Cotton Market Quota Polling Places Named

Wheeler County Farmers Will Cast Ballots on Referendum Next Saturday, March 12

From the office of County Agent Jake Tarter it is learned that the referendum on cotton marketing quotas is to be held next Saturday, March 12, at 10 polling places conveniently distributed throughout the county.

Local committeemen, with two farmer assistants, will be in charge of the voting places, open from 8:30 a. m. to 7 p. m., and situated at the following points with local conveniences shown as follows:

Allison—Lumber yard.
Briscoe—Lumber yard.
Mobeettie—Justice of the peace office.

Wheeler—Commissioners court room.
Kelton—High school gymnasium.
Twitty—Tindall gin office.
Magic City—Church of Christ.
Head—School house.

Shamrock—Chamber of commerce.
Bethel—School house.

In compliance with regulations of the 1938 Agricultural Adjustment act, the referendum will be by secret ballot to determine whether farmers favor or oppose marketing quotas on next season's cotton crop.

The referendum was called after the secretary of agriculture in a series of findings discovered that the total supply of cotton for the 1937 marketing year exceeds by more than seven per cent the normal quantity for such marketing year.

"It is very important that all cotton producers take part in this referendum," asserts Tarter, pointing out that the cotton quota plan will require a two-thirds favorable vote to become effective, or a one-third negative vote to be rejected. Thus, the true will of the cotton farmers can be ascertained only if practically all producers vote.

"Each farmer who has produced cotton in the year 1937, including landlords, should go to the polls and cast their secret ballot, whether they are opposed or in favor of the marketing quota," concluded Tarter.

Allison Girls Take Two of Three Games

Eastern Panhandle State Tourney Entry Drops First Tilt in 32 Starts Here

By AUBREY WARREN

The Allison Ramblettes, girls basketball team representing the eastern Panhandle in the state tournament at Greenville this week, won two of the three-game series against a Mobeettie high school and Conlen champion combination in the Wheeler gymnasium last Wednesday, Thursday and Friday nights.

The Allison ladies lost their first game of the season on Thursday night, it being the first defeat in 32 starts. They took the first game of the series Wednesday night, 44-32, with Oleta Jones scoring 35 points for individual honors.

Mobeettie-Conlen won Thursday night, 30-27, with Knight, former all-state forward, taking the scoring cake with 15 points. Again Friday night, Allison was tops and Jones high point scorer of the evening with 11 counters to her credit.

Mobeettie's own best players were supplemented by Hester, Huff and Knight, each a former all-state forward. Knight captained the Conlen team to the state championship in 1934, earning an all-state berth that season. Hester was all-state in 1935 and Huff followed in 1936.

Three Brilliant Games
Allison led Wednesday night throughout the contest which proved to be the opener of as brilliant a series of games as local fans have ever witnessed.

Two Allison guards fouled off the court Thursday night and the entire squad did not seem to click. Forging ahead in the fourth quarter for a brief period was the only consolation of their first defeat of the season. Mobeettie led throughout the game except for a short time in the fourth stanza. Knight led the scoring with 15 points, Jones falling back to second place with 7 tallies.

Coach Garrison Rush of Shamrock was referee for both tilts.

Ramblettes Win Tie
A play-off game to decide the tie was scheduled for Friday night, at which time Allison proved its su-

CONSERVATION CHECKS CONTINUE TO COME

Total amount of 1937 agricultural conservation payments received here to date is approximately \$252,457.00, according to B. A. Zorns, local treasurer of the program. In addition to the \$184,457.33 which arrived last Thursday, another lot amounting to some \$60,000.00 came Friday and about \$8,000.00 worth of checks arrived in this morning's mail.

Grand total of payments expected at this time runs close to \$375,000.00, which includes substantial range conservation payments.

Guthrie Associates Buy Erick Theatres

Purchase of two more picture theatres by the Guthrie interests was made public here this week by Lee Guthrie, manager of the local show house. Latest additions to the string of theatres owned by the Guthrie group are the two at Erick, Okla.

One of these, the Gay theatre, was obtained from Roy McAmis of Sayre, and the other, the Erick, had been operated by Oakley Leachman and wife, who lived in Erick. Possession of the properties changed hands last Friday.

The Gay will now be known as Rogue No. 5 and the Erick as Rogue No. 6.

Lamar Guthrie, brother of Lee and son of Mr. and Mrs. Lem Guthrie, also of Wheeler, will move with his wife from Tipton, Okla., to Erick and operate No. 6. Mrs. Lemmie Day, sister of the Guthrie boys, will come from Tipton to manage No. 5. Mr. and Mrs. A. S. Edmondson of Mataro, who have not been in the show business heretofore, will take charge of the Rogue theatre at Tipton.

Bobo Announces for Commissioner, Pct. 1

Well-Known Mobeettie Man Pledges "Equal Service to All" in Seeking Office

The Times has been authorized to announce the candidacy of W. L. Bobo of Mobeettie for the office of county commissioner of Precinct No. 1, subject to the action of the voters in the Democratic primary on July 23.

Mr. Bobo, a practical farmer, has lived in Wheeler county nine years, all of that time in Precinct 1.

Through observation and actual knowledge of conditions in that region Mr. Bobo is familiar with the needs of the precinct and feels, as stated in his own words, that if elected, he "will be competent to handle the position he seeks and will at all times give every portion of the district fair and equal consideration, avoiding any semblance of favoritism."

In announcing for the office of commissioner, Mr. Bobo declares that he has never previously run for any office.

He pledges that if honored with the position he now asks, he will give it his best efforts at all times, striving to serve his neighbors and friends in a fair, economical and just manner which will reflect credit upon himself and Precinct No. 1. "Equal service to all," is W. L. Bobo's motto. This candidate will try to meet, personally every voter in the precinct between now and the primary election date, but should he fail to see anyone it will not be intentional, and hereby asks the consideration and support of every voter at the polls on July 23.

Mr. and Mrs. Harris Tilley of Shamrock were Sunday guests of his brother and wife, Mr. and Mrs. Joe Tilley.

ALLISON AND MOBEETTIE TENDER THEIR THANKS

The Wheeler Times has been specially requested by John Peoples of Allison and M. D. Blankinship of Mobeettie, superintendent, respectively, of schools at each place, to tender their sincere and hearty thanks to the people of Wheeler and vicinity in general and to Dr. H. E. Nicholson and Wheeler school authorities in particular, for the favors shown in the recent basketball series held at the local gymnasium wherein the Allison girls team met and played the Conlen-Mobeettie aggregation before large crowds of spectators on Wednesday, Thursday and Friday nights of last week.

This paper believes it fully voices the sentiment of Wheeler people in saying: "Friends, we are glad you came and hope you were satisfied in every particular, and invite you to visit us whenever convenient."

LIONS CLUB MINSTREL TO BE PRODUCED SOON, SHROUDED IN MYSTERY

As anyone who knows the two gentlemen will readily testify, there's no telling what to expect when Raymond Holt and Taft Holloway are yoked up together and headed down the main drag. Therefore, when this pair are delegated as production managers for a Lions club minstrel, sponsored by the local Lions club, your reporter hasn't a clue to hang onto except the belief that what they "cook up" will be good.

To make the job of announcing this minstrel, to be given "soon" still harder, Lion Secretary C. J. Meek wouldn't release a thing in the way of enlightenment. Surmises would lead to the conclusion that the secretary—like some other members—doesn't "know much."

Even the identity of the four handsome "birds" pictured here cannot be revealed at this time, because that information is not available. Close inspection, reveals however, a striking similarity between two of them and Dr. Nicholson, Boss Lion, and Herman Wiley, past potentate of the animals.

Perrin Announces for Clerk District Court

Well-Known Wheeler Man Decides to Enter Race at Urging of Many Friends

Official announcement of his candidacy for nomination to the position of district court clerk, subject to action of the voters in the Democratic primary of July 23, is made in this issue of The Times by Bill Perrin, widely known and popular Wheeler young man. Perrin's decision resulted largely from insistence of friends who believe he will make a capable and efficient clerk of the court if elected to that place.

Bill Perrin has been engaged in business here for five years, where he has achieved a modest success through close application to his duties, combined with a reputation for square dealing. Perrin's record in the management of his own affairs is counted one of his strong recommendations as a public official.

As a resident of Wheeler county for 12 years, this candidate has many friends who will no doubt look with favor on this, his first time to ask for a political office. Since Perrin is neither a politician nor chronic office seeker, but a business man who hopes through this method to improve himself and at the same time serve his fellow-citizens, he comes with clean hands and no hindrances to the performance of his duties, if chosen for the office.

Nor does he offer a long list of promises as to what he will or will not do. He sums it up in a brief statement: "If elected to the position of district clerk, I shall discharge the duties of that office to the very best of my ability, pledging courteous and prompt service in dealing with the public and careful attention to the keeping of records and all other transactions within the office.

"I realize it is a big job to meet personally every Wheeler county voter between now and election day," observed Perrin, "but that is my intention. However, should I fail to contact anyone, I ask their earnest consideration of my candidacy, and support at the polls on July 23."

