THE COUNTY SEAT NEWSPAPER

Scrap Rubber Is Piling Up At Service Stations

Seven to Eight Tons Salvaged In Drive

The patriotism and whole-hearted co-operation of Wheeler county residents was being realized this week as residents throughout this and surrounding communities lent their support to the scrap rubber campaign which began in earnest last Monday after the president's proclamation.

Last night one local service station had purchased slightly over four tons at the cent per pound rate and seven to eight hundred pounds more had been donated. Funds received from its sale will go to the U.S.O. Another Wheeler service station has purchased over two tons while remaining stations over town and surrounding communities are reporting similar response in the government's rubber salvage campaign.

Amounts brought in by individuals range from a few pounds to hundreds of pounds. Probably the honor for bringing in the largest amount in a single load should go to Max Britt who delivered 1,680 pounds of old tires and tubes to a local service station Tuesday.

Saturday, June 20, and Saturday, June 27, have been set aside for days that farmers are specially requested to bring in their scrap rubber. Those that wish to donate such material to the U.S.O., fund may do so by delivering it to the space east of the county agent's office. Others may sell it to any of the filling stations and receive the one cent per pound price.

Salvage officials in the regional War Production Board office today gave the advice on how to co-operate with President Roosevelt's all-out, nation-wide rubber salvage campaign:

1. Collect old and discarded items around your home and yard. Acceptable scrap rubber includes tires of any kind whether automobile or baby carriage, rubber tubes, patches, boots, reliners, and cut up parts except beads and buffings. Also wanted are old rubber boots, shoes, soles, heels; drug sundries such as hot water bottles and rubber gloves; rubberized clothing, bathing caps and a multitude of miscellaneous things like rubber mats, hose, jar rings, fly swatters, rubber stamps and pads, etc.

2. Remove all wood, iron, leather and cloth from the rubber article.

3. Take it to a filling station where you will be paid a penny a pound for this scrap rubber. The filling stations also will accept contributions.

The only kind of old rubber that is not acceptable is that in battery boxes.

Salvage officials emphasized that any profits resulting from this collection will be turned over to the U.S.O., Army Relief, Navy Relief and American Red Cross.

Its 3rd Anniversary For Clay Food Store

Celebrating its third anniversary in business here the Clay Food Store, operated by Mr. and Mrs. Cecil Denson, is announcing a special anniversary sales event for Friday and Saturday of this week. Some of the many bargains are listed in this issue of The Times as is the case every week, because of the store being one of The Times' consistent advertisers.

Store fixtures and shelving, as well as both the interior and exterior of the store front, have been repainted during the past few days adding to the attractiveness and neatness of the store's appearance.

HOSPITAL NEWS

Mrs. Cam Austin underwent a major operation, June 12.

Mr. and Mrs. C. P. Anderson, Kilton, are parents of a girl born June 12.

Sam Collins, Pampa, underwent a tonsillectomy, June 12.

Garland Weeks entered the hospital for treatment, June 13.

Mr. and Mrs. Enos Morgan are parents of a son, born June 14.

Mrs. Walter Green, Gageby, underwent a tonsillectomy, June 15.

Fay Frances, Gageby, underwent a tonsillectomy, June 16.

Hiram Whitener entered the hospital for treatment, June 16.

Linnie Newkirk, Locust Grove, underwent a tonsillectomy, June 17.

Mrs. Ford Newkirk, Amarillo, underwent a tonsillectomy, June 17.

100 Years Old Today

MRS. MARTHA ROGERS

A large number of people drove to the Rippey home in the Heald community, Thursday, (today) June 18, to help Grandma Martha Rogers celebrate her one hundredth birthday. Among those going from Wheeler were Mr. and Mrs. H. M. Wiley and children, Celeste, Melba and Patsy, Mr. and Mrs. Max Wiley, Mrs. Hervey S. Hutchins of Vernon, Mrs. Mary Hampton, Mrs. Linda Clay, Mrs. H. Flanagan, Mrs. J. M. Porter, Miss Virginia Sue Rippey of Nashville, Tenn., and Judge and Mrs. M. M. Miller of Alice, Texas.

Last Half 1941 Taxes Are Due This Month

T. L. Gunter, county tax assessor and collector, announces this week that the last half split payment of 1941 taxes is due and should be paid before or on June 30th to avoid penalty.

Tax payers whose 1941 taxes are delinquent may pay such taxes during this month at a considerable saving as the seven and a half per cent penalty and interest in effect now will be increased to 11 per cent penalty and interest charge after July 1, and will continue to draw interest of 6 per cent. \$1.00 costs will also be added.

Mr. Gunter states that he will gladly furnish statement of taxes which are due to property owners, upon request.

Dam at Silver Lake Being Rebuilt

The dam at Silver Lake near the home of Mr. and Mrs. R. J. Holt, has been re-built and now extends to about a third of the distance around the lake.

The recent heavy rains caused the old dam to give way, but the new one will be reinforced with rock and will be more substantial.

LOCAL MEN LEAVE WEDNESDAY FOR NAVY

Farrell Wallace, son of Mr. and Mrs. T. T. Wallace, and Bailey Burgess, son of J. M. Burgess, left Wednesday afternoon for Dallas to complete medical examination for the navy. They have had preliminary examinations previously and if they are successful in passing, they will be sent to the Navy Construction at Camp Allen, Va.

Mr. and Mrs. Wallace have another son, Corp. M. T. Wallace, in the army. He is stationed at San Francisco. Their daughter, Miss Wave Wallace, is employed by the War Department in Washington, D. C.

Bailey Burgess is the first of Mr. J. M. Burgess' sons to be called to service.

B. F. Crossland Completes Army Mechanics Training

B. F. Crossland, son of Mr. and Mrs. B. F. Crossland, who has been stationed at Sheppard Field, has completed his mechanics training there and is now located at Windover Field, Utah. He flies a minimum of 30 minutes each day. B. F. has been promoted to Staff Sergeant.

Judge and Mrs. M. M. Miller of Alice, Texas, came Wednesday to attend the 100th Birthday Celebration of Grandma Martha Rogers.

Mrs. H. P. Mundy, Shamrock, and Mr. and Mrs. Gus Lestwich and daughter, Ann, of Amarillo visited friends in Wheeler Saturday night.

Few Candidates Have Opponents

With the dead line for filing for county and precinct offices falling last Saturday night comparatively few have filed this year for their names to be placed on the ballot for the first primary election Saturday, July 25. Only two of the present county officials have opponents while all are asking re-election.

The only office of the entire county and precinct group having more than two in the race is that of the office of Commissioner of Precinct No. 2. Incumbent H. H. Walsler has four opponents in this case.

Candidates having filed for their name to be placed on the ballot were reviewed by the County Democratic committee here Monday morning as follows:

For County Judge: D. A. Hunt.
For County Attorney: Homer Moss.

For District Clerk: Artie Lee Hunt.
For County Clerk: Harry Wofford.
For Sheriff: Jess Swink and Lee Tinney.

For Tax Assessor and Collector: T. L. Gunter.

For Treasurer: Tamsey Riley and James O'Gorman.

For County Superintendent: Allen Kavanaugh.

For County Surveyor: J. D. Merriman.

For Commissioner: (Precinct No. 1) E. E. Johnston and J. P. Keeton.

For Commissioner: (Precinct No. 2) H. H. Walsler, W. O. Trayler, H. B. Peterman, W. E. Mason and Elmer Miller.

For Commissioner: (Precinct No. 3) Weldon Newton and Tom Montgomery.

For Commissioner: (Precinct No. 4) G. W. Hefley.

For Justice of the Peace (Precinct No. 1) A. C. Wood.

For Justice of the Peace: (Precinct No. 3-4) T. E. Burkhalter and Manse Lisle.

For Justice of the Peace: (Precinct No. 5)

For Constable: (Precinct No. 1) D. B. Weeks and L. C. McBea.

For Constable: (Precinct No. 4) J. H. Cox and Jim Turnbull.

For Constable: (Precinct No. 5) Bill Eisenmenger.

For Representative, 122nd District: Ennis Favors.

For U. S. Representative 18th Congressional District: Lynn Miller and Gene Worley.

For Chief Justice: E. L. Pitts, W. T. Link, E. C. Nelson and J. Ross Bell.

For Judge 31st Judicial District: W. R. Ewing and H. B. Hill.

As far as Wheeler county voters are concerned the election of a district attorney will be strictly written in, as Buddy Martin recently resigned holder of the office, has withdrawn his name as a candidate and two other names were received too late for listing on the ballot, the committee ruled.

The committee set the election expense for each candidate at 4 per cent of the annual income of the office for which he is running.

Election Judges Named
Precinct committeemen are to serve as election judges and are to appoint their assistant judges and clerks. Thus election judges for the precincts over the county will be as follows:

Mobeetie, John Dunn; Briscoe, W. H. Taylor; Wheeler, R. H. Forrester; Allison, Johnny Peeples; Stanley, R. D. Holt; McBea, Tom Britt; Porter, J. A. Welch; Gracey, Luther McComb; Heald, W. J. Chilton, Jr.; Lela, W. M. McMurtry; Center, J. W. Henderson.

Shamrock, H. P. Mundy; Benonine, J. E. Mitchell; Ramsdell, A. L. Morgan; Locust, C. H. Riley; Kelton, Claude D. Davis; Twitty, W. A. Jolly; Magic City, Hubert Bentley; Corn Valley, Ebb Farmer; Pakan, Paul Macina; Shamrock, Bill Walker; Bethel, T. L. Daniel.

