THE COUNTY SEAT NEWSPAPER

Gin Directors Are Elected Saturday

At the joint membership meeting of the two Wheeler gin organizations held in the district court room Saturday afternoon, June 5, a goodly representation of the two gins were present and participated in the election of seven directors to serve during the coming year.

The following named persons were elected: J. C. Bradstreet, A. M. Galmor, E. H. Herd, J. D. Johnson, J. C. Moore, Gordon W. Whitener and J. L. Bailey.

After the adjournment of the membership meeting, the new directors met and perfected their organization, electing E. H. Herd as chairman, J. C. Moore vice chairman and Gordon W. Whitener secretary.

The board of directors will elect a manager who shall have full charge of operating the two gin plants, with the distinct understanding that the gins are to be at all times operated as a cooperative organization as set out by the state and federal laws.

The members of the organization are earnestly requested to give of their time and influence soliciting patronage for these gins.

Both gins will be put in a thorough state of repairs, and operated as the demand requires. All charges for services will be in line with neighboring gins and all profits derived from operations, will be applied on the original purchase price of the gin properties.

Any suggestions from the members as to the policies of operations will be more than welcome by the directors.

WAAC Recruiters Will Be in Wheeler Wednesday, June 16

The WAAC recruiting party consisting of Lt. Rose S. Howlett, Sgt. Della F. Coleman and Pvt. Hans P. Jorgensen will be in Wheeler on June 16, 1943, from 9:30 a. m. to 12:30 p. m. at the Southwestern Public Service office.

This is the first recruiting trip Lt. Howlett has made to Wheeler since she has been appointed senior WAAC officer in the West Texas recruiting district, Lubbock, Texas. She is anxious to see all her many friends in this part of the country and to also see the women who are interested in enrolling in the Women's Army Auxiliary Corps. Lt. Howlett said, "We, in the recruiting service, are doing everything within our power to see every eligible woman to tell them of the need for women in the Women's Army Auxiliary Corps. It is imperative that we fill our quotas in each county."

Women who are between the ages of 21 and 45, with no dependents or children under 14 years of age should contact the recruiting party at the above named headquarters.

Times Has Twenty New Subscribers

The Times is happy to add 20 brand new subscribers to the mailing list and these with a goodly number of renewals are listed below. Thank you very much for your loyalty to your County Seat newspaper.

BOARD SHOWS NO SPECIAL FAVORS TO THOSE WANTING TIRE CERTIFICATES

To the people of Wheeler County: In order to save embarrassment to yourself and to the members of the rationing board, please refrain from asking for special concessions to obtain tire certificates.

The board is rigidly governed by the O. P. A. who sets out a quota or a given number of tires to be issued each month. We try to obey these rules and at the same time, give our people the best possible service.

It is not fair for us to be confronted in our places of business by some of our friends who would like to have their applications passed NOW and then be criticised by other friends who follow the regular channel by placing their applications on file at the rationing office.

The board is in session every Friday afternoon and that is the only time we have any governmental authority. The rest of the time we are merely citizens who need tires, gas, sugar and everything that is rationed.

R. D. Holt, Chariman Wheeler County Rationing Board.

Chickens Should Be Tattooed To Prevent Theft From Owners

County agent Jake Tarter states there are four tattoo sets busy in Wheeler county tattooing chickens and that the method of protecting chickens from thieves is as effective as branding cattle. He urges all chicken owners to keep the sets going in order to get all chickens tattooed in the areas in which most of the thievery is going on.

All produce dealers are urged to examine all poultry purchased and to be sure that they are not buying stolen chickens. "To do so will stop the stealing," the county agent said.

In some cases chickens are sold 500 miles from the place they are grown, but all dealers in the state are being urged to cooperate in curbing the poultry thievery.

MOBEETIE SOLDIER IS HELD BY JAPS

A Mobeetie man was included in a list of 252 United States soldiers who were held as prisoners of war by Japan. The list was made public Tuesday by the war department.

Among the soldiers held by the Japs is Pvt. Paul Bostick, son of M. R. Bostick, Box 95, Mobeetie.

AAA Penalty Lifted In Majority of Counties

Texas farmers were given additional encouragement to plan for maximum production when the \$15 per acre penalty for failure to meet 90 percent of their warcrop goals was lifted this week.

The penalty no longer will apply in the majority of Texas counties, but it will remain in effect in 19 Panhandle counties where hay and pasture goals have been established, B. F. Vance, administrative officer of the AAA, explained.

In these counties, he continued, the \$15 per acre deduction will apply only to those farms on which the county AAA committee decide that abnormal weather conditions have not interfered with achieving the farm's war crop goal.

Counties included are Dallam, Deaf Smith, Hansford, Hartley, Moore, Oldham, Sherman, Carson and Castro. Others in the same area are Gray, Hemphill, Hutchinson, Lipscomb, Ochiltree, Parmer, Potter, Randall, Roberts and Wheeler.

Announced by the War Food Administration, lifting of the penalty is designed to help off-set recent unfavorable weather conditions throughout the nation. Elimination of the deduction provision gives farmers an opportunity to make such adjustments as are necessary to plant the needed crops adapted to their changed conditions and still qualify for such payments as are available.

"Since incentive payments have been withdrawn from several warcrops, many Texas farmers felt that the penalty also should be withdrawn," Vance declared. He said that in his opinion farmers still would meet warcrop goals they had pledged on individual farm plan sheets.

Principal warcrops on which the \$15 deduction formerly applied are grain sorghums, Soybeans for beans, peanuts for all purposes, flax, Irish potatoes, sweet potatoes, and dry edible beans.

Mrs. F. J. Noah is visiting in Olney with Mrs. W. C. Noah.

Flag Day Proclamation

On January 1, 1942, twenty-six governments signed the Declaration of the United Nations. They pledged support to the principles of the Atlantic Charter of International Freedom. They pledged their full resources—military and economic—against those Axis nations with which they were at war. They pledged never to sign a separate armistice or peace with the enemy.

Each year, on June 14, the people of this community have observed Flag Day as a symbol of our allegiance to the ideals of our country. But, in this war of all-out war against tyranny, our allegiance is entwined with loyalty to all who battle alongside us, wherever they may be. As we have united in the past to build a mighty America out of pioneers who came here from many lands, so today we join with United Nations on every continent to fight for the age-old human ideal of freedom.

We may differ with many of our allies in language, or religion, or form of government, but we are united on a basic principle now challenged by Axis aggressors. It is the principle that human beings have a right to be free, that they have a right to decide for themselves what kind of government they wish, that they have the inalienable right to life, liberty and the pursuit of happiness.

To pay tribute to the unconquerable determination of the twenty-six (now twenty-seven) united nations—to give the citizens of this community an opportunity to express their conviction that the spirit of freedom will never die, and that our cause will be victorious—to express our confidence in the sincerity, the gallantry and the mutual respect of the united nations whether they are now on the battle-lines, whether their lands are temporarily under the heels of Axis tyranny, or whether they serve by supplying the vital materials of war.

