City Scrap Drive Here Last Tuesday Is Definite Success

Virtually every office and business house in Wheeler was closed at 4 p. m. Tuesday afternoon as citizens locked their doors to take time off to dig out more scrap metal for Uncle Sam's steel mills.

Places of business, homes, alleys and back yards were searched. In some instances business men took their employees as a crew and used their pickups and cars to bring in thousands of pounds of old stoves, washing machines, cast iron wash kettles, iron bedsteads, lawn mowers and a hundred and one other items. A large per cent of the scrap was brought in Tuesday evening to the local salvage depot, a large "axis coffin" that has been erected on the southwest corner of the court house lawn. Other scrap heaps were stacked and delivered to the salvage depot Wednesday.

One local service station operator donated the use of his time and his truck and brought in 1660 pounds of scrap from one farm.

Sugar Users Warned to Not Let Purchase Certificates Lapse

Sugar users were cautioned today by R. D. Holt, Chairman of the Wheeler County War Price and Rationing Board, against allowing their sugar purchase certificate to lapse. The individual consumer's sugar stamps are not affected.

Uncertainty of arrivals from the Caribbean area and restrictions placed on deliveries in recent zoning orders, occasionally interfere with deliveries within the period for which certificates are valid originally, Mr. Holt pointed out.

"These certificates may be protected by having the local War Price and Rationing Board issue new certificates in exchange for the old, before expiration of the 60-day period for which the original certificates are valid," Mr. Holt explained. "The new certificates will be good for 60 days from the date of their issuance."

Retailers, wholesalers, and industrial and institutional users, to whom the warning was specifically directed, were reminded that they can also have their certificates subdivided by the local board to have them more nearly meet their requirements. This will enable them to surrender to their suppliers certificates closely approximating the weight of actual deliveries. This reminder was made, Mr. Holt explained, because some users, and especially industrial and institutional users, are in the habit of turning over all their certificates for a given allotment period to their wholesalers or primary distributors without first having their purchases confirmed.

"In consequence some certificates have expired while the balance of the sugar for which they called was undelivered," Mr. Holt said. "Such expired certificates cannot be redeemed either by the original holder or the supplier."

"For their own protection, therefore, all such buyers of sugar are advised to surrender to their suppliers only certificates closely approximating in weight value the amount of each requested delivery, and to secure confirmation of the order before doing so."

Among restrictions made in recent zoning orders is one against deliveries by primary distributors on orders or contracts calling for delivery more than three days after the date of such orders or contracts.

Households were advised that War Ration Stamp No. 9 will be good for the purchase of three pounds of sugar for home use between November 1st and December 15. Stamp No. 8, which calls for five pounds, expires at midnight, October 31.

At the same time Mr. Holt announced allotments for industrial and institutional users of sugar for November and December.

Institutional users including hotels, restaurants and similar institutions will be allowed 60 per cent of the sugar base established by them. An allotment of 85 per cent has been set for hospitals treating patients suffering from acute illness and residing temporarily in a hospital.

Industrial users of sugar will receive 70 per cent of the sugar base established by them, during the November-December period. The ration period for industrial and institutional users begins on November 1st, but the Wheeler County Board began receiving applications for these allotments on October 15th and will continue to receive such applications until November 5.

The allotment of 70 per cent for industrial sugar users for November and December is the same as the allotment for September.

THAT FIRST FROST

(By C. G. Miller)

Members of certain vocations frequently develop a flair for sticking their necks out by talking when they should be listening. Newspapermen go far in this direction. Here's the latest incident observed.

From his perilous perch high on a Craig of mythical Mount Parnassus, Lewis Nordyke surveys the scene with a benignant yet impulsive eye. Friend Nordyke, it will be remembered, presents a radio program at 8:15 each Sunday morning over station KGNC, Amarillo, called visiting with the home town editors of the surrounding region.

He has many interested listeners. Last Sunday morning his observations revealed a pale lavender shade of nostalgia for the first frost predictions formerly featured along about this time of year in this and a South Plains newspaper. Nordyke even voiced a mild challenge to your ex-newsboy to rub the rust off his trusty pen and air his views. Permission to do so was courteously extended by The Times management.

Nature, in compassionate mood, intervened. Now it is unnecessary to predict the first frost for this area. It came Sunday night, October 25. Although not a killer-diller, results were disastrous to tender vegetation.

Confidentially, this writer had privately predicted the first frost on Oct. 23, but delivery of many commodities—it may be cited—are subject to priority.

Wheeler Has 682 Men in U. S. Armed Forces

Wheeler county has 682 men in the armed services of the United States, according to records kept by the local selective service board. 257 men have been inducted, 199 have entered the service as enlisted registrants and 226 as non-registrants.

While this amount is greater than those inducted from some counties it is a lesser amount than many, for instance, Hale county reports 1,136 of its men in some phase of military service.

CITY DRUG COMPANY TO STAGE ONE CENT SALE

Next Wednesday, November 4, will be the first day of the City Drug Store's semi-annual one cent sale, Lonnie Lee, manager of the store, announced this week. As is customary with such occasions, scores of items will be offered to the public with two items selling for the price of one plus one cent. The sale comes at a most opportune time for Christmas shopping and many suitable gift items are to be featured in the sale.

Closing time Saturday night of next week will mark end of this event in which early shoppers will have an advantage, although efforts have been made to provide plenty of each item for all demands.

Local News Items

Mrs. Louise Ealum and son, Clay, made a business trip to Pampa Monday.

Miss Nora Isabel Petty of Canyon spent Saturday night and Sunday with her parents, Mr. and Mrs. Luther Petty at McLean.

Miss Beulah Hubbard who is teaching in Amarillo, spent the week end in Wheeler visiting her mother, Mrs. Ollie Hubbard and family.

Mrs. Will Powers returned Monday from Las Vegas, N. Mexico where she visited her husband at Camp Luna, whose address is Pvt. Will Powers, 18077740 Sqn. A, 40th Ferring Command, Camp Luna, N. Mex.

