Donations Are Being Accepted For Fireworks

The Wheeler Chamber of Commerce will again be sponsoring the Fireworks Display at the end of the Sixth annual Forth of July Celebration on Thursday, July 4. The 45 minute display will be "set off" by Jimmy Adams and members of the Wheeler Volunteer Fire Department.

Donations are being accepted for the purchases of fireworks. A \$2,000 assortment of fireworks will be purchased for the display. The "type C" fireworks is scheduled for "dusk" at the ballpark next to the city park; this type was chosen to cut the expense and lengthen the display.

An account has been opened at The First National Bank in Wheeler for deposit of donations toward the expense of the display. Checks can be made payable to Wheeler Fireworks Display and taken or mailed to First National Bank, Box 1040, Wheeler, Texas 79096.

A committee has been appointed for the collection of contributions for the fireworks, but don't wait to be contacted—any Chamber member will also be glad to accept the donation.

Why be out the expense and risk of your won fireworks? Let's pool our resources and we can all enjoy the show.

OUTSTANDING YOUNG WOMAN: Stacy Adams has been named to the list of Outstanding Young Women of America; indicating that she is among the exceptional young women of America. A certificate was presented to Stacy in recognition of her outstanding personal and professional achievements. A complete biographical sketch and record of accomplishments will be carried in the 1991 edition of "Outstanding Young Women of America". Stacy is a senior at West Texas State University and is the daughter of Jimmy and Leola Adams of Wheeler.

WELCOME HOME, Exes! We, the 'folks of home' welcome you back to Wheeler. We hope it hasn't been two years since you were here last. I am looking forward to the opportunity to visit with you.

This reunion represents a lot of work on the part of the officers of your association. The officers deserve a "Thank You!"

The souvenir catalog is available again this year. This is for your use and enjoyment. Remember to keep the Ex-Student & Ex-Teacher Association informed of your address. Please help us keep the addresses 'up to date'. The association now has a permanent address, P.O. Box 1194, Wheeler, Texas 79096.

The exes names and addresses are on file at the Times office; they are filed by name and year of graduation. If you have need for contacting a group of exes, we can 'print out' the labels and/or names for you.

While you are in Wheeler, take a look around. We continue to make improvements and grow. It is still a great place to live and many of your classmates and fellow exes live here and/or in the area. We are quite proud of our town and are a very progressive community.

And, speaking of the local exes, 'get in gear' and make your appearance. Some have traveled a great distance to see and visit with you. You are an 'unofficial host' and it is a great disappointment to those traveling long distances when the locals don't show enough interest to attend.

Congratulations! to Rochelle Rives on her high rating in the State Solo competition. She earned a IV for her efforts; this is her first time to attend the competition.

Mother Nature has certainly cooperated in preparation for the reunion. Take the time to drive around town and see how proud our citizens are of their homes. The lawns are pretty and green and well trimmed.

You will notice that *Here and There* is missing this week. Yes, Mrs. Guthrie is in Parkview Hospital. Hopefully for only a short time. Wishing you a speedy recovery, Mrs. Guthrie.

In writing the column last week, I told of our visit with Melvin and Leora Elmore. In proofing my copy, Patricia thought I had left an "n" out of Leora's name; so, being the excellent secretary she is, corrected my spelling.

Earl and Leola Farris are entertaining their granddaughter, Kathy Farris, and a friend, Angela Casade from Hot Springs, Arkansas. Kathy and Angela have been over to the Stas home to visit the girls on several occasions. Good to see you again, Kathy.

It is time to say "Good Bye" to Mia Nilsson. She will be leaving Wheeler Sunday on her way back to the 'homeland', Sweden. Mia has made lots of friends in her stay in Wheeler for the past year, and we will be looking forward to your return. You will be missed.

Once again, the cherry tree is loaded and there are plenty of sour cherries for anyone wishing to pick them. Warning, we have been told there are a few worms this year, but they can be culled.

We are scheduled to stay home this weekend and entertain the Sherman family and anyone else who might see fit to 'stop in'.

