Local gas costs shoot up; cold winter doesn't help

by Teresa Mesman

The cost of heating your home this winter has almost tripled since November and the speculation for the end of January billing doesn't look any cheaper.

According to West Texas Gas Company spokesman Richard Hatchett, the high cost of spot gas for the months of December and January is the culprit.

West Texas Gas purchased a "reasonable" amount of gas at a fixed price of \$4 to cover the winter months November through February. However, this amount of gas was roughly one-third of the natural gas needed for heating during November and December. The remaining two-thirds of natural gas that was needed had to be purchased on the spot market for prices in excess of \$9.

"The state has experienced the second coldest November and December months on record and more natural gas was needed to provide adequate heating," said Hatchett. "The cost of service hasn't gone up, but when it's added to these high spot gas costs, everyone's bills are higher than normal."

Hatchett hopes West Texas Gas will be able to provide service and gas at cheaper prices for February.

"Spot gas is speculated to be less than \$7 for February, but that has yet to be determined," said Hatchett. "We're just very hopeful that this is the last of the high spot gas prices."

West Texas Gas Co. customers that are in need of assistance in managing their gas bills can contact the office in Farwell and arrange to be put on an average billing program.

This program gives an average cost over 12 months of what a customer's natural gas usage should be and gives an average monthly cost that is paid monthly. Realistically, a customer pays more for their gas in the summer months on this plan, but it helps the customer handle the cost of gas better in the winter months, when more gas is actually used than what the customer is billed for.

Another program that is available to both West Texas Gas customers in Farwell and PNM customers in Texico is the "LIHEAP" program. This is the Low Income Home Energy Assistance Program and it is available to help senior citizens and low-income individuals and families with their heating bills. Both states use their states low-income guidelines for determination.

In New Mexico, this program is available through the Human Services Department's Income Support Division. For more information about applying for LIHEAP assistance in New Mexico, call (505) 762-4751.

For West Texas Gas Co. customers, the LIHEAP assistance program is coordinated through the Panhandle Community Services office in Dimmitt. The coordinator is Stella Devers

Cash seizure was largest in U.S. by an individual all of last year

Remember that cash seizure that Texas State Trooper Isabel Carrasco made near Bovina in September -- \$2.6 million?

It was the largest cash seizure by an individual in the U.S. in 2000, reports Parmer County District Attorney Johnny Actkinson.

Carrasco had stopped a truck because the driver was not wearing a seat belt. After the money was found, the two men in the truck signed a waiver saying they had no knowledge of the money and giving it away.

That money is yet to be divided up among law enforcement agencies (although 70 percent of it will go to Austin). The final decisions may be made in February.

Texico-Farwell Lions Club will be missed

Normally, bad weather doesn't get to me.

But I hate it when bad weather is predicted in mid-week because of my 47-mile trek to Hereford each Wednesday.

So when the weather forecasts on the Clovis radio stations predicted humungous amounts of snow -- up to 20 inches!!! -- would fall, I hustled to get the paper done early to get to Hereford and beat the snow.

That worked out well, except for one question I still have -- what happened to the snow?

And I believed the weather forecasters. Shows how intelligent I am.

Oh, yeah, we got a light dusting. At best. Anyway, better safe than sorry. So now you know why you got last week's Trib a day early.

A sad note in today's column, folks:

I'm sorry to let you know about the upcoming demise of the Texico-Farwell Lions Club.

This organization has worked hard for more than 50 years in the Twin Cities.

In the 16 years I have been a member, I can testify to the following:

-- Renovating playground equipment at Texico Elementary School.

-- Buying eye glasses for needy Farwell and Texico youths.

-- Selling light bulbs, running trap shoots, having garage sales.

And the most important project was one that took five years to complete: setting up Lions Park in Texico.

Remember what it looked like when we started? An empty lot full of broken concrete, broken bottles, rocks. What a sorry sight it was, right behind the First Baptist Church of Texico.

But we cleaned up that area, planted grass, put in a sprinkler system, and put in bushes and playground equipment.

I'll always remember that first work day when I was out there for 12 hours, on my hands and knees helping clean it.

And that project was helped by others, Texico folks and city employees.

And today, it is a beautiful park for the community.

Top showman
Trey Nickles won the senior barrow showmanship at the Lazbuddie junior livestock show.

But service organizations have fallen on hard times. Folks say they are too busy to get involved. TV hurt. And work comes first. So fewer and fewer folks want to join civic groups.

