# Valley Farmers Asked To Make Their Wetbacks Legal Residents

McALLEN, Sept. 28 (AP)—Border patrolmen are asking Rio Grande Valley farmers to make their wetback cotton pickers legal residents.

"The reaction of the farmers is pretty good," said Patrol Chief Fletcher Rawls. They "seem to want to co-operate."

Rawls said the Border Patrol doesn't want to take wetbacks away from valley farmers—it wants the farmers to have them on a legal basis.

Wetbacks are Mexicans who slip across the Rio Grande River without entrance papers to work on Texas farms. Valley cotton growers for years have used them to pick fields.

Under a new agreement between the U. S. and Mexico, they can have the wetbacks' presence made legal by asking Mexican permission to use them and signing them up at the U. S. Employment Service Center at Harlingen.

At Harlingen, Dave Fessenden, director of a wetback processing center, said about 85 wetbacks for J. F. Bell of McLennan County and Jimmie Moore of Johnson County were not run through Sunday as scheduled.

The Texas Employment Commission says Mexico has blacklisted Johnson, McLennan and 11 other counties for fear of discrimination against Latin-Americans. Mexico says she has no blacklist—that she is merely investigating alleged discrimination in those counties.

Fessenden said applications by Moore and Bell have been approved but they had some trouble getting their men together Sunday.

## ARWINE ADJUDGED INSANE BY JURY WILL BE COMMITTED TO HOSPITAL

DECATUR, Sept. 28 (AP)—W. I. Arwine, accused of a double slaying, will be committed to a hospital for the insane.

A jury yesterday found the former Bridgeport constable insane on Sept. 26, the day the trial opened, but sane on Aug. 23, when Mr. and Mrs. J. E. Mash were shot to death.

The jury deliberated three hours and three minutes.

Herbert V. Foreman, the jury foreman, said the jurors agreed from the start that Arwine was not now of sound mind.

"We wrangled a little," over whether Arwine was sane at the time of the slaying, he said.

Arwine was charged with murder. Before he was tried on the first count, the lunacy trial was ordered.

Judge J. E. Carter signed a judgment ordering Arwine "to the custody of the sheriff of Wise County to be kept by him subject to the further orders of the county judge of Wise County."

County Judge Jennings C. Brown said "We'll send him to some hospital. To me, he's just another crazy man."

Brown said his disposition may take some time because mental hospitals "aren't anxious to get the criminally insane."

County Attorney Tom McMurray said of the verdict:

"It's just what we wanted. We just want to keep him out of circulation the rest of his life."

Because he was judged sane at the time of the slayings, Arwine will be liable for trial on the two murder charges if and when he is released from a mental hospital.

Mr. and Mrs. Mash were shot to death on their farm near Bridgeport. Arwine fled through brush 24 hours before he surrendered to a posse.

## FBI Criticized For Investigation Of Medical Records

HOUSTON, Sept. 28 (AP)—Washington headquarters of the FBI didn't like it when it was disclosed records of the Harris County Medical Society are being probed.

An FBI spokesman who declined to be quoted by name said, "we brought a lot of hell for the disclosure."

Galen N. Willis, local agent in charge, continued reports that agents have been checking the records.

He said it is part of a nationwide checkup to see if there have been violations of anti-trust laws.

The FBI spokesman said Washington headquarters had intended the investigation to remain secret.

Great Value is built into every beautiful inch of the new Plymouth. For the positive proof, compare! Put this greatest Plymouth ever built up against the other cars—feature for feature, dollar for dollar, mile for mile!

Look at all three of the leading low-priced cars, Plymouth—and only Plymouth—has the famous Air Pillow Ride—now smoother than ever.

The new, more powerful Plymouth engine has a compression ratio of 7 to 1—low priced car "A" has 6.8 to 1—low priced car "B" has 6.6 to 1. You get greater performance because Plymouth's higher compression squeezes more power out of every drop of gas.

Plymouth is the only low-priced car with the spectacular new double safety feature—Safety Rim Wheels with Safety-Guard Hydraulic Brakes. Patented retaining humps hold the tire straight on the rim in the event of a blowout. Powerful brakes give quick, safe, accurate stops, without grabbing or biting.

These are just some of the reasons why the new Plymouth is the car that likes to be compared—not just to other low-priced cars—but even to cars costing hundreds of dollars more!

