Entered as second-class matter Dec. 18, 1933, at the postoffice at Wheeler, Texas, under Act of March 3, 1879.

THURSDAY, JUNE 24, 1943.

Hints of how the farm labor shortage problem may be attacked "by using the labor you have as efficiently as possible" were given by J. E. Carrigan, dean of the College of Agriculture at the University of Vermont, Burlington, in a General Electric Farm Forum address.

Here are some suggestions Dean Carrigan has for farmers: Watch your neighbors. Each one of your neighbors is probably doing something more efficiently than you.

Plan ahead, figuring how to get things done before necessity compels them to be done.

Have important things to do, ready and waiting for the next rainy day.

Keep needed machinery and equipment in repair.

Borrow and lend out to neighbors. Exchange not only tools and machinery, but exchange work also.

Use tractors and other power equipment on a constant basis.

Use make-shift machinery, such as "doodle bug" tractors, made from old cars.

Arrange barns and use labor-saving devices to cut the time of doing chores and other work.

Put victory first on the Fourth! The Texas Safety Association made that appeal to patriotic Texans today in launching a statewide campaign against fourth of July accidents that waste manpower, material and time vital to victory.

Thirty-eight statewide organizations are joining with the Association in the greatest mass attack on holiday accidents ever made in this state.

Public officials, safety leaders and citizens throughout the state are being asked to enlist in this holiday campaign in a united effort to prevent accidents which last year took a toll of 87 lives in July alone.

Wartime travel restrictions and the fact that many of the state's war plants will be working full blast through the holiday period may reduce the normal Fourth of July traffic volume. The Association pointed out, however, that many workers will have a long week-end holiday and that traffic hazards still prevail, even on short drives.

The Association made these specific holiday safety suggestions:

1. Stay close to home. Don't drive unless you absolutely have to.
2. Don't take any trips unless you have to, even on a public conveyance. Crowds on trains and buses increase travel hazards.

"This year," said R. B. Rosper, president of the Association, "we are not only celebrating our independence, but are fighting to preserve it. Let us not jeopardize our independence by causing accidents which impede our fight to maintain it."

"The prevention of accidents is more than ever the patriotic duty of every citizen, for accidents slow production of war materials. We who are still at home can at least make sure that we do nothing to make it harder for our fighting men. If accidents keep weapons and supplies from them, then accidents must stop."

"Remember—accidents help the Axis. Let's avoid them and put victory first on the Fourth!"

To plan and to worry are two different things. The man who plans seldom worries.

### "STAND BY FOR ACTION"

—with—

WALTER BRENNAN

Wed.—June 30—July 1—Thurs.

When little Willie came home from his first day at school, his mother asked, "What did you learn?" He answered, "Nothing." She inquired, "Well, what did you do, then?" He replied, "Nothing; a woman wanted to know how to spell 'dog' and I told her. That's all."

One of the innumerable changes that Hitler has forced upon Texas is the foregoing of San Antonio's Battle of Flowers. In the happy, before-the-war days, that was really an event to look forward to. The crowds were as much a part of the festival as the procession itself. Thousands massed along the line of march, many of them standing for the two hours or so that the parade was in progress—in fact, most of them were on hand an hour or more before the event was scheduled to begin. A few had folding chairs and some sat on the edge of the sidewalk; others were in windows; still others would set a table in the entrance-way of a store and place chairs on top of the table so as to see over the heads of the throng. Vendors of foods and drinks and souvenirs were in their glory.

The last Battle of Flowers that your columnist saw—it was the last one that has been held—was a more brilliant spectacle than the more widely acclaimed Tournament of Roses in Pasadena. True, the California spectacle had Edgar Bergen and Charlie McCarthy, as well

## Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

Some people complain about the hardships of war while others die. No matter what sacrifices we are called upon to make at home we cannot measure up in any way to those who are giving their lives on foreign soil. Then there is the suffering of the conquered peoples. Why should anyone gripe about conditions when they are so much better than anywhere else in the world, and bid fair to remain so for the balance of our lives?  
—McLean News

as Leo Carrillo, resplendently attired and on a white horse—but San Antonio's calvacade had many more beautiful girls, and in more gorgeous costumes.

"The Bar and the War" will be the subject of George M. Morris, president of the American Bar Association, when he addresses the convention of the State Bar of Texas in Houston July 1 and 2. A war work clinic will be another feature, announces President Claude E. Carter of Harlingen.