State Primary List

A copy of the Democratic primary ballot certificate received Tuesday by A. B. Crump, county executive committee chairman, lists the following:

For United States Senator—W. Lee O'Daniel, Tarrant county; Dan Moody, Travis; James V. Allred, Harris; Floyd E. Ryan, Harris.

Governor—Coke R. Stevenson, Kimble; Gene S. Porter, Bell; Hope Wheeler, Tarrant; Charles Lavergne Somerville, Dallas; Hal H. Collins, Palo Pinto; Alex M. Ferguson, Grayson.

Lieutenant governor—John Lee Smith, Throckmorton, Vernon Lemens, Ellis; Harold Beck, Bowie; Virgil E. Arnold, Harris; Doss Hardin, Dallas; Alton M. Mead, Cameron; J. Dixie Smith, Harris; Boyce House, Tarrant; Arthur R. Miller, Dallas.

Comptroller of public accounts—George H. Sheppard, Nolan; Clifford E. Butler, Harris.

State treasurer—Jesse James,

(Continued on Last Page)

Sugar Rationing Rules Are Revised

The Office of Price Administration has announced that the value of sugar ration stamps 5 and 6 had been increased to two pounds each—but that each stamp would cover a period of a month instead of two weeks, continuing the weekly ration to each consumer at half a pound.

OPA explained that stamp No. 4, now valid for the purchase of a pound of sugar, would expire at midnight, June 27. The next stamp, good for two pounds, may be used at any time thereafter until midnight, July 25, whereupon stamp No. 6 will become valid until Aug. 22.

Sometime before Aug. 22, OPA will announce the period of time to be covered by other stamps in the ration books.

The ration stamps numbered from 1 to 4 each permitted purchase of one pound of sugar and covered a two-week period. OPA offered no official explanation of the extension to a month, but it was evident that the move to make a stamp last longer would reduce the number of stamps which grocers would have to handle.

At the same time, OPA disclosed that, effective Saturday, it would permit institutional and industrial users to obtain sugar allowances for a two-month period, instead of the one month now permitted.

John Peeples Named Deputy

The local Price Control and Rationing Board has announced that John Peeples of Allison has been appointed issuing deputy for the purpose of issuing rationing certificates to persons of the Allison community and other residents in the north part of the county. This will save the people of that part of the county from having to drive some distance for their certificates.

Persons living in the Mobeetie area may secure their rationing certificates at the City Drug of that place on Monday of each week.

The local board requests that persons in the Wheeler community obtain their certificates also on Monday at the local rationing office.

Mrs. Helen Blake has been named assistant to take care of the office work here in Wheeler.

THURMAN ADKINS REPLACES MARTIN

Thurman Adkins of Shamrock has been named by Governor Coke Stevenson as district attorney of the 31st judicial district to fill the unexpired term of Bud Martin of Wheeler, whose resignation was announced two weeks ago.

The appointment of Mr. Adkins by the governor means that he will serve as district attorney until January 1, 1943, when a newly elected officer will take over.

Orrin J. Brown Pays With Life

Orrin J. Brown, 56 years old, convicted of the hammer slaying of Mrs. Leota Murphy of Marion, Ind., died in the electric chair at the state penitentiary Monday.

Mrs. Murphy, who met Brown through a marriage bureau in Denver, Colo., was beaten to death March 20, 1941, 20 miles west of Spearman, in Hansford county, near the Oklahoma border.

Brown was arrested in Chicago April 25 of that year.

Identification of the woman was made through a patented name in her shoe.

Brown was convicted June 14, 1941, but the verdict was appealed. It was upheld and after a 30-day reprieve, Brown was put to death. He insisted another man was the real killer.

Brown had served about 20 years in prison in other states.

His death penalty was the first in the history of Hansford county.

Two Persons Arrested On Liquor Charges

Wheeler county officers made two raids Friday of last week in Shamrock confiscating approximately three gallons of liquor and making two arrests.

One plea of guilty was entered and the other suspect released on bail, County Attorney Homer Moss, stated.

PIE SUPPER SCHEDULED AT ALLISON JUNE 27

The Allison Home Demonstration club is sponsoring a pie supper and candidate speaking Saturday night, June 27, at the Allison school.

There will also be an old fiddler's contest with prizes for the winners.

—W. B. Wofford, Sponsor.

Road Paving To Get Underway Next Week

WALTER ROGERS

Walter Rogers Is Candidate For District Attorney

Walter Rogers has authorized the announcement of his candidacy for the office of District Attorney of the 31st Judicial District. Mr. Rogers is married and has three children. He has been a resident of Pampa since 1935, having moved there from Austin, Texas, where he attended the University of Texas Law School. He has been actively engaged in the practice of Law in the Panhandle since coming to Pampa. In making his announcement, Mr. Rogers said:

"The resignation of Mr. Bud Martin from the District Attorney's office at this time, places upon the voters the responsibility of writing in the name of the person whom they wish to serve them in this office. This is a truly democratic method of naming a nominee for public office and a true example of the right of franchise which we so jealously guard in our great county.

"Although this will be my first experience as a candidate for public office, my experience and training in the legal profession fully qualify me to execute the duties of the District Attorney's office, and that I promise to do fairly and impartially without fear or favor, and let the chips fall where they may. I do not propose to concoct a temporary platform for this particular instance, but stand upon the one that has always supported me:

"Deity, Decency and Democracy."
"I submit my name to the voters of this District and ask that the name 'Walter Rogers' be written in the ballots by the voters themselves, and that I be accorded the signal honor of serving you as your District Attorney.

Jimmie Allred Here Saturday

James V. Allred, candidate for the United States Senate, stopped for a brief visit in Wheeler in the early afternoon Saturday, enroute from Pampa to Shamrock where he made speeches.

An Allred rally was held in Amarillo Friday night.

Mr. Allred is the first of candidates for the senate office to appear in Wheeler this year.

Allred was Attorney General of Texas for two terms before being elected governor. He was governor for two terms and was appointed Federal Judge by President Roosevelt before the close of his term. He resigned this position in order to run for senator.

He is opposed by two other former governors, W. Lee O'Daniel, who is the present incumbent in the senate, and Dan Moody.

WHEELER CO. SINGERS TO MEET NEXT SUNDAY

The Wheeler County singing convention will meet at the Church of God in Old Mobeetie, Sunday, June 21. There will be an election of officers. Everyone is invited to come. Hester Dodson, President.

REV. WAYNE COOK ATTENDS METHODIST PASTOR SCHOOL

Rev. and Mrs. Wayne Cook, left the first of the week for Dallas, where they expect to spend two weeks attending the Texas Pastor's School at Southern Methodist university.

Bishop Ivan Lee Holt and E. Stanley Jones, Missionary to India will be the principal speakers among several prominent leaders in Methodism.

State Department to Do Construction Work

H. S. Baily, state highway engineer for this district in a telephone conversation this morning with Judge D. A. Hunt, reported that work of paving highway 152 east of Wheeler to the Texas-Oklahoma state line will begin next week. The work will include grading and topping 5.3 miles of road from where the present paving terminates to the state line. Necessary equipment is expected to arrive early in the week.

Mr. Baily reported to Judge Hunt that local help will be employed to furnish the labor on the project.

Highway Association Meets

Fred Ashley, local manager of the Panhandle Power and Light Company, Garnett Reeves, secretary of the Board of City Development of Pampa and Frank Morris of the Trailways Bus Company of Pampa, attended a called meeting of Oilfield Highway 41 association held in Sayre, Okla., last Thursday.

Mr. Ashley is vice president for Texas of the association.

At the meeting a resolution was drafted and a copy sent to various highway officials, congressmen and senators requesting that the Oklahoma highway 41 (a continuation of Texas Highway 152) be designated as a Federal highway and be placed upon the military highway system of the War Department.

As previously pointed out the completion of an alternate paved route from Amarillo to Oklahoma city via Pampa, Wheeler, Sayre, Cordell and Binger would relieve the traffic "Bottleneck" of Highway 66.

R. D. Holt Is New Lions Club President

R. D. Holt, cashier of the Citizens State Bank of Wheeler, was elected president of the Wheeler Lions club at Tuesday's luncheon, held in the basement of the Baptist church. Holt replaces Homer Moss, county attorney, who has served as chairman of the club for the past year.

Harry Wofford, secretary of the club for the past year, was re-elected and Dr. V. N. Hall was named tail twister.

First and second vice presidents and the directorate are to be appointed by the newly elected president.

Fifteen members were present for Tuesday's luncheon.

Dr. Harold Nicholson, son of Dr. and Mrs. H. E. Nicholson, who is visiting his parents here, was present as a guest of his father.

Federal Car Stamps Are Now Available

Postmaster Chester Lewis has announced that the new \$5.00 federal car stamps have arrived and should be placed on motor vehicles before July 1.

The stamp replaces the \$2.09 stamp issued early this year and will be valid for a period of one year.

Mrs. Floyd Thompson To Speak Sunday

Mrs. Floyd Thompson of Shamrock, will deliver the Sunday morning address at the regular church hour at the Methodist church, Sunday, June 21.

Mrs. Thompson is District Secretary of the W.S.C.S. of the Clarendon district and this meeting should be of particular interest to all persons interested in W.S.C.S.

NEW ADDITION PLANNED FOR HOSPITAL LAUNDRY

Work was started this week on the foundation for enlarging the laundry facilities of the Wheeler hospital, Dr. H. E. Nicholson reports.

