THE COUNTY SEAT NEWSPAPER

Cotton Improvement Object County Meet

Extension Specialists to Confer with
County Growers Here Next
Monday, Nov. 1

With the avowed purpose of encouraging growth of uniform cotton and improvement over the present wide range of varieties in regions where losses have been noted, a county-wide meeting, beginning at 2 p. m., will be held at the court house in Wheeler next Monday, Nov. 1. This is according to a statement issued by Jake Tarter, county agent. Speakers for the occasion will be Texas extension specialists from College Station, including F. E. Litche, extension cotton gin authority; E. A. Miller, extension agronomist, and probably D. T. Killough, cotton breeder at the Texas experiment station.

This series of county-wide meetings, of which Wheeler is one unit, are being held at the request of Director Williamson of the department and district agents, who have agreed that as many cotton improvement meetings as possible be held this fall in view of the fact that the quality of the Texas cotton has deteriorated to the point where short cotton is hard to sell and that now many spinners, in placing their orders for cotton, specify that no cotton from Texas and Oklahoma be included in the sale.

The Extension Service has the responsibility of doing everything possible to correct this situation which so vitally concerns the welfare of the state, since most of our farm revenue is derived from cotton. Our exports of cotton are still on the down-grade and according to authorities on the subject, it is necessary for us to improve our quality to meet the increased competition of foreign markets.

In view of the seriousness of the situation created by widespread production of low-grade, short-staple cotton, the importance of the meeting Monday cannot be too strongly emphasized, asserts Tarter. Farmers, ginners, compress managers, warehouse managers, bankers, vocational teachers and all others interested are urged to hear the extension specialist discuss the situation.

One-variety communities, and even counties, of good quality cotton will be presented as a remedy for the situation. After the talks, the meeting will be thrown open for general discussion, states the county agent.

F. E. Litche, member of the extension group coming to Wheeler, recently covered the state and contacted practically every gin and 27 ginners' meetings. "These men are ready and anxious to co-operate in every way possible with the cotton quality improvement program," he reported.

The state men come here from Hemphill county, where a meeting is scheduled for 9:30 that morning at Canadian. Tuesday morning at 9:30 they will conduct another session at McLean, in Gray county.

Home Demonstration Clubs Plan Program

Amateur Entertainment on Nov. 5
at Shamrock to Raise
Yearbook Funds

As a means of defraying expenses of the county home demonstration club year books, the county council is sponsoring an amateur program at the Shamrock high school auditorium, Friday evening, Nov. 5, Mrs. S. P. Beasley and Mrs. Howard Leake, council members, announced one day last week.

Each club of the county is to be responsible for one or more numbers on the program, though the contest is open to anyone who cares to enter even if they are not club members. There will be no entry fee.

Entrants will be divided into four divisions: Adults, children under 12 years, miscellaneous musical numbers, and miscellaneous adult numbers. There will be a prize of \$2.50 offered for first place in each division, and three other prizes to the first entrants; to the entrant coming the longest distance, and to the first entrant from the central area of the county.

Persons who wish to enter the contest are requested to notify Mrs. Beasley not later than Nov. 3. Her postoffice address is box 164, Shamrock.

Mr. and Mrs. R. B. Haynes of Miami spent Sunday afternoon in Wheeler with Mr. and Mrs. Albert Hayter and daughter, Mrs. W. O. Christian, of Los Angeles, Calif., who is here for a month's visit. Mr. and Mrs. Haynes are publishers of the Miami Chief and they made a brief visit with Mr. and Mrs. C. G. Miller.

MOBEETIE-WHEELER GAME AT WHEELER FRIDAY, NOV. 5

The forthcoming conference football game between the Mobeetie Hornets and Wheeler Mustangs, scheduled for Friday Nov. 5, will be played at Wheeler's flood-lighted field that night. This decision was announced yesterday, following conferences between officials of the two schools in an effort to choose the place that would afford opportunity for the best attendance and greatest interest.

Recent successes by each team promise to make next week's battle one of the interesting contests of the district. Close followers of the sport concede this game is not "in the bag" for either squad, as was the highly erroneous assumption of a lot of folks before last Saturday night's contest on the Wheeler gridiron.

City Drug Sponsors Big Rexall 1c Sale

Dated for Wednesday, Thursday, Friday and Saturday of next week, the City Drug Store will sponsor its annual autumn 1c sale. This is an event always looked forward to eagerly by the shopping public. The 1c sale offers an opportunity to obtain extra values in a wide variety of merchandise and buyers welcome the chance to buy one article at the unusual price, plus another for an additional cent.

P.-T. A. to Present Hallowe'en Frolic

Entertainment and Refreshments
Features of Novel Program
Saturday Evening

Beginning at 7 o'clock Saturday night, the Parent-Teachers association is sponsoring a full evening of entertainment at the Porter store building in the form of a Hallowe'en carnival.

Miss Winona Adams, finance chairman, is trying a new plan in connection with this annual affair. There will be no general admission price, but groups providing booths will charge a small entrance fee. They will be allowed to retain 50 per cent of the net proceeds.

A prize is offered to the organization turning in the largest sum of money. In this way the committee hopes to create more interest and to make more profit than ever before.

Each class in the grammar grades and high school, as well as several other clubs connected with the school, will be in charge of booths providing food and fun.

"Don't eat before you come," is the advice given by those in charge of the All-Saints celebration. For a small sum there will be plenty for all.

Booths assigned to the different groups are: Seniors, house of horrors; juniors, pitching pennies at milk bottles; sophomores, sandwiches; freshmen, postoffice parcels; fifth, sixth and seventh grades, fortune telling; fourth, fish pond; second and third, ringing clothes pins with jar rubbers; first, bean guessing.

Corral staff, bingo and a photographer's gallery; home economics club, popcorn, ice cream, candy and chewing gum; Spanish club, pinning a donkey's tail; Glee club, pitching balls at buckets; Girl Scouts, marionette show; the band, swimming match and tap dancing.

There will be also a weight guessing and a cake walking contest. Those who have been assisting Miss Adams in working out details are Mrs. Jim Trout, Mrs. C. B. Witt, Mrs. J. L. Gilmore, Mrs. C. J. Meek and Miss Bernie Addison.

Future Farm Program Meeting Friday Night

Agreeable to the request of W. C. Zirkle, vocational agriculture instructor in the Wheeler schools, The Times is pleased to announce that a meeting will be held in the district court room here tomorrow (Friday) night, beginning at 7:30 o'clock, for the purpose of discussing the 1938 farm program. A preliminary report on the proposed farm program will be made by Jake Tarter, county agent.

Organize will be taken at this time to steps in an evening school for farmers of this area, which Zirkle will conduct. During the proposed series of evening schools, farm problems selected by the farmers themselves will be studied. The meetings will be held as often as desired by those participating and the leaders are anxious that as many as possible attend tomorrow night's meeting and make plans for the series following.

County Judge Puett Given Signal Honor

Is Named Member Important County
Government Reform Committee
by Judge LaFont

County Judge W. O. Puett of Wheeler received notification last Friday that he had been named by Judge H. M. LaFont, Plainview, as one of a committee of seven to study and offer changes and reforms to be effected in county governments of the state.

Full duties of the committee are not known at this time, but are said to cover investigations looking toward reformation and coordination of the several units comprising county governmental machinery. Up to yesterday, Puett had not learned who the other members of the committee are nor when the first meeting will be held.

When LaFont, who is president of the County Judges and Commissioners State association, was authorized to select this committee he, naturally, had a large field to choose from and his choice of the Wheeler county man as one of the seven is no small honor.

Puett returned late Wednesday night from a trip which took him to Dallas and Amarillo. At the former place, on Monday and Tuesday, he was present at a hearing before a federal sub-committee which is collecting facts and figures concerning plans for a proposed farm bill to be introduced at the special session of congress, convening Nov. 15.

Other men attending the hearing from Wheeler county were J. Z. Baird and L. T. Davis; Kelton; C. A. Dysart, Mobeetie, and A. B. Bumpers, Shamrock. Baird was spokesman for the group.

On his way home, Puett stopped in Amarillo Wednesday for a meeting of directors of the Panhandle Water Conservation authority with members of commissioners courts from this region. Those present besides the judge were Geo. Hefley, Jim Trout and Doug Sims, three of the county's four commissioners.

Free Demonstrations Puckett's Saturday

Popular Grocer-Markets Offer Hot
Biscuits, Coffee, Sausage
to All Comers

With the latching on the outside and their faces ready with broad smiles of sincere welcome, the Puckett stores at Wheeler and Mobeetie are making elaborate preparations to accommodate large crowds expected at their free demonstrations on Saturday of this week.

Demonstrations will include three important items of food in every home.

First is Puckett's own brand of flour, a high patent product labeled exclusively for them and milled Puckett's Best and is fully guaranteed. Hot biscuits, made from this flour, will be served Saturday.

Second on the list is Folger's coffee, a favorite brand of high grade coffee with many people. In this event they are giving Folger's the prominence it deserves and will serve it to their callers Saturday.

Two products of the old reliable packing firm of Swift & Co. will complete the demonstrations. These are Swift's Brookfield sausage and Jewel shortening. When a lot of folks read this they'll plan to sample the hot biscuits, coffee and sausage.

Privately, we have been informed by Roy Puckett of the Wheeler store, and will make a guess at the same applying to Tiry Hardin at the Mobeetie store, that a bit o' butter and honey may be available for use with the biscuits, Burleson's pure honey being used.

Anyway, both stores are extending a hearty welcome to one and all to visit them Saturday, making it plain that no purchase of any kind is compulsory. But they do invite inspection of a host of mighty attractive prices on staple grocery items.

Representatives of the milling company, Folger's coffee and Swift & Co. will be present to assist in explaining the advantages of their respective products and in serving.

AMERICAN LEGION BUSINESS MEETING THURSDAY, NOV. 4

Thursday night of next week, Nov. 4, is the date for a regular business meeting of the American Legion post in Wheeler. At that time, according to Commander Chester Lewis, efforts will be made to arrange a program of entertainment for the social meeting two weeks later, Nov. 18.

All members of the Legion, ex-members and prospective members are invited to attend next week's meeting, as well as other gatherings sponsored by the organization, states Lewis.

Mt. Zion School Joins Mobeetie Independent

Unanimous Vote by Both Parties
in Tuesday's Election Effects
Consolidation

Word brought to this office yesterday by Supt. M. D. Blankinship of the Mobeetie schools, confirmed rumors of a consolidation involving Mt. Zion with Mobeetie Independent school district. The vote at Mt. Zion and also at Mobeetie was unanimous in favor of consolidation, although one dissenting ballot was recorded at Mobeetie on the separate question of assuming a small outstanding indebtedness against the Mt. Zion district.

Beginning last year and continuing up to the present, the newcomer had been sending all of its students to Mobeetie under contract. Therefore, so far as surface indications would show, no material change will be evident.

Mt. Zion district is situated north and west of Mobeetie.

Mrs. Pettit's Father Dies at Home Sunday

J. D. Henderson, 76, died Sunday, Oct. 24, at his home in Munday after a brief illness. He was the father of Mrs. E. G. Pettit of Wheeler.

Mr. Henderson was a prosperous farmer and followed that work as long as his health would permit. However, he had spent the past 24 years at the family home in town and helped his sons manage the farm operations. He is survived by his loving wife, one daughter and five sons, J. D. Henderson, Portales, N. Mex., Mrs. Margaret Pettit, Wheeler; M. M. and Billie Henderson, Munday; Tom and Harry Henderson, Dallas.

Funeral services were conducted at the home Monday afternoon by the Baptist pastor with interment in the Munday cemetery. Mr. and Mrs. E. G. Pettit of Wheeler attended the services.

Harold Nash and Wiley Pettit motored Tuesday to Oklahoma City where they attended to business and visited the latter's brother, Melvin Pettit, who is taking a business course at Draughon's college. They returned home Wednesday night.

Wheeler's Muscular Mustangs Humble Shamrock's Illustrious Irishmen in Gridiron Fray Here Saturday Night

The Wheeler Mustangs won a decisive victory over the Shamrock Irishmen in the county's high school grid classic on Wheeler's as yet unnamed field Saturday night with a score of 7 to 6. This indisputable fact is recorded for the information of those who may not have heard it and because it is a sweet morsel on the tongue of a Wheeler football fan. Doubly sweet, at this time, since it is the second straight win for the county seat team over Shamrock in as many seasons.

Most sports involving the Wheeler schools are left to the competent staff of The Corral, a regular section of The Wheeler Times during the school term. However, there are exceptions, and the annual Wheeler-Shamrock football contest is one of them.

Not that this writer, who happens to be the editor of The Times and takes full responsibility for what is said here, would in word or deed disparage the efforts of a worthy opponent nor seek to rub salt into the aching (physical and mental) lacerations and abrasions of a vanquished foe. Rather, in a broad and magnanimous spirit, would be offered commiseration and sympathy. This is not to be construed, however, as an apology for beating the wearers of the green and white togs, for The Times is ready to do everything laudable within its power to help repeat the dose next year.

The Shamrock eleven is a good football team, with a good coach and loyal supporters. They play heads-up football every season and came to their recent Waterloo an undefeated team.

But the Mustangs were better than the Irishmen Saturday night, just as they were better approximately a year ago on Shamrock's gridiron.

There is something "different" about a football game between Shamrock and Wheeler; it seems to be a sort of safety valve for letting off steam, a vicarious contest between friendly enemies. There is a grim determination not evident in other games throughout the district to which either team is a party.

MEADOR CAFE, McLEAN, WELCOMES MUSTANGS

It's a neat courtesy to the Wheeler Mustang football team and fans which the Meador Cafe, McLean, extends in a paid advertisement on the sports page of this week's Corral. That cafe, no doubt popular because of its progressive spirit, welcomes the Mustangs and other Wheeler people attending the football game there tomorrow, Friday, night. Here's hoping the weather is good, the game is good (with a Mustang victory), and that Wheeler's good people remember Meador Cafe.

Diphtheria Takes Life of Little Girl Monday

Betty Jean, little daughter of Mr. and Mrs. John Tarris Harvill, of the Corn Valley community, died Monday of diphtheria. She was ill only a few days.

Betty Jean Harvill was born March 16, 1935, and died Oct. 25, 1937, at the age of two years, seven months and 10 days, at Wheeler. Besides her parents she is survived by a brother, J. C., and grandparents, Mr. and Mrs. John Harvill, Mobeetie, and a cousin, Mrs. J. A. Bryant, Oklawaha.

Funeral services were conducted by Rev. E. C. Raney and Taft Holloway at the Wheeler cemetery Tuesday afternoon.

MASONIC PASTMASTERS' NIGHT IS ANNOUNCED FOR MONDAY

Preparations are being made by Wheeler Lodge A. F. & A. M. for a special occasion next Monday evening, Nov. 1, which has been designated Pastmasters' night, states Harry Garrison, secretary of the lodge. During the evening the Master Mason's degree will be conferred by officers who are all Pastmasters and arrayed in full Masonic regalia. All Pastmasters attending the meeting will also be shown special courtesies, declares Garrison.

With invitations extended to six or eight nearby lodges, an attendance of 100 or more Masons are expected.

Refreshments will be served at the close of the evening's activities.

Mrs. L. V. Sivage is a patient in the Wheeler hospital this week.

Plans Complete for Red Cross Roll Call

Annual Membership Drive Starts
Nov. 11, Ends Thanksgiving
—Guthrie Chairman

The annual roll call membership campaign for Wheeler chapter of the American Red Cross will start Armistice Day, Nov. 11, and end on Thanksgiving, Nov. 25, announces Lee Guthrie, who assumes the duties of roll call chairman for the first time this year. Dr. H. E. Nicholson, who functioned last year in the dual capacity of roll call chairman and chapter chairman, continues in the latter position.