# Prohibitionists Win In Sooner Election

OKLAHOMA CITY, Sept. 28 (AP)—Oklahoma is still legally dry, and victory-flushed prohibitionists proclaimed they intend to make it literally dry too.

The 11th attempt in 42 years of statehood to repeal the state's constitutional ban on intoxicants was decisively beaten in a special election yesterday.

With 3,384 out of 3,720 precincts reported, the unofficial returns were:

For repeal: 264,661.  
Against: 313,671.

Victory was conceded to the dry forces at 10:35 o'clock last night by A. G. Kulp, Tulsa attorney who headed the repeal organization incorporated as the Oklahoma Economic Institute.

The chairman of the victorious United Dry Ass'n, David C. Shand, promptly announced a campaign for "ridging our state of bootleggers and the evils of the whiskey traffic."

But the wets said the bootleggers were the real winners. Sulp called the outcome a "tragedy," he added.

"It appears the professional drys convinced the people it is better to trust control of the enormously big liquor business than, now exists in Oklahoma to the bootlegger rather than their legislators."

The defeated measure would have empowered the legislature to determine conditions under which liquor could be sold. It forbade the "open saloon."

Oklahoma City and Tulsa went wet by big margins. But traditionally dry rural areas ran up majorities as great as five-to-one for continued prohibition.

Other repeal efforts were defeated in 1908, 1936 and 1940. Mississippi is the only other state with a statewide liquor ban.

The voters approved by a 100-000 majority the only other proposal on the ballot. Gov. Roy J. Turner's measure for a \$36 million bond issue for buildings at state institutions.

The governor, who kept hands off the repeal controversy, announced he would call a special legislative session, probably in November, to approve details of the building program.

## Retired Skipper Gives Plants Beer

FLEETWOOD, Eng. (AP)—Retired skipper Thomas Jinks has a tip for gardeners—if your tomatoes aren't doing as well, give them beef broth and stout beer.

Jinks said he found the combination was a wonderful pick-me-up when his tomatoes showed anemic signs recently.

"The result," he said, "is simply amazing. A bumper crop on a dozen bottles of stout and half as much beef broth. And the flavor is greatly improved."

A. Sammons, secretary of the Royal Horticultural Society, took a show me attitude. "I think the water content of the broth and beer contributes largely to the successful crop," he said.

# High Schoolers Go On Strike

ST. CHARLES, Va., Sept. 28 (AP)—St. Charles High School students, championing the cause of three girl classmates, aren't attending school these days.

They're on strike because the principal kept the three girls in after hours to discipline them for making too much noise in the girls' lounge.

Division Supt. S. J. Shelburne says he hopes the walkout can be settled soon, but that he doesn't intend to let students take over control of disciplinary policies.

With students out of classes, this coal mining community has a considerable part of its citizenry on the idle list. Most of the students' relatives are involved in the coal mining stoppage.

The student strike started last week when half the 841 pupils left classes. After the strikers began parading against the building, authorities ordered the school closed as a "safety measure."

He said reports to him stated that Principal Rufus Fugate ordered the three girls kept in as punishment after they were flippant and resentful to a teacher questioning them about loud laughing and singing in the girls' lounge.

# Insulators Quit In Wage Dispute

BROWNSVILLE, Sept. 28 (AP)—One hundred insulators walked off their jobs at two chemical plants here yesterday to back up wage demands.

The walk-out came after a strike vote when wage negotiations fell through.

The workers want a new contract to replace one which expired Aug. 31 and a 5-cent an hour wage increase.

The men were employed on projects at the Carthage Hydrocol and Stanolind plants at Port Brownville by commercial and industrial franchise holders for Johns Manville.

F. N. Aid, Johns Manville representative at Amarillo, said last night that there could be no connection between the Brownsville strike and a union meeting in Amarillo last week.

"Johns Manville employs no crews in this area of the state," he said. "All JM products used in this area are installed by union workmen hired by independent contractors," he said.

A Johns Manville-union meeting supposedly affecting the Brownsville strike was held in Amarillo Saturday night. Aid said no company officials were present.

"As far as I know no wage disagreements were discussed at the meeting," he said.

## POLICE BETTER KEEP LOOKOUT

Hartsgrove added that he doesn't see how this state of affairs came about the firehouse is right next door to the borough police headquarters.

# CAUSE OF MISHAP UNKNOWN

## Eight Injured As Bus Rams Truck

TEXARKANA, Sept. 28 (AP)—A Tristate Trailways bus last night rammed into the rear of a loaded lumber truck. Eight persons were injured.

