

Churchill Calls For European United States

France, Germany To Take Lead In Forming Union

ZURICH, Switzerland, Sept. 19 (AP)—Winston Churchill called today for "an end to retribution" for Germany once she is stripped of the power to make war, and for French and German partnership in "some kind of United States of Europe."

The British war-time prime minister's speech at the University of Zurich was the second within two weeks to cheer the Germans. Secretary of State Byrnes at Stuttgart Sept. 6 advocated speedy establishment of a democratic provisional government for Germany and gave notice that Germany's eastern borders had not been finally determined.

After citing Germany's crimes Churchill said: "The guilty must be punished. Germany must be deprived of the power to re-arm and make another aggressive war. But when all this has been done as it will be done, as it is being done, then there must be an end to retribution."

Churchill called for a federal government for Germany, saying "the ancient states and principalities of Germany, newly joined together into a federal system, might take their individual place among the United States of Europe."

Declaring that "we dwell strangely and precariously under the shield and protection of the atomic bomb," Britain's war-time prime minister said Europe needed a regional organization within the nations.

"France and Germany must take the lead together," he said. "Great Britain, the British Commonwealth of Nations, mighty America and, I trust, Soviet Russia—for then, indeed, all would be well—must be the friends and sponsors of the new Europe and must champion its right to live and shine."

Phone Strike In Arbitration

HOUSTON, Sept. 19 (AP)—Resumption of normal telephone service in the near future appeared as a definite possibility today when it was learned that both sides to a labor-management dispute were willing to arbitrate and had taken steps to initiate proceedings.

J. B. Patterson, division commercial superintendent of the Southeast Texas division of the phone company, said that a letter proposing arbitration by a disinterested third party was delivered to the union today.

Mrs. Jewell Whitley, vice-president of the Southeast Texas division of the Telephone union, said that the letter had been received, but that according to contract all such communications had to be presented to their president, H. W. McCowen, or their vice-president, A. L. Diprosperio, in St. Louis.

Mrs. Whitley said that the local workers had returned the letter to Patterson with an explanation of where it should be sent.

Mrs. Whitley had earlier stated that "in the public interest, and in conformity with our contract, the union is willing to submit to arbitration if the company so elects."

Court Refuses McConnell Case

AUSTIN, Sept. 19 (AP)—The Supreme Court today refused to take jurisdiction in J. Carroll McConnell's fight to obtain the Democratic nomination for associate justice of the second court of civil appeals.

The action in effect affirmed the state Democratic convention's nomination and certification of Earl P. Hall of Henrietta as the party candidate for the northwest Texas judicial post.

The court overruled McConnell's motion for leave to file a petition for mandamus to compel Democratic party officials to certify his name. The Fort Worth lawyer had conducted a write-in campaign for the post after the death of Justice Marvin H. Brown, and claimed more than 700 votes.

Two Offices To Move To West Second Spot

Offices of both the Texas Unemployment Compensation Commission and the U. S. Employment Service are to be moved Saturday from 105 1/2 East Second street to 112 West Second street, it was announced today.

No interruption of the working schedule is expected during the transfer of office equipment, J. D. Gideon, local TUCC manager said. The TUCC will accept claims from 8 a. m. to 12 noon Saturday over the counter at the present Employment Service office. Both offices will open at the new site at 8 a. m. Monday.

Strengthen Pacific, Touring Lawmakers Say

WASHINGTON, Sept. 19 (AP)—Five touring lawmakers, home from a six-week far eastern inspection trip, said today America must strengthen its military and political positions in the Pacific.

Specifically, the five members of the House Military Committee who traveled 38,000 miles since August 10, said they are convinced of the urgency of building up a strong ring of defenses, reaching within striking distance of Russia.

While insisting that the group's attitude is not one of belligerence toward the Soviet Union, Rep. John E. Sheridan (D-Pa.), who headed the subcommittee, told reporters the recommendations are intended to insure against any eventualities. The five will prepare a formal report later.

The lawmakers held conferences with Gen. Douglas MacArthur, supreme commander in Tokyo, and with Gen. George C. Marshall, who is in Nanking trying to mediate differences between Chinese Nationalists and Communists.

In addition to Sheridan the group, that made the entire trip included Reps. Sikes (D-Pa.), Short (R-Mo.),

Thomas Martin (R-Ia.) and LeRoy Johnson (R-Calif.). Sheridan said he favored a defense line anchored in Alaska and Hawaii, with supporting bases reaching as far as British possessions off the coast of Australia.

From these bases, he said, new long range, high speed bombers could dominate the Pacific.

"The seeds of World War II already have been sown," said Sikes. "We must maintain our defenses at a higher rate of efficiency than ever before. I don't expect war, but we can't take a chance."

Rep. Sikes (D-Pa.) said he favored a defense line anchored in Alaska and Hawaii, with supporting bases reaching as far as British possessions off the coast of Australia.

From these bases, he said, new long range, high speed bombers could dominate the Pacific.

"The seeds of World War II already have been sown," said Sikes. "We must maintain our defenses at a higher rate of efficiency than ever before. I don't expect war, but we can't take a chance."

AWAIT COURT-MARTIAL—Sgt. William Lee (left) of Shreveport, La., plays with his dog, Pete, at Camp Kilmer, N. J., as four buddies look on. All face court-martial charges for bringing pet dogs with them when they returned from overseas. Left to right are Sgt. John J. Waldron of Elmhurst, N. Y.; Staff Sgt. Ralph J. Marone of Hartford, Conn.; Staff Sgt. David A. Barr of Sidney, Ohio, and Sgt. Lawrence Weiskrantz of Philadelphia, Pa. (AP Wirephoto)

Sheppard Upped; Powell Takes Over Banner Position

Will J. (Bill) Sheppard, manager of Banner Creamery here for the past six years, has been promoted to the position of production manager for the entire Banner system.

He launches immediately upon his new duties and will continue to reside in Big Spring for at least six or seven months.

Succeeding him in management of the local plant, which not only distributes dairy products but is also a large ice producer, is Frank Powell, formerly of Dallas.

Powell has spent years in refrigeration and ice manufacture as well as having served previously as manager of a Banner creamery plant at Seminole. He and his wife have arrived here.

Sheppard joined Banner nine years ago as plant manager at Odessa, coming to Big Spring in 1940 to take over management of the enlarged operation for this area.

In his new capacity, which is to direct and promote milk production facilities for the company, he will have charge of territory from Eastland to Odessa and from Brownwood and San Angelo to Brownfield.

Production is a critical phase of the operation, particularly in the western section of the territory where drought has created a bad feed situation despite an amazing influx of population.

Congressmen Seek Flood Control Funds

WASHINGTON, Sept. 19 (AP)—Two Texas congressmen, representatives Fisher and Combs, were to leave here today for New Orleans to meet with southern officials seeking release of additional federal funds for navigation and flood control projects.

They will be joined by Rep. H. F. Talbot.

POISON GASES PERFECTED

Hints Leak Out Of Weapons More Terrifying Than Atomic Bomb

WASHINGTON, Sept. 19 (AP)—More or less cryptic hints of terrifying new weapons of death came from three directions today.

One was tucked away in Secretary of Commerce Wallace's controversial foreign policy letter to President Truman—a passing but significant reference to radioactive poison gas.

Another was contained in a radio address by Editor-Scientist Dr. Gerald Wendt, who spoke of a "super-deadly" poison so potent a single ounce could kill every person in the United States and Canada.

Finally, Maj. Gen. Alden H. Waitt, chief of the Army's chemical corps, frankly acknowledged that his experts have worked with toxic agents that have "power far, very far beyond anything we had known in previous chemical warfare research."

Survivors Sighted In Wrecked Plane

NEW YORK, Sept. 19 (AP)—Coast Guard headquarters reported today that five survivors had been sighted near the wreckage of a crashed Belgian airliner near Gander, New Brunswick.

The wreckage was reported on a hillside "in very difficult country." The kits were dropped by a Coast Guard plane soon after an inbound Trans World Airlines plane spotted them.

The Coast Guard said its North Atlantic patrol reported that the survivors were included two men, two women and a child. It was not established immediately whether there were others alive.

The wreckage was reported on a hillside "in very difficult country." The kits were dropped by a Coast Guard plane soon after an inbound Trans World Airlines plane spotted them.

The Coast Guard said its North Atlantic patrol reported that the survivors were included two men, two women and a child. It was not established immediately whether there were others alive.

Earlier, Sabena, the company operating the plane, said a rescue party was rushing to the scene 22 miles southwest of Gander.

The airliner made a last report to the Gander field at 3:37 a. m. Eastern Daylight Time yesterday when it said it had sufficient fuel to last about eight hours more.

The plane, with a crew of seven and 37 passengers, made an instrument approach to the field at that time, roared overhead and disappeared in fog.

Four Men To Talk Murder And Suicide Verdict Returned

HOUSTON, Sept. 19 (AP)—A verdict of double murder and suicide in the fatal shooting of Mr. and Mrs. Jimmy Holmes and Emil William Peterman last night was returned by justice of the peace Thomas I. Decker.

Decker said witnesses told him that Peterman, Mrs. Holmes' former husband, shot the couple and then killed himself.

The shooting occurred after Peterman returned his three-year-old daughter to her mother, after the girl had spent the afternoon with him, Decker said.

Miner Killed In Explosion

McCOY, Va., Sept. 19 (AP)—One miner was killed and two others received third degree burns in an explosion which rocked the McCoy mine of the Great Valley Anthracite Coal Corporation today.

Mine officials listed the dead man as John Howell, 55, father of three children.

R. G. Stegans, president of the mining company, said 79 men escaped from the mine before emergency crews with gas masks arrived.

He added that the union had made efforts to have the seniority clause arbitrated but that the company would not agree. The clause basing upgrading on length of service, company welfare and craft ability has been a part of the contract since 1937 and the company has seen fit to leave it there, Berry commented.

Refusal of the company to arbitrate the clause interpretation, he said, meant it would someday come to a head, and the Houston stoppage happens to be that instance.

Contested Election Before Court Today

ORANGE, Sept. 19 (AP)—The case of L. G. Stanfield, present Orange County sheriff, vs. C. Hobson Mezger, democratic nominee for the office, opens here today in district court.

Stanfield is contesting Mezger's election.

The case was scheduled originally to open yesterday, but District Judge O. M. Lord of Beaumont, special judge, ordered the postponement as no court reporter was available. Lord has refused to order a recount of votes until testimony is presented pertaining to allegations of fraud and illegal voting as made in the suit.

Horn To Address Austin Mission Rally

Rev. O. H. Horn, pastor of St. Paul's Lutheran church in Big Spring will make the principal address Sunday for a mission rally at the St. Paul's Church in Austin.

Reading services will be conducted at the local church during the regular worship hours Sunday. Rev. Horn said.

US To Stand Pat On Trieste, Frontier Issue

"All One Decision," Delegates Insist At Peace Parley

PARIS, Sept. 19 (AP)—The United States served notice on the Slavic bloc today that the four power agreement on Trieste and the Italian-Yugoslav frontier was "all one decision" which would stand together or not at all.

James C. Dunn, US ambassador to Italy, told the Italian political commission of the peace conference that the American agreement included the creation of a truly free state of Trieste.

"The United States' agreement to one part of that program," he said, "is contingent on the acceptance of all parts of that decision and the creation of real rights and guarantees to assure the free territory's security and integrity."

Dunn spoke during discussion of the free territory's boundaries. Slav delegates want these restricted to the city proper and South Africa wants them enlarged along the Istrian Coast southward.

Dunn reminded the commission that the Belgrade agreement establishing two zones of military occupation along the "Moran Line" did not recognize Yugoslav claims in Istria and "in no way" would influence the ultimate division.

"When the Foreign Ministers Council decided, July 3, 1946, to cede all territory east of the French line to Yugoslavia, it also decided upon the creation of an international zone at Trieste under a statute to be approved by the Security Council," he said. "That was all one decision, one agreement."

Fly Settles Seamen Strike

NEW YORK, Sept. 19 (AP)—An arbitration award by James L. Fly, federal arbitrator, in the case of the National Maritime Union (C. I. O.) today placed NMU seamen and others on parity with AFL ship personnel and provided what Fly described as an adequate basis for the immediate resumption of all shipping activities.

Fly completed hearings Friday on collateral issues of the June 14 settlement which averted a nationwide C. I. O. maritime strike at that time. Operations and the union had agreed to accept his ruling in the June 14 settlement.

The award provides salary increases chiefly of from \$5 to \$10 a month, Fly said, adding he was requesting all seagoing personnel to return to work immediately.

There is no need for further paralysis of shipping on all coasts, Fly said. He added he would ask all ship operators, particularly those on the West Coast, to reinstate all men on strike.

He said he would make later this week, Fly said, and will follow the same general pattern.

Berry Claims Phone Company View Unfair

Branding a statement by a company representative as misleading and unfair, W. D. Berry, district president for Southwestern Telephone Workers union, Thursday said that a telephone work stoppage in Houston arose out of refusal of Southwestern Bell Telephone company to arbitrate a promotion dispute.

The company, in its statement, took the position that the union's stand in the Houston case was such as to give maximum consideration to seniority and minimum consideration to ability; that it was a policy which would hamper the ability of the company to give good service.