Mr. and Mrs. Tom Bynum of Borger have purchased the Ealum place west of town, and moved there last week.

Mrs. Ernest Evans of Allison, Mrs. Floyd Atherton of Briscoe and Mrs. Hattie Taylor of Ottumwa, Iowa, were in Wheeler, Friday. Mrs. Traylor is here in the interest of her farm near Allison.

Mr. and Mrs. Hugh Walker and daughter of Turnersville were the week end guests of Mr. and Mrs. Bus Jones and daughter. Mrs. Walker and Mrs. Jones are sisters.

Mrs. LeRoy Williams of Laketon spent Monday in Wheeler with Mrs. H. M. Lesser.

Mr. and Mrs. C. W. Darter, Mrs. W. D. Jones, Cordie Jones and Don Jones visited last week with their brother and son and family, Mr. and Mrs. Gus Jones and Mary Helen.

Mr. and Mrs. Jesse Dyer visited in Shamrock Saturday.

Mrs. A. B. Crump left Thursday for a week's stay at Mineral Wells.

MUSTANGS PLAY PAMPA REAPERS HERE FRIDAY NITE

The Mustang football squad are eagerly preparing for what they hope will be their first home football game Friday night, October 30. The opposition will be furnished by the Pampa Reapers, a team doped to be of class A caliber. This Pampa team gave a Perryton team quite a shellacking recently. The Wheeler boys promise their followers and fans some hard, fast football—the kind everyone wants to see.

Last Friday night the Mustangs came up with the short count of a 15 to 0 score playing the very strong Wellington Skyrocks. Wellington has a conference championship caliber team, and those who witnessed the game praised the Mustangs for their gallant stand against the potent Skyrocket line. As a result of excellent kicking given the Mustangs by F. B. Craig, the Skyrocks were driven deep in their own territory on numerous occasions, once taking possession of the ball on their own 2-yard line. It was a break of the game, a 15-yard penalty, that set up the first scoring action of the Skyrocks, which was a safety of 2 points following their blocking of a Mustang punt. A well executed pass accounted for their first touchdown—these first scores coming well in the third quarter. The Mustangs were in scoring position 2 or 3 times but failed to cash in on these opportunities due to very stout line play by the Rockets. Once or twice a pass play almost clicked for a touchdown.

During the past week coach Phillips has been experimenting with a big line, trying to get more power and weight up front. Friday night against Pampa, fans will see two different lines working—one composed of the largest boys on the squad and another composed of lighter but faster and more active boys. Two different sets of backs will be working behind these lines. Perhaps some new stuff will be tried in getting ready for the Shamrock Irish game the following Friday, Nov. 6. At least coach Phillips promises that his team will kick, run and pass all up and down the old gridiron Friday night, hoping to get a real scoring punch under way.

The gates will be open at 7:30 and the game is to begin a few minutes after 8:00 p. m. Shawver of Kellerville, Tehmberg and Crouch of Wellington are to be the officials.

The following boys will probably see action Friday night:

Ends: Johnson, Hunt, Hyatt and Wright; Tackles: Weatherly, Herd, W. C. Noah and D. Farmer; Guards: Pettit, L. Craig, C. Farmer and J. Noah; Centers: C. Pendleton and Hooker; Backs: Robertson, Riley, F. B. Craig, Burton, Hall, Richardson, Jr. Pendleton, Reeves, May and Holt.

38 More County Men Enter Armed Forces

A bus load of fifteen Wheeler county men left here Tuesday morning for physical examination in Lubbock. These, together with twenty-three other who have either enlisted in service or transferred to other boards, make up a call for thirty-eight men to enter the armed forces, one of the largest calls of the county.

J. D. CHILDRESS FAMILY HAS REUNION SUNDAY

On October 25 a family reunion was held for the J. D. Childress family at the home of Lloyd Childress at Briscoe. All the children were present and all the grandchildren except Mrs. Juanita Sumrall.

Those present were Mr. and Mrs. J. D. Childress, Wheeler; Mr. and Mrs. Cecil Childress and children of Natalia, Texas; Mr. and Mrs. J. T. Childress and children, Allison; Mr. and Mrs. Alvin Erwin, Reydon, Okla.; Mr. and Mrs. Howard Caswell and children, Wheeler; Mr. and Mrs. Shelby Johnson and children, Borger, Texas; Mr. and Mrs. Clarence Childress and children of Allison; Mr. and Mrs. Cloris Childress, Canadian; Miss Lula Childress, Mr. and Mrs. B. F. Crossland and daughter of Wheeler; Carl Ray Snyder, Allison, Mrs. Cockrell, Canadian; Mrs. A. H. Moore, Sebastopol, Calif.

Those calling in the afternoon were Mr. and Mrs. B. F. Meadows, Jr., and children, Mrs. Roy Waters and children, Mrs. A. P. Dickinson and daughter, Mr. and Mrs. P. L. Meadows.

This is the first time the family has all been together in several years and everyone spent an enjoyable day.

Mr. and Mrs. Cecil Childress plan to return to their home in Natalia, Texas, Thursday, (today).

Mr. and Mrs. P. L. Ussery returned to Oklahoma City Sunday afternoon after spending several days in Wheeler looking after business.

Gas Rationing Sign-up Changed to Nov. 12-13-14

Texas passenger car owners will register Nov. 12, 13 and 14 for the basic gasoline allowances they will receive when mileage rationing goes into effect Nov. 22. State OPA Director Mark McGee announced recently.

The dates, a change from those previously set, were announced after McGee had received assurances from Washington that supplies will be in the hands of boards by Nov. 7. The registration previously had been set for Nov. 9, 10 and 11.

The registration of passenger cars and motorcycles will take place at school houses throughout the state. The state superintendent's office was asked to get in touch with county school superintendents throughout Texas and ask them to assist in arrangements for school teachers to act as registrars.

Letters also were being forwarded to chairman of county war price and rationing boards, asking them to seek the cooperation of local schools superintendents and principals.

Meanwhile, previous indications that Texas might receive more liberal gasoline allowances than contemplated in the nation wide rationing plan were bolstered at Austin.