Frank George Family Reunion
The Frank George Family Reunion will be held June 8th and 9th in Allison, Texas at the School Cafeteria beginning at 6:00 p.m. on the 8th. All friends and relatives are invited.

Gilmer Reunion

The annual Gilmer Reunion will be held this coming Saturday, June 8th at the Allison School Cafeteria beginning at ten a.m. There will be a covered dish lunch at twelve noon. The business meeting will be held after lunch. Relatives and friends are invited to come and visit and fellowship for the all day gathering.

May turned out to be a wet month. Someone said they waited till this week to plant their okra it was so dry. When cotton planting time came (May 10) I remembered that "he who watches the clouds, sows not and neither does he reap." So I planted mine and watered it in. Have a nice stand of okra and black eyes, and 40 million baby grasshoppers. There's lots of cars on the tracks at town waiting for the wheat harvest. Quite a bit of wheat is going into hay. Haven't seen anyone planting cotton.

Visited Esther Dickey and her grandson Gary Mears of Graham, TX, Blanche Kuykendall, Rosa and Lynn Heard, Mabel Holland, Dixie Helms, Bertha Lewis, Tammy and girls at the cemeteries. It is always a pleasure to see Bertha. Our great grandmothers were sisters. Every thing sure looked nice. This Perpetual Care Plan is a wonderful thing.

I'll begin by apologizing to Dorothy Nigh for calling her Lena. Bet George was surprised to learn he had a new wife.

This is the time of family reunions and get together. Ronald Tucker called me from Edmond to say there would be a celebration Saturday afternoon, June 8, -2 to 5- at the pavilion in the Elk City Park honoring Minnie Ray and C.R. Tucker on their 50th anniversary. Hosts will be their sons Ronald and Manford and families. No gifts, please, just visiting. All friends and relatives invited. The Tuckers lived many years in this community where he was pastor of the Sweetwater Baptist Church. Ronald was in Joe Dale's class.

Had a note from Earl Morgan, Hobart, that the Morgan-Bassett reunion will be June 15-16 at the VFW Hall in Erick. All you Flowers with Morgan ancestors are urged to come. Earl and Joe's grandfathers were brothers.

The Sweetwater Homecoming will be July 6 at the all purpose room at school.

There should be no homeless in OK. The paper says that one dwelling in 10 in Oklahoma is vacant. There should be some way to bring the

homeless people and peopleless houses together!

The Marian McCathern reunion will be Saturday, July 6 at the Coronado Inn 19th Pampa. The first cousins will meet on Friday night for a get together.

The 19th annual Zack T Miller reunion will be July 7, at the Allison School Cafeteria. Hosts this year are the Arthur Miller Families. Camper hook ups are available. I was pleased to get a card. Have quite a few Miller kin.

The Tip Sparks family had their reunion at the home place over the Memorial Holiday with all the children and spouses there but John's wife, plus most of the grandkids. Some 50 in all.

Jan Franks and boys, Vince and Eric, of Burkburnett, spent the holiday with her folks Judy and Gerald Tipton. Judy's mother Ruth Stutzman of Shamrock is a patient in the Pampa hospital.

Wonder what became of the proposed plan to make it possible to call anywhere in your county toll free? Sounded good.

Sweetwater 4-Hers have returned from the state Roundup at Stillwater. Those going were Monte Tucker, T. J. Dorrell, Jeremy Silk, Brendon Atkinson, and Jerry Robison. They were accompanied by the BK Co. agents, Loretha Roper and Ray Riddle. Oberra, sad to say but it is that time.

Uncle Sam has his hand out for the second quarter estimate. Israel only wants \$10 billion. Russia needs \$100 billion, estimated costs of the Bush war are now up to \$60 billion. The president is saying "Take care of it, Sam" Japan has put in \$13 billion but the other allies look away. Kuwait and Saudi haven't kicked in yet. It is up to us American tax payers now.

If you are over Dempsey way, take time to drive by Kahoas. They have 100 or so foot of pink and white rambler roses along the roadway. Just beautiful last week. I'm sure Con and Virgie set them, since they aren't native.