MOBEETTIE SCHOOL OFFERS STUDENT PLAY FRIDAY EVE

Peopled by students of that institution and directed by Mrs. M. D. Blankinship, teacher in the Mobeettie schools, a comedy-drama of the great Southwest in four acts, titled "An Arizona Cowboy," will be presented in the Mobeettie high school auditorium tomorrow (Friday) evening.

The public is invited to attend this attraction, proceeds of which will be applied on expenses incurred by Interscholastic League work in the school.

The program is scheduled to begin at 8 o'clock. Nominal admission fees will be charged.

WHEELER COUPLE ATTENDS ALLISON BRIDGE SESSION

Mr. and Mrs. R. E. Lee were host and hostess to members of the Allison Bridge club at their home in that place Saturday evening. St. Patrick's day colors prevailed in refreshments and house decorations.

Mrs. Lee Kiker won high score for ladies and Dudley McMillin high for men.

Guests included Messrs. and Mesdames Lee George, John Peoples, Sam Begert, A. E. Dillon, Lee Kiker, R. William Brown and Ray Brown of the Allison community, and Mr. and Mrs. Dudley McMillin of Wheeler.

Mobeettie School Man Re-elected Two Years

Supt. Blankinship Accepts Offer Made by Official Board Monday Evening

At a meeting of the Mobeettie Independent School District Board of Education on Monday of this week, M. D. Blankinship, completing his third year's work as superintendent of that school, was re-elected for a two-year term. According to a member of the board, he has accepted the offer and is already making plans for further advancement of the school system over which he will preside.

From the same source it is learned that the Mobeettie schools have made wonderful progress under Blankinship's direction, especially from scholastic and financial standpoints. The educational system there has been efficiently and effectively managed by Blankinship, it is asserted by The Times' informant, who declares the patrons of the district not only heartily approve his continuance as superintendent but feel quite fortunate in being able to retain the services of this educator.

Blankinship was first elected superintendent of the Mobeettie schools in September of 1935, coming there from Conlen where he had taught eight years and at which place he made an outstanding athletic record, developing a state championship girls basketball team in 1934, with only a small group from which to develop material.

Blankinship and his wife, who also teaches in the Mobeettie high school, each hold B. S. degrees from West Texas State college at Canyon.

Local Band Marches in Amarillo Parade

The Wheeler Municipal band, consisting of about 30 members, attended the Amarillo mother-in-law celebration Wednesday and marched in the huge parade, said to have contained 51 band organizations.

Attendance at the event by the local band was largely through the management of Rev. and Mrs. E. C. Raney and the courtesy of J. W. Lummus, former director, now located at Kellerville. The Methodist pastor and wife determined if possible, to arrange for the band to go to Amarillo. They secured transportation in private conveyances and joined with others in inviting Lummus to come here and give the unit some special practice. He cheerfully responded, at some inconvenience to himself, coming Monday and Tuesday nights to drill the players and help Walter Flynn, acting director of the organization.

All obstacles were overcome and the trip made.

"It was one of the best possible publicity acts for Wheeler," declared Taft Holloway, president and member of the band, on his return here late Wednesday.

Holloway, speaking for the band, complimented the Raney's highly on their interest and also Lummus for his voluntary service to the group he formerly headed.

It is learned that efforts are being made to again procure a full-time director and develop the band still further. More than 20 of the members have agreed to take private lessons toward support of a director if one can be engaged.

Sunday dinner guests at the home of Mr. and Mrs. Roy Puckett were: Mr. and Mrs. Henry Puckett and daughter, Velma, T. S. Puckett, sr., Kermit Puckett, Mrs. Walter Woods all of Sayre, Okla., and Mr. and Mrs. T. S. Puckett, jr., and son, Tony Gene, of Wheeler.

Warren Mitchell Writes Eye-Witness Account Southern California Floods

Former Wheeler Young Man, Unaccustomed to Large Quantities of Water, Tells of Thrills Encountered Shortly After Arrival on West Coast

Writing to Lee Guthrie from Venice, Calif., under date of March 2, Warren Mitchell, who left here Feb. 22 for Southern California to join his parents who had gone two weeks earlier the former Wheeler young man says:

"I suppose you have heard all about the flood by now. Believe me, we have had one. The late paper reports "124 Dead" "Hope Fades for Nine Planes," "Thousands Homeless as Los Angeles Is Isolated."

"We woke up Wednesday morning at 7 o'clock to find our house completely surrounded by water. It was almost up to the level of the porch. Forty-five minutes later mother cooked breakfast in six inches of water. We moved everything off the floor and at 8:45 waded out of the

ALLISON RAMBLETTES WIN FIRST GAME OF STATE TOURNEY

According to daily press dispatches, the Allison girls basketball team won its first game of the Southwestern A. A. U. tournament, played at Greenville Wednesday night, by defeating the Bonham High Schoolers with a decisive score of 34 to 8. Oleta Jones, playing three quarters, accounted for 13 points, followed closely by Bonnie Brown with 11 counters.

Miss Estelle Scott Married on Feb. 27

Another wedding of interest to Wheeler young people was the marriage on Feb. 27, at Durant, Okla., of Miss Estelle Scott of Dallas and Mr. Joel T. Bell of Waco.

Mrs. Bell is the young and charming daughter of Mr. and Mrs. J. E. Scott of Wheeler, where she graduated with highest honors, being valedictorian of the 1936 senior class. Miss Scott was an outstanding pupil in all her school work.

She has been employed in a Dallas office since completing a course last July in a business college there.

Mr. Bell is a stranger here but proof of his judgment and good taste is evidenced in his selection of such an attractive and capable lady for his companion.

The Times joins their many friends in wishing them a long and happy married life.

Principal A. S. Wharton of the Magic City schools, and B. T. Rucker, county superintendent, left tonight for Denton where they will attend a regional meeting of the Texas State Teachers association. Both men are ex-students of Denton Teachers college, Wharton graduating from there, while Rucker completed his work at Canyon.

THREE WHEELER MEN HONORARY MEMBERS FUZZY FRATERNITY

Three pseudo-Micks, faces adorned with chin-strap foliage of ticklish proportions, hirsute insignia of their town of Shamrock, which is going Hibernian in a big way preparatory to its St. Patrick's Day celebration next Wednesday, were Wheeler visitors Monday on a publicity tour of this region.

While here these emissaries of good-will, Bedford Harrison, Ralph Wood and Wallace Barrett, conferred upon three local men honorary membership in the Donegal Beard club of Shamrock. W. O. Puett, county judge; Robert J. Holt, banker, and C. G. Miller, publisher of The Times, were chosen for this exclusive distinction.

Each has a handsome proclamation, printed in the Irish national color, proclaiming him a Go d-fearing, whisker-growing, he-man, et cetera; the document is signed by "Eugene O'Worley, Supreme Fuzz Grower," and duly attested by Bedford O'Harrison, "Keeper of the Fuzz."

Although correct value will finally attach to this fanciful bit of nonsense, typical of the true Irish race, some degree of seriousness prevails at the moment. Oliver has been caught practicing penmanship on his name, leaving off the "W" and inserting an apostrophe between the "O" and Puett; Bob was overheard comparing the euphony of "O'Holt" and "McHolt," while "O'Miller" ain't a-sayin'.

Prospective County Farm Buyers Named

Quota of Five Designated by Committee Under Bankhead-Jones Program

Selected a short time ago by the local committee as prospective tenant purchasers of farms of their own under the Bankhead-Jones Farm Tenant act, names of the five who comprise the Wheeler county quota were released this week by George C. Jones, local rehabilitation director. The men are Elmer L. Hiltbrunner, Twitty; Verna B. Hardecastle, Wheeler; Don P. Rives, Twitty; Paul W. Stauffer, Pakan, and George W. Lamb, Wheeler.

As pointed out by the Wheeler county supervisor, the county committee, composed of J. C. Moore and J. E. Willard, Wheeler, and M. A. Pillers, Twitty, has recommended these individuals to the regional director as tenant farmers who appear able to meet requirements of the farm purchase act.

Final selection will depend upon approval of the regional director after full investigation of the prospects, the farms desired, and other details.

The county committee are making a routine inspection today of farms under consideration for purchase in this program. A total of eight tracts have been given preliminary listing. From this group the requisite five will likely be selected.

Clarence Clark of Van Zandt county took head place this week in the procession of Texas tenant farmers who will move into land ownership under the new Bankhead-Jones act. Clark was the first Texan tentatively approved for a land purchase loan, and the second in the United States. When the land title is approved, he will get a check for \$6,003.50 to buy and improve 141 acres.

From more than 2,000 applicants, 145 other purchasers are being selected from the "cream of the tenants" by local committees in the 23 Texas counties in which the program is now effective.

The Bankhead-Jones act cuts interest to 3 per cent and extends time to 40 years, in addition to allowing purchase without a down payment. The risk involved in these more liberal terms is being offset by careful selection of purchasers and land, and by supervision until the purchaser demonstrates ability to pay out, it is stated by officials of the Farm Security administration, under which the new loans are being administered.

Clark has obtained option on the Van Zandt county farm which he expects to buy, and is asking \$1,536 to be included in the loan for improvements, in addition to the \$4,467 he will pay for the land. On this loan totaling \$6,003, he will be required to pay annual installments of less than half the \$600 which he has averaged annually as rent. FSA has helped him lay it out in five twenty-acre fields with plans for crop rotation which will give five different cash crops each year and no crop grown on the same land two years in succession.

