

# Penner wins 2nd grid tilt

It was another tough week for contestants in the Area Merchants Football Contest as the average was only 7.0 right (out of 12 games). Last week, the average was 6.8.

But one entrant managed to get 11 games picked correctly. Deborah Harding Penner got \$20 for winning this week's contest.

There were four scores of 10 right. By virtue of being closest to the tie breaker (Texas 45, New Mexico 0), the winner of the \$7 cash prize for 2nd place went to Eric Chadwick's pre-calculus class at Farwell High School. They were 8 off the tie breaker.

Also with 10 right and their totals off the tie breaker were:

Eric Chadwick, 29; Thomas Germain, 17; and Kolten Morris, 20.

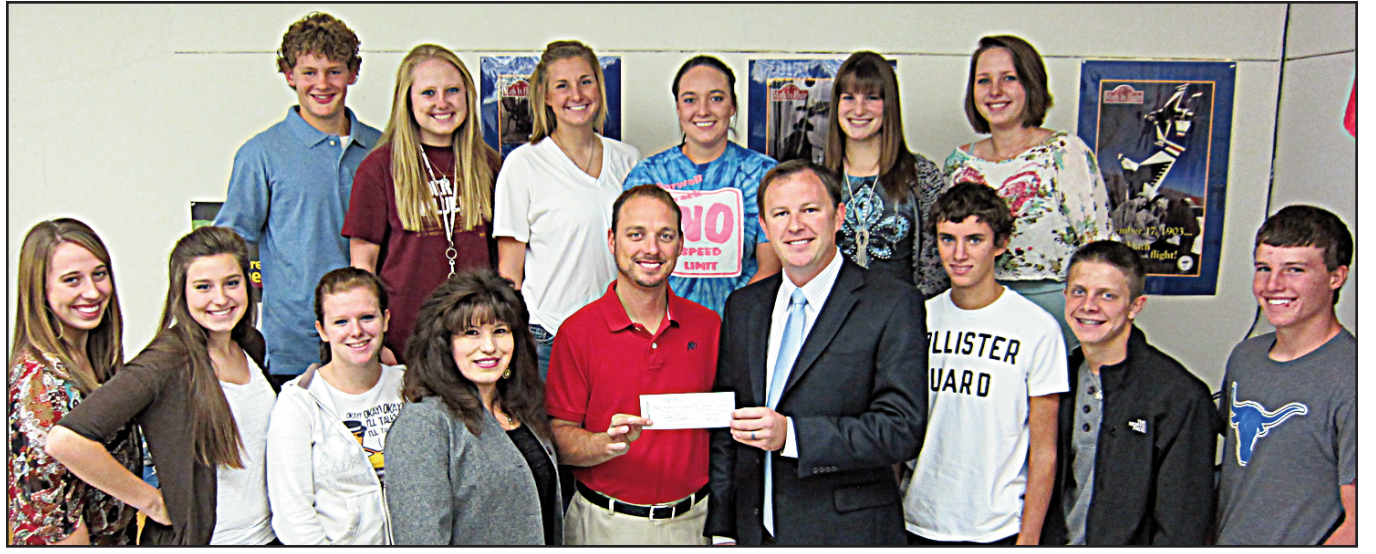

With 9 right were Michelle Agee, Jeremy Curtis, Bill Dannheim, Charles Dannheim, Chuck Dannheim, Verna Davis, Steve Franse, Dina Garcia, Jorge Gavilones

Frank Gonzalez, Butch Green, Victor Gutierrez, Rodney Herington, Jarron Hill, Steve Horrell, Aprile Hudson, Carolyn Johnson, Sharon May, Bev Obenshain,

Alma Orozco, Richard Orozco, J.C. Orozco, Josh Ramirez, Taylor Read, Elena Vigil, Debbie Weir, Annie Williams and Ryan Williams.

Results of last week's games were:

Bovina over Boys Ranch; Farwell over Olton; Virginia over Penn State; Iowa State over Iowa; Wake Forest over North Carolina;

Tucker Crawford and Christy Gutierrez, of the Farwell Banking Center, of Muleshoe State Bank, present Farwell High School teacher Eric Chadwick and the Farwell 2nd period PreCalculus class with the check for winning second place in the Area Merchants Football Contest last week. The Farwell Banking Center is one of the contest sponsors. The class is John Ryan Isaacson, Kelsey Knight, K'Leigh Jo White, Taylor Stancell, Lauren Carpenter, Hanna Sudderth, Gabby Schilling, Savanna Barksdale, Kelsey Larsen, Austin Mason, Hunter Hall and Dillon Kirkland.

**The Latest**

A couple of light showers fell on the Twin Cities last week as the area still prays for a strong rain.

The Parmer County American Legion post will meet at 7 p.m. Sept. 17 at the XIT Recreation Center in Bovina.

Post Commander Bill Dannheim has been busy with his District responsibilities. He went to Amarillo and Vega this week, and will be in Austin next week for a state committee meeting.

There have been reports of folks illegally dropping off items along the CR X in Parmer County.

These include dead cows, dead dogs, furniture and trash bags.

The Tribune starts a new feature this week -- Lazbuddie kindergartener of the week.

In July, the Tribune published a lengthy memoir of area cowboy Dee Owen, who died in 1989.

Joe Black, of Bovina, sent a copy to his brother, Tom Black, who is manager of Reynolds Cattle Co. in Dalhart.

Here's the letter Tom Black sent back:

"I enjoyed the article about Dee Owen. He was a different hand than what comes around nowadays. He was the real deal."

The North Parmer County Cotton Tour will be Sept. 19 at 10 a.m. at the R.A.C.E. trial on the Luke Steelman farm south of Friona.

It's on the south half of the circle directly south of Parmerton Dairy on

### Oleta Macon Gibson

Mary Olea Macon Gibson, 95, of Farwell, passed away Sept. 11, 2012, at 6:47 a.m. cst.

