3rd WAR LOAN Buy More Bonds

THE COUNTY SEAT NEWSPAPER

Only Half of Bond Quota Raised So Far

Wheeler county still lacks half of its \$488,100 bond quota in the Third War Loan Drive.

According to reports coming in from various parts of the county about \$240,000 have been invested in bonds since the drive got underway September 9.

Both the quota and the bond purchases are figured in the actual sale value, rather than the maturity value of the bonds.

Robert Holt, county chairman of the 3rd War Loan Drive, received the following message from State chairman Nathan Adams of Dallas Tuesday:

Robert Holt, Wheeler, Texas Through Saturday Texas official sales Third War Loan were 45 percent of our quota. Sales for nation were 65 percent of quota. We must not let Texas fail to meet its responsibility. Unofficial and official sales our county, as well as many others, indicate intensive efforts required if your quota and state quota are to be met. Please take inventory today and determine what is required of all your workers. It may be necessary to canvass your prospects to step up dollar participation or redistribute prospects to insure against failure. Advise me if this office or your regional manager can be of any help with your plans.

Nathan Adams, State Chairman War Finance Committee of Texas.

With only six days left in which to complete the drive committee-men are urging those in the county who have not purchased bonds to do so and to those who have already purchased bonds and can afford to buy more they are making a special appeal that the county quota may be met even though it is considered extremely high.

The Third War Loan Drive is a challenge to the American people without parallel in history, for they are being asked to "lend" the largest sum of money ever raised in the life of any nation. It is a challenge to their will to sacrifice to "back the attack" of their husbands, sons, brothers and fathers who are sacrificing everything, even life, so that the people back home may continue to enjoy the freedom and liberty of the American way of life.

Emergency Crop And Seed Loans Available

Due to the long summer drought there is a feed shortage in many areas of Texas and farmers may find it necessary to purchase feed or plant fall feed crops to supply their livestock.

To meet this emergency and also to provide funds for planting fall cover crops as a soil building practice, Emergency Crop and Feed Loans for 1944 are being made available at this time to farmers whose cash requirements are small and who are unable to secure necessary financing at banks or from other sources, according to Chas. C. Bishop, field supervisor. It is expected that this early opening of the loans will materially aid in holding essential food production at the high level urged by the War Food Administration.

The AAA has extended the time for carrying out soil building practices to November 30. Farmers who plant fall cover crops may thus earn benefit payments and also greatly enrich the soil for 1944 crop production, the field supervisor states.

A first installment of the crop loan will be advanced to cover cost of preparing land, purchasing feed for workstock or fuel oil, cover-crop seed, planting seed for fall feed crops and other incidental expense; remaining installments when needed for production of regular 1944 crops. Security for the crop loan is a first lien on crops to be grown, and in case of a feed loan a first lien on the livestock to be fed.

These loans, generally known as "seed loans," have been made in this county for many years. Eligibility rules are the same as in former years. The amount which may be loaned to any one farmer in 1944 may not exceed \$400. The loans are administered in Texas from the Dallas Emergency Crop Loan Office of the Farm Credit Administration, 405 U. S. Terminal Annex, Dallas 2, Texas. W. E. Faywell is regional manager. James C. Norman, will take the application in the Wheeler community. Field supervisor Chas. C. Bishop may be seen in Wheeler at AAA office on Monday morning of each week.

Mobeetie Church Of Christ Begins Gospel Meeting This Week

A gospel meeting began at the Mobeetie Church of Christ Wednesday evening of this week and will continue through Sunday, October 3. Evangelist J. L. Pritchard of Electra, Texas is in charge of the preaching and Lester Hathaway has charge of the song service. The services start at 8:15 o'clock each evening and no morning services, with the exception of Sundays, are planned. The congregation extends an invitation to all to attend the series of services.

Lamb and Hyatt Are Awarded Premiums for Season's First Cotton

Today (Thursday) a subscription paper for the first bales cash bonus was circulated over town and the business or professional men and women seen contributed some amount to make up the premium money that in accordance with a custom for the past several years, will be divided 50, 30 and 20 percent among the producers of the first three bales of cotton. The amount given is to be spent in War bonds and stamps and delivered to the parties who have the first bales.

Donors to the \$60.50 fund and the amounts are as follows: Wheeler Cotton Oil Co. \$7.50; Wheeler Co-op Gin, 5.00; Citizens State Bank, 2.50; Crump-Mundy, 2.50; City Drug, 2.50; Puckett's Cash Store, 2.50; Wheeler County Produce, 2.00; McIlhenny's, 2.00; McDowell Drug, 2.00; Dr. Nicholson, 2.00; J. Homer Pitcock contributed 5 gallons of gasoline and one quart of oil to the first bale and awarded 5 gallons of gasoline and one quart of oil to the second; 3 gallons gas and one quart of oil to the third. Joe Hyatt brought in the first bale of cotton September 8. Roy Lamb brought the second bale the same day and Joe Hyatt brought in the third bale on the 9th.

Tuesday Dance Nets USO Fund \$36.00

The dance sponsored by the local post of The American Legion here Tuesday night netted the USO \$36. The 385th Air Force Band of the Pampa Army Air Field played for the dance at the Legion Hut after presenting a concert to a good crowd at the school gymnasium. Admission to the concert was evidence of the purchase of a war bond during the Third War Loan Drive. Admission to the dance was 75 cents with 100 percent of the proceeds going to the USO.

