Organization of Softball Club Complete

Group Scheduled To Meet Friday To Set Up Rules Season Tentatively Set To Open Here Monday, April 29

Organization of the Littlefield softball club was completed Friday night, when a large group assembled at the High School.

The Athletic Committee to head the organization is composed of: Bob Cox, President, and Art Mueller, Troy Howton, Durwood Howell, Phil Adkins, Directors; Allen Hodges, Treasurer, and Duane Bull, Secretary. Also members of this committee will be managers of the teams in the league.

This group is scheduled to meet Friday night in Art Mueller's office, to set up a schedule of rules and regulations for the organization.

Teams entered are: Phillips 66, Veterans of Foreign Wars, American Legion, W. O. W., Adkins Produce, High School Kline-Hufstedler and Jaycees.

Team membership is limited to 14 players, and lists of players must be in the hands of the Athletic Committee not later than April 20. The season is tentatively set to open April 29.

April 20 is also the deadline for open bids for concession rights at the field for the season.

Expense of the field has been estimated at \$750, and the sale of 31 concession tickets is underway for the purpose of erecting a permanent field for Littlefield. This field will be lighted for night play.

The schedule is expected to be made up of local teams with open games for the entertaining of out of town teams. Games are tentatively scheduled for Monday, Tuesday, Wednesday and possibly Friday night each week.

An exhibition softball game between the Phillips 66 and WOW teams is scheduled for 2 p. m. Army Day, April 6, and Adkins Produce is challenging the winner.

Attends Lubbock Meeting Monday

J. Ernest Jones, Lamb County Superintendent of Schools, attended a meeting at Tech College, Lubbock, Monday morning, called for the purpose of discussing the Vocational Schools program under the G. I. Bill of Rights.

Mr. Jones reported that a number of counties are planning the conducting of schools, adding, however, that Lamb County was the first to have official approval in this part of the State.

Mr. Jones took part in the discussion.

The first class of the Agricultural Unit under the Lamb County Vocational school program was conducted Monday night in the Agricultural building, with Stilwell Russell as instructor. About 15 Veterans were present.

The next session will be held tonight (Thursday). Classes will be held Mondays and Thursday nights at 8 o'clock.

Wednesday, April 10 Is Visitation Day In Central School

Wednesday, April 10, is Visitation Day at the Central School from 1:15 till 3 o'clock.

All parents are invited to visit the rooms and observe Central School's regular routine of work. Cold drinks will be served to parents by the Hospitality Committee of P. T. A. at 3 o'clock. The regular meeting of the P. T. A. will be held in the High School Auditorium, at which time reports from District Meetings will be heard.

The program will be rendered by the teachers, their subject being "Let's get Rid of Prejudice."

Junior Red Cross Send Gift Boxes Overseas

Because the children of our Lamb County schools do have concern for the children in war ravaged countries they have recently packed and sent off 50 Gift Boxes filled with many necessities, at a cost of around \$3 per box. A grand total of 430,000 Educational Gift Boxes have been packed by the American Junior Red Cross members to be shipped to Austria, Belgium, China, Czechoslovakia, France, Finland, Great Britain, Greece, Greenland, Holland, Ireland, Italy, Norway, Philippines, Poland and Yugoslavia.

Junior Red Cross members are developing a growing sense of responsibility toward world needs. Through the National Children's Fund, in which Lamb County Junior Red Cross members had a share to the amount of \$50, it has been possible to send 500,000 bags of candy, 7,000 Medical Chests, 30,000 Educational and Health Chests, and many other thousands of needed articles such as shoes, Dried Milk, Cod Liver Oil by the gallon, Robes, and Tofs amounting to over \$1,500,000 to these same countries. To them these are luxuries, but to the children of America they are necessities. This concern for others is in the final analysis a matter of self interest. Our thanks are offered to the boys and girls of our schools for the share they have had in these projects.

State vs Newton Called For May 27

The case of State vs. Dr. W. R. Newton is scheduled to come up for hearing in District Court at Plainview May 27, at 10 a. m.

Newton was previously assessed seven years when tried at Olton on a charge of "Intent to Murder." The Criminal Court of Appeals reversed the decision of the trial court.

Local Man Makes Bid As Weather Profit

Charles Signor, local executive with the West Texas Cottonoil Co., predicted Tuesday that starting next Monday two inches of rain will fall in Littlefield in that week.

When questioned further on the subject of weather prediction, Mr. Signor stated that it was nothing unusual with him to predict the annual rainfall on the South Plains, as he has had more hits than misses in recent months. Backing this statement up with facts that in March he predicted rain would fall before April, and it rained .58 inches last week.

If the Federal Weather Bureau were looking for a man to be stationed in Littlefield, it looks like Mr. Signor would be a strong contender, or is it just luck, Charlie?

City Audit Is Being Made

A City Audit was started Saturday by Bill Morris, Auditor, on the city's books. Following completion of the Audit a report will be made by Mr. Morris to the City Commission.

Seeks Office Of Co. School Supt.

Claud M. Coffey, members of Amherst School Faculty, instructed the Leader Saturday to announce his candidacy for the office of School Superintendent of Lamb County.

Mr. Coffey has been discharged after two years in the service, with the Air Corps, as Flight Instructor, and as a mechanic in the ground crew. He is at present teaching history and government in Amherst High School. Mrs. Coffey is also a member of the Amherst School Faculty, teaching mathematics in the Grade School. Mr. Coffey has been a resident of Lamb County since 1925.

His formal announcement follows: To The People of Lamb County: "This will announce to you my candidacy for the Office of County School Superintendent of Schools. I announced for this office four years ago but was forced to withdraw from the race when my call came through to go into Service. After serving with the Air Corps as a pilot and mechanic during the war, and receiving and honorable discharge, I am back in civilian life again trying to get started where I left off, by asking you to let me serve you and the public schools in this capacity.

In 1925 I came to Lamb County and have made this my home since that time. Ten of these years I spent in public school work, the last four of which I was superintendent of schools at Amherst, Texas, just prior to going into Service. I have a B. A. Degree from Texas Technological College and, with the exception of writing my Thesis, I have completed all of my work toward an M. A. Degree from the same school. Besides my work at Texas Tech., I have attended school at the University of Oklahoma and have studied law at the University of Texas.

