Breakfast will be served Saturday at the Wheeler Fire Station. I highly recommend this event. These men prepare and serve a fine meal. If you go away hungry, it's your own fault.

The First United Methodist ladies will have their annual County Store at the church atrium. Beginning at 5:30 the ladies will serve a traditional Thanksgiving meal. (This is good eatin' also.)

Looks like Saturday will be bad for dieters.

Mark Marshall was given Honorable Mention in the Amarillo paper's Player of the Week. He rushed 36 times for 203 yards and two touchdowns in the Mustang's game with Clarendon.

## MUSTANGS TO PLAY CANADIAN FRI.

When Canadian leaves Nicholson Field following Friday night's game at 7:30, they will be on either side of the extreme. If they defeat Wheeler, they're district 2-2A champs, which is a huge surprise considering pre-district predictions. But if they should get upset by the Stangs, well, they're either out of the post season picture or flipping that dangerous coin to determine their fate.

Canadian's defense has been the foundation of their success in district play. The Wildcat defense has allowed only 33 points to four explosive offensive 2-2A teams and put themselves into the position of stealing away the district crown by upsetting last year's Class A state champ Memphis, 13-12 last week. The Mustang defense in comparison, has allowed 187 points to the same four district opponents. Canadian's offense probably isn't comparable to offenses like those of Memphis or Clarendon, but they do score enough points to win games which is (Continued Page 9)

To the Editor  
The Wheeler Times

Dear Mr. Editor,  
I feel compelled to write in response to an article in your October 22 issue of the TIMES. Mr. Bill Morrison wrote concerning the "Emmaus Walk", suggesting that it is not a proper vehicle for one who wants to become a better and more dedicated Christian. I recognize the respect that Mr. Morrison has in the Wheeler Community and therefore the damage his charges may do to this most excellent means of Christian renewal. As a former pastor in Wheeler, with some credibility among many of your readers, I write to set the record straight. I do so from my concern that Mr. Morrison obviously writes from an uninformed if not misinformed position. Certainly he has a right to express his opinion on this or any other matter affecting the Christian community, but I feel he owes it to his readers to get his facts straight rather than making charges that are without foundation. I speak from personal experience concerning Emmaus. I have attended the "Walk", have worked as a Spiritual leader in three others, and now serve as Spiritual Director of the Golden Spread Emmaus Community.  
I am just one of some 1500 Christians who have attended the Walks conducted by this community alone. These come from almost every Christian church in the Panhandle of Texas, Eastern New Mexico, Western Oklahoma, Colorado, and Kansas. I would point out that the proof of its value in the lives changed and enriched by having experienced it. All one needs to do is to talk to one who has attended. As I read Mr. Morrison's comments I was reminded of the story from the Gospel of John, Chapter 9. There was a man born blind who received his sight at the hands of Jesus. When questioned by the Pharisees as to the details of how it happened he replied, "...One thing I do know. I was blind. Now I can see." John 9:25 For those of us who have experienced the marvelous outpouring of God's love and grace at an Emmaus Walk, we may not begin to have a perfect explanation for exactly what happens, or how, but we do know that lives are changed and enriched. Some attend with great burdens and myriads of problems and find relief. Some go simply seeking a deeper personal relationship with their Lord and are seldom disappointed. Some participants have met and received Christ as their personal Savior and Lord while on a walk. This is not the norm since the event is designed for Christians. Whether persons go with special needs or simply go because a friend suggests it, one fact remains. Countless persons have experienced great spiritual growth, healing and renewal while attending a Walk to Emmaus event. These ordinary Christians then returned to their individual churches to be better members and workers. They return to their homes to become better wives, husbands, parents and children. This is the true purpose of Emmaus, indeed, it is the only purpose. Emmaus has benefited thousands of Christians, their churches and their communities all over the world. It is not the only way to meet Christ in a rich and blessed way, but it is one way that is richly rewarding to all involved. Just as those first pilgrims on the Emmaus road had their hearts burn within them, as they recognized their risen Lord when he breaks bread with them, (Luke 24:13-35) so participants today experience that same burning, emotional desire

