorities asked the commission to prohibit the transfer which had been requested by parents of the children.

REDISTRICTING "WORST YET"--Sen. George Moffett of Chillicothe believes redrawing of state congressional districts is the hardest job ever to face the Texas Legislature. Moffett is chairman of a special committee studying the problem.

Moffett, who holds the all-time record for continuous service in the Legislature (34 years), spoke out on the eve of his committee's fourth hearing in San Antonio.

Committee waded through five new redistricting plans at the Bexar County hearing. Fifth hearing will be held in Lubbock on August 20.

Sen. Louis Crump of San Saba meanwhile announced he has called on Texas congressmen to support federal legislation authorizing states to retain full authority over both congressional and legislative apportionment.

BURIAL ASSOCIATION RATES TO RISE--State Board of Insurance has issued a notice to statewide and local associations and burial associations that they must adopt, by November 1, rates which will produce enough income to build their mortuary funds to the point where they can back up all benefits promised policy holders.

This action followed a hearing by the State Burial Association Rate Board at which State Insurance Department actuaries expressed alarm that many small local mutual and burial associations were not collecting large enough premiums to pay all potential claims.

Many associations already have voted to increase rates and two have obtained board approval.

Under the order, each of the 528 associations must appear before the Insurance Board between now and July 1, 1965, and prove they have rates in effect which will bring mortuary funds up to the reserves required by law.

LEGISLATIVE INTERNS--Seven State government trainees who will participate in the 1964-65 program to interest qualified persons in government careers have been appointed by Speaker of the House Byron Tunnell.

Program is co-sponsored by the State of Texas and the Ford Foundation.

First-year "interns" are Charles William Hoehne, Schulenburg; William G. Reid, San Marcos; Jo Ann Pankraz Stiles, Comfort; Hubbard Scott Caven and Mrs. Clarice J. Davis, both of Austin; Jonathon S. Day, Houston; and Edward Lamar Farley, Delhi, La.

ALAMO HIGHWAY -- State Highway Commission heard requests from a group of Texans representing cities from Texarkana to Round Rock. They asked that a route through their area be called "the Alamo Highway" and sought recommendations

tions on ways to bring it to top condition by 1968.

Alamo Highway Association is made up of prominent boosters from cities and villages along U. S. 50 from Texarkana to Marshall; S. H. 43 from Marshall to Henderson; U. S. 79 from Henderson to Round Rock, and I. H. 35 from Round Rock to San Antonio.

F. B. Elliott of Jacksonville, president of the association, said "1968 will be a banner year in which to attract people from all over the east and the north to follow the Alamo route to the HemisFair in San Antonio and to the Olympics in Mexico City."

Highway Commission did not grant the request immediately. But its members, Herb Petty of Carrizo Springs, Hal Woodard of Coleman and Jack Kullgen of Waco, expressed interest in the tourist attraction idea.

WATER AID--Texas Water Commission has been busy trying to help communities suffering from the extreme drought.

In little more than a week's time, the Commission sent one of its members, H. A. Beckwith, to Brackettville to help that city drill a water well when Las Moras Spring went dry; granted Thorndale a permit to pump 20 acre feet of water from the San Gabriel as an emergency measure; and secured a Kerr County court order restraining irrigators in the county from using water from the Guadalupe River and its tributaries for anything except domestic, municipal and livestock purposes.

NEW ANIMAL HEALTH DIRECTOR NAMED--Texas Animal Health Commission has picked Dr. S. B. Walker to replace Dr. R. G. Garrett as Executive Director of the commission when the latter retires to his Taylor farm in October.

Dr. Walker now is a supervising veterinarian for the Animal Health Commission. He received a bachelor's degree

from Texas A&M in 1955, and his doctor of veterinary medicine degree in 1959. He's a native of Hillsboro.

CONDEMNATION CASE CLINIC SET--Atty. Gen. Waggoner Carr's department will sponsor a three-day seminar on the trial of condemnation cases November 5-7. Carr is extending invitations to district, county and city attorneys, district and county judges and all attorneys who represent condemning authorities.

Among the speakers will be State Highway Engineer DeWitt C. Greer, former Atty. Gen. John Ben Shepperd, Supreme Court Justice James R. Norvell, George Thompson of Sweetwater and Carr.

State Sovereignty Diminished

We say it so often -- "United States" -- that some citizens tend to overlook the true meaning. The United States consists of just that -- united States -- separate political entities joined together in common purposes forming one Nation in a complex "federal" relationship ordained by the Constitution. Our system of dual sovereignty. Our people stand in a twofold relationship to sovereign authority, as citizens of the national government and as citizens of their particular States. We are all familiar with the indisputable fact that the sovereign authority of the national government has become increasingly more powerful while that of the States has been diminished. It is a trend many of us are doing our best to reverse.

A near-mortal blow to this system was struck one month ago by the United States Supreme Court. On June 15, the Court held that legislatures of six States are apportioned in ways that violate the Federal Constitution, specifically the so-called "Equal Protection Clause" of the Fourteenth Amendment.

The effect of the court decision is this: States must structure their legislatures so that all the members of each house represent substantially the same number of people. While cases involving only six States were before the court, the decision undoubtedly means that legislatures in all but a few of the other 44 States are apportioned in ways contrary to the Court's interpretation of the Constitution.

The June 15 decision has touched off a furor in Congress, which went back into Session this week after a two-week recess. More than 80 proposals have been introduced in the House of Representatives in an effort to overturn the effect of the court decision.

Most of the proposals call for an amendment to the Constitution to permit States to apportion at least one house of their bicameral (two house) legislatures on a basis other than population. Typical of these proposals is that introduced by Honorable Wright Patman of Texarkana, the dean of the Texas delegation in the House, whose resolution is supported by the Texas Members, including me. The wording of Congressman Patman's proposed amendment is simple and to the point: "Nothing in the Constitution of the United States shall prohibit a State, having a bicameral legislature, from ap-

portioning the membership of one house of its legislatures on factors other than population." It is my hope that Congress will not adjourn until an amendment to the Constitution identical or similar to that advanced by Congressman Patman is adopted by the House and Senate and sent to the States for ratification.

The Supreme Court decision on State legislative apportionment denies to the States the employment of a principle of apportionment which is incorporated in the United States Congress. The "Great Compromise" of the Constitutional Convention of 1787 settled a question that had threatened to block approval by the delegates of any compact establishing a national government. The "Great Compromise" satisfied the argument of the small States that a proportional system in both houses of Congress would fail to provide proper representation of their interests. Therefore, it was determined that the House should be apportioned by equal representation of population. The U. S. Senate was to have two members from each State, regardless of the size of its population or extent of its territory.