Again, the Red Cross comes with an appeal for membership dues to finance its work during the year ahead. Fees are: \$1, annual; \$5, contributing; \$10, sustaining; \$25, supporting. Only 50 cents of any of these sums is remitted to the national organization. The remainder stays in Wheeler for local work.

As an agency of the American people, the American Red Cross last year cared for, the largest number of disaster victims in the organization's peacetime history, it was revealed this week by Guthrie, new roll call chairman of the Wheeler chapter.

"During the recent Ohio-Mississippi Valley flood the Red Cross gave assistance to 322,300 families," he said. "This represented 1,450,000 individuals and far exceeded the number we were forced to care for during the previous all-time high water in 1927."

To carry out this great relief task, Guthrie pointed out, American people generously contributed more than \$25,000,000 to be administered by the Red Cross.

The local chairman said, however, that while the Red Cross had been called upon to assist victims of 24 floods during the year, a variety of other disasters called for relief work. These included cloudbursts, dust storms, earthquakes, epidemics, explosions, fires, forest fires, hailstorms, a landslide, mine explosions, mine fires, tornadoes, truck accidents, typhoons, and general windstorms.

"In all, the Red Cross assisted victims of 128 disasters during the year, including 106 in continental United States," he said.

"Disasters struck 36 states, Alaska and the District of Columbia, and touched 384 counties. The American Red Cross also assisted victims in the Philippine Islands and in three foreign countries in answer to calls from Red Cross societies there for assistance.

"It would be impossible," Guthrie said, "to tell by statistics what renewed hope and brightened outlooks on life were made possible by this Red Cross assistance. It is hard to visualize the plight of flood victims last spring had it not been for assistance in rebuilding and refurnishing homes and re-establishing means of livelihood for victims that the Red Cross gave, in addition to the emergency assistance in the form of food, medical aid, clothing, and shelter provided while the waters were raging."

The year-round program of assistance to disaster victims, he concluded, was made possible by the annual Red Cross Roll Call, when citizens are asked to renew their memberships or to join this great movement for the relief of those in distress.

Local Constitution Committee is Named

Three Men Appointed to Co-Operate
with Sesquicentennial
Commission

This office is in receipt of a communication from the United States Constitution Sesquicentennial Director-General, Sol Bloom of Washington, which reads in part as follows: "Enclosed are the names of a committee recently appointed to continue co-operation with the United States Constitution Sesquicentennial commission in the 19th anniversary of the formation and ratification of the United States constitution."

"As you already know, this commission was appointed to direct the celebration. It began formally with a nation-wide observance on Sept. 17 of this year, and will end on April 30, 1939, the 150th anniversary of the establishment of this government when George Washington was inaugurated."

Members of the local group, named by R. J. Holt by virtue of his position as mayor, include A. B. Cump, H. M. Wiley and Dr. H. E. Nicholson.

Mr. and Mrs. H. E. Cole and sons, La Veau and Everett, are driving a new Chevrolet car this week.

THURSDAY, OCTOBER 28, 1937

AMERICA'S LEGION

This community, like every other, has its contingent of American Legionnaires. Nearly a score of years ago they returned triumphant from the Great War and became citizens to whom we point with pride. Today we can look upon them doubly proud because the American Legion has demonstrated itself as typifying the true spirit of Americanism upon which this nation was founded.

In New York City recently some 300,000 Legionnaires paraded that spirit up fabulous Fifth avenue for 18 hours in the most amazing demonstration ever witnessed by that blasé metropolis. Up that fashionable thoroughfare—scene of May Day parades when the red flag of Communism is flaunted and where the flags of soap box champions of other "isms" beg attention and followers—the American Legion paraded the American flag and demonstrated to the millions who lined the avenue that there is still a deep patriotic reverence for that flag and the Constitutional rights of every one of this nation's 130 million citizens.

This community is fortunate to have among its citizens a number of these true Americans—the Legionnaires. However, it is regrettable that the Legion's gigantic parade could not traverse the length and breadth of the land. Had this been possible, there would not be a man, woman or growing youth in America today who would not feel reassured that there is a strong patriotic fervor for defense of individual liberty.

In convention the Legion delegates did not squander time and effort on political and partisan issues but voted on matters of far greater national import. They voted to ask congress for an investigation and deportation of those alien "isms" groups and reaffirmed their faith in the Bill of Rights as a living document designed for the protection of the humblest citizens.

Neither in convention assembled nor privately have members of the Legion made half the fuss about retaining their well-deserved government compensation that a lot of others, not entitled to any favors whatever, who are clamoring to get their heads in the public trough on some flimsy pretext or other. And it is a known fact that this same compensation for ex-service men who went through the horrors of war, many incapacitated physically or mentally for life, is the target for every brain-storming, shoot-mouth politician from Maine to California and the Gulf to Canada when he begins to talk "economy" to the profiting and "pandering" to the profigate.

IT'S HARD TO WEAN 'EM

Summing up the net results of the late depression a Boston editor offers food for thought when he declares that the worst feature of it is that a lot of people found out they could actually live without working. He refers, of course, to those who, having passed through a period of idleness without going hungry, are now determined to remain idle and let the taxpayers feed them, much as the ravens fed Elijah* in Biblical days.

Every community has its share of them, and it is not necessary to wander very far to discover the type. How to force such citizens to

Our Exchanges

Items of interest culled from newspapers on "The Times" exchange list.

A young Californian, Dan Thornton, owner of the MM Ranch near Springville, Ariz., was the heaviest buyer at the J. P. Osborne annual Hereford sale held last week on the ranch in Roberts county. Thornton paid \$6,145 for two bulls and 21 females. His home is at Pasadena, Calif. Eighty-six head sold for \$23,340, which was the highest figure set by a private sale in the Texas Panhandle in the last few years.—Miami Chief.

A lady tourist stopping here Saturday was heard to remark: "I can't understand why they wear broad brimmed hats to keep the rain off their cigarettes in the southwest where it seldom ever rains."—Donley County Leader.

Work repairing the Norris oil well in the southeast part of the county is progressing slowly due to difficulty in extracting the pipe from the seat of the trouble, which is at the bottom of the test. No progressive drilling has been accomplished on the hole in the past 40 days after sand had accidentally gotten between the pipes.—Ochiltree County Herald.

The first frost and freeze of the year hit the Panhandle Monday night. The temperature registered in Canyon was 36 degrees, but was lower on the North Plains. While the freeze was general over the Panhandle it was believed to have done little damage since such a large part of the feed crop had been harvested.—Canyon News.

Dr. L. H. Faulkenback, field man of the American Museum of Natural History, New York, together with Dr. Everett DeGroot, Lusk, Wyo., and John Lynch and Mr. Vaughn, arrived in Clarendon Sunday to prepare for paleontology work during the winter in Donley county. The New York museum has had field men working in the county for the past several years unearthing specimens of early day mammals, and bones or skeletons relating to prehistoric ages.—Clarendon News.

Over at Shamrock Albert Cooper has launched another one of his deep and nefarious plots. He is trying to make the Rockets overconfident. For two weeks he has been bragging on them, and it makes me suspicious. Here is part of what he has been saying:

"We sure hope they decide to move the Wheeler-Shamrock game up to Thursday night as we hate to miss that game but will if they play on Friday as that happens to be the night Wellington and McLean tangle over at McLean. *** Incidentally we have picked Wellington to win and our two bits has already been called by Sports Editor J. C. Howell, thank you."—Wellington Leader.

There will never be true democracy as long as officials are elected by a small per cent of the voters.—McLean News.

Thirteen persons were arrested here last Saturday night and Sunday, as officers report the best week end of business this year. "It's an indication of the return of better times," Sheriff Lindsey Hill stated. Six persons were lodged in the county and city jails Saturday night and Sunday for drunkenness. Two were jailed for fighting, and five were arrested and thrown in jail for "crap-shooting."—Memphis Democrat.

Henry Ford closing his plant at Kansas City is the first step towards recovery in the West. He is getting a lotta credit that should go to the men, but nevertheless it might keep a lot of people from owning cars who can't afford one. It might hurt for the first 100 years, but if all the automobile manufacturers would close down, I'll bet we would all have money the 101st year.—Buck Shots in Booker News.

Wheeler County, to be holden at the Court House thereof, in Wheeler, Texas, on the second Monday in November A. D. 1937, the same being the 8th day of November A. D. 1937, then and there to answer a petition filed in said Court on the 5th day of October A. D. 1937, in a suit numbered on the docket of said Court No. 2877, wherein
 Pearl Powell and husband, C. Frank Powell, are Plaintiffs,
 and
 Maud Olinger and husband, W. D. Olinger; J. D. Swan and wife, Mayme Swan; Dora Armstrong and husband, B. H. Armstrong; J. E. Swan and wife, Lola Swan; Fannie Lauderdale and husband B. H. Lauderdale; L. P. Swan and wife, Dela Swan; the unknown heirs of Ruth McDaniel and husband, Joe McDaniel; Thelma Cadle and husband, E. V. Cadle; Eunice Steele and husband, Denmon Steele; J. D. LaGrone; Pearl Power and husband, Lester Power, and the unknown heirs of Lillie Hunt and husband, Q. R. Hunt, are Defendants,

and a brief statement of plaintiff's cause of action, being as follows: Plaintiffs allege that Pearl Powell is tenant in common with defendants, Maud Olinger, J. D. Swan, Dora Armstrong, J. E. Swan, Fannie Lauderdale, L. P. Swan, Thelma Cadle, Eunice Steele and the unknown heirs of Ruth McDaniel, occupying all of THE WEST ONE-HALF OF THE NORTHWEST QUARTER OF SECTION NO. 56 IN BLOCK A-S OF THE H & G. N. RY. CO. SURVEYS IN WHEELER COUNTY, TEXAS, by reason of having inherited it from J. L. Swan, deceased, and pray for partition of said estate.

They also allege a debt against the estate, due the plaintiff, Pearl Powell, for the care of J. L. Swan, deceased, and for certain advances made to preserve the estate in the total amount of \$2,307.35 and pray for the establishment of a lien on said estate for such care and advances and for a foreclosure of said lien.
 They also allege a trespass of title to the said estate on the part of the defendants, J. D. LaGrone, Pearl Power and the unknown heirs of Lillie Hunt, praying for the title to be quieted in the rightful heirs and for damages in the sum of \$500.00 against the said J. D. LaGrone, Pearl Power and the unknown heirs of Lillie Hunt.

They also pray for cost, general and specific relief in law and in equity.
 Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.
 Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 7th day of October A. D. 1937.

HOLT GREEN,
 Clerk, District Court, Wheeler County, Texas.

Mr. and Mrs. George S. Gandy are visiting with friends and relatives in Hereford while school is dismissed for cotton picking.

A large number from here were transacting business in Shamrock and Wheeler Saturday.

Miss Onetta Joiner spent Sunday with Miss Vernele Killingsworth.

Miss Mabel Davis of Pakan was a visitor here Sunday.

Community Doctors was the subject discussed at the Briscoe Home Demonstration club meeting Oct. 19. Quite interesting observations were made by Mrs. McCann, Mrs. J. L. Smith and Mrs. Greenhouse.

Subject of the next meeting, on Nov. 2, will be Home Food Supply. Meetings are held on the first and third Tuesdays in each month at the club house in Briscoe. Visitors are always welcome.

At the Churches

Eternal Life Insurance Policy
(C. C. M.)

From a business viewpoint insurance—life insurance, fire insurance, accident insurance, and insurance of all kinds—is a wise course to pursue.

But, have you insured your soul? There is an Eternal Life Insurance Company, Incorporated. This company is composed of the greatest and strongest personnel of the entire universe. Unlimited resources and authority back this company's policies. God is the president, Christ the secretary, and the Holy Spirit the treasurer. The blood of Christ seals every policy issued.

For how much did you insure your

soul? "What would a man give in exchange for his soul?" was the way our Saviour put it. There is nothing in your possession, yea, nothing in the entire universe that can surpass your soul in valuation. But there are many now who, like Esau, would sell their soul for one good meal. Many, Judas-like, have sold out for 30 pieces of silver. But God placed such a tremendous value upon your soul that the entire wealth of heaven was paid for it (2 Cor. 8:9).

For how long have you insured your soul? The Eternal Life Insurance Company, Incorporated, issues no policy except for eternity. All liabilities have been paid for in advance. Likewise, all premiums have been paid, and that by Another. The whole matter is of grace to every applicant. You make application for a policy through faith in the Company. Do you believe this Company can take care of your soul, "through thick and thin" for all eternity? Is that faith strong enough to cause you to put your trust in the Company. All right then, it is yours for the asking. You must be examined by the Great Physician who will cleanse you from all your sins in His own blood. And, remember, there is nothing that can nullify that policy (John 10:27-29; Rom. 8:31-39).

Why did you insure? There is just one reason for it: To save your soul, body and spirit from eternal damnation.

Sunday morning our subject will be "Humanity on the March." In the evening, "God's Power in Operation." We would be glad to have you hear these Sunday morning prophetic sermons. They are prepared for the year, the season, the times and the hour we are now living in.

Movie Chatter

By a Rogue

Harold Bell Wright's The Californian

Harold Bell Wright brings another of his famous novels to the screen. This time it is The Californian, with Ricardo Cortez in the leading role. It is just the kind of movie that western fans are looking for, and is sure to please. Then, too, there will be Buster Keaton in a good two reel comedy. The date is Friday and Saturday, Oct. 29-30, at the Rogue.

Sing and Be Happy

Tony Martin, Leah Ray, Joan Davis and Dixie Dunbar come to the Rogue for Prevue, Sunday and Monday in "Sing and Be Happy." If you like dance time, swing time, spring

CITY BAKERY
C. H. DAVIDSON

time, it is a foregone conclusion that you will like Sing and Be Happy, because it is one of those light musical comedies with just the right amount of sparkle to make it thoroughly enjoyable. Also, second issue of March of Time.

Big Business

Another of those delightful Jones Family pictures is coming up for your approval Wednesday and Thursday Nov. 3-4. It is called "Big Business" and will have the same cast as all the former stories. You will recall seeing Off to the Races and others at the Rogue. They have all been well liked, and we sincerely believe you will like this one. Then there will be a swell two reel comedy entitled "Rhythm Round-Up," which alone will be well worth the price of admission.

Autumn Charm

Can be enhanced by proper care and attention to one's hair and complexion.

Autumn activities, both outside and indoors, take their toll of neglected skin and hair. For keeping the complexion lovely and protected we recommend Honey Youth face masque. A preparation delightful to use and satisfactory in its results.

Our Permanents for the hair are individually prescribed to meet each particular case. Deep, natural waves in the latest mode. Also rinse, shampoo, finger wave, etc., all specially priced.

Stressing Home Comfort Needs

HEAT YOUR HOME the MODERN WAY

YOU just turn a dial for the heat you want with this modern Superfex Oil Burning Heater, made by the Perfection Stove Company, world's leading manufacturer of oil stoves. Why not replace your old-fashioned heating stove with a Superfex and end heating worries? These heating stoves burn low-cost fuel oil. Choice of several sizes and styles. Easy terms, if desired.

Also a good selection of Coal and Gas Stoves

The Fall season, with its beautiful weather and the inevitable winter soon to follow, when shorter days and outside discomforts encourage more hours spent indoors, is the time to prepare for home comfort. Ample heating equipment to safeguard health is necessary; new furniture and floor coverings are also highly essential. This store is ready to serve with these items and particular attention is directed to our stock of GENUINE

PABCO RUGS

These dependable rugs offer the utmost in wear, appearance and ease of cleaning. Made up in attractive colors and new designs, Pabco Rugs represent luxury at economy prices.