All those attending either concert or dance enthusiastically praised the musicians on their performances and anxiously await their return here some time next month when the group has promised to play for the benefit of the National War Fund Drive. A definite date will be announced later.

Auto Mechanics Course Starts Monday, Sept. 27

An auto mechanics course similar to the one sponsored last year by the government through the local vocational agricultural department of the Wheeler high school, will open classes again this year, Jack Spence, vocational agricultural instructor, announces.

Starting Monday night, September 27 at 8:00 o'clock the first class will get under way at the Otis Reid garage.

There is no charge for taking the course and anyone any age out of school is invited to take advantage of the government training program. In addition to these seniors in high school will be admitted.

Otis Reid will be the instructor. Those wanting further information about the course are asked to see either Mr. Reid or Mr. Spence.

Major Paul Wiley of Shawnee, Oklahoma, visited his parents, Mr. and Mrs. H. M. Wiley from Sunday until Tuesday.

County Tax Rate To Remain \$1.00

Wheeler county's tax rate will remain the same that it has been for the past several years. The \$1.00 for each \$100 valuation was again set for 1943 by the Commissioners Court in their regular monthly meeting held last week. While the county rate remains the same the state tax rate has been reduced from 75 cents to 47 cents. This will give property owners a combined state and county rate of \$1.47 this year as compared to \$1.75 for 1942.

Terrell Gunter, Wheeler county tax assessor and collector, announces a total 1943 county valuation of property of \$10,364,476 compared to the 1942 valuation of \$10,817,119. The total state valuation placed on the county this year is \$9,225,038 compared to a 1942 valuation of \$9,673,249. Based on these assessed valuations there will be an income of \$103,644.76 from county taxes this year compared to \$108,171.19 in 1942. Based on the valuation, state taxes this year will amount to \$43,360.64 while in 1942 they totaled \$72,559.53 for the county.

Assessed number of poll taxes in the county have decreased from 3,848 last year to 3,086 this year. At least 500 of this loss of individuals assessed poll taxes is accounted for by the large number of men from this county in the army, it is estimated.

The city tax rate for Wheeler is 50 cents per \$100 valuation. The rate of the Wheeler Independent School District is \$1.00 per \$100 valuation. The school tax rate varies with the different school districts over the county.

Regarding the payment of taxes, Judge D. A. Hunt states that the County Commissioners Court passed an order allowing a discount for the early payment of taxes, which may begin October 1. Taxes paid during October will be given a 3 percent discount; two percent during November; one percent during December; while the net amount will be due in January. A penalty will be assessed on taxes paid after February 1.

Tax notices will be mailed from the assessor-collector's office about October 1.

Several Young People Leave For College

A number of local young people have left to enter college. Marceille Farmer, Berdena Barker, Emily Lou Ahler, Imogene Crowder, Marie Clark, Margie Hefley, Mary Elizabeth Marrs, Wheeler; Modene Wilson, Briscoe; Lola Meek, Gageby; have enrolled for classes at the West Texas State College, Canyon, Melba and Celeste Wiley are entering T. S. C. W. at Denton. Gene Matthews and Jack Riley of Briscoe have enrolled at McMurry, Abilene. Jack received his license to become a Methodist minister September 10. R. J. Holt, Jr., is entering John Tarlton at Stephenville. His parents and he left yesterday and Mr. and Mrs. Holt will return the later part of the week after taking their son to his school.

Requests Made To Keep Cotton Records

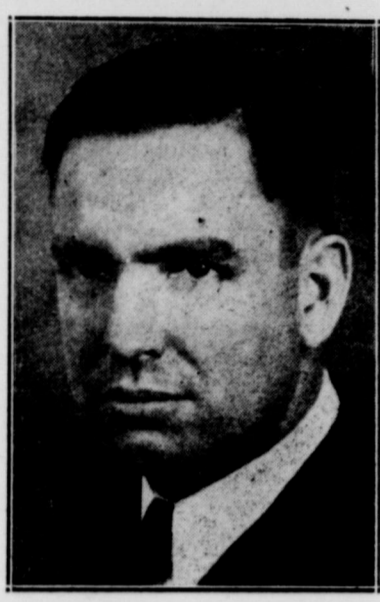

Farmers are asked to keep records of their 1943 cotton production and it is highly important that these records be kept accurately for future information. In past years, ginners have cooperated with the AAA by furnishing detailed records of cotton production for each farm, but that this year these records will not be obtained from ginners, due to the suspension of marketing quotas.

In the past, the records of production have served as a basis for determining the yields used in marketing quota programs, crop insurance programs and determining AAA payments.

It is to a farmer's best interest that an accurate record of his 1943 cotton production be kept because this record may be needed in future AAA programs. All farmers should keep each gin ticket, bale receipt, or sales ticket for baled cotton and for lots of seed cotton sold. The AAA offered to keep these records for any farmer in his individual folder who wishes to deliver or mail them to the county office. —V. B. Harcastle, Administrative Officer.

