Hitler Admits Nazi Armies On Defense

The Hitler high command gave the German people today an inkling of the scope of the Russian counter-offensive...

The first sentence of the daily war communique, confessing this loss of initiative, said: "In the Crimea, on the Donets fronts and southeast (from Leningrad) to Lake Ilmen, defensive fighting still continues."

It was one of the broadest admissions thus far of the Red army's striking power. The communique added vaguely that "additional (Russian) tanks" had been destroyed on the Kerch peninsula...

The communique from Berlin, Rome and Cairo unanimously reported patrol activity in eastern Libya, the British declaring that a small axis column was repulsed by artillery fire east of El Mechili...

Both Rome and Berlin reported the customary air attacks on Malta. In the western air and sea warfare, the Germans said two convoys were "dispersed" by gunfire from the French shore of the English Channel...

Schley Riley, president of the club, said that members were calling at the chamber of commerce office for hat bands and to check there for transportation if they did not have a way.

Well over 100 animals will be shown at Garden City, 94 of them stock fed out by club boys and girls. Adults will have judging for classes of breeding cattle, and horses.

Highlight of the program for many will be the mutton barbecue. Four-H boys and girls and FFA boys exhibiting lambs are: Harry Love Calverley, Lester Ratliff, Dick and Joe Cunningham, Jack Berry, Jack Claude, and Robert McDaniell...

Jack Berry, 9 years old, tiny 4-H club member will compete against the men in the registered Hereford division. Jack is showing a Hereford heifer that is a full sister to the Hereford bull he showed last year which won the grand championship.

Tock Haley, 4-H club member and his dad, T. Haley, will exhibit some registered milking short-horns.

PORTSMOUTH, N. H., March 2 (AP)—A new Navy submarine, the U.S.S. Kingfish, was launched today at the navy yard before a small group of official guests, Navy officers and yard workmen.

JACKSON, Mich., March 2 (AP)—A break in a major water main today caused a complete shutoff of the water supply in this city of more than 50,000 population, threatening stoppage in many industries.

PHILADELPHIA, March 2 (AP)—Edward Cavanaugh was mighty mad after he paid his income tax, but it had nothing to do with Uncle Sam.

WASHINGTON, March 2 (AP)—President Roosevelt ordered today a streamlined reorganization of the army, giving new recognition to the importance of the air corps.

WASHINGTON, March 2 (AP)—The air forces were given a semi-autonomous status under their own chief, Lieutenant General Henry H. Arnold, last year, at a time when congressional champions were demanding independence for the air arm from the army and navy.

The reorganization was ordered after weeks of study, given urgency by the war, of means to improve the army's efficiency during the expansion to 4,000,000 or more officers and men. The secretary of war was authorized to create additional overseas departments to embrace tank forces, base commands, defense commands, commands in theatre of operation and other commands he deems necessary.

Sailors Tell Of Fierce Sub Attack

Convoy Crippled By Pack Of U-Boats In North Atlantic

AN EAST COAST CANADIAN PORT, March 2 (AP)—A tale of wholesale disaster striking suddenly in the night far at sea has been brought here by survivors of a convoy which lost at least four of its merchant ships when it was caught by a pack of U-boats in mid-Atlantic.

Rescued seamen, 111 men from the four vessels, were brought to port yesterday. Their accounts, indicating that the westward plodding convoy may have been tailed by submarines for days, put as high as nine the number of merchantmen torpedoed. Some of the survivors, the crews of three tankers and one freighter, were picked up by a United States warship.

How many of the other torpedoed ships went down and how many men were lost was not disclosed.

Survivors from one ship, of whose crew 38 men are missing, said the vessel was struck at 3 a. m. and sank before a boat could be lowered. The 38-man crew of another ship arrived intact, rescued after several hours in three lifeboats on the dark, tossing Atlantic.

One seaman said seven vessels were torpedoed on the night of the attack more than a week ago and that two more were hit the next morning. Another said the attack went on for three days; a third reported that sounding devices detected five U-boats in the raid.

Trifling By Eddie Barr Is Described

DALLAS, March 2 (AP)—The mother of Mrs. Juanita Barr testified today that she and her daughter found Eddie Barr in the apartment of Mrs. Blanche Woodall 18 days before the former night club dancer was shot to death.

"When I knocked on the door Mrs. Woodall came to the door clad only in a kimono with nothing underneath it," said Mrs. Amy Puckitt as the defense resumed testimony in the murder trial of Mrs. Barr.

Mrs. Puckitt said Barr, former Dallas newspaper columnist, left his wife's home about 7 a. m. Mrs. Barr and her mother drove to Mrs. Woodall's apartment a short time later.

The witness said she told Mrs. Woodall that Barr's wife, who was in the car outside, wanted to see him.

"Eddie said to tell Juanita he would see her later," Mrs. Puckitt quoted Mrs. Woodall.

She said Barr then walked out to his own car and drove away. "Then Juanita came up on the porch and we both went in and talked to Mrs. Woodall," the witness continued.

Mrs. Puckitt said she reminded Mrs. Woodall of a promise to stop going with Barr.

"Oh, I love the guy," she quoted Mrs. Woodall.

Mrs. Puckitt said she and her daughter left after obtaining a promise from Mrs. Woodall not to see Barr again.

The mother said Barr drove by his wife's home, talked with her awhile and then left with some clothing. He said he was moving to an apartment.

This separation was on Sunday 13 days before Mrs. Woodall was slain in her apartment.

House Committee Opposes Sub-Par Farm Goods Sale

WASHINGTON, March 2 (AP)—The house appropriations committee recommended today that congress prohibit the Commodity Credit Corporation selling its farm stocks at less than parity, a provision President Roosevelt opposed unsuccessfully in the senate last week.

Sending a \$695,588,830 supply bill for the agriculture department to the house, the committee inserted a provision which said that no part of the Commodity Credit Corporation's appropriations could be used for administrative expenses in connection with the sale of government-owned stocks "at less than parity."

The senate last week directly forbade sales at less than parity a few hours after a letter from the president was read which said such a prohibition was improper and which criticized those who were seeking "a few dollars" more for the farmer.

In a report accompanying the bill, which was \$458,387,861 less than the department's funds for this year, the committee accused the farm security administration of "carrying on experiments in collective farming under a plan which appears to resemble the practice of collective farming in communist Russia."

