

US Opposes Soviets In Dardanelles; Protests Yugoslavs' Shooting Plane

Tito Calls For Peace, But Not At Any Price

By The Associated Press Premier Marshal Tito declared in a speech published today that Yugoslavia wanted peace, "but not at any price," and upheld Yugoslav action against American fliers as defense of her sovereignty.

He told iron workers of Jesenice that "even whole squadrons" of planes had violated Yugoslav territory; that "the question today is one of true democracy versus reaction."

The Yugoslav "strong man" acknowledged United States planes had been forced down and that he had witnessed one of the incidents, but denied the plane he saw had been lost in the clouds or had been fired upon after being downed.

US Ambassador Richard C. Patterson arranged to take up the matter of the downing of two American C-47 transports by the Yugoslav air force personally with Tito tomorrow at the marshal's summer palace in Bled. Patterson and his party will fly to Bled in the embassy's C-47.

Gen. Joseph T. McNarney announced in Berlin that American air transport flights between Vienna and Udine, Italy, had been cancelled temporarily as a result of the downing of the two planes.

McNarney said he planned to confer with Gen. W. D. Morgan, Allied commander in the Mediterranean, on measures to protect the transports.

The Yugoslav ministry of foreign affairs acknowledged that Yugoslav fighters attacked the US transport which crashed in flames near Bled Monday and implored some of the crewmen were killed, but referred to the incident as "a regrettable accident."

Two of the five members of the crew parachuted out. Their fate has not been ascertained.

A US state department note had demanded assurances that there will be no repetition of the incidents.

In Paris, where Secretary of State Byrnes is attending the peace conference, it was stated that the secretary had had a frank talk with the Yugoslav vice-premier Edvard Kardelj yesterday.

Some informed quarters here said that establishment of such a coalition had become "the last hope" of mediators seeking a permanent peace.

Communist spokesmen denied that their party was calling for all-out mobilization against Chiang Kai-shek's forces, and said they "have no desire" to overthrow his national government — which is strictly a one-party regime now.

Some observers here said that General Marshall and Ambassador John Leighton Stuart, having failed to stop the shooting first and talk politics later, now were trying to reach a political accord first.

Chiang, these sources said, had asked Marshall to request a list of ministries which communists would demand in any coalition government.

Manchuria's new red administration, the communists' official radio at Yenan announced, is "the provisional supreme administration for democratic Manchuria," composed of 88 elected delegates from all sections, and aspiring to "a peaceful, prosperous Manchuria by uniting all."

Sino-Reds Establish Manchurian Government

NANKING, Aug. 21 (AP) — China's communists announced today establishment of their own government of Manchuria, and said they would not discuss participating in any coalition government of China until all of the current fighting is stopped.

Relations Plummet To Post-War Low

WASHINGTON, Aug. 21 (AP)—In an historic claim to direct interest in Black Sea affairs, the United States today formally declared its outright opposition to Russian demands for a share in military control of the Dardanelles.

The American note to Moscow was one of two factors that sent relations between the United States and countries within the Soviet orbit plummeting to a new postwar low.

The other was this country's angry protest to Yugoslav over the "outrageous performance" of Yugoslav fighter craft which attacked and forced an American transport plane to crash land, Premier Marshal Tito retorted that his country wants peace "but not at any price."

Bearing the signature of Under Secretary of State Dean Acheson, the Dardanelles note expressed the "firm opinion of this government that Turkey should continue to be primarily responsible for the defense of the straits."

Pointedly, it noted that the Russian proposal contained no reference to the United Nations — a clearcut reminder that an international organization has been set up to handle all such security problems.

"Should the straits become the object of attack or threat of an attack by an aggressor," the note declared, "the resulting situation would constitute a threat to international security and would clearly be a matter for action on the part of the security council of the United Nations."

Asserting that this government holds that the "regime of the straits" should "function in a manner entirely consistent with the principles and aims of the United Nations," Acheson reaffirmed United States willingness to participate in any conference to revise the control policies.

But he made it abundantly clear — even within the confines of polite diplomatic phraseology — that the United States would not sit idly by in any Soviet effort to establish herself in a favored, if not dominating position in the straits.

The return on fees collected by the various agencies going into the Officers' Salary Fund for the maintenance of the various functions, is expected to be broken down as follows:

Assessor-collector \$13,000; district clerk \$1,500; county clerk \$12,000; sheriff \$1,400; county judge \$500; county attorney \$2,600; and state \$2,000.

A transfer of \$5,700 from other funds will be necessary to help make ends meet in those offices.

Expenditures coming out of the Road and Bridge Fund are due to a aggregate \$118,700. Operation of the fund, which goes toward payment of county commissions and their expenses, remains virtually unchanged at \$14,260.

Wages of county employees are expected to total \$90,000, a decrease of \$4,000. Other items of expense include:

Material and Supplies \$20,000; Gas and Oil \$7,200 (an increase of \$1,200); parts and tires, \$4,000; and new machinery \$10,000.

Expenses coming out of the General Fund will attain an anticipated \$42,745, which represents a decrease of some \$5,000.

Salaries of appointed help and other items, payment for which is taken from the General Fund, are broken down as follows:

Clerk \$1,200; auditor \$3,800; janitor \$1,800; repairs and replacements \$2,250; insurance \$2,000; fees for assessor-collector \$900; juvenile officer \$2,700; JO's car expense \$300; justice of peace's ex-officio salary \$600; constable's ex-officio salary \$600; welfare worker \$2,055; city-county health program \$1,200 (a decrease of \$3,300); county agent \$2,200; home demonstration agent \$1,500; trapper \$2,100; purchase of automobile for sheriff \$1,200; library, 1) books and supplies \$2,200 and 2) salary \$1,800.

Permanent expenditures will amount to \$4,875, which goes toward building repair.

Expenditures of the Interest and Sinking Fund, from which payment of the proposed Snyder road will be made, will come to a whopping \$116,141, an increase of \$143,000. Cost of materials for the project is due to total \$148,541.

That item of expense will be born by a bond issue voted into existence earlier in the year.

School Budget Public Hearing Slated Tonight

Public hearing—set by law and providing opportunity for any taxpayer to appear for approval or protest—is scheduled this evening on the 1946-47 budget of the Big Spring independent school district.

The fiscal study is booked for 8:30, at the school administrative offices. Trustees will be ready to review the budget—and if there are no major changes—OK it for the new fiscal year starting September 1.

Tentatively, the schools' schedule provides for total expenditures of nearly \$322,000, an increase of some \$77,000 over what actually was expended during the current year. Anticipated revenue is \$310,534, to be augmented by about \$11,600 carryover from the current year.

Organization-backed candidates beat down attempts by Reps. Vito Marcantonio, American Labor, and Adam Clayton Powell, negro democrat, to capture the republican nominations for congress as well as those of American Labor and democratic parties. Two years ago they were successful in winning all three places on the ballot.

And Rep. Joseph Clark Baldwin, republican, denied GOP organization endorsement, failed of renomination.

In Delaware, democrats in convention renominated James M. Tunnell to the senate and Phillip A. Traynor to the house.

Utah republicans, in a run-off primary, apparently had chosen Arthur C. Watkins, Orem fruit grower, as their senate candidate against democratic incumbent Abe Murdock. Watkins was far ahead of William L. Baker of Provo on incomplete returns.

In New York, Marcantonio and Powell won democratic nominations and were unopposed as American Labor candidates.

Sheriff Flies Here For Wife Deserter

John Gaither, Lawrenceburg, Tenn., sheriff, came to Big Spring the quickest way possible—via air—to pick up Paul Rogers on a charge of wife desertion.

The two, however, made the trip back to Tennessee by train. Gaither, prior to their departure this morning, said he did not want his prisoner getting "air sick" on him.

Rogers' two small children, who had been living with him here, made the return trip with the party.

Record Absentee Votes Pouring In

Absentee voting records topped in Texas counties today as county clerks reported new high totals following the midnight deadline.

Complete totals will not be known until ballots mailed out to absentee voters have been returned and tallied. Ballots post-marked before midnight will be counted.

