

Public Hearing Scheduled On Farwell's Sewer Grant

The City of Farwell has received an Environmental Protection Agency Step 1 Grant for the determination of needed improvements to the wastewater collection, treatment and disposal system.

In an effort to gain public input into the federally-assisted project, the city has scheduled a public meeting to be held at 7 p.m. CDT

Tuesday, Oct. 21, at the Farwell City Hall.

The Step 1 study, which will require approximately one year to complete, "will result in a Facility Plan that will describe those improvements needed to adequately serve the City of Farwell over the next 20 years," according to John S. Kelley, an engineer with Parkhill, Smith and Cooper of Lubbock. At that time the

population of Farwell is projected to be about 1600.

The existing sewage treatment system, constructed about 1951, consists of a collection network, an Imhoff tank, waste stabilization lagoons and a sludge pit. "The major problem with the existing treatment system is that the plant has insufficient capacity to adequately treat

current and projected flow rates," Kelley explained. "The projected increase in population will place additional demands on the system and further overload the treatment plant."

It is anticipated that all or a portion of the existing wastewater treatment plant will need to be replaced and expanded due to present

criteria regarding the sizing of such plants. The Step 1 study will determine the long-term treatment needs of the City of Farwell, evaluate alternate

means of treating wastewater and define the most cost-effective and environmentally sound means of treating wastewater from the City. Kelley expects that the final effluent will continue to be used for

irrigation of adjacent agricultural land.

All interested persons are invited to attend the public meeting. In addition to open discussion regarding the project, a short slide/tape presentation entitled "Land Treatment of Municipal Wastewater" will be shown.

For further information contact City Clerk Janie Bowery.

We are sliding down hill pretty fast and will soon be out from under 1980. It does seem that as the years mount they go by at a faster clip. Several months ago we gave you some indicators that helped a person tell when age is creeping upon a body.

We have run across a few more tell-tale signs we will pass along for your consideration.

You know you are getting old

-When women in their mid-twenties start calling you "sir."

-If you think Barbara Walters is sexy.

-If you can remember when Walter Cronkite didn't have gray hair.

-If you can remember when you could fill your car with gas and get change from a \$5 bill.

-If you can remember when sex education wasn't taught in the classroom, but in the pool hall where it was intended.

-If, all of a sudden, Lawrence Welk music has started to sound good to you.

-If you can't remember your first sexual encounter.

-If you can't remember your last sexual encounter.

-When your wife asks you to suck in your stomach and your stomach is already sucked in.

-When people ask if you "remember when..." and you ALWAYS remember.

-When you stop going to high school reunions for fear someone will look younger than you.

If you have answered "Yes" to five or more of the above indicators, sit back and accept the inevitable. You're not as young as you once were but take consolation in one important fact - you're not getting older, you're getting better!

Two weeks ago we looked at Jimmie Carter's record in agriculture and now let's look at his record in the area of national defense.

Said Candidate Carter some three and a half years ago, "When I become president we'll have a strong national defense, a defense second to none."

The Carter administration has:

- In three years, cut \$38 billion from President Ford's projected defense budget;

- Delayed the MX missile by at least three years;

- Shut down the U.S. Minuteman III ICBM production line;

- Cancelled the B-1 bomber;

- Slowed down the Trident submarine and the Trident II ballistic missile programs;

- Cut naval ship-building programs in half;

- Vetoed a nuclear aircraft carrier;

- Allowed U.S. armed forces to fall far below their recruitment goals and U.S. military reserves to fall 20 percent below necessary war-time preparedness levels;

- Cancelled a fleet of Advanced Tanker Cargo Aircraft; craft;

- Promised to adhere to the terms of an unratified and inequitable strategic arms limitations treaty (SALT II).

Our source for this capsule information is the September, 1980 issue of the "First Monday" magazine.

Probably one of the best-read departments of any newspaper is its "Letters to the Editor," and we wish more readers would send us letters that could be published in The Tribune.

One of our functions is to provide a public forum for people with something they wish to get off their chests. Some folks may think our rules regarding publication of letters are too strict, but we don't really think so. We require only that letters be signed and that they be free from personal attack or libelous material, and we reserve the right to be the judge on that.

Other than those simple requirements, we also like for letters to be of reasonable length and prefer them to be typed. Not everyone reads handwriting as well as they should and we might translate something wrong.

Feet Made For Walking

Three Clovis Special Olympic team members visited the Farwell track recently in preparation for Saturday's ESA sponsored Walk-A-Thon. The three, from left, Betty

Selby, Henry Merez and Danny Rissique, inspect their walking gear with ESA member Margaret Aycock (far right). The third annual walking event is

slated to begin at 10 a.m. with monies earned by walkers going to ESA charitable causes. Last year's event netted the club \$2300.

Saturday - -

Conditions All 'Go' For ESA Walk-A-Thon

The weatherman predicts perfect walking weather for tomorrow's (Saturday) third annual ESA sponsored Walk-A-Thon. The walking event is the chance for all Twin City residents to get some exercise and raise money for such worthy causes as Special Olympics, Cystic Fibrosis and Girl's Town, to name only a few of the sorority's charitable causes.

The money-raising event is set to begin at 10 a.m. CDT on the Farwell track field and will last until 2 p.m. Participants are from the local area and include members of the Clovis Special Olympic team. Each walker has secured sponsors who have promised to pay a certain amount for each lap walked, run or jogged. Any amount will be accepted as a pledge, however, ESA has suggested a minimum of 50 cents per lap.

All age groups will be

participating, including many area business people, students and pre-schoolers. It is not too late to plan on taking part. All a person will need is an entry form which may be obtained from any ESA member or by calling Joyce Williams at 825-2444.

Steer Pep Rally Friday At 3 P.M.

Steer fans and supporters are urged to be on hand today (Friday) at 3 p.m. in the Farwell School gym when a pep rally will be staged encouraging the Steers to win their first district game.

The Blue and White will be traveling to Vega Friday night to face the unbeaten Longhorns in the first district encounter for both squads. Game time is 8 p.m. and all Steer fans

Last year's walking event netted the sorority over \$2300 in pledges from 52 walkers.

Even those not planning to walk should at least go out and cheer the entrants along, because the longer they walk, the more money will be earned.

are urged to fill the stands for what Steer mentor Randy Adrian bills as the "Steers' most important game since I've been at Farwell."

Sharmy Christian, head varsity cheerleader, invites everyone to the pep rally and asks that they "come and bring something to make a lot of noise to send the Steers off in grand style."

That's 3 p.m. in the school gym. Be there!

Financially - -

Commissioners Court To Aid County Residents

Parmer County Commissioners Court voted to provide financial aid to three Parmer County residents and to investigate giving aid to a fourth at their recent meeting.

The board voted unanimously to pay a gasoline bill for an indigent person so that doctor appointments can be kept. Also a bill was received for a medical examination of John Maulding, a Parmer County foster child, for the amount of \$27.50, a cost Medicaid would not cover. Commissioners voted to pay this amount for the child.

The boarding care bills for Dora Fields, another Parmer County foster child, were presented to the board totaling \$180, and commissioners approved payment of these bills.

County Judge Porter Roberts has been contacted about the possibility of the county's providing financial aid to a Lazbuddie woman in need of surgery. Commissioner Raymond McGehee was appointed by the board members to investigate the situation and report back to the court. In other action, the court has

been contacted by the Panhandle Regional Planning Commission and the Texas Panhandle Community Action Corporation about representing the county on the Home Energy Assistance Program. Judge Roberts was asked by the commissioners to examine the proposal and present his findings to the court at a later date. The right-of-way easements were granted to local telephone

service companys. The General Telephone Company of the Southwest was given permission by the court to install underground cables near Friona, and easements were granted for several areas in Lazbuddie for the installation of underground cables by the Five Area Telephone Cooperative, Inc.

Also at the regular meeting, the commissioners voted unanimously. (Continued on Page 2)

Third Person Jailed In Burglary Cases

A third man has been taken into custody in connection with recent burglaries at the Farwell Chemical plant and the Monsanto plant, reports Parmer County Sheriff Charles Lovelace.

Jose Vallejo, age 26, a Mexican alien, is now behind bars with Pedro Lopez, 19, and Juan Dimas, 18, both migrant workers of Farwell.

The three are being held for bond of \$5,000, according to Lovelace.

Total damage and items missing from the Monsanto and Farwell plants was estimated last week at \$5,000, and all items stolen were recovered by the sheriff's department.

In other action this week, the sheriff's department has filled another one of its jail cells with Jose Luis Aguilar, 30, of Clovis. Aguilar had been in custody in Curry County but was transferred to the Parmer County jail facility after signing a waiver of extradition.

The Mexican national has been charged with felony for the theft of items valued at over \$200 from the Barthell Ford farm east of Farwell. He is being held at \$5,000 bond and is being bound over for grand jury action.

Parmer sheriff's deputies picked up Kent Therman, age 25, of Bovina Monday night on a Curry County warrant and have him in custody in the Parmer County jail. Therman will be extradited to Curry

County immediately, according to Lovelace.

The Gateway Produce of Bovina reported \$110 worth of batteries had been stolen from their vegetable shed, Lovelace said. The incident was reported by foreman R.R. Lusk.

An irrigation well battery as well as a fence charger were reported as stolen by Joe Blair from his farm four miles south of Farwell. Blair valued the items at \$150.

Take Cash, Checks - -

Burglars Hit Two Texico Businesses

Burglars broke into two Texico establishments and got away with an undetermined amount of cash and checks Sunday night or early Monday morning, according to the Curry County Sheriff's department.

At the Bordertown Playorama, thieves entered the game room by force, breaking the door. All of the cash boxes from the 14 pinball machines and pool tables had been removed and all of the coins stolen. "Whoever did it has to be an expert," said Red Prather, Playorama owner. "Only the cash box locks had been popped, no damage had been done to the machines. I sure could not do that without tearing up the whole machine."

Also missing from the Playorama business were three days worth of cash receipts. "Since the bank was to be closed on Monday we didn't even plan to make a deposit until Tuesday, so a lot of the checks issued to us were blank, we still hadn't filled in our name," Prather remembered.

In taking the daily receipts, the burglars also got away with food stamps as well as credit card tickets. "We are asking everyone who paid us by check over the weekend to please stop payment immediately since many of them are not stamped," the owner said.

The looters stole the daily receipts by breaking the company safe, "which was almost damaged beyond repair," Prather explained.

Prather discovered the break-in when he arrived at work early Monday morning. "The minute I saw the door I knew something was wrong. It just so happened that law officials were at Burns Burger Barn in Texico at the same time investigating a robbery there -- probably from the same folks."

The Burger Barn burglary was discovered by a delivery man at around 6 a.m. MDT Monday morning. "As soon as he saw what had been done, he called town marshal Mickey Fenn," stated Heidi Tally, manager.

Vending machines had also been looted there as well as the filing cabinet where the day's receipts were kept. "They took only cash from here, even after breaking into the cigarette machine they still didn't take any," recalls Mrs. Tally. After gaining entry to the file cabinet and discovering the receipts, the thieves took the cash and left behind checks and credit card tickets.

Both business people commented that although the vending machines had been entered into skillfully, both the safe and file cabinet had really been torn up. Both places were

entered by the front door, and both were very well lit at the time the burglaries took place.

The Curry County Sheriff's department's investigating officer Ken Petree has taken finger prints from the cash drawers left behind, and according to Prather, "He said he was able to get some good ones." But according to deputy Petree, "We still don't know who they belong to."

The two Texico burglaries are still under investigation, and are believed to have been done by the same persons who stole from three Clovis businesses, including the Mabry

Drive Lounge, Pizza Hut on Mabry and the American Legion on West Seventh in Clovis. All three had their vending machines looted. "We don't know if they are all linked, but we hope we can piece it all together," Petree said.