As Mayor of the City of Wheeler, I hereby proclaim June 14, 1943, Flag Day and I ask all citizens to co-operate with the Flag Day committee in carrying out a fitting observance of this day. I ask the people of Wheeler to display the flag of the United States as well as the flags of other united nations which may be in their possession. I ask for full participation in all ceremonies which may be held in this community so that the world will know that Americans stand shoulder to shoulder with our allies in the undying determination to fight until victory is ours.

Signed: R. H. Forrester Mayor of the City of Wheeler.

New Plan Will Speed Up City Mail Delivery

According to information received at the local post office a new method of speeding up mail deliveries, through addition of a branch post office number to the address on mail for deliveries in large cities, is being placed in operation rapidly.

Within a few days after initiation of the plan, nearly all the postmasters in the large cities affected had assigned postal unit numbers to their branch offices, millions of residents had been advised of the number to be added to their address, and a considerable volume of mail already was carrying the numbers assigned. It is expected that practically all whose addresses are affected have been notified of their postal unit number.

The new system speeds up the separation of mail for distribution to branch offices and permits much more rapid handling of mail by inexperienced clerks, it is pointed out.

An example of the new type of address is:
John C. Smith,
222 Mattapan Ave.,
Boston 8,
Mass.

Those who have reason to send mail to cities will wonder what the figure after the name of the city means, unless they are acquainted with the new system.

Mr. and Mrs. J. A. Harper of Childress, Moore Harper of Austin, and Mr. and Mrs. Sidney Mayfield of Shamrock spent Sunday with Mr. and Mrs. Fred Farmer and daughter, Miss Marcelle.

T-Sgt. Grainger McIlhoney of Portsmouth, Virginia is visiting his parents, Mr. and Mrs. M. McIlhoney.

Delinquent Taxes Draw Additional Penalty July 1

T. L. Gunter, county tax assessor and collector, announces this week that the last half split payment of 1942 taxes is due and should be paid before or on June 30th to avoid penalty.

Tax payers whose 1942 taxes are delinquent may pay such taxes during this month at a considerable saving as the seven and a half percent penalty and interest charge in effect now will be increased to 11 percent after June 30, and will continue to draw interest of 6 per cent. \$1.00 cost will be added.

Mr. Gunter states that he will gladly furnish statement of taxes which are due, to property owners, upon request.

Recent Improvements About Town Noted

Painting, papering, repairing and remodeling different homes and other buildings in and near Wheeler continues. Listed below are several places showing recent improvements. There are probably others that should be included in the list and the editor will be glad to give them proper recognition at a future date if called to his attention.

With Wheeler folks going all out for producing food for Victory, several barns, cow sheds and chicken houses are being constructed to take care of old bossle and a flock of chickens.

Newly improved places about town include:

Ed Tillman—new concrete cellar with storage space above.

C. G. Miller—new chicken house. Nash Appliance and Supply Co. building—additional balcony storage space.

Sheriff's residence—new chicken house and cow shed.

Clarence Robison home—room added.

Lem Guthrie—new barn.

Archie Hieber—new barn and cow shed.

Gus Jones—new barn.

Cecil Clark home—new roof and stucco job.

W. E. Gaines home—newly stuccoed and remodeled.

Mrs. M. L. Gunter home—new interior decorations.

Mrs. J. M. Burgess home—new interior decorations including venetian blinds.

Floyd Pennington home—new interior decorations including papering all 6 rooms and painting wood work.

Mrs. W. M. Hampton—recent interior decorations.

S. D. Conwell home—new stucco.

W. C. Zirkle—new chicken house.

A new windmill has been erected on the Britt ranch east of town.

Cut Worms Reported Damaging Gardens

County agent Jake Tarter stated this week that cut worms seem to be doing a lot of damage in this area the past few days from the number of calls from persons wanting to know how to control the pests. Mr. Tarter gives the following formula for a poison bait to kill the cut worms:

5 pounds wheat bran; 1 tablespoonful of calcium arsenate; one-half pint of molasses; one-half pint of water. Mix well and put out on ground around the plants just before dark.

There are also a number of calls coming into Mr. Tarter's office in regard to control of cabbage worms. He advises the following:

Dust plants with calcium arsenate until heads begin to form. After heads begin to form dust with derris or 5 percent rotenone, but do not use any type of poison after the cabbage head begins to form as the poison might get enclosed in the head with disastrous results.

For flea beetles on radishes and turnips use one part of sodium flouride and one part of dusting sulphur and dust plants early in the mornings.

J. P. KEETON INJURED IN HIGHWAY MISHAP

J. P. Keeton, who resides near Mobeetie, was slightly injured Sunday morning when a '41 model Chevrolet in which he and Glen Keeton were riding, collided with a light pick-up on the Wheeler Mobeetie highway about a fourth mile east of the Mobeetie highway service station. Fred Ashley and Cam Austin of Wheeler were occupants of the pick-up.

Mr. Keeton was released from the Wheeler sanitarium Monday after being treated for minor cuts and bruises.

Both the car and pick-up were rather badly damaged in the collision.

Work Needs To Be Done On Hospital Garments At Red Cross Sewing Room

Workers are badly needed at the local Red Cross sewing room to make hospital garments and to do knitting. It is reported that several boys have returned to the west coast after suffering frozen hands and feet. These boys are being returned from the cold areas south of the equator where more warm clothing is needed.

The local unit Tuesday shipped scores of garments that have been completed during the past few weeks.

Included in the shipment were 55 bath robes, 12 olive drab sleeveless sweaters, 8 turtle neck navy sweaters, 1 navy sleeveless sweater, 11 refugee sweaters, 4 olive drab helmets, 60 olive drab mufflers, 7 pair of olive drab wristlets, 8 pairs of refugee socks, 1 pair of navy blue gloves, 7 ladies refugee wool dresses, 20 hospital bed shirts, and 10 bed quilts.

Dr. R. H. Forrester Appointed Community Service Member Of Wheeler Ration Board

Dr. R. H. Forrester, Wheeler mayor, took the oath of office Saturday June 5, to become Community Service member of the Wheeler County War Price and Rationing Board. Dr. Forrester was notified of his appointment by Howard R. Gholson, District Director for the Office of Price Administration of Lubbock.

The office will carry with it the responsibility of furnishing a source of information to the public at large in regard to policies of the O. P. A. and the local board.

It is recommended that the new board member appoint teachers and other public spirited citizens of the communities in the county to help disseminate news pertaining to the rationing program.

Army Takes Over Panhandle Scrap Drive

An all-out drive, by the Amarillo Army Air Field's mobile salvage unit, to collect every ounce of scrap metal in 21 Panhandle counties, began Tuesday.

The urgent need for scrap metal to feed the hungry steel mills, which are geared for the greatest war production program on record, has been reiterated by the United States Eighth Service Command.

Brigadier General H. S. Burwell, commanding general of Amarillo Army Air Field, has instructed Major R. C. Lueck, director of the mobile salvage caravans, to approach every farmer and rancher for scrap donations.

These contributions will aid to relieve the bottle-neck now threatening to tie up vital arms production schedules planned for America's victory effort.

The Mobile Collection Salvage Unit consists of 60 soldiers, 13 army trucks, cranes, cutting torches and all necessary tools to cut and cart the scrap.

Many investigations have shown that farmers and ranchers are faced by a labor shortage and are unable to junk and deliver accumulated piles of scrap to established depots.