Colorado Delegation To Boost Rodeo Here

Notice was received here today that a goodwill delegation from Colorado City will arrive in Big Spring at 9:45 a. m. on Aug. 30 to boost the Mitchell county seat's annual Frontier celebration and Rodeo scheduled for Sept. 4-5-6-7.

The Colorado City trippers begin their series of visits to neighboring cities on Aug. 29, when they are scheduled to stop at Loraine, Roscoe, Sweetwater, Roby, Rotan, Hamlin, Stamford, Anson, Abilene and Merkel. Other stops on the Aug. 30 schedule are Westbrook, Coahoma, Stanton, Midland, La-mesa and Snyder.

Equalizers To Meet To Survey Rolls

After a day's delay, Big Spring's board of tax equalization is due to convene at 8 p. m. today at the city hall.

The meeting, originally scheduled for Tuesday, was postponed for a day, due to business conflicts of board members. A survey of the city tax rolls is to be completed by the board as soon as possible, after which notices of a hearing will be mailed to property owners where adjustments in valuation are made.

Members of the board are John A. Coffey, Jack Roden and Otis Graf.

Management Blamed For School Faults

AUSTIN, Aug. 21 (AP) — Gov. Coke Stevenson today blamed "management" for Texas' educational faults.

He took sharp issue with recently expressed views of State Superintendent of Public Instruction L. A. Woods, who endorsed Dr. Homer Rainey's candidacy for governor in a radio address Monday.

Dr. Woods said in the address that the cause of the "friends of education" in Texas can best be served by the election of Homer Rainey as governor. He said Texas ranks 38th in education among other states.

Stevenson cited an increase in legislative appropriations for education from \$20,000,000 in 1920 to \$88,845,000 for the current fiscal year ending Aug. 31.

Ceilings Clamped On Meats; Butter, Milk Still Free

WASHINGTON, Aug. 21 (AP) — Price ceilings on meat, ordered re-established by the decontrol board, probably will go into effect at retail stores about Sept. 2, an OPA official said today.

WASHINGTON, Aug. 21 (AP) — Pork chops, beefsteak, hamburger and all other meats are going back under OPA ceilings "at or close" to June 30 prices.

Milk, butter, cheese and all other dairy products remain free of ceilings, but controls will be slipped back on if prices of those items jump further.

Those main decisions of the price decontrol board prompted widely varying reactions.

The meat industry spoke of dangers that black markets might spring up again and that the public would find less meat to buy.

And the CIO cost of living committee said the decision to keep dairy products free of controls "will bring greater inflation to the American people."

On other points in its first decision, the congressionally created decontrol board:

1. Ruled against restoring ceilings on nearly all grains.

2. Authorized livestock and meat subsidies to be paid again, at June 29 rates.

3. Ordered price controls re-established on soybeans and cotton seed products, including salad and cooking oils.

Shortly after the three-man panel announced its unanimous rulings last night, OPA Chief Paul Porter told a reporter:

"Restoration of subsidies on meats means we can re-establish ceilings at or close to June 30 levels.

"This is the case on beef, pork and veal. We have not decided yet on lamb."

OPA had announced earlier that ceilings would become effective Friday on any commodities re-controlled by the board.

ALDERMEN RESIGN TEXARKANA POSTS

TEXARKANA, Aug. 21 (AP) — Three Texarkana, Tex., city aldermen, indicted on charges of accepting a bribe, resigned last night and thereby automatically brought about the resignation of Mayor W. M. Harkness.

The aldermen, Albert McWilliams, Harry L. Everett, Jr., and Lee Talley, Sr., strongly denied their guilt. They were indicted by a grand jury several weeks ago on charges of accepting bribes in connection with a street extension.

The grand jury had recommended that the aldermen and Harkness resign.

Harkness, who was not indicted, mailed his resignation to mayor pro tem H. F. DeFoe the resignation to take effect when the indicted aldermen resigned.

Harkness made the original complaint at a city council meeting and said he also had accepted money in order to investigate the situation.

The resignations were to become effective today but under a city charter provision the four will remain in office until their successors are named.

At a council meeting last night, Sept. 17 was set as the date for a special election to name successors.

MISSISSIPPI AMBUSH INVESTIGATION HELD

MAGEE, Miss., Aug. 21 (AP) — Fourteen negroes were being held in three Mississippi jails today as the state sought to learn where some of them procured army rifles and tracer ammunition to fight the battle of Sullivan's Hollow.

Jeff Davis, executive assistant to the governor, said late yesterday that the governor's office had conducted an "on the spot investigation" of the Sullivan Hollow ambush wounding of four peace officers.

NEGROES WOULD UNSEAT SENATOR

LOUISVILLE, Ky., Aug. 21 (AP) — Petitions to unseat Senator Bilbo (D-Miss), to "outlaw the Ku Klux Klan in the United States" and to pass a federal anti-lynching law have been signed by several hundred physicians attending the convention of the National Negro Medical association here.

The petitions were circulated at the convention session yesterday by Edgar G. Brown of Washington, director of the National Negro Council. He said they already had been signed by 400,000 persons all over the country.

Council Turns Down MacArthur Proposal

TOKYO, Aug. 21 (AP) — General MacArthur met his first major reversal at the hands of the four-power allied council for Japan today.

Council members—after they had been given time to consult their governments—rejected his proposal that the seven other allies be invited to send delegates to council discussion meetings.

British and Russian council members, however, were similarly blocked when they urged that MacArthur give the council his views on each council recommendation.

BUTTER, BREAD, MILK, SUGAR - ALL ARE UP IN PRICE

But **ELECTRIC RATES ARE DOWN**

Every housewife knows that overall living costs have gone up and up. But there is one important item in cost of living that has gone down in price—your dependable electric service.

All during the war customers of Texas Electric Service Company used electricity without rationing... without any increase in price. Now electric service costs less than ever.

WHY THE PRICE OF ELECTRICITY IS DOWN

Texas Electric Service Company reduced residential, commercial and industrial electric rates recently. Like other businesses, our costs have risen, but these increased costs have been largely offset by the substantial population and business growth, and greatly increased overall use of electric service. This latest reduction continued the long-established policy of this Company to pass along to its customers the benefits of increased use and savings resulting from technical improvements in electric power generation, transmission and distribution.

Red Cross Will Aid Veterans To Obtain Unused Furlough Pay

Former servicemen and women eligible for terminal leave pay provided under recent congressional legislation for World War II veterans of all services will be furnished assistance with applications by the Howard-Glasscock counties Red Cross Chapter, Moore Sawtelle, executive secretary, announced today.

Besides helping veterans to process the application forms to be available soon through post offices, chapter workers will make arrangements for having completed forms notarized. Mrs. Sawtelle advised that the veteran's application must be accompanied by the original discharge certificate or certificates of service, by a photograph or certified copy, or by a certificate in lieu of a lost discharge certificate.

The bill provides that discharged enlisted personnel will be paid for unused furlough time at the daily pay rate of the last grade held, plus 70 cents a day for subsistence and, in the case of those in the upper three pay grades with dependents, an additional \$1.25 a day for quarters. Payment will be made for the number of days of leave due at the rate of two and one-half days for each month of service, less the number of days actually taken, Mrs. Sawtelle explained.

The act provides for payments to discharged personnel in cash or bonds for accumulated leave up to 120 days between Sept. 8, 1939, and Sept. 1, 1946, the worker continued. If the amount is less than \$50 or if he was discharged before Jan. 1, 1943, payment will be made by treasury check. For

\$50 or more, payment will be made in bonds in multiples of \$25, with a check for the balance. Maturity date of the bonds is five years from the date of separation from service. They are nonnegotiable and nontransferable, but they may be used for payment of premiums, loans or conversion on government or national service life insurance.

Howard-Glasscock chapter will assist as soon as applications are available through the post office, Mrs. Sawtelle stated.

Mansfield To Meet Pettigrew In Calf Roping In Midland

MIDLAND, Aug. 20—Billed as the top Labor Day celebration of the Permian Basin area, the annual world-championship matched calf roping contests will be held at Midland on Monday, Sept. 2, under the sponsorship of Midland Fair, Inc.