Clark thinks he ought to pay out the farm in 10 years, instead of taking the 40 years which is permitted. He has practiced live-at-home farming, along lines approved by the Extension Service, for many years. Last season his wife put up more than 500 quarts of home-grown fruits and vegetables.

He owns six large work animals and three complete sets of good plow tools, as well as a small grain binder, two dairy cows, two brood sows, and a flock of 60 hens.

Johnson Buys Service Station of McPherson

Change of ownership of a local service station is noted here this week in the purchase by J. D. Johnson from Ray McPherson the station in the middle of the block on the east side of the square. Johnson, who operates a ranch northeast of Wheeler, moved here to make his home about two months ago.

Under the new ownership this concern will conduct a wholesale and retail gasoline, kerosene, oil and grease business. Some expansion measures have been made with others contemplated as needs develop.

Formerly known as Mac's Service station, the business will now be known as the Wheeler Wholesale Co., with Walter Anglin, jr., as manager of the plant and retail trade and Clyde Schaub directing the wholesale and truck delivery department.

Service and square dealing is announced as cardinal principles of the business by its new owner and his associates.

REMEDY WITHIN OURSELVES

After one has read all the fine-spun theories of politicians and political planners who confuse the masses with economic fairy tales while they slyly promote "authoritarian" doctrines, it is reassuring to read a statement like the following by James D. Hunter, president of the Bank of California, which has guarded the savings of its depositors for 74 years. When asked regarding the present economic situation, Hunter said:

"We are living in a very trying period. As a people we have come to think of the dollar as a thing of itself rather than what it will buy. A substantial reduction in production costs, with industrial peace, would create more employment and give such a greater relative purchasing power as to far outweigh the seeming temporary loss. Honest work is the best answer to our grief. When working, we haven't time to think of what, in idleness, seems trouble. "What does it profit an industry or a labor group to get prices up to the point of diminishing returns, if a great mass of people have to go on short rations? It is neither economically nor morally right. I think the question will answer itself in the fact we have approximately 130,000,000 people who must be fed, clothed and housed, and the weight of their numbers will bring about a proper adjustment as soon as they realize what it is all about."

IT CAN BE DONE

Last year, traffic accidents in this country claimed 39,700 lives—a 4 per cent rise over 1936. Yet, in spite of increased highway travel, 20 states cut their death tolls. The total increase in highway slaughter was due entirely to the other 28 states, where fatalities increased by 10 per cent. The 20 states which made a start toward solving the automobile traffic problem, weren't "just lucky." In the great majority of cases, their comparatively good records were the result of hard, efficient work. They actually earned the savings in lives and dollars that a reduction in motor accidents involves.

What tools are ready at hand with which to cut down the automobile's toll? The answer is simple enough. First on the list comes unremitting public education—by schools, by civic groups, by governmental bureaus. Second, honest law enforcement under modern highway codes—and that means that every apprehended violator of the statutes must be punished quickly and fairly, that "pull" and ticket fixing must be eliminated. Third, improvement and better lighting of streets and roads, and elimination of "accident prone" locations, are preventers of death.

This doesn't exhaust the list by any means—but these "musts" are vital to any workable accident prevention endeavor. The 20 states that cut deaths last year are to be congratulated. Let them repeat this year—and let the other 28 states follow suit. It can be done.

group of very large manufacturing corporations—including some of the concerns that are now under attack for alleged monopolies.

Senator Bridges brings a wealth of irrefutable testimony to buttress this criticism. TVA power is largely sold, under contract, to big factories in the area. These contracts were closed, without competitive bidding, by the TVA directors. Inasmuch as the Authority's low electric rates are made possible only by tax subsidies, all the people of the United States are, in effect, helping pay the electric bills of the favored corporations! That may help bring the more abundant life to the lucky concerns who are getting electricity at less than its real cost—but it certainly means a less abundant life for the taxpayer.

Senator Bridges makes the telling observation that if the United States treasury were to make an outright gift of government bonds to a group of favored businesses, the scandal would rock the country—yet, to all intents and purposes, that would be little different from what is happening now in the Southeast. The TVA has always been ballyhooed as a boon to the common people—and scores of millions of public funds have been spent in developing it. Now it appears that these funds have been largely used to provide a below-cost service to a few fortunate big businesses.

In concluding his address, Senator Bridges asked that the senate authorize an investigation of the Authority. In the light of his disclosures, this would seem to be an inescapable duty owed the public by our lawmakers.

CROPS AND THE MOON

There's one thing you doubtless have heard a lot of argument about, and which nobody has probably been able to explain to you, satisfactorily, and that is what effect, if any, the moon really has on farm crops and garden vegetables.

A lot of successful gardeners would no more plant cucumbers or peas when the "signs" are wrong than they'd chase a polecat in their Sunday suit. Yet agricultural college experts argue that it is all bunk and superstition. They say the moon doesn't affect plant life.

Despite their contention, however, there are still a good many people living right around here who are not willing to agree that these scientific gentlemen are right. They say that if the moon can jerk the ocean around and cause tides to ebb and flow, it can cut some figure in vegetable growth. They've seen cucumbers run to vine and potatoes refuse to sprout, or to bear decent sized potatoes if they did sprout, because they were not planted according to the moon.

It is an old question, but it has never been explained. Science and the farmer work fairly well together in a lot of things, but when it comes to this thing of the moon figuring in plant life, they simply cannot agree. That is why it is still, as it always has been, an interesting subject and one you can stir up an argument with as easily as you can by talking politics. Try it on the next farmer or gardener you meet and see for yourself.

OKLAHOMA'S PENSION MESS

The mess which Oklahoma's pension system has gotten into, resulting in suspension of payments by the federal government, holds a lesson for other states to heed and remember.

Oklahoma simply promised its elderly citizens more than could be paid, disregarding the rules laid down by the federal bureau, and paying little attention to questions of eligibility.

The politicians who persist in urging pension plans that take no note of ability to pay, who look only to the vote-getting possibilities of pensions without regard to the federal rules or to arithmetic, are responsible

for Oklahoma's plight. They must now pay the penalty. Many who have been getting pensions will be stricken from the rolls. The payments to many others will be reduced. Oklahoma's pension set-up will be brought within the rules. It is going to be painful, but it holds some important lessons.—Wichita Falls Times.

Announcement has been made of the approaching marriage of Miss Daisy B. Newlon of Pawhuska, Okla., to Rev. W. A. Erwin, minister of the First Presbyterian church of McLean.

The announcement was made at a banquet tendered the official board of the church, heads of departments, and their wives, by Rev. Erwin at the manse Tuesday evening. The wedding rites will be said Tuesday, March 22, at the home of the bride's brother, Frank Newlon, at Colony, Kans., and the couple will be at home at the manse in McLean, Saturday, March 26.—McLean News.

Our football district has been divided. Wellington now plays Memphis, Clarendon, and Lakeview to see which wins this half of the district. Shamrock, McLean, Wheeler and Lefors battle it out in the northern half. Seven coaches voted for the split. Joe Coleman was the only one to vote no. Personally I do not see it, either from the standpoint of fairness or anything else. Last year Wellington went to Shamrock for a flat fee of \$50. Shamrock made over \$1,500 on the game. The McLean game was on a somewhat similar basis. Now they have cut us out in the cold.—Deskins Wells in Wellington Leader.

Custom Hatching

We wish to announce that with our modern facilities, a Robbins Mammoth Electric Incubator with full automatic control, we are prepared to do custom hatching in a way that in our opinion will give the maximum results in percentage and quality of chicks.

The first lot of chicks from this new machine, taken off early this week, gave better than 90% hatch of fertile eggs.

All baby chicks thoroughly fumigated twice while in the machine to guard against possible infection from diseases.

Settings made each Monday. Delivery of eggs a few days previous to setting date will permit trying in readiness for entry in machine.

Prices very Reasonable—See Us Now!

Something to Advertise

While its range is of necessity somewhat limited, there is never any difficulty in finding something to advertise about The Wheeler Times. Actually four main groups cover the range of this business. But under each of these are numerous subdivisions. For instance, display advertising embraces virtually every item used by mankind—multitudes of things. Likewise, the Wantad Column serves as a clearing house for hundreds of items. Then, subscriptions could be expanded into an interesting message. Job printing, with its almost unlimited possibilities and wide usage, merits detailed treatment to tell of its many features. For this occasion, however, attention is called to the following departmental titles

Display Advertising Wantad Column Subscriptions Job Printing

The reader is invited to supply his or her own interpretation and elaboration to accompany these departmental headings. Just a little thought will develop an amazing volume of information and sales talk on any one of these.

Although spring is a delightful season, must we get the spring fever? You may enjoy the warm, balmy weather and yet not become what is called lazy. After the bleak coldness of winter the change will be welcome. Why forget other important things?

The weather will still be just as enjoyable and pleasant if we "keep up" our lessons. So, do not forget your school work even if spring is just around the corner.

Next public entertainment will be according to Miss Bernice Addison who probably be an Easter fashion show.

Funds from the presentation will be used to pay press association dues next fall and to finance a pleasure trip for the class.