BARBECUE ENJOYED BY GROUP IN GUTHRIE HOME

Mr. and Mrs. Lee Guthrie and son, Marion Lee, and Mr. and Mrs. Lem Guthrie, had the following out-of-town guests Tuesday and Wednesday: Mr. and Mrs. L. H. Dirickson, Matador; Mr. and Mrs. A. S. Edmondson, Tipton, Okla.; Mr. and Mrs. Lamar Guthrie and son, Gail, of Erick, Okla.

Tuesday evening the above group and Mr. and Mrs. Nelson Porter and daughter, Frances, enjoyed a picnic barbecue at the Guthrie home.

COMPLETE BARBARISM

For sheer unnecessary cruelty, the Axis leaders can bear comparison with the blood-loving conquerors of antiquity.

Additional evidence has been produced to completely substantiate Anthony Eden's almost unbelievable report of what the Japs did in Hongkong. Wanton murder, torture and rape are apparently a definite part of Japanese policy.

In Europe, Hitler is pursuing a similar course. When "crimes" are committed against the Germans in occupied countries, no particular effort is made to find and punish the guilty. Instead, scores and hundreds of innocent people are summarily executed. And the Nazis usually pick victims who have qualities of leadership—in order to further their policy of turning those countries into slave states whose function for all time will be to produce brutish laborers for the New Order. Cold, planned barbarism is part and parcel of the Axis' design for world conquest.

KEEP CREDIT FREE

"If the American banking system passes into government ownership or under complete government control," writes Dr. Paul F. Cadman, the distinguished economist, "the American enterprise system will be doomed. The day when the government takes over the function of granting or withholding credit to private enterprise, the latter will cease to exist. By the very nature of government, the political control and distribution of credit would perforce bring all business directly under the domination of the agency which had the power to extend or deny credit without regard to the true character of the risk."

In these times of incredible expenditures for purely military purposes, it is clear that a very large expansion of government financing is inevitable. The goal we should keep in mind is to hold this expansion to the minimum extent consistent with war needs. It is unquestionably true that many a governmental finance agency is now doing work which could and should be done either by the banks or by other private financial institutions. Public money should not be used for a job which can be done by private money.

No industry has done better in adapting its vast facilities to war purposes than banking. A list of banking activities directly involved with the war effort would fill many pages—and, on top of that, banking must carry on its regular services to business, individuals and the government. It is operating with complete efficiency under the most difficult conditions. It is decisively demonstrating its ability to meet the present crisis.

PRIVATE ENTERPRISE PROVES WORTH

"We need not worry about the social reforms which may or may not be necessary in the postwar period," wrote Thurman Arnold in the Saturday Evening Post, recently. "We need not worry about government planning. . . . We need only concern ourselves with preserving the tradition of free enterprise which is the essence of the industrial democracy we are fighting for. If we regain our faith in that industrial

QUIT YER SHOVIN'

al democracy we can fight the war positively for our system, instead of negatively against our enemies.

"Out of the necessity of making our system of free enterprise so efficient that it can win this war of production, we shall also be making it so efficient that it can produce prosperity for all in the peace that is to come."

Those are memorable words. In some minds there seems to be a feeling of defeatism so far as our free enterprise system is concerned. There is fear that the rigid governmental controls which war makes necessary will continue in perpetuity, and change our form of government into something vastly different from what we have known. There is a feeling that super-government, which will dominate everything, is here to stay.

That kind of economic defeatism is as bad as military defeatism would be. It is true, as Herbert Hoover has said, that we must have a measure of fascist economists in fighting a war against the great fascist powers. But there is no truth whatsoever in the theory that fascist economists are of necessity permanent. The plain fact is that the free enterprise system, working on behalf of the war effort, is justifying its existence and its philosophy completely and perfectly.

Government, in wartime, controls our economic life. But government, of itself, produces nothing. Free enterprise, working with government, produces everything.

Free enterprise in transportation makes the ever-increasing quantities of tanks, planes and guns which in time will destroy the Axis.

Free enterprise in transportation carries the incredible load which war imposes—and at the same time carries the load necessary to the maintenance of civilian life.

So it goes, in every field of activity from the raising of food to the manufacture of battleships. Never in the history of the world has an economic system performed so brilliantly as the free enterprise system is now performing for the United Nations.

The American people have willingly accepted drastic limitations on their freedom. They have accepted those limitations for one reason and only one reason: to make a military victory certain so that maximum freedom for all may exist in the future.

RUTHLESS GRAB

CIO demands for a 41 per cent increase in the wages of textile workers would come directly from the pockets of American cotton farmers. President Oscar Johnston of the National Cotton Council told the War Labor Board this week.

Demands of the CIO, he said, represent "a ruthless, opportunistic grab which would turn President Roosevelt's all-embracing program of inflation control into a hypocritical farce at the expense of farm workers whose annual income already is only one-half of the present income of textile workers."

Testifying before the War Labor Board in behalf of cotton farmers of eighteen states, Mr. Johnston declared that "in the name of a country at war, the cotton farmer has been told that inflation is his nation's enemy, and has been asked to forego selfish advantage in order to defeat that enemy. Now the cotton farmer is expected to stand quietly aside while the man who processes his product, and makes more money than the farmer in doing so, is led by the CIO into the green pastures of one-sided inflation at the farmer's expense."

Ceilings already placed on the price of finished goods would make it impossible for mills to pass on higher wages to consumers, Mr. Johnston said, but would force them to recover largely through reductions in prices paid farmers for their cotton.

"We respectfully ask, he told the board, that the brief submitted by

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

While the News has frankly stated its belief that our congressman, Hon Eugene Worley, is needed in his seat at Washington, more that he is needed in the navy, yet at this late hour a candidacy of the gentleman from Pampa for Worley's post in congress appears wholly pointless to us.

Before he left Washington, Worley organized his office for efficient service to the constituency of the 18th district, and the staff is doing a notable job of service to the needs of all our Panhandle towns and citizenship.

The voters of the 18th district will renominate Worley by an overwhelming vote on July 25 and no less reelect him in November.—The Clarenden News.

The next windshield sticker will go on sale July 1. At this time car owners may be required to list their tires and extra tires by serial numbers. At this time also, according to present plans, cars will be registered for gasoline ration cards. After this registration the RFC may buy all extra tires. If the need for tires and rubber remains acute ex-

the CIO be re-read, and that every reference to the low and dismal estate of the cotton mill worker be viewed in the light of the fact that his income already is at least twice as great as the cotton farmer's."

Johnston presented to the board a comparison of relative trends in the price and the level of cotton mill wages since the period which was taken as a base for the establishment of parity prices. Since 1914, the last year of the base period, the cotton farmer's income per pound of cotton produced has increased 48 per cent, while the wage earner's income per hour of work has increased 313 per cent.

Johnston accused the CIO of using the present period of high mill production "as a lever by which to gain permanently a further advantage over the cotton farmer," and of endeavoring to absorb through wage increases the margin "which congress has specifically sought to guarantee to the American cotton farmer."

He pointed out that demands of the CIO for an additional 20 cents per hour would add more than 40 per cent to the purchasing power of one of the largest groups of industrial workers in the nation. Insofar as the money for such an increase could come out of mill profits, he said it would have the double inflationary effect of adding to the demand for civilian goods and of diverting money to consumers which otherwise would go largely into federal taxes. Insofar as it came out of the price which mills could pay the farmers for their product, it would constitute a "grab by one group of workers from another, poorer group of workers."

"Must it be said," he asked, "that America's danger is the CIO's opportunity? We do not believe that the workers in our cotton mills, if properly informed of the facts, would desire a wage increase under the present circumstances. We do not believe that the American cotton farmer and the general American public would tolerate it."

The present railroad commission in Texas was established in 1891, during the administration of Governor James Stephen Hogg.

During the administration of Texas Governor L. S. Ross, (1887-1891) Texas received \$1,000,000 from the Federal Government to reimburse the state for its expenditures for border protection.

tra tires may be requisitioned.—The Tulia Herald.

It took the big shots at Washington a long time to recognize the 18th congressional district. After most of the other 434 congressional districts received generous contracts, Washington finally woke up to the fact that the 18th Texas district had just about everything that was needed.

When the final check-up is made. The Herald believes that it will be shown that our great natural gas supply is the reason why this area has been receiving so many contracts.

The transportation bottleneck has shown that this area has the cheap fuel—that it was foolish to ignore this great oil and gas area. In the East, it would take dozens of trains daily to furnish coal for the projects that are being established in the Panhandle.

All hope that the area will get some permanent industrial projects. As a person said the other day: "The Panhandle should be ready to enter the industrial era; it has gone through the cattle and farming stages."—The Panhandle Herald.

Every few days a salesman comes in to shake hands and remark, "This is my last trip until after the war." Tires, cars, crowded trains and buses, and the lack of goods to sell join hands in taking salesmen off the road. Most merchants welcome the smaller number of salesmen, but on the other hand, country stores are up-to-date because of the frequent visit of these "knights of the grip." Perhaps they have added somewhat to the cost of merchandise—but they certainly distribute cheer and always bring a lot of new jokes.—The Canyon News.

Governor Coke Stevenson is going to have a weekly newspaper editor among his opponents, namely, A. Hope Wheeler, publisher of The Texas Citizen, printed at Fort Worth, who modestly admits, "I Am After Whales—Minnows Are Safe." Wheeler is a chronic critic of this, that and the other thing. After looking over several issues of The Texas Citizen we take it that there isn't anything exactly right with the exception of A. Hope Wheeler. Although the corners of A. Hope's mouth are rather droopy, according to his picture, his paper contains two columns of good comedy each issue that he admittedly "begs, borrows and steals."—The Higgins News.