The bus sliced off highway 59, cranked down a ten foot embankment and tore a 200-yard path through tangled brush before coming to a stop.

The truck, almost completely demolished, stayed on the highway.

State Highway Patrolmen Aron Sanders and C. R. Roldridge said you could have driven an automobile through the hole knocked in the front of the bus.

The bus left Texarkana shortly before 8 p. m. for Louisiana. The accident occurred 19 miles southwest of Texarkana about 8:20 p. m.

Injured and treated at Atlanta, Tex., hospitals were: Bill Stuckey, Atlanta, Tex., both legs broken.

W. O. Parker, Queen City, Tex., both legs broken. Aburey Skinner, Queen City, Tex., driver of the truck, bruises, lacerations.

Nettie Roslack, Negro woman, Houston, undetermined injuries. Odessa Williams, Negro woman, Atlanta, Tex., head injuries. C. A. Maxfield, 49, Clarksville,

three teeth knocked out, other injuries.

Charles R. Shuttlesworth, 19, Atlanta, Tex., facial injuries.

In a Texarkana hospital: W. W. Vaughn, 30, Glenmore, La., driver of the bus, compound fracture of the right leg.

Maxfield, one of the bus passengers, said he was dazing when the bus and truck hit. He said there was a terrific impact and that he heard a terrific noise just before he was lifted from his seat.

"My head went round and round," he said. When he came to, his head was between two seats and people with broken legs were all around him.

He said a Negro woman in the rear of the bus was passing aloud. Maxfield said he stumbled from the bus, but the others apparently were trapped inside. It had not yet been determined who pulled them from the wreckage.

Maxfield said he remembered someone coming from the highway and turning off the motor of the bus.

He said he stumbled back to the road and saw the truck. The driver was still in the cab, covered with blood.

The cause of the accident has not been determined.

# CASE OF OUSTED RECTOR MAY BE HEARD BY CHURCH GROUP TODAY

SAN FRANCISCO, Sept. 28 (AP)—The case of the ousted Brooklyn rector, the Rev. John Howard Melish, is expected to reach the 56th general convention of the Protestant Episcopal Church late today.

Convention sources said a resolution in his behalf would be presented to the house of deputies.

Dr. Melish, rector of Holy Trinity Episcopal Church in Brooklyn, was dismissed by Bishop James P. De Wolfe. There were charges that Dr. Melish had condoned alleged pro-Communist activities of his parish.

The Rev. W. H. Melish, 32, associate rector of the church, parishioners of the church voted 207 to 27 to ignore the censure of Dr. Melish and to dismiss, instead, nine complaining vestrymen.

The resolution as drafted questions Canon 46 of the church, which designates vestrymen as "agents and legal representatives of the

parish." It also urges the house of deputies to declare that vestrymen must not act in opposition to known wishes of the parishioners.

Convention sources said the resolution would be referred to a committee for study.

Meanwhile three women delegates to the house of deputies denied seats on Monday, were invited by resolution to attend the sessions without a voice or a vote.

The three are Mrs. Edmund V. Cowdry of St. Louis, Mrs. Elizabeth Pittman of Omaha and Miss Ruth Jenkins of Tacoma, Wash.

They have not indicated whether they will attend as silent guests. The women's auxiliary drafted a resolution protesting the general convention's refusal to seat the trio. It will not be voted down by the auxiliary until Thursday or Friday.

Prayers were offered by Mrs. Joe Tuckness and Mrs. W. J. Alex.

# RIBBON RAMBLINGS

By Mildred Young

In order to give the circulation department more time to handle the tremendous task of distributing the "Big Spring Story" edition next Sunday, the society department is asking that all news items for Sunday's paper be turned in by noon Saturday. If you can furnish advance stories for Friday afternoon, night or Saturday events, please do so. It will be necessary to handle the society section in less time than usual and cooperation from club reporters will be necessary for complete coverage. Society reporters will begin work on Sunday's section at noon Friday and it will be helpful if social calendar items be turned in Thursday afternoon. This will allow full time for other items.

We are interested in securing a large list of Centennial visitors. If you are going to have visitors during any part of the celebration, please notify this department not later than noon Saturday. Your cooperation will be appreciated.