My platform is namely this: 1. A more active supervision of the schools of Lamb County; 2. A more effectual representation of our County and schools at Austin, Texas and 3. A more active part in the writing of our rural aid school laws so that we may receive a more equitable distribution of rural aid assistance to the schools of our section of the State.

From the standpoint of education and practical experience in school work, I feel that I am well qualified to serve you as your next County Superintendent and earnestly solicit your support in electing me to this office.

Claude M. Coffey

Mrs. Florence McCarty had as her week end guests, Mr. and Mrs. Alvaree McCarty of Amarillo. Mr. McCarty has recently been a patient at Amherst Hospital and came back for a check-up. He is feeling much better.

Fluorescent ink has been developed so that papers can be read without other illumination.

Work To Start On Church Addition

Work is scheduled to start at once or an addition to the First Baptist Church, to provide additional space for Sunday School rooms, needed badly to take care of the large attendance.

At the present time the auditorium is one and two stories with a basement on the entire structure.

The auditorium has wings on either side of the central portion of approximately two stories. The additional Sunday School space will be achieved by the building of the west wing to a height corresponding with the Central portion of the auditorium.

The Church voted in Conference Sunday night to start gathering materials at once for the addition.

According to Rev. Lee Hemphill, the Church has now approximately \$1000 for this work in its treasury, and he stated that if Government regulations did not forbid work would start at once.

Last Rites Held For Mrs. B. F. Hampton

Mrs. B. F. Hampton, 66, of Lockney, passed away at the Amherst Hospital about 6 p. m. Monday, March 25, after an illness of three years. She was admitted to the hospital about five days previous to her death.

Mrs. Hampton was the mother of W. O. Hampton and Earl Hampton of four miles west of Littlefield.

Funeral services were conducted at the First Baptist Church, Lockney, Wednesday afternoon, March 27, at 2:30 o'clock, with Rev. C. J. McCarthy, Pastor of the Calvary Baptist Church, Lubbock, officiating. Burial took place in the Lockney Cemetery.

Mrs. Hampton was born on January 6, 1880, in Polk County, North Carolina, and came to Texas in 1905. The family settled at Nacogdoches, Texas, later moving to the Plains in 1910, and locating in Floyd County, where she had lived ever since.

Mr. Hampton passed away seven years ago.

Deceased left her surviving six children, two sons, and four daughters. The sons are: W. O. and Earl Hampton; and the daughters: Mrs. John Holmes, Mrs. Jack Dollar and Mrs. Earl Poage, all of Lockney, and Mrs. M. S. Robertson of Plainview.

Mrs. Hampton is also survived by twelve brothers and sisters, she being the first of a family of thirteen children to pass away.

She is reported to have gone back to North Carolina and visited with her brothers and sisters about a year ago.

Paper dollars comprise 87% of the paper money printed each year by the Bureau of Printing and Engraving.

Dedication of Airport, NAA Dance To Head List of Entertainment

All arrangements for the Army Day Program scheduled for Saturday, April 6, are now completed, according to Charles Signor, chairman of the arrangements committee, in a statement to the Leader Wednesday.

Heading the days events will be the dedication of the local airport.

The Army Air Show, at three o'clock, and the NAA dance at 7:30. The dedication services will follow immediately after the Air Show and will be under the direction of Andy Bills who will make the opening address. Mr. Bills will be assisted in the ceremony by Mayor Chesher of Littlefield, the city commissioners, County Judge and county commissioners.

ARMY AIR SHOW AT 3 O'CLOCK

The air show scheduled for three o'clock at the local Airport will be under the direction of Lieutenant Colonel Robert L. Hardy, Commanding Officer, Headquarters, West Texas Recruiting Service.

The show will feature various types of planes used by our Army Air Forces. Col. Hardy states that the smaller craft will land on the field, with larger types flying over the field during the show. Local air men will also participate in the show, according to Wynn Henry, airport instructor.

Later in the evening designed for those who desire a gayer atmosphere will be an NAA dance featuring the seven-piece orchestra, "The Rhythm Boys" Arrangements for the dance are under the direction of Alvin Bagwell, Chairman of the entertainment committee. Mr. Bagwell says that proceeds from the dance will go to the National Aeronautical Association for the purpose of purchasing office fixtures, lounge, and chairs for the airport. Charge of admission to the dance will be \$1.20, including tax.

R. C. (Uncle Dick) Reeves Is Gone!

By J. W. DENNIS
 Uncle Dick as everybody called him, departed this life Sunday night March 24, 1946. Age 82 years, 3 months, and 2 days.
 Uncle Dick numbered his friends with his acquaintance. Everybody loved Uncle Dick, he lived beside the road and was a friend to man. To meet him was to know him, and to know him was to love him. He had been a mason 45 years, and if I know true masonry, if you live a true mason you will be more like a man than a man. He and I used to talk of the better things of life, he believed in the brotherhood of man and the fatherhood of God. Uncle Dick's life companion passed away in June 1941. Having been blind for several years before her passing, but she bore her afflictions with a smile. I have heard her and Uncle Dick speak of the life beyond the grave, and rejoice to think that some day they would meet over there and be able to see and to know each other as they had known and loved and lost. Uncle Dick had been confined to his room for months, but to the very last he was jovial and loved to have his friends call by to see him. He had made his home with his two daughters, Mrs. O. B. LaFrance, and Mrs. Wilber Copeland, west of Olton; these girls and their husbands never tired of their duty to that father, always labored with a smile. We all hated to give him up, but in all wise God never makes a mistake. How our hearts ache with grief when we say good bye, but we shall meet some day, where no storm clouds gather, we shall meet some day by the river of life, sparkling

Clyde Hudson Leases Y. & S. Food Market; Takes Over Tuesday

Clyde Hudson has leased the meat market at the Y. & S. Food Store, and took over this department Tuesday.
 R. F. Harper, butcher, who has been connected with the Y. & S. Food for sometime, will continue in the market.
 Mr. Hudson has been a resident of Littlefield for the past seven years. He was in charge of a meat market here for four years; spent a short time in the service; and returning to Littlefield, has since been connected with a local Market.
 Mr. Hudson will appreciate the continued business of the Y. & S. Market, and also invites his many friends to visit the market for their meat needs. This market will also welcome new customers, and promises the best of service.