Bombing one German city, or half a dozen cities, off the map doesn't mean the war is won, but the blasting of the big Rhur cities to the extent that the British bombed Colo-

gne can mean Germany with a weakened steel industry.

Steel is the power that makes possible Hitler's mighty war machine. And the heart of German's steel industry is the Rhur Basin. Lying close together are the major Rhur cities of Colopne, Essen, Dusseldorf, Dortmund and several others. Altogether, they contain more than 4,000,000 people—those who make it possible for the tanks and guns and submarines to roll off the production line.

The Allies can cripple this section and its industry if they can blast out an area just a little bigger than Collingsworth county. While this is sections of the world, it is only

about 50 miles square. Another important fact is to remember that this rich section of Germany is the one of the richest ore producing nation's closest point to the bomber bases held by Britain. It is approximately 150 miles from the North Sea to the closest of these cities.

Even if Britain and the United States continue the 1,000-bomber-a-night assaults, victory will not be easy, and it is likely that it will not be quick. To say that Germany will fall with the fall of these great cities is probably too optimistic, but it is true that the Allies have found a vulnerable point and they are making the best of a good opportunity.—The Wellington Leader.

Soldiers of Production

America's "soldiers of production," men and women working in the plants of American industry, have their uniforms, too. Some uniforms worn by G-E workers on vital production jobs are shown below.

1. Not a gas mask, but a special nose mask to guard his breathing, is worn by this spray painter at his job in one of the General Electric plants.

2. Like a man from Mars, the "cold room" research man is a strange sight as he tests airplane instruments for high-altitude performance in a G-E laboratory.

3. Frankenstein? No, just another G-E worker. His job is sandblasting big turbine castings for Uncle Sam's ships at one of the General Electric plants.

4. The helmet he wears is to protect him from light! The rays from a welder's arc could cause blindness if he did not wear this strange headgear.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Mobeetie Happenings

(By Times Correspondent)

Mrs. W. C. Smith, the former Miss Virginia Sue Crowell, left Saturday for Altus where she will join her husband. She has been teaching summer homemaking.

Mr. and Mrs. Allen Reed of Alvert have gone to Norfolk, Virginia, where he will train to become a chaplain in the army. She was the former Miss Faye Files.

Sam Mixon and R. W. Beck left last Sunday for the army.

Miss Mildred Grammer was in Pampa Thursday.

Mrs. C. S. Gully and children of Wellington are visiting her parents, Mr. and Mrs. Alexander and family.

Mr. and Mrs. Emmitt Tabor and sons, John and Eddie Don, left Sunday morning to go to Dallas to visit her mother.

A quilting was held at Mrs. H. M. Shelton's Thursday. Those attending were Mrs. George Wells and children, Tommie and Dewayne, Mrs. Spurge Moore and the Shelton family.

Mrs. W. C. Smith, Miss Imogene Herd and Jewel Eubanks visited Miss Annas Hodges Friday afternoon. Annas and her mother returned Wednesday from Oklahoma City. We are glad to hear that Annas is much better and we wish her a very speedy recovery.

Mr. and Mrs. John Sims and daughter, Susanna, of Phillips have been visiting his parents, Mr. and Mrs. Mat Sims, over the week end.

Mr. and Mrs. Oad Gatlin and children and Mrs. Trusty visited Mrs. N. M. Gary who is ill, Sunday.

Mr. and Mrs. C. A. Hughes and daughter, Claudia Jeanne, of Stinnett visited her parents, Mr. and Mrs. Bud Eubanks, and family, Sunday.

Miss Sybil Roberts of Pampa spent the week end with Mr. and Mrs. Doc Trimble and daughter.

Glenn D. Hodges, who is attending a defense school at Pampa, spent Thursday night with his parents, Mr. and Mrs. John Hodges, and daughters, Annas and Vondell.

Mrs. Emmitt Tabor and sons, Mrs. Joe Thompson and Mrs. Bud Eubanks were in Wheeler Saturday.

Mr. and Mrs. John Sims and small daughter of Phillips visited Mr. and Mrs. Joe Thompson late Sunday.

Mrs. T. O. Ditto, formerly Isabell Harolson, and daughter, Barbara Faye, of Houston, are visiting her grandparents, Mr. and Mrs. Dan Files and her aunt, Mrs. Alice Zell.

Mr. and Mrs. A. B. Lancaster and son, Richard, and Mrs. Alice Zell returned home Saturday from Fort Worth where they had been at the bedside of Mrs. Elvin Zell. They brought Mr. and Mrs. Zell's baby home with them.

Daily Vacation Bible School began at the First Baptist church Monday. It lasts from 2 o'clock until 4:30 o'clock. All children are invited to attend.

Mrs. Glen Dake and son, Clifton, returned Saturday from Glazier, where she had been visiting her brother before he left for the army.

R. E. Matthews and daughter, Augusta, attended to business in Pampa Friday.

I. T. Goodnight who has been receiving treatments in Wichita Falls, returned home Sunday.

Miss Doris Key left Sunday to go to work in Pampa.

Edwin Hogan left Sunday for Gal-

veston, where he will take treatment for his leg.

R. E. Matthews and daughter, Augusta, and Miss Claudia Mae Patton spent Friday night with friends and relatives near Perryton.

Joyce Bonds left Tuesday for Dallas to take treatments.

Glen Scribner spent Saturday night and Sunday with his parents, Mr. and Mrs. Arch Scribner.

Rev. Ted Ewing attended to business in Wheeler Friday.

Harley Patterson of Wheeler was in Mobeetie Friday.

Ellis Matthews of Perryton visited and attended to business in Mobeetie Monday night.

Mrs. Freeland Cowan and son, Joe, are spending a few days with Mr. and Mrs. Charles Webb.

Mr. and Mrs. Fay Bearden, Hall and Wilma, visited Jack in Pampa Saturday.

Miss Ernestine Seitz visited Miss Claudia Mae Patton, Sunday afternoon.

R. E. Matthews and daughter, Augusta, and Mr. Fay Bearden attended to business in Wheeler Tuesday of last week.

Miss Nadean Lunlap went to Pampa Sunday.

Miss Betty Jean Patton is visiting in Pampa.

Miss Betty Jean Patton is visiting in Pampa.

Mr. and Mrs. Vernon Hooker visited in Wheeler Sunday.

Denzil Leonard, who is working in Pampa, was at home Thursday.

A quilting was held at Mrs. R. B. Leonard's Thursday. They were making a quilt for Buckner's Orphan's Home.

J. F. Hanning is running the barber shop while Emmitt Tabor is on his vacation.

Homemaking News

Miss Maurita Laman, a first year homemaking girl, chose general home work as her homemaking project. Her project was one that benefitted the whole family as well as herself. She prepared the family meals, helped do the family washing, and iron-

ing, helped do general house cleaning and cared for the chickens and yard.

Maurita also made a pair of pajamas and remodeled a dress. Even though she has in all her hours required to get one half credit, she plans to continue this work throughout the summer.

In commenting on her project, Maurita said, "My summer homemaking course has been of benefit to me, and I have enjoyed it very much."

Juanita Alexander, another first year homemaking girl chose sewing as her project. She made one dress and helped make another one and also hemmed two dresses. Juanita worked out for a week and made money enough to buy material for the dress and also the accessories.

Juanita also has been helping with the family's victory garden. She has helped plant green beans, tomato plants, onion sets, English peas and turnip greens. The family has already eaten English peas, green beans and turnip greens from their garden.

She hasn't completed her course yet, but she intends to continue sewing for the remainder of her hours.

Miss Juanell Shelton, a second year homemaking girl, chose general work for her homemaking project. She has been doing general housework, embroidering and also gardening. Juanell has canned six pints of English peas from their garden and they certainly look nice. She has in sixty hours and plans to continue this work through the summer.

Miss Cleta Faye Davis chose family sewing as her homemaking project. She has made a house coat and pair of pajamas from seersucker for herself, a jumper dress and blouse for her younger sister, a suit for her brother and coats for the small twins. Cleta Faye does very nice sewing. She had either bound or worked button holes on everything that she made. She is planning on making all the childrens school clothes while she is at home this summer.

MRS. P. H. SCHAUB HEARS FROM SON IN SERVICE

Mrs. P. H. Schaub has recently received word from her son, Clyde W., who is stationed in the state of Washington. Mrs. Schaub has presented the letter for publication, and it is as follows:

Dear Mother:

I am a long way from home. They shipped me out of Camp Wallace and I am in the state of Washington, which is over 3,500 miles from home and 4,000 miles from Camp Wallace. I guess it doesn't make much difference where I am. I can take it for I have taken worse things than this.

Mother, we nearly froze coming up here. We were four days and nights and came through Oregon, that is a beautiful place. I hope some day when I am out of the army I can go there again.

Don't worry about us, we will be all right and we know how to take care of ourselves. Mother, I know you are praying for us every night and your prayers will be answered. I got something in my eye coming up here and had to go to the doctor four times yesterday.

Tell all the folks at home to write. I don't know when I will get to come home, as they may send me to Alaska from here.

Take good care of yourselves. I will write every week while I am in the U. S. A. Goodby,

from a lonely soldier boy,
Pvt. Clyde W. Schaub,
B T R X E 503rd CA (AA)
Fort Lewis, Washington.

Sgt. John W. Wofford and friend, Sgt. John Nance, who are stationed at Lubbock, visited John's mother, Mrs. C. N. Wofford, and family from Thursday until Sunday.

