Allison Girls, A.A.U. Queens Divide Series

Plainview Girls Fail in Attempt To Beat Rambelletes In Own Gym.

Plainview's girls' A. A. U. championship basketball team went to Allison Friday night of last week for the first of a two-game series with Coach Johnny People's Allison Rambelletes, with announced intention of showing the rural damsels just how it feels to be defeated on the home floor, a pill they have not tasted in the last two years.

The girls from Hale county thought it would be an easy way to add two more games to their brilliant record for, they presumed, Allison would be a setup.

But the result was a 22-19 triumph for Allison, although Ruby Gunter, sparkplug of the Peoples crew, was sick with influenza. Gunter, even though still running a little temperature, did participate in the last three minutes of play and her coach gives her credit for pulling a hotly contested game out of the fire.

At Friday night's encounter at Wheeler, however, it was a different story. The players reacted from the high tension of Friday night's home contest Peoples declared, and played their poorest game of the season. Although they have been spectacular winners for the last two years, he said, they are relatively inexperienced in playing under pressure, and are unsteady when the going is tough. Plainview won by 33 to 19.

Peoples rates his Rambelletes every bit as good as the more experienced Plainview crew, with exception of their tendency to blow up under pressure of real competition.

The Times learned Thursday afternoon that the Allison girls were on their way to attend the Southwestern A. A. U. tournament at Plainview.

Score by periods in Friday night's game at Allison:

Plainview	4	4	3	8-19
Allison	6	2	12	3-22

At Saturday night's game in Wheeler the score was:

Plainview	5	14	0	14-33
Allison	7	2	5	15-19

Plainview Announces Allison Entry

A press dispatch from Plainview in Wednesday's dailies announced entry of Allison in the Southwestern A. A. U. tourney there this week. It was stated also that effort was being made to secure the strong Mobeetie girls' team also.

The dispatch follows: Interest in the Southwestern A. A. U. girls tournament to be held here Thursday, Friday and Saturday heightened today with the announcement that eight outstanding teams had entered and that others had indicated they would participate.

The Allison sextet, doped as a threat to the southwestern crown after their defeat this week of the Plainview team, holders of the state A. A. U. championship, leaped into high favor with the filing of their entry. The Allison girls halved a two-game series with Plainview Friday and Saturday nights.

Plainview and Allison remain early favorites but stiff opposition is expected from Quitaque, Elbow, Dimmitt, Hale Center, Liberty, Hereford

Shamrock Bank New Depository For County Cash

Security Posted and Transfer Made Of \$219,000 in County and School Funds.

The Farmers and Merchants State bank of Shamrock recently was named depository for county funds by the commissioners court, and has posted bonds worth \$219,000 par value as security.

There was spirited bidding for the county's business said W. O. Puett, county judge. Heretofore none of the banks in Wheeler county cared much whether it had the county deposits because interest was paid on daily balances, and bankers were hard put to find loan or investment outlets for money.

But with a new law coming into effect on August 22 prohibiting payment of interest by banks on demand deposits, there comes the opportunity to obtain use of funds without interest cost, Puett stated.

Officers of the First National of Shamrock, already the county depository, raised question as to legality of the court's action in so designating their bank. They filed a petition alleging the law was not complied with on every point when the award was made.

It was surmised by county officials this was done in hope of eliminating this doubt as to legality and to cinch the depository designation for a longer period.

The court, which had been having a hard time finding a bank that wanted county money, suddenly found them fighting for it, since opportunity for profits was looming.

At the time of transfer to the Farmers and Merchants bank, the county had approximately \$189,000 in state and county funds and about \$30,000 in school money.

As security for county deposits, the bank posted \$210,000 in United States government bonds, \$1,000 state of Texas relief bond and \$8,000 in city of Shamrock bonds. These securities have been deposited in a big city bank and the county holds a trust receipt.

Wheeler Boys to Show Calves at Fort Worth

James Passons, LeRoy Lamb Plan To Compete in Fat Stock Show.

Two Wheeler boys plan to exhibit animals in 4-H club competition at Fort Worth fat stock show, says Ernest Goule, assistant to Jake Tarter, county agent.

James Passons will exhibit an Angus calf he has been feeding, and LeRoy Lamb will enter two fat Herefords.

Both boys are members of the Wheeler 4-H club.

Mr. and Mrs. H. M. Wiley and son Billy have been ill with the flu. Mrs. Wiley and Billy have recovered and Mr. Wiley is able to be up.

and Abernathy teams, other early entrants.

Walter Thatcher, tournament director, planned a trip to Union Hill to make a personal request for the entrance of that highly touted aggregation as well as the strong Mobeetie sextet. Both outstanding teams of this section, the two teams have scheduled a game together which conflicts with the tournament, but officials are hopeful of making satisfactory arrangements for both teams to enter.

Schoolboy Boxing Friday Night

First of a series of boxing matches will be held in the high school gym Friday night, Coach Bob Clark announces.

Bouts will be held from time to time until the interscholastic meet April 15.

Details will be found on sports page of The Corral, tabloid school section, in this week's Times.

Mrs. Lott Returns From Health Trip

Lower Altitude Fails to Bring Any Improvement and Stop Was Made At Temple.

Mrs. J. A. Lott was brought back Tuesday night from Temple, where her condition made it necessary to stop several days ago when on her way to the gulf coast, where it was hoped the lower altitude might give her some relief from heart trouble.

Mrs. Lott was making the trip to the coast with Mrs. Marl Jaco by motor. Lott, together with Marl Jaco and D. A. Hunt left here Monday with the Hunt funeral home ambulance, upon receiving word that Mrs. Lott's condition showed no improvement, and that it was advisable to bring her home.

Since her return, Mrs. Lott is resting well and showing some improvement, but it is understood she is unable to have much company.

Lott and Hunt returned with the ambulance, and Mr. and Mrs. Jaco and the baby came home in the car Mrs. Jaco and Mrs. Lott drive to Temple.

Bethel Man Is Badly Hurt in Car Crash

C. E. England and Son Norman Victims in Accident Saturday.

C. E. England and his son, Norman of the Bethel community were injured in an automobile crash 12 miles east of Shamrock on highway 66 Saturday afternoon.

The Elder England suffered a fractured pelvis and left hip, a deep laceration on his forehead and lesser injuries. Norman England had a fractured knee and severe bruises.

The Englands were traveling west and met another car head-on. Driver of the other vehicle had pulled over to left side of the road to pass a slower machine.

Raymond Waters, sheriff, reported that investigation by officers revealed identity of the two men who occupied the other car. Warrants were issued and sent to the sheriff at Sayre, Okla., who said he found each of them at home in bed, nursing injuries, that both were "badly banged up" and in no condition to take to jail, Waters said.

The Wheeler county sheriff was unable to give names of the men or tell the nature of charges against them. The case is in justice of the peace court of B. B. Walker at Shamrock, he said, and Waters did not know details.

Marriage Licenses Hit New Low Mark

Two Couples Saturday Save Clerk's Office From Chalking Up Blank Month in Licenses.

Two couples Saturday saved the county clerk's office from going a whole month without issuing a single marriage license, says Miss Florence Merriman, deputy in office of W. O. Craig.

Last license previously issued was on February 4, and there had been on others up to Thursday, making only two interruptions for a month in the unromantic monotony of filing deeds and mortgages, paying bounties on coyote scalps, buying rabbits' ears and similar uninteresting things.

Licenses to wed were issued to J. H. Moore and Miss Minnie Surber and to Jay Rhodes and Miss Frances Mercer.

Box Supper Friday Night in Kelton Gym

There will be a box supper in the school gymnasium at Kelton Friday night, March 5, at 8 o'clock, sponsored by the high school athletic club.

Proceeds will go to the fund to buy sweaters for boys and girls who have lettered in sports.

A program is to be given by the high school music classes and by a Shamrock soft drink concern.

W. T. Arnold of Mobeetie was in Wheeler Thursday on business.

Mobeetie Girls In Playoff For League Crown

To Meet Union Hill Crew in Bidistrict Playoff Friday Night At Mobeetie.

Mobeetie high school basketball girls, winners of the tourney for district two of the Panhandle girls' basketball league, held at Pampa last week, are to meet Union Hill, champions of the girls' district, at Mobeetie Friday night in the second game of playoff series for the league title.

First game was played at Tulia Wednesday night. If a third game is found necessary, time and place will be decided.

District one and district two each is made up of 12 counties and the two districts form the Panhandle girls' basketball league.

Mobeetie girls are rated one of the Panhandle's strongest teams, having lost but few games this season. They have won and lost games with the highly touted Allison girls, who only last week split a two-game series with the state A. A. U. champion Plainview team.

Authorities After Careless Millers

Use of Filthy Bags for Flour Is Violation of State Food and Drug Law.

AUSTIN. — Cracking down upon flour manufacturers who use sacks not laundered or properly cleaned after previous use, the bureau of food and drugs of the state department of health is continuing its campaign to stop this filthy practice, Dr. Geo. W. Cox, state health officer announced. Flour sacked in such manner is adulterated under the state food and drug law. Prosecution will be instituted against bakers, grocers, millers, or any others where such sacks are found to contain food.

In numerous instances it has been found by inspectors of the bureau of food and drugs that no care whatsoever has been exercised by bakers in keeping sacks intended for refilling at the mill in a clean condition. One lot of sacks of this kind appeared to have been used in wiping machinery and mopping the floor of the mill. Another lot was found mouldy. Another was found to be a breeding place for insects.

C. H. Davidson, proprietor of the City Bakery, stated that practice of using dirty bags for flour was mostly the fault of bakers. It is his understanding, Davidson said, that a baker's flour is shipped from the mill in the selfsame sacks he sends in, when old containers are used. He declared some bakers are almost criminally careless in this particular.

All the flour he uses comes in new sacks, Davidson said. He can get flour 20 cents a barrel cheaper by furnishing the bags, but prefers to sell his used bags to housewives who use them for dish towels and other purposes. This way his net is only 2 cents a barrel of flour more, which would not be enough to pay cost of cleaning the old sacks, he said.

Former Wheeler Folk Return to Home Town

Mr. and Mrs. Raymond Holt, former residents of Wheeler, have moved back to town and are living in the Worth Beal house in the east part of Wheeler.