Justice Harlan, issuing a strong dissent from the majority opinion of the Court, said these decisions "have the effect of placing basic aspects of state political systems under the pervasive overlordship of the federal judiciary." Why? Because if the State legislatures refuse to correct apportionment, the Federal courts themselves will set out to set legislative district boundaries. This is totally unconscionable with Federal - State relationships as determined by the Constitution, law, and custom.

Singly, one by one, the Supreme Court settles the questions of constitutionality. Thomas Jefferson advocated that the Court be stripped of the right to determine constitutionality of acts of Congress or State legislatures. Until the people of this Nation demand that the Constitution be amended to permit Congress to override decisions of the Court declaring statutes unconstitutional, the problem typified in the legislative apportionment cases will be repeated time and time again. I am continuing to press for the adoption of a Constitutional amendment I have introduced to give Congress the power "by statute passed by two-thirds of each House of Congress" to overturn Federal Court decisions invalidating acts of Congress or State legislatures.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

needed medical services. The payments for such medical assistance on behalf of such needy individuals shall be in such amounts as provided by the Legislature; provided, however, that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision.

"AGAINST the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:

"Subsection 51a-2. The Legislature shall have the power to provide by General Laws and to make payment for same, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:

"Subsection 51a-2. The Legislature shall have the power to provide by General Laws and to make payment for same, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

ANNOUNCE ENGAGEMENT: Mr. and Mrs. Ardell Robertson of Bowle, former Farwell residents, announce the engagement and approaching marriage of their daughter, Darla, to Jerry St. John, son of Mr. and Mrs. Floyd St. John also of Bowle. The young couple are both 1964 graduates of Bowle High School. Miss Robertson is attending Brantley-Draughon's Business College in Ft. Worth. Her fiancé is attending Ft. Worth College. The wedding is being planned for September 25 in Bowle.

Couple At Home In Abernathy Following Recent Marriage

At home at 2118-7th street in Abernathy since their recent marriage are Mr. and Mrs. Byron Eldridge. The couple was married in a quiet ceremony in Abernathy recently with Mr. and Mrs. Byron Stratton as their only attendants. The bride, the former Georgina Gail Lambert is the daughter of Mr. and Mrs. V. L. Lambert of Texico. The groom is the son of Mr. and Mrs. B. E. Lambert, Abernathy. The bride chose for her wedding a sheath dress of blue lace, styled with cap sleeves and a scoop neckline, with an over-jacket of matching hue. Her veil of white silk illusion was attached to a halo hat of blue

chiffon. She wore an orchid corsage. The bride is a graduate of Texico High School, where she was salutatorian of her class and active in all phases of the school life. She later attended Draughon's Business College in Amarillo. The groom attended Abernathy High School. He is presently employed at Frontier Wholesale Co. in Abernathy.

Marriage Licenses Issued

Only two marriage licenses were issued from the office of the Parmer County clerk in the past week. They went to Robert Leslie Rhodes and Kathryn Lee Anglin of Clovis and to Dennis Ray Johnson and Shirley Ruth Billingsley, both of Bovina. First of the licenses was issued on July 28 and the latter on July 31.

Twin Sons Arrive In Vashaw Home

Word was received in Farwell last week on the birth of twin sons of Mr. and Mrs. Robert Vashaw in Petaluma, Calif. The boys weighing 6 lb. 3 oz. and 5 lb. 6 oz. respectively were born July 30. They have been named Richard Wayne and Michael. Mr. and Mrs. Vashaw have a third son, Timmy, two. Grandparents are Mr. and Mrs. Buster Gast, Farwell and Mr. and Mrs. Lloyd Vashaw, Detroit, Michigan. Great-grandmothers are Mrs. Hedwig Gast, Farwell and Mrs. Beulah Worley, Denver. Mrs. Vashaw is the former Sherry Gast.

Visitors In Vincent Home

Visiting in the home of Mr. and Mrs. L. R. Vincent home last week was Mrs. Lee Rothwell, Childress sister of Mrs. Vincent. She returned to her home on Friday. Tuesday Jerry Summers, El Paso a nephew of Mrs. Vincent, who was enroute to Lubbock stopped for a visit with the Vincents.

MR. AND MRS. FREDERICK MEIER

Georgia Taylor Is Bride Of Frederick Meier

Georgia Ann Taylor, daughter of Mr. and Mrs. Ira L. Taylor, Clovis became the bride of Frederick R. Meier son of Mr. and Mrs. Frank Meier, Texico in a quiet but impressive ceremony at the chapel of Central Baptist Church in Clovis recently. Rev. Carl Scott officiated the double ring service. Vows were exchanged at the altar centered with a sunburst arrangement of white gladioli and blue mums flanked by several seven branched candelabras. Background for the entire setting were palms of woodwardia fern and emerald greenery. Family pews were marked with florets of mums and satin ribbon bows. Organist, Marilyn Crook, close friend to the bride, played appropriate nuptial music preceding the ceremony and the traditional wedding march as the bridal pair approached the altar. She also accompanied

Fred Perkins as he sang, "O! Perfect Love" and "Always." Ushers Gary Meier, Texico, brother of the groom and Gus Meier, Portales, double cousin of the groom, doubled as candle-lighters. Ernest Meier, Portales, brother of the groom served as bestman. Mrs. Jean Henderson, sister of the bride served as matron of honor. She wore a street length dress of blue whipped cream styled similar to that of the bride. Her accessories were white and she wore a white carnation corsage. Completing her attire was a short veil attached to a miniature headband of blue. The bride, given in marriage by her father chose a floor length wedding gown of Chantilly lace over taffeta, styled with a fitted bodice, cap sleeves, sabrina neckline and a bouffant skirt. Her veil of white silk illusion was attached to a bandeau or orange blossoms. She carried a cascade of white stephanotis tied with lover knots atop a white satin and lace covered Bible. Mrs. Taylor chose for her daughter's wedding a turquoise lace dress over taffeta. Her accessories were black and she wore a corsage of white carnations. Mrs. Meier, mother of the groom chose a navy blue suit with which she wore white accessories. Her corsage was also of white carnations. Immediately following the ceremony a reception was held at the chapel. Serving table was covered with a taffeta cloth with a floor-length drape. Centering the table was an arrangement of blue and white mums flanked on the one side by the tiered wedding cake and on the other by a crystal punch service. The cake was decorated with lovebirds, wedding bells and topped by a miniature bride and groom figurine. It was served with

floating punch. Presiding at the serving table were Paula Taylor, sister of the bride and Mrs. Lloyd Taylor, Amarillo, aunt of the bride. The young couple left immediately after the reception for a honeymoon trip to Ruidoso following which they are at home at 513 East 13th, Clovis. The bride attended Clovis schools and is now a student at Hedrick Beauty School. The groom is a 1960 graduate of Texico High School and attended auctioneer's school. He is presently employed by the New Mexico Highway Department.