Attending were Mrs. J. L. Hayne, Mrs. A. L. Hobbs, Mrs. W. J. Alexander, Mrs. W. B. Younger, Mrs. W. B. Buchanan, Mrs. Theo Andrews, Mrs. R. C. George, Mrs. O. B. Hull, Mrs. Joe Tuckness, Mrs. W. F. Taylor, Mrs. R. D. Urey, Mrs. C. T. Clay and Mrs. J. E. Hardesty.

# DALLAS LADY LOSES 58 POUNDS

The following remarkable story shows conclusively that Mercantile DOKS takes off fat.

It contains nothing harmful, in fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no dizziness, the original great fruit juice formula, takes off the pounds, safely and you can eat plenty.

Here is proof: "I want to tell you that I have lost 58 pounds in using Mercantile. I weighed 145 pounds when I started. I now weigh 87. I can't say I used it. I used it."

At all drug stores. If you are overweight and want to take off fat, just go to your drug store and ask for four ounces of liquid Mercantile. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

## Five Killed In Airliner Crash

**BUENOS AIRES, Sept. 28 (U.P.)**—At least five persons were killed last night in the flaming crash of an Argentinian airliner. One crewman is missing.

The ministry of transportation said 19 persons were injured in the crash near Castilla, 155 miles west of Buenos Aires and only 45 minutes away from the airport here.

The plane was returning from a mercy mission in Ecuador, where thousands died in an earthquake recently. Waiting at the airport here to greet it was Senora Eva Peron, the wife of the Argentine president.

The Eva Peron Foundation for Earthquake Victims had sent an aid mission to Ecuador.

The plane was owned by the government-owned Flota Aerea Mercantile Argentina.

Frank Frisch, Chicago Cub manager, never played minor league ball. He left Fordham University in 1919 to play with the Giants.

Attending the party were Billy Margie Harrison, Patsy Potter, Alice Smith, Jo Ann Jackson, Kenneth Smith, Barbara Smith, Lafayette Woods, Eddie Smith, Charlene Harrison, Clifford Albright, Jackie Hipp, Richard Porter and the honoree.

## THIEF TO PAY BACK MONEY

**DAYTON, O., Sept. 28 (U.P.)**—Somewhere in Dayton there is a reluctant thief who knew just how much money he needed and took it.

When Julian Tangeman returned to his home yesterday, he found \$126 missing from a small metal box in which he keeps valuables. A note left in the box read:

"Will pay you back as soon as possible."

Tangeman said an additional \$38 in the box was untouched.

## More Non-Union Miners Return To Pennsylvania Pits

**PITTSBURGH, Sept. 28 (U.P.)**—More non-union miners went back to the mines in western Pennsylvania today in armed defiance of striking United Mine Workers.

State police said not a single picket-bearing automobile appeared during early morning hours in the vicinity of pits scattered along the hillsides of Clearfield County.

Pistols and rifles still were in evidence at the diggings. Armed sentries surveyed roads leading to the mines and others rode in the cabs of loaded coal trucks.

An operator spokesman said some 250 more diggers reported to the pits raising the total to 1,350 in about 40 mines.

"More pits are opening all the time," he said.

Operators declined to speculate on the amount of coal they are producing but conceded it only constitutes a trickle from the fuel tap that was closed Sept. 19 by the strike of John L. Lewis' U.M.W.

## County Court Set

County court here has been set down for Thursday, Friday and Saturday of this week, at which time charges against several persons accused of driving while intoxicated will be heard.

## Rescue Squads Recover Bodies Of Crash Victims

**MEXICO CITY, Sept. 28 (U.P.)**—Special mountain rescue squads toiled down the slopes of Mexico's most famous volcano today, bringing the bodies of 25 persons killed when their DC-3 transport plane crashed on the snow covered slope of Popocatepetl.

Cold rain and other bad weather had kept search parties climbing all night to reach the plane. The plane crashed when it ran into clouds Monday afternoon and struck the 7,887-foot mountain.

There were no survivors. Among the dead were two American tourists, Mrs. Eugenia Goldsmith and Mrs. George Graham of Miami Beach, Fla.

The aircraft was on a routine local flight from Tapachula, on the Guatemalan border.

## Important Legion Meet Set Thursday

Members of the American Legion were urged today to attend an important meeting at the club Thursday at 8 p. m.

Plans must be developed at this meeting for the entertainment of visiting Legionnaires from the 19th district as well as military dignitaries here for the Centennial Post officials said that it was extremely important that all members be present to be briefed on the task.