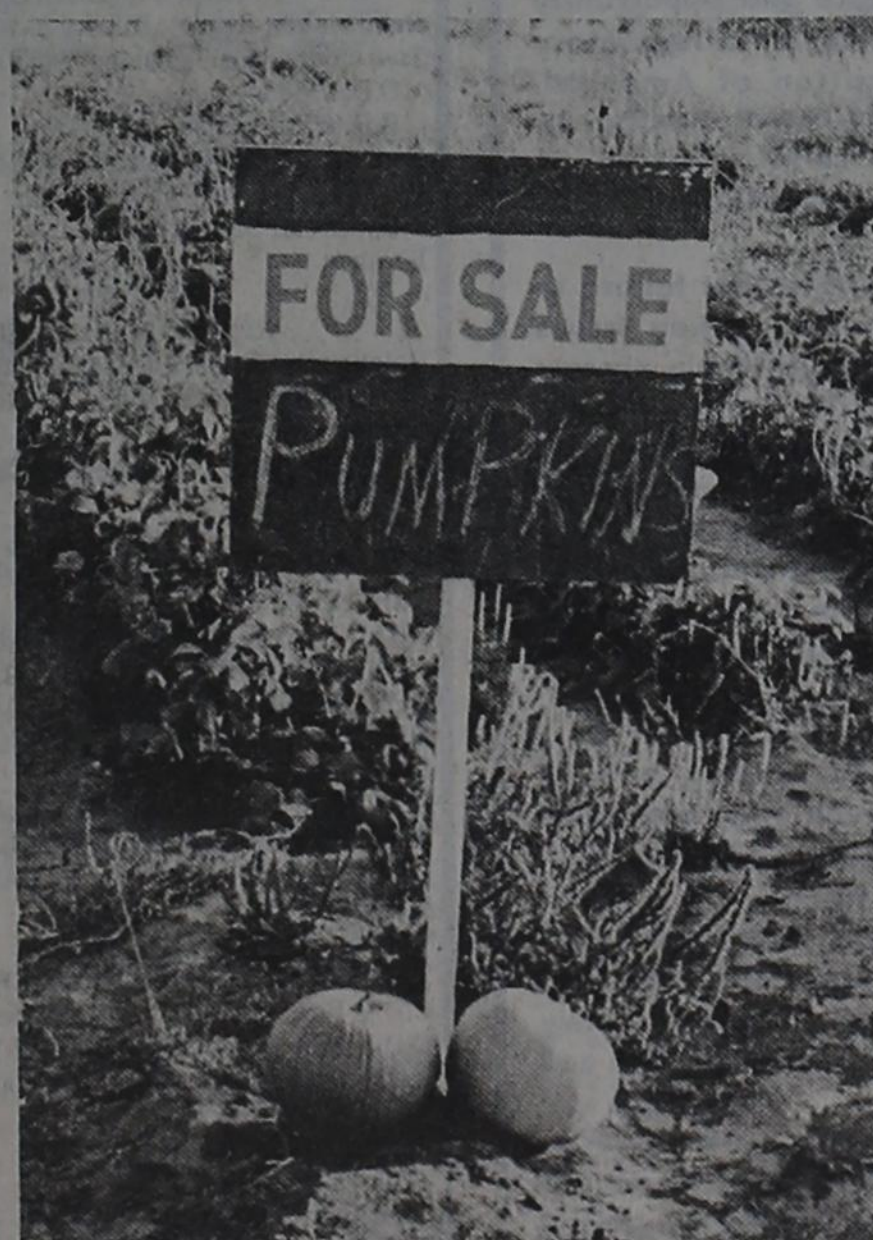

Parmer County Sheriff Charles Lovelace said that no burglaries involving business vending machines have been reported here. "I also checked with Bailey, Deaf Smith and other area counties and none have reported this kind of burglary," Lovelace said.

Burglary Evidence

Playorama owner Red Prather, Texico, shows the cash box where Curry County sheriff's deputy Ken Petree was able to lift "some good finger prints" following the burglary at his establishment Sunday night or early Monday morning. Prather's vending

machines had all been looted in addition to three day's cash receipts being stolen. Burns Burger Barn, also in Texico, was burglarized during the same time frame and reported their vending machines broken into and one day's receipts missing.

Sign Of The Time

Pumpkins are just one of several agricultural products grown in this area, and probably more for fun than profit. Many area farmers have begun their pumpkin

harvest and are selling the soon to be jack-o-lanterns in preparation for the night when spooks and goblins invade the Twin Cities. See related harvest story inside this issue.

Farwell Council Okays New Insurance Carrier

Farwell City Council met for a regular meeting Monday night and chose St. Paul Insurance Company as the insurance carrier for the city's employee policy. The new policy will go into effect in November and will be serviced by representatives from the Horn-Clayton Insurance firm. Council members have still not met to decide action to be

taken in the hiring of a new cemetery sexton. Only one application has been received to date, but commissioners want to discuss their exact requirements before deciding on a new caretaker for the Sunset Terrace Memorial Garden cemetery. As it stands now city employee Jackie Doshier has been looking after the ceme-

tery. Present at the council meeting were Walter Kaltwasser, mayor; city councilmen Johnny Curtis and Fred Chandler, and city clerk Janie Bowery. Also attending the Monday night meeting were city employees Dee Hammit, Jackie Doshier and Mario Vidaurri, and visitors Mike Spears and Dickie Clayton.

M.C. Osborn Re-Elected SWCD Director

McFarland C. (M.C.) Osborn of Friona was recently re-elected to the Parmer County Soil and Water Conservation District board of directors, representing Zone Two of the district.

District conservationist John C. Copeland explains that the purpose of the Parmer County SWCD "is to promote sound soil and water conservation matters and other issues affecting private property rights of landowners."

According to Copeland, the board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and "has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes."

As one of five individuals serving on the district board, Osborn will be responsible for district policies and procedures. In other areas of leadership, Osborn is active in Evening Lions Club, Chamber of Commerce and the Texas Wheat Board. He and his wife Ann have five children.

Copeland stated that Texas has 200 soil and water conservation districts. "Each is a legal subdivision of state government organized by local

agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board," he explained.

"Unlike most other legal subdivisions of state government, SWCD's do not have the powers of taxation or eminent domain," the conservationist said. "All conservation programs managed by the districts are of a voluntary nature

to the landowner or operator." Organized in November 1947, the Parmer County SWCD makes its services available to all land users in its district. "No regard is given to the race, sex, or size of the operating unit of the person making the application for assistance," he said. Parmer's SWCD is headquartered in Friona.

Class A Winners

The New Mexico Activities Association has awarded Texico High its annual Boys All-Sports Trophy for 1979-80. Shown with their new trophy are principal James Harding, and athletes Gary Mitchell

who played basketball last year; and front row, Todd Geries, football and basketball; Herbert Bibbs, football and track; and Ricky Foreman, football and track. The winning school is determined

by points earned through participation and achievement in sports sanctioned by the Activities Association. Texico received 180 points, beating out second place winner Reserve, N.M., by five points.

Texico City Limit Signs Here Soon

Texico City Limit signs will soon be erected on the Texico town outskirts, it was reported at the recent Texico Chamber of Commerce meeting. Louise Engram, chamber president, announced that the New Mexico highway department has promised the signs for the near future.

Mrs. Engram reported that the chamber's membership drive is "going very well" and that the organization has gained 11 new members, bringing their total to 36. "John Hadley has worked especially hard during the drive," Mrs. Engram said, along with Rev. Buford Swarz and herself.

Also at the meeting, Lewis Cooper, Texico fire chief, reported that the town's new fire station building will be complete October 20.

The chamber has scheduled its annual awards banquet for April 7.

Band 'Scores' Award

Andy Pat Hughes, (left) Farwell junior high band drum major and Denise Ford, twirler, proudly display the band's first place trophy won in the recent Eastern New Mexico University homecoming pa-

rade. The next performance for the award winning band is set for November 14 at the Kress football game when the members will combine with the high school band to perform at halftime.

"Why should I feel lonely? Is not our planet in the Milky Way?"
Henry David Thoreau

L. M. BOYD

Man proposed on a streetcar

The widely reported case of oldtime radio broadcaster Edwin C. Hill is not unique in our Love and War man's files on matrimonial matters, but it's extraordinary nonetheless. Hill got on a streetcar, struck up a conversation with a young lady he'd never before seen, seriously proposed marriage to her, took her directly from the next stop to the marriage license bureau, and then marched her straight tawny to the altar. No, not unique. But rare. Very rare. Most men do not so engineer their own weddings. They arrive at the moments either by accident or design not of their own making.

SAUDI WOMEN

Q. Do the women of Saudi Arabia control their own money?
A. They do indeed. They have their own banks, in fact. As the men have theirs.

Q. What sort of animals can run by moving the front and hind legs on one side and then the front and hind legs on the other side alternately?
A. Only the cat, camel and giraffe.

Q. Did actor John Wayne gamble a lot? How about Clark Gable?
A. A lot? Not uncontrollably, certainly. It's a fact, however, that Wayne was a pretty fair poker player while Gable liked to sh... craps.

LARGE HAT

It was the custom centuries ago for an older woman to wear a large hat when accompanying a younger woman in public. Our Language man says this explains why the Latin "cappa" meaning large hat gave us our word "chaperone."

Early settlers of Australia shipped in automobiles by the thousands. To open up the vast inland, they needed wheels. Air over that inland is quite dry, most usually. So the old cars remain well preserved. This is why Australia now is the world's foremost mecca for vintage car collectors.

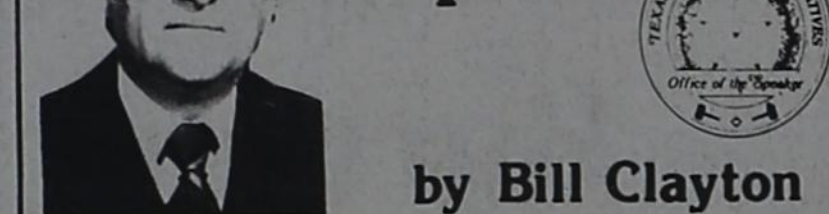

Pity the poor Indian elephant. It only has one manipulating finger-like projection on the end of its trunk. The African elephant has two.

Winter's coming, don't forget to wax the snow shovel. Makes the work easier.

Sixty cents a pound is about what we're paying for hens' eggs these days, please note.

The Speaker Reports

by Bill Clayton

AUSTIN—Among nine constitutional amendments on the November 4th general election ballot is a proposal relating to county road work on private roads. If approved by a majority of the voters, Amendment Number 7 will authorize counties with a population of 5,000 or less, according to the most recent federal census, to perform private road work at the designation of the road owner.

Supporters of the proposed amendment reason that it is economically unfeasible to contract a private firm to do private road work in remote rural areas of Texas when the county can provide the same services at a reasonable rate. Also, proponents cite that smaller counties are required by law to maintain costly construction and maintenance equipment, which often lays idle and not regaining any investment. Money regained by contracting equipment out for private purposes could slow tax increases for all county residents.

Opponents of the measure maintain provisions of the Texas constitution prohibit

use of public funds for private purposes, and should the amendment pass, public funds might be squandered and doors to further abuse opened. This amendment would place counties in direct competition with private industry. Currently, the construction industry is suffering in many areas of Texas and opponents argue that such an amendment will only compound recession by fueling inflation and increasing unemployment.

The opposition also contends that the amendment's population ceiling of 5,000 is rigid and artificial and if adopted at some point, another amendment would be required if more populous counties are to be included.

Commissioners Court . . .

(Continued from Page 1) imously that the District Clerk's Deputy salary be set equal to the salary of the County Clerk's Deputy for the year 1981, making the amount at 3/5 of full time of \$415.36 per month or \$4,984.32 annually.

The following conservation work was approved by the board; Precinct number four, Darrell Mason, \$25; Jim Kassahn, \$150; Frank Hinkson, \$50; John L. Mitchell, \$25; Mike Miller, \$25; and Robert Gallman, \$25.

Members approved the quarterly financial report presented by Benna Felts, county treasurer, and voted to pay an annual mileage allowance to Georganna Robinett, district court reporter, in the amount of \$400.

Herpes viruses harm catfish, too

COLLEGE STATION — Herpes, the same group of viruses that produce cold sores and shingles in humans, can kill large numbers of stocker-size channel catfish. Texas A&M University scientists want to find out how and why because of the impact on commercial farms.

The studies at Texas A&M are still basic in nature, dealing with latency, immune response and molecular biology, said researchers.

PUBLIC ANNOUNCEMENT

The following news release has been issued by the National Agricultural Chemicals Association:

"NACA Chairman Calls For New Commitment In Meeting Pesticide Industry Challenges"

WHITE SULPHUR SPRINGS, W. VA., September 30, 1980 - Leaders of America's agricultural chemicals industry were challenged today to make a 'new kind of commitment' to the opportunities and problems created by a changing American society.