The bill contained a prohibition against any new projects of such nature and a ban on loans of more than \$2,500 to any farmer under the rural rehabilitation program.

Commenting on the parity price provision the committee said: "The committee does not believe that congress intended to vest the secretary with power and duty to so handle government-owned stocks of agricultural commodities as to prevent such prices rising to parity levels, or even for the purpose of 'bearing' the prices of such commodities below minimum ceilings fixed by congress in recently enacted price-fixing legislation."

Parity is a price calculated to give farm products the same relative buying power as they had in a stated period, usually 1909-1914.

For the first time in many years, the bill carried no money for direct parity payments, although it contained \$450,000,000 for the usual soil conservation payments. The parity item—usually about \$212,000,000—was omitted because farm prices are high enough without those subsidies. The bill would empower the department to make commitments for the \$212,000,000 if prices sagged.

Other substantial reductions from last year's appropriations included \$3,199,905 for the soil conservation service; \$125,150,000 for disposal of surplus commodities (including a cut of \$26,000,000 for food stamps); \$90,000,000 in loan authorization of the rural electrification administration and \$49,388,971 for conservation and use of agricultural land resources.

In addition to the total of \$695,588,830 carried in the bill, \$139,087,795 will be available to the department under permanent statutes, giving an overall fund of \$834,676,625 compared with \$1,235,646,504 during the current year.

Discussed in closed committee sessions for months, the pay question threatened to become a live legislative problem just at the time when congress was trying to complete repeal action on the troublesome self-pension law and to reach a settlement on the controversy over price regulations for farm products.

WASHINGTON, March 2 (AP)—A new and potentially explosive issue—increased pay for men in the armed forces—appeared on the legislative horizon today as congress began its third month deeply immersed in wartime problems and controversies.

Introduced by Senator Johnson (D-Colo.), the military pay bill has been the subject of intermittent hearings since last November 17 but members of the senate military committee said they were now nearing a showdown on its terms.

Johnson originally proposed comprehensive basic increases from privates and seamen to generals and admirals, but several committee members predicted that if any bill finally was laid before the senate it would provide benefits only for those in the ranks, possibly including second lieutenants and ensigns.

'Taxicab Army' Battles Japanese

BANDOENG, Java (By Telephone to New York) 10:30 P. M. (11 A. M. CWT) March 2 (AP)—An allied counter-stroke delivered against Japanese invasion forces wading into Java was declared officially tonight to have "developed satisfactorily" but all details of the hard-fighting defense were kept secret.

BATAVIA, March 2 (AP)—Destruction of all vital installations in this capital of the Netherlands East Indies has been started as a precautionary measure, Aneta agency said today, quoting an authoritative source. It added, however, that there was "no question" of any immediate threat to the city.

BANDOENG, Java, March 2 (AP)—Supported by a smashing aerial assault which has wrought havoc among Japanese on the beaches, a desperately determined taxicab army has been rushed into a counter-attack and may already have fought a vital engagement against invaders who in two short days have swept to within 30 miles of this military headquarters of the United Nations.

"Attack and not defense must be our watchword—" said an order of the day which disclosed that British troops had gone into action.

Joined also in the defense of this richest island of the Indies were Americans, who with Australians and British made up some thousands of reinforcements for slim Dutch army variously estimated at from 100,000 to 200,000.

Indicating that a crucial stage had been reached in the plans of the Dutch defenders, the Netherlands command said nothing concerning the landing fighting.

But for all eyes to see was the stream of taxicabs and camouflaged trucks loaded with green-clad Dutch and Malayan reserve troops which rumbled down the volcanic slopes toward the northern coastal plain where the invaders had established footholds in three places on Saturday night.

A Reuters dispatch to London from Java said there was reason to believe that in the counter-attack the Allied troops already had cut off the Japanese column which had penetrated 40 miles inland to Soebang, within 30 miles of Bandoeng.

Aneta, Dutch news agency, said the Japanese had attempted no more landings on the island since Saturday night, and a special communique of the high command pointed to the probability that the terrific hammering of Dutch and American planes may have upset the Japanese schedule of reinforcement.

The communique said a smashing attack by Dutch fighter planes Sunday night nearly every one of the heavily-laden barges engaged in landing men and tanks from 20 transports near Rembang.

Swooping low with light bombs and machineguns, the fighting planes overturned and sank the barges, set afire tanks which had been put ashore on the beaches and caused others to be dropped into the water, the communique said.

It was this beachhead near Rembang which threatened Soerabaja, the Dutch naval base at the eastern end of the island.

The extensive fleet of Dutch torpedo boats also has gone into action, along with submarines, to extend the toll of 27 Japanese transports and warships sunk, damaged, beached, or burned out, the communique disclosed.

The communique said one torpedo boat had sunk a flotilla leader, adding one to yesterday's total of 28 ships sunk or damaged of the approximately 50 transports and 20 warships sent by the Japanese on this expedition.

TANKER SUNK LONDON, March 2 (AP)—An axis tanker was torpedoed in the English Channel last night, the admiralty announced today.

ORANGE, March 2 (AP)—The ultimate responsibility for our success or failure in the war, Rear Admiral A. H. Van Keulen said today, "rests with the men in the shipyards and the men in the mines and mills and factories."

"It is not machines but men that we must rely on to win the war," the chief of the Navy's Bureau of Ships said in a speech prepared for delivery at the launching of the U.S.S. Aulick here today.

The Aulick, first of at least a dozen destroyers which will be built in the yards of the Consolidated Steel corporation here, is the first fighting vessel of its size ever built in Texas.

Mrs. T. A. Thomson, Jr., of New Orleans, wife of the Eighth Naval District's commandant, was selected by Secretary Knox to christen the destroyer.

Police Nah 3 Negroes In Burglaries

Three negroes were in jail here today facing burglary charges as the result of some fast work on the part of officers early Sunday morning.

Two were caught red handed and another, picked up a few minutes later, admitted a statement in which he admitted to burglarizing another place.

Alton Taylor and Shell Holmes, negroes, were arrested by Police-men A. D. Bryan and L. W. Smith at the Smith Bros. drug store on North Gregg street at 1:30 a. m. Sunday. The police had hurried to the scene on receiving a break-in report transmitted over the radio. Trapped, the blacks reportedly gave up \$18.84 in cash taken in the haul.