In the feature event on the holiday card, Toots Mansfield of Rankin will meet Homer Pettigrew, of Grady, N. M., in a championship calf roping match. The two rodeo stars will rope and tie the 12 calves each for a purse of \$2,000.

Mansfield is the present world's champion calf roper, having held the title for the last five years. He also is leading this year. Pettigrew, one of the best-known rodeo performers, was runner-up in calf roping in 1945, and has held the world championship in bull-dogging for five years. Both ropers are tops, and a nip and tuck contest is expected here.

Jim Espy of Fort Davis and Howard Westfall of Sheffield are matched in an added special roping event. The winner of this match will receive a purse of \$1,000.

A jackpot calf roping contest, open to all cowboys, is sure to attract topflight calf ropers from over West Texas and New Mexico.

ICEBOX PRODUCES SILVER "EGGS"

HAYS, Kans., Aug. 21 (AP)—Mrs. Van Hartman was mystified when she reached into her ice box for a sack of eggs and pulled out a bag of silver coins and pennies.

Just then her father, R. S. Maxwell, telephoned to ask anxiously if she had carried home the Luthechan church collection the night before by mistake.

He had concealed the money in the bag, and next morning found himself counting eggs instead of cash.

Luzon Huks Accused Of Tuesday Massacre

MANILA, Aug. 21 (AP)—Central Luzon's uncertain government-peasant truce was shaken today by mysterious disappearances, by bloody outbreaks and by the slaying—in jail—of Carlos Dionisio, liberal leader and former mayor of Bulacan.

Dionisio, arrested in Manila last week after Pablo Roxas, another former mayor of Bulacan, had been murdered, was shot down in the Bulacan provincial jail.

Military police meanwhile confirmed that 50 townsfolk had been slain in the town of Tulungan. Governor Pablo David of Pangasinan province accused Hukbalahaps of the massacre.

Texas Today— Paying To Get In And Out Of Heaven Called Sure-Fire Way To Make Money

By JACK RUTLEDGE Associated Press Staff

A sure-fire way to raise money at a church benefit was explained to Mrs. Andrew Rose of Texarkana by her maid.

"All you has to do is get a big room, put a partition down, the middle just high enough you can see over it, and have two entrances. One entrance is labeled

"Heaven" and the other "Hell," the maid said.

"You charge a dime at each entrance. Of course everyone wants to go to heaven so they pays their dime. When they get inside 'heaven' they find a big empty room with nothing to do. Naturally they looks over the partition into 'hell' and they sees a big table loaded with good things to eat, a music machine, tables ready for dice shooting and card playing."

The maid said everyone willingly shells out an extra 25 cents to get out of "heaven" and another 10 cents to get into "Hell."

As proof, the maid said firmly "you should have seen our treasury report."

A beauty contest that probably will be a sell-out is one in Brownsville. A six-column headline on page one of the Brownsville Herald read: "Beauty entries need not wear bathing suits, jockey committee orders."

Wootie, a 12-year-old Persian cat belonging to Mr. and Mrs. Joe Rossetto of Gonzales, has done it again. Wootie gave birth last week to her 134th and 135th kittens.

When Wootie gave birth to her 133rd offspring several months ago a story about it was printed widely and the Rossettos received a lot of mail. But, they said, of all the records feline productivity reported to them, none surpassed Wootie's 135th.

SHE'S NOT POSING FOR ART'S SAKE MICHIGAN CITY, Ind., Aug. 21 (AP)—Patrolman Art Menke pushed through a beach crowd of males, aged 6 to 76, to find a shapely, red-headed girl posing in the nude for a photographer.

"This is for art," the photographer told him.

"Nope," Menke decided, "I'm Art and it's not for me," and took the pair to the police station where they were booked on charges of indecent exposure.

O'Daniel Scornful Of Decontrol Action WASHINGTON, Aug. 21 (AP)—Senator W. Lee O'Daniel of Texas released the following statement after announcement of the decontrol board's price decisions:

"The de-control board edict just issued by the three marionettes of the communistic new deal dynasty is no surprise except that it reached a new low in absurdity by ordering livestock prices controlled while leaving the grain which produces livestock uncontrolled. Black marketeers will now do a flourishing meat business while housewives will soon again gaze at empty meat counters."

Lady's Stomach Was Like A Gas Factory; Meals Turned To Gas One lady said recently that her stomach used to be like a "gas factory!" That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE OF STOMACH GAS and she says the change is due to taking INNER-AID. Her meals agree with her. No gas or bloot after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get INNER-AID."

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores in Big Spring. (adv.)

Vets Must Stop Payment When Training Ends

Veterans who fail to notify the veterans administration when they interrupt their training or education to accept government allowances are subject to severe penalties, the VA warned today.

Eldon F. Fuller chief of vocational rehabilitation and education at the Lubbock regional VA office, cautioned veterans that training officers are making regular investigations to prevent such practices.

Beginning Sept. 1, a blank form will be with each check mailed to veterans in training. These forms must be returned to the disbursement office that mailed the check, whenever the veteran's training or education is interrupted.

Veterans who accept checks under the Servicemen's Readjustment Act to which they are not entitled will be ineligible to receive any further benefits under the act. They also may be punished by a fine of not more than \$1,000 or by imprisonment for not more than one year, or both, Fuller said.

Most schools are prompt to notify the VA of withdrawals but some business firms approved for on-the-job training have neglected to report the withdrawal of veterans from training. In both cases, however, Fuller emphasized, the responsibility rests on the veteran.

Letter To Editor— Reader Hart Tells Why He'll Vote For Rainey

I was asked by a prominent lawyer of this city for whom I was going to vote for governor. I replied that I would vote for Rainey. He at once proceeded to tell me that I was not smart, that I should read something. I replied I did read and that it was the O'Daniel News when I could be so fortunate as to find one. I was asked the same question by a leading business man and gave the same reply. He said he enjoyed my articles, but that I was going to vote wrong. Now, I happen to know both of these men are former Texas Regulars and that is enough to convince me to vote for Rainey.

During the first campaign he was outspoken in condemning the Texas Regulars. I heard most of the candidates speak here and I believe Rainey made far the best speech. I would like to call attention of democrats to the fact that Beauford Jester has the backing of a former candidate for governor, John Lee Smith, also Sen. O'Daniel.

I am a firm believer in the teaching of our former president, Franklin D. Roosevelt, and believe that Rainey comes nearer agree-

Hayes F. Stripling, Jr., SKD3, William J. Sneed, Jr., SI-c, Clyde L. King, Jr., QM3-c, and Clifton Lee Cook, FI-c, were among the Big Spring naval personnel who effected their releases from service during the past week. Sneed, King and Cook were stationed overseas.

Pvt. Hoyce Ray of Big Spring has begun training as an aviation engineer of the army air forces at Geiger Field, Spokane, Wash., according to word received today from Col. Eric Dougan, commanding officer. Skills learned during this training will probably prove of inestimable value upon his return to civilian status.

Mr. and Mrs. Marvin Sewell and family returned last night from a week's vacation in Colorado Springs, Colo.

Farmers Charged With Pushing Woman In Well

MACON, Mo., Aug. 21 (AP)—Three farmers were charged today with first degree murder in the drowning several years ago of a 73-year-old blind widow who, officers say, had given one of them her 58-acre farm in exchange for a promise she would be cared for the rest of her life by him and his family.

State Highway Patrol Capt. H. A. Hansen said Mark Edward Hunolt, 36, had confessed in a signed statement that he and Stanley Brown, 24, went to the farm home of Mrs. Dora Bachstein near Clarence, Mo., the night of Nov. 17, 1938, "took her out of bed and forcibly pushed her into the well."

Both were charged with first degree murder as was Stanley's 48-year-old father, Sam Brown, who Hansen said Hunolt accused of giving him \$50 to help drown the woman. Her body was found Nov. 18, 1941.

Toastmasters Plan For Charter Night

Toastmasters are planning on a charter night celebration in September.

John Coffee, acting vice-president, named Bill Dawes, Boyd McDaniel and Joe Pickle as a committee to make arrangements for the affair at the regular meeting Monday.