The Amarillo Air Field has therefore created the Mobile Collection Salvage Unit to do all the necessary manual work required for the complete disposal of donated scrap metals.

In an appeal directed to the Panhandle farmers and ranchers, Major Lueck said:

"Our boys must have more arms, more tanks, more planes and many other fighting implements. Your scrap metal donations will help make these things, which will finally guarantee the complete destruction of the Axis partners."

Reliable Government sources revealed that the 1943 war production program calls for the manufacture of 100 million tons of steel. In order to make the best grade of steel, 50 percent of the materials used must consist of scrap metal.

The 21 Panhandle counties which the Army Air Forces Technical Training Command mobile unit plans to tour for scrap metal are:

Armstrong, Carson, Castro, Dallam, Deaf Smith, Gray, Hansford, Hartley, Hemphill, Hutchinson and Lipscomb County.

The remaining counties are Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler County.

The Mobile Salvage Collection Unit of Amarillo Army Air Field will announce at regular intervals the counties they intend to visit.

Times Wanted—5c a line.

Wheeler Cemetery Grounds Improved

Members of the Wheeler Cemetery association report this week that the cemetery was never more beautiful on Decoration Day. Roses are blooming in profusion. Phlox, Peonies, Flags and many varieties of flowers blanket the grounds, and in the mornings a mass of wild flowers add to their vari-colored splendor.

The American Legion never fails to do their part in decorating the graves of their dead. Flags may be seen on a number of graves. A few of the graves are still unknown and anyone knowing the identification of such is requested to make an effort to locate the grave and place a new marker upon it.

This week streets and lanes are to be mowed. It took two women two days to pick up broken glass discarded in the walk ways and streets. The glass is bad on tires and all of it and other trash about the cemetery should be carried home to trash barrels. Holes should not be dug and some are complaining of others raking trash on their lots. All excess dirt fresh from graves is to be taken away and, if drives are low should be used to fill in the low places. Cemetery committee members urge residents of the area to please help do their part in maintaining a better cemetery. Those willing to help with the work and wanting transportation to and from the cemetery are requested to call 26. There is passing most every day.

District Director Clarifies Sugar Canning Program

In order to clarify the sugar canning program of the OPA, announcement was made today by Howard Gholson, District Director, Lubbock, concerning the use of stamps from War Ration Books. Small families who need only ten pounds of sugar for canning may take Stamps No. 15 and 16 from their War Ration Book 1 directly to their grocery stores, he said. The Director pointed out that these stamps will be honored unless the Ration Book shows that sugar has already been obtained through the Local Board and both amounts will exceed 25 pounds. Otherwise, the Stamps 15 and 16 which became usable on May 24 will be good through October, 1943.

Consumers who require more than ten pounds of sugar per person for canning should go directly to their Local Ration Boards for the full amount, the OPA Director said. However, Gholson pointed out, extra sugar for both canning fruits and making jam and jellies must not exceed 25 pounds per person during the specified period.

The regular current ration of five pounds of sugar is not to be confused with the canning ration, the OPA Director said. Stamp No. 12 will be of no value after May 31 and Stamp No. 13 will become valid and be good for five pounds through August 15, he said.

MEN TO BE CERTIFIED FOR SEABEES JUNE 13

Lt. C. B. Parrot, CEC Officer for the Seabees will be in Amarillo Saturday and Sunday, June 12 and 13 to certify men for the Seabees. Especially needed are cooks, bakers, lubrication men with experience in the building trades. Men should have two letters of recommendation and be in 1-A or 3-A draft classification.

Mrs. Alton Nations of Amarillo visited her parents, Mr. and Mrs. Frank Hyatt, over the week end.

Hospital News

Mrs. Frank Worthington of Mobeetie underwent a major operation June 3.

Mr. and Mrs. Ton Price of Pampa are the parents of a daughter born June 5.

Billy Brewer underwent a major operation June 6.

Mr. and Mrs. Brooks McLaughlin of Mobeetie are the parents of a son born June 7.

Mr. and Mrs. Albert Trout of Mobeetie are the parents of a daughter born June 7.

Mr. and Mrs. Shell Guley of Mobeetie are the parents of a daughter born June 7.

Mrs. C. B. Dorman of Shamrock entered the hospital for treatment June 7.

Mrs. Chester Hampton entered the hospital for treatment June 7.

**Pertinent Paragraphs
 from Panhandle Press**

Items of interest culled from news-
 papers on the Times'
 exchange list.

We are wishing that John L. Lewis could be lowered to the bottom of the deepest coal pit in the U. S. and kept there in solitary confinement for the duration.—Higgins News.

E. L. Donner has run across the lowest thief of all. He carried a large bouquet to the cemetery and placed it on his daughter's grave. Next afternoon, Mr. Donner returned to the cemetery to discover that eight of the roses had been removed from the bouquet. He says other people have encountered the same experience.—Hereford Brand.

In a recent issue of "Publicity Highlights," Red Cross publication, it is said, "Editors are liberal with space if they are convinced that a local event is news-worthy. They are not so liberal if the material submitted to them is not real local news." Every Editor strains a point to print everything offered, but it takes time and money to put matter into type, and advertising. Propaganda, and just wanting to see something in print is not reason enough for publishing. On the other hand, many items are never published because people seem to think that an editor should be a mind-reader and know all that is going on in the community.—McLean News.

David M. Warren, president of the Panhandle Publishing Co., and publisher of the Berger Daily Herald, Panhandle Herald and Spearman Reporter, was awarded a medal by the School of Journalism, University of Missouri, at Medalists Day, Friday May 28.

Warren was the 18th former student of more than 3,000 former students to be given the alumni medal "for distinguished service in journalism." He's the third Texas newspaper publisher to receive the medal.

For many years the Missouri School of Journalism has held a special week. Because of war conditions, the usual week was called off and the Medalist's Day was set for May 28.—Panhandle Herald.

It is remarkable how people can manage when they have it to do. Many a tire and tube that were hopelessly no account a few months ago are back in service and doing a pretty good job of it. And the later re-capping jobs are doing wonders for tires that have good carcasses. Many a car, many a trailer are still going because the owner uses ingenuity to save time waiting for the rationing board to get quotas for the kind of tires that would be used were times normal.—Floyd County Hesperian.

The quickest method of taking the morning exercise, is to step on the soap while climbing out of the bath tub. (Sometimes I get \$5 for a suggestion like this.)—Donley County Leader.

Perhaps the boy should have been scolded for leaving his bicycle on the highway, as he joined his comrades in play, except that men also leave many dangers on the highways which boys travel.—Matador Tribune.

Judging from some want ads from a Honolulu newspaper sent by a soldier friend of our's who is stationed in that city, we don't know anything about the high cost of living. Here's some samples.

Barber wanted immediately, \$45 to \$65 a week, plus board and room.

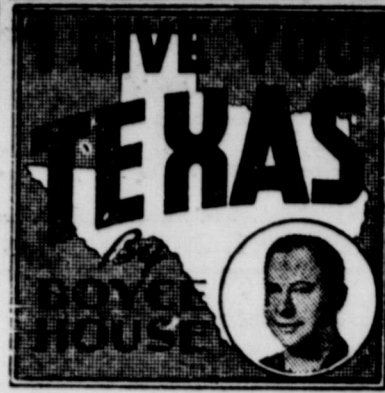

Wanted—good fountain boy. \$150 month.

