THE COUNTY SEAT NEWSPAPER

Engineers Inspect County Lake Sites

Location on Sorensen Ranch, Near Wheeler, is No. 1 Choice for Large Lake

Inspection of the eight lake sites recently recommended by the county committee operating under the new conservation program was made Tuesday by a party of four federal engineers. The tentative program as contemplated by the Panhandle Conservation authority in conjunction with the WPA in a five-state area embraces a \$40,000,000 fund for construction of at least one large lake and two smaller ones in each county of the Panhandle.

Members of the engineering party were John E. Hayes, supervising engineer with the U. S. Soil survey; G. W. Caldwell, chief WPA engineer of Texas; H. P. Burley, chief geologist with the U. S. Soil survey, and J. A. Nichols, his assistant.

It is understood the engineers gave a site on the Sorensen ranch, three miles north and a half west of Wheeler, as first choice for location of the proposed large lake. The Bob George ranch, northwest of Shamrock, was named second choice. Because of its suitability and conformity with plans of the conservation authority, it is expected the large lake will be constructed on the Sorensen land, according to recommendations of those charged with that duty and authority.

Other suggested sites in the order of their importance are: Fuqua property, two miles southeast of Old Mobeetie; Fort Elliott, one mile west of New Mobeetie; Brothers place, a mile northeast of Shamrock; Davis ranch, six miles southeast of Kelton; Cody land, one and a half miles east of Plainview school, and the Burgess place, a half mile east of Old Mobeetie.

Headed by A. B. Crump, chairman, a Wheeler county committee which includes Paul Macina, A. J. Baird, Tom Britt and C. A. Morgan, made an inspection tour on Tuesday of last week for the purpose of locating favorable sites. This committee was named by the county commissioners' court and will work in harmony with the county planning committee.

The engineering party's visit to the county is a part of the general inspection of lake sites throughout the Panhandle, and is preliminary to the drafting of tentative plans for the huge conservation program recently asked of congress by the Panhandle Conservation authority of which John McCarty of Amarillo is president. The Panhandle's share of the fund is tentatively set at \$4,750,000 although efforts are being made to increase this figure.

Methodist District Meeting at McLean

Fall "Round-Up" Finds Churches of District in Healthy Condition

During a conference of Methodist churches comprising the Clarendon district, held at McLean on Tuesday of last week, reports from the several churches indicated a healthy condition. Good reports were turned in from all the churches represented—provided it doesn't frost too soon. Principal object of the meeting, in frontier parlance, was a "round-up" of the work accomplished and to make a strong appeal for a fine closing up of the year's work, with special stress on the finances of the churches.

A bountiful covered dish lunch was served.

Those attending from Wheeler were Mesdames John Ficke, J. M. Porter, J. M. Lawrence and J. D. Merriman, and the pastor of the Wheeler church, Rev. E. C. Raney, and Mrs. Raney.

WHEELER GIRL HOLDS CLASS OFFICE AT CANYON COLLEGE

Students of Amarillo, Children and Canyon head the four undergraduate classes at West Texas State college, Canyon, this year states a news release received here.

Listed as a student council representative of the junior class is found the name of a well-known Wheeler girl, Miss Helen Gilmore, daughter of the Wheeler school superintendent, J. L. Gilmore and Mrs. Gilmore.

President of the junior class is George Wright of Childress.

Heads of the other classes are: Senior, Joe McNeill, Amarillo; sophomore, Meredith Warren, Canyon; Freshman, Glen Davis, Canyon.

Mr. and Mrs. C. C. Shipman and son, Hubert, of Texola, Okla., were in Wheeler today on business.

MRS. FRED ROWE GROWS SPLENDID DAHLIAS

To Mrs. Fred Rowe, living a short distance northwest of Wheeler, must be accorded the honor of growing the finest dahlias seen by the writer this season. She sent to this office, last Friday, three splendid specimens of huge size and wonderful coloring. Largest of these flowers, when freshly plucked, would measure at least eight inches across. If entered in competition, these blossoms in size and color, would hold their own against anything of the sort grown in the open, under ordinary culture, within hundreds of miles of the Texas Panhandle.

Wheeler Men Named to State Park Body

Chairman Nicholson of Shamrock Appoints Committees to Solicit Funds

Although information here concerning details of the project are somewhat meagre, the effort recently launched to create a state park of several thousand acres in the Big Bend country of Southwest Texas has resulted in appointment of committees to raise funds for the undertaking in this county.

It is understood that state authorities have made a proposal that if purchase of the land can be effected through volunteer subscription state funds will be applied to improve and beautify it as a resort region open to the public. Reports say that Old Mexico plans to set aside a large reserve across the Rio Grande river and immediately opposite the Texas site, to be used in conjunction with it.

Announcement that O. T. Nicholson of Shamrock has been appointed chairman of the Wheeler county park fund and solicitation, has been followed by Nicholson naming groups in various communities of the county to aid him. They are as follows:

Shamrock—W. H. Walker, W. C. Perkins, R. C. Lewis, R. A. Wood, Jas. F. Smith, Bedford Harrison, C. W. Johnson, M. Reynolds, Mrs. Hester Holmes and Albert Cooper.

Wheeler—A. B. Crump, R. J. Holt, Glen Porter, Judge W. O. Puett, Dr. H. E. Nicholson, Prof. J. L. Gilmore and E. A. Deering.

Mobeetie—Henry Flanagan, Geo. B. Dunn, Prof. M. D. Blankinship, Louis Griffin and Miss Arva Deering.

Those to work in the various communities of the county are: Gordon Gatewood, Lela; A. S. Wharton, Magic City; Anthony Hunt, Keller; George Weems, Ramsdell; R. N. West, Bethel; Miss Beryl Downer, Bononie; Mrs. Mabel McBee, Davis; William Smith and W. V. Swinburn, Briscoe; C. C. Brown, Kelton; A. L. Jones and I. C. Evans, Twitty; A. H. Kavanaugh, Plainview; J. V. Younger, Pakan and Mrs. Thelma Peck, Heald.

Those who have recently contributed to the fund are Dr. J. A. Hall, J. E. Reeves, A. J. Laycock, W. S. Pendleton, L. E. Davis and Clyde Fillmore.

RECENT BRIDE IS HONOREE AT POST-NUPTIAL SHOWER

Honoring Mrs. Clyde Adams, nee Glennis Watson, Mrs. J. M. Burgess and Mrs. E. R. Jones entertained at a post-nuptial shower at the latter's home on Friday afternoon. The afternoon was spent in social visiting.

Mrs. Adams was provided with a clothes pin bag and basket and invited to gather her gifts from an improvised clothes line. Mrs. Bill Perrin presided over the bride's book.

Evelyn Balch and Helena Jones served refreshments of punch and cookies to the guests.

Those registering during the afternoon were: Mesdames J. H. Watts, Edith Carver, Wilburn Reeves, Bailey Burgess, George Dodson, O. Nations, Bill Perrin, C. M. Hampton, Holt Green, L. C. Beaty, John Ficke, E. C. Raney, Watson Burgess, C. O. Sandifer, W. L. Williams, O. O. Sandifer, Lee McCasland, Gordon Whitener, R. G. Russ, C. J. Meek, Buford Conwell, and Clarence Holt of Lefors.

Misses Florence Merriman, Viola Havenhill, Novella Whitener, Winona Adams, Evelyn Balch, Helena Jones and the hostesses, Mrs. Jones and Mrs. Burgess.

Those sending gifts were: Mesdames Floyd Pennington, Marshall Adams, Lawrence Crowder, Oneal Bowerman, Charlie Carter, J. M. Porter, W. W. Adams, Ernest Dyer; Misses Doris Hooker, Marguerite and Bessie Mae Ficke, and Mrs. Bill Hugg, Shamrock; Mrs. Curtis Cheshire, Pampa; Mrs. Millie Bosley, Santo, and Mrs. T. S. Newkirk, Tascosa.

Pioneer of Mobeetie is Paralysis Victim

W. H. Ellis Succumbs Early Yesterday Following Stroke—Funeral Today

William H. Ellis, 65, pioneer citizen of Mobeetie, passed away late yesterday at the family home following a stroke of paralysis. Ellis, a native of Tennessee, had lived in the Mobeetie community for more than 40 years, coming west as a boy and settling at what was then known as Fort Elliott, near the present Mobeetie.

During his long residence in the county, Ellis had made a host of friends who, with the sorrowing relatives, will mourn his passing. For several years he was engaged in the mercantile business, coming in daily contact with many people who learned to admire his upright conduct and business acumen. Ellis was a brother-in-law of the late Mark Huseby, the two having married sisters.

Besides the widow, Mrs. Carrie Ellis, four sons and two daughters survive. They are Hugh, N. B., Jack and Charles Ellis, and Mrs. R. P. Morris and Miss Georgia Ellis.

Funeral services were conducted this afternoon from the Baptist church at Mobeetie with a former pastor, Rev. B. P. Harrison, of Kress in charge. Interment was made in the Mobeetie cemetery under direction of the Nathan Hunt Funeral home of that place.

Those attending the last rites from Wheeler were Mr. and Mrs. J. D. Merriman, Mr. and Mrs. Raymond Waters, Mrs. Ernest Lee, Mrs. J. M. Porter, Mrs. Floyd May and Mrs. Minnie Farmer.

NURSES ENTERTAIN BAPTIST SOCIETY WEDNESDAY EVE

Misses Katie Topper, Maxiene Field, Mary Ruth Vinson, Geneva McNeill and Capitola Wilson, nurses employed in the Wheeler hospital, entertained the B. T. U. members of the Baptist church with a social at the nurse's home on North Canadian street Wednesday evening.

Various games formed the diversion of the evening.

Refreshments were served to Verna Greenhouse, Helen Flynt, Maxie Lee Wilson, Evelyn LaFon, Mary Genthe, Lola Belle Sandusky, Oleta Carter, Dudley Callan, Taft Holloway, Walter and Edgar Flynt, Virgil Greenhouse and the hostesses.

Mr. and Mrs. A. T. Duzan of Moran Kans., who have been visiting their daughter and husband, Mr. and Mrs. Joe Barr and children Misses Ruth and Lula are guests this week of Mrs. Duzan's sister and brother, Mr. and Mrs. D. E. Holt and Mr. and Mrs. Robert Bowers.

TAKING A PEEK INTO THE TIMES WINDOW

Several items of outstanding merit have been exhibited in The Wheeler Times window during the past week.

One of these is a display of garden vegetables brought in by Miss Joyce Sorensen, 12-year-old daughter of Mr. and Mrs. Edison Sorensen, who live north of town. Joyce is a member of the Briscoe 4-H club in her first year's work. Articles comprising the collection are okra, pole beans, white onion, tomatoes and a huge eggplant. Many older persons than this young lady might well envy her success and try to equal the record vegetables produced.

Approaching the status of a curiosity is a specimen of the moon-and-stars variety of water-melons, grown by Mrs. J. G. Cowden. This particular melon has a clear golden yellow "moon" five inches in diameter surrounded by literal clusters of "stars" or tiny yellow spots on the dark green background.

First sample of this season's forage grain, a fine head of red maize, was brought in today by R. E. May, who has about 15 acres of the crop, which is practically matured right now.

Affording unusual variety and showing many items not common to the Panhandle is a box of principally forest products—wild nuts and fruits—brought from Marietta in far East Texas by J. A. Lott. The large number of articles, ranging from black haws to magnolia blossoms, makes it impossible to name them all here.

Not for display but for practical use, was the contribution on Tuesday by Mr. and Mrs. Luther McWhorter of a nice lot of okra and butterbeans, greatly appreciated by The Times family.

Trickle of Cotton to Gins Increases

Arrival Here of Second and Third Bales Friday and Receipts Since Make 11 Bales

Two new names as producers of premium bales of cotton were chalked up this year when Johnny May captured second honors and the prize money for that place, while E. H. Walker delivered the third bale and received his 20 per cent premium of the fund raised for growers of the first three bales ginned in Wheeler. Both these bales were brought in Friday, Sept. 24.

As has previously been stated in these columns, Fred Rowe had the first bale ginned, delivering it on Thursday, Sept. 16.

Inquiry at the two Wheeler gins today reveals a slow and steady increase in the trickle of staple to the gins. At mid-afternoon today (Thursday) a total of 11 bales had been ginned. Prospects are reported good for several more bales within the next day or two.

Ideal weather conditions during the past week or 10 days have been very favorable for cotton development, as well as row crops of grain and feedstuffs. Mild temperatures, possibly above the average for this season of year, have prevailed most of the time. However, some apprehension was felt Saturday night and Sunday when a cool spell brought a sharp chill from the north. It was feared that a possible early frost might damage cotton to some extent and seriously injure feedstuff which needs more warm weather to push it toward maturity.

One of the unpleasant angles of the cotton situation is the prevailing low prices. Apparently efforts are being made by federal agencies to afford aid through a loan program. Little definite knowledge of the situation's present status or in the immediate future is available. Inquiry at the county agent's office reveals a confusing outlook.

County Agricultural Assn. Meeting Oct. 5

Will Hear Reports at Gathering in Court House at 8 p. m. Next Tuesday Night

Next Tuesday night, Oct. 5, starting at 8 p. m., the Wheeler County Agricultural association will hold an important business meeting to consider matters of vital importance to farmers in general and the organization in particular, was the announcement made yesterday by County Agent Jake Tarter.

Present on the evening's program will be presentation of reports by the delegation which went to Memphis, Tenn., to confer and advise with other agricultural representatives and leaders pertaining to the 1938 crop program and control features of or applying to it.

"Most important mission of the delegation," declares Tarter, "is to work on cotton loans and subsidy payments, which appear very confusing at the present time."

Junior 'Insect' Team to College Station

Four County Entomology Students Leave Friday—Contest on Following Day

Wheeler county will be represented in a contest for junior entomologists at College Station on Saturday of this week. So states Jake Tarter, county agent. Members of the team, which will leave here Friday are:

Bud McCarroll, Briscoe; Darrell Atherton, Briscoe; J. C. Erskine, Lela, and R. C. Hawk, Shamrock.

Principal points of the contest, in which students of entomology of the state will participate, include: collection of specimens; identification of insects; feeding habits of insects, and the most economical method of conserving or exterminating them.

MRS. ED WATSON HOSTESS TO CONTRACT BRIDGE CLUB

A delightful time was spent Friday afternoon at the Watson Hotel when Mrs. Ed Watson was hostess to the members of the Contract Bridge club and a guest, Mrs. J. E. Ozburn.

Mrs. Inez Garrison won the prize for high score and Miss Reba Wofford won low.

Lovely refreshments were served to Mesdames Roy Puckett, Nelson Porter, Inez Garrison, Dudley McMillin, Glen Porter, Buck Britt, R. L. Daily, Bronson Green, Al Watson, J. E. Ozburn, Misses Clarice Holt and Reba Wofford and the hostess.

A WORD OF SINCERE APPRECIATION

On behalf of the Wheeler football team, The Times presumes to extend sincere thanks to those business and professional men of Wheeler who made possible the page advertisement for tomorrow night's game and the season as a whole, which appears elsewhere in this paper. With the confidence and faith thus shown by its supporter's the Wheeler Mustang football squad may well push into the coming gridiron battles with positive assurance of whole-hearted backing by the people of Wheeler.

