French Send Three Men To Guillotine

Secret Court Convicts Communists For Fomenting Disorders

PARIS, Sept. 26. (AP)—The first three men sentenced to death by the powerful tribunal of state were executed today on the guillotine in the courtyard of Sante prison.

Authoritative sources said the court, a French tribunal created to show the Germans the French themselves could handle the opposition problem and to forestall the spread of German reprisals, was expected to hand down a new list of condemnations soon.

All three put to death today were communists: Adolphe Guyot, communist leader of the Seine (Paris) department, Jacques Woog and former Deputy Jean Cathelin.

The name of Gabriel Peri, another former communist deputy, was mentioned as probably among those whose cases now have been decided at further sittings of the tribunal.

A fourth man who was given the death sentence six days ago, Fresco Focardi, has not been found. He was tried in absentia.

All those sentenced so far have been convicted in secret sessions of fomenting or organizing disorders.

This court is separate from the anti-communist tribunal which deals only with communist activities.

Loans Increase At Local Banks

COMPARISON OF BANK FIGURES. Table with columns for 1941 (Sept. 24), 1941 (June 30), and Gain or Loss.

Loans and discounts, cash on hand, and deposits in Big Spring's two banks. An increase in loans and discounts, with decreases in deposits, cash on hand, and total resources—in comparison with totals of three months ago—is shown in statements of Big Spring's two banks.

The statements were made available in response to a comptroller's call at the close of business on Sept. 24. No third quarter call was issued in 1940, so comparisons on corresponding dates of the year was not available.

From June 30 to Sept. 24, loans were up nearly \$205,000 and in addition, the First National bank reported cotton acceptances totaling \$89,716.40.

Deposits were off during the summer period by more than \$115,000, while total resources were down a little over \$105,000. Cash on hand declined from \$2,284,000 to \$1,702,000.

The Sept. 24 figures for the individual banks: FIRST NATIONAL. Loans and discounts \$1,293,111.58 (cotton acceptances \$89,716.40), cash on hand \$2,284,000, deposits \$2,454,866.93, total resources \$2,768,528.23.

STATE NATIONAL. Loans and discounts \$1,092,344.20, cash on hand \$376,995.84, deposits \$2,090,137.65, total resources \$2,399,577.69.

At the same time the economic defense organization issued a supplementary "black list" containing the names of 800 persons and firms in the other American republics to whom no more shipments of American goods will be permitted.

The 800 "black listed" firms have been added to the original proclaimed list of certain blocked nationals which contained more than 1,800 individuals and firms in Latin American countries.

The names of 65 firms on the original list were deleted yesterday because "satisfactory corrective action" had been taken.

In announcing the original "black list" it was stated it was comprised of persons or firms "deemed to be acting for the benefit of Germany or Italy or nationals of those countries and persons to whom the exportation directly or indirectly, or various articles or materials is deemed detrimental to the interest of national defense."

On the basis of a continuing study of economic affairs in the other American republics, the new list includes firms charged with "acting as 'cloaks' for effecting transactions with firms already on the proclaimed list."

Many of the firms already on the "black list" have suffered severely, it was said, even to the extent of being forced to close, for they were dependent on supplies from the United States.

Subsequently, the official German newspaper, DNB, asserted that the figure had risen to 674,000 Russian captives and that "annihilation of the last remaining Soviet troops east of Kiev is impending."

This claim followed an official Soviet denial of an earlier Berlin announcement that 380,000 Russian troops had been captured in the Kiev battle.

Defense Body Takes Control Of Exports

Tighter Limitation Of Shipping Expected In Economic War

WASHINGTON, Sept. 26. The economic defense board headed by Vice President Wallace further centralized control of economic warfare and kindred defense measures today by taking over the issuance of all export licenses in the \$4,000,000,000-a-year foreign trade of the United States.

In line with President Roosevelt's order of Sept. 15 to "intensify the policy of preventing shipments to axis-dominated countries," the economic defense board began absorption of the state department's division of controls, which heretofore has collaborated with the export control administration in regulating exports and issuance of export licenses.

Wallace's super-defense board already has taken over the previously independent and army-directed export control administration with the objective of integrating its functions into the broader work of the board.

At the same time the economic defense organization issued a supplementary "black list" containing the names of 800 persons and firms in the other American republics to whom no more shipments of American goods will be permitted.

The 800 "black listed" firms have been added to the original proclaimed list of certain blocked nationals which contained more than 1,800 individuals and firms in Latin American countries.

This claim followed an official Soviet denial of an earlier Berlin announcement that 380,000 Russian troops had been captured in the Kiev battle.

Calling the Nazi assertion "a fresh Hitlerite fake," a Red army communique reported: "The fierce struggle is continuing on the Kiev front."

The British radio, quoting a Moscow spokesman, said the Germans launched their initial attack on the Crimea Wednesday night, hurling tanks, mechanized infantry and a number of parachute troops into the assault after a heavy artillery bombardment.

"The Russians waited behind vast mine fields," the account continued. "Whole battalions of Germans are said to have been blown to pieces."

Soviets Report Wins In Crimean Battle

Mine Fields Destroy Many Nazi Troops

Furious Battle Continues To Rage At Leningrad

By The Associated Press. Whole battalions of German shock troops have been blown to pieces by minefields in a strong attack on the Crimea, advice reaching London said today, and the Russians were reported to have the situation well in hand after storming two Nazi assaults.

German parachute troops used in the attack likewise were declared to have been annihilated.

In the siege of Leningrad, the Russians admitted that German siege armies were steadily increasing their pressure despite colossal losses, but declared that a series of battles had hurled the Germans back from several advanced lines.

Soviet front-line dispatches late today said fighting near the ancient walled city of Novgorod, 100 miles south of Leningrad, was still raging with Russian troops repulsing all German attempts to cross the Volkhov river.

The Russians abandoned Novgorod a month ago, and since then the Germans have given the impression that their columns from that direction were pressing close in upon Leningrad.

Red Star, the Soviet army newspaper, reported that Russian troops at one point on Leningrad's approaches had gained five miles and recaptured four villages.

Nazi parachute troops and infantry were reported continuing the assault on the Crimean peninsula, battering fiercely at Soviet lines stretched across the bottleneck Erevok isthmus only five to eight miles wide.

The terrain was described as advantageous for the Russians, with numerous small lakes and marshlands forming natural defense barriers.

To the north, Adolf Hitler's high command reported that the destruction of four Red armies trapped east of Kiev was "progressing relentlessly," with the number of Soviet prisoners now standing at 492,000.

Subsequently, the official German newspaper, DNB, asserted that the figure had risen to 674,000 Russian captives and that "annihilation of the last remaining Soviet troops east of Kiev is impending."

Ships At Sea Endangered By Storms

High Winds Whip New York And New England Territory

By The Associated Press. A hodge-podge of weather disturbances today whipped Caribbean shipping with hurricane winds and jeopardized three ships, left Lake Erie regions smarting from lashing gales, and caused forest fires in upper New York, bush and swamp fires in Canada, and drought in New England.

