Is it too late to start on an ark. As someone commented the other day, it would be nice if we could put some of this moisture away for later on in the summer. We had received 1.96" since Richardson. this began Thursday through Monday. The measurement at 7:00 Wednesday morning was 0.00". We have been lucky to have missed the large hail; Tuesday afternoon a small amount of marble size hail fell.

-cwe-Doug Rives brought in the programs for Allison graduation and baccalaureate and wanted to know when they would be ready. It was then that I realized that Sunday is baccalaureate. Wheeler's were here to be printed, but I had not paid any attention to the dates.

We have been busy working on the Ex-Student catalogue; that June 10 date will be here pretty quick. Sharon Green Immel read the column last week and called to make sure her address had been changed in 'the book'; she is looking forward to seeing everyone at the reunion. Note: It is too late for any additional changes; the book is 'in printing'

We received a note from Garth Nash. In this note he sent greetings from a "mutual friend". It was not until I called that I learned who the mutual friend was. It seems it was a high school classmate of mine. I had known him all those years as William merchandise and gift certificates to and he presently goes by Bill.

Chemical-Free **Graduation Party**

Project Graduation was conceived to provide an alcohol-free alternative to the traditional drinking parties that seem to have become the accepted form of celebration following graduation. Far too often, the future potential of young adult lives and the happiness of special events have been marred by the tragedy of drinking and driving accidents. A chemical-free celebration has been planned for the students of North Wheeler County High Schools the night of May 26,

The party will be a joint school, family, community and business project. Several communities have been very successful in their efforts. This success has been due to the support of the community as a whole. There are limited public funds available for the project. The remainder must come from donations. It is hoped that the churches, businesses and concerned individuals will help provide money, make the project so successful that it will be an annual event. If you are concerned about the youth in this area Sheriff's Department at 826-5537, or Ann Henderson at the First National Bank (826-5566), or Ruth Smith at the Abstract Company Wheeler

"Each year, more than a third of the total participation in UIL activities involved academic contests, dispelling the myth of the League as a 'sports organization," Dr. Bailey Marshall, UIL director, said. "Texas has the nation's most comprehensive slate of academic contents. Long before academic-based competitions, the UIL was sponsoring contests in speech, journalism, mathematics and science. In fact, the League was created in 1910 as a forsenic league."

Contests range from headline writing to Lincoln-Douglas debate, calculator applications to accounting. A new literary criticism contest was implemented statewide this year.

In participating at the State Meet, students qualify for Texas Interscholastic League Foundation scholarships. During 1988-89, the TILF awarded more than \$437,000 in scholarship grants to 336 college students who competed at the UIL State Academic Meet. In 1989-90, the TILF expects to award an estimated 350 new and renewed grants, valued at approximately \$460,000. The TILF funds are made possible through grants from foundations, individuals and families. The TILF has over \$1,800,000 in endowed funds.

David and Phyllis Hefley and Kristi met Clifford and Pauline Hefley and Jim and Beth Alvey and Todd and Tina and Katie for a Mother's Day lunch Sunday at Wheeler. Pauline was seeing a doctor in Amarillo Monday about her headaches.

Kristi Hefley had the misfortune to fall and break her nose. It wasn't properly set, so she had to have it rebroken and fixed right last week. It has been pretty painful, but she looks great.

The Mack Sheilds family were Sunday supper guests at the home of Buster and Irene Keys in Shamrock. Others there were Cindy and Johnny Grayson and Keri and Jeome, Teresa and Leonard Powledge, Jr. and Jody and Sara, Kenneth and Brenda Keys and Lindsay and Jared.

Saturday Mack, Patty and Amy Sheilds went to Pampa to shop. Amy laid her purse down to look at some dishes and it disappeared. They started looking for it and called the police station to report it. Someone had thrown it under a parked car some distance away from where they were. Some ladies backed out and found it lying there, money and all intact. A trash man was suspected, but they were so thankful to find it.

It takes a little time, but it pays to check your phone bill. Last month we had three calls we couldn't have made to people we didn't know. Saved us \$11.40 by calling about them. This month there were four that added up to \$3.40. As big as our phone bill is, nice to take off what we can.