Wanted responsible Haola (white) woman to care for baby in my home. Hours 7:30 to 5, 6 days a week. \$80 a month.

Wanted: Fully furnished two bedroom house. Yard service. \$125 month or less.

Will trade attractive modern 3 bedroom house for 1 or 2 bedroom apartment. Rent \$140 a month.

\$24 Reward (used as we use bonus)—Wanted by 2 haoles (whites).

I am not bound to win but I am bound to be true. I am not bound to succeed but I am bound to live up to what light I have. I must stand with anybody that stands right, stand with him when he is right and part with him when he goes wrong.—Abraham Lincoln.

Your columnist never has been very proficient at games—but I like to play dominoes, anyhow. My favorite opponent used to be a hotel proprietor in a West Texas town (when I lived there). He was a good player and on the rather rare occasions that I would plunk down a rock and score 15 or 20, he would drily remark: "Blind hog found an acorn."

That will give you the general idea as to my ability.

However, I used to mystify acquaintances by informing them that I had such delicate powers of perception that I could tell, when a domino was face down, which end had the most spots on it, provided it was not a double. I would spin the domino and explain that the end with the most spots would wobble a little differently; though, of course, since they didn't have such marvelous eyesight, they couldn't see the difference. They would scoff—but I picked the right end every time.

The dominoes had an eagle design on the back and the eagle faced the way that the most spots were.

Folks: Met Jim Robertson, county assessor and collector of Wichita Falls, recently. He campaigned by handing out corn-cob pipes—and has kept it up. Letters addressed to him as "Corn-cob Robertson are promptly delivered. He has given away over 70,000 pipes—always has a few in his pockets. He's serving his fifth term in office.

George McIntire of the U Ranch near Sterling City says of our mutual friend, Shine Phillips (author of "Big Spring"): "I have always felt sorry for Shine—at heart a cowboy but he was unable to be one on account of his size. As you know, cowboys only come in two sizes: six feet, two and named 'Slim' and five feet, four and dubbed 'Shorty'". (Shine is betwixt and between these sizes).

A Tribute To The Wind

Having lived in western Oklahoma and the Panhandle of Texas for more than fifty years I have learned to have a lot of respect for our particular variety of wind. It is one of the favorite topics of discussion with us when we meet, and it is the common thing for us to criticize the wind in no uncertain terms.

This should not be so. The wind is one of our greatest assets. We are dependent on the wind for about 90 percent of our water supply, and if the wind were to cease blowing for just one week there would be millions of live stock out of water. This would be really serious, especially at the present time when anything

made of iron is so hard to obtain. It would be impossible to get gasoline engines and pump jacks to operate all the wells in the country. Then, to a lesser degree, we rural folks are dependent upon the wind for our electricity to operate our radios, lights, etc. Furthermore, the wind helps break the monotony and puts an attribution of chance into farming which, although disastrous at times, stimulates us to greater effort.

When we go out about our work the wind fans our cheeks, helps put vigor into our walk and stimulates our very being. When I go to bed at night I always (except on rare occasions) open the window and let a generous amount of wind come into my bedroom, and I lie there

for awhile and listen to its many voices as it rustles the leaves among the trees and moans and sighs and whistles around the corner of the house. Soon I am lulled off to sleep by the soothing sounds, and as I go into dreamland it is with a feeling that all is well.

Yes, I like the wind!
 P. A. Clepper

Reverses in a war are part of war—neither side in a war tells its people just what it is up against. At a time when truth is most needed, truth becomes illegal.—J. French Robinson, President, East Ohio Gas Company.

The best way to be satisfied with your lot is to build a home on it.

2 bed room furnished house. Will pay \$125.

And yet we talk about high prices here in the States!—Ochiltree County Herald.

Trying to stay out of the armed service and trying to get out after men are inducted is becoming altogether too frequent. Families of men in service should not attempt to seek their discharge except in extraordinary cases. When this war is over there will be a reckoning among our young men. Those who went into the armed service will want to know why certain young men failed to serve their country at this critical time, or why others were discharged from the army without doing their part. There are men living in this nation today who have never been able to look their fellows in the eye since World War I because they evaded the draft. Many young men are getting themselves in the same embarrassing position today as regarding the future.—Canyon News.

**You are a Soldier in
 THE BATTLE OF TRANSPORTATION**

Every unnecessary mile you drive is a contribution to our Axis enemies.

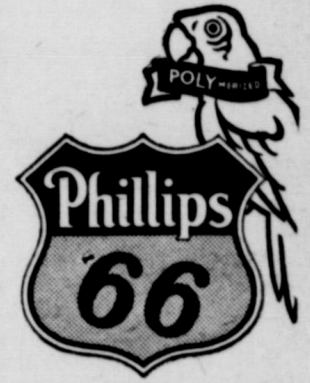

Every bit of rubber and gasoline you save on the home front is a contribution to the combat needs of our fighting men on every battle front.

You can help hasten the day of victory by confining your driving to a patriotic minimum. Use your car only for going to and from work... for needed shopping... for war-time activities like vegetable gardening... for travel to and from places without other transportation facilities.

Remember, your Government asks you to do your part to prevent a transportation breakdown, asks you to Care For Your Car—For Your Country.

Visit your Phillips 66 Service Man at least once a week. His tire-saving service includes checking air pressures, inspecting for cuts and bruises, crisscrossing with the spare every 3,000 miles. His car-saving service includes inspection of battery, air filter, and radiator; lubrication of every point specified by the maker of your car.

Add Phillips 66 Poly Gas, and Phillips 66 Motor Oil... and you have a complete treatment that perks up weary automobiles... a treatment that makes your money, your tires, and your car go farther.

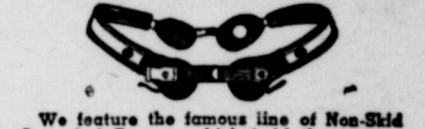

FOR VICTORY... Buy U.S. War Bonds and Stamps

RUPTURED?

Experimenting with questionable trusses at the expense of your health will prove costly. See your Physician at once for the proper diagnosis and we will fill his prescription to your entire satisfaction.

If your condition has already been determined and you are not securing the proper comfort or relief, pay us a visit at once and be convinced that under competent hands, truss fitting has been reduced to a science eliminating all guess work.

We feature the famous line of Non-Skid Spot Pad Trusses which hold the rupture with a fraction of the pressure required by other appliances. We also have a complete assortment of Abdominal Supporters, Elastic Hosiery, Shoulder Braces, etc.

**To Buy
 ELECTRIC POWER**

THAT'S TRUE, even though the electric light and power industry in America was called on to produce, in 1942, the greatest amount of electric power in history—189 billion kilowatt-hours!

And at the same time the average cost per kilowatt-hour to the consumer was lower than ever before!

Not only were all the demands of war plants, military camps, naval stations, and arsenals met—but there remained 27 billion kilowatt-hours of electrical energy to take care of the needs of shops and stores, 30 billion for homes, 13 billion for public transportation, street lighting, and other uses.