For those who prefer it, we have a large stock of new linoleum yard goods in beautiful coloring and pretty designs. This stock will be cut to order in any size from the smallest closet to full sized room. Buy now and save.

FURNITURE—RADIOS—IMPLEMENTS—HARDWARE

in the auditorium Friday, Oct. 22, at 3:00 o'clock.

The seventh grade students gave a short "First Aid" program.

Mr. Scott and his general science students gave some science experiments.

Mr. Swinburn announced that school would continue for at least another week before turning out for cotton picking.

There were several parents present. Parents are always welcome at our school.

P. T. A. Meeting

The Parent-Teachers association met Wednesday night, Oct. 20, with Mrs. Charlie Candler in charge. Elmo Scott was elected parliamentarian and Miss Virdie Wheeler, pianist.

Miss Ina Scott, program chairman, reported that membership dues would be 25 cents. A prize will be given to the room getting the greatest per cent of its parents to join the organization.

The Parent-Teachers association will be responsible for buying a picture machine for the school.

O. C. Evans, program chairman, asked members present to write a suggestion for future P. T. A. programs.

The following program was then given:

Violin solo, Miss Glennis Wiseman, accompanied by Mrs. Lee Berry; "Functions of home under changed conditions," W. V. Swinburn; "Functions of school under changed conditions," Miss Beulah Hubbard; "Functions of P. T. A. under changed conditions," Mrs. Weaver Barnett.

Favorite Sport—Basketball.

Fifth Grade

At our program last Friday we were pleased to have a visitor, Mrs. Candler.

Friday, Oct. 29, we plan a Halloween party, with games and refreshments, in the class room. Then Clara Seedig will give the class a party at her home Friday night.

The five best citizens chosen by the class this week are: Glen Robertson, Ruth Shackelford, R. L. Zybach, Joyce Sorensen and Mabel Alice Smith.

Sixth Grade

The sixth grade is studying Ger-

many in Geography. We are making jack-o-lanterns and cats for Halloween.

In language new officers were elected. Zane Grey Frances was elected president; Melvin, vice president; Downey Mathews, secretary; Vernon, Kenneth and Floyd, program committee, and Darville Atherton, parliamentarian.

MANY SCHOOL IMPROVEMENTS HAVE BEEN MADE RECENTLY

Many improvements, both inside and outside the Briscoe school building have been made recently.

On the outside, walks have been constructed along the front and sides of the building. In the future grass and flowers will be planted adjacent to the walks. Two tennis courts are being built where the gymnasium stood. These will have concrete floor surfaces.

On the inside, English shelves are being built by the shop boys. These will be used for storage of English note books.

The school hopes to purchase a

motion picture machine some time in the future. Such a machine would be a great aid to all students of the school.

A new subject has also been introduced into the school. It is Shop and Agriculture. The freshman and sophomore boys take shop, while the junior and senior boys take agriculture. This subject is taught by the new teacher, Mr. Walker.

You Can Drive In THIS GARAGE AND SERVICE STATION With CONFIDENCE

Motorists have learned that car troubles can be referred to us with perfect confidence that they will be properly taken care of and at very reasonable cost. Winter driving, with the occasional slippery roads that prevail, offer extra hazards to driving. Therefore, the wise motorist will be sure that his car is in safe condition by letting us check it at frequent intervals.

Another safety factor, summer or winter, is the use of good tires with traction and grip on the tread. Among the better tires meeting this standard are

FEDERAL TIRES

The tire of economy in the long run.

Land Where Our Children Die . . .

(Editor's Note: The following article, written by O. E. Enfield, Arnett, Okla., was prepared by a citizen of the "alleged" area so viciously maligned by a fantastical story in Collier's magazine. We of Wheeler county are near enough to the region unintentionally or otherwise held up to ridicule of the world to join in keen resentment at the ill-advised utterances of one Mr. Davenport).

Mr. Davenport's article in Collier's of Sept. 18, 1937, seems to be lacking in fairness or at least in thoroughness. That it contains some truth, points out errors and suggests mistakes we admit. We know that we have made mistakes and for some time now we have tried to remedy these with true pioneer fortitude. We had dared to think that we were attacking our problems in the dust bowl with understanding and with some degree of success when lo, a magazine of national circulation deals us a blow, as we think, below the belt.

Some of our folks seem to think that Davenport must have taken more than one bottle of beer with his "poor boy" sandwich. The fact is that some have suggested that he might have gotten something stronger than three point two (3.2) and plenty of it before he penned what they brand as an infamous article.

Personally we make no such charges, notwithstanding the article does seem to indicate a very lively imagination and a rather reckless regard for the strict sense of justice. We wonder what Davenport was looking for on his 600 mile tour. We are reminded of that old story of the queen who sent messengers through her realm with a command to look for thistles and noxious weeds, others she sent with the charge to seek beautiful flowers. In due time each returned laden with precisely what they had gone to look for. The ones who sought thistles saw no flowers, while those who went seeking the good and beautiful saw nothing ugly or offensive.

I think this writer came with preconceived notions and went away with them confirmed. He simply did not try to change his mind while here. Did he see no fields, no flowers, no cattle worth the name, no fruits, no gardens, no meadows? If seen, why did he fail to mention them? Is it all wind, dust and desolation here? What are we to think of the reliability of the writers for Collier's if this is to be the measure of their worth in accuracy and fair play? Whatever publicity this effort may have brought him elsewhere his reputation has certainly suffered here; so has the circulation of Collier's until amends are made for this article which so many of our dust bowl folk call a rank insult.

Personally, Davenport, I have lived on the plains 45 years. I like it. My parents were pioneers. I know what it is to be buffeted by storms, by winds, by dry weather, by short crops, bad roads, poor markets and all the trials incident to a new country and I want to tell you this generation in the dust bowl is as true and brave and courageous and long suffering as any generation before it. No wonder then that they become incensed at your article

which they call untruthful and unfair.

If Mother Nature chastized us we took it good naturedly. We rubbed the sore spots. While smiling through our tears we wrote the following lines, which have not only been published in several papers, but have been broadcast. After reading them tell us honestly if you think we are whipped.

THE DUST BOWL

Why growl about these clouds of dust

Which blight the daylight fair?
Why sit in gloom and fuss and fume,
Un-Christian like and swear?

At sixty-eight I'll simply state
To young folks who have fears
That we pulled thru a drouth or two
Which lasted fifteen years.

Why mope and sigh because 'tis dry
And gardens will not grow?
We have no showers to cause the
flowers

To deck the earth below.

At eighty-three what fun 'twill be
If I be still alive

To tell how bad the times we had
Way back in thirty-five.

So cheer up folks and crack some
jokes

When dirt obscures the sun,
It might be worse, why should we
curse

Instead of having fun?

At ninety-two if I pull thru
I'll tell to lass and lad
When years were dry and dirt rose
high

What a hell of a time we had.

Yes, we joked when nature gave us
a lambasting but when Davenport
steps in to add insult to injury it is
no laughing matter.

So, Davenport, don't expect us to
buy the Collier's until you right this
wrong which you did by your writing.

(Signed) O. E. ENFIELD,
Arnett, Okla.

4-H Party Given in Gym

The Mobeetie 4-H club girls entertained the local 4-H boys and teachers in the high school gym with a party. The games were directed by Lynn Gott and Mrs. C. B. Witt of Wheeler. The hour was spent marching, playing running games and relay races. Refreshments of lemonade, cookies and suckers were served to 45 people.

MOST VALUABLE "CROP"

While adult farmers are struggling with the problems of production and marketing, a splendid new "crop" of farmers of the future is growing up.

More than a million farm boys and girls are now enrolled in the 4-H clubs. Here they are learning practical lessons in successful agriculture. On a not distant tomorrow, they will be operating the nation's farms, organizing and running the nation's farm marketing co-operatives and working out the problems of the day.

The fact that organization of farm youth has now reached its highest point in history, augurs well for the agricultural future. The training and information these young farmers receive in their 4-H clubs and elsewhere will prove invaluable.

Pond Building Ideas

By W. B. HOOSER
Assistant County Agent

Selecting a Site for a Pond

A pond on the farm or ranch is an asset over much of the county. In some cases, ponds are the principal source of water for livestock and household use. Where they are not so essential, their construction may be worthwhile as a source of water for garden irrigation; as a place for the production of fish, and for recreation.

It is seldom that an ideal site for a pond may be found. Therefore, it is well to consider the desirable and undesirable features of proposed sites and then choose the best available. It is well to avoid locating a pond where it will collect water carrying considerable quantities of silt. If water from the pond is to be piped to the house and barn, it is desirable to have it on land enough higher than the farmstead so water will flow by gravity. Sites where drainage from the house and barn lot would flow directly into the pond, carrying polluted water into it, are not desirable. Unless the watershed for the pond is small as compared with the capacity of the pond, it is important that a site be selected where a adequate spillway, commensurate with the size of the watershed, may be constructed at a reasonable cost.

Sometimes a likely appearing site for a dam may have such an excessive slope above it that too small an area will be available for the pond. In this connection a site where a considerable area may be covered with water with a dam of reasonable height is desirable and yet on the other the pond should have considerable depth, at least 7 or 8 feet, so that a high percentage of the water will not be lost through surface evaporation, which may be as much as 5 or 6 feet per year. A level should be used to determine the size of the flooded area with certain suitable dam heights. The boundary of the pond as it will exist when the water is level with the bottom of the spillway may easily be determined with a level. To do this, take a reading at the elevation proposed for the bottom of the spillway. Then with the target clamped at this reading, locate as many points as the water around the proposed spillway as the starting point. The operation is the same as running a level terrace line around the area, using the bottom of the proposed spillway as the starting point. The top of the dam will, of course, be 3 or more feet higher than this line. Before definitely determining upon a site for a dam, some digging or boring should be done to see if the pond is likely to leak through underlying sand or gravel strata, or rock seams.

After a location for a earthen dam has been selected, the foundation for the dam should be prepared so as to eliminate a line of seepage at the bottom of the dam. The area to be under the dam should be plowed. A trench some 4 to 8 feet wide, depending on how high the dam is to be, should be dug lengthwise of the dam and about where the center of the dam is to be. The trench should be a foot or more in depth or down to fairly impervious subsoil. The dirt from the trench should be placed in the outer slope of the dam. The core of the dam should be made of the best dirt available for the purpose, which is a clayey soil with a high percentage of sand and small gravel in it. Clay alone is not as good a material for making the core

as is a mixture of clay and a gritty soil. As dirt is dug up for making the dam, the material that is undesirable for the core, such as rocks or pervious soil, may be placed on the outer slope of the dam. It is desirable that the dam be built up in layers less than a foot thick. Dry soil will not pack as well as wet. Allow 10% to 15% in height for settling where wet or damp soil is used and more where dry soil is used.

If a pipe is to be put through the dam to let out water for stock or for a garden, it should be laid in a trench dug for the purpose running approximately at right angles to the length of the dam. Such an outlet pipe is recommended, as it makes it possible to run water into a small stock tank, so that stock need not be admitted to the pond to get drinking water. The pond should be fenced to keep stock out of it. A cut-off valve may be put on the outer end of the pipe, although this may make it necessary to protect the pipe against freezing, while if the valve is in the pond, there is little danger from freezing. One or more concrete collars should be built in place around the pipe through the dam to cut off seepage along the pipe.

Spillway: Except where the pond is large in capacity as compared with the size of the watershed, as for instance an acre foot capacity for each 5 or 6 acres of watershed, the spillway is extremely important. The spillway should be of ample capacity to carry off surplus water during heavy rains, so water will not run over the dam and destroy it. Ample freeboard, or depth of the bottom of the spillway below the crest of the dam, should be allowed. The spillway should be located so water running through it will not erode the dam. It should be emptied well downstream from the dam, if it is at all practicable to do so.

Mountain View News

(By Times Correspondent)

(Intended for last week)

Mrs. Bert Welch, who was operated on Monday morning, is doing nicely at this writing.

Mr. and Mrs. Thurman Ring, who have been living at Hereford the last few months, are moving to the Albert Hathaway farm this week.

Mrs. A. W. Halkins and children, Miss Bonnie and Royal, returned from Portales, N. Mex., Thursday.

Ray E. Williams, who is in Fitzsimmons General Army hospital, Denver, Colo., came Tuesday to visit his parents, Mr. and Mrs. L. W. Williams and family.

Frank L. Rush of Amarillo visited Sunday with his parents, Mr. and Mrs. A. F. Rush.

Miss Laverne Dysart spent the week end with her parents, Mr. and Mrs. C. A. Dysart.

Mr. and Mrs. Homer Hathaway and children visited Sunday with Mr. and Mrs. Bert Welch.

Mr. and Mrs. C. A. Dysart attended the Baptist Workers conference at Denworth Thursday of last week.

Mr. and Mrs. Joe B. Williams and daughter, Mrs. R. B. Ragsdale, of Pampa visited Sunday in the L. W. Williams home.

Miss Martha Herd is here with her sister, Mrs. Bert Welch.

The freshman class has started working on their mid-term themes so as not to be so busy the last few days of the first semester.

Mobeetie High School Paper

Home Ec Classes to Serve Eats Saturday

Plate Lunches and Short Orders Important Feature of School Carnival

Come one; come all! The home economics classes are going to prove their ability. Saturday night at the school carnival they are planning to prepare and serve plate lunches, short orders, hamburgers, sandwiches, pie and drinks. And they are expecting you and you and you to be there with a coming appetite. All orders will be appreciated.

The plate lunches and short orders will be served in the home economics room, beginning at 5:30 Saturday afternoon.

This is the first time the home economics room has been converted into a cafeteria for the carnival, and most of the girls are gaining new experiences in this work.

Some of them are now working out a rough estimate of the probable number who may be expected to patronize this department. They report rather encouraging prospects already.

Home Ec Girls Play Hoboes One Evening

Novel Picnic Planned by Losers to Entertain Winners in Magazine Contest

The Home Ec. I and II girls became hoboes Wednesday night Oct. 20. Due to the fact that the Green side lost in the magazine contest it fell their lot to entertain the winning side, the Golds. The girls were all tired of wienie roasts and common picnics so they planned a "Hobo Stew."

The girls, disguised as tramps, met at the school house at 6:30 o'clock and hiked to Elliot creek, about two miles west of the high school building.

They had already cooked their meat and fresh vegetables before going on this outing. When they reached the creek they added their canned goods to the other vegetables and meat and put them on to heat in a large black pot. While the stew was heating the girls played "too late for supper" and "two deep."

Then some one yelled "Come and get it." The hoboes didn't have to be told a second time to bring their buckets and tin cans to get their serving. After being served crackers to go with the stew, the tramps gathered around the camp fire and blew their re-heated supper.

The awards for being the most typical hoboes were awarded to Aileen Lancaster and Estelle Seitz. The grand prize was penny stick candy. Miss Cogdell then passed suckers around to each hobo. While they were still seated they played "where are you, who are you with and what are you doing," and "pleased or dis-pleased."

About 9:30 the hoboes caught a ride on a big truck to the next station, which was the high school building.

SENIORS TO ENTERTAIN JUNIORS AT MASQUERADE

The seniors will entertain the juniors Wednesday night with a masquerade party in the high school gymnasium. Two weeks ago the juniors entertained the seniors with a wienie roast.