Berry said that the statement did not cover the full details and therefore placed the union in a bad light. He said that upgrading was done on a bid basis, that is, the union asked for job bids and usually submitted five prospects on the basis of seniority, ability, etc. As a normal procedure, the union then made preferential recommendations with due regard to ability as well as experience.

"Certainly we are not going to recommend anyone who lacks craft ability," he said, "for this would be bad business for us. Neither are we going to do anything which would prevent the company from giving service for our interest lies in the company's progress."

He added that the union had made efforts to have the seniority clause arbitrated but that the company would not agree. The clause basing upgrading on length of service, company welfare and craft ability has been a part of the contract since 1937 and the company has seen fit to leave it there, Berry commented.

Refusal of the company to arbitrate the clause interpretation, he said, meant it would someday come to a head, and the Houston stoppage happens to be that instance.

Tobacco Workers Criticize Policy

HOUSTON, Sept. 19 (AP)—The Houston local of the CIO Food and Tobacco Workers Union has sent a telegram to the White House criticizing President Truman and Undersecretary of State W. L. Clayton on the nation's foreign policy.

Clayton, headed Anderson Clayton and Company, one of the world's largest cotton merchants before his appointment to public office, Jack Faye, business agent of the local, said that a majority of more than 700 members of the group work for Anderson Clayton and Company.

"When W. L. Clayton insists on Secretary Byrnes' get tough policy he may speak for Anderson Clayton and Company but not the cotton workers," the telegram said. "We support the Roosevelt policy of friendship with Russia and support the Democratic movements of Europe and the colonial peoples."

Faye said "this was brought home to the membership by the way Will Clayton went to talk with the President and then Mr. Truman changed his whole policy."

Wallace Out Of Policy Row

Ross Denies Any Deal Was Made To Quieten Talkative Secretary

WASHINGTON, Sept. 19 (AP)—The White House said today President Truman made "no deal" with Secretary of Commerce Wallace in return for Wallace's decision to keep quiet for the duration of the Paris peace conference.

Reporters asked Charles G. Ross, the president's press secretary, about some news stories that mentioned a "deal" and a "this final arrangement."

"That is absolutely untrue," Ross declared. "There was no deal or anything resembling a deal and I can say that from first hand knowledge."

Ross was present during the latter part of a two and a half hour conference yesterday between Mr. Truman and the commerce secretary, which ended with Wallace still a cabinet member. It was at this meeting that Wallace agreed to make no speeches or public statements until the Paris conference ends.

In response to questions, Ross said he was unable to say what led to Wallace's decision. He said the secretary was the proper person to discuss that.

While Wallace stepped to the sidelines in the row over American foreign policy, the dispute continued unabated inside the cabinet.

Moreover, top administration officials made clear that the compromise truce by which Wallace will make no public utterance until the end of the Paris peace conference next month does not settle any of the basic issues he raised—either concerning American relations with Russia or Wallace's own future in the cabinet.

Mr. Truman did, however, act swiftly to make public a joint Army-Navy declaration that this country has no thought of making war on the Soviet Union.

While the Secretary of State Byrnes, whose policies have been the target of Wallace's criticism, maintained his silence in Paris, Secretary of War Patterson and Navy Secretary Forrestal became the latest to jump into the affray.

In a letter to Mr. Truman which the chief executive made public last night shortly after he ended his two hour and 20 minute conference with Wallace, Patterson and Forrestal denounced as untrue a Wallace charge that one "school of military thinking" advocates a "preventative war" against Russia before Russia makes atomic bombs.

Release of the letter was widely regarded as a gesture to reassure the Kremlin of America's peaceful intentions toward the Soviet Union.

As for the public debate over relations with Russia which Wallace began in New York last Thursday, the Secretary himself made clear that he had yielded only temporarily to the President's efforts to silence him.

Registration Delayed A Day

Registration for the Howard County Junior College will be delayed one day, E. C. Dodd, president, said Thursday.

Instead of Monday, registration will begin on Tuesday at the college properties in the Bombardier school hospital area.

Reason for the one-day delay, he said, is that advance inquiries have indicated such a large volume that prospective students could not be accommodated at the school administrative offices where the staff is now housed.

Moreover, said Dodd, congestion would be such that he feared it would interfere with performance of duties of the school administrative staff.

Monday will be required to transfer staff offices from the administrative building to the bombardier school, according to Dodd, and registration will begin Tuesday in hopes of being complete by the end of the week.

Galveston Port Activities May Open

GALVESTON, Sept. 19 (AP)—Galveston port activities were expected to be resumed at least partially today, under a plan whereby the National Maritime Union has agreed to limit picketing to gangways of ships under NMU contracts.

Mayor George W. Fraser, the local branch of the CIO, NMU, and non-striking unions concerned participated in the agreement, reached yesterday morning.

Following announcement of the agreement, trustees of Galveston wharves voted to permit the pickets to go on Galveston wharves property and carry out picketing.

To Make Awards

ARLINGTON, Sept. 19 (AP)—Gen. Jonathan M. Wainwright, commanding general of the Fourth Army, will present two military awards to Col. Edgar H. Keltner, professor of military science and tactics at North Texas Agricultural College, at a public ceremony here Sept. 26.

Rift Worries Democrats As Election Nears

WASHINGTON, Sept. 19 (AP)—The temporary muzzling of Secretary Wallace had Democrats privately worried today, although one leader—Rep. Sparkman (Ala.)—said for quotation he thought the rift would be forgotten by election day.

Republicans repeated assertions that Wallace should resign. They did not hide their jubilation over the latest development in a situation they previously had regarded as a windfall. The elections are less than seven weeks away.

Wallace's agreement—after a lengthy showdown conference with President Truman yesterday—not to make any more speeches or statements until after the Peace Conference in Paris had the immediate effect of depriving the Democratic party of a cabinet rank speaker who has a wide following among labor and Allied elements.

In any event, some Democratic party officials were wondering whether the political harm already done by disclosure of the intraparty disagreement over foreign policy had not been aggravated by the Truman-Wallace compromise truce.

They reasoned this way: The gagging of the out-spoken cabinet officer undoubtedly will arouse the ire of Wallace followers. The compromise which permits Wallace to remain in the cabinet is not going to set well with the anti-New Deal factions of the party. They wanted Wallace kicked out.

Texarkana Canvasses Municipal Voting

TEXARKANA, Sept. 19 (AP)—A complete check of votes cast in one of the city wards has delayed the official canvassing of results of Tuesday's special city election to name a mayor and three aldermen.

Council men said the canvass would be made this afternoon. Leaders in the election were W. N. Harkness candidate for reelection, and Luther McClure, Clyde Bane and Bruce Cunningham for aldermen.

The election was called to fill vacancies created when Harkness and three aldermen resigned after the three aldermen had been indicted on various charges of bribery, accepting a bribe on consent to accepting a bribe.

Well Known Catholic Clergyman Digs

NEW YORK, Sept. 19 (AP)—The Rev. J. Elliot Ross, 62, of the Paulist Fathers Catholic writes and lecturer and former chaplain of Catholic students of Columbia University, died yesterday.

Father Ross also was chaplain and lecturer at the University of Texas from 1914 to 1923 and pastor of St. Austin's Church, Austin, from 1916 to 1923.

Body Found In River

SAN ANGELO, Sept. 19 (AP)—The body of a young man, identified as a former San Angelo hotel employee, was found here yesterday in the North Concho River. The body was badly decomposed and it is believed to have been in the river about four days.

Operation Dixie: It's Slow Going

By STEWART ALSOP
WASHINGTON — Operation Dixie, the CIO drive to organize 1,000,000 workers in the Southern states, is no prairie fire. That conclusion is inescapable after talks with numerous CIO organizers, and with observant Southerners of various shades of political opinion.

There are sectors where organization is proceeding rapidly, but on the whole the pace is slow. In a number of states, the potential of unorganized workers is estimated as high as 75,000 or 100,000. Yet in most of these states the number of workers actually organized since the drive began and holding shiny new CIO cards is well down in four figures. At the beginning of the drive, there was optimistic talk of success within ten months. Forecasts are now lengthening out to two years and more.

All this does not mean that Operation Dixie is a failure, destined to peter out ingloriously. Many CIO men believe that if the work of organizing is going slowly, its effects will also be more solid and lasting for that reason. But it is evident that the drive is not going to change the whole political complexion of the South overnight.

Nor was it intended to. Top leaders of the drive look carefully blank at any mention of politics, failing even to react noticeably to the name of Eugene Talmadge, who in his time has shoved union or-

ganizers into the Georgia equivalent of concentration camps.

There has been remarkably little bitterness on either side. Virtually none of the anticipated headcracking has come to pass. This does not mean that all is sweetness and light between employers and the unions. Union men mutter that such sheets as Sherman Patterson's "Militant Truth" and Jack Johnson's "The Trumpet," which seek to persuade workers that the Bible is against unions, are not financed exclusively by Messrs. Patterson and Johnson. There is also talk of unscrupulous tactics in small company-controlled towns. But neither side seems able to work itself into a really sincere lather about the opposition. There is none of that deep bitterness which led to the open warfare of the 30's. Union men complain that the big chains, like the Cannon textile chain (probably the most important single objective of the drive, and a tough nut so far uncracked) are keeping one jump ahead by boosting wages. However much it may annoy the organizers, this is surely not a wholly unhealthy reaction.

Though the pace of the drive may be slow, it seems certain that sooner or later a good proportion of the Southern industrial workers will be organized under the CIO banner, which is sure to have political significance. The CIO already had more than 300,000 men organized in the South before the drive began. The political effects of this strength may give a clue as to what may be expected of the greater strength the CIO anticipates in time.

Some conservative Southerners assert that CIO support for a candidate antagonizes as many votes as it attracts.

But most knowledgeable observers disagree, on the theory that a voter who would oppose a candidate because he had CIO support would oppose such a candidate anyway.

It is obvious that in the predominantly rural South the CIO will never have the great political influence it has in the most highly industrial states.

Yet already the Southern balance number of Southern states it holds the balance of power in case of a very close or very light vote. But those who think that the Bilbos and Talmadges, who draw their strength almost entirely from the rural vote, will then vanish overnight, are indulging in the silliest kind of wishful thinking.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color?

Every day—every hour—millions of tired red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that 888 Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich red-blood. Start on 888 Tonic now. As vigorous blood surges throughout your whole body, greater freedom and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. 888 Tonic helps Build Sturdy Health.

Recent reports indicate that the 1946 honey crop will be smaller than was estimated earlier, as weather conditions in several sections have been unfavorable to nectar gathering. There is currently a very light supply of honey both for the retail trade and industrial users.

WHITE'S

SANI-WAX
Cleans FAST!

FOR WOODWORK AND FURNITURE
No pre-cleaning, no after-rub...

79¢

You will enjoy the fast cleaning and the lovely wax finish, from living-room mahogany to kitchen woodwork. Keeps the home well-groomed. Pleasant to use.

College Officials Due At Vocational Ag Meet

E. C. Dodd, coordinator of the Howard County Vocational school, and the county board of directors, are scheduled to attend a meeting of county, state and federal officials concerned with the operation of vocational schools Saturday at Lubbock.

A number of officials interested in the schools, in which veterans are enrolled for training, are expected at the joint meeting, which begins at 8 a. m. in the Hilton hotel.

South Plains Sportsmen Plan To Organize

Plans for the organization of a South Plains Sportsmen club will be set in motion at a meeting of land owners, hunters and fishermen of West Texas at 8 o'clock this evening in the district courtroom at Lamesa.

Over 500 invitations have been mailed out to game enthusiasts and several local sportsmen are expected to attend the session.

Four state officials—H. D. Dodgen, executive secretary of the Texas Game Commission; H. E. Faubion, assistant executive secretary; J. H. Maggard, supervisor of game wardens, and Frank Coswert, director of the commission's law enforcement—will cooperate with Game Warden F. M. (Tex) Stovall in leading discussions.

Purpose of such club is to assist in the problems of the hunter and land owner, to bring a better understanding between the two and to conduct a program of game conservation for better hunting on the South Plains.

Membership tickets for the organization are already on the market. Stovall has announced. Persons may join on payment of a dollar.

Post Surplus Sale Slated Monday

Big Spring Army Air Field will be the scene of a sale of surplus used motor vehicles exclusively to veterans of World War II Monday, according to an announcement made today by War Assets Administration's Fort Worth regional office.

Veterans who hold certificates for half-ton weapon carriers will be particularly interested in the event, since 23 of this type vehicle are to be offered. Inspection of the vehicles may be made the morning of September 23 starting at 8:30 a. m. with the sale to be held that afternoon from 1 to 5 p. m. WAA announced that oldest dated certificate holders will be served first.

Five other motor vehicle sales will be held by WAA that same week as follows: Sept. 24 Abilene Army Air Field where vehicles of Camp Berkeley and Abilene AAF will be offered; Sept. 24 Goodfellow Field, San Angelo, with a sale of 94 vehicles; Sept. 24 Amarillo AAF, 53 vehicles; Sept. 26 Sheppard Field, Wichita Falls, 89 vehicles; Sept. 26 and 27 Camp Hood, a two day sale of 461 vehicles.

Health Unit Equips Portable Test Lab

The Midland - Ector - Howard county health unit is equipping a portable testing unit and complete laboratory for checking eating and drinking utensils in public places. Lawrence J. Wells, sanitarian for the Big Spring-Howard county unit, announced today.

