THE COUNTY SEAT NEWSPAPER

## Coordinating Body Meets Next Monday

Regular Monthly Session Monday Night, Feb. 24, in District Court Room Here

Announcement is made by Mrs. Paul W. Stauffer, chairman, that the Wheeler County Coordinating council will meet in the district court room here next Monday night, Feb. 24, at 7:30 p. m., for the transaction of business, including election of a new officer.

Mrs. Stauffer, named chairman at the January meeting, has moved out of the county, locating at McLean. She, therefore, becomes ineligible to continue in that office. Wayne Cook of Wheeler, vice chairman, according to usual procedure, will succeed to the chairmanship and a new vice chairman will be needed.

Mrs. Stauffer has fulfilled her duties as chairman of the council in a highly creditable manner and will be missed in its future activities. Her logical successor, however, is an able man, well qualified to carry on the work in a highly satisfactory manner.

In addition to its monthly nature, Monday night's meeting will also be annual in character, since the council was organized a year ago Feb. 29. At this time, officers and committee heads will present reports of accomplishments during the past year. A number of things have been proposed, and several of them brought to successful conclusion by this organization in the past year. Therefore, members and sympathizers with the movement are looking forward with interest to Monday night's program and reports.

The public is invited to attend and representatives of affiliated bodies are urged to be present, states Mrs. Stauffer.

## County Council Plans Activities on Monday

Home Demonstration Group Adopts Recommendations at Meeting in Court House Here

The Wheeler County Home Demonstration council, at a meeting in the court house here Monday, made plans for the season's activities. After extended discussion and careful deliberation, the following recommendations regarding events and dates were adopted:

1. That the council enter a float in the St. Patrick's Day celebration at Shamrock, March 17.
2. That Wheeler county have a Dairy Day at Wheeler.
3. That the council sponsor a style show in the Kelton gym June 6.
4. That the council sponsor an encampment at the Finsterwald Ranch, Aug. 14.
5. That the council sponsor an exhibit at the Tri-State fair in Amarillo.
6. That the council sponsor a county fair at Shamrock, Oct. 3 and 4.
7. That the council sponsor an exhibit at the State Fair in Dallas.

Those present, together with the clubs represented, were:

Mrs. John Daberry, Mrs. Floyd Carver, Kelson; Mrs. M. A. Pillers, Mrs. Milt Williams, Country Neighbors; Mrs. H. F. Krug, Davis; Mrs. R. L. Pike, Mrs. Gus Wegner, China Flat; Mrs. Perry White, Bethel; Mrs. Geo. R. Reneau, Heald; Mrs. Blanche Begert, Mrs. Walter McCoy, Mrs. Denver May, Mrs. Carl Levitt, Mrs. Cecil McCoy, Allison.

Mrs. C. A. Hodges, Mrs. T. C. Harless, Mrs. Bill Critser, Mrs. R. C. Curlee, Magic City; Mrs. J. W. Stauffer, May Ruth Stauffer, Pagan; Mrs. Bob Ramsey, Mrs. Clarence Zybach, Mrs. Lester Johnson, Briscoe; Mrs. J. H. Watts, Wheeler; Mrs. Hester Dodson, Twitty.

Misses Lucile Chance, home demonstration agent; Sybil Gidden, assistant home demonstration agent, and Maxie Lee Wilson, secretary, all of Wheeler.

## Briscoe Young Couple Leave for Rodeo Work

Mr. and Mrs. Wiley McCray, formerly of Canadian, but who have lived in the Briscoe community for several months, left last Saturday for Brownsville, where McCray begins work under a contract to clown and compete in trick riding and bull fighting with the world's champion trick riders and Mexico City's expert bull fighters.

They took with them Mrs. McCray's white albino mare, which she will use in trick riding and high school horse exhibitions.

Mr. and Mrs. McCray expect to work in rodeos throughout the United States and will return to the Panhandle upon completion of their engagement.

## FREAK EGGS SHOWN IN TIMES WINDOW

Hen fruit is the main article of display in The Times window. Heading the exhibit are four eggs nicely graduated in size from a tiny one measuring 2 1/2 x 3 inches in circumference to the big shot measuring 5 1/2 x 8 inches each way around. W. F. Wright brought the four eggs in Friday and requested a card on them reading: "From grass to Lawrence's mash." The other entry is two extra long, slender eggs, brought in yesterday by E. N. Hammer, who remarked that even the hens are turning out "stream-lined" products nowadays.

## Gilmore Again Named School Superintendent

Popular Educator Chosen for 10th Consecutive Year at Board Meeting Monday Night

Patrons of the Wheeler schools, together with a large circle of personal friends will be glad to learn that J. L. Gilmore was again named superintendent of the local schools at a meeting of the board on Monday

J. L. GILMORE

night. If he accepts the offer, it will be his 10th consecutive year as head of the schools here. In response to an inquiry Wednesday, the superintendent withheld definite decision regarding his acceptance but appeared favorably disposed toward it.

No action was taken at Monday night's board meeting regarding election of other members of the faculty.

Under Gilmore's direction the local school system has made steady and substantial progress, including erection of several new buildings and other added accommodations in recent years. Among these are the home economics cottage, the manual arts and vocational agriculture structures. Three years ago an addition was made to the grade school building which is now used by the high school, with the grades transferred to the old high school quarters.

Several units of affiliated credits have also been added during Gilmore's term of service.

He came to Wheeler from Turkey, Texas, after spending 14 years in school work, 11 years of that time as superintendent. He holds bachelor of arts and master's degrees from West Texas State college at Canyon and has done college work at Southwest Texas Teachers college and at the University of Texas.

## SIXTH SELECTIVE SERVICE CALL ASKS NONE OF COUNTY

Selective service call No. 6, received at the local office Monday, does not require any trainees from Wheeler county. Reason for this was not known yesterday by Tom Britt, board member, or Miss Florence Merriman, clerk.

Two trainees are leaving this week for the Lubbock induction station, to fill the places of two men who were turned back because of minor physical disabilities. The new men, both volunteers, are James Willard Rogers of Wheeler and Truman Scott of Briscoe.

## BANK CLOSED ALL DAY SATURDAY

In observance of George Washington's birthday anniversary, which is a national holiday, the Citizens State Bank will be closed all day, Saturday, Feb. 22. However, in an effort to cause depositors and friends the least inconvenience, the bank calls attention to the fact that it will be closed in an advertisement on another page of this paper. The bank realizes that Saturday's business may be somewhat hampered by its closing and wants to prevent all possible inconvenience.

## Many Wheeler People Attend Loan Meeting

Canadian Valley Production Credit Association Holds Session at Canadian on Friday

Many Wheeler county people, 45 of them stockholders in the organization, attended a meeting of the Canadian Valley Production Credit association in Canadian last Friday. Wheeler county's delegation numbered 75. Seventeen stockholders' wives and 13 visitors, including Dick Craig, manager of the local office, and his secretary, Miss Lula Barr, attended.

A total of 269 persons enjoyed the all-day session featured by an elaborate noon luncheon.

David C. Wright of Glazier presided over the business meeting. J. A. Bryant of Wheeler gave the board of directors' report, and C. W. Allen, Canadian, the secretary's report. Paul Macina of this county spoke briefly on land use planning.