Rescue ships rushed to the aid of the S. S. Ethel Skelton, reported sinking in hurricane tossed waters 200 miles south of Haiti. Near the eastern tip of Cuba the Latvian freighter Algara ran aground and asked for a salvage operation.

At the same time the Cuban government radio picked up a distress call from the steamer Muncove saying she was in distress off the south of the Gulf of Venezuela.

The 3,000-ton S. S. Essex ran aground near southeast lighthouse on Block Island, R. I., where a breeches buoy was set up to remove the crew. Crewmen were reported in no immediate danger.

Inland, an lash of water from yesterday's gale in Lake Erie sections tossed the 400-foot freighter S. B. Coolidge aground on the western bank of Sandusky, Ohio channel. The Coolidge later was towed to Sandusky. Whipped by a 75-mile gale on Lake Ontario, the U. S. Motorship M. Barnes of New York reached Toronto, Canada port with her after-hose smashed in matchwork.

The same windstorm, coming in the wake of violent storms driving northeast from the Texas hurricane belt, left western, central and northern New York suffering extensive crop and property damage.

Winds reaching a velocity of 58 M.P.H. swept across Buffalo, N. Y., yesterday, blowing down trees and causing other property damage. The coast guard reported all small Lake Erie boats had made port before the storm struck. Rochester, N. Y., reported a 60-mile wind and some damage to automobiles and small boats.

Canton, N. Y., police reported highways "bisected" with fallen trees and power lines, and advised against travel in northern New York.

In Ohio, property loss was counted in hundreds of thousands of dollars and at least one person was known to have died as result of a near-hurricane which swept across portions of the state yesterday. A farmer was killed at West Jefferson, Ohio, by a falling tree.

Albert A. Wirts, formerly assistant supervisor of the Ranger center, assumed charge of the National Youth Administration resident center here Thursday as supervisor.

He succeeded Joe P. Harrison, who has been with an Odessa bank since Sept. 15. Hugh Carrington, assistant supervisor, continues in that capacity, one he has filled since opening of the project here in February.

In another personnel change, Boyce Albert became foreman of the wood-work shop. He had been in charge at Sweetwater before the shop there was shut down. Albert succeeds R. M. Treadwell, who resigned when he and Mrs. Treadwell accepted teaching positions with the Forest schools.

Enrollment at the resident center here continues at capacity with 50 boys. The lads receive instruction in woodwork, metal work, radio and get instruction in welding and sheet metal work.

SINGAPORE REINFORCED. SINGAPORE, Sept. 26 (Delayed)—Indian detachments, including a complete hospital unit, arrived to reinforce this far eastern British naval base today.

Record attendance at the 36th division reunion is expected when members of the World War unit from Texas and Oklahoma get together again Oct. 4-5.

The reunion comes of "age" this year since it will be the 21st annual gathering.

Navy Patrol Plane Down; Six Drowned

CURACAO, Netherlands West Indies, Sept. 26 (AP)—The Aneta (Dutch) news agency said today that the U. S. navy plane PBI-5 made a forced descent yesterday near St. Eustatius, one of the Leeward Islands, and that six of its 14 occupants were believed to have drowned.

Thirteen of those aboard leaped from the craft by parachute, the agency said. Seven of them alighted on land and received only slight injuries, but the other six were said to have fallen into the sea.

First accounts did not mention what happened to the fourteen occupants.

(A dispatch to the Puerto Rico news bureau in New York said only four of the 14 were missing.)

Aneta said that three navy planes speeded to the scene from the port of Orico.

Today the PBI-5 itself was anchored in the harbor of St. Eustatius.

Band Leader Goes To Abilene Meet

Dan Conley, municipal high school band director, left Friday with his family for Abilene, where he planned to participate in the region No. 2 band directors meeting Sunday afternoon.

The meeting is for the purpose of selecting the site for the annual band contests in the spring of 1942.

Abilene has been host for several years although Lubbock, Big Spring and Abilene have entertained the meeting at least one year each.

French Object To Japanese Arrests

VICHY, Unoccupied France, Sept. 26. (AP)—French Indochina authorities have protested vigorously to Japan charging violations of French sovereignty as a result of sudden, widespread arrests by Japanese troops in the French colony, it was announced officially today.

The strongly worded protest declared the action of the Japanese command was "an indisputable violation of French sovereignty despite the solemn guarantee by the Japanese government in all accords signed up until now between it and the French government."

Full French sovereignty in the Asiatic colony was insisted on in a protocol signed between France and Japan only two months ago giving Japanese troops the right to occupy bases in southern French Indochina.

A communique issued by French authorities in Hanoi, capital of the colony, said "on the night of Sept. 25-26 Japanese military forces at Hanoi and Halphong carried out without warning police operations, including police lines across streets, searches and arrests."

"Some one hundred persons, Chinese and Annamites, thus were taken into custody."

"The French authorities raised a vigorous protest against these operations, which constitute on the part of the Japanese command in Indo-China an indisputable violation of French sovereignty in spite of the solemn guarantee by the Japanese government in all accords signed up to now between it and the French government."

WASHINGTON, Sept. 26 (AP)—Cheering crowds of clerks and stenographers greeted the Duke of Windsor today as he paid official calls on the Secretary of War Henry Stimson and Undersecretary of Navy James V. Forrestal. His American-born duchess did not accompany him.

The former King Edward VIII was hailed excitedly by hundreds of war and navy department employees who jammed the entrances to the buildings and blocked corridors in their anxiety to see the man who abdicated his throne for love and now is governor of the Bahamas.

Attempts to evade the decree were made punishable by a prison sentence up to three years or a heavy fine.

The covers are to be paid for on the basis of appraisal by the German army, it was stated in the decree, which excepted persons living in the northernmost districts of Norway and areas hit by the war.

General Ben Lear's outnumbered defending forces fought a rear guard action, delaying the slow, steady advance of Lieut-General Walter Krueger's huge third army. Second army defenses were drawn in a semi-circle 50 miles south and east of Shreveport, from Center, Texas, to Arcadia, La.

The 150-mile line bristled with artillery and machine-gun nests. Anti-tank guns protected vital roadways and anti-aircraft weapons were posted at important bridgeheads to ward off bombing attacks and keep troop and supply lines open to the front.

Secrecy shrouded main troop movements on both sides but the third army was known to be massing huge infantry reserves about 80 miles behind the front, supposedly ready to pour through any breach in the line torn by combined armored and mechanized infantry divisions. Warehouses of General Lear's potent armored force was unknown but it seemed certain it was headed southwest toward the front, to smash head-on with the mechanized forces of the attacking third army.

Ickes Finds Only 5,192 Tanker Cars

WASHINGTON, Sept. 26 (AP)—Secretary Ickes, the petroleum administrator, said today a "factual inventory" had found a net surplus of only 5,192 rail tank cars available to haul petroleum to the Atlantic seaboard.

This finding sharply disagreed with a contention by J. J. Felley, President of the Association of the American Railroads that 20,000 kiln tank cars were available for operation in the oil emergency.