W. C. Blankenship spoke on education as the means of harnessing minds, the greatest force in the world, in the feature address. Dan Conley, educational speaker, urged specific training in the club. Lively discussion, mostly on the pro side, evolved from Wayne Williams' table topic: "Should we have a community chest?" Dr. P. W. Malone presided as toastmaster.

J. R. Broughton arrived Sunday with his discharge after serving in the army for 14 months. At the time of his release he was a private first class. Mr. and Mrs. Broughton plan to make their home in Big Spring.

The Big Spring National Farm Loan association is among the 22 associations in Texas to receive official citations from the treasury department for "distinguished service rendered in behalf of the war finance program," according to word received here from the Federal Land Bank of Houston.

Announced as a new navy dischargee is Jeff Davis Jenkins, Jr., 31c, of 407 Benton street. He entered the navy in July, 1935, trained on the west coast and had four months sea duty before being cleared through the navy's personnel separation center at Terminal Island, San Pedro, Calif.

Schools To Apply Now For Offering Lunch Program

Schools in Howard county may make requests now for participation in the community school program for the fall term, according to an announcement made by the USDA through County School Supt. Walker Bailey.

Dan L. Boyd, district director, said that all applications should be sent to the State Department of Education, School Lunch Division, Austin, the agency which is working jointly with the Department of Agriculture in handling the program.

The school lunch program has operated for several years on a year-to-year basis but recently was converted into a permanent governmental program. State and federal government will contribute toward its support, with Federal grants-in-aid being supplemented by funds and other services within the state, Boyd explained.

Primary purposes of the program, which has gained in popularity and growth in the county, are to provide growing children with wholesome foods they need for maximum health and to create and expand markets for agricultural products.

Rains Cool Off Much Of State

By The Associated Press
General rains in the northwest portion of Texas during the past 24 hours brought needed moisture to that area and cooler weather to the rest of the state.

Approximately one-third of the US weather bureau's stations reported rainfall yesterday or last night. At several points rain was still falling this morning.

Temperatures were mild ranging from the lower 60's in northwest and extreme east Texas to a few 100-degree-plus reports from the lower Rio Grande valley.

Nacogdoches and Mount Pleasant were low with 62 degree reports. Uvalde reports a high of 103 degrees. Mission, Dilley and Carrizo Springs had 104 degrees.

Livestock

FORT WORTH, Aug. 21 (AP)—The hog market here today was demoralized by action of the OPA and sales to 10:30 o'clock were limited to 20 good animals which were purchased by a city butcher at 18.00; 1.00 below Tuesday's price. Major packers were bidding the June ceiling of 14.65. No other sales were reported.

Slaughter cattle and calves were slow at about steady prices. Some major packers were bidding sharply lower on slaughter grades. Stockers and feeders were very active at strong levels.

Mature slaughter steers were absent. Common to medium slaughter yearlings and heifers turned at 10.00-15.50; good yearlings 16.50; medium to good fat cows 10.00-12.00.

Good and choice fat calves 13.00-15.00; stocker calves and yearlings 11.00-15.50; stocker cows 7.50-9.00.

Slaughter spring lambs 50 lower; ewes 50 higher; feeder lambs steady. Medium and good spring lambs 13.00; medium and good ewes 5.50-6.00; feeder lambs 11.00-13.50.

Receipts today cattle 2,500; calves 1,500; hogs 200; and sheep 2,500.

Accident Fatal To Former Resident

Friends here were advised Wednesday afternoon of the death in Tucumcari, N. M., of a former Big Spring resident, Delbert Bugg.

Bugg, about 25, was a member of the New Mexico state highway patrol, and was involved in a highway mishap while on duty, about midnight Tuesday. He succumbed to injuries shortly after noon Wednesday. Details of the accident were not learned.

Bugg was the son of Mr. and Mrs. L. L. Bugg, who operated a grocery store here for a number of years before moving to New Mexico about five years ago. He was an ex-service man, having been a veteran of campaigns on Attu and in Europe.

In the resistant division were Montgomery Ward, International Harvester, Douglas Aircraft, Consolidated Edison, Air Reduction, Johns-Manville, South Porto Rico Sugar, Santa Fe and Standard Oil (N.J.).

To His "Cuddle Bum"

"Pappy's" Love Letters Read In Trial Court

SAN DIEGO, Calif., Aug. 21 (AP)—Torrid love letters which Mrs. Lucy Malcolmson says "Pappy" Boyington wrote her when she was his "Dearest Cuddle Bum" spiced court proceedings today as she vigorously denied charges that she embezzled \$8,000 from him while he was away at war.

The suburban-haired defendant was on the stand for the second day at her preliminary hearing on a charge of embezzling part of \$30,000 entrusted to her by the Marine Flying Ace, Lt. Col. Gregory "Pappy" Boyington.

Mrs. Malcolmson, who is the wife of an Australian business executive but had intended to divorce him in order to marry "Pappy," testified that Boyington addressed her as "Dearest Cuddle Bum" in a letter from the South Pacific in which he told her he was coming home and "baby, what a bundle of loving is coming to you."

In this letter, which was offered in evidence, the Marine flyer asked: "Honey, will you still love me even if I never get to be America's leading ace?"

That was back in November, 1943, the testimony indicated, when Boyington was running second to Major Joe Foss in shooting down Jap planes. Later they tied at 26 each. "Pappy" was captured by the Japs about that time and didn't get back home for a long time.

When he did return, Mrs. Malcolmson testified, they had planned for her to get a Reno divorce and be married immediately afterward. That was last January 8 but, instead, Boyington picked that very date to marry Frances Baker, blond movie actress. Mrs. Malcolmson declared that "Pappy" had not told her a thing about his changed intentions.

Rainey Charges Smear Campaign

GOOSE CREEK, Aug. 21 (AP)—Homer P. Rainey, candidate for governor, in a speech prepared for delivery here today charged that "smear artists" plan to send a letter to every rural box holder in Texas in an attempt to make Texans believe communists are for Rainey.

"Communists have never polled over a few hundred votes in Texas," he said. "If they wanted Homer Rainey for governor, do you think they would get out letters to all the people of Texas who hate communism as I do? Of course not."

"But what smarter trick . . . could be cooked up than to have some paid communist try to give Homer Rainey the kiss of death?" He said he "doesn't want the vote of a single communist or communist sympathizer."

"With all my heart I repudiate and denounce this as the foulest, vilest thing the opposition has done to me personally or to the people of Texas."

HOSTESS WHO FLEW MILLION MILES NOW ASKS LONGEST OCEAN RUN

SAN FRANCISCO—Louise (Weedie) Taylor, pretty 23-year-old dean of hostesses on the Pan-American World Airways Clipper route from San Francisco to Honolulu, has flown more than a million miles, but she is looking for new worlds to conquer.

Not content with her frequent ten-hour hops to the Hawaiian Islands, Miss Taylor is insisting that she be allowed to displace a steward on Pan-American's newly inaugurated 8,000 mile Clipper flight from San Francisco to Auckland, New Zealand. To date her efforts have been in vain because the Airline does not feel itself equipped to accommodate female crew members at some of the island bases along the route.

Weedie has been flying as an airways hostess with one line or another since she left her Lancaster, Pa., home at the age of seventeen. She had to misrepresent her age to get her first flight with Pennsylvania Central. During the war, Weedie interrupted her commercial flying to serve as a civilian employee in the army, but she stayed right in the air. As an assistant to General Harold George she recruited girls for the air corps and also flew many thousand miles in the interest of war bond sales.

Despite her determination to be a pioneer hostess on the longest commercial flight now in operation, Weedie is not set on pursuing her career indefinitely. She'd like to get married. But her requisite for a suitable mate makes the choosing a bit difficult.

"I don't want to marry an airlines man, but neither do I want a husband who is not widely journeyed. I want a man who has traveled at least as far as I have," the million-mile said.

Weedie is crazy about children, and when she does get married she wants to have about six of her

own. She is so fond of babies that she serves as a voluntary nurse aid in the obstetrical section of a San Francisco hospital.