Mr. and Mrs. Jess Swink drove to Lubbock Sunday and visited Mrs. Swink's parents, Mr. and Mrs. V. B. Harris. Marilyn Carol, who has been visiting her grandparents there, came home with her parents.

SIXTY-ONE AWARDS GIVEN IN ALLISON BIBLE SCHOOL

The Allison Baptist and Methodist churches worked together in their Daily Vacation Bible School which was held recently. There were 61 enrolled. Mrs. Peebles was the principal and she had nine helpers.

The ladies had a picnic for the children on the last day. Then on the following Sunday the children

put on a very interesting program for the parents and everyone interested. After the services the congregation was invited to visit the different rooms to see the art craft work. Mrs. Nevil Dillon had charge of this phase of the work. The children made kites, peep-boxes, merry-go-rounds, luncheon sets, shelves, etc.

Sixty-one awards were given.

BIG TOWN?

I'll say it is!

If all of our employes and their families were gathered together in one community, it would make a sizable city. There are 3,000 folks on the payroll of these Companies and associated Company. Then add their families and the hundreds of other persons necessary to meet their need for clothing, food, shelter, medical care, and so on. We figure this total number would make up a town of close to 20,000 population.

Actually, there is no such "Big Town," because our employes are scattered all over the Gulf South, in cities, towns and villages. Wherever they are, they are good citizens and good neighbors. Their sole working objective has always been to assure Gulf

South homes, stores and factories the comforts, conveniences and opportunities afforded by Dependable Natural Gas Service. Now they have another responsibility—making Natural Gas of greater service in this war crisis.

Natural Gas is playing a vital part in the country's war program, just as it is playing an important part in the development of the Gulf South.

4-H Club News

DAVIS

"What are you, as 4-H club girls, doing to keep the Victory Demonstration's Pledge?" Miss Doris Leggett, district home demonstration agent, asked Davis 4-H club girls at the 4-H club meeting Friday at Helen Anderson's home. In reply some of the girls explained how they were helping at home, working in their Victory gardens, sewing, buying savings stamps, and attending community activities.

"One way the 4-H girls can help at the home this year is by assisting their mothers in keeping canning record," explained Evelyn Plummer, ass't county home demonstration agent. "Since your local rationing board will ask you three questions when you apply for sugar for canning you can prepare these to take with you. They are: (1) How many quarts of fruit did you can last year? (2) How many quarts of fruit do you plan to can? (3) How many quarts of last year's fruit do you still have on hand? The rationing board will also want to know how much fruit you have canned with your rationed sugar so keep a record of this too."

June 26th, the Davis 4-H club will meet at Mrs. Clara Smith's home. Doris Leggett, College Station; Margie Nell Smith; Lillian Smith; Leta Smith; Virginia Watts; Hazel Anderson; Velma Sanderson; Mrs. Clara Smith; and Jaunita Cooper attended the 4-H club meeting.

MOBEETIE

Since some 4-H club girls can come to a club meeting only when their families come to town, the Mobeetie grade 4-H club girls plan to meet on Saturday afternoon every two weeks this summer. Mrs. G. L. Key, one of the 4-H club sponsors, has asked the girls to meet at her home so the parents will know where their girl is each time when the family is ready to go home.

At the meeting Saturday the 4-H club girls answered roll call with "How Our Family Has Made Changes to Save Sugar." Some used less sugar by using syrups and honey. Lemon drops were used by some to sweeten tea. Mrs. Key told how to use less sugar for sweetening tea. She adds the sugar to the hot tea before the tea is weakened and the ice added.

In the demonstration on "Sugar Adjustments," Evelyn Plummer, ass't county home demonstration agent, gave some good sugar saving rules

to follow at all times. Four of these were: (1) Serve cooked fruits hot to enjoy their fullest flavor and sweetness; (2) Save sirup from canned fruits to sweeten other fruits, pudding sauces, or beverages; (3) A pinch of salt increases the sweetening power of sugar in cooked foods; (4) Be sure all sugar is dissolved to get full sweetness.

Oatmeal cookies made using sorghum and corn sirup in the place of sugar proved to be plenty sweet according to the following who attended the meeting: Mrs. G. L. Key, Betty Jean and Sidney Mae Lancaster, Mary Alice Mixon, Joyce and Patsy McCouley, Patsy Barker, and Dealie Key.

TWITTY

"Sugar rationing is going to mean more fruit desserts. Use fresh fruits liberally in the place of desserts that call for sugar. Dried fruits are rich in sugar and can be used to sweeten many cooked foods," explained Evelyn Plummer, ass't county home demonstration agent, to Twitty 4-H club girls June 11 in the home of Dorothy Barton.

During the meeting Joy Williams received a 4-H club pin for her good demonstrations in 4-H club work in 1941. Joy read a history of her year's work to the other 4-H club girls.

A patriotic program of music, songs and poems was given by members of the club. Following this Miss Plummer gave demonstrations on "Sugar Adjustments" and "Tips on Insect Control in Your Victory Garden."

Once a month two girls plan to make and serve simple refreshments at their club meetings this summer.

Attending the meeting were: Alberta Winters; Joy Williams; Violet Neta Gains; Ethlyn Keys; Dorothy Barton; Wanda Fern See; Margaret Bruland; Mary Frances George; Media Mae See; Martha Mae Gains; Mrs. Zella See, sponsor; and Mrs. Minnie Barton.

Mr. and Mrs. Stina Cain and daughter, moved last week to Amarillo.

Mrs. H. Grigger and daughters of Altus, Okla., are visiting her sister, Mrs. V. N. Hall and Dr. Hall this week.

Mr. and Mrs. Murray Bise and baby, Janice Irene, of Briscoe, visited Mrs. M. L. Gunter Saturday.

Mrs. Glenn R. Walker and Miss Beth Stiles attended to business in Pampa Thursday.

Twitty News

(By Mary Ella Westmoreland)

Mrs. Linn Peeples from Wellington spent Sunday with her son J. W. Peeples, and wife.

Cecil McCoy and family visited in the Earn Begert home Sunday.

The Baptist Missionary society met Monday at the home of Mrs. W. T. Newsom with eleven ladies present.

A very interesting program was given and enjoyed by all. The next meeting will be in the home of Mrs. Loyd Jones. Mrs. Newsom served refreshments to Myrtle Jones, Frankie and Callie Davidson, Kitty Bell Taylor, Mrs. R. H. Nickols, Mrs. Russell, Mrs. Will Brown, Elsie Newsom and Gertrude Peeples.

M. K. Levitt and family were dinner guests in the Lester Levitt home Sunday.

Mrs. Frank Young left Saturday for her home in Roswell, N. Mex., after spending a few weeks here with Mrs. Pat Huff and family. She is having a new home built at Roswell.

Mr. and Mrs. R. P. Grayson had as their guests this week their daughter and husband from California.

Kenneth Montgomery and Estelle Evans were married June 5 at Amarillo. They will make their home at Hedley, Texas, where he is employed on a ranch.

COUNTRY NEIGHBORS HAVE DEMONSTRATION OF SALADS

"Much beating is required to secure a good mayonnaise. It is especially important at the beginning of the process that the mixture be emulsified before more oil is added," said Miss Lucile Chance, Wheeler county home demonstration agent, to the Country Neighbors home demonstration club which met in the home of Mrs. M. A. Pillers, Friday, June 12 at 2:30 p. m. for a salad demonstration. She made seven different salads which were so attractive and appetizing.

Miss Chance also gave a lecture on Bangs disease. "It is very important that all milk cows be tested," she pointed out.

Those enjoying the meeting were Mesdames H. H. Liles, W. A. Nelson, H. N. Carver, Milt Williams, Forrest Carver, Gus Wegner, Thomas Todd and the hostess.

Guests were Joy Williams, Janell Wagner and Morris Allen Pillers.

The next meeting will be with Mrs. H. N. Carver, June 26 at 2:30. All members urged to be present. Visitors always welcome.

Briscoe News

Mrs. Roy Waters and Mrs. Kenneth Douthit visited Mrs. Edith Levitt at Allison Monday.

Monett Treadwell spent last week in Wellington visiting her sister, Mrs. Herman Lee Jenkins. Mrs. Treadwell and sons went to Wellington Sunday and she returned with them.

Ralph Markham, who is employed in Amarillo, spent the week end in Briscoe with his wife and sons.

Mr. and Mrs. J. B. McNeil and daughters dined in the W. D. Douthit home Sunday.

Mrs. Ernest Zybach and Mrs. E. L. Naugle were early callers in Canadian Monday.

Edna Cansler spent the week end in the B. L. Puryear home.

J. R. Morrow of Sweetwater, Okla. opened the grain elevator here Monday.

Mrs. Raymond Waters and daughter, Arlie Ruth, of Lubbock visited Mr. and Mrs. C. P. Waters over the week end.

Wilda Dixon of Washita spent Friday night with her sister, Mrs. J. E. Steen.

Mrs. B. F. Meadows, Jr., gave a birthday dinner for her son, E. J. Sunday.

Mr. and Mrs. Fred Waters had as Sunday guests, Mr. and Mrs. Kenneth Greenhouse, Dollie Jo Greenhouse and Bessie Davis.

Mr. and Mrs. J. Steen visited in the S. L. Dixon home Sunday.

Mr. and Mrs. J. G. Haralson are moving their grocery store to a new location at Jovett Station this week.

Rev. and Mrs. E. L. Naugle went to Canadian Thursday to meet their daughter, Katharine, who has been visiting in Arizona and California.

BIRTH CERTIFICATES ARE OF VITAL IMPORTANCE

Are you a citizen of the United States? Can you prove it?