to share their own experience with the risen Lord when their own hearts are set aflame. When one experiences that fulness of God's love and grace, through Bible study, prayer and shared worship, it is no emotional ploy that grips them. It is the power of the Holy Spirit that burns within and drives them as they return home acting strangely, wanting everyone to share their excitement and their experience. Just as those first travelers had an emotional experience that may have caused their friends to doubt them, so do today's pilgrims, but the real proof comes when the friends experience it for themselves. Personal experience is the only proof. It is easy for one to stand on the outside and like the Pharisees condemn anything different they do not understand, but we who are leaders in the Christian community, owe it to our followers and to our Lord to express only informed opinions.

Emmaus is not a secret organization. Credible information can be obtained from any person who has attended or from most United Methodist Pastors. These events are carried out under the auspices of the United Methodist Upper Room and have been attended by persons of most every Christian group, Protestant, Catholic, non-denominational, and liberal to fundamentalists. Its pilgrims are made up of persons in their ninty's to teens, representing all races and economic classes. All Christians (the only requirement) are invited and will be blessed by attending a walk to Emmaus. You may consider this an open, personal invitation.

## JESUS IS STILL LORD

What was perhaps the most critical and important election up to this point in our lives is over. A lot of people worked hard and long for what they believed in and for candidates they thought would be the best for the job. There are many of us today that can say, "We did what we could for the principals we believed in".  
Obviously, there was disappointment in some areas and there was excitement for a lot of folks in other races. But the most important thing of all is that God wasn't up for election. He wasn't dethroned. He still reigns and Jesus Christ is still Lord. Eventually, all other individuals will bow their knees to Him.  
The church had an effect. The Word of God clearly reveals that it is the responsibility of the church to expose the works of darkness. The church is the conscience of the nation. The church is a force to be reckoned with. Ungodly people in positions of governmental authority don't usually like that, but the Word of God states that people in governmental positions are ministers of God. They are accountable to Him, and God's church and preachers are called by God to call corrupt leaders into account.  
The greatest tragedy is for the church of the Lord Jesus Christ to sit silently and let wickedness and corruption prevail. Christ said that we are the salt of the earth. We are to be salty. We Christians are the light of the world. One thing light does is "invade and affect" the darkness. God never believed in separating the church from involvement in governmental affairs. There is quite a long list of preachers and prophets in the Bible who were involved in government. Some of God's people in the Bible were in positions of governmental authority, such as Joseph, David and Daniel. Others were responsible before God to confront authorities with their sins, such as Nathan, Isaiah and John the Baptist. That happens to be one of my responsibilities. God doesn't want me to run for any office, but He requires of me as one of His preachers to speak out on issues as they relate to the Word of God.  
I've done my best. Certainly, I am aware of the fact that not everybody likes me, but I'm not in a popularity contest. I feel a sense of relief right now after this election, but the rest period is very brief. There is much work still remaining. The only thing necessary for evil to triumph is for God-loving people to do nothing. As long as we just gather in our little church buildings and sing some songs and encourage each other, but do nothing to affect our society, we may be having a good time, but we are not right with God.

## Mobeetie Cemetery Association Fall Meeting

The Fall Meeting of the Mobeetie Cemetery Assoc. was held Thurs night at the hospitality room of the First State Bank with Randy McCurley in charge. Randy gave a financial report. Bill Ridgway gave a report on the grass burr treatment. Due to Government rules we can't spray the cemetery. It is a public place & you have to have speciality license. No one here has a license for this type of spraying. There is still not any figures available

Diane Estes, Savannah, Ashley, Amber, Bailey & Hailey all attended the wedding of Jennifer in Amarillo.

for the sign. Also discussed was the wall at the last end of the south side. It was decided not to do anything to it for now. Jack Hefley made a motion the Association hire Dale Corcoran to take care of the cemetery. This was approved. The Association will buy a riding mower & new weed eater. Dale will mow it 4 times with a work day before Memorial Day & Labor Day. It was decided to use some of the grass burr fund to help with the salary & keep the grass burrs from heading out with more frequently mowing & cutting our of the plants. This will be slower but if it's kept after several years. The problem will be less each year. Since the Government has our hands tied for spraying. This may be the only way to control it. The group will try this for one year. If a caretaker is kept there will have to be donations made to help pay the salary and keep the equipment up.

