Booker Pounds Mustangs In Big Upset, 29-0

CWE CHAT WITH EDITOR
By Louis C. Stas

Sorry the way the game with Booker turned out Friday evening, but I understand we are still in the running for district honors. A win against Phillips should leave us in a three-way tie for district honors. The best team will win 'State' this year fellows and **THE WHEELER MUSTANGS ARE THE BEST!**

We told you last week of the theft of food from the freezer in the garage of the Albert Chapman home on Alan L. Bean Blvd. Hannah Faye heard a commotion in her garage on Wednesday evening and discovered a big black dog digging in the freezer. It is nice to know it was not any of our citizens.

The wet weather returned to Wheeler on Saturday in the form of a mist and not enough moisture was received to measure. It rained on Monday and 2.0 inches was measured Tuesday morning; the rains continued to fall on Tuesday and 0.42 inches was measured on Wednesday morning.

I went to Amarillo with the EMT class from Canadian Saturday and we left Amarillo at 10:00 for fear the temperature would drop and the roads would become slick; the temperature in Amarillo was 34 degrees when we left.

Temperatures did not drop to below freezing until during the night Tuesday. The temperature at the bank Wednesday morning at 6 was 34 degrees, but ice covered the windows of the El Camino.

Two of our relatives from Bartlesville arrived Saturday evening and stayed until Monday morning. Darla Stas and her daughter, Alicia Gardello were our guests; the men had to stay home and work. The visit was a surprise to Mother; when she heard the commotion in the entry, Mother thought it was some late "trick-or-treaters".

-cwe-

On the subject of "trick-or-treaters", we had a few Friday evening and Barbara was away from the house during the height of the activities Saturday evening, so the number we greeted at the door was down this year. I am sure the weather contributed to the number also.

A number of individuals got into the spirit of Halloween Friday and reported to work in full costume. Tommie Kenney came by the office and one had to look closely and listen to the voice to determine her identity. The people at the courthouse, the bank, Thriftway and Parkway Clinic were dressed for the occasion. Some of the costumes were on display at the pep rally Friday afternoon.

"Freak Day" at school Thursday, brought in some interesting costumes also.

THANKS: The ladies of the Wheeler Senior Citizens were presented a check from the Wheeler Chamber of Commerce for their part of the money earned with the "giving away" of a "Friendship Quilt". The work of 29 women was combined to make a quilt; 35 different blocks were used on the quilt. The winner of the quilt, Tommy Weaver, was named at the end of the "Fall Festival '86" on October 18. The Chamber earned \$372.00 on the

project and a check in the amount of \$175.00 was presented to the Senior Citizens. Opal Davidson and Hellen Sabbe (seated in the foreground, l. to r.) were present to accept the check; they are regular quilters on Thursdays. Making the presentation were Donna Velasquez and Mayor Wanda Herd; these two were members of the committee responsible for the planning and success of the festival.

The Booker Kiowas were the last team to defeat the Wheeler Mustangs in district play and that was way back in 1982 but they made up for all the frustrations of the district when they pounded the Wheeler Mustangs into submission last Friday night in Booker, 29-0.

What a difference a week makes. This time last week, the Wheeler Mustangs were riding high in District 1-1A North. Undefeated in district play and ranked as high as #3 in the state (Dallas Morning News) and

looking forward to the playoffs. But after Friday night's shocker, the Mustangs have been put in the role and having to win against the Phillips Blackhawks this week to gain a part of the championship.

Phillips Game Fri. Might Be Last in '86

After the stunning defeat of the Wheeler Mustangs by the Booker

Kiowas last week, District 1-1A North is now jumbled up with three teams, Wheeler, Booker and Sunray, tied at the top going into the regular season's final week.

Sunray plays hapless McLean, Follett hosts Booker and Wheeler entertains Phillips.