Silo Specialist Coming Willard Farm Friday

E. R. Eudaly, Extension Dairyman and Trench Silo Authority, to Conduct a Program

Farmers and dairymen of the county, as well as all others interested in the subject, will have the opportunity (Friday) tomorrow to learn of the advantages of silo construction and the benefits to be derived from feeding silage when E. R. Eudaly, state extension dairyman and recognized authority on trench silos, presents a program of instruction and demonstration at the J. E. Willard farm, slightly more than a mile east of Wheeler. This is the only meeting of its kind in the county at this time.

The program starts promptly at 10 o'clock and continues until noon.

Eudaly, in his capacity as extension dairyman, has studied the silo problem because of its close connection with profitable production from dairy herds. He has devoted much time to trench silo building and is rated as an enthusiast on the subject.

Prepared by Eudaly, the following discussion of trench silos is taken from a College Station bulletin, No. B-84, available at the county agent's office. It reads:

"Silage should be considered a substitution for green pasture. It has about the same value in the ration of a dairy cow or beef animal as does green pasture but no greater value unless there is some grain on the feed stuff made into silage.

"A silo makes it possible to have green feed when it is too dry or too cold to have a green pasture, or too wet to use the pasture. A silo should also be considered a container in which to store a surplus of feed to use when the drouthy year comes.

"A trench furnishes the cheapest form of a silo from the standpoint of cash expenditure. Other advantages of a trench silo are: it may be constructed in a short time; it is less expensive to fill than an above-ground silo; it is wind proof, fire proof, and frost proof; silage may be placed and packed conveniently; silage may be removed easily; and water can be applied to the silage easily."

POPULAR LOCAL MECHANIC LEASES AUTO REPAIR SHOP

Friends and acquaintances of Otis (Half-Up) Reid will be glad to learn that he has leased the automobile repair department of the Wheeler Motor Co., in the Austin building, and is now ready to handle all kinds of repair work. Reid, who gained his unusual nickname of "Half-Up" on the croquet courts, has a wide acquaintance in Wheeler and vicinity. He invites the motoring public to remember him when in need of mechanical services.

The shop of which he is now chief mechanic was completely equipped last year with modern tools and devices for proper car repair work. Reid has taken it over, fixtures and all, and is prepared to conduct the business in a first-class manner.

The sales department, handling Chevrolet cars, is again open under management of Homer Pitcock.

ROGUE THEATRE GETS NEWS FEATURE IN MARCH OF TIME

Of special interest to theatre-goers is the announcement that Lee Guthrie, manager of the Rogue theatre, has contracted to present March of Time news subjects. Comprising two reels, the feature will be shown at regular four-week intervals.

This is said to contain the very latest and most important news items gathered from the four corners of the earth. A special tie-in is being arranged with the Wheeler schools, whereby all school children may have the opportunity of acquainting themselves with world events through this medium.

Mr. and Mrs. Loyd Lee and son, Harold Loyd, spent Sunday in Pampa with her sister and husband, Mr. and Mrs. Al Burns and children.

County Entries Win at Tri-State Show

Almost 50 per cent Demonstration Club Articles Place in Tri-State Exhibit

That Wheeler county club women and girls can do prepare items of food and clothing able to compete with those from other parts of the state is seen in returns from the recent Tri-State fair at Amarillo.

Twenty articles out of 42 in various classes, entered by Wheeler county club members, placed in the judging. This is according to Miss Dalton Burleson, home demonstration agent, who prepared the following list of winners for publication in The Times.

Of course, in the fruits and vegetables division, these housewives and their daughters had to have something to start with, and that's where proper credit may be given Wheeler county soil, which under proper direction and co-operation will produce the basic materials for top awards in competition with anything in this region of the country.

The entry, award, exhibitor and postoffice address are given in their order as follows:

Sauer Kraut, 1st; Pear Sweet Pickles, 2nd; Canned Squash, 1st; Apple Preserves, 2nd; Strawberry Preserves, 2nd; Other Vegetable, 1st; Canned Blackberries, 1st—Mrs. Jess Crowder Wheeler.

Apple Jelly, 1st; Quart Canned Peaches, 3rd; Sandwich Spread, 3rd; Red and Green Pepper Relish, 2nd; Pillow Slip, plain, 2nd; Pillow Slip, decorated, 1st; Pear Preserves, 1st—Elva Willard, Wheeler.

Canned Carrots, 1st—Nellie B. Candler, Briscoe.

Quart Snap Beans, 3rd; School Dress, age 10 to 12, 3rd—Mabel Alice Smith, Briscoe.

School Dress, age 13 to 20, 3rd; Slip, 2nd—Beula Brewer, Mobeetie. Sandwich Spread, 1st—Helen Flynt, Wheeler.

Annual Wolf Hunters Meeting Date is Set

Four-Day Assembly Begins Oct. 10—New Feature for First Time this Year

Bert Davis of the Allison community, and a director of the Texas-Oklahoma Wolf Hunters association, announces that the annual fall meeting of the organization will start on Oct. 10 with a preliminary session of the 4-day event which will be held at Quanah again as usual.

Field trials start Tuesday morning, Oct. 12, continuing through Thursday. The bench show is scheduled for Tuesday afternoon.

A new feature of the gathering, introduced for the first time this year, will be music and a sermon each night. The Medford brothers of Oklahoma will conduct this part of the program, furnishing the musicians and preacher.

Quanah's chamber of commerce is arranging interesting afternoon programs, beginning Monday.

Davis predicts a large attendance this year, with a number of people present from Wheeler county.

OFFICERS ELECTED TUESDAY EVENING BY DORCAS CLASS

The Dorcas Sunday school class of the Baptist church met Tuesday night in the church basement for a business and social meeting with Mesdames Ernest Dyer and Roy Esslinger as co-hostesses.

During the business meeting Mrs. George Porter was elected president; Mrs. L. C. Laflin, vice president; Mrs. W. O. Puett, secretary-treasurer; Mrs. Roy Esslinger, reporter; Mrs. Raymond Waters, teacher and song leader, and Mrs. Ira Passons, assistant teacher.

The class presented their teacher, Mrs. George Porter, with a lovely gift in appreciation of her work the past year. A number of games and contests were enjoyed.

Delicious refreshments were served to Mesdames E. H. Herd, V. N. Hall, Raymond Waters, Geo. C. Jones, J. M. Burgess, Lynn Gott, Floyd Pennington, W. O. Puett, Cordie Gill, George Porter, J. J. Lowrie and the hostesses, Mrs. Dyer and Mrs. Esslinger.

Shelton Nash returned Tuesday morning from a trip to Detroit, Mich., with L. L. Hughes, dealer in Oldsmobiles and Plymouth cars at Erick, Okla. They drove out several new cars from the factory. Mr. Nash and party visited Windsor, Ontario, Canada and many points of interest on the tour. The Wheeler Auto Supply & Electric Co. is local representatives for these cars.

PUTTING UNEMPLOYED TO WORK

According to Secretary of Commerce Roper he is projecting a plan to put 4,000,000 men back to work in private employment. Details of his plan have not been given out, but at any rate, this is the most encouraging news from a standpoint of recovery that we have had in a long time.

We have been progressing toward that goal very slowly the past few months—the only true road to recovery. There is no doubt that more industrial workers could be used. Operating at full blast and with increased demand, there is no question that it would require many more workers than at the present time. If the government would give industry a little encouragement, it might leap to this all-peak level in a surprisingly short time.

As to whether industry could absorb 4,000,000 unemployed workers is a matter of conjecture, but we have tried many things much less certain than putting the unemployed back into private employment—why not experiment on stimulating industry? We can never reach prosperity with 4,000,000 unemployed on our hands.

ANTI-ACCIDENT CONFERENCE

Ten thousand men and women will mobilize for war on accidents at the Twenty-sixth National Safety Congress and Exposition which will be held from Oct. 11 to 15 in Kansas City, Mo.

Accidents—which killed 111,000 Americans and injured 10 million in 1936—will be given microscopic study. More than 400 speakers will discuss accident prevention in the home, on the farm, on streets and highways, in industry, in schools, in the air and at sea. The meeting will attract accident prevention experts and students from every corner of the United States and a number of foreign countries.

The work that is done at this congress can be of immense potential value, if the public will co-operate. But the best plan in the world can do little if the attitude of public indifference toward the hazards that menace life and property continues. The finest accident prevention program ever devised is relatively useless without enthusiastic public cooperation and support. The most complete surveys of the cause of accidents are valueless if no attention is paid to them. Final public benefit will rest with the public—John Jones' life can't be saved if John Jones is too lazy to help.

Accident prevention is an individual problem. It is up to each of us to take the simple steps that suffice to prevent the bulk of accidents, minor and major, within the home, in business, on the highways or elsewhere. Passing the buck doesn't work.

This coming Safety congress will be the largest and most important ever held. Experts and humanitarians will do everything in their power in the interest of saving us from death and injury, but the final answer must be made by the people.

AGAINST THE SALES TAX

Fortunately, Governor Allred is against the sales tax. Big Business is supporting it in this state because it would take the bee off their backs and put it on that of the consumer.

Calendar of Historical Events

SEPTEMBER	24—Monterrey, Mexico, surrendered to the United States troops. 1846.
	25—Benedict Arnold occupied New York City after attempting to betray his country. 1780.
	26—President Jackson removed the deposits from the U. S. bank. 1833.
	27—S. S. Arango, near the American shore, saved and 336 lives. 1854.
	28—Fatal balloon ascension. St. Louis party drowned in Lake Michigan. 1873.
	29—The Ute massacre in Colorado occurred. 1879.
	30—Smokers at Lawrence, Mass., not during twenty-four hour strike. 1912.

Since the consumer pays the bill, anyhow, if the business man can pass it on to the consumer before he (the business man) goes broke, we are not so much interested in that angle.

It is the angle of waste, of state's nosing into personal and private business affairs, of snoopers and inspectors traipsing over the country stopping you and me from attending to business to give him a report, proving that the state has not been cheated out of eleven cents or whatever amount it may be. And of administrative cost, too. Enforcement of the gasoline tax law is an example of how this kind of sum mounts.

Texas, we hope, is against the sales tax. Other states which had to adopt some means of getting funds with which to pay their bills in the depression, are growing restive under this tax.—Floyd County Hesperian.

COTTON AND THE TARIFF

Those who have their doubts as to the ultimate good of the federal loans may be wrong, but they can cite some impressive figures to give weight to their misgivings, the Wichita Times observed recently.

Prof. James E. Boyle of Cornell, writing in the New York Times, points out that when the federal farm board started, in 1929, to do something for cotton, that commodity was selling at 18 cents a pound; it has not been that high since then, and has been as low as 5 cents. In the 8-year period, the professor shows, world consumption of cotton has increased 7,000,000 bales, but American exports of cotton have declined 2,500,000 bales.

Professor Boyle believes that the Smoot-Hawley tariff is the real cause of the cotton's troubles; that it largely destroyed this country's markets abroad because other countries, barred from selling to this country, ceased to look to this country as a place to buy; cotton has been the chief sufferer, he believes. Repeal of the tariff, he suggests, would do more for the South than all the loans and subsidies a benevolent government could offer.

The best that can be said for the cotton loan plan is that it may be of some temporary benefit, the Times says. We cannot hope, in the light of experiences since 1929, that such a plan has much value as a permanent policy.—Memphis Democrat.

American Boy Has New Football Game

In the early fall issues of THE AMERICAN BOY there'll be presented the story of a new game—six-man football—fast as professional football, wide open as basketball, thrilling as hockey!

The game came to life through the need of small schools for some substitute for 11-man football, which was too expensive. Stephen Epler, a Nebraska graduate student in athletics, developed the game of six-man football to meet this need. In six-man football anybody can score, the possibility of injury from mass plays is minimized, and the game is open enough for spectators to follow every exciting development.

The new game is a hit. New schools are taking it up every day. In coming issues THE AMERICAN BOY tells the world about this practical new game. In addition, it presents The American Boy Official Handbook, which can be obtained from the magazine at 20 cents a copy, or 15 cents when bought in bulk.

NOTE: Subscription prices of THE AMERICAN BOY will be raised in the near future. Send your subscription order at once to take advantage of the bargain rates now in effect: one year at \$1.00 or three years at \$2.00. Foreign subscriptions 50c a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. On newstands the price is 15c a copy.

CHRISTIAN SONSHIP
Lesson Text: 1 Jno. 3:1-6; 18-24.
Golden Text: John 1:12
Devotional Reading: John 15:1-8.

An Angle of Approach
Christian Sonship—"And now are we children of God!" What a blessed opportunity we now have in this lesson of discovering what God has taught us to our relationship through faith in Christ Jesus to the heavenly Father. We should ascertain what the foundation of our claim to the promises of God is.

In these days of chaos and confusion in every phase of life, politically, economically, socially and religiously, though there be no way to clarify the issues and simplify the problems on these things, surely we are not left in the dark by our Lord and Saviour about the salvation of the soul and that divine nature now for us in this life. God's word is a word of revelation about these very things and it is one of the strongest assurances for the believer that He will receive us as children. Has God's children of old forsaken Him, then He has opened a way that He may have children by adoption, through faith in Jesus Christ (Jno. 1:11-13; Rom 8:14-17).

THE HEART OF THE LESSON

Introduction
In the world men expect better and greater things of their boys and girls who have fathers and mothers and homes of the highest ideals. These are backgrounds for more noble and beautiful things. They are the starting points of honorable lives in service and accomplishments.

Just so it is with the Christian. His Father is God, the maker of all things, the giver of life and beauty and honor and glory. What a wonderful background for believers! The starting point for the Christian is when he was born of God (Jno. 1-13). In that home and in the great family circle of our heavenly Father the believer has advantages and privileges over any and all who are not in that divine relationship with God.

And this is no metaphor, no figure of speech of any kind. It is the statement of an actual fact and of a real thing.

The Golden Text

All men are indeed created equal. But that fact does not make all men children of God. There are only some of God creatures who have the right to become children of God. These are the ones who receive Him as their Father. And who are they?

I have heard men speak of the "fatherhood of God and the brotherhood of man" as though all men were children of God and, therefore, all men were brothers. But this is not true. Christ himself denied it in John 8:41-44. And how do men receive God as their Father? Our scripture tells us that it is by faith—"even . . . them that believe on His (Christ's) name."

In the thirteenth verse Jesus declares that this "Fatherhood" of God is not based on a fleshly birth; it did not come about by the will or purpose (or accident), of any fleshly relationship of man ("by blood"); but "of God." Jesus in John 1:13 called it a "new birth," "born again . . . from heaven." Born a second time. This is the reason John was directed by the Holy Spirit to say, "Now are we children of God."

What Manner of Love

How God must love us to give a vile sinner like me such a place in His great home! Me, a child of God! Yes, even me. Such is the assurance He has given even me. What love! And this is called "the love of God."

Be Like Him
It is the good pleasure of the Father that we should become like His "Elder Son," the Lord Jesus Christ. Like Him—pure at heart, clean of hands, purity of minds, "Spotless," "without wrinkle," "whiter than snow."

Suppose that little three-year-old son of his dad had given up in great despair because he was not big and noble and powerful and wonderful as his father, and had concluded that he would not try another day, but would henceforth associate himself with the pigs and pups to be as one of them! No, that father of the flesh would not stand for that, he would show his little son that it will take time. He must grow big and he must learn to be noble and he must exercise to become powerful.

The world scoffs at the Christian and affirms that he is no different than others. This is because they do not know Christ; how then can they know the Christian? The mere professor, however, has no claim to sonship with God. He can never be other than one of the world. Even that good and noble and very religious man, Nicodemus, must forego the joy and assurance of sonship with God until he is "born from heaven."