The survey Ickes quoted was made by the east coast transportation committee of the oil industry. The senate committee which investigated the oil situation in the east reported there was no shortage, that unnecessary alarm had been created, and suggested that restrictions on gasoline sales be lifted.

LONDON, Sept. 26 (AP)—Premier Emmanuel Tsouderos of the refugee, Greek government declared today he had received reports of frequent clashes between Germans and Italians occupying Greece and said it had been necessary to import 14 Italian divisions to occupy the southern part of the country. "Curiously," he added, "the Italians are somewhat better disciplined than the Germans."

Wiley Heads Defense Unit

Cliff Wiley was named captain and H. L. Bohannon and Dale Thompson, first and second lieutenants, respectively, as representatives from service and civic clubs and local government took steps Thursday afternoon toward securing a home defense guard unit for Big Spring.

The three were selected upon recommendation of a committee. All are veterans.

Representatives from the city, county, the V. E. W., American Legion and several civic clubs went on record agreeing to underwrite expense of securing uniforms for the home guard and such other expenses as might be incurred.

Both the county warehouse and the city fire station were pledged as meeting places or as places to store firearms. Thus in the assurances given and the personal selected, requirements outlined by the office of Adjutant General J. Watt Page for a guard unit were met by the local committee. On this basis, a re-application will be made on behalf of a local guard.

Attending the meeting were J. H. Greens, L. D. Thompson, T. J. A. Robinson, Charles Sullivan, J. B. Collins, Bill Younger, Ira Thurman, Bruce Frazier, Edmund Notestine, J. D. WASHINGTON, Sept. 26 (AP)—A bridge lamp is furniture but a clothes hamper is not.

This isn't double talk; it is just some of the 24-hour a day advice that's pouring out of the federal reserve board in interpreting the installment credit regulations which began the first of this month.

While doubting that confusion over the restrictions were any more than could be expected, one sleepy-eyed official said there were still a lot of questions to be answered after he and his staff worked nights for four weeks.

Street Dance Planned For Troops Here

Business and Professional Women are planning on sponsoring a big street dance as entertainment for boys in the service when an army contingent stops here overnight early in October.

The troops, some 4,500 in all, will be enroute to base in El Paso from maneuvers in East Texas.

American Legion and V. E. W. posts are cooperating in planning the affair. The boys are due to pitch camp in southeastern Big Spring, coming here from Fredericksburg. They will go to Carlsbad, N. M., before returning to their home post.

36th Division Reunion Set

Record attendance at the 36th division reunion is expected when members of the World War unit from Texas and Oklahoma get together again Oct. 4-5.

The reunion comes of "age" this year since it will be the 21st annual gathering.

Lieut. Gen. John A. Hulsen, retired, wartime commander of the 72nd Infantry brigade, is president of the association. Members of the 26th fought with the French in the Champagne sector for 21 days, advancing 13 miles and capturing 613 prisoners in that time.

Neutrality Law Changes Are Mapped

WASHINGTON, Sept. 26 (AP)—Administration lieutenants in congress were reported today to have rejected a proposal for outright repeal of the neutrality act and to be ready to work instead for legislation making vital revisions.

The repeal proposal was introduced yesterday by Senator McKellar (D-Tenn.), a consistent administration supporter. McKellar, who told the senate that the neutrality law established a policy which "no great nation like ours can indulge in," said today he had acted entirely on his own responsibility. He added he did not know whether the administration would approve complete repeal of the neutrality law.

One well-advised leader told reporters that McKellar's measure was not acceptable to the administration. He said the legislation recommended by President Roosevelt next week probably would follow the lines indicated Wednesday by Chairman Connally (D-Tex.) of the senate foreign relations committee.

Connally suggested that the neutrality law be amended to permit the arming of American ships and to allow them to enter presently-forbidden belligerent ports and combat zones.

The Texas senator declared that some provisions of the neutrality act should be retained. He said the government control over munitions exports—should be retained.

Senator Bridges (R-NH), meanwhile, told reporters that he favored either complete repeal or substantial modification of the neutrality law.

"I was one of the six senators who voted against it in 1939," he recalled, "and I still don't believe you can legislate peace. In times of crisis the nation should not be handicapped in dealing with foreign nations by laws of its own making."

\$22,779 Cotton Payments Arrive

First shipment of cotton parity payment checks for 1941 has been received by the Howard county AAA office.

Exactly two weeks after first parity payment applications were sent in, the AAA office received 227 checks for a total of \$22,779. Meantime, the office reported progress in the filing of applications for parity, with all except 200 now mailed to the state office.

What Is Furniture, What Isn't, Customers Wonder

WASHINGTON, Sept. 26 (AP)—The rules set minimum down payments up to one-third of an article's cost and fixed a maximum time of 18 months for paying the balance on 24 different types of merchandise.

Furniture seems to be one of the favorite question marks. The board started out by excluding floor coverings and draperies from the definition of "furniture."

Pups Trounced By Yearlings, 30-0, Thursday

Coach Good Graves Yearlings contributed to Big Spring high school's 100 per cent evening by soundly trouncing Coach Baron Smith's Colorado City Pups, 30 to 0, at Steer stadium.

Holding a good 10 or 15 pounds weight advantage, plus a maximum steadiness under fire, considering the greenness of the youngsters, Big Spring's juniors had the night pretty much their way throughout.

The Yearlings cut loose in the first quarter, marking up two touchdowns in short order. Hugh Cochran, tailback, marked up the first tally, running from the Colorado City 45-yard line. Kick for extra point failed.

In the same period, Barkley Wood intercepted a Pup pass near the center of the field and raced across the payoff strips. The Big Springers tallied once in the second.

Bobby Barron showed to good advantage on a spinner play that accounted for Big Spring's constant residence in Colorado City territory. Hugh Cochran, the lad around whom most of the Big Spring attack was built, turned in a top-flight yardage card with unhesitant and sweeps, with the ground being cleared neatly by Raudie and Claude Matlock, the Yearlings' blocking twins.

On the line it was Barkley Wood, Lee Christian and James Byers who wrecked havoc among the visiting Pups. Byers and Christian turned in a bang-up defensive game while Wood's work on the Colorado City passing attack contributed to the visitors' defeat.

Darwin Flynnt's hard-hitting ball carrying showed to good advantage. Starting lineup: Big Spring—John Utery and Noel Bagley, ends; Lee Christian and Noel Hull, tackles; James Byers and Leo Bush, guards; Barkley Wood, center; Bobby Barron, quarterback; Hugh Cochran, left halfback; Claude Matlock, right halfback; Raudie Matlock, fullback.

Colorado City—Lambeth and Benson, ends; Westfall and Andrews, tackles; Tilly and Henderson, guards; Cook, center; Tiller, Allen, Carey and Dillard, backs.

Substitutes: Big Spring—Darwin Flynnt, Gene Anderson, Bobby Dean, Harold Germany, Jim Bob Chaney, J. MacIntosh, Herby Johnson, Robert Steen, B. Casey. Colorado City—Wells.

