THURSDAY, SEPTEMBER 16, 1937

MUCH POLITICS AHEAD

The question of relief will loom larger next session of congress than it did in the last, where it was obscured by other matters.

Laws regulating business will be another big factor. For example, a bill passed the senate limiting the length of freight trains, is now pending in a house committee.

Neutrality will be up again. Under the present law, the responsibility of deciding whether an actual state of war exists between foreign powers, falls upon the president.

There will be more discussion about taxes and the national debt which is now at an all-time high of about \$38,000,000,000.

Another angle is the possibility that labor will put a ticket in the field in 1940.

Major occurrence was John L. Lewis' Sept. 3 radio speech in which he strongly rebuked the president for his attitude in the steel strike.

Indications are that Lewis believes the cause of militant labor will get nowhere with the established parties.

So it goes. Next year will be a big political year.

SCRAP IRON

For many years we here in the United States and Canada, have been making scrap iron out of automobiles.

Having made them and perfected them with their all-steel bodies, we have put in most of our time speeding them up to the point where we kill each other with them.

In doing these things, we managed to kill 38,500 people in the United States during 1936. This means 105 slaughtered daily.

As long as gasoline would drive it, we have killed each other with it in the shape of automobiles.

LONGER HOURS, LESS PAY

Last year 21,000,000 American families paid an electric bill averaging \$33.72—or nine cents per day.

That is the "high priced" electricity the advocates of socialization of our present electric industry complain about.

The taxes collected by the federal government on liquor and tobacco—entirely aside from the cost of these articles—is one and one-half times as much as all the homes in the country spend for electricity.

If such facts don't refute the charge that electricity is "over-priced," nothing can. As the Oklahoma Gas and Electric company points out in an advertisement, the demand of our electrical servant is "longer hours at less pay per hour."

Compare the modern home to that of the so-called "gay nineties." They might have been gay for some—but they weren't for the housewife.

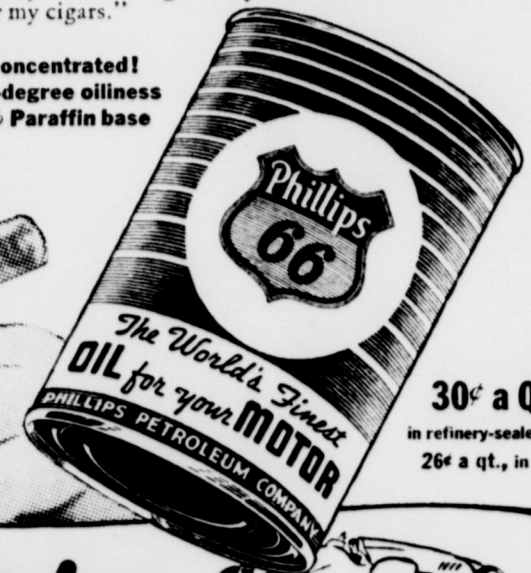

Cigars on Phillips!

"Every time the service man says to me, 'Check the oil, Sir!' I give him the high sign to go to it. And I grin to myself because I know he's going to find that indicator right up at the FULL Mark."

"Yes, Sir! since I've been using Phillips 66 Motor Oil, I don't need to add those quarts between drains. By golly, how that oil stands up! And last? Why, I figure that the money I save using Phillips 66 Motor Oil more than pays for my cigars."

WEBB SCHOOL LEADS DESKS The Mobeete school board is gratified to the school board of Webb district for the loan of 48 desks. The desks were immediately put into use and for awhile, at least, will eliminate the problem of buying more desks. Mary Ellen Baird and Louise Keeton were in the contest. Madge Patton, Patricia Ann Trimble, Maurita Dell Godwin, Shirley Joe McCaulley and Louise Keeton were in the contest. Edith McLaughlin, formerly Edith Eschemonger, is an older student of Mobeete high. She and her husband now live at Lefors. Clever Lamson will be a sophomore at Canyon this year. She made many honors all through her work in high school here. There are 34 students, seven boys and 27 girls, in the group. The girls meet on Tuesdays and the boys on Thursdays. A mixed class is taught on Fridays.

WHEELER, TEXAS

Spanish Students Elect Ethel Clare Raney President

Bowers Is Chosen Vice President, Hunter, Secretary-Treasurer for Club

Spanish students elected Ethel Clare Raney president at a meeting held last Friday for the purpose of organizing their club.