Services Held For Former Resident

Fred Godwin, 83, died Saturday, Oct. 25th. Services were at 10:30 a.m. Wednesday in Carmichael Whitley Colonial Chapel with Dr. Darrel Rains pastor of the First Baptist Church and the Rev. John Glover associate pastor officiating. Burial was in Fairview Cemetery.

Mr. Godwin moved to the Wheeler Mobeetie area with his family in 1911. He was married to Cordie McCormack in 1923 in Mobeetie. They came to Pampa in 1928. He worked as a farmer, cowboy and muleskinner on his fathers freight lines. He later worked as a truck driver for Dansiger Oil Co. before becoming an independent water well contractor. After retirement he was involved in cactus clearing activity in New Mexico.

Survivors include his wife, two daughters Berdena Neef of Pampa and Marlene Dross of Hagerman, N.M.; two sisters Dolly Watchenderf of Colorado Springs, Colo. and Goldie Taylor of Gainesville, five grandchildren and four great grandchildren.

Band Boosters To Have Concession Fri.

Baked potatoes and trimmings will be served at the football game concession stand Friday night. Cost will be \$1.25. Hot dogs, sloppy Joes, meat nachos, frito pie or homemade chili and crackers is also available. Come early and eat supper! The concession is operated by the Wheeler Mustang Band Boosters.

A hypothetical case could be: all three teams win Friday night, Booker loses coin toss, Wheeler and Sunray represent the district and Wheeler gets top seed by virtue of their win over the Bobcats.

C.R.P. Meeting Set For Tuesday, Nov. 18

Even though the Conservation Reserve Program (CRP), a provision of the Food Security Act of 1985, has been in effect for a year, producers continue to have questions concerning the program. A meeting has been scheduled for Tuesday, November 18, at 7:00 p.m. in the District Courtroom at Wheeler to answer these questions according to Joe Don King, County Extension Agent.

With the loss to Booker behind them, the Mustangs hope to end their regular season with a 8-2 record for the year and on paper, should be too strong for the Phillips Blackhawks, whose only win in district play came last week over the McLean Tigers.

Rick Hargrove of the Agricultural Stabilization and Conservation Service, Danny Wolf of the Farmers Home Administration, Lavon Williams of the Soil Conservation Service and Don King of the Texas Agricultural Extension Service will discuss the various aspects of the CRP. Topic to be covered include eligibility requirements, bidding procedure, program regulations, grass seeding, fertility programs and grassland maintenance. There will also be a discussion of the Conservation Compliance and Sodbuster provisions of the Food Security Act of 1985.

Phillips has several good ball players and we can't take them lightly," coach Preston Smith said this week. "Our players were hurt by the loss to Booker and we think they will want to really get after it against Phillips and get a share of the championship."

Even though no date has been set for the next CRP sign-up period, producers who are considering entering the program should be making plans now.

United Meth. Women Schedule Annual Bazaar

"There is a great deal of erroneous information about the CRP. This meeting is planned to give interested farmers factual information on which they can base their decision about participating", said King.

The United Methodist Women's Organization will hold their 2nd Annual Bazaar at the United Methodist Church Atrium November 15th. Doors will open at 10 o'clock a.m. for selections of items at the Country Store, The Christmas Place, Needlecraft and Woodcraft Arts and the Bountiful Bakery Bar.

Tickets for the Turkey Holiday Dinner will be sold at the door and serving time is from 5:30 to 6:30 in Fellowship Hall. Tickets for the dinner are \$5.00 for adults and \$2.50 children under 12 yrs. of age.