The governor has firmly opposed gasoline rationing. It has been his contention that the 35-mile speed limit will accomplish the major objective of rubber conservation.

COFFEE RATIONING NOV. 28

The government has directed coffee rationing to start November 29, but it will be more liberal than many persons have expected. The ration program is designed to reduce per capita consumption to 10.4 pounds per year. For 10 years before 1941 it was about 13 pounds a year but jumped last year to 16 pounds, an all time high.

One pound every five weeks will be allowed for every person who was 15 or older when sugar rationing started last May. This works out to slightly more than one cup a day, and in households where children 15 or older do not drink coffee, the grownups can have the children's share as well as their own.

Moreover, it will still be possible to get a cup of coffee in a restaurant regardless of how much is used at home. Details of the rationing for restaurants are still to be announced but it probably will follow that of sugar, restricting commercial users to a certain percentage of their former consumption.

And those who care to substitute tea, cocoa or other beverages for coffee at certain meals can drink all they wish. No rationing of these drinks is being imposed for the present.

Retail sales of coffee will be stopped at midnight Nov. 21 in preparation for the rationing starting at midnight Nov. 28. In that interval grocers can stock their shelves for the start of rationing.

The sugar ration book will be for coffee and no new registration will be necessary. The first ration of coffee may be purchased with the last stamp in the book, No. 28, and subsequent coffee rations with additional stamps working backwards to No. 19. The plan will involve no curtailment of sugar rations and new books will be available when the sugar and coffee stamps are exhausted.

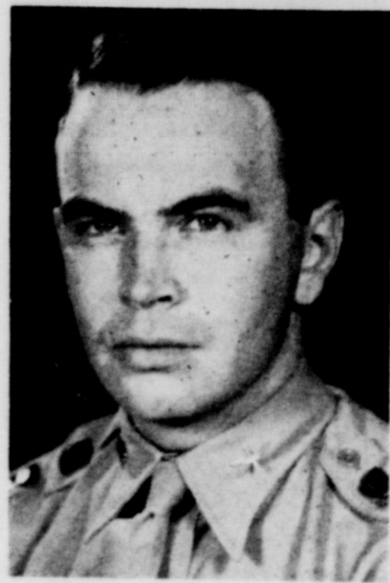

The sugar ration books were issued for everyone from babies to grownups. But only books where the age of the user appears as 15 or older can be used to get coffee.

Kelton Man Becomes Methodist Minister

The Kelton Community learned this week that twenty one young ministers of S. M. U. were admitted to the membership in the North Texas Methodist Conference at its annual session to fill pastorates left vacant by ministers who have entered military service as chaplains. One of these twenty one boys is Rev. L. W. Davidson, Jr., son of Mr. and Mrs. L. W. Davidson.

Rev. Davidson graduated from the Kelton school and attended college at W.T.S.C., Canyon. From Canyon he went to Dallas where he began his work at S.M.U. He has been made counselor of the Young Peoples Sub-District Division of the Wesleyan Church and has been quite popular among the faculty and students there. His friends wish him much happiness and success in his work.

Mrs. Clarence Lee and daughter, Mrs. J. M. Hathaway of Mobeetie visited over the week end with Mrs. Lee's sister, Mrs. Laura Holt at Springfield, Colorado. They returned by way of Spearman where they visited with Mr. and Mrs. J. W. Dart.

CAPT. PAUL WILEY who graduated from Texas A. & M. College Station, with the class of '38 and majored in Petroleum and Administrative Engineering was employed as Petroleum Engineer by the Texas Company for three years and was inducted in the service in August, 1941. He was a reserve officer and entered the service as a Second Lieutenant. Early this year he received his commission as Captain and at the present time is attending an Adjutant General's training school at Fort Washington, Maryland.

Bottling Company Heads Tin Salvage Drive in County

Taking its place with the rest of the bottlers of soft drinks in America, the Shamrock Coca-Cola Bottling Company has announced that it will take up the drive in this county for the salvage of tin scrap for Uncle Sam.

The company is limited to 70% of crowns as used last year for capping bottles, W. Y. Burden, manager of the firm stated this week. The company is forced to salvage all old crowns and send them in to be reclaimed. Now, with the proper permit from the War Production Board, the company is permitted to have new crowns made from the reclaimed tin from gallon or larger cans.

The Price Administration has placed a price limit on used gallon or larger cans of 5 for 1c which the company is glad to pay but is not allowed to pay more. The other requirement is that in order to get the use of the No. 10 (gallon) or larger cans the company is to collect tin cans of every size as well as tin lids and ship them at their expense to de-tinning and tin shredding plants for the government.

The gallon or larger tin cans are to be clean and free from paper labels, but left whole; the smaller tin cans are to be cleaned, dried, paper labels removed, both ends cut out and put inside the can and the can flattened by stepping on it. Put the cans in paper, tow sack or other container and leave them at "V-Depots" at schools or stores handling the bottling company's products. Signs indicating the depots and a container will be placed at these locations.

MORE CONTRIBUTIONS MADE FOR RED CROSS KITS

During the past week the following contributions for the Red Cross Kits have been made to Miss Clara Finsterwald, Treasurer: Harry Wofford, \$5.00; Terrell Gunter, \$5.00; Dutch Vahue, Russell Stationery Co., of Amarillo, \$1.00 and S. W. Williams, \$1.25.

These contributions are in addition to the 50 kits to be furnished by the Wheeler Lions Club.

LIEUT. BILLY HISE INJURED IN ACTION

Mr. and Mrs. Henry L. Hise of Shamrock received a letter from their son, Lieut. H. W. (Billy) Hise, last week stating that he had been injured in action.

The letter, written on September 30, was received on October 21. It was postmarked at Naval Mobile Base Hospital, No. 4 B. R., New York.

Mr. and Mrs. Hise had received a telegram from the War Department earlier in the week informing them that their son had been injured.

Lieut. Hise is with the Marine Unit 700, and his address is in care of the Postmaster, San Francisco, Calif.