"More and more Americans are becoming interested in unshackling American industry - and in legislation that will improve efficiency, increase productivity and encourage capital formation," Nicholas L. Reding, a Monsanto Company Group Vice President, and Managing Director of Monsanto Agricultural Products Company, St. Louis, Mo., said in a speech before the National Agricultural Chemicals Association's 47th Annual Meeting at The Greenbrier. Mr. Reding was re-elected Chairman of NACA's Board of Directors at the meeting.

"For the first time in a long while," Mr. Reding added, "we now face the opportunity of reversing the legislative and regulatory tide. The 'reindustrialization of America' we've been reading about in recent months can also mean the further 're-vitalization of American agriculture' if we're willing to work to make it happen."

Mr. Reding told the assembly that failure to accept the industry consensus on key issues would "jeopardize the industry's whole process of compromise, conciliation, unity - and progress." In addition, he said that the industry must be prepared to commit its resources and manpower to improving communications at all levels of government and public life and to taking the "long view" in such areas as regulatory affairs, research and the public policy process.

"We're in an industry with almost \$4.5 billion in annual sales," Mr. Reding pointed out. "Our products, although they represent only 3 to 4 percent of agricultural production expenses, are essential to farmers."

He cautioned, however, that unless the industry is prepared to accept new commitments, "we are going to see some very heavy new baggage heaped upon this industry and upon American agriculture."

NACA is a Washington-based trade association whose 114 members produce or formulate virtually all of the pesticides used in the United States and a large percentage used worldwide."

County Court, Parmer County, Texas

Eleven Students On Jr. High Honor List

Eleven students from the 7th and 8th grades at Farwell Junior High School have been listed on the honor roll for the first six weeks grade period according to Jerry Dee Owen, head teacher at the junior high.

Seventh graders on the list are DeAnn Curtis, Sherilyn Thigpen, Elva Whitesides, Twila Donaldson, Trena George, Carl Hutchins, Alma Nicholas and Kevin Owen.

* Eighth graders making the

honor roll are Kathy Gobble, Roger Robertson and Sammy Sanchez.

Requirements for making the honor list are the same as that for the high school. A student must have an academic average of at least 90 and this average does not exceed the use of more than two B's or any grade lower than 83. The average will not include grades in athletics, physical education, annual staff, aide or arts and crafts.

Mulshoe Ag Group Sets Auction Sale

Mulshoe Ag Boosters are sponsoring a special consignment sale of harvest equipment on Saturday, Oct. 18, starting at 10 a.m. at the Bill Darnell Gin at Progress, four

miles west of Mulshoe. Monies received will be used to help pay for a vehicle for the agriculture department at the school. Auctioneers for the sale are donating their time and effort to the booster organization and the boosters will serve lunch.

Anyone wishing to consign items to be sold should call Bill Harmon at 272-4090 or Kirby Brantley at 272-4109.

STOP!

Thanks! You have just proven the pulling power of a small Tribune ad.

Accepting Prize Peacefully

Parmer County Justice of the Peace Albert Smith (left) tied for first place this week with son Maurice Smith in the 22nd Annual Merchant's Football Contest. Both men had 11

precise predictions with a 28-point spread in the tie-breaker. Oneta Luce of Luce's Restaurant in Texico presents Smith with his half of the weekly cash prize, \$6.50. The

contest now moves into its seventh week with only six weeks left. Johnny Curtis is in first place [for the third week] with 58 points.

Curtis Leads Pack - -

Men Top Guessers For Second Week

For the second week in a row two men grabbed the top weekly spots in the 22nd Annual Merchant's Football contest.

It was a tie for first place with Albert Smith and Maurice Smith each choosing 11 accurate winning teams, and each having a tie-breaking point spread of 28 points. The Farwell men will each receive a check for \$6.50 splitting the total weekly cash prizes.

Also calling 11 correct games were Kathy Curtis, who was 31 points off on the tie-breaker, and Ricky Sikes, who was 37 points off on the tie-breaker.

With six weeks left in the contest, and for the third straight week, Johnny Curtis is in first place, this time with 58 points. Three points behind him in second place are Kevin Owen and Champ Porter.

In third place with 54 points are Hobby Coffman, Gay Goettsch, Mrs. E.A. Key, Ridley Lonsdale, Earlene Porter, and Albert Smith.

With 53 points and in fourth place are Lorine Dannheim and Thad Phillips.

Those in fifth place with 52 points are Pauletta Curtis, David Dannheim, Don Geries, Doyle Green, Terry Newell, Deborah Penner, Mark Ryburn, Patti Ryburn, James Williams and Leigh Ann Woods.

With the contest moving into its seventh week, it is important for all those who have entered so far to continue turning in their weekly guesses. There is only a six-point spread between those in fifth place and Curtis' first place count of 58 points. It should be noted that those guessing ten or more right every week are narrowing down to only a small few.

So keep those entries coming in. There is still a good chance at the first place prize of

tickets for two to the Cotton Bowl on New Year's Day plus expense money, or two tickets to the El Paso Sun Bowl and expense money for second prize.

FIRE CALLS

For the second week in a row, there were no emergency calls reported to the volunteer fire departments in Farwell or Texico.

Seed varieties are dwindling, scientist warns

COLLEGE STATION — Some species of food crops are threatened with extinction as a result of a dwindling variety of plant seeds, says a genetic scientist at Texas A&M University.

"Scientists have been narrowing the gene pool through hybridization, making it difficult to find the old genetic varieties that could be used if the modern seed strains become diseased or are changed by the environment," said Dr. Homer Blackhurst, professor emeritus of horticulture.

Blackhurst explained the newer food crops have been developed to make mechanical harvesting easier to permit the highest possible output for large-scale production.

The horticulturist said it's not advantageous to narrow gene pools of plant species, because as time, the environment, the economy and people change, there may be future need for plants that are at present looked upon as weeds. Many crop plants were weeds a short time ago, he said.

His Honor The Governor

The Texico-Farwell Rotary Club was recently honored by a distinguished visitor, their District Governor Marvin D. Rohovec (right). Rohovec was welcomed by Rotarian President Hugh Moseley (left), before speaking to chapter members at their monthly

luncheon. Also visiting the club were Dr. Alastair Littlejohn of England and his brother Henry J. Littlejohn of Baldwin Park, Calif. Both are Rotarians who make a habit of attending this area's Rotary meeting when visiting here.

At Farwell SCHOOL LUNCH MENU

MONDAY - Saucy franks, cheesy potatoes, sweet peas and carrots, buttered rice, hot rolls, butter and milk.

TUESDAY - Open faced sandwiches, celery and carrot sticks, pickle spears, peanut butter cookies, peach slices, potato chips and milk.

WEDNESDAY - Pinto beans with polish sausage, buttered spinach, potato salad, cornbread and butter, pineapple chunks with cream, and milk.

THURSDAY - Sloppy joes, macaroni salad, onions and pickle slices, banana pudding and milk.

FRIDAY - Italian beef with cheese, over spaghetti and sauce, tossed salad, homemade loaf bread, peach cake and milk.

At Texico

MONDAY - Corn dogs with mustard, lima beans, pineapple and orange gelatin, cookie and milk.

TUESDAY - Hamburgers, onions, pickles, lettuce, french fries, fruit cobbler, milk.

WEDNESDAY - Beef and vegetable stew, toasted cheese sandwiches, celery stick, half an orange and chocolate milk.

THURSDAY - Chicken pot pie, celery stick, hot biscuits, applesauce, milk.

FRIDAY - Barbecue beans, and wieners, creamed potatoes, tossed salad, hot rolls, peanut butter and Karo and milk.

Convalescent Center Chit Chat

by Cora Baker

Visiting Mrs. Lyra Holland was her daughter-in-law, Mrs. Sally Holland of Clovis.

Mrs. Martha Mae Riddle of Tucumcari visited her father, Carl Armstrong.

Clay Henson came by to greet residents in the home Thursday. It is always good to see Clay again.

Mr. and Mrs. Edwin Clark of Selterville, Pa., visited her aunt, Mrs. Clara Rickert.

Margaret White and Betsy Autrey visited the Milton Potets.

Visiting Flo Lindsey was J. O. Morris, a cousin whom she had not seen in 40 years. He was brought to the home by Mrs. Bernice Thigpen.

Mr. and Mrs. J. C. Isom of Clovis visited his mother, Mrs. Anna Miller.

Visiting Anna Smith to help her observe her 88th birthday were her daughters and sons-in-law, Mr. and Mrs. Dwain Daniels of Lovington, N.M., and Mr. and Mrs. Clarence Duke of Ft. Sumner.

Grover and Clyde Dickinson of Tucumcari and Mrs. Arlene West of Hereford visited their mother, Mrs. Nina Dickinson.

Visiting Dallas Brown were Margaret White, Betsy Autrey, Mozelle and Sue Kirby, and his daughter-in-law, Mrs. Dee Brown.

Mrs. Bertha Alford of Clovis

visited her mother, Mrs. Lottie Robertson.

Mr. and Mrs. Darrell Norton and granddaughter Stephanie visited his grandmother, Mrs. Ollie Carpenter.

Residents who have recently returned from hospital stays include Tom Greathouse, Mrs. Ollie Carpenter, Mrs. Nellie Glover and Mrs. Clara Smalts.

Visiting Mrs. Minnie Christopher Sunday were her daughter, Mrs. Gladys Reed; her granddaughter, Mrs. Ann Carter and her daughter; and another granddaughter and family, Mr. and Mrs. Robert Summers and son.

Mr. and Mrs. Bill Hagler and Roy Hagler visited their aunt, Lois Massey.

Mr. and Mrs. Herbert Curry visited her mother, Mrs. Beulah Smith.

Visiting Mrs. Clara Smalts were Mrs. Jewel Thomas and Nina Watkins.

Guests of Cora Baker were Mrs. Susie Bickley and Mrs. Tobitha Carls of Portales and Mrs. Bettie Smith of Clovis.

We were saddened to learn of the death of Ruth Myers of Muleshoe. She was among the first to enter our home and stayed here two or three years. She was hospitalized in Muleshoe and then entered the nursing home there. She would have been 99 years of age in November. She was loved by

all who knew her. We extend our sympathy to her family.

Visiting Mrs. Anna Dunn were her daughter and husband, Mr. and Mrs. B.J. Cook of Ft. Sumner. Mr. and Mrs. Bill Bell of Ft. Sumner, Mr. and Mrs. Benny Stockton of Portales, Brother Omar Waco, pastor of the Methodist Church in Ft. Sumner, and Mrs. William Hill of Clovis.

Bro. A. W. Harris of the Assembly of God Church in Texico filled the gospel hour at the Center on Sunday afternoon.

Mr. and Mrs. Carl Jackson of House visited her mother, Mrs. Opal White.

Visiting Mrs. Theima Kittrell were her son and wife, Mr. and Mrs. Buster Kittrell who have just returned from a two-week trip to Niagara Falls. They reported a wonderful time and saw lots of beautiful scenery - bringing lots of pictures with them for proof.

It is good to have Myrtle Payton back with us. She and her family were in a car accident some time ago which landed them all in a hospital for some time.

Mr. and Mrs. K. D. Watson of Clovis visited his sister, Mrs. Minnie Hand.

Zelda Ellison To Stage Concert At Okla. Lane

A concert by gospel and country/western singer Zelda Ellison is set for October 19 at the Oklahoma Lane Baptist Church to begin at 7 p.m.

Zelda is the daughter of Mr. and Mrs. Sterling Donaldson of Farwell and grew up in the Oklahoma Lane community. She is a 1968 graduate of Bovina High.

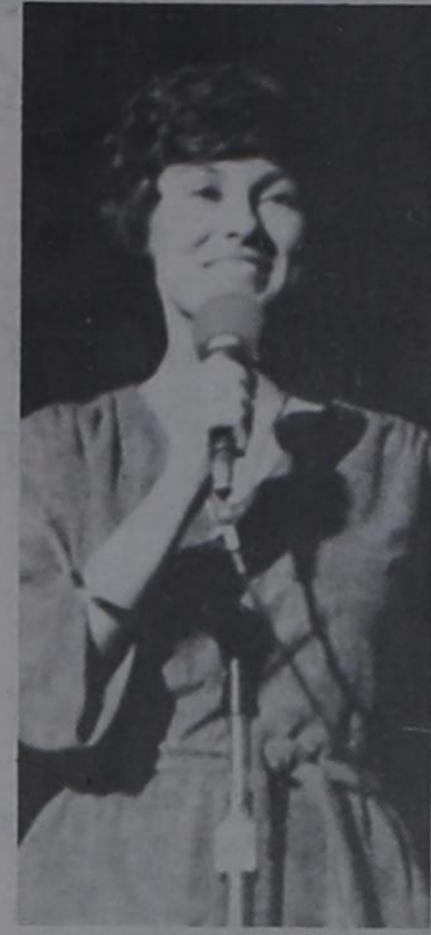

Mrs. Ellison has sung at many churches and social functions throughout the Pan-

handle, appearing regularly at the KLLL West Texas Opry in Lubbock.