Celebration of Life services will be held at a later date at Grove Hill Cemetery at Leonard, Texas.

She was born Aug. 2, 1917, in Leonard, Fannin County, Texas, the daughter of Thomas Franklin and Martha Ann Hornsby Macon. She graduated from Leonard High School in 1935 and attended business school in Houston, Texas. She was employed as a secretary but spent most of her life as a homemaker. She was a china painter, collector of antiques, loved music and chocolate candy.

On June 15, 1936, she married Charles Walter Gibson in Lubbock, Texas. They resided in the Leonard, Brownfield, Dimmitt and Friona areas before retiring in 1990 in Littlefield. She was a lifetime member of the Church of Christ. After her health failed, she moved to Farwell to be close to family.

She was preceded in death by her husband in 1995, as well as 4 brothers, 4 sisters and her parents.

Survivors included sons Charles Gibson Jr. (Sue) of Bonham, and Anthony Macon Gibson, of Amarillo; daughter Anne (Gerald) Norton, of Farwell; 3 grandsons; 3 granddaughters; 5 great-grandsons, and a great granddaughter.

In lieu of flowers, donations may be made to: First Presbyterian Church Food Fund, 1101 Pile St., Clovis NM 88101.

County Road 14. Then, participants will go to the Ben Osborn farm west of Friona to look at a cotton trial; then observe the Bayer Crop Sciences CAP trial on Chris Ingram's land.

Lunch will then be served at the Friona Co-op Gin. The fee for attending the tour is \$10.

Farwell Booster Club President Julie Mason said a new date has been set for the annual "Meet the Letes" -- Sept. 24 at 6:30 p.m.

All tickets must be purchased in advance by Sept. 18 at the high school office.

New fliers have been

printed to be sent home with students.

Help with the project is needed from Booster Club members. Contact Julie by e-mail or at (806) 946-8875 if you can help.

The Farwell Sophomore Class will host a traditional stacked enchilada dinner with all the fixings on Sept. 21 from 5 - 7 p.m. at the school cafeteria.

The cost is \$8 from any sophomore class member or tickets can be bought at the door.

### Lynell Griffith Skarda

Lynell Griffith Skarda, 97, of Clovis, died Sept. 2, 2012, at home.

He was born on Aug. 28, 1915, in Clovis. He lived with his mother in Long Beach, Calif., during the school year and spent summers with his father, A.W. Skarda in Clovis, living at the Hotel Clovis where he worked as a bellhop. He graduated in 3 1/2 years from Long Beach Polytechnic High School in 1933, just before the Long Beach earthquake.

A champion swimmer, Lynell came close to going to Annapolis, but he lacked 20/20 vision. He went to the University of California at Berkeley, graduating a semester early with a bachelor's degree in chemistry. Wanting to take Chinese as an undergraduate, Lynell went to the Dean for permission and was told,

"Well, Skarda, if you take Chinese you won't be in the College of Chemistry."

After a brief stint at Standard Oil, Lynell went to Washington & Lee Law School in Lexington, Va., where he made the Law Review in 1940-41. Both of his brothers, the older - Langdon Lamar, and the younger - Cash Taylor, also got law degrees from W&L. With what is now called a Doctor of Jurisprudence, Lynell clerked for Federal Judge Sam Bratton in Albuquerque and then established his own practice of law until World War II.

Enlisting like many men of his day, Lynell served the Army Air Corps as a Captain, earning a commendation ribbon in 1945-46 from the Military Affairs Division of the office of the Judge Advocate General in Washington, D.C. Court-martials were never easy, he recalled, but someone had to do them. He returned to Clovis in 1946 after his military service.

Early in his career, he served as District Attorney for the 9th Judicial District of New Mexico; he ran for and was defeated in a bid for the Supreme Court in 1952, a loss he came to appreciate as his legal practice expanded and as he assumed serious responsibilities as the lawyer for the Citizens Bank of Clovis, founded in 1916 as Farmers State Bank of Clovis; in 1920, his father became bank president. In 1954 he was admitted to the bar of the U.S. Supreme Court; he won his case, Moore v. Mead's Fine Bread Co. On his letterhead Lynell had printed, "Attorney and Counselor," for he was truly a valuable adviser to many, young and old, over his long years as a lawyer and banker. His office was always over the bank, a situation that is metaphoric.

For six years, Lynell served on the Civil Committee writing the Uniform Jury Instructions (UJI) for the New Mexico Supreme Court. He was secretary, always getting out the minutes immediately and efficiently, thanks to his excellent legal secretary Lucile Laughlin who worked many a Sunday after the Friday/ Saturday meetings in Albuquerque. He was honored for his Outstanding Service to the Judiciary by the Supreme Court in 1982.

In the early 1970s, Lynell took up flying, a hobby his wife Kathryn Burns Skarda regarded as suicidal (she preferred him sculpting at home). His pilot's license was the first time he could specify "white" as the color of his hair. Flying himself back and forth to Albuquerque or Santa Fe in 21 CB (that's Charlie Bravo) expedited his work on the UJ I and other appeals necessitated by his flourishing legal practice. He was instrument rated in 1973. Flying didn't get in the way of his golf game; he looked always for the "secret" to the perfect swing, practicing it in the backyard, on the driving range, and on courses throughout the country.

He traveled a good bit in the 1980s, going first to Alaska (including Pt. Barrow and Prudhoe Bay), then down the Amazon River, to the Lesser Antilles, to Italy for a long sojourn, to Scandinavia on a maiden cruise, and on a 50th wedding anniversary cruise at Christmas in 1989 from Malta to Madeira to Northern Africa and Spain. Seeing the world literally expanded his horizons and committed him still more to being a citizen of the world.

