## Wheeler Boys Win Track-Field Meet

### Shamrock Out-scores Wheeler on Total Points in County Event

Saturday, April 4, marked an exciting day for the track fans of Wheeler and Wheeler county. The annual Interscholastic League track meet, held at Shamrock, was as it was predicted, an interesting as well as exciting contest.

The Wheeler Mustangs defeated the Shamrock Irish in points, 78 to 63. Thirteen boys represented the Mustang senior team, twelve of them won places, qualifying them for the district meet April 18. These thin clads garnered 5 of 9 first places in the running or track events and swept all 5 first places of the field events.

Bill Cosper was high point man with 20 points, while Glenn Robertson was a close second with 18 1/2 (the 440 yard relay giving him but 1 1/2 points, although he won four firsts).

The members of this winning team, their total points and places won are as follows:

Bill Cosper—20 points; 1st. place in mile run, high jump, discus; 2nd. place in broad jump; 3rd. place in shot put.

Glenn Robertson—18 1/2 points; 1st. place in 100 yd. dash, 220 yd. dash, broad jump, 440 relay; 3rd. in pole vault.

Chas. Ray Riley—8 1/2 points; 1st. place in shot put, 440 relay; 3rd. in discus.

F. B. Craig—7 1/2 points; 1st. place in pole vault; 2nd. in high hurdles. Ollie Burton—5 1/2 points; 2nd. place in low hurdles, tied for 2nd. in high hurdles.

Junior Pendleton—5 points; 1st. place in 440 yd. dash.

Lowell Pendleton—3 1/2 points; 3rd. place in 100 yd. dash; 1st. in 440 relay.

Clifford Farmer—3 points; 2nd. place in 880 yd. dash.

Doy Red—3 points; 3rd. place in low hurdles; 4th. in mile run.

Harry Garrison—2 1/2 points; 4th. place in broad jump; 1st. in 440 relay.

Glenn Hale—1 point; 4th. place in 440 yd. dash.

Jim Johnson, 1 point; 4th. place in 880 yd. dash.

Odous Hooker, no points; entered in 880 yd. dash.

The high school junior team did well also, winning second place after failing to enter the broad jump event. Gene Hall and Donald Hunt took third and fourth places in the 50 and 100 yd. dashes. Hall, Hunt, Carroll Pettit and Lewis Craig won the 440 yd. relay—Hall and Hunt running their lays well. Gene Hall also tied for first place in the high jump, making him high point man for Wheeler's junior team with 8 1/2 points.

In the grade school events W. R. Sartor won 1st. in 100 yd. dash; 3rd. in 50 yd. dash; Donald Reeves, 4th. in broad jump. Benny and Howard Westmoreland completed this team.

## Jake Tarter Speaks to Lions Members

County agent Jake Tarter made a most interesting talk to Lion's club members Tuesday at their regular bi-monthly meeting held at the Methodist church. Tarter told of the surprising amount of produce being marketed by Wheeler county residents.

Two new members, Glenn Render and James Eiland, have been received into the club and an ex-member, Dr. V. N. Hall, has been re-instated.

The group plan a ladies' night meeting on the evening of April 20, the next regular meeting date.

The club is sponsoring to important movements at this time, that of investigating the possibilities of the location of a food locker system here and sponsoring a Red Cross First Aid program.

## DUDLEY CALLAN LEAVES FOR CADET EXAMINATION

Dudley, son of Mr. and Mrs. M. B. Callan, left Tuesday for Dallas where he was to take his final check-up before entering training as a flying cadet. Young Callan enlisted in the air corps February 25. He has been working for the Crescent Cleaning shop for the past year.

Louise Gill, city high school pupil, will be out of school all the week from illness.

## Will Visit County

MISS ONAH JACKS

Miss Onah Jacks, State Girls' 4-H club agent, plans to visit in Wheeler county, Saturday, April 11.

Miss Jacks, once a 4-H club girl herself, has been leader of the 38,351 girl 4-H club members since 1936. She was born at Austin and graduated from the University of Texas. Before entering extension work she taught in Austin, McMahan and El Campo. In 1931 Miss Jacks became county home demonstration agent of Falls county and two years later she was called to the extension headquarters staff as specialist in landscape gardening.

## R. H. Forrester Is Named Mayor

### Two Aldermen Elected In Light Vote Tuesday

Only thirty-three ballots were cast in Wheeler's city election Tuesday when a mayor and two aldermen were elected. No names were filed or printed on the ballot and the officers were chosen by the voters writing in the name of their choice.

In the mayor's race R. H. Forrester received 23 votes, Lee Guthrie 3 and Bob Rodgers 7.

Joe Tilley with 22 votes and S. D. Conwell with 15 votes were elected to the aldermen positions. Other names written in on the ballots for aldermen were John Lewis, J. M. Lawrence, R. G. Russ, J. M. Burgess and D. O. Beene with Lewis receiving 13 votes and the remaining four men 1 vote each.

Hold-over aldermen are Tony Puckett, Harold Nash and H. E. Young.

W. B. Wofford was presiding judge in the election and Mrs. Inez Garrison and Helen Green acted as clerks.

## Beneficial Rain Is Received this Week

An approximate inch of moisture fell in this area starting early Tuesday and temperatures hovered around the freezing mark reaching a low of between 33 and 34 early Wednesday, according to charts of the Wheeler Gas company.

The rain will put Wheeler farms in fine condition for spring planting. Much of the ground has already been prepared as farmers were taking advantage of the several days of warm weather prior to the cold snap.

According to reports in an Amarillo paper several communication lines were down in that area late Wednesday and a slight damage to trees and shrubs was reported, but the extent of the ice damage did not compare with that of November, 1940.

Miss Gayle Wilson was home for the Easter holidays. She is returning to Denton today and will assume her studies at the North Texas State Teacher's college.

## HOSPITAL NEWS

Vondell Wallace, age 7, is in the hospital with the flu.

J. H. Prater of near Canadian is in the hospital for general treatment.

G. A. Brown of Allison is in the hospital for general treatment.

Mrs. A. D. Alexander of Mobeetie is in the hospital for general treatment.

John Lewis returned home from the hospital Wednesday.

Sam Britt is returning home today, Thursday from the hospital.

Mrs. Sid Morgan is improving slowly.

Mr. and Mrs. Ira Mann of Allison are here with their infant daughter, who is quite ill in the hospital.

## Wheeler 4-H Boys And Girls Do Their Share for America

Wheeler 4-H club boys and girls, with a million and a half of their fellow members throughout the United States, are doing their part to shield the nation from hunger in war and peace time. Mobilizing its ranks and resources during the National 4-H Club Week this week local clubbers along with the national 4-H army are pledging an all-time high in food production during the year.

With the assistance of James Eiland and Miss Evelyn Plummer, assistant county agents for this county, club members have worked out the following report on the activities of local clubs, highlights or recent years and outstanding accomplishments of some of the members.

Pages could be printed about what various clubs over the nation are doing but The Times editor deems what our own boys and girls are doing much more interesting and indeed commendable.

### Highlights

Thirty-eight Wheeler 4-H club boys fed out beef calves in 1941. Twenty-six of these calves were taken to the Amarillo Fat Stock show March 9.

Eighteen registered Jersey heifers have been delivered to 4-H club boys of Wheeler county to be used as demonstrations during 1942.

124 4-H club boys raised hogs in 1941, some for brood sows, some for market.

Three Chicago encampment trips over the Santa Fe rail road have been won by 4-H club boys of Wheeler county. These boys were James Passons, now a senior at Texas A. and M. college; James A. Morgan, now with the United Smelting company at Amarillo; and Bob Macina, now a sophomore at Texas Tech.

4-H club boys pioneered Wheeler county in seed treatment, planting certified seed, proper rate of seeding per acre and proper cultivation of crops.

4-H club boys pioneered in mineral feeding of hogs.

R. L. Zybach, a member of the Briscoe 4-H club was the winner of the gold star award in 1941.

Darville Atherton, vice president of the Briscoe 4-H club, won the Thomas E. Wilson medal for carrying on the most profitable meat animal demonstrations in 1941.

## PEEPING IN THE WHEELER TIMES WINDOW

H. M. Wiley contributes a group of interesting pictures to be seen this week in The Times window.

His son, Captain Paul M. Wiley of Foster Field near Victoria, Texas, has sent his parents the four pictures showing the layout of the air field, training planes for advanced flying courses and one picture shows Captain Wiley and his squadron in ground drill.