Margie Bowers was chosen vice president; Inez Hunter, secretary-treasurer; and Lois Ficke, class reporter. Mrs. J. L. Gilmore is sponsor of the organization.

Ethel Clare is a sophomore. She has been a member of the Wheeler band for one year. Last year she played guard on the junior basketball team.

Margie Bowers, vice president, is a senior. She has been a member of the Pep Squad for four years and has been forward on the basketball team for three years.

Inez Hunter, secretary-treasurer, is taking a post-graduate course.

Lois Ficke, who is class reporter, is a senior. She has been a member of the Pep Squad for three years and has played guard on the basketball team for three years.

Initiation of the new members of the Spanish club was Tuesday. In addition to certain ceremonies at the club meeting, each new member had to dress in a certain way.

For the initiation, Inez Hunter wore a bright red dress, with much make-up, green anklets and two shoes of different kinds. Elizabeth Balch was dressed as a farm boy, wearing overalls, a straw hat and boots. Presley Guynes wore a long white dress, a baby's cap and white shoes, and carried a bottle and a doll.

Lorraine Wallace was in Gypsy costume, with make-up and jewelry. Ira Jo Derryberry dressed as an old lady. She wore a long dark dress, a bonnet, glasses, and no make-up. Joyce Faust wore bandages on her head, patches all over her legs, and flour on her face. She carried one arm in a sling, and had a bouquet of flowers.

Rosalie Bradstreet wore one long and one short sock, shoes of different kinds, with her hair combed down and her glasses on the end of her nose. She cut paper dolls in all of her classes. Frances Noah was dressed as a nursemaid, wearing a long black dress, a white apron and cap and black shoes. She carried a doll.

Helen Scott was dressed as a pirate, wearing bright colors, jewelry, boots and plenty of make-up. Aline Coleman wore a brightly colored

(Continued on Page 3)

Installing Clock In New Study Hall Causes Excitement

"What is all this noise about?" "Goodness, I hope he doesn't fall."

Such exclamations were heard in the study hall Thursday when the janitor installed an electric clock. The noise, a loud hammering and clattering sound, was made as he connected the wires above the study hall ceiling.

Supt. J. L. Gilmore stood inside the study hall to tell Mr. Cole when the wires were just right. All the students sat with books open, but unnoticed, throughout the procedure.

Both teachers and students are glad to have the clock as it rings the bell at the end of each period, and its friendly face beams down upon the occupants of the study hall all day.

Committee Chosen by P.-T. A. President

The executive committee of the Parent-Teachers association met at the high school building Tuesday afternoon at 4 o'clock to discuss plans for the coming year.

W. C. Zirkle, president, appointed the following committee chairman: Publicity, Miss Bernice Addison; hospitality, Mrs. J. M. Lawrence; program, Miss Lois Kirby; membership, Mrs. Fred Farmer; ways and means, Miss Winona Adams; room-mothers, Mrs. H. M. Wiley; parliamentary, Mrs. Lula Mae Farley; year book, Mrs. D. A. Hunt.

The executive committee is composed of the officers of the Parent-Teachers association, the superintendent and the principal of the school, and the chairman of the various committees. The chairman of each group will appoint two others to make a committee of three.

At this meeting the association decided not to give medals this year for the highest grades made in each grade.

The regular meeting days will be the first and third Tuesdays of each month.

"THE EAGLE'S TALE" WANTS TO EXCHANGE WITH CORRAL

Monday the Corral staff received a letter from a reporter on the Canyon high school paper wanting to exchange papers this year.

The name of the Canyon paper is "The Eagle's Tale," which is published once a week. It is a one-page paper appearing in the Canyon News each week.

Wheeler Band Gets Room for Practice

Membership Has Increased from 26 to 34 Since Last Year

"The band got a break this year," says J. W. Lummus, director, in speaking of securing the west side of the agriculture building for band rehearsals and lessons.

Lummus wishes to take this means of expressing his thanks to the school board for the use of this room.

Thirty-four students and teachers are in the band, which has increased from a membership of 26 last year. They have regular band rehearsals ever Monday, Tuesday and Thursday at 10:20.

"The students in the band are progressing very rapidly and are taking more interest since school has started," Lummus said. The pep squad is working with the band this year.

The band as a whole is completely uniformed in suits of gold gabardine with a Sam Browne belt. The organization also has acquired a gold gabardine hammer one yard wide and two and a half yards long. It has "Wheeler Mustangs Band" written on it, with the figure of a mustang in the middle.