Fax (512) 908-1212, by 5:00 p.m. on Thursday, November 19, 1992. The Examiner cannot grant party status after that deadline, unless there is good cause for the request arriving late. Hearing requests, comments, or other correspondence sent to the TACB before publication of this notice will not be considered as a request for party status. No correspondence should be sent to any member of the Texas Air Control Board at any time regarding this hearing. The Examiner will decide on party status at the first prehearing conference.

**PREHEARING CONFERENCE**

The Examiner has scheduled the first prehearing conference to be held at 1:30 p.m. on Monday, November 30, 1992 at the TACB Central office, Room 143-E, 12124 Park 35 Circle, Austin, Texas 78753. At this conference, party status will be determined and a schedule will be set for the exchange of: (1) written and documentary evidence, and (2) a list of prospective witnesses with a short narrative summary of their prospective testimony. The TACB has no legal jurisdiction over additional vehicular traffic per se or noise which may result from a proposed facility's operation.

forwards, Hope McCord had hurt a finger earlier and can't play till after Christmas holidays.  
Nice to have Brad and Sue Chandler and Bridgett and Jana join us for supper at Maxey's Friday night. Then we went out and played a close game of 88. Lots of Memphis people eating at Maxey's on their way to a football game at Canadian. Canadian won 13 to 12. We also met 6 Childress school buses on their way to Perryton. Childress won 20 to 19.

We enjoyed visiting with Bulldog and Dorothy Walker at the Wheeler Dairy Queen and Fat and Ruby Jones. The Walkers have made 7 trips to Rogers, Arkansas and spent most of the last four months there to take care of Bulldog's sister, who is very ill. Had an auction and selling her house.

There were a lot of little kids at Wheeler Christian Center Church Saturday night for an exciting Gospel Bill film. Then they were going to the school for refreshments. Pretty interesting.

Nice to have Aaron and Claudetta Laverty and Caaron come over for

lunch Sunday and a good visit. I enjoyed visiting with the sweet people at Wheeler Care Center Friday when I pushed the juice cart. Glad to see some were improved in health and responsiveness.

Nice to have Jeanette Johnel come by for a little visit Wed. She still works at Abraham home in Canadian, but had come for a visit to her grandparents Verneal and Janita Prater.

Nice to see Marie Wright and son John David Wright and his girl friend and Ann Beutler and Johnetta and Renee eating at Maxey's Friday night.

Nice to have a call from son Danny Fillingim. He's working on a pipeline in Wisconsin. Pretty nice up there, but have had some snow.

We had lots of good singing at Gageby Church Sunday night. Those singing were Alesha Moffett, Ray Forbes, Claudy and Ina Mae Brotherton and Doris Finsterwald, Evelyn Meek and Lois Meadows, Chuck Hartline, Pat Hudson and Winnie Gilmer. Also a puppet show and singing by the younger youth: Susie Luttrell, Doug, Mark and Matt Helton, Monty Hand, Aaron and

Tamera Hartline, and Terri Crowover, Piano solos by April Finsterwald and Rosalie Keelin. Readings by Willa Fillingim and Ray Hudson and harmonica by Willis Fillingim. Claudy, Ina Mae and Doris attended Gageby Church for many years. Always nice to have them come back and sing for us through the years - part of our church family. Other guests included Venson and Faye Smith, Andy Finsterwald.

Martha Meek went to Abilene over the weekend with Mack and Linda Sides to visit Jimmy and Shannon Sides and Cody.

Missed her at church.