He is a brother of Mrs. Helen Hise Blake, clerk for the local ration board.

Mrs. H. C. Redding and daughter Mrs. Nan Almond of Mobeetie accompanied by Mrs. Jimmie Mitchener, spent Tuesday afternoon in Shamrock.

Light Balloting Predicted for General Election

General election balloting next Tuesday is expected to be light in Wheeler county as is generally expected in other counties of the state.

There are 3,241 paid poll taxes in the county and 105 exemptions, but it is doubted if voting will exceed a fourth of this amount since it is generally conceded that in Texas the second Democratic primary "tells the tale" so far as the election of officials is concerned.

There are, however, five amendments to be voted upon and the importance of these should attract the attention of the voters' responsibility.

There are two parts to the official ballot, which measures 13 inches wide by 22 inches long. Upper portion is divided into five columns, one each for Democratic, Republican, and Peoples Unity parties, the fourth marked "independent candidate" and the fifth blank, reading from left to right.

Bottom part of the ballot has space for voting on five proposed amendments stating pro and con in each case.

An explanation of the wording of amendments:

John Tarleton appropriation—this refers to the amendment authorizing the legislature to pay for building constructed by John Tarleton college.

Military instructors—which amendment would permit accounting officers of the state to draw and pay warrants for salaries to officers of the United States army and navy who are assigned to duties in state institutions of higher education.

Anti-deficit—this refers to the amendment requiring appropriation bills passed by the legislature to be presented to and certified by the comptroller of public accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off state obligations outstanding September 1, 1943 and fixing the duties of the legislature and comptroller of public accounts with reference thereto.

Probate jurisdiction—this amendment would provide that the legislature may be in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal, or probate matters.

State office building—referring to the amendment authorizing the investment of more than \$2,000,000 of the permanent school fund in Texas (Continued on Last Page)

MRS. DAVID EATON TO PRESENT "CHALK TALK" AT LOCAL METHODIST CHURCH

The Sunday evening services at the Methodist Church will be in charge of Mrs. David Eaton, who will give a "Chalk Talk" with Mrs. J. L. Gilmore furnishing the organ accompaniment. The service will begin at 8 p. m.

BRISCOE RED CROSS CALLS FOR MORE WORKERS

The Briscoe Red Cross Sewing room is open each Thursday afternoon at 2 p. m. and is greatly in need of more workers.

Those present last Thursday, Oct. 22 were Mesdames B. F. Holland, Sam Standlee, C. P. Waters and William Jackson.

Don Wilson, son of Mr. and Mrs. Milton Wilson, is enrolled in Abilene Christian College this year as a senior.

SOMETHING TO THINK ABOUT HALLOWE'EN NITE

This year more than ever before, there is a nation wide plea for the Hallowe'en pranksters to confine their pranks to a more humorous nature instead of the malicious destruction so evident last year and in the past.

Repair or replacement to property damaged is practically an impossibility now due to material shortages of every kind. Youngsters of some communities plan to gather scrap Hallowe'en night.

Pause—think of our boys in the armed forces giving their all to protect the land of the free and the home of the brave. Are we brave if we go out and deliberately and willfully destroy? Think of them and you won't want to destroy anything but the enemy.

We want to be good soldiers at home; let's all pull together and protect the home front while they are there keeping the enemy from our shores. How about it, Soldier?

Since they are eating less sugar, maybe the women won't need the rubber girdles they may not be able to get.

The writing on the wall is everywhere now, for anyone to see—regimentation. Regimentation of jobs, of income, of living conditions, of time, thought and action.

This is one of the demands of total war in seeking the greatest efficiency and production from available man and woman-power. How to so gear output that our standards of living at home will remain "American" and our armed forces will be supplied on time with all the unprecedented needs of global warfare, is the problem.

In theory, it is protection through equalization, "temporary" control of individual activity for the country's good in time of emergency.

While our people willingly accept "temporary" restrictions as a necessity of war, the thing to remember is that word "temporary." We must not drift into a mental attitude that will pave the way for permanent regimentation. That isn't the kind of people we are.

What we have, what we are fighting for, is our roots, growing deep into the soil of free enterprise and free thinking, and the privilege of minding our own business. That privilege is what we must go back to, after the war, if freedom as we have known it is to survive in America.

Most of the people who tell others not to read the Bible haven't read it.

The go-to-church movement can be given your personal support without any community drive.

Nowhere has war caused more havoc than in agriculture.

Almost no new farm machinery is available. Repair parts for existing machinery are always difficult and sometimes impossible to obtain. The cost of everything the farmer must buy is at record levels. Worst problem of all is the farm labor situation. The draft has taken many farm workers. And the farmer simply can't afford to pay shipyard wages for help—with the result that tens of thousands of workers have left the rural areas to find high-priced jobs in war industry.

This, in part, is the farmer's answer to those who think that the increase in farm prices means that all is well down on the farm. The plain truth is that most farmers are wondering how they will be able to keep in business—and to effect the increases in production the government wants.

Let's head off shelling in the future by shelling out now—for defense bonds.

On The Home Front

With 2 weeks remaining before registration gets under way for gasoline rationing and before trucks and commercial vehicles must have ODT certificates of war necessity in order to operate, all eyes on the Home Front this week turned to the government's mileage rationing plan—a plan which it is hoped will keep all American transportation rolling on rubber tires for essential travel.

Farmers, ranchers and others in the vast spaces of the great southwest were asking: "Will I get enough gasoline to take my produce to market? Will I be allowed enough gasoline to look after my stock? May I keep my trailer tires?" These were a few of the questions but hundreds of others were popping up.

Regional Price Administrator Max McCullough assured farmers they would be allowed plenty of gasoline for their necessary travel. In the southwest, he pointed out, we are rationing mileage to conserve rubber—not gasoline. The farmer is listed in the "perferred" class by preliminary regulations. He comes near the preferred classification when transporting farm products and necessary farm supplies between farm and market, shipping point or point of delivery or between one farm establishment and another. If this occupational driving requires more mileage than is permitted with an "A" and "B" book, he will be given a "C" book.

