THE COUNTY SEAT NEWSPAPER

Large Delegation Plans to Attend Highway 41 Meeting

Score or More Boosters from Here Going to Binger July 9th with Panhandle Group

SPECIAL OCCASION

Important Business Regarding Road Improvement and Designation Will Be Considered

A canvass of Wheeler business and professional men this week by Fred Ashley, local director of the organization, and Mayor R. H. Forrester, highway improvement enthusiast, reveals that a score or more boosters plan to join a large group of delegates from six other Panhandle towns and attend the annual convention of the Oilfield Highway 41 association at Binger, Okla., next Wednesday, July 9.

Garnet Reeves, Pampa, secretary of the association, reports the following towns will be represented by the delegates named:

Dalhart — Rex Mahoney, Cecil Johnson, Dan Spencer, Elmer Elliott and Mr. Bishop.

Dumas—County Judge Noel McDade, H. D. Lewis and Eli Willis.

Stinnett—County Judge Norman Coffee.

Borger—H. N. Pruett, S. M. Clayton, E. J. Keith and J. C. Phillips.

Pampa — Garnet Reeves, Judge Sherman White, J. M. Collins and George Briggs.

Mobeetie—E. E. Johnston, L. D. McCauley and Oliver Elliott.

Wheeler — Fred Ashley, County Judge D. A. Hunt, A. B. Crump, Harry Wofford, Homer Moss, Raymond Holt, R. H. Forrester, Ernest Lee, C. J. Meek and others to total 20 or more.

The other towns, like Wheeler, expect several not listed above to make the trip.

Transportation Furnished

According to Reeves, free transportation to and from the convention will be furnished by the Panhandle Trailways with the compliments of A. F. Heket, operator, who has offered the use of a 25-passenger bus.

The bus is scheduled to leave Borger at 5 a. m., with delegates from that town and Dalhart and Dumas assembled at the Borger bus station. It will reach Pampa at 5:55 and leave at 6; arrive in Mobeetie at 6:30, departing immediately; arrive in Wheeler at 6:55 and leave at 7 o'clock. Place of departure will be the regular Trailways station in each instance.

Because the highway east of here is torn up due to surfacing of a five-mile strip, the bus will go by way of Shamrock, Sayre and Cordell to Binger, reaching that city at 10 a. m., when the convention is scheduled to open.

The session is expected to close about 4 p. m., and the delegates head for home, arriving some time the same day.

"Lots of fun and fellowship on the bus," states Secretary Reeves.

Gov. Phillips to Attend

Gov. Leon C. Phillips of Oklahoma has indicated his intention of attending the Binger meeting. In connection with this, Secretary Reeves observes: "Please line up a big crowd from your town and meet us in Binger to help impress Gov. Phillips and members of the Oklahoma Highway commission with the importance of this road."

Continuing, he says the Colorado portion has been paved for some time; the Texas paving program will be practically completed this year, and three serious gaps in Oklahoma need attention. One of these is in the Oklahoma panhandle, one west of Sayre to the state line and one around Binger.

Military Designation

Sponsored largely by the Wheeler contingent (which claims no priority on the idea, however) a proposition will be launched at the Binger meeting asking congressional designation of Highway 41, No. 152 and No. 60 as a supplemental military highway from Oklahoma City to Amarillo. This project will be a national defense program enterprise and one which, from only casual examination, is worthy of utmost consideration.

Study of road maps reveal three or four important highways converging at Oklahoma City, all of whose west-bound traffic must now find its way through the single Highway 66 bottleneck. The same situation, in lesser degree, also obtains at Amarillo.

Highway 66 Bottleneck

Eastbound traffic pours into that town over 66 from the west; over 87 from the south; over 60 from the

County Delegates to Short Course Chosen

Women's H. D. and Girls' and Boys' 4-H Club Representatives to Annual Meet Named

Information obtained today from the county home demonstration agent's and county agent's offices revealed the names of Wheeler county delegates who plan to attend the annual Short Course sessions at College Station during the period of July 13 to 18.

The farmers' (or adult) Short Course is dated July 13-15; the agents' conference, Wednesday, July 16, and the boys' and girls' (or junior) Short Course, will be July 17-18.

First in order, therefore, will be the adult women's meeting. County delegates to this include Mrs. Blanche Begert and Mrs. Sam Begert, Allison; Mrs. John G. Newman, Briscoe; Mrs. W. L. Morrison, China Flat, Shamrock; Mrs. Lee O'Gorman and Mrs. W. D. Clark, Magic City; Mrs. Forest Carver, Country Neighbors, Twitty; Mrs. Floyd Carver, Kelton; Mrs. Jane Kenney, Davis, and Mrs. J. E. Wilson, Shamrock. Mrs. Blanche Begert was chosen leader of this group.

The women will leave here at 8 p. m., Friday, July 11, and from Childress at 2:07 next morning, arriving at College Station shortly after noon that day. Departure from College Station on a trip to Galveston will be on July 15, with July 17 as a return date to that place, thence homeward.

4-H Club Girls

According to Miss Sybil Gidden, assistant county home demonstration agent, the following 4-H club girls have been elected by their respective clubs to attend Short Course:

Adella Cadra, Pakan; Ladell Atherton, Briscoe; Velda Stansell, Kelton; Yvonne Sandifer, Wheeler; Media Mae See, Twitty; Odell Mayfield, Lela; Abbie Johnston, Shamrock.

In addition to these, Dorothy Merte, Gold Star girl, will be sent by the 4-H club council as a special delegate. She has been invited to appear on a broadcast program, Thursday, July 17, together with another 4-H club girl, two 4-H club boys, Miss Ona Jacks, girls' state agent, and L. L. Johnson, boys' state agent.

Mrs. Jim Risner of Wheeler, elected sponsor, will accompany the girls. The girls group will leave July 15 for Short Course on the 17th and 18th, a trip to Galveston the 19th, and return home the 20th.

4-H Club Boys Going

Charles Griffin, assistant county agent, announces the following 4-H club boys will attend Short Course this year:

Stacy Arnold, jr., Mobeetie; Ernie Fry, Magic City; J. Ray Henry, Twitty; Carl Martin and Garvin Simpson, Shamrock, and R. L. Zybach, Briscoe. M. C. Watson of Twitty will accompany them as sponsor. They will join groups from Gray and Collingsworth counties on the journey to College Station and return.

No farmers will attend Short Course this year because of urgent need of their presence in the fields, states Jake Tarter, county agent. The extension agents and their assistants will attend, of course.

RED CROSS SEWING UNIT ORGANIZED FOR WHEELER

Mrs. Lloyd Davidson was recently elected chairman of the local Red Cross unit and preparations are being made to institute a sewing program here. Among the urgent needs at this time are hospital gowns and children's suits, also men's knitted sweaters. Mrs. O. O. Sandifer at the Burgess & Sandifer sewing room, announces that she has a quantity of garments cut out and ready and will appreciate it if some local women can spare the time to do the sewing.

Further information about the program may be obtained from Mrs. Davidson or Mrs. C. J. Meek, who has been appointed to assist with this work.

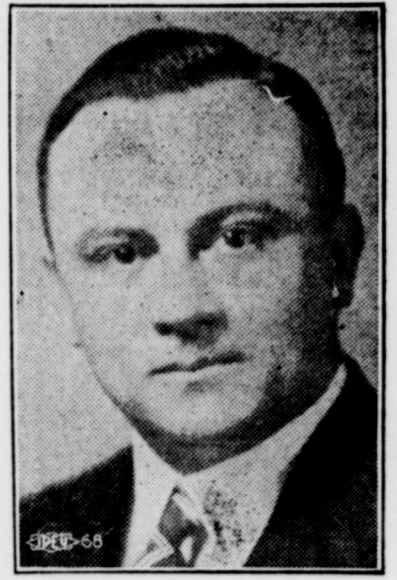

Improvements Seen All Around the Town

Mrs. G. W. Porter had her residence on South Main street papered and painted and a flue removed last week, adding much to its attractiveness.

Mr. and Mrs. Harold Shively are building a native stone retaining wall along the yard and painting the outside of their house, situated in the west part of town.

Manager Lee Guthrie has been doing—and having done—an elaborate program of redecorating and minor changes of the Rogue Theatre. Most of the work is on the exterior front, although some interior alterations have also been done.

Pappy Does It Again

GOV. W. LEE O'DANIEL

Texas Governor Rumps Into U. S. Senate Post

O'Daniel, Serving Second Term Head of State Government, Wins in Bitter Campaign, 1,095

Texas, long noted for its spectacular and bitter political campaigns, which have grown more heated in recent years, witnessed what may be the climax of these encounters last Saturday, when the race for United States senator resulted in the election of Gov. W. Lee O'Daniel to that post by a margin of 1,095 votes in one of the most dramatic election finishes ever seen, even in this state.

In a field of more than 20 contenders for the place vacated by the death of Senator Morris Sheppard, four or five leading candidates held the spotlight. These included O'Daniel, Lyndon Johnson, Gerald Mann, Martin Dies and Sam Morris.

Early returns gave Johnson a commanding lead which, in the opinion of many experts, it would be impossible for O'Daniel to overcome—but he did. When returns simmered down to outlying districts, the governor faced a 4,600-vote handicap.

Then slowly but surely, as the tallies trickled in from the "forks of the creek" and the "grass roots," he began to whittle down his opponent's lead. When the final count was announced by the Texas election board, the former Kansas flourman had a margin of 1,095 votes to the good. This figure is unofficial, of course, but will probably not be changed much by the official count, scheduled for July 14.

Some rumors of a contest or recount heard soon after the final count was announced, appear to have subsided. Apparently O'Daniel will take his place in the senate without further serious opposition. Just when this will occur has not as yet been announced.

Wheeler County for O'Daniel

The following tabulated official Wheeler county returns show that O'Daniel not only carried this county, but came near doubling his final contender's vote. In a preliminary tabulation prepared by Harry Wofford, county clerk, an error of only two votes occurred and one of these was due to a mistake in giving the figures from memory by one of the election counters.

Precinct	Dies	Johnson	Mann	O'Daniel	
1—Mobeetie	8	15	29	67	
2—Briscoe	7	12	9	24	
3—Wheeler	11	31	53	39	
4—Allison	2	5	21	23	
5—Stanley	7	19	25	54	
6—McBee	2	0	19	15	
7—Porter	0	3	5	13	
8—Kellerville	9	11	11	18	
9—Heald	1	4	13	19	
10—Lela	1	16	16	34	
11—Center	0	3	11	22	
12—Shamrock	22	70	87	99	
13—Benonine	1	3	1	5	
14—Ramsdell	0	1	6	6	
15—Locust	1	6	9	10	
16—Kelton	7	10	3	15	
17—Twitty	1	7	12	16	
18—Magic City	4	3	10	14	
19—Corn Valley	2	7	9	11	
20—Pakan	0	17	4	30	
21—Shamrock	18	55	71	135	
22—Bethel	1	1	5	21	
		105	299	428	570

Sam Morris received 7 votes; Cyclone Davis, 1, and W. W. King, 1. These, together with the tabulation above, were all Democratic candidates. In addition however, Homer Brooks, listed in the Communist party column, received one vote in the Stanley box.

The grand county vote cast was 1,410.

H. M. Wiley and son, Bill, are spending the week near Spearman on their wheat farm.

Program Started Here to Beautify Cemetery

Local Women Sponsor Movement to Install Water System and Grow Flowers, Grass

One of the most commendable programs attempted in Wheeler for a long time is one sponsored by two local women, Mrs. Ernest Lee and Mrs. F. B. Craig, who have this week been soliciting funds to install a windmill and water system at the Wheeler cemetery. Object of the movement, of course, is to provide water for growing flowers and grass and otherwise beautifying the city of dead, whose lowly tenements are all too often neglected.