Former Residents Honorees At Coffee

Three former residents of the community who now reside in California, were honored with a coffee at the home of Mrs. Bill Craft Tuesday morning, with friends calling throughout the morning to visit with the guests. Hostesses with Mrs. Craft were Mrs. T. J. Kittrell and Mrs. Truman Kittrell. Mrs. Everette Christian, and her daughters, Mrs. Durb Kittrell and sons, and Mrs. Charlie Bowers and daughter, are visiting with relatives and friends here. Mrs. Kittrell and Mrs. Bowers reside in Lawndale and Mrs. Christian lives in Redondo Beach. Daughters and sisters of the honorees who reside in the area are Mrs. Darrell Norton and Mrs. John McFarland of Farwell and Mrs. Gerald Clancy of Clovis. Guests were served rolls and coffee during the courtesy. Attending were: Mmes. Joe Jones and Russell, Gerald Curtis, Toby and Laura, Ann Smith, Roy Nic, El Monte, Calif., A. V. Warren, Bert Williams and LeeAnn, Donald Watkins, Scott, Sandra and Jill, Jerrell Doshier and Kristi, W. H. Graham, Woodrow Lovelace, Hugh Moseley, Joe McWilliams, Pete Rundle and Tom Lovelace and daughter Tammy.

Kitchen Shower Honors Bride-elect

Latita Harrison bride-elect of Leon Kelley was honoree for a surprise kitchen shower recently in the home of Mrs. Loyd A. Cain Jr. Assisting Mrs. Cain with hostess duties was Jackie Hughes. Mint green and white, chosen colors of the honoree were used in room decorations. Serving table was laid with a green linen tablecloth and centered with the crystal punch bowl, flanked by crystal candelabras holding white wedding tapers. Pastel green napkins completed table decor. Party sandwiches, chips and dips were served with green punch. Attending were the honoree, her mother, Mrs. Virgle Harrison, Linda Griffith, Dianne Baldrige, Judy Tharp, Carol White, Linda Campbell, Callalya Roberts, and Tanya Thompkins. Also Mmes. Earl Thompkins, Johnnie Rucher and Sheree, Hershel Hughes, Paul Harrison, and Don Owens.

Invitation Issued

Mr. and Mrs. C. G. Davis issue this invitation to all friends and relatives to attend the August 13, 7:30 p. m. wedding of their daughter, Glenna Ruth to Captain Otis F. (Skip) Bryan at the local Church of Christ and to the reception to follow in the educational building at the church.

Tarbets Are Honored With Farewell Party

Hosts and hostesses for a farewell party honoring Mr. and Mrs. Don Tarbet, Thursday evening in the homemaker cottage at the Farwell School were: Messrs. and Mmes. Bill Roberts, Bill Bourlon, W. T. Meeks, Harry Sheets, Lee Meeks, Alvin Mace and Johnnie St. Clair. The evening was spent in visiting and playing various table games. Refreshments of cakes, cookies, soft drinks, coffee and home made ice cream were served. Centering the serving table was an arrangement of summer flowers in a rattan basket. Miniature suitcases embossed with the word "Farewell" in foreign languages placed on the table added a festive note. Attendants in addition to the hosts and hostesses were: Messrs. and Mmes. Bill Smith, Lee Thompson, Rudolph Sanchez, Lewis Tharp, R. S. Shuman, Preston Martin, W. E. Martin, Bob Hammonds, Dwain Nance, Carl Taylor, Clifton Otts, Bobby Crume, Floyd Embury, Joe Crume, Buck Bush, Shorty Hughes. Also Mmes. Virginia Sheets, Maggie Stone, Isla Huffaker and Frances Birchfield. Many persons unable to attend sent gifts. Mr. and Mrs. Tarbet and children left Friday morning for Albuquerque where they will make their home. He will be pastor of the Trunbull Ave. Church of Christ, their mailing address is 536 Mesilla Ave, S. E. Albuquerque, N. Mex.

APPROACHING MARRIAGE: Mr. and Mrs. J. Q. Thompkins Jr., Clovis, announce the approaching marriage of their daughter, Euralina Zane to Gary Don Reid, son of Mrs. Ruth Reid and the late Levi Reid, Texico. Vows will be read September 11, 7 p.m. (MST) at the First Methodist Church Chapel in Clovis. No invitations are being sent locally, but all friends and relatives are invited to attend the wedding and reception. (Photo by Myrtle's Studio)

Dale Family Get Together At Okla. Lane Center

Oklahoma Lane Community Center was scene for a get together for the family of Mr. and Mrs. G. L. Dale of Muleshoe on July 30. Special guests attending were Mr. and Mrs. Walter Bass, Texola, Okla. and Johnny Actkinson, Oklahoma Lane. Games of volleyball and forty two were played during the day and home made ice cream was enjoyed. Those in attendance in addition to the guests of honor and the host couple were: Messrs. and Mmes. Jodie Barrett and children, J. L. Dale and girls and Rev. and Mrs. Gene H. Davis all of Needmore; Messrs. and Mmes. R. D. Dale, Don and Gilbert, Bill Martin, Yolanda and William, Cyrus Dale, Cindy and Rhonda, Vernon Conner, Oather Dale, Donna and Freddie all of Oklahoma Lane. Also Messrs. and Mmes. D. A. Bass and Sharon, Johnny Hindman and children, Ray Clark and Donnice all of Hart, and Jimmy Harris of Shamrock.

What If He Had Quit Is Topic For Devotional

When members of Ruth Sunday School Class of Farwell First Baptist Church met Monday evening for a business session and short social Mrs. Dick Gerles brought a devotional on "What If He Had Quit." Her subject was quite thought provoking. Opening prayer was led by Mrs. J. L. Bass and Mrs. Dora Johnson offered the closing prayer. Mrs. Claude Coffey presided over the business session. Members discussed books to be bought for the church library. Class project is adding a book each month to the library. Hostesses were Mrs. True Bell and Mrs. E. G. Williams. Members present were Mmes. Pansy Ross, Dora Johnson, O. C. Petree, Claude Coffey, John Porter. Also two guests, Mrs. J. L. Bass and Mrs. Dick Gerles attended.

Annual Reunion Held In Levelland

The family of O. C. Staggs, father of Mrs. W. T. Magness held its annual reunion at Levelland the past weekend. In attendance were the three remaining members of the original Staggs family, Mrs. John Staggs, Mrs. Pinkney Staggs and O. C. Staggs. All of the three are in their 80's. Eighty six family members from Oklahoma, Texas and New Mexico were in attendance at the two day affair. Visiting, picture making and eating were the order of the day, report local attendants. Attending from Farwell were Mr. and Mrs. W. T. Magness, O. C. Staggs, Mr. and Mrs. Joel White and children and Mrs. Janie Bowery and children.