The first general survey of local eating and drinking establishments will begin next week. Where bacteria count on utensils is above the maximum, health unit officials will assist the operators in correcting deficiencies in sterilization equipment, Wells said.

A regular schedule for tests will be maintained henceforth, probably monthly or bi-monthly.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Mostly cloudy this afternoon and tonight. Partly cloudy and cooler Friday. High today 87° low 63°. High Friday 84°.

WEST TEXAS: Mostly cloudy, scattered showers this afternoon and tonight and from the Pecos Valley eastward Friday; cooler in Panhandle, South Plains and other portions of Pecos Valley tonight; cooler Friday except in Panhandle and South Plains.

Livestock Problems To Be Discussed

Problems confronting livestock feeders in this area were to be discussed at a meeting of the chamber of commerce agricultural department's steering committee and Big Spring feed dealers at a meeting in the Settles at 3:30 p. m. today.

N. B. Read, assistant chief, Education Training Services, and Q. S. Mathews, chief, Agriculture Training of the Dallas VA branch office, and VA training officers assigned to the vocational schools within the Lubbock-Veterans administration region will attend.

Special attention was to be given the shortage of protein concentrates, essential for winter dairy production. The chamber committee all dealers to ask cooperation of all dealers in taking joint steps for obtaining some relief from the shortages after discussions of the various problems were held.

Tech Expands, Whyburn Says

Record enrollment at Texas Techs but a beginning of major expansion program for the institution, in the opinion of Dr. William M. Whyburn, president.

Dr. Whyburn, who was here as guest of the Big Spring Athletic Association and the football team Thursday evening, said that the college had enrolled 5,500 students for the first semester.

"Where to put all these students and how to take care of them is a major and as yet unsolved problem but the head of one of the state's B'g Three in higher education said that it would be solved.

"Our plans are not only to take care of these in good fashion," he said, "but to add facilities which will take care of many more." Dr. Whyburn expressed appreciation for the strong support Tech had received from West Texas, for the state at large for that matter.

Plea Of Privilege Heard In Court

Hearing on a plea of privilege in the case of A. E. Walker vs. Lester Clark, receiver, F & M Drilling Company, et al, dominated 70th Judicial Court proceedings this morning.

Trial of C. E. Wampler and Jack Allen, charged with armed robbery, has been continued. The case was originally supposed to go to trial Wednesday morning.

Cubs To Meet For Organization

Two Cub pack meetings are slated for this evening—one at North Ward school and the other at Forsan. D. M. McKinney, Cubbing commissioner, announced.

The meeting at North Ward school at 7:30 p. m. is for the purpose of organizing a Cub unit, said McKinney, who urged a large, representative attendance not only of parents and boys, but of adults who can and will help with the program.

At the pre-organization session last week, attended by an unusually large number, McKinney said that several adults without children expressed a desire to aid in the program. They can be most helpful by participating in the organization parley, he said.

The Forsan meeting will be at the North Continental Camp park, where a basket picnic will be held at 6:45 p. m. for the first meeting of the pack. Parents and Cubs and members of the sponsoring institution, the Baptist Brotherhood, are expected for the affair.

License Renewal Forms Available

Persons who have let their motor vehicle operators licenses become delinquent can pick up renewal forms necessary for new certificates at the sheriff's office, justice of peace or the licensing division of the state highway patrol.

The forms must be forwarded to State Department of Public Safety headquarters at Austin.

Hester's Quint Swamps Foe, 3-0

Hester's Sporting Goods and Modern Cleaners chalked up triumphs in the second round of play in the Women's Bowling league last night.

Hester's rolled over Youth Beauty Shop three times in three starts while the Tailors were disposing of the Independents twice in three tries.

Nellie Mathis' 185 proved the high single game while Shirley Hatcher trailed with 178. Mrs. Mathis operates for the Hester team. Miss Hatcher with the Independents.

High series was bowled by Fern Wells of the Cleaners, who had a 490. She was trailed by Olive Cauble, Hester's, who boasted a 487.

Livestock

FORT WORTH, Sept. 19 (AP)— Cattle 2,400; calves 1,600; fairly active, mostly steady, some stockers stronger again; slaughter steers and yearlings in light supply; few common and medium grades 11.50-16.00; medium and good cows 10.50-13.50; sausage bulls 8.00-12.50; good and choice fast calves 15.00-16.50; common and medium calves 11.00-14.00.

THE ASSOCIATED PRESS NEWS IN PICTURES

SAILORS VIEW VESUVIUS—U.S. sailors view Mt. Vesuvius from the deck of the USS *Albatross* during a visit of an American naval task force at Naples.

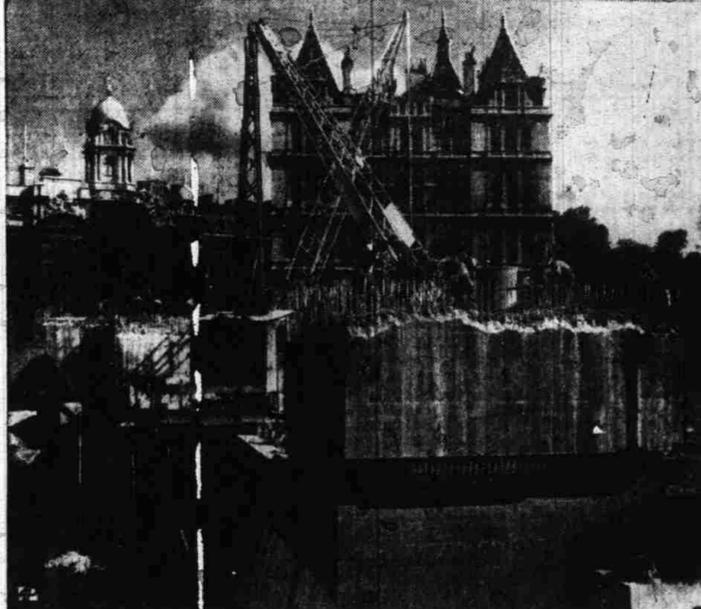

HISTORIC BELL—Cora Montgomery, author of the fiesta play, "Bells of San Gabriel," rings one of the historic bells of the southern California mission. This year marks the mission's 175th anniversary.

RICE FOR STARVING CHINESE—The USS LSM 470, a veteran of Okinawa, carries rice through Kwei-Fu gorge on the Yangtze River to a critical famine area in China.

BEACH BALL GAME—Vocalists who sing with their band indulge in a pushball game with Vaughn Monroe on the beach at Asbury Park, N. J. Left to right, the girls are Betty Norton, Katie Wyatt, Arlene Truax, Mary Jo Thomas, Tinker Cunningham and Mary Lee. All but Miss Norton come from Texas, where they were singing in a college group.

WHITEHALL FORTRESS GOES—Workers demolish two giant fortresses, part of the war office behind Whitehall, London, known as the Mowbray Annex. In this subterranean shelter many important staff conferences were held during the London blitz of World War II.

SCHOOL DAYS—Judy Ann Lee, 5, daughter of Mr. and Mrs. E. V. Lee, starting kindergarten in Omaha, ushers her pet dog Skippy out of the school house door.

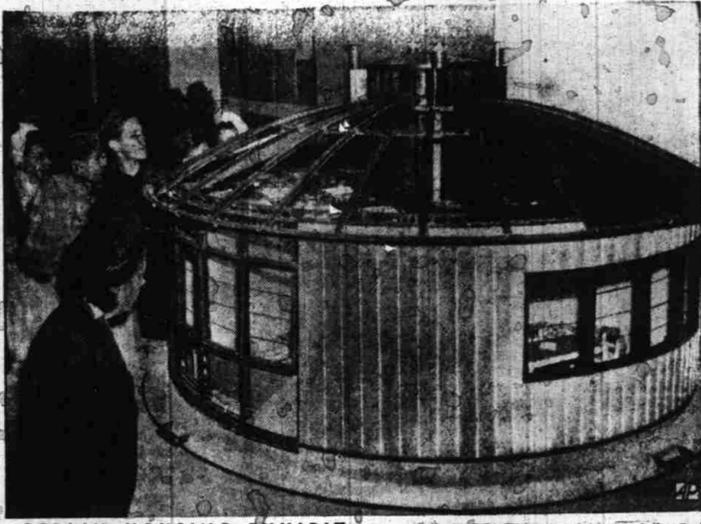

FOUR-TIME WINNER—Pauline Betz (above) of Los Angeles is the new women's national singles tennis champion, chalking up her fourth triumph in the Forest Hills classic.

WORK ON TEMPLE—Work is progressing on the interior of the Bahá'í House of Worship (above) in Wilmette, Ill., exterior of which was completed four years ago. Cost of completed structure is estimated at \$1,750,000.

NEW WRAP—New cape stole with jacket effect balloon sleeves designed in white Russian ermine by Dein-Bacher.

BERLIN HOUSING EXHIBIT—Germans look at a French round house at the first post-war housing exhibit held in Berlin. The entire exhibit, which was held in the battered remains of the imperial palace, was devoted to prefabricated, one-family units.

NEGLIGE OF LACE—Advance model of an all-nylon lace negligee in delicate pink, for which serviceability is claimed despite its fragile appearance. The French-pleated nightdress is also of a nylon fabric.

FIGHTING IRISH—Back after two years in the Navy, Coach Frank Leahy (right foreground) talks to some of 81 players who reported for football practice at Notre Dame.

AUTOIST'S PET SPIDER—William M. Long, St. Louis, carpenter, exhibits the spider he has adopted as a pet and nicknamed "Legs." The spider spun its web on the outside of his automobile window while Long's car was parked.

1946 PENNANT—The backbone of the pennant-bound Boston Red Sox spells out 1946. Left to right are Bobby Doerr, Ted Williams, Manager Joe Cronin and Johnny Pesky.

Rev. Burl Clark, Rev. Bill Arnett Fill Baptist Pulpit

COAHOMA, Sept. 19 (Sp) — Filling the pulpit for the morning service in the Coahoma Baptist church Sunday was Rev. Burl Clark of Foran, and Rev. Bill Arnett of Midland, district missionary, was in charge of the evening service.

Mrs. Kate Adkinson of Sterling City was the week end guest of Mr. and Mrs. C. A. Coffman.

Visiting in the home of Mr. and Mrs. Truett DeVaney Sunday were Mr. and Mrs. Noble DeVaney of Kermok.

Mr. and Mrs. H. T. Hale left Tuesday for Oklahoma City where they will join Mr. and Mrs. Leon Moffett for a week's fishing trip.

Mr. and Mrs. Smith Cochran, Mr. and Mrs. Tom Birkhead and Mr. and Mrs. A. M. Sullivan spent last Sunday in Tahoka visiting among friends and relatives. They attended the wedding of a cousin that afternoon.

Mr. and Mrs. R. E. Burger and family are new residents of this community, moving here from East Texas. They have purchased the farm four miles northeast of Coahoma, formerly owned and operated by Charter Hale.

Mrs. Vance Courson was hostess to both circles of the Presbyterian Auxiliary last Monday afternoon, and Mrs. W. T. Barber was in charge of the program. Those present were Mrs. R. V. Guthrie, Mrs. Buddy Brewer, Mrs. Bruce Mayfield, Mrs. Sam Hicks, Mrs. Courson, Mrs. Barber and Miss Agnes Barnhill.

Mr. and Mrs. Jack Hunter are the parents of a six and a half pound boy born in a Big Spring hospital Sunday. Mr. and Mrs. Bill Hunter are the grandparents.

Social Calendar For The Week

THURSDAY

P-TA SCHOOL OF INSTRUCTION will be held at 10 a.m. at the Presbyterian church for an all-day session with a covered dish luncheon at noon.

GIA will meet at the WOW hall at 3 p.m.

FAIRVIEW HD CLUB will meet with Mrs. Frank Wilson at 2 p.m.

CREDIT WOMEN'S CLUB will have its regular noon luncheon at the First Methodist church.

THURSDAY BRIDGE CLUB will meet with Mrs. Frank McClesky at 2:15 a.m.

AFTERNOON BRIDGE CLUB will meet with Mrs. James McCrary at 2 p.m.

LADIES GOLF ASSOCIATION will have its tea and game hour with games beginning at 1 p.m. and tea served at 4 p.m. Mrs. Escal Compton and Mrs. Dee Davis will be hostesses.

Intermediate Classes To Have Silver Tea

Members of the Intermediate Department of the First Methodist church will entertain Sunday afternoon with a silver tea from 3:30 until 5:30 o'clock. The affair will be held in the church parlors, and the public is invited to attend.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcinate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloot disappears—how much better you feel. More alive, youthful appearing and active.

Citrus Improves

McALLEN, Sept. 19. (AP)—A two per cent improvement in the Texas grapefruit crop during August has been reported by the US Department of Agriculture, the report placing the condition of the crop as of Sept. 1 at 71 per cent of normal. Rains and cooler weather have been credited with the slight improvement.

Mrs. A. C. Kloven Speaks At First P-TA Meeting

"The Educational Importance of Close Relations of Parents and Teachers Through the P-TA," was the subject of a talk given by Mrs. A. C. Kloven at the first regular meeting of East Ward Parent Teacher association Wednesday at the school.

Mrs. Kloven emphasized the importance of parents' not only becoming a member of the organization, but becoming an active member. "We can't want membership nearly as badly as we need the presence and cooperation for the welfare of yours and your neighbors' children," the speaker continued.