These are some of the accomplishments of the electric light and power industry and of the electrical manufacturers who build the equipment used to generate, distribute, and utilize electricity—working together with the teamwork so typically American.

How We Helped

POWER GENERATION. More than one half of all the electric power generated by electric light and power companies in the U. S. is produced by generators manufactured by General Electric.

And such has been the improvement in the efficiencies of turbine-driven generators that if the electric power used in 1942 had been produced with the machines of 1924, it would have required more than a million extra cars of coal and one hundred and forty thousand men just to mine and haul this extra coal.

POWER DISTRIBUTION. To have ample power available wherever new war plants have sprung up requires large and highly efficient transforming and switching equipment and the solution of highly intricate engineering problems. General Electric has had a hand, and a head, in the development and manufacture of much of this equipment.

POWER UTILIZATION. Building machines, lamps, and appliances that put electricity to work more efficiently in factories and homes is one of our most important jobs. The United States has more of these electrical helpers than any other nation. In 1942, the average home used twice as much electricity as in 1930, and in those 12 years the average price per kilowatt-hour decreased 40%.

This is only a small part of the story of America's electrical industry. When the full story becomes history with the passing of the years, it will reveal a group of men who, with a determination which now seems providential, kept on—co-operatively developing new and better equipment, increasing generating capacity, lowering costs, expanding service, planning always to be ready for the demands of the future. It will be a story of remarkable vision and courage—for it all had to be planned, and the work started, years ahead of the need.

The next time you meet a man from your electric service company, be he the local manager, or meter reader, or spurred lineman carrying out his assignment in rain, sleet, or heavy winds, give him a word of encouragement—for he is the man who is making it unnecessary for you to stand in line for electric power. General Electric Co., Schenectady, N. Y.

WOMEN'S CLUBS AND SOCIAL EVENTS

MISS INETTA MAXWELL IS BRIDE OF TOMMY HYATT

Miss Inetta Maxwell, daughter of Mr. and Mrs. S. A. Maxwell, became the bride of Tommy Hyatt, son of Mr. and Mrs. Frank Hyatt, Saturday, June 5, at 6 p. m. at the parsonage of the Baptist church. The single ring ceremony was read by Rev. O. O. Holliday.

The bride wore a dress of navy blue with pink and black accessories and a corsage of pink and white carnations. The only attendants of the couple were Misses Mary Elizabeth Marrs and Pauline Dyer.

SUNSHINE CLUB MEETS WITH MRS. DAVIDSON

The Sunshine Club met Thursday, June 3, at the home of Mrs. J. G. Davidson. Refreshments were served to Mesdames G. W. Mason, T. M. Bradstreet, J. L. Shumate, Clarence Killingsworth, Clifford Mason, Roy Weatherly, Floyd Davidson, Lloyd Davidson, Claude Cox, Weldon Weatherly, Eldon Bell, L. H. Adams, H. G. Young, and Misses Lavenne and Sue Cox, Patricia Adams, and Iva Davidson. The next meeting will be at the home of Mrs. Clarence Killingsworth on June 17.

BAPTIST INTERMEDIATES ENJOY TWO SOCIALS

The Intermediate Sunday School Class of the Baptist Church was entertained with a supper at Shamrock Sunday evening, June 6. Those present were Jerry Oglesby, June Johnson, Betty May, Billy Jean Pond, Laverne Watts, and the hostess, Mrs. Viedie Wheeler.

The same group was entertained Tuesday evening with a picnic given by their teacher, Mrs. Wheeler. Present were Jerry Oglesby, June Johnson, Patricia Adams, Lois May, Betty May, Billy Jean Pond, Laverne Watts, Rosalie Shirey, and the hostess, Mrs. Wheeler.

METHODIST WOMEN CONTINUE STUDY

The Women's Society of Christian Service met Monday afternoon, June 7, in the church parlor to continue the study of "Will a Man Rob God?" Mrs. Lloyd Davidson gave the third chapter on "Honest Acknowledgment," and Mrs. D. A. Hunt gave the last chapter on "The Riches". Mrs. English gave a brief discussion on stewardship.

Mesdames Porter, Henderson, Davidson, Nicholson, Wren, English,

Bro. Newton To Be Here Wednesday Night

Bro. O. O. Newton of Abernathy will have charge of the service Wednesday night at the Church of Christ. All members are especially urged to be present. O. Nation.

Hutchinson, Hunt, Meek, Parks and Griffiths attended.

The group met Monday May 31, for the continuation of the same study.

Mrs. J. M. Porter gave a review on the life of the author, Ralph E. Cushman. Mrs. Green and Mrs. Parks discussed the first and second chapters.

Mesdames J. M. Porter, Bronson Green, Luther Parks, Lloyd Davidson, H. E. Nicholson, Wren, Albert Hayter, and Griffiths were present.

The next meeting will be held in the Red Cross Room Monday, June 14.

MISS MATTIE LEE CLAY IS BRIDE OF WILBUR SIMS

Mr. and Mrs. E. Bass Clay of Pampa, announce the marriage of their daughter Mattie Lee, to Wilbur H. Sims, son of Mr. and Mrs. R. A. Sims of Mobeetie.

The ceremony was solemnized May 23, in the home of the bride's parents with the Rev. E. Douglas Carver officiating.

The nuptial vows were spoken before an improvised altar beautifully decorated with white satin, palms, and candelabras.

Throughout the house were bouquets of flowers.

The maid of honor, Miss Ruth Clay, wore a heavenly-blue gown of silk jersey with Eisenburg accessories, patterned after the bride's wedding gown. Her head dress was a close fitting cap of white, and she carried a nosegay of pink roses.

Serving as best man was Lt. John W. Bartram, formerly of Mobeetie, stationed at Tullahoma, Tenn.

The bride, given in marriage by her father, wore pure white satin, embossed with wedding bells and flowers, designed with fitted bodice, sweetheart neckline and long sleeves terminating in points at the wrists. The full skirt swept into a graceful train. A finger-tip veil of soft illusion, edged with chantilly lace, flowed from a pearl-studded coronet. She carried a white Bible, topped with gardenias.

The bride is a graduate of Pampa High school and West Texas State college, and for the past three years has been employed as head of the Commercial Department of the Lake Arthur, New Mexico High school. The bridegroom graduated from Mobeetie High school, and attended West Texas State college and Texas university.

For a going away suit, the bride wore sky blue twill with white accessories. After a short wedding trip, the couple will be at home at, 116 West 11th Street, Dalhart, Texas.

W. M. U. SEWS FOR RED CROSS

The W. M. U. met Monday June 7, in the Red Cross room. Miss Doris Rogers gave the devotion.

Those present were Mesdames O. O. Holliday, George Porter, Ernest Lee, Bill Black, C. N. Wofford, Jake Tarter, Jimmie Mitchner, Wiggington, and Miss Stell.

STITCH AND CHATTER CLUB MEETS WITH MRS. BOWEN

The Stitch and Chatter Club met last week with Mrs. W. E. Bowen.

A short business meeting was held and after an afternoon spent doing needlework, the hostess served delicious refreshments to Mesdames Sid Hodnett, W. M. Black, H. H. Walser, and two visitors, Mrs. C. D. Miller and Mrs. J. W. Hooker, and the hostess, Mrs. Bowen.