Reminder Anniversary Celebration

Hostesses for the 25th anniversary reception honoring Mr. and Mrs. Arnold Hromas of Bovina are reminding friends and relatives to call at the Hromas home Sunday afternoon between the hours of 2:30 p.m. and 5 p.m. to help them celebrate their anniversary.

Uncle Ray's 'Hot Air'

So many disarmament plans are like the fancy recipes in the women's magazines. They sound wonderful until you start analyzing the ingredients. "Office holdin' has got to be so worrisome," said Ray, "that it looks like a man was doing' us populace a real favor, even to try to hold a government job." Do yourself a favor and trade at Uncle Rays for real quality.

CITY CLEANERS
Mr. & Mrs. Hugh Preston

JOTTIN'S By Jeanne

Thanks to our neighbors -- we've never had it so good. There is nothing better than fresh vegetables.

We've had roasting ears from the farm of the Rupert Bradleys, and fresh cucumber slices, and the best black-eyed peas.

Ronny, the oldest son, planted a few tomato plants, and we've had a taste of those -- and the peaches look as though we'll have a nice fresh pie or cobbler soon too.

I'm still pondering the mystery that gave me an embarrassing moment Saturday and haven't yet reached a solution. Who put the salt in the sugar bowl? The boys won't admit it -- and I really don't think I'm THAT absent-minded.

Anyway, we had a guest -- and the spouse and I were enjoying the refreshment thoroughly (neither of us use sugar). Then we noticed our guest was a little more hesitant in partaking of the drink. She then explained the reason, and sure enough, the sugar bowl contained salt.

Now I'm curious -- how many persons have we served salt from the sugar bowl?

Vacations at home are more fun for a special reason. Last week, Hettye Nan Randol Schreefer was in town, and we had an opportunity for the first good visit in five years, and became acquainted with the children of one another.

This week, Billie Kittrell, Belva Bowers and their mother, Mrs. Everette Christian, are here from California, and we had another treat. Ruby Craft, Ysleta Kittrell and Audrey Kittrell, decided the best way for everyone to have a chance to visit was to have a coffee and give the visitors an opportunity to see so many of their friends they might miss other wise. Seeing Hettye and Billie is much more fun than taking a trip somewhere. Now I'm hoping maybe some of the other former residents will make it home before the summer is over.

Visit In Langford Home

Recent visitors in the home of Mr. and Mrs. Elmer Langford have been their son and his family, Mr. and Mrs. Delvin Langford and son, Paul from Shawnee, Okla.

Also visiting in the Langford home have been Mr. and Mrs. Jason Langford of Hereford.

Mrs. Jack (Diane) Eshleman, Texico a member of the Pleasant Hill Community Extension Club was winner of first place in the artistic division at the annual Curry County Flower Show held the past Saturday at the high school cafeteria in Clovis. She was also declared sweepstakes winner of the show, winning 11 blue ribbons, two red ribbons and one white ribbon on her 14 entries. This is the second time for Mrs. Eshleman to enter the show and she was entered in the Intermediate class (those who have never won more than five ribbons). Next year she will enter in the advance class of the show. She is shown with her prize winning artistic arrangement, made from maize, cotton, and butterfly bush, sprayed in colors of red and black.

Mrs. Eshleman Is Sweepstakes Winner In Flower Show

Individual sweepstakes winner in the Curry County Flower Show held at the high school cafeteria in Clovis Saturday was Mrs. Jack (Diane)

Eshleman, Texico, a member of the Pleasant Hill Community Club. She was given a perfect score by judges on her arrangement of dried and dyed flowers. This is her second year to enter the show. She also won several other ribbons.

The Pleasant Hill Club entry took second place for the second consecutive year. They were also winners of the \$5. award for the most total points in the show. Total points for Pleasant Hill was 123. Mrs. Donald Clark and Mrs. Elmer Langford were in charge of making the club arrangement.

El Primero Club of Clovis was winner in the club division. Several other Texico women, who are members of the various clubs were winners of blue, and red ribbons on their entries. "Entries in the show were tops this year, judges report, and the show was exceptionally good."

Cheerleaders Attend Workshop

Cheerleaders from the Farwell school are in Lubbock this week attending a cheerleader workshop on the campus at Texas Tech. They left Sunday and will return Friday.

Members of the cheerleading team are Edith Ann Walling, Carolyn Lindop, Mikala Austin, Joyce Kay Watts and Julie Routon.

Farwell Scouts Go On Weekend Outing

Farwell Boy Scouts participated in an overnight campout this past weekend at Oasis Park near Portales. Boys left Farwell Saturday afternoon and returned Sunday afternoon.

Campfire meals were planned for the evening meal, breakfast and noon meal on Sunday, with each boy providing food. Accompanying the group were Ray Campbell, Scoutmaster and Lee Hutchins, assistant.

Break In At 3-D Drive In

A break in was reported at the 3-D Drive In early Saturday morning. The break in occurred sometime during the night Friday, according to Sheriff Charlie Lovelace.

Entry was obtained by breaking out the back window in the place. Taken were several cartons each of cigarettes, gum and candy. No money was taken. Officers are working on the case at the present time.

GEHL HI-THROW BLOWER... 90-foot power and capacity

GEHL 72 CHOPPER... full 8-foot cut

GEHL CURE-ALL... conditions hay the gentle way

CROPS HOLD UP WELL DESPITE DRY WEATHER

Grain sorghum and cotton in the Parmer County area, enduring what ranks as one of the hottest, driest summers on record, "generally looks pretty good," according to County Agent Joe Van Zandt.

Cotton, which has lagged behind in normal development after rains (the only significant moisture of the season) in late May and early June, is making a good comeback and possibly may close the gap between its present and what would be normal development.

In the case of grain sorghum fields where water is not really abundant, there has been some damage from the heat. Farmers discover that even though they are running their irrigation wells around the clock, they see a need to start back through a field with another watering before they can complete the first. "Maize that hasn't suffered for water looks real good," says the county agent.

On a couple of scores the area farmers can count themselves well ahead. The county

came through the hall and rough weather of spring in the best shape they have been in years. There has been some severe damage, of course; there always will be. However, for the most part, farmers have survived the wrath of nature very well.

The other bright spot is the insect picture. "So far we haven't had any big buildup of any particular insects that I know of," says Van Zandt. He has spotted a few false chinch bugs, but not many, and the sorghum midge hasn't arrived in heavy numbers yet.