But it is the Father's aim that ultimately His children are to be like Him. By His grace He will work His wonders in us now as we walk this earthly life and chisel in us, day by day, the image of His Son. Then, at the close of this life, we may leap the distance left, into the perfection of Christ.

Specify PLYMOUTH RED TOP Twine!

RED TOP PLYMOUTH TWINE in the 600-foot grade represents the greatest value for you to use in the 1937 harvest. We suggest if you have not already done so, that you specify Plymouth Red Top when purchasing your twine. This is a superior grade of twine and on the basis of its cost per foot will save you extra money and give you complete harvest satisfaction. Spun full 600 feet to the pound, it is truly superior quality. With it you can operate your binder through to the completion of harvest without time lost and missed bundles.

Sixth Grade

We have seven new magazines and four new maps for our library. We have a new map and thermometer. The sixth and seventh grades had a picnic on Gageby on Wednesday night. Every one had a very good time.

Our Colle

Several students of our school are finishing their college. Harriet Alice M. is going to Wayland. Grady Dodd finishes his college at Texas Tech. and Bernard Wilson is going to Texas Tech. Canyon are both majoring in home economics.

Mary Margaret is going to Texas Tech. and Bernard Wilson is going to Texas Tech. Canyon are both majoring in home economics. Tamsy V. Riley is going to Texas Tech. just what she plans to do has a chance to get in. These are the ambitious ones who want to do something for themselves. We wish in whatever they try.

Gossip from the L

Some girl, so and phoned Glenn Fields to the picnic Monday. Who was she? Was date? Ask Glenn for some of the junior and their sponsors were "finger-method" eaters at the dove night.

Did you say the class was hard on to judge for yourselves. fourth teacher this year only temporary.

Perhaps you have hearing for our late Teacher-Coach-Senior. Have you seen the boy at school? Sure! Has been here about to come to you, L. T. Ro

The new walks up. Some seem to be worried about the "trough" in school building. I'm all heard what WP. We all see how approach "Around" is.

Don't be alarmed; class is not "teched" just saying Chauce. Please don't think they when they wish Cha before he went on a Canterbury.

Home Econ

The seventh grade home economics this year prepared three breakfast tables. We have prepared of toast, cinnamon toast, milk toast, drink our six weeks today. We all like home and hope we can improve.

The seventh grade training class is making the school such a link stands and book case have enjoyed their class very much.

Seventh Grade

The sixth and seventh grades had a picnic on Wednesday night. We had plenty of melons, weinies, pickles and bread. Enjoyable time. Everyone came to school morning with muddy shoes.

Darrell Atherton from 4-H club has been out and has been elected the 4-H club boys county to take a trip. They leave next week.

Did You Know

Terry was seen in writing "Dear Ruby?" Warren is full of war. Mr. Scott would like Algebra I class to list every day?
Zell Woods visited day?
It is very hard to history class quiet? everyone wants to attention.
A party was enjoyed

BRISCOE BRONCO

(News prepared for The Times by staff members of the Briscoe schools).

Sixth Grade News

We have seven new Red Cross magazines and four Texas Almanacs for our library. We also have one new map and thermometer. The sixth and seventh grades had a picnic on Gageby creek last Wednesday night. Everyone reported a very good time.

Our Collegians

Several students of Briscoe high are finishing their education in college. Harriet Alice Meadows finished high school here in 1935. She is now going to Wayland college, Plainview.

Mary Margaret McCarroll is majoring in home economics at C. I. A., Denton. Fay Wilson and Joy Bill Riley, both going to Canyon, plan to be home economics teachers, too.

Grady Dodd finished recently and is going to Texas Tech, Lubbock. He and Bernard Wilson who is going to Canyon are both majoring in agriculture.

Tamsey V. Riley is going to Canyon, also. She does not seem to know just what she plans to be, unless she has a chance to get married.

These are the ambitious ones who want to do something better with themselves. We wish them success in whatever they try to do.

Gossip from the Long Tongue

Some girl, so and so told me, phoned Glenn Fields before he went to the picnic Monday night, Sept. 20. Who was she? Was she making a date? Ask Glenn for particulars.

Some of the juniors and seniors and their sponsors went back to the "finger-method" eating beans and taters at the dove roast Monday night.

Did you say the Texas history class was hard on teachers? Well, judge for yourselves. They have the fourth teacher this year, and she is only temporary.

Perhaps you have heard the weeping for our late Texas History Teacher-Coach-Senior Roach.

Have you seen the new freshman boy at school? Surely you have. He has been here about two weeks. Welcome to you, L. T. Robinson.

The new walks surely are nice. Some seem to be worrying, however, about the "trough" in front of the school building. I'm sure you have all heard what WPA stands for. We all see how appropriate "We Piddle Around" is.

Don't be alarmed; the English IV class is not "teched" in the head—just saying Chaucer or Saucer. Please don't think them hard hearted when they wish Chaucer had died before he went on a pilgrimage to Canterbury.

Home Economics

The seventh grade girls are taking home economics this year. We have prepared three breakfasts. We have studied dish washing and setting the table. We have prepared four kinds of toast, cinnamon toast, French toast, milk toast, dry toast. We took our six weeks test last Thursday. We all like home economics and hope we can improve our work.

The seventh grade boys manual training class is making projects for the school such as writing tables, ink stands and book cases. The boys have enjoyed their manual training class very much.

Seventh Grade News

The sixth and seventh grades had a picnic on the creek Wednesday night. We had plenty of watermelons, weinies, marshmallows, pickles and bread. Everyone had an enjoyable time. We wonder why everyone came to school the next morning with muddy shoes.

Weather Forecast

Ela Sweetman—below zero. Eva Glenn Wood—freezing. Eugene Matthews—stormy. Edris Morrow—calm. Lanois Aderholt—unsettled. Modene Wilson—sultry. Delma Lee Satterfield—fair. Juanelle McAdams—mild. Ruth Boren—pleasant. Dorothy Nell Self—hot. Bob Puryear—sandy. Leo Woods—clear. Darrell Atherton—thunder shower. Tunis Morrow—cold. Kenneth Greenhouse—rainy. C. T. Dalton—windy.

Darrell Atherton from the Briscoe 4-H club has been studying entomology and has been elected as one of the 4-H club boys from Wheeler county to take a trip to A. & M. college. They leave next Friday.

Did You Know That—

Terry was seen in English I class writing "Dear Ruby?" Warren is full of wisecracks? Mr. Scott would like to send his Algebra I class to the study hall every day? Zell Woods visited school Thursday?

It is very hard to keep the Texas history class quiet? It seems that everyone wants to answer every question.

A party was enjoyed at the home

of Canna Fae Newman Thursday night?

The English IV class can't read old English very well?

Some people can't tell Miss Stubbs from a school child?

Madell Young, Hannah Faye Riley and Zell Woods spent the night with Syble Jo Cook Thursday night?

Sophomores Nicknames and Ambitions

Betty Riley, Bett; to be a poet. Ruby Boren, Rub; to go kodaking with Canadian boys on Sunday.

Exie Francis, Tillie; to learn how to attract Sandy's attention.

Oleta Dickinson, Shorty or Red; to go to Wheeler.

Syble Jo Cook, Saddling Jo; to go to Mobeetie, and become an air hostess.

Madell Young, Blondie; to own a green house.

Burshey Bea McCraw, Boots; to improve on letter writing.

Hannah Fae Riley, Punk; to become a forward like Miss Stubbs.

Cliffirene Sivage, Cliff; to be a home economics teacher like Miss Coney.

Terry Olen Walker, jr. G-Man; to see a certain Kelson girl on Sunday night.

Ray Sanford, Sandy; to be an artist.

Leon Ramsey, Big, Bad Bob of Briscoe; to grow.

Alvin Hetley, Fat; to "patch it up" with a black-haired girl.

Alvis Hetley, Nig; to protect his "Nig specials."

Paul Simpson, Polly; to receive a phone call from a blond girl.

Dale Wilson, Chubby; to acquire an appetite.

Armand Clepper, Bally; to drop algebra II.

John Cook, Killer Kook; to learn how to fight.

(Intended for last week)

Coach Leaves

Mr. Roach, coach for a few days, has accepted a position in Wheeler high school. He will teach manual training and coach some. Mrs. R. William Brown is substituting until a teacher is secured for the place.

Dove Roast

With the opening of dove season came an idea for a picnic. For three or four days guns boomed and doves died. The doves were kept on ice. Monday night the juniors and seniors and their guests went to Gageby creek and roasted the birds. Beans, tomatoes, pickles, slaw and bread were served with the birds.

Guests present were Mr. and Mrs. Swinburn, Mr. Evans, Miss Stubbs, Mr. Scott, Mr. and Mrs. McNeil, Mr. Roach, Miss Wiseman, Miss Hubbard, Mrs. Roy Waters, Mrs. Wheeler, Mr. and Mrs. Barry, Mr. and Mrs. Candler and Imogene Hogue.

The Methodist Church

"The Bible is the Word of Life. I beg that you read it and find this out for yourself; read it not in little snatches here and there, but long passages that will really be the road to the heart of it. You will find it full, not only of real men and women, but of things you have wondered about and have been troubled about all your life as men have always been."

"And the more you read the more it will become plain to you what things are worthwhile and what are not, what things make men happy; loyalty, right dealing, speaking the truth, readiness to give everything for what they think their duty—and most of all, the wish that they may have the approval of the Christ, who gave everything for them."—Woodrow Wilson, July 23, 1917.

Church school at 9:45 a. m. for the study of the Bible and questions it solves today. At 11, communion service. Leagues at 7 and evening song service at 7:30. The women meet each Monday at 2:30 p. m. Mid-week services at 7:30 p. m. Wednesday and choir practice Thursday night at 7:45 this week.

A Christian Should Live in the Eighth Chapter, and Not the Seventh Chapter of Romans.

C. C. M. The seventh chapter of Romans has its place in our lives, but that place is only for the purpose of showing us how frail we are when alone we strive to live just such a life as will glorify God. Yes, a Christian should be courageous and strong. He is admonished in Eph. 6:13-18 to take a firm stand against all evil; to do every possible thing to stand in a victorious life.

But the Holy Spirit does not forget to say, "Be strong in the Lord and in the strength of his might." This is the thing we overlook too often. By far too many of us have

taken out a homestead in the seventh Chapter of Romans. We persist in the desire to fight our own battles and in our own wisdom and strength. There is defeat and no victory in that chapter. It is cloudy and tempestuous. It has an unhealthy climate. Its soil is unfruitful, except to show how barren we are, and how frail.

A Southern officer, it is said, limped through a long life with the title of Colonel, and just before he died he discovered that at the close of the Civil War he had been made a Brigadier General! Have you been limping through the seventh chapter of Romans? Well then, read the eighth chapter and learn now that God has advanced you unto a state far beyond that of the seventh chapter.

Do not be like that poverty-stricken traveler on an Atlantic steamer who ate his meals out of a shoe box all the way across the ocean before learning that his ticket included the splendid meals from the liner's kitchen!

Do you desire to live a happy victorious life? Then, if you are a person saved by grace and redeemed by the blood of Christ through faith, read the eighth chapter of Romans once each day for 30 days and it will transform your life. If you are not a saved sinner, then read the first seven chapters a few times. This should lead you to exclaim with Paul, "O, wretched man that I am!" and will lead you to see the need of Christ, your deliverer. Then, go to the eighth chapter.

Next Sunday, the Lord willing, I shall strive to be a help to those who are present, along those lines that will lead us all to appreciate the blessed privileges we have in our Lord Jesus Christ.

Mrs. H. E. Tolliver and children, Gordon, Elmer and Wanda, and Mrs. Clarence Robison motored Saturday to Lubbock and visited Mr. Tolliver and Mr. Robison and son, Guy. They were accompanied home Sunday evening by Junior Jamison, who will remain at home with his mother, Mrs. Vera Jamison.

Harvest Needs Are Here!

Cotton Sacks

For cotton pickers we offer high grade sacks made of heavy white duck that will stand lots of punishment. These sacks come in 7½, 9, 10½ and 12 foot lengths.

Knee Pads

For protection and comfort wear knee pads when picking cotton. But be sure they are made of good leather, with correct padding that will stay in place. Get them here.

McCormick Row Binders

Harvest time is a busy season, when delay while waiting for repairs may mean heavy loss. Avoid that difficulty by getting McCormick Row Binder repairs here in advance, if possible; but if breakage or wear requires replacement while at work, fully 90 per cent of such parts can be instantly supplied right from our large stock of repairs. Let us serve you.

Cotton Scales

Strong, well-made scales built for long service and accurate performance can be bought at this store. They come in several different standard makes, in 200 and 300-lb. capacity.

Binder Twine

When you go into the field to bind feedstuffs, you want twine that will give uniform results and the very minimum of delay. These qualities are found in McCormick-Deering and Prima twine—sold here.

Z. T. Derring of Twitty was in Wheeler Tuesday, attending to business.

Mrs. Jimmy Mitchener came home last Thursday from Stephenville, where she spent 10 days with her step-brother, John Hampton, and family. She also visited at the Bill Stephens home, with old friends.

Mr. and Mrs. C. G. Miller and children, Bill and Beatrice, spent the week end in Elk City, Okla., at the home of the former's mother, Mrs. H. E. Miller and visited her niece, Mrs. M. L. Evans and daughter, Mrs. Geneva Newburn of Tulsa, Okla., who were spending the week there.

Mr. and Mrs. A. R. Meek were Wednesday night guests of their son and wife, Mr. and Mrs. Aaron Meek, at Pampa. The Meeks motored to Bovina Thursday night after spending the day in Amarillo at the Tri-State fair, and visited until Sunday afternoon with their daughter and husband, Mr. and Mrs. Geo. F. Trimble, and children, George Harold and Lois Marie.

Movie Chatter

Bar Z Badmen
When Johnny Mack Brown, foreman of the Bar Z Ranch, comes to the Rogue Friday and Saturday westerns will get a real treat. You will thrill with Johnny as he rides the ranch of a gang of badmen, and brings law and order to the country. The title of the picture is Bar Z Badmen, and it is just the kind of western picture you will want to see. Also, two one reel comedies will be shown.

Pick a Star
You saw Patsy Kelly and Lyda Roberts in Nobody's Baby. You admit it was truly a funny show. And now we bring you for Prevue, Sunday and Monday the same two stars plus Jack Haley and Laurel & Hardy in a picture called "Pick a Star." It will be one more grand riot of fun and foolishness. It is made by Hal Roach, the man who makes Our Gang comedies. Roach also made Nobody's Baby and General Spanky. Then, too, there will be the first issue of the March of Time which is the only two reel news feature on the market. This alone will be worth the price of admission.

Between Two Women
The last appearance of Franchot Tone at the Rogue was in They Gave Him a Gun, with Spencer Tracy and Gladys George. For Wednesday and Thursday, Oct. 6-7 he will be here in "Between Two Women," with Virginia Bruce and Maurine O'Sullivan. This is one of those surprise package pictures. You will like it and also the two reel technicolor comedy which is being shown with it.

Davis Items

(By Mrs. Zura Bullock)

Rev. A. D. Worley preached at Davis Sunday. He was accompanied by Mrs. Worley.

Mr. and Mrs. Arthur Worley of Shamrock were Sunday visitors at Davis.

Mr. and Mrs. E. J. Cooper and family were week end visitors of relatives near Vernon.

School closed Friday. The teachers, Mrs. McBee and Mrs. Lollar, gave the children a weiner and marshmallow roast at the Hutto grove.