Says Football Through As Big Business

LIBERTY, Mo., Sept. 26 (AP)—Dr. F. C. (Phog) Allen, head basketball coach at the University of Kansas, predicts inter-collegiate football will cease to exist as a big business after the defense emergency passes.

"The economic structure of the nation will be such that no money will be available to pay the athletes as is being done today," he told the William Jewell college football team at a kickoff dinner last night.

Lion Fumbles Contribute To Steers' Win

Barton Marks Up Perfect Extra Points Record

BROWNWOOD, Sept. 26.—Big Spring high school's Steers were weighed in the balance Thursday night at Brownwood and found not a thing wanting, demolishing the Lions, 37 to 0, in a contest that saw the hosts having difficulty in even reaching the line of scrimmage.

It was the second successive loss for the Lions, beaten 28 to 6 last week by the Sweetwater Mustangs. Brownwood duplicated its fumbleitis of the Sweetwater game and again saw the opposition recover six fumbles, two of which paved the way for the first two touchdowns.

Frank Barton and Horace Bostick, steady runners from the one, the route, scored three and two touchdowns, respectively.

Barton marked up a 100 percent kicking card, converting from placement after each trip across the double strips. A blocked punt resulted in an automatic safety in the third period. Big Spring counted twice in the first quarter. For three tallies, Bostick hit left tackle from the two-yard line for the marker, climaxing a 30-yard drive made possible by a fumbled ball. The other fumble was recovered by Big Spring 23 yards out. Line plays moved it to the nine, from which Barton powered through for the touchdown.

The Steers drove 71 yards to their third quarter touchdown with Barton steady across from the one. Only substantial gains made by the Lions were on a pair of tricky maneuvers in which Tackie Lee Edwards was featured in the ball-carrying role. Lindsay romped in several end-around plays that netted additional yardage.

A fourth down pass by Bostick, with 18 yards to go, gained 29 yards to put the ball on the 20. A 15 yard penalty moved it to the 5. Paul Kasch and Charlie Buckner blocked Miller's punt for the automatic safety and the only score of the third period.

Intercepted passes figured in the last two tallies. Junior Moore took Hunter's toss and returned 24 yards to the Lion 23 to set up the first counter in the finale. Line plays moved it to the three, from which Barton hit the left side for the touchdown. Bostick intercepted Hunter's pass on the first play after the next kickoff and raced 55 yards to a touchdown.

Big Spring had the ball on the Brownwood two, with two plays to go when the first half ended.

The Steers led in first downs, 10 to five.

Other Big Spring statistics: yards rushing, 183; yards passing, 67; Brownwood: yards rushing 94; yards passing 0.

Therefore, Big Spring went up in comparison to the powerful Mustangs, district 3-AA favorite, handed the Lions a much greater licking than was the 28 to 6 defeat administered by Sweetwater.

Starting lineup: Big Spring—Felix Campbell, left end; Cal Boykin, left tackle; Billy Suggs, left guard; Charlie Buckner, center; Billy Shaw, right guard; Wofford Hardy, right tackle; Peppy Blount, right end; Horace Bostick, quarterback; Billy Womack, left halfback; Paul Kasch, right half back; Frank Barton, fullback.

Brownwood—Tipton, left end; Edwards, left tackle; Clardy, left guard; Nix, center; Whitely, right guard; Bynum, right tackle; Lindsay, right end; Kennedy, Moore, McClendon, Shanks, backs.

Lippy And The Boys Do A Bit Of Celebating

NEW YORK, Sept. 26 (AP)—Brooklyn went better over its new National League pennant today but nobody was nearly as delirious as the Dodgers themselves.

During the four hours it took their special train to make the trip home from Boston last night they stamored up the greatest celebration any baseball team ever has had, for the clinching of a championship.

President Larry MacPhail, who had remained here to pass out world series tickets, set up the party with a telephone call to Boston stocking the train with champagne.

The wheels hardly had started rolling before the cork started popping and by the time the effervescent outpouring pulled into Grand Central station a little before midnight the Dodgers were

hilarious and the train was a wreck.

The Dodgers let down their hair and howled—and it was something to behold.

Somebody thought it would be a grand idea to rip the shirt off Coach Charley Dressen and before his chummy companions were finished they had him almost in the nude. Then they started on each other and more shirts were ripped to pieces within a few minutes than a laundry could do in 10 years.

All the blinds in the dining car were torn down, too, but that came later.

Pewee Reese and Pistol Feto Reiser propped up and down the aisles squirting everybody with champagne until the kids were tipped off that that was something to drink. Then they turned to shampooing the porters and waiters with creamed spinach.

This went on for hours and for miles and miles—but you get the general idea.

It was the unbelievable end to an unimaginable tour that lasted for two weeks and was more like a traveling circus than a ball club on a business trip.

Kimbrough Cries

ABELINE, Sept. 26 (AP)—It seems that Coach Frank Kimbrough got his signals crossed. Last February, when Hardin-Simmons scheduled Baylor for its opening game, Kimbrough commented:

"Oh, my gosh. What did I do to deserve this? We're opening with Baylor and they'll chase us off the field. Those boys are really tough."

Since then Kimbrough has transferred to Baylor and Hardin-Simmons added another game, winning its season opener from Texas Wesleyan for its 14th in a row. And Kimbrough forgetfully commented:

"Oh, my gosh. What did I ever do to deserve this?" etc.

Everything But Coaches

COLUMBIA, Mo., Sept. 26 (AP)—Jack Keith, sophomore from Kansas City, is about the most versatile player on the Missouri grid squad. He came here as an outstanding high school center but was shifted to guard on the freshman team.

When Captain Carroll Jenkins was hurt last week, Keith returned to his old pivot post. During practice he has played every position in the line and he claims he has talents as a back.

Mrs. Farmer Gets Second Place, Mrs. Stalcup Third

Mrs. G. I. Phillips, leading contender for the Big Spring country club's annual ladies' golf championship, lived up to pre-tournament expectations Thursday, wrapping up medalist honors with an 85. Scores were chalked up along with qualifying standings.

In the second-place slot, Mrs. J. R. Farmer shot a 92, trailed closely by Mrs. Harry Stalcup's 84 card.

Friday afternoon, first round matches in the two flights, championship and first, are to be completed. Second round will be held Saturday and the finals are scheduled for Sunday.

Pairings for the championship bracket are: Mrs. Phillips vs. Mrs. A. Swartz, Mrs. Stalcup vs. Mrs. Carl Blomsheld, Mrs. Farmer vs. Tommy Jordan, Mrs. M. E. Bennett vs. Mrs. Bill Tate.

First flight: Mrs. H. W. Smith vs. Mrs. Dave Duncan, Mrs. Jim Beale vs. Mrs. Jimmy Gamewell, Mrs. Hayden Griffith vs. Miss Stella Flynnt and Mrs. Matt Harrington, Mrs. Hazel Mull and Mrs. Jim Kelly in a three-way match.

