SIXTY-SECOND YEAR

10 CENTS

It has been our contention that the Twin Cities have been sitting on a point of progress for a long time. That is, we think that the actual ground occupied by the Twin Cities is a spot that will be forced to develop because of the stragetic rail and highway facilities intersecting at this location. We were privileged to hear a farmer-business man say this very thing this week, and to hear of his plans for our community.

Dale Jennings, who farms north of Clovis and who is also well-known by many in this community, has purchased the old Gifford-Hill cement pipe manufacturing ground with the eye toward developing it for an industrial park. He pointed out, very aptly, the excellent transportation network that radiated from here and how it could be used for business expansions. He then outlined plans that could be a bonanza for the Twin Cities, and said that he believed that these plans will mature within the next six months to several

This good news poses a challenge for the cities of Farwell and Texico. At their present state of development they cannot absorb the additional people that will be attracted here to live. This means that the current plans underway in both towns must be carried through as fast as possible on all fronts.

This also brings up the sticky problem of additional revenues to provide these essential city services. One solution for Farwell that we believe is a "must" item is the implementing of a city sales tax. Farwell will inescapably need more money with which to conduct its city business, and inasmuch as all people in the community will benefit from additional homes and business activity, it is only reasonable for all to share in the financing. A sales tax will to a greater or lesser extent be a contribution from everybody, even those who do not live in town but who come to town to enjoy the facilities affored by the town.

We realize that passing a tax for the general purpose of having a tax is not a good thing, but we believe that revenues on hand and in sight will substantially help in financing the city business as it comes along. We think that it is better to have the monies to do the necessary things for a town when it is necessary than to wait until a crisis appears and then scrounge around to look for funds.

Business and industrial leaders will be interested in what we have done more than what we might do. A flow of funds such as generated by a sales tax will go a long way in providing a secure and sound financial base for local growth. We go on record as favoring such a tax -- now.

We are not an affiliate of ABC, NBC, or CBS. In fact, we sort of hate to admit that we are in the same news gathering and dissemination busithat we agree with the President when he accuses the major TV networks of slanted and biased news reporting.

Apparently our understanding of the English language is not the same as the imagemaking moguls. We are under the distinct opinion that we have heard some extremely biased and slanted news reporting from the very sources that are now wildly beating their breasts in self-professed

While admitting to some confusion as to "Watergate", we view with great alarm the mad rush to denigrate the President of the United States. Such blatant political hypocracy as now being played in in charge. Washington by our so-called politicians can have but one effect on the country - only a

pad one. Were the liberal-left successful in reversing the election decision of 1972, it could lead only to deeper and more drastic cleavages in political thought in this country than what presently exists. This in turn could paralyze our government to the extent that we would resemble the factionalized the ineffective governments of France and Italy. If such comes to pass you can bet your family jewels that Soviet Russia would exploit it to the utmost, both domestically and

Tribune Acquires New News Editor

John Getz, publisher of the State Line Tribune, announces this week the employment of a news editor, Mrs. Cleta Williams, a former resident of Muleshoe and Friona.

Mrs. Williams comes to Farwell from Friona where she has worked as news editor of the Friona Star for the last several months.

A native of Paducah, Mrs. Williams has lived on the South Plains and in the Panhandle for the past 25 years, and has spent most of that time in the Muleshoe area.

At Muleshoe, she was an employee of the Muleshoe Publishing Co. filling a similar position to her new duties at Farwell. She was with the Muleshoe paper for approximately seven and a half years.

Mrs. Williams formerly worked for KICA-TV in Clovis, and as area news correspon-Avalanche Journal and as

9 Amendments Listed On Ballot

"It looks like about 500 state finances are already people will turn out over the entire county for the election,' said Parmer County Clerk Bonnie Warren, as she reported Tuesday afternoon that no one had cast an absentee ballot in the amendment elec-

Nov. 6. With more than 3,900 registered voters in the county, this would mean that approximately one eighth of the registered voters would trek to the polls during voting hours.

On the ballot will be nine proposed amendments from proposing annual sessions for legislature members including a raise in salary to tax exemptions for non-profit water supply corporations.