The "A" book, which every passenger car owner is entitled to if he owns no more than five tires for each passenger vehicle, is good for 90

miles of personal driving and 150 miles of occupational driving per month. The "B" book permits 320 miles of occupational driving per month. If the two books together still do not take care of the farmer's needs, then he can apply for the "C" book which contains 96 coupons worth four gallons each and is good for a three month's period. It may be well to point out that local boards can "tailor" the books to fit the individual's approximate exact needs. This is done by tearing out coupons or extending the period of time for which a book of coupons is valid. The motorist may get "A" and "B" books, or "A" and "C" books, but not all three.

The government's idle tire purchase plan caused many inquiries to OPA officials. It was emphasized that "A" books will be denied passenger car owners if they possess more than five tires for each passenger car they own. The Railway Express Agency is the official idle tire station. Excess tubes are not included in the program but the government will buy them because they are badly needed. Truck-type tires are not included in the program but Uncle Sam will buy them too. Truck-type tires are marked as such on the sidewall of the casing. Tires actually mounted on the running wheels of passenger car trailers and similar equipment may be retained but no spare passenger-type tires are permitted for such equipment.

Although truck operation will be controlled under the over-all rubber conservation program, rules concerning them will differ from those governing passenger cars. Beginning November 15, trucks and other commercial vehicles will have to have certificates of necessity to enable drivers to buy rationed gasoline, tires and repair and replacement parts. Applications for the certificates have been mailed to commercial vehicle owners everywhere, but should any have been missed they should write immediately to the nearest Office of Defense Transportation district office for the necessary forms.

Owners already having received their blanks are urged to fill them in with care and mail them immediately to Detroit in the envelope mailed with the blanks. If blanks are held too long they might get in a mail jam at the last minute and deprive a vehicle of its certificate by the effective date. As an assistance to farmers, County Farm War Boards have volunteered to help with the application blanks.

Elsewhere on the Home Front, new developments concerning food and clothing were important during the last week.

Of greatest interest to women, probably, was the OPA order for sharp reductions in the prevailing "fantastic prices of women's nylon hosiery. The order (MPR 95) set maximum dollars-and-cents prices for all types and constructions of nylon hosiery for retailers, wholesalers and manufacturers. Retailers must post these ceiling prices where they may be seen readily by customers. If the prices aren't prices, or if there are any violations, women are asked to

report to their local war price and rationing board.

As for food, the two big items concern dried prunes and raisins and canned sauerkraut. There is going to be more of the former and less of the latter.

After a three month period in which 1941 and 1942 stocks of dried prunes and raisins were "frozen" by WPB to make them available for the armed forces, the WPB now is allowing processors to release 20 to 40 per cent of their dried prunes and 40 to 100 per cent of their raisins for civilians use.

Paving the way for a return to the kraft barrel era, the WPB froze all stocks of canned kraut held by any person except retailers, in excess of 50 or more cases. The move is intended primarily to promote distribution and consumption of the 1942 supply of bulk kraut. The WPB isn't allowing the use of metal to can any more this year for sale to civilians.

Farm Machinery Production Cut

The farm machinery and equipment industry has become the first major industry in which WPB's concentration policy has been put into effect. The WPB ordered transfer of practically all production of farm machinery and equipment from large companies to small and intermediate producers. Production quotas allowed under previous orders also are cut about 50 per cent. New machinery quota will be held to 20 per cent of 1940 production, and repair parts will be produced at a rate of 130 per cent of that year's output.

Big Pipeline Due to Operate Jan. 1

Start of oil deliveries through the big 531-mile pipeline from East Texas to Illinois is scheduled for about January 1, if power connections can be made by that time. Crews were

well past the halfway mark on October 16. Capacity of the line will be 300,000 barrels of crude or heating oils daily.

Reporting Forms Available For Merchants

Reporting forms required under Maximum Price Regulation No. 177, governing prices of men's and boys' tailored clothing, now are available at all state and district OPA offices. The complete reports must be addressed to the Apparel Section, OPA, Washington, D. C.

USDA Controls Livestock Market

A directive conferring board control over livestock, defined to include cattle, calves, sheep and swine, upon the Secretary of Agriculture has been issued by the WPB. In effect, this will permit the Department of Agriculture to direct marketing of livestock.

Non-Military Federal Building Halted

Practically all non-military construction for federal government agencies planned for 1943 will soon be halted, WPB Chairman Donald M. Nelson announced. He has ordered that priority assistance to such projects be revoked except where the construction is essential to the immediate future of the war effort.

Canned Food Use

If every one of America's 31,000,000 families would reduce its purchase of canned foods by one can per week, thousands of tons of critical tin and steel would be released to make cans for shipment of food to our soldiers and allies. Housewives can make up for reduced consumption of canned foods by using fresh fruits and vegetables in season, canning foods at home and planning a Victory garden next spring.

What's the smart strategy at 00 miles per hour?

JOIN FREE

Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check tires, oil, radiator, battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything he finds you need for the duration of your car! Care For Your Car... For Your Country

THE well-dressed woman will be wearing overalls—if that's what it takes to care for her country's cars. And on civilian duties she doesn't go faster than 35—to get there without undue wear. But there's still another main battlefield against wear... at 00 miles per hour!

When your car's stock-still, starting cold, will your Winter oil work faster than rampant Friction? You can hope so—or you can have your engine OIL-PLATED by Conoco Nth motor oil. An added synthetic in this patented oil seems to "magnetize" OIL-PLATING to inner engine surfaces as closely as the plating on bumpers.

Where does any good plating go during parking or overnight? It doesn't go. It stays. Neither does OIL-PLATING all go draining down to the crankcase. Long hours after you stop—long minutes before any oil from below could climb way up—the OIL-PLATING that stayed up can be easing cold starts. OIL-PLATING is still there at 35-an-hour, too, assisting the high-duty liquid film of Conoco Nth oil to keep wear that much farther away.