In 2000, he joined the Roman Catholic Church at Sacred Heart Parish in Clovis. His confirmation name was Thomas Aquinas. Immediately he researched and drafted two papers on the sex abuse cases that riddled New Mexico in the 1990s and the country some while thereafter. Nothing interesting eluded him, and he shared his knowledge with his pastor, archbishop, president of the U.S. Conference of Catholic Bishops, and even with Cardinal Ratzinger, then head of the Congregation for the Doctrine of the Faith and now Pope Benedict XVI. "I'm old," he said. I can send letters and documents to whomever I wish." He took seriously the injunction to St. Francis "to rebuild the church," investing lavishly in the plant of the local parish. His last gift was new handmade doors, following on improvements to the church building, pews and carpet, and easy maintenance landscaping. From the archdiocese, he received the St. Francis of Assisi Award in 2010 for his far-sighted improvements and for starting what he deemed "something good."

In the anniversary video of the Clovis News Journal, Lynell is something of a star. He explains why Clovis is a good place to live and work -- good hospital and medical care, thriving economy, and expanding opportunities for education through the Clovis Community College.

Lynell is survived by a son Jeffrey J. Skarda, J.D., of Houston; a daughter Patricia L. Skarda, Ph.D., of Northampton, Mass.; 8 grandchildren: born to Jeff (Tom, Jennifer, and Loren), to the late Katrina Skarda Green of Colorado Springs, Colo., (Evan, Katlin, and Hannah), and to the late Gregory A.F. Skarda of Clovis (Eric and Erin); and 2 great-grandsons, Henry Nathaniel McCann IV, born to Jennifer and Gregory Ryder Skarda, bom to Eric.

In lieu of flowers, memorial contributions may be made to the Skarda Scholarship Fund, Clovis Community College (CCC Foundation), 417 Schepps Blvd., Clovis, NM 88101.

Fr. Carlos Chavez officiated at the Mass of Christian Burial at Sacred Heart Church on Sept. 8. Cremation has taken place.

Arrangements are under the care and direction of Steed-Todd Funeral Home & Crematory, 800 E. Manana Blvd. Clovis, NM (575) 763-5541. You may also sign the online guest registry at [www.steedtodd.com](http://www.steedtodd.com).

## Stephens, Hicks reelected to Baily County board

Bailey County Electric Cooperative held their 73rd annual meeting on Sept. 4.

There were two races for election, with incumbents Keith Hicks and Darrell Stephens winning their respective races.

Hicks ran for District #2 which covers Muleshoe up to Lazbuddie.

Stephens is from District #1 that covers Progress, West Camp and southern Parmer County.

President and CEO David Marricle said

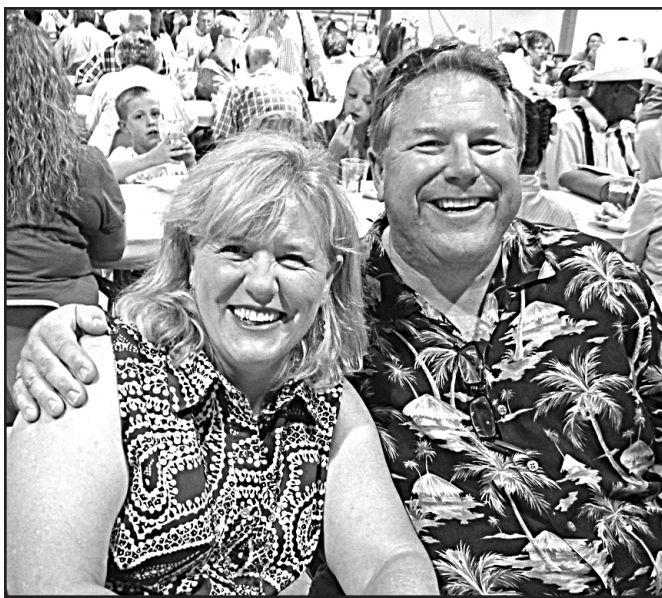

BCEC set a new peak load with over 104,935 kW, with more than 82% going to irrigation.

The company also put in 13 miles of new lines and 150 new services, including 111 new irrigation services.

They also added \$2 million worth of improvements to their electric plant bringing their net margin up to \$4 million.

Marricle said the new cell phone services have been a success.

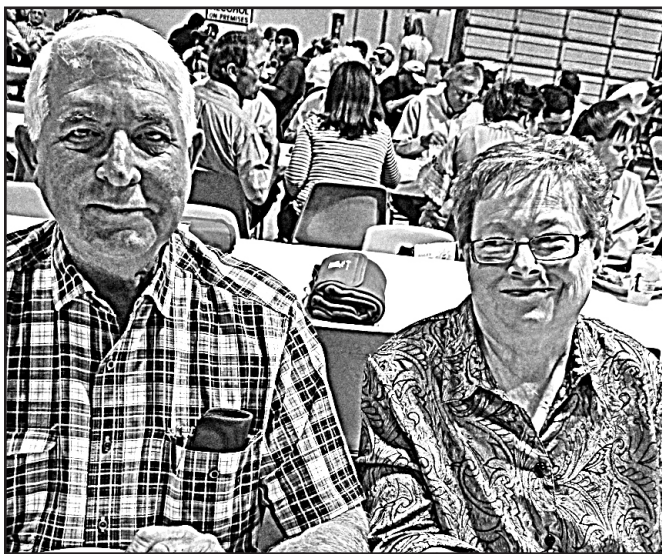

He said the company can send farmers texts if blackouts occur.

Tres Amigas is seeking to finance a \$1.9 billion electric power distribution center north of Clovis.

**Water tower maintenance**

Eric Norris and Tony Bowman, brother of Texico Police Chief Doug Bowman, work on the Lions Club Park water tower. They are fixing electrical issues and some of the probes in the tower.

**Commissioners approve District Attorney requests**

The Parmer County Commissioners on Monday approved two requests by District Attorney Kathryn Gurley:

- To buy a used car for her office's investigator.
- To send Muleshoe police officer Cassie Crandall to school to learn more about fingerprinting.

The District Attorney's office handles Bailey and Parmer counties.