Mrs. Harrell Mixon and sons, Arthur and Keith, are visiting her mother, Mrs. Arthur Wooten, and family near Hammon, Okla.

Mr. and Mrs. A. C. Shinn and daughters, Irene and Genie Bess, were Sunday visitors of Mr. and Mrs. Bud Sanderson.

Mrs. Mabel McBee returned to her home near Elk City, Okla., Saturday. Merle Kuykendall was a Wednesday night visitor of Evelyn Bullock.

Erick visitors from the community Saturday were Mr. and Mrs. Walter Merrick, W. J. Bass and children and Mrs. Janie Shinn.

Jane Kenney was a Sunday guest of Janie Gordon.

Cotton picking is getting in full

swing this week in the community. Some have out two or three bales already.

Mr. and Mrs. Bee Loftis of Texola were business visitors in the community Sunday.

Mr. and Mrs. Burrell have moved back to the farm near Center to gather their crop. Friends are sorry to lose them even for so short a time as it will take to harvest their crop and will be glad when the time for them to move back comes.

Mr. and Mrs. Walt Anderson and baby daughter have moved back to Davis. They are working for Gus Krug.

Corn Valley News

(By Times Correspondent)

Mrs. Morris Boone and little daughter, Aline, of Pampa visited in the E. E. Farmer home last week.

Miss Joyce Bailey, formerly of this community, was married Wednesday of last week to Carl Blom of Skelleytown. After several days spent with friends and relatives in Wheeler county, the happy couple left for Minnesota, where they will make their home. Their many friends wish for them a very happy married life.

Visitors in the E. E. Farmer home Sunday were Pauline Hayes, Ruth Robertson, Mr. and Mrs. E. A. Deering and Ernest Ruth, Mr. and Mrs. Foy Farmer, Mr. and Mrs. Cecil Childers and children of Pampa and Inez Hunter.

Mrs. L. L. Sides and children spent Sunday with Mr. and Mrs. Ebb Farmer.

Mr. and Mrs. Delton Sanders visited her parents, Mr. and Mrs. J. L. Bailey, this week.

Rev. Bond of McLean was a caller in the community Thursday.

Mr. and Mrs. Grant Beck and children spent Sunday with Mr. and Mrs. D. G. Sims.

Rev. Duke will conduct services Sunday morning at 11 o'clock at the schoolhouse. Everyone is urged to attend.

Kelton News

(By Rena Johnson)

HOW TO TAKE THE WORK OUT OF HOME WORK

THOUSANDS of school children no longer dread homework. They make better marks, and have fun doing it. These are the students WHO TYPE-WRITE their themes, reports, articles and other assignments.

The Remington Portable, Model 1, has become a great favorite for homework. Young people like its smooth, swift action . . . they like it particularly because its sturdy construction "can take it" year after year.

The older folks too, know that the Remington Model 1 makes light work of writing. Letters, reports, menus, orders, memoranda, fruit jar and bottle labels, etc., can be turned out "in no time" on this typewriter and they always have a neat, orderly appearance.

- 10¢ A DAY
- FEATURES OF REMINGTON PORTABLE MODEL 1
1. Sturdy frame finished in rich black with chromium plated attachments.
 2. Standard four-row keyboard.
 3. Double shift keys and shift lock.
 4. Adjustable margin stops and margin release.
 5. Back spacer and triple line spacer.
 6. Folding carriage return lever.
 7. Neat carrying case.
 8. Special touch method typing course.

THE EASIEST WAY TO GET A TYPEWRITER—Write or telephone me today. I will come right to your home. Give free demonstrations. No obligations to you. You will see what you get BEFORE you spend a cent. You get the SAME modern typewriters, at the SAME low prices, as you would get at the factory. Liberal allowance on your old machine.

D. A. HUNT, Manager

Group 11—President, Andy Rouse; Vice President, Mary Louise; Secretary, Ed Riley and daughter Mary Louise; Treasurer, J. N. and W. M. Tucker; Editor, Edgar Lester and family; La Opal Tyson Shelton helped carry the line. The pep squad furnished a colorful parade at the hall. Most of the band consisted of girls and a good exhibition of marching was presented.

Officials were: Curry, head lines; Dan Barber, referee; Daniels, umpire; Duncanson and Jones, timekeepers; Ed and Mrs. T. J. Shinn, scorers.

There were 18 players present. They are going to work out two days a week until further arrangements are made.

for the coming season's senior girls' basketball team. M. D. Blankinship, the coach, called a meeting of the players Monday, Sept. 20.

There were 18 players present. They are going to work out two days a week until further arrangements are made.

for entertained the Miami Eastern Star chapter Tuesday night. They asked the church club girls to sing for them after their meeting.

The nine girls who sang were as follows: Ina Zell, Eunice Mae Dyson, Valerie Dyson, Alice Lippold, Delora Ferguson, Ruth Burch, Theresa Godwin and Helen Dyson.

We also have stores using other fuels.

Remember, we sell RCA Victor Farm Radios.

Nathan M. Hunt
MOBETTIE TEXAS

The fifth, sixth and the seventh grade girls have organized baseball teams. Helen Ruth Carlton and Dorothy Lee Watson were chosen captains. Mrs. Allen I. Smith and Mrs. G. O. McCrohan are their sponsors.

"PURINA," "BUGLE CALL RAG" ARE BAND'S TWO NEW PIECES
"Purina" and "Bugle Call Rag" are two new popular pieces of music received recently by the Wheeler band. J. W. Lammus, director says he intends for the band to play these numbers at the football game tomorrow (Friday) night.

Some are wise, others just look wise. May our eyes be no keener when we look upon the faults of others than when we survey our own. It takes courage to live—courage and strength and hope and humor. The reason why men do not achieve more is because they do not attempt more. Have a good word for everyone.

WHEELER LADS MAKE FIRST PAGE
Two Wheeler lads made the front-page picture section of the Amarillo Daily News last Friday. Lewis Craig and Chester Anglin, banner carriers for the band, were featured among the day's visitors at the fair.

Clara Gene Dill visited school Friday afternoon. Miss Lois Kirby visited her parents and friends in McLean Sunday. Claudia Strison spent the week end in Shamrock. Amos Page went home over the week end.

H. E. Young visited school Friday afternoon. Evelyn LaFon visited in Pampa and Mangum, Okla., over the week end. Elva Belle Crouch spent the week end with Helen June George. Marjorie Smith was in Shamrock Saturday night and Sunday. Mrs. Braton stopped in Shamrock Saturday.

Assistant coach kept several of the girls entertained with his sleight-of-hand tricks coming home. The civics class has lots of fun electing presidents, etc. (Don't let it leak out, but there are a few crooked politicians in that particular room.)

R. J. Puckett looks "oh so very" smart in a purple shirt and a white sleeveless sweater. Jaco's two-tone twin sweater set in wine and grey is also very chic. Jerry Lewis is sporting a boy's class ring. So far, information as to the who, where and why concerning it has not been obtained. This week's battle cry is "Clean-up On Clarendon, Mustangs."

Let us see if we can be a little quieter while we eat our lunch. There are a few students who want to study during the three periods assigned for eating. You may not want to get a lesson at these hours, but be considerate of the students who do. If you disturb the study halls or class room, it may cause a student to fail a credit that he needs to be graduated. The teacher will not pass the student if he did not have his lesson. It would be your fault because you bothered him. If you have a lunch sack to put in the waste basket do not go in a room

1937

Mustangs We Are for You Let's Go!

The 1937 football season for Wheeler High School on the home grounds opens tomorrow (Friday) night, Oct. 1, when Clarendon's Bronchos meet the Mustangs under the floodlights on Wheeler's Athletic Field. With good prospects for a highly interesting season before the Mustangs, the undersigned firms and individuals assert their faith in the team and wish for it a record of victories. We pledge our encouragement, assistance and co-operation, and ask that citizens of town and community join with us in enthusiastically supporting our football team and other worthy activities of the Wheeler Schools.

Mr. and Mrs. B. T. Rucker went to Magic City Monday evening and attended a meeting of the Parent-Teachers association. Mr. Rucker was one of the main speakers on the program.

SUGGESTIONS ON BUILDING DAM FOR POND RESERVOIR

By W. B. HOOSER, Asst. County Agent, Wheeler County

In selecting the logical location for a pond, one should consider the distance to the nearest fences and the distance to other watering places. The cow should never have to walk over a mile and a quarter to water.

In locating the dam site, one should consider the following: the proper ratio of the storage capacity to the volume of the fill, the proper ratio of the contributing water area to the storage capacity of the pond, the foundation of the dam, spillway possibility, possibilities of utilization of the spillway discharge, the probability of sedimentation, probability of flood hazards, the danger of subsequent gulling from down the stream, and the slope of the dam up-stream and down-stream.

Conservatively speaking, 20 acres of contributing water area will contribute one acre foot of water (water enough to cover one acre of land one foot deep). Soundings should be made with an auger on both sides of the banks. The base or foundation of the dam should have a clay or caliche subsoil. In taking these soundings if one finds sand, gravel or any erosive soil, the location is undesirable for a dam. The water will seep through the sand and will

not stay in the pond with a sand base.

In building the spillway, a clay subsoil is desirable for the base. One should consider ease of protecting the spillway, and use soil suitable for resodding the spillway. If possible, spread the spillway discharge over the pasture to increase the growth of grass. One should allow for the probability of sedimentation of the dam and filling the pond up. There is always a probability of flood hazard by the dam breaking and danger of subsequent gulling from down stream. The up-stream slope part of the dam should be three to one and the down-stream slope should be two to one. Next is to take a cross-section of dam site and figure the number of cubic yards required to build the dam. Map the pondage area or storage capacity, design the fill, figure the volume of fill, and design the spillway.

Anyone wishing to build a dam, please consult the county agent or assistant county agent.

Mobeetie High School Paper

Hornets Lose First Conference Game to Memphis Cyclones

Cyclones Won Victory in the Last Quarter—Hornets Declared a Scrapy Bunch

The scrappy Mobeetie Hornets showed a great deal of improvement in the game against the Memphis Cyclones, Friday, Sept. 17.

The first three quarters ended scoreless. But the Cyclones whirled in to victory in the last quarter. The Cyclones blocked four of the Hornets' kicks deep down in their own territory two of which the Cyclones ran for touchdowns. Hall, fullback for the Cyclones, ran the first touchdown in the first of the last quarter, but the kick for the extra point was blocked by Mixon, captain of the Hornets.

In the last of the fourth quarter another touchdown was made by Pounds, quarterback for the Cyclones, from the results of another blocked kick of the Hornets deep in their own territory. The kick for the free point went wide of the goal.

The game furnished spectators a thrill throughout the last quarter. The Cyclones are passer for two years, and their greater dependence was charged by the Hornets through out the game. One interception was made by Gribble Owens, center for the Hornets.

Officials of the game said the Hornets had one of the best scrapy ball clubs in the conference.

The starting lineup for the Hornets was:

- L. E.—Clyde Pugh
- R. E.—Ralph Sims
- R. T.—Willis Red
- L. T.—Olaf Savage
- L. G.—Wilton Sims
- R. G.—Leon Barton
- C.—Gribble Owens
- Q. B.—Horace Gordon
- L. H.—J. T. Red
- R. H.—Charles Mixon
- F. B.—Edd Johnson

Thurman Creekmore was substituted for Pugh on the left end.

SEVENTH GRADE ORGANIZES CLUBS IN ENGLISH CLASS

Under direction of Mr. Plaster, the principal, the seventh grade organized clubs in their English class. Later they are to organize the class as a whole. They are now divided into the following three groups:

Group I—President, Orvel Ferguson; vice president, Janoise Ridgway; helpers, Juanita B. and Wilma Lester; name, English club; date of program, Thursday, Sept. 30.

Group II—President, Mary Kathryn Miller; vice president, Zana Mae Pugh; helpers, Doris K. and Dinzel Leonard; name, Home Room club; date of program, pending.

Group III—President, Art Ridgway; vice president, H. T. Reed; helpers, Geraldine S. and Aubrey Brewer; name, Public Speaking club; date of program, pending.

SCHOOL CALENDAR

- Oct. 5-6-7—Six Weeks Exams.
- Oct. 30—Halloween Carnival.
- Nov. 16-17-18—Six Weeks Exams.
- Dec. 20-27—Christmas Week.
- Jan. 4-5-6—Mid-Term Exams.
- Jan. 7-8—Basketball Tournament.
- Feb. 15-16-17—Six Weeks Exams.
- March 29-30-31—Six Weeks Exams.
- May 8—Baccalaureate.
- May 10-11-12—Final Exams.
- May 12—Commencement.
- May 13—School Closes.

SCHOOL MAELS OUT COPIES OF OUTLOOK

The school regrets that we do not have enough extra copies of the Outlook to put every ex-graduate on our mailing list.

When looking over the last Mrs. Blankinship found that it would be impossible to mail a copy to every one. She suggested that a copy be mailed to each college where Mobeetie graduates are attending.

There are also former teachers of Mobeetie and editors who have requested that they be placed on our mailing list.

JUNIOR CLASS ELECTS AND NAMES FLOWER AND MOTTO

The junior class met to elect officers and select a sponsor, motto and motto officers are: Wilton Sims, president; Ralph Sims, vice president; Ruth Haning, secretary-treasurer; Aileen Lancaster, reporter; Elsie Robinson, chairman social committee, with Thressa Godwin and Edna Sims, helpers.

Miss Cogdell was chosen sponsor. We have the youngest teacher in school.

The motto is: "Pick your peak and climb." Class flower is the rose, and colors are pink and blue.

Mrs. Elvin Zell (Eileen Lancaster), former student of our class, is in the hospital but improving.

EDWIN HOGAN SUFFERING FROM INJURY TO HIS LEG

Edwin Hogan, six-year-old son of Mr. and Mrs. W. C. Hogan, received a leg injury July 3 by falling against a washing machine. He was operated on July 13 and some of the bone of the knee and just below was removed. He is still under the doctor's care, since the injury has not healed.

Picnic on Creek Sunday

People from Hay Hollow, Union and Wheeler enjoyed a picnic Sunday on Whitener's creek. They brought lunches and cooked food on the grounds. Almost everyone went swimming and football was played late in the afternoon by both boys and girls.

Those attending were Mr. and Mrs. Ed Riley and daughter Mary Louise, J. N. and W. M. Tucker, Buster Myers, Horace Blair, Mr. and Mrs. Edgar Lester and family, Ila Opila Eriewetter, Edna, Wilma and Wanda Sims, Mrs. D. O. Benton and Olivia Lorene, Helen, Beal and Rhonda Joyce, Bill Myers and Ralph and Ray Sims.

STAMPS QUARTET COMING IN CONCERT FRIDAY EVE

The Junior Stamps Quartet of Shawnee, Okla., will present a musical concert here on the evening of Oct. 1. The concert will be presented in the grade school auditorium and an admission of 10 and 20 cents will be charged.

The quartet is made up of brothers, the youngest member is only 12 years of age. Those who have had the pleasure of hearing them give them much recommendation. Everyone interested in music will appreciate hearing them.

Hornet Squad Loses to Lefors Pirates

Sustain 47-0 Defeat at Lefors in Spectacular Game Played Friday Night

The Mobeetie Hornets went to Lefors Friday night, Sept. 24, with hopes high and feeling lucky, but they were a changed group when they came back. The Pirates took a 47-0 victory from the contest, marked by many spectacular plays by both teams.