Mrs. Kloven opened the meeting with prayer and the reading of Psalm 127.

Mrs. Joe Thurman reported on the last regular meeting of the P-TA and on the September executive meeting. Mrs. J. D. Jenkins reported on the financial status of the unit.

Attending were Mrs. J. D. Jenkins, Mrs. Fred Simpson, Mrs. S. R. Morris, Mrs. C. W. Mahoney, Mrs. Tom Buckner, Mrs. W. P. Murphy, Mrs. J. L. Thomas, Mrs. E. J. Grifford, Mrs. R. L. Glasser, Mrs. Dewey Stump, Pauline Morris, Mrs. P. K. Pitzer, Mrs. Joe Thurman, Mrs. M. B. Beam, Mrs. Raymond Key, Mrs. L. R. McIntosh, Mrs. Eugene McNaillen, Mrs. Leon West, Mrs. U. G. Powell, Mrs. J. F. Hughes, Mrs. A. C. Kloven, Mrs. H. A. Rogers.

The next meeting on the third Thursday in October will be a fathers' night session.

Pest Control Tests Scheduled Friday

GARDEN CITY, Sept. 19 — Ranchers and agricultural leaders from six surrounding counties have been invited to join Glascock counties Friday at a livestock pest control demonstration here, County Agent H. M. Fitzhugh announced today.

Charles King, entomologist, for the Texas A&M college extension service, and Clifford Rude from the Menard experiment station, are to take leading parts in the demonstrations, along with W. I. Marschal, district six agent of San Angelo, and Fitzhugh.

Beginning at 10 a.m. several addresses are to be made at the Glascock county court house. King is to discuss latest methods for controlling cattle grubs and lice, and Rude will take up the ear tick problem.

A noon meal will be served visitors, after which the group will proceed to the Jim Wilcox ranch for practical demonstrations.

Some eight or 10 ranchers from the seven-county area have received special invitations to attend the demonstration. Fitzhugh said, and agricultural agents in the counties have been asked to invite others.

Bill Dawes Speaks To Lions' Auxiliary At Regular Lunch

Mrs. Escal Sompton and Mrs. Matt Harrington were hostesses to the Lion's Auxiliary at luncheon Wednesday in the Settles hotel, when Bill Dawes spoke to the women of the work being done by the YMCA.

Mrs. Cliff Wiley gave the invocation. The table was centered with a bowl filled with pink roses. Mrs. Bill Todd was a guest at the luncheon, and new members included Mrs. Paul Graham, Mrs. Sam Bloom, Mrs. Joe Elrod, Mrs. Avery Falkner and Mrs. Gilbert Gibbs, a returned former member.

Members present were Mrs. C. W. Deats, Mrs. Dan Conley, Mrs. E. B. Edwards, Mrs. Schley Riley, Mrs. George Melear, Mrs. Marvin Sewell, Mrs. Paul Barrow, Mrs. C. W. Griggsby, Mrs. Wayne Pierce, Mrs. Burke Summers, Mrs. Jake Douglass Jr., Mrs. G. L. Daugherty, Mrs. Joe Pickle, Mrs. Escal Compton, Mrs. Otis Grafa, Mrs. John Coffee, Mrs. C. W. Norman, Mrs. Cliff Wiley, Mrs. Strauss, Mrs. Robert Satterwhite, Mrs. Matt Harrington and Mrs. John Dibrell.

Mrs. Burke Summers, Mrs. C. W. Norman and Mrs. C. W. Deats will be hostesses at the October meeting.

Teachers Honor Intermediate Class At Weiner Roast

Mrs. R. T. Lytle and Mrs. Bill Bostick entertained the 14-year-old classes and their teachers of the intermediate department of East Fourth Street Baptist church with a Weiner Roast Tuesday evening.

The honorees were those classes who will graduate into the senior department on promotion day set for Sept. 29.

Attending were Lex James, Barbara Lytle, Amos Jones, Billy Ray White, Earl Knuck, Howard Knuck, Harold Cain, Merrill Clegg, Johnny Kenyon, Peggy Stringfellow, Tommy Ann Hill, Billie Sue Leonard, Dorothy Edna Christian, Joy Barnaby, Walter Grice and the hostesses.

Stocker Cattle Heavy Demand

Stocker cattle continued in heavy demand Tuesday at the West Texas Livestock Auction company's regular sale, as some 1200 animals moved through the auction ring.

Registering considerably stronger were Hereford cows and calves which moved at \$100 to \$141 a pair, while mixed pairs ranged from \$80 to \$110.

Other stocker classes: cows, 8.50 to 10.50 per cwt.; steer yearlings, 14.00 to 16.00; heifer yearlings, 13.00 to 15.00; steer calves, 15.00 to 17.00; heifer calves, 14.00 to 16.00.

Fat animal offerings still were far under demand. Fat cows brought 11.00 to 14.50; fat yearlings, 13.00 to 15.50; fat calves, 14.00 to 17.00; canners and cutters, 8.00 to 8.50.

A brisk demand for bulls moved short receipts at 10.50 to 14.25. No fat bulls were available.

A few hogs were offered, but they never reached the auction ring, bringing ceiling price of 15.50 per cwt. in transactions at the pen.

The day's run at the West Texas plant brought total cash receipts of approximately \$700,000.

Luncheon Program Set Up In Southwest

Fewer mothers will have to worry about packing lunches for school children this year. Every state in the seven-state southwest area (Texas, Oklahoma, Arkansas, New Mexico, Colorado, Kansas) has signed agreements under the new permanent national school lunch act to help provide healthful, nutritious lunches at school.

Under these agreements during 1947, the states will match dollar for dollar the funds granted by USDA. The total federal appropriation for all states is 75 million dollars.

Central Ward P-TA Has First Business Session

Central Ward Parent Teacher association had its first meeting Wednesday afternoon at the school for a business session for making plans to get the year's work underway with Mrs. J. D. Jenkins presiding.

W. C. Blankenship, superintendent of schools, discussed the luncheon system and told of its progress, and Mrs. Jimmie Mason and Mrs. Larson Lloyd spoke on P-TA problems and plans. Mrs. A. Merchant and Mrs. Zollie Rawlins spoke briefly to the group.

Details Completed For HHS Initiation Ceremony Tonight

Detailed arrangements for pledge ceremony tonight and tentative plans for an informal dance, Friday night were discussed by the High Heel Slipper Club at a Wednesday evening meeting in the home of Delores Hull.

Pledge bids were voted to be sent to eight rushees, who will be formally pledged to the club at tonight's ceremony. It will be held in the home of Mary Gerald Robbins at 7:30 p.m.

The dance will be held on the mezzanine floor of the Settles after the football game with both teams as honor guests.

Joyce Worrell, president, presided at the meeting at which Sue Nell Nail, Lindell Gross, Dorothy Purser, Nancy Lovelace, Nancy Hooper, Earlyne Wright, Pat Cochran, Miss Robbins, the hostess and the sponsor were present.

Study Club Has Quiz On Bible

The Park Methodist church study club met at the church Wednesday night for a Quiz on the Book of James which climaxed a series of lessons on that book taught by Mrs. W. A. Laswell.

At the business session Mrs. Eugene Anderson presided when plans were made for a league to be held each Sunday from 5 until 6 p.m. at the church. Plans also were made for an all day quilting at a time to be decided later.

Attending were Mrs. W. A. Laswell, Mrs. Gould Winn, Mrs. Bob Eubanks, Mrs. Mable Cloud, Mrs. Joe Dorton, Mrs. J. A. Myers, Mrs. Bryant and son, Mrs. Arthur Woodall, Mrs. Gladys Moore and Mrs. J. M. Faucett.

Firemen Ladies Plan Picnic At City Park

Final plans were made for the Fireman Ladies lodge picnic when members met Wednesday afternoon at the WOW hall. The affair will be held at the city park at 6 p.m. and all firemen and their families were urged to attend and bring a basket lunch.

Attending the meeting were Alice Mims, Billie Anderson, Velma Baker, Mervin Barber, Leah Brooks, Ada Arnold, Rebecca McGinnis, Florence Rose, Doris Jarrett, Bessie Power, Archie Heard, Stella Johnson, Sarah Griffith, Lendora Burt, Gladys Slusser, Minnie Skalkicky, Jewell Williams, Irene Parks, Lois Hall, Willie Pyle, Mable Kirkland and Marvin Lewis Wilkins.

Texas has a post office named "Divot."

Salmon Loaf Made With Rice, Milk Ideal Food For Fall Picnic, Supper

FOR OUTDOOR EATING it's convenient to serve the main course from a bread board. Salmon-Rice Loaf, tasty garnishes and tall glasses of bottled milk provide an appetizing menu.

How about a salmon loaf made with rice and milk for the early fall picnic or porch supper?

Salmon-Rice Loaf is easy to pack in the picnic basket. For the porch or backyard supper. For the porch bread board, surrounded by stuffed celery, devilled eggs, radishes, pickles and carrot strips.

This versatile fish loaf may be served hot also, and is particularly good with a cream sauce.

Salmon-Rice Loaf
(Makes 1 loaf)

Wash 1-3 cup raw rice and cook in top of double boiler over boiling water with 1 cup bottled milk and 1-2 teaspoon salt. Cook about 45 minutes or until tender. Remove skin from 2 cups cooked salmon.

Flake. Combine rice, salmon, 2 well beaten eggs, 1-2 teaspoon salt, 3 tablespoons minced green pepper, dash cayenne pepper, 2 tablespoons milk and 1 tablespoon lemon juice. Pack well into greased loaf pan. Bake in moderate oven (350 deg. F.) for 55-60 minutes.

Velvety Cream Sauce
(For Hot Salmon Loaf)

2 tablespoons butter or margarine.
2 tablespoons flour.
1 cup bottled milk.
1-4 teaspoon salt.
Dash white pepper.
2 tablespoons lemon juice.
Melt butter or margarine. Blend in flour thoroughly. Stir in milk and cook, stirred constantly, until thick. Add seasonings and lemon juice.

Sweet Potatoes Save Sugar, Are Rich In Food Values

The sugar-saving qualities of sweet potatoes should make them more popular with homemakers right now than they've ever been before. But they have other selling points, too. They're rich in vitamin A and furnish some vitamin B1, C and G. They're energy-rich and good-tasting—and provide delightful color appeal for cool weather meals. Sweet potatoes are almost as versatile as Irish potatoes—they can be boiled, steamed, fried, mashed, baked, candied, scuffed, combined with other foods, made into pies, custards and so on. They bring out the best in the flavor of many meats when the two are cooked together.

Said to be the original potato, "sweets" were discovered by Columbus when he arrived in America. In the far, long ago, the vine was probably a common morning glory, its edible roots cultivated by the Indians until they developed into a staple food in Central America, the lowlands of Mexico, northern South America and the West Indies.

President Named

GALVESTON, Sept. 19. (AP)—C. E. Sauls of Mobile, Ala., has been named president of the Gulf Ports Association, succeeding J. Russell Wait of Houston. Sauls was named here yesterday at a one-day business meeting of the group.

Beaumont Puts Out Four Page Papers

BEAUMONT, Sept. 19. (AP)—Engraved editions of the Beaumont Enterprise and Beaumont Journal are being published here following a strike of printers who quit work yesterday morning as soon as their contract with the publishing firm expired.

Both papers are published by the same company.

A four page paper was published yesterday by the Journal.

Company officials said the union had issued an "ultimatum" in refusing to negotiate other points of a proposed new contract until a wage demand had been fully met.

Printers are picketing the newspaper plant.

Thrift Club Charters Awarded Newsboys

WASHINGTON, Sept. 19. (AP)—Charters for news boy thrift clubs have been awarded by Secretary of the Treasury Snyder to 81 daily newspapers, including the Beaumont Enterprise-Journal at Beaumont, and the Galveston News,

City Bus Drivers On Wage Strike

BEAUMONT, Sept. 19. (AP)—A strike of operators of city bus lines in Beaumont and Port Arthur began here at 1:15 a.m. today. The drivers demand a pay boost from cents to \$1.10 an hour, according to George Troutwine, manager of the Beaumont City Lines.

About 150 members of the Amalgamated Association of Street and Electric Employees of America are involved. The company is the National City Lines.

Troutwine said late last night that a compromise offer had been forwarded to the Union's international headquarters. Local union officials said the matter is out of their hands.

The union also seeks overtime pay for work over eight hours in one day instead of after 34 hours in one week.

Galveston: The 81 papers are the first to organize such associations among their carriers. More than 50,000 carriers have enrolled in the clubs, pledging to save a part of their earnings through regular purchase of US Savings Stamps and Bonds.

Galveston Fire Destroys Cotton

GALVESTON, Sept. 19. (AP)—A waterfront fire here yesterday afternoon destroyed over \$500,000 worth of baled cotton.

City firemen, aided by the Coast Guard, fought for over an hour before bringing the fire under control. Two firemen and a cadet engine room man aboard a vessel at a nearby pier were injured.

Fire Marshal J. C. Kelso, Jr., said 3,000 bales of cotton, belonging to the McFadden Cotton Co., were destroyed.

Two Polio Deaths Reported In Dallas

DALLAS, Sept. 19 (AP)—Two polio deaths here Monday brought to four the total in Dallas this season.

The latest victims were Louis Rosenberg, 32, and Virgil Leslie Rauch, 34, both veterans of World War II.