In other business, the commissioners:

- Will meet at 9:30 a.m. Sept. 22 to set the tax rate and okay the budget for the coming year.
- Made a change on mileage reimbursement. Now, some verification either on Map Quest or through Google, will be needed when reimbursement is sought by all county and elected officials.

It was announced the company plans to ask Clovis to issue an Industrial Revenue Bond to cover the cost.

Tres Amigas also plans to move the plant about five miles closer to Clovis. The original site was in Texico School district, but the change moves it into the Clovis School district.

# 50 years ago, City of Farwell took over the waterworks

Folks tend to take their water systems for granted. Here's a look back 50 years ago this week for Texico-Farwell.

From the Aug. 31, 1962, Tribune:

The Farwell Waterworks Inc., one of the Twin Cities' most venerable institutions, transferred its assets to the City of Farwell.

The transaction took place at Security State Bank where R.W. Anderson voted 11 proxies that had been vested in him by owners and heirs of the firm. The only stockholders present were G.D. Anderson and Leroy Faville. All votes were affirmative to convey the facilities to municipal ownership.

Under terms of the transfer, the Waterworks will pay its current bills and whatever cash is left over will be distributed equally to shareholders or their heirs. This is expected to run about \$700 per shareholder. In any event, the city has guaranteed the stockholders that they will receive no less than \$500 for their interest in the company.

The waterworks as it stands today is the remnant of the effort begun in 1930 when the tanks, well, pump, lines and other property were transferred to a group of local citizens. Owner of the property at that time was the Capitol Land Co., which had invested considerable money in developing Farwell. Their efforts ended about that time and the water facilities were taken over locally.

Twenty citizens stepped forward with \$25 each to buy the system and water meters were ordered, installed and business was under way. A few years later, profits from the system paid off the meters and the \$500 was returned to the shareholders as it had been turned in.

After that, Texico-Farwell Waterworks, as it was known then, grew sort of like Topsy. Improvements were paid out of operating profits. No dividend of any sort was ever paid to any of the shareholders (except to return the original investment).

Through the years two persons were on the Waterworks payroll, those being a water superintendent (now V.C. Venable) and a secretary (now R.S. Schumann).

In the mid-1950s, Texico decided it needed a system of its own and revenue bonds were voted to drill a well, put up a tank and get into the water business on a municipal basis. This was a period of debate and confusion, but after the dust settled, there were two systems left to serve the Twin Cities.

Operation of the Waterworks as a business was on a pretty informal basis and in recent years most of the decision-making fell to three local men (all original stockholders), W.W. Vinyard, H.Y. Overstreet and G.D. Anderson. These men professed that the Waterworks was nothing more than a nuisance to them, but the mechanics of dissolving the firm and getting its assets under municipal control were snarled.

Finally, all the original 20 incorporators (or their survivors) were located, contacted through correspondence and the Tuesday meeting was set up. It went smoothly. The transfer is effective Sept. 1.

## Texico VFD honors 9/11 first responders

The Texico Volunteer Fire Dept. flew a special flag Tuesday in honor of the Sept. 11 terrorist attacks in 2001. Kris Everhart and Chris Scioli put up the Flag of Heroes. The flag features the names of all 343 first responders written in red that makes up the stripes of the flag and was flown at half mast all day. Photo by Diane Queener.

# Border Banter

--Mike Pomper

One area where I feel there is a great weakness in Parmer County deals with the lack of folks hired to seek state and federal grants.

I've noted this in the past, to no avail. And we miss a golden opportunity because of it.

The fact is, in our time, using federal and state grants is the way to go. We just haven't figured that out yet.

A couple of years ago, I, and others, tried to get the Parmer County Commissioners to hire a part-time grant writer -- and we struck out.

By hiring a person on a contingency basis, there is no cost to the government unit unless a grant is received.

All I can say is that there is a whole lot of state and federal monies out there ... and our government entities do little to seek it.

Very sad.

There has been one exception, though. Former Bovina City Manager Jana Pitcock did an outstanding job to seek grant monies -- and was highly successful.

For example, a hearing is scheduled next week to work toward Texas Capital Fund grant money for City of Bovina infrastructure improvements.

That is the type of grant application that Parmer County and all its cities should be making.

And last week, Lazbuddie School Supt. Joanna Martinez announced the school had received a \$49,000 Technology Lending Program Grant.

It will be used to buy 20 new laptops for students, and for their installation and maintenance support.

I wish the Tribune could continually report about grants being received by Parmer County, its cities and its schools.

But that aint gonna happen.

\*\*\*  
There's been lots and lots of talk over the past

several years about a decline in school student scores.

In a nutshell, students are simply not learning as much as they did 50 years ago. One stat said it all: a high school graduate of 1947 had the equivalent training of a college graduate of 2010.

Anyway, millions of words have been written and talked about the problem. And scholars ask, "What is going on with our educational system?"

Well, I think the wrong question is being asked. What should be asked is, "What is going on with our families?"

You see, in my opinion, the problem does not lie with the educational system. The problem is within the family unit.

Or I should say, what is left of the family unit.

Enough cannot be said of the importance of the famous "nuclear family" -- mother, father and siblings. With decent parents, youngsters can get the training for having successful lives.

And where is that nuclear family today? Too often, it has gone south -- way south.

We all know that the percentage of single-parent households has shot through the roof. But what we don't know how that has affected the children.

Normally, with a divorce, the mother gets the kids. Or, if the couple doesn't marry, the mother is in charge of the kids.

And dads? Sometimes they are around to "help

out," other times they are long gone. How does that affect children growing up?

Where I have a real problem is that financially the government is saying, "Don't get married if you have a child. You will get money from us if you don't."

What kind of signal is that sending? And the long-term effect on children?

Sure, sometimes the dad stays around. But without the commitment of marriage, how many of such relationships last since we all know that marriage has its ups and downs over the years?

Sure, some grandparents help out when they can. But they normally don't have the vigor and vitality that a husband can offer.