They come from Brownfield, where Holt operated a gin, which burned a few weeks ago.

Holt has taken a position with the Citizens State Bank.

Widow Gets All Of Huselby Property

Will of Late Mark Huselby, Pioneer Ranchman, Names Wife As Administratrix.

Will of the late Mark Huselby, recently filed for probate here, left the entire estate to the widow and appoints Mrs. Huselby administratrix.

Huselby, pioneer ranchman and one of the earliest settlers in Wheeler county, died January 16 and was buried at Mobeetie.

Appraisers have been appointed by W. O. Puett, county judge, says Miss Florence Merriman, in office of W. O. Craig, deputy county clerk. Although no inventory was filed, the probate petition stated the probable value of the estate at \$250,000.

Rites Held Sunday For Mrs. Bradshaw Who Dies at Hollis

Heart Attack Takes 20-Year Resident Of Wheeler; Was Visiting In Home of Daughter.

Funeral services were held at the Wheeler Church of Christ Sunday afternoon for Mrs. J. A. Bradshaw 55, who died from a heart attack Saturday morning at the home of her daughter, Mrs. Pat Patterson in Hollis, Okla.

She had been visiting her daughter the past week end and was seemingly in good health.

The Bradshaw family has lived in Wheeler county for the past 20 years. Mrs. Bradshaw was born December 5, 1881 at Booneville, Miss., died February 27, 1937.

She was married to J. A. Bradshaw, December 13, 1899 in Denton county and moved to Wheeler in 1916.

Mrs. Bradshaw is survived by her husband, J. A. Bradshaw and five children, Mrs. W. S. Patterson, Hollis, Okla., Mrs. Olin Pendleton, Charley Bradshaw and Mrs. Otis Reid of Wheeler, and Mrs. Owen Jones of Briscoe and fourteen grandchildren. Her mother, Mrs. D. B. Jordan of Hollis and two sisters, Mrs. O. R. Hickman, Hollis, and Mrs. W. R. Slagle, Shamrock and three brothers, Lunsford, Charley and Haskell Jordan all of Hollis.

Mrs. Bradshaw had been an active member of the Church of Christ for 30 years.

Service for Mrs. Bradshaw was held by C. C. Merritt, pastor of Wheeler Church of Christ, assisted by Rev. Cooper of Shamrock.

Burial was made in the Wheeler cemetery with the Hunt Funeral Home in charge.

Pallbearers were Pat Patterson, Olin Pendleton, Otis Reid, Owen Jones, W. R. Slagle and O. R. Hickman. Flower girls were Mrs. Sandifer, Mrs. Bob Ramsey, Mrs. Ira Passons, Mrs. Jess Crowder, Mrs. O. Nation and Mrs. Balch.

Mr. and Mrs. Al Jolly, Melvin Pillars and Hester Dodson composed a quartet who sang "Heaven Holds All to Me."

You Now May Use The New Car Tags

Deadline for Obtaining 1937 License Is April 1, Says Deputy Collector.

The old bus may now be decorated with beautiful, new up-to-date 1937 license tags, says Lee Gunter, deputy in office of John H. Templeton, tax assessor and collector.

Deadline for payment of 1937 car licenses is April 1, but Gunter pointed out that in case of registering new cars or machines brought in from another state, 1936 license must be paid for month of March.

Miss Bessie Mae Ficke, deputy tax collector, says the new tags really are pretty, coming in a variety of hues. Passenger cars will have cream numerals on black, while commercial vehicles will bear black numbers on orange. Farm trucks will carry orange numbers on a black plates, while automobile dealers' tags will be duckiest of all with cream on maroon. Buses may be identified by the gray on black tags, trailers will carry black on gray, while motorcycles will be decorated with yellow on black and sidecars with black on yellow.

4-H Club Boys To Attend Fat Stock Show

Large Percentage of County Club Members Will Go To Amarillo

A large delegation of Wheeler county 4-H club boys is planning to attend the fat stock show at Amarillo on Wednesday of next week, according to Ernest Goule, in charge of 4-H club work in the county, as assistant to Jake Tarter, county agent.

Wednesday is to be 4-H boys' day at the stock show.

Meetings of boys' clubs have been held in each community in the county, at which he explained plans for the trip, Goule said. Transportation is to be by truck and each boy is to pay his part of the transportation cost and take his lunch with him. Trucks are to be hired if possible, Goule said, and each boy's necessary expense should be less than a dollar.

Saturday is the deadline for notifying him of intention to make the trip, Goule said, as transportation will have to be arranged and routes of trucks picking up the various groups will have to be planned.

The day's program calls for a trip to attend the fat stock show at 10 o'clock a. m., accompanied by the club sponsors, after which inspections are to be made of industrial plants in Amarillo.

Goule stated that every member of the Twitty boys' 4-H club was planning to attend the stock show, and all but two members of the Bethel club intended to go. One Bethel boy staying at home is under quarantine for scarlet fever and the other is recovering from pneumonia.

Six Wheeler county boys are to enter steer calves in the 4-H competition, Goule stated, Edgar Flynt and Roy and Coy Bradshaw of Wheeler are to show Hereford calves; Henry Davis of Allison is entering a Short-horn; Edward Cadre and Milam Mertel of Pakan each is exhibiting a Hereford.

Charles Barham of Mobeetie is to enter breeding class competition with a Hereford bull calf. Barham's entry will not be in the 4-H contest, as club boys only show animals in the butcher cattle class.

Cadre and Mertel won second and fourth prizes respectively, in the recent calf show at McLean.

Range Owners To Meet Here Friday

Advisory Committee to Be Chosen To Assist 'Regular' Committee in Range Work.

J. L. Tarter, county agent, announces that there will be a meeting of range owners held in the district court room March 5, at 2 o'clock p. m. for the purpose of discussing the range program, and electing a committee of two members, to serve as an advisory committee to the regular committee, pertaining to range work.

"All range owners are urged to be present as it might be of interest to them," Tarter said, "and please tell others to come to the meeting."

Miss Glenetta Teakle returned home Friday from Carlsbad, Tex.

Writer Speaks Mind On Buying Away From Home

Editor's Note—Albert Cooper, editor of the Shamrock Texan, who writes a personal column every day and signs himself JAUB, has some things to say about the home town folk buying things they need in other cities. The Times believes in trading at home, and though his article does not necessarily speak this paper's sentiments, it is reprinted in full.

If Shamrock had a Packard automobile plant, selling big deluxe models to local people at \$500 each, mostly women, who would think it the ells to local people at \$500 each. There is a certain class of people mostly women, who would think it the "smart" thing to do, to go to Amarillo, Oklahoma City or Dallas and buy a "cute Austin," if it cost twice as much money. And they would actually try to convince you it was a swanker job and a much better buy because they bought it in a great, big city.

Yes sir, there are a lot of women in our midst who are simply too good to buy their shoes, hats, dresses, furniture and automobiles in a country town like Shamrock, we might as well admit it. They need class and

finery that is above the tastes of the common herd of people from whom these women's husbands, brothers and fathers, look to and depend on for a livelihood.

Oh, Shamrock is all right to live in, in a way, as Ezra got his start here and has a lot of business connections which he would hate to leave. And of course, in Ezra's particular line of work or business, the town really needs him and he would not want to run out on a bunch of friends, even if a larger city did look more attractive to him. He just wouldn't consider moving away.

Truth of the business is, and Ezra knows better than anybody, that were it not for the loyal support of his fellow townsmen he would starve

Here's 1937 Model Spring Poem

(With Apologies to God and the Weatherman)

By MARIE WATERS

Say, have you ever seen a sand storm in the spring?
The Texas sand a-blowin' in the spring?
For the trees unfold their greens
Show their vari-colored sheens
And the Robin starts his singing in the spring?

Have you walked beneath a sand cloud in the spring?
Reached right up and touched the heaven in the spring?
And th' soft grey mist kept fallin'
Till your lungs were stuffed to bawlin'!

Oh, to smell a Texas sand storm in the spring!

Have you ever wiped the mud-balls from your eyes?
Lost a hat while walkin' down the street?
Felt the gravel kiss you or the cheek?
Or, had your wash blown down in one big heave?

Has your house been free from sand just once this spring?
Are you glad that you are livin' in the spring?
Do your curtains and your linens every week?
Can you finger trace the table an' leave no sand streak?
You're no dweller in West Texas if you truthfully say yes.

Does your fancy turn to gardening in the spring?
Have your first rose-buds been beaten by the sand?
Have you ever dug an' dug then planted seed—

Then watched it blow away? Did your heart bleed?
Of pleasure such as these one has to sing!

Have you ever seen a sand storm in the spring?
Felt you've yearned for Texas in the spring?
While I live I shall remember
How they fill my eyes with cinders
Oh! There's nothing like a sandstorm in the spring!

DRIVING A PRIVILEGE

It is high time we realized that the operation of a motor car on the public highways is a privilege—not a right.

Every automobile is a potentially lethal weapon. Properly used, it is one of man's most desirable mechanical servants. Improperly used, it is a terrible menace to the lives, health and property of everyone in the area it travels.

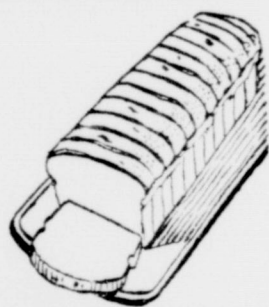

Rigid training is necessary to obtain license to pilot an airplane—yet the plane travels empty airways where, generally speaking, it cannot endanger others. Locomotive engineers must likewise undergo years of arduous experience, and must prove their physical and mental competence and responsibility before being entrusted with a train—yet a train operates on tracks, and has no traffic congestion problems. Still, in most states, we allow anyone—whether he be competent or incompetent, careless or reckless, of good habits or bad—to drive a car on crowded arteries of travel, where the slightest error of judgment may cause a death!

It is an undeniable fact that a considerable percentage of the people now driving should either be denied that privilege or forced to undergo a period of training to make them able, safer car operators. Some of these people are physically incapable of driving properly. Many more are mentally incapable, congenitally incompetent, or reckless. And the toll is 35,000 lives a year.

We will never solve the accident problem until we adopt drivers' licensing regulations that will keep the incompetent and reckless driver off the public roads. No man has a "right" to drive until he can show definitely that he is worthy of the "privilege" bestowed upon him.