Play Period Worked Out for 7th Graders

The seventh grade boys play basketball every morning at 10 a. m. with Mr. Plaster as their sponsor. The girls report to the study hall and they have their play period at 1:15 p. m. The boys then report to the study hall. This program is not completed yet but is to be worked out completely in the near future.

Main object in moving the seventh grade to the high school building was so they might have access to the gymnasium. Miss Knight sponsors the girls' activity period.

SENIOR RINGS ORDERED

If you had happened in on the senior class meeting last Wednesday afternoon in the Math room you would have wondered what was taking place. A group of seniors were in one corner discussing one ring, while others were deciding on others. Strangers might have thought a little war was on.

Many remarks were made. Alma stated that she wanted hers like her wristlet or didn't want one at all. Dora didn't care because she had lost hers at the swimming hole last summer. Helen thought they were too thin. Bob St. John decided that he might as well order his from Montgomery Ward.

Many others had also come to the conclusion that they didn't want a ring at all, but just then the president, Warren Thompson, convinced them that they might as well order now as later.

Two dollars was paid down and the order was mailed Thursday, Oct. 14. The rings are due in about three weeks.

Principal of Grade School Leaves Here

J. G. Martin, principal of the Mobeetie grade school, received an offer Tuesday as head of the Fritch, Texas, school and accepted it. Other members of the local faculty, the school board and patrons learned of his decision with keen regret, yet extend well wishes upon the advancement which accompanies this change.

At the new place Martin will become head of the school and will also receive a substantial increase in salary.

He was serving his second year with Mobeetie schools and had met with good success as principal of the grades.

It is not known at this time who will fill the vacancy created by Martin's resignation, which occurred rather suddenly because of urgent need for a capable man in the position which he has accepted.

Outlook Staff Gives Program at Assembly

Songs and Dialog Number Featured at Assembly on Friday Afternoon

The Outlook staff presented a program in assembly Friday afternoon the first number was a song, "Old Black Joe," by the group. Next was a solo, "Mammy's Lullaby," sung by Mrs. Blankinship.

Following this was a dialog, the setting of which was Supt. Blankinship's office at 4 o'clock on most any Monday afternoon. Each teacher in turn came in and gave some preposterous excuse for not being able to attend the faculty meeting.

Mrs. Neece sent her excuse and Mrs. Green was so busy hunting Leon that she telephoned the office. Because there were not enough staff members to take all the parts, other students were asked to help. The cast was as follows:

Supt. Blankinship — Warren Thompson.

Mrs. Blankinship—Dora Goodnight. Mrs. Simpson—Lois Farmer. Mr. Meek—W. L. Mahan. Miss Morrison—Ruth Haning. Miss Cook—Vera Ruff. Mr. Neece—Grant Hutchins. Miss Knight—Edna Sims. Miss Cogdell—Vineta McCain. Mr. Plaster—J. F. Haning. Mr. Martin—Elbert Blackwood.

Following the dialog, Mrs. Blankinship gave a talk on "Helping Where There Is a Need." The group then sang two songs, "Long, Long Ago," and "Onward Christian Soldiers."

At the close of the hour Miss Knight played a march for the students to march out by.

EDITOR OF WHEELER TIMES TALKS TO OUTLOOK STAFF

In his talk before the Outlook staff Monday afternoon, C. G. Miller, editor of The Wheeler Times, acknowledged the Outlook as another step-child of The Times. He stated that by means of the Outlook he could provide a more friendly publication for this community. Although it is of some considerable expense for him to put out our paper, Miller stated that it was a good investment.

Miller brought out several helpful points during his talk. His main theme was accuracy. He also gave many other valuable suggestions on writing news stories.

All the staff members and a number of visitors from other departments were present.

Girl Scouts Meet

The Girl Scouts met Saturday, Oct. 23, at the Methodist church. After a lesson on Observation they went on a hike. The next lesson will be on Fire Building. They are studying second-class work.

Visitors and new members are welcome. The next meeting will be Saturday, Oct. 30.

Clarence Key Returns Home

Clarence Key came home Sunday, Oct. 24, from Marlin, where he has been taking treatment for an infected foot.

Attend the Carnival Next Saturday Night

Let's Have a Good Time Again at Another Annual School Frolic of Fun

Mobeetie's annual school carnival will be held in the high school gymnasium Saturday night, Oct. 30. This event is looked forward to as a time of mirth and hilarious fun in variety to afford the utmost enjoyment to those who attend.

Proceeds of the carnival will be divided between the high and grade schools as has always been customary, since the students and faculty of both schools take part.

If you want to have a good time and feel that your nickels and dimes are well spent and greatly appreciated, come to the carnival Saturday night.

Come to the carnival Saturday night.

MURDER

IN THE FIRST DEGREE

A deadly crime was committed on the south side of the high school building last Tuesday morning. Dora Goodnight, the bloody murderess, was caught red-handed by 22 students and a teacher. The girls were all so excited that they screamed, "Murder in the first degree." During the excitement the murderess was allowed to escape.

The body of the victim was carried in the house by the home ec teacher, Miss Cogdell. After the crime had been committed there was still other things left to be done. Two tender-hearted girls, Va Rue Dyson and Delora Ferguson, were asked to dress it.

Then after the chicken had been salted, Thressa Godwin and Edna Sims fixed it. While the chicken was frying, the transom was left open so the entire school might get the benefit of the fried chicken, because Miss Cogdell had told the class that a starving person could exist for three days by just smelling food alone.

The chicken was very good and the class came to the conclusion that Dora is not chicken-hearted.

Let's have a good time again. Come to the carnival at the high school Saturday night.

Magazine Campaign Ends

We closed our magazine campaign Monday. We collected \$26.00. Of this, \$11.12 belongs to the home economics department, and \$14.88 went to the Curtis Publishing company.

Alice Lippold sold five subscriptions, turning in a total of \$7.50.

The Green team was the loser and had to entertain the Gold side. The money is to be used for home economics equipment and supplies.

Let's have a good time again. Come to the carnival at the high school Saturday night.

as is a mixture of clay and a gritty soil. As dirt is dug up for making the dam, the material that is undesirable for the core, such as rocks or pervious soil, may be placed on the outer slope of the dam. It is desirable that the dam be built up in layers less than a foot thick. Dry soil will not pack as well as wet. Allow 10% to 15% in height for settling where wet or damp soil is used and more where dry soil is used.

If a pipe is to be put through the dam to let out water for stock or for a garden, it should be laid in a trench dug for the purpose running approximately at right angles to the length of the dam. Such an outlet pipe is recommended, as it makes it possible to run water into a small stock tank, so that stock need not be admitted to the pond to get drinking water. The pond should be fenced to keep stock out of it. A cut-off valve may be put on the outer end of the pipe, although this may make it necessary to protect the pipe against freezing, while if the valve is in the pond, there is little danger from freezing. One or more concrete collars should be built in place around the pipe through the dam to cut off seepage along the pipe.

Spillway: Except where the pond is large in capacity as compared with the size of the watershed, as for instance an acre foot capacity for each 5 or 6 acres of watershed, the spillway is extremely important. The spillway should be of ample capacity to carry off surplus water during heavy rains, so water will not run over the dam and destroy it. Ample freeboard, or depth of the bottom of the spillway below the crest of the dam, should be allowed. The spillway should be located so water running through it will not erode the dam. It should be emptied well downstream from the dam, if it is at all practicable to do so.

Mountain View News

(By Times Correspondent)

(Intended for last week)

Mrs. Bert Welch, who was operated on Monday morning, is doing nicely at this writing.

Mr. and Mrs. Thurman Ring, who have been living at Hereford the last few months, are moving to the Albert Hathaway farm this week.

Mrs. A. W. Halkins and children, Miss Bonnie and Royal, returned from Portales, N. Mex., Thursday.

Ray E. Williams, who is in Fitzsimmons General Army hospital, Denver, Colo., came Tuesday to visit his parents, Mr. and Mrs. L. W. Williams and family.

Frank L. Rush of Amarillo visited Sunday with his parents, Mr. and Mrs. A. F. Rush.

Miss Laverne Dysart spent the week end with her parents, Mr. and Mrs. C. A. Dysart.

Mr. and Mrs. Homer Hathaway and children visited Sunday with Mr. and Mrs. Bert Welch.

Mr. and Mrs. C. A. Dysart attended the Baptist Workers conference at Denworth Thursday of last week.

Mr. and Mrs. Joe B. Williams and daughter, Mrs. R. B. Ragsdale, of Pampa visited Sunday in the L. W. Williams home.

Miss Martha Herd is here with her sister, Mrs. Bert Welch.

The freshman class has started working on their mid-term themes so as not to be so busy the last few days of the first semester.

SCHOOL SPIRIT KEEPS YOU GOING

How do you stand for your opponent to run right into your arms and you both go down with several players on top of you? When you rise, you're weak but you can't lay down now. You must stop them from gaining ground. Are your opponents to stop you? No, of course they aren't.

What is it that makes you stay and take this punishment? Do you know? Well, it is the Mobeetie high school spirit—something that calls upon you and makes you stay until you fall? You will never have this feeling until you have done something for your team.

Boys, is there any greater thrill in tackling your opponent who is going for a touchdown, and bringing him to the ground among cheers in the Mobeetie high school faculty students? You get up time after time when opponents tackle you. It is the "old spirit" which calls upon you for that reserve strength which you gladly give.

When the game is over, whether or not you won it, you walk from the field with a heart that seems to say "You have fought all you could fight, because you have felt the school spirit which, asked you for all you've done."

CHECK YOUR DRIVING MANNERS

Have you ever heard a dying man's last breath or heard a person scream with sharp or sudden pain? If so, you are probably more careful about your driving manners than are some who do not realize how tragic an accident is.

When your car is going 50 and there is a car in front of you, do you enjoy swinging out and passing it on a hill? You have probably done this yourself or you have seen it happen. Do you realize the lives that are being endangered when you see this happen?

Have you ever seen a careless person drive up close to a group of school children and make them jump and "scream." If you have ever seen a little child all doubled up who tried to cross a street when a car came down the hill, you will realize the need of good brakes.

This was not specially meant for the careful drivers but for the reckless ones who are to blame.

Let's have a good time again. Come to the carnival at the high school Saturday night.

THE HONOR ROLL

The honor roll for the first six weeks has been made out. A new system of determining the number of students who are to be on the honor roll has been adopted. Activity credits do not count any grade points. In the solid credits an A counts four grade points, a B counts three and a C counts two grade points.

Students who made as many as 14 grade points were placed on the A honor roll. They are: Wilma Nell Hogan, Leon Barton, Thurl Sims, Chester Green and Horace Gordon.

Students making 11 grade points were placed on the B honor roll. They are as follows: Odessa Futch, Thurman Creekmore, W. C. Johnson, Lillie Mae Shelton, Lucille Gardner, Lester Leonard, Grant Hutchins, Willis Red, Iweta Patton, Elsie Robison, J. T. Red, Wilbur Roberts, Roy Lee, Walden Owens, Lois Farmer, Wilbur Moore, VaRue Dyson, J. E. Moore, Warren Thompson, Ruth Haning.

Elda Gordon, Delora Ferguson, Olaf Sivage, Dora Goodnight, Vineta McCain, Drummond B. Thomas, Darlene Shahan, Maurita Dunn, Elbert Blackwood, Tyson Shelton, Peggy Love, Margaret Benson and Wilma Sims.

SEVENTH GRADE NEWS

The music class has made poems to the tune of "The Eyes of Texas." After each person had read his poem, the class voted on which were the best. The following took the first place:

The Eyes of the Fans By JUNIOR BARTON

The eyes of the fans are upon you, So Hornets, you better get away. The eyes of the fans are upon you, So have good timing in that play. So, let us have a touchdown, If not, you'll regret in renoun. The eyes of the fans are upon you, So, let us gain some ground.

M. K. Miller and Juanita Beck were awarded second and third places, respectively.

The English class has gotten their workbooks in and began working in them, finding them very interesting.

Each Tuesday the English class have been giving programs before the class to help them use good English and to rid them of stage fright. The programs have been fairly interesting, although containing a good many jokes. The class was divided into three groups, each with a captain and two helpers to plan the programs.

Carl Vatter and Violet Vankirk have recently joined the seventh grade class. We all hope they will find our class helpful in their problems of the oncoming year.

We Wonder—

Why Juanita Beck had a bad eye the last of the week.

Why so many were absent on pretty days.

Why Wilma Lester talks to Ray and Jack Sims so much.

Why Miss Knight refused to take her pictures because they were just like her.

The seventh grade honor roll students were:

A's—Kathryn Miller, Clyde Bonds, Jay Baird.

B's—Mavis May, Wilma Lester, Winifred Lowrey, Wanda Creekmore, Wayne Sims, Betty Jean Mixon, Bernard Lowrey, Zana Mae Pugh, Juanita Beck, Pauline Shelton, Arletta Jeffus.

The Owl Says:

Dear Everyone,

I still can't get to all the letters. Please make your letters more brief. Mr. Martin wrote me a letter, pouring out all his troubles, and the letter was nine pages long. I know some of you have many troubles just the same as poor Mr. Martin but I just want one of your troubles at a time. Keep the letters pouring in.

Ho hummily,
THE OWL.

Dearest Pal:

How can I keep the girls from running after me. Everywhere I go the girls simply "swarm" after me. And if there is anything I hate, it is to be surrounded by girls.

Off of girls,
J. E. MOORE.

My Dear Mr. Moore:

Why don't you give up that idea and come on across. It will be dangerous for you if you don't. They might kidnap you. Besides that, you are being cruel hearted. Think of the poor innocent girls.

Soft-heartedly yours,
THE OWL.

Dear Owl:

I am in distress. It seems that I'll never grow up. My face is as smooth as a girl's. How can I grow some whiskers? I need your help.

Tenderly yours,
OLAF SIVAGE.

Dear Olaf:

I suggest that you eat burned bread and drink a lot of buttermilk. Charles Bartram said that he used vaseline to make his whiskers grow, so you might do that, but be sure you don't use too much or your beard will be too heavy, like Grant Hutchins'. You might also find out what Mr. Martin uses on his head to keep from being bald headed and use that on your face. If you take my advice then your chin will be the chin the girls all like to touch.

Successfully yours,
THE HOOTER.

Dear Owl,

I am so disappointed. I thought school teaching was a snap. I planned on buying a fur coat with the first month's salary, but here it is the second month and not a fur coat in sight. It seems that all my money goes for board and such foolish things as necessities.

I have to spend most of my nights at home grading papers. Mr. Blankinship and Mr. Plaster even had the nerve to ask me to get my grades in by the time the other teachers did. Can you imagine that! Why I never was more humiliated in my whole life. Can you help me out of this situation?

Distressingly yours,
MISS KNIGHT.

My Dear Dear Miss Knight:

I certainly do feel sorry for you. If I were you I'd just get some of those "Smart Alec" teachers told. Just take your next month's salary and buy a fur coat. Let your board bill go. Mr. and Mrs. Blankinship won't mind I'm sure. If I were you I'd just charge everything that I bought down town. I'm sure the business men are so glad to have you in Mobeetie that they won't care if you never pay them.

If Mr. Blankinship and Mr. Plaster think they ought to have the grades in by a certain time then just turn your paper grading over to them. They will be delighted. Or you might just give all the students A's,

BONFIRE GOSSIP

Delora Ferguson was hostess to the sophomores at a party given in her home. Games were going all the time. There was a large crowd present.

The sophomores are busy on their term themes. Several have also been working on maps.

There are six sophomore girls who are playing basketball. They are: Fern Smith, Lillie Mae Shelton, NaDean Owens, Delora Ferguson, VaRue Dyson and Wilma Sims.