Groves Investigates On-The-Job Training

Fred R. Groves of the regional Veterans Administration office in Lubbock arrived in Big Spring today to begin surveys of local firms who have applied for approval as on-the-job training units for veterans.

The surveys are made as a preliminary step in passing on the applications. According to information received from the V.A., the surveys deal principally with investigations of the type of training to be offered, the facilities available for the training and the prospective instructors at the individual business firms.

294 Absentee Ballots Counted For Election

Two of seven men who walked off their jobs Sunday returned to work yesterday.

Two Divorces Given Three More Filed

Two marital unions were dissolved in 70th district court proceedings here this morning while three other couples sought to go their separate ways in suits registered with the district clerk.

O. P. Basden was granted his freedom from Doris Basden and in addition won custody of a minor child. Minnie Howze was awarded a divorce from D. K. Howze.

Registered for divorce hearings were suits involving the following parties: Oma Dell Rankin vs. John Rankin; A. A. Upchurch vs. Lillian Upchurch; and Martha Hardin vs. A. B. Hardin.

San Antonio Reports Two Leprosy Victims

SAN ANTONIO, Aug. 21 (AP)—Two suspected cases of leprosy have been definitely diagnosed as such by Dr. F. A. Johansen, medical officer from the Marine Hospital at Carville, La., it was learned today.

The victims are a 58-year-old San Antonio Mexican woman and an eight-year-old girl at Brooks General Hospital, child of an army family who apparently contracted the disease in Honolulu.

To The Voters Of Commissioner's Precinct No. 2
I want to thank you for your vote and influence for me in the First Primary, and I solicit a continuance of such support in the Second Primary and also solicit the vote and support of all of those who did not support me in the First Primary.
To those of you who do not know me, I refer you to those who have known me during all my residence in Howard County.
My father and mother moved into Howard County in 1902 and I have lived here since that time and I have paid a poll tax and property tax since becoming of age in 1906. I have always taken an active part and interest in all the affairs of my County, and expect to do so in the future.
I have been County Commissioner for five and one-half years and have gained much valuable experience that will help me to be a better County Commissioner in the future than I have been in the past, because experience counts in any work.
I have not been able to see everyone since the First Primary on account of business connected with my office that required my attention. I want you to take this letter as a personal request for your vote and influence.

Nature's Forces Hold the Rings Around Saturn...
and **OIL-PLATE** Your Engine!
NO one knows just why Saturn is the only planet to have rings around it. We do know, however, that mighty forces of gravitational attraction hold them there. Through extensive research into the forces of attraction between molecules of liquids and solids, Conoco scientists are able to bring America's motorists the benefits of new and better oils.
Using the force of molecular attraction (basic force that holds things together), a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. In fact, so strong is this attraction that the cylinder walls are OIL-PLATED.
And because molecular attraction holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you get these benefits:
added protection during the vital periods when you first start your engine
added protection from corrosive action when your engine is not in use
added protection from wear that leads to fouling sludge and carbon
added smooth, silent miles
That's why you'd be safer to OIL-PLATE your engine now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Evidence For Safety Conclusive

"89,000 DEAD—1,300,000 INJURED AS BALTIMORE AREA IS WIPE OUT"

Not only this nation but the entire world would be horrified by such a headline.

Yet we accept the results — though in many different locales—as matter of fact. This happens to be the forecast of the year's traffic toll, based on the casualties of the first six months of 1946. During that period, 15,750 persons were killed or died as a result of traffic mishaps. A new high for highway horror is in the making.

Our previous accomplishment in mass murder was in 1941, and then 93 per cent of the motor vehicles were rated as being in good condition. But even last year the num-

ber of traffic mishaps resulting from cars in faulty mechanical condition was showing an astounding rise. This year the trend is still upward. The International Association of Chiefs of Police estimates that fully one-third of all automobiles now in use in the country have dangerous mechanical defects.

A leading insurance company, which writes twice as much automobile protection as any other and thus should have a better cross-section, paid out twice as many claims in the first half of this year as the same period of 1945.

The evidence is conclusive. Safe driving is not advisable. It is a stark necessity. Remember that when you drive. Watch out for yourself, and for the other fellow.

Eliminating An Unsavory Thing

The American Federation of Labor's executive council recently turned its guns on the Lea act, known more popularly as the Petrillo law—on the grounds that it endangers the American trade union movement. This threat exists on the assumption that eventually the law should be broadened and made applicable to all unions.

We are not familiar with the council's philosophy in this matter, but if it is directed against the crux of the act, which would make it illegal to featherbed, then it seems that the charge lacks a logical foundation.

Featherbedding is a practice in which an employer is compelled to pay for services not performed. It is one of the most atrocious and indefensible practices plaguing our economy. Many industries are fraught with

it, notably Mr. Petrillo's musicians' union. The council is correct in this respect: It is not best to have to impose controls, for each control constricts freedom that much. On the other hand, featherbedding is an evil which American labor should attack with forthrightness and determination, and in so doing would do its own cause immeasurable good. Every appeal labor made for better pay would then carry more weight with the public if it would be purely on the basis of pay for services performed. It is directly in line with recent AF of L and CIO appeals to workers to produce more and more. Release of featherbed employees to get about real work would have a beneficial effect in this direction.

What It Means

PERON PREACHES DEMOCRACY

BUENOS AIRES—The military touch still prevails in Argentina's new government but the atmosphere of dictatorship which existed for the past three years has disappeared.

As far as the eye can see, Argentina is as complete a democracy as exists anywhere in the world. A congress is functioning for the first time since 1942, and President Juan D. Peron has been emphatic in his declarations that democracy is the only form of government and it will be practiced within the framework of the constitution.

posited him are things of the past. Although lifting of the state of siege which lasted nearly three years theoretically restored all constitutional rights, political parties have not regained complete liberty. They are not hampered in holding meetings, but the imposition of the so-called "statute of political parties" makes them subject to considerable control by the administration.

Likewise, the new government has nationalized the Central Bank, the bank of issue of the republic, insurance companies, manufac-

turers' associations and stock exchanges.

Persons who had hoped that when Peron quit the army to become a civilian candidate for the presidency they were seeing the last of military rule have been disappointed. Peron, himself, was reincorporated into active army service and promoted to the rank of brigadier general a few days before taking the oath of office. Although he has many civilian assistants, the president is usually surrounded by military and naval aides.

Hausfrau Carry Bricks

By IRENE ANGERSTEIN (For Hal Boyle)

BERLIN (AP)—Her name is Mrs. Schulz and she's a "Hausfrau" but you don't find her at home cooking. For one thing, there is not much to cook, and for another, she's too busy removing the rubble and debris heaps from her once beautiful city.

They talk much of reconstruction in Berlin, but when it comes to action, it's women like Mrs. Schulz who are doing the work—the old women, the mothers, and the housewives. Day in and day out they are making neat piles of bricks from the junk heaps of masonry that once were houses and buildings.

They don't work for any altruistic reason, such as atoning for the evil Germany brought on the world. They work because it's a job to which they have been assigned by the labor office and through which they received a worker's food ration card.

"Of course I'd stay home if I could," says Mrs. Schulz as she doggedly swings a heavy hammer against a stubborn piece of rock. "You do not think that I like this job, do you?"

Whether she likes it or not, Mrs. Schulz and her colleagues, working in groups of about 200, have been steadily removing Berlin's rubble since last May. They

have organized their daily labor into a real science.

Mrs. Schulz' particular gang of 217 women—they call themselves the "Reichstag Rubble Removers" because they work in the shadow of the once famed building—serves as a good example of all the crews of women swarming like so many ants over the city's rubble heaps.

Promptly at seven every morning, whatever the weather, they report to their foreman, a grizzled bearded man who swears by instead of his workers.

Divided into three groups the "Reichstag Rubble Removers" are toiling busily in the dust of a hot dry day. One gang worked directly in the rubble, pounding large stones into small ones and passing the bricks from hand to hand, assembly line fashion, to waiting iron carts which ran along transplanted trolley tracks.

The second gang, the cart pushers, had enlivened their dull work by chalking nicknames and slogans on their carts: "Give me sausage and ham and I'll be happy all day!"—"If you think I give up, you're crazy!"—"Unter Den Linden Express."