Soon afterwards Officer Kenneth Manual picked up Lee Andrew Holmes upon discovery of a smashed window at the J. & W. Fisher department store in the 300 block of Main street. In a statement taken after his arrest, the negro confessed to the burglary. However, some pants and two coats missed from the smashed show window had not been recovered.

Destroyer Launched At Orange Yards

WASHINGTON, March 2 (AP)—The ultimate responsibility for our success or failure in the war, Rear Admiral A. H. Van Keulen said today, "rests with the men in the shipyards and the men in the mines and mills and factories."

"It is not machines but men that we must rely on to win the war," the chief of the Navy's Bureau of Ships said in a speech prepared for delivery at the launching of the U.S.S. Aulick here today.

Gen. Marshall Says Planes To Raid US

WASHINGTON, March 2 (AP)—General George C. Marshall, asserting the time had come for the United States to "proceed with the business of carrying the war to the enemy," said today isolated air raids must be expected in addition to off-shore submarine actions designed to keep American forces at home.

A letter from the chief of staff read by Senator Austin (R-Vt.) \$32,762,737.90 military appropriations bill, said that demands for protection of points within the United States were "piling up in a forbidding manner."

"The time has now come," the letter said, "when we must proceed with the business of carrying the war to the enemy and not permitting the greater portion of our armed forces and our valuable material to be immobilized within Continental United States."

"The enemy, calculating on public reactions, is undoubtedly employing submarines close in shore for the purpose of restraining our efforts to engage our planes and ground troops so far as practicable, offensively in distant theatres."

"Further, I feel that we must expect isolated air raids of a few planes directed against us for no other purpose than to create a public reaction which will adversely affect the sound military purpose of defending America by engaging and defeating the enemy in theatres distant from our shores."

WASHINGTON, March 2 (AP)—The war-time program for agriculture—as it affects Texas production, will be to accelerate production of its secondary crops. The cotton control program is to remain unchanged, the wheat program curtailed.

This was brought out in testimony of Rudolph M. Evans, head of the division of conservation and use of farm land resources, appearing before a house appropriations subcommittee during hearings on the agriculture department appropriation bill introduced today in the house.

His testimony dealt primarily with changes being made in the crop control program.

"In cotton, there is no change," he testified.

A few moments earlier, discussing the need for a reduction in wheat production, he stated: "We have reduced this acreage of wheat from 62,000,000 to 55,000,000 bushels for several seasons. In the first place our export business in wheat has practically vanished due to the fact that Great Britain is getting the wheat she has to have largely from Canada; England does not get much wheat from this country; Russia does not get much. x x x."

NEW YORK, March 2 (AP)—Still alive despite her attempt to join her daughter in death by plunging 17 floors from a hotel window, Mrs. Maria Loves, 42-year-old wife of a dancer, was in a critical condition today.

Although physicians at Roosevelt hospital at first gave her an even chance for survival, they said internal injuries had grown more serious.

Mrs. Loves plunged from her 17th floor room in the St. Moritz hotel yesterday, landing on a metal ventilator atop the roof of a one-story extension.

Stephen Loves, partner in Calgary Brothers, comedy dance team, said his wife had been dependent since the suicide three months ago of her daughter by a previous marriage. The daughter, he said, took her life in Hungary after her Hungarian soldier-husband was killed in action.

Police found a note written by Mrs. Loves in which she expressed a desire to die.

"God, allow me to go to my daughter," the injured mother moaned as she was taken to the hospital.

Woman Alive After 17-Story Plunge

WASHINGTON, March 2 (AP)—A new and potentially explosive issue—increased pay for men in the armed forces—appeared on the legislative horizon today as congress began its third month deeply immersed in wartime problems and controversies.

Introduced by Senator Johnson (D-Colo.), the military pay bill has been the subject of intermittent hearings since last November 17 but members of the senate military committee said they were now nearing a showdown on its terms.

Johnson originally proposed comprehensive basic increases from privates and seamen to generals and admirals, but several committee members predicted that if any bill finally was laid before the senate it would provide benefits only for those in the ranks, possibly including second lieutenants and ensigns.

As thus contemplated, the basic pay of selected indebted into the army would become \$42 a month, instead of the present \$21. They would continue to receive that amount throughout the first year, whereas their pay now is increased to \$20 at the end of three months.

The present 10 per cent increase in basic pay after one year's service would be eliminated.

Sponsors have said this program for enlisted men would cost about \$288,000,000 additional yearly, but some senators pointed out that tripling the size of the army and increasing the size of the navy would boost these expenditures greatly.

2-Way Help for WOMEN!

CARDUI may help women in two important ways: Many who begin 3 days before "the time" and take it as directed find it helps relieve pain. When taken by directions as a tonic, it usually helps stimulate appetite, increase the flow of gastric juice, and so aids digestion. Thus, it helps build energy and strength and reduce periodic functional distress for many. 61 years of popularity invite confidence in CARDUI. (adv.)

Houston Tightens Air Raid Safety

By The Associated Press
Texas' largest city tightened its vigilance last night against possible enemy air raids.

Six hundred police officers in Houston patrolled the streets to see that lights which could not be put out quickly in event of raids were discontinued.

The precautions were taken at the request of the office of civilian defense in Washington.

Police Chief Ray Ashworth issued these instructions:

All outside lights, show window and advertising lights that could not be turned off immediately or within two minutes were ordered turned off and must remain off each night until arrangements are made so they can be turned off in two minutes in event of an air raid alarm is sounded.

A proclamation by Mayor Neal Pickett said "It is a precautionary move so we may be prepared in the event of an air attack from a hostile force but should not occasion any alarm or hysteria."

Similar lights-out instructions were reported to have been received in San Antonio, state's largest military center, and store owners pledged their cooperation.

Fast Moving Comedy—"Mrs. Wiggs Of The Cabbage Patch" To Be Here March 12th At Auditorium

The play that "is read wherever English is spoken," "Mrs. Wiggs of the Cabbage Patch" will be presented here March 12th at the city auditorium at 2 o'clock by the Clara Tree Major Children's theatre of New York.

The play is under auspices of the American Association of University Women and marks the third and last play in a series.

The story concerns life in the Louisville "other side of the tracks" area and the problems which Mrs. Wiggs and her family meet with simple bravery and ingenuity.