The easiest and sometimes the only way you can definitely prove native-born citizenship is by a birth certificate showing that your birth is on record at the State Department of Health.

Dr. Geo. W. Cox, State Health Officer, this week re-emphasized the importance of every American citizen being in possession of his birth certificate and outlined the simple procedure for obtaining this vital record.

"Requests for certified copies should be made direct to the State Health Department, Bureau of Vital Statistics," Dr. Cox said. "There is no charge except the fifty cents necessary to pay for making a search of the records and a photostatic copy if the record is on file."

Birth certificates are doubly important in the national emergency, serving as proof of citizenship which is necessary for entrance to our armed forces or for employment in any national defense industry. A record of birth is also useful in establishing the time and place of birth as well as parentage and can be of great assistance in the settlement of estates and other legal matters.

"American people are beginning to realize the importance of birth records since our entry into the war," Dr. Cox declared. "In the month of March alone, the Bureau of Vital Statistics received 19,810 requests for copies of birth records; and in April and May, the requests have continued to increase steadily."

Mr. and Mrs. W. J. Hooker and family have as their guests this week, their daughter and husband, Mr. and Mrs. Frank Buchanan of Dallas.

Mr. and Mrs. J. H. Creekmore and son, J. N., were Sunday dinner guests of Mr. and Mrs. T. T. Wallace and son, Farrell.

FIGHTING MAD! A WICKED WEAPON.—The new trench mortar, illustrated above, operated by infantrymen is one of the most effective weapons of the ground forces. American soldiers have proved their skill and endurance in handling this wicked shooter in close range conflict.

KEEPING QUALITIES OF EGGS DEPENDS ON CARE

After the hatching season ends, pen up the roosters, or sell them, or can them. Otherwise, says Geo. P. McCarthy, poultry husbandman of the A. and M. College Extension Service, a \$15,000,000 loss may result from production of fertile eggs during the summer. That sum would buy a lot of machineguns or cannon, but even more serious is the loss of food stocks it represents.

"But why stop with the roosters?" McCarthy asks. "Pen the broody hens. They break eggs and reduce the quality of eggs. A small pen without a nest or roost soon discourages broodiness."

Clean litter, especially in nests, helps to decrease the number of soiled eggs. If possible have at least

one nest for every five hens. Gather eggs at least twice a day in a wire basket, which allows air to circulate around them and reduces the internal temperature. Many farm families have built an iceless refrigerator for holding eggs to check evaporation and reduce internal temperature. Eggs kept in this refrigerator, plans for which may be obtained from county extension agents, suffer little, if any, deterioration in quality when marketed twice weekly.

PHILLIPS PETROLEUM CO. SENDS SOLDIERS GIFTS TO CELEBRATE BIRTHDAY

Phillips Petroleum Company will celebrate its twenty-fifth birthday by sending gift packages to 750 employees now in military service.

These men are stationed throughout the world and the addresses of many of them are a military secret, but arrangements have been made whereby boxes will be delivered to most of them by June 13, the anniversary date of the company's founding.

Each gift package contains cigarettes, candies, shaving cream and blades, a current best-selling novel, unbreakable military mirror and 16 other items.

Also in observance of its twenty-fifth birthday Phillips will honor 24 employees, still in active service, who have 25 years of recognized service with the company. Eleven of these employees have been with the company since its organization in 1917; the others have part of their service records in companies merged or purchased by Phillips.

At a special presentation ceremony to be held at Woolaroc Lodge on the evening of June 13, these employees will be given watches suitably engraved in recognition of their service. Frank and L. E. Phillips, founders of the company, will be on hand to receive their service awards and talk over old times with the other 25-year employees.

STITCH-CHATTER CLUB TO MEET EVERY TWO WEEKS

The Stitch and Chatter club met with Mrs. S. P. Hodnett at her home in the west part of town, Tuesday afternoon.

The time was spent sewing and at a short business meeting it was decided the club would meet every other Tuesday instead of each Tuesday.

Refreshments were served to the following: Mrs. W. H. Black, Mrs. W. E. Bowen, Mrs. Percy Farmer, Mrs. F. J. Noah, Mrs. E. G. Pettit, Mrs. A. C. Woods, Mrs. H. E. Young and the hostess, Mrs. S. P. Hodnett. Mrs. F. J. Noah will be the next club hostess.

4-H LIVESTOCK MEMBERS HAVE NEED OF CONTEST

Incentives to 4-H livestock club members as offered in the national meat animal contest, are more important this year than ever before, according to a statement by the national 4-H committee in Chicago in announcing it for 1942. This is because some shows in which 4-H members enter have been cancelled. "Even without a chance to show, 4-H owners of livestock can still put their work into competition if they enter the contest", it is stated "since it emphasizes the rate and cost of gains contained in the project record book, and also the general standing of the member in home, club and community activities."

With roundly a third of a million of clubsters growing market and breeding animals this year it is recognized by club leaders as good policy to keep alive their influence in the business and have the benefit of the large volume of their production for war and domestic needs.

Medals for county winners, watches for state victors and four fine trips and three \$200 college scholarships are provided for this year's 13th annual contest by Thos. E. Wilson, chairman of the committee. The contest is accepted in this state.

TWO COMFORTS FINISHED BY FRIENDLY SEWING CIRCLE

The Friendly Sewing Circle met with Mrs. Frank Rogers and two comforts were made for the Red Cross.

Those attending were Mesdames J. C. Bradstreet, P. H. Schaub, H. H. Greenhouse, Dorsey Hutchinson and Annett, W. L. Jolly.

Miss Blanche Grainger has returned from a visit to Houston, Shreveport and Comanche.

Fred Ashley attended to business in Borger Thursday.

The club will meet with Mrs. Schaub, June 30, and roll call will be answered with something about the 4th of July.

Many men exist only to make money for themselves; as far as the community is concerned they do not contribute anything of value. Others think first of their relation to the community welfare. Maybe one man is just as happy as the other, but it is certain that no community could long exist if all were like the first named.—The McClain News.

(By a Rogue)

RIGHT TO THE HEART

No, you are wrong. The picture for Friday and Saturday, June 19-20, is not just another mushy love story. It does carry a certain amount of prize fight story, but basically it is a prize fight story of a former football player. The title is Right to the Heart, and it carries plenty of wallop and a fast moving action packed story. It is different from the usual Saturday western, but we believe that you will enjoy a change from the ordinary fare. We can assure you that you will not find a dull moment in the entire story which stars Brenda Joyce, Cobina Wright, and Joseph Allen.

REX BEACH'S THE SPOILERS

Here it is, folks, that Rex Beach classic of fisticuffs in the Klondike. The scene is the Nome of 1990 and the place is rough and ready for a fight. The time is when one takes or leaves a law as he wishes the strong prevails over the weak, the crafty over the guileless, and men settle their differences with guns or fists as the circumstances of the moment suggest. If you have ever read any of Rex Beach's novels, you know that he is master of Klondike stories. This is truly a big picture. The producer is Frank Lloyd and the stars are Randolph Scott, Marlene Dietrich and John Wayne. You will remember them in such pictures as Shepard of the Hills, Western Union, and Destry Rides Again. The Spoilers compares favorably with any of these. The date is Preview, Sunday, and Monday, June 20, 21 and 22, at the Rogue.

GHOST OF FRANKENSTEIN

Well, here it is. This is the picture that we promised you on the June calendar that if you could and would sit through a whole show that we would give you a free pass. We mean just that. So, if you have a strong heart and think you can take it, then come out either Wednesday or Thursday, June 24 or 25 and see the show and we will give you that free pass. No strings attached to this offer. It applies to both adults and children alike, and there is no change in admission prices. Think you can stand a few spooks, or something kinda gruesome and horrible? We will see. Bring your own smelling salts, as all we furnish is the show. Remember that the date is Wednesday and Thursday, June 24 and 25.

Local News Items

Mr. and Mrs. R. J. Holt and Margaret Ann took Miss Barbara Stephens to Pampa Saturday afternoon.

Mr. and Mrs. O. H. Lee, parents of Ray Lee, are new Wheeler residents, coming here from Sylvester, Texas.

Mr. and Mrs. R. J. Holt had as guests Sunday and Monday, Mrs. Holt's parents, Mr. and Mrs. E. S. Carr, of Pampa and her nephews, Donald Wilkes and Robert Carr Vincent, of Lefors. R. J. came home with them after visiting a week in Pampa and Lefors.

Mr. and Mrs. Loyd Lee and children, Harold Loyd and Nancy, spent Sunday in Pampa visiting her brother and family, Mr. and Mrs. Pete Cole, and also her sister and family, Mr. and Mrs. Al Burns.

Farmers Urged to Practice Conservation

Soil conservation always has been a sound farm policy but this year it's a war necessity.

Failure of Texas farmers to carry out conservation practices this year not only would result in loss of thousands of dollars in AAA soil-building payments but would seriously affect production under next year's food-for-freedom program.

In making these statements, Geo. Slaughter, chairman, Texas AAA committee, urged each farmer to carry out practices essential to continuous production. Construction of terraces and check dams, seeding summer legumes and other cover crops are some of the practical conservation practices which should be carried out during June in some areas of the state.

"Every farmer knows that the best way to increase production per farm is to increase production per acre and the only way to increase production per acre is to farm the conservation way," the chairman said.

News From The County Agent's Office

BY J. L. TARTER

TOW SACKS

There is a scarcity of tow sacks and an exchange has been established in Wheeler county. If you only have a few usable sacks, leave them at the Tilley Poultry and Egg at Shamrock, Wheeler County Producers Association at Wheeler, or Jack Millers at Mobeetie. Each person will receive the proceeds from the sale of the sacks.