Houston Hooker got his arm badly cut Friday afternoon. He started to get off the bus and was pushed against the door. When he hit the door the glass broke and cut his arm.

This accident occurred about an hour before he was to go to Clarendon to play football, therefore he was not able to play in the game Friday night. We certainly hope that Houston's arm gets along all right so he will be able to play in the next game.

Why I Am Taking Home Economics

I am taking home ec because I find it the most interesting course I have ever taken and I think it is the most beneficial course taught in our school. Some think you need English more than anything else taught in school. You do need English, but if I could take but one course I would take home ec, because you do not only learn how to do the essential things in life, but you also learn English with it.

Any girl, no matter what they are in life will need home ec. Everyone needs to know how to dress correctly, and you certainly learn that when you take home ec. And most girls will need to know how to cook or prepare a meal. However, there are some that will never put that part of the course into use.

Many of our mothers and grandmothers wish they had had the opportunity to have taken home ec, that the young girls in school do now.

By NaDEAN OWENS.

Rev. Jim H. Sharp, Methodist pastor of McLean, preached at the Mobeetie Methodist church Sunday morning.

then you won't be bothered with them.

Carelessly yours,
THE OWL.

Hornets Defeat Clarendon 52-6

Although Outweighed, Locals Play Excellent Game—Mixon and Red are Stars

The Mobeetie Hornets clashed with the Clarendon Bronchos Friday night, October 22, for a 52-6 victory. The Clarendon players were larger and outweighed the Hornets about 15 or 20 pounds. The Hornets played excellent ball and their backfield men could not be stopped.

J. T. Red made the best run during the game, covering about 60 yards for a touchdown. Most of the touchdowns were made by Mixon, the Hornet's captain.

Shamrock Defeats Hornets

The Hornets were defeated by the Shamrock Irishmen, 43-0, Friday night, Oct. 15. The Hornets were outweighed but kept up their fighting spirit throughout the game. J. T. Red was out of the line-up from an injury received in the game with Lefors. Shamrock gained most of its points in the third quarter.

HERE AND THERE

Mrs. Harley Patterson has been seriously ill.

Hampy Dyson and Otis Beck of Mobeetie attended the Chevrolet meeting in Pampa Tuesday night, Oct. 19.

Mary Francis Jones of Miami spent last week end with Marjorie Roberts.

Misses Ola Mae Robinson, Mary Tom Moreman, Arch Rogers and Oren Robinson of Amarillo were guests in the F. E. Robinson home Sunday.

Perry Gober spent Sunday with his parents, Mr. and Mrs. O. P. Gober.

Doris Goodnight spent the week end in Pampa with her brother, I. T. Goodnight, and family.

Edward Haning and wife visited in the B. Haning home Sunday.

Mrs. P. P. Corcoran, who has been in the Wheeler hospital, returned home Sunday afternoon.

Chalmer Keeton and family, Dugan Trusty and family, Mr. and Mrs. Bill Corcoran, Phil Corcoran and family, Mrs. W. J. Jeffus and Paul Jeffus spent Sunday afternoon in the P. P. Corcoran home.

Mrs. Edd Johnston spent Sunday with her sister, Mrs. Raymond Waters, and family of Wheeler.

G. E. Ruff and family of Shamrock visited Sunday in the home of Mrs. J. H. Ruff.

L. C. Keeton and family of Canadian visited E. M. Prather and family Sunday.

Mr. and Mrs. Raymond Newman spent Saturday night with his mother.

Surprise Birthday Dinner

A surprise birthday dinner was given for VaRue Dyson Oct. 14 by Eunice Dyson, Helen Dyson and Ina Zell. The dinner was served buffet style in the A. H. Dyson home. The following were served Charles Mixon, Travis Patterson, Charles Hix, Warren Thompson, Omer and Paul Harrel, Wilton Sims, Smokie, Bert, Jack and Hampy Dyson, Maurita Dunn, Thressa Godwin, Delora Ferguson, Dora Goodnight, Maxine Patterson and the honoree and hostesses.

Come to the carnival Saturday night.

HORNETS EXPECT VICTORY OVER WHEELER

Captain Mixon of the Hornets says they expect to win the game with Wheeler by about two touchdowns. The squad has been practicing faithfully and feel rather confident of their ability to gain a victory over the county seat Mustangs.

NOTES FROM THE NOTE WRITERS

I want the "Owl" to answer a question for me some time. Some kind of a notion struck me after I came to Wichita and I decided to attend Draughton's Business college instead of becoming a nurse.

MYRTLE TRUSTY.

Myrtle was a 1937 member of Mobeetie schools who intended to be a nurse but has decided on a business career.

I enjoy the Outlook. Write and tell me all about the school; I miss it.

BILL HAWKINS.

Mr. Hawkins taught agriculture here last year. He is doing Smith-Hughes work at Lubbock now.

I enjoy reviewing the time I spent in your school, and after reading the paper I concluded it was the best issue you have published.

EDITH WILSON.

Miss Wilson resigned a position in Mobeetie high school to become county demonstration agent of Montague county. She is still filling that position.

Auld Lang Syne

Hampton Sims graduated from Mobeetie high school in 1935. He is now employed at the City cafe in Dumas as assistant manager. He was promoted to the position of first cook on Oct. 13. Hampton has been working in the cafe since last Christmas.

Adalee Love graduated from Mobeetie high school in 1931. She married Everett Sims in 1936. She now makes her home in Higgins, Texas.

I. T. Goodnight graduated from Mobeetie in 1932. He married Marie Orr and they now live in Pampa, where he is employed in a carbon black plant.

Edith and Ethel Tarvin, one of Mobeetie's few sets of twins to graduate, completed their work in 1935. Edith is now staying at home with her parents. Ethel is married to Ralph Shipman and they make their home at Higgins, Texas.

Aubrey Patterson graduated from Mobeetie in 1924. When he graduated only 10 grades were taught here, so he finished the 11th grade at Miami. He married Patsy Ruth Ware and they now live in Borger, where he has been a barber for about a year.

Judson Jones graduated from Mobeetie high school in 1932. He has spent a year or two in the CCC. He is now at home with his father, Johnny Jones, and is driver of the Mobeetie school bus that covers the Corn Valley route.

A Ladies Man

George Gordon has been a sensation in football all season. He weighs just 95 pounds, but he puts all these pounds into action when he goes onto the football field.

George never asks any favors, but takes his part of the roughing just the same as the other boys.

When asked if George made a touchdown in the Clarendon game, one boy was heard to remark: "No, but he made it possible for some of the others to do so."

George is a favorite among the fans everywhere he goes. Saturday night, however, he had a new experience—so the other boys say. When the game was over, a group of girls rushed out on the field and demanded his autograph.

"What?" asked George, looking dumfounded.

"Your name, your name," said one little beauty.

"Oh," said George, and with an "anything to please the ladies" attitude, graciously signed his name.

WHEN IS YOUR BIRTHDAY?

Those born in October have as their sign libra. These people are very tactful and serious minded. They are also attractive and are often handsome or beautiful. They are very good business managers and are dependable. They are also fond lovers and are very true. They are of a romantic turn and are quite fond of building air-castles and day-dreaming.

After knowing the above about those born in October, I was able to pick out the exact birthdays of the following:

Ella Bradley—Oct. 25.
Odean Bullard—Oct. 28.
VaRue Dyson—Oct. 15.
Delora Ferguson—Oct. 4.
Odessa Futch—Oct. 7.
Chester Green—Oct. 27.
Leon Green—Oct. 20.
Ruth Haning—Oct. 21.
Claude Henderson—Oct. 7.
Aileen Lancaster—Oct. 7.
Clifford Mathews—Oct. 2.
J. E. Moore—Oct. 14.
Elsie Robinson—Oct. 5.
Tyson Shelton—Oct. 16.
Bob St. John—Oct. 14.
Drummond B. Thomas—Oct. 31.
Geraldine Vinson—Oct. 10.

Seniors Have Ordered Rings

The seniors have sent off an order for their rings and are looking for them in about three weeks. They have selected a good 10-karat gold ring with a ruby set. They are quite proud of their selection and are very anxious for them to arrive.

Assembly Held Friday

The students met in the study hall Friday for an assembly period. Songs were sung by the group and some talks were given.

F. P. Heare gave a talk on music and then Supt. Blankinship gave a talk. In his talk he illustrated how students must grow mentally in order to come to the top. He gave many good points on how to grow and get a better education. The period ended with another song.

Come to the carnival Saturday night.

Wellington Next Foe of Mobeetie Hornets

Two Other Conference Games and Canadian Contest Remain After this One

The Hornets have three more conference games and a non-conference tilt to play yet. First of these will be against Wellington, powerful district leaders at this time. The other games will be with Wheeler, Canadian and Lakeview in the order given.

It is generally conceded that Wellington will beat the Hornets since they are, according to the dope at present, the strongest team in the conference. They stand the only undefeated team, but a game is a game, and the locals expect to give Wellington more than a good workout in the contest this week end.

The other three teams have all lost games, and so have the Hornets. Now we are not saying much about it over here, but Mobeetie school and citizens expect the Hornets to give these remaining opponents a run for their money.

THE FISH POND

Mac Thomas has been absent from school the past week on the account of illness.

Alice Lippold spent the week end with her parents, Mr. and Mrs. Ben Lippold of Canadian.

We have missed Glen Bostick very much since he has moved to Kirklund.

Several of the "fish" have been staying out of school pulling cotton the past week.

B. T. U. Automobile Social Given
A young peoples B. T. U. social was given in the home of Mr. and Mrs. Jess Patterson Tuesday night, Oct. 14. The group was divided into two groups. They were named Fords and Chevrolets; then various games were directed by Mrs. Patterson. Refreshments consisting of doughnuts and lemonade were served.

Maul McLean - Mustangs!

Mustangs Hand Irish 7-6 Defeat in Thriller

Both Teams Score in Opening Moments of Second Quarter

Local Squad Enters Game as Underdogs, Emerges as Favorites

Going into the game the underdogs, Wheeler Mustangs came out on the long end of a 7-6 score against the Shamrock Irishmen on the local gridiron last Saturday night.

Both teams scored their counters in the second period. Early in the second quarter the Mustangs took the ball on downs on the 50-yard stripe where they heaved an incomplete pass.

Weeks, Mustang fullback, ran behind perfect blocking to the 20-yard line. On the next play he picked up 20 yards around the left end for the touchdown. Weeks passed to Pitcock for the extra point.

Ball Juggles to Irish

Shamrock took the ball from the kickoff and marched down the field for two first downs, which placed the ball in excellent scoring position. Byers threw a long pass which was juggled by a Mustang and Irishman but finally came down into the waiting arms of the Irishman. Brothers then raced the remaining 10 yards across the pay stripe. His try for point was between the uprights but below the crosspiece.

One of the most crucial points in the game was late in the fourth period when the Irish offense bogged down between the 10-yard stripe and the goal line. The Mustang line was fighting hard and the white and green line of the Irish could not gain through the lighter orange and white.

Second Victory Over Irishmen

This was the second win of the Mustangs over the Irish for the past eight seasons. Last year the local squad crossed the opponent's goal line twice and held them to a 14-0 score.

Brothers was the standout of the Irish eleven. The whole Mustang squad played better and harder football than they had in any previous game. Weeks looked good in his running and his drives and plunges through the line were largely accountable for the victory. Shipman, the blocking back who never carries the ball, did some fine blocking. Groves, playing his first game in the quarterback position, called a very heady game.

The Mustang line outcharged the Irish and on the defense they played a whale of a game.

The starting line-ups were:

Wheeler	Position	Shamrock
Weeks	L.E.	Sherwood
Page	L.T.	King
Noah	L.G.	George
Stephens	C.	Holmes
Green	R.G.	Blount
Compton	R.T.	Issacs
Pitcock	R.E.	Fox
Groves	Q.B.	Braxton
Emler	H.B.	Brothers
Shipman	H.B.	Blake
Weeks	F.B.	Sutterfield

SPORT SLANTS

By a Mustang

The Wheeler Mustangs stamped to victory over the Irish last Saturday night. The game was a whirlwind affair which was hours long in the last quarter, but the Mustangs came out on the long end of a 7-6 tally.

Don Austin led the Rockets to another victory last Friday night. The Tigers from McLean were the goat this time. The McLean offense was clicking but their defense could not hold in the first half.

The Cowgirls are still working out for basketball and they are gradually being whipped into shape for the coming season. They have been drilling for about a month and are entertaining hopes of winning the county championship this year.

The Mobeetie Hornets stung their first victory of the season out of the Clarendon Bronchos last Friday night at Clarendon. They made consistent gains with Red and Mixon, scintillating backs, toting the pork-hide. The score was 52-6.

One of the strongest elevens in the conference are to be the foes of the Mustangs tomorrow night. The second game away from home will be played on Tiger field in McLean. Tigers boast the bulkiest team in the conference and the Mustangs will be up against some tricky backs. The local squad and the McLean eleven are the only teams in the district that have scored on the Wellington lads.

The football season is nearly over and the Corral staff is pleading for someone to name the football field. The Mustangs have been playing on this field for three seasons. Won't someone name it? Can't someone give a suggestion? Think this over, students, and see if you can think of a cognomen for the gridiron. If you think of one, turn it in to the Corral staff and we will see if the people will choose. Who is going to be the student to name the football field?

CAPTAIN W. J. FORD SCORES ONLY COUNTER IN FISH GAME

W. J. Ford, former all-district fullback on the Mustang eleven, seems to be doing great things on the Hardin-Simmons fish team this year. He is captain at Abilene.

Ford was responsible for the only score made by his team in a recent encounter with the John Tarleton Aggies at Stephenville. Below is a part of a story in the Hardin-Simmons school paper.

"Stephenville scored early in the first quarter and took a 7-0 lead. In the second quarter Ford, freshman fullback, plunged over the pay stripe for the counter from the 8-yard stripe. Ford's try for point, which would have earned a tie, was blocked."

Ford was largely responsible for the only district championship ever brought to Wheeler high.

Mustangs Groomed for Tiger Onslaught

Green Likely to Remain in Guard Position as it Strengthens Wheeler Line

The underrated Wheeler Mustangs will meet the McLean Tigers at McLean Friday night.

The Tigers are doped to come out second in the conference and they are going to be fighting hard to come out like the dope bucket predicts. Chastened by their defeat last Friday night at the hands of the Wellington Skyrockets, they will be battling hard to keep their second place tie with the Irish. Mustangs found out that they could win when they handed one of the strongest teams in the conference a defeat last week.

Mustangs are Lighter

As the Tigers are heavier and more experienced team than the Mustangs, this will force the Mustangs to be the underdog in another game.

The change in the Mustang line-up last week strengthened the Wheeler eleven and Green will likely remain in a guard position. Groves, who called a very good game last Saturday night, will be in the quarterback berth.

Tigers to Seek Revenge

The Tigers have one of the strongest clubs in years and they are going to be scrapping to avenge last season's score. They are coached by Bill Allen, one of the best coaches in the district.

Coaches Stina Cain and W. J. Mur-

Skyrockets are Only Undefeated Eleven

The Wellington Skyrockets, who aimed their gun at the conference championship at the beginning of the season, came through with another win last Friday night when they handed the McLean Tigers an 18-6 defeat on Tiger field in McLean. This left the Rockets the only team in the conference that has not lost a game this year.

The Shamrock Irishmen and the Tigers have both lost one game each and are now tied for the second rung of the ladder.

Mobeetie Hornets stepped out of the cellar position when they stung the Clarendon Bronchos to a severe 52-6 jolt. This will likely leave the Broncs in the lower bracket at the end of the season.