AMHERST CHURCH OF CHRIST TO HOLD GOSPEL MEETING APRIL 28, MAY 5
 The Main Street Church of Christ, of Amherst will hold a gospel meeting under the direction of Minister G. B. Sheldon of Abilene, beginning April 28 and will run through May 5th.
 A cordial welcome is extended to citizens of Littlefield to attend and worship with the Church there.

cool and clear, sit down under the tree of life where it spreads its cool shade and talk of the good thing that God has in store for those that love him.
 I loved to talk with Uncle Dick about things over there. He told me often that he didn't wish for a mansion in glory, but he wanted a Cabin in one corner of Heaven where he could meet and enjoy his loved ones and friends. Can we measure the worth of a true friend?
 I shot an arrow into the air
 It fell on Earth, I know not
 Where.
 I breathed a song into the air,
 It fell on Earth, I know not
 Where.
 Long, Long years afterwards my
 Arrow I found in the heart of
 An Oak, still unbroken.
 And my son from beginning to
 end,
 I found in the heart of a very
 dear friend.

Uncle Dick has gone to possess that Cabin, and what a glorious thought there to dwell throughout the ceaseless ages of Gods Eternity.

Plans Complete For Swimming Pool

Plans have been completed and were received by W. G. Street, City Secretary, Friday, from H. N. Roberts, Engineer, and handed by Mr. Street to the Committee on arrangements.

Mr. Street, in an interview with a Leader reporter Monday, stated that Mr. Roberts is donating the plans and supervision of construction of the swimming pool.

Mrs. B. F. Eidson, and Misses Dorothy Servatius, Mary Servatius, and Mary Rieuman.

Afternoon refreshments were served during the social hour. The next meeting will be held April 29th, at the home of Mrs. Herbert Dolle. Mary Rietman is the reporter.

Hub Mason, Jr. Aboard Midway Enroute Home

Pfc. Hub Mason, Jr., formerly of Littlefield, but recently of San Antonio, was one of the thirty-four Texans aboard the 40,000 ton carrier Midway heading back to the States last week from maneuvers in Sub-Artic waters in the Labrador sea.

Texans assigned to the Midway played an important part in the month-long cruise to test operation of the ship, her planes and auxiliary equipment under severe cold weather conditions.

Pvt. Mason, who relieves Pfc. Vernon C. Chavvin as the admiral's orderly, sates that the "frostbite cruise" is a "toe numbing reality." He said he'd take Texas and day in preference to the sub-Artic.

Improvements On Palace Theater Get Underway

Considerable improvements planned for the Palace Theater got underway Monday.

A portion of the front of the building has been torn down, and a new front will be built. A large neon sign 15 x 20 feet will be installed. Other improvements to the interior of the theater will also be made.

GEORGE COMSTOCK, 22, SIGNALMAN, FIRST CLASS, OF MILL VALLEY, CALIF.

Submariner scanning horizon off coast of Japan as Pacific War ends.

A Navy Man Comes Home

Soon after Japan signed surrender terms on the USS MISSOURI in Tokyo Bay, George Comstock, 22, a typical Navy fighting man, went below decks in his submarine, the USS SEACAT, and left the bay for Guam—his seventh and last war patrol completed. Enroute to Guam, the SEACAT'S men received by radio the first word of the Navy's point discharge system. Comstock had 51 points, seven more than he needed.

These pictures tell his story from that time on—how he traveled from Guam to Pearl Harbor aboard another submarine, how he went through the demobilization center there, boarded a cruiser for the West Coast, went through a separation center, and, after five years in the Navy, returned home to his family and a civilian career.

Comstock's story is the story, in its essentials, of three million other Navy men who are now coming home.

1. With announcement of Navy's point system Comstock and three shipmates, Clifford Dixon, New Orleans, La., left; and Russ Ellis, Dayton, Ohio, and Arthur Solum, Portland, Ore., right, gather in messroom to set up points. He has 51, more than enough, so makes formal application to his Commanding Officer for discharge.

2. Formalities completed while enroute to Guam, Comstock (right, rear) there boards the submarine USS JALLAC for a ride to Pearl Harbor. The Navy uses any ship to rush men home.

3. As a passenger on the JALLAC, Comstock has no duties. Here he relaxes with a book between the intricate mechanisms of two tubes.

4. Arrival at the Staging Area at Aiea, on Oahu. Here he and the thousands of other Navy men stream out for discharge from all parts of the Pacific go through preliminaries of separation. He has his first interview with a Navy Civil Readjustment officer here, and gets his first line on a civilian job—a second officer in Maritime Service. (More Pictures Next Week.)

"OPERATION CROSS ROADS"

Task Force No. 1, is at sea readying itself for the forth-coming "Operations Cross Roads" which is scheduled to take place in the early summer at the little island group of Bikini Atoll in the Marshall Islands.