FEEDING THE HUNGRY

Scripture Text: Mark 6:30-44.
Devotional Reading: Isaiah 35: 1, 2, 5-10.
Memory Verse: Galatians 6:10.

Angle of Approach
(If you want to get the best and the most out of this lesson—and that's just what real Bible students are after—then stop right here and get your Bible. Turn to and study the references. Now, keep right on using that Book in all of our studies.)

Take another look at that thirty-fourth verse: "And Jesus . . . saw much people and was moved with compassion toward them, because they were as sheep not having a shepherd." "Moved with compassion" is the first essential experience of the one who would help the needy. Without it no worthy deed can be done.

But, too often, only the dire need for physical things, or the pitiful lack of social or mental training in some, moves the hearts of Christians to action. Hungry though they were, it was not their need for "barley loaves" that moved our blessed Lord to compassion, but "that they were as sheep without a shepherd." He was able to pierce the veil of the physical and see their spiritual and eternal need.

Jesus saw in His people, God's people, the Jews, a picture of shepherdless sheep wandering about in the mountains, scattered and killed by wild beasts of the forest. He yearns to be their Shepherd; came to be their Shepherd, and now He seeks a door of entrance through the supply of their physical food. He is the Bread of Life.

Have you, fellow believer, experienced that certain aching something in your heart to give the Bread of Life and protection to the lost, starving souls about you? If so, then give this lesson a good study, and give yourself a good season of prayer.

THE HEART OF THE LESSON Introduction
Weary from exhaustion in service for the multitudes of poor suffering human beings that had been pressing Him for blessings, Jesus himself suggested to His disciples that they seek a place of rest. Instead of finding the desired rest they found a multitude of people seeking from Him that of which they themselves were not aware.

Before He can become to this multitude of hungering souls the Bread of Life, He must teach His disciples the place they are to occupy in this service and give them full faith and confidence in His ability to supply all their need in this service.

Send Them Away
"Let them hustle for themselves. We've done all we can do." Thus they urged upon Jesus to dismiss His audience early enough for them to find the markets still open. But Christ was not and is not dependent upon markets for His supply of bread, the kind, if any man eat, he shall live.

How sad indeed it is that many professors in our theological institutions have not learned this lesson! Hence, they are training young men and women to find "bread" from the storehouses of social-wisdom and scientific hypothesis of "the wisdom

Mr. and Mrs. Hugh Cantrell and of this world." It is no wonder they become "hirelings and careth not for the sheep."

We rejoice that in spite of the empty pantries in many such institutions some of our ministers and missionaries have learned that Christ is the source of the "meat" for which they are to labor (John 6:27).

Two Hundred Pennyworth
Feeding five thousand men is, indeed, quite an undertaking, especially for those who have but five barley loaves and two small fish. But God's believing servants have sufficient. They have a story to tell. It is put into "living words" for them. God has not called His servants to preach sermons. He has called and sent them forth to feed the lost with the "bread that cometh down out of heaven" (John 6:33-35).

I once heard a man express himself of a preacher. The reason he was so nervous and so easily disturbed was, as he thought, because the preacher was trying to save a sermon instead of souls.

God Gave the Increase
How quietly those disciples went about their work of distributing the loaves and fishes to the multitude! Were their hearts fluttering with fear that their Master might not, after all, be able to make their supply sufficient? But the supply kept coming and they kept on feeding. Peter did not run back and say, "Lord, I demand of you to know how such a thing as this is possible before I hand out another loaf."

But many of us doubters in these modern days question the miraculous and refuse to dish out Galilean fish. So, we resort to all sorts of fantastic, spectacular, peacock methods of attracting the multitude and then feeding them upon dry moldy (scientific) crumbs and ill smelling sociology (the so-called "social gospel").

Shame on our present method of teaching and preaching that after we have finished with our very best, the Christian finds it very awkward to take the Bible and get out of it any nourishing food for himself. I once saw a mother who thought her baby's food was too solid for it to masticate. So, she chewed the food thoroughly and then gave it to her baby.

son and Mr. and Mrs. Belvin Cantrell were visitors in the Dozier community Sunday.

Lois Staley received a sprained ankle while playing ball Wednesday.

THE HONEST HIGH TEST MOTOR FUEL
at the price of ordinary gasoline

Phill-up with Phillips for Instant Starting

THAT glint of doubt in this young man's eye says, plainer than words, "You gotta show me."

Car owners with this I'm-from-Missouri attitude are the best "prospects" for Phillips 66 Poly Gas. They doubt claims; they want facts. So here they are:

It is a fact, proved by thousands of scientific laboratory tests, that Phillips 66 is the highest test gasoline which you can buy at regular price. It is a fact that Phillips is the WORLD'S LARGEST producer of natural high test motor fuel; which explains why Phillips can give you higher test without higher price.

Why not find out what this premium-quality gasoline will do in your car? Phill-up with Phillips and feel that difference! You'll discover that your motor starts faster and warms-up sooner. You'll use less choke and go more miles to the gallon. You'll get less vibration and more power, less noise and more speed.

See if it doesn't cost less to run your car better, by stopping for a trial tankful at any Orange and Black 66 Shield.

New Safety Tire is Announced by Dealer
 Says Tire Permits Quicker Stop than Any Ever Built—Has Special Tread Design

A new automobile tire, incorporating a revolutionary development in tread design engineered to give the most positive non-skid and braking effectiveness so far developed, is announced by H. J. Garrison of the Garrison Service station, Wheeler. The tire was produced after three years of research and test by the B. F. Goodrich Company, Akron, Ohio, America's oldest tire manufacturer.

"This new tire, we believe is one of the most outstanding contributions ever made to greater safety on the streets and highways," Garrison said. "The special tread design adopted after more than 100 types had been tested and rejected, will do much to prevent those accidents caused by skidding or inability to stop quickly enough when an emergency arises.

"There were several hundred thousand accidents last year resulting from skidding and in many of these mishaps one or more people paid with their lives. This toll is constantly increasing according to insurance company figures.

"The new tire is now in Wheeler and may be inspected at any time," Garrison said.

Motorists of this region are invited to watch the columns of The Wheeler Times for further particulars concerning this tire. The information will appear in a series of advertisements beginning next week and continuing for some months.

Rural Aid Payments Expected by April 1

During a telephone conversation yesterday with J. B. Speer, deputy state superintendent, B. T. Rucker, Wheeler county superintendent of instruction, learned something definite and of interest regarding when rural aid funds for school purposes may be expected.

According to Speer, rural aid payments will be forthcoming by April 1, and possibly a little earlier than that date.

Approximately \$40,000 of rural aid is anticipated for Wheeler county. Rucker was advised that all applications from this county are in good shape and are receiving approval by auditors.

Heavy volume of applications, incurring a huge amount of office work, is ascribed by Speer as cause of the delay in getting payments out.

EMERGENCY SEED AND FEED LOANS NOW AVAILABLE HERE

Beginning on Monday of this week, applications for emergency crop and feed loans for this region are being received at the office of D. A. Hunt, Wheeler. Assisting with the work and in charge of the office is Mrs. C. J. Collier.

These loans are made available through the Farm Credit administration to provide funds for seed and feed purchases during the coming crop season. They are to permit planting of food, feed and commercial crops by those who are unable to obtain credit locally or elsewhere.

It has been found in experience of previous years that this loan program serves an excellent purpose and has received a substantial usage by a considerable number of farmers.

MODERN EXPRESS RIDER SPENDS SATURDAY NIGHT HERE ON JOURNEY SOUTH

Reminiscent of early days of the West in garb and mode of travel, "Lobo Jim" Wilcox, riding his faithful horse, Smokey, reached Wheeler late Saturday evening to spend the night after a 70-mile ride that day via Perryton and Canadian. Bound for Fort Worth, which he expects to reach in seven days after leaving Guymon, Okla., early Friday morning, Wilcox is advertising the Pioneer Day and Panhandle Stampedede at Guymon on May 1, 2 and 3.

Wilcox was carrying mail that will go to 39 states and four foreign countries to be posted at Fort Worth. Two letters were picked up at Wheeler. One was addressed to Frank Reeves, the Chuck Wagon Gossiper, and the other to John Hendrix, editor of The Cattleman and West Texas Today magazine, both of Fort Worth.

This modern prototype of pioneer express riders wore early western garb and sported a beard that would gain instant admission to Shamrock's Hibernian tea party next week. Wilcox declared he is really and truly a cowboy—and looked the part.

With the customary reticence of the calling he represents, together with indifference to the task before him, Wilcox observed: "I was hired by the postmaster at Guymon to advertise the big celebration there early in May and expect to do the job to the best of my ability."

MOBETTIE COMMUNITY BLUE BONNET CLUB HAS MEETING

The Blue Bonnet club of Mobeetie and vicinity enjoyed a delightful session at the home of Mrs. Trey Hardin, in Mobeetie, on Wednesday of last week, with Cuba as the topic for study.

The program included the following: "The Geography of Cuba," Mrs. Ralph Martin; "The History of Cuba," Mrs. H. E. Matthews; "What Cuba Offers the Tourist," Mrs. G. L. Key.

Mrs. H. L. Flanagan and Mrs. Trey Hardin sang "The Glow Worm," which was enjoyed very much by the audience.