The ladies had contacted quite a number of people and Mrs. Lee stated shortly after noon that she hoped to make an initial deposit of \$100.00 on the fund before bank closing time at 3 o'clock today. She needed only a small additional amount to reach that goal.

Well drillers have been consulted and are ready to start drilling as soon as the ladies obtain a sufficient sum to meet current requirements. After the initial start, additions can be made as funds will permit, it is said.

Anyone who has not been solicited and who can or will assist with this highly meritorious project, may contact either of the ladies, who will appreciate any assistance given toward consummation of the undertaking.

Home Ec. Association Is Reorganized Here

Elect Officers Monday Evening for County Organization Defunct During the Past Year

At a meeting Monday evening in the home of Mr. and Mrs. Max Wiley, with Mrs. Wiley as hostess, the Wheeler County Home Economics association, defunct for the past year, was reorganized and officers elected. They are:

President—Mrs. Cliff Hiner, Shamrock, former home demonstration agent in Oklahoma, now a housewife.

Vice President—Mrs. Max Wiley, home ec. teacher in the Wheeler schools.

Secretary-Treasurer—Miss Faye Wilson, Briscoe, homemaking teacher.

Two committees were appointed as follows:

Nutrition—Miss Lucile Chance, county home demonstration agent, chairman.

Program—Miss Sybil Gidden, assistant county home demonstration agent, chairman.

Nutrition will be the theme stressed in programs during the year. The organization is affiliated with the Texas Home Economics association and will receive literature and suggestions from the state body.

Present at the meeting besides those elected or appointed to office were:

Janie Lee Traweck, homemaking teacher, Kelton; Vera Martin, FSA supervisor; Mrs. Ira Reavis, supervisor lunch room, Shamrock; Mrs. Bill Burden, former home demonstration agent Collingsworth county, Shamrock; Miss Leona Crossland, county welfare supervisor, Wheeler, and Miss Marthals Wiley, Wheeler.

United Service Group to Seek Finance Soon

Dick Craig, chairman and Fred Ashley, secretary of the local United Service Organizations committee, have been busy this week with plans to start a finance campaign here soon to raise Wheeler's share of the quota given this county in the national drive for recreation and entertainment of men in military and naval camps of the country.

Two entertainment features as money-raising projects are practically assured at this time. One will be a benefit moving picture show at the Rogue theatre in which some home talent is expected to appear. The other feature proposed is an old-fashioned square or "stomp" dance at the American Legion hall.

Unfortunately, plans are insufficiently developed to announce the date of either event at this time. They will occur on separate nights, possibly a Tuesday in each instance, but the dance may be held on Friday or Saturday night, whose date will be decided upon soon.

Mrs. J. C. Perryman, Lamesa; Mrs. Jackson, St. Jo, and Mrs. Lyman Gilliland and son of Carlsbad, N. Mex., returned to Lamesa Wednesday, while Jack Perryman remained for a two weeks visit with his sister and husband, Mr. and Mrs. Virgil Tolliver.

County Adds 65 to Selective Service

Second Nation-Wide Registration of Men Held on Tuesday—Some Changes Seen

Sixty-five more men were added to the Wheeler county selective service rolls as prospective trainees for military duty in the registration conducted at nine places in the county as a part of the second nation-wide registration under the selective service program. This registration included all male citizens who had become of age by July 1 since the first registration last October.

Total number listed from this county may vary slightly from the 65 mentioned, since 11 of these were from outside the county and it is believed several county eligibles were registered elsewhere Tuesday. Exact number will not be determined until registration cards have been exchanged and all reach the enrollees' home county.

By places of registration the following figures are found: Wheeler, 14; Shamrock, 34; Mobeetie, 8; Briscoe and Allison, 3 each; Kelton, Lela and Kellerville, one each; and Magic City, none.

According to best information received by the local Selective Service board, the registrants will be in- filtered, or added, to the present list of registrants. On July 9, all new enrollment cards will be thoroughly shuffled and a drawing conducted to determine serial numbers which, it is reported, will begin with S-1. A lottery will be held some time this month at Washington to fix order numbers of the new enrollees.

The local board has been requested to supply state headquarters with its highest order number inducted to midnight, June 30, which was 324. This will be the local "key" order number. Just what part this number will play is not quite clear as yet. A member of the board stated yesterday that he supposed a low number will be selected to cover all local boards or, on the other hand, each board may have its own individual key order number.

The board has been quite busy recently with classification of registrants in the first draft. The work has proven somewhat tedious, since no registrant is classified until all three members of the board have examined his questionnaire. All cases in which any question whatsoever exists have been set aside for further examination and possible hearing.

Definite cases, where no apparent questions exist, have been classified and mailed up to No. 999, with the exceptions above noted. It should be remembered, however, that no classification is final—so far as actual service is concerned—until after physical examination of the prospective trainee has been made. Such examination may be made only within a limited time previous to call for duty, regardless of the date when a registrant may receive his tentative classification card.

It was mentioned by a board member that registrants with numbers up to 999 should watch for their cards through the mails and if the card is not received in a reasonable length of time, inquiry at the office of the local board is advised. It is further stressed by the board that upon each individual registrant rests the responsibility and duty of keeping the Selective Service office fully informed as to his whereabouts. Innocent neglect of this duty might cause unpleasantness and willful neglect could result in severe penalty.

New County Oil Well Test Made Last Week

The southeastern Wheeler county oil field, situated east of Shamrock, scored again last week with the bringing in of the H. L. Guild No. 1 Sloss oil well on the southwest of southeast of northwest of section 90, block 13, H&GN survey.

Pay was struck the previous Friday, tubing run and the well placed on test Wednesday afternoon of last week, making 30 barrels in the first three hours. Pay was found at 1,990 feet and the producer bottomed at 1,993 feet, approximately 90 feet shallower than the other wells in the Osborne area. Production is coming from a dolomite formation, George Artman, geologist, stated.

The well was drilled by Ed Harris and extends the area two locations northwest.

Other drilling activity in the field includes the Teel No. 4 Stewart in section 73, block 13, H&GN survey, and the Portman-Jenkins No. 2 Patterson, section 89, block 13, H&GN survey.

The Teel well is being drilled by V. W. Shoemaker and the Portman-Jenkins by Colvin and Colvin.

HIGHWAY SAFETY

The legislature of Texas adopted an amendment to the drunken driving law to make the first offense a misdemeanor instead of a felony. Governor O'Daniel vetoed the bill and the legislature passed it over his veto.

There may be political repercussions—Governor O'Daniel is making a noise about it—but the new law will shortly be in effect.

It ought to make easier conviction of first offenders of the law. It ought to result in more complaints being filed and in more indictments by grand juries.

We will remember how difficult it was under prohibition to obtain convictions for liquor law violations because the law made them felonies. The severity of the penalty was one cause of the breakdown of the law.

We hope the amelioration of the law to make first offenses misdemeanors will result in more arrests and more convictions of drunken driving offenders. Second offenses are made felonies under the law. There ought to be little sympathy for second offenders.

Liquidate the drunken driver, is the advice of almost all the 15,000 motorists who answered a nationwide survey conducted by "Not Over 50" club, nation-wide safety organization to determine what the average driver thinks should be done to reduce the highway's annual toll of dead and injured.

"This survey gives law enforcement agencies a mandate strong enough to drive the drinking driver off the roads," declared James S. Kemper, president of the Lumbermen's Mutual Casualty company, which sponsors the club. "Over 98 per cent of the 15,000 who answered the 'Not Over 50' club's questionnaire asked for stricter enforcement of laws prohibiting driving while intoxicated.

"For a long time, safety experts have agreed that if drunken driving was ever stopped many of the most serious highway accidents would be prevented and now for the first time we have important proof that the person who does the driving agrees with the experts wholeheartedly. It only remains for the law to renew its efforts and to keep on renewing them until drunken driving is a thing of the past.

The majority of other answers to the questionnaire indicated that responsible motorists also favor stricter enforcement of other regulations aimed at reducing traffic accidents. Reckless driving was ranked as the Number One cause of automobile accidents and 87 per cent were of the opinion that driver's license laws should be more strictly enforced.

Excessive speed was ranked as the second most important cause of accidents, and 77 per cent favored stricter enforcement of speed laws. Both of these reactions show the influence of the "Not Over 50" club creed, which asks all members to limit their top speed to 50 miles an hour at all times.

The majority of the motorists con-

tributing to the survey felt that state-wide speed limits should be established, the percentage in favor of such measures being 81 per cent. Of this number, 83 per cent favor a speed limit of 50 miles per hour on the open road, and 90 per cent want a top speed of 30 miles per hour in the city.

The compulsory inspection of all motor vehicles at regular intervals in order to bar from the road those that are unfit, was favored by 94 per cent. Likewise, 93 per cent thought the same thing should happen to drivers—that they should all be examined and only those who are able to drive well, be allowed to continue.

FORD SIGNS UNION CONTRACT

The contract signed by the Ford Motor company with the United Automobile Workers, an affiliate of the C. I. O., the other day may mark an epochal day in the relations between industry and labor.

In signing the contract with the union, Edsel Ford, president of the Ford Motor company, is quoted as saying:

"As the company now views the situation, no half way measures will be effective. We cannot work out one scheme of things for some of our workmen and another for the remainder. So we have decided to go the whole way."

It seems to us that this is the proper attitude for the company to take.

The Ford Motor company is one of the largest employers of labor in industry.

The company has ruled in its relations with its employes with a strong hand.

A number of years ago it won the praise of liberal people by establishing a \$5 a day minimum for its workers.

While it has not always paid the highest wages, it has always paid its workers well.

It has ruthlessly fought efforts to unionize its workers.

It has long had in operation a personnel service that embraced some of the elements of espionage.

The application of the Wagner act and other labor legislation encouraged attempts to unionize Ford plants. These were fought bitterly but at last culminated in an election among the Ford employes to determine the preference of workers for an organization to represent them. They chose the U. A. W. by a large majority.

The Ford Motor company gracefully acquiesces. Its president expresses the hope the plan will work out successfully. At least, the Ford Motor company will give it a fair trial.

If the operation of the plan can be made to succeed in this instance, it will be an example that may be followed throughout all industry. A great deal now depends upon the union itself.

TWO WAYS OF LIFE

This second World War is a war between two philosophies, two ways of life, two diametrically opposed systems of government.

In every land which the Axis has conquered, all liberty has been ruthlessly abolished. The free enterprise system, where it existed, has been consigned to the rubbish heap. Disenters have faced the firing squad or have been sentenced to living death in a concentration camp. A whole continent has been chained to the Nazi chariot, and the peoples of a dozen nations, many of them once democratic and free, have been reduced to the status of slaves. The individual is nothing—the state is all.

Our part in this war then, whether or not we eventually become active belligerents, is to prove to all the world that free enterprise is superior to slave enterprise—that democracy is superior to totalitarianism. And we can prove that in only

one way. That is by encouraging the private enterprise system, under fair and suitable government regulation, to produce as it never produced before. That means that we must encourage privately-owned industry—whether it deals in electric power or coal or oil or manufacturing or anything else—to do the greatest job in history. It means that all evidences of totalitarianism in this country must be suppressed. It means that we must consistently oppose state socialism wherever it appears, whatever its manifestation.

We are fighting for the right of free men to engage freely in legitimate business under a free system. If that right is lost, we will suffer an irrevocable defeat, no matter how our military prowess.

Private enterprise is ready to meet the test. The record of the past is the promise of the future. It is up to all men to prove now that the American way is the winning way—and the way to eventual peace and security for all the people.