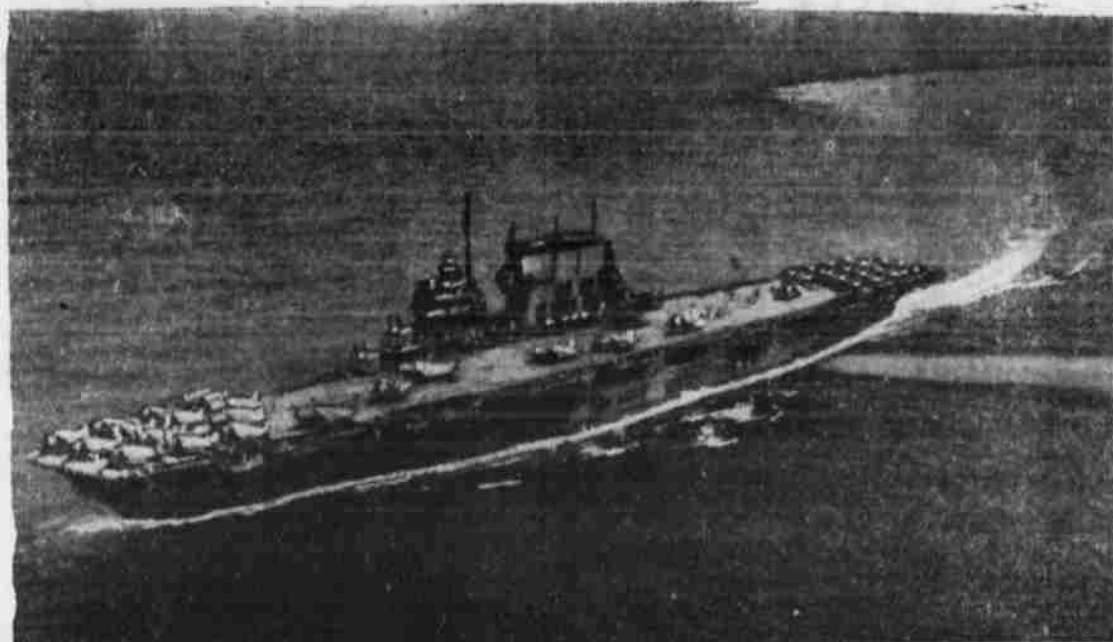

97 ships are scheduled to take part in this test to be conducted by an Army-Navy-Civilian group under the Navy's Vice Admiral W. H. Blandy. The first tests, scheduled to have been in early May, have now been postponed until Mid June. Three atomic bombs are to be dropped from a B-29 flying at a height of five miles, the first to be exploded above the ships, followed by surface test and a deep-water explosion later. The bombs are to be of the same type dropped on Nagasaki.

Total personnel taking part in the operation will reach 97,000, the Navy crews of the operating and target ships to constitute the majority. Of the 97 ships, 52 will be American vessels, the remainder being made up of captured Japan and German Naval forces.

Does Distress of "PERIODIC" Female Weakness

Make you feel "A Wreck" on such days? If you suffer monthly cramps with accompanying tired, nervous, cranky feelings—due to functional periodic disturbances—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken thruout the month—Pinkham's Compound helps build up resistance against such distress!

The prehistoric discovery of the FLAME was man's first step toward civilization; and from that ageless past to the present, the Flame has been keeping humanity warm, cooking its food and performing other services. However, no energy, even that of the FLAME, would be valuable to modern civilized society unless it would be capable of being controlled. It is interesting to note that it was this controllability that, early in our economic history, provided continued usefulness to the GAS FLAME—a usefulness that through the years has constantly widened and strengthened. Today this controllability reaches its highest point of development. And so, as in the past, the GAS FLAME will continue to release, even more effectively, its energy, remaining man's faithful servant for cooking, water heating, refrigeration and year 'round home comfort.

Water and Sewer Bond Election Carries 30 to 1

Expansion Program Gets Underway Tuesday Morning

Engineer Roberts Will Be In Charge Of Water-Sewer

Littlefield residents voted thirty to one in Friday's election in favor of the bond issue. There were 270 votes for, and 9 against the issue.

The water and sewer expansion program is getting underway at once, which will include extension of the water system, new sewer disposal plant, and an addition to the distribution system of both water and sewer, including new overhead water tank, and 16 new fire plugs.

Work got started Tuesday in the excavating for the water tower. Engineer H. N. Roberts of Lubbock is in charge of the program.

According to Secretary W. G. Street the City is not making a contract on the foundation. This work is being done by the City, employing day labor, and buying their own material. J. H. Wells is supervising the work.

Audie L. Murphy, of Farmersville, most decorated infantryman in World War II, is in Hollywood, under contract to Jimmy Cagney.

Fifty-three U. S. Liberty Ships carried the names of Texans, during the war.

Mother and Daughter Banquet Planned

The F. H. A. Club met March 11, 1946. Old and new business was discussed and it was decided that the club was to send \$25 this semester to the area Camp Funds.

Reports were given by the members who attended the area meeting which was enjoyed very much.

Plans are underway for our Mother and Daughter Banquet, which is to be held April 25th. This is something that the club always looks forward to.

A very interesting program was enjoyed as follows:

Leader: Doris Burrows.
Theme: Personality Plus.
Best Soap: Edith Emmons.
Care of Hair: Katie Lee Mills
Neckline Jewelry: Patsy Sinclaire
Cape With Catastrophes: Margie Dunham.
Let Him Pay: Jo Donna Joy.
Your Filing System: Melba Catham Griffin.
First Lipstick: Billie Pat Robinson.
Your Sub-Deb Slang: Billie White

The club was adjourned by singing their club song.

CARD OF THANKS

We wish to express our appreciation for the many acts of kindness and sympathy accorded us in the recent illness and death of our mother. Especially do we wish to thank the Girl's Sextette who sang at the funeral and those who sent floral gifts.

SERVICEMEN TO WEAR UNIFORMS—
FLAGS TO BE DISPLAYED—

All servicemen, including members of the American Legion and Veterans of Foreign Wars are asked to wear their uniforms on that day, and all business houses are asked to display their flags or what other emblems they may have at hand. Arthur Mueller is in charge of this part of the program for the American Legion and Durwood Howell for the VFW.

INVITATION EXTENDED TO NEIGHBORING COUNTIES

A special invitation is being extended to all citizens of Lamb, Hockley, Baley, Cochran and Hale counties to attend the celebration and be guests of the citizens of Littlefield all day Saturday.

Stolen Automobile Recovered At Vaughn

The automobile belonging to John Tucker, Magnolia Wholesale Agent of Sudan, was stolen Wednesday night of last week while he unloaded a truck load of gas. He drove to his wholesale in his automobile, and only left the car a few minutes to unload the gas when he discovered someone had driven it off. The car was recovered at Vaughn, N. M., and Deputy Sheriff J. D. Chester of Sudan and Mr. Tucker went after the car and brought it back to Sudan.

Mr. Tucker was formerly Coach of Littlefield High School, and later Coach at Sudan.

Palace Theatre Patrons Contribute \$369 To Polio Fund

W. J. (Bill) Chesher, manager of the Palace Theatre, announced Wednesday that he had forwarded \$369 to the County Chairman, G. M. Shaw as Palace patrons part in the fight on the dreaded Infantile Paralysis.

Mr. Chesher also announced that \$184.50, or half of this amount would be returned to the City of Littlefield to help combat polio in this area.

Girl Scout Meeting Called For April 11

First meetings of the Girl Scouts and Brownies of Littlefield will be held April 11, when the Brownies will meet with their leaders at the

Primary School building at 3 o'clock and the Intermediates will meet at the Central building at 4 o'clock.

Announcement of these first meetings was made by Mrs. A. B. Haynes organization chairman of the Girl Scouts.