Over the makeshift rails zig-zagging across bumps and around holes in the street the women silently pushed their rock-laden carts to the third crew, the brick polishers who chipped and hammered at the rough stones until they had been shaped into rough replicas of building bricks.

The oddly dressed women—some wearing dresses which had seen better days, some ragged trousers made out of old blankets, and others sporting scarfs fashioned from rags—do not share the pride of their foreman. A tired, beaten lot, they have worked long years in munition factories and fall to see why they have to bear the heavy burden now.

ROME, Aug. 21 (AP)—A bouquet of red and white dahlias was found yesterday tied to the girder of the Milan gasoline station from which Benito Mussolini's body dangled before a howling mob after his execution by partisans last year.

A ribbon around the flowers said: "To the Duce from his most faithful."

Police arrested several suspects, Milan dispatches said, and were on the trail of a young woman believed to have bought the flowers at a nearby stand the previous evening.

Meanwhile Mussolini's body, recovered in a Pavia monastery two weeks ago, was reported en route to a new secret place under heavy police escort as authorities prepared to prosecute ten persons allegedly involved in the theft of the body from a Milan potter's field last April.

Washington Merry-Go-Round—Draw Pearson

Truman Gabs At Important Dinner

WASHINGTON — It wasn't advertised as such, but last week in the nation's capital came near being "Alabama Week."

Despite all the publicity given the Missouri gang and the Arkansas boys who are close to the president, a number of Alabamians also have moved in on the White House, including capable John Steelman, the former Alabama college professor who is now war reconverter.

On top of this the governor-to-be of Alabama, gangling, six-foot-eight Jim Folsom, arrived in Washington last week and was the center of several important social functions, including a dinner at which President Truman discussed everything from war with Russia to Bob La Follette.

Governor "Big Jim" also paid a formal call on the president, was lunched by Henry Wallace, and by fellow-Alabamians Justice Hugo Black, John Sparkman and Lister Hill. He made a big hit with everybody.

"This is the first time," remarked one White House attache, "that Alabama has had two liberal senators and a liberal governor—all at once."

The dinner for Governor Folsom was one of the most important President Truman has attended this year. It was given by Postmaster General Bob Hannegan at his home, and at the main table were only four persons: President Truman, big Jim Folsom, Paul Fitzpatrick of New York, being groomed to take Hannegan's place as national chairman if he resigns, and Bartley Crum, California Republican who was Wendell Wilkie's brain-truster and who served on the Anglo-American Commission which Truman sent to Palestine.

size that he was supporting Roosevelt's liberal policies. Toward the end of the dinner, several other guests, including Alabama's new senator Sparkman and Henry Wallace, pulled their chairs up to the president's table. He really let his hair down.

War With Russia?

Asked about war with Russia, Truman said he did not believe there would be any. He said there was a lot of talk about it, but no good reason why we should fight. He was convinced, he said, that the Russians didn't want war and he certainly knew the American people didn't. However, it was most important, he emphasized, that we take a firm attitude with Russians and show them we will not stand for any aggressive tactics. If the Russians find out we mean business, Truman added, they will come around to our way of thinking.

The president said he thought Jimmie Byrnes is doing a fine job in Paris and indicated that he backed him to the limit. He also said it is important that we cooperate fair and square with the Russians in order to dispel the suspicion which has existed on both sides. He felt this eventually could be broken down, and no matter how long it took, Truman said, it must be broken down.

The president also took a little poke at some of the career men in the state department, remarking that they didn't fool him.

around to Senator Bob LaFollette just defeated in the Wisconsin primary. Truman expressed uneasiness as deeply disturbed over La Follette's loss to the senate, adding that he did not think Bob made a wise choice by joining the republican party.

"That's what happens," he said, "to any body who joins up with Bob Taft."

Truman revealed that he had pleaded with LaFollette to join the democratic party, and had told him that while the democrats party might not always be on the right side, nevertheless it had a pretty good record and deserved the support of all good progressives.

The president also paid tribute to former secretary of labor Fanny Perkins.

"I would like to see that lady get the recognition she deserves," he observed.

Note—Arkansans take issue with Alabamians that war reconverter John Steelman is a bona fide Alabamian. They say he was born in Arkansas. Bob Hannegan, who wants no blemishes on Missouri, also emphasizes that John Snyder is from Arkansas and only came to St. Louis recently.

The Inner Circle Dines

Others at the off-the-record dinner were: Henry Wallace, Secretary of Agriculture Clinton Anderson, Attorney General Tom Clark, Assistant Secretary of War Stuart Symington, Democratic Committee Counsel Ed Pritchard, OPA Administrator Paul Porter, Federal Communications Chairman Charley Denny, Senator Hill of Alabama, Senator-elect John Sparkman of Alabama, Secretary of the Senate Leslie Biffle, Assistant Secretary of the Treasury Ed Foley, White House Naval Aide Clark Clifford, White House Secretary Malt Connelly, Democratic National Treasurer George H. Brown, Richard Saxe of the Federal Power Commission and Leon Henderson, former Roosevelt brain truster.

The dinner was staged partly because President Truman wanted to show insiders he was still close to Hannegan, despite the way he has snuggled up to Hannegan's rival, John Snyder. Around the White House they are still gossiping about the way Truman's special plane stopped in St. Louis after the Missouri primary to pick up Snyder, leaving Hannegan, also in St. Louis, to take a slow train back to Washington.

However, Truman made it up to Hannegan at last week's dinner, also went out of his way to empha-

Bitter at British

The conversation drifted around to Palestine, and the president appeared rather bitter at the way the British have handled things there. He complained that they did not understand the political problem involved in the United States, also that the British were destroying the moral position of the western powers in relation to Russia.

Others at the table understood him to mean by this that British high-handedness in Palestine made it more difficult for us to protest Russian high-handedness elsewhere.

Secretary Wallace heartily agreed with this and told Truman that the British were following the same unwise and immoral policy in Indonesia.

The president explained that he was concentrating on the question of getting 100,000 Jewish refugees into Palestine. These people have done nothing wrong, he said, other than to be born of a certain religion. They deserved a chance, and he was going to see that they got it.

"We better," remarked New York's Paul Fitzpatrick, "or else we might just as well forget about holding elections in '46 or '48."

LaFollette's Defeat

The conversation then drifted

LOOKING 'EM OVER

With TOMMY HART From all indications, the Fort Worth Texas baseball league club—briefed by Skipper Ray Hayworth—and the Cow-Town press are giving Willard Ramsdell, the former Big Springer, the 'silent' treatment and have been since his late and lamented suspension.

Will, never a stickler for training rules, managed to win which apparently set a bad example for the striplings on the Fort Worth ball club. Hayworth didn't like it, even though Ramsdell kept on winning, so he slapped a suspension on him.

Sooner or later, he either had to lift the embargo on the Chanute Kid, release him or put him on the market. Had Ramsdell been placed on the block, there probably would have been no less than seven clubs within the league bidding for him, since Will—with all his faults—is a very cagey operative when toiling out there on the rubber.

So Hayworth put the Kansas back on the pay roll and sent him back to the firing line. As expected, he returned to winning ways. His earned run record is still among the best in the circuit and he invariably works against the top hurlers the enemy clubs have to offer.

Will's return to winning ways didn't improve relations with the front office or the tall millinery who do the thinking for the team on the field, however. Or so his publicity breaks or lack of same would lead one to think.

Hayworth noticeably minimizes his regard for the value of Ramsdell when called upon by the press to talk about his ball club. His interviews are invariably centered around the accomplishments and abilities of such righteous and courageous hurlers as Eddie Chandler and John Van Cuyk—both of whom undoubtedly have excellent possibilities—or Boris Woyt, a scintillating outfielder.

Perhaps Will is destined to go no higher than Texas league baseball but we think he should get the credit he deserves. After all, the veteran knuckleballer has contributed just about as much as any single member of the club toward the team's success. If Ray is concerned with this year's race, he should be aware that Ramsdell's 16 victories played no small role in enabling the Cats to outdistance the remainder of the field.