The Times believes the bill now before the state legislature to tighten drivers' license regulations should be passed and will result in safer highways and fewer tragedies.

Behold, mercy may be but a deeper justice—Thomas Hall Shastid, M. D.

Whimsy

By M. L. M.

JAUB in the Shamrock Texan speaks his mind about this or that occasionally, and last Thursday he had some things to say about buying at home.

He said things that I will admit I don't have the intestinal fortitude to put in print.

He said things I sometimes hesitate even to think.

This time it is the tendency of a few Shamrock housewives to buy Amarillo bread rather than the product of the Shamrock bakery, that gets in JAUB's hair.

He points out that the Shamrock baker makes just as good bread as the way any Amarillo concern is cutting the price.

He thinks Shamrock people ought to "tell those out of town birds where to head in."

Which reminds me of an editorial the former editor printed in The Times about people buying Shamrock bread when we had a new bakery right here in Wheeler.

But the Shamrock baker is indulged in no price cutting, so far as I know.

He does a little business here, and seems to be reluctant to withdraw entirely from the Wheeler field.

One gets business where he can find it these days, and it should be remembered that before the Wheeler bakery was established the town had to depend on the Shamrock plant for its bread supply.

However, not so very much business is done in Wheeler with Shamrock bread.

We have a very good bakery, thank you, and it is the belief of Times folk that their friend Davidson makes a better loaf.

At any rate, it comes to us fresher, and it has as fine texture as anyone could ask, and I honestly believe it has a better taste than if flavored with a dash of Shamrock or Amarillo.

JAUB's column last Thursday was good reading for people of any community, although it may be a little strong. It is reprinted in full elsewhere in this week's Times.

And was my face red when D. E. Holt called my attention to the prize boner in last week's Times.

In the story about the Mobeetic bank being about the oldest financial institution in the Panhandle, it was stated that John Long was its president.

Mr. Long died more than ten years ago, and A. Finsterwald now holds the presidency.

I got my information from H. L. Flanagan, cashier of the bank, and I am sure he gave me the facts straight. All by myself I got things balled up.

I have been concerned about ways of verifying information I get, and it appears it might be wise to have somebody check up on me.

SIDELIGHTS

By HON. MARVIN JONES
Member of Congress from Texas

On March 4, various states throughout the nation are holding Democratic victory dinners to celebrate the continuation of the present Administration. In Washington the guests of honor are Pres. Roosevelt and Vice-President Garner.

The Democratic national committee has asked me to address the Delaware victory dinner at Wilmington, the state capital.

March 4 is the day on which the president and vice-president were inaugurated for many years until the lame duck amendment changed the date to January 20. It was on March 4, 1933, that the present administration took office.

It was a day of solemnity and of hope—solemnity because of the discouragement that had gone before; hope because of the new road that suddenly opened ahead.

That date is a landmark in the life of every citizen in the land.

We have all been witnesses of the improvements that have taken place in the past four years. We have seen a program take shape for agriculture. We have seen thousands of homes, in the city and on the farm, saved from foreclosure. We have seen the development of programs of emergency relief and of public works and of housing.

And on last November, the nation expressed its desire to continue this work.

One of the numerous indications of the general upturn trend is the recent announcement of the treasury department that not a single national bank failure was recorded during the past year. This establishes a 53-year record.

It is a startling contrast to that short time ago we all remember well, when conditions grew steadily worse until a banking holiday was necessary.

Four years ago there was banking chaos. Today the treasury describes banking conditions as "very satisfactory."

Last month a national conference of farmers and representatives of farm organizations met in Washington to formulate suggestions concerning a long-range program for agriculture. The house agriculture committee also recently held a consultation with farm leaders to hear their views.

Proposals made at those meetings included the suggestion that the time for state administration of the soil conservation program be extended two years; further provision for marketing agreements and orders; and consideration of a storage and warehousing program which would insure against a shortage during drought years as well as providing for better marketing conditions generally.

It was also felt in these meetings that the drive should be toward securing a fairer share of the national income for the farmers and ranchmen of America.

Only young bees reared late in the season and the queen live through the winter.

ership is now definitely established, says Warren.

The Knob creek farm is the only tract of land on which Abraham Lincoln lived for any considerable time which has not become, in part at least, a national shrine. It was the playground of Lincoln and is by far the most picturesque of all the Lincoln homes.

Queer Terms Used In Describing Farm

Early Home of Lincoln Has Been In Litigation Several Times

The homespun methods employed to define tracts of land in the days of Abraham Lincoln were in sharp contrast to the specific methods of today and often resulted in complicated litigations, according to Dr. L. A. Warren, director of an insurance company's museum in Fort Wayne, Ind.

The boundary document for the Knob creek farm where Lincoln lived from 1811 to 1819 is a good example of methods then in use:

- Knob creek, 228 acre tract:
 1. Beginning with two sugar trees north 19 degrees, east 141 poles to a dogwood tree and ash tree corner to a 100 acre tract.
 2. North 48 degrees, west 74 poles to a beech tree.
 3. North 29 degrees, west 65 poles to a poplar tree on the east side of a hill.
 4. North 58 poles to an ash tree.
 5. South 76 degrees, west 105 poles to a white ash tree.
 6. South 117 poles to a stake.
 7. South 31 degrees, East 168 poles to a sugar tree.
 8. South 70 degrees, East 54 poles to the beginning.

This farm has been the subject of several litigations, but present own-

R. C. Pugh, jr. had the misfortune of breaking a bone in his foot when he fell from a windmill tower Sunday.

The Plainview girls' ball team played our girls here Friday night and at Wheeler Saturday night. The games were well attended at both places. Our team won Friday night and Plainview won Saturday night.

Rev. Leonard Fields preached at the Baptist church Sunday. He and his family were dinner guests in the A. Abernathy home. Also Philo Mae Newsom.

W. S. McCoy celebrated his 68th birthday Sunday at his home here. Those present to enjoy the day were: Earl McCoy and family, Cecil McCoy and family, Mrs. Pete Woods from Shamrock and her sister-in-law, Mrs. Bill Woods from Oklahoma City and Mrs. Walter Cowart and two sons from Porter Flat.

Mr. and Mrs. L. C. Reed and children were dinner guests in the H. R. Warren home Sunday.

Several in the community have been suffering with the flu the past week.

The play, "The Rose of El Monte" was well attended at the auditorium Wednesday night and the characters were well chosen.

R. E. Lee was unable to be at school Monday on account of illness.

Mr. and Mrs. E. P. Kiker went to Shattuck, Okla., Wednesday of last week for medical aid for Mrs. Kiker, who has been ill for several days. She is still not feeling so well.

Mrs. Lee Kieker visited her sister at Elk City, a few days last week.

G. H. Parks has rented the place formerly occupied by Vance Estes and is moving there this week.

Mr. and Mrs. Ben Abernathy and daughter, from Washita visited in the A. M. Abernathy home Sunday.

DAVIS HOME DEMONSTRATION MEETS WITH MRS. BULLOCK

"If the soil is too tight or packs too easily for good drainage in setting out trees or shrubs a shovelful of small rocks or gravel should be placed under the roots of the plant."

was one thing taught by Miss Dalton Burleson, Wheeler County Home Demonstration agent, at the Davis club meeting in the home of the yard demonstrator, Mrs. Zura Bullock, Wednesday, February 24th.

If the soil runs through one's fingers, when squeezing a handful, it is too sandy and should have tighter soil and fertilizer mixed with it, while on the other hand if the soil packs in one's hand it should have sand and gravel mixed with it before setting out plants," also stated Miss Burleson.

The ladies set out part of a salt cedar "screen" in Mrs. Bullock's yard. Everyone at the club was glad to welcome our new demonstrator, we are not going to say we do not miss Miss Jones, but we do say we are real happy that we have a demonstrator that is, as lovely as Miss Burleson to fill her place with us.

Miss Burleson announced a cake contest, cakes to be judged at Wheeler Saturday, March 6, also a banquet to be held March 19.

Those present for the meeting were: Mesdames Lawrence Homesley, Jack Bass, John Kenney, the hostess and Misses Dalton Burleson and Imogene Bass.—Reporter.

We Are PROUD

Of our fountain service in more ways than one. We are proud of the equipment we have, for it is the last word in soda fountains. We are proud of the high quality materials used. And we are proud also of the sanitary standards maintained.

Our fountain is equipped with running hot water, and each glass is sterilized after each serving. Mind you, we do not say we can sterilize; we say we actually do, for there is no other way really to get the glasses clean.

We serve all the popular fountain drinks. Let us supply your Ice Cream, either over the counter or in handy containers to take home with you. Also other fountain specialties.

LIFE HERE AND HEREAFTER THROUGH CHRIST
Lesson Text: Jno. 14:1-15:27.
Devotional Reading: Ephesians 3:14-21.

Approach
Here we are firmly established in this "machine age" which is now fast drifting into the "power age." Yes, "drift" for we drift this way and then that. In this vast universe of mystery and startling wonder, man is lost. Once man was as God insofar as this question is concerned. He knew and could fully appreciate and appropriate the things at hand. But not for long was he to remain in such a state. Through sin he lost his absolute knowledge of things and his ability to appropriate them to his own enjoyment. Thus life — that "abundant life," was lost here. Since that loss and man's ejection from "the presence of God," man has ever been reaching out after things that should be in his experiences if he is to have the fullest of life. So, in different ages the world's thinking has reached in first this direction and then that. As finite mind swings toward certain phases of life, it seems but inevitable that that mind must swing away from other phases of life just as important. Man, the most brilliant of them, seems incapacitated for all that life here really offers.

Hence, we must of necessity speak of the hereafter. Paradise lost here will be regained in the hereafter; for God has ordained that through His Son, the willing and trusting of lost humanity may find all He intended life to be for us. But that cannot take place here, for only a very small remnant of lost humanity will meet the requirements of such a thing. To have such a thing made possible to us here and now would mean that every man, woman and child should willingly choose to be restored to man's original place in the kingdom of God; that sin and the desire of sin and the love for sin would come to an end; that greed and selfishness should be consigned by man to the "bottomless pit"; that sorrow and suffering fade into the bliss of the glorified; and that all matter that hides the mystical and angelic should become "as crystal."