RUTHLESSNESS TRIUMPHS

Provided John L. Lewis does not repudiate the mediation board's findings, the nation has been saved from a coal famine and a shutdown of defense industries by the Southern coal operators accepting the decision of the board which wiped out the long-established differential of 40 cents a day in wages between Northern and Southern coal mining.

Wages have always been less in the South than in the North because of the cost of living and other conditions. Such differentials exist in virtually all lines of industry, and in the case of coal it was about the smallest of any.

What this decision will do to the Southern coal industry remains to be seen. The Southern mines were paying \$6.60 a day; they will now be raised to \$7.00, the same as the Northern mines. The previous difference of 40 cents a day was largely needed to offset freight rates which were necessary to haul the Southern coal longer distances to Northern factories to compete with Northern operators in those territories.

Under the abnormal conditions of the moment, the imperative demand for coal may keep up production in Southern mines even under uneconomic wage differentials. But when anywhere near normal conditions return, the Southern coal miners may well find that the arbitrary demands of their leaders, enforced under threat of stoppage of coal supplies to defense industries, will lead to the closing of many Southern mines and the unemployment of countless thousands of Southern coal miners.

Labor leadership which, under threat of sacrificing the nation's safety, forces dislocation of the normal functioning of an industry, can only bring disaster for that industry and its workmen when the crisis which permitted such ruthless practices, has passed.

The small mine operators and the workmen will be the ones who suffer most when the normal laws of supply and demand again begin to function. In the meantime, the public pays tribute to greed for power.

Congress can no longer listen to those who ask for swimming pools for towns and privies for individuals. We are starting this defense program with a \$50,000,000,000 "pre-defense" debt on our backs. We're going to have to do more than talk about sacrifices—we're going to have to make sacrifices.—White Deer Review.

Neal (Stormy) Davis, former Hardin-Simmons university football player, who became assistant Paducah high school athletic coach last spring, was elevated to the head coaching position at a regular school board meeting last Monday night. Davis succeeds Burns McKinney, who resigned recently to accept a position as assistant coach at Gainesville.—Paducah Post.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

With more combines getting into the fields every day, crop yield reports indicate that the yield is going to exceed estimates of last week when some placed damage from worms, rain and wind as high as 50 per cent. Most of the wheat now being cut is Early Blackhull and the yield is running from 15 to 20 bushels although some fields are going better than 30 bushels to the acre. The test is low, 51 to 58, with 12 to 16 per cent moisture content.—Ochiltree County Herald.

The I. T. I. O. oil test on the R. B. and T. D. Wiggins land, one mile north of Mendota, was reported down 2,800 feet Tuesday evening. More than 3,000 feet would be the report Wednesday evening, it was thought. A hard shale, that drillers experienced last week, was left at the 2,600-foot level when the bit entered a lime formation. That is said to be about 200 feet above the depth at which the lime formation is usually found in this region.—Canadian Record.

Most people who ask for free advice want you to confirm their own opinion, not what you think about the matter. — McLean News.

Announcement of a new \$30,000 cheese manufacturing plant in Memphis was made Friday night by officials of the Kraft Cheese company, at a meeting of the members of the chamber of commerce board of directors, local business men, and representatives from Estelline, Newlin, Plaska, Lakeview, and Hedley. This new plant was announced to the people of this territory by J. M. Roddy, head of the dairy development division of the Kraft company at Denison.—Memphis Democrat.

The Red River bridge on the old Wellington-Childress highway will be dismantled, and the lumber used in the construction and repair of bridges and culverts in Childress county, the commissioners of that county decided last week. The mile-long span was damaged considerably by high waters on the river during recent weeks and is now unsafe for travel.—Wellington Leader.

"Once upon a time," said the drill sergeant after a two-hour drill test, "when I was a little boy I had a set of wooden soldiers. Mother persuaded me to give them to a poor boy. I was soft enough to do so. Then when I wanted them back, mother said, 'Don't cry, Bertie, some day you can have your wooden soldiers back!'"

"And believe me, you lopsided, mutton-headed, goofus-brained set of certified rollin' pins, that day has come!"—Donley County Leader.

What has been heralded as another 1926 wheat production for the Panhandle of Texas, has gone down for about the third time in a continually rising pool of excessive moisture. From every section of the Panhandle we learn the same story. Too much moisture. Rank wheat that looked like 35 bushel production three weeks ago is mixed with mud laying matted on the ground in many sections of the bread basket.—Spearman Reporter.

Boys riding in an unidentified car Tuesday afternoon threw a toy balloon filled with water into the windshield of a motor truck driven by Glenn Jamison of Woodward, Okla., breaking out a section of shatter-proof glass about six inches in diameter. Jamison was showered with water and slightly cut on the hands, arms and face by the flying fragments of glass.—Higgins News.

Clarendon's latch string will go out next Thursday morning to stay until the wee hours of Saturday, to welcome all the Panhandle country to this city's 57th annual Celebration and Rancher's Rodeo. Clarendon folks are experienced hands in making up celebration programs to entertain every visitor, and this year nothing has been overlooked, it is agreed by all who have worked, in arranging a program for the Independence Day holidays to thrill, interest and entertain thousands of visitors.—Clarendon News.

George Black suffered a serious and painful injury to his right hip Monday when the tractor he was driving came disconnected from the binder, the coupling or power lift striking his hip severely before he could dismount from the machine. He was assisted to the pickup parked near by, by Frank Welch who was operating the binder and brought to his home in Miami where a local physician dressed the wound.—Miami Chief.

Vacation Bound?

What About Car Service?

You can leave your car worries behind when you start out with a Crump-Mundy service job. Just a few minutes spent in checking over your car here may mean hours—perhaps a lifetime—of grief avoided. Vacation trips and summer driving are fun, but high speeds and good roads put new demands on your car. Take no chances with the life of your car, yourself or your loved ones. Let us check it over and perform any needed service before you start.

Doorbell ringing—easy style

There's nothing mysterious about the way advertising works.

It's like the salesman who goes from house to house looking for customers.

Advertising does the same job on a larger scale. It's quicker—reaches more people—at a lower cost per call.

In other words, it's a time saver, which means it's a money saver as well.

The Wheeler Times

Shorthorns Rate High In Texas Cattle List

State Was Fifth for Nation Last Year—Places Among 10 High in New Memberships

Fifth in the nation last year and seventh for the first six months of this year is the record of Texas as a Shorthorn state as determined by the number of new members in the American Shorthorn Breeders' association, Chicago, Ill., according to word from the association office.

Though the same states as last year are represented in the high 10, only the first three—Iowa, Illinois and Indiana—repeated in their last year's winnings. Pointed out is the even distribution of new business among the leading states, there being a difference of but 13 new members between fourth and tenth position.

The top 10 states in new memberships are: Iowa, 58; Illinois, 57; Indiana, 50; Oklahoma, 33; Missouri and North Dakota, 31 each; Minnesota, 28; Texas, 26; Kansas, 25; Michigan and Ohio, 20 each.

H. J. Gramlich, Shorthorn secretary, says this year is seeing the most new members, the most sales and the most pedigree recordings for the breed in over a decade. Up to May 1, 539 new memberships have been received, which is a 7 per cent increase over last year's sensational 74½ per cent increase over the year before.

Pedigree recordings for the first half of the year are coming in at a 12.3 per cent greater clip, and transfers, which are the index of business being done by breeders, are up a substantial 19 per cent over the very good 1940.

Even more significant of trends in the livestock industry, thinks Gramlich, is the fact that the total 1940 income from Shorthorn public auctions exceeded by 43 per cent the figure for 1939. Last, those stockmen who held auction sales gained a total of \$200,000 more than in the previous year, yet prices remain on a soundly profitable basis for both buyer and seller.

Spoilage of Food and Poison Warning Given

Dr. Geo. W. Cox, state health officer, has just issued a warning to Texas housewives to guard against food spoilage and resultant human food poisoning during the summer months.

Summer heat and food spoilage were closely coupled together in Victorian days as a sure sign of summer, and the association continues today, unless scrupulous care is taken to avoid food spoilage.

"Long hot days in July and August necessitate keeping food clean, covered and refrigerated, plus additional hot weather safeguards," Dr. Cox stated.

It should be kept in mind that food poisoning is more common in summer than in winter. The summer menu usually includes smaller helpings of cooked food and increased amounts of raw and cold food which may be more subject to spoilage or contamination. Vegetables and fruits which are eaten without peeling should be washed carefully to avoid possible contamination with mineral poisons from chemical sprays.

Harmful germs which may be harbored in raw dairy products or imperfectly cooked food cause typhoid fever, dysentery, summer diarrhea, scarlet fever, diphtheria and other diseases. Perishable foods should be handled carefully and kept under constant refrigeration until time to serve.

Special care should be taken with milk and milk products, since milk is an excellent medium for bacterial growth.

How this Certified Record can spell new Oil-Savings—new Engine Safety—for You

You get the oil that outlasted 5 other highly reputed brands by 74% to 161% in Certified Competition, when you change to this proved-in-advance new oil named

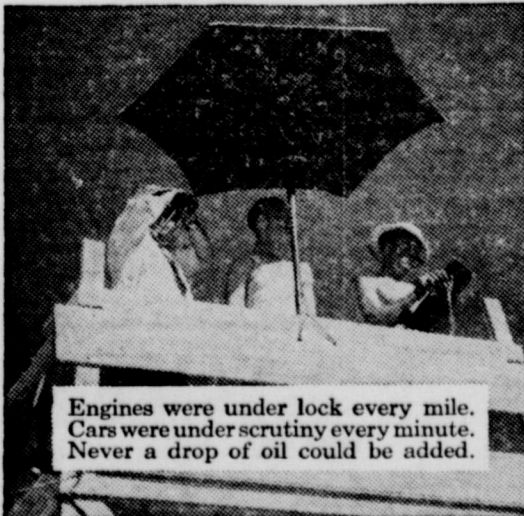

CONOCO Nth MOTOR OIL
—Popular-Priced

Your own engine can be fortified by new Conoco Nth motor oil right today, at Your Mileage Merchant's Conoco station. But before going on sale this new oil proved that a regular 5-quart fill could establish startling extremes of endurance, protection and miser-economy.

Fantastic Death Valley brings Your Evidence

Death Valley seems to shimmy—like heat at its furnace door. And down on this desert impartial observers watched 6 identical stock cars run at 57-mile speed, torture-testing 6 quality oils including new Conoco Nth oil. No let-up, day on day, till each oil gave out and junked its engine.

Even the best competitive oil in the test was outlasted 5,683 miles by Conoco Nth oil. And one "rival" was

Engines were under lock every mile. Cars were under scrutiny every minute. Never a drop of oil could be added.

outlasted all of 8,268 miles by new Conoco Nth oil. Certified.

All this New Economy how?

America has long known Conoco best for making it possible to give any engine OIL-PLATING...lubricant that can't all quickly drain down, but must stay PLATED—alert against wear in advance—not waiting till oil-flow starts. OIL-PLATING comes from a rare synthetic...man-made under the Conoco Germ Processed oil patent. And Conoco Nth motor oil still brings OIL-PLATING—but not only that!...

In addition this new oil brings Conoco's latest synthetic—Thialkene inhibitor. It inhibits—controls—the effect of foul "leftovers" produced by every engine's normal firing. Otherwise uncontrolled oil spoilage could easily start. In oils that let this spoilage start, it spreads like a rumor—gets worse, faster and faster. But now that's nipped in the bud by Thialkene inhibitor, in new Conoco Nth oil... U. S. Patent 2,218,132. This oil stays more like its own good self. Then your engine will, and that saves oil... as demonstrated by the long life of Conoco Nth in pitiless Death Valley.