In our mother's day, the most popular songs were sad ones. Can you remember when the telephone had just begun to come into use and there was a song about a little girl who said: "Hello, Central, give me Heaven for my mother's there; you will find her with the angels on the golden stair?"

And fully as pathetic was the song about the man holding a baby on a train. The infant's crying annoyed a passenger, who demanded to know why the tot wasn't taken to its mother. The man replied, "She's in the baggage coach ahead."

In recent floods in Arkansas, an old negro, a flood evacuee who was unmoved when Red Cross workers provided him with food and clothing, burst into tears when they gave his mule a bale of hay.  
—Memphis Democrat

Someone has said, "Music hath charms that soothe the savage breast." On the other hand much of our so-called music of today stirs all the crasser impulses of human nature. The zoot-suit and zoot-suit disturbances in various localities of the U. S. are largely products of the vicious swing music that has permeated the dance halls of the country for the last several years.  
—Higgins News.

Since entering the war the United States Army has bought 40,000,000 pairs of shoes for its soldiers. These shoes have been made in 249 sizes with a range of 3 1-2 AAA to 15-1-2-EEE. In estimating its needs

the Army figures three new pairs of shoes yearly with each pair repaired three times before being finally discarded.  
—Tulia Herald.

"Newfangled" is a word heard less nowadays. When used at all, it is by conservative people, often elderly, who dislike the world's changes. Short skirts may arouse their condemnation, or airplane travel, or merely the erection of a new (and less drafty) church in place of the veteran of a century.

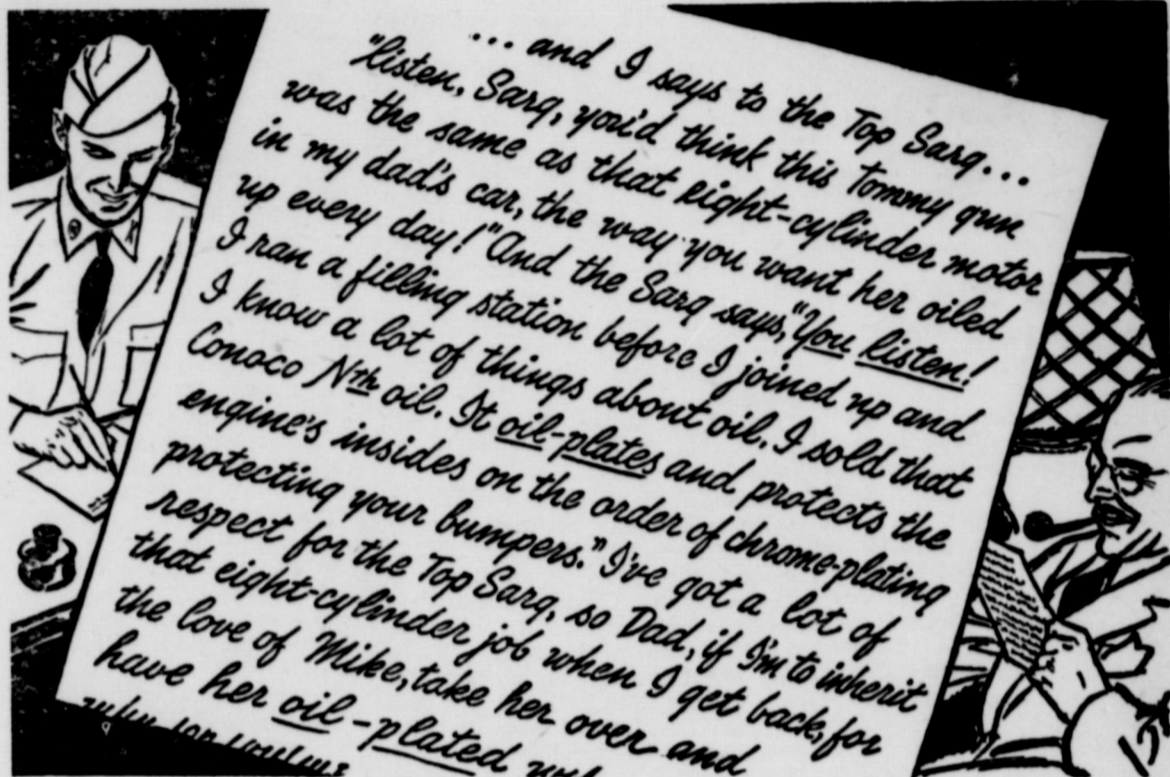

The trouble usually is not so much with the new ideas themselves as with people's adjustment to them. The effort of breaking a long-standing habit is downright painful.

