ember they plan a trip to Truth or Consequences, N.M. Around Christmas time, Comer can be found at various clubs and churches dressed as Santa Claus enjoying his favor-ite hobby - making children happy.

Mrs. Hall is outgoing presi-dent of the Littlefield Garden Club and besides serving meals to her family and guests, she loves working with flowers and daubing in her paints. She also makes framed pictures of artificial flowers and fruit, ceramics, and enjoys knitting, cro-cheting, and making pillows. Because of a long siege with umonia and lung virus, Mrs. Hall has been less active inher club work and other activities, but she has recovered and is taking up each of her hobbies again.

Mr. and Mrs. Hall are members of the First Methodist Church where she is a substitute Sunday school teacher.

Her recipe for "Low Calorie Salad" follows and also a recipe for "Barbecued Hamburgers' which she enjoys preparing.

## YOU MAY BE LOSING MONEY BY PAYING LESS

There are many cars that cost almost as much as a Cadillac. But it is a matter of fact that the decision to buy one of them could be a false economy.

Consider the major items included in the basic price of a Cadillac that are usually extra on other cars: automatic transmission, high-performance engine, power steering, power brakes, automatic cornering lights, and power windows on most models.

Then think of what a new Cadillac can save you on operation and maintenance. Cadillac is actually the rival of much smaller, lighter cars in gasoline efficiency

-and it is so soundly built that it has reduced upkeep expense to the practical minimum.

You're ahead again-every mile you drive.

Finally, reflect on Cadillac's historically high trade-in value. No car at or near its price preserves so much of its owner's original investment through the years.

So add it all up. You'll see what most owners mean when they say you don't spend more for a Cadillac. You just invest a little more-and get a lot more back. If a Cadillac has long been in your plans, visit your dealer and get all the dollars-and-cents facts.

#### HOW TIDE'S TILT BOX SERVES YOU:

Tide's TILT-BOX, pictured above, is an air-tight, all weather container. It keeps your fertilizer dry, fresh, and free-flowing. This TILT-BOX puts 14,000 pounds of fertilizer where you want it . . . at the most convenient location to the field and high enough to make loading any type of application equipment easy.

Because of Tide-designed equipment and produc-tion facilities, you don't wait for Tide fertilizer . . . it's delivered the day before you need it and left at the field to fit your schedule.

#### PRESCRIPTION MIX FERTILIZER

Tide takes soil samples from your land, free of charge to determine exactly what your soil needs. Then your fertilizer is mixed from high analysis raw materials to fit your exact requirements. Because it is made "on order", your fertilizer is fresh, dry. and free-flowing.

### TIDE SERVICES

Tide grower services and products are planned to save time and labor . . . help take the guess-work out of farming. Agricultural Consultants, free soil tests, and Tide's custom-designed, weather-proof. delivery and storage equipment, cut your produc-tion costs. TRY TIDE . . . you'll be glad you did.

#### ECONOMICAL

Ease of handling fertilizer in Tide equipment reduces cost . . . saves time and labor. One man can fill an applicator or spreader with Tide fertilizer simply by opening a gate in 2 to 3 minutes. With Tide's "prescription mixes", you buy only the nitro-gen, phosphate and potash your soil tests show you need. High analysis fertilizer cuts material handling costs. No bags to handle (UNLESS YOU WANT IT BAGGED) and storage is no problem, as Tide's Tilt-Box, holding 14,000 pounds, provides air-tight delivery and storage at the end of the row.

#### LITTLEFIELD BRANCH

Lewis "Dutch" Wilkinson Branch Manager

Gene Williams

TIDE also has several types of Anhydrous Ammonia applicators available to the growers of this area. Pictured above is one of the dual applicators for application of bulk dry fertilizers and Anhydrous Ammonia in the same application, thus offering another saving to the grower.

LET THE EFFICIENCY OF OUR EQUIPMENT AND OUR EXPERIENCE HELP THE EFFICIENCY OF YOUR FARMING.

## Palo Duro Canyon State Park

Etched deeply in the high plains of the Panhandle, just south of Amarillo, lies a spectacular gorge, widely renowned for its scenic beauty. This is Palo Duro Canyon, a great 15,000 acre state park of Texas. You enter it on a road which winds for miles along the bottom of the vast gorge. You see many remarkable formations such as the "Lighthouse" and "Balanced Rock" which have been formed by centuries of erosion which created the Canyon. As you drive slowly along the Canyon's beauty is enhanced by constant changes in delicate coloring. Coronado explored the Canyon in 1541, and in 1876 Col. Goodnight drove the first wagon train down a huge rock slide into its great gulf. Palo Duro Canyon is easily reached on major highways through many of our towns, and is a high spot in places to go and things to see in General Telephone Country.

## **RECREATION PROGRAM CLOSES** Laguna Park Wins Track Meet

Recreation closes tomorrow and this last week has been one of excitement due to the contest between Laguna Parkand Crescent Park on Tuesday.

Boys and girls were divided into two age groups, 9-12 and 5-8, for the various track and field events.

This year's program has been a great success with more than 400 different children participating throughout the five weeks in the games, movies, and swimming.

The summation and final count of points for Tuesdays clash between the parks resul-ted in Laguna Park winning the team trophy with the count reading 125 for Laguna and 50 for Crescent Park.

In the 9-12 year old boys division Laguna won with a score of 37-7. In the 9-12 girls it was 27-17. For the 5-8 division of boys it was 27-17 and for the girls in that age bracket, 34-9 with Laguna winning each diviston.

Littlefield Girls Lose First Game

The recently-formed Little-field girl's softball team played their first game Saturday afternoon at Spade and lost by a score of 13-3. There are 37 girls enrolled in the Littlefield softball club

which has been in operation about two weeks now. All girls ages 9-12 are eligible and welcome to come out and join. Practice sessions are sched-uled at 2:30 p.m. on Monday, Wednesday, and Friday of ev-ery week and are held in Crescent Park.

Mrs. Choice Frances, club sponsor, asks any area teams of this age bracket that would like to schedule a game, to please contact her.

All Star players of the Lit-tlefield Little League match their consolidated skill against ment play.

Coaches Joe Ledbetter and Bob Martin this week have been shaping up their All Star team, a selection of top players of the Littlefield LL teams as picked To Spade Angels by team coaches and managers last week.

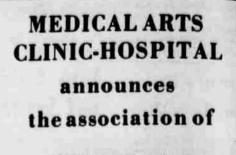

> "We've got a good group of players," Ledbetter says, "and we're hoping to go a long ways."

All Star playoffs will be against teams from Amherst, Olton, Muleshoe, and two Plain-view leagues, the American and National.

Tonight's first match will be at Plainview against the American league team. On the Littlefield All Star

roster are Charlie Holt, Terry

## **Tech Golfer Wins** Lfd Invitational

Threatening skies, swirling dust and winds, failed to faze slender Richard Yates, as the number 1 Tech golfer walked off with the Littlefield Invitational crown by a three stroke margin, as he carded a 103 for the 27 hole tourney.

Yates, who now calls Corpus home had little trouble as he tamed the 6,208-yard, par 36-35 course with a steady style of play, intermingled with brief flashes of spectacular shots. His was the only score to bet-ter the regulation figures.

Yates wasted little time taking command of the situation as he turned the front nine in oneunder style by wiping out suc-