Several of our young folks are going in for summer ball. Megan and Sheila Sites, and Mandy Carlson are going to Sayre. Saw where Mandy had run up 750 points to lead the women. At present, Mandy and her mother Molly are in Connecticut visiting Kay Phillips.

Brendon Atkinson's team was going to Mangum today to play Olustee. Brad's team had a game slated Saturday at Clinton. Jamie Heinsohn is home from Girl's State at Ada where she represented Sweetwater School. Shawn Carlson was the delegate to Boys State.

Bill and Berneal Bass visited Jack and Sally Bass in Erick and Lucille Thompson. Talked to cousin Berneal on the phone. She had fallen recently and broke her arm and cheek bone.

Also visited Sally Bass, Bob Hinchey, Julia Young, Ray Smith Janie Bruner, Jewel Brown, Betty Jefferson in town. Betty said her kids, the Harold Matlocks had brought their aunt Yvonne Reed with them from Amarillo.

The Markley reunion was held over the weekend with Joe and Faye Mong as hosts. Around 65 were present for the hamburger supper. Lloyd Hammond of Reydon catered the Sunday dinner with some 80 present. The women really enjoyed having such delicious food with no effort on their part. They could visit to their hearts content.

We had a good 2 and half inches of rain this week and the worst electric storm I ever saw. Thought the thunder and lightning was going to come into the house. Heard our neighbor Ray Smith lost a cow. Our electricity was off nearly 2 hours.

It sure would be nice if our Oklahoman would quit being so biased, and try to help Governor Walters with his projects instead of running him down all the time. He's the first one ever elected west of OKC. Seems they just couldn't believe that the people could elect a governor without the sanctions of OKC and Tulsa.

Leah Barker was on the Dean's Honor Roll at SWOSU. She and her husband are moving to Kansas.

Julian and Coy Wallace, Becky and B. V. Brady and children, D'Jela Hamm and son Steve of Stillwater visited Hortense Madden over the weekend. They visited the Custer Battlefield, and Black Kettle Museum at Cheyenne.

Correction—Bob and Deb and Cory I think is right visited on holidays.

Betti said we got 1 inch rain last night Wed. I watched all that lightning, I said Wheeler was going under water, it was at Shamrock guess, 2 inches plus.

Saturday morning, Eunice Edwards had some men out working on her grandfather clock. She said cayotes, killed her smart dog, she been keeping him inside they decided to turn him out. Now those cayotes will lure your dog out away from house, then turn on him a bunch of them catch him, cut him all to piece I listen to my dog going way out barking, all of a sudden he comes home in a hurry.

Every good dog we got something would happen to it.

Saturday morning sure looks like rain, hope no bad weather.

Dorothy Ogle is better, June and Kevin are getting better slowly, from their wreck. Bill and Neta got back from Dallas, her sister's funeral.

Sue and Aundra Hersenrader are coming up to visit a week.

At 11:30 a.m. it is sprinkling little, can see it on my south window.

Bill and Nita putting fertilizer on their pecan trees.

Well 12:30 it is raining straight down. Bettiesaid out north west, there is some hail in it.

Raining more than anytime this year. Water standing on ground really Saturday noon.

Hoyle visited us last nite. She sure lost weight.

The wheat farmer will shout. Now that is a bad saying of mine, I had one grandmother that shouted, when a kid came home or anything happened that made her happy don't know.

Sheridan called just now her baby is 5 months old. Brandy, what a name for a little girl, she talked and hour as fast as she could. She is so far away, She said Randy and this construction could not go to Saudi Arabia. I am glad I can sleep better him over here. Money isn't everything.

It's real dark and quite, like something might slip up on us, at 6 p.m. Saturday.

Bob and Marylu visited George Parker in Care Center Thursday. Marylu said he was walking around and doing fine.

Still a lot of sickness around. Sunday morning, raining all morning a slow drizzle.

The prairie chicken is only in Texas they say. There is only 500 and less that are left. They still have 2 days a year to kill them.