## Shelterbelt Trees Offered to Farmers Free of Charge

Because the personnel, now engaged in planting shelterbelts, is being transferred to the Emergency Rubber Project in California, the farm people of this area have an opportunity to get the surplus stock of trees free of charge except for transportation at Childress, Texas and Chickasha, Okla.

The three major uses to which the trees may be put are: field shelterbelts, farm windbreaks, and establishment of post lots or woodlots. The trees cannot be used as ornamentals. A number of adopted varieties such as Peach, Honeylocust, American Elm, Chinese Elm, Green Ash and Black Walnut are available now and must be removed before April 15. All trees are what is said to be planting size stock and some 50,000 will make a truck load.

Local farmers are advised to act at once and pool all orders by getting in touch with county agent Jake Tarter so as to save transportation costs and so that the shelterbelt people can handle orders on their limited labor budget.

## 1942 Crop Loans Are Now Available

Loans for the production of 1942 crops are now available to farmers in Wheeler County and applications for these loans are now being received at Wheeler according to J. H. Dougherty, field supervisor for the Emergency Crop Loan Section of the Farm Credit Administration.

A recent announcement by W. E. Farwell, regional manager of the Dallas Emergency Crop Loan Office, which administers these loans, states that the loans are being made available somewhat earlier this season to meet the emergency caused by short crops in certain areas and to permit early preparation of the land.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain loans from other sources. As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing the land, planting and cultivating his 1942 crops. Borrowers are required to give as security a first lien on the crops financed.

Commonly known as "seed loans", these loans have been made in this County for the past ten years and the Emergency Crop Loan Office at Dallas thoroughly appreciates the fine attitude of the farmers here toward their obligations. Mr. Farwell's announcement states:

This Agency is lending full cooperation to the government's vital Food for Defense Program by financing the planting and production of marketable food crops, including vegetables, peanuts, citrus fruits and melons.

The Dallas agency has also cooperated during the fall in a campaign fostered by the Extension Service to cut cotton stalks early in an effort to control boll weevils. All borrowers have been urged to cooperate in this for their own benefit and the welfare of their communities. According to the statement announcing the opening of the loan program, farmers who apply for a 1942 crop loan will be asked about their progress in cleaning up their fields.

Due to the serious illness of Mr. J. G. Dougherty, field supervisor for Emergency Crop and Feed Loan office, his appointments in Wellington, Shamrock, Wheeler and Candian will be met by Harold Himmel of Amarillo.

Mr. Himmel served this county several years ago as Field Supervisor and many farmers and business men will remember him.

He will be in the office of County Agent, Jake Tarter, each Friday from 8:30 a. m. until noon and his appointments will be kept promptly so that any one wishing to see him may know where to contact him.

## \$96,450 Soil Checks Received Since Jan. 1

Eight hundred and eight soil conservation checks amounting to \$96,450.09 have been received by the ACA office here since the first of the year. Most of these have been received and distributed within the last few weeks and represent slightly less than 50 per cent of the total to be paid Wheeler farmers.

Last group of checks reaching the office were received last Saturday when ninety-seven checks representing total payments of \$9,381.29 were received.

H. E. Young visited his brother, J. O. Young, and Mrs. Young at Perryton for the Easter holiday.

## MR. WHEELER FARMER: OPPORTUNITY KNOCKS

Rumors have it, and some of them are from fairly reliable sources, that the Panhandle's new war industry will employ from ten to fifteen thousand men. This means a potential increase of from thirty to fifty thousand in the population or ten to fifteen thousand more families to be fed and to be fed well for they will make good salaries.

It all means that a new market for thousands of dollars worth of fresh vegetables, fruits and dairy products will spring up right in Wheeler's front door.

An acre or two in various kinds of vegetables this year are likely to net Wheeler county farmers more than some entire crops have in the past. If you happen to be one of these farmers who have a supply of water only a few feet under the surface, and there are many places in the county where this is the case, it might pay you to install some sort of pump for watering a truck patch. Many types of vegetables can be grown in the county without irrigation.

Eggs, butter, cream and milk are likely to be at a price never before realized by local farmers if they are to feed some forty thousand more persons than now live in this area.

At least it's worth doing something about while there's time to do it.

## Trustee Election Results in Tie

### Miller and Rodgers Receive Ten Votes Each in Small Vote

Only twenty-four votes were cast in the election Saturday for electing two members to the local school board and two candidates tied for a place on the board.

J. E. Risner, old time member of the board was renamed with seventeen persons casting their vote for him. Henry Miller and Bob Rodgers each received ten votes and decision on which one will serve is to be reached at a meeting of board members early next week. F. B. Craig, president of the board, reported today.

Tom Britt was elected to serve as trustee at large by Wheeler voters of commissioner's precinct No. 2. Chas. R. Flynt, E. E. Cole and F. J. Noah were managers of the election held at the high school. Reports of election of trustees from various districts over the county are pending subject to the canvass to be made soon by officials.

## Morris Henderson Passes Away Sunday

Funeral services were held Monday at the Baptist church in Kelton for Morris Henderson, 32, who passed away Sunday, April 5, in the Wheeler hospital.

Henderson had lived in Wheeler county for about 18 years and was known and loved by everyone. He had been in ill health for 3 years and was not able to do any work for the past year.

Rev. V. M. Lollar, pastor of the Baptist church, of which he was a member, officiated at the services, assisted by L. T. Davis.

A large crowd attended and flowers in a great abundance were cared for by his cousins. They were Mesdames Willis Thornton, Erwin Hink, Luther Ledbetter, James Allen Tucker and Misses Lucile and Olalee Baird.

The pallbearers were cousins, namely, Messrs. Luther and Elmer Ledbetter, Leslie and James Allen Tucker, Ernest and Joe Henderson.

Survivors besides his wife, Mrs. Henderson, are three sons, Bobbie, age 11, Jerry, age 2, and Larie, age 8 months; mother, father and two brothers, Mr. and Mrs. George Henderson, Tom and George Jr., of Twitty. Mrs. P. O. Clepper of Briscoe, mother of Mrs. Morris Henderson, and all relatives from Vernon, Texas, were present.

Interment was held in the Kelton cemetery.

## First Aid Course Will Start Friday, April 17

A Red Cross First Aid course, taught by Dr. H. E. Nicholson, will be conducted here with the first class scheduled to be held in the district court room Friday, April 17. Miss Lucile Chance, County Home Demonstration club agent, announced today. Dr. Nicholson stated that state highway patrolmen have promised to assist him with the classes.

Both men and women are urged to attend the classes.

## District Court Term Starts Next Monday

### Docket Setting for Regular Seven Weeks April-May Sessions Are Announced

Preparatory to convening the spring term of district court for Wheeler county next Monday, April 13, District Clerk Artie Lee Hunt this week released the docket showing procedure and listing of cases. Judge W. R. Ewing, who is busy with court in Lipscomb county, will preside during the seven weeks term.

Other officers to be in attendance during the term besides Judge Ewing are: Bud Martin, district attorney; Homer L. Moss, county attorney; Jess Swink, sheriff; W. R. Frazier, court reporter, and Artie Lee Hunt, district clerk.

Monday, April 13, at 10 o'clock a. m., the entire docket will be sounded and called for orders.

The entire jury civil docket, that is all cases now pending on the jury docket, are set for Monday of the second week and will be called for trial in their numerical order of filing as near as is practicable unless otherwise set.

The entire criminal docket is set for Monday of the third week and will be called for trial at that time. Cases that cannot be reached for trial during that week will be re-set for a later day during the term. The criminal docket is light and jury civil cases may also be set for this week.

Twenty-one divorce cases, comparatively fewer than usual, are scheduled for this term of court. In accordance with customary procedure, the first week of court will be devoted to non-jury matters. Opening of the second week, April 20, provides the first call for petit jurors. The schedule is as follows:

First Week, April 13—Non Jury.

Second Week, April 20—Jury Civil.

Third Week, April 27—Jury Civil (Subject to Criminal).

Fourth Week, May 4—Jury Civil (Subject to Criminal).

Fifth Week, May 11—Jury Civil.

Sixth Week, May 18—Jury Civil (Subject to Criminal).

Seventh Week, May 25—Non Jury.