Roll call was answered with "Exports of Cuba" by Mesdames French Bristow, R. William Brown, J. L. Collins, John Dunn, O. W. Elliott, H. L. Flanagan, Willard Godwin, Roe Green, N. M. Hunt, E. E. Johnston, G. L. Key, Ralph Martin, Jack Miller, R. P. Watts, H. E. Matthews and the hostess, Mrs. Hardin.

Delicious refreshments, featuring St. Patrick's Day colors, were served.

MRS. MAYO IS HOSTESS AT SHOWER FOR RECENT BRIDE

Mrs. John Mayo gave a miscellaneous shower honoring Mrs. Gene Smith who, before her recent marriage was Miss Christella Crafton, at the Mayo home Thursday afternoon.

Those attending or sending gifts were Mesdames W. W. Underwood, E. B. Smith, J. C. Bradstreet, J. W. Wallace, C. W. Crafton, R. H. Forester, C. Bryan Witt, Jimmie Mitchener, W. A. Goad, O. Nation, Elwood Shira, Boyd Burk, H. Briley, S. M. McCracken, Mattie Goad, Homer Pitcock and Walter Bonner. Misses Eunice Crafton, Adell Hampton, Dessie Smith, Marvella, Margie and Betty Lou Wallace, Etgie Wilsford, May Underwood, Berga Goad, Elizabeth Balch and Mrs. Jacobs.

MRS. FARMER IS HOSTESS TO LONDON BRIDGE CLUB

Mrs. Fred Farmer was hostess to members and guests of the London Bridge club at her home on Thursday afternoon and served a salad course to:

Mesdames Ed Watson, Joe Hyatt, Buck Britt, Tom Britt, Tobe Frye, A. B. Crump, R. P. Watts, J. I. Maloy, Roy Puckett, Bob Bowers, Roe Green, John Templeton.

Mrs. Watson took high member's prize, while Mrs. Buck Britt received low prize.

Mrs. Joe Hyatt will act as hostess to the club on March 17.

Missionary Circle Meets

The Samantha Stanley circle of the Baptist W. M. S. met Monday afternoon at the home of Mrs. Raymond Waters.

Mrs. R. A. Lile read the devotional from John 15, followed with prayer by Mrs. J. H. Richards. A review of the book, "Women Under the Southern Cross," was given by Mrs. Waters.

Those present were Mesdames J. H. Richards, R. A. Lile, J. M. Burgess, E. H. Herd, W. E. Collins, Roy Esslinger and the hostess, Mrs. Waters.

HOSPITAL NEWS

Mrs. Dave Futch of Mobeetie underwent a major operation today. Mrs. Clark Baker entered the hospital Tuesday for treatment. Mrs. Merrel Dixon of Briscoe underwent a minor operation Wednesday.

Mrs. Barney Gatlin of Laketon entered the hospital Wednesday for medical attention. Deany Tipps underwent a minor operation Monday. Mr. and Mrs. Homer Dawson brought their baby to the hospital Tuesday for treatment.

Helen Gilmore Visits Here

Miss Helen Gilmore, a student at W. T. S. C. Canyon, came home Friday evening to spend the week end with her parents, Supt. and Mrs. J. L. Gilmore, and brother, Earl. They met her in Pampa and Mr. and Mrs. Gilmore took her back Sunday afternoon to Pampa, from where she continued to Canyon.

ALLISON GIRLS TAKE TWO OF THREE GAMES

priority by winning, 35-24. Jones, of 24-point fame, gained scoring laurels with 11 points. Brown, also of Allison, and Knight of Mobeetie tied for second place with 10 points each, while Hester of Conlen chalked up 9 tallies for a close third.

Smith of Mobeetie left the battle in the third frame on personal fouls and Dillon of Allison followed in the fourth.

The score was close at all times during the first three quarters, but Allison developed additional power and Brown snatched the game out of the fire by scoring some neat oblique shots. Jones aided with her death-dealing crips.

The Rambettes led, 11-6, at the end of the first quarter. Mobeetie held them with an airtight defense during the second period when they failed to score a counter. Each team staged a short-lived scoring rally in the third bracket, Allison garnering 10 and Mobeetie 7 points, to open the fourth with a reading of 21-17. The final count was 35-22 for the state tourney entry.

"Butch" Clark and Kenneth Kendrick, both connected with the athletic department of the Groom schools, called Friday night's decisions and did a splendid job of it. Coaches, players and spectators expressed highest compliments on the fair and accurate manner in which these young men refereed the game. They not only knew the technique of girls basketball under the new rules, but applied their knowledge through alert and close application to the task in hand.

Starting line-ups were:
 Allison—O. Jones, Brown, Garner, Wright, R. Jones and Dillon.
 Mobeetie-Conlen—Hester, Knight, Huff, Ferguson, Lancaster and Smith.

COTTON MARKET QUOTA POLLING PLACES NAMED

(Continued from First Page)

movement in adopting the following resolutions:

"Resolved; That the new farm bill be given an opportunity to prove its value and be given the opportunity to prove that it is workable.

"Resolved; That every cotton producer who grew cotton in 1937 go to the polls on March 12 at their convenient voting place and cast their secret ballots, and that the Wheeler County Agricultural association approve of cotton marketing quotas and urge its passage at this time to allow an opportunity for its trial. If it is not workable, it may be voted off for the 1939 cotton year."

Who Are Eligible?

Eligibility to vote is based on the following qualifications:

1. Only cotton farmers who were engaged in the production of cotton in 1937 are entitled to vote.

2. No cotton farmer, whether individual, partnership, corporation, firm, association or other legal entity, shall be entitled to more than one vote in the referendum, even though he may have been engaged in 1937 in the production of cotton in two or more communities, counties or states.

3. There shall be no voting by proxies or agents, but a duly authorized officer of a corporation, firm, association or other legal entity shall be allowed to cast its vote.

4. In case several persons, such as husband, wife and children, participated in the production of cotton in 1937 under a lease or share-cropping agreement, only the person or persons who signed or entered into the lease or share-cropping agreement shall be eligible to vote.

5. In the event two or more persons engaged in producing cotton in 1937 jointly, in common, or in community, each person shall be entitled to vote.

6. Since marketing quotas are not applicable to cotton the staple of which is 1 1/2 inches or more in length, a person who has engaged in the production of such cotton in 1937 shall not be eligible to vote unless he has also engaged in the production of cotton in 1937, the staple of which was less than 1 1/2 inches in length.

The fact is stressed that since this referendum is strictly concerned with cotton production, payment or non-payment of poll tax has nothing to do with eligibility to vote.

Theodore Conner went to Lubbock last week and is working at Stenson's Dry cleaning shop.

School Secures Assistant Librarian

Miss Minnie Dee Gibbins Employed to Aid Mrs. Vera Jamison in History Section

First a librarian and now an assistant.

That is the record of the Wheeler high school library for the school session.

For the first time in history a full-time librarian was employed last fall at the beginning of the term. This week Miss Minnie Dee Gibbins assumed the duties of assistant librarian.

The greater part of her work will be with the history reference and magazine section. She will also aid in mending worn books.

Mrs. J. L. Gilmore, head supervisor, and Mrs. Vera Jamison, librarian, are quite elated over the new assistant. "It certainly will be a great help in keeping up with books and magazines and in waiting on students," is their joint comment.

Students to Select Senior Favorites

There will be a high-time in the old school before long. An election will be held to elect the best all-around girl and boy from the senior class.

Giving them all something to do, several of the classes have been asked to help. The public speaking class will do the campaigning, the civics class will hold the election, journalism students will conduct a campaign with news stories, editorials, etc., the typing class has been asked to type the ballots and the commercial law students are to check upon the voters.

Those eligible for voting must not have a "D" on their report card. Seniors having a D this year cannot run. The date of the election has not yet been set.

CORRALS TO BE SENT LEAGUE PRESS CONFERENCE

Do we have a chance? That is what the journalism class is wondering.

"To be eligible for consideration in the judging a paper must have been issued at least eight times before March 1 and a copy of each issue must be available for the judging." These are the qualifications stated in a letter from Dwight Reddick, director of the Interscholastic League Press conference.

Only two copies of the Corral have been sent to Reddick. However, Miss Bernie Addison, sponsor of the journalism class, intends to send the other copies.

Hesitlow to Conduct Assembly Program

Public Speaking Class Will Give Interesting Facts on Literature

Maryian Hesitlow will be in charge of a program presented by the public speaking class before the high school assembly at the activity period tomorrow morning (Friday).

As the opening number, a quartet composed of Irene Hunt, Mary Belle Johnston, Earl Gilmore and Grady Anglin will sing "Josephine" accompanied at the piano by Ethel Claire Raney.

"Interesting facts about a book" will then be discussed by Maryian Hesitlow, Helena Jones, Clyde Ayres and Grady Anglin will speak on "Interesting Authors." A song by the group will follow. "Characters from Fiction" will be given by Carolyn McBea and Cecil Parker. The closing number will be another song by the group.

Raney, Faust Win Debate Eliminations

"Resolved: That Texas should adopt a unicameral system of legislation" was the topic for debate to select a girls' team to represent Wheeler high school in the county league meet. Ethel Claire Raney, Marion Smith, Grady Anglin and Ruth Faust were participants. Ruth, Marion and Ethel Claire argued the affirmative side, while Grady argued the negative. The affirmative side was declared the winner. Ruth Faust and Ethel Claire Raney were chosen to debate in the league meet. Judges were Mrs. J. L. Gilmore, C. B. Witt and Rev. Taft Holloyer.