Walker Is President of Speech Students

Earl Gilmore, Lula Barr, Marion Hestlow Also Are Chosen Officials

In a meeting of the public speaking class at the regular class period last Friday speech students organized a Public Speaking club.

Huffman Walker was elected president. Earl Gilmore was selected as the vice president, Lula Barr secretary and Marion Hestlow is the treasurer. Mrs. J. L. Gilmore, teacher, is the sponsor.

The club which will meet at the regular class periods about once a month is being carried on to aid the students in their speaking.

Lula Barr, a senior, is a member of the pep squad and intends to join the band. Huffman Walker is a member of the senior class and belongs to the Quill and Scroll society. Earl Gilmore is a member of the junior class, and Marion Hestlow is a sophomore.

Other members of the class are: Ray Holley, Bobby Groves, Howard Nations, Cecil Parker, Hansel Parker, Duane Parker, Aubrey Warren, Lillie McClain, Imogene Jamison, Verna Greenhouse, Evelyn Lafon, Eris Maney and Clyde Ayres.

Boys Are to Help Girls to Lead Pep Squad this Season

Scotty Risner, W. L. Jolly Chosen To Assist Irene Hunt and Imogene Jamison

Something is new under the sun in Wheeler high school.

Two boys have consented to help lead the Pep Squad girls this year. They are Scotty Risner, a junior, and W. L. Jolly, a freshman. Irene Hunt and Imogene Jamison were chosen leaders at a meeting last Wednesday. Miss Kirby is sponsor.

W. L. is secretary of section two of the agriculture I class. Irene, a senior, is president of Quill and Scroll, a member of the Home Economic club, and a forward on the basketball team. She won first in Wheeler county in declamation last year and played junior tennis two years. She was president of the sophomore class and vice president of the junior class. Last year she was assistant editor of the Corral.

Imogene is a senior and a member of the Home Economics and Glee clubs. She won fourth in state on an original song in home economics last year.

Claudia Stinson, secretary of the Pep Squad, is a sophomore and a member of the Home Economic club. Claudia won first on a school dress in home economics I last year.

The following girls are in the Pep Squad: Lula Barr, Ruth Barr, Elizabeth Balch, Meta Bruton, Margie Bowers, Oleta Cordell, Aline Coleman, Ira Jo Derryberry, Ruth Faust, Helen Filly, Marcell Farmer, Lois Ficke.

Mary Genthe, Presley Guynes, Helena Jones, Viola Lamb, Marjorie Mullins, Francis Noah, Mary Etta Patterson, Ora Pearl Pough, Alice Morgan, Bobby Rue Swan, Lorene Sims.

Harriet Tinney, Sybil Todd, Johnnie Fay Templeton, Tampa Mae Kenner, Melba Wiley, Elsie Weeks, Jewel Young, Claudia Stinson and Christine Tinney.

Correction Made In School Enrollment

Because the first and second grade enrollment was not included in last week's computation, figures announced in the Corral fell short of actual count.

With several days additional enrollment to augment statistics available last Monday, the total scholastics for Wheeler schools now number 525, according to Supt. J. L. Gilmore. Grammar grades have 336 enrolled at present and high school has 189.

Sponsor—Miss Bernie Addison.

THURSDAY, SEPTEMBER 16, 1937

BOYS ADD THEIR STRENGTH

We like the idea of having boys to help lead yell.

Scotty Risner, junior, and W. L. Jolly, freshman, will assist Irene and Imogene, the girl leaders chosen last week.

As both boys will have at least one more year in high school, they should make a splendid asset to the efficiency and strength of the pep squad of '37.

A pep squad should be an organization of which everybody is proud and is willing to back. Students should not join the pep squad just to get into the games FREE. They should join to help root for the Wheeler Mustang.

The more pep squad members, the more noise we can make, especially when the boys are helping the girls yell. Their voices are much stronger than girls when it comes to yelling and singing.

If we put ourselves up to finish what we have started the current pep squad should surpass that of any other year.

STUDENT CO-OPERATION

In the success of every other organization, co-operation is one of the most important things in the progress of our school. Students must co-operate with the teachers, as well as with each other, in order for the best conditions to prevail.

The student body must show their approval of the school plans by their willingness to do their part in carrying them out. They should co-operate in their library work and sports. Even though some plans are not wholly approved of, if every student would help in carrying them out, they would likely meet with success and would prove to be to the interest of everyone.

No school organization can be really successful unless its members pull together for its improvement and for the purpose of carrying out new plans. Co-operation is one of the essentials for the success of anything. One can increase enthusiasm and interest in work and association with others.