Briefly outlined here is a resume of the nine proposals:

AMENDMENT NO. 1-To provide for annual regular sessions of the legislature, and to provide an annual salary of \$15,000 and a per diem allowance of \$18 for members of the

Main argument for the proposal is the fact that a legislator can no longer be considered a part-time official and that under the present salary provided, a legislator is forced in engage in outside employment.

Chief argument against the proposal is that a substantial pay raise for members of the legislature would further increase the costs of state government at a time when

overburdened.

AMENDMENT NO. 2-To include within the scope of homestead protection the real property of a single adult which meets the other requirements of homestead property, and to provide that a tion, scheduled for Tuesday, family homestead may not be abandoned without consent of both spouses.

> For the amendment is that the proposed amendment would give single adults with real property the same protection and security from forced sale of their homes as is now given to families and would reduce the chances that single adults could lose all their property and become public charges.

On the negative side is the fact that the homestead exemption was designed primarily to protect the innocent family members of the debtor, not the debtor himself, and therefore does not need to be extended to single adults.

AMENDMENT NO. 3 - To extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults.

If passed, this amendment would erase a present law which discriminates against single persons who do not have the necessary family relationship to qualify for the tax exemption which married persons and persons with the necessary family relationship have received.

Hold Tatum Scoreless - -

Wolverines Spoil Coyotes' Homecoming

by Domingo Rojas

Texico Wolverines spoiled the Tatum Coyotes homecoming activities last Friday night when they shut out the

Covotes 14-0. Neither team scored in the first two quarters of play but the second half. The Wolverine defense also stayed alive to hold the Coyotes scoreless throughout the game.

The Wolverines received the opening kickoff and started on their own 26-yard-line. Unable to gain a first down, Texico

was forced to punt. After two plays the Coyotes came up with a first down but the Wolverine defense got tough and held the Coyotes. They punted to the Wolves 12-yard-line. After another unsuccessful drive the Wolverines punted back to the Coyotes who started on the Texico 40. Two plays later the Coyotes tried a pass to their tight end but Steve Harrington was there to intercept the play on the 16 and carry to the 37-yard-line.

After a series of punts by the two teams the first quarter ended.

The second quarter saw the Wolverines receive a Coyote punt on the 36-yard-line. Sammy West took the hand off from quarterback Curtis Lindley and gained seven yards on the first play. The Wolves got a first down when tight end Harrington caught a screen pass from Lindley. The Wolves bled 29 yards for the Wolver- ters, the Longhorns shut out

again were stopped by the Coyote defense and punted. Tatum fumbled the ball on their third play and Lindley recovered. The Wolves had the ball on and Lindley threw a pass to Tommy Galvan who ran 25 yards for a touchdown the Green and White offense only to have it called back on came alive to score twice in an offensive holding penalty. Texico soon punted the ball to the Tatum 20-yard-line. Time elapsed before any more plays

could be executed.

Craig Chumley, Wolverine place kicker, opened the third quarter when he booted the ball to the Coyote 15-yard-line. The Coyotes offense drove to their 46 but were forced to punt to the Wolverine 40. After the punt, the Wolverine offense got a fine drive going with halfback Tommy Galvan making good yardage to the Tatum 48-yard-line. After two straight first downs West, Wolverine halfback, ran to the Coyote 17 and Lindley ran a keeper to the 10 before Galvan went across the goal line to put the Wolverines in front 6-0. The Wolves extra point kick was good and the Green and White led 7-0.

In the fourth quarter, the Wolverines had a first and goal to go on the Coyote five-yardline when a Wolverine pass was intercepted to end the Texico scoring threat. Tatum drove to the Wolverine 40 before turning the ball over on a fourth down pass attempt.

With 1:35 remaining in the game Tommy Galvan scram-

ines second TD. PAT by Lindley was good to put the Wolves further in front 14-0. The score remained 14-0

when the final buzzer sounded. Texico Wolverine Head Coach Bucky Walters said he was very pleased with the way the Wolverines played. "We played with a lot of injured players and still played a great ball game," he commented. Halfback Tommy Galvan ran

according to Walters. "The defense did a fine job in holding the Coyotes away from our goal line and the offense also did a fine job in coming back in the second half to score twice," the coach

real well with an ailing knee,

Final Game - -

Wolves Will Try To Even Season Record

The Texico Wolverines will try to even out their season record when they host the Roy Longhorns in their final game of the 1973-74 football season Friday (tonight).

