## Rig Being Built For Wildcat Well North of Wheeler

Phillips No. 1 Porter Well Is Being Plugged; Leasing Activity Is Reported.

Materials have been trucked in and H. C. Robinson et al are rigging up with intention of spudding by April 1 on their No. 1 Morgan wildcat oil test, at southeast corner of section 35, block A4 of H&GN survey, three miles north of Wheeler.

A full crew is at work and the rig building job is being speeded as much as weather will permit.

Phillips Petroleum is reported to be plugging the No. 1 Porter test in section 35, block A8, 5 1/2 miles south and west of Wheeler. Total depth is 7,140 feet.

Major companies and individuals are said to be busy at this time taking leases in east part of the county. Most of the land taken is north of Sweetwater creek and lies directly east of the block assembled for the Robinson-Morgan well.

## Hens Pay All Farm Costs for These Men

179 Farmers in County Realize Big Profits From Poultry.

One hundred seventy-nine farmers in Wheeler county paid all expenses out of income from sale of poultry products in February. J. L. Tarter, county agent, reported.

"Proper housing, proper ventilation and proper feeding is the slogan of Wheeler county poultrymen," Tarter said, "and this method of management is the reason for the good profits they enjoy."

As result of demonstrations in past years, Tarter estimates that the poultry industry will be increased in Wheeler county this year by 20 percent.

## County Making Strides In Soil Conservation

"Conservation is making great strides in Wheeler county because it is stressed in all community meetings that human erosion will exceed soil erosion if soil erosion is not prevented," Jake Tarter, county agent, stated in his report to the extension service on February activities.

Local leaders are running terrace and contour lines with four farm levels, two of which were bought for that purpose by the county commissioners court, Tarter said, and more enthusiasm is shown daily.

## MEMBERS ELECTED FOR WHEELER COUNTY DEMONSTRATION COUNCIL

Election of members comprising the county agricultural council has been completed Jake Tarter, county agent, informed The Times Tuesday.

P. L. Ramsey of Wheeler was elected chairman of the council, and R. C. Hawk, Shamrock, is vice-chairman and Clarence Zybach, Briscoe, is secretary.

Other Wheeler county farmers who are members of the county council are: Bert Davis, Allison; Tom E. Laman, Mobeetie; W. A. Scribner, Mobeetie; W. A. Purnell, Wheeler; Don P. Rives, Twitty; Eugene Shaffer, Shamrock; Jack Clark, Magic City; F. J. Bailey, McLean; Earl Satterfield, Shamrock.

Each of the above named 12 men is a local or county committeeman in the farm program, and is duly elected by the producers.

Committee chairmen who also are members of the Wheeler County Agricultural council are:

W. V. Hickerson, Allison, seed and feed; J. E. Willard, Wheeler, dairy; C. A. Dysary, Mobeetie, sheep; A. O. Krug, Texola, swine; Dusan Pagan, Shamrock, beef cattle; Paul W. Stauffer, Shamrock, organization; Geo. P. Henderson, Texola, membership; J. A. Bryant, Wheeler, poultry; J. Z. Baird, Wheeler, rodent.

Following is a list of the local and county committeemen, and the committee they represent:

P. L. Ramsey, Wheeler, chairman; R. C. Hawk, Shamrock, vice-chairman.

Representing range owners—Gordon Stiles, Don P. Rives.

Allison—Bert Davis.

Briscoe—Clarence Zybach.

Mobeetie north district—Tom E. Laman.

Mobeetie south—W. A. Scribner.

Wheeler—P. L. Ramsey.

North Kelton district—W. A. Purnell.

South Kelton—D. P. Rives.

Twitty—Eugene Shaffer.

Magic City—Jack Clark.

McLean—Lela—F. J. Bailey.

Shamrock—R. C. Hawk.

Texola-Bethel—Earl Satterfield.

## Signup Starts April 1 On Farm Program

Tarter Announces Local Committeeman Will Have Charge of Work In Committees.

The signup in the field of work sheets on the 1937 agricultural conservation program will begin April 1, Jake Tarter, county agent, announced Wednesday.

Local committeemen will have papers with them on each farmer or farm, Tarter said.

Signup points and persons in charge will be as follows:

Allison district—Bert Dadis, at Allison.

Briscoe district—Clarence Zybach, at Briscoe.

Tom Laman's district, at Mobeetie.

W. A. Scribner's district, at Mobeetie.

P. L. Ramsey, or Wheeler district, at the county agent's office.

W. A. Purnell district, at Kelton.

Don P. Rives district, at Kelton.

McDonald district—Eugene Shaffer, Twitty.

Magic City—Jack Clark.

Frank J. Bailey, at Heald April 1 and 2, at Lela April 3.

R. C. Hawk, at Shamrock chamber of commerce office.

Earl Satterfield, at Bethel school house.

Tarter states: "Those who wish can come to the office and sign up any day except those three days on which dates the papers will be in the respective local committeemen's possession as stated above, except those farmers living in the Ramsey district, whose papers will be in the county agents office and all living in that district can sign up here any day. Producer signs as last year."

## Consolidation to Be Voted on April 3rd

Myrtle School District Seeks To Merge With Allison.

A majority of the voters in the Myrtle school district signed a petition asking for an election to be called to vote consolidation with Allison. A petition was also signed in Allison asking for an election for the same purpose. Both elections will be held in April.

The tax rate will remain the same, that is \$1.00 per one hundred dollars valuation. That is the rate in both districts at this time. The district will continue to take the county and state valuation.

Myrtle school has been transferred to Allison for school purposes for the past two years.

If the consolidation is carried the Myrtle trustees have indicated that the Myrtle building at Myrtle will be for sale. If it is sold the money will be applied on the bonds.

## THE RESURRECTION

(Luke 24:1-6)

And on the first day of the week, very early in the morning, they came to the sepulchre, bringing the spices which they had prepared and certain others with them.

And they found the stone rolled away from the sepulchre; And entering, they found not the body of the Lord Jesus. And while they were perplexed concerning it, behold, two men stood by them in shining garments. And as they were afraid and bowed . . . their face to the earth, they said to them, Why seek ye the living among the dead? He is not here, but is risen.

## Late Freeze Cuts Year's Peach Crop

County Agent Says 80 Percent Of Buds Are Ruined; Apples Not Damaged.

Freeze Wednesday night reduced Wheeler county's prospect for a peach crop by 80 percent, Jake Tarter, county agent, said Thursday.

Estimate was made by opening 100 peach buds, Tarter stated, and 80 of them were killed. He was unable to estimate damage to Apricots, for they do not show result of freeze so quickly. He had learned of no damage to apples, Tarter said.

Sand and dust storms have been with us most of the last week. There has been one or two days of lovely weather, and early Monday there was a light rain, followed about noon by a raging sandstorm.

## Farmers Cut Costs Of Feeding Teams

Use of Cottonseed Meal Cuts Grain Ration, Says County Agent.

Farmers in Wheeler county are realizing a substantial saving in cost of feeding work stock, says County Agent Jake Tarter. According to count, he says, 197 have started using a protein supplement to the usual ration of grain sorghums.