Adell and Alvern Hampton were visitors in Pampa Sunday.

Wilma Riley of Briscoe spent the week end with Norma Maxwell.

SNUBBING POST

We're looking forward with vim, vigor and vitality to the oncoming game with Wellington Friday night.

More girls reporting for pep practice than in previous years. There are to be two boys and two girls as leaders. The whole bunch must eat "Crispy Crunch Flakes" or something for breakfast. Anyway they are acquiring the required pep.

The study hall has been a little more than pleasantly warm the first few periods of a morning.

We suppose it's a new style but nevertheless it appeared that Mary Bell was afraid she was going to lose her belt one day last week. She had only three buckles on it.

Gordon Tolliver seems to have a hobby of collecting rings—other people's!

Ruth Faust giggled when mentioning a certain personal feminine part of dress while giving a report in civics Thursday. (These garments were worn by our grandmothers and had many tight stays.)

Jack Pitcock has a particular style of sticking his tongue out at various intervals which reminds one of a rattler. Oh, not that he looks vicious—far from it—only rather disgusting or something.

"Pap" Puckett has a red and white small-striped shirt (small stripes not small shirt) which reminds one of peppermint candy.

Miss Holbert looks sweet in green (or any other color).

Bobbie Rue Swan has eyes as blue as the skies—Miss Adams has some very chic blue suede shoes.

A hint to the wise—don't get in a tussle with Imogene Jamison—her finger nails are too long.

Along with other good features our band director has very nice eyes. Albert Gunter is really a very good guy at heart. Perhaps it's his inferiority complex that makes him so bold.

What could be nicer than "Whispers in the Dark"?

Ethel Clare Ramey's lips remind one of a tange lipstick advertisement. Young, and natural.

They all laughed when Mr. Witt requested "Pass Out, please."

SPARKS FROM THE CAMPFIRE

M axim for motorists: Death begins at 40.

R must be the center of pluck.

R eputation is a jewel nothing can replace.

D ig the well before you are thirsty.

A hundred men may make an encampment, but it takes a woman to make a happy camping.

U nless life is whiled away, it is worthless.

G ive because you love to give—as the flower pours forth its perfume.

H all the battle is being on top and the rest is staying there.

MEET THE FACULTY

Mrs. Nina H. Young, home economics instructor in Wheeler high school, was born in Fisher county, Texas. She grew up with a love for music and a lasting desire to learn and teach home economics.

She attended school at Roby, Texas, and after graduation from high school she went to North Texas State Teachers' college at Denton. There she spent two years in the study of home economics and music. Back in her home town, Roby, Mrs. Young taught school three years.

In 1930 she entered Texas Technological college at Lubbock and was graduated in 1932. From there she went to Haskell and later to Littlefield, where she taught home economics.

Mrs. Young spent the past summer working on her master's degree at Fort Collins, Colo.

In childhood Mrs. Young was fond of music and took piano lessons. She likes to sing and was in the glee club in high school and college. Religious and semi-classic music is her choice while she follows the current popular songs to a certain extent.

Always an active child, she is fond of horseback riding and likes to see all tests of athletic skill and strength. She says, "I am an ardent booster for the Mustangs." She is fond of all kinds of handwork and especially enjoys teaching clothing and child care.

Mrs. Young expressed the hope that she would some day travel and her motto is "See America first." She has no desire to go across the seas but would enjoy a visit to Mexico City.

A pleasing personality, somewhat mischievous, is hers. When a child she frightened her small sister with ghost stories but was not afraid herself. She even played innocent and harmless pranks on her college instructors.

People interest her, but she does not make acquaintances easily, she says. She is well pleased with her work and is happy in teaching Wheeler girls.

Since she has been with us Mrs. Young has had an opportunity to accept a position in Austin high school but she declined. She said, "A school of this size offers such an excellent opportunity to get acquainted with my pupils."

Miss Dorothy Burgess, 1936, who is employed in Berger, visited school Monday. She was accompanied by Rutha Mae Conner, a graduate of the same year.

After 25 Years Watermelon Seeds Still Make Good

Twenty-five years ago Frank Westmoreland, uncle of Clait Westmoreland of Twitty, planted some watermelons.

As they were good melons he saved some of the seeds. He put them away but forgot where the hiding place was. Last spring Westmoreland found the seeds.

Although he thought they would be no good, he gave them to C. A. Pillers of Twitty, who planted them. When the plants came up they looked very promising. As soon as they ripened, he gave several away. Supt. J. L. Gilmore was one of the recipients.