Introduction
The upper room, in the city of Jerusalem, just a day before He was crucified, the sorrowing disciples were gathered closely about the Lord when He gave them this lesson. Little did they understand that their Lord and Master must die, if He is to save the lost world. Even though He spoke to them clearly of the hereafter, they could not get their interest off the here and now. They loved Him and wanted to see His cause a success. There was far more of self interest in all this for themselves than they had realized. Little did they think that that very night ten would forsake Him; the one would deny Him and the other would betray Him! Yet Jesus knew and strove to tell them so. Nevertheless, He looked forward to their happiness for He knew that the penitent trusting heart would be restored unto Him.

How kind is Jesus! and how very longsuffering, that He deals with the erring and unappreciative like that! Just a few moments ago, He was washing their feet and giving them an "object lesson" of love and humility. Yes, He wanted them to be like Him and see things as He saw them. But how far from that happy state they were. But He could afford to be patient with them, for He knew all things. He knew what He was about to do and He knew also what they would do.

Troubled Hearts
Troubled, not only because Christ seemed determined to deliver Himself unto His enemies to be put to death; but, because, if He dies, their cause and all their hopes would be (as they thought) forever doomed. But He strove to untrouble their hearts with the hope of the hereafter. Did they not know that in His Father's house were many mansions? And now He announced that He Himself would take personal charge that He might take them to the Father's house with Himself. But that did not seem to satisfy them in their questionings about the present time. What, in the meantime, were they to do? Well, He had answered that question and would answer it again. And here is the way He did answer it: "But tarry ye in the city (of Jerusalem), until ye be clothed with power from on high."

"Ye Know The Way."
Did they know better than they thought? Well, their faith was not as strong as that of Abram, for they seemed unwilling to walk into the unknown by faith. "We know not whether thou goest, how know we the way?" To many even today, how intangible His answer—"I am

the way." Furthermore, He is "the truth and the life." Stick close to Me, for in Me the Father also is manifested. "Trust Me, for in Me and in the Father you are perfectly safe. Have you not found in Me this assurance through the mighty works the Father has done through me?" Both the words I have spoken and the works I have done are not mine, but the Father's who sent Me. Believe Me, then, and keep hold of My hand and all will be well.

"Verily, Verily"
They were not to lose sight of Him, to get out of touch with Him after His death. He could not be true, nor His teaching true, unless He passed through death. For in that death He was to bear the judgment of damnation for the sin of the world. He had no cause separate from the salvation of the lost. Therefore, all His words and works would become vital and final after He had "ascended unto the Father."

Like as with Elisha, a double portion of His Spirit was to fall upon them and then they, too, should go forth in the "power and spirit" of their Lord. But this would be possible only to those who could not lose sight of Him and to those who would not get out of touch with Him. Yes, it was to them "that believeth on Me," and "if ye love Me," "if ye shall ask anything in My name, that will I do, that the Father may be glorified in the Son."

Their Comforter
From whence were these sorrowing disciples to find comfort? Unfortunately our lesson committee stopped too soon for this lesson should have included this question also. The very next verse (16th) reveals to their present need. Their sorrowing hearts must be comforted, but that comfort could come to them only through the Comforter, whom the Father would send in answer to Christ's prayer: "Even the Spirit of truth; whom the world cannot receive." "Nevertheless I tell you the truth: It is expedient for you that I go away; for if I go not away, the Comforter will not come unto you; but if I go, I will send him unto you; . . . Howbeit when He, the Spirit of truth, is come, He shall guide you into all truth; for He shall not speak from Himself; but what things soever He shall hear, these shall He speak; and He shall declare unto you the things that are to come. He shall glorify Me: for He shall take of Mine, and shall declare it unto you" (16:7-16). He, the Holy Spirit, is the only Comforter for God's people even today. (See I Cor. 6:19,20; Gal. 5:16-26; Rom. 8:9-11).

Strange Superstitions

When a slave runs away, the Arabs tether a beetle to a small stake. If the bug winds its leash around the stake, magic will force the slave to return.

This is only one among hundreds of peculiar beliefs explained by Edward Finch in a new pictorial feature called "Strange Superstitions."

Cleverly illustrated and interestingly prepared, it is a fascinating oddity that you'll want to follow in every issue.

Maybe you have a few superstitions. . . maybe you don't believe in them. Either way, you must not miss "Strange Superstitions."

Eighth District P-T. A. Notes

(By Betty Pearson Hodges)

"Come one, come all, with old clothes and in the Prairie Schooner," is the call to all members of the eighth district Parent-Teacher associations to send delegates and representatives to the spring conference at Perryton, when Ochiltree county serves as host April 1 and 2. The call is issued by Mrs. C. T. Hunkapillar, of Pampa, president of the eighth district.

Prominent among the features scheduled for the conference is the "Let's Get Acquainted" luncheon on the second day, which will be in charge of Mrs. R. G. McReynolds of Dumas, first vice-president of the district. Delegates will be seated according to counties with each of the seven vice-presidents of the district acting as hostess to the counties she supervises. Each table will be given two minutes time to present a stunt.

Mrs. F. A. Render, of Panhandle, second vice-president of the district, will be the general chairman of the Early Bird conferences which will be held on April 2, from 8 to 9 o'clock.

A resume of the important facts brought out in the conferences will be given as "Highlights of the Conferences," by Mrs. Render before the entire assembly.

Mrs. Tom Johnson of Tulia, third vice-president of the district will be general chairman of the unit reports which will be given soon after the conference is called to order on the first day. Unit reports will be given by sections, with each section having a chairman and a secretary. Unit reports will stress projects. Mrs. Johnson and her chairman will bring a report of the projects before the general assembly.

Mrs. M. W. McCoy, of Pringle, fourth vice-president of the district will be in charge of a model executive board meeting.

Mrs. D. L. C. Kinard, of Memphis, fifth vice-president of the district, will preside at a council panel when city and county councils will each be allowed two minutes for a report. Mrs. Kinard will present outstanding ideas from the panel before the entire conference.

Mrs. Sid Clark, of Spearman, sixth vice-president of the district, will be the official time-keeper of the conference. Time will be called when the allotted period is up, as it will be necessary to adhere strictly to the program plan in order for all conferences, panels, and talks to be finished on schedule.

Mrs. H. P. Clemons of Dimmitt, seventh vice-president of the district will give the response to the welcome at the opening of the conference.

Supt. Irby Saruth, president of the Northwest Texas Educational conference and Mrs. Dan Sanders, president of the Canyon P-T. A., invite all P-T. A. members to the education conference at Canyon, March 12, and urge them to make reservations for the luncheon with Mrs. S. H. Condon of Canyon by March 8. The price of the luncheon will be 50 cents. Our district president, Mrs. C. T. Hunkapillar, will speak.

Mrs. Howard Riggs has been elected to fill the unexpired term of Mrs. Logan Cummings, as president of Collingsworth county council. We regret the resignation of Mrs. Cummings, of Wellington, who was forced to resign because of the illness of her small son.

Mrs. J. W. Adams of Childress urges all units to register with the State Chairman, Mrs. R. M. Carter, of Sherman for the Summer roundup. Registrations must be in before May 15.

The Higgins P-T. A. commemorated the fortieth birthday of the native-born Mrs. J. A. Tucker.

The Baptist W. M. S. met Monday, March 1, 1937 with ten present. A short memorial service was held in memory of Mrs. Mary Cochran Davis who passed away a year ago March 4, 1937. After the service the lesson was taken from the Royal Service led by Mrs. George Henderson. Those on the program were Mesdames Claude Davis, George Gandy, J. F. Rathjen, H. T. Carman, V. M. Lollar, Hugh Jenkins, L. T. Davis and J. A. Tucker.

Cancer Death Rate Continues Increase

Early Diagnosis Imperative For Cure, Says Health Officer.

AUSTIN.—"While the span of human life has been lengthened fifteen years during the last decade, thanks to science, the disturbing fact remains that there has been a marked rise in death from cancer during the same period," declared Dr. Geo. W. Cox, state health officer, and urged that the public be on the alert to detect this disease.

"Cancer is not a hopeless, incurable disease. It is not contagious or in itself hereditary. There are thousands of men and women in this country who have been successfully treated for cancer. The great hope of cancer patients lies in their having treatment during the first stages of the disease. Cancer announces itself by symptoms that are frequently painless and apparently trivial, thus giving the disease an unseemly advantage. Early diagnosis is the one powerful antagonist.

"The danger signals can be classified as follows: Any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth; any unusual discharge or bleeding from any part of the body, such as vomiting of blood, passage of blood from the bowels, or unusual bleeding of any bodily passage, especially after middle age. These symptoms may be from some other cause but should be diagnosed by a physician.

"Two main rules should be followed in cancer treatment. First, have an annual physical examination by a reputable physician. In this way incipient cancerous conditions can be discovered and by proper treatment the disease can be conquered. The second rule is a mistrust high promising statement of 'amazing new discoveries.'"

Founders' day at Tulia was observed with a program planned by Mrs. H. M. McGlaun, Miss Stapleton and her pupils gave a pageant, followed by a reading co-operation talk by Mrs. E. G. Barks, and a piano solo by Mrs. John W. Keim.

The Alice Landergin unit of Amarrillo heard Supt. C. M. Rogers on February 2 when he spoke on "The Revision of Public School Curriculum."

Mrs. J. D. Lawson, president spoke briefly on the fortieth anniversary, and a patriotic program was given, followed by the cutting of a huge, four-tiered cake.

Marguerite Johnston had all the girls twitter over her macaroni ring which she brought to the ladies aid covered dish luncheon. Everybody wanted to know how she made it, and accommodating person that she is, she obliged.

Here is the recipe:

- Macaroni Ring
1 tbsp flour.
2 tbsp butter.
1 cup milk.
1/2 tsp salt and a dash of nutmeg.
1/4 tsp each of celery salt, tabasco sauce and mustard.
1/2 tsp horseradish.
1 tsp chopped onion.
1 tbsp. chopped green peppers and pimento cut into long strips.
3 eggs.
1/2 lb. boiled ham cut into bits.
1 pkg. good quality macaroni.

Cook and blanch macaroni. Make white sauce, mix the two and add all other ingredients. Turn into a well buttered ring mold, set in a pan of hot water and bake 45 minutes at 350 degrees Fahrenheit.