QUILL AND SCROLL GETS NEW CHAPTER CHRONICLE

A copy of the new "Chapter Chronicle" was sent to the Wheeler Quill and Scroll organization early this week. The new edition takes the place of a loose-leaf book, in which are kept minutes of Quill and Scroll Press club activities.

The journalism class will send in some items and articles for the next issue of Quill and Scroll magazine which will be of interest to other staffs and advisers.

EDITORIAL BY ASHLEY QUOTED IN NEWS-GLOBE

This is getting to be a habit. The Corral got another one of its editorials quoted in the Sunday Amarillo News-Globe. This is the second editorial written by Vergie Ashley that has been printed in that paper this year.

The subject of the editorial was February heroes. Vergie is one of the assistant editors of the Corral.

LITTLE BO PEEP RHYME COMES TRUE

"Leave them alone and they'll come home."

Anybody that wants to know how large Shamrock is, just ask Christine, Kathryn and Harriet Timney. They probably will tell you that it is quite a big city, at least in which to find a car.

After coming out of the show last Saturday these girls couldn't find their jalopie. However, they were able to catch a ride home, thanks to John Cox of Shamrock.

Faculty to Present Second Play of Year

Cast will Include Entire Group of Teachers

As an addition to the athletic fund the Wheeler school faculty again plans to present a play. An effort is being made to secure a play with a large enough cast that all the teachers may participate. "The earliest possible date for presentation," stated Mrs. Gilmore, "is late April, and in all probability we will wait until the first of May." The farce will be selected from the following three: "Friday Afternoon at a Village School," "The Crossroad Store" and "The Old School at Hick'ry Holler."

Speech Class to Give Program at P.-T. A.

Members of the public speaking class will furnish entertainment at the P.-T. A. meeting to be held Tuesday, March 15, at the gymnasium auditorium. Mrs. J. L. Gilmore, instructor, will be in charge.

The remainder of the program is to be under the direction of Miss Lois Kirby, chairman of this committee. The opening talk will be given by Miss Pauline Irons on "School Days Bring New Tasks." Immediately following this Miss Imogene Holbert will discuss "Purpose of Education." Helen Scott will then sing a song, followed by a discussion of "Grades" by Mrs. Ethel Ahler. "Vocational Guidance" will be the topic Mrs. Lee Guthrie will present.

Warren May Attend Roosevelt Interview

Millers Decline Press Invitation; Aubrey May Represent Times at Amarillo

"The best laid plans of mice and men..."

In spite of this old saying, however, Corral staff members were excited early in the week over prospects that one of their number might be present at the press interview with the First Lady of the Land Wednesday.

C. G. Miller, editor of the Wheeler Times, received a letter Monday from John McCarty, editor of the Amarillo Daily News, inviting him and his wife to attend the press conference with Mrs. Franklin D. Roosevelt and the lecture by her Wednesday evening in Amarillo.

Millers Unable to Attend As that is press day, Mr. and Mrs. Miller were unable to accept the invitation. Plans were made to say Tuesday for Aubrey Warren, makeup editor of the Corral to represent The Wheeler Times at the Mother-in-Law celebration.

Through the kindness of Bonis Hooser, assistant county agent, Aubrey was given permission to go on the 4-H club truck to Amarillo. There, early Wednesday morning, he was to see McCarty and give to him a letter of introduction from Miller, stating that he is the Times representative.

If given the passes, the Wheeler Corral reporter planned to go to the press conference and the lecture that evening in the municipal auditorium.

Reporter May Sit on Platform Although Aubrey hardly hoped for such good luck, newspaper men, according to McCarty, were to sit on the platform at the lecture.

Aubrey, a senior, is prominent in school activities. He was assistant sports editor of the Corral last year and this year devotes several hours a week to putting out the paper, although he gets no credit for it.

This year he lettered in basketball, playing center position. Aubrey belongs to the Quill and Scroll Press club and the Spanish club. He is on the boys' debate team for the county meet.

JUNIORS POSTPONE PARTY UNTIL TOMORROW NIGHT

The junior party that was scheduled for Friday night, March 4 was postponed till tomorrow night, Friday. The following class members were selected on a committee to plan the party: Helen Scott, Jerry Lewis, Johnnie Faye Templeton, Gerald Robertson and Scotty Risher.

SHOW YOUR TALENT WITH STUDENTS IN SCHOOL PROGRAMS

In behalf of an estimated 30,000 actors, talent now comes before you. There is seldom found a student who has not at one time built air-castles of being on the stage as an actor or actress.

Small children get a thrill out of putting on shows at home or to themselves. They often imagine themselves bowing before a great audience and hearing thundering applause.

Prior to going on open stages, movie actors and singers had always wanted to rise to this high standard. They had thought and even dreamed about it. The same is true with students in school. They may not get to be a real actor but most everyone has talent hidden under the surface. The seal of fear can be broken and a student's best work can be made known. Most of them are waiting for a trial.

Entertainment is the heart of young people's life. Schools are increasing their programs, plays and other activities for the students who are inclined to be timid. Your chance will come; there are still possibilities.

SPRING, BUT NOT FEVER IS COMING; (WE HOPE)

Spring is just around the corner. Soon the green grass and brightly colored flowers will begin to appear and the chirping of birds will become a familiar sound to our ears. Picnics, hikes and many other pleasant entertainments will occupy our time. As a result of spring, banquets, plays and trips will appear.

Even when the sand is whirling, (maybe it will forget to) thoughts of pleasant days to come will fill the minds of students.

Although spring is a delightful season, must we get the spring fever? You may enjoy the warm, balmy weather and yet not become what is called lazy. After the bleak coldness of winter the change will be welcome. Why forget other important things?

The weather will still be just as enjoyable and pleasant if we "keep up" our lessons. So, do not forget your school work even if spring is just around the corner.

SNUBBING POST

A good-night tune suggestive of romance is heard in "I Can Dream, Can't I?" (No).

Elsie Weeks is continually seen wearing some Mustang sweater. Perhaps it's her brother's, or perhaps not!

James has taken his "Lulu" from his old football sweater and decorated the new one with it.

It was rumored that "Dollar Eyes" told a certain lass that there was only one girl in this school that she would think of marrying. So girls, don't waste your proposals on him!

Yesterday, a work-a-go, there were snobs on all the football boys' faces. The reason: they had just received their jackets. Those who have been honored by getting to feel of them say they are "Oh, so smooth." They really do look "slick." However, they are so easily snagged the boys won't let you run your fingers over them for fear your hands might have a rough place on them. Perhaps they are just "proud."

Howard Nation's blue shirt is very becoming to him. We suggest that he center his wardrobe around blue. Anyway a certain little blond says that she thinks the color blue makes his eyes look so romantic. A hint to the wise is sufficient.

HARRY GARRISON says he met the object of his affections Thursday night. What, again?

LAVELL JACO wears her hair with a little horn on each side of her head. Someone said it looked like an angel. I guess I've had the wrong idea all these years. I was under the impression that horns were signs of the d—. Speaking of hair dresses, braids seem to be rather popular with the H, H, lassies.

One of MISS KIRBY'S green blouses is a VERY PRETTY green. Had you noticed?

Chums of the best sort—SYBIL TODD and MARYIAN HESTLOW. It has been said that a certain SENIOR GIRL was a "pretty good fixer" at the ball game last Thursday night.

We are giving a plain "ole" boast to: C. G. MILLER for printing the Corral every week; GAYLE WILSON for being a smart student; JOHNNIE FAYE TEMPLETON for being the blues singer, and former students who have made good.

In looking over some old copies of the TREADOR it was noticed that NOEL BRYANT, Wheeler graduate of '33, was elected Captain of company B by the Tech ROTC unit in a recent election. Good luck to you, NOEL.

Caught in

The Lasso's Noose

"Talk about the bad man and his angel will appear." Don't look now, but, that gossip is here again.

JOHN MILTON was blind, but, don't be blind enough to not see what is going on right before your eyes. A new little girl is attending high. She is known as MISS IMOGENE HOLBERT, and wears blue and green ribbons in her hair.

I heard ... "Sumpin' about several 'fish' girls being hunted 'all around town' for" last Tuesday night ... PRESLEY GUNNEX coming "clank, clank," down the hall ... Some "kids" missing their bus and being left at home. (Anything to that?)

I saw ... MARYIAN HESTLOW walking around the campus in a black dress. She reminded me of the people of long ago ... Some dolls in the library. Are the FRESHMEN trying to break the press, or what?

As Fanny Brice would say, "Waa, I want a grey suit like Mrs. Nma Young's."
 "Daddy." "No, you can't have one."

Fanny: "Well, Daddy, why?"
 "Daddy." "Because we don't want to spoil Mrs. Young's looks."

Seems as though our six girls (who sang at the P. T. A. tournament) could all be HEANNA DURBINS, if they liked.

It is getting to be a habit for ... IRENE HUNT to wear blue ... JAMES OGORMAN to fall asleep in the study hall ... HELEN SCOTT to wear her hair a different way each day ... GORDON TOLLIVER and HERBERT TILLMAN to be discovered as cousins.