When I became a grandfather, I was told that it was my job to spoil the grandkids. Period. The disciplining that all children need was not part of my job description.

When you add in the current plague of drugs and alcohol and the ease in which they are available, you have a prescription for deep trouble.

The welfare system has not helped ... with the 2nd and 3rd generations thinking they get a free ride because they have never been around anyone with a work ethic. To do well in school and life is hard work.

I feel that the destruction of the nuclear family in today's American society is the key reason for youngsters not achiev-

ing the educational success they should.

I believe that teachers work very hard to achieve success for their students. And I believe that all parents want the best for them, too.

## Lady Spikers take 2 of 3 in tourney

The Texico Lady Spikers took 3rd at the Moriarty Tourney, winning two and losing one.

Texico is now 4-1 on the year.

Texico first beat Capitol, 25-13. 25-20, 25-17.

Stats were:  
Saves - Mel Lucero, 19; Lindsey Foote, 9; Rae Lynn Prather, 4; Marina Rodriguez, 4; Shaylee Anderson, 3.

Assists - Shelby Vannatta, 27.

Kills - Anderson, 10; Prather and Sarah Daniels, 6 each; Vannatta, 4; Chasity Sharp, 3; Lucero and Kimber Harrison, 1 each.

Blocks - Prather, 4; Sharp, 2; Daniels and Vannatta, 1 each.

Aces - Prather, 3; Anderson, Lindsey Foote and Vannatta, 1 each.

Said Vannatta: "We really came out to play and were prepared for the contest. Our team kept up our intensity and finished the game strong."

If the government really wanted our youths to do better, they need to look at the destruction of American families and figure out how to halt that.

Forget the stupid test

scores that government trumpets. Taks. Or Staars. Or No Child Left Behind. Or whatever. Just a bunch of gobbledegook.

All that is is government passing the buck.

Then Texico lost to Bosque, 13-25, 25-20, 15-25, 25-20, 9-15.

Stats were:  
Digs - Lucero, 13; Foote, 7; Prather, 4; Rodriguez, 3; McKenzi Mayfield, 2.

Assists - Vannatta, 27; Kills - Anderson, 17; Daniels, 4; Prather, 3; Sharp and Vannatta, 2 each.

Aces - Vannatta, 3; Lucero and Prather, 1 each.

Blocks - Anderson, 3; Prather and Sharp, 2 each.

Said Anderson: "It was great to play a team we usually don't see until State. It was a good match for both teams and I am excited to see what the future holds for us both."

And Texico beat Estancia, 25-18, 25-8, 25-21.

Stats were:  
Digs - Lucero, 17; Foote, 9; Prather, 7; Rodriguez, 6; Anderson,

2. Assists - Vannatta, 23. Kills - Anderson, 15; Daniels and Prather, 4 each; Shar, 2.

Aces - Prather, Anderson and Foote, 1 each.

Blocks - Sharp, 6; Prather, 5; Vannatta and Mayfield, 1 each.

Said Foote: "It was great to play a team in our 2-A division. We came toger to pull off a win. Throughout the tournament, we progressed and continued to get better. I'm excited to see how much better we can get this season."

\*\*\*  
Texico 7th beat Portales on Sept. 6, 26-24, 26-24, to run their record to 3-0.

Stats were:  
Blocks - Mackenzie Haakma and Mackenzie Clark, 1 each.

Aces - Hannah Myers,

1. Kills - Haakma and

## 'Horns fall to Hart

Longhorn of the Week is Isaac Montes.

The Lazbuddie Longhorns played close, but fell 30-20 in Hart last Friday at home.

The Longhorns kept the game within reach late against the D1 squad, but turned the ball over inside the 5 yard line on a key 4th quarter possession.

Hart opened up with two scores to take a 14-0 lead, before the 'Horns got on the board on a Jared Timms to Alex Lopez TD pass from 10 yards out.

After another Hart score on an interception return, the 'Horns respond with Lopez carrying in traffic for a 1-yard TD.

Timms again found Lopez, this time on a 14-yard scoring strike. Timms kicked the conversion to cut Hart's lead to 22-20.

Hart clinched the game with a 5-yard TD run.

Timms connected on 6 of 17 passes for 56 yards. Lopez was 2 of 3 for 41 yards.

Lopez hauled in 6 passes for 56 yards. Haldon Ivy had one catch for 35 yards and Timms made a catch for six yards.

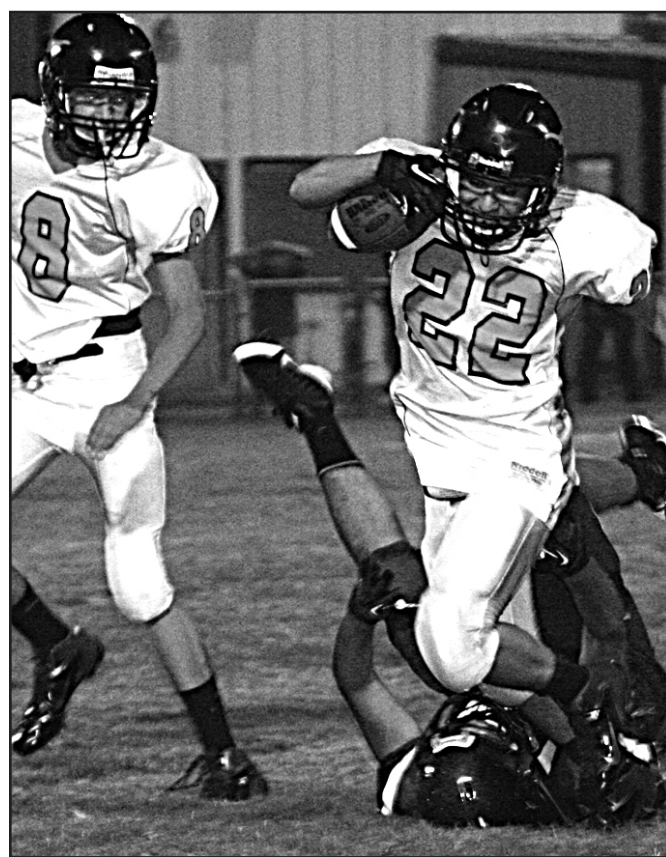

On the ground, Ivy led the attack with 9 carries for 48 yards. Lopez rushed 9 times for 35 yards. Timms earned 22 yards on 5 carries, while Keynan Youngblood had 13 yards on 3 carries.