The board of directors met Monday night at the First Methodist church at 8 o'clock and the following leaders were announced; for the Intermediate Scouts, Miss Alma Faye Henry, with Mrs. Ernest Jones as assistant; Miss Ruth Richards, with Mrs. Albert Findley, assistant, Miss June-Wren, with Mrs. O. L. Hollingsworth, assistant; and Miss Thelma Aren with Mrs. E. C. Caldwell, assistant.

Each child in the Girl Scout age groups was given a questionnaire at school this week to take home to her parents. This, when filled out would indicate the parents' willingness to have their children belong and will give the information that the leaders need to know.

Mancil Hal, finance chairman said plans were being laid for a method of raising the money for carrying on the work necessary for Girl Scouting. Definite plans will be announced later.

The board will meet again at an early date when Girl Scout leaders, assistants and troop committee women will be present, according to Charles Signor, president.

LAMB COUNTY LEADER

Coming Attractions at the Littlefield Theaters

Captured, but not for long, is Cornel Wilde, in this tense scene with Anita Louise in the technicolor hit, "The Bandit Of Sherwood Forest," which will be shown at the Palace theater Sunday and Monday.

Robert Hutton and Joan Leslie are reunited with their son in this scene from Warner's latest hit, "Too Young To Know" with Dolores Moran. This picture will be shown at the Ritz theater Saturday midnight, Sunday and Monday.

MRS. VERNIE WRIGHT WRITES LEADER

The Leader was pleased to receive letter this week from a former Littlefield resident, Mrs. Vernie V. Wright, who lives at 117 N. Edge-

field, Dallas, enclosing check for renewal of her Leader.

Mrs. Wright was much pleased to learn of the new location of the County seat.

Mrs. Neal A. Douglass was on the sick list Saturday.

BASIL RATHBONE

Basil Rathbone, as Sherlock Holmes, with Marjorie Riordan and Nigel Bruce, are starred in "Pursuit to Algiers," which will be shown Thursday and Friday at the Ritz.

ANNE JEFFREYS

One of your favorite comic strip characters, "Dick Tracy," comes to the Palace screen Thursday and Friday. Morgan Conway appears as Dick Tracy and Anne Jeffreys plays the role of Tess Truehart.

Attend Tri-State Baptist Meeting

Rev. and Mrs. Lee Hemphill, Mrs. Virgo Peterson, Mrs. Ray Hulse, and Mrs. Pryor Hammons left Monday for El Paso, Texas, to attend the Tri-State Baptist Sunday School Convention, which opened Tuesday morning, and will continue through this morning.

This meeting is the first time that New Mexico, Texas and Arizona groups have met in joint session.

Outstanding speakers are on the program, and there are being several conferences pertaining to Sunday School work.

The Littlefield group will return home today.

The State of Texas leads in the production of fresh fruits and vegetables for distant markets.

211 Texas farmers and 94 counties have been approved as breeders and growers of certified seed.

Attend District P. T. A. Meeting

Mrs. Pat Boone, Mrs. J. R. Coen, Mrs. C. C. Bartlett and Mrs. E. E. Joiner left Tuesday to attend the District P. T. A. Convention at Paducah, Texas, which convenes April 2, 3 and 4th.

The local group will return here today, Thursday.

Panhandle Refining Co. Wholesale And Retail Is Being Established on Highway 84 By N. N. Alexander

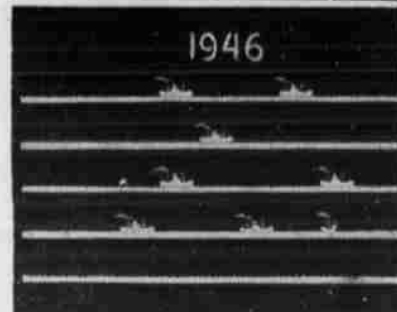

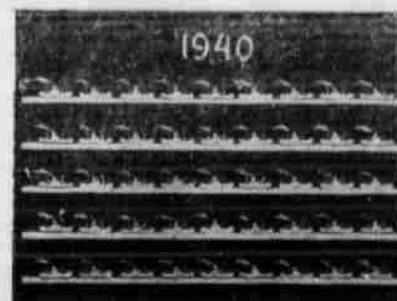

A wholesale and retail agency of the Panhandle Refining Co., is being established on Highway 84, just west of the Western Wrecking Co., by N. N. Alexander, formerly of Amarillo. The business will be known as the Alexander Oil Co.

For the present time the wholesale branch of the business will be confined to dock sales.

The new business is being established at the former location of the Consumers association. The original building was remodeled and improved and an addition of the same size as the old building has been added. The real estate has a frontage of 254 feet on the highway.

Originally a resident of Frederick, Oklahoma, Mr. Alexander lived in Amarillo for four years until coming here recently. His business while a resident of Amarillo brought him through this territory and he soon became sold on the possibilities of Littlefield and section. When the opportunity was presented three years ago to buy the Highway 84 property, Mr. Alexander made the purchase and is well satisfied with the deal.

Greek Tragedy

These pictures represent but one of the tragedies confronting Greece today, after her splendid stand against the Axis. Taken from the new March of Time, "Report on Greece," they show the toll taken by the war in Greek shipping alone. Of 450 vessels furnished by Greece to the Allied Shipping pool in 1940, today only 74 remain afloat. Her transportation is wrecked; her farms and industries will not recover for years. . . . She is almost completely dependent on UNRRA which has supplied food, clothing and machinery totalling close to 1,500,000 tons. Greece's indomitable spirit, however, will eventually see her through.

This new "March of Time" will be an added attraction at the Palace theater Sunday and Monday.

Attending Furniture Show at Galveston

Mr. and Mrs. I. D. Onstead of Onstead's Furniture left Friday to attend the Southwest Home Furnishing Exposition at Galveston. This event opened Sunday and continued through Wednesday.

SCHOOLS TAKE CENSUS

According to J. Ernest Jones, County Superintendent, all schools took their census during the month of March, and where each child is actually living on April 1, is where he will have to be located on school census.