Feeding 16 pounds of grain and 1 1/2 pounds of cottonseed meal to an animal weighing 1,000 pounds, tests show that work stock thrive better on this ration than on 23 pounds of grain sorghum.

"With grain sorghums at \$30 per ton and cottonseed meal at \$41," Tarter stated, "this shows a saving of 10 cents per animal per day on grain against 2 1/4 cents cost of cottonseed meal, making a saving of 7 3/4 cents per animal."

Farmers claim improved condition of the animal to be the greatest benefit from the balanced feeding, Tarter stated.

## Wilkinson Addresses Agriculture Classes

Resettlement Adviser Also Shows Sound Film on Farm Problems.

Garford Wilkinson, information adviser for the resettlement administration, Amarillo, was in Wheeler Wednesday for an address before the vocational agriculture classes at the high school.

In addition to his talk, Wilkinson showed a sound film on the resettlement administration's program in cooperation with the department of agriculture.

The film deals with different agricultural problems facing the nation, including erosion by wind and water, and farm tenancy, and shows how the administration is combating these evils.

"Human problems," Wilkinson said, "result directly from the land. In order to correct human problems the nation must look toward correcting the misuse of our land."

## And Here's Your Spelling Lesson

We Have the County Agent As Authority On How To Spell Hegari.

What crop in Wheeler county is hardest to spell?

What about "higerie" as a ruiner if good spellers' reputations? It's the kind of word that the more you think about it and the harder you try to get it right, the worse you get twisted up.

A county agent ought to be authority on such matters, don't you think?

"Do you know how to spell 'higerie'?" A representative of the Times, earnestly seeking enlightenment, inquired of Jake Tarter Wheeler county farm demonstration agent.

"I shore do," replied the genial Jake, "I missed it on an examination once, and I got a Spanish dictionary and looked it up. I am certain that is the one word I never will forget how to spell."

"So it's Spanish, eh?" your correspondent said. "That explains why it isn't pronounced the way it's spelled—and now, just how do you say it?"

Then Tarter gave the correct pronunciation, which convinced the astonished listener it couldn't be spelled that way anyhow.

This newfangled grain sorghum was originally grown in Algeria, Tarter said, and is supposed to have been imported into Spain and carried to Mexico, from whence it was brought to the United States.

Tarter said it was imported for experiment as a forage crop and was developed to such an extent that it is now the best combination grain and sorghum known to this part of the country. Milo and kafir, he explained, both are slightly better grain crops, but as a combination crop he-gari is without an equal.

"One can throw a bundle of well headed hegari into the feed rack and figure he has given a mule a square meal," Tarter declared.

Oh yes, you were to be given the correct spelling. Well, here it is: H-e-g-a-r-i.

Murray Fuquay, who preached at the Baptist church Sunday remained for a few days this week to assist Mrs. Perryman in moving into her new shop. He returned to his home in Tahoka Wednesday.

Mr. and Mrs. C. G. Porter and daughter, Nell of Center were callers in the Luther Bullock home Saturday evening.

Mr. and Mrs. W. J. Bass and children were guests of their niece, Mrs. John Kenney and Mr. Kenney Sunday.

Large Amount of Feed Is Shipped Into County

One hundred three cars of feed-stuffs have been shipped into Wheeler county, Jake Tarter, county agent, said this week.

This feed includes all forages and hay, cottonseed cake, corn, milo, kafir and hegari. Total weight was 4,736,374 pounds, and shipments yet to arrive will bring the total of 5,000,000 pounds, Tarter stated.

Tarter said also that a sufficient amount of certified seed has been shipped into the county to take care of needs.

Joyce S. Holbert of Amarillo spent Tuesday night in Wheeler visiting his sister, Miss Imogene Holbert en route to Oklahoma City.

## Women's Club Council Entertains Farmers At Banquet Friday

District Demonstrator and Assistant To District Agent Are Speakers.

Miss Ruby Mashburn, College Station, district home demonstration agent, and K. J. Edwards, Amarillo, assistant to the district farm demonstration agent, were guests and principal speakers at the banquet last Friday night by the county home demonstration council, honoring the council at a joint meeting.

Mrs. Jim Trout, toastmaster, in introducing the new county home demonstration agent, Miss Ruby Mashburn, said Miss Burleson "is being adopted" by the home demonstration women of the county.

Miss Mashburn, district agent, in her address said this was the first joint meeting of men's and women's councils she had attended in the four years she has been district agent. She spoke enthusiastically of the fine cooperation she expected to result between the two councils. First series of radio programs ever put on by home demonstration clubs was in her district, Miss Mashburn declared, and clubs all over the nation have taken it up.

The present move for soil conservation is nothing new, Edwards declared in his speech, for the extension service started it 30 years ago. He complimented Wheeler county farmers on conservation work accomplished, and pointed out the importance of having the work controlled by local people. "When any other group than farmers control the situation, it won't work," he declared.

Jake Tarter, county agent, spoke on accomplishments of extension work in the county.

Ernest Goule, assistant county agent, spoke briefly.

Tarter and Miss Burleson each introduced members of the county farm demonstration council and the women's council.

A short speech was made by H. M. Wiley.

Musical numbers were given by Mrs. Inez Garrison, Miss Lou Clark, Mal Wynn, Miss Bernice Addison and J. W. Lummus.

The banquet was served by members of the Wheeler home demonstration club.

In the playoff for third place honors Allison defeated Bullard, a crew boasting a forward 6 feet 3 inches tall. Ruth Jones, assigned to cover her, was given recognition from the floor by the announcer for her fine work. Ruth's sister, Oleta Jones, meanwhile was having her best night of the tournament and took scoring honors, with the 28 points she accounted for. Final score was 35-23.

In the semifinals Allison lost to the state champion Celeste girls by the breathtaking score of 30-29. Emory's winning points were scored in the last 13 seconds of play.

Other tournament games won by Allison were: Hillsboro smothered under a 49-11 count; Walnut Springs crushed by 63-19; West defeated by 47-33, and Plainview taken into camp in a 42-40 thriller.

Ruth Richardson was given the honor to be placed on the all-state team at one guard position. Ruth received a badly sprained ankle in the third game of the tournament but went on to play in every game. She was introduced on the floor of the gym the final night and praised for her fine playing. Oleta Jones was placed at forward on the second all state team.

This ends the most successful season that the Allison sextet has ever enjoyed. They won 37 games and lost 4. Ruby Gunter, Lottie Bell Trayler, and Juanita Johnson have played their last game with the team. They will be greatly missed next year, but Allison hopes to keep up their record as one of the best teams of the state.

COACH AND GIRLS TEAM ARE GUESTS OF CANADIAN CLUB

The Rotary club of Canadian entertained the Allison girls' basketball team and their coach, John Peeples, at their regular noon luncheon Tuesday of this week. The girls were the honored guests because of the outstanding record they have made this year, and the feat of placing third in the state tournament. After the luncheon the girls and Peeples put on a thirty minute program for the Rotarians.