Mrs. Wiggs' cheerful, practical philosophy, expressed through kind deeds and mispronounced words, sets the pace for the wholesome love of life which fills these people in spite of their poverty which, always gay, and confident of the future, these characters are as timely today as they were 40 years ago.

The curtain opens on a scene in Mrs. Wiggs' kitchen where she conducts her unruly Sunday school class amid pots, pans and stew and which is attended by poorly clad and poorly fed youngsters.

Her own offspring rejoice in such names as Australia and European and are continually in trouble.

High point of the close of the play is where Mrs. Wiggs gives her friend, Miss Lucy, a bottle to bring back a sample of Niagara Falls which she has always wished to see.

The rollicking comedy moves swiftly and provides both entertainment and thought for the audience.

Rites Said For Miss Curtis

Funeral services were held Monday afternoon at 2 o'clock at the Eberly chapel for Miss Lola Mae Curtis, who succumbed following a long illness at 10 o'clock Sunday morning in the home of her sister, Mrs. Glenn Cantrell.

Miss Curtis, who was born in Mount Vernon, Tex., was 46 years old. She came to Big Spring as a child and had resided here nearly all of her life. She had worked as a saleslady here until 1931 and also had an interest in a furniture business.

She was a life-long member of the Methodist church. Miss Curtis is survived by three sisters, Mrs. Lela Forrest, Mrs. Gertrude Cantrell, and Mrs. Vera Crabtree, all of Big Spring; four nieces, Vera Frances and Eddie Fern Crabtree and John Anna and Anita Joyce Forrest; and one nephew, Curtis Ray Crabtree.

Services were conducted by the Rev. Howard Halliwell, pastor of the Methodist church of O'Donnell. Burial was in the new city cemetery.

pallbearers were J. Lusk, Shine Phillips, Les Porter, Melvin Choate, Jack Shaffer, Henry Long, Lee Ashley and J. V. Davis.

Here for the funeral were Mrs. Floyd Curtis of Hamlin, Mrs. Ben Fiat of O'Donnell, Mrs. Blanch Cherry of Mount Vernon, Mrs. Mattie Sanders of Hedley, Mrs. J. C. Newton of Dimmitt, G. C. and M. E. and W. H. Broughton of Big Spring.

Lila Castle of Knott spent the weekend with Mrs. Woodrow Campbell.

Local Merchants To Take Part In Fashion Show

Merchants to take part in the 10th Annual Fashion Review to be staged March 10th at the city auditorium by St. Mary's Episcopal auxiliary have been selected and plans for their participation completed.

The review which will feature spring styles in dresses, suits, and accessories will also include a program and skit between acts.

Merchants to take part in the review are Albert Fisher company, Swartz, Vogue, Margo's, Settles Style Salon, Franklin's, Montgomery Ward, Elmo Wasson, Omar Pitman's, Jones Grocery, Dairyland, and Johnny Griffin Service store.

Sloan Field Men Entertained Here Saturday Night

A group of Big Spring girls were hostesses to a group of soldiers from Sloan Field, Midland, Saturday night at the Settles hotel at a cabaret dance.

The Rhythmettes, composed of Kathleen Underwood, Wanda McQueen and Clarinda Mary Sanders, sang several selections with Mrs. Anne Gibson Houser at the piano. Deorthea Roden was in charge of the entertainment.

S'west Loop Baseball Race Is Wide Open

By the Associated Press
They start battling the horsehide around today in the Southwest conference and if ever there was a wide-open race for the title this looks like it.

Defending champion University of Texas turns up with its smallest squad in history and listing only four lettermen, but experience shows the Longhorns always are the team to beat.

Returning lettermen at Texas include Grady Hatton, shortstop; Jack Stone, second base; Wilson Gutsch, catcher, and Bill Dunke, pitcher. The latter lettered year before last but was not out for the team in 1941.

Texas A&M looks capable of battling it out for the title with eight lettermen, including Charlie Stevenson and Bill Henderson, pitchers. Others are Cecil Ballow, shortstop; Bill Black, Leslie Peders, Cullen Rogers and John Scoggin, outfielders, and Ira Glass, third baseman.

Baylor will rely principally on sophomores and the Bears have some very promising material there, listing such stars as Howard Water, at whom the major leagues have made passes; Manuel Garcia, who lost only one game as a freshman moundsman, and Kenna Jennings of Honda, a hard-hitting outfielder.

There is but one letterman on the squad, Bob Miller, righthanded pitcher who played outfield some last season.

Southern Methodist has six lettermen but needs more infielders. Returning to Coach Roswell Higginbotham are catcher Cal Aulenbach, pitchers Atwell Tesson and Jimmie Tyler, second baseman Sammy Davis and outfielders Abel Gonzales and Cliff Hagerman.

Texas Christian lost three pitchers to the armed services. They were A. J. Brumbaugh, Preston Thompson and Fred Taylor. There are five lettermen but only one, Trotter Adams, is a pitcher. The others are Bill Crawford, outfielder; Charles Conway, second base; Richard Allen, first base, and Russell Watley, catcher.

Rice lists five lettermen and some promising squadmen. Number-wearers are Chet Palmer, shortstop; Don Leigh, pitcher and outfielder; Placido Gomez, outfielder and Dub Barrow and Bert Selman, catchers. John Sheehan, an outfielder with semi-pro experience, heads the promising new prospects.

This Is Bad: Dodgers Are Being Sedate This Season

HAVANA, March 2 (AP)—It probably won't last, but the Brooklyn Dodgers at this writing are about as calm and collected and sedate a set of ballplayers as ever put on their jackets to enter a hotel dining room. They regard rumba dancers strictly from the standpoint of visual entertainment.

Probably the war has had something to do with the drastic toning-down of Manager Leo Durocher's boys; that and the fact they won the National league championship last year and feel that they should wear their laurels with a certain dignity at any rate, they bear but slight resemblance to the rowdy crew that invaded, or infested, the tropics a year ago.

"We're slowly going to sleep around here," complained one veteran Dodger newspaper correspondent. "Why, it's safe for us fellows to go to bed by midnight. Last year our best stories never broke until long after that. But

Association Formed To Simplify Naming Of Game Officials

Coaches and officials of district 2-A&A formed an association here Sunday in a move to arrive at a more systematic means of securing game officials.

Pat Murphy, Big Spring coach, was named president and Rocky Rundell, San Angelo mentor, secretary. Officials took a back seat at the meeting for the most part, but while coaches were out trying to draw up their 15th officials for their games, Stoney Wall, Lubbock, succeeded in getting some action toward cooperation by component units of the district officials.