It sometimes has to be done, however. Stick-in-the-mud conservatism cost us Pearl Harbor, and willingness to adopt "newfangled notions" won Tunisia.

There is force in the word of

the British essayist Chesterton. All conservatism, he said in substance, is based on the notion that a white post will stay white if nothing is done about it. Of course that is not true at all. It must be painted and repainted if it is to stay as it was. When conservatism is a plea for inaction, it is often a plea to let things get worse.  
—Amarillo Times.

An American officer told The News of a prisoner camp in which Italians are being held. His version is that the whole thing is a farce—guarding Italians to keep them from running away. Says this officer: "You could open every gate, and take away every guard and these fellows would gladly stay in this camp." Those Italians who have been fighting with Mussolini for these many years are enjoying their trip to America.  
—Canyon News.

### Work . . . .

Work in your spare time in Victory gardens, essential part-time work and civilian volunteer services. KEEP FIT!

### Put Your Money to Work . . .

Where it will do the most good: War Bonds and Stamps, Income Tax, Victory Tax, Victory Loan, Red Cross, Community Chest, Pay Off Debts.

### Keep Informed .

Learn the facts about your war. Don't believe rumors or repeat them. Don't talk about things the enemy would like to hear.

### Waste Nothing .

Use only what you actually need in Food—Fuel—Transportation. Put idle material to work. SALVAGE: scrap metals, tin cans, fats and greases, rubber, rags, silk stockings. CONSERVE.

### Share . . . .

With our armed forces and fighting allies. Help with Victory books, shipping space (V-Mail) blood banks. Share with each other through rationing, car sharing, etc.

## "... SO I TOLD JOE, WE'LL NEVER WIN THIS WAR FEELING THAT WAY"

"It burns me up! To hear some people talk, you'd think this war is something 'not for us'.

"Take Joe, for instance. 'Course, his boy Clem's too young for the service, and he doesn't have any kinfolks to keep him posted on what our boys are doing 'over there'. But when he told me he couldn't see what we, at home, could do toward winning the war, I told him exactly how I felt.

"I told him that if very many people thought as he did, this war could last months longer, and more of our boys would be killed . . . that we might even lose this war, and with defeat would go all the freedoms we love so dearly.

"Well, that seemed to start him thinking . . . so I told him a few of the ways he could help . . . how his investing in even a \$25 War Bond would help some American

soldier get the equipment he needs . . . how the old iron and scrap metal around his place would make a couple of machine guns . . . and how important it is to save grease and fats, and grow his own garden so more canned goods can be sent to our armies. 'We've gotta make sacrifices . . . sacrifice until it hurts,' I said, 'if we back up those men at the front who are giving up their lives for us.' Well, maybe I blew off a little steam, but that's the way I feel. And now, I'm sure Joe with me."

**NEWSOM-EAGAN MARRIAGE IS ANNOUNCED**

Pfc. Van Garey Newsom who is stationed at a training camp in South Dakota and Miss Eva Eagan of Florida were married Sunday at 2:30 p.m. in the First Baptist church in Allison, in the presence of a few friends and many relatives. Rev. O. O. Holladay, pastor of the Wheeler Baptist church, read the single ring ceremony and Mrs. Lester Levitt sang, "I Love You Truly" and played the Bridal Chorus by "Wagner."

Van is the son of Mr. and Mrs. W. T. Newsom, living east of Allison and Mrs. Newsom is an orphan.

The bride chose for her wedding ensemble, a crushed rose suit with dark accessories. The groom wore full military dress. Layton Newsom acted as best man and Miss Peterson of Reydon, Oklahoma, as bridesmaid.

Following the wedding, a reception was held in the home of his parents, Mr. and Mrs. W. T. Newsom.

Out of town guests were Mr. and Mrs. J. W. Peeples, Mr. and Mrs. R. A. Kennedy, and daughter, Janet, of Amarillo; John Wright and family of Canyon; Mr. and Mrs. Judson Gregory of Dallas; Mr. and Mrs. John Peterson of Reydon, Oklahoma; Mrs. Charley May and Amelia May of Wheeler; 1st Lt. Roger Ray Rogers of Walla Walla, Washington, and many other relatives and friends.

**PVT. T. J. AYRES IS HONORED**

Pvt. T. J. Ayres of Camp Davis, North Carolina, was honored with a dinner Sunday, given in the home of his parents, Mr. and Mrs. J. J. Ayres.