Mrs. Sid Hodnett will be club hostess, June 22.

All men, including statisticians, are interested in figures.

Hitting Russia is like Joe Louis hitting a hay stack.

CARD OF THANKS

We wish to express our thanks to each one that was present and helped plant our crop. The entire 250 acres were planted in a little more than five hours and we wish to thank those who prepared the noon meal. The following helped with the planting: Pyrrman Martin, R. Lamb, Tommie Hyatt, Truman Wright, Ernest Dyer, Ernest Henderson, Amos May, W. L. Williams, M. T. Cantrell, Jr., Bill Lowrie, Elmer Lowrie, Marvin Pierce, Wayne Rodgers, C. D. Mitchell, Gordon Whitener, Lige Gaines, Lewis Martin, and C. R. Flynt. A. M. Galmor and family.

Don't spend your pay in competition with your neighbors for scarce civilian goods. Save, America, and you will save America from black markets and runaway inflation. Buy more Bonds every payday. How many bonds? Figure it out yourself.

WHAT SAY YOU?

I marvel that ye are so soon removed from him that called you into the grace of Christ unto another gospel: Which is not another; but there be some that trouble you, and would pervert the gospel of Christ. But though we, or an angel from heaven, preach any gospel unto you than that which we have preached unto you, let him be accursed. As we said before, so say I now again, if any man preach any other gospel unto you than that ye have received, let him be accursed. Galatians 1:8-9
W. J. Brumley

Mr. and Mrs. Terrell Gunter and Mrs. M. L. Gunter attended graduation exercises of her grandson, R. E. George, at Canadian last Thursday night.

MOBEETIE HAPPENINGS

(By Times Correspondent)

Miss Dorothy and Mr. J. D. Hester of Perryton visited in the home of Mr. and Mrs. Arch Scribner and family Sunday afternoon.

Mrs. Jerald Wayne Scribner of Perryton is spending the week with Mr. and Mrs. Arch Scribner and family.

Mrs. Arthur Carmichael of Wheeler spent the weekend with her parents Mr. and Mrs. Jack Miller.

Pvt. Earl Alexander of Bayonne, New Jersey is visiting friends and relatives.

Sgt. and Mrs. Will Powers of Las Vegas, New Mexico spent a few days visiting friends and relatives and returned home Tuesday.

Miss Maurita Dunn who has been attending college in Lubbock is visiting her friends and relatives.

Pfc Porter Compton of Camp Van Dorn, Mississippi left for camp Saturday morning after visiting his friends and relatives.

Miss Irvine Scribner who was teaching in Miami is now staying with her parents Mr. and Mrs. Bud Scribner since school is out.

Mr. and Mrs. Chalmer Keeton and children, of Lefors, Mr. and Mrs. J. C. Trusty and son, James, of Lefors, Mr. and Mrs. Phil Corcoran and children, Mr. and Mrs. John Corcoran and children, and Mr. and Mrs. Earl Riley and son, E. W., and Mr. and Mrs. Ariza Corcoran and daughter, Arica Ann and Mr. Roy Stracner of Lefors were Sunday guests in the home of Mr. and Mrs. Paul Corcoran and family.

Mr. and Mrs. Aubrey Greenhouse and children visited her relatives in Wheeler Sunday afternoon.

Lt. and Mrs. Allen Leonard of Hondo, Texas are visiting his parents Mr. and Mrs. Robert Leonard and family.

Pfc. Lawrence St. John who is now stationed at the Amarillo Field vis-

ited friends relatives Wednesday afternoon.

Mrs. Ward Golden of Dimmitt, Texas is visiting her parents Mr. and Mrs. J. B. Oswalt.

Pvt. and Mrs. Frank L. Rush of St. Joseph, Missouri, where he is stationed are visiting friends and relatives.

Sgt. G. C. Stoneman, who is stationed at Independence, Kansas, Mrs. W. C. Stoneman, and Mr. C. W. Burch have been visiting friends and relatives.

Mrs. O. C. Murrell, Mrs. Clara Selby and son, Jimmy Dewayne, visited with Pvt. Johnny Murrell at Sheppard Field Saturday and Sunday.

Pvt. Murrell, who has been in service since April 23, is getting his basic training at the Wichita Falls field. He sends greetings to all his friends in the Mobeetie area.

Mrs. Obal Dollins, who has been working in Pampa, is visiting her parents, Mr. and Mrs. Wallace Robinson and children and other relatives and friends.

Mrs. Fannie Puckett and son, Richard, left Tuesday for Abilene, Texas to visit her daughter and family. Sgt. and Mrs. John Looper and daughter, Marcie Azivone.

Mr. and Mrs. Ariza Corcoran spent Sunday in the home of her parents, Mr. and Mrs. Bill Stacner and family in Lefors.

Charles Haning who has been working in Amarillo spent the weekend with his parents Mr. and Mrs. J. F. Haning and son, Harold.

C. H. Keeton of Lefors is spending the week with Mr. and Mrs. Paul Corcoran and family.

Roy Stracner of Lefors is spending the week with Mr. and Mrs. Ariza Corcoran and daughter Arica Ann.

Pvt. Jerald Wayne Scribner, who is stationed at Sheppard Field, Texas spent Sunday with his relatives and friends.

S-Sgt. and Mrs. Dale Brown of Pampa spent the week end with Mrs. Clarence Lee, and daughters, Mrs. Jim Hathaway, and Mrs. Bill Dart. Word has been received that Pfc. Roy C. Lee has recently been moved from Sheppard Field, Texas to Louisville, Kentucky.

Pvt. Glenn Scribner who went into the army a few weeks ago is now stationed at Camp Barkeley, near Abilene, Texas.

Rev. and Mrs. Ted Ewing visited her mother, Mrs. F. H. Waldrop, of Fort Worth and attended to business in Hamilton County last week.

Mrs. Savage and children of Wheeler and Rev. and Mrs. Ted Ewing were Sunday dinner guests in the home of Mr. and Mrs. C. A. Dysart and son, Carey A.

Mrs. J. W. Jeffus and J. T. Jeffus spent Sunday afternoon in Canadian visiting Mrs. Paul Jeffus and children, who are visiting Mr. and Mrs. Ross Adcock and children.

Mrs. N. J. Tyson, who has been visiting friends and relatives, left Thursday for her home in Mullin, Texas.

Art Ridgway has returned home after visiting his sister, Mr. and Mrs. Aldon Hawks and family in Hereford, Texas.

Mrs. Aldon Hawks spent a few days with her parents, Mr. and Mrs. E. P. Ridgway.

Mr. M. P. Hecker of Seagertown, Pa., and Mrs. S. R. Sears of Houston, Pa., attended commencement exercises of their nephew, Gene Matthews, and are visiting their brother and his wife, Mr. and Mrs. H. E. Matthews. Mr. and Mrs. Matthews and the two visited in Borger Friday.

Mrs. Clar Selby and Mrs. O. C. Murrell visited Mr. and Mrs. W. F. Griswells in Wichita Falls Saturday and Sunday.

Temporary Pasture For Dairy Cows

Dairymen should exert every effort to provide temporary pasture for their milk cows.