On defense, Lopez had an interception return of 38 yards to set up a score.

Ivy had a sack and a tackle for a loss to go with a fumble recovery and 11 tackles. Timms was in on 12 tackles and two passes defended.

Youngblood had a forced fumble and 10 tackles. Isaac Montes added five tackles and T.J. Beckerink had seven more.

Team stats were: 1st downs, Lazbuddie 7, Hart 10; rushing yards, Lazbuddie 108, Hart 249; passing yards, Lazbuddie 97, Hart, 32; and penalties, Lazbuddie, 2 for 10 yards, Hart 2 for 15.

Live Cattle seemed to be running out of gas last week and again this week. They really need to push above their highs made back in May, but have made several attempts over the last few months and just can't seem to breakout. Cash trade was a miss last week with bids at \$124 and no seller's so the packer went home with no trade. A negative close today. Another down day would turn short term trends back down.

Feeder prices held up early this week, but not a very strong close with corn prices down over 16 cents. There are concerns surrounding the Live Cattle prices. Lower Live Cattle prices will not support higher feeder prices over the near term. A break below last weeks lows would turn trends back down. For now, the market seems to be in a holding pattern waiting for Live Cattle to pick the next direction.

Soybean prices moved down for their fifth day in a row, but are still holding some support around the \$16.90 area basis the November contract. Overall, long term trends are still holding up, but a break below support could lead to a much stronger move to the downside. South American planting is about to begin and analysts expect to see a significant increase over year ago levels.

Corn prices had turned up late last week and looked as though there would be a shot at higher prices coming into this week. The market failed today and closed at their lowest levels seen since late July. Aside from the USDA Crop Production report due out on Wednesday, the pressure is on. The USDA is expected to drop production by another 400,000 bushels, but the market is already expecting this to take place. Prices have been losing steam over the last two weeks. These trends could be turning down?

Wheat prices closed basically neutral when compared to the last couple months of trading. The July KC Wheat 2013 came within three cents of the \$9.00 level and also made new contract highs. The market could not hold their early gains and ended the day closing near the low which makes the market look weak. Depending on the direction of the corn and beans, odds are good wheat will follow.

Cotton prices have once again slipped into a sideways trading range which has lasted about the last three weeks. Prices have 'drifted' off their lows, but with little enthusiasm compared to rallies seen in the last couple of years. Overall, there has been little news to drive the market in one direction or the other. Until something changes, odds are good that the market will remain in slow trade for a while.

Futures and Options Trading involves risk of loss and may not be suitable for everyone.

# Steers edge Olton for 1st win *Farwell JB tops Olton*

by Keith Hadley

The Farwell Steers evened their season record at 1-1 last Friday with a 10-7 victory over the Olton Mustangs there.

After stopping Olton, Farwell got the ball near mid-field. Collin Christian ran for 10 yards, then threw a 15-yard pass to J.J. Herrera. But a turnover gave Olton the ball.

After both teams went 3 and out, the Mustangs managed a couple of first downs as the first quarter ended.

Olton tried a reverse pass that was stopped for a loss by Cade Box and Erik Graxiola, forcing a punt.

Curt Langford returned the punt 22 yards. The Steers gained two first downs but lost a fumble.

Getting the ball back, Farwell moves the ball well, gaining five first downs. But Olton intercepted a pass with 13 seconds left in the half as the teams went into the locker rooms 0-0.

Farwell took control of the game with a fast tempo to open the 2nd half.

Hayden Hadley fielded a short kick, bringing the ball to the 40. Christian hit Chase Mitchell with a pass. Also catching passes were Kolten Morris, Langford and Herrera, as Christian hit different targets with his throws.

With 7:56 left in the 3rd quarter, Morris kicked a 30-yard field goal to put Farwell on the board.

Olton responded with a drive that ended with a 5-yard TD run. The kick was good and the Mustangs led 7-3 with 6:14 left in the 3rd quarter.

Again, Olton had a short kick with Hadley catching the ball at the Steers 35.

Farwell managed first downs as Langford caught a 12-yard pass, and Christian and Morris had runs of 5 yards each. But the drive was stopped and Farwell punted. Bretton Stancell had a great punt and with the help from Box and Mitchell, the Mustangs were pinned back at their 15.

After Olton gained a couple of first downs, the Steers defense tightened and forced a punt. The Steers defense had some big tackles from Daniel Kirkland, Jordan Long, Morris, Christian, and Herrera as the 3rd quarter ended.

The start of the final period again saw Farwell keeping control of the ball and the tempo.

A blocking penalty called an apparent 35-yard TD run by Morris back. But that didn't seem to bother the Steers as they continued their march downfield.

Christian made paydirt with 8:20 left from the 4. The extra point kick by Morris made it 10-7.

Olton kept the ball for much of the time left, but some big penalties hurt their drive, along with a toughening Steers defense.

Team stats:

First downs, Farwell 18, Olton 9; rushing yards, Farwell 96, Olton 113; passing yards, Farwell 134, Olton 14; penalties, Farwell 11 for 68 yards, Olton, 11 for 100.

Christian connected on 12 of 24 passes. Mitchell

caught 4 for 60 yards; Langford, 4 for 42; Morris, 2 for 18, and Herrera, 2 for 14.

Morris rushed for 66 yards and Christian 29.

## Steers of the Week

*Steers of the Week: offense - Collin Christian; defense - Daniel Kirkland and Jordan Long; special teams - Kolten Morris and Bretton Stancell; and Big Hit -- Chase Mitchell.*

The Farwell JV beat Olton last week, 23-6.