C. L. Harless, San Angelo, was named as contact man for all officials who reside in San Angelo and surrounding area. For Abilene it was Tomto Coleman, for Odessa it was E. F. Lovvorn, and Wall was named to contact Lubbock officials.

It was the sense of the meeting that officials for a given game would be taken from one area. — Abilene or San Angelo or Lubbock, etc., and that they be contacted now so that the officiating problem would be largely solved in advance.

Buff's End Season Against Tech

ALBUQUERQUE, N. M., March 2 (AP)—The West Texas State Buffaloes wind up their season's play in Border conference basketball against Texas Tech tonight, and no matter what the outcome the tall lads from Canyon are still the winners.

Even a highly improbable victory for Tech, also completing its season, could not keep the Buffs out of the championship, clinched last week by their 15th officials conference victory in their first year in the Border circuit.

Arizona completes a mediocre season tonight, entertaining Flagstaff Teachers at Tucson. An Arizona win would give the Wildcats a tie with Hardin Simmons for sixth place. Flagstaff is in fifth spot, below the Texas Miners.

ARKANSAS BOWS OUT
DALLAS, March 2 (AP)—Coach Glen Rose of the University of Arkansas said today his team did not wish to participate in a playoff for the Southwest conference basketball championship or in a tournament to decide the National Collegiate Athletic Association representative from this area.

At Fayetteville, he declared that Rice, co-champion with Arkansas, had a better team at the present time and that the Owls were the logical representative for the conference inasmuch as the Razorbacks have suffered loss of key men due to injuries and enlistments in the army.

DALLAS, March 2 (AP)—A three-way play-off between Rice, Arkansas and West Texas State for the right to represent the Southwest at the national collegiate basketball tournament in Kansas City was in the offing today.

Rice and Arkansas finished the Southwest conference race last week in a tie for the championship. Immediately there arose talk of a play-off, the winner to clash with West Texas State for the NCAA spot.

James W. St. Clair of Dallas, chairman of the NCAA selection committee for this area, said he was considering plans for Rice and Arkansas settling the title between them with the champion to meet West Texas State or just putting all three teams into one tournament and taking the survivor to the NCAA.

He also revealed that he was considering Houston as the place for the tournament.

Other members of the selection committee are D. X. Ebbis, United States Texas football coach, and Hub McQuinn, basketball coach of Texas Christian University. St. Clair plans to confer with them today regarding the play-off proposals.

He had already asked West Texas State if it would be interested in meeting the Southwest conference champion but Coach Al Baggett will not give an answer until after West Texas plays Texas Tech tonight to wind up the Border conference campaign.

Rice and Arkansas closed out the conference race with impressive victories Saturday, the Owls setting a new scoring record of 651 points in twelve games by beating Texas 61-41, and the Razorbacks downing Texas Christian university 53-33.

There is but one more scheduled game in the conference and it means nothing in the final standing. Texas and Texas A&M play at College Station Tuesday night.

Baylor Star Holds Scoring Record

WACO, March 2 (AP)—Dwight Parks, the mightiest mite of them all, walks the glory road ahead of the giants of Southwest conference basketball.

He's only five feet eight and has to depend on jumping ability and speed to offset the advantage of the human skyscrapers of the mops, but Baylor's star today holds the conference individual scoring record—214 points in 12 games.

Albuquerque Slated To Be New Member

Big Spring was still in the West Texas-New Mexico baseball league today, unanimously approved having been given at the annual league meeting Sunday in Clovis, N. M., to a proposal to move the Lamesa franchise here.

At the same time, transfer of the Big Spring franchise, owned by Jodie Tate and Tink Riviere, to Lamesa was approved as was the removal of the Pampa franchise to Albuquerque, N. M.

Apparently, the only problematical point in the league today was whether Albuquerque would take the Pampa franchise, but statements by Clyde Oden, president of the New Mexico city chamber of commerce indicated that there was little doubt that Albuquerque would be in there. A meeting was called in that city to act on an offer by H. R. Miller and Hal Lucas, owners of the Pampa franchise.

Dick Radloff, Big Spring, said the local bid for a berth in the league went through without question. He posted the \$500 forfeit required by the league and said the only thing remaining to be done was to secure adequate local support to get the club going.

Approval of the transfer automatically closed a deal for the Lamesa franchise, he said. With it went a bus, with good enough tires to last out the season, according to Radloff, and 15 players.

Of the number, four — Eddie Guynes, shortstop, Albert Carr, outfielder, and Ebby Miller and Johnny Tycko, pitchers, are in the army.

But the nine players available are: Leamon Poteet, Terralton, Okla., pitcher; Robert Hicks, Kansas City, Mo., right handed pitcher; Hector Arroyo, El Paso, pitcher; Buck Huckabee, Lubbock, left-handed pitcher; Clayton Lang, Scout City, Iowa, infielder; Walter Buckler, Holtville, Calif., infielder; Marshall Brown, Troop, Texas, outfielder; and Edwin Jankick, Cleveland, Ohio and S. L. Bennett, Littlefield, catchers.

Big Spring will open at home against Lamesa on April 23, a matching that bids fair to draw a capacity crowd. The two teams meet here again the following day and then move to Lamesa for three games.

During the season there will be eight games at the various member cities from which all proceeds will be given to the Red Cross. This, said Milton Price, league president, would be one of the league's contributions to the war effort.

The all-star game will be held in Clovis, N. M., home of the champions, in July. The season runs through to Sept. 7, and will be followed by the usual play-off, it was announced.

Notes From The Training Camps

CLEARWATER, Fla.—That Cleveland vacancy at first base doesn't appeal to Chubby Dean, the pitcher who used to be assigned to the initial bag by Connie Mack. Currently, Handyman Oscar Grimes and Rockies Law Fleming, Vern Frieburger and Don Barton are the candidates for Hal Trosky's old job along with Rookie Catcher Ot Denning.

"Let those fellows worry about that job," says Chubby, "I'm a pitcher."

ST. PETERSBURG, Fla.—Lon Warneke, lanky pitcher, is the only member of the St. Louis Cardinals squad not rounding rapidly into playing condition. Warneke has been troubled with a cold but the club trainer expects him in uniform again today.