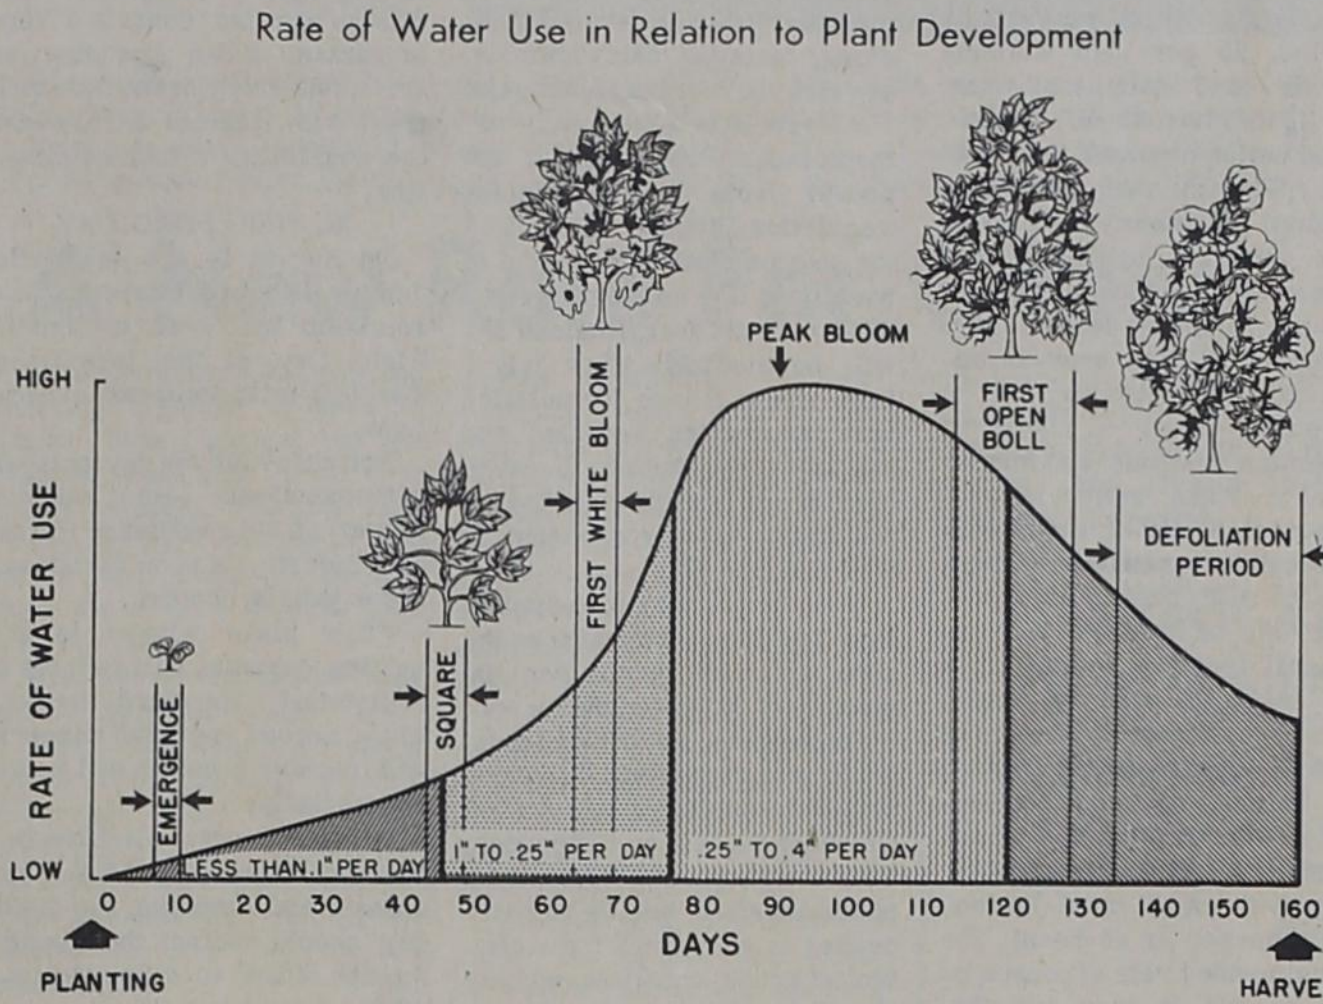

Farmers, although still looking for a rain, are beginning to study the cotton with an eye to the recommended "cut-off" date for irrigation—which is August 20 for this area.

Continuing research indicates that watering cotton after that date is a gamble for farmers that they can ill afford. Experience in this area, especially several years ago (1953 and 1955, for example) bore this theory out in practice.

"Between now and the 20th they'd better get the water on

this cotton if they're going to get any on it," is Van Zandt's suggestion.

The accompanying chart shows graphically how the water consumption of crops differ. In this case cotton is shown. Much of the area's fields are in the period of peak water use.

Cattlemen Praise Senate Beef Import Bill

The president of the Texas and Southwestern Cattle Raisers Association, speaking at the East Texas Farm and Ranch Club Meeting here tonight, applauded Senate passage of a bill imposing reasonable restrictions on beef imports. Fred

Wulff of Brady said passage of this bill is a step toward stabilizing the U. S. beef cattle industry and voiced the hope that it would be followed by prompt and favorable action in the House of Representatives.

The bill passed the senate by a vote of 72 to 15. Senator Ralph Yarborough and Senator John Tower were among those voting for the bill. "Our senators are to be commended for this action," Wulff stated. "Presuming this bill becomes law, it means that the beef producer of the future will have a reasonably sound base upon which to make decisions for future operations."

Wulff pointed out that under present conditions any efforts by producers to bring supply in line with demand could be voided by increased importations of beef from other countries. "The domestic beef producer can look to the future with little hope knowing that each time he tries to solve his own beef supply problems his action will result in foreign beef taking over a larger share of the U. S. beef market," he declared.

The bill passed by the Senate would restrict imports of beef, veal, lamb, mutton and canned meats to a five-year average based on the years 1959-1963. Beef imports during this period were the highest five years in history.

"We believe this is a reasonable bill," Wulff said. "We are not closing our doors to beef imports, we are only asking for action which would prevent the ruination of the U. S. cattle industry, and the severe crippling of countless communities, the economics of which are tied closely to beef cattle production and processing," Wulff emphasized.

He called attention to the fact that beef imports were only 1 1/2 per cent of domestic beef production in 1956 but said that the so-called voluntary agreements negotiated recently with Australia and New Zealand set quotas based on the 1962-1963 beef import levels which amounted to 10 to 11 per cent of domestic production. In addition the agreements allowed a 3.7 per cent per year growth factor. Wulff said the pattern of these negotiations had set the stage for other negotiations which could allow continued increases in beef imports.