Those enjoying the occasion were Pfc. and Mrs. Grady Havenhill and son, Mr. and Mrs. W. L. Webb and sons, Mr. and Mrs. Arnold Jones, Miss Viola Havenhill, the honoree, Pvt. T. J. Ayres and the hosts, Mr. and Mrs. J. J. Ayres.

**OKLAHOMA COUPLE MARRIED HERE SATURDAY AFTERNOON**

Pfc. C. N. Jackson of Fort Reno, Okla., and Francis Moore of ElReno, Oklahoma, were married in the office of the county clerk late Saturday. Justice of the Peace A. C. Wood performed the ceremony.

Mrs. Jackson is the daughter of C. F. Bratton of ElReno and Pfc. Jackson is the son of Mr. and Mrs. D. D. Jackson of Cash, Oklahoma.

**MR. AND MRS. LEE BLACK ENTERTAIN GROUP SUNDAY**

Mr. and Mrs. Lee Black entertained a group of relatives and friends Sunday, Father's Day, with a fried chicken dinner. The occasion also marked the birthday of Mrs. Black.

Those enjoying this delightful occasion were Mr. and Mrs. Lynn Armstrong and children, M. L. and Bettie of Panhandle, Mr. and Mrs. Ed Trimble and son, David, of the Blasdel Ranch, Henry Bailey, Jimmie Blasdel, and the hosts, Mr. and Mrs. Black.

**MRS. HENRY GREENHOUSE SURPRISED WITH SHOWER**

Mrs. Henry Greenhouse was given a surprise pink and blue shower Tuesday afternoon, when a number of guests called at her home.

Those present were Mesdames Dorsie Hutchison, J. B. Barr, Frank Rogers, W. J. Marriott, W. E. Collins, C. E. Loter, C. M. Hampton, Ralph Smotherman, W. G. Jones, Bill Cole, J. C. Bradstreet, Ben Westmoreland and Miss Ethel Sartor.

Those sending gifts were Mesdames Jeff Cole, H. H. Herd, V. B. Hardcastle, W. G. Greenhouse, R. G. Russ, Jr., R. G. Russ, Sr., and the Misses Clara Finsterwald, Burdena Barker, Mildred Greenhouse and Dorothy Greenhouse.

Mrs. Eddie Bills and children of Ft. Worth arrived Tuesday night to be with her father, W. O. Turlington, who is ill.

**LOCAL NEWS ITEMS**

**Poultry Tips**

FOR BETTER EGG PRODUCTION

If your hens are not producing as well as you would like for them to, check to see if they have plenty of feed, water and roost space. Each hen needs four inches of mash-hopper space. Every 100 hens need at least six gallons of pure fresh water daily and each hen needs nine inches of roosting space.

If you are supplying your flock with all of these and not getting the egg production you would like, give the flock a treatment of CHEK-R-TON. It is a dewormer, appetizer, and conditioner. (It works miracles with the laying flock.)

For higher production feed your flock PURINA LAY CHOW, a high production egg mash.

For other information see your PURINA DEALER.

### "TOWN AND FARM IN WARTIME"

(A Weekly News Digest Prepared By The Rural Digest Press Section, OWI News Bureau)

#### RATION REMINDER

**GASOLINE**—"A" book coupons No. 6, good for four gallons each until midnight, July 21.  
**SUGAR**—Coupon No. 13 good for 5 lbs. through August 15. Coupons No. 15 and 16 are good for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations if necessary.  
**COFFEE**—Stamp No. 24 (1 lb.) good through June.  
**SHOES**—Stamp No. 18 in War Ration Book One good for one pair through October 31.  
**MEATS, ETC.**—Red Stamps J, K, L, M and N good through June 30.  
**PROCESSED FOODS**—Blue stamps K, L, and M will continue to be good through July 7.

#### DON'T TRAVEL UNNECESSARILY

To relieve crowded trains and buses, the public is asked not to make unnecessary trips. ODT has defined trips for the following purposes as non-essential:  
(1) To other cities to visit friends; (2) Home for the weekend; (3) Sightseeing; (4) To the theater, races, or other places of amusement; (5) Any social travel or travel for pleasure; (6) Travel merely for the sake of going somewhere.

#### V-MAIL PICTURES FOR DAD

Photographs of children under one year of age of soldiers serving overseas or children born after the father has departed for overseas may be sent V-Mail under certain conditions, the War Department has announced. The regulation form must not be altered in any manner and the photograph is limited in size to not more than one-third of the correspondence space on the V-Mail form. The photograph must appear on the upper left portion of the correspondence space. It may include the mother or some other person holding the child.