EL CENTRO, Calif.—Bill Clemenson, Pittsburgh Pirate burier, has been granted a day off March 17 to marry his schoolyard sweetheart, Helen Regina Kelly, at his Santa Cruz home.

LAKELAND, Fla.—The Detroit Tigers have nine holdouts. General Manager Jack Zeller announced upon his arrival here, but the only surprise in the lot were Outfielder Rip Radcliff and Pitcher Bud Thomas.

Radcliff is expected in Camp shortly but Thomas has indicated he will remain on his farm at North Garden, Va., until the difficulties have been cleared up.

Season's Note: It's Time For Spring Training--And Holdouts

NEW YORK, March 2 (AP)—Baseball's grapefruit season—the period of dress rehearsal that gets the players in shape, the managers in print, and the fans in a dither—is here again, but this one previews a major league campaign designed to boost both morale and finances of a nation at war.

But even the war has failed to spare club owners the headaches caused by the perennial strikers—known to the trade as holdouts. In that department, from the standpoint of money involved, the world champion New York Yankees again top both leagues. With six regulars still unwilling to accept the club's terms, the Yankees workouts at St. Petersburg, Fla., have assembled a school for rookies the past week.

Joe DiMaggio, most valuable player in the American league last season, wants \$40,000 to play centerfield this year and is quietly waiting out President Ed Barrow. Other Yanks whose signatures are needed on the dotted line are pitcher Red Ruffing, catcher Bill Dickey, outfielder Charley Keller and infielders Joe Gordon and Red Rolfe.

The Detroit Tigers, launching an economy campaign, still haven't convinced nine members of their squad that the figures mentioned in their 1942 contracts are adequate. The group includes pitcher Paul Trout, Buck Newson, Luther Thomas and John Gordon, catcher Bill Sullivan, first baseman Rudy York and outfielders Rip Radcliff, Barney McCosky and Dick Wakefield.

The Brooklyn Dodgers have rounded up everybody in except Whitey Lister, who pitched them to 22 victories last year. Wyatt worked for \$11,000 in 1941 and wants \$30,000 this year, threatening to pitch hay on his farm if he doesn't get it.

President Larry MacPhail, who knows \$20,000 isn't hay, threatens to let White do his pitching on the farm.

A similar attitude has been taken by Connie Mack of the Philadelphia Athletics in the case of first baseman Dick Siebert, who was offered a contract and told to "take it or leave it." Up to now, Dick has left it, as has outfielder Bob Johnson, whose salary was chopped \$5,000 from a reported \$17,500 in 1941.

Pitchers Dutch Leonard and Steve Sundra and outfielder Bruce Campbell haven't come to terms with the Washington Senators, although Leonard's case is the only one causing Clark Griffith much concern.

Everybody on the Pittsburgh Pirates roster is happy except outfielder Vince DiMaggio and pitcher Bob Klinger. The St. Louis Cardinals have an unsigned trio in Frank Cress, Eddie Lake and Woody English, all infielders.

The Boston Red Sox, pleasantly surprised by Ted Williams' draft reclassification to S-A, still need to sign Jimmy Foss.

Shortstop Bill Jurgens is the New York Giants' only holdout, among the regulars and if he hears of the way Dick Bartell is performing at Miami he may bob up with a loaded fountain pen.

Jeff Heath hasn't signed his Cleveland contract but the Indians are happy over Roy Weatherly's early signing.

Even without Brown, Crystal has the best offensive record, man for man, but Carnett appears to be stronger on the defense. Of fast league scorers with more than 100 points, Crystal has three to none for Carnett, Cagle Hunt, Crystal, and 115 to lead the league. Lydie had 106 and Heuvel 101.

Best Carnett players could do in the scoring race was 80 for Herman, 60 for Maxie Carroll and 74 for Chapman. Dawson, who only played in nine games, had 74 points but even his 8.2 average was under Hunt's 8.8 average.

While Crystal has been able to score consistently, it nevertheless has been lax about holding the position. This seems to be the forte of Carnett, for while the Carnett offense has not been weak in any sense of the word, it has shared the spotlight with the defense. In this case, Carnett has made an offense a defense.

Service Dept.
Lieut. Norman Fertig, the old Michigan Stater who coaches at Fort Monmouth, N. J., is expecting so much good football material next fall that he has scheduled games against Villanova, Scranton and Rutgers.—Jack McDonald, San Francisco Call-Bulletin columnist who was radioman aboard the transport Mount Vernon when it was torpedoed during the last war, has rejoined the navy as a chief petty officer. . . . Detroit is lining up a basketball doubleheader for the army and navy recreation league benefit March 14 with Fort Custer and Great Lakes scheduled to play one game. . . . Hank Greenberg hopes to line up a ball team at MacDill Field which will be good enough to give major leagues a tussle.

Muny Playoff Gets Underway Tonight

First leg of a fight-to-the-finish series for championship of the muny basketball fast league will be unreeled at 9 p. m. today in the high school gymnasium.

The principals will be Carnett's Sporting Goods and Crystal Cafe, each of whom tied for leadership of both halves of regular league play.

There is no favorite, for all season long it has been a dog-eat-dog proposition when it came to a game between Crystal and Carnett. The last decision went to Crystal by a 38-29 count, but Carnett protested it vigorously on the grounds that Crystal used Marshall Brown, who hails from Sterling City and who happens to be one of the basketball playing-out pieces of machinery in these parts.

Whether he will get into the series is not known, but Carnett had been holding out on this point so it is doubtful that he will see service.

Even without Brown, Crystal has the best offensive record, man for man, but Carnett appears to be stronger on the defense. Of fast league scorers with more than 100 points, Crystal has three to none for Carnett, Cagle Hunt, Crystal, and 115 to lead the league. Lydie had 106 and Heuvel 101.

Best Carnett players could do in the scoring race was 80 for Herman, 60 for Maxie Carroll and 74 for Chapman. Dawson, who only played in nine games, had 74 points but even his 8.2 average was under Hunt's 8.8 average.

In this case, Carnett has made an offense a defense.