Townsend Douglas and O. G. Tumlinson, representing the Production Credit Corporation of Houston, were present. Tumlinson gave a review of the production credit system.

Wheeler county stockholders of the association present at the meeting were Messrs. J. B. and E. E. Henderson, J. C. and M. N. Bradstreet, Gordon Stiles, J. Earl Williams, J. W. Stauffer, Arnold Sonntag, Bob Ramsey, Jeff Mankins, W. H. Taylor, C. A. Dysart, John Dunn, Robert Terry, George Close, C. E. and Gordon Roper, J. Evert Smith, J. B. Harvey, T. J. Daughtry, Floyd Mooney, Newman Riley, Scott Helton.

A. C. Higgins, A. W. Hathaway, S. W. Williams, R. C. Guenzel, A. O. Krug, C. D. Loter, J. W. Roper, J. A. Bryant, Buster Waiser, J. Z. Baird, M. C. Been, Ben Westmoreland, W. A. Scribner, Jeff Brewer, Tom Laman, A. M. Galmor, John H. May, C. W. Whiteley, J. Wade Duncan, G. A. Martin, W. F. Wright, Harold Hill.

## County Tree Planting Program Quite Active

Approximately 375,000 Trees Put Out to Date—March 15 to See Work Completed

While discussing the subject yesterday, A. G. Schattenberg, area director, declared that Wheeler county's tree planting program is quite active, and with the prevailing favorable weather is making very satisfactory progress. Conditions have been ideal for shelterbelt work, he said, referring to the mild temperatures, splendid moisture and absence of frost in the ground since late in December.

Approximately 375,000 trees have been planted in the county to date. Of these, 20,000 are red cedars, it was learned. Some of the early plantings are responding nicely and have made new root growths measuring from an eighth to an inch and a half, which should result in good survival of the new trees.

So far, plantings have consisted almost entirely of replacements in the older belts where trees failed largely because of severe drought in previous seasons.

With 90 men now employed, it is expected that planting will be completed by March 15.

Stressing care of the new shelterbelts, Schattenberg said that cultivation should begin at once, either by disking, listing two furrows between the rows or using the lister dammers, which may be obtained from the Forest Service, and are particularly suitable for heavier soils to stop erosion. Listing a belt, he said, helps discourage rabbits from ranging among the trees and doing serious damage by peeling the bark from them.

## FOUR GENERATIONS PRESENT AT DOUTHIT DINNER-REUNION

Four generations attended a family reunion and dinner Sunday at the home of Mr. and Mrs. W. D. Douthit near Briscoe, honoring the great-grandfather, Rev. R. A. Robertson, Melbourne, Ark. Others present were Mrs. Kenneth O'Brien and children, Loretta Faye, Loleta Kay and Mr. and Mrs. Russell O'Brien, Friona; Mr. and Mrs. L. V. Hogue and son, Billy, Sayre, Okla.; Mr. and Mrs. C. A. Hogue and children, Vern L., Viva Lee, Janet and Shirley Gene, Mr. and Mrs. Roy Waters and children, Patsy and Roy Davis, Mr. and Mrs. Kenneth Douthit and daughter, Peggie Lou, Pete Luttrell, and the host and hostess, Mr. and Mrs. Douthit.

Crop and Feed Loans Ready  
Emergency crop and feed loans for 1941 are now available to Wheeler county farmers at the county agent's office here, announces Jake Tarter, county agent.

## Regional Civic Body In Membership Drive

West Texas Chamber of Commerce Advocates Economy—Keeps Own Budget Down

In its advocacy of economy in operation of government, the West Texas chamber of commerce is wearing the jewel of consistency. For—said a statement from WTCC's headquarters office this week—its own operating budget for 1940-41 has not been increased in spite of new activities, and enlarged activities, in the work program.

The West Texas chamber derives its financial support from individual memberships in its affiliated towns and from advertising revenues in its magazine, West Texas Today, the latter merely breaking even with publication costs. Its affiliate, the Freight Rate Equality federation, is similarly financed from dues of its 136 affiliated associations and individual members, aided by direct grants from the WTCC treasury.

Little publicized is the regional chamber's annual membership gathering campaign. Under the organization's policy since 1929, when D. A. Bandeen became manager, the membership campaign is conducted, not by the headquarters staff, but by the local directors assisted in some places by staff members and directed by the executive board. Each district director, as a member of the board, is responsible for the campaign in his own district. Every effort is made to complete the work quickly without interruption of work program activities. The campaign starts Jan. 1 and usually is substantially completed within two months.

This mid-week the directors were contacting their members in 28 towns. The campaigns had been completed in 12 towns, and, next week, will be under way in about 50 more.

First new affiliated town for 1941 is O'Brien, bringing the total to 170 West Texas communities closely linked with the regional body. The lively community of O'Brien is on the northern border of Haskell county, and given its standard quota based on population, met it quickly, and every new member there is actively engaged in farming. The O'Brien director is S. N. Reed, himself a prominent farmer and secretary of the West Texas Ginners association.

First town to fully meet its quota this year was Stamford, C. M. Francis, director. Francis is mayor of his city and one of its most prominent business men as an oil mill operator.

Towns so far over-subscribing their quotas are Lueders, Moran, Silverton, Roscoe and Hedley. Other towns, where the membership campaign has been completed, are Rock Springs, Graham, Childress, Memphis, Wheeler and Roby.

A. B. Crump of this place has maintained his membership with the WTCC for a number of years. Recently a field representative visited Wheeler and spent a few hours in company with Crump and meeting various local business men.

## Briscoe School Head Chosen Another Term

Supt. Barry Unanimously Reelected and Complimented Highly on Quality of Leadership

Superintendent A. D. Barry, according to information received early this week, was chosen for another term as head of the Briscoe schools at a meeting of the school board last Thursday night, Feb. 13.

It was also learned that Barry was unanimously reelected as a gesture of confidence and highly complimented by the board on his work and the fine quality of leadership which has materially advanced the school system under Barry's tenure. His election is for a third term beginning next fall.

Barry became superintendent at Briscoe in 1939, coming from Randall, Okla., where he had occupied a similar position. He had engaged in the teaching profession as coach, principal and superintendent of Oklahoma schools some 14 years before coming to Texas.

He holds an A. B. degree from Abilene Christian college and a master's degree from the University of Oklahoma and has done work in the University of Colorado.

Miss Ruth Barr Visits Here  
Miss Ruth Barr of Oklahoma City came Tuesday to spend the week with her parents, Mr. and Mrs. Joe Barr, and sister, Miss Lula. Miss Barr came with her cousin, Clarence Holt, of Stinnett who attended to business in the city the first of the week while Mrs. Holt and son, Larry, visited relatives in Wheeler.

## CLAYTON KELLEY FINDS PROFIT IN WHEELER

Although he hasn't personally reported, it may be surmised that Clayton Kelley is well pleased because he was among the Appreciation Day members present at 4 o'clock last Saturday afternoon. Kelley received a dividend of \$80.00 on his 40% certificate. Of course, a certain other gentleman, first elected to receive \$100.00 and who was absent, probably does not feel so good.