The grand jury list, as announced in the March nineteenth issue of The Times comprises the following names: T. J. Austin, Tom Britt, Tobe Frye, James Hill, Henry Greenhouse, R. G. Russ, Wheeler; Walter Darlington, Jr., Charles Perry, Shamrock; W. F. Bristow, W. A. Finsterwald, J. Wade Duncan, Mobeetie; Henry Hink, Kelton; Pat Bullock, Lela; R. C. Barfield, Kellerville; Charlie Whiteley, George Davidson, Texola, Okla.

During the term, petit jury panels will appear in these columns each week previous to the one in which the members may see service.

## Increase In Food Sales In Wheeler County During March

Increase of \$3,214.00 in food sales during March due to the food stamp program in Wheeler county was pointed out today by Wynn S. Goode, area supervisor, Agricultural Marketing administration. This amount represents blue food stamps issued last March.

Clients using food stamps were required to buy an additional \$4,194.00 in orange food stamps, bringing the total of food purchased with food stamps during the month to \$7,408.00. Families participating in the program totaled 346, representing 1,365 persons.

A total of \$68,536.50 in food stamps has been issued since the beginning of the program. Wynn S. Goode revealed. Of this amount \$29,586.50 in blue food stamps represents the creation of additional markets for American farm products.

"The Food Stamp program of the Agricultural Marketing administration is a part of the United States Department of Agriculture's broad program designed to help in assuring American farmers a fair return on their full production," Goode said. "Farmers are operating under a full production schedule which responsible officials call a life line of the United Nations. At the same time farm labor shortages are being reported daily.

"Under such conditions, farmers must be relieved of complex marketing problems which would detract from the time and thought which must be given to production planning," he concluded.

## SPEAKING AT LELA SCHOOL

There will be a box supper and candidate speaking at the Lela school house Friday night, April 17, at 8:30 p. m. The affair is being sponsored by the school and everyone is invited to be present.

W. B. Wofford, Sponsor.

## AT MERCY OF LABOR CZARS

The severest indictment yet made by any high government official against organized labor, is found in testimony presented by Assistant Attorney-General Thurman Arnold, before a House Judiciary Subcommittee which was considering a proposal to force unions to register with the government.

In the words of an AP dispatch, Mr. Arnold "accused organized labor of impeding the use of men and machines in the war effort, destroying independent businesses, and holding farmers and consumers 'at its mercy.'"

The rank and file of working people in this country are not to blame for this. They are as patriotic as anyone. They want to work harder and produce more. But a small group of powerful labor leaders have the worker—like the farmer, the consumer and employing industry—hog-tied. Under the closed shop principle, a man or woman must pay tribute to a union and obey a labor boss or lose the job that means his or her livelihood. This is an astounding situation to exist under laws that otherwise guarantee personal liberty and protect a citizen against extortion and combinations in restraint of trade. We used to hear how grasping, greedy employers had placed workers in virtual servitude. Today it is labor dictators, drunk with authority, who have made the workers their powerless vassals.

It can no longer be argued that the closed shop is essential to the workers' protection. The government dominates worker-employer relations. An elaborate, all-encompassing series of government boards exists to see that every worker is paid a proper wage, works under decent shop conditions, and is protected against any and every kind of exploitation—except exploitation by labor czars.

No man in government knows more about the activities of organized labor than Mr. Arnold. The testimony he gave before the House Committee points to one of the worst dangers this country faces—the rise to unprecedented power of a handful of labor leaders who are responsible to no one, and who hold what amounts to a life-and-death grip over millions of free-born American citizens.

### TIME TO SAVE!

At the direct request of the government, retail stores are carrying on aggressive campaigns to prevent waste and save materials of all kinds.

The Institute of Distribution, which represents a number of important retail organizations, offers some excellent advice. Summed up, that advice amounts to this: don't waste food. Don't burn or throw away paper. Save scrap metal, old rubber, rags, etc. Give this salvage to your favorite charity or sell it to the nearest junk and waste paper dealer.

Use office supplies sparingly. Get maximum service from such common articles as paper clips, pins, rubber bands, envelopes, scratch paper, sealing tape, pencils, typewriter ribbons, carbon paper, etc. These and similar articles have a definite and important place in war production, and civilian consumption must

be reduced in many instances. Take extra-special care of mechanical equipment. Inspect it, clean it and oil it frequently. Repairs and replacement will become constantly more difficult. Save on fuels.

Retail industry knows what it is talking about. The stores are studying ways and means to conserve all possible materials. It takes five pounds of paper to pack an ordinary artillery shell. The military appetite for rubber, metals, textiles, leather, etc., is virtually insatiable. Every business—and every individual—should emulate retailing's drive to prevent waste.

## Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

The best news, from the standpoint of the average man, to come out of the hodgepodge of rationing is the recent ruling allowing each man only one razor blade a week! Now they will have a legitimate excuse for bearded chins and we can all look forward to Donegal beards as a patriotic move.

Isn't war terrible?—Virginia Anderson in The Shamrock Texan.

The House of Representatives is taking a two weeks vacation so that congress may go home and talk to the folks about the labor situation. Congressmen are scared over the situation, and wonder about the flood of protests which have been made against the labor racketeers and the time and a half 40-hour week bill. Speaker Sam Rayburn made a hasty trip to his home in Texas two weeks ago and announced from Washington his change of heart. Rayburn was convinced that the people of his district meant business. He was convinced that the people are sick and tired of seeing organized labor run the defense program and be the only ones in America who profit from the emergency. Other congressmen too, will find out that the people mean business, and when they go back to Washington, they may repeal the 40-hour week in spite of the President, Madame Perkins and the other social reformers.—Clyde Warwick in The Canyon News.

When you feel inclined to worry about sugar rationing, just remember that our forefathers fought Indians and built a civilization from the wilderness on about one-tenth the sugar the average American consumes today. With rationing extended to razors and blades, it might not be a bad idea for civilian males to get out the old family album and study up on styles in whiskers.—Memphis Democrat.

The most unhappy life is the undisciplined life. It is not possible for any of us to do all the things we would like to do and have all the things we would like to have. We must deny ourselves some things, some times, many things. The individual who has disciplined himself to self-denial and giving up graciously the things he cannot have, has learned one of the most important lessons of happy and contented living.—Minute Editorial in The Tulsa Herald.

This is a young man's war. In the last world war a man had to be 21 years old to be commissioned as a Lieutenant, or higher. Now he has to be 18 years old upon the end of his Officer's Training School. That explains why 18 and 19-year-old men are not waiting to be subject to the draft. They know if they get in now, that they can be eligible to apply for Officer's Training School at the end of three months, and they may be commissioned long before they reach the advanced age of 21. We do not believe a boy should quit high school for any purpose. But if he is 18 or more, and has graduated, or if he is 18 and has quit for some other reason, then it seems to us that he is a man in a man's world—and one that recognizes that a man of 18 is better able to do a lot of work in this war than an old timer. And that a good place for him is in the army as a volunteer, taking advantage of the opportunities open to him, to rise as high and as fast as his own abilities and hard work will take him.—Ochiltree Herald.

Down-state a ways, in fact no further than Cottle county away, the greenbug already has made inroads and in the big wheat belt the damage has been really serious, travel reports say. About the only "remedy" for greenbugs is the lady bug formula and the formula for her to make appearance is a good rain followed by warm weather. When she gets on the job it's too bad for the greenbug. But until she does there is not much that can be done. Watering freely has been tried where irrigation was available with apparently little result. Mayhap we'll be lucky and escape. Everybody hold the right thought.—Homer Steen in the Floyd County Hesperian.

Waste not—and we'll win the war! Stop the waste by fires—practice prevention.

## THE WHITE HOUSE WASHINGTON

March 11, 1942

### TO THE 4-H CLUB MEMBERS OF THE UNITED STATES:

In an hour when our nation needs the active support of every group of its people, it is gratifying to learn that the 4-H Clubs will hold a National Mobilization Week, to rally the million and a half members and spur them to greater efforts in the cause of freedom. It is to be hoped that the National 4-H Mobilization Week also will bring more rural young people into active participation in the useful work in which 4-H Club members engage.

Your activities in producing, preserving, and preparing food; in making clothing; and your other practical experiences in farming and homemaking have prepared you for many tasks important in peacetime and indispensable in wartime. No other group of rural young people anywhere else in the world has so much worth defending, or is better prepared to help defend what it has.

Your 4-H Club pledge embodies the obligation which rests upon every Club member as a young citizen. Repeat it, study it, make it part of your very being. Let your head, heart, hands, and health truly be dedicated to your country, which needs them now as never before.