FOOD FOR VICTORY

Every person in Wheeler county growing gardens, livestock, dairy products, or eggs is urged to do the best job possible, buying as little of these products as can be gotten along without, leaving all possible for the war effort. Every farmer is duty bound to grow all feed and food possible in the form of pork, beef, dairy products, and vegetables so they will not have to use money with which to buy such products, and at the same time leave farm products for others who cannot grow such products.

AAA

35c per acre will be paid for leaving stalks of kafir, maize, hegari, or other sorghums on the land until spring 1943 up to the limit a farm can earn. The stalks must not be less than 10 inches high.

RURAL HEALTH PROGRAM

The grant has been made and the Health Service is ready to go into operation as soon as 700 families pay in, and at the present rate that number will be gotten before July 1. All should remember that any farmers not signed up can still sign up and get full benefits. Dentistry will be included.

WHEAT OR GRAIN STORE BINS

There is not room for more than 40% of the coming wheat crop in all storage places in the United States, so farmers should make arrangements to store the wheat on their farms. Farmers can get 2,000 bushel bins at \$270, or 1592 bushel bins at \$225, laid down at the railroad sta-

tion prepaid, prefabricated to prevent sweat. Farmers should make arrangements to store the wheat on the farm as they will take it to town and have to take it back home because the elevator or buyer does not

have a place to send or store it. Farmers will be allowed 7c per bushel for storing the wheat on the farm.

TAX NOTICE

The Last Half Of 1941 Taxes Are Due On Or Before

June 30, 1942

Save On 1941 Taxes

During the month of June you may pay your last half 1941 taxes—at a considerable saving. The State requires that penalty and interest be added after July 1st.

T. L. Gunter

Tax Assessor and Collector, Wheeler County, Texas

NOTICE ON NEW CREDIT RULES

The United States Government has set up some new regulations covering CHARGE ACCOUNTS which affect many customers. In substance, the regulations say that we cannot sell any listed merchandise to any customer who owed us money on a charge account during the month of May 1942, unless that account is PAID IN FULL on or before July 10, 1942, or arrangements are made to pay the account in installments over a period of six months or less, with no payment to be less than \$5.00 a month.

These same regulations will apply on all "Future" charge sales. The following table illustrates how these regulations will apply on all charge accounts during June, 1942, and subsequent months:

| |
|--|
| Charge Sales made during June 1942 will be in default if not paid before August 11, 1942. |
| Charge Sales made during July 1942 will be in default if not paid before September 11, 1942. |
| Charge Sales made during August 1942 will be in default if not paid before October 11, 1942. |
| Charge Sales made during September 1942 will be in default if not paid before November 11, 1942. |

And so on as long as these regulations are in effect.

There are exceptions to some provisions. They are (1) Farmers, stock raisers, and other types of farmers who have seasonal incomes; (2) other persons who have seasonal incomes; and (3) customers who HAD an agreement IN WRITING that the account was to be paid by a certain date AFTER July 10, 1942.

The regulations say no firm can sell any listed merchandise to the three excepted classifications, after their accounts become in default, unless they, too, arrange to pay their charge account in full or arrange to pay their account in installments. As previously stated, we cannot sell you any other listed merchandise when your charge account is in default. The only way in which you can arrange to buy additional listed merchandise is to pay your account in full or arrange to pay it in installments over a period of six months or less. No installment may be less than \$5.00 per month. We reserve the right to protect our lien rights.

Since these are GOVERNMENT regulations and we have no choice, we are required BY LAW to abide by them.

KEEP YOUR CREDIT GOOD! Pay for your charge purchases made before June 1 in full or arrange to pay for them on an installment basis BEFORE July 11, 1942. We will not violate the law by making exceptions for any person.

CITY BAKERY

On The Home Front

Right now, in all parts of the Southwest, the home folks are searching their homes, and cellars, and garages, and barns, and smoke-houses for the presently most needed material—RUBBER.

Everyone knows the situation. The Japs cut off our supplies of crude rubber. In addition to making the crude rubber stockpile last, we've got to find every piece of rubber that all of us can spare so it can be reclaimed and used for war production.

The scrap campaign is the biggest thing of the moment. The President has outlined the details and turned the job over to the state and local salvage committees. Governors and mayors, civic and professional leaders, and volunteer groups of all kinds already have pledged their fullest help.

It's a job for everyone to GET IN THE SCRAP, so the president and the war production board can find out how much rubber we actually have. Important decisions hinge on the results in Pampa, Texas; We-woka, Okla.; DeRidder, La., and every other city and community in the Southwest and the nation.

The rubber campaign is simple. All that everyone has to do is find all the rubber he can and turn it over to the volunteer collectors, committees, civic and charitable groups or patriotic and service organizations. Or, if he wishes, take it to any filling station—designated by the president as the official depositories for the drive.

Working with their oil companies, the filling stations are paying a cent a pound for all kinds of rubber scrap. The oil companies will see that the scrap goes to the proper reclaiming plant, and if there is any profit from their sale as directed by the government, the profit will be turned over to some worthy war cause.

DELIVERY ORDER CHANGED

Amendment of ODT order No. 6, restricting deliveries to one a day to the same address, has been announced, to permit duplicate calls where a specially constructed vehicle is required to deliver a specified commodity, and where one vehicle could not be used. For example, a company selling both coal and ice might be permitted to make a delivery of each article to the same address on the same day.

USE FABRICS WISELY

With the nation's cotton mills devoting a percentage of their looms, under WPB order, to production of textiles for military purposes, such as sand bags, camouflage cloth, and food and agricultural bags, OPA's Consumer Division is urging housewives to streamline their new slip covers, curtains and other fabric household furnishings. Wise use of fabrics will help spread the available supply of textiles among civilians.

BIG OIL PIPELINE ALLOWED

A 550-mile pipeline from Longview, Tex., to Salem, Ill., has been authorized by the War Production Board, with construction to begin at once. The line will carry crude oil to relieve fuel shortages in the East Coast area. Construction will require 125,000 tons of finished steel, but a special WPB investigating committee has reported that minimum disturbance to war production plants will result from the consumption of critical material.

LABORATORIES CURTAILED

University and other private laboratories, not engaged in research directly connected with the nation's war effort, will not be able to buy new scientific equipment. Because of the critical shortage of such equipment, WPB has issued a limitation order which bans sale and delivery of laboratory equipment except for certified essential uses.

OPA PAMPHLETS ARE FREE

Office of Price Administration officials are asking retailers throughout the Southwestern region to report any persons who offer to sell them copies of a government bulletin, "What Every Retailer Should Know About the Maximum Price Regulation." No such sales solicitation has been authorized by OPA. Copies of the pamphlet may be had free upon request from an OPA office.

DRIED COMMODITIES EXEMPT

A ruling that dried agricultural commodities, such as peas, lentils, seeds and hops, are "unprocessed" and consequently are not covered by the General Maximum Price Regulation, has been issued by OPA, in amendment No. 4 to the regulation. Raw and unprocessed agricultural commodities do not come under the price ceiling.

FALL PRICING SYSTEM SET

Complete revision of the method of pricing fall and winter outerwear garments for women, girls and children under OPA price regulation No. 153 has been announced. Under the amended regulation, sellers will establish their ceiling price by a formula based upon this season's cost to them, plus the mark-up or margin they obtained on sales of garments of the same classification during the last selling season. Coats, suits, skirts, jackets and dresses are

among the garments to which the regulation applies.

FARMERS TO GET EQUIPMENT

Underlining its intention that all farm machinery and equipment manufactured under its program shall actually reach the farm, and not be diverted to industrial or other non-agricultural use, WPB has issued an order providing that no one may sell any farm machinery or equipment which he knows or has reason to know will not be used by the ultimate consumer for production or care of crops or livestock.

TIRE CONSERVATION NEEDED

A survey recently completed by the Office of Defense Transportation indicates that most of the country's milk trucks will be off the streets in less than two years, due to the rubber shortage, unless adequate conservation programs are instituted immediately. More than 380 milk distributing industries in all parts of the country furnished data for the survey. The four general truck conservation orders issued by ODT are designed to furnish a pattern for such conservation.

PRIORITIES FOR UNIFORMS

An A-1-1 priority rating for ma-

terials such as cloth, buttons, thread, etc., to be used in the manufacture of uniforms for officers of the armed services has been assigned by the war production board. The rating may be applied only by manufacturers who have been making uniforms.

BUS SERVICE CONTROLLED

Wartime regulations for intercity bus operations will go into effect on July 1, under ODT Order No. 11. The order, which does not affect bus runs within 15 miles of a city limit, nor those having an average fare of 35 cents or less, will freeze present bus routes, and require that competitive services over approximately parallel routes be pooled. All service to places of amusement, such as golf courses, dancing pavilions or race tracks, will be discontinued. Limited or express service also will be stopped.

MATTRESSES HIT

Manufacture of innerspring mattresses will end for the duration of the war on September 1. About 43,000 tons of high carbon wire will be saved for war materials through the WPB order, which amends an earlier order restricting use of iron and steel in mattresses. Under the amendment, manufacturers may

make during July and August twice their average monthly production for the twelve months ended June 30, 1941.

TIN SMELTER TO GROW

Expansion of the tin smelter now being built in Texas from 18,000-ton to 52,000-ton capacity has been announced by WPB, concurrently with announcement of an amendment to the tin conservation order which will cut tin use in non-critical products by another 10 per cent. Intended primarily to refine Bolivian ore, the Texas smelter has been assigned an A-1-A priority rating so that tin production may be increased at the earliest possible date.