You'll never give your own engine such a "trial by torture." You wouldn't pass up your regular time for draining. Authorities say, "Don't!" But you can

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. H. Jaellie
Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

know that Conoco Nth outlasted other big-name oils by as much as 161%... Certified. So you can see your chance of big Summer savings in changing now to new Conoco Nth at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

IMPARTIAL

CHILDREN AT STATE FAIR

Every school child in Texas has been invited to participate in the educational exhibits and contests which are held at the State Fair of Texas each year. Listed are a rhythm band contest, public speaking contest, spelling contest, choral singing contest, hobby show and exhibits of school projects completed during the year.

A complete pattern of shelterbelts planted approximately one-half mile apart will do much to stabilize agriculture in any community subject to wind erosion.

Many trees such as chinaberry, ash, elm, mulberry, flowering willow, soapberry and hackberry used in shelterbelts provide food for game birds and animals.

Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County.

Briscoe H. D. Club Meets

"The lack of certain vitamins has the same effect on white mice as on human beings, only it shows up quicker on the mice," was one of the thoughts presented by Miss Lucile Chance, county home demonstration agent, in a discussion of the different vitamins at a recent meeting of the Briscoe Home Demonstration club. She also discussed the improvement of farm homes.

The club voted to send Mrs. J. G. Newman to Short Course.

Those attending the meeting were Mesdames Bob Ramsey, Clarence Zybach, Lloyd Childress, P. L. Meadows, Anna Zybach, Lester Johnson and Ruby Zybach, members; Mrs. J. B. McNeill, visitor; Miss Chance and the hostess, Mrs. J. G. Newman.

The club will hold its next meeting with Mrs. Bob Greenhouse.—Reporter.

Briscoe F. H. T. Meet

The Briscoe chapter of the Future Homemakers of Texas met Wednesday, June 25, at 3:30 p. m. in the dining room of the homemaking department.

Joyce Sorensen, president, called the house to order and Billie Jean Baird called the roll and read the minutes of the last meeting.

Clara Helen Seedig, program chairman, was in charge of the entertainment program, which consisted of songs by the group, reading by Billie Jean Baird, monolog by Joyce Sorensen, and a book review by Marie Finsterwald. A number of games followed the program.

Refreshments of punch and fresh fruit were served to 17 girls.

PERRYTON DOES ITSELF PROUD WITH WHEAT CAPITAL OF WORLD FESTIVAL

Former Dust Bowl City Has Great Celebration—4,213 Bushels Wheat Donated to USO

Perryton, as the "Wheat Capital of the World," gained national recognition as the spot that in three short years rose from the ravages of the Dust Bowl to the nation's bread basket, in a gala celebration as the Panhandle has ever seen.

Climaxing a week of festivities, that city Saturday night, heard E. B. Germany, regional chairman of the USO for Texas, Oklahoma, Arkansas and Louisiana, praise Ochiltree county for contributing the largest donation per capita of any community in the nation to the USO, 4,213 bushels of wheat or one bushel for each man, woman and child in the county, and also heard the chairman declare "Our soldiers have nothing to fear in support from citizens like yours." He also stated the Panhandle of Texas (region north of Plainview) produced four-fifths of the wheat of Texas.

Germany was accompanied to Perryton from Amarillo by Jay Taylor, 18th congressional district chairman of the USO; Ceda Puckett, Potter county chairman, and Adjutant W. T. Johnson of the Salvation Army of Amarillo. They flew there in Taylor's plane after first stopping at Borger, where they were presented that city's check for \$2,000, full quota of Hutchinson county.

One of the honored guests at the festival was A. W. Thurman who marketed the first wheat of the county in 1905, hauling the grain to Glazier, nearest railroad center.

Perryton celebrates its 22nd birthday on August 22.

The highlight of the festival Saturday night was the crowning of the Wheat Queen of the World. That title was won by Miss Patricia Ann Arnold, 13-year-old daughter of Mr. and Mrs. Ralph Arnold of Perryton, out of a field of 13 lovely girls. Miss Arnold, a freshman in school, is 5 feet 4 1/2 inches tall, weighs 110 pounds, has black hair and brown eyes. Her hobby is riding and she is truly a farmer's daughter. This was her first beauty contest. She was presented with a National Defense Bond by Germany that had her name, address and her title engraved thereon.

The Perryton Equity exchange, a farmer's co-operative grain elevator of Perryton, was the highest bidder at the auction of the donated wheat, paying 90 cents per bushel, or \$3,791.70, to the USO. Ochiltree county's quota was only \$300 for the National Defense fund.

Music by Perryton's Ranger Band, Class B champions of Texas; Germany's address and the presentation of the wheat to the USO by Mayor W. H. Lance of Perryton, the man who originated the idea that placed Perryton in every paper of the nation, was broadcast over the entire chain of Texas State network stations.

Mobeetie Happenings

(By Times Correspondent)

Homemaking Picnic

To complete this year's summer homemaking course, 12 members of the 19 who enrolled at the beginning of the year went on a picnic recently. First they inspected the summer project of Wanda Creekmore, who remodeled her bedroom as her home economics work.

Later the girls made kodak pictures and enjoyed their picnic supper with Wanda, Mrs. Creekmore and two grandchildren, Ray and Adelia.

Members of the group were Maxie Puckett, Luvene Red, Neweta Williams, Mary Belle Heare, Winifred Lowrey, Audrey Brewer, Agnes Corcoran, Evelyn Patterson, Imogene Herd, Lavelle Scribner, Annas Hodges and Virginia Sue Crowell, sponsor.

Mr. and Mrs. T. A. Gilbert spent Sunday in White Deer, visiting with Mr. and Mrs. Julius Meaker.

Bill Godwin and John Dunn made a business trip to Canadian Monday.

Mr. and Mrs. M. S. Beck left Tuesday for Monument Lake, Colo., with Mr. and Mrs. Boyd Beck and daughter, Marian Lou, of Magic City.

Rev. and Mrs. G. W. McLain spent the first part of this week in Lubbock visiting and transacting business.

Mr. and Mrs. R. A. Davenport of Amarillo spent Monday and Tuesday here as house guests of Mr. and Mrs. John Dunn and family.

Mrs. John Gilliam of Wheeler visited Friday with her parents, Mr. and Mrs. Wallace Robison, and family.

Mr. and Mrs. J. T. Gilbert and son, Billy, of Los Angeles, Calif., came Monday to spend a two week's

vacation with his father, T. A. Gilbert, and wife and other relatives.

Hugh Bailey and Wilbur Sims of El Paso came Tuesday to visit friends and relatives.

Mr. and Mrs. Lester Webb and children, Leslie and Ronnie, of Canadian were Sunday guests of Mr. and Mrs. Austin Caldwell.

Mrs. Bill Nixon and son, Bill, jr., and Mrs. Dale Lane and son, Jimmy, of Borger visited relatives here Tuesday. D. D. Nixon, who had spent the past week here visiting in the C. Nixon home, returned home with them.

Mr. and Mrs. Owen Johnson and children of Pampa came Tuesday to spend a few days with her parents, Mr. and Mrs. Bert Oswald, and brother, J. B.

Mrs. S. E. Arnold of Canadian visited Wednesday with her daughter and husband, Mr. and Mrs. Austin Caldwell. Miss Beverly and Geoffrey Caldwell returned home with her for a visit.

Mr. and Mrs. J. A. Brandon, Mrs. Naomi Hull and son, Jack, and Mrs. E. J. Ware and sons, Carlton and Garmon, of Mineral Wells came Sunday to visit Mr. and Mrs. Willard Godwin and family and Mr. and Mrs. Jess Patterson and daughter, Mrs. Ware and sons returned home Tuesday, but the rest of the party remained for a longer visit.

Rev. and Mrs. Ted Ewing are spending this week in Panhandle, visiting his parents and other relatives and friends.

Mr. and Mrs. H. F. Dyson and Miss VaRue Dyson of Pampa visited Mr. and Mrs. Willard Godwin and family and other relatives Tuesday night.

Mr. and Mrs. Warren R. Thompson and Raymond Puckett made a business trip to Pampa Wednesday afternoon.

H. L. Flanagan transacted business in Eldorado, Okla., Tuesday and Wednesday.

Miss Ina Fay Robison of Wheeler visited her parents, Mr. and Mrs. Wallace Robison, and family Sunday.

CARD OF THANKS

Omitted of the names accidentally omitted from the Trimble card of thanks, published in this paper last week, was that of H. L. Trimble and family, who join in expressing appreciation for the expressions of sympathy and kindness extended during the illness and after the death of W. E. (Bill) Trimble of Mobeetie.

Wheeler Times Wantads are result getters and cost only 5c a line.

Cotton Maid Design

Designed especially for the Maid of Cotton by Pacific Mills, this new cotton boll pattern will be worn by Miss Alice Beasley, the 1941 Maid of Cotton, during the Memphis Cotton Carnival. The cotton bolts make the classic shirtwaist pattern above distinctive. Adding to style detail are the pleats and pockets. Dresses of the new cotton fabric are a part of the Maid of Cotton's personal wardrobe, and are being offered nationally by five manufacturers.

LIVESTOCK AT STATE FAIR

The State Fair of Texas will show more livestock in the 1941 fair than has ever been shown in the entire South. Featuring this huge show will be a \$30,000 National Hereford show and the National Aberdeen-Angus show which is the first national show for this breed to be held in the Southwest.

WOMEN'S CLUBS AND SOCIAL EVENTS

MR. AND MRS. TOM BRITT PICNIC SUPPER HOSTS

Mr. and Mrs. Tom Britt were hosts at a picnic supper Monday evening at their ranch home, 14 miles northeast of Wheeler.

Those present were Supt. and Mrs. J. L. Gilmore, Mr. and Mrs. C. J. Meek, Wheeler; O. B. Huett, Temple, and Mr. and Mrs. Britt.

METHODIST SOCIETY MEETS WITH MRS. GILMORE

Mrs. J. L. Gilmore was hostess to the Methodist W. S. C. S. Monday afternoon at her home on South Shamrock street. Mrs. J. A. Bryant, president, conducted the meeting.

Lovely refreshments were served to Mesdames Tom Britt, D. E. Holt, J. A. Bryant, Joe Beasley, Lloyd Davidson, C. J. Meek, J. D. Merriam, E. T. McClesky, G. L. Wren, Luther Parks, Ernest Lee and the hostess, Mrs. Gilmore.

MOBEETIE MUSIC CLUB MEETS WEDNESDAY

Jeddie Mae Bristow entertained her music club Wednesday afternoon. Members present were Marie and Joyce McCauley, Angela Duncan, Dealia Key, Mary Belle Heare, Mary Katherine Miller, Jimmie Robinson, Arthur and L. J. Seitz and Mrs. Oliver Elliott.

Guests included Joyzelle and Jackie Daughtry, Lewis Key, Mrs. F. P. Heare and nephew from Port Arthur, Jimmie Gordon; Mrs. Wade Duncan and Cynthia, Mrs. Jack Miller, Mrs. Garland Key, Eugene Matthews and Eddie Bristow.

MRS. BROWN HOSTESS AT 9 O'CLOCK BREAKFAST

Mrs. R. Wm. Brown gave a 9 o'clock breakfast Thursday of last week for members and friends of the Contract Bridge club at her home in the west part of town. Bridge was played at four tables, with Mrs. Ed Watson winning high score and Mrs. Glenn Render, second high.

The fiesta motif was accentuated in table appointments and flowers.

Those present were Mesdames Joe Hyatt, Raymon Holt, Ansel McDowell, Glen Porter, Clint Wofford, Frank Wofford, Inez Garrison, Bronson Green, Ed Watson, Stina Cain, Bud Martin, Glenn Render, French Bristow, H. E. Matthews, Fred Ashley and the hostess, Mrs. Brown.