The Parmer County native has recorded three albums, one gospel and two country/western.

Also that same day, Vaughn and Johene Ross, missionaries to Kenya, Africa, will preach the morning service beginning at 11 a.m.

The entire Twin City community is invited to attend both of these events.

ZELDA ELLISON

Visit Here

Mrs. Carrie Christian of Farwell had four special guests for lunch Wednesday. Her sisters-in-law, including Fern and Carra Christian of Farwell, Ann Smith of Albuquerque and Grace Jones of Santa Fe, were all here to enjoy the day of visiting and fellowship.

WORD of GOD

Give unto the Lord, O ye mighty, give unto the Lord glory and strength.

Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness.

The voice of the Lord is upon the waters: the God of glory thundereth: the Lord is upon many waters.

The voice of the Lord is powerful; the voice of the Lord is full of majesty.

The voice of the Lord maketh the hinds to calve, and discovereth the forests; and in his temple doth every one speak of his glory.

The Lord sitteth upon the flood; yea, the Lord sitteth King for ever.

The Lord will give strength unto his people; the Lord will bless his people with peace.

Psalm 29:1-4, 9-11

Miss Texas T.E.E.N. Pageant Set In Dallas

Young ladies of this area between the ages of 14 and 18 years of age are invited to enter the MISS TEXAS T.E.E.N. PAGEANT. The 1981 State Finals will be held at the Sheraton Dallas Hotel, April 17, 18, & 19, 1981, Dallas, Texas. The Texas Pageant is the Official State Preliminary for the MISS T.E.E.N. PAGEANT to be held in November of 1981.

Contestants will be judged on: Scholastic Achievements, Civic Involvement, Beauty, Poise, Personality and Patriotic Speech or Talent. No swimsuit competition is involved.

Each contestant accepted will be required to participate in the VOLUNTEER SERVICE PROGRAM of the MISS T.E.E.N. PAGEANT and must maintain a "B" or better grade average in school. This Volunteer Service Program teaches teenagers to share and participate in community, school and church activities by contributing at least 12 hours of their time to some worthwhile civic or volunteer work to benefit the community.

The winner of the Texas Pageant will receive an ALL-EXPENSE PAID TRIP to compete in the National Finals of the MISS T.E.E.N. PAGEANT, a \$1,000 cash scholarship, and a self-improvement course. Among the prizes that will be awarded at the National Pageant in 1981 is \$20,000 in awards and scholarships.

Those interested in entering the MISS TEXAS T.E.E.N. PAGEANT may write for information to Cappy M. Smith, State Director, 4605 S. Hope Springs Road, Stone Mountain, Georgia, 30083, or call (404) 292-1025 or 292-0963.

Those interested in entering the MISS TEXAS T.E.E.N. PAGEANT may write for information to Cappy M. Smith, State Director, 4605 S. Hope Springs Road, Stone Mountain, Georgia, 30083, or call (404) 292-1025 or 292-0963.

Texico Church Sets Fiesta Dinner Oct. 19

A Mexican Fiesta Dinner will be served by members of the St. Jose Catholic Church of Texico on Sunday, Oct. 19, in the Women's Club building in Texico.

Featuring enchiladas, beans, rice, tacos and salad, the meal will cost \$3 for adults and \$1.50 for children. Serving will begin at 11 a.m. MDT.

FOOD focus

Mae Martha Johnson
Extension Food Specialist

Dear Food Focus:

I tried making taco sauce last year using the recipe in the Extension Guide "Canning Green Chile Sauces." We thought it had too much vinegar. Can I cut down in the amount of vinegar this time?

A Chile Connoisseur Dear Connoisseur: The recipes in "Canning Green Chile Sauces" were developed for cooks that don't have a pressure canner and must can in a water bath canner.

Chile is a low-acid vegetable and low-acid foods require pressure canning to be safe. Tomatoes are high-acid, but they do not contain enough acid to be safely combined with low-acid foods and canned with only water bath processing.

If you want to make a taco sauce with less vinegar, or no vinegar, it must be processed in a pressure canner for the length of time specified for canning chile.

Another alternative is to freeze the sauce. You won't need the extra acid for frozen sauce.

Dear Food Focus:

Unfrozen ice cream always tastes too rich. Is all that cream, eggs, sugar and flavor really necessary, or can I leave some out?

Hand Cranking

Dear Hand: Every ingredient in ice cream has a function. Milk and cream give body, smoothness and richness. They also help prevent crystallization. If the recipe calls for light cream, you can use half-and-half.

If it calls for heavy cream, use whipping cream. Whipping cream or heavy cream gives more body and richness than half-and-half, evaporated or whole milk.

Eggs act as thickeners and stabilizers, as well as add to the flavor. Gelatin, rennet and flour or cornstarch are also used to thicken and stabilize.

Sugar is for sweetness and to control crystallization. The amount of sugar is important. Ice cream takes more sugar than a similar unfrozen dessert to taste equally as sweet. However, too much sugar

lowers the freezing point and makes the mixture difficult to freeze.

It also takes two to three times more flavoring, such as vanilla, to flavor ice cream than it does to flavor similar custards that are not frozen. This means that the ice cream mixture may taste very sweet and highly flavored before it is frozen.

Readers may send their questions to Mae Martha Johnson, Extension food and nutrition specialist, Box 3AE, New Mexico State University, Las Cruces, New Mexico 88003.

Private Support Of 4-H Plays Important Role

grams, says Bob Gilliland, associate director of 4-H for New Mexico State University.

All of this and more is made possible by the private sector's support of 4-H on the national and local levels. In communities across the land, 4-H thrives because this unique partnership of the public and private sectors brings youth work of the Cooperative Extension Service not only financial support, but active involvement in educational programs, too. Many business men and women volunteer their time to share expertise with young people.

In 1979, nearly 2,000 corporations, foundations, businesses and individuals contributed to 4-H programs and activities through the National 4-H Council.

This year about 275 young people will receive \$250,000 in national 4-H scholarships. Thousands more will attend citizenship, leadership and international training pro-

The Baptist Women of the First Baptist Church of Texico met at the church recently for their regular Royal Service program with chairman Mora Schlueter presiding.

The meeting opened with Lois Hudnall playing "Rescue the Perishing" on the piano, and Nora Day led the group in prayer.

Two topics discussed by those present were, "African Family Trilogy" and "A Responsible Christian Lifestyle for My Family."

Bookmobile Scheduled To Pick Up Loaned Books

As was previously announced, the High Plains Bookmobile will no longer operate come the end of this year.

The Bookmobile will be visiting the Farwell community and surrounding areas next week for the purpose of picking up books. Lorene Sooter, Bookmobile librarian states that no books will be loaned.

Below is a list of the dates and times the Bookmobile will be in this area.

Thursday, Oct. 23: Oklahoma Lane, 9 - 10 a.m.; Rhea Community, 10:45 - 11:45 a.m.

Friday, Oct. 24: White's Elevator, 10 - 11 a.m.; Lazbuddie, noon - 1:30 p.m.

Velma Kelley, Mary Dell Brown and Bobbie Gilliam discussed "The Missionary Family: Living a Christian Lifestyle in a Non-Christian Environment," "Extravagant Gifts" and "Growing Up American in Kenya and Tanzania."

The nine members present were Mesdames S.G. Jones, Allie Burris, Velma Kelley, Lois Hudnall, Nora Day, Mary Dell Brown, Bobbie Gilliam, Nora Schlueter and Gracie Dane.

Clay's Corner, 1:45 - 2:30 p.m.
Saturday, Oct. 25: Farwell, 9 - 11:45 a.m.; Friona # 2, 1 - 3:30 p.m.

GAS

COMPANY OF NEW MEXICO
Natural Gas - The Flame that will be around

natural gas... a bargain!

Folks, your Gas Company keeps you supplied with efficient Natural Gas. However, our dollar, like yours, is shrinking, too.

Today, costs to drill a well range between a quarter and half a million dollars each, and up. A 20 inch transmission line costs \$105,330 per mile. Just two of many costs in supplying your gas.

Despite inflation, Natural Gas still provides greater efficiency at a lower cost than any fuel.

Portraying Area Homemakers

by Mary Sobin

To meet Karen Bristow one would never guess she had been uprooted nine times in the past 21 years. She seems to have lived here her entire life. She radiates warmth and sincerity and sort of a "rooted" feeling.

Karen is the wife of Dudley Bristow, pastor of Farwell's First Baptist Church, and states flatly that even though being a minister's wife holds a lot of responsibility, she "wouldn't trade it."

Karen and Dudley Bristow both grew up in Muleshoe, so this part of the country is not new to them. They were married in 1959 in Clovis and lived in Muleshoe a year before moving on. Their oldest daughter, Kari, (now Mrs. Steve Hargrove of Ft. Worth) was the first girl born to the Bristow family in 45 years. "Everyone was really happy when she arrived," Karen says with enthusiasm. "Dudley's mother was the delivery nurse at the hospital, so it was really special."

The young Bristow family then moved to Lubbock where Dudley worked as an apprentice in a funeral home for one and a half years. "Some people think the funeral business is gruesome, but I didn't mind at all," she remembers.

Their next home was in Dallas while her husband attended a two year Mortuary College, and next to Ralls, Tex., for a full time job at Carter Funeral Home.

It was during their two years in Ralls that son Chris was born, and it was also at this time that Dudley received his calling for the ministry.

Again the family packed up and moved. This time to Plainview and Wayland Baptist College so Dudley could study for his degree in ministry. After graduation he became the pastor at the First Baptist Church in Francis, Okla. It was during their stay in Francis that son Mark was born.

Two years later it was a move to Ada, Okla., and two years after that it was to Lela, Tex., where daughter Angie was born. Two years later the Bristows moved again, this time to Lefors, Tex., then from there to Amarillo.

And finally to Farwell, where they have been for the

last three years. Even after all those moves and setting up all those new parsonages, Karen smiles when she recalls, "We have never been anywhere that didn't seem like the perfect place." Laughing when she adds, "But it sure is nice when you find drapes already hung up in the new parsonage... drapes just never seem to go from one place to another!"

The mother of four and grandmother of two feels that being a "supportive partner" to her husband is the most important thing she can do. "My first responsibility is to Dudley, then to the church," she says with conviction. "I feel it's very important for me to be there when he needs me."

Mrs. Bristow is very comfortable with being a minister's wife, and is naturally very active in the church. In addition to teaching an adult Bible study, she also has a puppet team. "Puppet ministry has become a growing thing around the country, we had one in Amarillo so I wanted to get one started here," she says.

The Farwell team made their own "people puppets" that each wear size-one clothes. The members entertain their church congregation regularly as well as the Farwell Convalescent Center and area civic groups.

Although both Karen and Dudley grew up in Muleshoe and one would assume they have family close to them here, Dudley's family is in Lubbock and Karen's relatives are in El Paso.

Karen relaxes by taking painting lessons and piano lessons. The Bristow living room reflects her artistic talents with several of her own original oil landscapes adorning the walls.

When the Bristows are not involved with church or civic activities, they are attending Steer football games. All of them. Son Chris, this year's homecoming king at Farwell, is a varsity Steer, and son Mark plays on the eighth grade football team. The Bristows "try to attend all the games," both home and away.

Karen Bristow was a joy to chat with and certainly is an asset to the Farwell Baptist Church as well as the entire

Farwell community. We are really lucky to have her here, and it's clear she enjoys her life with us from her statement, "I just love what I do, and we thoroughly enjoy living in Farwell."