## Slackened Winds Aid Firefighters

**SAN BERNARDINO Calif., Sept. 28 (U.P.)**—Slackened winds are aiding crews battling a 3,000-acre fire in the San Bernardino Mountains, 15 miles northwest of here.

Dormant and virtually controlled along the southern front where it was touched off by lightning a week ago, the fire is advancing slowly on the east front. There it is moving into rugged nearly inaccessible terrain 8,000 feet high. Large trees are being attacked.

Norman J. Farrell, area supervisor of the U. S. Forest Service, reports a heavy loss of game and the destruction of considerable acreage of sugar pine.

He added that the loss of ground cover creates a critical flood menace.

A backfire late yesterday virtually ended any threat to the popular Glenn Ranch resort area. Lack of wind abated danger to the Stockton Flat area.

Some 600 men are combatting the flames, with fresh crews to be added today.

Forest rangers said no resort areas are in immediate danger.

## West German Mark To Be Devalued

**BONN, Germany, Sept. 28 (U.P.)**—Chancellor Konrad Adenauer announced today that the three western allies had decided to cut the value of the West German mark from 30 cents to 25.80 cents in U. S. money.

Adenauer, head of the new West German Republic, said the allied recommendation had been given to his cabinet as a result of devaluation of the British pound.

Originally, Adenauer declared, the Germans had wanted the rate set at 2-1/2 cents.

The West German cabinet still has to act on the allied decision before devaluation is officially carried out, Adenauer said.

**Italian Borders Open To Imports Of 100 Products**

ROME, Sept. 28 (AP)—Italy has answered appeals from Marshall Plan chiefs for fewer trade barriers by opening its borders to unlimited imports of 100 products, mainly raw materials needed for industry.

The foreign commerce department said the list of products for which import licenses have been abolished represent about 45 per cent of all Italian imports from Marshall Plan countries. The "free trade" order applies only to goods from Marshall Plan countries.

An additional list of imported goods is being prepared on which import licenses will be waived providing other Marshall Plan countries grant similar rights to Italy, a spokesman said.

The usual customs duties and currency exchange regulations will prevail on the imported goods but there will be no limitation on quantity. Previously all imports were strictly regulated with importers being required to get a license before bringing the products into the country.

A government spokesman said the import licenses were abolished on the 100 designated products at the request of Paul G. Hoffman, Marshall Plan administrator, to facilitate free flow of trade between Marshall Plan countries.

Other Marshall Plan countries were reported preparing similar steps.

**Steel City Aids Stricken Youth**

LORAIN, O., Sept. 28 (AP)—This steel city of some 30,000 had opened its heart to eight-year-old Eugene Johnson.

He contracted leukemia about a year ago. Doctors said he had no chance to live—unless he could be treated three times a week at the baby's and children's clinic of Cleveland University hospital.

When the Lorain Journal told the story, hundreds offered to help.

Every Tuesday, Thursday and Saturday, Gene and his mother, Mrs. Mary Carter, 30, went to the hospital. Volunteer drivers took them.

The treatment helped Gene. Although still far from well, he had improved noticeably.

Yesterday they started for the Cleveland hospital again. Mrs. Carter, 30, was the volunteer driver.

About six miles east of here, the car collided with another. Gene was badly hurt. Taken to St. Joseph's Hospital, he made another game fight for life. This time, though, he couldn't make it. He died shortly afterwards.

The others were not injured seriously.

**Thriving Tomatoes**

NORWALK, Conn., (AP)—Although the summer of 1949 was one of the driest in several years, many home gardeners in this area have reported unusually good tomato crops. One small farmer attributes his success to spring fertilization to the soil with organic matter which when plowed in, aided in moisture retention.

**Navy Aviation Vets Near New Record**

YUMA, Ariz., Sept. 28 (AP)—A pair of Navy aviation veterans who now fly only as a hobby are rapidly approaching a new world's endurance flight mark for light planes.

They started today in their attempt to stay aloft an estimated 100 hours. Woodhouse and Bob Woodhouse now have only a week left before hitting the 1,000-hour mark. That's the record set last spring at Fullerton Calif. by Bill Harris and Dick Riedel.

Although airplane endurance records aren't officially recognized by the National Aeronautics Assoc. the Harris-Riedel mark is the accepted unofficial record for light planes.

Already the two Yuma businessmen have eclipsed the old record of 726 hours that stood until this year.