Not much chance now of changing to a new car. Smart strategy is changing to an OIL-PLATED engine—at Your Mileage Merchant's Conoco station. Continental Oil Co.

THE STATE OF TEXAS

TO: B. L. Throneberry, if living and if not living, then to all of the unknown heirs of the said B. L. Throneberry, deceased, and also to Lula Belle Throneberry, wife of the said B. L. Throneberry, T. P. Higgins, N. W. Ross and wife, Lizzie Ross, Defendants, GREETING:

You are hereby commanded to appear before the Honorable 31st District Court of Wheeler County, Texas at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, the same being the 14th day of December, A. D. 1942, then and there to answer Plaintiff's Original Petition filed in said court on the 28th day of October, A. D. 1942 in this cause, numbered 3419 on the docket of said court and styled Louis Landauer, Plaintiff, vs. B. L. Throneberry, if living and if not living, then all of the unknown heirs of the said B. L. Throneberry, deceased, and also Lula Belle Throneberry, wife of the said B. L. Throneberry, T. P. Higgins, N. W. Ross and wife, Lizzie Ross, Defendants.

A brief statement of the nature of the suit is as follows, to-wit:

Plaintiff sues to establish and foreclose as against all defendants a certain mortgage and mortgage lien securing a certain mortgage note in the principal sum of Two Thousand (\$2,000.00) Dollars, dated January 25, 1926, due November 1st, 1932, payable to the order of The Pittsburg Mortgage Investment Company, a corporation, with interest at the rate of Six Per Cent (6%) per annum from date, said mortgage and note given and signed by Pearl Been, a widow, covering the South Half of Northeast Quarter and East Half of Southeast Quarter of Section 1, Township 8 North, of Range 27, WIM Beckham County, Oklahoma, it having been determined by decision of the Supreme Court of the United States, dated March 17, 1930, that 22.67 acres of the west side of the above described land is located in Wheeler County, Texas. Said 22.67 acres has been surveyed and is now known as Section 86, in Block OS, in Wheeler County, Texas. Under the terms of Article 5330a of the Revised Civil Statutes of Texas, the plaintiff, being the owner and holder of said mortgage and note, as lienholder made application for patent

Remember Pearl Harbor

No true American will ever forget the date of Dec. 7, 1941. Nor will any American forget the cry of Remember Pearl Harbor. This cry will go down through history as did the cry of Remember the Alamo, Remember Goliad, in Texas' fight for freedom. And no Jap will ever forget the treachery that they poured out on America. You will want to see the picture of Pearl Harbor treachery which comes to the Rogue Theatre, Friday and Saturday, October 30 and 31, and we hope as many of you as can will try to come on Friday night and thereby make room for others on Saturday.

Sergeant York

Sergeant York is the picture opening at the Rogue Preview Saturday October 31 and running through the following Tuesday. Ordinarily we only run a picture preview and two days, but in order to accommodate the large crowds who will want to see Sergeant York we are running it an extra day, Tuesday. This picture has been running on the American screen for more than a year at advanced admissions, but now you can see it in Wheeler at regular prices. There will be only one exception to the regular admission and that is for preview ALL SEATS will be 30 cents. The rest of the time kids will be admitted for 11 cents and adults for 30 cents. The picture is rather long, running two hours and twenty four minutes. So we suggest that you plan to be there when the show starts.

Sailors On Leave

And just for fun we offer Sailors on Leave for Wednesday and Thursday, November 4 and 5. We readily admit that there is not a thing to the picture, but we believe that it will please and amuse you at the same time. It is just another picture about the little nothings that the boys in the service are supposed to do and think. This one, of course, concerns the boys in the Navy. It is just built for the sole purpose of provoking laughter and as such we recommend that you come out and see what makes the soldier tick.

Carroll P. Adams, youngest son of Mr. and Mrs. W. W. Adams, has volunteered in the Coast Guard and reported for duty about ten days ago. He volunteered in Amarillo, where he has lived for the past several months.

HOME MAKERS --- Your Country Needs TIN CANS!

Deliver to 'V' Collection Depot
In Your Neighborhood

Salvage MATERIALS For UNCLE SAM NOW! Every Bit Helps!

Prepare Small Cans Thus:

1. WASH cans thoroughly. Remove paper labels.
2. OPEN cans, bottom as well as tops. Tuck in tops and bottoms.
3. FLATTEN cans. Leave enough space between flattened sides to see through them.
4. KEEP "prepared cans" in a suitable container. Deliver to V collection depot in your neighborhood.

Fulfillment of requirement for the defense of the United States has created a serious shortage in the supply of tin.

Tin is needed for defense . . . for food containers for our soldiers . . . for our allies . . . for perishable foods at home. Tin is vitally needed for our war industries.

Manufacturers and retailers of bottled soft drinks are cooperating with local and national salvage officials to speed this precious metal on its way to war industries.

All of the tin and steel in cans collected from housewives is used for war production—for tanks, guns and airplanes, as well as food containers for our fighting men.

Your neighborhood retailers are playing an important role—they are collection centers to which the housewives of this community bring their "prepared" tin cans. Our trucks are helping in this war effort by collecting these cans from the retailers and arranging for shipment to the nearest detinning plant.

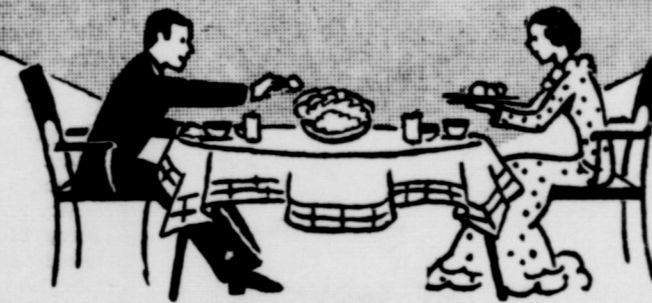

Homemakers—your country needs tin—Take your "prepared" tin cans to the nearest retailer today.

We are still collecting used soda water crowns, which we send in for reclamation, and we are permitted to use 10 gallon, or larger, cans for crowns. Leave them whole, remove the paper labels and clean.