In the first quarter, Angel Graxiola scored on a 98-yard interception return. The Steers added 2 points on a pass from Andrew Michalski to Oscar Muniz.

In the 2nd quarter, Adrian Aleman tallied on a 40-yard TD pass from Michalski, who killed the extra point, also.

And in the 4th quarter, Farwell added two scores. They got 2 points on a safety by Muniz. And Michalski hurled a 43-yard TD pass to Muniz.

**Texico schools projects forthcoming**

The Texico School Board on Monday discussed three building projects that are forthcoming:

1. Bids will be taken for placing a back fence to the vocational shop.
  2. Paving projects will be done at the ag farm, baseball field (and parking lot on south side), and parking lot at educational complex.
  3. The school's vocational class will build 10 handrails for the Texico Sports Arena. they will be placed in lower rows (where many elderly sit) on the home side.
- If this works out well, more handrails will be added. In other business, the board:
- Approved volunteer coaches Rob Hollis and Cary McFarden.
  - Heard that the motorized bleachers have been installed the Wolverine Gym (the "old" varsity gym).
  - Approved a request by a basketball club to use the Hoosier gym (the elementary gym) as long as it doesn't interfere with the gym's use by elementary school pupils.
  - Heard that enrollment is at 554.
  - Approved holding the next school board election in February. Two board seats are on the ballot - incumbents are Dwaine Hill and Justin Barnes.
- Also, the capital tax question will appear, as it does every half dozen years. A full explanation of this tax will appear in a later Tribune article.
- Heard that the Booster Club will have a meal in the cafeteria before a football game as a fund-raiser.

**Texico-Portales football game site may change**

The Texico Wolverines' football game against Portales on Sept. 14 may have a new location. The game is scheduled at Portales. However, due to a lightning strike last week, there has been a problem with electricity there. If the problem persists on Friday, the game will be moved to Texico's Field of Hope and Dreams.

**LEGAL PUBLICATIONS**

**NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT RENEWAL PERMIT NUMBER 52045**

**APPLICATION** Lariat Gin & Supply, Inc. has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 52045, which would authorize continued operation of a Cotton Gin located at 784 Loop 403, Farwell, Parmer County, Texas 79325. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=34.3266&lng=-102.9047&zoom=13&type=r>. The existing facility is authorized to emit the following air contaminants: organic compounds, nitrogen oxides, carbon monoxide, sulfur dioxide and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on August 15, 2012. The application will be available for viewing and copying at the TCEQ central office, TCEQ Amarillo regional office, and the Parmer County Courthouse, 401 3rd Street, Farwell, Parmer County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Amarillo regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

**PUBLIC COMMENT** You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING**

You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. **If no hearing request is received within this 15-day period, no further opportunity for hearing will be provided.** According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or association, the one or more members who have standing to request a hearing and the interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the executive director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

**AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/about/comments.html](http://www.tceq.texas.gov/about/comments.html), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 18006874040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Lariat Gin and Supply, Inc. 784 Loop 403, Farwell, Texas 79325-3444 or by calling Mr. J. Kelley Green, Director of Technical Services at (512) 615-1102.

## Bovina Banter

Deanna Curtis • 251-1405

The Tribune starts a new feature this week -- Bovina kindergartener of the week.

From March 13, 1947:  
City Marshal W. L. Venable took the oath of office as the town council continued discussing organization of city government.

A pink and blue shower honors Mrs. Elmer Venable. High school seniors attend stock show in Ft. Worth: Charles Ross, Durward Bell, D.C. Looney, Eugene Hawkins, Tom Bonds, Clarence Shanks, Howard Ellison, Stacy Queen and Robert Read.

Mr. and Mrs. J.O. Combs were visited by their two granddaughters from Clovis.

Running Water Land & Cattle, of Bovina, owns six bulls and Ace in the Hole Cattle, of Bovina, owns one bull listed in the 2012 Fall Sire Evaluation Report published by the American Angus Association.

School lunch menus for next week:  
Monday - chicken parmesan, green beans, tossed salad, apple, fruit, bread sticks.  
Tuesday - toasted ham & cheese, broccoli bites, tossed salad, orange smiles, fruit.  
Wednesday - crispy tacos, tossed salad, charro beans, apple sauce, fruit.

Thursday - chicken nuggets, cream potatoes, carrots, strawberries, banana, fruit, wheat rolls.  
Friday - spaghetti with meatballs, tossed salad, green beans, peaches, fruit.

The Bovina Band Booster club will meet on Sept. 22 at noon if you are interested in joining. Mark your calendars.

A note from Band Director Brad Walker:  
Our Mighty Mustang Band won the KFSA Battle of the Bands in the opening week competition, receiving 80 percent of the online vote over the Panhandle High School Band.

An update on the Cargill Sweet Bran plant to be built at the west edge of Bovina:

A ground-breaking is tentatively planned for the latter part of October.  
Plans to open the facility have been moved up, to June 2013.

On Sept. 13, the Middle School and JV teams host Highland Park. On Sept. 20, the MS teams play at Dimmitt and the JV team hosts Dimmitt.

Our Mustangs host Highland Park on Sept. 14 at 7:30 p.m. for Parents Night. Parents are asked to be there at 6:45 p.m. to line up for presentation.

It is already been a wonderful rallying year. I have seen folks at ball games I haven't seen in years cheering out there. It is so wonderful to see people come back out to support our students.

Bovina Schools will host a book fair Sept. 24-28.

The board is waiting to see how much tax revenue will come in from the new Cargill plant.

If a bond issue is needed, a special election could be set for next May.

-- Heard that enrollment is up to 462, compared to the first day of 446. The new figure is in line with last year's total.  
-- Set the next regular board meeting for Oct. 8.

### JV defeats Boys Ranch

The Bovina JV Mustangs put away Boys Ranch, 13-7, last week.