Memories of a roving cowboy far away from home:

St. Paul, with its \$3,000,000 city hall and court house, 23 stories high—in the lobby a statue supposed to be an Indian god of peace but actually a monstrosity made of 60 tons of Mexican onyx, a beautiful mass of material that has been mutilated at a cost of \$125,000 and which revolves almost imperceptibly so that two and a half hours are required for the heavy-featured, nightmarish figure to turn entirely around.

San Francisco, where a cafe is quaintly named "the Fable" and there is a cocktail parlor appetizingly called "the Pink Rat."

Mexico City, where our little group were the only tourists in a theatre where the mighty Chang, Chinese magician, presented his feats of magic, the climax being ghosts shrieking through the darkness and brushing against the patrons' heads.

Says the Kerrville Times editorially: "Every new day confirms the opinion that Coke Stevenson will again be chosen Governor of the state by an overwhelming majority"—Your columnist recently claimed to be the only person in the United States who has neither read the book nor seen the movie, "Gone with the Wind" but Editor A. Former District Judge Ralph Yarborough is a profound student of law, literature and history but he likes to drop a nickle in a cafe music box—cowboy tunes are his favorites.

Has anybody seen a boxball alley lately? Last one I saw was across the street from the Southern Hotel in Brownwood in 1921.

A customer called to a waiter, "Say, is this an incubator chicken?" The waiter said, "I don't know." The customer said, "It must be; no chicken that had a mother could ever have got as tough as this one."

Happening to land in Hawkins when the oil boom hit, a hitch-hiker bought a lot for \$1,000. He didn't have the money but drew a draft on his father in another state. To be on the safe side, the owner of the lot placed a long distance call to the bank. But, as there was only one phone in Hawkins and folks were standing in a long line to get to it, the call wasn't put through until late in the afternoon—and by that time, the hitch-hiker had resold the lot for \$10,000!

This interesting sidelight was narrated by E. S. Shoaf, publisher of the Wood County Democrat, when he visited Fort Worth not long ago.

## DO THIS, OR ELSE

(Mr. W. B. Wileman is contributing the two following timely items clipped from The Booneville Independent, newspaper of Booneville, Miss., dealing with the need of an organized leadership in the present emergency and the labor situation.)

It is something terrible that America, with all of her genius and ability, can not find enough unselfish leadership in the whole nation to carry on this war. It seems that the entire nation is being dominated by selfish motives—money madness, distinction or some other selfish motive. We need somebody to give orders with the "bark on." Somebody to say—DO THIS, OR ELSE. And that somebody should be one that has enough sense to know what to say, and when to say it. If our army and fighting spirit that was shown recently to stop the submarine slaughter in the Atlantic then they ought to get out of the military branch and get jobs as ribbon clerks in some store. We need men with the resourcefulness and fighting spirit that was shown recently by that English farmer, who was out in the field raking up hay when a German plane crashed right near him and burst into flames. A guard, patrolling that section, was near by and when he saw the plane burning on the ground ran over to it. Reaching the spot the farmer was standing there leaning on his pitchfork

sucking a straw. Excitedly the guard inquired, "Did anybody get away?" The farmer replied, "One feller came out with his clothes on fire, and I forked him back in."

Representative Rankin of Mississippi in a statement to the press today said:

"I am sorry I cannot agree with some of our leaders in the contentions that this labor situation is not serious. I regard it as grave indeed. We must not follow the course of France. She first capitulated to a few labor, financial and industrial racketeers, then sank into Communism and paid the supreme penalty of defeat, humiliation and disgrace. Her brave men fighting at the front were not supplied the weapons necessary for defense.

"That must not occur here. We cannot afford for our boys at the front to suffer as a result of the 40-hour week, time and a half for overtime, the closed shop, financial and industrial profiteering, or the exclusion from work in these defense activities of patriotic Americans who are able, willing and anxious to work in order to supply the materials.

"These protests that are pouring into Washington from all sections of the country are expressions of the righteous wrath of an outraged public opinion. A great agricultural country like ours cannot be run as a closed shop—especially at a time like this.

"This is our country. Our boys are fighting for it. Let's back them up with all our strength."

## Dr. W. R. German Offices Improved

Dr. W. R. German of Canadian reports that his offices have been completely redecorated and remodeled.

The floors are all recovered, each room has been repainted and papered, and several new pieces of modern office furniture have been purchased.

Canadian may well be proud of Dr. German's renovating, for it makes these osteopath offices among the finest in the entire state.

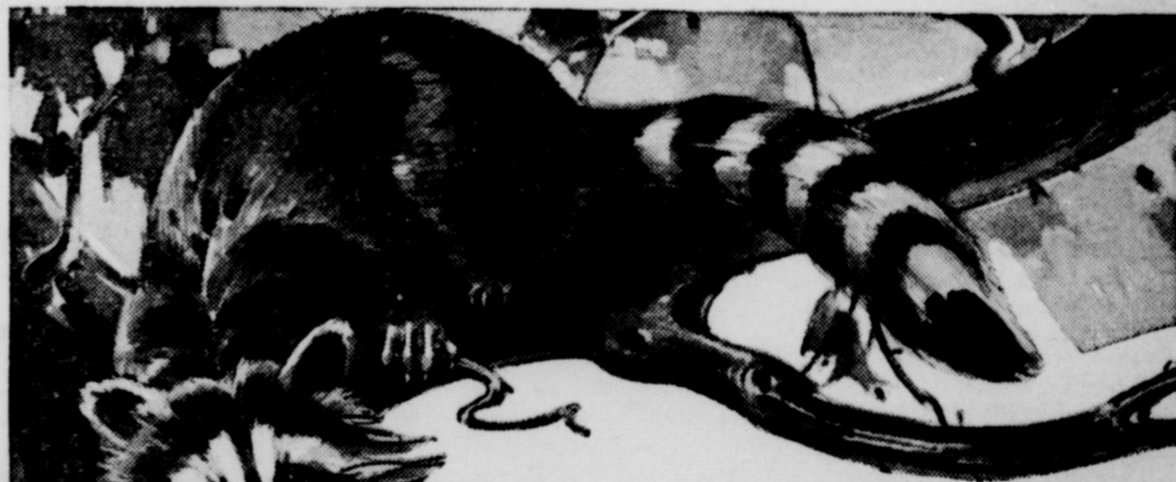

The latest and most modern equipment is used in the treatment of disease, and his colon therapy unit and X-ray are the best that money can buy.

How this oil with its modern synthetics triumphed in the Certified Death Valley Test. Why it out-mileaged five others more than 2 to 1

A PEBBLE starting an avalanche that wrecks a town can illustrate one big thing to you about getting full mileage from your oil change this Spring. (Spring change is a serious "must," all authorities warn you.)

Now folks in the hills take care not to give pebbles any start. And by changing to Conoco N<sup>th</sup> motor oil you're taking care not to let thickening mush get a start in your crankcase. The added modern synthetic... man-made Thialkene inhibitor in Conoco N<sup>th</sup>... is aimed to inhibit or ward off the very start of bad "jelling" that often drags down mileage these days.

And still another synthetic in Conoco N<sup>th</sup> has long been noted for its magnet-like way of attaching OIL-PLATING to inner engine surfaces. OIL-PLATING isn't all constantly draining down. Then instead of plain fluid-type oil film alone, which comes and goes, your engine can have this stead-

fast OIL-PLATING besides... Oil film sliding between OIL-PLATED engine parts!

What's gained in engine life and oil mileage? You can judge from the impartial Death Valley Test. Conoco N<sup>th</sup> ran up more than twice the mileage averaged by five big-name quality brands—each run till engine was ruined. Conoco N<sup>th</sup> out-mileaged the next-best by 74%; out-mileaged another by 161%... certified.

What's the best oil mileage you'd hope for in your own car? See if Conoco N<sup>th</sup> doesn't deliver. Your Conoco Mileage Merchant knows your correct Spring grade. Change today. Continental Oil Company

## Wheeler County 4-H Club Boys and Girls Are Doing Their Part in National Defense

(Continued from First Page)

### Demonstration Winner

Darville Atherton, a member of the Briscoe 4-H club, was the 1941 winner of the Thomas E. Wilson award for the best meat animal demonstration in Wheeler county.