Qualifying scores: Mrs. Phillips, 85; Mrs. Farmer, 92; Mrs. Stalcup, 84; Mrs. Bennett, 110; Mrs. Swartz, 113; Mrs. Mull, 140; Mrs. Kelly, 144; Mrs. Duncan, 134; Mrs. Harrington, 132; Mrs. Jim Beale, 137; Mrs. Smith, 120; Miss Flynnt, 138; Mrs. Jordan, 116; Mrs. Gamewell, 126; Mrs. Griffith, 122; Mrs. Tate, 119 and Mrs. Blomsheld, 119.

Look! He Picks Nova Over Louis

By GAYLE TALBOT

NEW YORK, Sept. 26 (AP)—Looking back on Joe Louis' fight and recalling the ferocity with which he has torn into the big fellows he could hit easily, practically ruling them with a rain of punches, it takes a lot of will power to pick Lou Nova to win the heavyweight championship from the big one.

There is the additional hazard that most "professionals" of the fight game—the men who undoubtedly know the business best—are stringing along with the bomber. Perhaps a score of managers, trainers and promoters encountered yesterday at Nova's

training camp were unanimous in believing that the champion would belt Nova out inside 10 rounds when they meet Monday night at the Polo Grounds.

But the writer happens to have had a hunch for a long time that Nova was the one fighter with the physical equipment and the heart required to whip Louis, and there is no sense in backing down now.

Maybe he won't, and maybe he will be only another heart-broken heavyweight after he has sampled the Louis dynamite, but it will be after a terrific fight. That much is certain.

The principal thing is that Nova can take it. Louis will clout him many a time, probably will have him on the floor not long after the bell rings. But the surest thing in the world is that Nova will get up. And he is trained to last for 15 rounds at the only pace he knows. Joe, to repeat, has not fought a man like that. He might not like it.

Little Series Opens

MONTREAL, Sept. 26 (AP)—The Montreal Royals, International league farm of the Brooklyn Dodgers, newly crowned champions of the National League, carry the family banner into action tonight against the Columbus Red Birds in the opening game of the "little world series."

NEW MEXICO Aggies, victors 8-0 over Highlands U. in their opener, take on another of the smaller New Mexico colleges, Silver City State Teachers, Friday night at Lea, Cruces.

Rounding out the Saturday program are two more inter-collegiate games. Texas Mines opens the season against Louisiana Tech at El Paso; and the West Texas State Buffaloes of Canyon travel to Fresno, Calif., for a night game against Fresno State.

Texas Tech, which opened last week with a 34-0 victory over Abilene Christian college, is idle this weekend.

Ex-Brooklyn Breaks Cards' Hold, 3-1

Redbirds Left Two And One-Half Games Behind 'Dem Bums'

The gentlemen from Brooklyn came through in royal glory at Boston with a 6-0 conquest of the Braves yesterday and clinched their first National league pennant in 21 years.

The St. Louis Cardinals cooperated by losing a 3-1 decision at Pittsburgh to bring the most strenuous struggle in recent years to a sudden stop.

As a result of the victory and defeat, the Redbirds were left 1 1/2 games behind the Dodgers with each club having two games left to play.

The standings today:

Table with 4 columns: Team, W, L, Pct, G.B. Play. Brooklyn 99 53 .651 ... 2 St. Louis 96 55 .636 3 1/2

Somehow the season at Boston, perfectly played on the part of the Dodgers, seemed like an anticlimax. The bums had had to battle for every inch in their furious often frantic, foray against the western clubs of the league and even against the lowly Phillies.

In Boston yesterday they knew they were in and were just marking time. But they certainly can keep time. They never missed a beat.

Whitlow Wyatt, their friendly, baldish pitching ace, produced a masterful five-pit performance to achieve his seventh shut-out and 22nd victory of the season. His teammates loosed a vigorous offensive which young Pete Reiser climaxed with a two-run seventh-inning homer. The game had been halted, however, when a Brooklyn batted one run in each of the first three innings.

Max Butcher, a big West Virginia mountaineer who once was with the Dodgers, took care of crimping the Cardinals. He held the Redbirds to five hits, their only run was forced in with a walk.

The Braves plattered Ernie White with defeat through Rookie Bill Cox's triple for a run in the third and Eddie Fletcher's homer with one on in the sixth.

Both clubs have open dates today. Tomorrow and Sunday the Cards clash again with the Chicago Cubs and the Dodgers finish against the Phils.

In the other games yesterday the Cincinnati Reds stormed to a 6-0 decision over the Cubs and the New York Giants squeaked to a 2-1 victory over the Phillies.

All clubs in the American league were idle.

Border Circuit Has Full Card For Weekend

ALBUQUERQUE, N. M., Sept. 26 (AP)—A full weekend program for Border conference football teams provides these highlights:

Texas A. & I. upset the defending champions, Arizona State of Tempe, 20-7, last night.

New Mexico University takes on Arizona State of Flagstaff tonight.

Albuquerque in the first conference game.

Saturday puts Arizona University against Notre Dame at South Bend, Ind., and Hardin-Simmons against Baylor at Waco, Tex., in inter-collegiate play.

Tempe, which took a 7-0 decision from Gonzaga last week, fell a victim of Texas A. & I. Javelinas' deceptive running attack. Twelve plays were the most required for a Texas score as Tempe was soundly outplayed. An 88-yard punt return gave Texas A. & I. its first score in the first five minutes of play.

New Mexico Aggies, victors 8-0 over Highlands U. in their opener, take on another of the smaller New Mexico colleges, Silver City State Teachers, Friday night at Lea, Cruces.

Texas Takes Spotlight In Non-Loop Tilt

Frogs Start On Road Back In Clash With Tulsa

The Orange Wave that many say will look mighty good in the Rose Bowl at the turn of the new year rolls for the first time Saturday.

Still riding the crest of one of the most sensational finishing spurts in Southwest conference history, the University of Texas Longhorns play the University of Colorado a top inter-sectional game of the day.

While Colorado is not ranked among the country's major powers, the Buffaloes do start a veteran-sprinkled team of strong performers—one that should either confirm reports of Texas' brilliance or burst the bubble before it starts to float.

Last season Texas crushed Colorado 38-7 in its opening game. It's not likely to be that top-heavy this time. The long trip, loss by Texas of Stan Mauldin, veteran tackle-center, because of a fractured wrist, and possible limited action by Jack Crain and Noble Dosa, backfield stars nursing injuries, should make it a rugged test for the Longhorns.

Colorado has 15 letters but appears weak on reserve strength, something Texas doesn't have to worry about. They are three deep in Longhornville.

This will be one of two inter-sectional games as all but Rice of the Southwest conference teams swing into action.

Texas Christian university opens with Tulsa in a battle due to test the Frogs' new-found air magic—and also to test the stamina of a reserves line.

Rice does not start the drive this week, playing Sam Houston State Oct. 4 to host off the lid.

Here's how they look in the opening tests:

Texas A. and M. vs. Sam Houston State at College Station—the Aggies may find Sam Houston more than a breather but don't worry too much about the Kimbrough-Cadets; They can take care of themselves.