Won't be long till prairie chickens will be a bird of the past. The little quail is getting less and less. The mother quail will hatch quite a litter

and smaller as they grow.

Sunday evening we received another shower, Bettie said she emptied our gauge last night it had 1 1/2 inches in it, now if that is right that most we have gotten this year. This will get the baby quails if they are hatched and signs of the last days. Nations shall rise against nations, kingdoms, against kingdom, Matthew 24: 7, Earthquakes, Famines and Pestilence, Matthew 24:7.

Monday 4 p.m. real pretty outside, to look through my window, sun shining little wind, a beautiful day.

Friday was Garry's Birthday. Sure hope the plane in Thailand didn't have Bob or any of his friends in it.

Doc and Lolene shopped for us, they brought them over Sunday afternoon. They go to church at Shamrock every Sunday morning.

Elbert and Ruby visitors over weekend were Shawn, Jane Ann and Curtis and Kurt, Clarence and Irene.

They ate dinner with Jane Ann and Curtis and Kent Elbert said, they had

Care Center Comments

By Lois.

Isn't the rain wonderful! We're beginning to do something right I guess.

Thank you to Ila Byers for serving juice at the Care Center last Monday afternoon. We appreciate your time.

Tuesday was spent getting caught up on Mondays business.

Janice Sparlin and Peggy Hunt were here Wednesday morning to present their Baptist Bible Study. We enjoy them very much and are appreciative of their time.

Wednesday afternoon bingo was lots of fun. Thank you to Carla Kuhn, Kim Hanagan and Helen Crawford for helping us play.

The more volunteers we have the more of our residents can participate.

Francis Hefley, Ned Burrell and Justin Burrell were here to serve juice in the afternoon. These extra fluids are very important to the residents during the hot summer months, plus a kind word and friendly smile is nice, too.

Our Thursday afternoon mending ladies were here in full force. There were lots of items that needed mending and they did a fine job as usual. Those that were here were Ardie Martin, Mary Ann Maxwell, and Bea Smotherman. Thank you all so very much.

Thank you also to LaJune Alexander who came to fix popcorn for us. We like to see her come through the door each week.

Our residents enjoyed a special treat Thursday night "The Joyful Noise" group from the Shamrock United Methodist Church were here to sing. This was their first visit to the Care Center. Everyone enjoyed them very much and we hope to persuade them to come back soon! Thank you all for coming. The members are: Noel Boyd, Pamela Williams, Sabrina Landrum, pianist, Lola B. Brannon, Sandra Pease, Vaneta Kullner.

We would like to welcome a new resident from Boise City, OK, Movelda Franks, better known as "Bo". She is a sister of Minnie Pakan who resides near the Pakan Community.

Reminder: The Care Center is trying to form a support group for victims of Alzheimer's Disease. Anyone who may be interested is invited to attend our first meeting June 11th at 7:00 at the Care Center or contact Jean Scales at 826-3505.

It has come to my attention that Melba Montgomery (our Sunday School Teacher) is ill. We hope she is feeling better soon.

Thank you to Rev. Robert Helsley and members of the First Baptist Church for providing afternoon worship at the Care Center. We appreciate your time.

See Ya Next Week!
Lois

60 Day Layaway Plan

Ain't It The Truth

By Ab Gunter

Horses somehow have been a part of my life that I never gave much of a thought too. I can't remember the first horse I ever rode, but when I was a little shaver I rode a calf. It was a gentle one we were raising to butcher and when I took the calf to the grass I would wind up the chain and hop on the calfs back and head for the grass, stake it out and tiptoe back through the sticker patch. One day as I got on the calf bringin it back to the barn I happened to have a sticker in the seat of my britches and as I landed on top of the calf the sticker must have penetrated its hide and caused it to buck and run. The chain got twisted around my arm, I fell off and for a week my Mother picked stickers out of my exterior posterity er in common term, my tender little butt.