O boy! O boy! They got 'em. Our FOOTBALL BOYS are going around in full "MUSTANG" glory. They have their sweaters. Although these tokens are not for that purpose, I think they would look "SCRUMPTIOUS" on some of our "cute" cow-girls.

Another note:
 PENDLETON: What good does skiff practice do you?
 ROACH: Do you know what skull practice is?
 Pend: Yes.
 Roach: What is it?
 Pend: It is when you put on a head gear and the coach gets a baseball bat and lets you have it.

According to R. J. PICKETT, "BONEO" GILGORE was seen "courting" some Shamrock week. Bye, the Bye that note last week seemed to have brought results.

We don't know what was wrong with our journalism teacher Monday, but she insisted on going. "COOKOO! COOKOO!"

With the Exes

Friends, this edition completes news of the graduate class of '30. Just a word about their accomplishments may be welcome here.

The group edited and published the only high school year book, "The Mustang," ever to record activities in the old alma mater. Their basketball teams won a high average of the games played and its students finished with more than half of the group claiming above 90 class averages.

Frankie Carter was another member of the class of '30. She was a member of the Home Economics club and of the pep squad, also. Frankie held an office as class reporter in the year '29.

Neel Price was another graduate with the class of '30. He ran track in the year of '30. Neel now lives in Oklahoma.

Mrs. Cleo (Williams) Rush is another member and graduate with the class of '30. She was a member of the pep squad and Home Economics club. Cleo also played volleyball during her high school days.

Ronald Price, who ran track in the year of '30, was also a graduate with the class of '30. He now is living in Clovis, N. Mex.

Ella Martin also was a graduate of the class of '30. Ella was a member of the Guestonian society. She now is living near Wheeler.

Augusta Wadsworth, who was a graduate with the class of '30, was a member of the Home Economics club, Pep Squad and Guestonian society in the years of '29 and '30. She now lives near Wheeler.

Sherman Smith was a graduate of the class of '30. He married Elizabeth Taylor, who was also a member of that class. They now live near Wheeler.

Irene Thornton was a member of the pep squad and Home Economics club during her high school days. She was a graduate with the class of '30.

Helen Gilmore, who is attending school in Canyon, was home visiting her parents and friends over the week end. She was a graduate with the class of '35.

The person who clamors unceasingly for the maintenance of his self respect, we usually find is harboring, instead, unwarranted egotism.

If a girl lends a boy a pencil, she always has an excuse to talk to or about him.

Four Students Make All A Honor Roll

Pupils with Names from A to Z are Smarter than Those from N to Z

Two freshmen, one sophomore and one senior made the A honor roll this week. They are Herbert Tillman and Thelma Hunter, freshmen; Gayle Wilson, sophomore; Irene Hunter, senior.

Counts shows that the students in high school whose names are from A to M prove to be more intelligent than those from N to Z.

Those on the honor roll from A to M are Vergie Ashley, Marge Bowers, Elizabeth Balch, Elva Belle Crouch, Ruth Faust, Joyce Faust, Lois Ficks, Marge Heid, Juanita Griffin, Earl Gilmore and Marge Shields.

Those from N to Z are Kathryn Tinney, Johnnie Elyse Tompkins, Cecil Sewell, Ames Page, James Parsons and Aubrey Warren.

First Grade

All A's: Barbara Farley, Margaret Ann Holt, Melba May, Keith McMillin, Patsy Ruth Noah, Wanda Shivers, Patsy Jane Williams, Lois May and Mary Newsum.

SUPT. GILMORE CALLS MEETING OF LEAGUE GROUP

Supt. J. L. Gilmore is calling a meeting of the Inter-scholastic League executive committee to convene here next Thursday night. They will make out the program for the coming meet, which will be held in Wheeler.

Tennis and playground ball eliminations will be March 25 and 26. All literary and track events are scheduled for April 1 and 2.

There is no folly in the blindness of love. The folly is rather in the love of blindness.

Believe it or Not "Bodie" Cole Once Proposed—Was Turned Down

With many smiles and many chances for laughs, the jolly LaVean Cole appeared before the journalism club for a group interview last Wednesday.

The blue-eyed "Bodie" seemed much at home in the teacher's chair, even at it was the first time he visited school since graduating in 1935.

Wheeler is the only school LaVean has attended, coming from Pampa just before it began to grow. He says Wheeler schools are much improved. Particularly in the matter of more buildings, than when he attended high. Although he never participated in athletic games, "Bodie's" favorite hobby is watching sport events.

While attending Wheeler, he was a member of the Spanish club and wrote the humor column of the Corral.

William Powell and Myrna Loy should feel highly honored to be the highest of fifty fellows' first choice along the "star line." Jack Benny should be proud to be the favorite along "the air waves."

Grades Prepare for League Meet

In literary events of the Inter-scholastic League sixth and seventh grades spelling eliminations were scheduled for Thursday. Declamation, essay, and fourth and fifth spelling eliminations will be held next week.

Those to represent the school at the county meet in picture memory are: Louise Tillman, Simmie May, Jean Hill, Gene Parker, Marie Warren, Eula Boatman, Melba Lamb, Donald Hunt, Artie Lee Mullins and Neva Jane Weatherly.

Neva Warren and Melba Barnes are entering essay writing. Students coming out for fourth and fifth grade spelling are: Bill David Curley, Carroll Pettit, Jean Hill, Geraldine Williams, Louise Tillman and Neva Jane Weatherly.

Hestilow Heads Speech Program

Today (Friday) the public speaking students are going to present another program at the activity period. Maryvian Hestilow is in charge of it. Different pupils of the class will imitate characters from some of the books from the library.

There will be several numbers by a quartet consisting of Mary Belle Johnston, Irene Hunt, Grady Anglin and Earl Gilmore.

Readings will also be given by one of the pupils in the class.

JOURNALISM ENTERTAINMENT IS SET FOR APRIL 12

April 12 has been set aside by the journalism class as the date for their next public entertainment which according to Miss Bernice Addison will probably be an Easter fashion show.

Funds from the presentation will be used to pay press association dues next fall and to finance a pleasure trip for the class.

GILMORE RECEIVES LETTER FROM STELLA COOPER

Mrs. J. L. Gilmore received a letter this week from Stella Cooper who is enrolled as a sophomore at Compton, Calif. She said that she has been making the honor roll there. Stella was a freshman last year.

When asked when he "suffered" his most embarrassing moment, the interviewee answered, "When I asked my girl to marry me and she wouldn't."

LaVean is employed by the Citizen's State bank. His work is composed of posting about 500 checks and waiting on the window each day.

Upon being asked if he ever found any bad checks, he replied, "Oh, yes. I run across those every day. When I find one, I just dash down the street and take the money off the person who cashed it. If he is broke, I just go to a place a little worse than the court house."

LaVean is in favor of boycotting Japan because "they have been catching too many of our fish." He is for naval and army improvements since, "If we gotta go into war, we might as well go into it right."

At this point of interview, Wallace Pendleton, another ex-student, came to the door and the guest left saying, "Well, I got to go now. Certainly had a nice time."

March 15 is Date for Story Telling

Elimination to be Held in Gymnasium-Auditorium

Elementary grades story telling eliminations for county league meet will be held in the Wheeler gymnasium-auditorium March 15. Judges of the contest will be Mrs. R. H. Forrester, Mrs. Willetta Tompkins and Mrs. Joe Hyatt.

Second grade participants are Leon Hiltbrunner, Paul Waters, Floy Bradstreet, Dorothy Baker and Virgil Denham.

Entries from the third grade are Jimmy Cantrell, Bobby Rogers, Wanda Tolliver, Patsy Wiley, Addie Lee Tinney and Bob Mitchell.

Three stories will be read to the children from which they may pick one and tell it in their turn. The order in which participants appear will be determined by drawing numbers.

Mrs. John Hood and Mrs. C. C. Crowder, sponsors, invite the public to attend.

Irons Gives Magazines to Library

Miss Pauline Irons, first grade teacher, gave the Wheeler school library about four dozen copies of the Saturday Evening Post recently. According to Mrs. J. L. Gilmore, his contribution is very much appreciated.

School to Get New Typewriter

A representative from the Russell Typewriter Company of Amarillo visited school last Friday and left with the old typewriter that was in the office. In return he is going to bring a "brand" new one.

BONERS FROM TEST PAPERS

John Bull is the king of England. The column I have chosen to study is Old Tact.

Patrick Henry spoke before in 1917 showing our need of entering the World War.

Henry Clay gave the Gettysburg address.

John Muir was a baseball player. We entered the World War in 1817.

Woodrow Wilson was spelled Wood Row.

Future Homemakers of Texas

Home economics I students are enjoying studying about "How to Make Our Home More Livable" and just what kind of furniture should go to make up a home. They also have been studying how to keep house, cook, make beds etc.

Home economics II girls are just about finished talking about their tailored dresses and are about ready to start ordering their patterns and material suitable for their tailored dresses.

Most of the girls in home economics III have done quite a bit on their special occasion dresses. A double period is set aside for home economics but when it comes to working on a unit that most of the girls are interested in, such as sewing, those two periods pass by like lightning.