As a result, the membership of the Lions Club has steadily dwindled to the point where the inevitable is obvious.

Texico-Farwell will miss the Lions Club.

Farmers' Electric Co-op challenges SPS plans

Farmers' Electric Cooperative is challenging the Southwestern Public Service (SPS) transition plan in Texas and New Mexico. Farmers' Electric services the Texico area.

The plan, being considered by the two states' governing bodies, would allow SPS to move power plants into unregulated affiliates, and then sell the bulk of its generation plans to independent operators. Thus, SPS would enter the deregulated marketplace in both states, says Farmers' Electric.

Farmers' Electric said that by SPS' own accounting, the sale would likely result in increases in retail electric rates from 7 to 8 percent, though the increases could be much greater. Lance Adkins, Farmers' Electric general manager, said, "We have a long-term contract with SPS to provide our wholesale power needs through 2015. While the terms of that contract state that it cannot be transferred to another party, it seems that SPS intends to disregard that provision of our agreement, forcing us to purchase power from whatever entity buys their generation facilities."

Adkins believes that SPS could minimize or eliminate this negative impact on the cooperative by exercising a "buy back" provision contained in a stipulation agreement with the PUCT that secured approval of the merger between New Century Energy and Northern States Power (SPS merged with

Public Service Co. of Colorado in 1997 to form New Century Energy). The buy back provision allows SPS to buy power from generators sold to a third party; it was included in the stipulation agreement to ensure that the wholesale rate we originally agreed to would be the same whether SPS owned the generators or sold them to another party.

"By ignoring this provision, SPS can attract much higher prices for its generation assets because potential buyers will be able to charge higher, California-like market prices for the wholesale energy. Due to the limitations on transmission and generation facilities in eastern New Mexico, our members become a captive market for whomever buys the SPS plants. As a result, our members will likely be forced to pay significantly higher prices for energy -- energy produced from generators which they have already partially paid for as part of the cur-

rent SPS wholesale rate structure."

The current California chaotic energy situation could happen here, Adkins feels, if SPS gets its transmission plan approved. And he says that SPS's own retail customers would be hit hard by energy price increases, too.

Adkins said Farmers' Electric, Lea County Electric, and Roosevelt County Electric Cooperative are intervening with the Federal Energy Regulatory Commission about SPS' plans. He said the New Mexico attorney general's office has also indicated they will intervene.

Farmers' Electric is also having discussions with state Sen. Michael Sanchez, author of New Mexico's restructuring law, who Adkins said plans to introduce changes to the law in this legislative session, delaying restructuring by five years.

"One thing that is crystal clear in California, is that the loss of regulatory oversight of generation assets is directly contributing to the extreme prices in California," said Adkins. "We will be contacting legislators and asking them to support Sen. Sanchez's delay and/or repeal if proposed, and that any delay must include a delay in generation asset separation into unregulated affiliates."

Public meeting planned on proposed dairy near Texico

A public meeting with state officials to discuss a possible dairy just outside Texico's city limits is scheduled for Feb. 1 at 6 p.m. mt at the Texico Community Center.

Representatives from the state engineer's office, air quality division and water quality division are expected to attend.

The Texico City Council urges a large turnout of Texico and Farwell residents to oppose the planned dairy.

Wayne Martin Jr. has purchased the property and is seeking a permit for a dairy to be placed there.

Commissioners receive road-closing request

The Parmer County Commissioners on Monday received a request to close a road northeast of Friona, near the Castro County line.

The petition was signed by nine landowners, including Donny Carthel, Royce Welch, Loyd Cheshier and Richard Barnett.

The legal description is: 1/2 mile eastin Sections 8 and 2, and then 1 mile south in Section 2, all in Harrah Subdivision.

The commissioners appointed a Jury of View to recommend whether the road should be closed. Jury members are Tommy Williams, Dale Gober, JeDon Gallman, Gene Ellis and Floyd Reeves.

Carthel, who presented the petition, said the road is no longer used and property

owners involved want to put a fence around the property (where CRP is involved).

In other business, the commissioners:

-- Received the emergency management plan from Fred Ferguson, county emergency coordinator. The plan is a state requirement.

-- Allowed the sheriff's department to buy two Ford Expedition 4x4s through a government contract.

LIHEAP is not a welfare program. It is an entitlement program designed to help with high energy costs that stem from gas or electrical costs, but can also include propane, oil or firewood.