CHICKEN CASSEROLE
4 cups chicken or turkey
12 oz. pkg. noodles (cooked in chicken broth)
celery as desired
1 onion, chopped
3 cans mushroom soup
1-4 oz. jar pimentoes
1-4 oz. jar green chiles
1-4 oz. jar sliced mushrooms
2 cups sharp cheese
1 can English peas, if desired.
Saute onion and celery, mix all ingredients together, adding noodles last. Pour into casserole and top with extra cheese and paprika. Bake 350° for 45 minutes. This makes two large casseroles and freezes very well.

CHICKEN DIVAN
2-12 oz. pkgs. frozen broccoli spears
2 cups diced cooked chicken
2 cans cream of chicken soup

$\frac{3}{4}$ cup mayonnaise
1 tsp. lemon juice
 $\frac{1}{2}$ tsp. curry powder
 $\frac{1}{2}$ cup shredded sharp cheese
 $\frac{1}{2}$ cup bread crumbs.
1 Tbsp. melted oleo
Cook broccoli until tender, drain, arrange on bottom of greased casserole. Put chicken on top. Combine soup, mayonnaise, lemon juice and curry. Pour over chicken and sprinkle cheese. Top with bread crumbs and butter. Bake at 350° for 30 minutes or until bubbly.

SAUSAGE CHOWDER
1 lb. sausage,
1-303 can kidney beans
bell pepper to taste
1 onion
 $\frac{1}{8}$ tsp. minced garlic
1 cup diced potatoes
1 bay leaf
sprinkle of thyme
Brown sausage, drain off fat, add rest of ingredients except for potatoes. Simmer for 30 minutes. Add potatoes and continue to simmer until potatoes are done. This is also an excellent recipe to use in crock pot.

Pretty As A Picture

When Karen Bristow isn't attending to church activities, Farwell football games, or tending to her three children still at home, this week's

featured Area Homemaker spends her free time at the easel creating original oil paintings. Karen is the wife of Reverend Dudley Bristow.

Hospital Notes

J.C. Autrey of Texico was dismissed from the hospital in Muleshoe on Tuesday after undergoing tests and medical treatment for several days.

Mrs. Ophell McDonald of Farwell is recuperating from surgery at Clovis High Plains Hospital and is reported to be "doing well." She entered the hospital Monday and underwent surgery Tuesday.

Beverly Obenshain of Farwell was scheduled to undergo surgery at Methodist Hospital in Lubbock Wednesday morning; however, no word on her condition was available at press time that day.

Halloween Twisters Of Your Own

For an original touch to the Halloween festivities — why not make your own pretzels? Here's an easy and creative recipe — and fun too!

Mix the following together in a large mixing bowl:

$\frac{1}{2}$ cups of warm water
1 cake of compressed yeast (or package dry powdered yeast)
 $\frac{1}{2}$ teaspoon of sugar

Let stand for one hour. Then mix in $\frac{4}{5}$ cups of flour. Knead mixture for about 10 minutes. Pre-heat oven for 5 minutes to warm it, then turn OFF the heat. Place mixture in a greased bowl, cover it, and place in the warmed oven for about an hour until mixture doubles.

When it has doubled in size, make the twists as shown below.

Place the twists on a greased cookie sheet—not too close together for they spread. Then—to make them look perfect:

Dilute one egg yolk with one or two tablespoons of water or milk. Brush a thin coat of the liquid on each pretzel. Sprinkle with coarse salt.

Bake in a preheated oven at 475 degrees for 12-15 minutes until they are golden brown. Yields about 2 dozen.

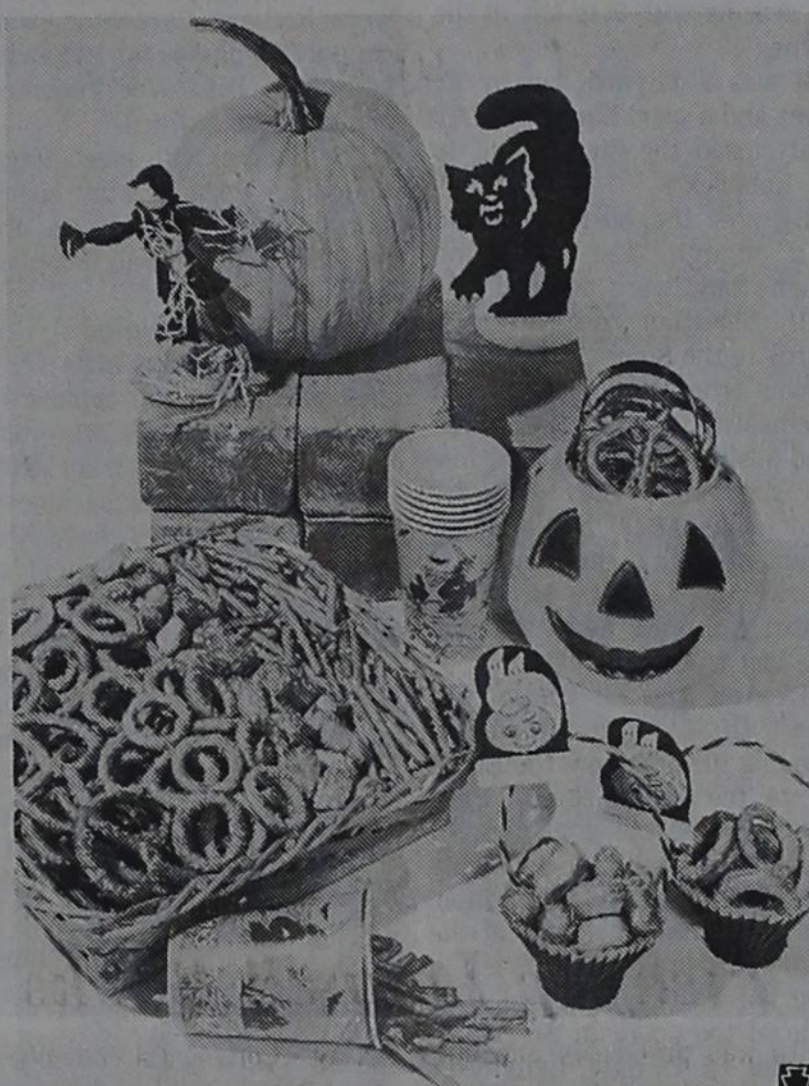

Eat them hot, right out of the oven, dipped in mustard, the way the professional pretzel bakers do, or dipped in a special Halloween dip. Your own homemade pretzels — delicious.

HOW TO TWIST
Step One: Take a chunk of dough about the size of a golf ball. Role into a "rope" about 15" long. Be sure to work on a piece of wax paper so that the dough doesn't stick.

Step Two: Make a loop by carefully picking up the ends. Your pretzel is beginning to take shape.

Step Three: Bring the left end of the loop over to the right—and the right end under the left. A twist will be formed in the center.

Step Four: For the traditional three hole shape, bring the

ends over and down. Press them against the sides of the loop. Now you have a perfect twist pretzel.

YUMMY HALLOWEEN DIPS

A special treat to go along with your freshly baked pretzels is a delicious Halloween dip. Here are two that will delight your family or enhance any Halloween party.

Witch's Brew Dip

$\frac{1}{4}$ cup each, finely chopped onion and green pepper. Drop into heavy saucepan in which 2 tablespoons butter is bubbling and saute a minute or two. Don't brown. Add salt and pepper lightly.

Now add $\frac{1}{2}$ pound grated cheddar cheese and let it melt over VERY LOW heat. Stir in one small can minced pimentoes with their juice and mix well. Add 1 tablespoon frozen chives, 2 teaspoons good

chili powder, 1 teaspoon dry mustard and a dash of garlic salt. Serve hot with your hot pretzels. If it get too thick add heated beer! Sounds queer? No argument, but, it's delicious and will disappear like magic.

Green Goblin Dip Delight

Buy 4 very ripe avocados. Cut in halves, peel and place in small deep bowl. Cover with lemon juice, about 1 tablespoon. Using silver fork, mash and whip until smooth. Stir in $\frac{1}{2}$ clove garlic finely minced, $\frac{1}{4}$ teaspoon salt, $\frac{1}{2}$ teaspoon tabasco with a tablespoon more lemon juice. Now add 2 teaspoons mayonnaise and $\frac{1}{2}$ cup tomato juice, heating well. Top with a blurb of sour cream. Unusual and perfect, with your freshly baked pretzels. The perfect Halloween snack.

Members Discuss ESA Walk-A-Thon

Plans for Saturday's Walk-A-Thon were discussed at the recent meeting of the Theta Rho chapter of Epsilon Sigma Alpha (ESA) sorority.

The meeting was at the home of Tommie Snodgrass and co-hosted by Leslie Lunsford. Members present were given a report on the Walk-A-Thon's status by Joyce Williams.

The annual walking event is to be on the track at Steer Stadium beginning at 10 a.m. with profits going to ESA charitable causes, including Special Olympics, Cystic Fibrosis and Girl's Town.

Also discussed at the meeting were upcoming social events.

Those present were Diane Atkinson, Margaret Aycock,

Dot Christian, Lillie Christian, Gwen Corn, Robin Gregory, Dardanella Helton, Altha Herington, Leslie Lunsford, Jeanie Norris, Becky Norton, Tommie Snodgrass, Caren Spearman, Joyce Williams, LaMoin Williams, Maxine Williams, Rosa Roberts and Terry Nichols.

Marriage Licenses

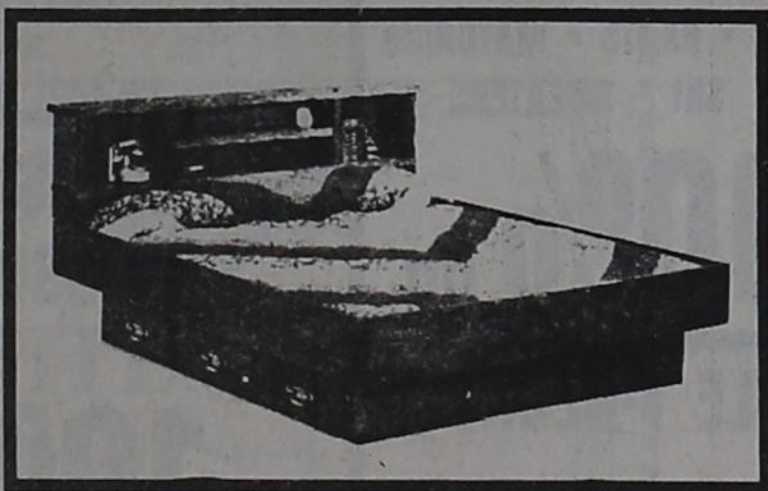

Parmer County Clerk Bonnie Warren has issued two marriage licenses since the last report. They went to Robert Luna Gonzales and Maria Epifania, and to Charles David Emig and Frances Ellen Emig Vallalobos.

The lilac, a native of the Orient, was not introduced into Europe until the 16th century.

44-14 - -

High Scoring Steers Clip Eagles' Wings

Farwell's football team is making a habit of ruining their opponents' special occasions. The Steers traveled to Lubbock last Friday night and walloped the Lubbock Christian Eagles 44-14, taking all the fun out of LCH's Parents' Night.

The game may have started out on a sour note for the visitors, but six TD's later and an impressive string of stats, the Steers proved again they mean business.

It was after they received the opening kick and drove the ball 80 yards down field, teasing the fans with an oh-so-close touchdown in sight that Farwell lost the ball via a fumble on the Eagle four-yard line.

But Lubbock only had possession for four plays before punting out of bounds.

Farwell seized the opportunity and in nine plays scored their first touchdown. Jack Deaton and Emilio Paez took turns driving the ball down field before QB David Daniel threw to Richard Carpenter putting the Blue and White with a second and two on the Eagles' 38. E. Paez then pushed to the goal lighting up the Steers' side of the scoreboard. Mac Langford booted the PAT and the tally read 7-0, Farwell.

Lubbock received Langford's kick and moved the ball in 11

plays and four first downs to the Steer 19-yard line only to lose the pigskin on a fumble.

But the Farwell inheritance was short-lived after Eagle Bart Pruitt intercepted a Daniel pass following only three plays.

However, E. Paez retaliated by intercepting the next Eagle pass giving the Steers possession on their own nine-yard line.

Again Deaton and E. Paez worked at pushing the ball, but after an incomplete pass by Daniel the Steers were forced to punt. A Lubbock penalty for roughing the kicker kept the ball in Steer possession, giving them a first down on their own 39.

Ball movers "Shake and Bake," (Deaton and E. Paez) transported the ball to a four and two, and the Daniel throwing arm went to work.