Will had his critics at the time he was here. He wouldn't adhere to training rules but he always managed to have a good year and he won his share of respect throughout the league for that reason.

Del Ballinger, the former Midland backstop who has been with Pepper Min's San Diego Padres for the past several seasons, has been bought by the Portland Beavers.

Southern Methodist university's basketball team, which will make an inter-sectional tour next season, has accepted an invitation to compete in the Kansas City invitational tournament Dec. 12, 13 and 14.

The Ponies will be of two clubs asked to compete in the show. The remainder of the field will be made up of Big Six quintets.

All eight teams in the tournament will play three games regardless of the outcome of the contests.

The Cayuses are booked to play in Chicago, Buffalo and New York City during the Christmas holidays.

In listing the Big Spring boys who intend to play college football this fall, we neglected to mention Pete Cook, a sterling back who played here three seasons ago.

Pete will enroll at Texas Tech in September, according to information reaching this desk.

Stratton Routed
By The Associated Press
Veteran Monty Stratton of Sherman was knocked out of the pitchers' box for the second time within a week last night as the Jacksonville Jax took sixteen hits off the former White Sox player and two other Twin hurlers to win, 10-8.

The league-leading Henderson Oilers, although outfit, defeated Paris, 7-4, while the second place Tyler Trojans, also short on hits, won over the Texarkana Bears, 10-8.

Lufkin's Foresters defeated the Greenville Majors, 4-2.

Bucs Blank Brook To Pave Title Road For St. Louis

Red Birds Solve Slants Of John Niggeling To Win

By The Associated Press
Brooklyn stands in dire need of a fiery pep talk from cheerleader Leo Durocher today with its National league lead shriveled to a half game after absorbing a 10-0 pasting from the rejuvenated Pittsburgh Pirates.

Stories that the last-place Pirates were putting on a closing surge to save their jobs under the new owners had been accepted with a grain of salt. But since Frank McKinney, Bing Crosby and associates bought the Pittsburgh franchise, the Bucs have hustled to seven wins in 10 games.

With seven more games against the Cards and four more with the Dodgers, Pittsburgh could very well prove the decisive factor in the championship battle.

Nick Strincevich, who lost his first seven starts in 1946, shut the door in the Brooks' faces, allowing only four hits. The Pirates climbed all over Vic Lombardi and three successors.

The Cardinals lit into Johnny Niggeling for a 4-1 verdict over the Boston Braves.

The Chicago Cubs gained ground on both Brooklyn and St. Louis by whipping the "Phillies" twice, 5-2 and 10-2, but lost second baseman Don Johnson with a fractured left hand.

New York advanced to within a half game of the slumping fifth-place Cincinnati Reds with a 4-3 decision engineered by Dave Koss with home run help from Walker Cooper and Goody Rosen nullifying a workmanlike effort by Harry Gumbert.

Boston's pennant-bound Red Sox divided a pair with the lowly St. Louis Browns but stretched their lead to 1 1/2 games over New York with only 35 to go.

Jim Bagby grabbed his fifth win in the opener, 5-1, and Ellis Kinder of the Browns fashioned his first major league success in the 5-4 finale with relief help from Tom Ferrick. Teddy Williams bashed his 33rd homer.

Both Cleveland's Bobby Feller and Detroit's Hal Newhouser failed in their attempts to hit the 22-win mark, Feller bowing to Washington, 5-4, and Newhouser losing to Philadelphia 2-0.

Randy Gumpert's eight-game win streak was snapped by Chicago as Ed Lopat turned back New York, 9-2, before a Yankee stadium crowd of 39,989. Joe DiMaggio collected his 20th homer in the seventh frame.

Riverton defeated Thermopolis 40 to 39 in the lengthy free-for-all.

Hank Oana Hits Homer As Rebs Smash Ships

By The Associated Press
Big Hawaiian Hank Oana, who leads the Texas League with twenty-one mound victories, slammed a pinch hit home run out of the Dallas park last night with two men aboard in the seventh inning to bring the Rebels from behind and start an uprising that gave Dallas a 10-3 win over the Beaumont Exporters.

The Shreveport Sports broke a six-game winning streak of Fort Worth by halting a ninth inning Cat rally and winning, 4-3.

Houston scored six runs in the seventh and eighth innings to come from behind and defeat Tulsa's Oilers, 7-6, in a see-saw battle at Tulsa.

Although registering four errors, San Antonio Missions took eighteen hits off three Oklahoma City hurlers to defeat the Indians, 11-2.

Dallas was trailing, 2-3, when Oana stepped to the plate with two down in the seventh. The four-bagger turned the Rebel tide and broke up a stubborn mound contest between Dallas' Boo Gillespie and Ray Louthen of Beaumont. Dallas scored five more runs in the eighth to add the finishing touches. Ralph Houk, the Ship's starting catcher, was chased from the park in the fourth for protesting a third strike.

Left-Hander Leonard Peime, aided by ninth inning relief of Vern Williamson, allowed Fort Worth only four hits. Peime weakened in the ninth, walked two men and saw another reach base on an error. After three runs had crossed the plate, Boris Woyt, with the tying score, was thrown out trying to steal second.

The lead-changed five times in the Tulsa-Oklahoma game in which seven hurlers gave up a total of twenty-two hits.

Eddie Cole blanked the Oklahoma City club for seven innings before the Indians staged a two-run rally. Cole allowed eight hits while the Missions were taking fifteen off Robert Misteel, Calvin Dorsett and Robert Tebrinke.

Tigers To Play Here Sunday
On road trips the past two weekends, the Big Spring baseball Tigers return to action before the home folks the coming Sunday when they do battle with the Ballinger Bearcats on the North Ward diamond about 3:30 p. m.

The Bengals split even on the road, winning from Abilene, 4-2, two weeks ago but losing to San Angelo last Sunday, 7-5. Manager Elias Gamboa, back from the Concho city, said the Sheep Herd lineup had several Ballinger players listed as starters.

Lefty Roman will probably toe the slab for the Big Springers against the Bearcats.

Murphy Fans As Bucs Reject Guild In Collective Bargaining Election

PITTSBURGH, Aug. 21 (AP)—Robert Murphy and his American Baseball Guild struck out for the third time as Pittsburgh Pirate players formally rejected the Guild in baseball's first collective bargaining election.

Nineteen out of 31 eligible Pirates voted in the election conducted by the Pennsylvania Labor Relations Board yesterday, but only three went to bat for Murphy.

One vote, that of rookie catcher Leroy Jarvis, was challenged by the board on grounds he had not been with the club long enough.

The defeat was the third for Murphy since he launched his organizing campaign. On June 7 the Pirates canceled a scheduled strike minutes before a game with the New York Giants. Later, the National Labor Relations Board declined to accept jurisdiction over the Guild.

Both brigades won their last starts. The Y ran over Catholic's feds, 14-2, while the Church of God blasted First Baptist, 20-3. The games were played Monday on the South Ward field.

Ferrier Hot Nelson Primes Talk For First PGA Match Play
PORTLAND, Ore., Aug. 21 (AP)—Byron Nelson, defending national professional golf champion who prefers medal to match play, stakes his title today in a pair of 18-hole "sudden death" matches at the Portland Golf club.

Nelson, who automatically qualified, sat out yesterday's second 18-hole qualifying round to catch up on his correspondence.

On the eve of the match play Nelson seemed more concerned with what might happen to him Thursday.

"I'll have to play either Herman Barron or Herman Keiser Thursday if I get through—and they're plenty tough when you've only got 18 holes to maneuver in," Nelson gloomed.

The tournament medalist, big Jim Ferrier, erstwhile Australian now of San Francisco, was matched against Sam Schneider of Houston, Tex., in a lower bracket feature.

Ferrier shattered par and PGA records yesterday with a nine under-par 29-34-63, which, with his previous day's 71 gave him a medal score of 134.

The old mark was held jointly by Fred Morrison of San Francisco and Frank Moore, Overland, Mo., with 136.

All the name players got through the qualifying round.

Bristow Plays Jimmy Moon
Oble Bristow and Jimmy Moon were scheduled to go to the tee sometime today to match shots in a semi-final match of the Mundy city golf tournament.