Sunday dinner guests at the Evelyn Meek home were Dale and Lisa Helton

and Matt, Doug, Mark and David.  
Ray and Pat Hudson and Christina went to Amarillo Friday and visited Cheryl and Sonya, Paul and came back Saturday and brought Ma Mary for the weekend.

They all ate lunch with Oden and Lois Sunday. Nice to have Ma Mary and Lois Hudson out to church. Mary planned to stay till Tues and go to Wheeler Senior Citizens.

Glad to hear Jewell Holloman was able to go home from the hospital. Her daughter, Jean Pollock from Maryland is visiting her.

Remember Marion Grimes in your prayers. He's been in Parkview Hospital with blood pressure problems.

Nice to have Sue Ratliff come down for a visit Thursday.  
"God be with you till we meet again."

teers. I understand that there were other ambulances from the surrounding area. I thank them for their assistance also.

Though it is virtually impossible to thank each one, individually, from every fire department and ambulance service, in behalf of my family, I do want you to know how much we appreciate your efforts, and we do thank the Lord for the services you perform. May God's richest blessings be upon you.

Sincerely,  
Maurita Strubling

**Here & There**

County election is over. Since the issue carried we will just have to wait and see if we get the chance to build a prison at Shamrock. This writing must get to the Times' office before tomorrow's election begins. But tomorrow's election is the one that will prompt the excitement. I just can't wait! But just think of today & tomorrow. Mr. Bush covers three states, Mr. Clinton covers eight states and Mr. Perot is way out in California. I don't know how much territory he will cover but I'm sure it will be enormous. How much of this country could candidates have covered in 1900 or in 1925. Well, a lot of you can't believe there was a time when we didn't have air travel, TV media, etc. I sorta feel sorry for you.

Well, I told you last week that if the thermometer continued to drop, the gas meter would gain speed. It happened. There will be no more minimum gas bill in the next several months. Just be glad we have a way to keep warm and food to eat. That reminds me. I know that a lot of you do not know that a couple of our own people who are Wheeler Citizens, are working right in the middle of the "worst in the world" in regard to human suffering (Red Cross spokesperson) Yes, Bill and Kay Stiles are working on the "Horn of Africa" which is so familiar via TV. Bill has here-to mostly served in the Air Ministry. But this summer they have worked with "hunger relief." Their home previously was in Tanzania, but they are now planning to dispose of most everything and serve in Somalia mostly a nomadic life, where there is tremendous hunger. They are trying hard to keep people alive. That puts a lot of burden on us - more interest, more support and more prayer.

I got the above information from a letter directly from Kay and Bill. They periodically send a letter to the local Baptist Church. There it is copied and mailed out to individuals. If you might like to contact the Stiles, this is the Address: Bill and Kay Stiles, P.O. Box 47834 Nairobi, Kenya.

I'm doing the small chores all by myself today. Melinda has gone to take Lydia home. She (Lydia) stayed with her son, Bobby and family, in Amarillo on Sat. She had the pleasure of seeing her 8 yr. old grandson play football. Kids Inc., Bobby is coach. Also she had a chance to cuddle 10 month old Megan. The family brought Lydia back here on Sunday. Melinda has gone to take her home.

Fairview, Okla. is a nice town. The

people seem to be good and industrious. Lydia likes her work and attends church. But the town is so isolated. No bus, train or plane transportation to any place. Lydia doesn't drive her car on long trips, hence the reason for going after her occasionally.

Our friend, Hestill Killingsworth spent last week in an Amarillo hospital. She is at home now and feeling better.

I visited the Sr. Citizens quilters last week. Wish I could help them quilt. I did so enjoy visiting with them.

**SWEETWATER NEWS**

By Mrs. Joe Flowers

**SWEETWATER NEWS** Halloween is here again and the spooks are on the move. Our big tiger cat has disappeared. We are afraid he went trick or treating and a coyote caught him. everyone had a big time at the school supper and carnival.

I got called up on Earl Hill charging a dollar to tow us across the river. Frank said it was 50 cents. The reason we had to go was The Covered Wagon was the first 'talkie' to come to Erick.