The BIGGEST DOLLAR VALUE In the WORLD

Your health is the first requisite for success and happiness, and whatever you must spend to regain it, when ill, is small compared to the value received for the money. Some illnesses require prolonged treatment under the direction of a physician who may prescribe costly medicine; for example, liver extract for the treatment of anemia. But when you consider that health, maybe life itself, depends upon the doctor's diagnosis and prescribed treatment, you realize that regardless of the cost, it's the biggest value in the world for your dollars.

Aid Goes to State**

J. Ernest Jones, County Superintendent of Schools, has reported that a transportation report for all schools of Lamb County went into the State Department before April 1, in connection with application aid; and that this County's schools will in all probability receive over \$50,000 transportation aid this year. He reported a slight raise in rate, adding that the state transportation aid received by the County's schools last year was somewhat lower than this figure. Mr. Jones states that the various schools sent in their reports to him, and he made a consolidated report for the State Department.

People kid us about being fat, but when the time comes, if it ever does, when we can have as much fun taking it off as we had putting it on, we'll reduce.

**Blue Cross Hospital
Benefits Available
In Littlefield Area**

The Amarillo Benefit association is sponsoring an independent group in the Blue Cross hospital plan. Under this program the Blue Cross benefits in hospitalization have been extended to the general public in the Littlefield community. Those who become members of the Amarillo Benefit association automatically qualify for membership in the Blue Cross hospital service plan.

Blue Cross is a state-wide and national co-operative hospital plan. This plan is sponsored by 260, or more, hospitals in Texas, including the local hospitals, the Payne-Shotwell Hospital and the Littlefield Hospital.

Blue Cross benefits are not limited to any particular hospital or community, but are obtainable practically anywhere members may find themselves throughout the United States and Canada.

A. B. Clark, secretary-treasurer of the Amarillo Benefit association, was in Littlefield last week making arrangements for the receiving of additional members under an enlarged program of service being instituted by the Blue Cross with the local co-operation of the Littlefield Hospital and the Payne-Shotwell Hospital.

**News of
COLORED CITIZENS**

Monday night, March 25, the Community League met at the St. John Baptist Church, in an Appreciation Meeting of the removal of the court house from Olton to Littlefield.

Walter Griffin, president of the League, and others, spared no words in praising the efforts of white citizens, and the part the Negroes played in this accomplishment. The Negroes were one-hundred per cent for the court house coming here, and demonstrated it by voting one-hundred per cent for it.

They feel that it means much to have the honor of being a part of a forward looking community. They are anxious to prove worthy of the opportunity to vote on important issues of our city. They note, with interest the Bond Election for Friday, March 29. They know this bond issue is important to civic and sanitary improvement. Therefore, they are with the issue 100 per cent.

In the meeting, D. C. Stewart made special mention of improvements being done on the streets, including the installation of culverts where needed most. He gave Mr. W.

G. Street, city secretary, and Mayor Chesher much credit for these improvements. He also spoke of the men who worked free, on the job Monday. We especially wish to thank these men.

It was brought out in the meeting that just as Littlefield improves, so will our group. Therefore, the entire group present felt that the Negro community would reap some benefits out of the approaching Bond Election.

Two new committeemen were el-

ected. They were Andrew Hobe and Maurice Powell.

The meeting closed by giving rounds of applause for Mr. Street, Mayor Chesher, and others who have manifested so much interest in our group and the improvement of our section of town.

Urge Reduction of Fats and Oil Consumption

One-hundred and thirty-five million pounds reduction in cottonseed oil production during the first seven months of this season, compared with a year ago, is one reason that the President's famine relief committee had to urge Americans to re-

duce fats and oils consumption by 20 per cent, A. L. Ward, Educational Director, National Cottonseed Products Association, points out.

"Cottonseed oil production figures released by the Bureau of Census, following the appeal for reduced fats consumption, clearly show the critical need for increased cotton production in 1946 to supply cottonseed oil as well as cottonseed feed products to produce meat and animal fats," Ward said.

Cotton is a leading source of vegetable oil, ranking with lard and butter as a cooking and food fat, but reduced cotton acreage and production in 1945 curtailed supplies of both cottonseed oil and cottonseed feed products.

"For most Cotton Belt farms, cotton is the only source, or most dependable source, of vegetable oil and protein concentrate feed, and these farms can make their greatest contribution to the world-wide food and

feed need by producing more cotton in 1946," he emphasized.

"Planted on good land, as the hub of a balanced farming and livestock program, and produced with the higher yields per acre that can be achieved by following the 7-point program of the U. S. Department of Agriculture and State Extension Services, cotton can do more in 1946 to relieve the food and feed situation than any other one crop Southern farmers can grow," Ward added.

Triple A. Farm News

By Ernest L. Black, Secretary

DEEP PLOWING—All prior approvals issued for deep plowing (plowing of cropland 12 inches or more deep) issued by the Lamb County AAA Committee to farmers in the county expire on April 10, 1946. Any producers who have carried out this practice and have not reported the extent of performance to the county office on form SRS-50, Prior Approval, must do so by this date as all prior approvals for deep plowing not returned by April 10th will be cancelled.

CONTOUR FARMING—Prior approvals on contour farming must be requested before May 1st. Before a person will be eligible to draw Soil Conservation payment for carrying out this practice it is necessary that he request prior approval of the county committee by letter or by calling at the AAA Office.

TERRACES—All prior approvals obtained for terraces that have not been carried out by May 1st will be cancelled.

This is to remind producers that we are now taking applications for 1946 COTTON CROP INSURANCE.

On February 4, 1946, the Department announced that all of the 1944 crop cotton and the 1943-crop American Egyptian cotton remaining under loan on July 1, 1946, will be pooled for producers' accounts by Commodity Credit Corporation. It is felt, that on the basis of current prices, farmers should be able to dispose of a substantial amount of this cotton to net them fair-sized profits

above the loan and charges. Producers may dispose of this cotton either by redeeming it and selling in the open market or selling their equities.

Further information on the disposition of loan cotton may be obtained at the AAA Office.

Producers are reminded that payments covering the January-February-March period of the Dairy Feed Program will be made upon receipt of proper evidence of sales at the AAA Office after April 1st and before June 1st.

Howdy Folks: Heat will allay pain, in many instances, according to a doctor's statement, but getting hot under the collar won't lessen a pain in the neck.

On the other hand, sitting in front of an electric fan is a good way to blow your top.

Of course some men are obsessed with the idea that they can keep fit by throwing one.