MRS. ASHLEY HONORED ON BIRTHDAY ANNIVERSARY

Mrs. George Mains and Mrs. Albert Hayter gave a surprise picnic supper Saturday evening in honor of Mrs. Fred Ashley's birthday anniversary at the Ashley home on South Canadian street.

Those present were Mrs. I. B. Lee, Mrs. Glenn R. Walker, Mr. and Mrs. Ernest Lee, Mr. and Mrs. Lonnie Lee and children, Lonnell and Shara Gale, Mr. and Mrs. Albert Hayter, Mrs. George Mains, Fred Ashley and son, Oscar, and the honoree, Mrs. Ashley.

SHOWER FOR MRS. ALEXANDER AT R. WM. BROWN HOME

Mrs. Ted Alexander, Allison, was honored with a pink and blue shower Friday afternoon at the home of Mrs. R. Wm. Brown in Wheeler with Mrs. Lee George and Mrs. Ben Parks, Allison, as co-hostesses. Bridge was played during the afternoon. Mrs. Ray Brown won high score.

A dainty dessert plate was served to Mesdames Achie Dillon, Ray Brown, Lee Kiker, R. T. Alexander, John Peoples, Lee George, Ben Parks and the honoree, Mrs. Alexander, Allison; Mrs. S. K. Parsons, Wellington, and Mrs. Ansel McDowell and the hostess, Mrs. Brown.

MRS. C. L. LEWIS HOSTESS TO JOLLY DOZEN CLUB

Mrs. Chester Lewis was hostess to members of the Jolly Dozen club Wednesday afternoon at her home in the east part of town.

Lovely refreshments were served to Mesdames H. B. Guynes, Bill Owen, Curtis Page, Choice Bridges, Levi Reid, Ray Lee, Bill Perrin, Buford Conwell, E. J. Muse, Creed Petree, and Miss Marion Janell Crowder and the hostess, Mrs. Lewis.

The club will meet next week with Mrs. W. L. Jolly, jr., in Shamrock.

MRS. BLACK HOSTESS TO STITCH-CHATTER CLUB

The Stitch and Chatter club met Thursday afternoon of last week with Mrs. W. H. Black as hostess at her home on South Canadian street.

After a most enjoyable social hour, refreshments were served to Mesdames Walter Hooker, E. G. Pettit, J. F. Witt, Percy Farmer, H. H. Walsler, W. E. Bowen and the hostess, Mrs. Black, members, and Mrs. M. L. Black, Pampa, a guest.

The club will meet with Mrs. Walter Hooker this week.

MRS. GREENHOUSE HOSTESS TO SEWING CIRCLE CLUB

The Friendly Sewing circle met Tuesday afternoon with Mrs. H. H. Greenhouse for a social and business meeting. Games and contests were enjoyed during the social hour.

Lovely refreshments were served to Mesdames G. L. Wilson, Henry Greenhouse, Lee McCasland, Ben Westmoreland, Frank Rogers, Dorsie Hutchison, Cliff Bradstreet, C. M. Hampton and the hostess, Mrs. Greenhouse.

The circle will meet with Mrs. Henry Greenhouse on July 15.

BIRTHDAY DINNER SUNDAY AT WILCOXSON HOME

Mr. and Mrs. D. A. Wilcoxson and daughter, Mrs. Neva Sampson, had for Sunday dinner guests, Mr. and Mrs. A. T. Davidson and Mr. and Mrs. Wilbur Killebrough and sons, Wilbur, jr., and J. A., of Canadian, and Miss Ruth Farris.

The dinner was given in honor of the birthday anniversaries of three of those present.

SUNSHINE SEWING CLUB MEETINGS REPORTED

Mrs. Joe Stenbridge entertained the Sunshine Sewing club on Thursday, June 26. The afternoon was spent in fancy work and visiting. The club discussed and made plans for doing some Red Cross work.

Refreshments of cake and lemonade were served to Mesdames T. M. Bradstreet, G. W. Mason, Floyd Davidson, J. G. Davidson, Weldon Weatherly, Ed Garner, Roy Weatherly, Clarence Anglin, Claude Cox, Lloyd Davidson, J. L. Shumate and Cliff Mason.

Visitors were Mesdames C. O. Killingsworth, Orblee Gaines, W. E. Mason, Curtis Pond and Misses Edna Faye Mason, Leode Revious, Juanita Garner, Evelyn Mason, Nina Merle Pond and the hostess, Mrs. Stenbridge.

The next meeting will be with Mrs. J. L. Shumate on July 10.

MRS. LLOYD DAVIDSON HOSTESS ON THURSDAY

Refreshments were served to Mesdames Floyd Davidson, J. G. Davidson, G. W. Mason, Claude Cox, Cliff Mason, J. L. Shumate, Joe Stenbridge, T. M. Bradstreet, Clarence Anglin, Jess Moore, Weldon Weatherly, Roy Weatherly and Misses Iva Davidson, LaVerne Cox and Alpha Gaines.

Visitors were Mrs. Loge Clay and Misses Mary Francis Clay and Darlene Gaines.

LOWER First Cost AND LESS COST PER MILE

For less than you guess, you can buy the first line Lee DeLuxe... the quality tire which out-lasting and out-performed other leading first-line makes in the famous 5-million mile Florida Road Test.

Imagine getting a tire that showed up to 14.4 per cent longer tread-mileage than other first-line brands! And be prepared for a pleasant surprise when you ask the price.

You get real economy, safe economy, especially when it is backed by the two-way Lee guarantee: for life, against failure resulting from defective material or workmanship... and for 12 months, against specific road hazards.

Drive in for new low prices, trade-in offer, and easy-pay plan.

LEE DELUXE TIRES

Record Growth Texas Co-Ops In Ten Years

More Established Here Since 1930 Than in Any Other State—Cover Numerous Lines

More co-operatives have been established in Texas since 1930 than in any other state, a recent survey by the Houston Bank for Co-operatives and the Farm Credit administration shows. In the opinion of C. E. Bowles, extension specialist in organization and co-operative marketing, one-third of the Texas farm and ranch families now are members of one or more of the state's 840 co-operatives.

"Co-operatives give individual farmers the benefit of volume in their selling, buying and processing operations," Bowles says. "The prospects are that producers will find it desirable to make a still wider use of joint action to bolster their shrunken incomes and to protect themselves in a highly organized business world."

The earliest concentration of co-operatives came in the Panhandle-Plains country where there are many co-operative gins, grain elevators and purchasing associations. The area in which there is the most rapid development at present is in the north black-land belt. There are more than 80 farmer co-operatives within 60 miles of Greenville, mostly cotton gins. Almost every section of the state where there are many farmers now has some co-operatives.

Much of this expansion occurred in the past five years, but there are a few farmers' co-operatives dating back 50 years. Some 30 of these farmers' business organizations have operated successfully for a quarter of a century.

Logically, Bowles says, the co-operatives established to gin cotton, crush cottonseed and to market and warehouse the staple lead in number and membership. Other important groups are the rural electric co-ops, grain and rice marketing associations, fruit and vegetable co-ops and others through which farmers and ranchmen buy their supplies. The long list of commodities marketed co-operatively includes dairy products, livestock, wool and mohair, poultry, eggs and turkeys—in fact every important farm product. Other co-operatives supply service, such as mutual fire insurance, telephone service, refrigerated food storage and production credit.

Added Gasoline Tax Hurtful to Farmers

WASHINGTON.—A higher federal gasoline tax, under consideration by the House Ways and Means committee, would be unfair to the nation's farmers, Fred Brenckman, Washington representative of the National Grange, asserted in a statement here opposing the proposed levy.

"The cost of transportation constitutes the biggest single service charge that agriculture has to pay," said Brenckman. "Imposition of an additional federal tax of one cent per gallon on gasoline would make present excessive transportation costs on farm commodities that much higher. This would be true of the more than one million trucks operated by the farmers themselves. It would likewise be true of common and contract carrier trucks that transport the products of the farm, and which haul products consumed on the farm."

"The farmer must have his motor vehicle facilities, and he does not feel that his use of the highways is a proper and adequate measure by which to determine his contribution towards the cost of national defense."

"Some idea of the importance of the motor vehicle to the American farmer may be gained from the records of the U. S. Department of Agriculture, which show that approximately 27 per cent of the butter, 39 per cent of the eggs, 65 per cent of the poultry, 40 per cent of the fruit and vegetables, 62 per cent of the cattle, 61 per cent of the calves, 68 per cent of the hogs, 29 per cent of the sheep and lambs and 50 per cent of the mules and horses are now moved from farm to market by truck.

"So far as agriculture is concerned, motor transportation under modern conditions is not a luxury, but an absolute necessity. There are 48,000 commodities throughout the United States that are entirely dependent upon highway transportation. Also, much of the gasoline purchased by farmers is used for plowing, harrowing, threshing, filling silos, pumping water, operating spraying machinery, sawing wood, grinding feed and for other purposes that do not involve any use of the highways. To increase the federal gasoline tax would, therefore, result in increasing the farmer's cost of production."

CHEMURGY AT STATE FAIR

Another display showing the Chemurgic possibilities of Texas will be a feature of the 1941 State Fair of Texas to be held in Dallas, Oct. 4 to 19. The first such display held at a fair was held at the 1939 State Fair and officials are planning to make the 1941 Chemurgic Show larger and more complete than any previously held.

AMERICA, WE'RE FOR THEE!

Hail to thee our brave Blue Eagle, Perching on Columbia's heights, Watching, lest some foreign demon Should invade our shores of light.

Tense with aim and expectation, Guarding daily o'er the free; Answering duty's call to service On the land and on the sea.

May thy piercing eye be able To observe on Calvary's heights; See the One who there did suffer That all men have equal rights.

Then beside Columbia's standard Prince Immanuel's standard raise, That the spotless Lamb be guardian O'er the land we love and praise.

—T. W. McKNEELY.

Rev. McKneely, whose address is Route 3, Sayre, Okla., is former pastor of the Mobeetie Baptist church and well known to many people in this county.—Editor.

NEWS IN THE WORLD OF RELIGION BY W.W. REID

In three new boom towns—"boom" because of the recent building of massive dams under government direction—the Home Missions council of North America and churches co-operating with that agency have been instrumental in developing united religious services and places of meeting. At Boulder, Colo., Grand Coulee, Wash., and at Shasta, Calif., there are now interdenominational services, Sunday schools, mothers' clubs and young people's societies. Grace Community church at Boulder is now self-supporting, has a new church building, parsonage and educational center. Eighty men of the church helped in its erection.

The Bicol dialect is spoken by some 800,000 Filipinos on the Bicol peninsula of Luzon Island and on Masbate Island, Philippine archipelago. In 1911 the American Bible society gave the Bicolits their first New Testament, translated by a Filipino and a group of Presbyterian missionaries; in 1941 another Filipino and two missionaries added the Old Testament, and the society published the entire Bible. Now it is going to have a thorough revision by more modern scholars, native and American. Volunteer committees are working on various sections, and a committee will make the final revision which is to be produced on "plates that will last a hundred years."

"When the smoke of the present world conflagration has gone, there will abide the foundations laid by our missionaries at home and abroad," says Dr. William Lindsay Young, retiring as moderator of the Presbyterian General assembly. "The way before us will not be easy. It may mean from Bethlehem to the cross. If it does, we go forth serenely and calmly, knowing that beyond the cross is a resurrection; beyond the worst that the world can do lies victory."

"As members of the Christian church and believers in democracy, we have a special responsibility for refugees and all victims of war," the Church Conference on Social Work said at its recent meeting in Atlantic City. "Christian refugees coming to this country offer us a special opportunity and responsibility. They need our friendship and our understanding, and the agencies working with them should have our support. Also, as Christians, it is our responsibility to resist race prejudice and to develop among all people such tolerance and understanding as shall make possible a world of peace. In the world of today with all its needs, Christians must with tireless purpose work out the everlasting values of justice and love."