## Prominent Baptist to Be Here Next Tuesday

R. A. Springer of Dallas Speaker at Wheeler Baptist Church Brotherhood Meeting

That R. A. Springer of Dallas will visit Wheeler next Tuesday, Feb. 25, was reported yesterday by Murray Fuquay, local Baptist pastor. Springer, state Baptist laymen's leader and state treasurer, will speak that night

R. A. SPRINGER

at a North Fork Associational Brotherhood meeting in the local church.

"We are expecting a large crowd to hear this very able man who is an outstanding leader in our denomination," declared Fuquay.

Rev. J. C. McKenzie of Amarillo, missionary for District 10, will accompany Springer, who is scheduled to speak Sunday morning, Feb. 23, at McLean and again that night at Shamrock.

## Legion Registration Starts Here Tonight

Registration of American Legion members and all other World War veterans who care to do so, for possible defense service of the nation, will start here tonight at a regular meeting of West Post No. 138. So stated Chester Morgan, post commander, this afternoon.

Although next Saturday, Feb. 22, has been proclaimed as official registration day for Legionnaires by National Commander Milo J. Warner, local members of the organization feel it is a patriotic duty to be performed and one best gotten over with as quickly as possible, Morgan explained.

Any members of the Legion or other World War veterans who do not find it convenient to register at tonight's post meeting, will find registration facilities at the local Selective Service board office in the court house. Miss Florence Merriman, clerk, will be glad to assist with this work, permission to do so having been granted by the board.

Every Legionnaire and World War veteran is urged to register at the earliest possible date.

Further information regarding registration may be obtained from Miss Merriman or Jim Risner, local post adjutant, custodian at the court house who may be readily contacted.

## Masons to Feast and Frolic Friday Night

As previously announced in these columns, Wheeler Masonic Lodge No. 1099 will be host to visiting Masons invited from all over the Panhandle at a fish fry and program tomorrow, (Friday) night, Feb. 21. This event is the local lodge's second annual pastmaster's night and Washington's birthday observance all rolled into one jolly occasion.

The program during the meal will consist of old-time fiddling, headed by Dick Guynes, Wheeler artist who scrapes a wicked horsehair. Following the feast, short talks will be made by prominent local and visiting brethren.

Tom Wood, a member of the U. S. air corps, is stationed at Santa Maria, Calif., where he has been attending air school the past six weeks.

## City Paving Again Up for Discussion

Project Re-introduced at Tuesday's Lions Club Luncheon and Committee Appointed

Although the subject has previously been considered here without anything being accomplished, a suggestion by R. H. Forrester, mayor, at Tuesday's Lions luncheon to investigate the possibility of securing a WPA paving project in Wheeler aroused immediate interest and apparently met with approval by most of the membership.

As tentatively proposed, the project would include paving around the square and as many additional blocks as may appear feasible after careful study of the problem.

Various speakers pointed out that conditions here warrant an effort to secure several blocks of much-needed paving. Touching only lightly on the physical aspects of such an improvement, the need to supply work for the unemployed was stressed. Also the large number of works projects now being allocated all over the country was cited as a reason why Wheeler should try to secure something of a permanent and beneficial nature.

Extensive lists of projects of almost every conceivable nature are received every week from the Federal Works agency at San Antonio. One of these communications, released under date of Feb. 19 and on file at this office, contains 31 projects just authorized involving expenditures of \$740,284 by the WPA and \$505,352 supplied by local governmental agencies, according to Stearns S. Tucker, deputy state administrator.

This one instance is mentioned to show the program is still functioning.

In regard to probable cost of the local project, no accurate figures are available. To ascertain this will be the duty of a committee consisting of R. H. Forrester, H. M. Wiley, D. A. Hunt and R. J. Holt, appointed at Tuesday's meeting and who will meet with city officials for further discussion of the idea.

That Wheeler needs this improvement, no thoughtful person can well deny. That need for employment of this nature for those unable to obtain other work still exists cannot be disputed. That hundreds upon hundreds of other progressive units throughout the nation are meeting the requirements and securing such benefits is a well-established fact.

Then why should Wheeler wait any longer?

## Utility Employees to Borger Meet Tuesday

Panhandle Power & Light Company Workers from Wheeler and Jowett Given Awards

Closing the local office here at 11 o'clock for the remainder of the day, all Wheeler employees of the Panhandle Power & Light company, together with several members of that organization from the Jowett power station, attended the annual company business meeting at Borger Tuesday afternoon, followed by a banquet that evening.

Married workers from both Wheeler and Jowett, with one exception, were accompanied by their wives.

Those attending from Wheeler were Mr. and Mrs. Fred Ashley, Mr. and Mrs. Deward Wofford, Mr. and Mrs. Tobe Giles, Mr. and Mrs. Aaron Williams and daughter, Patsy, and Everett Cole. Those going from Jowett were Mr. and Mrs. French Bristow, Mr. and Mrs. A. J. O'Brien, Mr. and Mrs. Fred Harris and Floyd Adams.

According to company custom, one feature of the meeting was distribution of merit awards to employees. Among these were 10-year service rings to Tobe Giles of Wheeler and Charlie Candler of Jowett. Candler was not present at the meeting, however.

Other recognition accorded the local delegations were no accident honor awards to each of the Jowett men and safe driving and no accident honor awards to each member of the Wheeler office.

The business meeting was attended during the afternoon by the men, who were joined by the ladies at a 6:30 o'clock banquet served that evening.

## ALLISON SCHOOL PROGRAM FRIDAY EVENING, FEB. 28

During a brief call at this office late today, John Peoples, superintendent, stated that a program will be given by the Allison schools at that place next Friday night, Feb. 28.

## TWO SORRY RESOLUTIONS

Two resolutions which were introduced in the house at Austin last week reflected no credit on their authors.

One of them took a hefty swipe at the regional chambers of commerce, particularly the West Texas organization, for efforts in connection with departmental reorganization and tax reduction. It said, in effect, that these problems were for the legislature alone. There were references also to the interests which the resolution's author apparently thinks, exert too much influence in the organizations.

The other resolution was an attack on Colonel Lindbergh, plus a demand that he be squelched in some manner. The house wisely and properly refused to consider either resolution.

As between the two resolutions, the one dealing with the regional chambers of commerce struck the lower note. The legislature has had the departmental reorganization problem before it for 30-odd years, with almost nothing accomplished. Its mishandling of fiscal matters, through the years, has brought Texas to face a \$25,000,000 general fund deficit, with enormous social security obligations that are not financed. To assume that any citizen or group of citizens are indifferent to these problems, or that the legislature, in its infinite wisdom, is the only agency equipped to deal with them, would be comic if it were not something else.

If there is a state in the union that needs, in its governmental affairs, the thought and help and cooperation and study of the citizenry, it is this state of ours. If it is ever going to break the shackles that legislative and official small-mindedness and short-sightedness have fastened upon it, its civic organizations must play a big part in the job.

The best answer that any legislator or official can make to that sort of meddling, to use the resolution's term, is to give just a little evidence of statesmanship and public spirit on his own part.

Lindbergh may be a grandstander.

## THE LIGHTNING STRIKES

and the resolution assailing him certainly was a piece of grandstanding, and should be dismissed as such. But the incident offers opportunity to stress something that needs emphasizing, in these times.