According to E. R. Eulady, dairyman for the A. and M. College Extension Service, cows on pasture save the labor and expense of harvesting, hauling and grinding of feed crops. The dairyman has little responsibility beyond taking the milk twice daily. Meanwhile, permanent pastures should not be neglected, notwithstanding that over most of the state they cannot be depended upon to furnish good green grazing for more than three months out of the year. Accordingly, temporary pastures should be provided to supply this grazing when permanent pastures fail from drought or cold.

Crops most universally used for temporary pasture are sudan and Johnson grass for late spring, summer and early fall, and oats, barley or wheat for late fall, winter and early spring. There still is time to plant sudan, and it may even be planted on stubble land after oats, barley or wheat have been harvested. Moisture, of course, is a governing factor. A dry summer means no pasture. "Regardless," says Eulady, "if we don't sow we cannot reap."

Good pasture should enable a cow to get her fill within two hours. The grass should be young and green be-

cause it is higher in protein, minerals and vitamins than mature grass. Such pasture will pay a good dairyman more net profit per acre than any other crop he can grow, Eulady declares. Good pasture should support one cow per acre, which means that it is worth from \$9 to \$12 an acre monthly. Sudan grass usually can be depended on to furnish good

grazing for three months out of 12, if properly managed. This means that a sudan pasture is worth from \$27 to \$36 an acre for the season. And since the cow does the harvesting most of the income is net. Mowed sudan can be conserved as hay or silage. Oats, barley and wheat pasture will pay as much per acre as sudan.

"TOWN AND FARM IN WARTIME"

(A Weekly News Digest Prepared By The Rural Digest Press Section, OWI News Bureau)

Ration Reminder

Gasoline—"A" book coupons No. 6, good for four gallons each, out side the eastern gasoline shortage area.

Sugar—Coupon No. 13 good for 5 lbs. through August 15. Coupons 15 and 16 are good for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations if necessary.

Coffee—Stamp No. 24. (1 lb.) is good through June 30.

Shoes—No. 17 stamp in War Ration Book One good for one pair through June 15. Stamp No. 18 (1 pair) becomes valid June 16.

Meats, Etc.—Red Stamps J. K. L, good through June 30.

Processed Foods—Blue stamps K, L, M, continue good through July 7.

More Money Into Bonds

The average American family "should and must" be investing 25 percent of its income in war bonds by the end of 1943, Secretary of the Treasury Henry Morgenthau, Jr., said recently in announcing a new "streamlined" bond campaign. "Of the 45 billion dollars still necessary to complete our war financing needs for 1943," Morgenthau said, "at least 18 billion dollars, or almost 25 percent of the national income for the remainder of the war should come from purchases of bonds by individuals. From these workers earning \$1,000 to \$5,000 net, who will have seven-tenths of all the current available savings, 25 cents of each dollar is not too much to expect. In fact, they should and must invest more if our goal is to be met.

May Still Reduce Points

Retailers may lower the point values of rationed meats and fats which are in danger of spoiling until July 31, OPA has decided. These emergency reductions must be accompanied by a cut of at least 25 percent in the established ceiling price of the item. If the point value is lowered more than 25 percent, the price must be reduced proportionately, but never more than 50 percent below the ceiling.

Ice Boxes For Civilians

A total of 239,575 ice boxes are to be produced in the next three months for civilian use, according to a new order of WPB. Despite limited factory capacities and scarcity of materials, the production rate is expected to reach about 75,000 units a month.

Now To Get Farm Supplies

According to a new WPB priority regulation, a dealer must furnish farm supplies if the farmer signs a certificate stating: "I certify to the War Production Board that I am a farmer and that the supplies covered by his order are needed now and will be used for the operation of a farm." A total of 140 items are effected by this order. Such certification will enable the farmer to buy up to \$25 worth of any of the items on the list, and more if the certificate is approved by his local county farm rationing committee.

Butter Price Reduced

A reduction of five to six cents a pound in the retail price of butter will go into effect Thursday, June 10. The OPA intends to effect the roll-back with a minimum of financial loss to the dairy industry, from the farm through the retailer. With the subsidy paid them by the government, buyers of butterfat will get as much for their butter as before, and will be expected to continue to pay going prices to the farmer. "Butter shall include butter manufactured by a farmer on his farm from milk produced on his farm" according to an amendment to Maximum Price Regulation No. 289 under which maximum prices were established for creamery butter.

Flags For Flag Day

New flags for Flag Day, June 14, are still available, but there will not be enough to meet the demand, says the War Production Board. Manufacturers are still permitted to use four types of cotton fabric and two types of rayon in making flags for civilians. Silk, commonly used for high-quality flags before the war, has not been available for some time. Wool may be used only for flags for the armed forces. Metal flag accessories for civilian use are out.

Go Fishing Without Gas

It is okay with Mr. Ickes if the country's ardent fishermen continue their sport but he says, "We still

think it's a good idea for them to fish when they can and where they can without extra gasoline." Gasoline for fishing trips won't be available no matter how productive of food the sport may be.

Don't Write "Round Robins"

Writing soldiers "round robins", or news letters, and inviting composite replies by the group is inadvisable. The War Department has warned. Replies tend to become anthologies of military information, and a custom that arose from innocent motives become security hazard.

No More Wheat For Feed

Sales of wheat for feed have been discontinued by the Commodity Credit Corporation. However, farmers may still obtain some feed wheat through dealers and county AAA committees to whom shipments have already been made. Additional orders will not be accepted by the Corporation unless the state U. S. Department of Agriculture War Board determined that the wheat is needed to feed livestock through June.

Lumber Production Good

Lumber production in the United States for the first quarter of 1943 is estimated at 7,141,109,000 board feet. This is close to the first-quarter goal needed to meet military and essential civilian requirements of 32 billion board feet for 1943.

Southwest Doing Great War Job

Oklahoma, Louisiana and Texas citizens are turning out billions of dollars' worth of war goods, buying hundreds of millions of dollars' worth of war bonds, planting and harvesting millions of acres of food crops, processing billions of pounds of food items, and thousands are serving voluntarily in numerous war jobs, the regional Office of War Information said in a roundup of war activities in the Southwest. Between May 1, 1941, and May 8, 1943, a total of \$889,153,000 in war bonds had been purchased in the three states. A total of \$6,276,715,000 in major war contracts has been let in the region since June 1940, OWI said. Approximately 650,000 citizens are registered with OCD to handle volunteer war jobs, OWI's report stated.

Adjust AAA Crop Payments

Farmers who fail to plant 90 percent of their war crop goals will not suffer the regular agricultural conservation deductions if the weather has interfered with their crop plans. The War Food Administration has relaxed the provisions in all areas where hay and pasture goals have been established. The action is designed to offset the effect of recent unfavorable weather conditions.

Shoe Prices Regulated

Shoes, chiefly women's models which are made with such sole materials as plastic, felt, wood combinations of wool and cotton, cord and friction belting and some other fabrics and synthetic substances, are now under ceiling prices. Fabrics used for uppers including linen, gabardine, faille, "imitation leather", and other types of cloth. Prices set by OPA for manufacturers for these shoes range from around \$1.25 to about \$4.00 a pair.