THINGS TO WATCH FOR

The long-established Blue Book, a McCall publication, is being transformed from a fiction magazine to one of the "for men only" type, with larger pages, many photos... A new foolproof midget plane, the Skyfarer of General Aircraft—it's claimed any good auto driver can learn to pilot this job in two hours.

Raisins as a confection made a big smash some years ago in a five-cent package—now the Sun-Maid association plans a tiny, one-penny version... And here's something to watch out for, reported by A. Weston Smith in Financial World: A "Yank-frank," which is a frankfurter with its own built-in mustard container—a tube imbedded in its center, containing mustard which you can either spread or discard.

Newsreels of football games have made vast improvements in recent years; now a football newsreel company has been formed in Hollywood to specialize in a series showing famous teams in action, with more emphasis given to an expert analysis of the plays as they unfold. Darker hose for milady this fall—the autumn hosiery shades of the Textile Color Card association run to decidedly darker browns than have been offered for some years.

Kelton News

(By Rena Johnson)

Mr. and Mrs. Lige Cooper and son, Robert, of Hardesty were visitors here Thursday. Mrs. R. O. Johnson and Mary Emma returned home with them for an extended visit.

Oscar Johnson, Wayne Mitchell and Rex Newkirk left Monday for Perryton to work in the wheat harvest.

Mr. and Mrs. Elmer Ledbetter and daughter of Wheeler were visitors here Sunday.

Mr. and Mrs. Frank Chilton and son, Billie, and Donald Price of Tulsa, Okla., and Mr. and Mrs. R. D. Barron and children of Amarillo spent the week end here in the home of Mr. and Mrs. Frank Chilton.

Miss Janie Lee Traweck spent the week end at Dozier with Mr. and Mrs. Will Davis, and Glenn.

Mr. and Mrs. J. A. Tucker spent Sunday with Mr. and Mrs. Geo. Henderson of the Locust Grove community.

Mr. and Mrs. C. C. Brown were visitors at Dozier Sunday afternoon. Mr. and Mrs. Tommy Henderson and daughter spent Sunday with Mr. and Mrs. Buster Walser.

Joyce and Carol Killingsworth are spending the week at Buffalo, Okla., with relatives.

Twitty News

(By Mary Ella Westmoreland)

Mrs. R. L. Wheeler of Shamrock visited with Mrs. G. W. Pillers Sunday afternoon.

Mr. and Mrs. Lonzo Clay and family of Kelton attended services at the Church of Christ Sunday.

Minister F. Manchester of Woodward, Okla., preached to a large audience Sunday at the Church of Christ.

The community extends sympathy to Valdee Brown and mother, formerly of Plainview, in their sad bereavement.

M. A. Pillers, Mrs. Hester Dodson and Mrs. G. W. Pillers returned Saturday night from Fort Worth, where the latter received medical treatment. We are very glad to report she is very much improved.

Mrs. Elmer Hiltbrunner spent the week end with her parents, Mr. and Mrs. Harvey, of Sunray.

Mrs. Ola White is spending some time with Mrs. Jack Harris of Magic City.

A number of people from Kelton attended services at the Church of Christ here Sunday.

"You cannot make yourself the man you ought to be by letting God alone."

Briscoe Revival Meeting
A revival at the Briscoe Methodist church will begin Thursday night, July 10. Rev. John H. Crow, now pastor of the Methodist church at Paducah, and pastor at Mobeetie several years ago, will do the preaching. Everyone invited to attend this series of meetings.

Credit Organization Wants Milk Increase

Texas is in position to turn out more milk during the next six to 12 months than in any similar period of its history, said Jack Shelton, general agent of the Farm Credit administration of Houston, in commenting on the department of agriculture's program to moderately increase milk production as a part of the national defense.

"It will be not only a practical and profitable part in the food-for-defense effort," Shelton said, "but it will help farmers in many cases this

year to overcome the threatened loss of income from cotton due to the excessive rains.

"Milk production is based on good grazing, abundant cheap roughage and cows," said Shelton, who spent 20 years with the state's dairying industry as an operator and also in the educational work of the extension service.

"We have the best pastures in a generation and an opportunity for plenty of roughage, hay and ensilage because of the moisture. We have

the cows, so our production can be stepped up with just a little extra care."

The Farm Credit administration is joining in the department of agriculture's effort to raise milk production, particularly around cheese and evaporated milk plants, Shelton said. The Farm Credit administration comprises the Federal Land Bank, the Federal Intermediate Credit Bank, the Production Credit Corporation and the Houston Bank for Co-operatives.

Wormy Growing Birds Don't Grow Fast!

You needn't tolerate those worms that stunt growth and make culls of fine growing pullets and cockerels. Use Dr. Salsbury's Rota-Caps; they are hard on worms and easy on birds. See us for DR. SALSBUURY'S ROTA-CAPS.

HARDWARE

LARGE STOCK OF GENERAL VARIETY

A large and complete stock of general hardware, together with allied lines usually sold by modern hardware stores, is the class of merchandise to be found here. Another important feature—in addition to quality—is the economy prices at which everything is sold. In addition to hardware, other lines include practically everything needed about the city or country home or farm.

SEE THE NEW MODEL RCA RADIOS

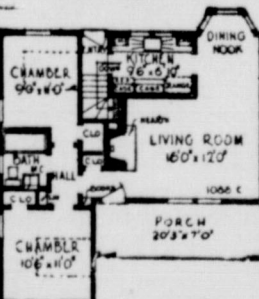

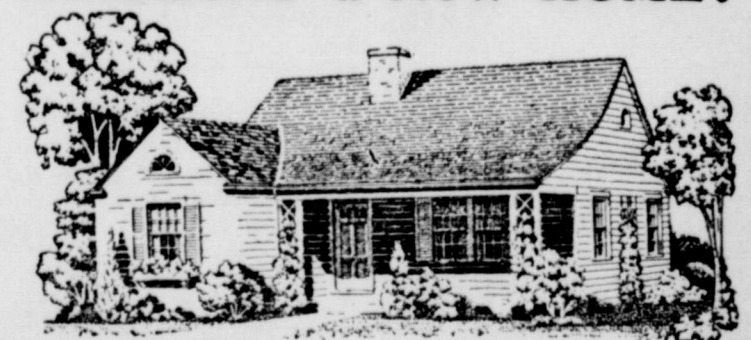

Everyone wants to keep informed on state, national and world affairs—in which so many changes are constantly occurring—and a good RCA radio offers one of the best possible means of learning about what is going on around us in these troublous times.

Home-Making Hints

By MISS VERA MARTIN
Home Supervisor, F. S. A.

Check Diet by Nutrition Yardstick

One of the big events recorded for the year 1941 will be the setting up of the "yardstick" of good nutrition for the United States.

This yardstick is a guide worked out by a committee of eminent nutritionists to help improve the nation's food habits. It is a goal toward which leaders in nutrition have agreed to aim in planning for the nutrition of the nation's families.

What is the yardstick? What can it mean to the woman who prepares three meals a day for the family? On what is it based? These are but three of the questions that come to the mind of many a person hearing of the yardstick for the first time.

In the following questionnaire, Dr. Louise Stanley, chief of the Department of Agriculture's Bureau of Home Economics answers them.

Q. Just exactly what sort of a thing is this yardstick?

A. It is simply a table, which gives for persons in normal health the recommended daily allowances for food.

Q. How can such a technical table be of use to an ordinary homemaker?

A. The yardstick is now being translated into terms of everyday foods. Only these local nutrition workers can express the yardstick in terms of foods available in any particular locality from season to season. They can also work out plans for diets that can be bought for different amounts of money.

Following is the master diet plan, which homemakers may adapt to their own uses by choosing the foods in each group that are available, that they can afford and that they like best.

MILK—3-4 to 1 quart every day for a growing child; 1 quart for expectant or nursing mothers; 1 pint for everyone else. TOMATOES, ORANGES, GRAPEFRUIT, GREEN CABBAGE, RAW SALAD GREENS—1 or more servings for everyone. LEAFY, GREEN, OR YELLOW VEGETABLES—1 or more servings. POTATOES, OTHER VEGETABLES AND FRUITS—2 servings or more a day. EGGS—1 a day (or at least 3 or 4 a week). LEAN MEAT, POULTRY, FISH—1 or more servings a day. CEREALS—at least 2 servings of whole grain products or "enriched" bread. FATS AND SWEETS—some butter or vitamin A rich fat every day, and enough more fats and sweets to satisfy the appetite.

**Fruit Forms Needful
Items for Daily Fare**

It is easier to have variety and interest in fruits for breakfast than in breads, or in bacon and eggs, according to Jennie Camp, extension specialist in home production planning.

Speaking on the fruit day program at the Nacogdoches Experiment station recently she showed that it is as easy for a housewife to use fruits at each meal as it is to use bacon and eggs, meat and bread, or milk and mush, provided she makes them as much a part of meal planning as she does those staple items.

"Let's build a breakfast around hot biscuits, scrambled eggs, or bacon and eggs, proposes Miss Camp. "With them we might serve dried figs or peaches in yellow corn meal mush with cream and sugar." As alternates she suggests raisins with oatmeal, or tomato juice, or fresh tomatoes, or cantaloupe, or red plums with dew still clinging, or fresh peaches, or cherries, or berries steeped in sugar.

However, Miss Camp does not let fruit-on-the-menu stop at breakfast. Starting with beef roast for dinner, she suggests hot spiced figs side by side with buttered onions, potatoes baked in the roast gravy, glazed carrots, yellow cornmeal muffins and milk, with an appetizing dessert of peaches and cream.

With pork she recommends pickled peaches as an accompaniment and cantaloupe for dessert. A tart mixture of fruit juices is a good appetizer for leg of lamb, and canned pears with plain cookies makes a good dessert. Grape juice is a good starter for a fish dinner and baked berry crescents is a good stopper. Boiled or baked beans as the main dish calls for hot apple dumplings with cinnamon sauce.

Hot applesauce with cinnamon and sugar makes a tasty end to a substantial supper, and mixed fruit salad to a light one.

Miss Camp defines the fruit-at-every-meal program "fruits for defense." "Besides minerals, vitamins and other food substances, fruits give color, variety, zest, flavor and attractiveness," Miss Camp declares. "They are good before, after and at every meal 365 days in the year in native or elaborate state, alone or in combination, cold, hot or medium."

FLOWERS AT STATE FAIR

Garden clubs throughout Texas will be invited to participate in the fourth annual flower show to be held at the State Fair of Texas this fall. The flower show will again be held in the permanent Garden Center in the horticulture building.

TYPICAL ANVIL PARK RODEO SPILL

Too bad! Yes, it's too bad for the contestant's rating, but this sit-down strike is just a typical spill of the kind featured at Anvil Park rodeos, and it's one of the things the crowds will see on July 4-5-6.

RECORD PROGRAMS TO FEATURE THIS YEAR'S THREE-DAY ANVIL PARK RODEO

CANADIAN.—"Powder River, let'er buck!" That old familiar cowboy yell will ring out again in the land of cattle and cowboys during the Anvil Park rodeo here this week when Canadian, the bustling little town on the Canadian River, reverts to the days of its past to stage its nineteenth annual world-famous western celebration.

Friday, Saturday and Sunday, July 4, 5 and 6, are the days. Only a short time remains before the chutes are opened, and the lid is blown off for the wildest and woolliest rodeo of them all.

Already the vanguard of the vast throng of rodeo fans who are expected to attend the show has begun to arrive in town, and still more thousands of people are expected to surge into this city over the week end.