We of this country should be more careful than ever before to uphold those democratic principles that are being challenged by totalitarianism. Many Americans believe that the noted aviator is a conceited and ignorant individual. Whatever his qualifications for appearing as an authority on national defense, whatever his motives, we gain nothing at all, and we stand to lose much, by saying that he should not be heard. Democracy may become petulant and impatient, sometimes, of those who disagree with the majority; but it must not let its feelings prompt it to impair the freedom of speech that permits those who differ to speak their minds.

### IMPAIRING UNITY

We plead for unity and harmonious action in the presence of what may prove to be the gravest crisis our country has faced since the close of the civil war. And then we create discord and impair unity by denouncing as a friend of Hitler every citizen who suggests any change in the most comprehensive war bill ever presented to the American congress.

It is all very silly. And it is viciously un-American. The lease-lend bill is almost unlimited in its scope and possibilities. In certain respects it undoes much of the work of 150 years. It may mark a vast improvement upon the past, but certainly it proposes many changes. And certainly it is not a perfect bill.

That bill was whipped together hurriedly by loyal Americans whose lack of time prevented their submitting a perfect measure. Other Americans equally loyal and equally patriotic believe that an imperfect bill can be improved by certain amendments.

Both patriotism and wise statesmanship demand that the very best of all possible bills be passed if any bill at all is passed.

But what is this we are seeing and hearing? The very moment that any patriot suggests any change at all to the pending measure his patriotism and loyalty are questioned. "He is helping Hitler," has now become the only answer of the superficial and intemperate to those who show themselves unwilling to accept errors and imperfections. Anyone who tries to improve a bill that is manifestly and admittedly imperfect is straightway accused of trying to help the Nazi warlord.

Among America's vast population are millions and millions of patriotic people who are passionately convinced that the pending bill should

state specifically just when the extraordinary powers conferred upon the president shall terminate. Millions of patriots believe sincerely that the bill should place some limitations upon what the president may lend, lease, or give away.

Of course all of these may be completely wrong. But they are honest in their convictions and they are not trying to help Hitler when they voice their convictions.

No man who is willing to die for his country should be charged with disloyalty to his country merely because he wants to improve a pending bill.

The pending bill should be enacted with reasonable speed, with amendments or without amendments. The country is fully committed to full aid to Britain and it must go through with what it has started regardless of the hazards.

But we impair national unity and we contribute nothing to national safety when we hurl the charge of Hitlerism into the face of citizens who are just as loyal and patriotic as we are.—Daily Oklahoman.

### PROGRAM NEEDED

The 47th legislature, with about a fourth of its allotted 120 days behind it, is following the course that earlier legislatures had charted. That is to say, it uses up most of the first 30 days in orienting itself, perfecting its organization, forming its committees. The ensuing 60 days may be expected to see final action taken on very few important matters of legislation.

Committee hearings, parliamentary maneuvers and the inability to reconcile views of the two houses, will prevent enactment of most of the measures on which the public expects action.

Then, in the closing 30 days, there will be a brisk flurry of bill-passing, a catching-up of ends; the session will close with a far better record of achievement than had seemed possible to those who watched the confusion and lost motion of its day-by-day activities.

In many other states, a program of work is adopted early in the session. No important measures not included in this program can receive attention until the scheduled ones are disposed of. A measure has been introduced at Austin for adoption of this plan but it is not receiving much support.

Until Texas provides some sort of systematic procedure for its legislatures, there can be no change in the general pattern of the sessions, 30 days of getting started, 60 days of debate and maneuver, 30 days of hurried activity.—Wichita Falls Times.

### DEFENSE WORK HAMPERED

A Dumas electrician is home after having made an attempt to do electrical work at a Texas army camp. He couldn't work until he had kicked in with a union initiation fee amounting to around \$200.00.

Not having the money, he had to come home. He eked out a few days on a three per cent payoff until a lull came on the job, while materials were waited for. Then, it was pay up or seat.

The housing program for the draftee army is far behind schedule. It seems that instead of using defense needs to spread employment, it is being used to build up the war chest of the organized few who have had good paying jobs all the time, even through the depression.

Taxes for defense are a grim necessity that few Americans will refuse to meet. Taxes on opportunity to work are getting prohibitive and repulsive to right thinking Americans everywhere.—Moore County News.

The nation which indulges toward another nation either an habitual hatred, or an habitual fondness, is in some degree a slave.—George Washington.

## Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

Advocates of the Fair Trades act make a great ado about such legislation being for the benefit of the independent merchant. This great United States has been built on the principle that "competition is the life of trade." Would it be independence if the manufacturer, the wholesaler and the jobber had the power to tell every Texas retail merchant the exact price at which he could sell merchandise?—Ochiltree County Herald.

That Highway 287, which runs from Port Arthur through Memphis and on north into the Panhandle of Oklahoma, has been designated as a military highway has just been announced. The highway is a portion of 6,377 miles of roads in Texas designated for military purposes. The 6,377 miles designated in Texas is the greatest mileage found in any state in the nation. It represents 27.5 per cent of the entire state highway system.—Memphis Democrat.

Fred Wolcott, grandson of Mrs. G. W. Arrington and an amazing hurdler at Rice Institute, established his third world record in the brief space of a week last Saturday night at Boston, when he raced 45 yards in 5.6 seconds to defeat Ed Dugger of Tufts by a foot in the Boston A. A. meet's final. Wolcott is reported to have clipped a tenth of a second off the former record, originally set by Sam Allen of Oklahoma Baptist U. in 1937.—Canadian Record.

If you have some property this is the time to improve it. Paint your house. Put new wallpaper on the walls. Put on a new roof. Do it even if you have to do it on credit, and pay it out by the month. If you are going to buy a car or a tractor in the next three years, buy it in the next six months. Common sense should tell you not to extend your credit beyond your ability to pay, but it should also tell you that things will not be cheaper for the next two years.—Wellington Leader.

R. T. Waldrip, young Pampa man, is being held by county sheriff Jas. G. Ramsay charged with theft. Young Waldrip is charged with the stripping of a tractor, the property of Orville Smith, rural mail carrier of Miami. The parts from the tractor, it was said, had been sold to a junk yard in Pampa. Waldrip was released under \$1,000 bond late Monday awaiting the action of the grand jury which convenes in March.—Miami Chief.

Uncle Sam continues to come to the aid of the old maids of the nation—first it was the threat of the draft that drove many elusive young men to matrimony and now comes a very formidable income tax program.—Paducah Post.

Frank J. Norfleet, Hale Center, was a visitor in Tulia Tuesday morning. Most of you will recall that Frank is the self-appointed detective who traveled all over the globe tracking down a bunch of crooks who swindled him out of \$40,000 on a horse race. He has many friends in Tulia.—Tulia Herald.

It has reached a place in this country that to practice economy means getting yourself unfavorably talked about.—Higgins News.

Ott Beavers of Lakeview, co-ordinator (or taitwister) for the REA in this area, was in Quitaque the first of the week. Beavers stated that extension of the project into Briscoe county had received approval in Washington, and that everything so far as he knew was in readiness for installation, and orders to begin work are expected any day.—Quitaque Post.