Scoring the Bovina TDs were Bernie DeLaCruz, on a 3-yard run, and Ramiro Carmona, on an 8-yard run. Alexis Oliva kicked an extra point.

Arturo Aguillon and Alexis Oliva recovered fumbles.

Cited for excellent offensive work was the "O Line" -- Hector Lopez, Oliva, Camilo DeLaRosa, Jesus Sanchez and Cruz Herrera.

Strong defensive work was turned in by Lopez, Arturo Aguillon, Bryan Garcia and DeLaRosa.

Showers were scattered throughout the Panhandle last week, but alas, none reached Bovina.

Margarita Alvarado passed this week. My heart is heavy with a deep sense of loss.

Margarita was a solitary person and that kept a lot of you from knowing her. I would like to share a few things about her.

I know we hear all the time of people being kind, giving, caring, wonderful, just an extraordinary person. Those words would not be enough to describe Margarita. She was always a ray of sunshine for me and so many others.

May God bless her spirit and keep her, and bring her husband, daughter, family, and friends comfort. Thanks for your wonderful friendship, Margarita.

Martha Fabela passed this week, also. It is difficult to have lost two wonderful ladies in one week.

Martha was someone the whole town knew because of her outgoing and funny personality. She and her husband, Richard, were always together, two peas in a pod. Martha and I spent a lot of time together ... and got into trouble a time or two.

I know she is in the hearts of so many and leaves behind many memories that we treasure. She will be missed so much.

May you rest in peace, friend. May God watch over your spirit and your family and friends.

If you have some junk you like to get rid of, there is a new Facebook page designed with that in mind -- Bovina Yard Sale. You can post a picture or a description of the item you are selling with the price and you can reach over 200 people.

It is a wonderful tool to turn your unwanted item into someone's awesome treasure. Give it a try!

Cross Country will running on the Sept. 15 at the Amarillo Invitational at Thompson Park.

School progress reports go out on Sept. 19.

I made a few mistakes last week. Kim McArthur has opened her clinic here and is going full steam now. If you would like to make an appointment, the correct phone number is 238-1005.

I apologize for any inconvenience this may have caused.

God Bless and have a great week.

Interesting Fact of the week: Cargill is also a producer of cocoa. What? These guys do it all!

# Fullerton resigns

The Bovina School Board on Monday reluctantly accepted the resignation of Supt. Dale Fullerton.

Fullerton, who served as Bovina High principal before being named superintendent 2 1/2 years ago, is retiring, effective Jan. 7.

He plans "to kick back and spend more time with my family and grandkids."

When his resignation first came up on Monday's agenda, no school board member wanted to make the motion, but then it was reluctantly done.

John Bass, a Region 16 official, will meet with the board at a special meeting on Sept. 17 to discuss the state-mandated process in seeking a new superintendent.

The position has to be open for at least 10 days without a deadline. Thus, it appears the job will be made available for applications on Sept. 18.

In other business, the board:

-- Heard that the roof work is expected to be completed this week with a walk-through scheduled Sept. 13.

-- Will use Underwood Law Firm to update the school's tax limitation agreements. This agrees with the pending construction of the Cargill Sweet Bran facility within the district.

struction of the Cargill Sweet Bran facility within the district.

-- Discussed the proposed new gym. It has been decided yet whether a bond issue will be needed or whether enough money can be set aside for it.

## Mustangs top Boys Ranch for first win

by Yolanda Robledo

The Bovina Mustangs are 1-1 after knocking off the Boys Ranch RoughRiders last Friday there, 21-14.

Once again, the Mustangs relied on their strong running game to post a victory. In fact, they only attempted one pass for the game, and it was intercepted.

Gabriel DeLaRosa led the rushing charge carrying 15 times for 137 yards. Right behind him was Marco

Terrones with 119 yards gained on 23 rushes.

Also joining in the dominant rushing attack were Andrew Marrufo, 37 yards on 5 carries; Alejandro Guevara, 26 yards on 5 carries; and Joseph Casas, 13 yards on 9 carries.

Despite turning the ball over three times, the Mustangs were able to control the clock and make Boys Ranch play catch-up all night. Strong defensive efforts by Mustang linebacker Andrew Marrufo anchored a unit that gave up only 122 yards on the ground.

The first quarter opened with Terrones returning the kick 5 yards. But the Mustang drive was stopped. The Boys Ranch drive was halted at the Bovina 20 on a B sack by Terrones.

Bovina moved the ball well with carries by Terrones, DeLaRosa and Guevara but could not score.

On defense, Jose Robledo had a tackle for a loss. And a 4th down pass by Boys Ranch was broken up by Zac Castillo as the quarter ended.

After a scoreless first quarter, the Mustangs got on the board with 4:22 left in the first half when Terrones ran to paydirt from 3 yards out. Castillo contributed a key block during this drive.

Terrones recovered a fumble near midfield. After Boys Ranch intercepted a pass, the returner was tackled by Alexis Oliva.

Both teams scored in the 3rd quarter. First, Boys Ranch scored on a 1-yard plunge to take a 7-6 lead at 9:16. But the Mustangs answered quickly after DeLaRosa scampered for 49 yards. Terrones scored on 2 yards out. DeLaRosa ran in a 2-point conversion and the score was 14-7 in Bovina's favor going into the final period.

On defense, Abel Rocha and Guevara had good tackles. Robledo had a QB hurry.

Again, both teams scored in the last 15 minutes. First, Terrones ran in for a 6-yard TD with 6:44 left. It was followed by an Marrufo point-after kick.

This drive was assisted by key blocks from Ramiro Carmona, Justin Curtis and Castillo.

Boys Ranch went on offense. DeLaRosa broke up a pass. Oliva had a good stop.

The scoring ended when Boys Ranch got a 5-yard TD run, followed by the extra-point kick, with 3:02 left. Boys Ranch then tried an onside kick to get the ball back but it went out of bounds, giving Bovina