"Ain't It the Truth"
By Ab Gunter
Well it ain't long till winter, got up this morning and found frost on the Pumpkin, yep it was there. All them things that I promised Mama are going to have to wait till next year. Now I would appreciate it if you never mentioned this to her cause she's always saying there is going to be some beautiful weather before winter sets in.
Funny how many things you think of that you should have done but I can see a lot that I am going to have to do come hell or high water. I have to put a roof on the carport, cut bunch of kindling for the fireplace, dig up a bunch of flowerbeds for the bulbs that she has and figer out where to get some cow manure for the garden. I still have an old barn to tear down and salvage all the timbers and boards out of it. Maybe I ain't told you about this, Well a friend has an old barn that is about 150 years old and he gave it to me, I wanted to use Us but Mama said that she had nothing to do with it. The timbers are hand hewn and all the joints are morticed in and there are oak pins that keep it together, will be fun if I ever get the durn thing down to reconstruct it into a room. Did you ever hear of Tulip Wood, this barn is made of it. I got to checking and found that Tulip Wood is what you call Yellow Poplar and the termites don't eat it, don't blame em as it ain't the tastiest thing you would want to devour.
Weather has been a bit unusual this year hasn't it? Not long ago the T.V. Bird that tells you about it said that it was warmer in Maine than it was in the Panhandle of Texas and so many places had flashfloods and others had had hailstorms that had never had before, wonder if it might be them Republicans that are causing it, ain't no telling. A.B. Crump would have said it was but D.O. Beene the Republican Chairman of the County always laid everything off on the Democrats. My Mother always said that there were good people in both parties and I recon there are, least these neighbors of mine seem that way.
We are doing fine and hope you are, try to get back to you next week.
Love to all, Ab and Benita

The trick-or-treaters just barely got their rounds made Friday night before winter set in. With the first of November came the cold north wind with some rain and fog, and this Monday morning, it is still cloudy and foggy, but thank the Lord for another day, the sun will be nice when it does shine. Wasn't the streets nice and clean in Allison after halloween this year; that sure looks better than all them messy water melons bursted all over everything. Hats off to whoever helped keep them that way.
I had an encounter with a snake last Thursday evening. When I was mowing the grass in my front yard, he came slithering through the grass right at the mower, ran and got the garden hoe and killed him. I wonder if they can't move very fast at this time of year, or maybe they can't see too well. Wilma and I were walking Friday evening and there went another snake across the road, which I killed with a little stump of wood; guess I am mean, reckon? I am not like Mrs. Joe Flowers, that writes the Sweetwater News; I don't want a snake for a pet. Have also been having a battle with these gopher rats making these big mounds of dirt in my yards; seems they are winning right now.
Visitors at J. R. and Leota Black's home last Saturday were Keith and Natalie Boydston, H. B. and Jane Dyson and Shame Skaggs. Their daughter, Tina Black, from Canyon visited them a week ago last Saturday. J. R. Black and his mother, Ana, went to Elk City one day last week on business. This past Monday, they were in Wheeler taking care of business.
Bill and Kay Donaldson visited their parents Sunday afternoon, Loyd and Nona Jones and Edith Donaldson. SaRita Boydston has been pretty ill with the flu. She is in Parkview Hospital at Wheeler; she had company from Dumas and Binger, Okla., over the weekend.
Lorraine Sargent is very ill at her home here; she has been in the hospital at Amarillo. She returned home last Saturday.
We do trust that the sick will soon feel better.
David and Linda Gilmer and children visited Linda's grandpa, George, Sunday; they were dinner guests.
Ray and Sue Giddens, Wayne and Kathy Zybach, Clay and Casey met Mark and Nancy Britten and children in Pampa Sunday and they all had dinner there together.
Effie Hays went to Amarillo a week ago last Wednesday and visited her sister, Virginia Kemling; they did some Christmas shopping while Effie was there. She came home last Monday. Another sister, Opal Polk, from Dalhart was also there. Effie reported a good time.
Lloyd and Nona Jones, Vernon and Edith Hall from Clinton, Okla., all went on a fishing trip to Procter Lake last week. They reported they had a good time.
The Frank George children and grandchildren honored their dad and granddad Sunday with a birthday dinner. Those present were Mr. and Mrs. Nomal Dyer from Channing, Tex., Mr. and Mrs. Charles Elliott from Pampa, Mr. and Mrs. Jim Gilmer and Casey, Frankie Miller and Tim Elliott from Wheeler, Evelyn and Daniel Elliott, Mr. and Mrs. Leon Lane, Mr. and Mrs. Alan Lane, Laurie and Jimmy and Mr. and Mrs. David Gilmer, Melanie, Crystal and Hank, Kathy Bodillo and Kevin and Toni, Mr. and Mrs. Gerald Reames, Tucker and Tanner and DeWayne Lane and Mike Dyer all of Allison. They all had a good time. They say Mr. George is getting along okay.
Ruben and Edna May, Edith Donaldson and Doris Newsom attended Effie Bessires' 80th birthday celebration at the Legion Hut at Reydon. They had a pot luck noon meal and birthday cake and punch after the program was over in the afternoon. The program consisted of music, gospel singing, recitations and a magician, who did a few tricks for them. She also received many gifts and cards everyone had an enjoyable time.