Forewarned by the sharp increase in advance seat reservations over last year and other past years, rodeo officials are prepared to handle the biggest crowds in the 19-year history of the show.

Requests for reservations of grandstand seats are more than 25 per cent ahead of those of last year, estimates Paul Bryant, chairman of the ticket department.

Cowboys and cowgirls—the best in the business—will begin arriving here also over the week end to be

on hand for the large purses offered as prizes in the rodeo's various contests.

As last-minute preparations were being completed on Wednesday, an ever-increasing rodeo fever raged high among the shopping crowds along Main street. Gay-colored flags and rodeo banners vied with bright shirts and loud ties in catching the eyes of tourists and out-of-town visitors.

One of the highlights of the celebration will be the parade on the morning of Saturday, July 5. Dozens of floats, cowboys, cowgirls, kids, old-timers, officials, distinguished visitors and hundreds of other persons will participate. The rodeo performances, which begin each afternoon at 2 o'clock, will provide two to three hours crammed with the fastest action in the rodeo arena. Bucking contests, roping, riding, steer wrestling, will follow each other in rapid-fire order, and there will never be a dull moment.

Nights will not be dull, either, because a Canadian celebration never ends, and crowds just as large as those at the afternoon shows are expected to jam the carnival grounds and dance in the city auditorium every evening during the show. The carnival will open Wednesday night and remain throughout the rest of the week.

Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County.

Davis H. D. Club Meets

"Growth is an index to nutrition," was the opening statement of Miss Lucile Chance, Wheeler county home demonstration agent, at the regular meeting of the Davis Home Demonstration club in the school house, Tuesday, June 24.

"It is a serious matter to the American people and something that should make us 'food conscious,' when statistics show that only 57 per cent of our American boys are accepted for army service while in England 87 per cent of the boys are accepted for service," continued Miss Chance.

Spastic paralysis (lack of muscle control) is caused by lack of vitamin B-1 in the diet, and one of our best sources of vitamin B-1 is whole wheat cereals, was another statement made by Miss Chance during the meeting.

Those present for the meeting were Mesdames H. F. Krug, Oscar Kenney, Horace Anderson, Roger Smith, Claud Gipson, R. A. Watts, Luther Bullock, Misses Jane Kenney and Lucile Chance and Mrs. Ray Aderholt of Mobeetie, visitor.

Next meeting of the club will be at the school house Tuesday afternoon, July 8, at 2:30 p. m. Visitors always welcome.

Country Neighbor Meetings

"Life is a gift to be used every day," said Mrs. H. H. Liles in a talk on her favorite poet, Edgar A. Guest, before the Country Neighbors club, which met in the home of Mrs. W. A. Nelson Friday, June 27, at 2:30 p. m. "The American poet-humorist was born in Birmingham, England, in 1881 and was brought to America at the age of 10 years and received his high school education in Detroit, Mich.," she concluded.

Those present were Mesdames Forrest Carver, Glenn King, Lula Box, Thomas Todd, Fred Box, H. H. Liles, Tommy Henderson, M. A. Pillers,

Milt Williams and the hostess, Mrs. W. A. Nelson, members.

Mrs. Bell Carver was welcomed into the club as a new active member. Mrs. Albert Hembree, Mrs. Fred Adams and Miss Louise Hembree of the Abra community were visitors.

The next meeting will be with Mrs. Thomas Todd on Monday, June 30.

"All vegetables which mature about the same time should be planted in the same strip, so the ground can be planted to something else when these crops are harvested; also keep the ground for later things well cultivated and it will always be ready when the season is right," said Mrs. Glenn King in her garden plan talk at the Country Neighbors Home Demonstration club meeting in the home of Mrs. Thomas Todd Monday, June 30, at 3 p. m.

Those present were Mesdames Forest Carver, M. A. Pillers, W. A. Nelson, Bell Carver, Glenn King and the hostess, Mrs. Thomas Todd, members.

The next meeting will be with Mrs. H. H. Liles on July 11. All members urged to be present. Visitors welcome. — MRS. THOMAS TODD, Reporter.

GO IN YOUR CAR

When Vacationland Calls...whether it is beach or mountain...a spot of scenic beauty off the beaten path...or ground hallowed by historical association...why let rails and timetables cramp your vacation-style!

You go where you please, when you please...you see more and do more, for less...when you and your family travel in your own "private car."

Get off to a good start and insure a trouble-free trip by asking your Phillips Service Station for these four things:

1. Phillips 1941 Road Maps with latest complete touring information are FREE, yours for the asking.

2. Phillips Master-Chart Lubrication Service guarantees against missed fittings, conditions your car for high speed and extra miles.

3. Phillips 66 Motor Oil is Our Finest Quality. Start the trip with this fresh, clear, clean oil. It's good for your engine!

4. Phillips 66 Poly Gas, at regular price, gives anti-knock quality unsurpassed in its price class.

While you're heading for fun, find out how much more fun it is to drive with a motor that is really doing its best. See if you don't feel that difference when you fill the tank with Phillips 66 Poly Gas...at the Orange and Black 66 Shield.

Phill-up with Phillips for Greater Mileage

Movie Chatter
(By a Rogue)

Bullet Code

Friday and Saturday
Cattle rustling on the Mexican border is the spearhead of this western starring George O'Brien. It is a typical O'Brien western, which means there is plenty of action. Of course the fists fly—you know the O'Brien punch, and that's what we like about George—he never shoots a guy when he can knock him down. Celebrate the Fourth by keeping cool while you "unlax" on this one.

The Sea Wolf

Preview, Sunday and Monday
Jack London sails again! Maybe not as modern seamen sail, but as he sailed in another era, on such ships as "The Ghost" and with such seamen as Wolf Larson. As Wolf Larson, Edward G. Robinson dominates the picture. Accompanying his portrayal are John Garfield, Ida Lupino and Gene Lockhart, which gives the roundness fashioned for today's audiences. "The Sea Wolf" is a mighty drama—gripping and exciting. From newspapers, magazines and radios you've heard the story. Don't miss your chance to see it. Remember—Preview, Sunday and Monday at the Rogue.

Wednesday and Thursday

Man Hunt
This is new! This is news! An anti-Nazi melodrama called "Man Hunt!" It is a richly produced pic-

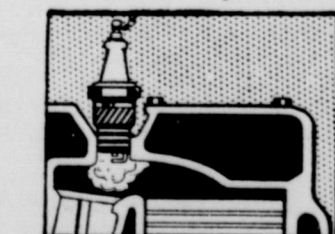

ture, outspoken in its adverse references to Hitler and blunt in its presentation of brutality, cruelty, cunning and perseverance attributed to the agents of the Reich. Walter Pidgeon gives a powerful performance as an Englishman escaping

from Nazi wrath. Joan Bennett is effective as a girl of the London streets who aids the Briton. This story generates a steady tension. This story was published in Atlantic Monthly as "Rogue Male" and was a best selling novel.

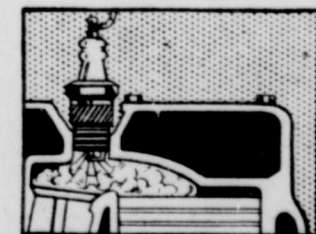

YOUR CAR WILL START QUICKER AND RUN SMOOTHER OR YOUR MONEY BACK

Sensational NEW Firestone SPARK PLUGS with POLONIUM (RADIOACTIVE) ELECTRODES

● Here is the most revolutionary ignition development since the invention of the distributor. The new Firestone Spark Plugs with Polonium electrodes provide quicker starting, smoother motor operation, faster pick-up and greater fuel economy. Unconditional money-back guarantee—your assurance of superior performance.

Sketch shows the inefficient spark of average spark plugs—wastes gasoline, drains battery and makes starting difficult.

New Firestone Spark Plug produces immediate, full-voltage spark—completely ignites gasoline, providing quick starting.

NO EXTRA COST FOR THIS EXTRA PERFORMANCE

Listen to The Voice of Firestone Monday evenings, N. B. C. Red Network

Former Wheeler Man Weds in Washington

Miss Christia Cowan of Lubbock and Noel Bryant Married Sunday, June 15, at Seattle

The wedding of Miss Christia Cowan, daughter of Mr. and Mrs. T. B. Cowan of Lubbock, and Mr. Noel Bryant, son of Mr. and Mrs. J. A. Bryant of Wheeler, was solemnized in the First Methodist church of Seattle, Wash., at 8:30 o'clock Sunday morning, June 15.

Dr. Cyrus A. Wright was the officiating minister, reading the double ring ceremony in the presence of the bride's parents and brother and a few close friends. The bride was attended by her father and the groom by Paul A. Cook of the experimental department of the Boeing Aircraft company.

After Walter G. Reynolds rendered several selections at the organ, Mr. Ve One Socolofsky sang "Because," followed by the traditional wedding marches.

The bride was graduated from the Lubbock high school and Texas Technological college, receiving a B. A. degree with a major in public school music. During college she was a member of Las Armonias club and the college chorus, in which for three years she was soloist of "The Seven Last Words." She was a pupil of Miss Myrtle Dunn and a member of her choir. Following her graduation, Miss Cowan taught public school music at Sudan, and for the past two years taught music in the Lubbock public schools.

Bryant was graduated from the Wheeler high school and Texas Tech. where he received a B. S. degree in electrical engineering. During college he was on the rifle team, member of the Engineering society, A. I. E. E., and Society of American Military engineers. He completed four years as a ROTC engineer, during which time he was a cadet captain two years and cadet major the last year. Upon graduation he received a reserve commission in the Engineer Officers Reserve corps.

After doing geophysical research work in Oklahoma for the Amerada corporation several months, Bryant accepted a position as designer in the engineering department of the Boeing Aircraft company at Seattle, Wash. While in Anadarko, Okla., he was a member of the Popejoy School of Music and the Anadarko Music club.

Mr. and Mrs. Bryant will reside at 11410 Des Moines Way, Seattle.

Times Wantads—5c a line.

New Rabbit Shooting Figures for Allison

"Allison farmers established a new record for rabbits shot during the month of June," reports Wm. N. Hiett, U. S. Department of Agriculture Forest Service representative, in an interview today. Hiett went on to report that 30 farmers, business and professional men killed a total of 3,724 rabbits in June as compared to 1,015 during the month of May.

The following men participated in these hunts: Joe Hayes, Charlie Trayler, John Peeples, David Kiker, Denver May, W. O. Trayler, Lawrence Trayler, Bob Taylor, H. R. Warren, Bill Begert, Ernest Begert, Ben Parks, Newt Trout, T. M. Bowman, Bob Markham, Millard Donaldson, Cecil Levitt, Floyd Pyeatt, Bob Calhoun, Porter Rogers, Van Newsom, Layton Newsom, Geo. Cobb, Geo. Parker, Ira Mann, Warren Brown, Ray Brown, Carl Clapp and L. P. Brown.

Jake Tarter, county agent, who has been a close observer of jack-rabbit conditions in this area, reports there is a noticeable decrease in the rabbit population around Allison. Charlie Trayler of Allison reports that six new automatic .22 rifles, three .22 pump rifles, and one single shot .22 rifle have recently been purchased at Allison by people participating in these hunts.

"Wheat harvesting," continues Hiett, "should bring more rabbits out into the open during July, and it is not unlikely that this present record will be broken next month. This is by far the most outstanding report of individual efforts toward controlling the jackrabbits by hunts that has been reported to date."

"Other communities of the county are undoubtedly conducting similar rabbit extermination campaigns, and reports from them would be appreciated," declares A. G. Schattenberg, local forestry supervisor.

Continuing the supervisor points out that rodent damage to crops take a heavy toll annually. Rabbits, gophers and field rats do an unestimated amount of damage, which is heavy throughout the year, but is more noticeable in the early spring when newly-planted crops are getting started.