He pointed out that the Chairman of the Australian Board of Trade hailed this growth factor as a major break-through. An Australian newspaper quoted him as saying, "First time an agriculture export nation has given assurance of a share in growth of a foreign market." "These negotiations are solid evidence of the need for the bill passed by the Senate," Wulff declared. "While the cattle raisers from importing countries were represented by able and competent men, the U. S. beef man had no one who stood up for his interests. These agreements can be voided by either country on six months' notice, and who can say the domestic beef producers will be better represented in any future negotiations?"

Wulff said passage of the senate bill indicates a deep understanding of the disastrous effects beef imports are having on present U. S. producers as well as the tragic consequences which could result in the future without such a law.

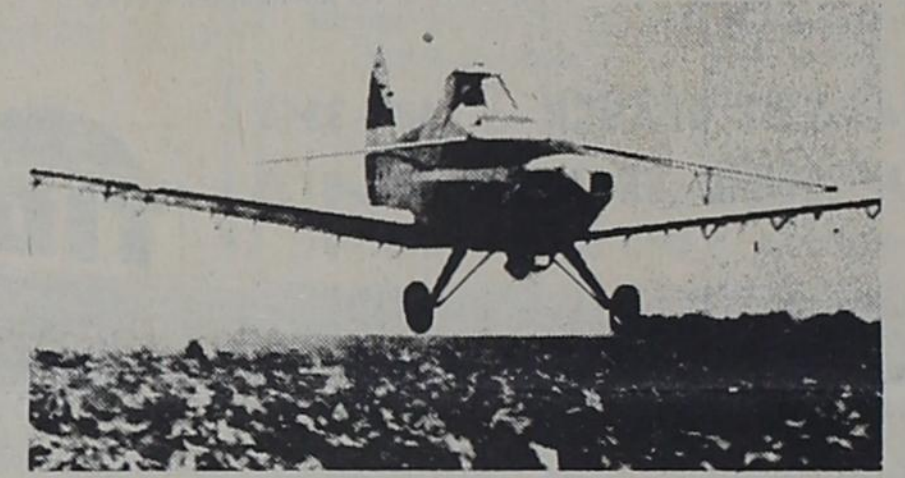

"Such a law also would ensure a continued supply of quality beef to the consumer at reasonable prices," he said. "Consumers' preference for this kind of beef is indicated by the steadily rising per capita consumption during the past two decades."

"Don't worry about finding your station in life. There'll always be somebody around to tell you where to get off."
—E. M. Remsburg, Vista (Calif.) Press.

Wheat is going up, but the price of wild oats will always remain the same.

County Agent

CATTLE GRUB CONTROL
Beef cattle producers and dairymen often fail to notice the hidden damage inflicted by cattle grubs. These losses be-

gin when heel files attach their eggs to cattle and continue through the period when the grubs appear as lumps in the back. Grub losses can be reduced with timely applica-

tions of any one of the three recommended systemic insecticides: Co-Ral, Ronnel, and Ruelene. The insecticides are called systemics because they are distributed inside the body of the animal and carried to the site where the grubs occur. Since only one application is necessary, proper timing is all important. Early applications of systemic insecticides are considerably safer and more effective than later ones.

The treatment time might possibly vary within the state, but greater efficiency will be obtained when applications are made between May 1 and September 1 or as soon as possible after hefly activity ceases.

With Co-Ral apply either a 0.375 per cent or 0.25 per cent concentration as a spray. If the 0.25 per cent spray is used, make 2 applications not more than 3 months apart. The

0.375 per cent concentration should be applied only once per year. With either spray concentration, the animals should be wet to the skin as thorough coverage is essential. Do not treat sick or emaciated animals or calves less than 3 months of age. Treat animals 3 to 6 months of age only lightly. Co-Ral should not be used with pyrethrins, allethrin or synergists. Do not treat lactating dairy animals, or dry dairy animals with 14 days of freshening. Allow at least 7 days between the last application or either spray concentration and slaughter.

Four-on treatments using Co-Ral should be applied at the rate of 1/2 pint per animal (4 lbs. 25 per cent wettable powder in 3 gallons of water or light mineral oil) distributed uniformly down the backline. The mixture should be agitated frequently to maintain uniform suspension and precautions taken to prevent run-off. Allow at least 7 days between the last pour-on application and slaughter.

Ronnel offers a choice of treatment methods and formulations. When employing the free-choice, either the mineral block or granules containing 5.5 per cent of this product may be used. Provide one mineral feed box or one block for each 15 head of cattle. Commence treatment as soon as heel fly activity ceases and feed for 75 days or more continuously. Consumption can be enhanced by mixing the granular form with an oil meal (cottonseed, linseed or soybean). The recommended rate of consumption is 1/4 lb. per 100 lbs. of body weight per head per month. Remove mineral blocks or granules 21 days prior to slaughter. The granular form containing Ronnel may also be mixed with feed according to manufacturers directions for the 14 day-treatment. The recommendations include feeding 1/5 lb per 100 lbs of body weight over a 14-day period. Allow at least 28 days between treatment and slaughter.

When using either method of

treatment, animals should have easy access to water. Do not feed romnel to sick or stressed animals or in conjunction with any other salt or mineral supplement. Do not use a ronnel feed additive and a ronnel mineral supplement at the same time. Dairy animals within 28 days of freshening or lactating dairy animals should not be fed ronnel.

Ruelene may be applied as a 0.5 per cent spray for grub control. Thorough coverage of the animal is essential with large animals requiring approximately 1 gallon of spray while smaller animals require only 1 to 3 qts. depending on the size. Do not apply to dry dairy animals within 28 days of freshening, lactating dairy animals, or sick or stressed animals.

A new Ruelene "pour-on" formulation has received approval from the Pesticides Regulation Division, ARS, USDA for use on cattle for control of hornflies, lice and cattle grubs. This new product, Ruelene 8R, will be available after July 1 in a ready to use formulation with no mixing required and has not been known to cause burning or severe scurfing of the hide, as was experienced with Ruelene 25E.

Ruelene 8R should be applied in a backline application at the rate of 1 fluid ounce per 100 pounds of body weight to animals weighing up to 800 pounds, while no more than 8 ounces should be applied to any animal weighing more than 800 pounds. This single treatment as soon as possible after hefly activity ceases is effective for the control of grubs, hornflies and lice. Hornfly reductions may be obtained for as long as three weeks following treatment. Cattle treated for grub control with this insecticide may be retreated in the fall, winter, or spring months when lice become injurious. Ruelene 8R should not be applied during October, November and December to animals not previously treated for grubs. This new formulation employs an oil base that facilitates close adherence of the

toxicant to the skin and lessens the run-off problem.