To the Editor
The Wheeler Times
Dear Editor,
Sat, morning, Sept. 27th, 1986 about 10 a.m. I was down in front of Parkview Hospital, visitor came out and said the cigarette smoke was coming out in to hallways which has been going on for ten years that I know of. I did go in and check, on my way out Dr. Mendiola asked me if we could have a talk which we did. Dr. told me he needed help getting off of the addiction of smoking. Told him I would help. He did have the courage to speak out about the deadly smoking that does kill even those round about you, that don't smoke. He also asked me to let up on my effort as to the smoking problem in our Parkview Hospital. I wrote a letter to him and agreed to stop for thirty days. In that letter I stated I was going to the people which I did deliver five letters to our churches here in Wheeler.
Now Oct. 28th went back to Hospital found the same thing smoking at nurses and Dr.'s station, Dr. Mendiola did try to quit his smoking there at designated area, others went right on smoking showing NO respect for him or the sick and dying in Parkview Hospital. His lungs are weak and can not fight back, I am sure you smokers are aware of that fact.
You also know that there should be a separate room for your smoking, addiction. The Attorney Hal Nelson informed me there was no change in 4801 law for Nov. There will be something in Jan. 1987. Unless there is a suit brought about before. I will continue reporting the cigarette smoke coming out into the hallways also ask Medi-Care Finance Div. for creditation document to prove smoking is good for sick and dying in this Hospital and or others.
The Mayor, some councilmen, some board of directors, Administrator, some Dr.'s, some nurses, some employees, are permitting this deadly cigarette smoke in our hospital and Care Center.
The people that are selling Tobacco in any form or other drugs are doing the same. Maybe we are all guilty of permitting are allowing legalized murder. I don't believe Christian people will continue to put up with this kind of management, knowing the Mayor and some Councilmen are not doing their job, in regards to the smoking problem, they are allowed to create an ordinance. Several months ago I asked Health and Human Services from Administrator, Dr.'s, nurses, employees, to show test for Aids. We do have an epidemic. I am in favor of Nation Wide Test, smoking and Aids are breaking Medi-care and Medi-caid. If Parkview Hospital is a separate entity why are they not showing that they have funds set aside for people of this county who can not pay their hospital bills, just two patients here with Aids in this hospital could cost up to three hundred thousand dollars, I understand.