Panhandle Community Services has been given \$3,000 to use during February to help middle class customers with their heating bills. This money was given by Energas to help those families and individuals that do not qualify for complete assistance. This money can help pay a portion or, at most, half of a heating bill.

"It's not just the low-income families that are being hard hit, it is affecting the middle class as well. It's taking a huge chunk out of our paychecks to pay for heating right now," said Stella Dever, PCS center coordinator. "Please don't hesitate to ask for help with these heating bills. Your gas company will be glad to work with you about paying your bills. Our services are available to all those who qualify based on the state guidelines for assistance and there's even some unique assistance available to families and individuals that do not qualify."

Since this is my first Chit Chat since Christmas I would like to back track just a little.

We want to say thank you to all the groups and organizations who brought Christmas cheer in many different ways to the convalescent center residents.

Special thanks to the auxiliary for all they did for us during the holidays. Thank you to Peggy Sudderth and Sharon Armstrong for playing the piano for the residents at the Christmas party.

Remembering back to just a year ago, all the anticipation we had for starting the year "2000." The year went so fast, it's hard to believe it has come and gone.

Sharon, Faye Askew and myself had a nice new years eve party for the residents on New Year's Eve. We had a fairly large group of residents to attend. Our music entertainment was Mr. and Mrs. Harold Carpenter. The piano music was so festive it made some of the residents want to clap to the music and even dance, and so they did! We had hot dogs, chips, dips and soft drinks. The residents enjoyed party hats, party blowers and noise makers during our countdown. We had a lot of fun. Only one complaint from one resident, he thought we should of had our party at midnight and had a real countdown. I'm sure our nurses and those residents who would rather sleep would have loved us.

During our recent auxiliary meeting, new officers were voted in for the year. Congratulations to: Julia Symcox, president; Robbie Williams, vice-president; Frances Kube, secretary; Kathryn White, treasurer; and Mary Mesman and Carol Dean Huggins the calling committee. We look forward to a wonderful year with you and we say thanks to all who served as officers during the year 2000.

If there is anyone in the community who would like to join the auxiliary you may call Kathryn White at 481-9133 or Debbie Parmer, 481-9027. Dues are only \$5.00. This is a great organization to get into if you are wanting to serve others, or just looking for something to do.

Many thanks to the auxiliary for their generous donation toward covering chairs and recliners for the residents lobby area. They look fantastic.

We are looking forward to a meal-out with residents this month. Residents have decided it will be Mexican food this time. Sounds yummy, doesn't it?

Last Wednesday a.m., several residents enjoyed a McDonald's breakfast sponsored by Dr. Chasteen. The residents really did enjoy this special treat. We had sausage, eggs, biscuits, ham/egg McMuffins, pancakes and hash browns. Many thanks to Dr. Chasteen!

Last Friday, our men's club really enjoyed T-bone steaks. These steaks were grilled outside by our maintenance director Mario Vidaurri, one of the residents even helped him and enjoyed it very much. When the end door was opened, the hallway was filled with the aroma of grilled T-bones with peppers and onions. It smelled so-o-o delicious? You guessed it, I went home that evening and cooked T-bone steaks? I wonder how many others did? Thank you to Mario, kitchen staff and activity staff.

We welcome resident Billie Phillips to our facility. Mrs. Phillips is from Farwell and would enjoy visitors from the community who know her.

Residents monthly birthday party will be Jan. 26. We invite family members of those residents who have January birthdays. The party starts at 3:00 p.m.

January 21-27 is activity professionals week. Let's remember our activity staff. When you see them, thank them for all they do to help enrich the lives of our residents. Thank you to: Sharon Askew and Rebecca Delgado. We are very fortunate to have them in the activity department.

Until next time, have a safe January.

Farwell city park discussed

The Farwell City Council on Jan. 16 met with ESA Sorority representative Margaret Aycock to discuss city park playground improvements.

The city council pledged \$1,000 toward this cost if ESA goes ahead with a fund-raising project to buy new

playground equipment for the city park.

Mrs. Aycock also discussed having a memorial fountain in the park, but no action was taken.

In other business, the council:

-- Approved building permits for Clemente Meza, a garage at 207 7th St.; Bill Pennington, a storage building at 411 8th St., and Daren Sudderth, a storage building at 106 San Andres.

Texico varsity hoopsters destroy their competition

Talk about a couple of strong teams -- this year's Texico Wolverines and Texico Lady Wolverines are the talk of the state.