Mrs. R. G. Russ went to Shamrock Tuesday morning.

### WHEELER P-T. A. HAS SUCCESSFUL YEAR

The Parent-Teachers association of Wheeler, has had a very successful year under the able direction of Mrs. E. W. Carter. Other officers are Robert Mayne, vice-president; Ruth Ewing, secretary and Mrs. C. Derryberry, treasurer.

Chairmen of the various committees are Mrs. J. L. Gilmore, program committee; Mrs. G. O. McCrohan, finance committee; Mrs. Bill Perrin, hospitality committee; Miss Imogene Holbert, publicity committee; Mrs. J. M. Lawrence, publications; and Mrs. J. M. Porter, parliamentarian.

Several projects have been undertaken. The first of these was the summer roundup. This was successfully carried out under the guidance of Mrs. Lee Guthrie with 26 of the 33 children being examined.

Two additional projects were to purchase literary medals for each room in the grades and each class in high school, and to finish paying for the piano. Only \$22 remains to be paid on the piano and this amount will be paid before the year is over.

One of the major goals was to increase the membership. The number of paid up members has increased from 28 last year to 58. An average attendance of 108 had been maintained.

Several methods employed for raising funds include, other than regular dues, presentation of a play, carnival, forty-two and bridge party.

Programs have been given on the following themes: value of education, intelligence, honesty, friendliness, efficiency, co-operation, and kindness.

Meetings have been held at night with interesting programs given in connection with each meeting.

In connection with the regular work the room representatives, under the direction of Mrs. C. B. Witt, have been very helpful to the various rooms, co-operating with their respective teachers in any way they could.—Ruth Ewing, secretary.

### FAVORITE RECIPES

By Bernice Moody

Mrs. George G. Miller is the principal pillar of her church, and her meat loaf came into prominence with growth in popularity of church night dinners, which in turn no doubt owe a great deal of their success to this delectable dish.

She frequently provided the meat dish for these meals, and whenever her meat loaf was on the board everybody enjoyed it and there always was plenty.

It should be understood, too, that this savory dish was indeed only a small part of this elderly lady's contribution to making her church one of the finest fellowships this writer ever has enjoyed.

She made it in large quantities, of course, and if you want to try it on your family (and I'll guarantee they'll enjoy it) you may cut the amount of each ingredient down to proper size.

**Meat Loaf With Smoked Ham**

- 6 2-3 pounds hamburger
- 3 1-2 pounds smoked ham, ground
- 9 eggs
- 3 cups bread crumbs
- 2 No. 2 1-3 can tomatoes
- 1 onion
- Celery
- No salt

Mix well and put in hot oven for 30 minutes, then turn heat down and cook for 2 hours. This amount will make two large loaves and will serve 24 people.

Have you been trying these recipes, and how do they work out for you? I hope to print each week a favorite recipe of a Wheeler woman in this column, and would like to have several on hand before I abandon those I have gathered from friends in another city. Already one has been given me and I hope to have a number of others to add to it before I start.

# BRISCOE BRONCOS

Accounts of Briscoe School activities, community happenings, personal items and other news as gathered by the faculty and student body.

### New Trophy Cases

Clatter! Bang! Crack! All that noise in the hall means new trophy cases. Mr. Mc and the manual training boys are tearing out several lockers in the main hall at the front entrance to build in a trophy case. From the number of lockers being torn away it looks as though the case will be a large one. The trophies are scarce, but we hope to fill the case by the end of next year.

### Briscoe Gets Points in Tennis

The Briscoe tennis teams went to Shamrock March 22, 1937, to engage in the tennis tournament. Winners took points that will count as interscholastic league meet points. Superintendent Swinburn went with the teams. The Briscoe junior high girls won first place, the junior grade boys won first, and the junior grade boys won second.

Laverne Treadwell and Ruth Mor-

ris, the junior high champions, clinched first place title for Briscoe for the second time. They played 27 games and won 21.

Alma Waters and Wanda Sanford won first place for the junior grade girls' title.

Harold Austin and Harley Vise won second in junior grade boys.

Bud McCarroll won first in grade boys' singles and Lajuana Treadwell won first place in grade girls' singles.

### Briscoe Loses Softball Contests

Saturday, March 20, 1937, the Briscoe softball teams were defeated in Shamrock.

The junior high boys, coached by Elmo Scott, won over Wheeler in their first game with a score of 16 to 14. They were defeated by Shamrock. The junior high girls lost to Wheeler. The grade boys, coached by O. C. Evans, lost to Mobeetie and the grade girls, coached by Miss Ima Scott lost to Wheeler.

The buses made their regular run Saturday morning to pick up the players. Two buses then left Briscoe to carry the players to Shamrock. Superintendent Swinburn and the coaches went.

### Choral Singers and Rhythm Band Have Costumes

The Choral singers and rhythm band have new red and white costumes for interscholastic league meet. The costumes for rhythm band are white trousers with a red cape trimmed in white. The girls in the choral singing group have white linen dresses with red ties. The boys have white trousers and shirts and red ties.

Miss Ruby Lee Williams and Miss Hubbard are the directors for the choral singing. The groups have appeared before assembly twice and in a school program once. They spend thirty minutes each day working on a group of ten songs. At the league meet they will draw for the songs to be sung. The choral group is made up of students from the fourth, fifth, sixth and seventh grades. There are approximately 30 students.

Miss Glennis Wiseman has charge of the rhythm band which is made up of students from the first, second, and third grades. Nelda Bess Barry is the leader of the band. They have appeared on several school and assembly programs this year.

Several of the school children and teachers will go to Canadian Friday and Saturday to enter the interscholastic meet.

Mr. and Mrs. A. M. Abernathy visited in the parental Ben Abernathy home near Washita, Sunday evening. On their way home they visited Mrs. Frank Young who is ill.

Mrs. Frank Young was taken to a Canadian hospital Monday. She has time in the house this week because of the sand storms.

We have already brought our eggs for our Easter egg hunt Thursday. We have many pretty colored eggs.

We made Easter greetings for our mothers this week. Some of them were very pretty and we enjoyed making them very much.

### Second and Third Grade

Emillie Seedig made a very pretty little book one night this week illustrating a Go-to-Sleep story in her reading class. Dorothy Hilderbrand made a beautiful health poster for the bulletin board. Mary Ruth Evans has told each story well as she practiced in the room this week. We have an Easter flower blooming—a begonia with a pink blossom.

In spelling this week we have used our words in sentences instead of just writing the words. Some pretty nice sentences were written.