NOTICE OF PROPOSED REDUCTION IN AT&T's TEXAS RATES
The Public Utility Commission of the state of Texas has entered orders in two recent cases that would substantially reduce the charges which AT&T pays to the state's local telephone companies and which could allow AT&T to reduce prices for most of AT&T's customers on calls placed within the state of Texas.
The total amount of the reduction to AT&T's customers is expected to be between \$115.3 million and \$120.6 million. This is in addition to the \$19.8 million reduction in AT&T's Texas basic long distance prices that went into effect on March 1, 1986 and is in addition to the approximately \$2 billion in AT&T interstate price reductions that took effect earlier this year.
If the changes are approved, all of AT&T's direct dialed long distance, directory assistance, WATS and 800 service customers would be affected, and would experience a decrease in their prices for these services when calling within the state of Texas. The following tables show the anticipated impact of the changes on AT&T customers by service category:

Class of Service	Approximate Overall % Reduction	Approximate Overall Dollar Reduction (in millions)
Long Distance	9.2	\$ 68.4
Directory Assistance	20.0	1.0
WATS	29.1	29.7
800	19.9	21.5

The rate reductions are presently anticipated to occur in two phases on or about October 22, 1986 and November 12, 1986. The matter has been assigned as Docket Nos. 6926 and 7113. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf. A complete copy of the tariffs reflecting the potential rate reductions will be on file with the Commission on or before October 23, 1986.

Booker

It has been many years since a Mustang team was as thoroughly whipped as they were by Booker. Even so, had the Mustangs not squandered several scoring opportunities in the first half, they might have conceivably gone into halftime ahead and the Mustangs might have made a game of it but they didn't and Booker came back in the last half and dominated the ball game and added 19 points to their halftime margin.

Halfback Tim Howell led the Kiowa onslaught both offensively and defensively. Howell gained a whopping 193 yards on 16 carries, on counter plays inside as the Kiowas offensive line just physically whipped the Mustangs down people and linebackers. Howell had touchdown runs of 54 and 27 yards and kicked a 21 yard field goal midway of the second quarter. He also was a thorn in the Mustangs side on defense as they played an outstanding game on that side of the ball.

Going back to what might have been . . . the Mustangs took the opening kickoff and drove to the Booker 26 and had a first down but were forced into a field goal attempt and Lee McCasland's 45 yarder had the distance but was wide left.

Booker took over on the Mustangs 27 and drove for their first touchdown in 10 plays with Greg Good, who also gained over 100 yards for the night, going up the pipe from 14 yards out. Howell booted the extra point.

Aided by Danny Benefield's 36 yard run, the Mustangs quickly came back in just three plays after Booker's initial TD and had a first down on the Kiowa 16 but disaster struck again. Charlie Miller gained 1 and Grayson Benson recovered his fumble for a 3 yard gain. Booker had been fined five for offside and the Mustangs were in great shape at the Kiowa 7. On third down, Benson was hit hard and fumbled the pigskin and Wiley Frazier recovered at the 8 to halt the Mustangs second threat.

After Howell booted the Kiowas into a 10 point lead, here the Mustangs came again. Moving to the Booker 17, a pass to David Jones was just too tall as the Mustangs receiver was wide open for six. Benson had the ball knocked away on the next play and recovered for a 10 yard loss and Wheeler had to give up the pigskin at the 18 and three golden opportunities for Wheeler had gone for naught.

Sandwiched in between the Mustangs scoring attempts, Booker could have padded their margin but defensive efforts by the Mustangs secondary, led by Eric Vanpool,

Booker

stopped Howell and Good several times as they broke clear and appeared to be headed for touchdowns. The final two quarters belonged to Booker as they cemented their big upset with three more touchdowns. The Mustangs could gain only to the Kiowa 32 in the final half for their deepest penetration.

Chamber

Christmas Eve. The dates of the drawings will be December 6, 13, 20 and 24.

Chamber members will be given the opportunity to contribute toward the \$1500. The 'money' given away is raised by billing Chamber members for their part of the drawing amount. The names of those financing the drawing is listed on all publicity and the 'cash' only be spent with the participating businesses. The list of sponsors is on the back of the '\$5 bills'. Anyone who shops in Wheeler has an opportunity to win. Tickets for the drawing are given with each dollar spent with the drawing sponsors. All signed tickets are placed in the hopper on the day of the drawing and shoppers are eligible to win as many times as their name is drawn. Sponsoring merchants will begin giving tickets on Friday, November 28.