Carruth, quarterback for the Pirates made all the scores for his team and ran many good plays. He carried the ball 97 yards for a touchdown in the third quarter. Gordon was credited with the best run for the Hornets, covering nearly 30 yards. Owens was given credit for the greatest setback, about five yards.

The Hornets kept up their fighting spirit all the way through, even if the odds were against them.

- Starting lineup for Mobeetie was:
- L. E.—Clyde Pugh.
 - R. E.—Thurman Creekmore.
 - L. T.—Willis Red.
 - R. T.—Houston Hooker.
 - L. G.—Leon Barton.
 - R. G.—Wilton Sims.
 - C.—Gribble Owens.
 - QB.—Horace Gordon.
 - L. H.—J. T. Red.
 - R. H.—Charles Mixon.
 - F. B.—Edd Johnson.

"Doubles" Beck and George Gordon were substituted for Owens and J. T. Red, both of whom were injured.

- Starting lineup for Lefors:
- L. E.—J. Fite.
 - R. E.—B. Ellington.
 - L. T.—J. Denton.
 - R. T.—B. Williamson.
 - L. G.—L. Libby.
 - R. G.—E. Atkinson.
 - C.—T. Archie Walker.
 - QB.—Carruth.
 - L. H.—E. Taylor.
 - R. H.—K. Browning.
 - F. B.—J. A. Jackson.

A few substitutions were made. Four out of seven kicks for free points went wide.

Officials were: Curry, head linesman; Barber, referee; Daniels, umpire; Duacan and Jones, timekeepers. Tyson Shelton helped carry the line. The pep squad furnished a colorful parade at the half. Most of the band consisted of girls and a good exhibition of marching was presented.

Flight of School Girl to Marriage

Junior Miss Flees from Geometry and Becomes a Bride in Wheeler Ceremony

Miss Opal Barton, former student of Mobeetie high school and daughter of Mr. and Mrs. J. W. Barton, left the school building at 1:15 on Wednesday afternoon and shortly afterward was married at Wheeler to Wilburn Dixon of Alpena Pass, Ark.

Mrs. Dixon, who was a junior, had attended school at Mobeetie since she was in the fifth grade.

The newly-weds are making their home for the present in Mobeetie.

FIRST HOME EC LABORATORY LESSON PROVES A FAILURE

The cream of tomato soup was well under way. The girls had their white sauce mixed and their tomatoes heating. There was a bustle in the home economics department, for this was the first laboratory lesson. Almost every burner had a pan of something over it cooking.

"Miss Cogdell, come and look at our burner," exclaimed Valrus Dyeann. And when she looked she found the flame was slowly dying. So we tried to turn a valve at the back of the stoves but it was tight we could not budge it. Edna Sims sent for a pair of pliers and returned with a wrench, which succeeded in moving it. But results were unsatisfactory—the gas just would not come through. A search was then started for Mr. McCain, the janitor.

After a wait of about 10 minutes, the janitor came, but he knew nothing about operating the stoves. Oliver Elliott, West Texas Utility man, was away on a business trip, therefore our first laboratory exercise was a failure because the gas, turned off at the end of last semester, had not been turned on again.

Two girls, Ruth Robertson and Letty Mae Shelton, were the only ones who finished their soup.

Lonnie Smith Recovering
Lonnie Smith, son of Mr. and Mrs. L. D. Smith, is recovering from a serious intestinal illness. He was in the sanitarium for a short time.

J. T. Red Injured

In the second quarter of the Lefors game, J. T. Red was brought out with an arm injury. A doctor was called and it was found the wound had been broken. Red was rushed to Pampa and an x-ray picture was made.

He is back in school this week, however doing his best to write left handed.

Pre-Season Basketball Survey

Plans and surveys are being made for the coming season's senior girls' basketball team. M. D. Blankinship, the coach, called a meeting of the players Monday, Sept. 20.

There were 18 players present, seven of whom played last year. They are going to work out two days a week until further arrangements are made.

HELP YOURSELF TO FREEDOM

The student body can keep the faculty from making rules. When asked the viewpoint Mobettie high school students take in regard to these rules they slowly replied, "The most important thing is to use these rules from being made." This is, without a doubt, the soundest advice that could be given.

The question might also be asked, "What may the student body do to prevent the faculty from making rules?" One of the most common causes of the faculty's having to make rules is failure of the students to cooperate.

I think that it is necessary for a student to be late occasionally, while if the faculty has had to make rules the said student is punished. Freedom is here, so take advantage of it while you can or you may be punished and your freedom taken away.

THE FELLOW ACROSS THE AISLE

AISLE

In working with and, for "the fellow across the aisle," do you act so that you can to make him feel that you are interested in his welfare? Do you make him feel that you are one with him and that your interests, are his interests, or do you act in a selfish way?

Do you ever sink so low as to laugh at "the fellow across the aisle?" You should consider the things that may have caused him to make this mistake before you laugh. Maybe it was because he was timid; maybe he did not go to a good school before he came here, or maybe your opportunities are far greater than his. Whatever the cause of his mistake might be, it may be best not to laugh at him.

In your relationship with "the fellow across the aisle," are you kind and ready to help if he needs help, if you have not been thoughtful, try it for awhile. Help him when possible, because you may never know how much good you are doing by helping "the fellow across the aisle."

Geometry Psalm

Mr. Plaster is my geometry teacher; I shall not play. He makes me to sit up during classes; he assigns me hard propositions. He lectures my soul; he tries to teach me postulates and axioms for his job's sake. Yes, though I chat in the hallway, I can not in class, for he watches me; his pen and grade book, they discourage me. Thou preparest a test before me in the presence of my classmates; thou annoimest my head with a brainstorm, and I am afraid I shall take this subject over. Surely dullness and ignorance will not follow me all the days of my life; or I shall dwell in the math class of the school-house for ever.

Q. E. D.

Grade School News

First Grade

The enrollment of the first grade is 37. They are working on a home unit in which they are learning to co-operate and respect the rights of others. In connection with this unit they are building and furnishing a doll house for a family of dolls.

Second Grade News

The pupils of the second grade are working on a unit centered around farm life. The sand table represents a farm home. Each pupil is trying to contribute a piece of work to the unit. One member of our class, Helen Trout, has been ill for the past week. We hope that she will soon be able to return to school.

Third Grade

The third grade is much interested in a unit centered on a roadside vegetable stand which they have constructed in the sand table. They have all kinds of fruit and vegetables for sale and are learning how to buy and sell and make change.

A lively spelling contest is being conducted in the third grade. The boys and girls each have an apple tree to which an apple is added for each perfect spelling paper on Friday. The crop will be harvested at the end of the first six weeks. At present the girls' trees is ahead.

Larue Flanagan, Quinitis Godwin, and Kenneth Shahan went to the circus at Pampa, and the next day they made very interesting reports to their class telling about the things they saw.

Pupils entering Mobettie school for the first time: 1st grade—Virginia Henderson, C. A. and Edna; 2nd—Laveta and Oleta Smart, Doyle Daniels; 3rd—Laveta White, Faye Lea Thompson, Phyllis Blasingame; 5th—J. W. Seitz, Carl Pierce, Connie Pierce, Nadine Henderson.

Fourth Grade News

The fourth grade pupils are interested in an Indian project, which they are working on. They are learning to make Indian pottery. The class is constructing a pueblo village on the sand table, made of adobe, with clay figures and furnishings. Through the means of Indian signs, customs and legends, the pupils are learning to appreciate Indian crafts and they are gaining interesting information.

Pupils entering the Mobettie school for the first time in the fourth grade are: Vera Daniels, Doris White and Clyde Brothers. Pupils who have withdrawn are: Mayo McLaughlin, W. C. Huie, Maxine Huie, Enrollment, 32.

The sixth grade class has received new workbooks and their interest in school is gaining momentum. For the next two weeks they will be constructing various types of maps of Texas.

The grade school is enjoying the nice group of maps Mr. Blankinship sent over from the high school.

L. D. Smith has turned poet with the thought of the on-coming examinations:

Now I lay me down to rest
Before I take tomorrow's test.
If I should die before I wake
Thank God, I'll have no test to take.

Darlene Shahan spent Sunday with Olessa Cress, who came home to spend the week end with her parents. Olessa has been employed in Pampa for several months.

NOTES FROM THE

NOTE WRITERS

I like this school fine, but how I miss Mobettie high school and all my friends there.

IDA LOU WARD

Member of sophomore class last year and now in school at Vinita, Okla.

I get awfully homesick up here and often wish that I were back in Mobettie to play basketball this year. I like business college fine.

LAVENE DWASART

Graduate of 1936-37 class and member of the girls basketball team. She is in Amarillo business college now.

School is just grand. I hope everything goes off there as nicely as it did last year. Please send me the Outlook, I am a little homesick.

ZELMA ELLIOTT

Member of 1936-37 graduating class. Now in school at Lubbock. She is planning on being a home economics teacher.

How is everyone at Mobettie? I see Edt Darr and Mr. Hawkins (Bill Hawkins, former agriculture teacher at Mobettie) quite often. We all like here real well. How about an Outlook?

ARLIE LEE

Member of 1935-36 graduating class and member of girls basketball team. She is also in Texas Tech studying for home economics work.

I think I am going to like it down here just fine. Give my love to the teachers and tell all my friends hello.

MILDRED EUBANKS

A freshman last year in Mobettie high school. She moved to Seymour.

I was glad to get back down here. Please send my credits, for I think I am going to get to go to school here.

CLARENCE KEY

Clarence was a sophomore in 1935-36. He was forced to quit school on account of a foot infection and is now in the hospital for crippled children at Marlin, Texas.

SOPHOMORE NEWS

The sophomores had another class meeting, and elected Coach Meek as our sponsor. We also gave our president the privilege of choosing three students to serve on the social committee. He will be the chairman of this committee. They were Houston Hooker, Delora Ferguson and Va Rue Dyson.

We hope J. F. Hanning will bring his new automobile to school and take the sophomores riding. Although we are sure he would want to include a freshman girl.

We are proud to say that we have several well built football boys in our sophomore class. We all want to really back them, as well as the rest of the team.

Our class is proud to have with us Pauline Hayes, who is from Kansas. We are glad that Mr. Meek stayed with us, instead of leaving Sept. 11 to help sponsor "Roetime." We all guess he preferred to be the sponsor of the sophomore class.

The sophomore's hobby must be yawning. At least it bears like it, because you can't rattle in all check and everyone is holding onto their desks to keep from falling in someone's mouth which is wide open.

SENIOR SCANDALS

It seems that Charles Nixon was in a critical condition Monday morning when he arrived at school. It couldn't have been that he tried to join the pop squad, could it Charles?

We wonder why Polly is taking a post-graduate course. It must be that she couldn't decide whether to go to Austin or Oklahoma City to college.

From what we can see in a round about way, Alma has the California fever.

There was quite an uproar in the senior room last Tuesday, Sept. 14, while we were electing class officers. There were 10 boys and 10 girls in the class. The boys wanted one sponsor and the girls wanted another. Finally the girls won the argument because the president is a boy and could vote only in case of a tie.

The senior class elected the following officers: John Plaster as sponsor; Warren R. Thompson, president; Charles Nixon, vice president; Ishmael Sims, secretary-treasurer; Helen Dyson, reporter; and Horace Gordon, sergeant at arms.

We can gladly say that we are looking forward to a good senior year.

Mrs. George Hunsucker and children of Sunray have been visiting her parents, Mr. and Mrs. G. C. Wright.

HERE AND THERE

Clara Corcoran spent Friday night with Miss Hortense Lester.

Mr. and Mrs. Ariza Corcoran have moved to Pampa.

Mr. and Mrs. W. J. Jeffus and son, Paul are driving a new V-8 Ford.

Mrs. Letha Corcoran spent Tuesday with Mrs. John Corcoran.

Mrs. Betty Hanning and Mrs. J. F. Hanning spent Friday with Mrs. P. P. Corcoran.

Miss Hortense Lester, Evelyn Corcoran and Earl Riley attended the singing convention at Twitty Sunday, Sept. 18.

Ruth Hanning and Clara Corcoran spent Saturday night and Sunday in Clarendon.

Those visiting in the P. P. Corcoran home Sunday were Phil Corcoran and family Dugan Trusty and family of Pampa, Chalmer Keeton and family and Mr. and Mrs. Bill Corcoran.

Ernest Lawrence spent Sunday with W. L. and Glad Mahan.

Mrs. E. T. Copping has been visiting her son, L. T. Jr., and family at Pampa.

Mrs. O. P. Goler and sons, Perry and Clayton have been visiting her mother, Mrs. W. A. Jones, of Throckmorton.

B. R. Lane's sister, Mrs. J. L. Cresswell of Hammond, Okla., visited with him Saturday and Sunday of last week.

Jiggs Leonard, who is working at Pampa, spent Thursday and Friday of last week with his parents, Mr. and Mrs. Bob Leonard of Mobeetie.

Mr. and Mrs. Johnnie Dixon, former residents of Old Mobeetie, have moved to Shamrock.

Bob Sims left last week for Irgam, where he will visit with two of his sisters, Mrs. Gerald Slagle and Mrs. Everett Coleman.

Henry Lane, who is working at Pampa, spent the week end with his parents, Mr. and Mrs. B. R. Lane.

Mrs. A. D. Patterson, better known as "Mother" Patterson, is still in bed from a fall received recently.

Paul and Omer Harvell and Junior Foster of Pampa were in Mobeetie Thursday, Sept. 16.

Doyle Grimes has returned from Colorado where he worked in the mines. He is now working for his uncle, M. D. Ballard, of Corn Valley.

Mrs. Dora Hogan of Miami has been visiting in the home of her son, Cross Hogan, of Mobeetie.

Jim Cross of Stratford, Calif., spent Friday night in the home of Tom Vinson.

Claude Cox and family of Wheeler spent Thursday, Sept. 16, in the Tom Vinson home.

Mrs. M. D. Hamilton and son, Ray of Cordell and Horace Mullindove of Oklahoma City spent Sunday of last week at the L. D. Smith home.

Lillie Mae Gaines was a Sunday evening guest in the T. A. Owens home.

Fred Farmer of the Corn Valley community visited his brother, Foy, who lives in the Mt. Zion community.

Miss Ola Mae Baird and Fern Smith spent Saturday night with Odessa Futch.

Mr. and Mrs. Ernest Moore and family spent Sunday in the home of her parents, Mr. and Mrs. Fate Seitz.

Mrs. Anna Lewis, Mrs. George Phillips and daughter, Oleno, of White Deer, visited in the Jeff Seitz home Sunday.

Miss Juanita Ruff, who is working at Laketown, spent Saturday night with Mrs. C. C. Huff of Mobeetie.

Mrs. W. H. Black and Mrs. Lorene Leigh and daughter of Pampa spent Saturday and Sunday in the E. H. Patton home.

Buster Worthington and family, Mrs. L. W. Love and Peggy Love visited Mrs. Love's daughter and family, Mrs. E. L. Sims of Higgins, last Saturday.

Rev. J. E. Barkham, pastor of the Baptist church of Mobeetie, is helping hold a revival at Higgins.

Dolora Ferguson and Dora Goodnight spent Saturday evening in Pampa, visiting a friend, Eva Tabbs.

MINOR SPORTS

The seventh grade and freshmen boys have a very interesting marble tournament going on out in the rear south of the high school building. Big five is the popular game and W. T. Seitz, Alton Seitz, and Dimsel Leonard are the best shooters, according to the boys. Two games are going with eight players every day at the physical education period.