Announce Ginning Hours

The two gins at Briscoe and the two gins at Allison are announcing that they will operate from 9 a.m. until 9:00 p.m. each day except Sunday. These gins include the Farmers and Allison gin in Allison and the Farmers and Briscoe gin in Briscoe.

Dr. W. H. Clark of Cherokee will do the preaching during a ten-day revival at the Mobeetie Baptist church.

MOBETIE BAPTISTS PLAN REVIVAL

A revival meeting, originally scheduled to begin August 15 but postponed because of the outbreak of the polio epidemic, is to begin at the Mobeetie Baptist church Friday night, September 24. Rev. Ted Ewing, pastor of the church, announces.

Dr. W. H. Clark of Cherokee, Oklahoma, will conduct the preaching and Rev. Clarence Huber of McLean will have charge of the song services. Mrs. Jack Davis will act as pianist.

Morning services will begin at 10:30 and evening services will be at 8:30. The meeting will continue through Sunday, October 3. Every one is cordially invited to attend.

Wheeler North Gin Again Operating

Farmers of the Wheeler community were having their cotton ginned this week even though the south gin was razed by fire late last Thursday.

Parts were found available in Pampa for the power unit of the north gin and it started operation Sunday. More than sixty bales of cotton have been ginned in Wheeler to date. Frank Cocke, manager of the Wheeler Co-op Gins, states that turn out is better this year than he has ever experienced in his several years of being connected with gins of this area.

First believed to have been caused by defective wiring, the fire that destroyed the \$38,000 gin last Thursday is thought now to have started in the press. Reuben May, gin employee, first noticed the fire on a trip to the main room from the engine room. He stated that it seemed to be above the press. He and Doc and Lem Gages were in the engine room re-lacing the big drive belt. Frank Cocke and Ed Black, other employees, had gone to a cafe to eat. The gin had been shut down for repairs before the ginning of a bale of cotton was complete and the cotton being distributed from the suction to the press is believed the chief cause of the blaze spreading so rapidly. By the time May could call his fellow workmen the entire interior of the gin was ablaze.

The gin was one of the best equipped in this part of the country and contained six 70-saw gin stands, an exceptionally fine drying and cleaning unit installed two years ago and an improved bur extractor that was installed last year. The property was formerly the Wheeler Co-operative gin, while the north gin was the Farmers' Co-operative. H. M. Wiley headed the group that owned the south gin and D. E. Holt the group that owned the north gin until about three months ago when the two were merged in a co-operative association.

Sixteen bales of newly ginned cotton and about 12,000 bushels of seed were destroyed in the blaze. Mr. Cocke stated that the farmers would be paid for these. The plant carried \$24,000 worth of insurance.

The gin, first constructed in 1923, burned in 1926 and the present plant re-constructed immediately. Of fifteen samples of this year's cotton sent to the Dallas government classing office from the local gin 8 bales have graded strict middling, 6 middling, and 1 strict middling spot. Samples varied from 7-8 to 29-32 length staple.

Mr. Cocke announces that cotton seed are selling for \$55 per ton.

Preparation For AAA Payment Now Underway

Applications for payment are now being prepared in the county office. Soon notices will be mailed to producers requesting them to come in and sign the applications so they may be mailed to the state office and payment can be made.

Due to the shortage of clerks, our help has been reduced 50 percent. Our work has been streamlined and every effort made to cut corners so payments can be made as soon as possible.

We have only mailed notices to those producers overplanted on cotton and underplanted on grain sorghum as these are the only crops that carry a penalty. Other notices will be mailed with requests to producers to come and sign their applications for payment.

Those producers carrying out soil building practices not previously reported, such as, construction of dams, digging wells, leaving stalks on grain sorghum, sudan, and cane on the ground, should be prepared to give this information when they come to sign their application for payment. —V. B. Harcastle, Administrative Officer.

Team Will Encounter Canadian Here Friday

Wheeler's eleven star football squad outwitted, outpunted, outran, and as a matter of fact, outplayed the more experienced, heavier Memphis team in Memphis Friday night when Rev. Jno. English, coach, his small squad of crewmen and a few fellow townsmen who furnished the boys transportation, made the trip to that city. It was the second game of the conference for the Mustangs and the second victory. When the final whistle sounded the local lads held the high number of a 12-0 count. A week before they defeated the light but speedy Lakeview team on the Mustangs home field. Being the only team that has played two games and lost neither, the Mustangs are tops in the conference as the football season gets underway.

Excellent blocking, tackling, and other phases of splendid co-operation and team work won the local lads their victory Friday night. From the opening of the game until the end, Memphis made only one serious threat of scoring. Most of the game was played on Memphis territory. At the start of the game Memphis kicked to Wheeler and the Mustangs marched on down to within their opponent's 20 yard stripe before being checked. During the remainder of the first half Memphis wasn't permitted to cross Wheeler's 45 yard stripe. The set up for the first touchdown came in the second quarter when a pass from Hall to Johnson placed the ball on the Memphis twelve yard line. The boys failed to go over for pay and Memphis took over after all of the allotted four downs. The local lads rushed the Memphis kicker on his own goal line as he attempted to kick out of danger and Don Farmer recovered on the two-yard stripe. Riley plunged over the goal for the count. The run for an extra point failed.