The Mustangs, who met the over-rated Irish as the underdog, moved another step up the ladder when they came out of Saturday night's encounter with a 7-6 victory.

The probable starting line-ups will be:

Wheeler	Position	McLean
Weeks	L.E.	Nicholson
Page	L.T.	R. Wells
Passons	L.G.	Barnes
Stephens	C.	Hess
Noah	R.G.	Overton
Compton	R.T.	Wingo
Pitcock	R.E.	Norman
Groves	Q.B.	Watson
Emler	H.B.	J. Braxton
Shipman	H.B.	J. Bogan
Weeks	F.B.	Cash

Officials of the game will be: Van Noy, Brown and Plemmons.

VOLUME XIII—NUMBER 9

THURSDAY, OCTOBER 28, 1937

WHEELER, TEXAS

Members of Speech Classes to Present 7 Comedies Nov. 2

First Grade will Have Numbers Between One-Act Plays, Music, Speeches

On the night of Nov. 2, the public speaking class will present a series of clever one-act comedies.

The names of the plays and those taking part are as follows: "Paying the Piper," Marion Hestilow, Lula Barr, Imogene Jamison and Evelyn LaFon; "The Traveling Photographer," Eris Manney, Cecil Parker, Huffman Walker, Clyde Ayres and Lula Barr.

"Getting the Evidence," Huffman Walker, Ray Holley and Howard Nations; "Mammas Boy," Evelyn LaFon, Earl Gilmore and Verna Greenhouse.

"Doc Meets Doc," Earl Gilmore, Huffman Walker and Howard Nations; "Aunt Lucindy Stays," Marion Hestilow, Howard Nations, Lilly Myrl McClain and Earl Gilmore; "Bet It," Imogene Jamison, Clyde Ayres, Ray Holley and Hansel Parker.

There will also be music and readings presented by the various members of the public speaking class.

The first grade under the direction of Miss Pauline Irons and Mrs. Gordon Phillips will have a part on the program between the one-act plays.

First grade students participating are: Barbara Farley; Patsy Ruth Noah, radio sketch; Duane Bradford, The Young Cavalier; Margaret Ann Holt, My Lady's Fan; Holiday Song and Folk Dance by group; Five Little Toads, by group.

Admission charge will be 5 cents to all school children and 10 cents to outsiders. Proceeds of these plays will go to help buy material for the first grade library.

LOCAL BUSINESS MEN SPEAK AT PEP RALLY IN AUDITORIUM

For the purpose of having the usual pep rally, high school and grammar grade students assembled in the gymnasium-auditorium Friday at the activity period.

Supt. J. L. Gilmore acted as master of ceremonies. He introduced Judge R. H. Forrester, Coach Stina Cain, Assistant Coach W. T. Roach and Rev. Taft Holloway, who made brief talks.

Before the program, and after, the band played two numbers. The pep squad gave two yells at the beginning of the rally. As the students marched out, the band played a march.

H. E. Young, jr., an ex-graduate of W. H. S., and his father, H. E. Young, sr., also made pep speeches.

Queen Race to End on Friday, Nov. 5

Each Class to Sponsor Booth at Hallowe'en Carnival Saturday

The football queen contest will draw to a close on Friday, Nov. 5, according to Miss Lois Kirby, Pep Squad sponsor. The coronation will be on the night of Nov. 9.

Each class in high school will sponsor a booth at the Hallowe'en carnival, Oct. 30, for the purpose of raising money for their queens.

The queen candidates are: Lavell Jaco, seniors; Geraldine Lewis, juniors; Ruby Ayres, sophomores; and Dorothy Gene Dixon, freshmen.

WHEELER TO ATTEND F. F. A. MEETING IN PAMPA SATURDAY

The officers of the F. F. A. chapter are going to Pampa Saturday to attend a school for officers of the organization. It will begin at 10 o'clock.

Members to be represented at the meeting are Cecil Parker, Bobby Groves, Alton Weeks, Grady Anglin, James Passons, Glynn Weeks, Duard Parker, Clifford Young, Ted Williams, Tris Hooker, Troy Holley, Homer Jones, James O'Gorman, Edward Smith, W. L. Jolly, Clint Westmoreland and Claudia Pillers.

GILMORE GETS PICTURE ON AMARILLO DAILY FRONT PAGE

Seated among the "high-ups" who attended the West Texas Exes barbecue, Supt. J. L. Gilmore was pictured on the front page of the Amarillo Daily News for last Tuesday morning.

Under the cut he was named as president of West Texas Exes and the Federated Ex-students association of Texas Teachers colleges, which has 200,000 members in its ranks.

Other outstanding men included in the picture were Dr. J. A. Hill, president of West Texas State Teachers college; Carl Clift, Potter county superintendent of schools; Charles H. Geffer, Amarillo attorney; A. A. Stuart, president of Texas State College Board of Regents, and John E. Hill, member of Texas State College Board of Regents.

Pep Squad Wear New Emblems

Gold and black wooden emblems of W. H. S. now adorn the black sleeveless sweaters of the pep squad. The letters "leaders" out of wood are being worn by the cheer leaders. It was originally planned to wear the W. H. S. letters on black tams, but the tams could not be secured.

P.-T. A. to Dare Spooks Here on Saturday Night

Picture Show Man Helps Us Keep Up with World News

In order to help the students of dear ole Wheeler Hi keep step with the news, Lee Guthrie is presenting a "March of Time" show once a month.

On top of all this he gave out pamphlets to the teachers to help them in history and other classes. This is a manual on the picture, to be used for class discussion study and activities.

Let us bump along over the "kitchen" range and hitch our mustangs in front of the Rogue theater next Monday for another news reel.

Guthrie has been exceedingly nice to the school by offering students the privilege of seeing and hearing the latest news of the week.

These pictures are put out, 13 of them each year, at a cost of \$5 each. They are shown to school students free of charge.

Irene Hunt Names Revue Committees

Students Have Charge of Food, Decorations, Tables, Advertisements

Committees to carry out the Fall Fashion Revue were appointed by Irene Hunt, president of the Quill and Scroll society.

They are as follows: Food—Marion Smith, chairman, Huffman Walker, Ruth Barr, and R. J. Puckett, helpers. Marion assigned different foods for the students to bring.

Decorations—Lois Ficke, chairman, Lorraine Wallace, Mary Belle Johnston and Ruth Faust, helpers. They had charge of decorating the auditorium.

Aubrey Warren was chairman of the advertisement committee. Meta Bruton, Shirley Mae Swan, and Betty Gene Coil were his helpers. Posters were made and ads were run in the Corral. Advertisements were also in the Shoppers Guide.

The ticket committee consisted of Elva Belle Crouch, chairman, Lois Ficke, Betty Gene Coil and Irene Hunt helpers. Tickets were printed at The Times office for the tables and tickets at the door were made by the students.

Rev. Taft Holloway and Mr. and Mrs. G. O. McCrohan made out the questions for the current events contest.

4 Classes, Others to Sponsor Booths of Different Kinds

Carnival to Be Displayed in Old Porter Store Building

Saturday night's the night. It happens at 7:00.

It will be in the old Porter building, the first door south of the City Drug store.

Spooks await you in the Hall of Horrors.

There'll be witches, pumpkins, jack-o-lanterns, spider webs, and everything else that goes with Hallowe'en.

Tables will groan with food and drink of most every kind.

Evening Crammed with Excitement

The Parent-Teachers are sponsoring the affair, and experience has proved that this means a full evening crammed with excitement.

Under supervision of class organizations, teachers, and any other group that wishes, booths are to be set up. Those who had signed for booths Tuesday morning were:

Groups Name Booths

Corral staff, bingo; seniors, hall of horrors; sophomores, a contest; freshmen, postoffice; Girl Scouts, Believe it or Not; fifth, sixth, and seventh grades, fortune telling; lower grades, a fish pond; manual training, cake walk.

Other organizations are arranging booths.

It looks as if a few pennies would come in handy about Saturday night. Everyone come prepared to dare the spooks.

M. E. SUNDAY SCHOOL CLASS HAS MASKED ENTERTAINMENT

The senior girls class of the Methodist church entertained guests at a masquerade party in the basement of the J. M. Lawrence home Thursday night.

A variety of games was played throughout the evening.

Refreshments were served to: T. J. Clark, Alton Weeks, James Passons, Herbert Whitener, Troy Shipman, Albert Gunter and Everette Cole.

Irene Hunt, Ethel Claire Raney, Willie Dee Lawrence, Johnnie Faye Templeton, Lois Ficke, Melba Wiley and Imogene Jamison.

THE CORRAL

STAFF

Make-up editor—Aubrey Warren
 Reporters—Ruth Faust, Lois Ficke,
 Vergie Ashley, Ruth Barr, Betty
 Gene Coil, Mary Belle Johnston,
 Margie Bowers, Marion Smith,
 Lorraine Wallace, Meta Bruton,
 Shirley Mae Swan, R. J. Puckett,
 Clowes Jones, Bartow Riley, Irene
 Hunt and Aubrey Warren.

Sponsor—Miss Bernie Addison.

THURSDAY, OCTOBER 28, 1937

NEW FICTION BOOKS ARE PLACED IN THE HANDS OF CARETAKERS

Oh, those bright, shiny objects. Some of them are green others blue, and a few are orange and red. They are so new that they sparkle. Who would ever be so cruel as to harm these wonderful volumes in any way. Of course many have to learn to appreciate their contents.

On the shelves these new fiction books certainly show up the library. If they do appear quaint in their new fall coat, they are not to be bumped around until they look as if they have been fighting against Joe Louis.

Just because they jump up and down in their place for you to check them out, they are not wanting to go to the dining table to drink milk or to be left outside for a shower.

It is difficult for most people to take care of someone else's belongings. Things as helpless as books can not do much toward taking care of themselves.

Come on, people, and treat the books right.

Don't break the seal on their new light.

LET'S LEARN THE SCHOOL SONG AND SING IT

School has been in session for two months and we have not yet sung the school song, "We're Loyal to You, Wheeler High."

It seems that the students might take more interest in that ole "school spirit" could make its way in.

Maybe you don't know the song. Well, here it is:

We're loyal to you, Wheeler Hi,
 We're black and we're gold, Wheeler Hi,
 We'll back you to stand against the best in the land
 For we know you will stand, Wheeler Hi,

Rah! Rah!

So snap out that ball, Wheeler Hi,
 We're backing you all, Wheeler Hi,
 Our team is a fame protector. On boys,
 For we expect a victory from you,
 Wheeler Hi.

It is the cause, and not death, that makes the martyr.—Napoleon.

Wars are never won, but they are sometimes lost.

Who Says Girls School Can't Have a Sport Page?

Who says a girl's school paper can not have a full sport page?

There is one in our own state. It is at T. S. C. W. (formerly C. I. A.) at Denton.

Favorite football heroes of these girls seem to be the Texas Aggies, their brother school, scheduled by some fans to win the Southwestern conference.

You may think The Lass-o (school publication) doesn't have good make-up without boys' sports in the school, but it does. Naturally some of the stories concern T. S. C. W. sports, but the majority of them concern football games.

People remark that girls can not write sport stories, but just read the sport page of the Lass-o and decide for yourself.

Sage Blossoms

"The Black Camel" by Earl Derr Biggers, is a new book on the senior shelf.

This is a mystery story written around Charlie Chan, noted movie star. Mr. Biggers gives facts as soon as they are known to Mr. Chan.

All mystery readers or Chan fans should read this book because it is written in true Chan style. Any English student may obtain three points on the story, besides the entertainment he may derive from it.

Another new book is "The Cavalier of Tennessee," by Meredith Nicholson.

It is the story of a man "who wouldn't hurt anyone, unless it was someone who needed hurting."

"The Cavalier of Tennessee" takes Andrew Jackson from the Waxhaw cabin to the White house.

Either history or English students may read this three-point book.

FROM OTHER BRANDING IRONS

Southwestern University (Georgetown) girls are signing up for the one-hour credit course in personality development offered there this fall.—The College Star.

The Houstonian editorial staff says, "Half the modern girls smoke and the other half aren't so cold."—The Prairie.

News from the White House: It is rumored that the theme song in Washington political circles these days is:
 "Oh black is white,
 "And white is black,
 "I'll tell you why I know;
 "That's because my president says it's so."—The Prairie.

Mary had an Elgin watch,
 She swallowed it—it's gone.
 And now whenever Mary walks
 Time marches on!—The Sandstorm.

The champion athlete in bed with a cold was told that he had a fever.
 "How much is it, doc?" he asked.
 "A hundred and one."
 "What's the world's record?"—The Crane.

Arguments that you can't answer are, of course, propaganda.

Meet the Faculty

Hunting and fishing are the hobbies of the Wheeler public school music instructor, Mal Wynne. He was born at Norman, Okla., on a certain Nov. 30. He attended both grammar and high school in his home town and entered Oklahoma university. Four years later he graduated from there with a B. F. A. degree and a minor in music.

During his high school years he participated in Boys Glee club. For two years he sang tenor in the Boys Glee club, and two years in the boys quartet. A glee club in which he sang won fifth in the national inter-collegiate contest. During his high school years he played first violin in the school orchestra.

Wynne prefers the compositions of Beethoven to those of any other classical composer. Hess and Franz are his favorite modern pianists. He has heard Fritz Kreisler and thinks his playing better than any other violinist.

One of his ambitions is to develop a boys and girls glee club and quartets here. As would be expected, music is his favorite subject. When asked his favorite author he replied, "Oh, just whoever I happen to be reading at the time."

In appearance Wynne is small, with brown eyes and curly brown hair.

SOME THINGS A SOPHOMORE LEARNS TO DO

- To look up to seniors
- To never, never skip a study hall.
- To detest English.
- To say he likes all teachers.
- To lose his freshman greenness.
- To learn to take orders.
- To sing "Sailboats in the Moonlight."
- To never giggle.
- To study once a week.
- To get notebooks in on time. (Once).
- To feel superior to freshmen.
- To agree with people always.
- To get to school on time.

Here's Where to Find What You Are

If some of you have been wondering what you are, well this is the way to find out:

Pick out the first letter in your first name in the first column, and the first letter in your last name in the second column. When you have done this put the two words together and you should have a good idea of yourself.

SNUBBING POST

WHY NOT—

Call Lorraine "sweetheart" instead of "squaw."

Beat the stripes off the Tigers.

Name Betty Gene "Robin" and stop calling her "Butterfly."

Look at others smiling, no sour-faces.

Say "go to your classes" not "pass out."

Address Herbert Tillman as "teacher" not "tooter."

Give the football field a name.

Be one for all and all for one.

Demand that Imogene be called "Jeanie."

Back our home team.

Call John "Tall" not "Slim."

Steal Helen Flynt's personality, surely not her heart.

Several have wanted to know when freshman initiation day would be? Why not have one soon?

Watch Buford to see where his desk is and whom he sits with.

Is there anyone who dislikes Bill Zirkle? Another likable personality is seen in that of the so-called "La Cucaracha" (assistant to the assistant coach, Roach).

Miss Holbert: What difference does it make if you use an adjective or an adverb in this particular sentence?

Howard: None whatsoever to me.

R. J. evidently doesn't like the sophomores. Chiefly because he asked 20 or more of 'em how to spell their names and when their birthdays were three or four times apiece only to lose the list promptly.

This week we offer you a medley of "Have You Got Any Castles?" "The Moon Got in My Eyes" and "I've Got that Old Feeling."

Everybody in Wheeler worked hard enough Saturday night to make up for any previous laziness. Of course the football team had a great deal to do with our winning, but we hope that we helped a little by praying and yelling.