The other regular players are: J. B. Oswald, Glen Lane, Wayne Sims, Clyde Bonds and Chester Green. Mr. McCain, the junior, is occasional referee for the marble shooters.

Playground ball has been started by the girls of the seventh grade, freshman and sophomore classes. About 30 girls play on the field south of the high school building. This has not organized teams as yet but play occurs very energetically.

Some of the best players are: Mavis May, seventh; Dorothy Bradley, freshman; Wilma Sims, sophomore. The sponsors of this are Miss Knight, Mrs. Blankinship and Miss Cogdell.

Football is the major sport in school, it seems. The seventh grade and freshman boys play every day on the field south of the high school building, at the physical education period. Around 14 boys play, with the onlookers bringing the number up to about 20 boys.

Some of the best players are: Ray Sims, Jack Robinson, Jack Sims and H. T. Reed, all of which are seventh graders. Among the better players of the freshman are: LeRoy Robinson, Howard Compton and Glen Bostick. Mr. Plaster is the sponsor and referee of this game.

THE FISH POND

The freshman class held a meeting Sept. 15 in which to organize and elect officers. Maurita Dunn was acting chairman until officers were elected as follows:

Maurita Dunn, president; Alice Lippold, vice president; W. W. Beck secretary; J. B. Oswald, treasurer; Clara Corcoran and Wilma Nell Hogan, reporters; J. T. Red, sergeant-at-arms; Mrs. Blankinship, sponsor.

Class motto: Forward ever, backward never, class flower, sweet pea; class colors, green and white; social committee, Wanda Sims, Elda Gordon, Peggy Love, Mae and Drummond B. Thomas.

Fred Sims and Doyle Gudge had been absent from school the past week. They are working at Perryton.

Clara Corcoran spent Saturday night at Clarendon.

Maurita Dunn spent the week end with Alice Lippold at Canadian.

Wanda Sims, Mary Ruth Bartram and Clara Corcoran enjoyed a picnic Thursday night at Wilma Robinson's.

REPRESENTATIVES OF STATE DEPARTMENT VISIT SCHOOL

Representatives of the State Department of Education, working in connection with the state-wide educational survey, visited in the office of Supt. M. L. Blankinship, Monday.

Typing Class Ranks High

The commercial department has produced so far the highest ranking typing class in its history. All rank above the average, and one member is already making 27 words a minute.

Miss Scribner attributes this unusual advancement to the fact that most of the students take advantage of the extra time for practice.

Dunn and Thomas Are Rivals

Maurita Dunn and Drummond B. Thomas are still rivals for grades. Both have an average of 98 in English. Last year they sea-sawed for highest grades all year. Finally, Drummond became valedictorian by a small fraction.

This year they seem to be at their old tricks again and are keen rivals for top honors.

Moving Picture Machine Shown

A representative of the LeFry company called on Supt. Blankinship Wednesday and made a demonstration of a moving picture machine. A 20-minute news reel was shown at the Cicero Smith Lumber company. Purpose of the demonstration was to interest the school in buying a machine. Wouldn't we have entertainment if the school could buy a talking picture machine?

Grass E Set Out

Grass has been set out in front of the high school building on each side of the walk, one patch extending back to the flagpole. Weeds have been cut, the ground cleaned off and put in shape for the grass.

Mr. McCain, junior, and Bob St. John, N. Y. A student, did all the work and have toiled faithfully on the job.

If this grass does well, more of it may be set out in the spring; also some trees are to be planted.

HOME ECONOMICS GIRLS ORGANIZE

The home economics girls met Sept. 14 and organized the Home-makers club. All girls who had ever had any home economics work were eligible to join.

The following officers were elected:

President—Helen Dyson.
Vice President—Dolora Ferguson.
Secretary-treasurer—Aileen Lancaster.

Reporter—Elaine Robinson.
Program chairman—Charlene Bailey.

Ten of these girls are planning to go to Samnorwood on Oct. 1, for the first district club meeting of the year.

DO YOU KNOW?

That Mr. Plaster has a new car?
That R. V. Beck is wearing glasses?

That Charles Nixon showed signs last Monday of being in a football game?

That six-weeks tests are only one week away?

That the senior class is being run by a group of boys? Mr. Plaster is the sponsor and all the officers except one are boys. Helen Dyson, reporter, is the only girl.

That Miss Knight's mother from Condon has been visiting her this week?

That Mr. Plaster, high school principal, went to the fair at Amarillo this week end?

That Miss Bonnie Cogdell, home ec. teacher, visited her mother and father in Crowell this week end?

Mobeetie

The Owl Says:

I want to take this space to thank the people for so much interest in this column. I have received so many letters I can't begin to answer them this time. Do not be discouraged now for I shall get them answered in the near future.

It isn't that I do not have time to write, but that the editor allows me just so much space, and I find it is not enough for my letters. So blame the editor.

THE OWL.

Dear Ole Owlsie Paise:

I am so lonely. Can't you help me? I can't sleep at night. Can it be love? I've thought and thought—but alas—no good—she is in Lubbock. Please tell me what I can do about this.

Desperately yours,

COACHEE WOCHEE.

Coachie, Mo Pal:

I have also thought and thought, but I still can't figure out whether it's love or just natural for you to get the way you do. It couldn't be because of worry about your classes because your students are all very historical. It couldn't be because of worry about your football team because they could win over the Sandies if they wanted to (but of course they don't want to); so it must be love. There is nothing I can do about that because love is not fair.

Hoisting yours,
THE OWL.

Dear Wise Ole Bird:

I can't tell whether the letters I receive are from Peggy or W. L. They are both sweet letters and they both end their letters with, "Bushels of Love, Peggy."

With love,

JOHNNY FRANKLIN HANING, JR.

Dear Johnny Franklin Haning Jr.: Since they say, "love is blind" I suppose there is nothing you can do about it.

The figure-outer,
THE OWL.

My Fine Feathered Fowl Friend:

I have a simply stunning new gray hat. It matches my gray suit, and if I do have to say so, it brings out the blue in my eyes. I have a terrible time keeping my hats from being sat on. What can I do to keep my new hat looking nice?

Most of the time hatlessly yours,

SUPT. M. D. BLANKINSHIP

Dear Mr. Blankinship:

I suggest that you start wearing tans. They are not near so easily ruined, and they are less expensive. Really, I think a blue tan would not only look well with your gray suit and blue eyes, but it might also start a new style.

A tam-lover
THE OWL.

Sixth Grade Wins Music Contest

A singing, marching, and music memory contest was held between the fourth, fifth, and sixth grades under the direction of Miss Knight. Several visitors gathered in the grade school auditorium to see the contest. The judges were: Margie Roberts, Aileen Lancaster, Maurita Dunn, Delora Ferguson and Helen Dyson.

The fifth grade won in the marching but the sixth grade won in the other parts. They are coming to high school sometime in the future and have a contest with the seventh grade. The grade that wins in this contest will be treated.

The Teacher's Mental Survey of Classes

General Science

Twenty boys and 13 girls are trying to solve the problems of what makes it rain and what makes the dust blow. Of what makes the airplanes fly and the clouds fall.

These are very distracting for Howard Compton, but Ella Gordon gets along fine.

Art I

Twelve girls and two boys show their artistic ability in trying to compete with nature. They have chosen the tulip, sunflower and the wild thistle as some of their objects. Miss Coggell expects a few artists from this group.

English Classes

Mrs. Blankinship believes her English classes will do. Even though she has a few freshman taking English VIII, and a senior still fixing his fly sheet wrong, she still has hopes of a 100 per cent record in all English classes.

Geometry

We have a new instructor in geometry this year. He is Mr. Plaster and old goodness geometry is hard with all those angles and degrees and straight lines. The geometry classes only hope is that they catch on before Mr. Plaster gets disgusted with us and throws us out.

Junior Business

We are expecting many great business men and women from the 20 students in Mrs. Scribner's junior business class. They have been studying letter writing. It is reported that Mrs. Scribner will have a very good class.

High School Music

Miss Knight's music class really has the a's and ah's of music down well. They tell me that after a little more practice they will be going to apply for a job singing on the radio.

Algebra I

Algebra I has been reported progressing nicely. Mr. Plaster says that they have not learned anything much yet. He says they have been studying equations, how to form, to use, and to apply them.

History Classes

Mr. Meek reports surprising results from his history classes. In seventh grade history the class is exploring America and in American history the French and English are struggling for supremacy. It was rumored that tests and charts were also on the program.

Commercial Geography

Commercial geography is sure sky-high. They have been studying at atmosphere and planets.

Bookkeeping

There are 13 students in bookkeeping class, including one post-graduate. They are studying both bookkeeping and business arithmetic. They have been learning how to keep neat accounts, and of the fundamentals of arithmetic.

Government

In government they are studying the general course of community civics. Some of the topics they have studied had to do with safe driving, Philippine Islands, and some current events. The class is made up of 12 members.

Choral Club Entertain

The Mobette Eastern Star chapter entertained the Miami Eastern Star chapter Tuesday night. They asked the choral club girls to sing for them after their meeting.

The nine girls who sang were as follows: Ina Zell, Eunice Mae Dyson, VaRue Dyson, Alice Lippold, Delora Ferguson, Ruth Baret, Thersa Godwin and Helen Dyson.

SOCIAL CALENDAR

Entertained at Jeff Seitz's

A number of friends gathered in the Jeff Seitz's home Thursday, Sept. 16 and were entertained with interesting games. Some of these were ring games, clap in and clap out, and a public sale of old musks. While Darlene Shahan and Estelle Seitz acted as co-hostesses, Mr. Seitz made a good game director.

Scouts Sponsor Melon Feast

The Girl Scouts entertained the cast in "Rose Time" with a watermelon feast. They gathered at Elliott creek and the bridge served as a table from which the melons were eaten.

Methodist League on Picnic

The young people of the Methodist church and other friends gathered at the Elliot bridge for a picnic Tuesday, Sept. 14. The social hour was made up of active games and a marshmallow and wicker roast.

Newly Weds Charivared

A group of friends of Mr. and Mrs. Will Dixon gathered at their home Saturday evening, Sept. 18. Treats including games, apples and candy were served to everyone present. Although they were not able to get them together long enough for him to roll her in a wheelbarrow every-one reported an enjoyable evening.

Picnic Is Enjoyed

Miss Wilma Robinson gave a picnic Thursday night in honor of Miss Inez Pickett of Wichita Falls. The majority of the guests rode horses back. After playing games, the crowd roasted marshmallows. Those present were: Hortense Lister, Ray and Ralph Sims, Wilma Lester, Clara and Evelyn Corcoran, Earl Riley, Ruth Haming, W. L. Mahan, Edna, Wilma and Wendis Sims, Charles, Nellie, and Mary Ruth Bartram.

Edgar Lester and family, Roy Howard and Wilma, Jack and George Robinson.

Shower Given Mrs. Opal Dixon

A shower was given in the Zell home for Opal Dixon. The shower consisted of a variety of kitchen utensils, dishes and linens. Refreshments of cake and lemonade were served by Mesdames N. M. Geary, Bessie Dixon, Jan Barton, Minnie Nixon, J. C. Zell, Lester Reynolds, Jess Nixon, Dorothy Nixon, J. A. Thompson, Pearl Ferguson and Miss Virginia McCain. Doris Key, Alma Gover, Maxine Patterson, Peggy Love, ValRue Dyson, Juanita Beck, Fannie Jo Nixon, Evelyn Paterson, Delora Ferguson, Dora Goodnight, Zama Mae Pugh, Iweta Patton, Wilma Nell Hogan, Betty Brothers, Aileen Lancaster, Geraldine Sims, Thersa Godwin, the honoree, Mrs. Opal Dixon, and co-hostesses Ina Zell and Mrs. Eileen Zell.

School Visitors

Miss Viola Tubbs of Pampa visited school Tuesday and Wednesday of last week.

Martin Morgan, who plans to go to school the last semester, was seen on the school ground last week.

Mrs. Scribner's Father Dies

Mrs. J. H. Scribner, commercial teacher, was called away from school Thursday by the death of her father, J. J. Simpson, of Plainview.

New Athletic Equipment Bought

Two new basketball suits have been ordered for the basketball girls. They are cardinal satin with white numbers and letters. Oh boy! new suits for the girls!

The boys are also getting new equipment. Eighteen football shoes have been ordered for the football boys. They are cardinal with white. With this and the other equipment that has been ordered, they should all be very ready and show some real class this season.

THURSDAY SEPTEMBER 30, 1937

WHEELER, TEXAS

New Manual Training Teacher Is Secured

Roach will Teach Civics, Health in Grammar Grades this Year

Classes in manual training started Monday under the instruction of the new teacher, W. T. Roach, meeting the first two periods, from 8:30 to 10:20 o'clock.

In order to take this subject several students withdrew from general science, and others changed schedules, thereby avoiding a change in the whole high school schedule. Juniors and seniors were given preference as graduates will not have an opportunity to take the subject in the future.

"I shall work toward a good, worthwhile year of study," said Roach when asked for his opinion of the coming year of activity in the manual training field.

Roach attended college at East Texas State Teacher's college at Commerce, Texas, and graduated there with a B. S. degree. He played football four years and was in the Lonestar Championship clubs in 1933 and 1934.

Roach has had one year of teaching and coaching experience gained in Robert Lee high school in Coke county. He is teaching classes in health and civics in grammar school and has a period of playground activity, in addition to the manual training class.

Half Credit Given in Home Economics

Last summer, under the direction of Mrs. Gordon Whitener, an extra month of home economics was given. The girls met twice a week at the home economics cottage and worked on a candlestick quilt.

Mrs. Whitener visited each girl three times during the month.

The following girls took the summer course and received a half credit: Alvora Hampton, sewing; Norma Lou Maxwell, sewing; Larverne Cox, remodeling front room; Norma Webb, raising chickens and making quilts; Leovide Revious, sewing; Helena Jones, cooking.

Verna Greenhouse, sewing and cooking; Viola Lamb, remodeling bedroom; Arlie Cole, beautifying the yard; Imogene Jamison, sewing; Caroline McDee, sewing; Francis Noah, sewing.

Six Weeks Test To Be Next Friday

According to Supt. J. L. Gilmore, the first six weeks examinations will be next Friday. The tests will be only one period, as usual.

New Pep Squad Suits will Be Black, Gold

Skirts to Be Like Band Uniforms; Satin Blouses will Be Worn with Sleeveless Sweaters

This year the pep squad suits are going to be black and gold instead of black and orange as they were last year.

The skirts to the suits, to be made like the band skirts, will be of black flannel with a gold stripe down each side.

Blouses will be made with long full sleeves of gold satin, which will be worn under a black sleeveless sweater. There will be a gold Mustang about five inches in size tacked on the front of the sweater. Each member of the pep squad will wear a black, six-gore tam with W. H. S. on the front in gold letters.

The boys who are helping lead the pep squad will wear black trousers, gold blouses and black sweaters and tams.

Every day the pep squad meets at activity period, with Miss Lois Kirby for practice.

Three Students Take Post-Graduate Work

Three students are taking a post-graduate course this year. They are Inez Hunter, Vergie Ashley and Shirley Mae Swan. These girls graduated last year, each in a different town.

Inez was a graduate in the class of '37 here at Wheeler. Her ambition is to be a nurse, but it was impossible for her to take chemistry while completing her four years of high school. For her post-graduate work she is taking chemistry, typing, Spanish I and home economics II.

Vergie, who graduated at Moebite, is taking chemistry, journalism, and typing and is repeating English IV.