Mr. and Mrs. Harold Shively and son, Jimmie, of Wellington arrived Saturday. Mrs. Shively and Jimmie left Sunday night for San Diego, Calif., to visit her parents, Mr. and Mrs. B. C. Hancock. Mr. Shively will be here about ten days and plans to stucco his residence during that time.

Mr. and Mrs. Deward P. Wofford and son, Deward Dale, returned Wednesday night after spending several days visiting her parents at Cross Plains.

Miss Doris Leggett, district agent of the Extension Service at College Station, was a Wheeler visitor Friday.

Mr. and Mrs. Watson Burgess of Lefors were Wheeler visitors Saturday and Sunday.

Mrs. Frank Fulfer and daughters, Ruth and Evelyn, of Borger visited her parents, Mr. and Mrs. E. M. Gibbins, Friday.

YOU CANNOT WIN
Adolf...
IF

You do not have to wear a uniform to render important service to your country during this war. It requires 18 men behind the lines, working with all their might at production, tasks, to keep one man fighting at the front.

You are needed! Uncle Sam wants every man and every woman in all walks of life to get busy with unabated vigor to produce more... to help amass such an overwhelming supply of everything—guns, ships, tanks, planes, ammunition, food, clothing, supplies—that Adolf and his crowd will gasp in awe at such colossal achievement.

You can help by putting all that you have into your job, whatever you are doing. You see, if every individual did his job just a little better, produced just a little more, the nation-wide collective total would be so great that it would shatter Adolf's dream of conquering the world and of robbing us of the things that we cherish most—free religious worship, free speech, free thought, free action. We must remain free to continue our way of life unhampered by the brutal whims of a mad man.

You must not fail Uncle Sam in this crisis. You are a more important person now than ever before. Think what would happen if every American, not in the armed forces, assumed that our government would get the job done without his help! Well, there just wouldn't be an Uncle Sam, would there? And this thought is just too terrible to contemplate, isn't it? Resolve not to let him down now, when he needs you most... when you have a chance to prove that you are worthy to be called a real American.

Conserve on everything, especially those things essential to our armament program, but do not deny yourself the things that you require to carry on life as normally as possible, considering that we are at war. Be a good American. Buy all of the Defense Bonds and Stamps that you can.

No, Adolf cannot win, if every American does his part.

The retail merchants, the service institutions, and the professional men serving you may be unable, in some instances, to give you the same complete service and attention that you were accustomed to receiving from them in peace time. Accept any little inconvenience that may occur with graciousness, knowing that they are doing all that they can to serve you the best that they can... And that what they are doing is what Uncle Sam wishes them to do.

Mr. and Mrs. Lem Guthrie and grandson, Marion Lee, plan to leave Thursday (today) for Eden where they expect to spend the summer. Marion Lee will spend several weeks with them.

Mrs. Leroy Williams and son, Lavell, of the Laketon community, have returned from a two weeks vacation spent in Georgia and Alabama.

Mr. and Mrs. H. E. Young spent Sunday in Amarillo as the guests of Mrs. Young's sister, Mrs. Jewel Winston.

E. C. Rippey of Norman, Okla., who is a representative of the Draughton's Business College, spent Tuesday as the guest of Mr. and Mrs. H. M. Wiley and family.

Mrs. Cecil Martin spent the week end in Wellington visiting with relatives and friends. She attended Sunday school and church at the First Baptist church there.

Rev. and Mrs. M. Lee Rippey and daughter, Virginia Sue, of Nashville, Tenn., and Mrs. W. L. Rippey of Heald, were guests of Mr. and Mrs. H. M. Wiley Tuesday. Virginia Sue remained for a short visit with the Wiley girls.

Dr. Glenn R. Walker, Dr. H. E. Nicholson and Harold Nicholson attended the Gray-Wheeler Medical Association in Pampa Tuesday evening.

Mr. and Mrs. Frank Rogers and J. E. visited in the Walter Atwood home Sunday.

Mr. and Mrs. Tom Atwood had as Sunday guests, the Walter Atwood family, Dick Atwood and family and Frank Rogers and family.

WHAT SAY YOU?

Blessed is he that considereth the poor; the Lord will deliver him in a time of trouble; the Lord will preserve him and keep him alive and he shall be blessed upon the earth and thou wilt not deliver him unto 41-X 1-2.
—W. J. Brumley.

One of the oldest institutions in New York's Borough of Brooklyn—formerly the City of Brooklyn and known as the "City of Churches"—is the Anniversary Day parade of Sunday school children held each June. The first such parade, held more than a century ago, had 300 children from four Sunday schools. The 113th Anniversary Day parade this year had 100,000 pupils and teachers from 320 churches.

The newly-elected moderator of the General Assembly of the Presbyterian church in the U.S.A., who will serve the year 1942-43, is a prominent Pennsylvania pastor and the author of a number of books—the Rev. Stuart Nye Hutchinson. For the past twenty years he has been pastor of the East Liberty Presbyterian church, Pittsburgh. He has also served pastorates in Newark, N. J., and in Steubenville, Ohio. He is a graduate of Lafayette college and of Princeton Theological Seminary.

One June 1 there were 2,998 conscientious objectors in twenty-eight special camps "for work of national importance," according to the National Service Board for religious objectors. In addition to those who have been accepted by the government as objectors to bearing arms, there are several hundred other cases still pending before draft and appeal boards. A tabulation of the first 2,000 objectors assigned to camps shows that 901 are Mennonites, 355 Brethren, 205 Friends (Quakers), 196 Methodists, 67 Jehovah's Witnesses, 65 Presbyterians, 53 Congregational-Christians and 51 Baptists. The Methodists have thus the largest number of objectors among the major denominations.

Its Discipline says, "Believing that conscientious objection to war is a natural outgrowth of Christian desire for peace on earth, we ask and claim exemption from all forms of military preparation or service for all conscientious objectors who may be members of the Methodist church."

Dr. Anson Phelps Stokes, president of the Phelps-Stokes Fund, and former canon of the Washington Cathedral of the Protestant Episcopal church, is chairman of the "Committee on Africa, the War, and Peace Aims," just organized by a group of nationally prominent American friends of Africa. The objective of the committee is announced as the application of the "eight points" of the Atlantic Charter to the problems of Africa. The committee includes educators and churchmen.

"We do not need to go to stories of the early church, we need not enter the catacombs, to find Christian courage; it exists today," President Samuel Trexler of the United Lutheran Synod of New York recently told a gathering of laymen. "Niemoeller has been in jail for five years; he would rather be fettered in body and free in soul. Our bishops in Norway, headed by Berggrav, have taken the same stand. Of our foreign mission posts none have been abandoned—Men do not take a stand of this kind by themselves; it is only as God puts into their hearts the sense of his presence that they will obey God rather than man."

Among the arrivals from Europe on the "S.S. Drottningholm," early in June, was Dr. Joseph Paul Bartak, superintendent of the Methodist church in Prague, Czecho-Slovakia (now the Protectorate of Bohemia and Moravia under Germany). Although born in old Bohemia, Dr. Bartak is an American citizen, having spent his early years in the United States, and upon Germany's declaration of war on the United States he was seized and interned in the prison-camp at Laufen, Germany. During five months in this camp he acted as chaplain to the prisoners.

Upon news of his impending exchange for internees in America, the men in the camp prepared a "diploma" through which they expressed their appreciation of his ministry. He says that treatment in the camp is not harsh, but that food is scant and not nourishing. Dr. Bartak's family is in Texas, and he will stay there for some weeks of rest. He is a graduate of Southwestern University and Vanderbilt University, and of the University of Chicago.

Mr. and Mrs. Garland Pearce and daughter of Pampa visited her parents, Mr. and Mrs. W. E. Bowen, from Thursday until Monday morning.

Kelton News

(By Rena Johnson)

KELTON HOMEMAKERS ENJOY ANNUAL OUTING

The Kelton Homemaking and 4-H girls plan to have their annual outing Thursday, June 18 at 7:00 p. m. The group is to meet at the Kelton school and will go from there to where they plan to spend the night.

This climaxes the group meetings for the summer which have been centered around "Gardening for Victory." Choosing vegetables, frame gardening, insect control, canning and drying of fruits and vegetables have been discussed and studied by the girls. Miss Evelyn Plummer, asst. county demonstration agent, has been meeting with the 4-H and homemaking girls when possible.

Mrs. F. F. Monroe of Fort Worth, who has been visiting in the home of her sister, Mrs. C. R. Weatherly and Mr. Weatherly, the past week, has gone to Amarillo, where she will visit another sister before returning to Fort Worth. Mr. and Mrs. Weatherly took her to Amarillo and their son, Joe, came home and visited until Tuesday.

Mr. and Mrs. Denver May and daughter, Alleen, spent Sunday at Dozier visiting Mr. and Mrs. Pearson Barber.

Mrs. Joe Shearer and son, David, and mother-in-law, Mrs. C. R. Shearer, of Amarillo are here for a week's visit in the home of Mr. and Mrs. C. R. Weatherly.

Wheeler County Rural Health Service

WILL BE IN OPERATION

July 1, 1942

We have contracted to preform Health Service for this organization in this territory.

If you are a farmer; farm laborer, or custom contractor; be sure to investigate this Health Service at once.

After July 1, it will be necessary that we institute a cash basis system.

Anyone, who desires to sign for Rural Health Service, come to our office at once.