"Pep" in six delicious new flavors "strawberry, raspberry, cherry, orange, lemon, and lime" were displayed after that Shamrock game.

We hope that you enjoyed yourself at the so-called "night club" last Tuesday night.

Found in the typing room: "A good citizen must . . . learn to live in his social and businelljkhbnjfdy."

Education—A debt due from the present to the future.

Spanish is Taught By
Mrs. J. L. Gilmore

Both Classes Study Grammar,
Learn Songs in Native
Tongue

Two years of Spanish are being
taught by Mrs. J. L. Gilmore in the
Wheeler public schools.

Students of Spanish I have finish-
ed 52 pages of their new books. Once
a week they hand in Spanish read-
ing report. They are studying the
conjugation of irregular verbs and
have exercises on reflexive verbs.
They have learned two Spanish
songs, "Buenas Noches, Damas" and
"America."

Spanish II students spent the first
six-weeks reviewing Spanish I. They
have charge of the Spanish programs
for the first semester. Each week
they have Spanish reading reports.
They have also learned a few Span-
ish songs.

RAMBLINGS ON THE RANGE

Betty Jean Coil went to Shamrock
Tuesday.

Lois Haynes was in Shamrock
Sunday.

Jakie Trout visited in Lefors Sun-
day.

Shirley Mae Swan motored to
Magic City Sunday.

Claudia Stinson visited in Erick
Sunday.

Scottie Risner went to Shamrock
Sunday.

Gordon Tolliver visited in Kelton
Sunday.

Miss Lois Kirby spent the week end
in McLean with her parents.

Bobbie Rue and Shirley Mae Swan
and Denna Faye Whorton were in
McLean Sunday.

Miss Imogene Holbert visited her
mother in Amarillo this week end.

Miss Bernie Addison visited her
parents, Rev. and Mrs. O. M. Addi-
son, at Dimmitt Saturday and Sun-
day.

Lorraine and Dora Jean Wallace
attended a show in Shamrock Wed-
nesday night.

Oleta Cordell went to Shamrock
Saturday.

Ruby Ayres spent the night with
Glen Etta Teakell Wednesday.

Eris Manney went to Vinson, Okla.,
Saturday.

Madge McClain went to Shamrock
Wednesday.

Jewell Young spent Wednesday
night with Virginia Burgess.

Verna Greenhouse motored to Bris-
coe Sunday.

Willie Dee Lawrence went to
Shamrock Tuesday.

Marion and Velma Hestilow were
in Shamrock Saturday.

Bartow Riley motored to Sham-
rock Saturday.

Ira Jo Derryberry visited old
friends in Forresterburg Thursday and
Friday.

Marion Smith went to Shamrock
Saturday.

Jackie St. Clair of Shamrock spent
the week end with Willie Dee Law-
rence.

LEE GUTHRIE GIVES THEATER
PARTY FOR MUSTANG VICTORY

Lee Guthrie, manager of the local
theater, bestowed an honor on the
football squad that was appreciated
very much when he invited them to
a show last Monday night. The
feature picture was "Life of the
Party."

The Mustangs were accompanied
by coaches Stina Cain, W. J. Mur-
daugh and W. T. Roach.

Ruth Garrison Tells
of Sanatorium Life

"Very few of the people look sick
at all and I like it here real well," is
a statement in a letter received by
Miss Bernie Addison from Ruth Faye
Garrison now at Sanatorium, Texas.

She sleeps on a long porch with 17
other girls, but the doctor ordered
her in for a few days, because of her
ear. She isn't allowed to go out for
her meals, either.

The rest hours are called "chasing"
and the black cloths worn over their
eyes at this time are "chasers."

Bed mates, she states, are the per-
sons who share the same medicine
table.

Ruth Faye looks forward to seeing
the Corral each week and states, "I
don't think I could stay down here
without it."

Eula Boatman Ranks
High in Grade School

When someone says, "I made a
straight 'A' card" people think he
is either smart or their teacher pets
them.

Eula Boatman, fifth grade student,
has set up a new record. She is the
only student in the fifth, sixth or
seventh grade to make all A's, work-
ing hard for the card she gets. She
takes spelling, reading, music, his-
tory, English and arithmetic.

Wheeler is the only school that she
ever attended. Her present home
room teacher is Mrs. Allen I. Smith.

Audrey, her sister, was promoted
to the sixth grade after three weeks
in the fifth.

Eula is the youngest of seven chil-
dren; she and Audrey being the only
ones living at home.

They have always lived around
Wheeler; at present their home is one
and a half miles west of town.

This high rating student wants to
be a school teacher. Her favorite
study is reading and favorite sport is
horseback riding.

W. T. HOMECOMING ATTENDED
BY THREE W. H. S. TEACHERS

Three Wheeler teachers attended
the homecoming at West Texas State
Teachers college at Canyon, Tex.

Supt. J. L. Gilmore was given a
rising vote of thanks for his services
as president. Miss Bernie Addison
and Miss Imogene Holbert were the
others who were from Wheeler. Helen
Gilmore, Ruth Dill and J. P. Meek
were in the parade.

PARTY GIVEN TO RAISE FUNDS
FOR SOPHOMORE CANDIDATE

To raise funds for the election of
their football queen the sophomore
class gave a party last Thursday
night at the agriculture building.
The entertainment was sponsored by
Miss Winona Adams.

Games were played by those
present and refreshments served.

Those attending were Bobby
Groves, Dorothy Mills, Douglas
Groves, Glynn Weeks, Carrol Adams,
Maryian Hestilow, Velma Hestilow,
Elizabeth Balch, Oleta Carter, Norma
Webb, Edgar Flynt, Jack Williams,
Francis Trantham, Joe Markham,
Bob Noah and Clowes Jones.

Supt. W. C. Perkins Visits School

Supt. W. C. Perkins of Shamrock
visited the Wheeler school last week
to arrange a time for the football
game. Date of game was finally de-
cided upon as Saturday.

Supt. Perkins was accompanied by
Coach G. B. Rush, also of Shamrock.

15 New Books Added
to W. H. S. Library

Volumes are Placed on Freshman,
Sophomore, Junior, Senior
Shelves

During the past week, Wheeler
high school library has been increas-
ed in size by 15 new books.

These books were placed on the
freshman, sophomore, junior, senior,
biography, and the general shelves.

Four books were placed on the
freshman shelf. They are: Tom
Sawyer, Detective, Mark Twain; The
Littlest Rebel, Edward Peple; A Dog
of Flanders, Ouida and Under the
Lilacs, Louisa May Alcott.

The four on the sophomore shelf
are: Midshipman Easy, Captain Mar-
ryat; The Last of the Chiefs, Joseph
A. Altesheler; The Mysterious Island,
Jules Verne and Eight Cousins,
Louisa May Alcott.

Juniors beam over the two books
they received. These books: Honey
on the Horn, H. S. Davis, and The
Scarlet Letter, Nathaniel Haw-
thorne.

Only one new book was given to
the seniors. It was Lamb in His
Bosom by Caroline Miller.

Other new books are: The Story
of Chemistry, Floyd L. Darrow; Up
From Slavery, Booker T. Washing-
ton; Lee, The American, and The
Story of Radio, Orrin E. Dunlap, jr.

The Bible Proves
Its Worth in War

During the seventh grade history
class one day last week, the subject
under discussion was the probability
of another world war.

F. B. Craig related an interesting
incident of the past world war that
went like this: Each man was given
a bar of soap and a testament, which
he carried in his breast pocket.
Once while engaged in a battle a
buddy's life was spared when a bullet
passed through the soap and lodged
in the thick leaves of the testament.

After listening intently to the
above story, Billy Wiley quietly re-
marked, "Well I guess that's one
time the Bible saved somebody!"

MARTHALYS WILEY ATTENDS
BALL GAME AT FORT WORTH

Marthalys Wiley was one of "an
unestimable number of freshmen"
who joined "the trek to Fort Worth
for the T. C. U.—A. & M. game Sat-
urday." This description was given in
the Lass-o, T. S. C. W., Denton, on
the Frogs versus Aggies game.

At Fort Worth, Marthalys met her
brother, Paul, who is a senior this
year. Both students are W. H. S.
graduates, Marthalys having been
salutatorian of the 1937 class.

SPARKS FROM THE CAMPFIRE

A clock watcher never becomes the
man of the hour.

Men are born with two eyes, but
with one tongue that they may see
twice as much as they say.

One who butts is usually the goat.
Sweating gets one farther than
swearing.

Power dwells with cheerfulness.

A diamond is a lump of coal that
stuck to its job.

Great results cannot be achieved at
once and we must be satisfied to
advance in life as we walk—step
by step.

Enthusiasm takes cold, hard facts
and makes them spit fire.

Future Homemakers
of Texas

Members of the Home Economics
club met last Monday for the pur-
pose of discussing business.

A meeting for the programs of the
club will be held on the third Thurs-
day of each month in the home ec
cottage.

Members will pay dues of 25
cents. This will be used for refresh-
ments to be served at their socials.

A finance committee was appoint-
ed by Claudia Stinson, the president.
Those appointed were Velma Hesti-
low, Carolyn McBee and Ruby Ayres.

Plans for making a year book to
be entered in the State Rally were
discussed.

GIRLS GLEE CLUB MEET FOR
PURPOSE OF BEGINNING WORK

The Girls Glee club under the
direction of Mal Wynne, met in the
music room Tuesday for the purpose
of beginning their years work.

"Pilgrim Choruses" the book which
both glee clubs and quartets will use
this year, was purchased by Supt. J.
L. Gilmore at Amarillo Friday.

Mrs. J. L. Gilmore will accompany
the Girls Glee club. The boys have
not organized yet.

COLTS

A new system has been arranged
to take care of the grade school
news. The teachers appointed one
person from each class to be re-
porter for his group.

They were: Emily Lou Aher,
seventh grade; Eula Boatman, fifth
grade; Arlie Ruth Waters, sixth
grade; Bill David Curlee, fourth
grade, and Gene Hall, fifth grade.
The teachers of the third, second
and first will continue to act as re-
porters.

A book on October is being made
by the first grade. Jimmie Nell
Glick and Carl Cottrell are two new
pupils enrolled in grade one.

The second grade students have
been making a model airport.

The third grade is contributing
pictures and original stories and
poems of Indian life, both historical
and legendary, for a scrap book.

Students of 5B have decorated
their rooms with famous paintings
ordered from the American Seating
Co., Dallas. The small pictures were
2 cents each and the large pictures,
4 cents.

Geraldine Williams has been chosen
librarian for the seventh grade. In
music and arithmetic, monitors have
been appointed to keep the room
clean and to keep demerits.

3 STUDENTS TYPE AT SPEED
OF 25 WORDS PER MINUTE

By the end of every year, students
taking typing are required to make
the speed of 30 words a minute.
Three pupils, Amos Page, Elva Belle
Couch and Aubrey Warren are now
making 25 words a minute.

Inez Hunter, Vergie Ashley, Annie
Ruth Denham, and Huffman Walker,
have had typing before. They are
making 45 words a minute.

Sunday School Lesson Exposition

Golden Text: Gal. 5:16.

An Approach

From man's viewpoint, we are living in the day of advanced civilization. Civilization—only from the material angle. The greatest scientific inventions of our day of advanced civilization are turned largely into immoral purposes. For proof we need only to sight the Ethiopian, Spanish and Chinese situations. Our material civilization has well-nigh turned our moral and spiritual "civilizations" into oblivion. The "crime wave" and infidelity are proof of that.

From the true viewpoint (God's view of things) it is not Christian where God the Father, Christ the Son, and the Holy Spirit are not recognized and given their proper place in the affairs of men. Notwithstanding the out-lawed that and the out-lawed that, with a fair observation of such regulations, any civilization, howsoever advanced, but without God, is doomed unto eternal destruction. And a "spirituality" based solely upon a church profession with legislated righteousness will not help matters out any for such a civilization.

Any civilization, howsoever advanced, cannot be a substitute for true Christianity.

THE HEART OF THE LESSON Introduction

It is well for us to observe that our lesson text is taken from letters written to Christians. God has never, in this day of grace, attempted to regulate the affairs of the unconverted, unsaved world. And it is a very unfortunate situation that has evolved from the denominational attempt to regulate the unsaved world with Christian principles. Far better

had it been if the churches had stuck to the job of converting the unsaved first, and then to encourage a God-regulated life for the saved.

But, as citizens of civilized countries, Christians do have a right to help in civic matters. Moral questions are civic questions. But, remember, legislated righteousness is going at the moral question wrong end to. A Christian's greatest privilege is, by the power of God, to change the nature of the sinner. "There is no law" against such as walk after the leading of the Holy Spirit (Gal. 5:23), for there is no need of legislation for such subjects. Remember this, Christian friends, that Christ laid the chief corner stone of this entire moral and spiritual structure when He said, "Ye must be born from heaven (Jno. 3:3)."

The Moral Issue

May I say (kindly) that only a fool would deny that a moral issue is involved in the alcoholic question. There are many fools in other matters who are not quite fool enough to deny this. I think that there are very few, "fools" even, who deny the moral issue in our question. Many a man does things while he is under the influence of alcohol of which he is terribly ashamed when he sobers.

But the "immorality" cry will not stop the bottles from which the fiendish stuff is sucked. Many who love sinning, because it gratifies the lust of the flesh, but who do not have the "courage" to do what they wish, drink to hide their shame and give them fearlessness. So, the lust of the flesh is where the cause lies. "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit (do mind) the things of the Spirit" (Rom. 8:5).

Now to make this exhortation brief for the lack of space, I'm going to give you another verse in this reference: "But ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you. Now if any man has not the Spirit of Christ, he is none of His" (Rom. 8:9). The indwelling Spirit of God is the remedy (Eph. 5:18). And only true believers may possess the spirit (John 7:37-39).

Alcohol's Company

You can tell a thing, as well as a man, by the kind of company it keeps. Alcohol (personified) keeps company with rioting, chambering, wantonness, strife and envying. And, as though that were not company enough, "fornicators, idolators, adulterers, effeminate, abusers of themselves with mankind, thieves, covetous, revilers, extortioners." And you might think that enough, but keen eyes have seen others in the crowd: uncleanness, lasciviousness, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies, murders, revellings, "and such like." Indeed, "the birds of a feather flock together."

Now, when I go into the beer guzzling places and see young ladies guzzling beer. I have my suspicions aroused to a very high degree, and justly so.

To say the least of it, God says that "drunkards," with all the company, "shall not inherit the kingdom of God." That's bad isn't it? So, the only way out of such a situation is, not to quit drinking, but to turn to God with one's whole heart. True believers have their course of walk in life in another direction than the gratification of fleshly desires.

Man's Failing

Some sins strike some people as being much greater than other sins. To others, sins of another kind seem to be more destructive and damnable. But to God, all sins belong to one class. "The wages of sin (not just some kind of sin) is death." "And sin, when it is finished, bringeth forth death." Why not have an INTERNATIONAL ANTI-ALL-SINS SUNDAY, as well as an "International Temperance Sunday?"

Jimmie Darvin, week old son of Mr. and Mrs. Orville Ford of Rock Springs, Wyo., died Thursday, Oct. 14. Mrs. Ford was Lillie B. Meadows before her marriage.

Local News Items

Miss Opal Foglesong of Perryton was a Sunday guest of Misses Mildred and Rosa Byrd.

Billy Martens and Bill Miller left Friday for Canyon and Amarillo, where they spent the week end.

Mrs. F. B. Craig and sons, F. B. jr. and Lewis, spent Sunday in Miami with Mr. and Mrs. M. M. Craig and children.