Rosenberg died four hours after his case had been diagnosed as poliomyelitis. His funeral will be held tomorrow.

Dr. J. W. Bass, Dallas city health director, said despite the two deaths, polio cases are decreasing since the cool weather arrived in Dallas. The total number treated here this year is 80.

Meat Production Has Sharp Drop

For the week ended Sept. 7 total meat output in federally inspected plants was only 74 million pounds compared with 269 million pounds produced in the preceding week and 249 million in the corresponding week last year. Biggest drops were in beef and pork, but veal and lamb production also were down sharply.

Reduced supplies, together with the higher ceilings for many cuts of meat which went into effect recently, pain up the need for continued menu emphasis on fish and poultry, which are plentiful.

The members of Columbus' crew received about \$2.50 monthly.

Bumper Raisin Crop To Lift Winter Desserts From Dull-Tasting Doldrums

If your desserts have been in the doldrums, here's a cheering piece of news: California's recent raisin crop was on a handsome scale; predictions are that raisins will be plentiful this winter. And high time, too, what with many designed-for-dessert ingredients scarce or long since vanished from the market.

With raisins back the dessert course takes on a sparkling air once more. For raisins supply a sunny sort of flavor, a sweetness, a perfumed piquancy that gives desserts new charm. Source of all this magic is the sugared and dried every raisin heart. This is a natural fruit sugar, which not only eagerly imparts its sweetness to every dish it graces, but has refueling value also. For fruit sugar is a notably fast energy producer.

Every kind of raisin is suited to desserts. But muscats and Thompson seedless are specially desirable for this purpose. The muscat is an out-sized raisin—tender textured, seeded, famed for its concentrated sweetness, its rare bouquet, its almost flower-like flavor. Thompson seedless are a smaller variety; a little less sweetish to the tongue than muscats, but with a bit more piquancy, more ping.

Restore your desserts to their former popularity by using both varieties of raisin in the recipes below:

Add salt to egg whites and beat until stiff, but not dry. Gradually add sugar, beating continuously. Fold in fruit mixture. Pour into greased, shallow baking dish. Bake in a moderately slow oven (325 degrees F.) for 40 minutes. Cool in baking dish. The whip will shrink as it cools. Serve with chilled custard sauce.

Puffed Raisin Pie
2 cups puffed seeded muscats
1 cup sugar
2 cups water
1-2 teaspoon salt.

2 tablespoons butter or margarine.
3 tablespoons lemon juice.
2 tablespoons cornstarch.
3 tablespoons cold water.
1 teaspoon lemon extract.
Pastry for 9-inch crust and strips for top, unbaked.
Combine first six ingredients. Cook for five minutes. Dissolve cornstarch in remaining water. Add to raisin mixture. Cook, stirring constantly, for five minutes. Add flavoring and blend. Pour into pastry-lined pie pan. Cover with strips of pastry, lattice fashion. Bake in a very hot oven (450 degrees F.) for 25 to 30 minutes. Serves six.

Women who plan dinners for hungry workers want real values in fine foods. You get more for your money at the ALLEN GROCERY. Come in today!

Pick Your Favorite!

Take your pick from 6 delicious cereals in Kellogg's VARIETY. Kellogg's CORN FLAKES, PEP, RICE KRISPIES, KRUNIBLES, 40% BRAN FLAKES, SHREDDED WHEAT—10 generous packages in one handy carton. Try it!

Kellogg's VARIETY

Modern Fluff
1-tablespoon unflavored gelatin.
1-4 cup cold water.
2 cups milk.
Rind from 1 lemon, cut in small pieces.
2 tablespoons sugar.
1-8 teaspoon salt.
2 egg yolks, beaten.
1 cup seedless raisins.
2 egg whites, beaten until stiff but still moist.
1 teaspoon vanilla.

Soften gelatin in cold water. Place milk in a double boiler with lemon rind and scald. Add gelatin. Stir until dissolved. Strain to remove lemon rind. Add sugar and salt to beaten egg yolks. Add milk mixture, a little at a time, stirring constantly. Return to boiler and cook, stirring constantly until custard coats spoon. Remove from heat, add raisins and blend. Chill. When mixture begins to thicken fold in egg whites and vanilla. Pour into mold that has been rinsed in cold water. Chill. When firm unmold. Serves six.

Baked Raisin-Prune Whip
1-2 cup coarsely chopped puffed seeded muscats or seeded muscats.
1 cup coarsely chopped cooked prunes.
1-4 cup chopped walnuts.
1-4 teaspoon cinnamon.
2 tablespoons lemon juice.
1-4 teaspoon salt.
3 egg whites.
1-4 cup sugar.
Combine first five ingredients.

Ranch Deal Involves Over 14,000 Acres

LAREDO, Sept. 19 (AP)—A ranch deal involving 14,193 acres of land, 8,390 acres in Webb County land, 5,803 acres in Dimmitt County. The deal was made by George W. Lykes of Cotulla and wife to Dan J. Harrison, Jr.

How To Be A Good Cook With One Simple Book

SPECIAL POT ROAST ... Good hot or cold ...

By CHARLOTTE ADAMS
Associated Press Food Editor

For years, housewives and cooks in general have been begging for a really basic cookbook. There are a lot of good cookbooks, well and clearly written, but most take for granted that the user knows something about cooking.

Now, at last, a basic cookbook which really explains the hows and whys of cooking has been written. It is called "How To Cook Well" and was written by Ann Roe Robbins. It contains the best and most complete glossary of cooking terms I have ever seen. It has a chapter on utensils which not only tells you what are the essential ones to buy, but gives you a complete description of what each one is with illustrative sketches of a good many.

"How To Cook Well" contains a chapter on bread-making which will open the eyes and extend the knowledge of even fairly experienced cooks. It tells you why breads rise, why certain batters and doughs act the way they do, what are the various types of leavening—and why they work, or if they go wrong why they do that too. In this chapter is an explanation of why it's easy to make good popovers (which it is), that ought to be a comfort to everybody!

There are also a lot of good, sound recipes for various dishes in the book, with special touches which will delight anybody who likes to eat, for Ann Roe Robbins is a gourmet cook, and, happily, willing and able to share her knowledge with the rest of us. Here are two recipes from her book, quoted with permission:

Special Pot Roast
5-6 pound bottom round.
1 large can tomatoes.
2 bay leaves.
Sprig parsley.
2 large onions, peeled and thinly sliced.
1 tablespoon kitchen bouquet.
1 thin slice lemon.
1 tablespoon butter.
Salt, pepper.

Melt the butter in a heavy frying pan and brown the beef on all sides. Then put it into a deep saucepan which has a cover. Add all the rest of the ingredients except the salt and pepper. Cover and cook over a very slow fire. Turn the meat every half hour and add a cup of water in all, a little at a time. Add salt and pepper after the meat has cooked for two hours. Cook 50 minutes for each pound of meat. Remove the meat and put it on a hot platter. Blend two tablespoonfuls of flour with 1-4 cup of cold water, stir until all the lumps are gone and then add to the gravy, stirring all the while. Season with 1-2 teaspoonful each of powdered thyme and celery salt; 1-4 cup sherry may be added if you wish. Cook until the gravy thickens, which takes about 2 minutes. Strain and pour over the meat. This meat is good either hot or cold.

The chapter on vegetables in "How To Cook Well" is long and excellent. For each vegetable there is material on how to buy, how to prepare, and how to use, followed by special recipes. Here's one:

Braised Onions With Lemon Parsley Sauce
1-2 pounds small white onions.
1-4 cup butter.
2 tablespoonfuls minced parsley.
Juice of 1 lemon.
Salt, dash of cayenne.

Peel the onions and cook whole in boiling salted water for 20-30 minutes or until tender, but still whole. Drain well. Add the butter, lemon juice, parsley and cayenne. Toss over low heat until well mixed and serve at once.

Curry Lamb Cubes With Mushrooms For Tasty Combination

By CHARLOTTE ADAMS
Melon Halves
Lamb Cubes with Mushrooms and Curry
Rice and Pea Ring
Panfried Okra
Hearts of Lettuce
Russian Dressing
Cottage Pudding with Marmalade Sauce

(Recipes Serve Four)
Lamb Cubes with Mushrooms
2 cups cooked lamb, cubed.
1-2 teaspoon curry powder.
Salt and pepper.
3 tablespoons butter or lamb fat.
1 teaspoon scraped onion.
1-4 pound mushrooms, sliced, or one can of button mushrooms.
3 tablespoons flour.
3 cups hot lamb stock.
Sprinkle lamb cubes with salt and pepper. Melt butter or lamb fat. Add onion and mushrooms and cook for one minute. Add lamb. Sprinkle with flour and stir until well blended. Add lamb stock and stir and cook until mixture boils. Cook 15 minutes longer. Add more seasoning if required. Serve in center of rice and pea ring.

Rain Works A Transformation

It would be difficult for those who have now spent years in this area to grasp the transformation that has taken place in this part of West Texas within the past three weeks.

This is not to say we are entirely over our weather troubles, for indeed a good part of the county is still in the throes of drought for practical purposes. But enough rain has come in most areas to work the transformation.

Where the country was barren and colorless; ranges peeled and powdery and grass root stubble broke the monotony of baked land; where an atmosphere of discouragement could be felt as well as been rising

from twisted stalks in skippy fields—today there is a refreshing verdure.

The landscape now stretches in refreshing green shades of weeds, crops and grass resurrected. Here and there ponds sparkle with new water. In a few favored localities some streams are trickling.

Even the stock look happier as they browse on tender weeds jumping up in pastures and fields. Country lanes no longer give up such clouds of dust and in some places farmers and ranchers happily dodge mud holes.

There are few places which can bounce back so quickly as West Texas. We still need more rain in the right place to complete the rebound, but if it keeps trying, the transformation may be completed in typical West Texas style.

Democrats Have A Real Headache

The Wallace controversy is such that there is no telling what will happen next, but the latest purported ultimatum puts him in a peculiar position of submitting to silence or leaving the high councils of the administration.

Chances are that if this is the basis of choice Mr. Wallace will choose to make his exit and carry on his private foreign policy campaign. Significantly, he will launch out with a backlog of support from the left-wingers.

This is one of the ironies of the whole thing. Mr. Wallace was sent to New York to make a speech to lend force and effect to the democratic party campaign in which

the party hoped to unseat Gov. Thomas Dewey. The speech started off well enough and was pepping up the crowd. But before it was over Wallace was drawing boos and hisses and got only a ripple of applause in parting. As it now stands, the incident didn't accomplish its simple objective in New York party ranks. It is not at all conceivable that it could mark the beginning of a bigger battle within the national party.

On the outside, he would be in a much better position to carry on this campaign, although he might be surrendering a valuable asset in position. The democratic party has a first class headache, any way you take it.

The Nation Today—James Marlow

A Few Reasons For Traffic Safety

WASHINGTON, (AP)—With schools starting everywhere, here are some things to remember about traffic safety.

Children between the ages of 5 to 14 are, and have been for a long time, setting a better safety record than their older brothers and sisters between the ages of 15 and 24.

There are a couple of reasons for that: The 5-14 group gets safety instructions in school; motorists get plenty of warnings to slow down when approaching their schools, and the 5-14 group doesn't drive automobiles.

It's different with the youths of both sexes in the 15-24 group. It's in that age that they begin driving autos and comparatively few get the idea of safety drilled into them if, for no other reason, not so many are in school any more.

The figures given here are taken from the records of the National Safety Council for 1945.

In that year 2,300 children—age 5-14—were killed in traffic accidents, or about 10 for every 100,000 children between 5 and 14.

But in 1945 about 6,600 youths in the 15-24 group were killed in accidents. That's approximately 30 killed out of every 100,000 people between 15 and 24.

Starting back in the 1920's the rate of deaths among the children 5 to 14 has slowly gone down. Not that for those 15-24, their death rate has climbed steadily.

The year 1941—the last pre-war

year and the one when the number of cars on the road reached a record—the number of deaths in accidents for all age groups made a record, too.

The year 1946—start of the first full post-war year without gas rationing—set out with a rate of traffic deaths that was running neck and neck with 1941.

Alarmed by this, President Truman called a national safety conference last May, a conference of state and city officials and people interested in safety.

They went back home to do something about improving safety and soon afterwards the death rate began to fall.

Traffic deaths in June were 2,510. This was 27 per cent higher than for June, 1945, when the war with Japan was still going on, but 19 per cent below June, 1941.

And in July—the last month for which records are available—the number of traffic deaths was 2,530. This was 21 per cent over July, 1945, but 23 per cent less than July, 1941.

They were wiped out when a US plane with bomb bays loaded plummeted into the center of the town.

Those university buildings not leveled by shelling were used as quarters for American GI's after the city was re-taken. The gutted buildings have been partitioned into classrooms with bamboo matting.

The tell-tale marks of war are everywhere. Steel reinforcing bars are riddled. The registrar is a hurried individual whose records have been burned. Students are placed on their honor to list the courses they had taken and passed prior to the Japanese invasion.

The enrollment, about 2,000, compares with 8,000 before the war. There is no lack of prospective students. There simply is no place to put them. Far Eastern university, La Salle College and other schools in Manila area report enrollments in excess of pre-war figures.

Schools have been slow in reopening throughout the islands. Secretary of Instruction Manuel V. Gallego reported that more than 525,000 children seeking admission to schools cannot be accommodated.