The 31-year-old Woodhouse, complete given name Woodhouse Pershing and his 26-year-old partner, who is a pilot, planned their endurance try for the Californians set last month. But the first attempt ended after less than four days and the second was over after 155 hours due to engine failure.

Unlike Harris and Riedel who flew cross country during their record attempt, the two Yuma aviators are sticking close to home.

You can talk to the flyers during their refueling operations. They get gas and food from an automobile speeding 80 miles and hour down the Yuma airport runway.

In hand at each refueling are the pilots' wives.

Woodhouse born in Elk River, Minn., lived most of his life in Parker, Ariz. He was a civilian flight instructor in the Navy before receiving his commission.

**Wood Heirs Must Swear Loyalty**

LOS ANGELES, Sept. 28 (AP)—To benefit under his will, heirs of the late film producer, Sam Wood, must take a loyalty oath to the United States.

His widow, Clara L. Wood, is exempt from the requirement. But Wood's two daughters and their children and a household servant are not.

Attorneys estimate the estate is valued at 100,000 to 500,000. Wood one of the film colony's most militant anti-Communists died last Thursday at the age of 66.

The will signed last May 25, requires the beneficiaries to file with the court an affidavit declaring he is not a member of any Communist organization or of any group which has been declared by the government to be subversive.

Mrs. Wood will receive the family home and \$2,000 monthly. The daughters, Mrs. Jeanne Hiestand and Mrs. Gloria Marlowe, each will get \$1,000 a month. Upon their deaths the fund will be distributed among their children.

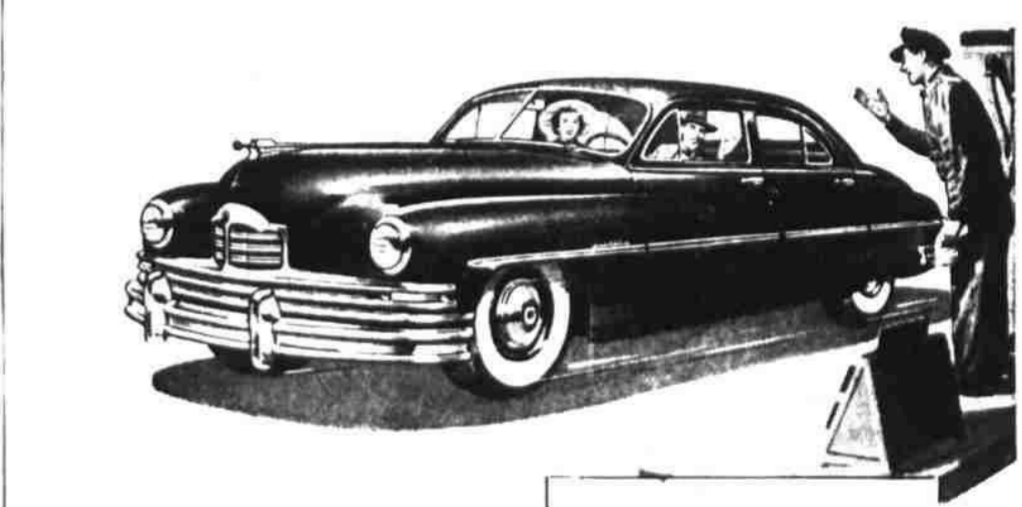

**Czech Police Get Tough Assignment**

PRAGUE (AP)—One of the harshest jobs in the world was recently assigned to Czechoslovak police by the official gazette.

They were ordered to apprehend on sight a certain Josef Dvorak, who has been outlawed and disseminated for illegally fleeing abroad in August, 1948.

The government admitted it did not know when Dvorak might be found and even that "description of the man is not known." Any citizen who ordered the courts and security organs to which the warrant is being sent must arrest the accused.

**Economy ratio: 19 to 1!**

Here's performance news you can jingle in your pocket! Thrift secret: "Free-breathing" engine design.

As every driver knows, gas mileage varies with speed, traffic and driver habits.

So, to give you a complete picture of Packard gasoline economy, we've made a nation-wide survey among nearly 1,000 owners of the new 135-HP Packard Eight, equipped with overdrive,\* and we've charted their reports.

Notice, now, that the most frequently-mentioned figure is 19 highway miles per gallon—and that 35% of the owners are getting even more than 19!

That's the operating economy you get from Packard "free-breathing" engine design—along with a delightful new kind of silent smoothness ... a sensational brand of "safety-sprint" reserve power ... and a greater measure of trouble-free durability than you've ever known before! Sample it soon!