It was late in the fourth quarter when Memphis came near to scoring against the local team. They had carried the ball down to Wheeler's one yard stripe when Riley recovered their fumble on the Wheeler four yard line. Pendleton kicked out to the Memphis forty and the ball was returned to the Wheeler twenty-five, but Memphis failed to make a first down on their four tries and the ball went over to the Mustangs. After some ground play Pendleton kicked to inside the Memphis twenty and there the opposing gridmen were held for four downs. Memphis punted to Hall who took the ball on the mid-field stripe and behind excellent blocking went the fifty yards for Wheeler's second and final touchdown of the game. Wheeler failed in their kick for the extra point.

The Wheeler lineup included Loyd Johnson and Donald Hunt, ends; Joe Weatherly and Lewis Craig, tackles; Carrol Pettit and Harvey Wright, guards; Carrol Pendleton, center; Charles Riley, fullback; John A. Noah and Don Farmer, halfbacks; and Gene Hall, quarterback.

Junior Pendleton substituted for Johnnie Noah in the second quarter and Noah was held out of the game until the fourth period because of a side injury.

The Memphis player first thought to be seriously injured in the game is said to have been released the next day from the hospital after treatment for a sprained back.

PLAY CANADIAN HERE

Friday night at 8:30 the Mustangs encounter the Canadian team here on the home gridiron in the third game of the season but a non-conference game that, regardless of the outcome, will make no difference on the conference standing.

The strength of the Canadian Wildcat team is not known except that the team has won a 14 to 6 victory against the Perryton Rangers, always a good class A team, and were defeated last Friday night 25 to 0 by the Shamrock Irish gridmen. The Wildcats are said to have one especially fast and speedy back that will bear watching in anyone's game.

Fans are eagerly awaiting the outcome of the week's game to base their comparison of the Irishmen and Mustang teams.

These two teams are scheduled to meet October 15, and, if old rivalry runs true to form, the game will be the battle of the season.

Mr. and Mrs. Albert Hayter visited Mr. and Mrs. Clarence Hayter and daughter, Beverly, in McLean Sunday. Beverly is recovering from a severe case of diphtheria.

THURSDAY, SEPTEMBER 23, 1943

For sometime past the American people have been reading that they can expect butter and milk rationing. They are therefore partially prepared for such drastic steps. The civilian butter reserve is at the vanishing point, which means that our milk supply is below needed amounts.

Farm labor costs, dairy feed, seed and everything the dairy farmer uses, have shown either normal or abnormal rises. No matter how fine our economic planners spin their theories, all of them combined cannot produce a milk cow in less than three years, by law, executive decree, or otherwise.

There is just one way to get more milk, and that is to allow the farmer who produces it a fair and reasonable profit based on the cost of production and the labor involved. Until that is done, the milk, butter and cheese supply will grow shorter and there is no use in kidding the American people about the issue.

Fire losses in the United States averaged more than \$1,000,000 a day for the first six months of this year, according to preliminary reports.

Fires are like strikes. Most of them are preventable, and are therefore inexcusable. A fire in a key plant means production interruptions all along the line. Managements and employees should do everything in their power to erase fire hazards.

A single pile of waste that should have been taken to a moment to remove may, tomorrow, wipe out a million dollar armament concern. The man who failed to remove the danger will suddenly realize that his claims to patriotic citizenship ring a little hollow. Somewhere, thanks to his negligence, a man in uniform will suffer for the lack of a needed bit of equipment.

The imagined chain of events as so often pictured in advertisements wherein a soldier dies because of the failure of a worker to produce to capacity, is doubly applicable to those who are careless with fire.

Every community has its fire prevention authorities. They work night and day to curb loss of life and property from this menace. Far too often their task is made unduly difficult through want of public cooperation. They repeatedly seek to drive home the truth that fire prevention, to be really effective, must begin with the individual. It is time that we as individuals realized that.

Speaking of checkers (which we were, some weeks ago) I once knew a man who had a crooked joint on the second finger of his left hand. If he was about to have to move a checker out into an unprotected position, he would shove it forward with his forefinger and, at the same time, would drag another checker along with that warped finger, his hand concealing this extra maneuver. His friends were "on" to him and he didn't try this with them but a stranger playing him would look puzzled and say, "I could have sworn that checker was going to be out there by itself."

Referring to the Tennessee city, P. T. Barnum—prince of showmen—remarked, "There are more fools with half dollars in Memphis than any other place in the world." And it was Barnum who said, "The American people like to be humbugged."

A similar remark, but much more optimistic, was Lincoln's: "You can fool some of the people all of the time, and all of the people some of the time but you can't fool all the people all the time."

What are the patrons of helplessly laundries going to do when the latter gradually lose the use of their washing machines due to worn out parts, broken wiring, et cetera? We know what they are going to do but ask the question simply to raise the subject. You hear of an occasional laundry around over the country going out of business because of worn out machines. Perhaps others also will follow suit before the War Production Board gets around to releasing enough parts for repair jobs to be done. We complain about these things but they are a part of the war troubles we will have as things go along. When the military needs of the country demand it, all kinds of apparently crazy things are done to meet the immediate demands. Every order puts something out of balance somewhere. Multiplying them altogether you get a multitude of complaints, some of them remediable, some not. We hope it does not happen that way, but some of the women folks who sold their washpots may wish they had not. —Homer Steen in the Floyd County Hesperian.