Let's take a look at the Lady Wolverines, the odds-on favorite to win their second straight state championship (with another ready for them again next year).

The Albuquerque Journal newspaper keeps statistics from around the state.

In girls Class 2A, Texico star center Elizabeth Richards leads everyone in New Mexico in points per game, averaging 21.0. Close behind her is star forward Jennifer Roberts, with 15.3 points per game. And on the list of the top Class 2A scorers is yet another Lady Wolverine -- Kara Jenkins, at 10 points a game.

The same three young ladies are also listed among the top rebounders in their class. Richards comes in 2nd among the rebounders with 13.6 per game. Roberts is pulling down 5.6 boards a game, while Jenkins is adding 5 per game.

In the assists category, a 4th Texico Lady Wolverine cracks the statistics. Krysta Morris is averaging 4.9 assists a game (the chart leader is averaging just ahead of her, at 5.2). Also among the assist leaders are Richards and Roberts, both at 4.0. This also shows the versatility of Richards and Roberts -- not only do they score and rebound, but they dish out assists, making them complete ball players.

And where does this place the Lady Wolverines in the newspaper's coaches poll? No. 1 in the state.

Texico, with only a loss to Texas powerhouse Sudan, was 14-1 in last week's newspaper poll. The state's No. 2 ranked team, Navajo Prep, had only an 8-4 record. McCurdy was 3rd at 9-5. Thus, it appears that Texico is head and shoulders above all the other teams in its class in New Mexico.

The Lady Wolverines have blasted every opponent they have faced except for Sudan, losing by 3, and Farwell, winning by 3. Otherwise, their closest margin of victory so far has

been by 18 points.

Take a look at some of these scores: 59-25 over Lazbuddie, 77-30 over Bovina, 84-35 over Tucumcari, 87-40 over House, 75-32 over Melrose, 83-43 over Santa Rosa, 72-31 over Jal and 82-34 over Eunice. Texico is on a higher plane.

Now a look at the Texico Wolverines:

In last week's coaches' poll, the Wolverines, with an unblemished record of 15-0, is ranked No. 2 in Class 2A, behind Tularosa, which is 9-2. Cimarron, at 11-1, is a distant 3rd in the poll.

In the scoring category for Class 2A players, four Wolverine starters are listed -- Josh Boazman, at 12.8 points per game; Johnny Sena, 11.6; Ross Burford, 11.5, and Chris Hall, 10.8.

Among the top rebounders are Boazman, at 9.6 per game; Burford, at 7.3; Kyle Duncan, at 5.8, and Justin Foust, at 5.3. In other words, Texico dominates the boards.

In the assists category, Texico's guards show up strong. Hall averages 5.8 assists per game, ranking 2nd in the state in this column. Michael Marlow is averaging 5.3 and Ryan Autrey is at 5.1.

While the Wolverines haven't had the number of blowouts the Lady Wolverines have had, most of their victories have been one-sided such as these: 92-18 over Roy, 82-45 over Happy, 82-37 over Bovina, 67-32 over Tucumcari, and 92-32 over Grady. Their closest win was over Logan, 67-66.

Here's the statistics after the first 16 games, in which the Wolverines have outscored their opponents, 1,217 to 778.

Scoring - Burford, 9.4; Autrey, 4.4; Hall, 13.9; M. Loera, 5.6; Marlow, 3.2; T. Williams, 3.6; Foust, 4.7; Sena, 10.9; Boazman, 14.1; J. Williams, 4.8; AlderseBaes, 2.9; Duncan, 5.8; and A. Loera, 1.1.

Top rebounds are Boazman, 125; Burford, 91; Foust, 72; J. Williams, 65; Duncan and Sena, 61 each.

Leading in steals are Hall, 71; Sena and Autrey, 39 each. Handing out assists are Hall, 75; Marlow, 48, and M. Loera, 41.

Texico has hit 44 percent of their 2-point shots, and 29 percent of their 3-pointers. Top 3-point marksmen have been Hall, 181 Foust, 14; Boazman, 10; and M. Loera, 8. From 2-point range, Burford has canned 48 of 100 attempts, and M. Loera has knocked down 30 of 52 shots.