#### VICTORY TAX COLLECTIONS

The Victory tax, which to date has been withheld from wages and salaries, above exemptions, at the rate of 5 percent, will be included in the 20 percent withholding plan provided for in the current tax payment act, on or after July 1. Total victory tax collections as of June 5 were \$682,382,523.20.

#### STICKER FOR RATION-FREE SHOES

Shoe dealers must place an OPA sticker on shoes that are to be sold ration-free because of damage by fire, water, steam, or other accidental cause, the OPA has announced. The purpose of the sticker is to protect the customer against black market shoes.

#### FROZEN FOODS PRICED

Consumer ceiling prices for frozen snap beans, corn, peas, and spinach of the 1943 pack will be about the same as current maximum prices for the 1942 pack, but prices for frozen strawberries and asparagus will be increased, OPA said recently. For asparagus, the increase will be about one cent a pound, and for strawberries, between three and four cents a pound.

#### GAS AND TIRES FOR FARM MACHINES

To assist grain farmers in harvesting 1943 crops, the War Food Administration has made arrangements with ODT and OPA to assure owners of custom-operated machinery sufficient gasoline and tires to run their equipment, especially itinerant combine operators who will soon be working in the wheat harvest.

#### TOOLS FOR FARMERS

Wrenches, pliers, screwdrivers and other mechanic's hand and service tools should be more generally available to farmers and home mechanics as a result of an amendment of Order E-6 by WPB. The amended order, which is designed to bring a better distribution of these tools among consumers, sets aside from 20 to 25 percent of the monthly production of specified tools for commercial distributors.

#### BARBED WIRE AVAILABLE

Approximately 20,000 tons of barbed wire with extra long barbs, made for military purposes, will be used to meet a shortage of barbed wire on farms, according to WPB. The action is part of the Office of Civilian Requirements' program to make needed supplies available to farmers. The wire shortage was aggravated by the recent midwestern floods which washed out many miles of fence.

#### USED CAR GAS RATION

The purchaser of a used car may qualify for a gasoline ration to operate it, even though he is unable to get a tire inspection record from the previous owner, if he can satisfy the local board that (1) No tire inspection record ever was issued for the vehicle, or (2) The buyer had been unable to get the record from the previous owner after diligent attempt.

#### LUMBER FOR FARMS

Five hundred million board feet of softwood lumber have been made

# HEADQUARTERS

## for 100 OCTANE Phillips 66 Aviation Gasoline

**Research begins... not in a test tube... but in the mind of a man.**

Since Phillips Petroleum Company has the world's largest proven gas reserves, it was natural that the minds of hundreds of Phillips research men should early turn to the problem of new and better things from petroleum gases as well as from petroleum.

The resulting development, in the early 1930's, of **POLYMERIZATION** enabled the use of light petroleum hydrocarbons (gases) which until then had been regarded as by-products of little value. Soon, several years before Pearl Harbor, they became feed stock for 100 octane gasoline.

Still other Phillips pioneering processes, *alkylation, HF alkylation, and cyclization* permitted the production of 100-plus octane aviation gasoline, a significant contribution to extra airplane horsepower.

Phillips was one of the first, and remains one of the largest manufacturers of high octane aviation fuels. Thus we see how the peacetime study and work of Phillips scientists is of great value in our all-out war on the Axis. Similarly, when victory comes, today's accelerated Phillips wartime research program should bring to the American motorist new and greater gasolines for his post-war car.

**FOR VICTORY... Buy U. S. War Bonds and Stamps**

### CONGRESSMAN WORLEY SAYS . . .

The Agricultural Appropriations bill for 1944 has passed both House and Senate. It is now in conference committee, a group appointed by both Houses to iron out differences on various changes affecting the bill which were made in the Senate. This bill is of great interest and importance to farmers and ranchers of the Texas Panhandle and the nation and it is expected the differences between the two Houses will be settled soon and the measure sent to the President for his approval.

The farm labor shortage continues to occupy an important position in current affairs and various communities have written in asking if soldiers from nearby camps could be released for a period to help on the farms.