Myron Taylor Visits London

LONDON, Sept. 26 (AP)—Informal sources said today that Myron Taylor, President Roosevelt's envoy to the Vatican, and Mrs. Taylor were arriving in Britain on a surprise visit.

United States embassy sources made no immediate explanation of Taylor's visit but implied he would have conferences with Prime Minister Churchill. The length of his stay was not stated.

Taylor comes to England from papal conferences and talks with William D. Leahy, United States ambassador to Vichy, and Vichy authorities.

Schools Should Take To Air

Capt. Gill Robb Wilson, president of the National Aeronautic Association, made a statement during his Town Hall talk at Midland on Wednesday evening that raised a question.

His statement was this: That during a tour of Germany before the war, one plant had vastly more men than were employed in all American aviation plants, and more than that of those in charge in both technical and research departments, were young men from 18 to 20 years of age.

The question, raised by a member of the audience, was this: "Why was it that Germany happened to have so many young people in such responsible positions when America had few?"

His answer: Germany long ago discarded the idea of teaching youngsters to read by starting with "This is Will. How do you do, Will, etc." Rather they substituted books which read: "This is an airplane. The airplane has two wings, etc." Presently the boy

was making model airplanes, then designing, flying models, studying basic principles of aerodynamics. It was all a natural course.

Which raises this question in our mind: Why can't we have courses in our schools for air-minded boys? If there are any doubt in anyone's mind, we believe we can furnish convincing proof that the airplane is here to stay. We believe we can show that it is to become an increasingly vital part of our everyday lives.

Why, then, don't we get about introducing this into our courses of study? Perhaps it may be argued that it is impractical since the state may offer no credits. Bosh! Children can't eat affiliated credits.

We long have advocated a more technical and practical trend in our educational pattern. And we submit that introduction of courses, if nothing more than in model airplane building, would be a most encouraging step.

FOR THE LOVE OF PAM

By VIVIEN GREY

Chapter 24
THE DIAMOND

It seemed the whole town was parading along Duval Street in a carnival mood. Some in costume, some in evening things, some in street clothes. A guitarist picked out the chords of a Spanish love song. Pam recognized the voice that caught the tune and carried it on. Then other voices joined. Eventually it was a full chorus rising on the night air.

Freda, clinging to Leo's arm as they stood under an awning, caught Jerry's arm and pushed something small and hard into his hand.

"Look, Jerry," she said, "this probably isn't the time for it, no dramatic setting or anything, but I'm making an honest woman of myself. I want you to have this! I'm beginning to have silly ideas like that occasionally. Don't ask me why! Then she had turned back to Leo and was giving her entire interest to something he was saying.

Jerry looked at what he held in his hand. It caught the ray from a street lamp and gave out a beautiful radiance.

His diamond. The large and flawless one he had bought for Freda that day on Fifth Avenue, a day that seemed like only a dream as he tried to look back to it. He suspected why Freda had returned it. She knew of course that he wouldn't have money to give Pam anything as nice, anything at all, with his new theory of independence. He glanced after Freda's bright figure in her scarlet wrap and his heart warmed. There was stuff in the girl after all, he thought. She was coming through as he intended to do. He slipped the ring into an inner pocket.

He wanted to give Pam a ring. But he didn't want to get one for her, one that no one else had ever worn. Yet he knew it would probably be years before he could buy one as fine as the one Freda had just returned to him. He looked at Pam, wondering what to do. She was singing with the others. He bent swiftly and kissed the curl that had escaped the flowered band that was holding her hair back.

In the moment that Pam smiled back at him Jerry Winthrop was aware that emotion does not remain static. He knew he had never loved her before as he did in that moment. And he knew just as surely that what he felt for Pam was a progressive thing. It would grow and grow until it enveloped his whole life. He must, he must, get her promise. He must, and before many more hours passed.

When Pam and Jerry got home at one o'clock Melita had a little supper ready for them.

"You mean your help would stay up to do this for you, and do it so pleasantly?" Jerry asked in surprise.

"Yes. And the lovely part is Melita's that way."

"Melita?" Jerry said gently. "Or is it you, Pam? Perhaps the service you get is a reflection of the treatment you give."

Luncheon Party

Days passed. Pleasant sunspet days and balmy, perfumed nights. Pam kept to the routine of her work, Jerry saw her afternoons occasionally, and evening often.

And one especially lovely day when the begonia around her house was flaming orange and the hibiscus blooms were lush on their bushes, Pam asked the Winthrops for lunch with her in the house on Division Street. She felt she could, since their social program had slowed considerably, due to their changed financial status.

Lenore refused the invitation, but Bart and Adele were as gay and pleased as Jerry himself.

Juan and Melita loved the style Pam put on that day. It was like old times. There was tangelo punch first, served in tall glasses of fine crystal that had been in the family for years. Juan brought them in on the taskwork tray that had been brought from some far-off romantic place by an early Quaker with an eye for beauty. The Winthrops walked through the interesting old house, admiring things.

Mrs. Winthrop exclaimed over the polished mahogany table laid with a hand-embroidered luncheon set.

FBI Swamped With Flood Of Fingerprints For File

By JACK STINNETT

WASHINGTON — It's a strange town:

Associate Justice William O. Douglas, of the supreme court, is enduring his noisiest autumn. Justice Douglas has his home far out where Eastern and Georgia avenues join. Next door is a huge vacant lot where a tabernacle is going up, fronted by the announcement that for some weeks to come a revival meeting will hold forth there. A few hundred feet away, on another brace of ordinarily empty acres, is a jangling little carnival, complete from dizzily rhythmic merry-go-round to whittling peanut stand. Less than a year ago a weekend guest at the justice's home commented "It's so quiet out here I don't see how he sleeps."

Capt. James Roosevelt of the U. S. Marines has moved into the federal trade commission with his new boss, Col. William J. "Wild Bill" Donovan, coordinator of the intelligence services. Captain Roosevelt's appearance had nothing to do with it, but the corridor that houses the new offices has become one of the most exclusive in the city. Armed guards patrol it throughout the day, and for all I know through the night. You can't get by without a pass.

It wouldn't be worth mentioning except that the persons most inconvenienced by the set-up are the officials and employees of the federal trade commission. They can't even walk their own halls without being challenged and forced to show their credentials.

Luis Marin Munoz, president of the Puerto Rican senate, one of the highest officials of that island, arrives in town the other day. He was officially met at the National Airport by Maj. Gen. Edwin M. "Pa" Watson, the president's general military aide. The general's Spanish was a little rusty, but his French being perfect, he addressed Senator Marin Munoz in that language. The amenities flowed back and forth. The general explained that he was to take the senator immediately to the president. But he added, the president's Spanish, like his own, was not quite up to his French. Perhaps it would be much simpler if the senator would converse with the president in French.

"What's the matter," said Senator

Man About Manhattan— Artie Shaw Does Good Turn

By GEORGE TUCKER

NEW YORK—On a recent one-nighter Artie Shaw went out to the Empire ballroom at Allentown, Pa. . . . It was a hot night, about 77. . . . There were thousands of rug-cutters on hand. . . . Finally Artie went back behind the bandstand to a large open window to get a bit of fresh air. On the sidewalk next to the window stood a young fellow who said, "You're Artie, aren't you? How about your autograph?"