The restrictions concerning the use of this material are as follows: Do not apply within 28 days of slaughter. Do not apply to lactating dairy cows or to dry dairy cows within 28 days of freshening. Do not treat sick animals or those animals under stress from castration, dehorning, disease, over exertion or excitement; not within 10 days after shipping, weaning, or exposure to disease. Such animals may suffer toxic side reactions. Cattle should have free access to water and feed before and after treatment. If cattle react abnormally, encourage exercise. Should abnormal conditions persist, consult a veterinarian. When branding at treatment time, brand first then treat with Ruelene 8R to avoid the possibility of hair catching fire.

JR. HEREFORD DAY

On August 15, the Panhandle Junior Hereford Breeders Association will hold its annual Field Day at the Jake Hess Ranch, 1 mile southeast of McLean.

Activities for the day include: demonstrations on various phases of the registered Hereford industry, a noon barbecue, and a judging contest.

First place winner in the judging contests will receive a registered Hereford heifer, while second and third winners will receive a saddle and boots respectively.

Parker County 4-H Boys interested in entering the judging contest and attending the field day should contact the County Agents office as soon as possible.

MIDGE ALERT

The midge season is here and we must all be on the alert for midge activity in grain sorghum fields, that are heading out. The adult midge is an orange-colored fly, about 1/12 inch long.

There are six insecticides recommended for midge control. They are: Sevin, Toxaphene, Endrin, Parathion, Trithion and Diazinon. A discussion of the amounts and restrictions for each insecticide are available at the County Agents office.

Best control has been received where two applications were made. The first should be made when approximately 90 per cent of the heads have completely emerged from the boot. The second application should be made 3 to 5 days after the first.

I want to caution all who use the insecticides to read the labels and follow the restrictions. Some insecticides can be applied only once a season.

Black widow spider venom is 15 times as toxic as rattlesnake venom.

"Usually a husband grows alone—especially when the little woman hasn't had a birthday for the last 10 years." — Kenny Bennett, Greencastle (Ind.) Putnam County Graphic.

Farm Bureau Fights Reapportionment Rule

Texas Farm Bureau President C. H. DeVaney is urging Farm Bureau members to contact their congressmen in support of legislation to reverse or nullify the recent U. S. Supreme Court decision on apportionment of state legislatures.

The Court ruled June 15 that "As a basic Constitutional standard, the Equal Protection Clause requires that the seats in both houses of a bicameral state legislature must be apportioned on a population basis."

In a message to county Farm Bureau presidents and policy execution chairmen, DeVaney pointed out that the ruling is contrary to state and national Farm Bureau policies.

"It violates our state policy on reapportionment," DeVaney said. "It sets a precedent to authorize judicial action to apportion our county boards of supervisors, city councils, and all other elected officials of political subdivisions. It will seriously reduce our rural representation."

The TFB leader said the Equal Protection Clause of the Fourteenth Amendment was intended to secure the equal status of all citizens with respect to access to the courts and equal protection under existing laws. "The Supreme Court has

clearly over-stepped its authority in handing down this ruling," DeVaney said.

He noted that some 75 bills have been introduced in the House and several in the Senate designed to reverse or nullify the decision. Major approaches outlined in these bills include a Constitutional amendment authorizing a state with a bicameral legislature to apportion the membership of one house on factors other than population.

Another approach, he said, is a proposal to limit the jurisdiction of the federal courts as provided in Article III, Section 2 of the Constitution.

You would reach the Pacific Ocean sooner by traveling due south from Austin, Texas, than by traveling due west.

Phillips Exec To Speak At Foundation

G. W. McCullough, vice president of Phillips Petroleum, Bartlesville, Oklahoma, has been designated as the guest speaker for the eighth annual Field Day on Thursday, September 10, for the High Plains Research Foundation.

Dr. Earl H. Collister, director of the Foundation, stated that the expectations of an even larger crowd than last year's 4,000 plus visitors are looked for this year.

Tours of the Foundation will start at 1:30 p.m. with visitors comfortably seated on benches on large trucks as they are transported around the 310 acre Foundation farm at Halfway. The tours will continue until the barbecue at 5:00 p.m. There will be five stops on the tour where members of the Foundation staff will explain the research underway. Guides on each truck will explain the research project to be viewed between the stops.

The guides will be professional agricultural personnel composed of county agents, Soil Conservation Service representatives, vocational agricultural instructors, F. H. A. personnel and members of the Young Farmer chapters.

Included in the afternoon program will be tours of the Killgore building and laboratory, the Jim Hill greenhouse, lawn grass plots, shrubbery displays, farm shop, seed laboratory, and the twenty saw cotton gin. These can be seen before or after the farm tours.

A patriotic and musical program will entertain the visitors in the later afternoon. At 5:00 p.m. the visitors will be the guests of the Hale County State Bank and the Plainview Co-op Compress at the traditional barbecue. Mr. McCullough's address will be at 6:00 p.m.

4-H BAKE SHOW DEMONSTRATION

Training in the preparation of Quick Loaf Breads and Bar Cookies was the demonstration given to 4-H girls and leaders Thursday at the Hub Community Center. These girls are getting ready to start practicing on the two baked products for show. They will show Quick Loaf Bread and Bar Cookies for the competitive County 4-H Bake Show that is scheduled for August 19, at the Hub Community Center.

As in all food projects, the girls learned not only how to prepare foods, but they learn what the food does for them and why it's important in the

diet, and thus they cultivate a taste for a wide variety of food. This is a good habit as it can contribute to better health.

TEENAGE MOTHERS

Do you know that one out of every four mothers bearing a first child is less than 20 years old?

A startling statistic? Yes, but not nearly as startling, says Dr. Evelyn Spindler, Extension Nutritionist in the U. S. Department of Agriculture, as the fact that about half the teenage girls in this country have diets poor in some essential nutrients.

This makes them ill-equipped for motherhood.

According to Dr. Icie G. Macy, an expert in Child Nutrition, babies born to undernourished teen-agers may be premature, have congenital defects, or lack adequate nutritional stores to protect them through birth and their first days and months.

Learning about nutrition in the early years of life is a very important part of the girls' education. A well balanced diet is essential. The "Food for Fitness" guide is available by requesting a copy through our Extension office

by calling in for a copy. This will be mailed free of charge or come by and pick up a copy. Our office is on the 2nd floor of the Courthouse in Farwell.

Bro. Ed

YOU'D BETTER NOT SERVE ANY MORE OF THAT "LIMEADE" UNTIL I FIND OUT WHAT HAPPENED TO MY GREEN FINGER PAINT!