A week or so ago 17 mail bags of mail order catalogs were received at the Higgins post office and distributed to the addressees. In addition to that batch another mail order house had mailed its catalogs locally several days before. The mail order houses are everlastingly at it. Whether they have the merchandise or not they send out their "wish books" with the usual listings. Mail order management knows that they must not let their public forget them. The mail order houses have been materially aided by rural

free delivery of mail and parcel post at the expense of practically every small community in the United States. Small town business folk need to combat this by better merchandising and more aggressive methods. —Higgins News.

When the true facts of the enormous losses we are sure we are suffering in this first invasion are

released, maybe some people around Perryton will be jarred out of their complacency, will be convinced that the war is not over and that we are just really getting started. It's a fact that a lot of people here and all over the nation actually think that this war is about over. As a result there has been a letting up on the war effort. —Ochiltree County Herald.

P.S.

Of course, I haven't forgotten that trip we planned that was interrupted when you joined up. I dream about it and plan it down to the last detail. Of course, we'll have to go in our present car, as we probably can't get a new one as soon as you get back. So, like a hen with a chick, I'm mothering it no end. Down it goes every week to your old friend Mileage Merchant Jim, and he does everything to it. He says to tell you he's keeping the engine OIL-PLATED with Conoco Nth motor oil and for you not to worry. It will be in fine shape for our trip —says he'll practically guarantee it!

2470 containers of vegetables and fruits, 10 pounds of cheese, 114 garments, 14 quilts and 14 pillow cases made, and 2,110 pounds of potatoes grown was the report given by the China Flat club to the Wheeler county Home Demonstration Council in the regular meeting held at the court house September 13. Miss Doris Leggett, agent of district one, was on hand and urged council members to advise their club members as a matter of food preservation to be careful in draining liquid from cooked vegetables into the sink, for there are valuable vitamins and minerals in the liquid. She also stressed the importance of growing an orchard and berries.

WEDNESDAY STUDY CLUB HAS FRIENDSHIP BREAKFAST

The Wednesday Study Club began the fall season with a Friendship Breakfast in the home of the club president, Mrs. T. S. Puckett, Wednesday morning. Co-hostesses were Mrs. Joe Hyatt and Mrs. Ansel McDowell.

Fall flowers decorated the entertaining rooms and the invocation was given by Mrs. J. M. Porter. During the breakfast, a duet composed of Mrs. John English and Mrs. Joe Hyatt, sang "Let's Bring New Glory to Old Glory." "One World" was reviewed by Mrs. John English, which was followed by the club singing "God Bless America" and concluding the program with the club creed.

Those attending were Mesdames J. W. Barr, Buck Britt, Bronson Green, Holt Green, M. L. Gunter, D. A. Hunt, R. D. Holt, Jimmie Mitchener, Floyd Pennington, J. M. Porter, Glen Porter, H. M. Wiley, W. L. Williams, Nelson Porter, George Porter, Ed Watson, John English, Lee Guthrie, O. O. Holladay, and the hostesses, Mesdames T. S. Puckett, Joe Hyatt, and Ansel McDowell.

KAPPA BETAS HONOR MRS. JIM PHILPOT

Miss Leona Crossland was hostess at a shower given in honor of Mrs. Jim Philpot (nee Marguerite Ficke) at her home in the east part of Wheeler Thursday evening, September 16. "Hearts" furnished the evening's entertainment. After dainty refreshments consisting of sandwiches, cake and tea were served, Mrs. Philpot was presented a lovely assortment of gifts.

Those attending the delightful occasion were: Mesdames H. E. Nicholson, Jack Garrison, Artie Lee Hunt, John O'Gorman; Misses Mary Noah, Ina Fay Robison, Helen Green, Clara Finsterwald, Mary Lou McIlhany, the honoree, Mrs. Philpot and the hostess, Miss Crossland.

MISS PAULINE SHELTON IS BRIDE OF CPL. JOE WOLFE

Mr. and Mrs. Henry Shelton announce the wedding of their daughter, Pauline, to Cpl. Joe Wolfe, Houston, in the Broadview hotel in Pampa Wednesday, September 15. The single ring ceremony was read by Rev. Carver, pastor of First Baptist church of Pampa. Miss Nadine Dunlap acted as bridesmaid and Pvt. Cornwell served as best man.

Mrs. Wolfe is a 1943 graduate of the Mobeetie high school. The couple will be at home in Pampa where Cpl. Wolfe is stationed at the Air Field.

MOBEETIE BLUE BONNET STUDY CLUB MEETS

The Blue Bonnet Study Club met Wednesday, September 15 in the home of Mrs. Esther Key, Mobeetie, for an interesting program on "Infantile Paralysis." Roll call was answered on "How ideas along medical lines have changed." Ruth Ewing gave "Sister Kenny vs. Infantile Paralysis" and also told of the late ideas from different doctors. Ethel Brannon's topic was "Sister Kenny wins her fight." Carey Willis' subject was "New light on how Polio spreads." A very beautiful and appropriate number "I shall not live in vain" was sung by Edith Flanagan.

Delicious refreshments were served to one guest, Gazelle Patterson, and to the following members: Fleda Godwin, Imogene Miller, Jewel Tabor, Ethel Brannon, Ruth Ewing, Edith Flanagan, Carey Willis, Juanita Matthews, and the hostess, Esther Key.