Turn out onto chop plate and fill center with grated cheese. Serve hot.

Girls Defeated at District Tourney

Kelton basketball girls motored to Pampa Friday last week to play in the district tournament only to learn that the first game which was to have been played with Miami had been forfeited to them. They returned to Pampa Saturday morning; however, to play the Phillips girls' team, which defeated them two points.

The girls enjoyed the show "The Green Light"; then returned to Mobeetie to attend the junior boys' and girls' tournament.

Both the junior boys and the junior girls won second place in the tournament held at Mobeetie last week-end.

Interscholastic League Work Begun

Both boys and girls are hard at work on various interscholastic league events such as track, playground ball, volley ball, declamation, essay writing, spelling, music memory, and other events which they expect to make a good showing in at the county meet March 26 and 27.

Box Supper in Gym

The Athletic club of Kelton high school will sponsor a box supper to be given in the school gymnasium Friday evening, March 5, at eight o'clock.

An interesting program will be given by a soft drink concern of Shamrock and by the high school music classes.

Proceeds from the boxes will be used to buy sweaters and letters for the girls and boys who have earned them in athletic work of any kind.

Owl Hoots

Bertha Rogers checked in her books Thursday. She will enroll in school in Erick, Okla. She was vice-president of the senior class and had been assigned a part in the senior play. The seniors are truly sorry to lose her.

We are happy to have Loudene Cooper back in school this week. Josephine Poole and Loudene Cooper are very eager to get their class rings which have just arrived at the post office.

The seniors have called play practice for the period just after school. They have asked Mrs. George Gandy to take the part of Grandma which had been assigned to Bertha Rogers.

Rena Mae Johnson was invited to dinner in the home of Mr. and Mrs. George Gandy Monday evening.

Evelyn Harvey and Loudene Cooper attended the ball games at Pampa Saturday.

The seniors are wondering why Ray Webster did not attend school today.

Junior Jumpin's

Genevieve Britt visited in Shamrock and Wheeler Sunday.

Truman Henderson was in Wheeler Monday.

Lorene Clay was absent from school Monday because of illness.

Lavern Reeves did not attend school Monday.

The junior class has been discussing plans to make money for the junior-senior banquet.

Maxine Garner, Imogene Beatty, and Lorene Clay spent Friday night in the home of Genevieve Britt.

Mary Perryman was in Shamrock Saturday night.

Soph Quips

As everyone knows the Kelton junior basketball girls won second place in the county tournament held at Mobeetie last week-end. Four of these girls were sophomores: Vondell Davis, captain and forward; Leone Hefley, forward; Daisy Cooper, forward; and Kathryn Whiteley, guard.

We wonder why Leone Hefley was so sleepy Monday morning.

The sophomore class is studying poetry in English. Everyone is enjoying it very much.

Diseases of Age Are Leading Death Cause

Sensible Living Best Safeguard, Says Insurance Official.

FORT WAYNE, Ind.—More than twelve times as many people died as a result of leading degenerative diseases in 1936 as died from auto accidents in the same year.

These estimates are from recently released life insurance mortality rates applied to the total population of the U. S. and were made by the medical department of a life insurance company. They cover deaths from heart disease, cancer, cerebral hemorrhage, diabetes, Bright's disease, and others. Insurance mortality statistics, it was pointed out, are based on selected lives and consequently the actual figures for the country at large would be much greater. This study does indicate, it is believed, the greater present threat to natural longevity.

"While the old scourges such as smallpox, scarlet fever, typhoid, diphtheria, malaria, and tuberculosis have been brought under control by science, and there is every promise that syphilis will follow," medical director of the company said, "yet the more insidious, slower acting, degenerative diseases faced by people past age 40 constitute an increasing menace. This is all the more important and serious because the treatment for these degenerative diseases rests not alone in the hands of doctors and other men of science but in the knowledge, will power, and good sense of all the people."

More moderate, more enlightened, more sensible living, according to Dr. Thornton, will help lengthen the average man's expectancy of life.

Missionary Will Lecture at Allison

Miss Blanche Groves, Baptist missionary on furlough from China, who lectured at the First Baptist church in Wheeler Thursday night, is to speak at Allison Friday night.

Miss Groves, formerly a school teacher, had John Peeples, Allison superintendent, as a pupil in the first grade when she taught at Lillie in Collingsworth county.

Peeples stated that Allison folk, in order that Miss Groves' talk might be as interesting as possible, sent a truck to her home at Bridgeport to bring two large trucks of curios which will be exhibited.

Miss Groves has been in China for 14 years and will return on April 17.

ALLISON CLUB NEWS

The following members answered roll call by naming a new wild flower friend: Annabel Abernathy, Nell Ball, Edna Begert, Ida Begert, Ann Hamilton, Myrtle Jones, Bessie Johnson, Maud Keiper, Winnie Kiker, Osie Kesse, Maud Levitt, Jaunita Levitt, Edith Levitt, Grace Lee, Rubye McCoy, Daisy McCoy, Bera Barks, Daphne Pough, Edna Richardson, Theo Trout, Ruth Trout, Blanche Begert, Beulah McMillan, Josie Holmes, Hattie Owens and Olive Warren.

After Maud Keiper made a report on council meeting held Saturday, February 20, some business was transacted for the club, and Winnie Kiker began the program by naming some flowers that withstand drought best "Cosma, larkspur, zenia, goldenglow, petunia, and marigold are among the most hardy," she said. Ruth Trout gave a paper on the care of geraniums. We learned that if planting seeds they should be planted late in May and that direct sun light are essential for their growth. Discussions were held concerning the ways in which pride can be manifested in a community and flowers that are adaptable to the seasons of the year. Delicious refreshments of cherry pie and cocoa were served. Decorations carried out George Washington's birthday suggestions.

The president read a letter to the club from Miss Viola Jones, which thanked us for our gift and told of her new station in Beaumont.

GIRL SCOUTS' INDIAN PATROL MET TUESDAY

Members of the Indian Patrol of Girl Scouts met Tuesday afternoon in the basement of the Methodist church, with attendance a little short of ordinary.

Plans were discussed for a covered dish luncheon for the next Scout meeting; each girl who has not passed the cooking phase of the second class test is to bring some dish that

to death, in most cases. If they did not use his professional services or his merchandise, it is extremely doubtful if "wifey" or "daught" would be wearing silk underwear today. Ezra knows his livelihood is derived from the money spent here in Shamrock. He realizes that every dollar his wife or daughter spend out of town actually hurts him, by removing just that much money out of local circulation.

The trouble is with most Ezras, they haven't got the guts to set their foot down and set it down hard. If every Shamrock business and professional man would resolve today that as far as this out-of-town buying is concerned, his family has spent its last dime, business conditions in Shamrock would show a big up-turn.

If JAUB had a 12-year-old carrier boy in his employ who never had enough sense to figure out that it would pay him to spend his money in Shamrock where he earned it, we would figure he was entirely too dumb to deliver our newspapers. We would reason with him just one time and if he never got the point, why the second time he sent a dollar out of town for something he could have bought in Shamrock, we'd fire him so quick it'd make his head swim.

There is one business here in Shamrock, a credit to our city, which right now is feeling the effects of some of our women folks pulling the "cute" trick of buying a product simply because it is made out of town. That firm is the Bradley Bakery and this little comment JAUB is making is without the knowledge of Mr. and Mrs. Euell Bradley, who operates the bakery.

Now get this straight, JAUB doesn't owe Euell Bradley one cent, and vice versa. And JAUB feels the same way about every other line of local business, as we do the case in hand. We know no local business firms can prosper, and women who are buying out-of-town products, that goes for your husband's business or profession.

An Amarillo bakery truck is now making a bid for our Shamrock business. Little by little, they have been unloading bread and pastries in local stores. As a temporary measure to entice the Shamrock grocers to stock their bread, they have cut one cent a loaf under the local wholesale price. They are encouraging some of grocers to cut the retail price of their bread and to advertise it in The Texas. They want to get housewives to asking for Amarillo bread, so other grocers who are standing behind the Shamrock bakery will have to stock Amarillo bread.

This Amarillo firm doesn't give a whoop what kind of a price war they get Shamrock grocers into on bread or anything else. They can give it away to the customers, as long as they pay the Amarillo firm the price it asks. And the Amarillo wholesale price will go up, if and when they get enough local demand to justify an arbitrary attitude, have no doubt about that.

Bread baked by the Bradley Bakery is just as pure and wholesome as that baked in Amarillo or anywhere. Although not as large, the equipment of our local bakery is just as modern and the bakers are just as skilled as you can find. If you sum it up in a nutshell, the one and only reason some of the women are asking for Amarillo bread is that they know most of their neighbors and friends are eating Shamrock bread, and they want to be different.

And every one of them who calls for Amarillo bread should be ashamed of themselves, just like most of their husbands would be ashamed of them if it were publicly known they are spending money they made in Shamrock to support an out-of-town firm which cares not a whit about anything in Shamrock, except the few dollars they can get out of us.

Don't get the mistaken idea that very much Amarillo bread is being bought here at this time. Most housewives are too fair and reasonable for that. But there are a few, and JAUB asks these women to consider the many reasons why they should stop this most unfair practice. And what we have said about bread, applies to everything else made in Shamrock or sold by Shamrock firms. We have been suckers long enough. Let's tell these out-of-town birds where to head in. It is a good way to stimulate business for all of our local firms, and goodness knows, we are all going to need each other's help the worst way during the next several months.

she has prepared by herself for the luncheon.

The next meeting will be a program commemorating the Twenty-fifth Anniversary of Girl Scouting. Emily Lou Ahler is to tell a story about the life of Juliette Lowe, the founder of Girl Scouting. Other numbers on the program will relate to the program of Scouts.

"Alphabet Birds," a game calling for the knowledge of many different birds, was played; a variation of the game consisted of calling for birds of a certain color.

Enough girls have paid their dues at present to begin registration with the national headquarters, and an installation service will be held in the near future as soon as registration is completed. All girls are urged to attend regularly and to participate in the work in a hearty manner, as only then can the real meaning of Girl Scouting become a part of a girl's daily life.

Seniors Carry Out St. Patrick's Motif

Green and white were the colors used by the seniors to carry out Saint Patrick's day, Friday night. The party was given in the basement of the Methodist church.