The Japanese destroyed virtually all textbooks and even seized typewriters to make small cookstoves for troops by removing the type baskets.

Meat Shortage Closes Shops

CHICAGO, Sept. 19. (AP)—Lack of fresh meat since retail price controls were reestablished on Sept. 9 has resulted in the closing of at least 36,000 of the nation's butcher shops, says the National Association of Retail Meat Dealers.

The situation, says an association spokesman, will become "progressively worse." He said that a survey of the organization's 60,000 members disclosed that between 60 and 75 per cent have closed their shops because of the sharp decrease in meat production.

The American Hospital Association said it has asked the Department of Agriculture and Office of Price Administration to find a way to supply hospitals with meat.

The National Association of Hotel and Restaurant Meat-Surveyors, a group of 300 dealers, reported that their members were virtually out of business.

Broadway—Jack O'Brian

Having An "Icetime"

NEW YORK — New York night entertainers and all, entitled, "Womankind have used every type of entertainment from ice shows to George Sanders." Whatever swimming acts, and now Iceland happens, George and his new Restaurant is trying "Alice in Wonderland," a complete musical comedy with a story, on ice.

Walter Shirley, an energetic real estate tycoon who looks like a brunette Jimmy Cagney, and moves about almost as excitedly as Cagney does in his film roles, sells great hunks of Long Island by means of extravagant newspaper promotions. . . . He does things on a real Hollywood scale once he gets rolling on a project. . . . The other day he tossed a cocktail party and luncheon for the press when his latest development was being televised and flew reporters to the scene in a pair of planes, bring along a battery of Conover and Powers models in case real estate and anchovies weren't titillating enough. . . . It was lots of fun.

MOUNTAINOUS Happy Felton tells it on himself. . . . A Fifth Avenue bus driver refused him admittance to a double-decker, stopping him with "Sorry, Chubby, only room for one more." . . . Thrush Evelyn Knight in the Henry Room, showing off the ultimate in ladies' coffees—an up-went job rising to a fall of ringlets looking like the mushroom shape of an A-bomb explosion, and called, of course, the "Atomic Upsewep."

Having taken a hefty critical blast at women, George Sanders has come in for a good deal of feminine criticism, some organizations even threatening to boycott his newest film. . . . Now, however, there's a girls' organization getting to work on the other side of the question, with committees and efficient-looking let-

ters—and all, entitled, "Womankind have used every type of entertainment from ice shows to George Sanders." Whatever swimming acts, and now Iceland happens, George and his new Restaurant is trying "Alice in Wonderland," a complete musical comedy with a story, on ice.

A LOT of the sophisticates consider the ice show at the Center Theater, "Icetime," beneath their fashionable concern, but a good many Broadway managers look enviously at one of its weekly receipts—\$65,000 for a six-day period. As Variety would say, a wow week. . . . Hans Habe's new novel, "The Aftermath," has been bought by Universal, although it's not even completed.

Perry Como had a street named after him in his home town, Conansburg, Pa. . . . Tex Beneke is dropping the name of Glenn Miller from his all-GI orchestra, although Miller's widow will continue to share in the Orchestra's profits. . . . Over in Siam, a movie palace really is a movie palace. . . . M-G-M has arranged with the Privy Purse in Bangkok to rent the Burabha Palace and turn it into a theater.

DENISON, Sept. 19 (AP)—The Denison Mattress Factory today announced plans for manufacture shortly of a fire-resistant mattress. W. E. Marjano, sales manager, said the mattress firm research staff has been working on the designs and hopes to have some models ready in from three to four weeks.

How To Woo Russia

"I should list the factors which make of Russian distrust of the United States and of the western world as follows: The first is Russian history, which we must take into account because it is the setting in which Russians see all actions and policies of the rest of the world. Russian history for over a thousand years has been a succession of attempts, often unsuccessful, to resist invasion and conquest — by the Mongols, the Turks, the Swedes, the Germans and the Poles. The scant thirty years of the existence of the Soviet government has 16 Russian eyes been a

Washington Merry-Go-Round—Drew Pearson

Second Half Of Wallace's Letter

WASHINGTON — It is unusual in an administration for a cabinet member outside the State Department to make a speech on foreign policy. But it is more than unusual for him to express a policy — especially with the O. K. of the President, which differs from that of the secretary of state.

The fact that Henry Wallace was able to persuade President Truman to approve his Russian-appealment speech in New York was due in large part to a comprehensive and confidential letter Wallace wrote to Truman setting forth the mistakes of our Russian policy.

This column has obtained a copy of the secret Wallace letter, and, because of the importance of the question involved, is publishing the essential portions. Yesterday, Wallace explained why Russian nerves were on edge over the atomic bomb. Major portions of the letter to Truman continue as follows:

"Russia has two cards which she can use in negotiating with us: (1) our lack of information on the state of her scientific and technical progress on atomic energy and (2) our ignorance of her Uranium and Thorium resources.

"Insistence on our part that the game must be played our way will only lead to a deadlock. The Russians will redouble their efforts to manufacture bombs, and they may also decide to expand their security zone in a serious way. Up to now, their efforts to develop a security zone in eastern Europe and in the middle east are small change compared with our air bases in Greenland, Okinawa and many other places thousands of miles from our shores.

"We may feel very self-righteous if we refuse to budge on our side, and the Russians refused to accept it, but that means only one thing — the atomic armament race is on in deadly earnest.

"I am convinced therefore that if we are to achieve our hopes of negotiating a treaty which will result in effective international atomic disarmament we must abandon the impractical form of the 'step-by-step' idea which was presented to the United Nations Atomic Energy Commission. We must be prepared to reach an agreement which will commit us to disclosing information and destroying our bombs at a specified time, rather than at our unfettered discretion. If we are willing to negotiate on the basis, I believe the Russians will also negotiate seriously with a view to the reaching an agreement.

"There can be, of course, no absolute assurance the Russians will finally agree to a workable plan if we adopt this view. We may prefer to stall until they also have bombs and can negotiate on a more equal basis, not realizing the danger to themselves as well as the rest of the world. But we must make the effort to head off the atomic bomb race.

"On the whole, as we look beneath the surface in late 1946, our actions and those of the western powers in general carry with them the ultimate danger of a third world war — this time an atomic war. As the strongest single nation, and the nation whose leadership is followed by the entire world, with the exception of Russia, I believe that we have the opportunity to lead the world to peace.

"In general there are two overall points of view which can be taken in approaching the problem of the United States—Russian relations. The first is that it is not possible to get along with the Russians and therefore war is inevitable. The second is that war with Russia would bring catastrophe to all mankind, and therefore we must find a way of living in peace. It is clear that our own welfare as well as that of the entire world requires that we maintain the latter-point of view.

"Second, it follows that to the Russians all of the defense and security measures of the western powers seem to have an aggressive intent. Our actions to expand our military security system — such steps as extending the Monroe Doctrine to include the arming of the present hemisphere nations, our present monopoly of the atomic bomb, our interest in outlying bases and our general support of the British Empire — appear to them as going far beyond the requirements of defense. From the Russian point of view, also, the granting of a loan to Britain and the lack of tangible results on their request to borrow may be regarded as another evidence of strengthening of an anti-Soviet bloc.

"Finally, our resistance to her attempts to obtain warm water ports and her own security system in the form of 'friendly' neighboring states seems, from the Russian point of view, to clinch the case. After twenty-five years of isolation and after having achieved the status of a major power, Russia believes that she is entitled to recognition of her new status.

"Our interest in establishing democracy in eastern Europe, where democracy by a large has never existed, seems to her an attempt to re-establish the encirclement of unfriendly neighbors which was created after the last war and which might serve as a springboard for still another effort to destroy her.

ly built up, in the American people by certain individuals and publications. The slogan that Communism and capitalism, regimentation and democracy, cannot continue to exist in the same world is, from a historical point of view, pure propaganda. Several religious doctrines, all claiming to be the only true gospel and salvation, have existed side by side with a reasonable degree of tolerance for centuries. This country was for the first half of its national life a democratic island in a world dominated by absolutist governments.

"We should not act as if we too felt that we were threatened in today's world. We are by far the most powerful nation in the world, the only Allied nation which came out of the war without devastation and much stronger than before the war. Any talk on our part about the need for strengthening our defenses further is bound to appear hypocritical to other nations."

There's Not Much Bathing Suit For Next Year

By BOB THOMAS
HOLLYWOOD, (AP)—When California shows off its bathing suits it doesn't fool around.

For instance, Cole of California had a few suits it wanted to exhibit, so what did it do? Charcot, a train and brought 125 fashion writers and experts from the East "westward to the sea."

"Westward to the sea," eh? Well, they got as far as Pasadena, a full 30 miles from the Pacific. But there at the staid Huntington Hotel was performed a show which even Hollywood would envy.

Under a clouded sky, the travelers and a couple of hundred more sipped champagne and attended a formal dinner. Then they were ushered to the hotel pool, where the big show started. The performance began in a flurry of blank verse and ballet, accompanied by a full orchestra. Then it got down to business—the bathing suits.

If these models are any indication, bathing suits are going to be even shorter. Designed for next season, they show much more than was generally seen on the beaches this summer. The suits are principally two-piece, and reveal considerably more hip, etc., than in the past.

Al Jolson should be very happy about this time. For Columbia has fashioned as fine a tribute as anyone could hope for in his lifetime. "The Jolson Story" has turned out to be bang-up entertainment, ranking with the great "Yankee Doodle Dandy."

Movie goers may be surprised at first to hear Jolson's voice coming out of Larry Parks' mouth, but the illusion is successful. Larry does a fine job in a richly sentimental film.

Frank Sinatra is going nautical. He just got delivery on a cruiser.

Filling out his studio biography, Red Skelton came to the terms "my children." The comedian inserted: "Watch for an important announcement."

Mauriello Kayoed In 1st Round By Brown Bomber

Mertzon-Valley Bout Tossup

Garden City, Coahoma And Forsan Favored

Garden City, Coahoma, and Forsan rule as slight favorites in District Ten six man football games Friday, which launches what gives prospects of being the biggest section of them all in the sport of the abbreviated teams.

Garden City invades Courtney for a 2:30 o'clock battle and will depend on such operatives as J. C. Pve and Harry Calverly to carry the burden. Coach H. H. Deck of Courtney has half a dozen lettermen returning but the Courtney clan has yet to prove itself in battle.

Coahoma lost heavily by graduation and boasts a new coach—L. Z. Thompson—this year but the Bulldogs have little Wayne DeVaney back in the fold and figure to park enough guns to defeat Sterling City at Sterling. Game time is 3 o'clock.

Chesney McDonald is the new Sterling mentor and figures his charges will be a factor in the league chase before the season is over.

Knott's Hill Billies invade Forsan for an 8 p.m. game and a mammoth crowd is in prospect. Homer Barnes is fielding a sextet at Knott for the first time in several years. Forsan's Bufts, learning their football under a new instructor, Frank Hunnicutt, should be stronger than a year ago.

Water Valley visits Mertzon for an afternoon game and that outing rates as a tossup. Mertzon, coached by Cagle Hunt, is a newcomer to the league and as such is of unknown strength. Water Valley gave Coahoma a run for the money in the title chase last fall but lost in a playoff battle.

CATS AND DALLAS ALL SQUARE AS TWO TEAMS MOVE TO BIG D

By The Associated Press

Eddie Chandler, number one hurler for the Fort Worth Cats, rescued his own ball game last night as he put the Cats back in

the running for the Texas League championship.

Fort Worth took a close 3-2 game from the Dallas Rebels in the second game of the final round of the playoff. Dallas having taken the first game, 7-3.

It was Chandler's bearing down in the pinches that saved the game. In the first serious scoring threat of the game, the Rebels jumped on the 20-game winner for three straight short singles in the fifth to load the bases with none away. He struck out the next two men and caused the third to fly to Boris Woyt in center field.

The clubs move to Dallas tonight for the third game and the Cats are expected to use George Dockins (12-7), or Albert Zachary (14-13), against the Rebel Hurter, Walter Wilson, (19-11). Dockins lost one game to Dallas in the regular season and won none. Zachary broke even in four games, while against the cats, Wilson won three times for a perfect anti-feline record.

Two of the Fort Worth runs last night were unearned. After taking a lead in the fifth, on a triple by Woyt and a single by Lou Wels, the Cats struck again in the sixth for two more on singles by Eddie Snider and George Pfister and two Dallas errors.

Dallas scored in the seventh, on a double by Frank Carswell and a single by Nick Gregory, and in the eighth as Red Davis singled, went to third as Woyt let the ball get through him, and scored on a fly by Hal Hirshon.

Tonight's schedule: Fort Worth at Dallas.

Humble To Air Austin Battle

Humble Oil and Refining Company inaugurates its twelfth consecutive season of football broadcasts this Saturday at 2:20 p. m., when Kern Tips gives a play-by-play report of the game between the Texas Longhorns and the University of Missouri Tigers. Assisting him with the color highlights will be Alec Chesser, another well-known Humble announcer.

Stations carrying the game will be KPRC, Houston; WOAI, San Antonio; WFAA-WBAP, Dallas-Fort Worth, and KNOW, Austin.

Throughout the 1946 season, Humble will bring Texas fans all the Southwest Conference games, as well as all the important intercollegiate and inter-sectional games in which conference teams play. Further announcements of the stations carrying each game, times of the broadcasts, and the announcers will appear in this newspaper each week and will be posted in all Humble stations.