But it was an incomplete pass followed by an incomplete pass, coupled with a 15-yard penalty for an illegal receiver, before the Steers finally moved down field after Juan Diaz received a Daniel throw.

With only six seconds left, time was running out, so after two more incomplete passes the Steers sent in Big Foot Langford to try a field goal.

The first Langford attempt was unsuccessful, but a Lubbock penalty gave "The Toe" a

second chance and the Steers' kicker made the score 10-0 with only two seconds left in the half.

Lubbock opened the second half by receiving the Farwell kick and scoring three plays later.

The Steers blocked the PAT effort and the scoreboard read Steers 10-6.

Waverly Coates fumbled the Eagle kick, but recovered to retain ownership.

The Steers' next TD came nine plays later following more yard gains by Deaton, E. Paez and J. Diaz. It was a Deaton score and a Langford PAT that pushed the tally to Farwell 17, Lubbock 6.

Boyd White put a stop to Eagle Braken Christian's attempt at moving the ball, and handed the host team a yardage loss, coupled with their own holding penalty, forcing the Lubbock men backward 15 yards.

Juan Diaz swatted down the next Lubbock pass and Byron Mayfield halted Eagle Christian's next move, forcing Lubbock to punt.

A fumbled snap recovered by Farwell put the Blue and White in a perfect place for a score, at the Eagle nine-yard line, and they used it.

Emilio Paez pushed over the goal line with 4:30 left in the quarter and the Langford Toe

boosted the count to Farwell 24, Lubbock 6.

Richard Carpenter handed the Lubbock team a ten yard loss after smearing Eagle QB Christian. Lubbock never quite recovered and was forced to punt giving Farwell possession and a chance to score, which they did, five plays later.

Deaton ran for the Steers' next TD, but Langford missed his first PAT of the season, putting his record at 16 for 17, but keeping the tally at visitors' 30, home team, 6.

After only four plays the Eagles were forced once more to punt and Farwell again inherited the ball.

The Steers moved the pigskin down field from their own 35, scoring with 8:42 left in the game.

It was a 32-yard run by E. Paez and a good Langford PAT that raised the Steer count to 37, Lubbock 6.

By now the host team had had enough, and this time when they were handed the ball, Christian ran it for 50 yards to the Steer 22. Two first downs later the Eagles placed themselves on the Steer three and pushed across the goal line for six points. They went for two points after that and got them, putting the score at Farwell 37, Lubbock 14.

But Lubbock hadn't heard the last from Farwell.

Deaton and E. Paez "did their thing" and alternated moving the ball from the Eagle 47 to the Eagle 26. E. Paez then crossed the goal line but the TD was nullified following a Farwell penalty for motion. So Deaton took his turn at the ball and scored with 2:50 left in the game. The Langford PAT placed the score at Steers 44, Eagles 14. To date, Langford's toe has earned the Steers 19 points this year.

The ball changed hands two more times before the game ended with the Eagles' Parent's night dampened.

"I was very disappointed with the defense in this game," Steer Coach Randy Adrian stated. "Offensively they played real well the second half, but I was real disappointed the first half with them."

Jack Deaton was chosen by the Farwell coaching staff as offensive Steer of the Week, mainly for his three touchdowns and the fact that he carried the ball 23 times for 237 yards. Deaton also had nine broken tackles during Friday's action with Lubbock.

Defensive Steer of the Week is Boyd White. White had

seven solo tackles and one sack during the Lubbock match.

The weekly Big Hit Award went to Byron Mayfield and the weekly Win Award went to Ricky Armstrong.

During the last five Steer games Deaton has carried the ball 71 times for 561 yards, for an average 7.91 yards a carry.

E. Paez has carried the ball 90 times for 603 yards this year giving him an average of 6.7 yards per carry. In Friday's game he carried 23 times for 149 yards.

Daniel passed three times for 66 yards and rushed for 45 yards.

Other players cited by Adrian for their good play were Richard Carpenter, who caught two passes for 52 yards, and Juan Diaz who received one pass for 14 yards.

The Steers will meet Vega tonight in Vega in what coach Adrian calls, "The most important game Farwell has ever played."

Vega has a 5-0 season so far, compared to Farwell's four and one. "They are ranked 13 in the state out of 237 other Class AA teams," Adrian said. "They have an inexperienced line; however they have the most experienced backfield in the district, probably in the state."

The Steers will be "watching out" for Vega's quarterback Scotty Cook who stands six foot tall at 180 pounds.

Fullback Fred Fangman is also on the Steers list, at six foot and 195 pounds he will be one to reckon with.

"I know this is the most important game we've had since I've been here," the coach stated with conviction. "But I feel we can move the ball against their defense. It'll be a good ball game."

It will also be another chance for Farwell to ruin another homecoming. "Since I've been here, we have never lost a homecoming, ours or anyone else's," Adrian commented.

The booster club has a full bus load of fans going to the game, but Adrian put out a request that the visitors side of the stadium be full. "I want everyone to come down. We will need everyone there."

For those who won't be able to travel to the Vega match, KMCC television will be there and will air the game Saturday night at 7 p.m. CDT on channel 6.

Steers Of The Week

BOYD WHITE

JACK DEATON

Boyd White has been chosen as defensive Steer of the Week by the Farwell coaching staff. The 140-pound safety had seven solo tackles during the victorious Steer contest with Lubbock Christian Friday night, and also had one sack. The weekly Big Hit Award went to Byron Mayfield and the weekly Win Award went to Ricky Armstrong.

Offensive player Jack Deaton has been selected by the Farwell coaching staff as Steer of the Week. During last Friday's contest with Lubbock Christian, Deaton carried the ball 23 times for 237 yards and scored three times for the Steer effort. The 160-pound senior also broke through nine tackles against the Eagle defense.

| STATS | | FARWELL | LUBBOCK |

According to A-T-O Inc.'s Rawlings Sporting Goods Company, the first numbered football jerseys were worn in 1908 when Washington and Jefferson played Pittsburgh.

TD No. 3 Makes It 23

After losing the ball on a fumbled snap, Lubbock Christian players watched as Emilio Paez crossed their goal line for the Steers' third TD with 4:30 left in the third quarter. This Paez TD, one of three for him for the night, placed the score

at Farwell 23-Lubbock 6. The Langford PAT attempt was good and made the Steer tally

24. Paez carried the ball 23 times for 149 yards against the Eagles.

Wolverine Of The Week

EARL BIBBS

The Texico coaching staff has selected Earl Bibbs as Wolverine of the Week. "Earl was the leading tackler in Friday's game with Hagerman," stated coach Dave Lynn. Bibbs grounded the Bobcats with nine tackles, three unassisted. The Texico sophomore "played really well, and did a good job during our kicking game," the coach said. The Weekly Big Lick Award went to defensive players Todd Geris and Jeff Dunsworth and offensive player Rodney Wilson.

Texico's This, That And The Other

by Journalism I Students

The Texico varsity volleyball tournament is scheduled for Oct. 31 - Nov. 1. Location is to be determined later.

In Mrs. Ann Pearce's second grade class, students are learning safety rules in health. In art the class colored pictures with the numbers and letters pertaining to various animals.

Nine weeks exams were given to junior high and senior high students this week. Students in the second, fourth, and sixth periods were scheduled to take their tests on Wednesday and the remaining classes were scheduled to take tests on Thursday. Report cards will be sent home with the students on Tuesday, Oct. 21. Students owing book fines or lunch charges must make payments before their report cards will be released.

District F, FHA meeting will be this Friday, Oct. 17, at Marshall Jr. High 9:00 - 3:00 (MST).

Twenty-five members and guests attended the Texico FHA installation last Monday night.

Texico FHA members netted \$56.10 at the bake sale last Saturday.

Members of the Homecoming committee would like to express their appreciation to all those who participated in Homecoming activities.

Corrina Hungerford, a junior, has been hospitalized at Cannon AFB Hospital for the last few days for treatment of asthma.

After Loss To Hagerman - -

Wolverine Coach Pleased Even In Losing Effort

You wouldn't guess it from the score, but Coach David Lynn was actually pleased with Texico's effort during last Friday's 20-0 loss to Hagerman.

"I felt we played the best game, we really did. Our boys

went there to play and they did a good job," Lynn said following the game.

The coach chalked up Hagerman's first two TD's to Texico's "mental errors," and believes that "they should never have happened. We just

had a couple of players fall asleep during the pass play."

Aside from Texico's record of one and four, Hagerman has a record of its own. They have defeated the Wolverines for ten consecutive years, and spoiled Texico's chances for the state

title two years in a row.

Even though the Bobcats outweighed the Wolverines, Lynn was pleased with the physical part of the game. "We outplayed them physically, we out-hit them all night."

"It was a simple case of inexperience. Nine out of Hagerman's 17 players are seniors that play both sides," the coach stated. (Texico carries five seniors on a 21-man team.)

The Wolverines will travel to Tucumcari tomorrow (Saturday) for a 7 p.m. match with the junior varsity team. "I scouted their team last week and the guys didn't seem very big," the coach recalled.

Texico's next home match will be October 24 with Tatum.

| STATS | | TEXICO | HAGERMAN |
|-------|--------------------|--------|----------|
| 9 | first downs | 10 | |
| 38-51 | yards rushing | 89 | |
| 43 | yards passing | 133 | |
| 94 | total yard gains | 222 | |
| 18 | passes attempted | 12 | |
| 6 | passes completed | 6 | |
| 2 | pass interceptions | 2 | |
| 7 | punts | 3 | |
| 9 | penalties | 11 | |

Gimme A "T"

Leading the student body in victory cheers were the Texico varsity cheerleaders in the school parking lot as the

varsity Wolverines loaded the bus for their trip to Hagerman. Head Coach Dave Lynn thanked the students for their

"enthusiasm," stating it was the best of any school their size.

Volleyball Teams Play Floyd, Muleshoe

by Laura Horne and Lisa Crooks

Texico Wolverines volleyball team defeated the Floyd Broncos in two matches last week in Wolverine Gym.

Texico Jr. High defeated Floyd 15-13, 11-15, and 15-8. "The Broncos were a much-improved team and it took some excellent serving from our bench to win. Dana Morris and Lucia Jesko had a fine night, serving 12-14 and 11-12, respectively. All in all, we had a pretty good game," commented Coach Mike Littlejohn.

In the varsity game, Floyd came to avenge an earlier loss at the hands of the Wolverines. The Broncos jumped out to a 9-2 lead, but the Wolverines came back to take a 15-13 win. In the second game the two teams traded points with the Texico Wolverines coming out on top, 15-6.

"Our entire starting six started off a little cold," said Coach Littlejohn. "I think the girls were just a little too high emotionally. We spotted Floyd a 9-2 lead before we snapped out of it. Our bench strength came into good use as Jo Hill and Jacque Tatum came in and did outstanding jobs serving and running the offense and defense. Jo and Jacque served 13-14 and 5-6," he said. "Our serving was very poor at the first of the game but we came back and had 18 ace serves which added up to 18 very important points."

For their outstanding performances off the bench Hill and Tatum shared "player-of-the-game" honors with regular

starters Ruth Scott and Tracy Dobbs.

"As of now we have a 7-0 record in district and can wrap up first place in district with two wins in our next three games," Littlejohn said.

The varsity Wolverines are 7-0 in district play. Parent's night is set for Thursday, Oct. 23.

Muleshoe traveled to Texico Tuesday for three non-district matches. Texico Jr. High played first, defeating Muleshoe 15-1, 7-15, 15-2.

"This was a good match for all of the girls. Everyone got to play and everyone did a pretty good job. Again our serving was our strong point. Two seventh graders, Kelly Lynn and Lucia Jesko, were our two top servers, serving 15-18 and 12-14, respectively," said Littlejohn following the game. The wins brought the junior high record to 6-5.

The second match pitted the junior varsity teams against each other. Texico again came out on top 15-10 and 15-12. "Due to illness and game limitation rulings we had to put a different team on the floor. Anytime you do this you have a few problems with people not knowing what each other is going to do," the coach said. After shaky starts in both games, the girls got it together and came out on top. The girls have a record of 6-1.

In the third and final match of the day the varsity Wolverines had little trouble defeating Muleshoe, 15-5 and 15-1.

"Muleshoe had some very good servers but we received

and passed very well," Littlejohn stated. "We did not get as many sets and spikes as we would have liked though."