Several games such as monopoly, forty-two, dominoes, hearts and pig were played.

Refreshments of salad, jello and cookies were served to Wallace Pendleton, Orveta Fuetz, Dudley Callan, Verna Greenhouse, Virgil Greenhouse, Troy Derryberry, Ruth Faye Garrison, Helen June George, Eugenia Mae Durban, Alvis Jolly, Evelyn La Fon, Lillie Mae Crawford, Ferrol Fiecke.

Everette Cole, Farrel Wallace, J. D. Badley, Evelyn Ray Bengt, Jean H. Jamison, Marthals Wiley, Elva Willard, Parilee Clay, Bonnie Adams, Raymond Badley, Lois Walker, Wave Wallace, W. J. Ford, Louis Cain, Lavel Jacob, Miss Winona Adams, Miss Bernie Addison, and the class sponsor, Miss Imogene Tolbert.

Green suckers tied with a white ribbon and a shamrock were given as plate favors.

Swimming, Love, Clothes, Verses Take Spotlight

Spring is spring. The grass is rize. I wonder where the flowers is? Seemed to be the theme song of W. H. S. students Monday. With spring again beginning to show itself we begin to think in the "ole swimming hole."

"In the spring a young man's fancy lightly turns to thoughts of love." The atmosphere is wonderful to these young creatures finding an outlet for their romance by writing verses to the objects of their affections.

Along with love come thoughts of spring clothes, which several students and teachers have been sporting.

Corral Extends Best Wishes to Ex-Editor

Beatrice Miller Starts Journalism Career On Staff At W. H. S.

The ambition of Beatrice Miller is to be a noted journalist. She started well on the way of her chosen profession beginning her career in the journalism department of Wheeler High School.

Beatrice was editor of the Corral last year and managing editor this year until time of her withdrawal. She was a member of the Quill and Scroll and won recognition in the contests of that society. She received fifth on defining newspaper terms and honorable mention on sports story and current events test. On the basis of high grades she won the honor of being one of two delegates attending the inter-scholastic press convention held at Austin last year.

Beatrice left last week for Altus, Okla., where she is to live with her family. Her father, C. G. Miller was publisher of the Wheeler Times for three years, during which time he edited the Corral in those pages.

Among the other organizations to which Beatrice belonged were: Spanish club, Pep Squad and Glee club. In addition, she was an honor student, played guard position on the senior basketball team during her junior year.

The Corral staff, together with the faculty and student body, wishes to extend to Beatrice best wishes for success and happiness in the future.

Marriage is an institution. Marriage is love. Love is blind. Therefore marriage is an institution for the blind.—The Shamrock.

Boys', Girls' Debating Teams Are Selected

Eliminations for both girls' and boys' debating teams to represent the school at the county meet were heard last week. The boys won on Tuesday and the girls tried out on Friday.

The two boys who were chosen are: Raymond Badley, senior, and Grady Anglin, freshman.

Raymond and Troy Lee Carver, seniors spoke against Grady and Earl Gilmore. The latter upheld the affirmative side. The best speakers were selected.

Those who judged the girls were Mr. Gribble, Rev. E. C. Roney and Miss Winona Adams.

Martha Alice Wiley and Parilee Clay took the negative side in opposition against Ruth Faust. They received first place. The judges for this division of debate were Mr. Gribble, Mrs. J. L. Gilmore and Miss Adams.

The question used was, "Resolved: that the manufacture of war munitions should be a government monopoly."

Students Strain Eyes on Comics

Can you remember when you couldn't read the funny papers and had to be satisfied by looking at the pictures?

Someone in Mexico sent Mary Genthe a Spanish newspaper and she let the Spanish class read it Monday. The students were having a very difficult time trying to translate the funnies and were being forced to tell the meaning of them just by looking at the pictures.

Finally Mrs. J. L. Gilmore, feeling very sorry for her poor pupils, read them the comic section. They also glanced at the stories on the front page.

ADAMS SPEAKS AT P.-T. A. PROGRAM TUESDAY NIGHT

Miss Winona Adams gave a talk on "Posture" at the Parent-Teacher association meeting Tuesday night at 7:30 o'clock in the auditorium-gymnasium.

The grammar grade art classes had an exhibit there of their work. Mrs. J. L. Gilmore's public speaking class presented a short play, entitled "Yes, Dear." The characters were Ruth Barr, Elva Willard and Troy Lee Carver.

Voting for favorites for their annual started last Tuesday at Pampa high school. The following were the types they voted for: most beautiful girl, most popular girl, best all-round boy, and most popular boy.

Faculty To Present Play Tuesday Night

Mrs. J. L. Gilmore is Director Of Western Comedy.

Another faculty play entitled "The Blundering Herd" will be presented Tuesday night, March 9, in the auditorium-gymnasium. This is a western comedy in three acts written by Nat Foster and Holmes. Mrs. J. L. Gilmore, public speaking instructor, is director.

Peggy Houston, owner of Long ranch is portrayed by Miss Ruth Ewing. She is a girl of refinement and culture, having been educated in eastern schools.

Gordon Rodgers is a well dressed, clean-cut chap. This part is played by Mr. Clark, a likeable young man from the east.

The comedy of the play is centered around Supt. J. L. Gilmore and Principal C. B. Witt, who take the parts of Walrus and Pappy, respectively. Walrus is the foreman of the long Horn Ranch and Pappy is a permanent fixture on the ranch.

Timothy Tyan, Sime Cain, is a young scholarly soul, peering through hornrimmed spectacles, and searching philosophically for adventure. Zip, Mal Wynn, is a box car traveler, or in plainer language a hobo.

Shoo-Hi, Mr. Zirkle is the Chinese cook. Ruth Bell, Miss Lois Kirby, is a whole some, western girl, from one of the neighboring ranches.

Miss Herring, Mrs. C. J. Meek is a sharp-tongued, spinstery person who possesses an inherent distaste for enjoying herself.

The parts of Mildred and Sylvia are played by Miss Imogene Holbert and Miss Winona Adams. They are two young Eastern girls seeing the west for the first time under their pinched, chaperon.

One of the high lights of the play is when Pappy discovers gold. Miss Herring brings romance into the plot by falling madly in love with Walrus.

ADAPING STUDENTS INVITED TO ENTER BORGER TOURNEY

The commercial department of the Borger high school extended an invitation to the typing class of Wheeler to enter a team in the practice tournament to be held at Borger last Saturday.

According to Miss Ruth Ewing, typing instructor, four students, Parilee Clay, Everett Cole, Orveta Fuetz, and Lorraine Wallace, were eligible to enter the contest but because of bad weather a team was not sent from Wheeler.

Cloves Jones Undergoes Operation

Cloves Jones is very ill with an appendectomy operation which he underwent last week at the Wheeler hospital. Cloves is a member of the junior class.

KEEP UP WITH THE TIMES

How many high school students read anything in the newspapers besides the funny papers? Very few probably unless they are required to keep up with the daily happenings in some course.

Many reasons prevent pupils from keeping up with current events. After working out for some sport and getting lessons for the next day, a person doesn't have much time for outside reading.

Most of the articles in a newspaper seem uninteresting to one who does not follow the news daily. If they are kept up with they become very entertaining.

Late items such as the sit-down strike and the Supreme Court question are known to most everyone but if they are investigated and the details revealed, they make a very interesting story.

Why not try and keep up with news for a month and see how much you enjoy it?

BARGING IN

Someone has said that etiquette means "doing the right thing," and "being at the right place at the right time."

In the original German, it was applied to the stamp or label attached to bags and bundles for the purpose of identifying the contents, according to present usage, it signifies those niceties of behavior that stamp one as understanding the requirements of correct deportment.

When a person breaks one of these laws of conduct, he is labeled as being rude or unrefined. In our school one grave breach of etiquette is interrupting persons speaking before the group 8:50 or at the assembly period and dashing in while programs are in progress. Of course, it is difficult to stay out of the study hall until a bell rings, but one can always wait until the speaker finishes his talk.

The most advisable method would be to remain in the hall until the person concludes his announcement or until the end of that particular number. Then no one would have the right to say, "He is very rude." Let's not ask him to our party."

SNUBBING POST

A number "one" forty-two player—Virgil Greenhouse, Lilla Mae and Ferrol aren't so bad at the game. Lines of a play found in the study hall. "Well, why doesn't somebody tell me. The suspense is terrible. What day is this?" Thoughts are now turned almost entirely to the Interscholastic League meet.

Best wishes go with Beatrice in her new surroundings.

The seventh grade boys are pretty good basketball players to win first in their division at the county tournament.

Will the Wheeler basketballers ever equal Plamew? Manday's giggling class... History III.

Jane Withers will give us a new and different show soon to the title of "Holy Terror." Tennis is proving a popular sport this lovely spring weather.

"Dippy" was trying to sell catchem quick fishing rods for an English business letter.

Production of plays has caught the school, with seniors, teachers, juniors and public speakers learning lines. Lois Walker sported a different type of dress with a bird design last week.

Our hopes are that Clowes gets along all right and will be back in school very soon.

Learns Tricks When Only 7 Years of Age

That Coach Bob Clark started learning tricks when he was six years old was stated in the Sunday issue of the Pampa Daily News. When but seven years old Coach Clark began copying the tricks of a sleight-of-hand performer he had seen.

By the time he finished high school he was entertaining in public places with his black magic. He took every opportunity to use magicisms and sometimes copied their tricks. He once stated that he might not do the tricks just the way they did but that they worked his way.

The interview told of the different schools and colleges which Coach Clark has attended and of his successful football coaching in Wheeler.

The article was written by Mrs. Lilla Mae Farley. It stated that if Coach Clark devoted his time entirely to black magic his fame would probably be even more widespread.

JUNIORS TO PRESENT PLAY APRIL 13 AT GYMNASIUM

"Aunt Jerushy on the war path," is the name of the junior play to be presented in the high school gymnasium-auditorium on April 13. The three-act comedy represents a carnival.

Six or eight chorus girls and eight actors will make up the cast, according to Miss Winona Adams, sponsor. Characters have not been select-

RAMBLINGS ON THE RANGE

Elva Bell Couch spent Saturday night with Marilyn Johnson.

Claudia Simson spent Saturday night in Shamrock with Huffman Walker went to Mobeetie Saturday.