Members of the Panhandle F. F. A. chapter scored 1,417 points in the fourth annual Claude Livestock Judging contest held last Saturday. McLean won the contest with 1,447 points, and for the second straight contest McLean has nosed out the Panhandle team. Ernest Russell was high in horse judging, third in the judging of beef cattle and third in the contest. Spicer Gripp was second in hogs, and tied Gabe Herndon for fifth in the contest.—Panhandle Herald.

County Agent Joe Hatton was named first prize winner in a statewide contest staged last October to name the film taken of the state fair of Texas, held at Dallas. Hatton entered the contest while he was visiting the state fair and submitted ten names. The prize winning name that brought him a check for \$50 this week was "State Fair—Show Window of Texas."—Spearman Reporter.

W. W. Breeding was in town Saturday and stated that some 17 head of deer released on lands near town, including the Stokely ranch, are straying to nearby farms and it is hoped they will not be molested.

There are about 37,000 acres signed up in a game preserve and applications have been made for antelope and turkey.—McLean News.

Elster M. Haile, about whose head a storm of controversy arose two years ago when Governor O'Daniel appointed him to a state office which was subsequently abolished, has been appointed a member of the State Pardon board. He is already in Austin. Haile never held the tax commissioner's office and it was his own request that it be abolished.—Hereford Brand.

(By a Rogue)

**The Gentleman from Arizona**  
Those who like their western pictures have a treat in store for Friday and Saturday, Feb. 21-22, at the Rogue Theatre. Come out and meet The Gentleman from Arizona. The entire picture is photographed in color which adds greatly to the fast moving story of the wide open spaces. All lovers of horses will want to see the blue-blooded stallion meet the red-blooded caballero from Arizona. It is a fight to the finish between man and beast. The principals are played by John King and J. Farrell MacDonald.

**Wild Man of Borneo**  
The preview for Saturday, Feb. 22, is Wild Man of Borneo starring Frank Morgan, Billie Burke and Donald Meek. This picture is a screw-ball comedy. It is built solely for the purpose of entertaining you in a big way. And please get this schedule straight. Wild Man of Borneo will be shown Preview Saturday, Feb. 22, and again Wednesday and Thursday, Feb. 26-27. This irregularity is caused by Gone With the Wind, which runs Sunday and Monday, Feb. 23-24, and is too long to preview.

**Gone With the Wind**  
Yes, the time has finally arrived and you are going to get that chance to see Gone With the Wind at the Rogue Theatre. We are not going to try to tell you anything about the picture because you probably know more about it than we do. But please listen to this. It will be at the Rogue only two days, Sunday and Monday, Feb. 23-24. There will be a matinee at 2:00 p. m. Sunday and another Monday at the same hour. It will also show Sunday night at 8:30 p. m., thereby giving you time to go to church if you care to do so. The last performance will be Monday night at 7:30 p. m.

Remember that the picture runs four hours, with an intermission at the half. There will be only one show each time. Please arrange to come early so you may select a choice seat and see the entire performance. The whole picture is there. Nothing has been cut but the price. See the handbills being distributed for admission prices to the various performances. It is the greatest show of all time.

## THE ROUNDUP

### WHEELER SCHOOL NEWS

Editor-in-Chief—Mary Helen Jones  
Assistant Editor—Beatrice Green  
Society Editor—Thelma Hunter  
Fashion Editor—Joyce Jones  
Sports Editor—Elsie Weeks  
Class Reporters—Oleta Cordell, Edna Faye Mason and Kathryn Tinney.  
Humor Editors—Ruby Mae Roper, Wanda Hyatt, Berneice Burrell, Marie Herd.  
Faculty Sponsor—Mrs. R. Wm. Brown.

### Bible Class

The Bible class is studying the book of Genesis. A group of maps is being used in locating the different places which are mentioned. This makes the meaning easier to understand. The class has just completed a theme assignment on one of the following subjects: Joseph, Jacob, Abraham, Isaac, or the Flood. A book has been ordered for class reference, entitled "Syllabus for Bible Study." Certain passages from the Bible are memorized by the students for personal thought. This new class is proving quite interesting as well as educational.

### Band News

Friday night, Feb. 14, the High School band entertained its members and guests with a party at the band hall. Very clever planning by Arlie Ruth Waters, Emily Lou Ahler and Edwina Flanagan, social committee, placed the occasion at the top on the list of enjoyable affairs of this year. Ring games were led by Mr. Wilson, and bingo followed. About 9:30, doughnuts and hot chocolate were served. Mr. Wilson and Mr. Raillard were chaperones. The Wheeler High School band hall recently underwent a thorough cleaning. The walls and ceiling were thoroughly brushed and the windows washed. The manual training tables were also removed to Mr. Zirkle's department. Those in the melee were Edwina Flanagan, Betty St. Clair, Louise Tillman, Emily Lou Ahler and Mr. Raillard.

### F. F. A. and F. H. T. Broadcast

The F. F. A. and F. H. T. clubs had their annual broadcast over station KPND in Pampa Thursday, Feb. 13, at 5:30-5:45. The program was fun to put on as well as entertaining to hear. Before the group went to the station to broadcast they made recordings of several of the numbers. Two songs by Pauline Miller, accompanied by Mrs. Inez Garrison, were recorded. An instrumental trio number by Mary Etta Patterson, Nile Patterson and Juanita Sherwood was also recorded. After the fun, the group hurried over to the station and gave the following broadcast:

Announcer—Jim Johnson.  
"Riding Around in the Rain"—Pauline Miller, accompanied by Mrs. Inez Garrison.  
History of the F. F. A.—Gwynn Edward Crossland.  
Clarinet Trio—Mary Etta Patterson, Juanita Sherwood and Nile Patterson.  
Wheeler F. H. T.—Juanita Sherwood.  
Accordion Selection—Gerald Brown.

### F. F. A. News

An F. F. A. meeting was held Monday night, Feb. 17, and plans made for the Father and Son banquet to be given this Friday night. All the F. F. A. boys were asked to come and bring their fathers. A delicious menu has been planned, and the program is under way.

The boys wonder why—Gwynn made his radio speech so slow and distinct.

Jean has taken a liking for his baby brother's bank again. L. B. has been frowning lately; is it because Lillian has moved?

### Guess Who—

Senior Girl—Her pleasant smile, dark hair, and blue eyes go to make up this lovable senior girl; very popular.

Junior Boy—His basketball ability will start him off, or is it his smile and those blue eyes; he takes a big part in sports.

Sophomore Girl—She has dark brown hair, and a smile that helps make her very attractive as well as popular. She plays basketball.

Freshman Boy—Dark hair and brown eyes describes this boy. He sits in the back of the study hall and studies when teachers are watching him. He has not taken part in any sports as yet, but will probably be a hero some day.

Answer to last week's personalities—W. E. Pennington, senior; Alyne Osborn, junior; Oscar Ragan, sophomore, and La Rue Cole, freshman.

### What We Like About Them—

Glynetta Teakell—Pretty hands and fingernails.

Inetta Maxwell—Pretty ash-blond hair fixed in the latest styles.

Maurine Hunt—Pleasing personality and a sweet smile that makes everyone like her.

Emily Lou Ahler—Pretty red hair and no temper or freckles.

Alyne Osborn—Brown hair, eyes, and white teeth.

Carroll Pettit—His clear complexion and blue eyes.