Shirley Mae was a graduate at Stamford, Texas, and is taking journalism, Texas history and chemistry.

FORMER WHEELER GRADUATES HONORED BY BRIDAL PARTY

A bridal shower was given at the home of Mr. and Mrs. E. R. Jones last Friday evening in honor of Mr. and Mrs. Clyde Adams. Both are graduates of W. H. S.

The bride, before her marriage last Sept. 16, was Miss Glennis Watson.

After the guests had come, written their names in the bride book, hung their gifts on the clothes line, been served refreshments, and left, the bride was given a clothes-pin bag and was told to bring in the washing.

Forty-three persons either came or sent gifts.

7 Students Chosen to Play in Concert

Erick Invites W. H. S. Musicians to Participate in Massed Band

Seven band students went to Erick, Okla., Saturday afternoon. J. W. Lummus, director, chose his best students to take part in the massed concert, in which 166 students played.

The Erick high school sponsored this concert to create an interest in band music among the students. The musicians rehearsed from 4 o'clock to 7 o'clock, and played in a street concert that night. Each of the band directors present lead one number. Lummus directed the group in "Harvard Special."

Those who went were, F. B. Craig, trumpet; Harry Garrison, trumpet; Ethel Cline Ramey, clarinet; W. E. Pennington, cornet; Johnnie Faye Tompleton, trombone; Odus Hooke, pickhorn; Adrian Risner, pickhorn.

Lummus has been invited to take his band to massed concerts at Altus and Elk City, Okla., and Canyon, Texas. He probably will attend one of these.

Teacher Visits Childrens Friends

Mrs. Allen I. Smith, her husband, parents, and two Shamrock friends attended services in Childrens Sunday which were conducted by Bishop Seaman of Amarillo. The services were for confirmation of four young people, members of the Episcopal church. While in Childrens the visitors were guests of Miss Gertrude Haskett, formerly of Wheeler.

Little "Ole" Pony Delays Progress of Magic City Bus

"Mustangs" did you say?

Well, the Magic City students certainly want to keep in mind that their names this year are Mustangs instead of Magic City Eagles, as they were two years ago. So last Monday morning they just let a little "ole" pony gallop in front of the bus about half a mile just to see how fast he could trot.

Instead of trying to prevent the poor horse from running himself to death, the students "hollered" and "yelled" at him, just for the fun of seeing him pace. Even the bus driver joined in and blew the horn.

"That reminds me of a Wheeler Mustang," someone said. Now don't get the person wrong, of course you understand that he was speaking of the strength and speed of the horse.

Monte Rosenwald, Amarillo Announcer, Compliments Band

Director J. W. Lummus Leads Group in Parade Down Polk Street

Monte Rosenwald, KGNC announcer, praised the Wheeler Band very highly upon its performance at the Amarillo Tri-State fair Thursday. Other favorable comments from various sources also were heard.

At 9 o'clock, Band Director J. W. Lummus, led the band in an "up-town" parade down Polk to Tenth street. Following the gold-clad band were four Wheeler busses. Cars of Wheeleries came next. During the parade the band played one number, "Washington Post March."

Chief Event Is Broadcast The musicians marched and played on the fair ground at 12:30.

Probably the chief event of the day was the broadcast at the Merchants building from 4:30 to 5. Numbers on the radio program included Washington Post, Sousa; On Wisconsin, Purdy; His Honor, Henry Fillmore; and Ambition Overture by Harold Bennett. Rev. Taft Hollaway, accompanied by Mrs. G. O. McCrohan, sang The Last Round-Up.

Fair Officials Meet Busses

Wheeler busses were met at the suburbs of Amarillo by Tri-State fair officials and escorted to the fair grounds. Immediately after arriving, all students registered at the Merchants building for the band. The carnival opened at 11:30, the rodeo and circus at 2 o'clock.

Three Wheeler busses, filled with tired but still smiling students, left the fair grounds at 5:30 p. m. The members of the band were guests of the Paramount theater where they saw Marion Davies and Robert Montgomery in "Just Before Eve." They left Amarillo about 10 o'clock.

Manual Training Has 18 Boys Enrolled

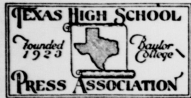

Eighteen boys have enrolled for manual training under the instruction of W. T. Roach. Those who have taken up this subject are H. V. Compton, Hubert Johnson, Carroll Adams, Cecil Parker, Edwin Robertson, Maurice Barnes, James Passes and Adrian Risner, W. E. Pennington, Leo McDonald, Alton Nation, Clint Westmoreland, Clifford Young, Milton.

"That reminds me of a Wheeler Mustang," someone said. Now don't get the person wrong, of course you understand that he was speaking of the strength and speed of the horse.

Editors—Mary Belle Johnston and Meta Bruton.
 Reporters—R. J. Puckett, Irene Hunt, Marston Smith, Ruth Barr, Vergie Ashley, Elva Belle Crouch, Clowes Jones, Lois Elicke, Bartow Riley, Margie Bowen, Betty Gentry, Shirley Mae Swan, Ruth Faust, Lorraine Wallace.
 Sponsor—Miss Bernice Addison.

THURSDAY, SEPTEMBER 30, 1937

HELP KEEP WHEELER'S SAFETY RECORD CLEAR BY OBEYING BUS SIGN

"School bus. Stop." reads the sign on the backs of the busses. This is a state law.

If you are a law-abiding citizen, you take the precaution you wish others to take in stopping before hurrying or perhaps killing a school child. Several times (not at Wheeler, however) children have been killed because of a driver's carelessness.

Special care should be taken by those bringing grade children to school, for most of the cars and busses stop to unload in front of the grammar school building. Here small children often run across the road, heedless of traffic.

Several periods of the day students cross the street to the school store for needed pencil or writing paper. Perhaps you expect them to stop and suddenly they step in front of the headlights. If a person is driving fast it is a difficult task to bring the car to a complete stop instantly.

Then please, patrons and student drivers, heed the "stop" sign, drive slowly while inside the school zone, and help keep Wheeler's good safety record.

TRAMPING UP AND DOWN HALLS DURING LUNCH SHOWS BAD MANNERS

Of course you don't gurgle soup or chew with your mouth open. But perhaps your school lunch manners are just as bad as if you did these two discourteous things.

Do you eat your lunch at school? Are you the one who talks too loud and disturbs the students trying to study or having a class?

Let us see if we can be a little quieter while we eat our lunch. There are a few students who want to study during the three periods assigned for eating. You may not want to get a lesson at these hours, but be considerate of the students who do.

If you disturb the study halls or class room, it may cause a student to fail a credit that he needs to be graduated. The teacher will not pass the student if he did not have his lesson. It would be your fault because you bothered him.

If you have a lunch sack to put in the waste basket do not go in a room

FROM OTHER BRANDING IRONS

A team of six Pampa high school boys were entered in the Amarillo Tri-State fair judging contest. Under the instruction of their teacher they have been judging dairy cattle around Pampa for practice. Eight boys were out for judging but only six were sent to the fair.—The Little Harvester.

Memories to "Dammit," the one time cowboy mascot of Hardin Simmons university. He was a large white bulldog, brought to the campus by Gib Sandeler, and he frequently visited classes. Everyone's friend, he was a curiosity. The entire student body turned out for the funeral when he died. This epitaph marks his grave: "Dammit, he's dead"—The Brand.

Students in Wheeler High are well able to mourn for Dammit with Hardin Simmons, on the loss of such a one for sometimes, we feel a great need for a friend—especially during exams.

It saddens me to meditate How many people overrate Themselves, and feel convinced they are More brilliant than I know they are.

I'm free from such deceptive sham

I'm smarter than I think I am.—East Texas.

Thoughts of Youth Turned to Homes by Furniture Week

"Jimmy" Allred has proclaimed Sept. 24 to Oct. 2 as National Furniture Week.

Styles in furniture have changed quite a bit since the horse and buggy days. Yet at times these old-fashioned styles come back to us with all the flash and glamor of modernistic furnishings.

Improvements are made daily in apparatus for the household. Most of these advancements are time and labor-saving devices. Take one style of a modern bed for instance, there are drawers at the end of the bed large enough for convenient hat boxes. At the top is a shelf all the way across, which may have a lamp and reading material handy.

Your taste is shown in your home furnishings. While some prefer big comfortable, old-fashioned furniture, others like chromium and leather.

Perhaps you're thinking,—"It'll be many a moon before I take on the job of equipping a home." However, even spinsters and bachelors sometimes buy furniture; so you might at least inspect newspaper advertisements of living room suites and kitchen stoves.

Imogene Jamison is often heard singing "A Sailboat in the Moonlight." Moonlight, sailboat, water, him, her, romance. But darnit the boat leaked!

where they are having class. Wait until the bell rings to enter this room or go to one where there is not a class.

You do not want someone to bother you when you are studying a very important lesson. So be as quiet as you can when you have lunch. It may help some student to pass his course.

MEET THE FACULTY

"Wheeler's a grand place," said W. T. Roach, new manual training teacher, when interviewed by an inquiring reporter.

Roach was born at Coleto, Texas, in 1913. He attended both grammar and high school in his home town and graduated from there in '31. From '31 to '35 he attended East Texas State Teachers college at Commerce and graduated from there with a B. S. degree.

While in high school and college he participated in football baseball and basketball. Roach was captain of his high school football squad for two years. He was a member of the Lone Star championship clubs in '33 and '34.

Hunting and fishing are the hobbies of this new Wheeler high school teacher. The longest fish he ever caught was three inches the said. Major Bowes is his favorite radio program, and he prefers classical music. "Esquire" is his favorite magazine.

When asked whether he sympathized with the Chinese or Japanese, he replied "It doesn't bother me much."

He would rather see Ginger Rogers and Fred Astaire (together) than any other movie star or stars. Before coming here Roach coached at Robert Lee in Coke county.

From the Letter Box

Dear Columnist: How can I have better order in my journalism laboratory?

MISS BERNIE ADDISON.

My Dear Miss Addison:

Disband the gossip column.

THE COLUMNIST.

Dear Columnist:

How can I keep from being joked about Thelma Milum?

JOE MARKHAM.

My Dear Joe:

Avoid sitting with her.

THE COLUMNIST.

Dear Columnist:

How can I keep my English students interested?

MISS HOLBERT.

My Dear Miss Holbert:

Keep a supply of mice in the waste basket.

THE COLUMNIST.

Dear Columnist:

How can I get the football boys out on the field to practice?

COACH STIPPA CAIN.

My Dear Coach:

If you get Miss Kirby's pep squad on the grandstand, I am sure that all the boys will be more than glad to report every day.

THE COLUMNIST.

Page Robert Ripley

When a student misses the bus coming home for one year, that is bad. For him to repeat the performance the next year that is worse.

If a teacher oversleeps and does not make connections with the band bus in the morning, it is tough luck. But for her to get back to where the school vehicle was parked five minutes after it had pulled out for home is deplorable.

But when both of these things happen to a student and a teacher in the same school on the same day, that's NEWS!

SNUBBING POST

FLASH! the latest romance. W. H. S. playboy, "Sunray" Joe Markham and Thelma Milum. Matters seem to be getting pretty thick between them lately, especially when they were coming home from the fair.

We wonder whose attention Ruth Faust was trying to catch the other day by throwing paper wads? Could it have been Ray Holley?

Instead of studying his lessons last Friday, Claudia Pillers seemed to be studying the pretty red-head that was visiting the school.

Fancy Herbert Green and Jack Pitcock calling Fay Webb "Honey."

Fancy Supt. Gilmore asking Mrs. Gilmore why she doesn't "see after" Earl.

After all his experience with the girls, R. J. still seems bashful. He keeps telling Marion to stay away.

Amos Page should thank the Corral for announcing that he wanted a girl. Marion Smith announced longly that she would like to be the lucky girl, if she is eligible.

We've heard that Scott B. Risner was old enough to receive an old-age pension check every month.

Miss Holbert says that they both and a girl are about alike . . . they both are.

We wonder what was the matter with Miss Adams last Thursday that she couldn't catch the bus on time.

Due to the fact that Meta Bruton's boy friend was not at home last Sunday, did not keep his horse from making his daily visits.

More fun at the fair, souvenirs of all descriptions brought home. Everything from snakes to cucumbers.

Some of the Mustangs looked right domestic with sewing needles sticking out of their hip pockets.

Needless to say more than one charming lass let out a "not-so-charming" squeal over the crawling, harmless toys in the shape of snakes.

One gentleman (I couldn't swear he was a gentleman) at the fair gave away (for a limited time) pencils, shoe strings and sewing needles.

It is rumored that one boy has 15 pencils for sale.

Of course I couldn't mention any names—but it seems some people have no ability as far bus catching is concerned.

The new assistant coach of the assistant coach kept several of the girls entertained with his sleight-of-hand tricks coming home.

The civics class has lots of fun electing presidents, etc. (Don't let it leak out, but there are a few crowd politicians in that particular room.)

R. J. Puckett looks "oh so very" smart in a purplish shirt and a white sleeveless sweater. Jacob's two-tone twin sweater set in wine and grey is also very chic.

Jerry Lewis is sporting a boy's class ring so far information as to the who, where and why concerning it has not been obtained.

This week's battle cry is "Clean-up On Clarendon, Mustangs."

65 Take Agriculture Under W. C. Zirkle

Sixty-five boys are taking vocational agriculture under instruction of W. C. Zirkle.

Each first year agriculture student is required to do one project and 15 supervised practice jobs, while each second year student is required to have two projects and 15 supervised practice jobs. Each boy has selected his supervised practice jobs, and has set up standards for carrying them out.

A wall chart with a barometer will be kept for each of the boys and when he completes a supervised practice job the red column of the barometer rises. The object of this is for each boy to get the red column as near the top of the barometer as possible. The four boys having the highest barometer reading, best scholastic standing, and the best project will be awarded a trip to the Fort Stock show at Fort Worth next spring.

The F. F. A. exhibit, which placed seventh in the contest at the Amarillo Tri-State fair, won a prize of \$16. The money will be used for the purchase of a large F. F. A. banner and for other F. F. A. equipment.

TWO NEW SUBJECTS ADDED TO SEVENTH GRADE CLASS

Civics and health are two new subjects added to the seventh grade recently. W. T. Roach, the new instructor, will teach these and manual training in the high school.

He will also add Coach Cain and W. J. Murdaugh with the playground games at activity period.

SEEN AT THE FAIR

Herbert talking to several stranger girls.

Ruth Barr looking for her sister, Lula after coming back from town.

Mr. Parks carrying a broken walking cane. Could it have been split over someone's head?

Some of the agriculture boys matching pencils.

The Hestlows sisters having a sisterly love quarrel.

"Ohs" Stephens and Glenn Weeks getting kicked out of the rodeo.

Marion Smith and Marilyn Johnson taking "Bodie" Cole to all of the amusement centers. They even let him ride on the octopus.

RAMBLINGS ON THE RANGE

Many students and most of the teachers of Wheeler high school attended the Tri-State fair Thursday. Betty Gene Coil was in Amarillo Wednesday.

Inez Hunter was in Twitty Sunday. Helen Flynn visited in Amarillo and Tascosa last week.

Clara Gene Dill visited school Friday afternoon.

Miss Lois Kirby visited her parents and friends in McLean Sunday.

Claudia Stinson spent the week end in Shamrock.

Amos Page went home over the week end.

H. E. Young visited school Friday afternoon.

Evelyn LaFon visited in Pampa and Mangum, Okla., over the week end.