Mrs. Von Walker returned to her home in Amarillo Friday after spending a week with her mother, Mrs. E. T. McClesky, and grandmother, Mrs. Mary Morris, and other relatives. Pfc. Max Britt of El Paso is visiting his parents, Mr. and Mrs. Buck Britt.

Mr. and Mrs. Charles Worthington of California are visiting his brother and family, the Frank Worthingtons.

Miss Agnes Corcoran is relief operator at the Wheeler telephone office.

Mr. and Mrs. Bill Cooper of LeFors visited Mr. and Mrs. T. T. Wallace and Mrs. Clinton R. Meek here Sunday.

Mobeetie Hi-Life

Matters of interest and information, compiled for The Wheeler Times by the student body and faculty members of the Mobeetie High School.

Editor, Johnnie Reed; Assistant Editor, Hoyt Dunn; Sports Editor, Jessie Ray Leonard; Society Editor, Lucille Gordon; and, Sponsor, Mrs. Si Marchbanks.

Librarians
The following have been chosen librarians: 9:30-10:30, Betty Jo Brewster; 10:30-11:30, Cleta Fay Davis; 11:30-12:30, Wallace Corse; 12:30-1:00, Quintis Godwin; 1:30-2:30, Hoyt N. Dunn; 2:30-3:30, Johnnie Reed; 3:30-4:00, Glorice Haynes.

Office Help
The following have been chosen office keepers: Glorice Haynes, Tho. W. Walker, Madalene Bures, Virginia Futch, and Lanell Scribner.

Class Officers
The classes of the Mobeetie High School met Friday to elect their officers for 1943-44. The officers are as follows:

Senior: President—L. D. Smith; Vice president—Bill Bailey; Secretary-treasurer—Glorice Haynes; and Sponsor—Mrs. Marchbanks.
Junior: President—Carl Carter; Vice president—Juanita Walker; Secretary-treasurer—Maurita Lammon; Reporter—Melba Robinson; and Sponsor—Miss Burton.

Sophomore: President—Arlene Red; Vice president—Larue Flanagan; Secretary—Kenneth Shahan; Treasurer—Louis Key; Reporter—Darlene Carter; and Sponsor—Mr. Davis.

Freshmen: President—Joe Eubanks; Vice president—Charles Waters; Secretary-treasurer—Vernie Mixon; Reporter—Helen Trout; and Sponsor—Mrs. Scribner.

Eighth Grade: President—Marie Bydnes; Vice president—Tom Laman, Jr.; Secretary-treasurer—Charlotte Smith; and Sponsor—Mrs. Davis.

Introducing Class Presidents
President of 8th Grade—Marie Byrne, age 14. Years in M.H.S.—one; Favorite sport—bicycle riding; Favorite subject—History; Favorite food—Chicken; Pet Peeve—"stuck up people"; Nick-name—Blondie.

The Eye
It has been noticed of late that Jess Patterson has been missing watermelons. Dwayne Williams and Melba Robinson might tell him where some of them have gone.

Carl Carter has broken off all connections with Wheeler. Could it be that he and some pals have been going to Miami lately?

Nadine Henderson broke a car windshield Sunday night. Could it be she went riding with some boys?

Tom Walker has been down at McCauleys a lot lately. Watch out Carley, he may know more about you and Marie than you think. Who was the other girl?

We have found out Carl Carter's nick-name. You would never guess. Dimples.

Miss Burton was seen buying a broom. Wonder who's head she will break the handle over now since Mr. Meier is gone.

Senior Scribblings

The Senior class of 1943-44 is larger than it has been for the last two years. The sponsor is Mrs. Si Marchbanks. The class consists of eight girls and nine boys. The girls are: Glorice Haynes, Nadine Henderson, Lanell Scribner, Juanell Shelton, Freda Eubank, Annas Hodges, Imogene Herd, and Lucille Gordon. The boys are: Johnnie Reed, Jessie Ray Leonard, Bill Bailey, Thomas W. Walker, L. D. Smith, Jack Roberts, J. B. Corcoran, Stacy Arnold, and Hoyt Dunn.

Two of these boys, Hoyt Dunn and Johnnie Reed plan to leave about mid-term. Uncle Sam seems to have put this idea into their heads.

The class discussed the system to be used in determining the valedictorian. They decided the senior years work would be the basis for selecting honor students. They also decided to discontinue the feud which was started last year between the Juniors and Seniors.

New Subjects
Mobeetie high school is offering General Science, Boy's Homemaking and Government. These subjects were not offered last year.

Faculty
Members of the faculty are teaching the following subjects: Mrs. Jack Davis, mathematics and music; Mrs. Si Marchbanks, English; Mrs. J. H. Scribner, commercial work; Miss Dorothy Burton, homemaking; Jack Davis, history, government, and general science.

Play Periods Organized
Play periods have started off "in a big way" this year. Mr. and Mrs. Davis are sponsoring boys' baseball and football. The boys were divided into four different groups, and the following boys were elected captains: Carl Carter, Bill Bailey, Johnnie Reed, and Ray Leonard.