### Seen and Heard

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS  
TO THE SHERIFF OR ANY  
CONSTABLE OF WHEELER  
COUNTY—GREETING:

You Are Hereby Commanded to summon Winfred Earl Burks by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wheeler County, to be held at the Court House thereof, in Wheeler, Texas, on the 2nd Monday in April, A. D. 1937, the same being the 12th day of April A. D. 1937, then and there to answer a petition filed in said Court on the 3rd day of March A. D. 1937, in a suit, numbered on the docket of said Court No. 2819, wherein Ava Monroe Burks is Plaintiff, and Winfred Earl Burks is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

Plaintiff alleges that she married defendant September 5, 1933, and that there was one child, Ava Ann Burks born of said marriage, and that shortly after said marriage defendant began a course of studied, harsh and cruel treatment towards plaintiff, of such a nature as to render her further living with him insupportable, and that on December 20, 1934, she was compelled to leave him, and has not lived with him since that date. Plaintiff prays for judgment of divorce, custody of said child, costs of suit and general relief.

Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 6th day of March A. D. 1937.

**PASTOR MERRITT'S SERMONETTE**

By C. C. MERRITT  
Pastor, Church of Christ

**Why Balaam Went Wrong**

He professed a zeal for God and a desire to listen to Him, but the voice of Balak rang louder and louder until it had completely drowned out the voice of God. He prayed for God's guidance, but he wanted to tell God how to guide him. Though God made His will known to Balaam, yet he diligently strove to get God to reverse it. His heart was full of covetousness, yet he strongly professed that he would not do wrong even for Balak's "house full of silver." He was impatient and filled with hot anger against a dumb animal which strove to carry him in God's way and away from God's judgment against his sin. It is no wonder that the work of the angel was unheeded as that holy one strove to reverse Balaam's mad course. He knew he was sinning against the will of God and yet to God he said, "If it displease Thee . . ." He wanted to "die the death of the righteous," yet he was unwilling to live the life of the righteous. Read Numbers 22.

No wonder Jesus had "this against" Christians who "held to the teaching of Balaam!" Jude spake of them as those who "ran riotously in the error of Balaam." There is no more concord with God and a Balaamite now than back in those days. At the Church with the Open Bible the subjects for discussion next Sunday will be: "Filled with all the fullness of God" and "What must I do to be used?" We invite your careful consideration of these lessons.

**GOLGOTHA**

By MARIE WATERS

Bowed with the weight of the heavy cross

He struggled up Calvary's hill  
Foot-sore and weary of taunting crowds

Voicing their wishes to kill,  
A crown of thorns pierced deep His brow,

Placed there by cruel hate  
In bitter jest they brought a gown  
Life—blood to satiate.

His heart throbbled out with love for them  
—So gentle and benign!  
Calm as the stars, no cry of pain;  
No hatred from Him divine!

They nailed His flesh that quivered so  
And thrust Him in the side;  
Then raised the rough-hewn cross to drop  
And tear the wounds out wide;

His agonies they watched and mocked;  
They gibed and jeered Him so!  
Yet, through the darkening gloom  
there came;

"Father, forgive, they do not know,"

OUR TELEPHONE GIRL

So many of us forgot to pause  
And thank how much worry we cause

To the girl who answers our telephone  
As she sits in front of the switchboard alone.

When the light comes on it, she quickly sees  
And we hear her sweet voice saying, "Number, please."

"Number, please."

We never think how tired she gets;  
How each of us sometimes fusses and frets;

Because she doesn't answer us sooner  
We think she's listening to every rumor

About a scandal, divorce, or birth  
When we should be thinking how much she is worth.

May we strive this year more considerate to be  
To our "hello girl" and the phone company.

—Mrs. M. N. Burch, Guymon.

**CHOKES USES UP GASOLINE 5 to 15 TIMES FASTER!**

Scientific tests prove that the world's greatest gas-waster is right on your instrument board.

That innocent-looking "choke" button is the thief that steals your mileage.

While the choke is pulled out for starting, or while the motor is warming up, your gas tank is being drained five to fifteen times faster than normal!

This simple, easy way to reduce this excessive waste is to use the new Phillips 66 PolyGas. It needs the least possible choke, because it is extra high test. And it is extra high test without a penny of extra price, because Phillips is the world's largest

producer of natural high test gasoline.

The result is that car owners everywhere report records of remarkable gasoline economy . . . outstandingly fast starting . . . extra power, pep, and miles . . . far finer performance on every count.

Remember, this great gasoline is now better than ever, since every gallon is enriched with extra energy units by the patented POLYMERIZATION process.

Next time you see the Orange and Black 66 Shield, stop for a trial tankful of Phillips 66 Poly Gas . . . GO EASY ON THE CHOKES . . . and then just feel that difference!

**PUBLIC INTEREST DEMANDS FAIR PLAY!**

Texas now has good state laws for the regulation—in the public interest—of all transportation. These laws are helping to stabilize transportation, and all business and industry that has to use transportation. These laws are helping to reduce the terrible accident toll on your highways. They are helping to conserve your investment in your highways.

Regulation of transportation in the United States has been developed over a period of fifty years. Reasonable regulation is admitted to be both advisable and necessary in the public interest.

Strict regulation of one form of transportation and the lessening of regulation of any other form is unfair and un-American, and can only result in crippling that part of your transportation facilities which is handicapped—

without any resulting benefit to the people of Texas.

Texas railroads obey the rules of the game,—those imposed by the agencies of government and those taken on voluntarily in the interest of public safety.

Texas railroads are spending this year, large sums of money for new and modern equipment—locomotives, freight and passenger cars, improved rail and roadbed facilities, and are expediting freight and passenger schedules to meet growing public demands. All of this is being done in the interest of improved service to the public and at the lowest rates in twenty years.

All the railroads of Texas are asking—have ever asked—is a FAIR DEAL in a fair field.

## Fine Mystery Play Is Given By Seniors

Lighting Effects, Plus Candle, Hat Floating Through Air Add To Weirdness.

One of the best mystery plays ever seen on the local stage was presented Monday night by the senior class. Proceeds will go to help sponsor the Carlsbad trip.

The plot of "The Night Owl" was centered on stirring up excitement to afford subject matter for Dawn Weatherly, cast as Ann Wesley, to use in writing a play. Mrs. Karley, the housekeeper, impersonated by Parliele Clay, and her husband, a role taken by Jack Tate, were being paid to do this.

They were unexpectedly aided by other members of the cast. As a result, even the ghost was surprised at some of the antics with which he was blamed.

Weird lighting effects coupled with a floating derby hat and a candle added to the fantastic setting.

Marthalys Wiley deserves much credit for her splendid acting as a lovable and vivacious girl.

A loud and officious man, rather self-confident and noted for his ability.

## Boys in Wood Work Start New Furniture

Students Select Own Designs—Few Nails Used.

In wood work the boys have started making larger pieces of furniture for the house. Instead of pine, which they have been using, they have now begun to work with oak and gum.

Each boy selects the design and the patterns that he wants. He furnishes his own materials. Few nails are driven in this work. The boys use glue joints, hardwood fillers, and shellac varnish to finish the articles.

J. D. Badley is making the largest piece of material that is being constructed. He is building a writing desk. This will require more work than any other thing.

R. J. Puckett and Guy Robinson are making end tables.

An ornate waste paper basket of walnut veneer faced with copper and decorated with hearts, clubs, diamonds, and spades is being constructed by Wallace Pendleton.