In spite of 25 years idleness, these seeds produced delicious, luscious melons.

Caught in

The Lasso's Noose

No one would ever think that Ruth Faust was too large for the desk assigned her in the study hall last Tuesday when they seated the seniors.

Will Betty Gene ever get out of the habit of calling Miss Addison "Teacher"?

It seems that Amos and Troy like to take ice cream away from certain junior girls. Anyway they are making a practice of it.

Grady Anglin asking if he had lipstick on his face. I wonder with what girl (maybe boy) he was?

Ruth Barr must think Miss Addison can read backwards when she holds a paper for her to correct.

It seems like old times when Seig Oretta and Wallace back at W. H. S. again last Friday.

Mr. Witt said Miss Adams got her new permanent because she wanted to be ready for the supervisor when he comes.

Could it be that the Magic City boys had a hand in the bus running out of gas last Tuesday?

We wonder why Olen Maxwell and Bob Tillman were at school Wednesday. Perhaps it is their interest in school.

Irene Hunt, in chemistry class, "Miss Kirby, are we solids or liquids?"

Ray Holly certainly is getting popular with the girls. A little bit more and he would have been elected Pep Squad leader to assist Irene and Imogene. This suggestion was made by Irene.

Juanita Voyles, "Will somebody please look in my new mirror?" Elva Bell, "Why?"

Juanita, "So I'll be sure it won't break when I look in it."

When questioned about whom she was sitting by at the show Miss Holbert replied, "Which one, last night or the night before?"

Mr. Wynne is very popular since he got his car. Or is it his car? He has been seen "riding round" several evenings recently with certain people.

Every time some girl sees you in Stadium she asks you if Harrison Hall or Jack Pitcock are in town.

Betty Jean Coil was in Shamrock Thursday night.

Ruby Ayres returned Friday from Cordell, Okla., where she has been visiting since last Thursday.

Parker Is Elected F. F. A. President

Groves, Passons, Weeks are other Officers Chosen in Meeting Held Wednesday

F. F. A. boys of the agriculture H class met last Wednesday and elected officers for the coming year.

Cecil Parker is president. Other officers are Vice president, Bobby Groves; secretary, James Passons; treasurer, Glynn Weeks; reporter, Grady Anglin; farm watch dog, Alton Weeks; parliamentary, Duard Parker.

Members discussed ways of initiating the first year agriculture boys and practiced the opening and closing ceremonies of a business meeting which every F. F. A. organization should have.

Officers for agriculture I have also been chosen. This class has been divided into two sections and officers were elected for each division.

Those holding positions in the first section are: President, J. R. Robinson; vice president, Carroll Adams; treasurer, Ted Williams; secretary, Troy Holley; reporter, Clifford Young; parliamentary, Maurice Earnes; farm watch dog, James O'Gorman.

Officers for section two are as follows: President, Jack Williams; vice president, W. L. Jolly; secretary, Claudia Pihlers; treasurer, Bob Noah; farm watch dog, H. V. Compton; reporter, Clint Westmoreland; parliamentary, Malcolm Crowder.

"No one seems to realize the importance of the farmer and agriculture to the world's progress," according to the F. F. A. reporter. "In the old days, the income of a nobleman was in the form of farm produce. With agriculture factories, world class, business would fail and there would be no way for people to live."

"Agriculture is the most important industry of all. It begins with history. There would be no agriculture, however, if it were not for the man who tills the soil, the farmer. The farmer was the one who took most of the loss when the depression came, because costs did not fall with prices. Although the depression hit, the farmer still makes it possible for the world to live and deserves a lot of credit."

SPANISH STUDENTS

ELECT ETHEL CLARE RANEY PRESIDENT

(Continued from First Page)

dress, and carried her books to class in a white cloth sack. She wore her hair in pigtails and make-up. Thelma Hunter dressed as a waitress, wearing a short apron over her dress. She carried a knife, fork, spoon and a cup and saucer.

Eris Maney wore her dress without its having been ironed. She carried her books in a laundry bag, and carried a bar of soap. Madge McClain wore different kinds of vegetables around her neck and a bow in her hair. Jewel Young wore gloves on her hands and cocoa on her face. She carried a sign which read, "Wheeler is much better than Magic City."

Oleta Carter decorated with a mustache, wore a dress over slacks and carried a large pipe. She talked as a baby. Willie Jean Norwood wore a skirt on top of a pair of pajamas, with bobby pins in her hair. She carried a large pillow.