Darville was a member of a 4-H club first in 1936. In 1936, '37, '38 and '39 he had swine for demonstrations. His fat barrows placed third in the county livestock show in 1938 and 1939. During these years he gained much valuable experience in feeding and caring for livestock. He learned to make self feeders for feeding grain and protein supplement to his hogs; learned the proper method of worming hogs before starting to fatten them, and learned the value of the inexpensive practice of feeding mineral to swine.

In 1939 he had cotton for a demonstration in addition to swine. The cotton seed was treated with ceroson before planting. During 1940 and 1941 Darville fed beef calves. He showed his calves at Shamrock and Amarillo in March.

His outstanding club work won him a trip to College Station in 1938 and the district encampment in 1941.

### Kelton Boys Successful

Kelton 4-H club boys were very successful in their work during the past year. Hogs were fed by David

Britt, Jimmy Lollar and Troy Lee Curley. C. L. Pitcock and Doyle Carver fed beef calves. Glen Rives and Loyd Kenney had crops, Millard Sanders had poultry, Loyd Beatty a garden, Houston Anderson a lamb, and Edwin Watts a registered Jersey heifer and a hog for demonstrations. Some of the animals were exhibited at Shamrock March 7 and at the Amarillo Fat Stock show March 9 through 13. Several of the boys already have their 1942 demonstrations. The club has five new members and is looking forward to having a better club and a profitable and successful year in 1942.

### Magic City Boys Active

A 4-H club was organized in the Magic City school in 1936. An active and co-operative club program has been carried out each year since the first year of its organization. This club has sent several members to encampments and short course in the past few years. Last year Ernie Fry of this club won a trip to the short course at A. and M. college. Joe Johnson and Shely Turner won a trip to the district encampment at Lake McClellan.

A number of outstanding demonstrations were carried out by the members of this club. Ernie Fry, Marian Fry and Joe Johnson fed lambs. Joe Johnson won first place and grand championship on his fat lamb at the Shamrock Stock Show. Marian Fry won second place on his fat lamb. Shely Turner's outstanding project was a fat barrow. Several other boys had poultry and crop demonstrations which were equal to any in the county. The club members are gathering up scrap iron to get money to send boys to the encampment and short course next summer.

Members of the club have purchased \$412.75 worth of defense stamps and bonds. Every Friday morning has been set as a regular date to purchase stamps at the local postoffice.

### Briscoe Has 25 Members

The Briscoe 4-H club has 25 members and has done outstanding work during the past year. Darville Atherton of this club won the Thomas E. Wilson award for having the best meat animal demonstration in the county, and R. L. Zybach was the gold star winner for Wheeler county in 1941. A total of 9 beef calves were fed out by boys of this club and these calves were shown at the Shamrock and Amarillo Fat Stock shows. Boys feeding beef calves were R. L. Zybach, Darville Atherton, Billy Atherton, Edd Clepper, Alfred Treadwell, Richard Higgins and Truman Zybach.

Many other commendable demonstrations were carried on by members of the Briscoe club and the boys gained a great deal of valuable experience, along with some nice profits from their demonstrations.

A lot of credit for the success of the boys 4-H club at Briscoe is due to the efforts of Lee Barry, local sponsor, whose untiring efforts are appreciated as he meets with the boys in absence of the agent and teachers them soil conservation and other important subjects.

R. L. Zybach won the coveted gold star award in 1941 on the basis of his outstanding achievements in 4-H club work. Here is what he has to say about his work.

"I joined the Briscoe 4-H club in 1939 with a Duroc Jersey pig. The pig cost me \$3.00. He was fed for four months and placed second at the county livestock show. He was sold after the show and I realized a total profit of \$9.30. In 1940 I fed two Duroc Jersey pigs. These pigs cost me \$10.00 and a profit of \$5.64 was made when they were sold.

"My experience in feeding pigs has been very valuable in that it taught me how a well balanced ration and proper care of swine will increase profits.

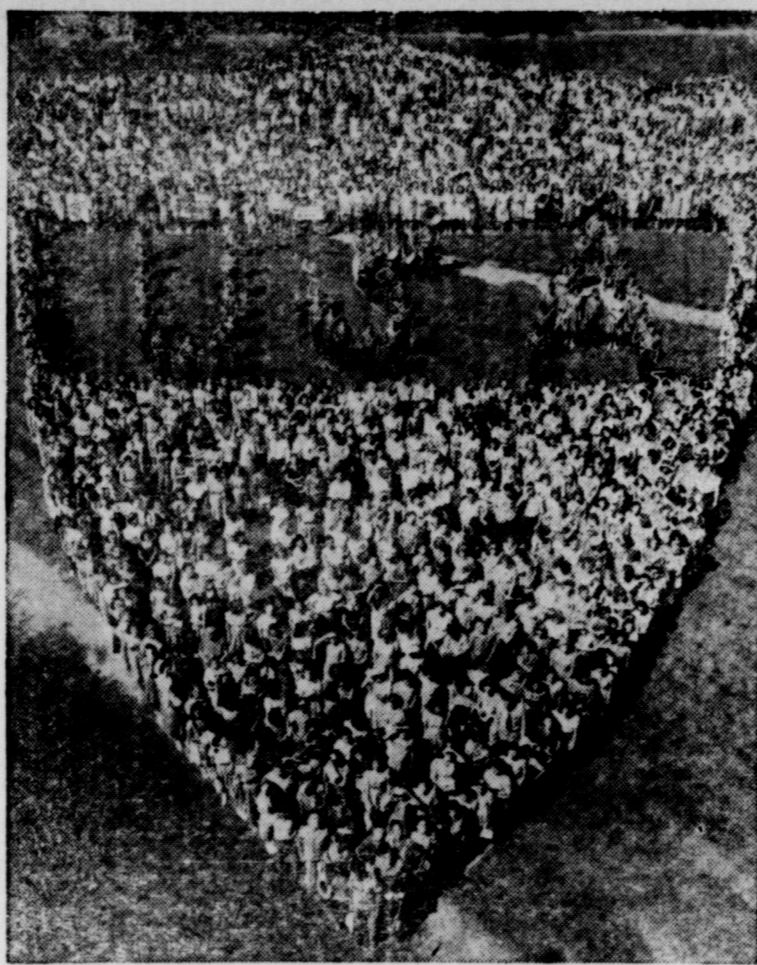

"I bought three calves in 1941 and paid \$130 for the three of them. I also had for a 1941 demonstration five acres of cotton. The beef calf demonstration has been one of the most interesting projects I have had since I started club work. The methods of feeding and management differ so much from that of swine that I have gained some valuable experience that would be hard to replace.

"In conclusion I wish to say that 4-H club work has already gone a long way in preparing me for the future and I expect to gain more of this preparedness as my club work progresses."

R. L. showed his calves at the Shamrock and Amarillo Fat Stock shows and sold them on March 13. When the cost of the calves and all expenses were deducted, he had a net profit of \$128.92. R. L. represented his local club at the A. and M. short course and district encampment in 1941.

### Shamrock Membership Doubled

The Shamrock 4-H club made more progress in 1941 than in previous years. The enrollment of the club was doubled and the boys displayed more interest in their demonstrations in that most of them had more than one demonstration and worked much harder to produce

This birds-eye view of Texas farm and ranch youth was made during the last 4-H Club Short Course.

outstanding animals.

A new kind of demonstration, feeding lambs, was started and thirty one lambs were fed by the boys of this club. They found that feeding lambs was a very profitable demonstration. There was also a division for lambs in the county livestock show this year.

The boys who had swine for demonstrations had more swine than in recent years and took more interest in feeding and making their demonstrations a success.

The poultry demonstrations were larger and there was a greater variety of breeds.

Carl Martin represented the Shamrock club at the A. and M. short course and J. L. Phillips was the club's representative at the district encampment at Lake McClellan. J. L. also won the Thomas E. Wilson award for the best meat animal demonstration in 1940, and he and Milton Giehart were gold star winners in 1939.

Officers elected for the current year are Harold Williams, president; R. O. Lister, vice president, Glen Brotherton, secretary-treasurer, and J. L. Phillips, reporter.

Members of the club plan to make 1942 the greatest year in the history of the club.

### Thirteen Members at Center

Center 4-H club has an enrollment of 13. Club officers for the current year are Charles Carver, president; David Fellingham, vice president; Jodie Barrett, secretary; Jim Ogle,

reporter; Robert Ogle, sergeant-at-arms, and Mr. Webster Willoughby, sponsor.