Army To Help Farmers

The army is going to help repair flood-damaged automotive farm machinery. The War Department has announced that mobile automotive repair units of the Army Service Forces are standing by in the recently flooded areas of six central states

Free Booklet Explains Rationing Regulations

What would you do if serious threat of life or property made it necessary for you to get gasoline immediately without the use of ration coupons? If you should lose your ration book what steps would be necessary to replace it? What should you do with your ration book if you dispose of your car? Can you have your tires recapped without a rationing certificate? These and scores of other questions pertinent to the operation of an automobile under war emergency regulations are answered in a new booklet now available without charge at the local Firestone dealer, The Nash Appliance and Supply Co.

"Although this new booklet is small" says Mr. Nash, head of the local Firestone organization, "it covers the phases of government regulations that are of greatest current concern to the average car owner. In addition it contains much important information essential both to efficient automobile performance and maintenance, and to increasing tire mileage.

"Other valuable features of the folder are monthly mileage guides, mileage budget forms, and mileage record forms. These mileage records simplify the procedure of applying for new ration books, by permitting car owners to present to their ration boards an accurate picture of travel requirements: The book's two pockets for tire inspection records and gasoline rationing books are a welcome convenience for keeping these items clean and reducing the possibility of losing them."

ready to give farmers such help in the repair of damaged automotive equipment used for farm purposes as is possible without interfering with necessary military training. Farmers who have no facilities for getting their machinery back in operation should report to their local county agricultural agents.

Typewriter Renters

Persons renting Class A typewriters (standard machines made since 1934) will be given until June 30 either to purchase the machines or to return them to their owners, OPA announced.

Report Shows Traffic Drop

Throughout the nation, 479 automatic counters on rural roads in 38 states recorded traffic in April as 56 percent of pre-war normal. Motor-fuel tax collections in 28 states in April totaled \$38,209,000 and were three-fourths of pre-war normal, according to reports from state motor vehicle administrators.

Texas Plants Get Army-Navy Award

Two Texas industrial plants have been granted the Army-Navy Production Award for outstanding performance on war work, Under-Secretary of War Robert P. Patterson and Under-Secretary of the Navy James V. Forrestal, announced. They are the American Well & Prospecting Company, Corsicana, and the Lifkin Foundry and Machine Company, Lufkin.

Scrap Report Released

More than 450,000 pounds of copper and brass scrap were moved to processors for remelting from southwestern yards during the three-week period between May 1 and May 22, according to figures released by Gen. John A. Hulien, WPB regional salvage manager. Dealers' copper scrap inventories on May 22 were shown as 3,633,905 pounds compared to 3,099,000 pounds February 28 this year.

Wheeler Times Wantads are result getters and cost only 5c a line.

STORE HOURS—8:30 a. m. to 7:00 p. m.

NASH APPLIANCE & SUPPLY CO.

Sure missed you for Spring plowing. But everything's going along in good shape. You'd hardly know Jimmie. After you joined up, he figured it was up to him to fill your shoes. He's proved himself a real man. Any day now I expect he'll be trying to shave. That new Conoco W-2 oil you started using in the tractor and car is a real help, too. The Conoco agent tells me it contains special oil-improvers to cut down cylinder wear and bad acid action. He said acid is worst in a car standing around — not used much. That means us, because we're saving the car and tires, and not wasting time, either. Just tell your buddies that the farmers around your home are busy as the devil, raising all you can eat, and then some. We all send love — and best. Dad —

Mrs. Roe Green and children visited in Shamrock Sunday.

From "The Upper Room":
"The Angels on their throne on high,
Look down on us with wondering eye—
That where we are but passing guests
We build such strong and solid nests—
And where we hope to stay for aye
We scarce take pains one stone to lay."

MOVIE CHATTER

(By a Rogue)

Desert Victory

Desert Victory is the true story of the rout of Rommel out of North Africa by the British Eighth Army under General Montgomery. All pictures are authentic and were actually taken during the campaign from Egypt to the Tunisian border. In order that a greater number of people might see the picture, the management of the Rogue Theatre arranged to have it Friday-Saturday, June 11-12. As many persons as can are advised to come Friday night and avoid the big rush Saturday.

Hitler's Children

The most spectacular picture to be made this year is Hitler's Children which comes to the Rogue Prevue Sunday-Monday, June 12-13-14. This picture was taken from the book, Education for Death. It shows how Germany, under the Nazi Regime, has built up a generation of children and educated them for this global war that we are now engaged in; and how inevitably they must meet their death at the hands of the Allied Nations. Every American should see this picture. Admission prices will be regular. We trust that those of you who live in and near Wheeler will make your plans to see it either Sunday afternoon or Monday night when there will be more seats available for those who come.

Journey For Margaret

Wednesday-Thursday, June 16-17, brings a picture to the Rogue that has been highly recommended by several people including Mrs. Robert Holt who declares it to really be a surprise package. The stars are Robt. Young and Laraine Day, but according to Mrs. Holt, a child by the name of Margaret steals the show. We are sure that the picture has plenty of merit and that it is clean and wholesome.

Mr. and Mrs. Wallace Robinson and family, Mrs. John Gillam, Mr. and Mrs. Clarence Robinson ate Sunday dinner with Mr. and Mrs. F. M. Robinson.

ANSEL McDOWELL, Manager-Pharmacist Phone 11—Wheeler

Mr. and Mrs. C. V. Hanning were called to Sherman Monday upon learning of the death of his grandmother, Mrs. R. J. Hanning. Mrs. Hanning passed away Sunday and funeral services were held at Ethel Tuesday. The Hannings returned to their home yesterday.

J. P. Green, Holt Green, Bob Rogers, Ed Watson, Al Watson, and J. M. Burgess left Saturday for Lake Kemp for a few days fishing.

Mrs. Cliff Weatherly and son, Joe, Mrs. Bob Rogers and daughter, Peggy, and Lewis Craig attended to business in Amarillo, Monday.

Notice to Our Patrons

During the summer months our cafe will be closed with the exception of Saturdays. On Saturday we will be open from early to late . . . opening at 7 a. m. and closing at 2 a. m. Sundays.

Your Past, Present and Future Business Always Appreciated

JACO'S COOK SHACK

"YOU'VE DONE YOUR BIT NOW DO YOUR BEST!"

DURING the first year of our toughest war, we—

Trained a lot of men—made a lot of fighting tools—built a lot of shipping.

And to help pay for it all, we bought War Bonds. Altogether, 50 millions of us bought War Bonds. And nearly 30 millions of us started putting, on the average, 10 percent of our pay into War Bonds every payday through the Payroll Savings Plan.

That was a good start. But, it was only a start. What we did in '42 is not enough for '43!

We've got to do more fighting this year. We've got to do more building, more training, more shipping—and more saving.

We've got to buy more War Bonds.

Is that too much to ask? Many of us are making more money than we have made for years. The things we'd like to buy with that money have either disappeared or are as "scarce as hen's teeth." So, why not put that money into War Bonds at good interest—\$4 for every \$3 when the Bonds mature? Money to help pay for the war—keep prices down—provide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are, you're already in the Payroll Savings Plan—buying War Bonds—doing your bit. But don't stop there. See if you can't boost your ante! Do your best!

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

BOOST YOUR BOND BUYING THROUGH THE PAYROLL SAVINGS PLAN