We are all saddened by the death of Roger Miller. He never forgot where he came from. Some of the big timers will hardly mention their state, much less the community.

Callie and Ernest Prock are celebrating their 72nd wedding anniversary November 4, congratulations.

Ray and Betty Sites have been on vacation. They visited Radonna and Jerry Christopher at Burkburnett. Also

the Fairdean Kings at Texoma. Mr. King taught at Sweetwater a few years and was pastor of the Buffalo Baptist Church.

Woody Miller was honored with a party last Sunday at Clinton on his 80th birthday. Hosts were Ernest Wayne, Carol, and Sue Miller. They had a cookout with lots of homemade ice cream. There was a lovely birthday cake with a miniature barn, tractor, chickens, and other animals on top. Guests were Woody and Leona, Joe from Earth, Glen from Amarillo, Betty Ann James, OKC, Danny and girls, Becky, Lucinda, Danielle and Julia, Gene, Pam and Jeffrey all of Erick, Gail Dorrell of Texola, Lavonne and Vernon Bailey visited the Millers on Saturday night.

We saw Carl Billey on CH 25 telling all about the Honey Festival at Erick, November 14, 15. Arts and Crafts Show both days. On Saturday, parade, flea market downtown, entertainment at the high school auditorium, all day. The Kitchen Band will play from 11 until 12. There will be a Gospel singing that night, and many more things. See you there.

Joe went down to see Dr. Trissell Monday for his 3 month checkup. Got a good report. I went yesterday to Dr. Belardo and had my other cataract removed. Saw the Lee Copenhavors, and Bonnie Anderson there.

David went over to the hospital to visit Minnie Culver. Found her moved to the extended care unit at Sayre Hospital. May Atwood was in the room. They had a good visit. We used to farm her grandparents farm when Tony was small.

Pauline Roberts visited Lola French at the Sayre Hospital. She is doing very well Bertha Dillingham is in the room with her.

Memorial services were Tuesday for Doyle Reed at the Martin Chapel with burial at Fairlawn. I haven't seen Doyle since he was a small boy and lived at Saltflat. His grandfather and my mother were first cousins so guess we were cousins too.

Services were Monday at the Martin Chapel for Lester Bartz who died at Amarillo. They used to be our neighbors. Their son Coy and Tony were great friends. Burial was at Brookside Cemetery. His sister Gertrude Coffey is our neighbor.

Rose Abia has a new grandson, James Randall Abia born Sunday at Liberal, KA. His parents are Randy and Linda.

Betty Brothers and Jack Criswell have been to Hobbs, New Mexico where they attended a birthday celebration for his brother. They also went to a wedding reception for friends who were married in Hawaii.

The Erick Kitchen Band went to the Hensley Home at Sayre with a good crowd out. Band members were Basil and Billy Doss, Bess Perkins, Leonard Taylor, Jack Criswell, Betty Brothers, Iona Miller, Rose Abia, Hazel Francis, Lillian Foshee, Mabel Holland, Joyce Matlock, Margaret Boney, Murray Orgain, Roy Swagger, Richard Crawford, We Three and Ole Five String.

I don't have nearly as many shoes as Imelda but do have several pairs that I keep under the bed. But they aren't content to stay in neat pairs. No indeed! They crawl around and visit. I've got so tired of trying to find a certain pair that I have resolved to wear the first two that match.

Irene Burckhalter and Fern York shopped in Elk. Had a nice visit in the store with Dorothy Brown and Bernice Ballew. We saw Opal Nabors, Lucille Ward and Helen Howell in the store. Irene also stopped by to see Teddy Burckhalter who isn't very well. Son Paul of MO is at Corpus Christi fishing without much luck.

Page 8—Thursday, November 5, 1992  
"Wheeler, town of friendship and pride."

Carl Garrett, Dale and Sue Roberts, KA Royce and Kay, Gene Kuykendall, Lynn and David, San Antonio, were here for Gertrude Garrett services.