Erskin Sherwood, Milton Moody, Dudley Callan, Joe D. Bruton, and J. B. Crowder are making medicine cabinets.

A crokinole game table will soon be finished by R. J. Carver, Robert Guynes, and Everett Cole.

China cabinets are being made by Bob Noah, Albert Gunter, and Joe D. Bruton.

A log cabin book ends have al-

## Wheeler Wins 6 Out of 8 Events In County Meet

Six out of eight matches were won by the Wheeler team Saturday at the Interscholastic League contest in Shamrock.

The first tennis games were won by Bonnie Adams, senior girls singles player, defeating a Kelton entry.

Parliele Clay and Marthalys Wiley were winners over Mobeetic in the senior girls' doubles.

H. E. Young was victorious over Mobeetic and Kelton, making him winner of the senior boys' singles.

The Shamrock boys defeated R. J. Puckett and J. D. Badley, seniors, thus making them winner of second place.

These winners will enter the district at Pampa to be held April 1 and 2.

The high school girls won first place in playground ball and Kelton, second.

Wheeler Ward school boys and girls carried off blue ribbons. Mobeetic took second in the boys' division and Kelton in the girls' section.

The high school boys lost to Mobeetic, who won first with Shamrock second.

## Old Timer Carries Nickname Of "Parson" Because He Didn't Cuss

Rain, hail, sleet, and stampedes were just a part of the day's work to L. Gough, when he worked on the T-Anchor, T-X, and J-H-O ranches. Gough talked to the student body of Wheeler high school last Tuesday and was afterwards interviewed by a Corral reporter.

The speaker knew several famous Indians and cattlemen in the Indian days. He talked with Captain Jack of the Comanche police, Charles Goodnight, O. H. Nelson, John Summerfield, and several other famous men whose names he could not recall.

Brown Dick, was his favorite horse, because he was so very gentle, obedient, good gaited, and faithful.

"Parson," as all the cattlemen called him and some of the old timers still do, gained his nickname when he first went to the T-Anchor. The story goes that when he arrived the foreman had him to work in branding pen all morning. At dinner the cook was serving chuck to the

ready been finished by Erskin Sherwood. He is now making a medicine cabinet.

Through the courtesy of Cicero Smith Lumber company each boy received a coupon entitling him to a free can of paint.

## School Is Enthusiastic Over League Prospects

### Junior Class Play Set For April

"Ant Jerisy on The War-Path" by Lieutenant Beale Carmack has been selected as the junior class play. It is published by Mark Brothers Co., Lebanon, Ohio.

The play is a rural farce in three acts. Practice was started this week. It will be presented April 13 in the Wheeler gymnasium-auditorium.

Characters chosen are: Sufficiency Fish, R. J. Puckett; Elder Snuffels, Amos Page; Hiram Fish, Howard Nations; Bill Barker; Jack Pitcock; Aunt Jerusy Fish, Ruth Faust; Little Sis Pogkins, Lavell Jaco; Miss Stely Etta Snapper, Mary Genthe; Madam Reeno De Beeno, Lula Barr; Elsie Barker, Irene Hunt; and the chorus girls, Elva Belle Crouch, Bernice Williams, Imogene Jamison, Rena Mae Whorton, Margie Bowers and Lorene Wallace.

Mildred Platter, Junior, Withdraws Mildred Platter, junior, withdrew from school last week. She moved to Belin, N. M. She will enter school there.

men and calling them by name. When he came to the new man he said, "Hame some beans, Parson." The other punchers remarked that any man who could work in the branding pen without cussing must be a preacher.

Sitting around the campfire spinning yarns and singing songs were about the only entertainment afforded the cowboys. His favorite of these old songs was "The dying cowboy."

The longest cattle drive he ever made was from Grayson to Randall, a distance of 400 miles. They were driving a herd of cattle, and storms and hail were against them most of the way. In those days they were not thought of as hardships, but rather as all in a day's work.

One of the toughest jobs the "parson" was ever assigned to do was carrying fence poles for 100 miles of fence, over fifty miles of rough country in a wagon. He had to make several trips. Another time he found

### GIRL CHOOSES BOY

A very lovely young lady was in love with two boys. Of course they were fond of her, too. One of the handsome lads named Jimmy, was a poor boy who was working his way through high school because his father had died when he was a young lad. He took part in the sports he had time for. Jimmy was courteous and kind to his mother particularly and to everyone.

Victor, the other to make up the triangle, was a wealthy young fellow who had everything he wanted that money could buy. He, too, was good in sports.

Both boys were attending the declamation tryouts. Victor was throwing paper wads and cutting up with a group of young people. Jimmy was very quiet and attentive.

Margot, the girl, was sitting in the balcony watching the procedure and then and there she decided who her future mate would be.

As the old adage goes, "Fine feathers make a fine bird." This applies to Jimmy, who cultivated excellent manners in all public places as well as in private.

People judge you first by your actions in a public place. If you attend the county meet at Shamrock, be sure to have respect enough for the other person not to bother him in any contest.

### ARE YOU A SPORT?

"It isn't the fact that you're licked that counts, but only how did you die?"

This poem is only a way of asking, "How did you lose," or "How did you win?" We are participating in the county meet. Will it make any difference if you fail to make the goal? It would only give a bad impression to the people whom you meet if you behave unseemingly.

The boy or girl who loses his temper does not accomplish any good but he does make others lose confidence in him. There has been much said about good sportsmanship; anyone can be a good winner, but few are able to lose gracefully. When one wants to show a strong character, he has only to prove his worth at a public place.

While taking part in this track meet it should be the highest aim or ambition of every pupil to be kind

### SNUBBING POST

The manual training class was a scene of fevered excitement as "Jabber" Crowder tried desperately to find who had two of his favorite marbles that he had given to a certain little sophomore gal and for some unknown reason wanted them back.

It seems that "Johnny" had allowed them to wander from her possession and one of the boys in Crowder's wood working class had them. (Is "Jabber" an Indian giver?)

It is a good thing the teachers got into an argument about syrup and molasses on Thursday last week because if it had been Friday the dust would have been so thick they could not tell which was what.

Wheeler has some promising young tennis players. Last week-end the senior girls won first in both doubles and singles and the boys first in singles.

It seems to be getting a habit with Irene not to be at school on press day. (Could Irene be too lazy to write her stories?)

She: Please  
 He: Just No!  
 He: Just this once.  
 She: No, I said.  
 He: Aw, heck. Mar, all of the other kids are goin' barefooted.  
 —Prairie, Canyon, Texas

and courteous and to show genuine sportsmanship.

### YOUR INTEREST IN MIND

Each student should have a desire for a better gossip column in the pages of the Corral. Every pupil could co-operate now that we have our present system of a "gossip box" conveniently placed for your contributions. Last week a few persons were seen signing other's names to their scandal. Although this was turned in to the class, the article was not printed.

Several students tried to make dirty cracks at enemies through this means. Don't you think that person is a sneak? Of course these were not printed.  
 Too, a few articles which contained no particular news value and no mirth were donated. This was to be expected.

All in all our present system has not tasted the fruits of success as was anticipated.