In 1941 the boys of this club had as demonstrations four flocks of poultry, one beef calf, six head of hogs and three crops. For 1942 Dolan Snodgrass has a pig, Robert Ogle, Eugene Ledbetter and Charles Ambler have calves, Jimmy Strange has a garden, David Fellingham has a horse, Charles Wise has poultry, Jodie Barrett, a lamb, Andrew Carver and Doyle Mayden have pigs, Charles Carver has a registered Jersey heifer, Charles Welty has a pig and a calf, and Jim Ogle will have a cotton crop.

Several of the boys in this club are buying defense stamps.

### Davis 4-H Club

The 4-H club boys of Davis community have been rather active during the past year. Four lambs and two calves were raised for training and demonstration. All of these were raised and disposed of at a neat profit. Furthermore a school garden has been planted and is being cultivated by them.

As proof of their patriotic and humane consciousness they have purchased several defense stamps, and they began the year by sending their dimes, along with others from the Davis school, to the Infantile Paralysis (march of dimes) Relief fund on the occasion of President Roosevelt's birthday.

Regular meetings are being held by both the boys and girls' clubs under the supervision of Mr. Eiland and Miss Plummer.

### Sponsors

The following is a list of boys 4-H club sponsors who deserve a great deal of credit for the success of their respective clubs: O. M. Johnson and J. V. Younger,

Magic City; C. L. Nichols, Bethel; E. S. Cain, Wheeler; Geo. A. Weems, Davis; Webster Willoughby, Center; Lee Barry, Briscoe; Howard Weatherby, Shamrock; A. B. Pike, Lela, and Cully Watson, Kelton.

### WARTIME ACTIVITIES

#### Bethel Victory Gardens

There are eighteen girls in the Bethel 4-H club, and at the present date, all have their Victory Gardens underway. Each girl is planning to plant a variety of vegetables in her garden. Two of the girls are making frame gardens.

The club has bought \$5.00 worth of defense stamps, and plans to buy more.

Cliffine Daniels and Lena Ruth Morgan are four-year club girls, and have made splendid progress in sewing. They are planning to make all their clothes at a minimum cost. First and second year girls are also learning to plan well balanced meals from what they produce at home.

Jean Oswalt, a fourth year girl, always has a well filled cellar. She also can rival area stockmen when it comes to raising fine calves.

#### Girls Do Brother's Jobs

Reta Faye and Jonell Aderholt of the Briscoe club have a brother in the army so they help milk. Mozell Wilson has a brother in the army also. She feeds his calf for him. A large per cent of the girls gather eggs, feed chickens and milk cows in the evenings after school. In these activities the Briscoe 4-H club girls are trying to do their part in the defense of America.

There are 36 members in the club, and 32 members have bought defense stamps. The following members have made frame gardens: Emillie Seedig, Beatrice Rowe, Mabel Sorensen, LaDell Atherton and Lottie Marie Zybach. Girls who have their spring gardens started are: Lola Faye Wood, Janell Aderholt, Beatrice Rowe, Irma Jean Lee, Dollie Jo Greenhouse and Armel and Mabel Sorensen.

#### Davis Club Starts Victory Gardens

The Davis 4-H club have their school garden broke, ready to plant, and the seeds are ordered.

All eleven 4-H club girls have Victory Gardens planted. Also, all members have finished their sewing boxes. The 4-H club has had demonstrations on making seam finishes, removing stains, and planting Victory Gardens. Several members have bought U. S. defense stamps.

#### Buy Defense Stamps

All seven of the Kellerville members have some defense stamps, a total of \$12.90.

Tommie Joe Cecil has started her garden; Mary Sue and June Drum, Norma Stewart and Wanda Barfield are going to start gardens during 4-H Club Week. Patsy Jo Jones and Icy Batson, have no ground to plant a garden, but they are sewing and cooking. They are trying to live up to the Victory demonstrator's pledge to help win the war.

#### Victory Demonstrators

Kelton 4-H club girls are all very interested in 4-H work and are trying to keep their motto, "To make the best better" and to be good victory demonstrators.

There are ten club members, all victory demonstrators. All members have a garden started or are going to make one and are going to try to help win this war.

Those who have defense stamps are: Patricia Ann Pitcock, Betty Jean Whiteley, Marye Emma Johnson, Edna Earle Rives, Elwanda Simmons, Audrey Mae Pond, Alene Burks, Velda Stansel, Faye and Alma Cain. The total amount is \$5.30 in defense stamps. They are each looking forward to saving until they get a bond.

Last year Velda Stansel went to the short course where she had a wonderful time. Of the many demonstrations at College Station, Velda liked the sewing demonstrations best. This year also, the club will try to send a girl if there is a short course.

#### Lela Girls Grow Gardens

Eleven girls in the Lela girls 4-H club have started their gardens. Twenty-five dollars and seventy cents worth of defense stamps have been purchased by club members.

Billie Darrow, club member writes, "I have started my garden. I plan to raise some chickens and I especially want to make my own clothes. Our sponsors, Mrs. E. A. Deering and Mrs. Bessie Kerby, taught us how to make button holes. If you ever want to join the 4-H club don't be afraid of not having fun and learning something. I have enjoyed the 4-H club very much."

#### Buy Bonds

Twenty-two of the Magic City club members have purchased U. S. defense stamps and bonds. A total of \$390.90 of stamps and bonds have been purchased. Seventeen bonds have been bought. As the band plays each Friday morning the entire school at Magic City marches to the local post office to buy defense stamps.

Magic City girls are planting gardens also. Twelve members have gardens started.

#### To Be Victory Demonstrators

The eight 4-H club girls at Twitty were to be victory demonstrators. Gardens are being planned.

The club members are trying to do their part to help win this war. There are five girls who have stamps. Each girl's goal is to buy all the defense stamps possible. Fifty cents worth of stamps have been bought.

Media Mae See won a trip to College Station last year. "Last year was my second year in 4-H club," states Media Mae See. "I had never sewed very much before, especially on the machine. I made several cuptowels; made my first dress; in apron and many other items. In canning, I had helped mother, but hadn't canned by myself before. During the year I canned 4 quarts of green beans, 5 quarts peaches, 2 jars pickles and 2 quarts cherries. I made about 7 jars of jelly.

"4-H club is a grand thing to have and our club is striving to make the best better."

#### Sign Victory Pledges

Wanda Gail Sanders, LaVelle Hall, Pauline Brooks, Guinell Reed, Marie Sanders, Geton Sanders, Geraldine Risner, Charlene Parker, Joyce Lee Bowman, Myrtis Hall, Mary Lou Hassell and Edna May Dyer of the Allison 4-H club have signed victory

demonstrator's pledges.

#### Receive 4-H Club Pins

The Pakan 4-H club girls in the club in 1942 are five of the eleven who are to receive 4-H club pins. These are:

Ellen Hrcnciar, Helen Hrcnciar, Dorothy Mertel, Adella Cadra and Helen Macina.

Cecilia and Catherine Allen have joined the Pakan 4-H club.

#### Wheeler High Demonstrators

Lula Walker, clothing demonstrator of the Wheeler high school 4-H club is also a victory demonstrator. She has listed the clothing she has on hand so she can buy more carefully, clothing she will need this year. A record is being kept of her clothing expenses. Several garments are to be remodeled by Lula and she plans to make all of her clothes.

Eloyce Sandifer, garden demonstrator, has planned most of their garden. The entire family helps with the garden, and this year the garden is being fenced and a hot bed has been made. Enough surplus fresh vegetables are sold to pay for the seed each year.

#### Wheeler Sunshine 4-H Club

Twenty-five of Wheeler Sunshine 4-H club girls are to be victory demonstrators. Nineteen girls have purchased defense stamps.

#### Center 4-H Clubs

The Center 4-H club boys and girls made \$23.00 at a pie supper in February.

#### Mobeettie Grade School 4-H Club

Elma Mae Satterfield, 4-H club member of Mobeettie grade school is helping produce food for freedom by raising a calf and several sheep.