Notice of Requirements
to Report Certain Matters Relating to Property Valuation
and for Claiming Exemption from Property Taxation

Margie J. Crooks, Curry County Assessor, hereby publishes notice to property owners, pursuant to Section 7-38-18, N.M.S.A. 1978, as follows:

1) If you or your spouse are 65 years old, or if either of you will become 65 years old in 2001, and if your "modified gross income" was not greater than \$18,000 in 2000, you may be eligible for a limitation on the taxable value of your residence. If you think you are eligible, you must apply to the Assessor no later than 30 days after the Assessor mails the notice of value for your residence. The application must contain certain required information and must be in a form that may be obtained from the Assessor's office. Section 7-36-21.3, N.M.S.A. 1978.

2) If you own real property not valued by the Assessor in 2000 for property taxation purposes, it must be reported to the Assessor no later than February 28, 2001, unless it is not subject to valuation for property taxation purposes in 2001. The report must contain certain required information and be in a form that may be obtained from the Assessor's office. Section 7-38-8(A)(B), N.M.S.A. 1978.

3) If you have made improvements to real property during 2000 and the improvements cost more than Ten Thousand Dollars (\$10,000), the improvements must be reported to the Assessor no later than February 28, 2001. The information required and the form of the report may be obtained from the Assessor's office. Section 7-38-8(C), N.M.S.A. 1978.

4) If you believe that you or your real property is entitled to exemption from property taxation, you must apply to the Assessor for exempt status no later than February 28, 2001, in order to be entitled to exemption from taxation in 2001. Exception: If an exemption from taxation was in effect for 2000 and the basis of the exempt status or use is unchanged from that year, application for exemption need not be made for 2001. If required, application for exemption must contain certain required information and must be in a form that may be obtained from the Assessor's office. Section 7-38-17, N.M.S.A. 1978.

5) If you or your real property was exempt from taxation in 2000 but the basis of the exempt status has changed during 2000 so that there is no longer eligibility for exemption, you must report that fact to the Assessor no later than February 28, 2001. The report must contain certain required information and must be in a form that may be obtained from the Assessor's office. Section 7-38-17, N.M.S.A. 1978.

6) If you claim "residential" status for your real property, you must declare this status to the Assessor no later than February 28, 2001 unless the property was classified as "residential" by the Assessor in 2000. In the event that the predominant use of your real property has changed from "residential" to "nonresidential" during 2000, that fact must be declared to the Assessor no later than February 28, 2001. The declaration must contain certain required information and must be in a form that may be obtained from the Assessor's office. Sections 7-38-17.1 and 7-36-2.1, N.M.S.A. 1978.

7) If you own property that has decreased in value during 2000, and that property is subject to valuation for property taxation purposes, you must report the decrease in value to the Assessor no later than February 28, 2001. The report must contain certain required information and must be in a form that may be obtained from the Assessor's office. Section 7-38-13, N.M.S.A. 1978.

8) If your land was valued in 2000 in accordance with the special method of valuation for land used primarily for agricultural purposes, and the land is still used primarily for agricultural purposes, you need not reapply for that special method of valuation in 2001. If your land was not valued in accordance with that method of valuation in 2000, and it is now used primarily for agricultural purposes, you must make application to the Assessor in order to obtain that valuation method in 2001. If your land was valued in accordance with that special method of valuation in 2000, but it is no longer used primarily for agricultural purposes, you must report that fact to the Assessor. The required applications and reports must be made to the Assessor no later than February 28, 2001, and must contain certain required information and be in forms that may be obtained from the Assessor's office. Planned Texico housing units opposed

Opposition was voiced at Tuesday's Texico City Council regarding the proposed low-income apartment complex to be built near Avenue F and Garwood.

The council needs to approve a zoning change to multi-family from single-family for the Warren Estates Addition. The council will ask the developer and representatives of the Eastern Plains Council of Governments, which might manage the units, to attend the Feb. 27 council meeting to further discuss their plans.

Plans call for the 2-story units to be built on property owned by Jim and Carolyn Burrows. Twenty townhouse units are proposed, all for 3- and 4-bedrooms. They would be for families earning less than the area median income.

Roy Thornton talked about possible water pressure and noise problems. He was told a 6 inch line would be built for water.

Freda Neie was concerned about the effect that low-income housing would have on nearby property values, and did not favor putting so many low-income units at one site. Her husband, Glen, pointed out traffic and road access problems.

Council Jeff Queener said the project's tax money (over \$3,000 a year in taxes) would be a benefit, adding, "Texico needs to grow." Councilman Doug Scioli said if the project goes well, it could lead to more housing development on the Burrows property.