The girls are playing baseball this year. They were divided into two groups. Melba Robinson and Arlene Red were appointed captains. Mrs. Si Marchbanks is sponsoring the girls' baseball.

The date hasn't been set to start practicing basketball.

Refrigerator Rolls

By Murle Scales, Co. H. D. Agent
 Since cool days are here, there is a greater need for more hot breads. Try this recipe and see if the family doesn't ask for more.

1 cake (1-2 ounce) yeast; 1-4 cup lukewarm water; 1-2 cup fat; 1-2 cup sugar; 1 egg; 2 cups scalded milk; 1 pound 15 ounces (8 cups) sifted all-purpose flour; 2 teaspoons salt.

Mixing: Soften the yeast in lukewarm water. Scald the milk and add this hot milk to the fat and sugar. Cool and combine with slightly beaten egg, yeast and water. Stir in the sifted flour and salt until the dough is stiff enough to knead.

Kneading: When thoroughly kneaded and the dough no longer sticks to the mixing bowl turn on clean canvas covered board that is lightly floured and work with the palm of the hands until the dough is smooth and elastic. Remember that kneading should be done with a light quick stroke.

First Rising: Place ball of dough in greased bowl and turn over once or twice so that the whole surface is thinly greased. Cover with clean cloth and lid. The bowl may be placed in a pan of warm water to raise the temperature of the dough which should be kept between 80 and 85 degrees F. When the dough has risen to double its original bulk test by pressing lightly with the fingers. If a dent is left the dough is ready to be punched down. If the dough springs back in place it should be allowed to rise longer.

Punching Down: When dough is light enough, the center should be punched in, the sides pulled over and pressed into the center and the ball of dough turned with smooth side up. It should not be kneaded at this stage.

Second Rising: Let dough rise again to same volume as before. This second rising helps to give a fine even texture and grain, but is not absolutely necessary in order to have good rolls.

Molding: At the end of the second rising, take off as much as needed, shape as desired, and put in a warm place to double in bulk, then bake in an oven not over 400 degrees for 15 to 20 minutes. Grease the surface of the remaining dough cover, and put in refrigerator. This dough can be kept satisfactorily for rolls for at least a week.

METHOD OF GATHERING BEANS HAS EFFECT ON COOKING QUALITY

By Betty Sue Bounds

Do you have trouble getting your beans cooked so they are tender and soft? It has been discovered that the way pinto beans are handled in the field is responsible for the way they cook. If left on the plants until the plants mature and die they will be tough and hard when cooked. The beans should be left on the plants until the pods begin to turn brown, but with the plant foliage still green. Plants then should be pulled and placed in small stacks for three or four days to dry. The beans then can be picked off or run through a thresher. After shelling they may be placed in 50-pound cans or tight paper bags to prevent weevil damage.

In Memory Of LITTLE ANNETT HUDSON

I'd like to write words of comfort, To that dear little mother and dad,

For I know your hearts are broken, I know you are lonely and sad, If I could write words of comfort, I'd write and I'd write all day, I would turn your dark clouds to sunshine, And I'd drive all shadows away.

I would paint a sweet picture of heaven, That home God has gone to prepare,

For I know that in that bright city, Annett is waiting you there. She is safe in the arms of Jesus, She's asleep on His gentle breast, For there in that beautiful city, God's loved ones all will find rest.

Your darling has crossed death's valley,

But she did not cross it alone, For Jesus was ready and waiting, To carry His precious lamb home. She is a tiny rose bud in Heaven, Her days on this earth were but few,

For God in His tender mercy, Was paving the way for you.

Now you have treasures in Heaven, And for Heaven you both must prepare,

For some day our blessed Savior, Will come to carry you home. So don't grieve dear mother and daddy,

Give your hearts to Jesus I pray, And meet little Annett On that bright Eternal day.

I know you will be happy in Heaven, When you see your dear baby smile,

And know that our Great Physician Watches over her all the while. When you know she is strong and happy,

No tears to dim the eyes, And in that home over the river, We will never more say good bye.

—Mrs. Alvis Reeves.

Farmers Asked To Sow Winter Pastures

Now is the time to sow rye or wheat for winter pasture, C. V. Hanning, assistant county agent, stated this week. Looking forward to the winter months and anticipating a shortage of protein feeds, one should make it a point to raise our protein feed. Since green wheat, oat, and rye pastures contain 20 percent crude protein, this is the cheapest method of supplying the needs of livestock and poultry.

To determine the grain mixture for a dairy cow, find the percentage of crude protein content of the roughage, dry basis, and subtract this from 27. The difference will be the desired crude protein content of the grain mixture.

EXAMPLE: Suppose a cow is getting wheat pasture at 20 percent protein. Subtract 20 from 27 and you have 7 percent left. Milo heads, hegari heads or kafir heads will supply the needed protein for an average dairy cow.

Good green pastures are just as desirable for chickens and hogs since they too, require a great amount of protein in their diet.

Rye is recommended for the deep sandy soils. Wheat or barley do better on the mixed or black soils.

Wheeler Boys Attend District FFA Meeting

Four Wheeler FFA boys attended the District FFA meeting held in Pampa last Saturday.

Some of the activities planned by the boys in the district are: organize scrap drives, raise more food in the way of crops and animal projects, have two district judging contests, have an encampment with contests, purchase war bonds and other activities.