#### 4-H Club Sponsors

The local leader is the keystone in 4-H club work. It is a fine recognition for a man or woman to be chosen as a sponsor of a 4-H club. The sponsors of the girls 4-H clubs in Wheeler county are:

Mrs. V. R. Brooks, Allison; Miss Faye Denny, Bethel; Mrs. E. A. Zybach and Arnold Sonntag, Briscoe; Mrs. Webster Willoughby, Center; Mrs. Geo. A. Weems, Davis; Mrs. C. Drum, Kellerville; Miss Rena Johnson and Mrs. L. C. Bledsoe, Kelton; Mrs. Bessie Kerby and Mrs. E. A. Deering, Lela; Mrs. C. S. Austin, Magic City; Mrs. J. W. Duncan and Mrs. G. L. Key, Mobeettie; Miss Louise Disian, Pakan; Mrs. S. P. Beasley, Shamrock; Mrs. L. L. See and Mrs. C. C. Winters, Twitty; Mrs. Mrs. Robert Holt, Wheeler Sunshine; Mrs. Cliff Weatherly, Wheeler High. Mrs. S. P. Beasley, chairman of the 4-H sponsors, plans to visit each of the 4-H clubs in April and May.

**Additional Income for Wheeler Farmers**

(By J. L. Tarter, County Agent)

The peanut deal under the emergency war program is a wonderful opportunity to farmers having adapted soil for additional cash income for 1942.

Farmers can buy seed through the AAA by placing orders for planting at a reasonable rate and at the same time farmers guaranteed not less than \$82 per ton for the peanuts produced and harvested this fall provided, of course, they get the seed and plant the peanuts for the purpose of turning the peanuts to the government for crushing for an additional oil supply with some need for additional meal since cotton seed meal and oil is insufficient to meet the demand.

Peanuts should be planted about the same as cotton or about the 20th of May to the 20th of June, not so deep in the furrow as cotton but only about two inches below level at the rate of about five pecks per acre. Cultivation is somewhat similar to that given to cotton should be given to peanuts, however, peanuts should not be plowed too deep late near the plants as too deep plowing near the plants destroys tuber roots and reduces yield, but one should back off from peanuts and throw dirt to encourage tuber roots to spread out.

Experience by farmers indicate that a yield from 1,000 to 1,500 pounds per acre can be expected and it is a simple matter to install attachments on combines already in the county with which to thrash peanuts and peanut planting plates can be obtained through the dealer for the purpose of planting them so as to avoid hand dropping.

The White Spanish variety will be used because it is especially adapted to this area and at the same time it is improved for the purpose of greater oil content than any other variety of peanuts. They should have in mind that it is necessary to grow a winter cover crop such as rye or barley or better still strip crop with six rows of peas and six rows of sudan or cane or maize or kafir which strips will prevent wind erosion. If some precaution is not taken, peanuts removed from the land it is left entirely bare and subject to wind erosion and the damage from erosion will be greater to the

country than the profit of the individual farmers. So farmers are urged to look into this matter.

Those who are interested or think they are interested should contact the local committeemen, county committee, county agent, or AAA and should come to the AAA office to make application for seed and list their acres. Those who have made application need not apply again. This is a defense movement and farmers are urged to produce the necessary quantities for national defense.

**Laman and Sluder Nuptials**

The marriage of Miss Clevel Laman of Miami to Edwin E. Sluder both teachers in the Miami schools, was solemnized last Sunday, March 22 at 7 o'clock. The ceremony was performed at the home of Rev. Helms, pastor of San Jacinto Methodist church in Amarillo.

Mrs. Sluder is the daughter of Mr. and Mrs. Tom Laman of Mobeetie, where she received her grade and high school education. She attended West Texas State college at Canyon where she received her B. S. degree three years ago. Since leaving college she has been head of the home

economics department in Miami schools.

Mr. Sluder, principal of the Miami grade school, is the son of Mrs. Belle Sluder of Olton. This is his second year in Miami as teacher.

The couple are at home at the present in Mrs. Johnston's apartments.

**RED CROSS MEETINGS HELD TWICE A MONTH**

Red Cross meetings are being held twice monthly in the court house basement on the first and third Mondays.

On the first Monday the Methodist ladies are in charge of a devotional or helpful talk of some kind. The third Mondays the Baptist ladies have charge.

Mrs. D. A. Hunt as general chairman of the seven units, wishes to express her appreciation of the wholehearted and loyal co-operative response the ladies are giving to all calls of the work.

The seven units working together are: Mobeetie, Jowett, Briscoe, Allison, Kelton, Twitty and Wheeler.

Quite a number of units have sent in finished garments and as we are expecting instructions from headquarters any day now, we are asking that any units who have the following garments completed; army and navy sweaters; refugee overalls and skirts, please mail at your earliest convenience to the Red Cross rooms, Wheeler, Texas, as no garments can be mailed until all units have sent said garments.

All communities working under any of the above units are duly appreciated and we extend thanks for the hearty co-operation of everyone.

Mrs. D. A. Hunt, Chairman.

**NOTICE OF SHERIFF'S SALE**

THE STATE OF TEXAS  
To the Sheriff or Any Constable of Any County of the State of Texas, GREETING:

WHEREAS, on the 18th day of December, A. D., 1941, Robert Bowers, Plaintiff, recovered judgment in cause Number 3299 in the District Court of Wheeler County, Texas, 31st Judicial District; against J. B. Robinson, Defendant, for the sum of Two Thousand Twenty Six & 82-100 Dollars, with interest thereon at the rate of \$1,842.57 at the rate of 8% per annum and \$184.25 at the rate of 6 per centum per annum, from the 18th day of Dec., A. D., 1941, until paid and the further sum of Nine and 15-100 (\$9.15) Dollars, costs of suit, as is manifest from the itemized bill of costs hereto attached and made a part hereof, and for the foreclosure of plaintiff's vendor's lien on the following described real property situated in Wheeler County, Texas, to-wit:

1ST TRACT: Beginning at an iron pipe set under the fence of a 60 foot road that leads to the Electric Power Plant, and about 20 feet west of corner post at curve of said road; THENCE North 160.5 feet to corner; THENCE N 68 deg. 30 min. East 519.7 feet to iron bar set for corner; THENCE North 607 feet to iron bar set for the NW corner of this tract; THENCE East 470 feet to iron bar set for NW corner of the Grinnolds 1,000 acre survey; THENCE South 583 feet to iron pipe set on the west boundary line of said Grinnolds 1,000 acre survey, which iron pipe is 19 feet south 68 deg. 30 min. W of a Light pole on east side of road. THENCE South 68 deg. 30 min West 999 feet to a point; THENCE West 26 feet, to the place of beginning, containing 8.81 acres of land, out of said Southeast quarter and on North side of the right of way of the CO&W RR Co. as same cuts said section;

2ND TRACT: Beginning at iron pipe the SE corner of section No. 81, and NE corner of Section No. 80 Block A-5 of the H&GN RR Co. Surveys; THENCE North 217.8 feet to the point where the south boundary line of the CO&W RR Co. right of way crosses the west boundary line of the said Grinnolds 1,000 acre survey, and the east line of survey No. 81 Block A-5; THENCE South 68 deg. 30 min West, following the south line of said right of way, a distance of 572.5 feet to point where said right of way line crosses the south line of section No. 81 Block A-5; THENCE East with the south line of section No. 81, a distance of 572.5 feet to the place of beginning, containing 1.28 acres of land, more or less, both tracts containing 10.09 acres of land; as said vendor's lien existed on the 15th day of November A. D., 1938, and that said property be sold as under execution in satisfaction of said judgment.

Therefore, you are hereby commanded that you proceed to levy upon, seize and sell the above described property as under execution in satisfaction of said judgment, interest, cost and the added cost of executing this writ; and that if the said property can not be found or if the proceeds derived from the sale of said property be insufficient to satisfy said judgment, interest and cost together with your fees and commissions for executing this writ, then you are hereby commanded to make said moneys or any balance thereof remaining unpaid out of any other property of the defendant as in ordinary execution, and if more money is received from said sale than is sufficient to pay off said judgment, interest and above costs, as directed by law, you shall pay the surplus thereof over to the defendant, and you are further directed that you shall execute and deliver to the purchaser of said property the proper deed of conveyance of all the right, title, interest and claim which the defendant had and held in and to said property at the time of the execution of this writ and at the time of said sale, and that you place the pur-

chaser of said property in possession thereof within 30 days after the day of sale, and you apply the proceeds thereof to the payment and satisfaction of the said judgment in the sum of Two Thousand and Twenty Six & 82-100 Dollars, the amount actually due and unpaid upon said judgment, together with the interest thereon from the 18th day of December, A. D., 1941, at the rate of \$1,842.57 at 8% per annum & 184.25 at the rate of 6 per centum per annum and the further sum of Nine and 15-100 (\$9.15) Dollars as cost of suit, together with your legal fees and commissions for executing this writ; and you will forthwith execute this writ, according to law and the mandates hereof.