The record for the Wolverines now stands at three wins and four loses.

Wolverine Head Coach Bucky Walters described the Longhorns as "not too big, but they have some fast and tough halfbacks." According to Walthe Clayton B team 30-0. They also beat the Melrose Buffaloes 14-8, the coach added.

Farwell 8th Herds Bovina Mustangs

Farwell's eighth grade Yearlings downed the Bovina Mustangs during action Thursday,

Oct. 25, in Steer Stadium, 16-6. Russ Jones scored the first touchdown for Farwell from 10 yards out on a quarterback sneak. Josh Ensor ran across for the extra two points to give the Yearlings an 8-point lead.

In the third quarter, Jones again added 6 points on a 45-yard rollout play with Ensor adding the two-point conversion for the Yearlings to give them 16.

Bovina's only touchdown was FRIDAY - Corn chip pie, an easy 6 points on a Yearling buttered corn, shredded letpunt when the ball went tuce, loaf bread, cookie and straight up and Bovina capitalized on the play.

Coach Larry McDorman ceived no calls this past week.

commended Steve Hargrove and Dan Geuther as outstanding defensive players and Russ Jones as top offensive player. McDorman stated, "Our blocking was the best we've done in the last two or three games. The boys played very well."

The Yearlings were to travel to Vega Thursday for what the coach said "will be a real tough game."

THURSDAY - Hamburgers, lettuce, tomatoes, pickles, onions, cheese slices, potato chips, strawberry shortcake and milk.

FRIDAY - Roast beef and gravy, cream potatoes, green beans, lime gelatin, hot rolls, butter and milk.

Band Booster Meeting Set

Farwell Band Boosters will meet Nov. 7 at 3:30 p.m. in the school band hall. All members are urged to attend to help complete the band calendars

Persons wanting band calendars and listings should send money and information to the school with their children, or contact Mr. R.E. Blankenship

Farwell seventh grade Yearlings emerged the victors last Thursday as they downed Bovina 6-0 in Steer Stadium. The Yearling's "boom offense" and "head hunter defense" once again kept their opponents from scoring. Farwell's only points came in the first quarter when Rowdy Chandler crossed the goal for six points.

The try for extra points failed. Coach Jerry Owen stated that "the boys played fairly well." He commended Steve Owens, Rowdy Chandler, Robin Roberts and Bruce Mayfield as outstanding offense record.'

now stands at 7-1. So far they have racked up 108 total points points. The Yearlings were to play at Vega Thursday at 5:30 p.m. and according to the coach, "We have to beat Vega in order to represent our district. Vega hasn't lost a district game and they have a good team with a 5-1 season

STEED - TODD

Mustang Glue Is Too Sticky For Farwell Steers

Farwell's one time.

Mustangs to start the game. A flag was thrown on each team PAT kick was good and the on the first play of the night. During the first quarter and most of the second the name of the game was fumbles, punts and penalties. As halftime was approaching, Bovina was forced into a critical fourth down situation by the Steers and had to punt. The Steer defense backed a Mustang into the line of the punt and the pigskin went approximately 10 feet straight up in the air. Steer Larry Sutton suddenly found himself running toward the Farwell goal line with the ball. Sutton carried 51 yards before being brought down on the Mustang two-yard-line. Kevin Hargrove went those two yards and over the goal line for the Steer touchdown. The kick for extra point was good and the Steers opened the scoring 7-0 with 1:44 remaining in the

second quarter. Bovina was determined to get on the scoreboard before the end of the first half. The Mustangs advanced until they reached the Steer two-yard-line and a pass attempt was ruled complete for a Bovina touchdown. Mustang PAT attempt was successful and the Mustangs pulled out in front, 8-7, with 16 seconds remaining in the first half.

The Steers received the ball to start the second half of play. Farwell was soon forced to punt and the Mustangs started another drive. A Mustang galloped in from 13 yards and another TD from Bovina. Their kick for extra point was unsuccessful and they moved farther ahead 14-7 with 7:53 left in the third quarter.