Elva Belle Crouch spent the week end with Helen Jane George.

Marion Smith was in Shamrock Saturday night and Sunday.

Meta Brunton shopped in Shamrock Saturday.

Press Clinic Plans for First Convention

Miss Bernie Addison, secretary of the West Texas Scholastic Press Clinic, received a letter last week from the president, Mrs. Rosa Ayers, stating that an application for membership will soon be mailed to sponsors of high school papers in the Panhandle.

The committee stated that she also plans to send out a sheet on the membership, program, exhibits and awards committees, appointed at the organization of the association on April 10 in Lubbock.

The first meeting of this new club for high school journalism students will be Nov. 5 and 6. There are to be competition divisions for mimeographed papers, for those printed in the local paper, for separate issues, and for year books. The papers will be criticized for faults and those making the most improvements will be rewarded.

CIVICS CLASS DEMONSTRATES IN CLASS METHODS OF VOTING

Different methods of voting were used Monday when the civics class held an election for officers.

Ray Holley is president; Annie Ruth Denham, vice president; Ruth Faust, secretary; Lavell Jacob, treasurer; Mary Belle Johnson, reporter; and Irene Hunt, homoner.

NEW MEMBERS HOME EC. IMITATE STARS IN EXPERISE

Plans are being made for an impressive candle service to be held in the home economics cottage Thursday evening for the purpose of initiating new members and installation of officers into the club.

New members are to impersonate favorite radio, screen or stage actors and actresses.

The program will include a recreation period.

QUILL SCROLL SOCIETY ASKS FOR CHAPTER INFORMATION

Quill and Scroll society officials asked The Corral sponsor to fill out a publication data and charter information card. Questions asked included membership, frequency of meetings and number of students enrolled in school.

There are four active members, Irene Hunt, Amos Page, Huffman Walker, Audrey Warren, and one ex-graduate, Beatrice Miller. The club meets once a month.

AUBREY WARREN APPOINTED MAKE-UP EDITOR OF CORRAL

Aubrey Warren, senior, is make-up editor for the Corral this year. His duties will include deciding where to place stories on each page of the paper. With Aubrey taking over the dummy-sheet Miss Bernie Addison can devote more time to checking copy.

Aubrey belongs to the Quill and Scroll and to the Spanish club. He was assistant editor of the Corral last year.

WHEELER LADS MAKE FIRST PAGE

Two Wheeler lads made the front-page picture section of the Amarillo Daily News last Friday. Lewis Craig and Chester Anglin, banner carriers for the band, were featured among the day's visitors at the fair.

Gilmore Makes Plans for W. T. "Exes"

Novel Feature to Be Selection of Queen for Homecoming at Canyon Fete

Supt. J. L. Gilmore, president of West Texas State "Exes" announces plans for the Homecoming Festival at West Texas State college to be held on Oct. 22. Each county will be invited to elect a beauty entrant from among their number. The winner will be crowned the beauty queen to reign during the festival.

Appearances of these ex-student beauties will occur as a climax to a college program featuring the Buffalo band and students. Secret judges will select the winner. The queen and her beauty court will be honored at a football game the next day played by the Buffaloes and Northwestern Oklahoma Teachers college.

The federated alumni of several other colleges, of which Gilmore is also president, will be guests.

Gilmore requests that ex-students of the different counties select their candidate as soon as possible. This practice of selecting a queen is expected to become an annual event.

CORRAL ASKS FOR EXCHANGES WITH 12 SCHOOLS, COLLEGES

Letters have been sent to 12 high schools and colleges asking them to exchange with The Corral. Editor C. G. Miller donates twelve copies of the Wheeler Times each week, mailing them from his office at his own expense.

Exchanges were requested from The Maroon, Austin high school; Westerner World, Lubbock high school; The Crane, Crane high school; Hi-Times, Dalhart high school; The Eagles Tale, Canyon high school; The Bulldog Growl, Borger high school.

The Sandstrom, Amarillo high school; The Panther Scream, Panhandle high school; The Battery, Abilene high school; The Lass-O, S. C. W., Denton, Texas; The Torador, Texas Tech., Lubbock; and I. L. P. C., Austin, Texas.

Two papers, The Prairie, West Texas State College and The Brand, Hardin-Simmons University, Abilene, are contributed without exchange.

Billy Cospser Gets Foot Crushed

Billy Cospser's foot was crushed last Wednesday when the grandstand was lowered upon it.

SPARKS FROM THE CAMPFIRE

Make yourself noble and you shall be.

A page digested is better than a volume hurriedly read.

Rest is rust and real life is in love, laughter and work.

It takes 10 years to grow an oak-six months for a spruce.

Opportunity knocks softly; it does not use a battering ram.

Nobody was ever lost on a straight road.

Some are wise, others just look wise.

May our eyes be no keener when we look upon the faults of others than when we survey our own.

It takes courage to live—courage and strength and hope and humor.

The reason why men do not achieve more is because they do not attempt more.

Have a good word for everyone.

Future Homemakers of Texas

Ebel Claire Raney has been chosen as a representative from the Wheeler Home Economics club to speak at the Summerwood district meeting Saturday. She will discuss "Social and Personal Development." "Making the Most of Family Life" is the theme of the meeting.

Twelve other girls, Claudia Stinson, president; Ruby Ayers, vice president; and Elsie Weeks, Joyce Faust, Presley Guynes, Dorothy Gene Dixon, Joanie Faye Tompton, Frances Noah, Ruth Faust, Imogene Jamison, and Helena Jones had signed up Tuesday to attend.

The home economics students have been working on their food budgets. Mrs. Nina H. Young, instructor, has been giving her classes problems for different families to afford them practice in figuring how much their budget will amount to per month.

Last Friday the class visited Puckett's grocery. While there they studied the labels of cans, different brands of canned goods, flour, sugar, and considered the kinds of meat to buy. They found that buying in large quantities is cheaper than in small quantities.

COLTS

Mrs. Gordon Phillips' beginners are having chart reading this week. The home ec. girls gave them a sand table in which they are building a farm. Each pupil is to make an object to put in it.

Because of the fair last week, the second grade students have been studying about clowns, balloons and animals. They have also been coloring the pictures.

Mrs. John Hood's third grade is writing original stories and poems from given outlines. Two students, Earl Richardson and Fern Hawkins, have withdrawn.

The fourth grade is beginning on dictionaries and learning words.

Three students have withdrawn from the fifth grade. Coy and Roy Bradstreet are going to school at Kelton. Dixie Faye Jones is going to school in Amarillo.

Out of the fifth grade Audrey Boatman has been promoted to the sixth grade with the consent of her teachers.

The fifth, sixth and the seventh grade girls have organized baseball teams. Helen Ruth Carlton and Dorothy Lee Watson were chosen captains. Mrs. Allen I. Smith and Mrs. G. O. McCrohan are their sponsors.

"PURINA" "BUGLE CALL RAG" ARE BAND'S TWO NEW PIECES

"Purina" and "Bugle Call Rag" are two new popular pieces of music received recently by the Wheeler band. J. W. Lammus, director says he intends for the band to play these numbers at the football game tomorrow (Friday) night.

Clean-up On Clarendon—Mustangs!

Mustangs to Clash with Bronchos on Home Field Friday

Locals Determined to Keep Slate Clean from Defeat by Clarendon

Determined to keep the slate clean from defeat at the hands of the Clarendon Bronchos, the Mustangs have been hard at work preparing for a clash tomorrow night at 8 o'clock on the local gridiron.

This week tickets are on sale at the Royal and City Drug stores. Admission is 15 and 50 cents, including grand stand seats for children and adults. There will be no reserved seats this year.

Tough Battle Predicted

Evidence gathered from the dope bucket indicates a tough battle. The Mustangs emerged victorious over the Bronchos in last year's encounter by first downs in a 0-0 tie. Both teams have suffered defeat at the hands of the Wellington Skyrocks this year, the Mustangs losing by a closer margin.

Wheeler's 11 Mustangs have had a two week's rest, while the Bronchos played the Skyrocket aggregation last Friday night. The Mustangs, last year's district champions, have made a bad start this year and are going to be fighting hard for one of the top rounds in the conference ladder.

Bronchos Boost More Experience
Bronchos boast a more experienced team than the Mustangs, with a larger number of lettermen back and having played more games this year.

Coaches Stina Cain and W. J. Murgan have been putting the Mustangs through rigid drills for the past two weeks in preparation for the coming encounter.

Several changes have been made which are expected to cover up flaws visible during the Wellington game.

The starting lineup is as follows:

Wheeler	Position	Clarendon
G. Weeks	L. E.	Warren
Page	L. T.	Robison
Barnes	L. G.	Mears
Stephens	C.	Leane
Passons	R. G.	Taylor
Compton	R. T.	Green
Pitcock	R. E.	Ward
Green	Q. B.	Cook
Shipman	H. B.	McDowan
Groves	H. B.	McWhorter
A. Weeks	F. B.	Grady

Officials for the game will be Claude Daniels, Miami; Lawrence Clark, Groom; and C. M. Brown, Le-fors.

18 GIRLS REPORT FOR LAST HOUR BASKETBALL PRACTICE

Approximately 18 girls have reported for last period basketball practice.

At present only two girls who lettered last year are reporting. They are Geraldine Lewis and Lavelle Jaco.

Practice is devoted to handling the ball until regular workout starts, which will not be until after football season is over.

FOOTBALL SCHEDULE—1937

Wheeler—6	Sept. 17, there	33—Wellington
Wheeler—	Sept. 24, Open	
Wheeler—	Oct. 1, here	—Clarendon
Wheeler—	Oct. 8, here	—Memphis
Wheeler—	Oct. 15, tentative	—Lakeview
Wheeler—	Oct. 22, here	—Shamrock
Wheeler—	Oct. 29, there	—McLean
Wheeler—	Nov. 5, tentative	—Mobeetie
Wheeler—	Nov. 12, there	—Lefors

Coach Announces District Schedule

In order that football fans may know when, where, and by whom games will be played throughout the season, Coach Stina Cain announces the following district schedule for 1937-1938:

October 1—Mobeetie and McLean; Wellington and Lakeview; Memphis and Lefors; Wheeler and Clarendon.

October 8—Lakeview and McLean; Wellington and Lefors; Shamrock and Clarendon; Memphis and Wheeler.

October 15—Memphis and McLean; Shamrock and Mobeetie; Lefors and Clarendon; Wheeler and Lakeview.

October 22—McLean and Wellington; Wheeler and Shamrock; Lakeview and Memphis; Mobeetie and Clarendon.

October 29—Wheeler and McLean; Mobeetie and Wellington; Memphis and Shamrock; Lakeview and Clarendon.

November 5—McLean and Lefors; Memphis and Clarendon; Mobeetie and Wheeler.

November 12—McLean and Clarendon; Wellington and Shamrock; Wheeler and Lefors; Lakeview and Mobeetie.

November 19—Shamrock and McLean; Wellington and Memphis; Lakeview and Lefors.

COLTS SQUAD IS ORGANIZED BY CAIN AT ACTIVITY PERIOD

A meeting of the future Mustangs was held on the football field last Thursday morning so they could organize a team. They will play games the same as the Mustangs. This group of young horses will be called the Colts. Each year this organization is formed to teach the boys the fundamentals of the game. They will work out at the regular activity period on Tuesday and Thursday mornings. As soon as they get completely organized they will also work out in the afternoons.

When the Colts get whipped into shape they will match a game, according to Coach Stina Cain, who directs them. This team was made up of boys last year who are making the starting lineup this year.

The Colts are very light this year. All boys who desire to work out for the team are urged to report to Coach Cain at one of the activity periods or after school in the afternoons when the workouts start on the football field.

Wheeler Mustangs Scrimmage Kelton

Coach Stina Cain Stresses Passing, with New Lineup, in Game Tuesday

The Wheeler Mustangs scrimmaged Kelton Lions at Kelton last Tuesday afternoon at 2:15.

Coach Stina Cain was stressing some new plays and passing, and was using a new lineup.

The game was played in Kelton territory all of the time but neither team could push over for a score. Kelton's squad completed some nice passes but made nothing through the line.

The Mustangs' biggest trouble was holding the ball. Also most of the boys did not know the new signals, which had been given them the day before.

GIRLS NOT ENTERING OTHER SPORTS TO PLAY PING PONG

Girls, who have nothing to do during the activity period, are playing ping pong at that period.

They are divided into pairs. These pairs will play each other in a tournament to continue from day to day until all girls have played.

Williams Breaks Arm in Fall

Ted Williams, a freshman, has been absent the past two weeks because of a broken arm. The saddle slipped from beneath him as he was mounting a horse.

Student Directory Contains Names of Celebrities from Noah to Ford

Did you ever stop to think that you go to school with all kinds of animals, professions, adjectives, and celebrities? Well, you just read this if you don't believe it.

We have two Swans, two Lambs, and a Roach attending Wheeler high. Enrolled are Mills, Groves, Barnes, Hall and even Nations in our school. Many professions are represented.

There is a Taylor, Farmer, Roper, Hunter, Mason, Smith, Walker, Shipman, Hooker and a Parker.

Some of the celebrities are: Scott, Lee, Marlow, Hampton, Johnston, Bradstreet, Ashley, Noah, Ford, Riley, Mason and Tennyson.

SPORT SLANTS

By a Mustang

The Mustangs will meet the Clarendon Bronchos Friday night on the local gridiron. Wheeler should be in fine fettle for the game, having had an open date last week.

Basketball girls are getting off to an early start this year. They met last Friday activity period. This week they work out for basketball the last period in the afternoon. As there are 30 out for this sport, there should be a lot of competition for everyone.

Shamrock Irishmen defeated the Lakeview Eagles, 35 to 0. The Irish showed big power in their offense against the Eagles. Lakeview offense was very ragged, showing power only at times.

Clarendon was defeated by Wellington last Friday night 71 to 0. But this was a much better game than the score indicates. The Bronchos held the Rockets very well till the second quarter. Then the Wellington boys got started.

The Mobeetie Hornets were defeated by some ravaging Pirates from Lefors, 44 to 0. Carruth, fullback who led the Pirates, crossed the Hornets goal line six times and kicked one extra point.

Emler, who has been suffering a sprained ankle, will not likely be in the lineup. Shipman, regular guard, has been drilling on this position.

Bob Clark Announces Schedule for Erick

Bob Clark, former head grid mentor at Wheeler, and slight-of-hand magician, seems to be doing quite well with his coaching position at Erick this year. He won his first game with a 25-6 victory over Mountain Park, Okla.

The rest of his schedule follows:

- Oct. 1—Open.
- Oct. 8—Elk City at Erick.
- Oct. 15—Lone Wolf at Lone Wolf.
- Oct. 22—Hollis at Erick.
- Oct. 29—Clinton at Clinton.
- Nov. 5—Mangum at Erick.
- Nov. 12—Carnegie at Carnegie.
- Nov. 19—Weatherford at Weatherford.
- Nov. 25—Snyder at Erick.

Some of the names can be combined together to furnish the setting for a good short story.

Down toward the Groves ran a Young and Jolly Crouch to help a Lamb that was Cowed (ed) in a Weib on a Roney day in May. He was a slow Walker so the Roper from Dixon beat him there by W (rights).

Near the Green (house) of Burgess (ed) grew some Green Bowers.

Beneath a bunch of Holly trees trimmed in Ivy ran a stream as bright as a Jewel that wound round and round in a Coil. In this stream a Herd of Trout frisked and splashed.