Hazel Burrell—Her white boots.

Arlie Ruth Waters—Her sweet smile.

Wayne Rogers—His smile.

Herbert Tillman—He's back in school.

Clifford Farmer—His "come hither" eyes.

Elda Gordon—Her sweet disposition.

Clint Westmoreland—His senior ring.

Mr. Witt—His patience in study halls.

Mrs. Brown—Her speech ability, brown hair and eyes.

Mrs. Turner—Her sweet smile.

Mr. Horchem—Tall, dark and handsome (and a whopper of a smile).

Mr. O'Brian—His friendly ways and his temper.

Mrs. Gilmore—Her ability to teach English and patience.

Mr. Phillips—His very pleasing personality.

Mr. Zirkle—His sincere ways.

Mr. Raillard—His music (or is it the band's music).

Miss Salmon—Can those home ec girls cook? (Thanks to Miss Salmon).

Bill Cosper—His basketball ability.

### Simple Hints

Don't be a bore at the table. You'll be an unpopular dinner companion if you take up too much room with your elbows.

Don't apply makeup in public. Men in particular frown upon turning a restaurant into a dressing room.

Don't make a truck out of your purse. Stick to minimum requirements and clean it out frequently.

Don't be overwhelming. Use restraint and simplicity in your dress. When in doubt—leave off the extra gewgaws.

Don't appear in public with your hair curlers. It's really an unpardonable act of carelessness and besides, you'll look silly.

Why Don't They Invent—Automatic tops for the buildings so a person can enjoy the sunshine, and then slide it in place on bad days.

Yellow fingernail polish to match the band and pep squad suits.

Trains with moving pictures and swimming pools on them.

Desks that fold into a bed, so

study hall dozers won't have to sleep sitting up.

Combs with hair oil in the teeth.

Window glasses that won't break, for the benefit of careless students.

A changeable belt that will change to any color to match any dress.

### It's a Fact—

A smart man never lets all of his smartness show at one time.

Deviltry in a boy isn't bad if it is natural. The acquired variety is the kind that spoils him.

If you don't want to ask a man how rich he is, try asking his opinion of income, gift and inheritance taxes.

An ignorant man is one who considers himself educated after memorizing things he has read in books.

Patriotism

We define patriotism as the love of one's country. A true patriot will gladly give his life for his country. True patriots should be like Nathan Hale; his only regret was that he had only one life to lose for his country. Patriotism should be practiced every day. There is no finer quality of love of country than that which inspires men and women to be good citizens, such patriotism causes them to sacrifice money and some of the luxuries to serve their state. Parents should teach patriotism at home and it should be taught and practiced in the school room. Many times the parents and teachers have much influence over the path the student chooses to take. The boy who sees his father neglecting his duties as a citizen isn't being encouraged to love his country as he should. Since we realize the objectives and qualities of patriotism, we should be able to put into practice several of them. These should be practiced at home, in school, and everywhere we go.

Home Supervisor, F. S. A.

#### Changing Food Habits

Some time Doctor Stanley, chief of the Bureau of Home Economics, believes food habits can be reshaped on a national scale. A current instance of this may be the public adoption of the new "enriched" flour, which mills plan to put on the market soon. This flour will be enriched with vitamins and other food values in which American diets are low.

Generally, however, food habits are reshaped on the individual or family basis.

"Any person who is working to reshape his own food habits," says Doctor Stanley, "owes it to himself to change for the better. He needs to check carefully to see how his regular diet measures up to the standards for good nutrition."

Here's what a normal adult should have every day according to a check list recently published by the Bureau of Home Economics:

Milk, 1 pint or more; leafy, green or yellow vegetables, 1 or more servings; tomatoes, oranges, grapefruit, or any other vitamin C rich raw fruit or vegetable, 1 or more servings; potatoes, other vegetables, or fruit, 2 or more servings; eggs, 1, if possible; lean meat, poultry, fish, 1 or more servings; cereals and bread, at least 2 servings of whole-grain products; fats and sweets, as needed to satisfy the appetite; water, 6 glasses or more.

As far as changing family food habits—"the hand that sets the table"—is the hand that wields the influence.

The important part the home-maker plays in improving family diets was illustrated over and over again in a recent nation-wide survey of what this country eats. In this study, conducted by the Bureau of Home Economics, well over one third of the nation's families were estimated to be living on diets below the "safety line" for good nutrition.

#### Sportsmanship

What is a sportsman? Webster says that a sportsman is one who is marked from birth by some extraordinary characteristic; but a sportsman, as we term it, is one that is frolicsome and full of merriment. He is one who participates in all sorts of sports just for the enjoyment. The two kinds of sportsmen are good and bad. No one likes a bad sportsman. He is one who is unwilling to play with one who will not observe the rules of sportsmanship.

The characteristics of good sportsmanship are to be coveted by the owner. It may be hard to attain good sportsmanship, but one who is willing to try hard enough can always reach the goal. A good sportsman is one who pursues sports specifically and has all the characteristics of good sportsmanship, some of which are fairness, generosity, consideration of others, and one who is a good loser and a graceful winner.

Sportsmanship is something everyone should try to achieve because it is highly prized by both the owner and the observer.—Evelyn Mason, Marvella Wallis.

##### Seniors

Norma Dee Robertson is the senior contestant in the colleen contest to determine who will ride the Kelton float St. Patrick's Day. We are for her 100 per cent, and are going to do our best to help her win; although with her personality and looks we don't believe she will need much help—if any.

The seniors enjoyed a theatre party Monday afternoon, Feb. 17. They went to Shamrock to see "Gone With the Wind." They all reported a nice time, although some reported an even better time later.

All the seniors have been flashing white caps with red and blue tassels lately. That is, all of them except Alvia. He is afraid to wear his because he uses oil on his hair and it might soil his cap. Some of the others are not so white now, so come on, Alvia, be a sport and wear yours, too.

Wonder which senior girl was told that she didn't have a friend. Lots of things are just said, so don't always believe them.

We are certainly glad to have La Vern back with us again. She has been ill for some time with the flu.

We wonder why Ton likes to tease people so well. If he does some of the things he says, he may be plenty sorry; so you'd better be careful, Ton.

Marvella certainly did act blue Saturday and Sunday night. Could it be because Kelton lost the game with Mobeetie Friday night?

Which senior boy was it that accidentally hit Norma Dee on the head with a book the other day in English class? (You had better watch out next time, Bryan, Mr. Brown might see you).

Weldon always has to add a little attraction to his sentence diagramming. The other day he put a detour sign on one of them.

What senior girl was it that received three letters from the same boy one day last week? It must be love, Frankie.

##### Juniors

The juniors finally have their parts straightened out in "Aunt Samantha Rules the Roost."

They are: Aunt Samantha, Vergie Burks; Sophie Simpkins, Juanita Garner; Serena Simpkins, Leona Mooney; Polly Paine, Verna Mae Pitcock; Annie Ambrose, Juliette Richardson; Lucien Littlefield, Oscar Johnson; Blair Baswell, Glen Rives; Frank Fairfield, Loyd Kenney; Lau-

rence Lovewell, Kelly Wright; Buddy Baskins, Hi Seeds.

Watch for the date when it will be presented.