Dick Bell, formerly of Muleshoe, is manager of the new Tide Products fertilizer plant in Farwell. He formerly was president of Bell Fertilizer, Inc., of Muleshoe, but sold his stock and resigned to take the managership of the Tide plant.

Instant Sweets

A new convenience good--instant sweetpotatoes--has been developed to help the rural economy, boost consumption of this "nutricious yam" and offer housewives a shortcut in meal preparation.

Major use of instant sweetpotato flakes is expected to be in home meal preparation, but widespread use is anticipated in restaurants. And because of its high vitamin C content the convenience food will be a nutritious addition to the diet of babies and older people in particular.

The initial pilot program is already having good effect in four localities. The manufacturing plants--all but one located in communities under 2,500 population, employ between 60 and 80 workers each. A single plant can produce up to 700 pounds of sweetpotatoes.

The Texas Department of Public Health was established in 1903.

A New Role For Cotton

Longer, hotter summers and shorter, warmer winters in Texas have brought an increased need for more cool cotton fabrics. With the first "blue norther" hitting in late November, cotton has become even more of a clothing king the year round.

What has cotton done to measure up to its new role? Texas and federal research teams are constantly seeking additional uses for our increased cotton production. The versatility of this plant becomes more evident every year as new discoveries are made in the laboratory.

Stretch cotton, a new fabric used in women's summer suits, between-season dresses, sportswear and many other garments, "gives" without bagging at the elbow and knee. The new stretch cotton remains its comfortable attractive texture.

Permanently pleated or creased wash-and-wear cotton has made light of the housewife's laundering chores. The permanently creased cotton fabric used in men's slacks keeps a sharp "just-pressed" look throughout the day. And the men owe cotton another vote of thanks for its appearance in sports coats. New striped and floral sports coats which have become a fashion rage have made the summer and autumn days more bearable for the suit-wearers in the family.

Mother appreciates the permanently pleated cottons that keep the children cool and crisp looking while traveling.

Scientists have also learned that cotton fabrics can be opportunities undreamed of just a few years ago. A new flame-retardant cotton has been developed which is used in missile fuel handler's suits, hospitals and firemen's coats. The flame-retardant material has a promising future in draperies, slipcovers and bedding for safety-conscious parents.

The new cotton fabrics designed for comfort and safety as well as attractiveness have added a number of new conveniences for the homemaker while at the same time increasing the wearing life of the garment.

The wise purchaser will follow a few simple tips when shopping for the new cotton fabrics. Always read the label for information on fiber content and cleaning instructions.

There are 369 bridges in Venice.

"Roman Seal" fur is dyed rabbit.

Mesquite wood is a fine furniture wood.

George Washington died December 14, 1799.

Check the manufacturer's guarantee for colorfastness and shrinkage. Select material that is firm and closely woven. Happy cotton wearing!

Wiman Manager At G-H-W, Farwell

Jim K. Wiman of Hereford, has been promoted to division manager of the Farwell Division of Gifford-Hill-Western Inc., according to Bruce N.

Spencer, vice president and general manager of Gifford-Hill-Western in Lubbock.

The new Farwell Plant is the largest pipe manufacturing plant in the Gifford-Hill-Western operation. The plant began production in November of 1963.

Wiman joined Gifford-Hill-Western in Hereford in 1957 as a sales engineer. He was promoted to division manager at Hereford in 1962, a position he held until his promotion to Farwell. He was an agriculture education teacher after graduating from Texas Tech College in 1938. After serving with the Navy in World War II he returned to work for the Soil Conservation Service and worked in this capacity for 13 years prior to joining Gifford-Hill-Western.

Wiman and his wife, Jimmie have four children; Bobby, Judy, who will be a student at the University of Texas this fall; Joy Wiman Stedman of Dallas and Silvia Wiman Cranford of Denver. The Wimans are active members of the Baptist Church and Jim has been active in the Hereford Lions Club.

Most pianos have 88 keys.

The **ELECTRIC** Company

In March, 1853, Congress ordered an exploration at public expense to find the best route for a railroad to the Pacific Ocean.

More often than not, the success or failure of any group undertaking can be traced to the competence, or incompetence, of its leadership. In this respect, Plains Cotton Growers, Inc., has been and continues to be extremely fortunate.

When the organization was born in 1956 there were those who predicted for it a short and fruitless life. But under the guidance of W. O. (Mr. Bill) Fortenberry, one of the most dedicated leaders anywhere in the cotton industry, PCG grew into a virtual giant among producer organizations and earned the respect -- even the envy --

of the entire cotton belt. Assisting Fortenberry in bringing about such a rise was his able Vice President, Wilmer Smith, who became President when "Mr. Bill" retired at the beginning of 1963, and PCG's record of solid accomplishments since that time is no less impressive than that of the years before.

Now, at his own insistence, Smith has stepped down and has been succeeded by his Vice President, Roy Forkner of Lubbock. Smith automatically becomes Chairman of the Board as the immediate past President and, like Fortenberry, becomes a permanent member of the PCG Executive Committee.

The new President, Forkner, helped to form Plains Cotton Growers in 1956 and has given it strong support since that time. He served as Secretary-Treasurer from 1958 to 1963 when he was elected Vice President. He is a ginner, owning and operating the Canyon Gin located east of Lubbock; a cotton producer, farming land in the same vicinity as his gin; a member and director of the National Cotton Ginner's Association; a past president and director of the Texas Cotton Ginner's Association; a director of the National Cotton Council, and a former trustee of Cotton Producer's Institute. This broad experience gives him excellent qualifications for leading PCG on a continued course of progress.

Elected Vice President for the coming year was John D.

Smith, of Littlefield, a farmer who occupied the post of Secretary-Treasurer during the 1963-64 year. Smith has been the active Chairman of the PCG Labor Committee and a director to PCG for the past several years.

L. D. (Don) Anderson of Crosbyton became both a director and an officer of PCG for the first time this year when he was elected Secretary-Treasurer. He is a well known Crosby County farmer and seedsman, Chairman of the newly-formed but all important Boll Weevil Steering Committee and Vice President of the Texas Tech Ex-Students Association. Any assessment of PCG leadership would be far from complete without mention of the original and current Executive Vice President, George W. Pfeiffenberger. Pfeiffenberger was already an internationally known and respected cotton technologist when he came to PCG in 1956, and his stature in the cotton world has grown along with that of PCG. His untiring efforts are widely acclaimed as being responsible for much of PCG's success.

Which brings us back to our opening statement -- success depends on the quality of leadership, which at Plains Cotton Growers has been, and is, among the best.

The light-gathering power of the 80-inch telescope at McDonald Observatory is about 150,000 times greater than that of the human eye.