Claudia Stinson wore sunflowers around her head and neck, a shawl and all the jewelry she could find

Owner of "School Store" Contrasts Education of Today and Yesteryear

Mrs. W. W. Perrin, owner of the "School Store," came to Wheeler from Mannum, Okla., in 1929. She plays no musical instrument but enjoys music and good singing.

She states that schools now are different from what they were when she was getting her education. "The little one-room, one-teacher school house would look queer beside our departmental buildings today," Mrs. Perrin laughingly said. Their only sport was baseball.

When asked her opinion of activities in the school she stated, "I think there should be different kinds of sports because it makes school more interesting for the students. Boys and girls will go to school longer if they become interested and get some enjoyment out of it."

Mrs. Perrin enjoys keeping house and says her favorite pastime is sewing. She reads the Corral and finds it a very interesting school paper.

Jamison Supervises Library Arrangement

Under the direction of Mrs. Vera Jamison, the library opened last Thursday.

With the help of Mrs. J. L. Gilmore and Miss Bernie Addison, Mrs. Jamison has been repairing books, making new cards, and arranging the magazines.

An order has been sent for new magazines which are expected to be in soon. Among these are Good Evening, Scribner's Magazine, American Boy, American Girl, Science Digest and News Week.

As soon as the list has been completed an order will be sent off for new fiction books.

Positions Held by 1935-'36 Graduates

In 1936, 25 seniors were turned from the doors of Wheeler high school. These students have found their various places in life and "settled down." Some have gone to school, others are at home, while others have said "I do."

One is now staying at home are: Evelyn Bald, Ruth Mae Conner, Adell Hammon, Opal Morris, Lancy Mae Tillman, Capitola Wilson, Sun Denham, Cecil Sherwood and Cordie Lee Farris.

Helen Saunders, Nerine Young, Baehla Company and Gladys Warren have married.

Cosette Crofford has moved to Fort Worth, J. R. Burke to Ballinger, and Louis Cain to California. The students enrolled in school are: Mable Sherwood, Marvin Montgomery, Estelle Scott, Wilma Tinney and Muzie Bean.

Dorothy Burgess, Ford Newkirk and Ocie Pace are working.

WITT ASSIGNS TEACHERS TO MORNING STUDY HALL DUTIES

Principal C. B. Witt made the study hall assignments for the teachers first Thursday. For the morning study hall from 8:30 to 8:50 the following will be keepers: Monday, Miss Lois Kirby; Tuesday, Miss Imogene Hollett; Wednesday, Miss Bernie Addison; Thursday, Mrs. J. L. Gilmore; Friday, Miss Winona Adams.

This schedule was made for the activity period which is from 10:20 to 10:50. Monday, Principal Witt; Tuesday, Mrs. Nina H. Young; Wednesday, W. C. Zirkle; Thursday, Mrs. Nina H. Young. Friday an assembly program will be presented.

Mrs. Crowder Expresses Thanks

Mrs. Clarence Crowder wishes to express her appreciation to the faculty of Wheeler for the flowers they sent at the death of her mother, Mrs. Dora Blakemore.

Mr. and Mrs. Clarence Crowder and children, Imogene and Kenneth Crowder.

Mal Wynne Directs Public School Music

"Music is an expression of the soul. It promotes an outlet for emotions. It is also an inspiring and uplifting force which does a great deal to break the monotony of everyday living."

"Music is as good an exercise of the intellect as any subject because of the co-ordinating faculties necessary, such as hearing and sight." This is the opinion of Mal Wynne, music instructor of Wheeler school. The high school music class has 30 pupils this year. This is approximately the same number as last term, although there were two classes at that time. The fundamentals of notation will be studied the first semester. By the end of the first 18 weeks the class will be able to sing by note with some degree of ability, Wynne says.

Plans for the Glee clubs, both the girls and the boys, have not been completed. However, both are to be organized this year. "Program Choruses" is the book which will be used by both girls and boys Glee clubs. After the organization of glee clubs, quartets will be chosen from these groups.

Besides his courses in high school Wynne directs two fourth grade classes, two fifth grade and one sixth grade. New music books containing new songs have been ordered. They are expected to arrive in a few days. Wynne has spent 16 years of his life in the study of his favorite subject, music, 12 years in common and high school, and four years in Oklahoma university. Besides training in vocal music, Wynne plays the violin and the piano.