Blank areas have frequently been observed in fields where rabbits congregate and completely destroy crops in patches as large as a quarter of an acre. Now, while intensive cultivation is going on and the farmer spends long days in the field, the rabbit runs can be easily detected in the mellow soil and control measures taken by spreading poison grain in the runs and areas where damage is heavy.

Anyone who has a shelterbelt may receive poison maize for his own distribution by calling at the local forest service office. Rabbits multiply rapidly and everyone is urged to assist in exterminating these worthless, destructive pests.

CHILTON FAMILY OF KELTON ENJOYS REUNION ON SUNDAY

Mr. and Mrs. Frank Chilton of Kelton enjoyed a family reunion in their home last Sunday, June 29, with their four children, several grandchildren and a number of friends present for the happy occasion.

Mr. and Mrs. Chilton are pioneers of Texas, having lived at Kelton for 30 years, where they reared a family of six children, four of whom are living and were at the parental home Sunday. They are:

Frank Chilton, jr., and family, Tulsa, Okla.; Mrs. Gee Baird and family, Mobeetie, Texas; Mrs. R. D. Barron and family, Amarillo, Texas, and Mrs. Johnnie Burrell and family, Center, Texas.

Nine grandchildren were also present: Billy Mae, Donald, Tom and Emily Ann Price, Frank Chilton, jr., Dorris Jean and Douglas Barron and Billy Jean Baird.

Others who attended the reunion were Mrs. M. E. Fox, Wheeler; Mrs. Tom Price and Mrs. John Revius and son, Clyde, of Kelton.

WATSON BURGESS RECOVERS RAPIDLY FROM OPERATION

In a telephone conversation this morning with Mrs. Watson Burgess, who is with her husband in a Halstead, Kans., hospital, it was learned that the young man is recovering rapidly from a goiter operation which he underwent there last Saturday morning. She reported that from present indications, he will be able to leave the hospital within a few days.

PEEPING IN THE WHEELER TIMES WINDOW

Among the window exhibits this week have been an Italian squash, grown by Mrs. C. D. Loter, living five miles southeast of Wheeler. She also brought to the office a large Bermuda onion grown by Bill Elliott of Arlington, who came last week to visit relatives and the Loter family.

Lee Black, orchardist just north of town, brought in a cherry tree branch of the Wragg variety, about a foot long, with enough fruit on it to make a nice pie; and the fruit is of fine quality.

Ginnings BY COTTON JOE

That yearling was fattened on cottonseed meal an' cooked in cottonseed shortening. No wonder it tastes so good to a cotton man.

Cotton Stamp Program to Benefit Merchants

Estimate of \$30,000 Volume During 1941 Based on Preliminary Survey of Situation

A preliminary estimate based on the number of cotton farmers in Wheeler county who have so far filed notice of intention of participating in the Supplementary Cotton program indicates that local merchants taking part may expect to enjoy at least \$30,000 worth of new cotton business during 1941.

This information was released today in a statement by J. L. Tarter, county agricultural agent, following the most recent check on the indicated farmer participants to date.

"Naturally," added Tarter, "alert, merchandising-minded retailers who aggressively push cotton products not only to their stamp customers, but to the general public as well, will stand to benefit most from the program."

Suggestions along this line offered by M. A. Whitehurst, county chairman of the Cotton Stamp committee, included extensive advertising of the many cotton "buys" now on the market; attractive store displays of cotton household articles and clothing appropriate for a wide variety of uses and occasions, and the segregation of 100% American cotton products in the stores.

Tarter pointed out that merchants who used ingenuity in the sales promotion of their cotton merchandise would not only perform an important service to their customers, and the nation in helping to solve an important national problem, but would gain profitable business as well.

"This program," he said "offers merchants an unusual opportunity to co-operate with the government's efforts to increase the domestic consumption of American cotton by making everybody conscious of the value and importance of cotton merchandise, as the chosen fabric of both the society matron and the budget-balancing housewife."

Sharp Reduction Area WPA Activities Made

WPA project employment will be reduced from 2,442 to 1,569 workers in the 26 counties comprising the Amarillo WPA district, it was announced this week by A. A. Meredith, district manager.

The sharp curtailment in WPA employment is in line with National WPA retrenchment, H. P. Drought, State Work Projects administrator, advised district managers, in announcing the statewide employment cut.

WPA employment is being reduced nationally to 1,000,000 workers and in Texas from 73,310 to 56,500 workers. WPA certified national defense projects will be continued at full strength, necessitating greater reductions on other types of WPA projects, Meredith was advised.

Because the reduced WPA employment makes it impossible to employ workers in localities where projects are scattered and the cost of supervision is relatively high, work will be concentrated in areas where the relief load is heaviest, district managers were advised. It may be necessary to discontinue WPA activities, at least temporarily, in certain counties in order to reduce supervisory costs, Drought told district managers.

CARD OF THANKS

We wish to express our sincere thanks to the many friends for their acts and deeds of kindness extended during the illness and after the death of our father.

Mr. and Mrs. W. M. Bradford, Mr. and Mrs. J. C. McKinzie, Mr. and Mrs. Floyd Adams and son, Mr. and Mrs. Claude Bradford and daughter, Harry and F. T. Bradford.

WHAT SAY YOU?

Repent, Ye Rich Men

But woe unto you that are rich, for ye have received your consolation.—Luke 6:24.

Go to now, ye rich men, weep and howl for your miseries that shall come upon you. Your riches are corrupted and your garments are moth-eaten.—James 5:1-2.

For in one hour so great riches is come to nought, and every shipmaster and all the company in ships and sailors and as many as trade by sea stood afar off.—Rev. 18:17.

—W. J. BRUMLEY.

July Surplus Foods List Just Released

The list of foods available during July for purchase with blue stamps by families taking part in the Food Stamp plan in Wheeler county was announced today by Robert M. Moss local stamp plan representative. These foods are obtainable in local stores throughout the month of July.

Fresh peaches and fresh vegetables (includes potatoes, all fresh vegetables, except those processed, frozen, canned, dried or pickled, but does not include melons) have been added to the list of food which will be available nationally during July, while fresh grapefruit and fresh apples obtainable during June in all areas are not included in the July list.

With these revisions the complete list of "Blue Stamp Foods" for the period July 1 through July 31 in all stamp plan areas is as follows: fresh oranges, fresh peaches, fresh vegetables (includes potatoes, all fresh vegetables, except those processed, frozen, canned, dried or pickled, but does not include melons), pork lard, all pork (except that cooked or packed in metal or glass containers), corn meal, shell eggs, dried prunes, hominy (corn) grits, dry edible beans, wheat flour and whole wheat (gramham) flour and raisins.

LOCAL METHODIST YOUNG PEOPLE TO CETA CANYON

The annual Methodist young people's camp of the Clarendon and Vernon districts opened Monday at Ceta Canyon, 20 miles southeast of Canyon, with about 100 boys and girls between the ages of 12 and 15 enrolled and a number of able instructors and supervisors to direct the devotional and recreational programs throughout the week until Friday noon, when the meeting will close.

Those from the Wheeler Methodist church attending were Misses Pauline Miller, Celeste and Patsy Wiley, Imogene Crowder and David Britt, Junior Ahler, Warren Schattenberg, Charles Hubbard, John Noah and Jean Hall.

Mrs. H. M. Wiley and daughter, Miss Melba, accompanied the group. Rev. Wayne Cook and Mrs. J. M. Porter furnished cars to take them Monday.

KELTON BOY QUICKLY GAINS MARINE SHARPSHOOTER RANK

William Irving Davis, son of Mrs. Nona Davis of Kelton, who enlisted in the U. S. Marine Corps on March 7 at Oklahoma City, has recently qualified as a sharpshooter at the Marine Corps base, San Diego, Calif. This is according to information received from the Oklahoma City Marine Corps recruiting office.

To qualify, the communication explains, as a sharpshooter the first time on the rifle range is quite a distinction. Davis is upholding one of the most cherished traditions of the U. S. Marines—the best riflemen in the world.

DICK CRAIG MOVES OFFICE TO FORMER BANK BUILDING

This week Dick Craig, manager, moved the Canadian Valley Production Credit association office to quarters in the former First National Bank building at the southwest corner of the square from its recent location in the Mrs. C. H. Clay building adjoining the Wheeler Poultry & Egg store at the southeast corner of the square.

Negotiations for purchase of the building are pending between the Green interests, represented by Mrs. J. P. Green and Mr. and Mrs. Holt Green, and the stockholders of the bank, which has been closed several years following voluntary liquidation. The transaction is expected to be consummated within a few days.

HOSPITAL NEWS

Mrs. Vado Morgan, Mobeetie, underwent a major operation Wednesday.

C. F. Flynt, who underwent a major operation Wednesday, is doing as well as could be expected.

Happy Martin and sister, Ida Mae Martin, had their tonsils removed Wednesday.

Mrs. Tots Lane, Mobeetie, underwent a tonsillectomy Tuesday.

Mrs. Tony Shakelford, Magic City, underwent a tonsillectomy Saturday.

Mrs. George Richardson, Kelton, had her tonsils removed Saturday.

Mr. and Mrs. Boyce Farris are the parents of a son, born June 30.

Ward Off Insects

Protect Livestock, Vegetation, the Home

This is the season when flies and other kinds of insects are at their worst. Make livestock more profitable and contented, vegetation grow better, and the home more comfortable with proven repellants. The following have been thoroughly tested and found effective.

Franklin's Screwworm Killer, McDowell's Special Blue Anti-septic, Lee's and LeGear's Lice Powder, Cynogas Ant Killer, Sodium Fluoride, Lime Sulphur, Dusting Sulphur and Blackleaf 40.

LARGE DELEGATION PLANS TO ATTEND HIGHWAY 41 MEETING

(Continued from First Page)

southwest; 87 from the northwest, and 287 from the north. Practically every one of these is a main line highway, carrying heavy travel. The greater part of it goes toward Oklahoma City over No. 66. A small percentage, endeavoring to escape congestion and possibly avoid one of the numerous accidents recently occurring on 66, goes east by way of Pampa, Wheeler, Sayre, Cordell and Binger, even with the present unfinished gaps in that road.

Present peace-time travel loads 66 to capacity. What would result if a considerable volume of military traffic were thrust upon that route? Any serious thinking person can quickly find the solution and answer: Civilian traffic would have to find an alternate route, and the one traversing Highway 41, No. 152 and No. 60 is the only logical answer.

LOCAL FOLK RETURN FROM VACATION IN NEW MEXICO

Mr. and Mrs. P. H. Schaub and son, Clyde, and their daughter and sister, Mrs. R. T. Watts, and daughter, Lois, motored Tuesday of last week to Roswell, N. Mex., and visited Mr. and Mrs. Robert Wright, who took them to the White Mountains for an outing. The party returned home by way of Littlefield, where they were Thursday dinner guests of Miss Watts' grandparents, Mr. and Mrs. Watts, and spent the night in Amarillo, arriving home Friday.

"Always Something New"

When Hot and Bothered

—while trying to figure out why the recent Texas senatorial election turned out the way it did, what "Pappy" will do when he gets to Washington, or from any other cause—pop in here and place a fountain order!

If you have a fountain election bet to pay off or receive, this is an ideal place to settle the matter. If you lose—and we hope not—give the victor an added treat at our fountain; if you win—and we hope so—ask to be "paid off" at this delightful modern fountain.

Remember, at any time during hot weather, this store is an ideal place to cool off—inside and out. Our air conditioner provides delightfully cool breezes and our fountain is ready with delicious cold drinks of all kinds and ice cream—in combinations to suit every taste. And it's Borden's Ice Cream—which assures utmost in quality.