There was a nice piece about Wheeler in the Amarillo Times. It is such a good looking town with lovely homes and yards. I did think they might have mentioned the Care Cen-

ter, big Thriftway, The Times, and the Farmers' Market. We knew some of the folks mentioned. Frankie and Nancy Clymer are SW folks.

Leona Miller was hostess to the Mayfield Club this week with the lesson on 'how to entertain and enjoy yourself'. It used to be EHC but now they are FCO-Family, Community, Education. Those present were Mary Bollen, Birdie Whipkey, Clella Dye, Blanche Kuykendall, Anice Hinchey, Anna Laura Wells, and hostess Leona.

## SEVENTH GRADE DOWNS CLARENDON, 42-12

The Wheeler 7th grade Colts responded to last week's tie with Wellington by exploding for 22 first quarter points in route to a 42-12 rout of Clarendon. This victory raises the Colts record to 7-0-1. Jeremy Davis and Bryan Judd provided a 1-2 punch against the Clarendon defense as they rushed for 139 and 87 yards respectively. Marshall Flowers celebrated his birthday by scoring 3 touchdowns. Wheeler opened the scoring on a 2 yard quarterback sneak by Flowers with only 1:59 gone in the 1st quarter. Judd tacked on the 2 point conversion. Clarendon responded by three plays later with a 77 yard run; however, the PAT was stopped. Wheeler remained in the lead 8-6 and never looked back. Another Flowers sneak and a 4 yard run by Judd and another conversion run left the Colts ahead of the visitors 22-6.

In the 2nd quarter, Flowers added his third TD. The 33 yard score capped a 5 play 46 yard drive. At the half, Clarendon had only 82 yards of total offense.

## THIRD WIN FOR EIGHGH GRADE COLTS

The Wheeler 8th grade Colts continued their impressive win streak and ended the season record at 4 wins and 4 losses with a 36 to 20 whipping of their Clarendon counterparts. The win puts the 8th graders in a position to tie for the district crown with a victory over Canadian Thursday in Canadian.

In the Clarendon game, the Colts were in control from onset as they scored in each quarter as they rolled up 305 offensive yards. The defense held Clarendon in check with only 8 points and 170 yards through 3rd quarters. The visitors from Donley County did add 12 points late but the game had already been decided. Dusty Case opened the scoring in the game on the fifth play of the drive on a 6 yard sweep. Jason Porton then scampered for the two point conversion for an 8-0 Wheeler lead. Following a defensive stand where Clarendon turned the ball over on downs, the Colts struck again. Porton completed his only pass attempt of the game, but made it count as it was good for a 21 yard touchdown to split back Ramon Meraz. Case added the 2 point conversion. This concluded the opening stanza with Wheeler holding a 16 point margin.

The Wheeler 8th grade Colts continued their impressive win streak and ended the season record at 4 wins and 4 losses with a 36 to 20 whipping of their Clarendon counterparts. The win puts the 8th graders in a position to tie for the district crown with a victory over Canadian Thursday in Canadian.

In the Clarendon game, the Colts were in control from onset as they scored in each quarter as they rolled up 305 offensive yards. The defense held Clarendon in check with only 8 points and 170 yards through 3rd quarters. The visitors from Donley County did add 12 points late but the game had already been decided. Dusty Case opened the scoring in the game on the fifth play of the drive on a 6 yard sweep. Jason Porton then scampered for the two point conversion for an 8-0 Wheeler lead. Following a defensive stand where Clarendon turned the ball over on downs, the Colts struck again. Porton completed his only pass attempt of the game, but made it count as it was good for a 21 yard touchdown to split back Ramon Meraz. Case added the 2 point conversion. This concluded the opening stanza with Wheeler holding a 16 point margin.

## Weight Loss Mystery Baffles Scientists

WASHINGTON -- Scientists are baffled by a natural food ingredient that caused people to lose weight even though they were instructed not to alter normal eating patterns.