SPORTS ROUNDUP

NEW YORK, March 2 (Wide World)—Note on the permanency of athletic fame: When the A. A. U. moguls gathered yesterday to award the Sullivan trophy, President Larry Di Benedetto made the opening speech lauding Leslie MacMittell. . . . The next speaker told about "Leslie MacMittell," whose Scotch blood kept him from wanting seconds, and the third congratulated "Mrs. Mitchell" on having such an outstanding and stalwart son. . . . Maybe it's just as well that Cornellius Warmsdam didn't get the trophy. . . . When Joe Louis takes on Abe Simon he may have to go through his first fight without his trainer, old Jack Blackburn, who is taking treatment for sciatica at Hot Springs, Ark. Jack wasn't able to do more than give advice and moral support to the Buddy Baer scrap while Manny Seamon did the real work in Joe's corner.

Foul Play
Since no one on his club pulled this one, Nick Eiten of the Philadelphia Phillies feels safe in reporting what he thinks was last season's prize boner or best hitting—he doesn't know which. Max West of the Braves had just grounded out and advanced a runner to third base. The first baseman threw the ball home and the catcher let it get away just far enough so that the runner made a break. West, heading for the ball and tossed it to the catcher, who made a putout. While everybody, including Casey Stengel, still was speechless, Paul Wagner administered a perfect rebuke by fouling one off so the ball caught Max on the back of the neck.

Service Dept.
Lieut. Norman Fertig, the old Michigan Stater who coaches at Fort Monmouth, N. J., is expecting so much good football material next fall that he has scheduled games against Villanova, Scranton and Rutgers.—Jack McDonald, San Francisco Call-Bulletin columnist who was radioman aboard the transport Mount Vernon when it was torpedoed during the last war, has rejoined the navy as a chief petty officer. . . . Detroit is lining up a basketball doubleheader for the army and navy recreation league benefit March 14 with Fort Custer and Great Lakes scheduled to play one game. . . . Hank Greenberg hopes to line up a ball team at MacDill Field which will be good enough to give major leagues a tussle.

Sportspuirt
There was considerable military atmosphere at Saturday's A. A. U. Track championships with Tim Carey representing Camp Edwards, Mass., Roy Cochran the Great Lakes naval training station and Allan Tolmich arriving from Camp Dix too late for the hurdles trials. . . . And it looks as though Al Blozis might do all right as a long-range cannon.

MIAMI, Fla.—Manager Mel Ott of the New York Giants was looking for the answer to the baseball riddle that permitted his club to score in the first inning of each of the two weekend games with the Brooklyn Dodgers but kept the bats silenced the remainder of the way although Sunday's 3 to 2 game went 13 innings. A hitting drill was scheduled for today.

Hollywood Sights And Sounds—

Bogart Is Gentle Guy— Except Toward Door

By ROBBY COONS HOLLYWOOD—Sometimes it is hard not to envy your movie star friends. Not their weekly stipends, nor their fleeting fame, necessarily, so much as their simple luxuries. Like Humphrey Bogart's self-indulgence when it comes to knocking down doors.

This Bogartian weakness came to light the other day when Mrs. Bogart, the former Mayo Methot, bought a new living room door—the third, she said, this year. She might have been ordering a half dozen, pork chops, or a couple of cans of tomato soup, for all the excitement she displayed. It was just, it appeared, part of the household routine.

Even Babies Cost More In Nation's Capital

By JACK STINNETT WASHINGTON—Answering the mail orders: W. H. K. BUTTE, Mont.—If you think Washington reporters (Mr. K. referred to the word-of-mouth kind as well as those who write for newspapers and magazines, and those who broadcast over radio) are exaggerating about the h.a.l. in Washington, let me tell you a little story.

DANGEROUS BAGGAGE

BY ELEANOR ATTERBURY

Chapter 21 Desperate Move Watching him now, Sharon wondered how she could ever have thought his cruel face handsome. Or that he had ever convinced her his charming manners were so much a part of him that he wore them unconsciously, instinctively. There was nothing of the gentleman in his menacing scowl now!

Organized Girls' Activity Needed In Big Spring

Many, many months ago we spoke of a pressing need for an adequate program for our young girls, some program such as offered by the Girl Scouts of America. Today there is considerable agitation for a Girl Scout troop, thanks to a recent visit by Miss

Men Offered A Chance At Commissions

WASHINGTON, March 2 (AP)—The Army has opened the way for men unable to support their dependents on a private's pay to join the service for the sole purpose of becoming officers.

Ground forces alone need 76,000 new officers this year, John J. McCoy, assistant secretary of war, said yesterday in announcing that men 18 to 45 years old may obtain commissions. First they must join the Army, train three months as privates and apply for appointment to officer training schools. The schools will admit 95,000 this year.

If men with dependents who pursue this course fail to make the grade as officers, they may be transferred to the enlisted reserves. In that case they will not be called for active service unless their previous draft classification—usually it would be 3-A—is called in by selective service headquarters. Men without dependents who fall must stay in the Army as privates or non-commissioned officers.

Candidates for commissions, McCoy said, must have "some education," a good civil record, marked leadership qualities and must score at least 110 in the classification test for recruits.

Many of the strategic materials required by the United States are a part of the great natural resources of Latin America, the department of commerce says.

All photographs are proving valuable in the development of Canada's natural resources.

Income Tax ABC's -- Deductions For Dependents Must Be Carefully Checked

(Fifth Of A Series)

By ALEXANDER R. GEORGE, Wide World Feature Writer

WASHINGTON — Many income taxpayers make mistakes in taking credit for dependents.

The head of a family is allowed a credit of \$400 for each dependent under 18 years of age or physically or mentally unable to support himself.

Thousands of income taxpayers who have supported jobless or destitute relatives have been under the impression they could make \$400 deduction in all such cases.

Argentina Votes Being Counted

BUENOS AIRES, March 2 (AP)—Election officials began the preliminary count today of votes cast in a national election Sunday to determine control of Argentina's lower house—a decision which may have a bearing on the country's foreign policy.

Final results, however, probably will not be known for a week.

The election did not affect the senate, where Acting President Ramon S. Castillo's conservative party dominates.

Smokeless Powder Made From Cotton

WASHINGTON, March 2 (AP)—Congress heard today that the government's research laboratory at New Orleans had developed a new material from cotton lint for utilization in the manufacture of smokeless powder.

Death Claims C. Vanderbilt

CORNELIUS VANDERBILT

MIAMI, Fla., March 2 (AP)—Cornelius Vanderbilt, whose rugged individualism lost his family's great wealth to him for a time but led to personal honors in military, engineering and financial fields, is dead at 85.