We gather from your lack of co-operation you do not especially care for our system. If you like our method we wish you would co-operate. If you don't—we strive to please.

## New Red Sandals Hint That Easter Is Around Corner

Several signs show that Easter is near at hand. Many students have now spring clothes. Lilla Mae Crawford is sporting a pair of red sandals with a matching red and tan straw hat. Miss Lois Kirby and Wave Wallace also have red sandals. Many of the girls are wearing white shoes.

Both boys and girls are leaving their heavy coats at home. Many girls have new Easter frocks. Some boys have started wearing polo shirts.

In the typing room there is a pot flower in bloom which reminds one of spring and Easter.

## WE WONDER?

### What Would Happen If . . .

The sand didn't blow every day.  
 The Wheeler bus didn't come to see about the Magic City students when they didn't get to school on time.

All the journalism students were at school on Monday so the paper could be sent off without there being such a rush.

If Milton would get up his journalism stories.  
 Wave didn't say, "hush" or "kid" to everybody.

Miss Holbert had an oral English lesson.

The boys called H. E. "eight ball." Guy went to Kelton and his girl couldn't leave the old "homestead."

You called Ray Norman "Steamboat."

"Jabber" Crowder could keep from talking in manual training.  
 "Goat" Gunter and Edwin Hyatt were brothers.

Geraldine Lewis went with somebody at Wheeler.

J. B. could get his marbles from Johnny Fave without going to Mr. Gilmore.

Harrison was in love with a certain sophomore girl from Magic City.

## Campus Comments

Question: What is your idea of a perfect night?

Wave Wallace: A calm, misty, moonlight evening.

Wallace Pendleton: When the sand has not been blowing, it is pretty and warm, and I am with Orveta.

Irene Hunt: I have never seen it but I have a roving imagination. First I want snow about a foot deep and big white flakes falling continuously. I want it very still and just cold enough to wear a coat. I also like a rainy night, it smells so good. Of course it is possible to enjoy myself even on a nice sandy night.

Orveta Puett: Baccy Goodman on the range and Wallace.

Alton Weeks: A real dark night.

Lavelle Jaco: A night with a full moon, but cloudy and you can just get glimpses of the moon as the clouds move.

Alyis Jolly: Moonlight with plenty of good music.

Chlorene Morgan: A pale moon surrounded with stars.

Ferrol Fieke: A moonlight night with romance thru the air.

Don't worry if your grades are low, And your rewards are few:  
 Remember that the mighty oak Was once a nut like you.

—Little Harvester, Pampa, Tex.

### Lasso in The Lasso's Noose

Some of the tennis players say that the reason they can't do any better at playing is because sand gets in their eyes so bad that they can't hear the signals of the referee.

Ray Holley must have been reading a very amusing book last Monday. Any way, while he was reading he began laughing aloud.

Some of the sophomores are now taking advice from the seniors. At least Clyde Arns asks Ruth Faye Garrison for advice nearly every day.

Jack Shipman declares that he could easily pass English if it were not for grammar.

Alton Nations seems to be very interested in Ethel Claire Raney's making good grades in Spanish. The other day he didn't want to have a test because she wasn't there to take it.

Algebra II students have been accusing the answers in the back of the book of being wrong.

Bob Noah wanted to know if any freshmen were interested in getting married, and he seems to be very interested in the Lamb family.

Did you see Presley Guynes in her red slacks at the tournament?

We are wondering what boy at Shamrock is it that Faye Webb likes. We have been told that his first name is "Pete."

We wonder whom Silva Louise Fieke could have been looking at in study hall, Tuesday. It couldn't have been Hiram Prince could it?

Seems funny that a girl as big as Lois Walker would cry just because some of the journalism students pestered her while she was trying to type a story last Friday.

Huffman Walker saw a little gal in the hall last week and asked a boy who knew her to introduce him to her. (Kind of robbing the cradle aren't you, "Huffie"?)

From all accounts Francis Noah is surely interested in some one in high school. If you want to know more about it ask Jack Shipman.

Not long ago Mr. Gilmore walked into the Spanish II class and began talking. When asked where Mrs. Gilmore was, he ran out the door saying:

"Oh, I'd forgotten her. I told her if she would walk home I would come by and get her at noon."

The English II class has asked Miss Holbert to take them on an Easter Egg hunt Friday.

We wonder why Milton was chasing the tennis balls for Johnnie Faye. Towards was seen writing a girl's initials in his book. It was and R. Could it have stood for Anne Ruth Denham?

Over the valley and thru the plain We will go snow or rain To Shamrock for a track meet We will win if we don't get beat.

It seems that Milton can never quit bothering these freshmen girls. His latest "kind of my dreams" is a blonde, curly haired little lady, named Joyce Faust.

## Ex-Cowboy Describes Early Western Life

Judge Gough of Amarillo Speaks To Student Body.

Last Tuesday morning Judge J. Gough, an old cowboy, of Amarillo spoke to the high school students on the West as it was in the early days.

Mohobac as he first knew it, the huge herds of cattle or sent on the antelope, buffaloes and wild Indians.

The cowboys had to be dependable before they were trusted to tend the trail. Weather didn't stop them; they were loyal to their duty; the cattle had to be delivered to their destination.

The cowboys weren't fired. When the cowboy stopped his pay, the cowboy quit.

There was never any blood and thunder as it is today, pictured. Proudly Mr. Gough said, "I never in my life saw but one fight and one gun battle. Very few were killed in the trail. The fighting type didn't stay on ranches."

One of the expression of the cowboys was "ben skin," which was a thin blanket that was included in the "hot roll," or roll of bedding at the Judge Gough is the only survivor of the last roundup in this section of the county. It was held at Canyon.

He wrote a group of poems pertaining to the trail drives and is selling a book containing them.

## COLTS

Because of the noise being made by the workers on the new school building, Mrs. Gordon Phillips' first grade did not start working very early Monday morning. They cut pictures from magazines that were good to make posters.

The first A are having a car race in reading. They divided into groups and the one that makes fewer mistakes in reading gets their car moved further.

Mrs. John Ficke's first grade are making Easter posters. They had their Easter hunt Thursday at the Methodist church under the direction of Mrs. Ethel Ahler.

Mrs. Jack Badley and Mrs. Gene Shaffer were visitors in their first grade Friday.

According to Mrs. Ficke, Beatrice Rowe is missed very much from the first grade.

The second grade have been making Easter posters. They had their Easter egg hunt at Mrs. C. C. Crowder's home Thursday.

Marie Carter is missed very much from the third grade. She has moved to Arizona.

In their nature study the third grade under Mrs. John Hood are learning about the care of dogs.

Thursday at 1 o'clock the third grade had their Easter egg hunt at the Baptist church.

Eugene Connor has left the third grade.

The third grade had an Easter hunt Thursday on the football field.

## MAL WYNNE PLAYS SOLOS AT COUNTY FARMER'S BANQUET

Mal Wynne, public school music instructor, played two violin solos at the County Farmers' association banquet which was held last Friday.