In other business, the council: -- Gave a copy of the Ute Water Commission Joint Powers Agreement to city attorney Marion Ty Rutter for study. Queener said he really doesn't expect the Ute Lake project to ever result in any water flowing this far south. But Texico is staying in the project for the time being, while also seeking to participate in the Texas Llano Estacado water plan, which Parmer County is in.

-- Said the ordinance for the Avenue F annexation should be ready for the next meeting.

-- Approved an aesthetic review permit for Sonny Ortiz to

remove a mobile home from 109 Lamar and replace it with another mobile home.

-- Said that Wayne Martin Jr., who is seeking a state permit to allow a dairy on his property just west of Texico, has purchased land adjacent to it, with some of it within the city limits. City officials are worried about odors and other problems.

-- Heard a presentation by Richard Hadley, representing the Texico Chamber of Commerce, and Steve Meeks, representing the Clovis Homebuilders Association, about a plan to place a banner across the highway in Texico.

The banner would allow groups to display special event notices, school events, etc., on it. Portales has such a banner in place now.

The plan calls for the city or chamber to own the banner (for liability insurance purposes), and they would allow the Clovis Homebuilders the use of it for free up to four times a year. Meanwhile, the city and chamber could use it as much as they wanted, and possibly rent it out to others (if this is legal).

Meeks suggested the banner swing be built at the west end of town over the highway. The system allows the banners to pivot in the wind while being displayed. Materials would cost about \$1,400 and the Clovis group would pay for it.

The city will check with the state highway department on the legalities before taking action.

-- Heard Fire Chief Lewis Cooper report that the county told Texico that about \$2,500 was available for economic development but since there was no viable program in place here, the funds were turned back.

-- Discussed a problem with several mobile homes which have been moved into Texico but are not in compliance with local statutes. The city has repeatedly asked the owners to get the homes into compliance but they have refused to follow their agreements. Now the city doesn't know what to do. If the city moves the mobile homes, it is very costly.

-- Heard that police officer Atchley has successfully completed hits six-month probationary period.

Lady 'Horns improve to 5-1; Longhorns win 3 straight

Varsity Girls

The Lazbuddie Lady Longhorns had an easy time of it Tuesday -- they won their game over Spade by forfeit.

Lazbuddie got a call early in the afternoon saying that several of the Spade girls had caught a virus and there were not enough athletes to play the game. The same was true for the JV girls.

So, after the night off, Lazbuddie improved its record to 5-1 in district and 12-10 overall.

Whitharral leads district with a 6-0 record. But the odds are pretty good that the Lady Longhorns will also make the state playoffs.

In Class 1A, the top two teams enter the playoffs.

On Jan. 16, the Lady Longhorns suffered their first district loss, falling to Whitharral, 40-19.

Savannah Black led the Lady 'Horns with 13 points. Laura Jo Via was hampered by early foul trouble.

Lazbuddie was 10-10 overall and 3-1 in district after this game.

Last Friday, the Lady Longhorns improved their district record to 4-1 and 11-11 overall with a 60-33 win over Cotton Center at home. Leading scorers were Savannah Black, with 18, and Laura Jo Via, with 21.

Varsity Boys

This will be a season to remember for Coach Marks of the Longhorns.

Once again, the team played a district nail-biter. On Tuesday, Lazbuddie defeated Spade in an away game, 64-62, when Moi Garcia hit a 10-footer from the baseline as the buzzer went off.

The victory put Lazbuddie at 3-3 in district and 8-12 overall.

The Longhorns had lost the first three district games by the slim total of 9 points.

And they have won the last three district games by a similar slim total of 5 points. They beat Cotton Center by 1 and Whitharral by 2 in the past two matches.

Thus, their total six district games have been decided by only 14 points.

The Longhorns finally got into the district win column on Jan. 16, after suffering some close losses.

They nipped Whitharral,

41-39, in an away game. Believe it or not, Lazbuddie was down 39-27 after three quarters, then outscored Whitharral 14-0 (that's right -- zero) in the final quarter to gain the victory.

It looks like Lady Luck has begun to favor the Longhorns. After some close losses, the 'Horns won their second

Overpass costs assessed
Movement toward an overpass between Texico and Farwell is taking place. Appraisers were in Texico last week to check on costs for buying property. The Tribune was told they are looking at \$43 per square

foot, plus extra money for buildings. An estimated total cost is needed so the New Mexico and Texas highway departments know how much to ask from their respective legislatures.

Leading scorers were Moi Garcia, with 19 points, and Jake Loudder, with 20.