Artie gave it to him. . . . "Why aren't you inside?" he wanted to know.

"Frankly," he was told, "I haven't got the buck and a quarter."

Shaw looked at him a moment. He reached his hand into his pocket and drew out the required amount. "Come on in, on me."

"I couldn't do that," the young man was embarrassed.

"Don't worry," said Shaw, "Sixty percent of it comes back to me anyway. Come on in."

And he did.

It was interesting to see Phil Baker after fifteen years' absence from the night club. He came back with Harry Richman to the Riviera, and he forgot some of his lines, though none minded—except Phil. Later he said, "I wasn't nervous. Not a bit. But I forgot half the things I wanted to do."

Fifteen years is a long time. I asked him if it had really been that long since he had indulged in the old trade of making night club customers laugh.

"Yep," he said, "This is the first night club I've worked in since the old Ziegfeld Roof days, when you could get a real nice dinner for an annuity and a half."

In his new duties Phil employs a bit of geography and a note of patriotism. He sings a little song that asks the question, "What are we going to defend?" Then he starts in with Maine, New Hampshire, Massachusetts and names all the 48 states. . . . That's where Phil got a little mixed up. He named Ohio three times and forgot Nevada. . . . You try naming the 48 states, right fast, and see how far you get. . . . When Phil names the last state he pauses, then sings, "That's what we're going to defend." The welcome they gave him must have made him feel very, very good.

It must be a fine feeling that John O-Steen of Kingston, North Carolina, and Elaine L. Berg, of Grand Forks, North Dakota, have these days. And for it they can thank Kay Kyser.

Some months ago the old professor founded two scholarships,

Hollywood Sights And Sounds— Joltin' John's Movie Debut Proves Tough On Egos

By WM. CONSELMAN, JR.

(The scenario, who worked on the script of Zane Gray's "Lone Star Ranger," records a meeting with his star—for Robbin Coons, on vacation.)

HOLLYWOOD — Joltin' John Kimbrough, who has hung up his football cleats come a movie cowboy hero, jolted into my office and dropped into a high-backed chair.

After the room stopped shaking I stood up to greet him. Joltin' John stood up, too. Immediately I sat down.

Standing next to a guy like that is tough on your ego.

Suddenly a giant mound of flesh from which stuck five equally large fingers shot toward me. Texas A. & M.'s All-American fullback wanted to shake hands. I pretended not to notice. Broken fingers are not so good.

"Ah'm Jawn Kim-m-embrough," he drawled. I could smell the Texas aneurysm in his accent.

"Howdy," was my answer. That's the only Texas I speak.

"Ah'm shore glad to be heah," he added. Cory dialogue, true—but who am I to argue with guys his size?

So I got right into the question. "How do you like Hollywood and the movies?" I asked. I'm pretty corny myself.

"Fi-ne," says the Jolt. "Plenty of sunshine like in Texas. Lota nice people like Texas—and women who are almost as nice as the gals back home."

I immediately made up my mind not to make a nasty remark about the Lone Star state.

So we quickly got into the vital statistics of this All-American fullback who is going to be a movie star. He's from Texas. I think I mentioned that. His folks are ranchers and John spent a lot of time a-ridin', a-roppin' and a-tyin' around a little place down yonder from Haskell, Texas. His dad was a doctor. That's what John was going to be when he first enrolled at Tulane university. Somehow he changed his mind. He transferred to Texas A. & M. and page one in the country's sports sections.

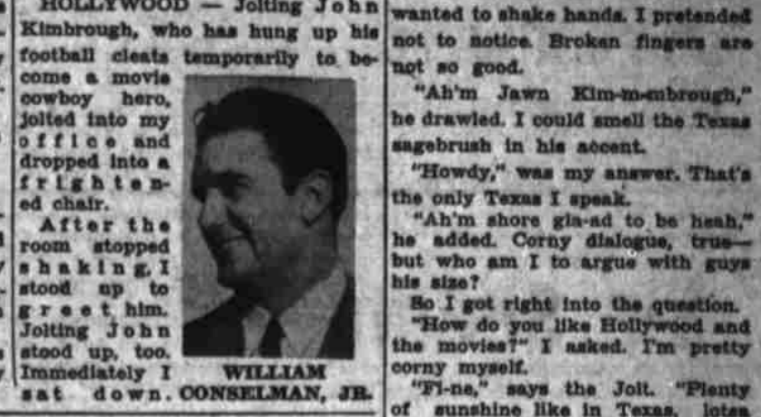

"What did you major in," I asked, "er—besides football?"

"Animal husbandry," was his answer. That's training to be a scientific farmer. Some day he's going to have his own ranch—in Texas. I'm sure. He already has fifty head of heifers now quartered on his folks' place. In fact, he was branding them when Hollywood called. Now he'll ride again as the "Lone Star Ranger."

For awhile, he'll make movies. Then there may be more professional football, but a guy with his physical attributes will be back to make more movies. You can bet your last baby bond on that.

"Aren't you afraid professional football might ruin your face for the movies?" I ventured.

"Ah'm not worryin' about that right now," he smiled. "Mistuh, when October gets heah, Ah'll look at football. Right now, Ah'm goin' over to the sets and look at Betty Grable."

New Lunch Room Supervisor Named

COLORADO CITY, Sept. 26 (Sp)—New supervisor for Mitchell county's four school WPA lunch rooms is Mrs. Fye Cravy.

She succeeds Mrs. S. H. Millwee, who recently resigned.

Mrs. Cravy, the former Margaret Williams of Sylvestre, was head of the Post high school home economics department for several years before her marriage in June.

atly, "Do you mean the bet? Edmonds and my bet about you? Surely you haven't taken that seriously? Pam, it was just a joke, something—but Pam's voice was breaking in wildly. All of the sturdy Quaker temper she had inherited was flaming within her.

"A joke! If your idea of a joke is that low and cheap—"

It was just there the old-fashioned knocker touched the electric bell of the front door. Pam stopped speaking and stood for a moment of decision. She spoke to Melita, who was coming to answer the door:

"I'll take it, Melita."

She opened the door to see the stony, expressionless face of Lenore Winthrop staring at her without recognition.

"Tell Jerry I want the keys to his car," Lenore said, as if giving an order to a servant.

Jerry, who had recognized Lenore's voice, came to the hall.

"Who wants the keys to my car?" he asked of Lenore.

"I do."

"You're not talking to me, Lenore. You don't get any car keys from me."