We heard about another medical theory that claims a man is shorter at night than in the morning.

We have never tried this theory out but we have noticed a tendency to be short at the end of the month.

Have you noticed how many good people are using our RADIO SERVICE around these parts?

There's a real sound habit to form.

There's nothing like it — that good feeling that comes when you and your family are healthy — and that's the way most folks feel all the time in the Panhandle-Plains and the Pecos Valley area.

The climate in this area is ideal. Our cool, invigorating summer nights and our moderate winters keep those of us who live here comfortable and healthy the year 'round. You can see the glow of health on everyone's face.

It's great to live here. The Panhandle-Plains and Pecos Valley have everything — including plenty of dependable, low-cost electricity.

Enriched 80 Per Cent Flour

Enriched 80 per cent flour, to be on grocery shelves soon, has the same vitamin content as enriched white flour, but is higher in protein value—energy—according to Miss Edith Lawrence, food preparation specialist of the Texas A. and M. College Extension Service.

The story of American flour, Miss Lawrence says, goes something like this: For many years modern white flour has been losing important values in milling. In order to have it white and fine, and of good keeping quality, the outer coat of the grain was removed. With it went around seven-eighths of the thiamine and niacin, three-fourths of the riboflavin, and four-fifths of the iron, as well as some calcium, phosphorus and better quality protein.

Some of these values were returned when bread was enriched with the three lost B-vitamins, thiamine, riboflavin and niacin, also iron.

Only about 65 per cent of the flour products on the market, however, have been enriched. Flours rank in this order in nutritional value: whole wheat, enriched 80 per cent flour, enriched white flour, unenriched 80 per cent flour is much finer and lighter in color than whole wheat flour. Unenriched it has only about 40 per cent as much thiamine as whole wheat flour, only half as much riboflavin and iron, and a fourth as much niacin.

On the foods preparation end, tests conducted by the USDA Bureau of Home Economics under commercial baking conditions revealed that the difference in bread made with the old and new flours was not as great as had been expected. The loaves made from the 80 per cent flour did not rise quite as much as those from white flour, and the bread had a slightly off-white or creamy cast. The Bureau of Human Nutrition and Home Economics has had reasonably good success in making biscuits and pastry with the 80 per cent flour.

More Good Seed Urged

Farmers of West Texas were challenged to make this area the certified seed producing center of the world at a meeting of the Texas Certified Sorghum Seed Growers association at Texas Technological College.

R. V. Miller, division of seed certification for the State Department of Agriculture, said the seed certification program started in 1924 with a \$200,000 business in Texas, and that in 1945 the business grossed over \$7,000,000

in the state. Fourteen classes of crops, 211 certification certificates, 3,000 farms and 125,000 acres were included in the 1945 program.

The need of maintaining high standards for certified seed was stressed by Dr. E. P. Humbert, head of the department of genetics at Texas A. & M., who warned that the federal government might take over seed certification if the states do not do a good job.

Over 100 farmers attended the meeting.

Special Effort Urged to Enlist for Armored Unit

The local recruiting office, which has been located in the Draft Board office, has been closed, according to an announcement Tuesday. However a representative will be at the office here each Monday.

(Effective immediately and continuing until midnight, April 7), it is directed that a special effort be made at once to enlist the maximum number of men with previous service in an armored force unit—including service type organizations with the armored force for direct enlistment and assignment to the second armored division presently located at Camp Hood, Texas PD This is Priority recruiting mission PD direct enlistment and assignment to the second armored division is authorized regardless of period of enlistment PD However all men enlisted for the second armored division will be shipped through reception centers in the usual way PD Grades in which enlistments are accomplished PD will be governed by current regulations.

EXPECTED HOME

Cpl. B. W. Yeary, who has been overseas over a year, and in the service 37 months, wrote his parents, Mr. and Mrs. E. W. Yeary recently from Munich, Germany, to the effect that he was leaving Munich, March 8 and would board a ship March 12 for home.

Mr. and Mrs. Yeary are looking for him soon.

ODIS NELSON POST IS ORGANIZED

The Odis Nelson Post of the American Legion at Anton got off to a good start in the new Legion Hall in their first meeting there. About 75 GIs were in attendance.

Lubbock County Service Officer Jack Hall opened the meeting, and Suck Harris and Brantley Stephenson proudly bore the flags down the aisle.

Hall addressed the gathering. Plans by committees are underway to raise much needed cash for the Post.

ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water? Then you should know about that famous doctor's discovery—DR. KILMER'S SWAMP ROOT—that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Dr. Kilmer's is not harsh or habit-forming in any way. Many say its marvelous effect is amazing. All druggists sell Swamp Root.

Mrs. Alta Mae Wright and son, Cleo, and daughter, Juanita, were in Littlefield on business and visiting friends Wednesday of last week. They have moved from Lubbock to Southland, where her sons, Cleo and Allan, recently discharged from the service, have leased a farm and the family are living there.

The daughter has come to an agreement with one of her prospective husbands. He is to help her wash and do the dishes, and she is to help him do the cooking.

Seeks Office Judge Of 64th District

Dan M. Cook this week authorized the Lamb County Leader to print the following announcement concerning his candidacy for district judge in the 64th judicial district, subject to the Democratic primary:

"I recognize the fact that I am at considerable disadvantage in this campaign because of my inability to announce for the office at the usual time, because of my four year's absence from the district, during which time many voters have moved into the district and many have attained voting maturity; but I shall see as many of you as time and a '36 model automobile will permit and personally appeal to you for consideration.

"I recognize that I am asking a high honor at your hands, an office that will require unusually sound judgment and legal ability during the years of unsettled conditions that have always followed in the wake of a conflict such as that from which we have just emerged.

"If elected, I pledge the citizenship of this district to give all of myself, my energies and abilities to the end that the matters coming before me shall be promptly, economically, justly and legally concluded.

DAN M. COOK.
Cook was born in Mt. Pleasant 56 years ago, he said, and received his education in public schools of Titus county, Sam Houston State Normal, the University of Texas and Texas U.'s law school.

He enlisted in the army in 1915, serving in Mexico and along the Mexican border, and at the outbreak of World War I, re-enlisted and served until hostilities ceased, he stated.

He returned to Titus county and was elected to the office of county judge there, voluntarily retiring from that office after two terms.