Winner will face Jake Morgan in the finals. Morgan hurled Dub Prescott last week to gain a shot at the 1946 championship.

Bristow has been steering clear of both the Mundy and country club courses due to the fact that he has been feeling badly. However, he said Tuesday he was ready to take on Moon.

Quarterfinal matches in other flights have been completed with the exception of a second flight consolation duel between George Tillinghast and Dub Hale. Tillinghast was reported out of town.

Eddie Cantor Holds Up Movie With Stories

HOLLYWOOD (AP)—Hoy. Mr. Zanuck! If one of your pictures is behind schedule, you can blame it on Eddie Cantor.

I mention this at the risk of being termed a squealer. Here's how it happened:

On the set was June Haver, in dark makeup and a black wig and looking pretty much like a road company of "Porgy and Bess." As I was chatting with her, this guy Cantor walked on the scene.

He was escorted by his old sidekick, George Jessel. Both of them could have given up this funny business for clipping coupons, but hams do not quit easily. They will tell jokes for any crowd, such as the one gathered around on the set.

That's where the time loss came in. D. Z. Nothing could be done since Jessel is producing the picture and Cantor is also a big producer, having lost 300 grand on "Nelly Bly" last season. And anyone knows that one doesn't interrupt a producer when he's telling a story.

Cantor told a true story that happened to him in Milwaukee last week. He was resting in his hotel room when a doting mother burst into the room unannounced, dragging her daughter behind her. "Sing for the man," ordered the mother, confident she had another Deanna Durbin. The girl sang and not well.

"Your child has no talent," said Cantor, as kindly as possible. "Take her home and let her lead a normal life." The mother grabbed her child and walked to the door in a huff. Then she turned and said:

"You stink, too."

That's all, Mr. Zanuck. Please, no memos or directives. It was all in good, clean fun.

Kills Rottler

BISBEE, Ariz. — The gang around the sheriff's office listened open-mouthed while Deputy John Sharpe told how he killed a 6-foot rattlesnake with his bare hands. Sharpe went to the rescue after a woman frantically reported a rattler in her home. Cornering the snake with a broom, the deputy caught the reptile in the back of its head and snapped it, whip-like, several times.

Colquitt Tangled With Everyone But The People Who Liked "Poor Boy"

(This is the twenty-third in a series of stories based on the lives of governor's of Texas.)

AUSTIN — The twenty-third Governor of Texas, Oscar B. Colquitt had everyone in Texas against him except the people.

"Little Oscar," as he was sometimes called, or "The Napoleon of Texas Politics," as he was at other times called, tangled with prohibitionists, church groups, Woodrow Wilson supporters, the Daughters of the Confederacy and the Daughters of the Republic of Texas, to name a few. But he got along with Texas people and they gave him two terms in office.

Colquitt was not Texas born. He came from a famous family of American Revolutionary and Civil War Fighters in Georgia. His kinsmen included a United States Senator, (Walter T. Colquitt), and a Governor of Georgia, (Alfred H. Colquitt).

Oscar Colquitt was one of the many "poor boy" Governors of Texas. After his third year in the state, and following his mother's death in 1879, Colquitt decided he had enough of farm life. He followed one of his life-long ambitions to become a newspaper man. He started in a familiar way by becoming a "printer's devil" at the age of 20. That job was with the Morris County Banner.

He kept that position for a few months and went with his employer to establish the Independent Banner in Greenville. He stayed there until 1884 working as a type setter, printer and editor. During that time, Colquitt had saved \$175 and with this he bought a press and started the Pittsburg Gazette. It was a success and he sold out at a profit and started the Terrell Star-Times. He kept that paper going until 1890 when he quit the newspaper field to study law.

That same year the young editor jumped into politics. He entered the race for State Senator and won, beating William H. H. Murray who later became the famous Oklahoma Governor, "Alfalfa Bill." Colquitt stayed in the Senate for four years until Governor Culberson induced him to resign and become State Revenue Agent. He held that job for eight months and again resigned, this time to become a tax expert on the commission set up by Governor Sayers to revise the tax laws of Texas.

While serving on the Tax Commission, Colquitt urged legislation that would keep beer taverns out of residential neighborhoods. He was the first public official to come out with that idea.

In 1902, Texans elected Colquitt Railroad Commissioner to succeed Judge John H. Reagan. He was re-elected to a second term in 1908.

In between that time, Colquitt had taken a shot at the Governor's office. He tried for the gubernatorial nomination in Dallas in 1906 when Thomas W. Campbell won the nomination.

All the while Colquitt was busy building. As Railroad Commissioner he introduced and pushed through to adoption the motion requiring the Railroads to build the Galveston Causeway which was opened to traffic in May of 1912. Colquitt had become "Daddy of the Causeway" and he was skillfully erecting political fences too.

He needed them in 1910. Besides the gubernatorial campaign, the Prohibition pros and antis were at it again. They tried to

hide the race for Governor under a cloud of bitter invective concerning the evils of drink. Colquitt came out for local option and the

All-Star Program On Amateur Show

An all-star performance is being planned for the regular amateur program Friday night, the chamber of commerce announced today.

Featured will be entertainers who won top awards on previous programs during the summer series.

The chamber office has been unable to contact several contestants who won first and second place awards on earlier programs, Edith Gay, chamber of commerce secretary said, and all are urged to call the office as soon as possible.

Several other top-flight entertainers also are scheduled to appear on the program.

Duncan Reviews Oil Industry For Rotarians

Observing the 87th anniversary of America's oil production, the Big Spring Rotary club heard an address by Dave Duncan on "The Science of Oil Well Drilling" at the Tuesday luncheon in the Settles hotel.

America's first oil well was developed in Pennsylvania 87 years ago and Texas' first producer was brought in at the Spindletop field in 1868. The Spindletop field still is one of the world's greatest oil reserves, Duncan said, with producers ranging in depth from 1,000 to 9,000 feet flowing from nine different sands.

The Permian basin possesses about 35 percent of the world's proved reserve, he declared. Citing Texas' oil development Duncan pointed out that in 1916 the state had 700 wells, but it has grown today to 105,000 for both oil and gas. These wells pay 54 percent of the state's taxes annually, he said.

Rotary drilling has made deep tests possible, with 16,000 foot wells possible in three or four months of drilling. This is an advancement over cable tool drilling, which requires three or four years to reach a depth of 5,000 or 6,000 feet, Duncan said.

Citing enormous costs involved in drilling, Duncan told of one well in Foran in which \$84,000 of drilling mud was used, and another which used 42 drilling bits, at \$87 each, to drill 60 feet. The labor alone exceeded \$400,000 on one local test, he said, and tools costing \$30,000 were used for the final two feet of another when equipment broke in the well.

Discrediting reports that America's oil supply is short, Duncan told the Rotarians not to sell West Texas development short. More exploration is in prospect, he said, as soon as the Navy releases the "Flying Doodle-Bug," an instrument used to locate submarines during the war, but which also can be used to chart structure and formations anywhere in the ocean.

Susan Houser, young pianist-composer, played two of her own compositions and other numbers at the luncheon.

Ira Thurman was awarded the 10-year perfect attendance pin, and Dr. Raiford Trueblood received a one-year pin.

Permits for 4,984 building projects in Illinois were issued during April.

A two per cent sales tax was put into effect in Wyoming in 1935. War equipment sent to the Soviet forces under lend-lease included 8,200 anti-aircraft guns.

City Water Section Posted To Hunters

Hunters were warned by the city today that the area included in the Sec. 17 water field southeast is posted and that more effective steps to prevent hunting there may be expected.

The land is leased out for ranching purposes and the city has received complaints of several head of cattle being shot. City Manager B. J. McDaniel said.

The land has been posted and signs have been erected from time to time, but they have been disregarded and even destroyed, the city manager said. The property was posted to protect workers from the city water department who frequently are required to perform duties at the water field and also to protect the livestock.

Bids Accepted
Sealed bids for the mail messenger's route between the local US postoffice and the railway depot will be accepted by Postmaster Nat Shick until Aug. 29, it was announced this morning.