Although other scientists and studies may not agree, a study published in *The British Journal of Nutrition* found that the ingredient, a natural plant colloid, can cause significant weight loss. Several explanations for the weight loss are suggested, but the most likely according to scientists in a Finnish study, is that colloids seem to decrease the intestinal absorption of calories. However, universal acceptance of this theory will depend on further study.

National Dietary Research, an organization committed to the research and development of nutritional solutions to world-wide health problems, has successfully isolated and incorporated a series of colloids into a unique food tablet called Food Source One. A significant breakthrough in nutritional weight control, Food Source One provides a scientifically designed method for weight loss. When used as directed, Food Source One replaces high calorie fats with lower calorie nutrients, thereby providing optimum nutrition with a minimum number of fat calories. According to a study in the *American Journal of Clinical Nutrition*, you do not need to restrict the amount of food you eat to lose weight, just the fat.

Food Source One is unlike any other product on the market and is available immediately because it is not a drug and only contains natural ingredients already known to be safe. Physicians and pharmacists are praising Food Source One as a natural, drug free alternative for confronting obesity.

## CLARENDON THUMPS MUSTANGS

The Mustangs are definitely experiencing some mental health problems. They're a team with a split personality. The offensive persona is quite good. The defense, meanwhile, is, well, not quite good.

How else can you describe a team that runs 78 offensive plays, has their runningback Mark Marshall grind out 203 rushing yards on 36 carries, and controls the ball the majority of the game while Clarendon runs only 34 offensive plays but still out gains the Stangs in total offense, 377-343? Wheeler showed it can execute offensively but once again proved that their defense is sorely lacking to compete in district 2-2A as Clarendon big-played Wheeler to death en route to a 49-12 shellacking.

Tailbacks Ricky Smith and Spencer Smith and punt-returner Corey Fields were the catalysts for a Clarendon offense that averaged eleven yards per play. Spencer Smith was the first half hero for the Broncos as he rushed for 137 yards on 8 carries in the opening half with two touchdown runs or 54 and 63 yards. Ricky Smith was the second half king as the quick junior scooped up 131 yards on 5 rushes with two touchdown jaunts of 83 and 40 yards. Fields set up the Broncos for

two other second-half TD's when he returned one Joe Dan Ledbetter punt 40 yards to the Wheeler 10 that resulted in Bronco quarterback Chad Campbell's 8 yard run with 9:12 left in the third quarter that boosted Clarendon's half time lead of 21-6 to 28-6. Fields returned another Ledbetter punt 56 yards to Wheeler's 4 that set up fullback Wesley Smith's 6 yard score with 9:52 left in the game that gave Clarendon a 42-12 lead. Fields was also perfect on all seven PAT kicks.

Wheeler's brightest spot was Marshall. The speedy senior scored both of the Mustang touchdowns and accounted for one-third of the total Wheeler offense with 228 total yards rushing and receiving.

Marshall gave Wheeler a short-lived 6-0 lead when he capped a seven play, 70 yard drive with a 3 yard run. The drive was highlighted by a 27 yard pass from QB Chad Dunnam to wingback Joe Dan Ledbetter that set up Wheeler with a first and ten from the Bronco 28.

Marshall breathed a little life into the Ponies after Campbell's third quarter score. Marshall went in from a yard out to cap an impressive 17 play, 80 yard drive. Wheeler mixed it up on this drive as Dunnam completed three passes for 38 yards, and run for 15 yards while Marshall rushed nine times for 27 yards and picked up 26 yards on a screen pass that gave the Stangs a first down from the Clarendon 28. Marshall's score came with 3:03 left in the third stanza and made the score 28-12.

Clarendon did a good job of stiffening its defensive backbone when Wheeler got inside the Bronco 20. Wheeler had three drives stopped inside the 20 without any points to show for them.

### Canadian vs Wheeler (From Page 1)

all that is really needed.