Cook came to Hale county in January, 1924, and has been engaged in the general practice of law here. For eight years he was in partnership with the late Judge R. C. Joiner.

He volunteered for army service during 1942 and during World War II saw duty in the African, Sicilian and Italian campaigns. He also was stationed for a short time in the Pacific theatre. He received his discharge March 13 this year.

Staff Sergeant Herman Dirickson who re-enlisted in the Air Corps, March 27th, will serve as a recruiting officer and will be stationed in Lubbock.

This is the second Dirickson brother to re-enlist in the service, Gene Dirickson, Pharmacy Mate 2/c, having re-enlisted in the Navy some 4 or 5 months earlier.

They are sons of Mrs. C. L. Dirickson, who at present is making her home with a daughter, Mrs. Ed. Gillespie, in New Mexico.

Panhandle Dairy Show April 13-19

PLAINVIEW, TEXAS, April 5—Plans are rapidly shaping up for the nineteenth annual Panhandle Plains Dairy Show scheduled here April 13-19, inclusive. The largest entry list in the history of the show is forecast by C. B. Martin, general superintendent.

Judges have been designated, superintendents of the various departments selected, all activities dated, and arrangements made for the round of entertainment during the almost one week of the show.

Preliminary tests in the production contest at 6 p. m. Saturday, April 13, will launch the program. From that hour until the Milking Shorthorn auction at 1 o'clock Friday afternoon some of the finest dairy cattle in the country will be on exhibit and day and night calendars of activities will unfold events of general public interest.

Prize money for this year's show totals \$3,035, the largest amount in the history of the exposition. A tent has been rented to take care of the overflow of entries. Last year the approximately 500 animals on display could not all be placed in the barns.

Sunday's program calls for completion of the production contest. Future Farmers of America and 4-H Club boys will start judging cattle at 8:30 Monday morning to open that day's program. N. C. Fine, Lubbock, is superintendent of the FFA and 4-H judging contest which is being held this year for the first time in three years, the event having been suspended because of shortages of entrants during war time.

Club boys' cattle will be judged Monday afternoon starting at 1 o'clock. The pageant at the city auditorium and the annual Dairy Show queen's ball following are the main features of the Monday night program. Mrs. Joyce Wood of Lockney is directing the pageant which is under sponsorship of the Chamber of Commerce Auxiliary. It will be a musical show with princesses from neighboring towns and Plainview organizations making their appearance.

Judging of Holstein-Friesians beginning at 8 a. m. Tuesday will get the day's program underway. I. Walker Rupel of the dairy husbandry department of Texas A. & M. will judge that department of the show along with those of the Guernsey and Jersey divisions. Judging of Guernseys and Jersey bulls will occupy the arena during the afternoon.

The annual dairymen's banquet is scheduled Tuesday night at 8 o'clock.

Wednesday is designated as official Jersey day and judging of cows and groups in that department will continue throughout the morning. The Jersey auction is scheduled at

1:30 that afternoon. The Jersey auction, the second to be held in connection with the Dairy Show, is sponsored by the Plains Jersey Cattle Club of which M. C. Brandon, president of the Dairy Show, is Secretary; approximately 40 head have been listed for the sale.

The Texas Aggie annual roundup will be held Wednesday night at 6 o'clock at the agricultural building. Leon Ranson, Levelland, is president of the Central Plains A. & M. Club which is arranging for the program.

At 8 o'clock Wednesday night the bathing beauty revue will be held on the stage of the Granada theater. Entries from Plainview clubs, business firms and other organizations with representatives from Plains towns will compete for cash prizes.

Milking Shorthorns will be judged Thursday starting at 8 a. m. with Carl Tyner, Tipton, Indiana, scoring the entries. Judging of Milking Shorthorns will continue through the afternoon and that night at 4:30 the annual Shorthorn breeders banquet will be held.

Last of the Milking Shorthorns will be judged Friday morning. The

auction in the afternoon will draw the curtain on what show officials predict will be the biggest and best attended Panhandle Plains Show ever held.

T. J. Tidwell Shows will be on the midway with a larger and better show than they have had heretofore.

Department superintendents are C. C. Brookshier, Tullia, Holstein; R. L. King, Dimmitt, Guernsey; H. B. Horn, Plains, Jersey; Frank F. Weil, Hale Center, Milking Shorthorn; Wayne Thomas, Perryton, production; L. A. Hartzog, Floydada, dairy calf club; N. C. Fine, Lubbock, vocational agriculture judging; K. M. Renner, Lubbock, dairy products judging.

Officers of the Dairy association are C. B. Martin, general superintendent; O. F. Liner, Assistant superintendent; Raymond Lee Johns, manager, and M. C. Brandon, president of the Panhandle Plains Dairy Show Association.

Catalogues on the show are in the mail, Johns said. Entries are expected to begin coming in the latter part of this week.

**Mac L. Coker Is
Candidate For Texas
Railroad Commissioner**

Mac L. Coker, 35-year-old World
War II veteran and consulting geo-
logist, has announced his candidacy
for the Texas Railroad Commission.

Coker's platform calls for a Rail-
road Commissioner qualified by edu-
cation, training and experience to re-
turn the Commission to its legal and
logical place as guardian of the
people's rights; and for energetic
and progressive policies to replace
the present inefficient and antiquat-
ed procedures of the Railroad Com-
mission.
Coker was born at Abilene, at-
tended the Dallas public schools and the
University of Texas and received his
science degree from Southern Meth-
odist University in 1933. He was em-
ployed in the petroleum engineering
department of the Railroad Com-
mission at Kilgore and Corpus Christi
from 1934 to 1936; later he became
geologist and drilling superintendent
for an independent oil company in
Corpus Christi; and in 1939 he opened
offices in Austin for statewide
practice as a petroleum geologist.
Of the 41 months Coker spent in
the Army, 25 months were served in
the Southwest Pacific. He was awarded
the Distinguished Unit Citation; the
Asiatic-Pacific ribbon with four
battle stars for campaigns in New
Guinea, Bismarck Archipelago, Leyte
and Luzon; and the Philippine Libera-
tion ribbon with a battle star. He
said, "I volunteered my services to
our Country to fight against the
threat of world dictatorship, and
now I offer my services to our State
against the dictatorial administration
of the affairs of the Railroad Com-
mission."