The Price Administration has placed a price limit on used gallon and larger cans of 5 cans for 1c. We are glad to pay that price but cannot pay more.

PEEPING IN THE WHEELER TIMES WINDOW

Contributions for window display this week are new potatoes and a 6½ lb. stock beet presented by A. C. Wood.

A very unusual carrot displayed was grown and presented by Frank Noah. It has three spears or prongs making it look very much like a stalactite and that it might have come from Carlsbad Caverns.

Mrs. Newman Riley presented the Times office for display, a bunch of green tomatoes, eight in all, on one stem.

The latest contribution is two enormous turnips brought in by Mr. G. W. Mason who resides 7½ miles east of Wheeler.

We still have the unclaimed license plate, but other articles mentioned last week have gone to their owners. Thank you very much for these fine contributions.

QUICK PORK, FOR BIGGER PROFITS

The faster you get your hogs to market and the less feed it takes to get them there, the more money you make. You can do this and also get premium prices for fine finish. It's worth a lot. Many of my customers feed Watkins Mineral Compound for Hogs for that kind of results.

Don't take my word for it. Let me show you what regular users say about it. I'll be seeing you soon and will prove what I say.

Wait for my call to buy your household needs, such as Extracts, Spices, Toilet Articles and Medicines. I have some real bargains in the famous Watkins Products and it will pay you to wait.

Mobeetie Halloween Carnival October 30

The Mobeetie Halloween Carnival will be held Friday, October 30. This is the first year that the carnival has been held in several years, and due to this, a large crowd is expected to attend this event. The fun will start about 7:30 or 8:00 o'clock. There will be all kinds of games to entertain the people and everyone will have something to do. Anyone can even chunk at the Japs with baseballs and can spend the evening in a thrilling game of bingo. The entire funds of the carnival will go toward school activities. Everyone is invited to have fun and also to help the school.

Happenings Around School

The gymnasium got a thorough cleaning last week by a group of patriotic boys. Old books, trash, and useless articles were burned.

The teachers and library keepers have established a black list for those who spend all their time visiting or loafing in the library. Reports say

Uncle Sam Needs
 All of the
 Meat · Milk · Eggs
 You Can Produce

Getting the food for our fighting men and workers is just as important to Uncle Sam as getting arms and ammunition. It's up to you to do your part in the production of food for freedom. We have plans and feeds to help you do your job.

Bring us your cream, poultry and eggs—You'll find us right on price—right on count and test and right happy to serve you. Your neighbor brings his produce to us—ask him.

it is very effective. Report cards were handed out last Wednesday afternoon.

The library received some new books last week. They were as follows: "Stars Rising," "Buccaneer Islands," "Painted Arrows," "Abilene Trail," "Sky Hostess," "Singing Bird," "Discovering My Job," "Brave Ships of England and America," and "Sugar Shanty."

Best Wishes To

Jean and J. W. Seitz, who were married last Wednesday, October 21. They will be at home in Mobeetie.

Luvene and Fred Revis. They were married October 18. She is the former Luvene Red of Mobeetie. The couple will be at home in Kelton.

Future Home Economics Club Met

The future homemaking club held a call meeting Wednesday, October 21, in the Home Economics room. The club decided that they would meet on Wednesday, every other week.

The girls in the club are also anxious to start making red cross garments. The garments were issued to the girls Tuesday afternoon.

Teacher Absent From Grade School

Mrs Willard Godwin taught school in Miss Dewey Gibson's place last week due to Miss Gibson's being ill.

Senior Candidate in the Lead

The Seniors sweetheart is in the lead. She, Mildred Grammer has 525 votes, the Freshman candidate has 390, the Junior candidate has 315 and the Sophomore candidate has 213 votes. The Senior candidate was trailing last week. The contest ends Friday night at the carnival. The Seniors are really proud of their sweetheart.

Navy Day

The pupils of the Mobeetie High School celebrated the "Navy Day" last Tuesday. During the program the pupils sang such songs as: Don't Give Up The Ship and Anchors Away. Aubrey Lee Leonard gave a report on John Paul Jones, the Father of the American Navy.

Juniors Sell Popcorn

The juniors are selling popcorn to make money for the many needs of a junior class. This corn was grown by no other than Stacy Arnold and popped by the junior girls. The Juniors claim this is the best corn in Mobeetie High School.

Senior Picture Day Thursday

The seniors came to school last Thursday all dressed up. The boys looked like preachers. All the students were looking forward to a sermon by Bro. Sivage. As for the girls they all looked like Hedy Lamars, and our sponsor looked like Lana Turner with that beautiful blond hair.

Mr. Ellis thought the girls were cute especially that little secretary. He complimented the new red dress of Mary B's, and the brown eyes of Pauline S. W. B. certainly did learn how to pose.

Art R. is planning to give his sweetheart picture to B. B. of Wheeler. Our president smiled very sweetly to make a cute picture for that little Pampa girl B. M. W.

The class is wondering whether R. Z. is going to give his sweetheart picture to O. S. or A. M. We think V. S. is going to give his picture to M. C. A. D. is almost certain she will get one of J. T. J.'s. Our editor is undecided where he will send his picture. C. S. is giving his to a Barber.

Whispering Winds

Question—Is it true that the juniors are selling popcorn balls to buy their play books? Answer—Well, as you heard in announcement period, the money was to go into the junior fund. As to what they will do with it, I could tell you more about it after October 30.

Question—Could you explain why the seniors seem happier during the last week than during the previous school year? Answer—With Pauline

A New Dictionary of Quotations has been compiled by H. L. Mencken, who has collected 33,000 witty and wise sayings. Having little use for platitudes and bunk, his collection is different. Just to give you the flavor of the volume, here are a few to be found on the subject of smoking.

A good cigar is as great a comfort to a man as a good cry is to a woman —E. G. Bulwer—Lytton.

Smoking—A custom loathsome to the eye, harmful to the brain, dangerous to the lungs and in the black stinking fume thereof, nearest resembling the horrible Stygian smoke of the pit that is bottomless—James I of England.