Early in the fourth quarter, The Steers kicked off to the Bovina scored, trotting in from the Steer 10-yard-line. Their

> 10:44 remaining in the fourth Two minutes later a Mustang broke out of the corral and ran 75 yards for another Bovina TD. The try for extra point

score changed to 21-7 with

failed and the score stood 27-7. Following a Steer pass that was intercepted by a Mustang, Bovina managed to get a touchdown running in from the Steer 5-yard-line. Their twopoint conversion try failed and thus ended the ball game with the score, Bovina-33 and Farwell-7.

"Bovina played a great ball game. We didn't. They completely dominated us in every respect and made us like it," said Farwell Head Coach Toby Booth. "We had more penalties than yards rushing and looked like a mad ball club or a sorry one. We really didn't play that sorry, Bovina just flat whipped us," the coach continued.

In regard to Friday's game the coach further stated, "We felt like the score on the first Bovina touchdown was the direct result of a penalty. It changed the complexion of the game and from then on out it was all Bovina. In my opinion some of the officiating was questionable."

According to Coach Booth, the only bright spot in the game for Farwell was the forced punt on which the Steers scored. The coach commended Kie Watkins for "playing a good defensive ball game.

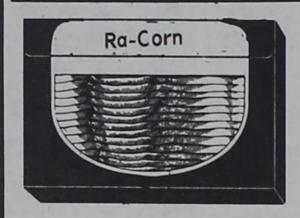

"Bovina has the best defense we'll see. Shelby alone didn't hurt us. McKay, Martinez and Fillpot hurt us. Our boys have improved tremendously in the past two weeks but we lost a good running back Carl Kirkland, who received a broken wrist in the game, and we're really going to miss him,' concluded the coach.

Nine Amendments . . .

not eliminate tax, but merely courts in probate matters, to shift the tax burden to other adopt rules for such courts taxpayers or other sources.

AMENDMENT NO. 4-Provide for notice to and approval or disapproval by cities and counties of the creation of districts and by requiring authority to streamline the compliance with certain general district laws.

This amendment, if approved, would give conservation and reclamation districts issue bonds in the amount of millions of dollars and when a city would annex these districts, it must assume the responsibility for paying these bonds and must pay tax residents of the city to make the payments.

AMENDMENT NO. 5-To bordering on the Gulf of Mexico may levy a tax for the construction of sea walls and breakwaters upon the vote of a majority of the resident taxcalled for that purpose.

On the plus side is the fact that the Texas coast is frequently battered by hurricanes and other severe storms and people living on the coast need and their homes.

However, the Texas coastline is a very delicate ecolo- approved. gical phenomenun and any development of it threatens its some areas that compensation very existence. If the amend- of veterans is a federal rather ment is passed it would make than a state responsibility and it easier for people to live that the program is unnecessary artificial protection.

AMENDMENT NO. 6-To through Federal sources.

However, tax exemptions do adjust the jurisdiction of the relating to probate matters, and to provide for appeals in

> judicial process by adjusting probate jurisdiction to either the district court or the county court, or both courts, by general law, to serve the needs

On the other hand, under the authority given to the legislature by the constitution to establish such courts as it deems necessary and to prescribe their jurisdiction, the legislature already has created in numerous counties statutory provide that counties and cities county probate courts and county courts at law with probate jurisdiction to relieve the county court's probate responsibility

AMENDMENT NO. 7-To propayers voting at an election vide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans Land Fund

In order to continue an existing program and to extend its benefits to returning vetprotection for both their lives erans of Viet Nam and others who have served in the armed forces the plan will have to be

However, it is considered in along the shore by giving them in view of generous benefits already available to veterans

grant the district court the AMENDMENT NO. 8-To general jurisdiction otherwise authorize and require cities, conferred on it by law in towns and villages to levy ad probate proceedings, and to valorem taxes sufficient to pay authorize the legislature to the principal of and interest on

their general obligations hereinafter issued, subject to restrictions provided by law.

The amendment, if approved, would allow cities and towns to live up to their An argument for the pro- contractural obligations on the posed amendment is that it bonds they issue after voter conservation and reclamation would give the legislature the approval without depleting their funds from other sources, such as operating expenses or funds for future improvements.

Against the amendment is the fact that taxpayers of Texas cities and towns are already overburdened and the proposed amendment creates the possibility of more taxes. AMENDMENT NO. 9

Authorizing the legislature to exempt certain water supply corporations and cooperatives from the property tax on water certain facilities. Approving Amendment Nine

would aid water supply corporations who perform a vital function in many parts of the state that might not otherwise have adequate water supplies. The amendment would encourage the formation of such corporations or cooperatives.