We are certainly a very abused class and who says the seniors aren't petted? Mr. Brown gave his gracious consent to their having a theatre party, but no, we are still a little young yet. But just wait till next year!

Could someone possibly spare their friendship to a certain senior and junior girl? They haven't a friend in the world—it seems.

Mrs. Lollar is going to send Loyd, Glen and Oscar to the office someday for throwing books, chalk and erasers, in fact anything they get their hands on.

Who was the boy Myrtle was flirting with Monday in study hall? Oh! well, don't get excited, it was only a sixth grader.

##### Sophomores

We regret the loss of one of our classmates who has moved to Texola, Okla. It was Marie Worley. We wish her happiness and success there.

Say, I don't know, but it must be getting close to St. Patrick's day. Guess how I know? Ray Wright has already got a good start on a donegal.

In losing one member of our class, we gained another. We welcome Claud Reivous from Wheeler. He seems to be making a good impression already.

Billie Wayne has been in study hall the eighth period nearly every day this week. I wonder if the teachers or the girl that sits in front of him are the cause for this. Imogene Burrell has been absent from school for several days this week.

##### Freshmen

The freshman class is planning a class party soon.

The English I group has just begun studying the literature half of their course. It seems it is going to be easier than grammar.

We should all freeze if Francis didn't build a fire every morning; so please don't ever miss the bus, Francis.

Several of the class have entered different phases of interscholastic league work.

##### Fads and Fashions

Spring is nearly here, girls! So let's plan our wardrobe. The new colors are soldier blue, navy blue and two-tone browns. Say, how about the new blue and white military suits? They have new sailor and military shoes in black, blue, tan and white to go with them.

Bright colors the girls are wearing are blue, red, green and gold. They go well with almost any dark color. The girls have new spring toppers such as oatmeal tweed and brown wool with tan trimming. So hurry up, girls, and let's fix our wardrobes for spring and summer.

##### Gossip

What is wrong with—  
Weldon—Bashfulness (especially around Evelyn).  
Max—Unlucky.  
Frankie—Needs a "uniform."  
Oscar—Too many girls.  
Tommie—Not at home enough (on Sundays).

Alvia—His ambition to play a mandolin.  
Winona—What about that grass skirt?

Norma Dee—Too sweet to everyone.  
Verna Mae—She's losing ground too fast at Shamrock.  
Nell—She's crazy about flying.

### Davis News

(By Mrs. Zura Bullock)

Mr. and Mrs. Joe Anderson and son, W. S., of Mobeetie were visitors in the Bud Sanderson home last week.

Mr. and Mrs. Morris Cooper and daughter, Phyllis Joe, and Mrs. Lawrence Homesley and daughter, Sue, of Borger visited the past week with their parents, Mr. and Mrs. D. R. Gordon and Mr. and Mrs. E. J. Cooper.

Mr. and Mrs. Willard Ingram of Locust Grove and Mr. and Mrs. Bill Allen and son, Donnie, of Kelton were Thursday night callers of Mr. and Mrs. Luther Bullock.

The Davis folks eligible for mattresses spent the latter part of the week in Shamrock making them.

Mr. and Mrs. Ray Aderholt of Mobeetie were week end guests of her parents, Mr. and Mrs. Luther Bullock.

Mr. and Mrs. E. J. Cooper and children attended the singing convention at Kelton Sunday afternoon.

Mr. and Mrs. R. A. Watts and children are moving back to this community from Corn Valley, where they have spent the winter gathering cotton. The community welcomes them back.

Don't Do This  
to Start Your Car

USE HIGH TEST PHILLIPS 66

Crossing your fingers won't help start your cold motor. What you need is not superstition... but super high test.

The extra high test of Phillips 66 Poly Gas does the trick every time, even if your car has been out in freezing temperature for hours.

You never have to hope and wonder, you never have to wish and worry, no matter how low the thermometer drops. As it goes down, we keep raising the test of this wonderful winter motor fuel.

Month by month its volatility goes up, yet the price stays the

same. You pay not a penny more for Phillips 66 Poly Gas than for ordinary low test gasolines... because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

For amazing, fast starting... for snappier performance and more mileage... we sincerely believe Phillips 66 Poly Gas is your best buy in cold-weather gasoline.

Try a tankful, and see if you don't quickly feel that difference in starting speed, faster warm-up, and smoother power... all at no extra cost!

Phill-up with Phillips for Instant Starting

students like to eat at the first table in the lunch room every day?

Weldon seemed to have some very important business in Shamrock Monday.

Now Marvella, it is old fashioned to blush.

We wonder where Norma Dee and Berniece learned that baby talk they use some times. It really does get you!

Max, could you possibly know about a certain thing that gets on Mr. Brown's nerves?

Why doesn't J. D. take heed to the calling of a certain sophomore girl? Some of the rest of us would like to have that opportunity!

##### Moon Madness

To sentimentalists, the moon is a symbol of romance. To the scientist, it is an uninteresting dead satellite covered with large craters. These craters are the result of being bombarded by meteors or planetary rubble while the moon was still in a plastic state. The same effect can be illustrated on a small scale by throwing stones into a mud-hole. The resulting pits are similar to miniature moon-craters.

From the absence of an atmosphere, we deduct that the moon must be uninhabitable by any life analogous to that with which we are acquainted, therefore, if life should exist on the moon, it must be composed of atoms based on a different foundation from our own carbonaceous one.

If you want to know what this sort of life would look like, I recommend two pipes of opium on top of an alcoholic debauch and a severe case of indigestion—then concentrate.

### Farm Bureau Group to Hold Series Meetings

Announcement Made by President of Texas Farm Bureau Federation—Objectives Stated

J. Walter Hammond, president of the Texas Farm Bureau federation, announced today that the federation is calling a series of district meetings beginning Feb. 24, to discuss farm problems and to propose legislative and organization plans for the current year.

Meetings will be held as follows: Feb. 24, Dallas; Feb. 25, Mount Pleasant; Feb. 26, Lufkin; Feb. 27, College Station; Feb. 28, Waco; March 10, Coleman; March 11, Wichita Falls; March 12, Amarillo; March 13, Lubbock; March 24, Harlingen; March 25, Corpus Christi; March 26, Victoria; March 27, Uvalde; March 29, El Paso; March 31, Fort Stockton, and April 1, Big Spring.

For further information regarding these meetings, Hammond advised getting in touch with local county agents and farm bureau leaders.

Representatives of various farm agencies will be present to offer suggestions and to discuss their activities, Hammond said, and farm bureau members and other farm leaders are especially invited to attend one or more of the meetings.

"A great need exists in each county for a better understanding of the activities promoted by each individual farm agency," the farm bureau president declared, "and with a farm bureau organization in each of our communities and towns, this understanding can be made more nearly complete."

Hammond stated that the American Farm Bureau federation is now proposing an 85 per cent parity loan on cotton, wheat, corn, tobacco and rice. This means roughly 13.5 cents per pound for middling cotton and 96 cents per bushel for No. 1 wheat, and government payments added to this loan would bring prices on these commodities to 100 per cent parity, he pointed out.

"All farmers desiring proper legislation for better farm prices should join their local farm bureau," Hammond asserted. "Those counties not now having an organization should send representatives to these district meetings in order that they might gain sufficient information to perfect an organization. Added membership means added strength."