Those in attendance at the Chamber meeting agreed to light the tree on the square again this year. Local churches will be contacted to learn if they want to participate in a lighting ceremony. A lighting ceremony was held the first year the tree was in place, but the extremely cold weather kept the attendance down.

Bread will retain its original quality for two to three months if left in the wrapper and stored in the home freezer.

Sweetwater News
 Mrs. Joe Flowers

Went down to check my turnip patch and discovered they were all nice tender radishes. That's better than a neighbor did once. Planted two rows of cantaloupes thru the field to have enough for near and dear. You guessed it. He had a half mile of cucumbers.

Kind of scared everyone to have a week of sunshine, but the showers are back. We are hoping they don't turn to snow. My roses, cannas, and cosmos are blooming despite the freeze. Flowers are really pretty in the towns. Always the optimist, I ordered 25 roses from Jackson and Perkins.

Heard the wild geese circling today. They don't know whether to come or go. The way the guns are banging they'd do well to stay as high as they can.

Howard Surber of Shamrock was out to visit the Ray Sites family. Betty's mother Viola Benton spent the weekend with them. Betty's ceramic shop is going strong with everyone making things for Christmas.

See Anthony's of Sayre had their last day Wednesday. Too bad. We sort of considered them Sweetwater. Mr. Brown is Lois Bryan's uncle and Mrs. Brown is an Alexander from out this way.

Juanita LeGrand and Jack Tipton are hospital patients. Lee Coffey and Iva Barker have been dismissed. Ronnie Allen spent two days in Shamrock hospital and a week at OKC. Cousin Johnny Reed is still at Houston.

Guess Tuesday is the day America decides the fate of the nation. Let's all pray for our leaders and while we're in the business, pray for some leaders.

Some other folks that Tuesday is very important to are Ernest and Callie Prock who will celebrate their 66th anniversary on November the 4th.

Here & There

By Laura Guthrie

Monday night, Nov. 3.
 Tomorrow is the day! It's a set thing year after year. Do hope you do your duty as a citizen, on Election Day. For some it will be a grinding day. To others it will be filled with anticipation. Many are filled with joy. To others it will be a day of agony and crushing disappointment. But we must all take the results and brave the tide—looking forward to the days ahead. It does no good to waste our time grieving over what might have been.

Winter is in the air, but on the earth (my part of it) the late crop of weeds are lush and green, some already in bloom. I'm wishing for a freeze that will kill them all in one night. (Oops! What if they are frostproof?)

There's illness and sorrow and death for some of our friends. Mae Nash has been in Phoenix, Arizona for a week with her sister, Jo Mitchell. Today word came that she has died. Mae's husband Harold, left today with a nephew who lives in Borger. The nephew is a son of the deceased woman.

Lyndon Sims is in an out of town hospital, for surgery.

Donna and Johnny Velasquez will take their daughter Jana to Amarillo on Tuesday for ear surgery.

May our concern be with them all. Ruby Lee Sandifer, of Lubbock, a former Wheeler citizen, visited here last week with many of her friends.

Maurice and Norma Pettit of Borger spent the weekend with his mother, Grace Pettit.

Jo Jaco, of Canadian, visited last week with his mother, Ollie Jaco, and his sister Lavell Stephens.

Last week Eula Newman of Ft. Worth came to visit with her brothers in this area. Her brothers are Horace, E.G., Willis and Leon Fillingim. Mrs. Newman's sister-in-law, Kathren Jones of Houston brought her. At Shamrock they picked up Mrs. Elizabeth (Taylor) Smith. They all spent the weekend with the Leon Fillingim and the Vincent Smith's of the Briscoe community.

Grandchildren Melinda and Tim spent Friday night with me. On Saturday they visited Melinda's mother and brother, (Lydia and Stephen Guthrie) in Pampa. They went on to Dumas to spend the rest of the weekend with Tim's parents.