With scores of scrapping, battle-hardened GIs in the starting lineups of almost every team, fans can look forward to the most exciting football that they have had an opportunity to enjoy for years.

No Soft Touches In NL Schedule For Pace Setters

By The Associated Press

There was every indication today that whichever team wins the National League flag—whether it be the St. Louis Cardinals or Brooklyn Dodgers—will have to overcome strong opposition from the rest of the league, the remainder of the way.

All teams are geared up and trying in wait for the two contenders, the Cardinals, expecting fairly soft opposition from the Boston Braves whom they had defeated 14 times in 20 engagements this season, found a thoroughly aroused team and went down to a 2-1 defeat under the lights at Braves field.

The setback reduced the league leaders' margin over the Dodgers to a game and a half. The Brooks held to a split by the Pittsburgh Pirates in an afternoon double header at Ebbets' field.

As matters stand now, the Cards boast a decided advantage over the Dodgers, who have 10 games left to play as compared to nine for the Redbirds. The season ends a week from Sunday.

The Cards meet the Braves again today, with the Tribe in the midst of a six-game winning streak which has pulled it up within a game of the third place Cubs.

Lefty Fritz Ostermiller, a Dodger castoff, held his former mates to nine scattered hits in pitching the seventh place Pirates to a first game 3-2 victory.

Ralph Branca, who turned in that masterful shutout job against the Cardinals last week, duplicated his flawless performance with a five-hit 3-0 victory for the Dodgers in the second game.

Hal Newhouser became the first major league pitcher to register 25 victories for three consecutive years since Lefty Grove did it in 1920-22. Newhouser reached that level yesterday when he pitched the Detroit Tigers to a 2-1 10-inning victory over the Philadelphia Athletics.

The Boston Red Sox, with Manager Joe Cronin and a half-dozen of his top-flight performers back home resting for the World Series, beat the Browns 6-2 under the lights in St. Louis.

The Phils solidified their hold on fifth place in the National League by winning twice from the sixth place Reds 2-1 and 6-5.

The Cubs preserved their slim lead over the Braves by whipping the New York Giants 4-3.

Earl Caldwell won his 13th game against four setbacks as the Chicago White Sox split with the New York Yankees. After Spud Chandler gained his 18th victory for the Yanks with a 4-0 shutout, the Sox won the nightcap 9-7, aided by the 41-year-old Caldwell's fine relief hurrying.

Wolves Depend On Hold-Over Line Friday

With the hot home game of the season coming up here Friday night Colorado City has become definitely football conscious this week. Reserved seats in the new steel bleachers recently completed at Cantrell Field are selling fast, the high school reported. The new bleachers more than double the capacity of the old stands.

Colorado City, defeated by Kermit last week by a score of 20 to 7, will play Monahans on Cantrell Field Friday night for their second non-conference game of '46. Head Coach Clarke Prather and Assistant Coach Jeff Hooper are busy directing scrimmage from 2 each afternoon until sundown.

"We are trying in our first four games—non-conference battles—to get our squad of green boys ready to play district football," Prather said Tuesday. The Colorado Wolves were left with no letter backs this season. Six freshmen who lettered in '45 form the nucleus of the Wolf squad. Back are Thomas Biggs, end; Glyn Hamilton and Dale Garner, tackles; Francis Crow and Don Benson, guards; and James Graham, center.

Also returned to the squad as a senior this year is Thomas Conway, rugged end of last season whom Prather has shifted to the backfield to lend a measure of experience there. Colorado City finished third in district 8-A last year after losing coveted games to Roscoe and to Merkel.

This season, beginning with a four-day training camp, coaches hoped to build the Wolf squad around W. H. Barker, junior halfback, who showed promise as a fast runner, a good passer, punter and quick-kicker. Barker received an ankle injury in a pre-season scrimmage against Sweetwater and was out of the Kermit game. He still is unable to play when the Wolves meet Monahans.

Another hopeful out last week was Benson, a light but sturdy and consistent guard, whose infected foot held him to the bench when the boys went to Kermit. Benson is expected to play this week. In the backfield will be Conway, center; Boy Scarborough or A. T. Broadwell at fullback position; Don Lay at half, with probably one of the fullbacks shifted to half in

Bovines Stage Final Drill For Cisco Battle Tonight

Dibrell To Start Lettermen Eleven Against Lobos

Lights at Steer stadium will go on tonight as the Big Spring High school footballers stage their final drill before Friday night's contest with the Cisco Lobos.

The public is welcome to sit in on the windup practice. Coach John Dibrell, who puts little stock in secret workouts, has pronounced the club ready but says he'll use tonight's workout to assure himself that the Bovines have their plays down pat.

The Longhorns will alternate T and a box formation against the Big Dam Lobos with Horace Rankin doing a major share of the ball-handling.

Dibrell readily admits the club is much further along than it was at the same time a year ago, when a typhus plague riddled the ranks of the regulars. He says the lads know their assignment and seemingly are straining at the leash to get at the Lobos, who slipped into town in 1945 and made off with a 12-0 victory.

His starting lineup will consist of Max Wright and Ensor Puckett at the wings, Bobby Hollis and Reed Collins at tackles, Pete Fugala and Ike Robb at guards, Larry Hall at center, and Jackie Barrow, Horace Rankin, Gerald Harris and Bobo Hardy in the secondary. All are lettermen.

Cisco will bring a team that includes eight numeral wearers to the village. The Lobo offense is built around Stanley Williams, converted end, who scored one of the TD's against the Longhorns last year.

From stem to stern, the Cisco forwards stack up even-Stephen with the Longhorns, as far as experience go. The Ciscons lost their opening game to Cleburne last week, 8-0, but looked fairly good in defeat.

The herd went through an extended passing drill Wednesday with Rankin doing most of the sling-shot work. Jackie Barton, who'll do the signal cheating Friday night, was looking to advance as a place-kicker. He'll share that responsibility along with Harris the coming season.

Root Makes Hit At Grid Rally

Some fifty football players of Big Spring high school, who plunge into their 1946 schedule Friday night against the Cisco Lobos, were given a warm sendoff last night at a banquet and rally at the Settles hotel planned by the Big Spring Athletic association.

Trent Root's banter, fed to the youngsters after a whopping big meal, scored a ten-strike with players and fans alike. The Texas Tech dean, serving as the principal speaker of the evening, betrayed a keen sense of humor in delivering his punchy dissertations to the throng.

More than a hundred grid enthusiasts, in addition to the Bovines, accepted the hospitality of the association. A highlight of the evening's entertainment was a musical interlude in which the Farner show troupe was featured.

Ted Groebel served as master of ceremonies and as such introduced the coaches, the team's co-captains and others in attendance. Asked to respond, Co-Captains Bob Hardy and Gerald Harris did a job of passing that would have done credit to them on the football field. Hardy expressed his appreciation to the town in general and the association in particular for their support, then insisted Harris usually was the spokesman for the group. Harris arose to echo Hardy's sentiments, then suggested the job of speaking be alternated back to Hardy.

TEXAS MOVES. CHATTANOOGA, Tenn., Sept. 19. (AP)—Jack Hoover of Mount Calm, Tex., was withdrawn from the University of Chattanooga to enroll at Mississippi Southern. Hoover had been counted on for a tailback spot on the Chattanooga football squad.

GAME CANCELLED. CAMP HOOD, Sept. 19. (AP)—The Friday night game between the Second Armored Division and the Louisiana State football team, at Baton Rouge, La., has been cancelled in favor of scrimmage sessions there Friday night and Saturday, public relations officials announced here today.

235,000 DOVES KILLED. WESLACO, Sept. 19. (AP)—An estimated 235,000 white-wing doves were killed during the Rio Grande Valley's three-afternoon season which ended Tuesday. Officials had estimated that 400,000 of the birds were in the Valley at the opening of the season.

Barker's place; Garner and Hamilton, tackles; Biggs and Jimmy Howell, ends; Graham, center, and Crow and Benson, guards. The Wolf schedule follows: Sept. 20, Monahans, here; Sept. 27, Balinger, here; Oct. 4, Winters, there; Oct. 11, Snyder, here; Oct. 18, Roscoe, here; Oct. 25, open date; Nov. 1, Lorraine, there; Nov. 8, Roby, here; Nov. 15, Rolan, there; Thanksgiving game, Merkel, there. The last six games are conference tries.

LOOKING 'EM OVER

Jim Neill's Lamesa high school football Tornadoes, choices of most District 3AA oracles to finish in the cellar this fall, absorbed a 27-0 defeat at the hands of the Plainview Bulldogs last weekend but reports insist the club won't be a push-over for any family eleven, by a long shot.

The Tornadoes fought the District 1AA clan on fairly even terms until the fourth quarter when the Bulldogs unleashed a pair of whirling dervishes by the name of Jack Bond and Donnie Myers and ran up three touchdowns. (Myers had dashed to pay dirt in the first minute of the game when he gathered in a punt and hot-footed 60 yards through the Lamesans).

An offensive led by Bud Eudy and Jim Hoffman made the Tornadoes a constant threat. Our Town has occasion to recall Eudy better than Hoffman, for that youngster gave the Bovines a fit here last Autumn as an aggressive tackle.

The Lamesa line held the Plainview backs to eight first downs, the same number the Tornado ball toters were able to roll up against the Panhandle brigade. The Bulldogs netted 220 yards gain as against 19 for the Lamesans. Only in the passing game was Plainview able to gain an edge.

The victors picked up 104 yards with the over-head game while stopping the Tornadoes cold in two tries.

Neill saw his troops move deep into Plainview territory several times, but the Lamesa machine always sputtered and died before it could reach the promised land. Our town's Steers and the Tornadoes come to grips in Lamesa the night of Oct. 11.

Odessa's J. W. isn't the only Thompson who has pulled out at Texas Tech. Jack Thompson tells us that his nephew, Leonard, a star at Hobbs, N. M., last season—has joined the military. Leonard was rated just as good in his neck of the woods as J. W. was in his.

Justice of Peace Walter Grice, one of the leading exponents of the game of croquet in these parts, is looking for new worlds to conquer and would like to arrange a tournament for the local enthusiasts of the game.

Judge Grice plays three or four nights weekly at the city park courts.

Bob Tarlton, who used to draw his pay as business manager of the Dallas baseball Rebels and as such of times sat in on WT-NM league meetings, is now function-

HOME RUNS — Greenberg, Detroit, and Williams, Boston, 38.

Life Magazine Has Picture Of Wood In Sports Layout

Few local people know it, but a Big-Spring boy was the center of attraction of a sports picture in the Sept. 16 edition of Life magazine.

He is Barkley Wood, son of Mrs. Earl Ewell and a student in the United States Naval Academy at Annapolis. Barkley, a center, was in the midst of a beach drill snapped by a Life photographer while the Sailors were in training at Martha's Vineyard, Mass. Midshipman Wood was unidentified in the cut lines, as were all the other players in the picture, but his mother recognized him immediately.

Barkley ran with the Navy plebe team in 1945, is bidding for a varsity job this fall and may rate it.

Find the right man for a right heating job—

Look to an oil vendor for heating equipment and you'll wind up with an oil burner; consult a coal man and you'll wind up with a stoker. Or call up the gas company and you'll have gas heat in your home.

But to get the type of heating that best fits your particular home, your particular pocket-book, and your particular conditions of living, consult a competent heating contractor. He may recommend an oil burner—but not because he sells oil; or a stoker—but not because he sells coal; or a gas furnace or boiler—but not because he sells gas. And he'll recommend a furnace or boiler, forced or gravity flow, and the most effective, modern means of automatic control, according to your needs alone. He'll tell you, too, of the latest developments in all types of heating—such as radiant heating via hidden floor coils, invisible baseboard radiation—so order to give you the broadest possible base of selection.

All industry products are at your command when you call a reputable plumbing and heating company for your heating requirements. All the products he recommends are backed up locally by his long reputation for providing care-free warmth in homes of this city.

Call on us today to discuss ways and means of modernizing your present heating system.

REAL good residence in south part of town on bus line; two lots. J. B. Pickle, Phone 1217.

NEW

Farmland Prices Lag Behind In Inflation; Mortgage Debt Down

NEW YORK. (AP)—Like a cautious little boy tagging after his runaway brother, farmland prices are up 77 per cent since 1939, but still well behind urban real estate in inflationary trends.

The increase looks high on paper, but agricultural and farm property analysis contend the situation is "healthy" compared to the housing trend.

The upward movement in farm values between March 1 and July 1 this year maintained the average rate of fractionally more than one per cent per month, that has held since 1940, with an increase for the country as a whole of between 4 and 5 per cent, as compared to a 15 to 20 per cent rise in urban real estate, realty authorities said.

While the national housing mortgage debt stood at 26 billion dollars, and was expected to reach 41 billion before 1948, the farm mortgage debt was \$3,080,717,000 as of January 1 and had declined from \$5,270,655,000 in the previous year. In the inflationary period after the last war the farm debt totalled \$10,785,621,000.

Working dirt-farmers who compose 18 per cent of the population and earn nine per cent of the total national income purchase two-thirds of all farms sold in the United States, according to Department of Agriculture estimates.

Fifty-eight per cent of sales are on a cash basis, and down-payments on mortgage transactions average 42 per cent of the sale price, the Department says.