Herein Fail Not and have you this writ showing how you have executed the same, together with said moneys collected as herein directed, before the above Court at the court house thereof in Wheeler, Texas, within 90 days from the date of the issuance of this writ.

**BATHING BEAUTY OR GASOLINE**  
... both should be in step with the weather.  
Sure, a winter gas will do. But if you want the best from your motor, and the most for your money, get *April* gasoline... Phillips 66 Poly Gas... this month's gasoline which is definitely engineered for the April climatic requirements of your locality.  
We change the characteristics of this remarkable motor fuel every month. Give it the qualities most needed for top performance, with the *right amount* of high test (volatility) for sweeter running and economy.  
Phillips was the pioneer and is the acknowledged leader in matching gasoline to climatic changes. With Phillips 66 you benefit every day in the year from January through December.  
Scientific laboratory and field surveys prove that no other gasoline, not a single one, is so completely and accurately matched, all year 'round, to the monthly variations in your weather.  
Phillips 66 Poly Gas sells at regular price. So it costs nothing extra to try a tankful and find out the facts. See if you don't get more pep and power... more flexible response to the throttle... and extra mileage... all without a penny of extra price... at any Orange and Black 66 Shield.

# BRISCOE BRONCO

News of Briscoe school activities, community happenings and other matters of interest and information, compiled for The Wheeler Times by the student body and faculty members of the Briscoe schools.

## What America Is

You can hear America talking and singing. You can see what she is doing, but do you know what America is? America is not the beautiful rolling valleys and hills that stretch out as far as you can see. America is not the cities or the farms that keep up our nation's welfare. You might say, that is a part of America, but that's not the real living America.

America is not the factories and plants that supply our nation with supplies and power. She is not the mines and factories that we've got to have to build our nation, nor the ships that sail the ocean blue, or the airplanes that fly overhead, or the cars and trucks and the vast supply of machinery. It is not the long highways and the byroads by which we can go and see beautiful and wonderful things.

Many people say that what is in America is what has made her—that's the material things. But I don't agree with them. You may ask me then, just what is your opinion about this? All these things are the essential things. I will answer you this way:

America is the people, the ones who fire the production line. The ones who till the soil. All of these people great or small, is America.

These people all have democratic ideals and mannerisms. They are the ones who serve their country with the thought that if this manner of ideals should be threatened, they would gladly lay down their lives for it.

America is a treasure to be coveted and fought for and bled for, because we want this pure type of ideals to stand forever. We don't want to just have a vague memory of a land bright and fair, free and happy, we want this our democracy, to stand forever that we might be happy, free and accountable to God instead of a dictator who is so thickheaded that he thinks he can conquer a world and hold back their progress and make them bow down to him and forget their ideals that were based on the fact that men were born equal and want to remain so.

We all should co-operate and help to our utmost for without us what could America do? There would be no America, that's what I say. So let's all fight back as a nation which is known as "America the Land of the Free, and the Home of the Brave."—Zane Grey Frances.

## Fish Happenings

Lottie Marie Zybach spent Sunday with Melvin and Rozena. We are proud of the fact that Lottie Marie, Mary Ruth and Anita won first in tennis at the county meet.

Who was the mysterious letter Lottie Marie was writing to this morning? She said it was to a Jimmy. Which one? We wonder!

The freshmen are proud of the statement Mr. Barry has made concerning us.

The freshmen boys are going to be real farmers. Ask them about agriculture.

Lottie Marie, Mary Ruth and Besie were hunting rabbits Thursday evening, (absolutely).

Mary Ruth has been writing letters to someone in Arkansas. She said it was Bob Burns.

Hooray for Cecil! He found three Easter eggs Sunday. The Easter bunny brought Bobbie seven eggs.

Anita wanted a little rabbit for Easter but she was disappointed. We all sympathize with her.

Many of the freshmen were hoping it would rain. Many were not. Why the difference of opinions?

## Seen and Heard

Tommy and Ela being persuaded by some good influence to go to church last Sunday night.

Melvin letting a blonde drive his car. (much to the disgust of a brunette).

Ed with five blue ribbons. Bill with seven blue ones and two red ones. (mostly heard).

A two-foot ditch around Gene's house Thursday morning. (I wonder how that got there?)

Alton getting tickled in church Sunday night.

Students with sunburned skin, chapped lips, sore muscles and bruised bones for souvenirs from the county meet.

Melvin editing a "Lest I Forget" book.

Mary Evelyn lonesome on Monday. All the teachers feeling relieved after the interscholastic meet.

Some talks about a junior-senior banquet next week sometime.

## Band Enjoys Party

The Band students and their guests enjoyed their first social event of the year in the Matthews' home last Wednesday night. Those attending were:

Nelda Bess Barry, Ewing Barnett, Alfred Treadwell, Lottie Zybach, Bobby Zybach, R. L. Zybach, Clara Helen Seedig, Emilee Seedig, Lavoe Childress, Alva Lee, Audie Lee, Jack Swetnam, Ela Swetnam, Weldon Temple, Bill Candler, Modeen Wilson, Melvin Helton, Bobbie Candler.

Marion J. Williams, Anita O'Brien, Eddie Bristol, Jeddie Mae, Gene Matthews, Joyce Sorensen, Edd Clepper, Mary Evelyn Wood, Colene Wood, Mabel Alice Smith, Dollie Greenhouse, Valoree Riley, Mr. Mohr and Wayne Treadwell.

The band parents who attended were: Mr. and Mrs. O'Brien, Mr. and Mrs. Candler, Mrs. E. F. Zybach, Mrs. Seedig and the host and hostess, Mr. and Mrs. H. E. Matthews.

Games were played and delicious refreshments were served. Everyone reported a very good time.

## 4-H Club Meets

The 4-H club girls of Briscoe met April 7. The meeting was called to order by the president. The motto, pledge and prayer were repeated. Then we answered the roll call with the answer to: "Do I always look my best?"

We then had the program. It was well prepared and rendered.

Rozena Helton read: "A Perfect Grooming;" Juanita Clepper read: "Cold Cream and Hand Lotion;" Joyce Sorensen read: "Posture;" Betty Jane Barry read: "Cosmetic Hints;" Mrs. Zybach read: "The Ten Beauty Commandments."

The club was then adjourned.—Nelda Bess Barry, Reporter.

Mesdames Bill Zirkle and Fred Ashley accompanied by Oscar Ashley and John Noah motored to Pampa Monday to view the Army Day parade.

Misses Oleta Carter, Genevia Davis and Mrs. Shoemaker of the hospital staff, attended the Army Day parade in Pampa Monday.

Mr. and Mrs. O. O. Beaty visited their son and family, Leonard Beaty, in Hemphill county Sunday.

## Movie Chatter

(By a Rogue)

**Bad Man of Deadwood**  
For Friday and Saturday, April 10-11 the picture at the Rogue will be one of your favorite cowboys, Roy Rogers, in Bad Man of Deadwood. This picture will offer plenty of excitement for those who like their western pictures, together with some very good cowboy singing and music. We believe that you will enjoy seeing Roy again.

**Abbott and Costello**  
Bud Abbott and Lou Costello will make another appearance at the Rogue Preview, Sunday and Monday in Keep 'Em Flying. You will recall that their first picture was Buck Privates which was followed by In The Navy. So you would naturally expect them to be in the air next, and that is exactly where you will find them in Keep 'Em Flying. This picture promises to give you just the kind of entertainment that you would expect from the two goofy comedians, and while we do not claim it to be any better than its predecessors we know that it is equally as good. So be on hand when the curtain rises for the Preview. And let us remind you that since the school and churches have officially moved up to war time that the Sunday Matinee will begin at 2:00 p. m., hereafter. Remember, it's 2:00 p. m., each Sunday.

**Shearer and Douglas**  
And now comes Norma Shearer and Melvyn Douglas in a brand new picture called "We Were Dancing." Your guess is as good as ours, but if we are to judge a star by past performance we believe that it will be a safe bet to put your money on Norma and Douglas. The play date is Wednesday and Thursday, April 15-16, so do not be caught napping and miss this one and then come around about next month and ask us when we are going to show "We Were Dancing." We will be seeing you,—no?