Mr. and Mrs. Bill Cooper and children of Borger were Saturday night and Sunday guests of Mr. and Mrs. Ray McPherson.

Mr. and Mrs. Clarence Holt and his brother, Demaris Holt, of Lefors were in Wheeler Saturday night and attended the Wheeler-Shamrock football game.

Mrs. C. H. Davidson and son, Harold Dean, returned Thursday from Panhandle where they were guests of Mr. and Mrs. A. R. Schulze and children.

Clarence Robison and son, Guy, who are doing some carpenter work on an oil mill at Lubbock spent Saturday night and Sunday in Wheeler at their home and attended the Wheeler-Shamrock football game.

Mr. and Mrs. Charlie May and children moved the first part of the week to the Bob Rodgers property, first door north of the C. O. Sandifer home, from their farm northeast of Wheeler.

Mrs. J. M. Burgess motored Saturday to Amarillo and visited her sons, Vevel and Cadron Bowerman. Mrs. Bell Green and son, Leon Green, went with Mrs. Burgess and visited Mrs. Green's sister and mother, Rev. and Mrs. G. W. Simmons, and Mrs. Jane Quinn. Mrs. Watson Burgess also accompanied the party and visited relatives.

CITATION BY PUBLICATION IN DELINQUENT TAX SUITS THE STATE OF TEXAS County of Wheeler

To John T. Harding, William A. Rule, Sidney P. Allen, C. Rowe Sutter, and T. W. Jones, jr., and all persons owning or having or claiming any interest in the land or lots hereinafter described, the same being delinquent to the State of Texas and County of Wheeler for taxes, and the same lying and being situated in the County of Wheeler, and State of Texas, to-wit:

The South one-half (S½) of Section No. 63, Block No. 24 of the H. & G. N. Rys. Co. surveys in Wheeler County, Texas, which said property is delinquent to the State of Texas and County of Wheeler for taxes for the years 1928-1936 inclusive aggregating the sum of \$324.07, including interest, penalties and costs incurred to date, said taxes having been legally levied, assessed and rendered against said land and lots, and the same being a lawful charge and constituting a prior lien against the same in favor of the State of Texas and County of Wheeler to secure the payment thereof;

AND YOU ARE HEREBY COMMANDED to be and appear before the Honorable District Court of Wheeler County, Texas, at the next regular term thereof, to be held at the Courthouse of said County, in the city of Wheeler on the 2nd Monday in November A. D. 1937, the same being the 8th day of November A. D. 1937, then and there to show cause why judgment should not be rendered against you and the said land and lots sold under foreclosure of said lien to satisfy said taxes, interest, penalties and costs, and all court costs; all of which, together with other and further relief, general and special, being fully set out and prayed for in the plaintiff's original petition filed in said court on the 9th day of October, and appearing on the docket thereof as suit No. 2897, wherein the State of Texas is plaintiff, and H. P. Witherspoon, T. E. Durham, C. D. Hoover, H. W. Blackburn, the National Bank of Commerce of Amarillo, the First National Bank of Amarillo, Amarillo National Bank, American State Bank, Amarillo Bank and Trust Company, John T. Harding, William A. Rule, Sidney P. Allen, C. Rowe Sutter, and T. W. Jones, jr., and all persons owning or having or claiming any interest in said land or lots, defendants.

Given under my hand and seal of said Court, at office in the City of Wheeler, in the County of Wheeler, this 9th day of October A. D.

1937.
(SEAL) HOLT GREEN
Clerk, District Court, Wheeler County, Texas.

THE STATE OF TEXAS

To the Sheriff or any Constable of Wheeler County, Greeting:
YOU ARE HEREBY COMMANDED to serve the foregoing Citation by making publication thereof one time a week for three consecutive weeks, previous to the return day hereof, in a newspaper published in Wheeler County; if there be no newspaper published in said County, then in a newspaper published in an adjoining county; provided, that if said Citation can not be published for the compensation provided by law, then service of same shall be made by posting a copy thereof for twenty-one successive days, previous to return date, at three different places in the said County of Wheeler, one copy of which shall be at the Court House door of said county.

HEREIN FAIL NOT, and have ye before said Court, on the first day of the next regular term thereof, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Wheeler, in the County of Wheeler, this 9th day of October A. D. 1937.
(SEAL) HOLT GREEN
Clerk, District Court, Wheeler County, Texas.

(First published in The Wheeler Times Oct. 7, 1937) 4t

CITATION BY PUBLICATION THE STATE OF TEXAS:

To the Sheriff or any Constable of Wheeler County, Greeting:
YOU ARE HEREBY COMMANDED to summon Henry Herbert King, whose residence is unknown, to appear at the next regular term of the District Court of Wheeler County, Texas, to be held at the Court House thereof, in the town of Wheeler, on the second Monday in November, 1937, being the 8th day of November, 1937, then and there to answer a petition filed in the said Court on the 1st day of October, 1937, the file number of which is 2875, in which suit Etnel King is Plaintiff and Henry Herbert King is Defendant; the cause of action being alleged as follows: Plaintiff is suing for divorce and for custody of Betty Lou King, her daughter, and for grounds alleges that she has been a bona fide resident of Wheeler County and Texas for twelve (12) months prior to the filing of suit, and that the residence of Defendant is unknown; that she is legally married to Defendant; that Defendant abandoned her; that Defendant drank intoxicants excessively, and called Plaintiff vile names and accused her of being untrue to him; that Defendant was away from home until late every night and was out with other women; that Defendant failed to provide Plaintiff and child with necessities of life and that he was seldom employed and very extravagant; that Defendant, due to such facts is not capable of properly rearing the child, Betty Lou King, and that Plaintiff

should have custody of her.

YOU ARE COMMANDED to so summon such Defendant, and to serve this petition, by making publication of this citation once in each week for four (4) consecutive weeks previous to the return date hereof, in some newspaper published in your county; but if there be no newspaper published in said county, then in some newspaper published in the nearest county where a newspaper is published.

HEREIN FAIL NOT, but have ye before said Court, on the first day of the next term thereof, this writ,

with your return thereon, showing how you have executed the same.

WITNESS: Holt Green, Clerk of the District Court of Wheeler County, Texas.

Given under my hand and the Seal of said Court in the town of Wheeler, this the 1st day of October, 1937.
HOLT GREEN,

Clerk of the District Court of Wheeler County, Texas.

Issued this the 1st day of October, 1937

HOLT GREEN,

Clerk of the District Court of Wheeler County, Texas.

STOVES

for Health . . . for Comfort . . . for Economy

When the chill days of fall and winter approach, the family's health and comfort demands heating facilities. We have a good selection of stoves for every purpose in the home and priced to meet every purse.

Coal and Gas Stoves

PROTECT those Bright Eyes

WITH LIGHT CONDITIONING

It's fun to watch the Light Meter measure light! And it shows you instantly the places where better light is needed to bring better sight to you and your family.

Those baby eyes have a lot of trouble ahead of them if someone doesn't help protect them from eyestrain.

Light-conditioning* is the modern, scientific way to provide sight-saving light in your home. And you owe it to yourself and your family to start light-conditioning today. Yes, you can start easily—with one room—or one chair! The first step costs exactly nothing! Just phone our Home Lighting Department and ask for a FREE Light Meter check-up of your home. After our trained advisor has measured your lighting, she will tell you easy and inexpensive ways to begin light-conditioning.

I. E. S. Better Sight Lamps offer a first big step in complete light-conditioning of your living-room.

Remember—good light costs less today than ever before!

*LIGHT CONDITIONING provides the right amount and the right kind of lighting for seeing, comfort and beauty, wherever eyes are used in work or play.

Fire at Hunt Home

The D. A. Hunt home was badly damaged about 11 o'clock today when Mrs. Hunt returned home to find her roast had caught fire in the oven and smoke had discolored the walls and furniture. Mr. Hunt, assisted by Carl Laflin, were able to subdue blaze with water before the house caught fire.

Mr. and Mrs. J. W. Anglin and their son-in-law, Clark Havenhill, of Sayre, Okla., who has been working near Wheeler motored Sunday to Sayre, and visited Mrs. Havenhill and children, returning that evening.

Allison Man Promoted in Alpha Chi Society

From the news bureau of W. T. S. C. Canyon, comes word that Alpha Chi, national honor society, has installed officers and initiated a number of new members who come from a wide area in the Panhandle.

Those from Wheeler county and nearby include O. J. Richardson of Allison, who held a junior membership last year and is now promoted to senior membership; Ruth Dill of Gageby, in the same classification, and Lewis Ellison, Shamrock, one of the junior initiates. Miss Dill is also listed as Prairie reporter for the society.

The top-ranking tenth of the recent sophomore, junior and senior classes are eligible for membership, provided they fill the qualifications of good character and reputation.

MRS. R. J. HOLT HOSTESS AT DUAL SOCIAL EVENTS

Mrs. R. J. Holt was hostess at two social affairs Wednesday at her home on South Canadian street.

The afternoon guests were members of the Wednesday Study club. Mrs. J. H. Templeton conducted a very interesting program on Spanish America Looks Forward, assisted by Mesdames Lee Guthrie, Cora Hall, Floyd Pennington and George Porter. A reading "Music in the Square," was given by Mrs. Melvin Howe, and the club was favored with several piano selections by Mrs. Inez Garrison.

The hostess served a dainty salad course to Mesdames Melvin Howe, Bronson Green, Buck Britt, Cora Hall, E. C. Raney, Glen Porter, J. M. Porter, Ed Watson, D. O. Beene, Floyd Pennington, Lee Guthrie, J. H. Templeton, T. S. Puckett, George Porter, M. L. Gunter, Ernest Lee and Inez Garrison.

An evening party was given as a surprise to R. J. Holt for his birthday, which falls on Oct. 28. At 7:30 a delicious supper was served to Mr. and Mrs. D. A. Hunt, Mr. and Mrs. Ernest Lee, Mr. and Mrs. Ed Watson, Mrs. Buck Britt, Miss Clarice Holt, Glenn Render, R. D. Holt, the honoree R. J. Holt, and Mrs. Holt.

Bridge was played at three tables. Mr. and Mrs. Ed Watson won high score for partners and Mrs. Britt and R. D. Holt won low.

COVERED DISH DINNER ON WEDNESDAY FOR H. H. HERD

Sixty relatives and neighbors gathered at the H. H. Herd home, east of Wheeler, Wednesday evening, Oct. 27, and celebrated Mr. Herd's birthday with a covered dish dinner.

Present, with their children, were Messrs. and Mesdames E. H. Herd, J. H. Richards, C. C. Gaines, E. B. Dyer, John Megee, W. L. Gaines, Rufus Watts, S. A. Maxwell, Amos May, H. H. Greenhouse, Estes Wilford, Elwood Shira and Mrs. C. M. Hampton and children, Mrs. J. T. Anglin and son, Grady, Mrs. W. E. Collins, B. D. Hutchison and children, J. C. Hampton, Harold James Hardeste, Dorothy Jean and Margie Esslinger, Mrs. H. H. Herd and children and the honoree.

MRS. COSPER OF WHEELER HAS MAJOR OPERATION AT TEMPLE

Mr. and Mrs. E. T. Cosper have been visiting relatives at Waco for the past two weeks until last Friday when they went to Temple where Mrs. Cosper underwent a major operation.

Mr. and Mrs. Joe Barr received a message the early part of the week stating Mrs. Cosper was doing as well as could be expected. Their son, Billie, is staying at the Barr home and attending school.

M. E. MISSIONARY SOCIETY TO OBSERVE PRAYER WEEK

The Missionary society of the local Methodist church will observe the week of prayer with an all-day meeting at the church on Thursday, Nov. 4.

All ladies of the church are not only invited, but urged, to attend all or a part of the day, say leaders of the organization, who point out this is not a meeting for the few but for all who are interested in the work of the Kingdom.

Birthday Dinner at Lee Home

Mrs. I. B. Lee gave a dinner at her home on North Canadian street Friday, Oct. 22, for her children the occasion being Mrs. Lee's birthday.

Those enjoying the elaborate dinner were Mr. and Mrs. Ernest Lee, Mr. and Mrs. Lonnie Lee and daughter, Lonelle, Mrs. Ethel Ahler and children, Emily Lou, Junior and DeLores, Mrs. N. M. Hunt, Mobeetie, Loyd Lee and Mrs. Lee's sister and friend, Mrs. E. M. Clay and Mrs. Allen I. Smith.

Mr. and Mrs. R. G. Russ and daughter, Janet, visited Sunday in Plainview with Dr. and Mrs. J. J. Van Dervoort, parents of Mrs. Russ. They were accompanied home by a sister-in-law, Mrs. Marshall Van Dervoort, and daughter, Patsy, who are enroute to New Orleans, La., to join the husband and father, who is employed as civil engineer in that city. Mr. Van Dervoort has been working there the past two months and likes the work and place fine.

Local News Items

Mr. and Mrs. Roy Puckett attended the McLean-Wellington football game Friday night at McLean.

Robert Don is the son of Mr. and Mrs. Bill Chenault. He arrived Sunday night, Oct. 24.

Mr. and Mrs. Buck Britt and her sister, Miss Clarice Holt made a business trip Tuesday to Amarillo.

Roy Puckett, manager of Puckett's Grocery in Wheeler, motored Tuesday to Amarillo on business, returning that night.

Miss Rutha Mae Conner returned Thursday night from Lubbock where she visited her aunt, Mrs. J. M. Taylor, and family and Misses Wilma and Julia Lou Timney.

Mrs. V. N. Hall returned home Saturday from Altus, Okla., where she spent the week with her sister, Mrs. J. P. Newton, and family and attended to some business.

W. M. Brewer came home Tuesday from Wellington where he spent three weeks with his son, Vaughn Brewer, and family. He makes his home here with a son, Millard Brewer, and family.

Misses Fredia Nell and Gloria Holmes of Shamrock were week end house guests of Misses Winifred and Dorothy Gene Dixon at the J. A. Dixon home. Fredia Nell is queen of the Shamrock band and Gloria is pep squad leader.

John Wofford left Wednesday for Wichita Falls, where he has a job with his brother, Clint Wofford. Miss Roba Wofford, Mrs. Sam Watson and Mrs. Al Watson went with Mr. Wofford to drive the car back. They visited relatives and friends until Thursday. Mrs. R. D. Holt accompanied them as far as Wichita Falls, from where she continued to Haskell to visit her parents, Mr. and Mrs. Ballard and family for a few days.

Mrs. Loyd Lee and son, Harold Loyd, and her sister, Mrs. Floyd Morris, of Briscoe motored Friday to Wellington and spent the day with another sister, Mrs. Cecil Johnson, and family.

Miss Berga Goad, who is employed at the county tax collector's office, returned home Saturday night from a week's vacation spent at Fort Worth with her friends Mr. and Mrs. George Flint and Mrs. Eula Gillis and several other friends.

Tom Britt returned Wednesday night from Columbus, Ohio, where he shipped about 250 head of cattle on Oct. 18. His brother, Buck Britt, motored to Canadian and brought him home.

Mr. and Mrs. Fred E. Cornelius and son of Amarillo came Sunday and visited her parents, Mr. and Mrs. H. J. Garrison, and son, Jack. Mrs. Cornelius and baby remained for a longer visit while he returned that night.

Mrs. J. G. Cowden returned home Sunday from Elk City, Okla., where her nephew, Johnnie Carrier of Sayre, Okla., underwent an appendix operation. He was doing nicely when she left.

Mrs. J. A. Page closed her variety store early Saturday night and came to Wheeler to see the Wheeler-Shamrock football game. Since this was the first game she had attended this season she thinks she brought them good luck.