Between March 1, 1945 and July 1, 1946, farmland values in North Carolina, Tennessee, Mississippi and Oklahoma rose between 22 to 28 per cent, the sharpest surge in the country anywhere, according to figures released by the Bureau of Agricultural Economics.

For the country as a whole, the increase for the year ended July 1 was about 13 per cent, the Bureau estimates.

The relatively sharp increase in Southern land values is explained by Joseph F. Schaffhausen, a farm markets authority representing John Manville Co., New York, as a national follow-through in normally low-priced sectors where the government built military installations, attracting new thousands who liked it and decided to remain. The increased demand sent values up," Schaffhausen said.

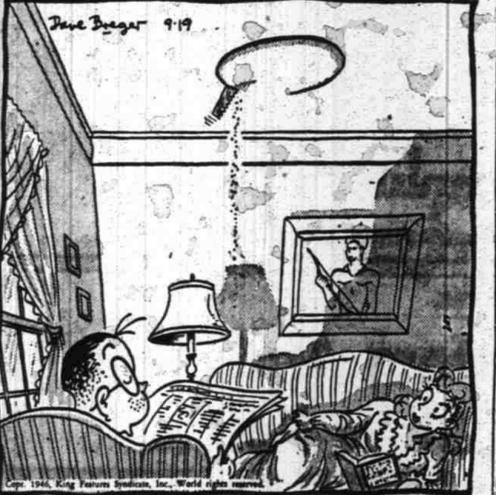

The high price of farm commodities, resulting in sustained high farm incomes, is a heavy factor in rising prices being paid for farms, the Department of Agriculture believes.

War Of Nerves Threatens Greece

ATHENS, Sept. 10. (AP)—A spokesman for the ministry of defense said today that reports and rumors that Greece was threatened by invasion were part of a "war of nerves."

Information compiled by the intelligence service of the high command, the spokesman said, has revealed nothing to indicate that Greece is facing imminent attack. A qualified Allied source had said last night that he had received information that an invasion "may be expected within two days." The source of this information was not divulged.

American correspondents at Athens reported the Greek army along the northern frontier was jittery and fearful of an invasion. The correspondents said Greek commanders reported they were outnumbered and lacked equipment.

An authoritative informant said the Greek government was preparing to present charges to the United Nations that armed leftist bands operating in northern Greece were being supplied by northern neighbors of Greece. Three countries border Greece on the north, Albania, Yugoslavia and Bulgaria.

Farm And Ranch News

By WACIL McNAIR

A number of newspapers and periodicals in other sections of the country have devoted considerable space recently to new developments in Southern agriculture and industry, and some startling predictions have been made. Most talked of are new mechanical devices for farming, many of which have yet to reach the market in quantity, however. But the potential development of the south is not being overlooked in the industrial north and east. They point to the new mechanical cotton-picker as the means for American cotton to regain its place in world trade. Coupled with other new mechanical equipment, such as the flame thrower for weed eradication, it is believed by many authorities that the South will undergo a complete change within the next 10 years.

Also contributing to the new trend are research laboratories.

LEGAL NOTICE

NOTICE OF INTENTION TO INCORPORATE

WHEREAS, W. L. Mead and A. K. Miller, both of Big Spring, Howard County, Texas, doing business by partnership arrangement as Mead's Bakery and Mead's Fine Cake Shop, Big Spring, in the business of wholesale and retail baking and distribution of bread, cakes and pastries with their principal office in Big Spring, Howard County, Texas, and

WHEREAS, the said W. L. Mead and A. K. Miller desire to incorporate said partnership business; now therefore

KNOW ALL MEN BY THESE PRESENTS, That notice is hereby given in accordance with Article 1307, Revised Civil Statutes of the State of Texas of 1925, that the said W. L. Mead and A. K. Miller will on or about the 1st day of October, A. D. 1946, dissolve their said partnership business and make application to the Secretary of State, State of Texas, for a Charter incorporating said partnership business under the name of Mead's Fine Bread Company or such other similar name as shall be approved by the Secretary of State; that said corporation shall have its principal place of business in Big Spring, Howard County, Texas, and a capitalization of approximately \$60,000.00.

A copy of said proposed charter is now on file at the principal office of Mead's Bakery in Big Spring, Texas.

Gasoline Production Declines For Week

NEW YORK, Sept. 19. (AP)—Total gasoline production dropped to 14,796,000 barrels in the week ended Sept. 14, a decline of 467,000 from the 15,263,000 barrels produced in the preceding week, the American Petroleum Institute estimated today.

Finished and unfinished gasoline stocks a 486,818,000 barrels were down 93,500 from 86,911,000 in the previous week, but compared with 83,433,000 a year ago. Kerosene stocks were reported at 20,032,000 barrels, up 671,000 for the week. Gas oil and distillate fuel stocks at 56,204,000 barrels showed a rise for the week of 1,483,000 barrels, while residual fuel oil stocks were placed at 55,736,000 barrels, an increase of 950,000.

Child Safety Campaign To Begin

CHICAGO, Sept. 19. (AP)—A nationwide child safety campaign from Sept. 23 to Oct. 4 was announced today by the National Safety Council, which said 20,000 persons under 20 years of age were killed as a result of accidents each year.

"Accidents are the first cause of death among young people," the council said. "One out of every three children who die under 14 years of age die as a result of accidents."

Tito Arrests Catholic Clergy

BELGRADE, Sept. 19. (AP)—Premier Marshal Tito's government announced today the arrest of Archbishop Alojzije Stepinac on a charge of "crimes against the people" and made provision for trying him with 18 prisoners already before a court.

Stepinac heads the Roman Catholic church in Yugoslavia. The government said he was arrested in Zagreb.

The public prosecutor obtained a seven-day postponement in the trial of the 18—who include 12 priests—on charges of war crimes and collaboration in order to prepare an indictment against Stepinac so he could be placed in the dock with them.

The main defendant in the trial is Col. Eric Lisak, who was chief of the security police of Gen. Draja Mihailovic, recently executed.

Lisak is charged with organizing terrorist Ustaehi bands under the name of "crusaders."

The archbishop's arrest was believed to have resulted from testimony allegedly linking the archbishop with the Ustaehi. The government did not announce details.

Boy Amputates Club Foot To Get One Like Vets

By JACK RUTLEDGE
Associated Press Staff

The government's program for amputees was paid a high honor by a young boy in the Lower Rio Grande Valley.

He had a club foot. He watched with envy as the former service men returned, fitted with artificial arms and legs. Their artificial limbs, he saw, enabled them to get around a lot better than he did.

He made a momentous decision. He ordered his own foot amputated, so he could get a new artificial limb.

Now, he hopes, he too will be able to wear shoes, get around easily.

A medical miracle enabled Alice Henley, 19, of San Augustine, to regain her voice after 17 years of silence. That, and the generosity of a Beaumont oil man.

The attractive girl was stricken with diphtheria when she was two years old. An incision in her throat, made by her family doctor to prevent her from choking to death, brought a growth that covered her vocal chords.

Although unable to talk, she led an active life. While working in a Beaumont laundry, her case was brought to the attention of John B. Goodhue.

He sent her to Dr. Claude C. Cody of Houston, who performed two major operations. Her voice was restored. Her problem it'n was to learn to talk.

John Campbell Parker, a Dallas specialist in curing speech defects, finished the job. In a few months she was talking normally, although a little slowly. She will gain speed later, he said.

The story has a little touch of romance, too. Her greatest thrill was a telephone call from Roman Bruce, China, Tex., with whom she had been writing for 13 months during his service in the Pacific.

He heard her voice for the first time the other day.

Blindness doesn't keep one from enjoying life. A party of 30 blind persons went on a picnic at Esie Mountain Lake, went swimming, chatted, played dominoes or just enjoyed the breeze.

They even had one advantage—they didn't see the yellow jackets buzzing around. No one was stung.

Rain Assures Forage Crop

AUSTIN, Sept. 19. (AP)—At least a forage crop has been assured by recent rains on acreage over most of the state, the United States Department of Agriculture reported today.

The USDA's report for the week ending Sept. 16 noted some damage to crops which have been growing nicely in north central commercial counties.

Late planted cotton in north and northwest counties continued to bloom, but heavy infestations of insects were resulting in the loss of most of these late forms.

"Splendid progress" was reported from major sweet potato areas. Yields of early planted grain sorghums in the high plains have been rather poor. The USDA said the growing crop was responding to recent rains, but was dependent to some extent on killing freeze dates.

Ample moisture was present in most peanut areas, some of which were a little too wet.

Soil moisture was adequate in most cropland areas of the state, but dry conditions still prevailed in parts of the Edwards Plateau and Trans-Pecos area.

Large nurseries of feeder lambs contracted for mid-September delivery were being shipped from the western sheep counties. Early movement of contracted feeder calves to northern or corn belt feed lots was under way.

Marketing of slaughter animals, although more active than the previous week, was still below normal for the season, said the USDA.

Governors Of Texas

Allred, Before And After Terms, In State Politics

Editor's Note: This is the 30th in a series of stories, based on the lives of governors of Texas.

By PAUL BOLTON

If some of the political phraseology of 1946 has had a strange, nostalgic sound in the ears of you old-timers put it down to this reason: Jimmy Allred can no more stay out of politics than he could swear off drinking water.

He's been in politics—as an active participant, as a seasoned advisor, and as a temperamental and impassioned partisan of one candidate or the other—ever since 1924, including two terms, in the office of governor. His friends are convinced he won't be happy until he's had at least one more try at defeating W. Lee O'Daniel—a man he helped to make.

James V. Allred's political career began in political legend when he was in the Navy. With three other Montague county boys he was discussing the post-First World War world, and what they would do in it. Allred, the story goes, said he was going to run for governor.

He started out more modestly by winning an appointment from the then Governor Pat Neff as district attorney of Wichita Falls.

He got a taste of running for office in 1924 when he was elected to the same position, and the experience was so warming that in 1926 he set his sights high and ran for attorney general. He lost to Claude Pollard by 4,000 votes.

Four years later, he tried it again. In 1930 he ran again and beat Robert Lee Bobbitt by 128,000 votes. That was the beginning of a friendship which still exists between Bobbitt and Allred. His four years at attorney general were tumultuous. He filed the state's biggest anti-trust suit. His was the job of interpreting the new and elastic oil proration laws; he set out to make a record for collec-

JAMES V. ALLRED

tions and rolled up \$5,000,000, including one million dollar judgment. Then he announced for governor.

He won, took the oath of office in 1935, and a personality that deserves the adjective "dynamic" really started expanding. Those who may recall, were depression years, in Washington the New Deal was passing along new social concepts to the states, and Allred, taking to these concepts, urged through the Texas legislature constitutional amendments to authorize old age pensions, and teachers' retirement. His administration saw the Unemployment Compensation Commission set up. Likewise he had to deal with the troublesome question of liquor regulation—the people had just voted Texas wet.

And the question of horse race gambling—his administration saw sharp laws enacted to prevent gambling in Texas. This also was the period of Texas history when the legislative procedure was revamped and salaries of state officials were raised.

But the crowning glory of the Allred administration was the fact that it coincided with Texas' 100th

birthday. That birthday was properly celebrated and Allred was a colorful apostle of Texas' greatness. From Hollywood to Florida, the cowboy hat (assumed for photographic purposes) and the flashing Allred grin became familiar; his face looked out from the front pages of nationally circulated magazines.

In 1937 Allred made what he himself likely would classify as his biggest political mistake. As outgoing governor, he managed to take a "behind-the-scenes" hand in the election of W. Lee O'Daniel.

Meanwhile Allred himself went on to a law practice in Houston; then to a federal judgeship—a judgeship he resigned in 1942 to take on another fiery crusade, the elimination of W. Lee O'Daniel from Texas politics.

He failed, and his only consolation was that at the same time another highly popular former governor, Dan Moody, also failed. But Allred's case against O'Daniel has a broader base than Moody's. Allred was offered another federal appointment. His political protégé, United States Senator O'Daniel, helped block his confirmation.

In 1944 Allred was back in politics as the chief advocate of the "Roosevelt" Democrats in their knock-down fight with the "Texas Regular" Democrats. In 1944 (1945 and 1946) his name was never out of the running as a candidate for governing until a few months before the first primary, then he swung in behind the candidacies of Homer Rainey. Where he will be in 1948 is a matter for the future, but at this distance it's a safe bet that he'll be somewhere in the neighborhood when the race is run for United States senator.

Homemakers will find another pre-war item back on the grocer's shelf soon. USDA recently discontinued the restrictions against "twisting" and "cross-panning" in the manufacture of bread which were in effect during the war to help conserve manpower and materials.

New Congressman From Louisiana

BATON ROUGE, La. (AP)—One new face will appear in the Louisiana congressional delegation, under the count of returns by the secretary of state's office from the Sept. 10 Democratic primary.

He is Otto E. Passman of Monroe, who defeated Rep. Charles

E. McKenzie, incumbent, by a majority of 455 votes in the Fifth Congressional district.

Passman is a World War II veteran and state commander of the Amvets, while McKenzie is a veteran of World War I.

All other members of the Louisiana delegation are being returned.

Columbus' entire expedition probably cost about \$7,000.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause aching back-ache, rheumatic pains, leg pains, loss of pep and energy, sweating, dizziness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

You've been waiting for it... Here it is!