Several from Gageby Church went to Mobeetie Baptist Church Wednesday night to hear Denzil Leonard preach a powerful sermon on Heaven and Hell. Some going from Gageby Church were Willa Fillingim, Roy and Lois Meadows, Gave Hale and family, Ray and Velma Forbes, Willis and Verna Fillingim and Aaron and Claudetta Laverty and Karen. We also enjoyed hearing Jess Patterson sing.

Rodney and Cindy Sweet and Jessie Ray of Borger were weekend visitors to Ray and Pat Hudson and Cheryl and Mary. Nice to have them all out to church. Ray and Cheryl fixed dinner Sunday and the Mothers didn't have to help. Wasn't that nice?

Earl and Oneta Kilpatrick of Harlingen, Missionaries to Old Mexico visited in the community and held services at Gageby Church Sunday. They were staying at the Evelyn Meek home. Others there Friday night for a delicious covered dish supper were Ray and Pat Hudson, Mary Hudson, Aaron and Claudetta Laverty and Caaron, Willa Fillingim, J.P. AT&T Communications of the Southwest, Inc., (AT&T) announces its intent to introduce within Texas on July 14, 1989, AT&T Multi-Quest Service, a new interactive 900-type telephone service. Since February 19, 1989, this innovative service has been available to Texas businesses only on an interstate basis. With AT&T MultiQuest Service, Texas business customers (otherwise known as sponsors) may offer value-added information services to callers originating long distance calls from Texas or elsewhere in the United States over AT&T's public switched network. A Texas caller, accessing the service by dialing the sponsor's 1-900 plus seven-digit number, can obtain recorded and/or live information by communicating with attendants, voice messaging equipment and computer data bases. Flat-rate, time sensitive usage charges will be billed to the caller for the sponsor's service.

AT&T MultiQuestsm Service

AT&T is offering AT&T MultiQuest Service within Texas in response to requests by its business customers for a service that offers intrastate as well as nationwide interactive voice & data transport capability. Potential sponsors include entrepreneurial companies entering into new ventures that are information intensive, local mass announcement sponsors who want statewide as well as national coverage coupled with interactive capability and other information service providers.

The Texas intrastate AT&T MultiQuest Service will be tariffed as an "add-on" offering to a sponsor's existing interstate AT&T MultiQuest Service. The intrastate AT&T MultiQuest Service costs will be recovered from sponsor usage charges set forth in AT&T's intrastate tariffs. The usage charges billed to the caller are determined by the sponsor as appropriate to the service being offered and are not tariffed charges.

For more information about AT&T MultiQuest Service please call your AT&T Account Executive or AT&T's business consultants toll free on 1 (800) 552-0212. They can answer your questions regarding this service and how it can be of benefit to you.

AT&T intends to file a tariff to offer this service with the Public Utility Commission of Texas on June 13, 1989, effective July 14, 1989. Persons who have questions regarding this tariff filing may contact the Public Utility Commission's Public Information Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf, or write to them at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Intrastate AT&T MultiQuest Service is projected to generate \$1.1 million in the first year of its offering or .1% of AT&T's total gross service revenues in Texas.

Enclosed is our subscription for one more year for The Times. Melba and I enjoy reading it very much.

I would like to take this opportunity in Wheeler, Mobeetie and Miami for Wheeler, their prayers when I had by-pass heart surgery on March 7. The good Lord heard and answered those prayers and has blessed me with a few more years in this life. For this I am very grateful.

Thank each and everyone of you. May God bless you and give you long life. My brother Bill told me about this. Again thanks very much.

West Texas Regional Elimination Trial

Beautiful May weather in the heart of Big Country area of Texas, greeted field trialers from throughout the West Texas Region to their annual premier event. The venue for the 1989 running of the West Texas Regional Elimination Trial was the Big Country Bird Hunters Assoc., Inc. grounds just north of Abilene, Texas. H.L. Templeton, president of the club, and his membership had their grounds in excellent shape for the trial. It was Spy Rail Buddy's day, as he combined a sparkling race and unsurpassed style on his finds and retrieves in less than favorable conditions, to best the field of 27 other entries to be named the 1989 Champion. The win ensured him and his owner-handler Greg Smith from Wheeler, Texas, a trip to Amo, Indiana, to compete in the 1989 N.S.T.R.A. Dog of the Year