Faculty Gets New Record Books

The faculty has received new record books which are much more convenient than those of former years, according to several teachers. They have green covers with black letters and backslaps.

These books were published by the W. M. Welch Manufacturing company of Chicago.

WHY DON'T WE HAVE —

- Spring instead of a Coil?
- Cape instead of a Hood?
- Sheep instead of a Lamb?
- Bed instead of a Pillow?
- Book instead of a Page?
- Steel instead of a Flynt?
- Knowledge instead of a Witt?
- Black instead of a Green?
- Fish instead of a Scott?
- Spider instead of a Web?
- Silk instead of a Vowles?
- Loss instead of a Wynne?
- Crutch instead of a Cane?
- Old instead of a Young?
- Fisher instead of a Hunter?
- June instead of a May?
- Dodge instead of a Ford?
- Break instead of a Grove?

Future Homemakers of Texas

First year home economics students are studying children and their habits. They intend to have a play school in which they will observe how the child develops through play. To learn how to be better friends to all children will be their objective.

In home economics II, the principal rules of food preservation are being studied. The past week the class canned peaches, corn, beans and peas.

How to have a satisfying home is the main topic of interest in home economics III. The students are setting standards for the ideal home. They are also making a booklet illustrating their ideal of this perfect home.

RAMLINGS ON THE RANGE

Marilyn Johnson, Marion and Raymond Smith were in Shamrock Thursday night.

Troy Derryberry, a senior of 37 visited school Friday afternoon.

Grady Anglin was in Shamrock Saturday morning.

Miss Roberta Addison, Kellerville, and Robert Trent of Des Moines, Ia., visited Miss Riane Addison over the week end.

Miss Lois Kirby visited her parents, Mr. and Mrs. J. E. Kirby, of McLean over the week end.

Meta Bruton was in Shamrock Saturday.

Margie Bowers spent the week end in Kellon.

Cleo Sewell was in Shamrock Saturday.

Alice Morgan was in Corn Valley Thursday.

Velma Hestlow spent the week end in Shamrock.

LaVerne Cox went to Wellington Saturday evening and returned home Sunday.

Willie Dee Lawrence attended the Shamrock-Canadian game Friday night.

COLTS

The third grade are studying about Indians this week. They are making posters using the Indian writing signs and have a very attractive Indian village made on their sand table.

The fourth grade organized a Good Citizen club in health. Each week they select the four best citizens. This week they were: Kenneth Crowder, Elmer Tholler, Lula Jewell Walker and Junior Alliver.

Jack Pope moved to Estelline. As there is not enough equipment for both the grade boys and girls to play, the girls play two days a week and the boys two days. Friday is chapel day.

SPORTS NEWS

Whip Wellington—Mustangs!

Mustangs and Skyrockets to Meet In Opener of Season

Game Holds Promise of Being Among Best Ones of this Season

Wellington Doped to Win District; Wheeler Rated Runners-up in Conference

The highly rated Wellington Skyrockets will meet the present district 3B champs, the Wheeler Mustangs, in the season opener for both teams. They will play 8 o'clock Friday night at Wellington. This game promises to be the best in the conference this year. The Skyrockets are doped to win the district and the Mustangs are rated to be one of the close runners-up in the conference.

Last year the Skyrockets lost only one game, which was the one they played with the Mustangs. The only games lost by the Mustangs was in the bi-district to the Flomont Longhorns by three first downs, playing on a field knee deep in mud.

The Mustangs lost seven lettermen while the Skyrockets have all theirs back except two. Due to lack of experience the Mustangs will enter the game the underdog. The Mustangs have a large line but it is made up of material that is coming out for the first time. It needs experience. Wellington boasts a line that has both weight and experience.

Mustangs will be greatly handicapped by the loss of Emiler star half back. He will be out of the lineup with a sprained ankle.

The local eleven will be appearing under a new coach for the first encounter this season. The Skyrockets have their same coach, Joe Coleman, and he is preparing his squad to knock the "Horses" off of their perch which they gained last year.

Although the Skyrockets are doped to run roughshod over the local eleven an upset is not impossible because the Mustangs will probably give a better account of themselves than most sport fans are predicting.