On the negative side, there are many privately owned water supply corporations which are operated for profit and which are in competition with non-profit supply corporations and cooperatives. The passage of the amendment would give the non-profit corporations and cooperatives a competitive advantage since they would be relieved from paying property taxes.

Each of the nine amendments should be considered and despite the fact a 'light turnout' is expected, each is important in the area it will cover and future effect, both taxwise and in the growth of

WEDDING DATE SET -- Mr. and Mrs. N.C. Rice of Floyd and Mr. and Mrs. Billy Berry of Moriarty announce the engagement of their daughter, Dottie, to Ronny Tipton, son of Mr. and Mrs. T.J. Tipton of Texico. The couple is planning a western-style wedding, Nov. 15 at 1 p.m. at the Ernest Wilson Rodeo Arena near Portales (a mile north on the Air Base road, two-tenths mile east). All friends and relatives are invited to attend

D. Flowers, M. Henderson Exchange Double Ring Vows

formerly of Farwell, and mother on their wedding day; Michael Monroe Henderson, something new was her dress; son of Mr. and Mrs. Sam Henderson of Warsaw, Mo., exchanged vows Oct. 6 in the home of the bride's parents. Rev. Carl DeFreece of Kansas City officiated in the double ring ceremony.

The ceremony was performed between twin candelabra holding deep rose tapers and accented with pink gladioli and deep pink bows. Musical selections were "The Twelfth of Never," "Whither Thou Goest" and "Walk Hand in Hand," performed by Debra Swearin-

Given in marriage by her father, the bride wore a formal gown of white imported organza, featuring a scoop neckline, empire waist and long full sleeves gathered at the wrists. A large bow accented the back waistline, followed by layers of ruffles that gave a bustle effect. Her veil was shoulder length and trimmed in English lace. The bridal bouquet was pink carnations and baby pink roses atop a white Bible.

Following wedding tradition, she wore pennies in her shoes minted in the years of the

ter of Mr. and Mrs. William H. old, she wore a string of pearls Flowers of Edwards, Mo., that her father had given her something borrowed was her veil belonging to her cousin; and something blue was her

> Zane Francis attended the bride as maid of honor. She wore a floor length gown of pink and white checked gingham with a scooped neckline and short puffed sleeves. The dress had a wide flounce on the bottom of the skirt. The flounce and empire waist were trimmed in white embroidered lace. She carried a white basket filled with pink carna-

Candlelighter was John Henderson, the bridegroom's brother, and Kelly Shinn was ring bearer. Mike Flowers, brother of the bride, served as usher. Marlin Hammond of Eldon, Mo., was best man.

The bride's mother wore a pale pink polyester dress with a deep red rose corsage. The mother of the bridegroom wore a navy and white dress and a corsage of deep red roses. The grandmothers, Mrs. Guy Kel-

Debra Lynn Flowers, daugh- couple's births. For something ley, Mrs. Homer Henderson and Mrs. Floyd Cunningham. were presented corsages of pink carnations.

> A reception followed the ceremony in the home of the bride's parents. The table was laid with a white lace cloth over pink. The three-tiered cake featured cascades of pink roses topped with a miniature bride and groom. The cake, punch, mints and nuts were served from crystal and silver appointments. Serving at the table were Zane Francis, Debra Swearingen and Zeritta Grable.

For the wedding trip to points of interest in southern Missouri and Arkansas, the bride chose a cranberry and pink pantsuit with a pink carnation corsage.

The bride is a 1973 graduate of Warsaw High School. The bridegroom also graduated from Warsaw High School and attended Sedalia Community College. He is employed by NEWA. Inc. The newlyweds will be making their home at City, Mo.

FJH Holds Special Veteran's Program

Farwell Junior High School presented a special program on Oct. 22 to honor this nation's veteran's.

Held in the school auditorium, special honored guest was veteran Foster Watkins, a veteran of both World War II and the Korean conflict.