I talked to officials in the War Department again concerning the matter and they state that no change has been made in the ruling and sent me a copy of the official order which follows:

"IV—Use of Army personnel in harvesting crops. —1. Commanding officers of all posts, camps, stations, divisions, and lower separate units are authorized under the conditions set forth in paragraph 2 to—  
 a. Permit soldiers to engage in farm work in nearby communities during normal off-duty periods.  
 b. Grant passes to soldiers in order to permit them to engage in farm work in nearby communities.  
 2. Authorization granted in paragraph 1 is contingent upon the existence of the following conditions:  
 a. In the opinion of the commander concerned, an emergency exists in the nearby farm community due to shortage of available farm labor.  
 b. The soldier concerned desires permission or a pass in order to engage in farm work.  
 c. Such action will not interfere with the customary employment and

### CENTER NEWS

### MOVIE CHATTER

(By a Rogue)

Time To Kill

Friday - Saturday, June 25 - 26, brings Lloyd Nolan and Heather Angel to the screen at the Rogue Theater in a good detective type story called "Time to Kill." This picture is chuck full of suspense and action. Those who like a mystery story will literally eat this one up. There is not a dull moment in its entire length, and we are sure that you can relax in cool comfort at the Rogue.

Forever and a Day

Preview—Sunday—Monday June 26-27-28, brings an entirely new kind of picture to our patrons at the Rogue. "Forever and a Day" has so many stars in it that it would take a full newspaper column to list them. In fact, there are over 78 big stars in the picture and hundreds of lesser celebrities. So you may rest assured that any star you might wish to see will be there. This is one grand patriotic picture that everyone should see, and you will be glad that you are an American, living in the grandest country in the world. It is not a war picture.

Stand By For Action

For June 30-July 1, Wednesday-Thursday, it is "Stand By For Action" at the Rogue. The writer of this column has seen this picture and can personally guarantee that it is big time stuff by any standard. The cast includes Robert Taylor, Brian Donlevy, and Charles Laughton, and it is a story of Uncle Sam's Navy in action. Of course the story is fiction and has none of the horrors of war, but rather it heaps glory on our grand old flag and our Navy, together with those gallant lads who are manning our ships.

Mr. and Mrs. Gordon Reynolds returned to their home in Carlsbad, New Mexico, Friday, after spending a week visiting her father, A. C. Wood and Mrs. Wood and other relatives.

## It's Cooler Here

### Pressure Canning

(Continued from First Page)

States. Outside of these regions, some State agricultural colleges approve alternate methods of canning non-acid vegetables and meats, though all recommend the pressure canner as first choice. Each State college publishes directions for canning that it considers safe within its own state.

The Department emphasized that every safe and efficient method of preserving foods at home should be used as fully as available equipment permits this year.

Individually owned as well as community pressure cookers can be shared to keep them operating at capacity during the canning season. Large quantities of fruit and tomatoes can be put up by the boiling water bath method. Dehydrating,

krauting, brining, pickling, and freezing can be used to advantage with many products. Root crops, winter cabbage, pumpkins, winter squash and other products can be stored when suitable facilities are available.

Equally important is the consumption of large quantities of fresh vegetables and fruits in season. Here the family with a victory garden has the advantage. By eating liberal amounts of fresh products in prime condition over as long a season as possible, they can build reserves of health—for the months ahead, and even store up certain vitamins in their own bodies instead of in the pantry or the cellar. Sharing fresh products with friends and neighbors can spread this advantage to the others who may not be fortunate enough to have gardens of their own.

## "YOU'VE DONE YOUR BIT NOW DO YOUR BEST!"

DURING the first year of our toughest war, we—  
 Trained a lot of men—made a lot of fighting tools—  
 built a lot of shipping.

And to help pay for it all, we bought War Bonds. Altogether, 50 millions of us bought War Bonds. And nearly 30 millions of us started putting, on the average, 10 percent of our pay into War Bonds every payday through the Payroll Savings Plan.

That was a good start. But, it was only a start. What we did in '42 is not enough for '43!

We've got to do more fighting this year. We've got to do more building, more training, more shipping—and more saving.

We've got to buy more War Bonds.

Is that too much to ask? Many of us are making more money than we have made for years. The things we'd like to buy with that money have either disappeared or are as "scarce as hen's teeth." So, why not put that money into War Bonds at good interest—\$4 for every \$3 when the Bonds mature? Money to help pay for the war—keep prices down—provide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are, you're already in the Payroll Savings Plan—buying War Bonds—doing your bit. But don't stop there. See if you can't boost your ante!

Do your best!

## YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

BOOST YOUR BOND BUYING THROUGH THE PAYROLL SAVINGS PLAN