Pick the right time to act. Knowing when to act is wrapped up in one word—discretion. Wm Shakespeare said "I had a thing to say, but it will fit with some better time."

Soloman, the Preacher, King in Jerusalem, said "To everything there is a season, and a time to every purpose under the heaven...."

and Norma Zellman.
 Recent visitors of Norma Reed were her children Mr. and Mrs. Barry Reed and girls of Woodward, Allen and Sandy Reed and family of Harrah, Ken, Pam and children.

It's no wonder farmers have a hard time. I happened to notice my Fine Fare sack of frozen broccoli had a "product of Guatemala" stamped on it. People don't think to check if the food in the grocery store is made in America.

Funeral services were Friday for Richard Reed, 89, at the Martin Chapel in Elk with burial in the Fairlawn Cemetery. He was an uncle of L.G. Reed and a second cousin of mine.

Linda Kahoa and Barbara Barker went to OKC last week to tend to Sagebrush Workshop business. They are directors.

Renita Smith will manage the Sweetwater Cafe while her sister Jo Reed works in the treasurer's office during tax time.

Visited a lot of folks in town. Ray and Doris Smith were at the doctor's office. Frankie Posey is a receptionist there. Saw Jessie Vitato and Agnes Francis at the eye doctor's. Everett and Crede Miller, the Jack Rossos and Lowell Bennett were looking for bargains.

I haven't figured out what we are doing in Nicaragua and why we are spending millions of dollars to help them kill each other off. This is a little country, half as big as Oklahoma with a population of about 3 million. Half the population is under 16. Looks like we could stay home. Now we are sending our national guard to Honduras to train. Next thing, it will probably be Viet Nam again.

Charlotte Bonham came out from OKC. She, her mother Wilma Fowler, and Fay Sutton of Beaver went out to Ruidoso to visit Wilma's sister and husband Neva and Leland Bartlett.

The Woodmen of the World had a picnic at Yukon for field representatives and state managers. Among those attending were Linda and Mike Kahoa.

Been a lot of criticism about how much money has been wasted while the president has run all over the country propping up his empire. I'm not sure whether the taxpayer or

Republicans will foot the bill but have a pretty good idea.

USA Today had a piece that the taxpayers paid for a military plane to take Secretary of State George Schultz to the 5th World Series game at Boston at a cost of \$11,300. He reimbursed the government what a trip on the commercial plane would have cost, \$148 roundtrip.

Make it a heat pump winter

It's what heating & cooling experts recommend.
 A heat pump winter is cozy, consistent warmth and sparkling cleanliness that only electricity can give. And, with a heat pump you get low operating costs. The only thing better than a heat pump winter is a heat pump summer. A heat pump both heats and cools.

Wheeler Band Booster Carnival A Success

By Elaine Rodgers

Thank you for coming! Wheeler Band Carnival, made \$2,300 before expenses. We could not have done it without the seventy families in Band who gave time, effort, and supplies. The community support of people and business all are Band Boosters in the truest sense that they gave to the kids. Thanks to all the people who helped. Our children are our future. Music is a daily expression of God's great goodness. It will last to our old age.

We now have \$6,750.10 in Security Federal. Anyone who wishes can make a deposit to them directly for the band.

Thanks for all the compliments on how well the Carnival ran. We wanted everyone to have fun and a good laugh. Times are hard we know but thanks for coming.

We are so proud of how two months of planning for 3 hrs. really paid off. Thanks for buying all those 25 cent tickets!

Those making contributions to the Carnival know you are, what you've done, what pledges you've made and the whole community needs to be listed. So PAT your self on the back the whole Community of Wheeler.

Wheeler Band has this weeks last home game concession stand. Come eat with us! Did you know who ever has the concession has to pick up the litter and the band has done this after each game, early Monday morning or in the case of Thursday night games, Friday morning. Good work Kidsw and Mr. Hawkins.