In fact the girls say they didn't get a thing done. To top it all, one girl just got three loops sewed on her dress during two periods. The girls in all classes are progressing "slowly but surely."

FROM OTHER BRANDING IRONS

Grace Elizabeth Roth and Rupert Richardson, jr., of Hardin-Simmons university were chosen as "Brand Beauty and Best of 1938."

They laughed when I walked out on the dance floor with a paper bag filled with water. They didn't know I was going to swing it.

A ballot for establishing a date-bureau for the junior and senior banquet was held by the Pony Express of Sweetwater. The boys were against it, while the girls were in favor of it.

"All those who would like to go to Heaven," said the Sunday school teacher, "please raise their hands."

All did except one. "Why, Johnny," exclaimed the teacher, "wouldn't you like to go to heaven?"

"Now," said Johnny, "not if that bunch is goin'."

Thirty-two students at the University of Nebraska are working their way through school by scraping bones of prehistoric animals for the university museum.

"Look here," said the boss to the clerk, "what does this mean? Someone just phoned and said you were sick and wouldn't be in the office today."

"The jake's on him. He wasn't supposed to phone you until next Friday."

Wiley Gives Magazines

To help the history students with current events for a scrap book, Mrs. H. M. Wiley contributed about a year's subscription of News Week and Literary Digest recently.

No one is so "little" that he can't back the Mustangs.

Erick Boxers to Vie With Wheeler Here

Bob Clark to Bring 11 or 12 Fighters for Dual Meet Tuesday

At 7:30 next Tuesday night Coach Bob Clark will bring to the local ring at the gymnasium his group of 11 or 12 fighters for a dual meet with the Wheeler boxing team.

Bob Clark is former coach of the Wheeler Mustangs, under whom Cain, present coach of Wheeler, worked last year. With this fact and a full card of approximately 15 bouts, fans are promised one of the wildest nights of leather slugging in this section of the country.

Clark is well known throughout the region for the excellent teams he builds. Cain won the boxing tourney here last year while working as Clark's assistant.

Erick lost to the Canadian boxers in a meet at the beginning of the fistie season. They are supposed to be much improved at the present and one of the best cards of the season is in prospect.

Volleyball Team Invited to Miami

The Wheeler high school volleyball team has received an invitation to a volleyball tournament at Miami on March 21-22. Miss Adams states she has good material and if they get to practice regularly they will have a good chance to win. Games may be matched with Kelton and Bessie before the Miami tournament.

Twelve girls to represent the Wheeler school have been picked. They are Crouch, Maxwell, Milum, Derryberry, Johnson, Johnston, Bowers, Swan, Tension, Scott, Weeks and Ficke.

RAMLINGS ON THE RANGE

Inez Hunter spent the week end in Kelton.

Helen Scott and Virginia Burgess camped at Silver Lake Sunday night. Velma Hestlow went to Childress Sunday.

Mrs. E. C. Rancey visited school last Thursday.

Imogene Jamison motored to Shamrock and Mobeetie last week.

LaVeau Cole and Wallace Pendleton visited school last Wednesday.

Juanita Voyles visited school Monday.

Mr. and Mrs. Stina Cain spent the week end in Amarillo.

Elva Belle Crouch spent Sunday with Mela Crouch.

Betty Gene Coil spent Sunday with Juanita Voyles.

Miss Imogene Holbert spent the week end in Amarillo.

Mrs. Nina H. Young visited in Roby over the week end. She was accompanied by Elsie Weeks.

Oleta Carter spent the week end in Kelton.

Mrs. W. I. Jess of Erick, Okla., visited Mrs. G. O. McCrohan Saturday.

The ratio of the 1937-38 journalism class (boys to girls) was 1:3.

12 Girls Picked for Volleyball

Miss Winona Adams, director of volleyball, announces that the following students have been selected from which to choose the team of nine which will represent Wheeler at the Interscholastic League meet.

Elva Belle Crouch, Marge Bowers, Mary Belle Johnston, Euboea Ruse Swan, Oleta Carter, Inez Hunter, Norma Lou Maxwell, Leota Tennison, Helen Scott, Marilyn Johnson, Ira Jo Derryberry and Kathryn Timney.

Several juniors also entered the volleyball contest. However, they are coming out for playground ball, when it is organized.

MISS HOLBERT SETS APRIL 5 AS DATE FOR JUNIOR PLAY

Miss Imogene Holbert has set the date for the junior play to be April 5. Announcement regarding the cast will be made in next week's Corral, as troupes were scheduled for Tuesday.

The annual junior-senior banquet has been arranged for April 15, the Friday evening before Easter Sunday.

P.-T. A. Clears \$11.50 at Tourney

The P.-T. A. received \$11.50 as their share of the proceeds taken in at the "42" tournament last Tuesday. The Girl Scouts received \$3.50 of the money for selling tickets.

Coward Wins Honors at Judging Contest

W. L. Coward, freshman, a member of the vocational agriculture judging team competing in the livestock judging contest in Amarillo March 7, was one of the individual high scorers. Out of a possible 400 points, W. L. scored 353 but the team itself did not place.

The three boys completing the team were W. L. Jolly, freshman; Edwin Robertson, sophomore, and Jake Trout, freshman. Four teams from New Mexico, eight teams from Oklahoma and 18 teams from Texas were entered in the contest. The group from Snyre, Okla., won first place.

Two classes each of beef cattle, sheep and hogs were subjects for the contest. W. C. Zirkle and his agriculture boys returned to Wheeler after the decisions at 7:30 o'clock Monday evening.

7 Boys Working Out for Spring Football

At present there are only seven boys working out for football. Some of the other prospects are coming out for boxing.

At the end of this week the boys will check in their suits and track will begin. Immediately after track meet football will start, with many boys out for positions.

The boys who are working out are Harrison Hall, Jack Pitcock, Arthur Reed, Herbert Green, Joe Markham, Bob Noah and H. V. Compton.

FORMER STUDENT ENROLLS AT BUSINESS COLLEGE

Marvin Montgomery, graduate of '35, visited Miss Bernie Addison for a short time Sunday afternoon. He has resigned his position on the Memphis Democrat in order to attend business school at Wichita Falls.

Here Marvin plans to take a book-keeping course until the ginning season opens. At this time he has the offer of a position in Shamrock.

SCOUTS DISCUSS PLANS TO ATTEND CELEBRATION

Meeting with Melba Wiley in the Wiley building last Tuesday afternoon, the Girl Scouts discussed going to Amarillo for Mothers-in-Law day.

About 12 scouts played games after the business part of the meeting was over. At this time it was disclosed that the group made \$3.40 by selling tickets to the P.-T. A. tournament, held last Tuesday night.

MARION SMITH TO BE QUEEN OF FLOAT ST. PATRICK'S DAY

Marion Smith of Magic City, has been chosen as queen of one of the floats for the St. Patrick's Day parade to be held in Shamrock on March 17.

Marion is a junior in Wheeler high school. She is a member of the Quill and Scroll and the Wheeler Municipal band, and was one of the four runners-up in the personality contest held here last fall.

Imagination is one of the greatest aids to journalism.

SPORT SLANTS

By a Mustang

Wheeler's underrated Mustangs received a just reward for their playing last Thursday. Thirteen jackets were given to the lettermen. They are black and gold satin with a felt Mustang on the back.

Speaking of the Mustangs, spring training is well underway this week. It is expected that they will have a game this spring to let some of them gain experience, although there are over a score of veterans back from last year.

The Mustangs should have a fine bag-bull team next year for they will have nearly the same group that they had last season. They only lost five men from a squad of 12, and there will be replacements from the juniors of last year.

Boxing and spring football seem to have nudged track out of its place as a minor sport. At present there is no one working out for track, although there will be workouts for track next Monday afternoon. After track meet football will begin the following Monday.

COLTS

Doc Keeps Busy

Dolores Ahler has returned to school in the first grade after five weeks of illness. Lois May of the first grade is now ill. Beba Mahler is back in school after surviving the scarletina.

Strayed

Mary Jo Ivy spent Saturday night and Sunday with Tommy Jo Pendleton. Celesta Jean Wiley went to Shamrock Wednesday night.

Rancher Loses Bronco-Busters

Mary Newson has moved to San Jon, N. Mex.

Saddled Work-outs

The first and third grades have been studying about Independence Day and are now studying Holland. Those on the A and B honor roll in the second grade are Dorothy Baker, Joy and Floy Bradstreet, Charline Bradshaw, Cleo Hill, Vendell Starkey, Wiley, Valdo, Charles Carver, Virgil Denham, John Sanders and Paul Waters.

Elimination for the story tellers will be some time next week. Benny Westmoreland, Adlie Timney and William Barton brought magazines for the third grade room. The seventh grade civics class is now studying the constitution.

Several in the seventh grade are entering arithmetic for county meet. They are Lowell Pendleton, Charley VanPool, Kenneth Reeves, Herman Whitener, D. Miller, Odus Hooker, Billy Wiley, Glenn Charles, Inetta Maxwell and Juanita Shewood.

Sayings in the Bunk House

In geography class Mrs. McCrohan asked Naomi Merritt how Denmark got its electricity from Norway. "They ship it," she replied. Mary seems to get her verbs mixed up. Last week she called a linking verb a "linking verb."