"Our brightest aspect was our serving which was the best we have done all year," he remembers. "We had some good hard serves and still served 89.5 percent."

Ruth Scott was named "player of the game" for her outstanding serving. "Ruth was 13-14 and had seven ace serves." The team's record is now 12-0.

The girls volleyball team will travel to Melrose today (Friday) for a district encounter. Matches begin at 4 p.m. MDT with the junior high playing first.

Jr. High Wolverines Shut Out Ft. Sumner 22-0

[EDITOR'S NOTE: All junior high football reports are done by Texico students Sharlet Taylor, Neal Snipes and Gary Reid.]

The junior high Wolverines traveled to Ft. Sumner last Thursday to add another win to their record by defeating Ft. Sumner 22-0.

"The boys played a good game. Everyone got to play and that is what junior high football is all about," commented Coach Scott Parker.

The young Wolverines racked up their first touchdown with a quarterback sneak by Brad Steward from the one-yard line. Ronnie Landis pushed through the middle for the two-point conversion putting the Wolverines in the lead 8-0.

In beginning action of the third quarter Ronnie Landis broke loose and ran 48 yards for Texico's second touchdown. Kevin West caught a three-yard pass from Brad Steward for a two-point conversion leaving the score, 16-0.

Still in the third period Terry Tubbs carried 16 yards to put the Wolverines on the ten-yard line. Billy Bibbs then carried ten yards for the Green and White's final touchdown. Terry Tubbs kicked for the extra point but the attempt failed,

leaving the final score 22-0.

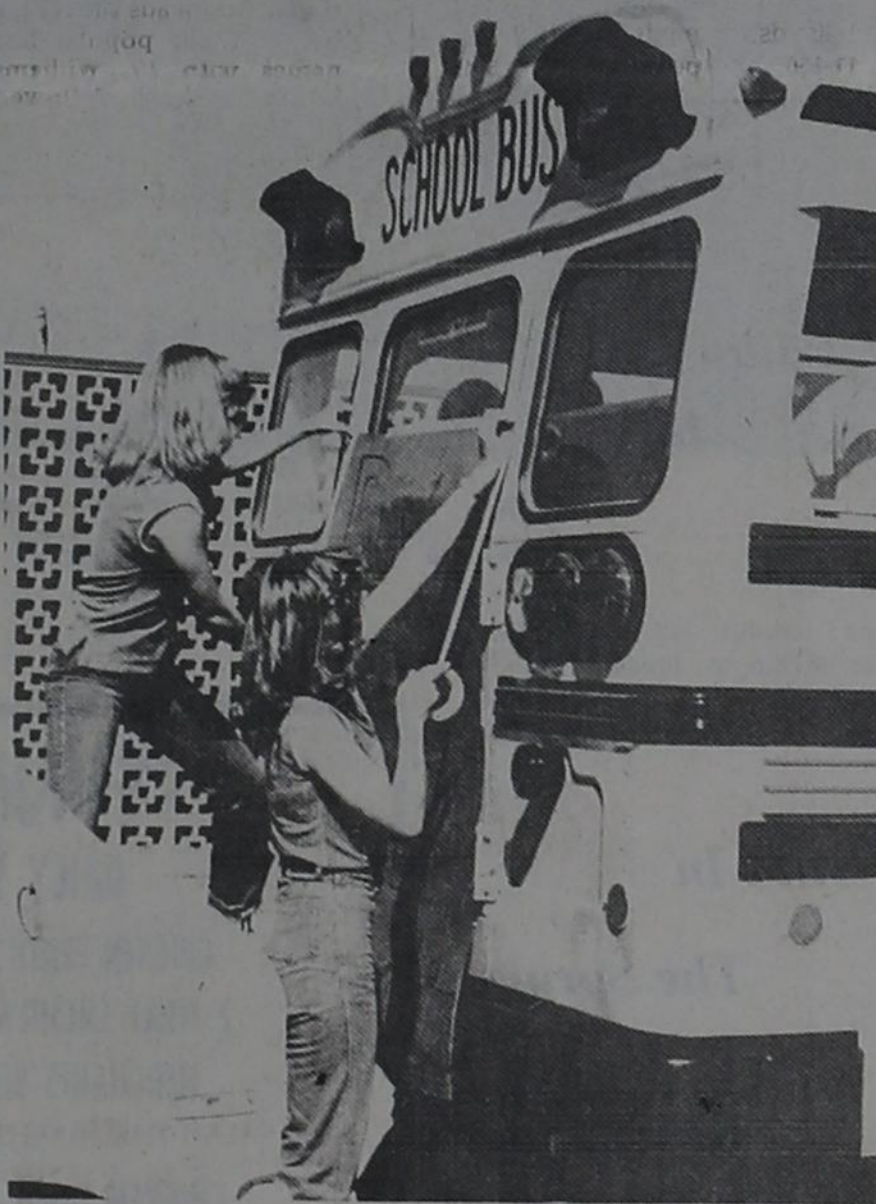

"The team played well defensively and it was a hard-hitting game," said Coach Parker.

Leading tacklers were Kevin West with 12, and Jeff Holland and Ronnie Landis each with eight. Doug Thornton, Dennis Chavez, and Joe Steward had seven tackles each. Brad Steward led in fumble recoveries with two and Jeff Johnson and Joe Steward recovered one fumble each.

"Our offense played a good game and several backs gained more than 50 yards," comments Coach Parker.

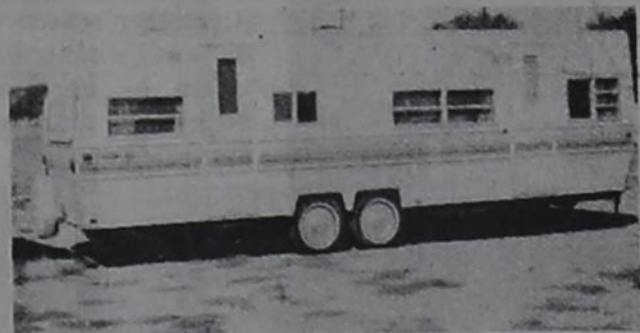

Total yardage for the game was 270 yards, 255 yards rushing and 15 yards passing.

"We are improving every week and will play our last game against Tatum October 24 here at 4:30 p.m. MDT before the varsity football game. These young men have played well all year long," stated Coach Parker.

Hagerman Or Bust

Texico varsity cheerleaders Lisa Reid (left) and Rhonda Tharp decorate the Wolverine's traveling bus before the team left for Friday's contest in Hagerman. The varsity Wolverines were given a pep-rally send-off in the school parking lot also.

Massey-Ferguson Inc.

Dear Friend:

We have authorized Massey-Ferguson farm machinery dealers to provide special financing to help farmers and ranchers whose income has been seriously impaired by drought. If you are in a county or state which has been designated a Disaster Area by the Federal Secretary of Agriculture or FmHA, you may qualify for:

- * 10% annual percentage rate financing to buy new MF agricultural equipment.
- * Reduced down payment arrangements.

In addition, our rebate offer on new MF tractors, combines and corn heads has been extended to October 31. Take a look at the rebates you can use to reduce the cost of new MF equipment you need now to keep operating at top efficiency:

| | |
|----------------------------------|--------------------------------|
| MF 4000 Series Tractors...\$5000 | MF 760 & 750 Combines...\$4000 |
| MF 2000 Series Tractors...\$2000 | MF 550 & 540 Combines...\$2000 |
| MF 34-81 Hp Tractors...\$700 | MF Corn heads...up to \$975 |

Why are we doing this? Frankly, when your business suffers, we all suffer. It's that simple.

So if your plans and your future have been greatly altered by circumstances beyond your control, we're ready and willing to help as always. But hurry. These special offers have to end October 31, 1980. See your Massey-Ferguson dealer now for all the details.

He wants to help you, and so do we.

Sincerely yours,

Massey-Ferguson Inc.

A Time To Reap And A Time To Sow . . .

Still Cutting

Most area farmers are finished with this year's corn harvest and will soon begin on milo and cotton, but a few are still chewing up their corn because of a rain delay or machine breakdown.

To every thing there is a season,
and a time to every purpose under the heaven:
A time to be born, and a time to die; a time to plant,
and a time to pluck up that which is planted. . .

Ecclesiastes 3:1-3

Story and Photos

By Mary Sobin

A Working Team

This familiar sight is seen daily around the area, with entire families participating in the gathering of the precious corn kernels. Team work is the name of the game during corn harvest and farmers can always rely on friends to pitch in and help if the need arises.

Falling Into Place

Another truck load of corn is delivered to a local elevator, where managers report a sharp decline from last year's yields. The Twin City area has been declared a disaster area due to the drastic heat and dryness this past summer and an expected 40-45 percent of the farmers will apply for government assistance.

And In The Spring

Although area crop land will soon look drab and bare as winter settles across the land, the green winter wheat and barley will spruce up the scenery. And before we know it, another season will be upon us and wheat harvest will again be here and golden nuggets of grain will then be harvested.

Twin City Farmers Busy With Harvest

The one word on the tongues of all Twin City residents right now is "harvest." It is their time now to "pluck up that which is planted."

With the corn harvest almost complete, comments can be heard during any conversation concerning "yields," "market prices" and "down time."

According to Fred Chandler at Farwell's Sherley-Anderson-Pitman elevator, the harvest here is 95 percent complete, but yields continue to be "bad to worse."

Lonnie McFarland at Lariat's Sherley-Anderson elevator reports to be "going great" and says their area is "through" with corn harvest. McFarland estimated however a decline of 20 percent from last year's corn production.

Both men attribute the yield loss to this summer's hot and dry weather, but announce that even though yields are down, the price is up. At mid-week the market price for corn was \$6.40 per hundred.

Because of the summer's heat and no rain, this area has been declared a disaster area by the government. The prognosis by Prentice Mills, County Executive Director for ASCS, is that 40-45 percent of area farmers will be applying for government disaster loans.

To do so the farmer must first apply with the Farmer's Home administration in Farwell, and show a 20 percent loss in crop production. If found eligible under their criteria, the FHA will grant

the loan from their office. Those not meeting the FHA requirements will then be referred to the Small Business Administration in Lubbock. According to a previous statement made by Mills, the farmer will receive his loan from one of these two places, but he must first apply with the FHA.

Only three disaster loan applications have been given out so far by the local FHA office, according to Bill Boling, FHA county supervisor.

"We expect a lot more requests, but the majority will be in the last of November and December, closer to income tax time," he stated.

Corn harvest may be over, but in this area people don't just sit back and relax when their corn has been harvested and sent off to all corners of the world.

The Texico-Farwell surroundings boast fields of cotton, sugar beets, wheat, soybeans, milo and sunflowers, to name a few.

The sunflower harvest was completed weeks ago and some area wheat is up to good stand, while some wheat is just now being planted. Soybeans will begin to be harvested shortly, and as soon as the first frost hits, cotton and milo will be plucked out of the fields. Some milo farmers have already begun their harvesting.

Sugar beet harvest began last week and according to Curry County Extension Agent Billy Dictson, "It is not a good

crop year in Curry County," again due to the hot dry summer with little to no rain.

However, Dictson says that the crop so far has produced good tonnage and a sugar content of 16 percent, which he states is "good."

Dictson predicted that the milo harvest will be varied and probably "not up to par," stating that those farms with good irrigation will have the best milo yields.

A spokesperson at the Farwell Cotton Gin company reports that some cotton farmers have begun defoliating their crop, and Boling forecasts the cotton production "to be down," again because of the High Plain's long hot summer. Those farmers having a 20 percent decrease in their cotton crop are also eligible for the government disaster loans. The loans apply to all crops produced here.

Although a cotton crop loss due to the army worm problem will not qualify a farmer for a loan, Seth Ralston, Parmer County extension agent, has stated previously that many farmers are hesitating to predict their cotton yields due to a heavy worm problem this summer.

But farmers must learn to live with these problems. They know that nothing is more unpredictable than Mother Nature, and all a farmer can do is his very best to combat hot dry weather, too much rain, too much cold, and gusty winds.

Labor Of Love

This recently planted wheat field will produce the next go-round of harvest activities in early summer. Some area wheat is already up to a good

stand, while some wheat is just now being planted. The rainfall last month was expected to boost crop yields.