He was accompanied by Miss Bernice Addison. The pieces played were "Just for Today," and "Sylvia, Who is She?"

The banquet was given by a joint county of the County Farmers' association and The Home Demonstration club.

## Coach Clark Names Jaco As Best All-Around Player On Team

"I attribute all my success to good coaching," replied Lovell Jaco when being interviewed by a member of the journalism class.

"Jacoby," she said laughingly, "is my only personal quality." Lovell is 16 years old and is classified as a junior.

"My technique of playing is very simple," she declared, "I simply try to hustle and follow the coaches' instructions." Lovell has played guard position on the senior basketball team for two years. She has one more year.

The reporter asked Lovell what part she thought high school athletics played in this school. She asserted that she liked it and that it made her want to come to school.

When asked what she thought about the coach, she remarked with a merry twinkle in her eye, "I would just like to see a better one."

Lovell played forward position

during the latter part of the season. However, she confessed that she felt more at home on the end of the court where the opponents' forwards were.

With the ever-present twinkle in her eye fading, she remarked, "Seriously though, if you can't 'take it' in basketball you might as well get off."

Coach Bob Clark, when asked for his opinion on Lovell as a basketball player, claimed, "In my opinion Jaco is about the best all-around player the team had. Her attitude was good, and that is a thing a coach really appreciates." Coach Clark also asserted that her speed helped her as a player.

Lovell, when asked what the prospects for next year's basketball team were, used her favorite come back with a cynical expression, "One never knows, does one?"

## RAMBLINGS ON THE RANGE

Lilla Mae Crofford was in Shamrock Saturday.

## Three Girl Scouts Sing at Service

Three girls scouts, Melba Wiley, Joyce Faye Templeton and Joyce Faust sang, "I'm Sure I Shall Not Pass This Way Again," at the Methodist church last Sunday. They were accompanied by Miss Florence Merritt, a W. S. graduate. This number was part of the celebration of Scout day.

## DECLAMATION TRYOUTS HELD AT ASSEMBLY PERIOD FRIDAY

Tryouts for declamation were held at the assembly period last Friday.

Irene Hunt won first in the senior girls' division. She spoke on "Homeless America." Ruth Faust received second on "U. S. War Ever Right?" Lary Etta Patterson took first in the junior girls', declaiming on "Texas, Wonderful Texas." Joyce Faust won second place with "Some-times."

In the grade school division of girls Melba Wiley received first place and Marion Jaunell Crowder, second. Bill Wiley was first in the grade school boys' division and Waymon Herd second.

The senior girls entertaining were Irene Hunter, Ruth Faust and Irene Hunt.

Junior high school girls were: Mary Etta Patterson, Norma Webb, Joyce Faust, and Gayle Wilson.

The grade school girls entering were Louise Tillman, Ineta Hale, Jeannelle Crowder, Melba Wiley and Louise Vhtener.

## FROM OTHER BRANDING IRONS

A girl is made of:  
Thirty teaspoons of salt, enough to season 23 chickens, ten gallons of water, glycerine enough for the bursting of a heavy navy shell, fat enough for ten bars of soap, sulphur enough to rid a dog of fleas and only one fourth pound of sugar.—Amarillo Ranger.

The five most popular seniors of Texas A. and M. college are to be elected in a poll by the Battalion. Signed ballots are to be collected and counted.

## Band to Give Concert Soon

Band members are working on some new overtures and marches with the Briscoe band joining them on Monday nights there are now 60 members. They are planning to have a concert soon. The exact date has not been decided, according to J. W. Lummas, band manager.

Men continually forget that happiness is a condition of mind, and not a disposition of circumstances.

## Future Homemakers Of Texas

Mrs. Gordon Whitener, home economics instructor, has been making two weekly trips to the local W. P. A. sewing room to lecture to the women there. These women came to the home ec. building last week and instructor.

The department with the aid of the wood working class is repairing the wheel divan so as to have some nice stage scenery in the auditorium.

The first year girls are making materials to help Coach Bob Clark in his Red Cross teaching.

There was a home economic party last Thursday night in the cottage.

## Clark Will Assist Red Cross Chapter

Coach Bob Clark will assist Dr. H. E. Nicholson in supervising a study of Red Cross first aid and other essential home life saving and first aid in the Red Cross chapter.

This class will be open to anybody who wishes to attend. Anyone who desires a diploma in this study can acquire one if he attends regular meetings and is over 17 years of age, and will pass satisfactory tests.

The group will meet twice a week in the high school building. There will be 15 hours of supervised study per week.

This is part of national drive which is being conducted by the national American Red Cross.

Three of these stations are to be in Wheeler county at advantageous points. If the below mentioned stations will participate in this drive, there will be splints and bandages put there to aid any one who needs aid, especially those who are injured by automobile accidents.

The stations wanted are those of H. H. Walser which is located at the nine-mile corner between here and Kelton; the Sims filling station and grocery at Twitty.

Two representatives from each place will have to attend meetings so there will always be one at the station on duty. Materials will be furnished by the local chapter of the Red Cross under supervision of the national chapter.

Mr. Clark is a Red Cross examiner, and Dr. Nicholson is a leading physician in the town.

This is a chance for all the people of the community to get some valuable information and it is absolutely free of charge. Mr. Clark announces.

## AGRICULTURE JUDGING TEAM WILL GO TO LUBBOCK SOON

Since their coach, W. C. Zirkle, had to take the tennis teams to Shamrock, the Wheeler vocational agriculture livestock judging team did not go to Pampa last Friday.

The boys will go to Lubbock on April 9 to judge livestock. The ones who will probably make the trip will be James Passons, Cecil Parker, B. C. Hale and Jackie Lee Glynn. A dairy team may also go.

## 29 Boys to Report For Spring Football Monday Afternoon

Reserve Strength Weak Because  
Only Seven Lettermen  
Are to Return

### 29 BOYS TO REPORT 5

From last year's championship football team, Coaches Bob Clark and Stina Cain have only seven lettermen back to start the spring practice with Monday afternoon. Thursday equipment was issued to 29 boys.

Mr. Clark stated that reserve strength will also be missing from the last year's team. The seven lettermen back from last year are: Alton Weeks, Buford Emier, Herbert Green, Amos Page, James Passons, Bob Noah and Troy Shipman.

When Coaches Cain and Clark issued the call for spring practice boys from the seventh grade on up to seniors tried to gain a berth on the starting eleven (seventh grade students will become freshmen next fall).

Other players coming out besides the lettermen are: Stephens, Groves, Puckett, A. Jones, Hale, Markham, Fitcock, Adams, Glenn, G. Weeks, Ferris, H. James, Wright, Williams, Prince, Asher, Parker, Ford, J. Jones, Hampton and Compton.

## Mystery Play - - -

(Continued From Page 1)

ity to bluff himself out of a tight spot, was well played by Junior Jamson.

Dorothy Lee Burke, the kidnap victim, showed herself to be a pretty, serious girl with courage and a mild sense of humor.