His colorful life ended at 6 p. m. (EWT) last night aboard a yacht, the Ambassador, which he chartered for the season after turning his own palatial yacht, Winchester, and houseboat, Sabina, over to the navy for \$1 each.

LONDON, March 2 (AP)—A German attack on American-occupied Iceland simultaneously with occupation of the Canary Islands, Dakar and Casablanca was predicted today by a London source.

Easter Rites Are Planned

Plans for a sunrise Easter service and a week of pre-Easter services were made by the Big Spring Pastors' association Monday morning at the First Christian church.

The sunrise Easter service is to be held at the amphitheatre at the city park if weather will permit. Otherwise the service will be held at the First Methodist church.

The association voted to sponsor Holy Week noonday prayer services each week day from 12:30 o'clock to 12:55 o'clock at the First Methodist church. Dates for the prayer services are from March 30th to April 8th.

The Rev. Mr. Savage reported on the Minutes for Prayer program each week day at 6:59 o'clock in which the radio station is cooperating.

USES Places 127 In Month

Private placements by the United States Employment Service during February ran to 127, O. R. Rodden, local manager, said Monday.

Of the number, there were 59 men and 72 women. Results for the month were virtually unchanged from a year ago. Public placements for the month amounted to 24, all but one of them men.

Washington Concerned Over Battle For Java

Here And There

Wonder if she just missed him? Well, anyway, Mrs. Martha Jackson, 1107 Seymour Ave., Nashville, Tenn., has written the chamber of commerce to see if anyone out this way has seen or heard of her brother, Johnson Richardson "who left Nashville in the early sixties."

Seldom do firemen get to ride an elevator to a fire, but that's what happened Sunday at 6:15 a. m. when an alarm came in on a fire in a room on the eighth floor of the Settles hotel.

Add to the list of men from this immediate area who are in the thick of things in Java these days the names of Roger White, Jr., grandson of Mr. and Mrs. J. R. Parks, and Parks Laughley, son of Mr. and Mrs. L. L. Laughley, who live north of here.

Mr. and Mrs. G. W. Dabney have just heard from one of their sons, Jack, who is with the maritime service. Jack was off on a trip on a tanker to New York.

The volleyball organization meeting slated for 7:30 p. m. in the City-WPA recreational office has been called off for the time being, said H. F. Malone, supervisor.

Delimiting operations at the Farmers Gin are getting into full swing these days. A big bunch from the Von Roeder Farms in Borden county is being run through now, and lots from Runnels, Fisher, Dawson and Lynn counties have been booked.

Motorists will be urged by S. P. Thatcher, U. S. Rubber Co. engineer, to obtain maximum tread mileage. Tires with recommended operating pressures of 30 pounds could be increased to 35 pounds with good results and those from under 30 to 30 pounds, he said.

The Rev. O. L. Savage, pastor of the First Presbyterian church, will be the speaker of the evening when the First Presbyterian church at Lubbock has the "kick-off" program for its every member canvass.

When it rains it pours, or troubles never come singly—either of these expressions will fit Mrs. F. M. Purser's vacation trip. She left here for Waco for a visit with relatives but when she got there her brother was taken to a hospital for treatment.

Ed Ballentine, 61-year-old engineer, died in a hospital about five hours after the accident. His fireman, L. W. Arnold, 46, was crushed to death beneath the overturned engine. Both were from Nashville, Tenn.

O. H. West, 60, brakeman from a preceding freight train who was riding in the passenger's engine, received back and arm injuries. Railroad officials declined comment on the wreck's cause but other sources blamed a defective rail.

Sixty Students Work Daily In Local Welding Classes As Part Of Nation's War Effort

Sixty determined studious men are working in shifts around the clock here with torches that arc flashes that some day may grow into a bolt to strike at the axis powers.

They are students in the defense welding classes being offered at the high school building by the Big Spring Independent School district in cooperation with the state department of vocational education.

As desperately as they are needed, there nevertheless is a painstaking period of instruction through which they must pass before they will be classed as finished students. Instead of a snap, cram course, the defense class here in welding is being extended into a three month's study and practice session so that when they pass final tests in the local school, they will be able to go to Houston and start in helping build badly needed ships for Uncle Sam.

All training here now is in arc welding, according to Seth H. Parsons, coordinator. Arc or electric welding is used exclusively in ship building industry and extensive in the acetylene equipment here has been shipped to a point where it may be used in training students for its use in certain types of airplane construction.

Fort Worth Woman Says: "I LOST 52 LBS. IN FOUR MONTHS!"

WEAR SIZE 14 AGAIN

WAS SIZE 24 WHEN I STARTED

Now, I can lose only pounds and gain a double, pointed nose, no more cellulite, and I'm happy!

Let me tell you about my experience with the new diet plan. I was 240 lbs. when I started. I was told I was too fat to lose weight. But I didn't give up. I followed the diet plan and in four months I lost 52 lbs. I'm now 188 lbs. and I feel like a new woman. I can wear size 14 shoes and clothes. I'm happy and healthy. I can't believe it!

Attack On Iceland Believed Likely

LONDON, March 2 (AP)—A German attack on American-occupied Iceland simultaneously with occupation of the Canary Islands, Dakar and Casablanca was predicted today by a London source.

Reports of a concentration of a German battle squadron and transports at Narvik and Trondheim and the appearance of new German air force units in Norway were called indications that the Germans were preparing a thrust at the island which guards the North Atlantic sea lanes.

Some idea of the tremendous amount of welding going on can be had from gazing at big cans heaped with those inch ends of welding rods, and from the stack of old boilers outside the building. It is from these that one man uses an acetylene torch to cut up metal to be used by students.

Currently three men from Knott, four from Stanton, two from Coahoma, and one each from Pittsburg, Kas., San Angelo and Antlers, Okla., are among the 60 men enrolled in the four shifts of instruction that carry 24-hours a day. Instructors are Clarence M. Allen, L. M. Gary, Jr., E. R. Bumpass, and Frank Gray.

Placement of welders during February, as reported by the United States Employment Service, include M. M. Hayworth, J. W. Brown and Red Womack at the Richmond Ship Building Co. in Berkeley, Calif., and H. J. Smith, Hal Battle, Weldon Bigony, C. E. Richardson and J. R. Marshall in the Todd California Co. at Richmond, Calif. Besides these many, many others in previous months have gone out to put their torches to work in the battle against the axis.