Wheeler will be charged and rejuvenated going into this crucial contest. The Mustangs are totally out of the post season picture but will be psyched in hopes of buoying the Wildcat title run. Rejuvenation will come in the form of one Genaro Meraz, the fullback-inside linebacker who has been out for all of district play due to HB17 but will be eligible come Friday night. Meraz' only action this season was in the Ponies' only victory, a 42-13 pasting of Booker, in which he rushed for 104 yards at fullback and ranged all over the field making play after play from his linebacker spot. The Stangs have had "an entirely different defense in practice this week" upon Meraz' return according to Coach Karcher. Meraz is the spark plug to the Stang defense and as long as he plays like he did against Booker, the defense will feed off him. Given the Wildcats' offensive abilities and since Wheeler has moved the ball well at one point or another against every 2-2A team, who knows, if the Pony defense comes to play, maybe the Mustangs can pull off the biggest upset of the season and brighten hopes of the play offs for 1993.

## Ain't It The Truth

By Ab Gunter

I been trying to figer out what deystroyed our American Way of Life. I finally figer it out. That durn Italian Joe Dimagio did. Yep I have dug up evidence uv one of his first Mr. Coffee instruments found in an ole Doctors office on the north side uv the square. Think I'm kiddin? Just look back many years ago an you would see the Doc an the Banker sittin next stool to you at the Cafe enjoying all the knowledge flowin fum the lips uv some joker like me.

Many times I have set next to Doc Nick there at Fatty Morris Cafe an maybe our only lawyer D.O. Beene (the only replublican we had rite there in town), D.O. wore a black suit, a string tie and had sort uv dark beedy eyes like most republicans I know but I liked that bird. He would laugh an smile and joke with you if you let him. Now us democrats didnt have much time to cut up with anybody we wuz died in the Wool Democrats but somehow, ever once in a while we would elect one uv them Republicans to office.

What I waz gettin at at the begining wuz this Dimagio Coffee builder. Honest any more you dont hardly ever see a genuine Lawyer or Banker in the Coffee shop and goodness knows how long has it been since I seen a Doc in one uv them places. I think the main reason is that back in them days often you could get a free consulation fum the Doc if you really acted punie er had a hackin cough but now days forget it if you get a knod fum a Doc he er she will likely have thier little pad with em an youd be charged for the knod. Any more you hardly ever even see a Used Car Salesman in one uv them joints. The only way I figer out that we can see our Doc er Lawyer er Banker is for us to get sick, be broke er maybe have one uv our kids to

dishenherit us. But that would cost more than a cup uv coffee. I wuz always in suc a low income that I never even got a cup of coffee in one uv thier offices, how about you?

By the time you read this we will have elected another President to run this great country of ours. I hope that who ever it is wont try to sort uv socialize our medical situation, I have had friends that uere under such a situation and found it much to thier dislike. You sort uv got a number when you went into the office an that wuz your position no matter what wuz your ill. I know a couple of Doctors that snuck out of Cuba many years ago and they told me that even thier had numbers an when your number was called you met your patient maybe for the first time and knew nothing of thier previous illnesses. These Doctors said it just wasnt working so they escaped here to our primative type uv medicine. many times we, you and I both, didnt get to see our Doctor just when we wanted to but we did get to have them as our Doc.

With all these things such as decreasein Social Security an makin hundreds of bucks on yore Medicare an increaes uv taxes I have got so nervous I have to eat my soup with a straw. Honest Mama has to funnel a drink uv water down my throat. What do these politicians think we are? I honestly think they feel we are ready for recyclin er maybe worse. We have

A Missionary is coming to Wheeler Church of the Nazarene, 801 S. Alan Bean Blvd. Wheeler, Tuesday Nov. 10, 1992 7:-9:00 P.M.

This is a treat that all well want to enjoy: "We have prayed for missionaries, studied about them: now we can meet and hear one". They'll also share with us needed equipment for use on the field of service.

The Shamrock Nazarene Church will be joining us in this special event.

This missionary service is important: to me, to our people, to our church, to our missionary, to the field represented, and to the cause of holiness evangelism around the world.

You are invited to share this time of enrichment with us. May God make it a real blessing to you.