Wheeler's starting lineup is:

Name	Wt.	Pos.
Page	165	LE
Compton	170	LT
Shippman	160	LG
Stephens	150	C
Passons	166	RG
Pillers	169	RT
Pitcock	122	RE
Green	143	Q
Hall	129	LH
Groves	128	RH
Weeks	158	FB

Wellington's players are:

Name	Wt.	Pos.
Green	148	E
Moore	146	LH
Austin	142	Q
Parish	135	H
Polk	143	G
Faimer	148	G
Cox	145	G
Nelson	160	T
Stafford, B.	164	T
Stafford, G.	151	E
Bailey	158	B

FOOTBALL SCHEDULE—1937

Wheeler	Sept. 17, there	Wellington
Wheeler	Sept. 24, Open	
Wheeler	Oct. 1, here	Clarendon
Wheeler	Oct. 8, here	Memphis
Wheeler	Oct. 15, tentative	Lakeview
Wheeler	Oct. 22, here	Shamrock
Wheeler	Oct. 29, there	McLean
Wheeler	Nov. 5, tentative	Mobetie
Wheeler	Nov. 12, there	Lefors

Team Disappointed When Samnorwood Called Off Game

The Mustangs were very disappointed because of the game with Samnorwood being called off. Since it was the first time Wheeler had ever planned to come in contact with them it was anticipated this would be a tough game, with plenty of hard tackling and blocking.

Samnorwood could not get their boys together because of infantile paralysis. Maybe the two teams can play next year.

We hope this open date will give the Mustangs added energy for their tackling and blocking. Maybe the fans will all be ready to follow the Mustangs to Wellington.

Average Weight of Team Is 149 Pounds

One hundred and forty-nine pounds is the average weight of the Wheeler Mustangs. Coach Stima Cain weighed the boys Monday afternoon at 3:15.

Those who are working out for the team are: Pillers, right tackle, 169 pounds; Red, quarter back, 120; Page, left end, 165; Ford, center, 154; Adams, tackle, 170; Barnes, guard, 152; A. Jones, tackle, 151; G. Weeks, guard, 148; Passons, right guard, 166; Pitcock, right end, 122.

Parker, center, 144; A. Weeks, fullback, 158; Markham, tackle, 165; Elliott, guard, 119; H. Jones, right half, 127; Puckett, fullback, 119.

Shippman, left guard, 160; Compton, left tackle, 170; Noah, tackle, 170; Green, quarter back, 143; Hale, end, 138; Hall, left half back, 120; Groves, right half, 128; Wright, end, 160; Stephens, center, 150.

FORMER COACH, BOB CLARK VISITS WHEELER SATURDAY

Bob Clark, former coach of the Wheeler Mustangs, brought his Erick, Okla., football team to see the Shamrock Irishmen meet the Canadian Wildcats last Friday night. E. Coach Clark was also seen in Wheeler Saturday night.

SPORT SLANTS

By a Mustang

Your commentator saw the football game between the Shamrock Irishmen and the Canadian eleven last Friday night. It was very interesting as the score was 32-0 in favor of Shamrock.

Flomont Longhorns, who defeated the Wheeler Mustangs last year in the bi-district, started the season off by beating Happy, 38-0.

The Mustangs stampede to Wellington tomorrow night to play the Wellington Skyrockets, who are an aggregation of tough, fast men. Our boys will be prepared for the battle.

Alton Weeks ought to be able to play nearly any position on the eleven. Having served two years at end and one year at center, he is now playing fullback.

The Wellington Skyrockets are doped to win the conference. But the old doped bucket is likely to be kicked over at the beginning of the season when the Old Horses get started to kicking.

The Clarendon football squad will invade the Mustang's Wheeler Corral Friday, Oct. 1.

Wheeler beat the Brones the first time they played, 19 to 0. The second time they played, the score was 0 to 0, the Mustangs winning by first downs.

How will this game end?

Herbert Green went home last Tuesday so that he could "get well." That same night he went to a party. Get well, did you say?

AUTOMOBILE WINDSHIELD FOOTBALL STICKERS ISSUED

Coach Stima Cain issued a number of football stickers to the students last Tuesday. They have on them the schedule of the football games that Wheeler will play with various other high school football teams during the coming football season.

The stickers are to be stuck on the windshields of automobiles.

COACH QUESTIONS MUSTANGS FOR ELIGIBILITY INFORMATION

In order to fill out eligibility slips of the football boys, Coach Stima Cain secured information this week on each Mustang.

Questions asked included: Number of credits each boy has; number years in high school; year and date entered; semesters in high school.

Record of attendance and courses passed last semester; name and date of any school ever attended; number of years played football; parents' name; birthplace; date of birth, and age.

HERE ARE THEIR NUMBERS

MUSTANGS		SKYROCKETS	
Name	No.	Name	No.
Red	14	Green	20