Waiting To Be Picked

Pumpkin harvest is also underway and even though these are still on the vine, they may soon be chosen to decorate a family's porch to

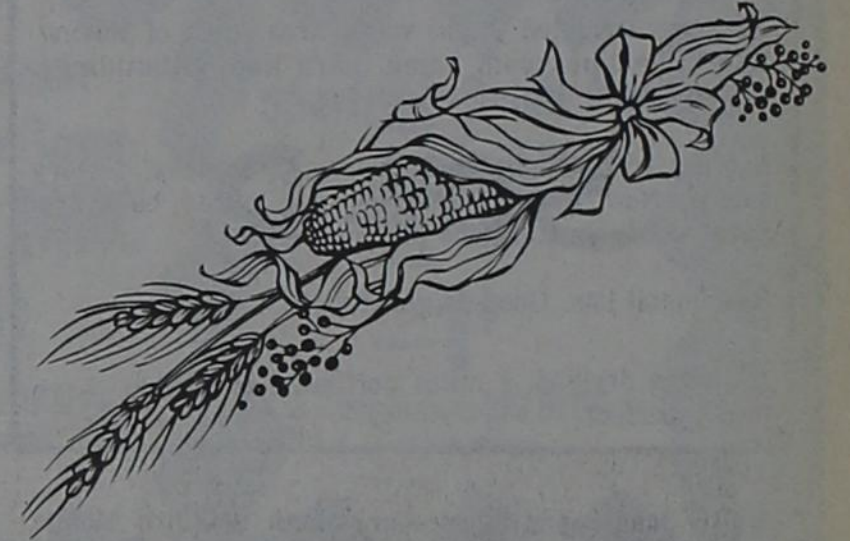

ward off the spooks on Halloween night, or maybe to become someone's next home-made pumpkin pie.

100 Percent Cotton

Waiting for the year's first frost are hundreds of acres of cotton crops. Some area cotton growers are in the process of defoliating, and all are hoping the summer's hot weather

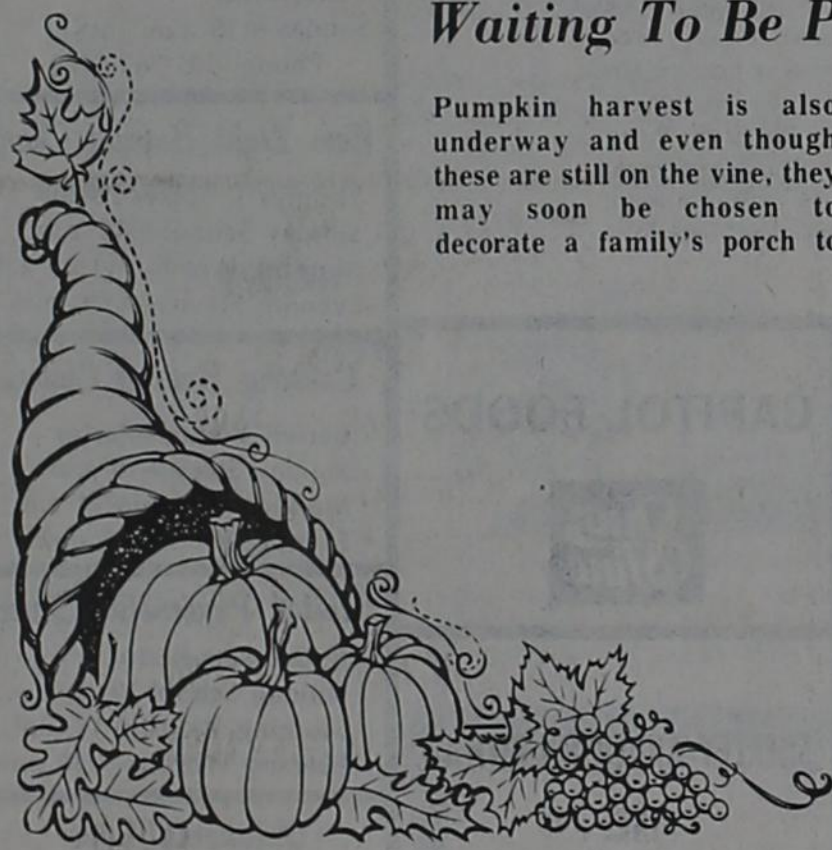

coupled with an army worm problem will not affect their yields.

APPLICATION OF MOUNTAIN STATES BELL TELEPHONE COMPANY FOR APPROVAL OF SALE OF UTILITY ASSETS AND TRANSFER OF A PORTION OF CERTIFICATE OF CONVENIENCE AND NECESSITY TO E.N.M.R. TELEPHONE CO-OPERATIVE FOR THE FARWELL EXCHANGE

NOTICE OF SALE

Public Utility Commission of Texas Docket No. 3440 entered at Austin, Texas on the 26th day of September, 1980, under the authority of §16 of the Public Utility Regulatory Act, TEX. REV. CIV. STAT. ANN. art. 1446c.

Application of Mountain States Telephone and Telegraph Company (Mountain Bell) for approval of sale of utility assets and transfer of a portion of certificate of convenience and necessity to E.N.M.R. Telephone Cooperative for the Farwell Exchange.

That portion of the Mountain Bell Telephone Company Texico Exchange located in the County of Parmer in the State of Texas will be sold to E.N.M.R. Telephone Cooperative, P.O. Box 869, Clovis, New Mexico 88401. Said area, consisting of 585 main telephone stations in an area of three (3) square miles, is bounded on the west by Mountain Bell's Texico Exchange, on the north by E.N.M.R., on the south and east by West Texas Rural

Rehoming of toll calls to Amarillo will allow customers access to improved automated operator services and long distance direct dialing from the Texas 806 area.

The Hearings Examiner for the Public Utility Commission of Texas is Mr. Mark H. Zeppa located in Suite 400, 7800 Shoal Creek Boulevard, Austin, Texas 78757. Any person or company has the right to protest this Application of The Mountain States Telephone and Telegraph Company for the approval of the sale of the Farwell Exchange, and such persons may participate in a public hearing to be held by the Public Utility Commission of Texas on the Merits of this Application. Any affected person or company who desires shall file a protest or intervention request with the Public Utility Commission of Texas at the above address within three weeks of the publication of this Notice.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

TRUE LIBERTY

As true Americans celebrate their liberty, true Christians should contemplate the even greater liberty which they have in Christ.

Our Lord said: "Ye shall know the truth, and the truth shall make you free" and "If the Son, therefore, shall make you free, ye shall be free indeed" (John 8:32,36). Likewise St. Paul declares that believers in Christ have been made "free from sin" and have become "servants to God" - who deals with us in grace (Rom. 6:22).

It is strange that so many sincere religious people actually wish to be in bondage to the perfect law of God - which can only judge and condemn them for their sin. Peter called the law "a yoke which neither our fathers nor we were able to bear" (Acts 15:10). Paul called it "the handwriting of decrees, that was against us, which was contrary to us" (Col. 2:14). He called it "the ministration of death" and "the ministration of condemnation" (II Cor. 3:7,9).

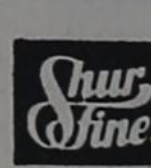

He challenged those who "desired to be under the law: "Tell me, ye that desire to be under the law, do ye hear the law?" (Gal. 4:21). And again: "For as many as are of the works of the law are under the curse;" for it is written, "Cursed is everyone that CONTINUETH not in ALL the things that are written in the book of the law, to do them" (Gal. 3:10).

Thank God, "Christ hath redeemed us from the curse of the law, being made a curse for us" (Gal. 3:13). Man always responds better to grace than to law. The law was "added because of transgression" (Gal. 3:19). "By the law is the knowledge of sin" (Rom. 3:20). But Christ died for our sins and now true believers serve God from gratitude and love. Hence Rom. 6:14 says: "Sin shall not have dominion over you, for ye are not under law but under grace." Since Christ has redeemed us from the law (Gal. 4:5) God says to every true believer: "Stand fast, therefore, in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage" (Gal. 5:1).

Ready To Kick

Farwell junior varsity Steers sent the Lubbock junior varsity Eagles home after proving to them that football in Steer

Country is serious business. The Blue and White JV steam pounded the visiting Eagles 38-0, and consequently probab-

ly spent more time in the kickoff position than any other way. [Photo by Lillie Christian.]

Farwell JV Bombards Lubbock Christian 38-0

[EDITOR'S NOTE: The following story was written from a play-by-play report compiled by Doris Ford.]

The Farwell junior varsity hosted Lubbock Christian's JV at Steer Stadium last week and showed them how football is played in Steer Country by pounding the Lubbock team 38-0.

Farwell's first TD came on the first scrimmage play of the game when Alan Eubank threw to Claude Gobble who ran 65 yards for six points. Santiago Lucio ran for the extra points; so before Lubbock knew what hit them, the score stood Farwell 8, Lubbock 0.

Lubbock was forced to punt four plays later after defensive plays by Rocky Ford and Claude Gobble.

Again the junior Steers scored on their first play with a Eubank hand-off to Doug Teel who ran 55 yards for a TD. The extra point pass to Todd Christian was incomplete and the Steers led 14-0.

Frank Cantu recovered an Eagle fumble giving the Steers possession, but even after impressive offensive plays by Lucio and Sierra, the ball was fumbled and the Eagles recovered.

Steve Schilling got even though and intercepted an Eagle pass, carrying it to the visitors' 15. But the effort proved futile and the Steers lost control on downs.

The Eagles tried their best but the Steer defense kept them motionless and they were forced to punt.

Once in possession the home team moved the ball and a Eubank pass to Gobble connected and Gobble drove 25 yards for another TD. The PAT proved unsuccessful, but the Steers now led 20-0.

The Eagles had control, lost it to a punt, then regained due to a Farwell fumble.

But try as they could, the Lubbock offense could not get past the Blue and White defense and again they lost the ball on downs.

Once the Steers got control they also relinquished on downs, and the Steer defense was back on the field.

The Eagles were halted play after play by Wade Kent, Gary Haseloff, Rocky Ford and Steve Schilling. After Claude Gobble made the Eagle QB throw for a loss, the next Eagle pitch was intercepted by Ricky Sierra putting the

Farwell team on the Lubbock 35. However, the first half ended before any new scoring effort could be executed.

The third quarter opened with a Steer kickoff. The visiting team still could not penetrate the Steer defense and was forced to punt. Again it was a Eubank-Teel link that brought home the fourth touchdown. The extra point try failed but the home side cheered for a 26-0 score.

Once more the Eagles were coerced into a punt after only a few plays, but quickly inherited back possession after a Farwell fumble.

Tackles by Frank Cantu and Johnny Daniels kept the Eagles in their place, and as if that weren't enough Cantu picked off the next Lubbock pass returning it to the Eagle 20.

After pushing down to the nine Doug Teel drove across

for the fifth TD. Once more the Steers failed in the extra point try, but they were now leading 32-0.

But if the Lubbock team thought they had seen the last of the Steers, they were dead wrong.

Again the Blue and White defense held the Lubbock offense steady and the Eagles once more had to punt.

Ricky Sierra scored the sixth and final TD of the game bringing the total tally to 38-0.

Coach Bill Phillips seemed pleased when he stated after the game "They played real well. I was very impressed."

The JV Steers were to have played Vega Thursday and are scheduled to play Hart at Hart October 23.

The Farwell 7th and 8th graders combined forces against the Lubbock JV team last week but lost 6-0.

Go, Fight, Win

Farwell cheerleaders and majorettes hosted a pep rally for the Steers before their match Friday night with Lubbock Christian. The victory cheers

must have helped as the Steers returned from Lubbock with a 44-14 win over the Lubbock team. [Photo by Lillie Christian.]

Old Ironsides actually had a wooden hull but earned the nickname when a cannon shot in the War of 1812 fell harmlessly off her side and a sailor is said to have shouted, "Huzzah! Her sides are made of iron."

WEEKLY PRIZES

\$7.50 - 1st Place

\$5.00 - 2nd Place

1. There are 12 football games listed.
2. Pick the team you think will win in each game and circle the WINNER'S NAME.
3. PICK THE SCORE OF THE GAME OF THE WEEK and place your guess in the appropriate blank on the entry. Bring or mail the entry blank to The Tribune office by 5 p.m. Friday of this issue.
4. Tabulations of individual entrants will be kept all season and at the end of the season Grand and Second Prize winners will be named.
5. Only one entry blank may be submitted per individual.
6. Tabulations will be available for public inspection.
7. Contestants must be 12 years old or over.
8. Game of the Week used as the tiebreaker only.