Texas counties will be given membership quotas based upon potential membership in order to obtain 50,000 farm bureau members in Texas this year, Hammond concluded.

### TEXAS OBSERVES 95TH BIRTHDAY FEB. 19

Texas' 95th birthday, Feb. 19—Statehood Day—was observed by the Texas Memorial museum on the University of Texas campus with the first public showing of the recently-acquired John Nance Garner collection.

Consisting of 160 of the most famous gavel in the country, collected over the long period of Garner's service, plus 300 original cartoons by outstanding American cartoonists, the exhibit is to remain open to the public.

Most cherished possession of Garner's to be placed on display, according to Dr. E. H. Sellards, museum director, is his 40-year-old campaign satchel which he carried with him in every race in his political career.

### DRESSMAKING AND SEWING SHOP STARTED THIS WEEK

Announcement is made on another page of this paper by Mesdames J. M. Burgess and O. O. Sandifer, proprietors, that their new dressmaking and sewing shop is now ready for business. This new Wheeler industry will specialize in tailored buttonholes and hemstitching and will also do plain and fancy sewing.

New, up-to-date electric machines, with attachments for the various kinds of work the ladies expect to do, have been installed in convenient quarters at the rear of the Burgess Shoe shop in the Woodridge building, first door west of Puckett's grocery.

Mr. and Mrs. J. E. Willard went to Canyon Monday to take their daughter, Miss Elva who is attending WTSC. Miss Willard had spent the week end in Wheeler.

### Down State Newspaper Opposes Price Fixing

Menard Editor Wants Proposed Law Called "Fair Trade" Shown in Its True Colors

AUSTIN.—If the "Fair Trade" price-fixing law is passed by the Texas legislature, it will legalize the very practices which caused payment of \$64,500 in fines by liquor dealers last week, according to N. H. Pierce, Menard publisher.

"Attorney General Gerald Mann caught these distillers and wholesale drug dealers specifying what retail prices liquor dispensers must charge for their bottles," said Pierce. "He filed suit. This payment of \$64,500 on last Friday was the third such settlement made on the suit. The distillers don't even have the courage to fight the anti-trust laws in the courts, so they are asking for the so-called Fair Trade act to legalize their price-fixing by striking down our anti-trust laws. I am sorry to say that the bills have been introduced, and are being given serious consideration."

"If the people of Texas knew the real facts about this scheme to turn the pocketbooks of Texas consumers over to out-of-state manufacturers and distillers, they would overwhelm the legislature with their protests."

Pierce was one of the first Texas newspapermen to see through the flimsy excuses which are advanced as reasons for asking for retail price-fixing laws.

"Two years ago, this so-called Fair Trade act had much support both in the legislature and in cities and towns all over Texas because it was so badly mis-named and misrepresented. The newspapers of Texas did a real public service when they publicized the proposal in its true light as a measure to boost prices and fix and freeze them wherever the manufacturers of trademarked articles choose."

"Apparently much of this support has vanished in the glare of publicity. Two years ago, the house Fair Trade act had 12 signers. This year it has only two, and they both are new members."

"I hope the newspapers will continue to expose this selfish and unwarranted attack on the rights of Texas housewives to shop for and secure bargains. It is their public duty. I know I will in my paper."

"After watching this 'unfair-to-trade' legislation for two years, I am determined to fight for one thing. I want to see that beautiful name, 'Fair Trade,' changed. I want the law presented to the legislature and to the people of Texas in its true colors."

"It's name should be amended to the 'Retail Price-Fixing act.' That is an accurate description, and it allows the people of Texas to know what kind of a law their legislature is considering."

### Mobeetie Girls, Shamrock Boys Teams Win County Cage Tourney

The Mobeetie girls sextet and the Shamrock boys were champions in the Wheeler County Interscholastic League Basketball tournament, held in the Shamrock gymnasium Friday and Saturday. The Kelton girls squad took second place in that division, entitling them to compete in the district tournament.

The Lela boys won the rural school championship by defeating the Davis five with a 27 to 0 count. Kelton ward school boys took top honors in that division by defeating Mobeetie, 15 to 12, in a hard-fought battle. The Mobeetie high school juniors defeated the Briscoe five, 17 to 9, for the championship in that group.

The Shamrock Irishmen, took an 11-point victory over the Mobeetie Hornets in the final contest when Thurman Lee Rives, Shamrock forward, chalked up 20 points. The final count in the Irish-Hornet fray was 38-27.

To reach the final match, the Shamrockers disposed of the Wheeler Mustangs, 39-28, and came back Saturday afternoon to trim the high scoring Kelton Lions 42 to 40 in a real cage thriller. The Irish had to overcome a small lead to win this contest, in which the score was tied up several times.

Mobeetie's high-powered girls turned the Shamrock lassies back with a 24 to 9 lashing after the Irish maids had defeated Briscoe, 16 to 6. The Shamrock girls made another hard but unsuccessful effort to capture second place honors in a final match Saturday night but were outscored by the Kelton girls, who hit the basket from all angles for a 29-25 victory.

### WHAT SAY YOU?

Is this the Lord's Prayer?  
St. Matthew 6:9; St. Luke 11:2.  
After this manner therefore pray ye: Our Father who art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in heaven. Give us this day our daily bread and forgive us our debts as we forgive our debtors, and lead us not into temptation but deliver us from evil; for Thine is the kingdom, and the power, and the glory forever. Amen.

### Wheeler Girl Assists Relief Work at TSCW

Knitting needles are clicking on the campus of Texas State College for Women in the hands of more than 300 girls making sweaters, scarves and helmets for Bundles for Britain and the Red Cross. Miss Martha Wiley of Wheeler is one of these girls who knits between classes and in spare time around the dormitory, reports the college news bureau.

Besides knitting, TSCW girls sponsor a variety of activities for refugee and relief aid. Among these were a "Bundles for Britain Party" given by the junior class and a Red Cross benefit musical show presented by the Campus Serenaders, TSCW swing orchestra. Student council is carrying on a campus-wide drive for cash donations for Bundles for Britain, while the college gives complete or partial aid to five refugee students.

Miss Wiley has just completed her "practice teaching" as a part of her education course in preparation to teach in the public schools. For a school semester student teachers do actual teaching under supervision of a staff member of the department of education. She has been teaching home economics.

Miss Wiley is the daughter of Mr. and Mrs. H. M. Wiley of this place and is a senior at TSCW. She plans to complete her college work this June.

### REV. AND MRS. COOK CALLED TO SICK FATHER'S BEDSIDE

Rev. Wayne Cook came home Friday from Cisco, where he and his family were called on Wednesday to the bedside of Mrs. Cook's father, W. L. Boyd. Mrs. Cook and children remained at Cisco to be near the patient and Rev. Cook returned Sunday in response to a message that Mr. Boyd was much worse.

In the absence of Rev. Cook from his pulpit at the Methodist church, Rev. O. C. Evans of Briscoe preached at the 11 o'clock hour Sunday morning. Mrs. Matt Clay of Shamrock gave a very interesting talk on welfare and community center work being done in that town under her direction at the evening hour.

### Attend Cousin's Funeral

Mrs. J. H.