A sensible, likable girl who wrote mystery plays was well presented by Dawn Weatherly. Her producer, a man with a reserved manner and pleasant personality was played by W. J. Ford.

Guy Robison ably proved his ability as a female impersonator as well as an assistant kidnaping detective.

Orveta Puett was most noted for her screaming, along with her courtesy and consideration. Her opposite, Wallace Pendleton, presented the picture of a well built, likable, yet reserved fellow.

The keeper of the house, who was very stern, severe and rude, was well portrayed by Parilee Clay.

A quiet, courteous and efficient about-the-house caretaker was a certain fit for Jack Tate.

Entertainment between acts included a tap dance by Pauline Miller and songs "Moonlight and Shadows" and "You Do The Darndest Things" by Ferrol Ficke, Lilla Barr, Lilla Mae Crofford, Ruth Barr, Bonnie Adams and Clella Beth Moody.

### SENIORS DIVIDE INTO GROUPS TO SELL TICKETS FOR PLAY

Last Thursday morning at activity period the senior class met in the English room to give out tickets to be sold for the senior play.

The class was divided in two sections, the reds and blues. The group that sold the most tickets will be entertained by the losing side.

himself surrounded by a prairie fire. Gough knew several Wheeler county old timers such as Mark Huselby, John Long, and Jeff Kelley.

On his first trip to old Fort Elliot he said that they were mostly all Negro soldiers.

The hobby of this early cowboy is collecting historical information on early days in west Texas.

The only encounter with Indians that "Parson" ever had was one night while on a drive. Five Indians had reservations a few years before the time of Gough's cowboy experiences. The reason that there was no trouble with the Indians was that they had all been put in an away from the reservation.

"Prairie Nights in Yuca," a poem written by Gough, is printed in the "Anthology of Panhandle Poetry." At 21 years of age he had only been to the fourth grade; he then started to school at Roxton, Texas. His education has been supplemented by private study.

### RHYTHM BAND, SENIORS GIVE ASSEMBLY PROGRAM MONDAY

"Red Bird March" and "The Blacksmith," were two pieces played by the rhythm band last Monday in assembly. There are 30 members in the band and they plan to compete in the county meet at Shamrock Friday.

After these marches were played, the seniors presented two short skits from the class play which was given Monday night.

## Boxing Matches Set For Tuesday Night

Four Panhandle Teams Are Entered  
In 15 Fights At Local  
Gymnasium.

One of the best bouts of the year is predicted by Coach Bob Clark for next Tuesday night when four Panhandle teams bring boxers to Wheeler to grapple with the local boys. These fights were scheduled for last Friday night, but because of a sandstorm the bouts were called off.

Teams from Briscoe, Mobeetae, Miami, and Wheeler will be represented and Allen Cavanaugh, well known Shamrock promoter, will call the matches. He will be assisted by two judges.

All fights are held under the auspices of the Wheeler High School and under the endorsement of Supt. J. L. Gilmore and neighboring superintendents. Should any fight be uneven, Clark, manager will stop them.

The Wheeler boxing tournament has been moved up to April 8. Trophies will be given to the winning school, plus awards to the individuals. Each fight will consist of three one-minute rounds. There will be approximately 15 fights.

Wheeler boys who will take part in the fights are: Jones, 125; Harmon, 135; pounds; Jamison, 160; pounds; Norman, 145; pounds; Badley, 135; pounds; Cooper, 112; pounds; Pitcock, 118; pounds; Ford, 150; pounds; Nations, 105; pounds; White-ner, 90; pounds and Craig weighing in at 80 pounds.

Fights will begin at 8 o'clock in the high school gymnasium. South doors will be open instead of the west doors. The Wheeler band will play a short concert at 7:30, Clark stated.

Admission of 15 and 25 cents will be charged, and 10 cents for reserve seats.

### WHEELER COACHES RECEIVE BLACK AND GOLD JACKETS

Two new jackets are donning the shoulders of Wheeler's head football mentors. The all wool jackets are black trimmed in gold with regular sleeves. They were to have arrived with the football sweaters but the boys' coats have been late in arriving.

The boys' sweaters were purchased by the school but the coaches had to buy their own, which cost them \$9 each.

They were bought from W. A. Holt at Waco.

### R. J. HOLT IS WINNER IN STORY TELLING CONTEST

R. J. Holt, a third grade student, won first in story telling when they were eliminated last Wednesday at 1 o'clock in the gymnasium.

The alternate, Nella Joy Pickens, will represent the school in case R. J. is unable to go to the League meet at Shamrock.

Mrs. E. C. Raney, Mrs. Cora Hall, and Miss Willietta Templeton judged the story telling.

Under the direction of Mrs. John Hood and Mrs. C. C. Crowder, the students have been working.

Lila Jewell Walker won third place.

## SPORT SLANTS

By a Mustang

Cinders and Goggles!

Every year at the annual track meet there comes another sand storm which usually delays the meet a day. Last season a dreaded dust storm blew up and the league meet was called off until the following Monday. Now it seems that the fans can come prepared by bringing goggles and an extra handkerchief. If you are a greenhorn take heed to this warning.

Well Represented.

In a scrimmage game of volleyball with the Briscoe girls at one time five of the six girls playing for Wheeler were from Magic City. Last season the girls from Magic had a very strong team. The lassies from Magic City were Bernice Williams, Ida Joe Derryberry, Helen June George, Elva Belle Crouch and Lorene Wallace.

From the looks of the track boys they should take a few honors at Shamrock today and tomorrow. They have long cars and legs and if they run like their ancestors, the jackrabbits, they will likely take some first places.

Spring football starts Monday. If the coaches have enough available material they will likely put the ex-Mustangs up a good fight when they meet on the local gridiron sometime in the near future.

Nomination for the newest game. Miss Adams told two boys if they would get a volleyball team she would let the girls scrimmage them sometime next week.

The Wheeler lads and lassies have done pretty well so far in the county meet; they have taken six out of eight first places.

### P.-T. A. Will Send Resume of Activities

Miss Ruth Ewing was asked by Mrs. E. W. Carter to send in to headquarters a resume of the year's work of the P.-T. A.

One of the goals of the organization this year was to increase the membership, which grew from 28 to 58 members, with an average attendance of 108.

Other things the association plans to do by the end of the school term is buy medals and finish paying for the piano.

The summer roundup was also successful. Out of the 33 six-year-old students who were qualified to take the student examination, 25 took it.

The Parent-Teachers also sponsored a carnival, play, and a forty-two tournament besides the regular monthly meetings.

### LOIS WALKER WINS FIRST IN LEAGUE WRITER CONTEST

Lois Walker won first in the Inter-scholastic League essay contest Friday. Aubrey Warren is alternate. Both wrote on "My Home Town and Why I Like It." Marthlys Wiley and Clella Beth Moody also entered.

Some of the subjects they had to choose from were: "My Home Town and Why I Like It," "Alcohol and Auto Accidents" and "What is Sportmanship?"

### Boxing Card Is Postponed

Because of bad weather the boxing card which was to be held in the school gymnasium last Friday night was postponed.