Martha Jane Shipman spent the week-end at Twitty. Rena Mae Wharton and Bobbie Rue Swan were seen in Miami Saturday night.

Meta Bruton motored to Shamrock and McLennan Saturday. Olan and Norma Lou Maxwell and Alvern Hampton were in Magic City Sunday afternoon.

Evelyn La Fon was in Shamrock Sunday.

Verna Greenhouse spent Sunday with Mabel Barnes of Briscoe.

Miss Ruth Exing went to Briscoe over the week-end.

Mary Genthe spent Sunday with Helen Flynt.

Aline Coleman and Eris Manney spent the week-end in Vinson, Okla.

QUEER THINGS

Low.

Irene Hunt's red hair.

Lavell Jacob's low drawl.

Aubrey Warren's big feet.

W. J. Ford's huge size.

Winter Saturday, spring Sunday.

The way some journalism students type.

Junior Jamison's brain.

Ruth Faust's acting ability.

Miss Addison's desire for a better Corral.

Miss Kirby's large wardrobe.

Amos Page's personality.

Alvis Jolly's laugh.

Bonnie walking her feet off.

Imagine saying "Duck, you goose."

And plane geometry.

SEVEN FIGHTS OPEN BOXING SEASON IN GYM THURSDAY

Gene Hubbard and Gene Cooper, two of Wheeler's promising boxers mixed it up in a three-round bout last Thursday night in the gymnasium. This battle was followed by three more grade school fights: Hooker vs. Pendleton, Weeks vs. Brewer and Whitner vs. Sandifer.

Theodore Cooper and Raymond Badley opened the high school boxing with a three-round war in which both boys made an excellent showing. J. D. Badley and Everett Cole followed with another interesting bout. Probably the most exciting event of the evening was when Jack Pitcock put on the gloves with Jones.

There were no decisions given.

Bill Mitchell defeated Clyde Gynes for grade school ping pong championship and Claude Revious for shuffle board championship.

RUTH DILL'S NAME IS SEEN IN COLUMN FROM W. T. S. T. C.

Sunday's edition of the Amarillo Daily in the "News From W. T. S. T. C." carried a small item about Ruth Dill from the college activities column ended with a paragraph "Seen on the campus," which included "Ruth Dill studying."

Ruth was graduated from Wheeler high school in 1924, as valedictorian of her class. She was on the first division of the honor roll on W. T. S. T. C. for the first semester. Only five students achieved this honor.

ed but their parts will be assigned next week in the play.

Funds will go to finance the junior-senior banquet and to defray expenses on junior day.

Caught in The Lasso's Noose

Can it be true that Harrison Hall has caught him a girl? Anyhow he was seen at the sophomore party with Marion Smith.

Some of the English students were heard to say that they believe Miss Holbert is going blanky-blank. Anyway she is always having her students fill in the blanks.

Examining his typewriter, Everett declared that it was very queer that his machine so often misspelled. He tried to find out why it did so.

Heard in the study hall: Lavell calling W. J. Ford "Hon."

Bobbie Rue Swan stated that as far as time is concerned in this old world, she will take hers in weeks.

Marthals was heard singing "Happy Birthday To You" Monday. When asked who she was singing to she replied, "Washington."

Why was it that Geraldine and Guy were so interested in finding out where Altus, Okla., is last Tuesday? They had a great argument, so we heard, and Geraldine won, as usual. We can take you some advice, Guy. If you will give it, "Never argue with a woman."

We wonder how Guy acquired the name of "Steamboat."

Someone said that Duard Parker is going to fill the shoes of George Campbell. You'll have to hustle, Duard.

Seen in the library: Norma Webb winking at Guy.

After being asked how he felt, Milton Moody replied, "we're fine." Could he have meant he and Maxie?

We are wondering what there is between Velma Hestlow and R. J. Puckett. They have been seen talking earnestly to each other recently. Did anyone notice the sweet smelling stuff that Scotty Risner had on his shirt last Tuesday? Someone attempted to pour seem hand lotion down his collar in the study hall. They all said it too, didn't they Scotty?

"Dippy" attempted to dust Edward Smith's head with chalk Friday in plane geometry. From all accounts it resulted in both of them getting set to the study hall.

"Dippy" thinks a compound subject might be a twelve pound subject. At least it would have weight, eh—"Dip"?

"The girls on the Magic City bus think that Dorothy Grevon has water on his brain, 'because,' they say, "that is why his hair has waves in it."

A couple of sophomore girls were caught having a hair raising time in the study hall. One had a comb tangled in the other's hair. Marion could tell you if it hurt.

Animals are such agreeable friends. They ask no questions, they pass no criticisms.

Juniors Entertain In Assembly Friday

Program Consists of Fantomine Play, Vocal Music.

Members of the junior class entertained the high school students Friday morning at the activity period.

The program began with a class roll by Imogene Jamison. This was followed by a song "Down by the Old Mill Stream" by Imogene and Mary Bell Johnston.

A short play, entitled "Wedding of Rudy and Nanette" was presented. Amos Page was bridegroom; Ruth Faust, the bride; Howard Nations, father; Bernice Williams, time; R. J. Puckett, parson; and Rena Mae Whorton, Cleo Sewell, and Merle O'Gorman were wedding guests.

Lavell Jaco read the play while the characters acted their parts.

Mary Bell, Imogene and Rena Mae Whorton sang another song, entitled "Going Back to Texas."

Mildred Plattner announced the program.

COLTS

Because the first grade teacher, Mrs. John Ficke, was ill with the flu the first part of last week, Mrs. John Reed taught in her place.

According to Mrs. Ficke the first grade will start a booklet on Easter and another one on Dutch children next week.

Mrs. R. T. Watts visited last Thursday in the first grade room.

The Giant Killers in the first are writing sentences at the present.

A new book is being studied by the pupils in Mrs. Gordon Phillips's first grade.

Since Tuesday was Texas independence day, the second grade gave a program in assembly honoring the blue bonnet state.

They are also writing original poems of Texas.

Eugene Conner, Troy Lee Curlee, and Erma Jean Reed were absent from the third grade because of illness.

Mrs. Lloyd Davidson's third grade pupils are learning to write letters.

At the meeting of the mothers of Mrs. John Hood's room a committee consisting of Mrs. Lee Guthrie, chairman, Mrs. W. N. Curlee and Mrs. M. E. Latham were chosen to plan an Easter Egg hunt for March 25.

They will decide the number and type of eggs to be used and where the hunt will be.

Mrs. Roscoe Morgan's fourth grade class has just finished a poster on foreign children. The picture represents a small heathen child.

The third grade under Mrs. Davidson organized a Bird club last Friday. Elmer Tolliver was chosen president and Erma Jean Reed, secretary. Their first program will be Friday.

BRISCO JUNIORS BEAT BOTH WHEELER TEAMS

Giving a nice account of themselves, the Briscoe junior boys and girls defeated the Wheeler junior boys and girls by a small margin Wednesday afternoon in the local gymnasium.

After putting up a stiff opposition, the Wheeler junior boys were defeated by the score of 12 to 8. The Briscoe girls won over the junior girls, defeating them 8 points.

According to Coach Bob Clark, the local junior boys and girls made a good showing of themselves, although they have had no workouts.

Bosses State Preference For Accuracy Rather Than Speed

Importance of accuracy in a typist rather than speed was emphasized in the compiled results of interviews with prominent business men and women of Wheeler. If a person is accurate, it was disclosed, speed will naturally follow. According to Beatrice Miller and Parlee Clay, typing students who tabulated findings revealed by the survey, other interesting things follow.

The Royal typewriter is, in general, more popular than any other make. There were only two persons in the group interviewed who preferred the Underwood.

It was found that studies in the commercial field should include: typing, shorthand, bookkeeping, spelling, business, English, filing, office machines, and appliances. A course in general secretarial training is also highly desirable.

"That a stenographer can 'get by' with a high school education, provided he has the ability to apply himself, was one of the things found out. A higher education, however, is a decided asset. This should include intensive training in the field of business administration and extensive training in general field.

The survey also revealed a range

in typing speed of 40 to 103 words per minute.

All of the stenographers interviewed, with the exception of one who claimed to like his work with reservation, said they enjoyed their occupation.

Trying to attain speed instead of accuracy, hitting keys too hard, and glancing at materials were the major difficulties named as those encountered in learning to use a typewriter.

The best method of correcting errors is to erase, then make the right word. However, in some cases a lighty written mistake might be struck over again.

A box form of writing was suggested as being the best for business letters.

Some of the characteristics of a good stenographer or secretary as revealed in the recent survey of some of the local offices were: Typing ability, including both speed and accuracy, though accuracy was stressed; good personality; pleasing personal appearance; neat and appropriate attire; neatness in work; ability to use good English; punctuality; dependability; interest and enthusiasm for work; ability to meet the public; and ability to concentrate.

Tuesday. They also honored Texas Independence Day.

The first thing was an introduction by Mrs. Crowder. Next was a playlet, which was made up by the students and Mrs. Crowder. It was introduced by Patsy Wiley.

"Citizens of Tomorrow," Joeline Witt, Texas under six flags, was played by Margie Fay, Robert May, Elva Farmer, Willis Trimyer, Eugene Cooper, and Mrs. Crowder.

Next was a song, "Texas Pride Of The South" by Mrs. John Hood's third grade. Others on the program were: William Barton, Wanda Tolliver, Floyd Latham, Jimmy Cantel, Josephine Noah.

Kelly Mitchell, Willy Hillbrunner, LeRoy Hollisworth, Johnny Burr, scenic beauty of Texas, Benny Westmoreland; song, "Beautiful Texas," entire assembly. "I'm going down in Texas," Violet Crowder; "Texas," Mrs. Roscoe Morgan and pupils and last was a song, "The Eyes of Texas" by the students in both sections of the first grade.

SENIOR CLASS TO PRESENT "THE LAMP WENT OUT"

"The Lamp Went Out" will be presented by the seniors at assembly period in about three weeks. Three characters that have been chosen are Elva Willard, Ruth Barr and Wave Wallace.

The remainder of the cast will be

FUTURE FARMERS OF AMERICA

Conducted by W. C. Zirkle
Vocational Agriculture Instructor

Cecil Parker and James Passons were the two high point Wheeler boys at the judging contest in Miami last week-end.