The Wheeler chapter will elect a reporter to serve as a district officer.

Attending the district meeting were Junior Ahler, Henry Risner, Gwyn Edward Crossland, Kenneth Crowder and their sponsor, J. A. Spence.

Mrs. R. G. Russ and children have returned to Wheeler where Janet will attend school. Mr. Russ was a weekend visitor and returned to Amarillo Monday.

CARD OF THANKS

We wish to thank those who were so kind and for the beautiful expressions of sympathy extended us during the illness and death of our husband and father. We also wish to thank the many persons for the beautiful floral offering.

—Mrs. G. A. Boltin, children and grandchildren.

Farmers And Ranchers To Get Ammunition

Wheeler county farmers and ranchers may purchase during any calendar quarter 100 rounds of .22 caliber long rifle cartridges or other rim fire cartridges; 40 rounds of center fire cartridges such as .30-30 caliber and 25 rounds of any gauge shotgun shells by executing certificate No. 4 of L-286 according to Clarence Zybach, chairman of Wheeler county USDA War Board. The War Food Administration has been concerned for some time about the shortage of ammunition for use by farmers in controlling predatory animals and birds, Zybach said. The amount available for the past year has been so inadequate that many farmers have been unable to obtain the small quota permitted under War Production Board Limitation order L-286.

A program has been adopted under which approximately 100 million shotgun shells, 12 million center fire rifle cartridges and 100 million .22 caliber rim fire cartridges will be available for distribution.

Farmers and ranchers who need ammunition should execute certificate No. 4 which can be obtained free from their dealer or from the Wheeler county USDA War Board at the AAA office. Those needing a larger amount of ammunition than can be secured by using certificate No. 4 may purchase a special quota (50 rounds of .22 caliber long rifle cartridges, and 25 shotgun shells) by using certificate No. 5, provided they secure these amounts prior to October 1 or their written orders are in the hands of the dealer by that date.

If a farmer or rancher needs a larger amount of ammunition than can be secured by using certificates No. 4 and 5, he may apply to the Government division, War Production Board, Washington, D. C. using form PD-860.

Mr. and Mrs. A. S. Goldman of Slaton, Texas, visited his sister, Mr. and Mrs. C. D. Loter last weekend.

Mr. and Mrs. E. E. Farmer and Mr. and Mrs. Roy Bailey and son spent Sunday with Mr. and Mrs. Ebb Farmer.

Mr. and Mrs. Ben Riley and daughter, Billy Jean, of Oklahoma City were weekend guests in the home of his parents, Mr. and Mrs. G. T. Riley of Briscoe. They came to take their daughter, Barbara Ann, home. She has visited with her grandparents for the past six weeks.

Dinner guests in the G. T. Riley home Sunday were: Mr. and Mrs. Ben Riley and their daughters, Billy Jean and Barbara Ann of Oklahoma City, Mr. and Mrs. Earl Riley and son, E. J., of Mobeetie, Mr. and Mrs. Abe Williams of Wheeler, Mr. and Mrs. Darrell Atherton of Allison, Mr. and Mrs. Edd Riley, Mary Louise, Nelda and Bobby Edward; Mr. and Mrs. Kenneth Edwards and son, Thomas Gwynn of Briscoe.

MOVIE CHATTER

(By a Rogue)

Hopalong Cassidy
It has been quite a while since we have had good old Hopalong Cassidy with us here at the Rogue Theatre. But for Friday-Saturday, September 24-25, we will have him and Andy Clyde, California, in one of their western pictures which we believe is just a little better than you will expect. "Lost Canyon" has the usual Clarence E. Mulford touch since the characters were created by him, and in addition there will be Cliff Edwards, better known as Ukelele Ike. Hoppy has the same old healthy smile and the usual wit. We are sure that you will welcome them back to our screen.

Holiday Inn
For Prevue, Sunday, Monday, September 25-26-27, we are most happy to present something different for your entertainment. "Holiday Inn" is the picture and the stars are Fred Astaire and Bing Crosby. Of course, it is all a delightful musical comedy. Not one word about war or Nazis, and that is a promise. We have seen the picture and can insure you in advance that it is a very fine motion picture. Bing was never better, and Fred is still the dancingest thing on feet. It is all built around the happy thought of a holiday inn, where only holidays are celebrated and everything is happy and cheery.

Bataan
Well, folks, you have seen the story of Manila, Corregidor, Yugoslavia, Norway and China. But the cycle would not be complete without first hand knowledge of the Boys on Bataan—the boys who went down in defeat just in order to give America a chance to collect her resources after the attack on December 7, 1941. And that is just what you will get if you come out to see Robert Taylor next Wednesday and Thursday in "Bataan." You will see those Yanks, stranded on the Philippines, as they slay the Japs by the thousands. It will do your heart good to see the fightingest army in the world in action—our own boys dying so that you and I might live. Yes, we believe it is the best war picture to come to the screen.

Weariness, nervousness, failing eyesight or even eyestrain may come from a lack of vitamins in the food you eat. To assure a balanced vitamin ration in YOUR daily diet, we recommend VITA-VIM Fortified globules, containing a balanced ration of Vitamins A-B₁-B₂ (G) -C-D-E and Iron.