What smell so? Has somebody been burning a rag or is there a dead mule in the back yard? No, the man is smoking a five-cent cigar —Eugene Field.

Tobacco—A lone man's companion, a bachelor's friend, a hungary man's food, a sad man's cordial, a wakeful man's sleep and a chilly man's fire —Chas. Kingsley.

Running for State office, even if you don't win, has its pleasant side. For Sentimental reasons, I was happy at leading for Lieutenant Governor in Brown and Uvalde counties, where I had attended school; in Menard County, where an unforgettable boyhood vacation was spent at old Fort McKavett; in Irion County, where I married; in McCulloch County, which years ago helped me regain my health, and in Tarrant County, my present home.

E. C. Lowe, editor-publisher of the Lometa Reporter, told his friends about the days that we worked together on a West Texas paper, and the vote in Lometa was 298 for House and 33 for the next man. The senior class of San Saba High School "adopted" me as their candidate. Billy, young son of Editor W. C. Fancher of Corrigan, marched up and down in front of the polling place all day, carrying a placard he had made, boosting one friend for "constable" and House for Lieutenant Governor. For up in the Panhandle, Dallam County honored me with a clear majority over all eight opponents put together—Jess Morris, old-time cowboy; Publisher Ed Bishop, Editor Albert Law and other friends had much to do with this. Clear majorities al-

Shelton back, it seems more like Mobeetie High.

Question—Why does A. L. and A. R. stay in the library so much during the second and third period? Do they have a hard time selecting a book? Answer—No, I think they believe the librarian is over worked and needs some help.

Question—Why was J. Walker so sad last week? Answer—There were two or three reasons, but the main one was that Frank M. was absent.

Question—Are W. B. and A. L. L. on speaking terms yet? Answer—They will speak to each other but are not talking much.

Question—Is it true that J. E. is furnishing the salt for the juniors popcorn? Answer—I think that story is making the rounds but I wouldn't tell it out of Texas.

LEGAL NOTICE

(First published in The Wheeler Times Oct. 15, 1942). 4t

CITATION BY PUBLICATION
 THE STATE OF TEXAS
 To Nettie Faye Miller, defendant,
 Greeting:

You are hereby commanded to appear before the Honorable District Court of Wheeler County at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 30th day of November A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 14th day of October A. D. 1942, in this cause, numbered 3414 on the docket of said court and styled John L. Miller, plaintiff, vs. Nettie Faye Miller, defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce, plaintiff alleging defendant guilty of cruel, harsh and mean conduct toward the plaintiff of such nature as to render their further living together insupportable as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas, this 14th day of October A. D. 1942.

(SEAL) Attest:
 ARTIE LEE HUNT,
 Clerk District Court, Wheeler County, Texas.

so were given by Kenedy County, where Denver Chesnut lives, and Tarrant County.

Many friends worked long and tirelessly. Others (whom I never had the pleasure of meeting) felt that they knew me because of a mutual friend or because of this "column" or the Sunday radio programs; and they wrote to their friends. A man does not forget these things.

Hilton R. Greer, literary editor of the Dallas News, has written some very fine poetry. Not long ago, he was in a grocery store, when an acquaintance asked facetiously, "What does a poet eat that he may sing?" Greer replied, "Canary bird seed."

But a friend of mine says canary

bird seed is a fake. He planted some but not a single canary sprouted.

He's the same friend who bought a sack of moth balls and then returned to the store and wanted his money back. "I threw every one of those moth balls and never hit a single moth," he complained.

bonds to be issued for the construction of a state office building or buildings and providing for repayment of the sum to the permanent school fund.

Only party to have a complete ticket is the Democratic with officers ranging from U. S. senator to constable.

The Republicans have 12 candidates:

Dudley Lawson, senator; C. K. McDowell, governor; B. J. Peasley, lieutenant governor; Enoch G. Fletcher, attorney general; John Beveridge, chief justice of the supreme court; Ralph Currie, judge of the court of criminal appeals; Eugene Nolte Jr., railroad commissioner, unexpired term; W. G. McClain, railroad commissioner, regult term; A. E. Dumont, state comptroller of public accounts; John A. Donaldson, commissioner of general land office; Mrs. Robert Osbourne, state treasurer; Mrs. Earl H. Baird, state superintendent of public instruction.

On the Peoples Unity ticket are the names of Charles Lavergne Somerville for governor; Pat A. Fleniken, attorney general; Thomas Nye Ballard, railroad commissioner, regular term; Robert Grammer, state comptroller of public accounts; Benjamin Columbus Young, commissioner of the general land office; John C. Calhoun Dyer, state treasurer; A. A. (Al) Klose, commissioner of agriculture.

Center of most political interest will be in the senatorial race between W. Lee O'Daniel, Democratic nominee, Dudley Lawson, and Charles Lavergne Somerville, and the governor's race, between the Democrats Coke R. Stevenson and C. K. McDowell.

Election judges appointed by the county commissioners court for the various precincts of the county are as follows:

1-Mobeetie, Aubry Greenhouse; 2-Briscoe, T. A. Treadwell; 3-Wheeler, R. H. Forrester; 4-Allison, W. S. Farmer; 5-Stanley, Ben Trout; 6-McBee, T. M. Britt; 7-Porter, J. A. Welch; 8-Gracey, L. L. Basketball Game
The Kelton Basketball boys and girls played the Briscoe boys and girls on the Kelton court Friday evening. Both games were very interesting. The Kelton girls won their

game by two points, at the end of the game the score was a tie. Three minutes was given to play and the Kelton girls made one score, winning the game. The Briscoe boys under the supervision of C. C. Brown, former Kelton coach, won by a wide margin. The referee was from Mobeetie. Both games were very interesting.

Methodist Church
The Kelton Church wishes to invite everyone who does not attend services elsewhere to come and be with them each Sunday.

Sunday, November 1, is the regular preaching day, with Rev. Blaylock in charge. As Rev.