Eight teams entered and Wheeler took fourth place. Jack Glenn, Cecil Parker, James Passons and Junior Robinson made up the judging team from Wheeler.

Wheeler also played the Miami F. A. in basketball; they were defeated 43 to 30.

Those attending from Wheeler were Jack Glenn, R. C. Fale, T. J. Cole, Clyde Ayres, Duane Parker, Cecil Parker, Edgar Flint, Troy Dewberry, James Passons, Alvis Jolly, Erskin Sherwood, Junior Robinson, Alton Weeks, Joe Markham, and W. C. Zirkle, instructor.

JOURNALISM TROPHY MAILED TO ABILENE LAST SATURDAY

Miss Bernice Addison, instructor of the journalism class, received a letter from the head of the journalism department of the senior high school at Abilene last week asking her to send the Texas High School Press association trophy, so that it could be forwarded it to Breckenridge.

This school won first in the state contest this year for having the best school page published within the local paper. Last year first place was awarded to The Corral and the year before to Canyon.

The trophy was mailed Saturday.

COACH STINA OMAN PURCHASES BOXING GLOVES AT AMARILLO

Assistant Coach Stina Cain, mentor of the boxing class, motored to Amarillo last Sunday and brought back more equipment to help the boys in the art of the old sport.

He purchased a striking bag swingel and straps.

This sporting device is attached to a socket to which the bag is fastened. This is to prevent the wearing out of ropes, which were used at the beginning of the season.

DEBATE MATERIAL ORDERED WITH FUNDS FROM LIBRARY

Additional material for debate has been ordered by Miss Bernice Addison, coach.

Data ordered included a congressional record from the federal cabinet system in Washington, D. C., one copy of the scholastic magazine from Pittsburgh, and four state bulletins from the interscholastic league headquarters at Austin.

This material was paid by money acquired from the library.

appointed later, according to Miss Imogene Holbert, sponsor.

The class has been rehearsing "The Night Owl," three-act comedy to be presented March 23.

Staying up all night may give you as wise as an owl—but owls have very little sense during the day.

Amos Page Selected President of Tennis Club Here Monday

Two Tennis Courts Built Between
Gymnasium, High School
Building.

Officers for the Tennis club were selected at a meeting last Monday. Amos Page, a junior, was selected president. Marthally Wiley, senior gained the secretary's position. Guy Robinson, a senior was chosen treasurer.

Two new tennis courts were laid off on the campus between the high school building and the gymnasium last week. The courts, which are standard size, were built by Bob Tillman, Bob Noah, and Troy Shipman.

Practice began this week for the 20 who reported. The elimination date has not been set, but the squad will be cut down to 12, according to Miss Ruth Ewing and W. C. Zinke, sponsor. These students will participate in the county meet, which will be held in Shamrock March 26 and 27.

There will be entries for the junior and senior boys and girls, singles and doubles.

Those all ready out for practice are: Junior boys, Huffman Walker, Earl Gilmore, Milton Moody, Raymond Smith and Douglas Groves; junior girls, Johnnie Fay Templeton, Marilyn Johnson, Irene Hunt and Ethel Claire Ramey.

Senior boys, H. E. Young, Amos Page, R. J. Puckett, Alvis Jolley, J. D. Badley and Troy Derryberry; senior girls, Bonnie Adams, Lillie Mae Crawford, Ferrol Ficke, Marthally Wiley and Parliee Clay.

Girls End Season With Six Victories

The girls' sextet ended the season when they were defeated by the Le-fors 24-28 on the home court.

They played 21 games, losing 15, and winning six.

Nine girls out of the 12 will be back for next year. Eugenia Mae Durham, Bonnie Adams and Marthally Wiley will be lost to the team as they are seniors.

The teams that they played and the scores are as follows:

Wheeler 14 vs. Shamrock 6; Wheeler 14 vs. Kelton 46; Wheeler 17 vs. Mobeetie 30; Wheeler 21 vs. Allison 47; Wheeler 18 vs. Briscoe 22; Wheeler 14 vs. Canadian 23; Wheeler 29 vs. Miami 19; Wheeler 27 vs. Allison 48; Wheeler 20 vs. Mobeetie 27; Wheeler 19 vs. Phillips 36; Wheeler 22 vs. Kelton 48; Wheeler 46 vs. Kelton 16; Wheeler 14 vs. Allison 39; Wheeler 36 vs. Mobeetie 36; Wheeler 36 vs. Borgor 23; Wheeler 37 vs. Wellington 26; Wheeler 19 vs. Canadian 27; Wheeler 17 vs. Briscoe 29; Wheeler 24 vs. Miami 25; Wheeler 18 vs. Le-fors 24; Wheeler 24 vs. B. Team, 11.

Basketball Uniforms Checked In

Coach Bob Clark checked in the boys and girls basketball uniforms last Monday. This officially closed the season.

The Scout

A hike to Missouri, which may be made by the Scouts in troop 77 has been figured out, but it is not definite as to whether they will take the trip.

They will leave July 31 and return August 14. Camp will be made at Goddard, Missouri, where they will arrive on August 1. Hiking, swimming, games, building Scout houses, visiting fish hatcheries and attending picture shows will constitute the program until Aug. 6, when a Scout circus will be held.

On August 7 the Scouts will leave for Lake Taneycome in Arkansas. There they will take lessons in life saving, boating, swimming and water skis. They will go on all-night hikes, on which they will sleep out and each one will be required to bring a blanket and utensils from which to eat.

The troop plans to visit some famous caves and the Ozark dam. From Taneycome lake they will leave for home on August 14.

Mustangs Win 20, Drop 12 Ball Games

Reversing the tide of defeat, the Wheeler Mustangs won their last game of basketball this season by smothering the Le-fors Pirates 34 to 32. Last year the Wheeler lads ended the term with a loss to the strong Borgor team by one point.

Playing 22 games, winning 20 and losing 12, the lads had a fairly successful season. Three of these games were lost by one point, to Briscoe, Le-fors, and Kelton.

The local boys have played strong teams as these: Quail, who won four tournaments in a row; Miami, who took third in the district tournament, losing to Pampa in an overtime game (the Mustangs played the Warriors three times); the strong Phillips of Whittengen; and the Kelton Lions who won from the Mustangs in the finals of the county tournament.

The Briscoe Brones played the Mustangs seven games with the Wheeler lads winning six of the seven. Besides Briscoe, the local lads have played Kelton, Mobeetie, Canadian, Whittengen, Miami, Groom, Quail, Le-fors, Shamrock, Allison and Le-fors.

A total of 767 points were made by the Mustangs while their opponents ran up 665 tallies. They played 13 games away from the local gymnasium and 17 here at Wheeler.

Four of the first-string players were seniors and two substitutes were also playing their last year for Wheeler High School. Those who were seniors are: Bob Tillman, Ray Norman, W. J. Ford, H. E. Young, Alvis Jolly, and Troy Derryberry.

Those who have another year to play are: Amos Page, Joe Markham, Buford Fuller, Herbert Green, Alton Weeks, R. B. Stephens, R. J. Puckett, Douglas Groves, and Aubrey Warren.

The Mustangs were pushed out of first place in the county when the Kelton Lions defeated them by one point in the finals of the tournament held here in Wheeler to determine who would represent Wheeler county in the district tournament at Pampa.

Series of Matches Start Friday In Local Gymnasium

Wheeler High Boxers To Compete
With Fighters From Other
Towns.

Beginning a series of fights that will continue until the tournament on April 15, a boxing match will be held in the local gymnasium tonight. Weighing in of these bouts will begin at 6:45 o'clock. The Wheeler band will start playing at 7 o'clock and continue until 7:30, at which time the first fight will start.

The people of Wheeler will see such fighters representing Wheeler as Cooper, the Nations brothers, Tate, Jamison, Norman, Page, Harmon, Derryberry and Badley.

Schools to be represented here tonight will be from Briscoe, McLean, Shamrock, and Mobeetie. The fights promised to show some real talent that will soon be developed by Stina Cain into some real boxers, according to Coach Bob Clark.

There will be some 15 bouts with two local boys furnishing the fun in a rubie act. Bob Noah will be the colored young man who would rather fight than work. His enemy will be Troy Shipman. The price of admission will be 15 to 25 cents with reserve seats 10 cents each.

These fighters are being coached by Assistant Coach Stina Cain and are being promoted by Coach Clark. If you are interested in any of these fights and want to enjoy a good time come out to see these bouts, declared Coach Clark.

The nine bouts that will compete for Wheeler and their weight divisions are as follows:

Nations, paperweight—105 pounds; Cooper, lightweight—118 pounds; H. Jones, featherweight—126 pounds; Robinson, lightweight—135 pounds; Norman, welterweight—147 pounds; Jamison, middleweight—160 pounds; Tate, light heavyweight—160 pounds; Harmon, heavyweight.

The fly weight position is open at 111 pounds.

Grade School Boys Awarded First Place

The grade school boys emerged from the Mobeetie tournament with top honors. They defeated their last opponent, Kelton, 36 to 16. This left the Wheeler grade school juniors county champions.

Three junior teams were entered in the Mobeetie tournament, the grade school junior boys and the high school junior boys and girls. In the first game the Wheeler junior girls were defeated by Kelton by the score of 17 to 7. The junior boys were also beaten by Briscoe in their first game.

The grade school boys have a splendid record to show. They have not lost a game this year. The junior high school boys have played three games and won one.

One reason for the high school junior teams not placing in the county tournament was because of the lack of experience and practice, stated Coach Bob Clark.

We're Lucky

Wheeler basketball fans had an opportunity to see two of the finest girls teams in Texas play in the local gymnasium Saturday night. The strong Allison lassies met the Plainview state champions in a two-game series, one game at Allison Friday night and the other at Wheeler.

In the first game played the Allison girls defeated the Plainview quintet 22 to 19, but failed to be outdone, the state champs came right back and gave the opponents their second setback of the season 33 to 19.

By losing the first game, the state championship team lost their first game in two years. The Allison team has dropped only a couple of games this year, one to Mobeetie and the game Saturday night.

You're not

Since old sal has come out again everyone is getting the old baseball fever. In the grade school the boys and girls play as if it were in the championship game of the school. In high school the boys have begun to throw the old "piff" around the diamond to get their arms limbered up.