My father was the first sheriff of the county that had a car and before that he rode a horse. I guess all the family had ridden horses and look like I should be a horseman but I ain't. One time I was sittin on a dapple grey fat horse and he switched his tail and off I went. Another time one belched and off I went, so you can see I ain't what you would call a cowboy. One time three of us rounded up 1400 head of horses from the David mountains and penned them but if the Snide I wuz ridin would have got out of a trot I would have been in trouble. Know what I mean?

One of my nephews was one time contender for World's Champion in saddle and bareback broncs and I recon his brother still rides on his ranch every day and he is in his 60's. Here I am sittin on a swivel chair tryin to write this stuff and I have on a safety belt to keep from fallin off the durn thing. Oh wait, this little fat wife of mine loves to ride horses and would probably have one but I tell her it's undignified for a great grandmother to do such vulgar things as to ride a horse. Hope nobody tells her how much fun she would have if she could get out in the woods and ride for miles and across the hills enjoying the beauty of this country.

Some years back I worked at a Horse Track in New Mexico and over the years was around thousands of horses and the pony boys, Jockeys and all the ranchers that owned these beautiful steeds and all the money that was won on the horses. One race that was quitesomething was the All American that was on Labor Day and it was a very quick race. One time it was won in less than 20 seconds. How about that!

I used to remember names like Tonto Bar Hanks, Jet Deck and Fly Licka Bird but any more I can hardly remember my neighbors handle.

One of these days I hope to write a book about a couple that raises horses and plan on being in the Winners Circle of one of the big races soon. They have had many spills and recoveries in racing and just this morning Speck called and told me of one of our close friends that won a good race in Kentucky and got the silver tray and a bit of dough for his endeavor. This friend has been training and

working horses for years and the colt that won for him yesterday was named for one of the great jockeys of our times. The jockey was a triple crown winner and I know somewhere in Heaven he is grinnin about the colt named for him is going to be a dandy. The name of the colt, oh heck I durn near forgot, it's "One For Smokey". It was named for Smokey Saunders who we have known for many years. The friend that owns the colt we have known for many years here and in New Mexico. Recon me and Mama have been blessed with friends from all over and when one of them do well in their business we are as thrilled as if we had done it. I always say "Via Con Dias".

See you next week.
Love,
Ab and Mama

Hooray! the millers are just about all gone! Mademethinkoftheplagues of frogs, flies, lice and locusts that God sent on the Egyptians so they would let the Israelites go and to show His mighty power. It was interesting to read in the Encyclopedia how the adult moth or butterfly lays a tiny egg on a leaf that hatches into an army worm (from our millers). It feeds greedily, molting its skin several times, spins a silken cocoon in which it changes to a moth and comes out much different from the worm that went in. Sorta like it says in the Bible that we will have a new and glorious body

when we are resurrected from the dead, if we have died in Christ. Sure hope all the eggs the millers laid don't hatch into army worms to eat up the countryside. We must have squished, vacuumed up and emptied out of light fixtures well over 1000 millers. Glad they don't bite or eat things in the adult stage. We never had so many or stayed so long before.

Moriarty, New Mexico for Kulani McElroy's graduation from High School. We enjoyed visiting with Kulani, Don and Mayme McElroy, Lajuana, Josh and Tracy and Chris and Mitchell Davis from Colorado and Gloria Brown. Kulani has stayed with Gloria and husband Tommy this school year. Don and Mayme and Josh live in Lubbock where Don works with computer sales and monitoring paroles. Lajuana was leaving June 1 for Southern Baptist River Ministry along the border of Texas and Mexico for the summer till August 9. Moriarty is about 38 miles east of Albuquerque on I-40 and is pronounced sorta Moriarty. We had fun seeing all the many states vehicles were from when not

going too fast.

A Mother That Cares

To the people of this community. You should not condemn other family members. For what one has done. The people should not condemn anyone. Jesus Christ don't condemn them. Everyone has made mistake in their lives. No one's perfect anyway. People are intitle for another chance to do better. If our savior can forgive our sin repeating. Other's on this earth should swallow their pride and feeling's. People of the community should keep their opinion to their self. As other family member's are already torn up about what's happen without the people in the community condemning them. Especially other children in the family it's not their fault. From a mother that cares for and loves her family.