Announcer was Penny Hughes and Guy Whiteside and Dwayne Obenshain were in charge of the prelude and posting of colors. The Pledge of Allegiance and

National Anthem were led by Jack Rose and Corine Ancira

gave the introduction. Special music was presented

by the high school chorus under direction of Lynn Burton. Charlie Costillo introduced

"A Nation's Strength" was presented by Warren Sandvick and Dwayne Shultz spoke on "Veteran's Day-How It Was Named." The Veteran's Day theme of "Peace With Honor" was given by Rusty McFarland; Roxie Chandler recited a poem, "Just A Piece Of Cloth"; Stanley Goldsmith explained "Moment Of Silence" and taps was played by Jamye Berry and Randy Geries prior to retiring the colors to end the program.

On The Farm In Parmer County

By R. MACK HEALD -

County Agent

The best way to reduce greenbug infestation in wheat is to put cattle in the field.

Cattle will graze or clip the foliage down to a point where the food supply and habitat of the greenbug are severely limited. This keeps the population down and prevents a build-up while the wheat is short. The grazed wheat also is less attractive to these aphids.

Governor Briscoe's address,

he said, is expected to center

around the role that Texas will

play in the nation's agriculture

Included in the business

meeting, the agent noted, will

be an outline of task force

goals, the introduction of the

executive committee, the

chairman's report, and el-

human relations.

ection of officers.

This rather simple solution to the wheat farmer's gravest insect problem is backed by 20 years of data collected in Deaf Smith, Castro and Swisher counties during February, March and April.

Greenbug populations averaged up to 1,000 per foot of row in nongrazed wheat in 1961, '67, '69 and '70. In other years, populations were not so great, but still were far more numerous than those found in

Only in one year (1965) did the green bug population reach 100 per foot of row in grazed 1974. Here are some sugwheat.

Greenbugs usually reach their population peak in the three-county area by March 20. Farther north in the Texas Panhandle, the peak occurs in

During their population peak, these insect pests were found to be at least 20 times lower on the forage crops than on non-grazed wheat.

In observation of two adjacent dryland fields (one grazed and one non-grazed) during one year few greenbugs appeared on grazed wheat, while the non-grazed wheat was completely destroyed by

The researcher concludes that if grazing is continued into April, grain yields may be reduced in proportion to the lateness of grazing and the

earliness of the wheat variety. Air Training Command he According to the research studied the Air Force mission, where a general outbreak organization and customs and occurs, greenbug population received special instruction in may re-infest a nearby grazed field after livestock are re-

In such cases chemical control may become necessary a few days after the cattle are taken out. If the weather is warm, however, and good predator populations are preed Stephen F. Austin Universent, insecticidal treatment sity at Nacogdoches. He and

may not be necessary.

The application of fertilizer Mrs. Farmer and Dale acthis fall, or as soon as possible after harvest, is a matter worthy of immediate consideration and decision.

All reports clearly indicate shortages of nitrogen and phosphate will be with us throughout 1974 and for an undetermined period thereafter. Contributing to shortages at the dealer level are insufficient supplies of natural gas, fertilizer exports, release of reserve acreage back into production, higher sale prices of crops, and transportation difficulties.

The effectiveness of fall fertilizer application on the heavier soils of the High Plains is well established. On sandy soils, phosphate may be applied in the fall but nitrogen application should perhaps be delayed until spring to prevent possible leaching loss. Advantages of fall application include getting the fertilizer while it is available and incorporating it into the soil in the initial tillage operation so as to avoid weather problems likely to occur in the early months of gestions on fertilizer use for the next crop:

Find out what your soil really needs by having a soil test made on each field. Information on sampling and mailing is available in the Extension office in Farwell.

Soil test data from the High Plains clearly show that less than half of the soils will respond profitably to applications of phosphate. Applying available material only to deficient areas will stretch the supply without reducing the yield potential.

An appreciable nitrogen car-ryover may be detected. If this is the case, nitrogen rate can be reduced or in some instances omitted

Consider using feedlot waste. There is much evidence to indicate that a 10-ton application of "average" manure is sufficient to produce near maximum grain sorghum yields without additional commercial fertilizer.

Plan your fertilizer needs as soon as possible and finalize an agreement with your supplier. Fertilizers have become a major contributor to profitable

Student Council At WT Meeting

FARWELL RODEO CLUB OFFICERS for 1973-74 elected recently at Farwell High School