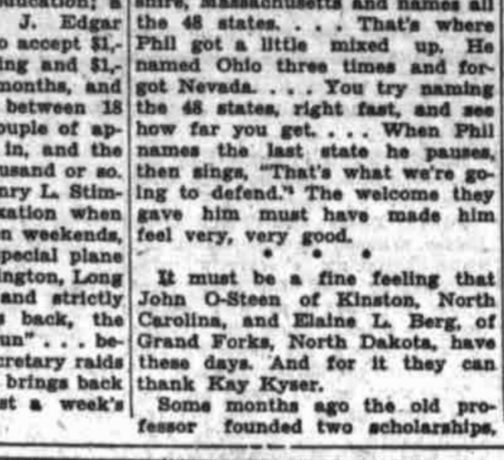

"We've got to have them!"

"So what?" Jerry asked in irony.

"Jerry Winthrop, shut up!" Lenore said fiercely, lunging at her brother.

To be continued.

Tuesday Lopez received a letter from the former employe, acknowledging the debt and expressing a desire to pay as soon as she was able. She also told of taking a pair of hose belonging to Mrs. Lopez, describing when and where they were taken.

She was not worried, she said, about forgiveness, for she was confident that the Lopez would forgive since they had been "so casual" while she was in their employ.

Nazarenes Set 100

Sunday School Goal

Plans for reaching a goal of 100 in Sunday school at the Church of the Nazarenes on Sunday morning were announced Thursday evening as the church continued its revival meeting.

Evangelist E. B. Matthews spoke from Matthew 7:13-14 Thursday evening on the "Signboards of the Two Roads," contrasting the "broad way and the narrow way" of life. There is no greater work as to which read the individual travels, he said, and the destination is sure - destruction for the many on the broad way and eternal life for those traveling the narrow way.

Coke Stevenson Visits Panhandle

AUSTIN, Sept. 26 (UP)—Lights glimmered in the mansion before daylight today as Governor Coke R. Stevenson, who likes to drive about the country set out for the Texas Panhandle.

He chose to drive because "I can go one way and come back another."

To a suggestion that he take a train the governor said: "I would miss 20 filling stations." He likes to stop at filling stations and chat with the boys.

The governor scheduled Pampa and Borger visits today. At Borger he intended to attend a barbecue honoring Dave Warren, president of the Texas Press association and publisher of the Borger Herald.

At Amarillo he scheduled an address before a labor group Sunday and planned to attend opening festivities of the tri-state fair Monday.

New Chevrolet On Display Today

The 1942 Chevrolet went on display Friday at the Lone Star Chevrolet Co.

An announcement story carried Thursday mistakenly said that the new cars would be on display on that day, when in reality, no new models were shown anywhere before Friday by Chevrolet dealers.

Otherwise, details of the announcement story concerning the new models, its new sweeping lines, appearance of massiveness and all other refinements are as contained in the Thursday story.

Soviets Use British Planes Against Finns

WITH THE FINNISH FORCES On the Leningrad Front, Sept. 25 (Delayed) (AP)—British aircraft have suddenly appeared against the Finns in East Karelia north of Leningrad. A number of Spitfire fighter planes already have been shot down in aerial combat, I am told.

Finnish officers say that so far only Russian airmen have been identified in the wrecked machines. They say they do not know whether the British are flying any of them.

Despite the superior quality of the British aircraft, the Finns say they are having little difficulty in shooting them down.

The reason suggested for this is an assertion that most of Russia's trained pilots were killed in the early weeks of the war, and that the men sent up nowadays are finding the new foreign machines unmanageable and too speedy.

Reports indicate that several Red fighters were shot down over Leningrad today during Finnish air raids.

Here 'n There

Mayor G. C. Dunham and E. J. McDaniel, city manager, inspected the airport at Brownwood and Camp Bowie Thursday when they went there to swap cars with a friend of McDaniel's, who had loaned a group of Big Spring men his machine when the Big Spring car suffered a breakdown near San Antonio.

Markets At A Glance

NEW YORK, Sept. 26 (UP)—Scattered stocks grasped at recovery straws with mild success in today's market but many leaders exhibited a notable lack of rallying power.

Selling dried up at the start and for a while plus signs were well distributed. A few weak spots then appeared and gains were erased in numerous cases. Trends stiffened for a few aircraft, rails and specialties in the final hour and the close was moderately mixed.

Dealings were sluggish throughout with transfers for the full proceedings around 500,000 shares against 1,170,000 shares in yesterday's slump.

The War Today—Strange Stories Of Wartime

By DEWITT MACKENZIE (Herald Special News Service)

The most important news from the Russo-German war front is the Moscow claim that the Bolsheviks have thrown back a heavy Nazi attack on the strategic Crimean peninsula, inflicting severe losses on the enemy.

This assault by the nazis represents an attempt to gain control of the Black Sea for an attack on the lower Caucasus in conjunction with the German drive through the Ukraine toward the northern gateway to the Caucasus. The loss of the Crimea, on which lies the chief Soviet naval base of Sevastopol, would represent a major disaster for the Reds.

Beyond this, while literally millions of tired, grimy soldiers continue the bloody thousand-mile battle at close grips, the Russian theater hasn't produced a report from either side which on the face of it would greatly alter the position during the past twenty-four hours.

Maybe there has been an invisible change. Perhaps a hard-pressed line somewhere has grown brittle and will snap before long, letting all hell roll through the gap. War is like that.

We do know that the Germans have unleashed more power from the besieged city of Leningrad, but the soldiers and civilians who side by side are defending this ancient and proud metropolis still hold their ground. Likewise in the Ukraine the nazis continue to fling themselves against hard-bitten Marshal Budyonny's army in their effort to smash through into the Caucasus.

Hitler's headquarters claims that the nazis are continuing to destroy the four Red armies which the German high command announced several days ago had been surrounded east of Kiev, capital of the Ukraine. The number of prisoners is said to have swelled to the colossal total of 492,000.

Moscow describes the German claim of the wholesale capture of Reds in the Kiev sector as "a fresh Hitlerite fake." Time will tell which side is right.

Speaking of fakes, that is a curious tale which comes out of Berlin today that the reason German Jews are being compelled to wear a yellow star of David on their left breasts is because all German nationals in the United States are forced to wear the swastika. Nazi officials say the government knows nothing about the report.

Stories like that frequently crop up in war. Sometimes they are deliberately manufactured for purposes of propaganda, and then again they are just the result of a suspicious spontaneous combustion. Be it said, too, that this type of fiction isn't copyrighted by any one nation.

One of the most notorious of all war-fakes was the story of the alleged German kadaver factory in the World conflict. This horrible concoction was to the effect that the Germans, being hard pressed for fat, had built plants where they were making soap and so on from the bodies of their dead soldiers.

English Fine George Arliss

LONDON, Sept. 26 (UP)—George Arliss, veteran English stage and screen star, was fined 4,000 pounds (about \$18,000) today after pleading guilty "subject to mitigating circumstances" to a charge of neglecting to register United States and Canadian securities with the Bank of England.

In addition Arliss, who appeared in court to "repudiate" the charge, while technically pleading guilty, also was fined ten guineas (about \$42) costs.

Arliss was charged with failing to register securities valued at 13,100 pounds (about \$52,000), and the crown prosecutor, F. D. Barry, had declared the actor was liable to a fine of 29,400 pounds (about \$128,000).
