THE COUNTY SEAT NEWSPAPER

# **CONSUMERS URGED** TO USE STAMPS FOR **CANNING SUGAR**

With the announcement this week that stamps number 15 and 16 in War Ration Book One are now available for 5 pounds of sugar each, the Wheeler County Rationing Board urges consumers to use these stamps first for canning purposes and then if this is not sufficient canning sugar one may apply to the Rationing Board for additional sugar up to ten pounds.

This will make available twenty pounds of sugar per person provided this much is necessary for canning purposes, and persons are urged to cooperate with the government program of conserving sugar and not ask for this additional sugar unless it is necessary.

Holders of "C" gasoline books are reminded that tire inspection for such holders is due on or before June 1, and must be made before renewal of "C" books and new books issued.

WOMEN TO WAIT UNTIL AFTER WAR FOR NEW STYLES

Now, the war production board has decided, is the time to freeze fashions.

A new decree limiting the amount of fabric in women's clothing was issued by the WPB with the explanation that it would keep existing wardrobes in style and thus discourage non-essential purchases. At the same time, the board said it would be possible to indulge in creative design.

Production was banned entirely on double breasted suits and jackets, culottes, skating skirts, reversible lined or quilted skirts, dresses with vent or norfolk backs and epaulets.

# POPPIES TO BLOOM IN WHEELER COUNTY IN HONOR OF THOSE WHO GAVE LIVES

Saturday will find many American Legion and American Legion Auxiliary members, and "daughters of the Legion" on the streets of Wheeler, Kelton, Mobeetie, Briscoe and Allison, said communities representing the West Post of the American Legion, offering for sale poppies which have been made by disabled World War

The poppies this year will honor the men who have given their lives in the present conflict, as well as those who fell among the poppies of France and Belgium twenty-five years ago. The money contributed for the flowers will be used for both the welfare of victims of both wars and their families.

The West Post of the American Legion is making extensive preparations for the observance of Poppy Day here. The little red flowers of remembrance will be available to everyone in these communities, offered by volunteer workers who will be on the streets throughout the day.

In the various commuities the sales are in charge of the following: Mobeetie, Fay Bearden; Allison, R. C. Pugh; Kelton, J. B. Calcote; Briscoe, Lee Barry and Wheeler, Jim Risner.

The flowers made of crepe paper have been ordered from Legion. Texas, where disabled veterans manufactured them under the direction of the Texas Department of the Auxiliary. Poppy making has kept the hands of hundreds of these unfortunate men usefully employed during the winter and spring, helping them pass the long hospital hours and aiding in

More Americans than ever before are expected to wear poppies this year as a tribute to those who have been killed, and to aid the disabled. their families and the families of the dead.

# PLANNING ISN'T NEW

THE way a lot of people are talking these days, you'd think planning is something new.

But anybody who's ever run a farm or a factory knows that if you don't plan, you can't get the most out of what you have to work with.

To plan properly, the farmer has to know about crops, soils, seasons, tools, and stock; and the man operating a factory has to know about machines, markets, science, and engineering.

Yet for all this specialized knowledge which each of these activities requires, the managers of both farm and factory have much in common in their planning. They have the same problems-to mention a few-of employment and taxes, of costs and a fair profit, of setting aside reserves for a "rainy day."

And they have the same objective in their planning - to do everything they can for their country today, and, tomorrow, to make a fair living through greater service to their fellow Americans. General Electric Company, Schenectady, N. Y.

I would be giving, and forget the being simple and black.

One thing that is hard to explain to

DURING the first year of our toughest war, we-Trained a lot of men-made a lot of fighting toolsbuilt a lot of shipping.

And to help pay for it all, we bought War Bonds. Altogether, 50 millions of us bought War Bonds. And nearly 30 millions of us started putting, on the average, 10 percent of our pay into War Bonds every payday through the Payroll Savings Plan.

That was a good start. But, it was only a start. What we did in '42 is not enough for '43!

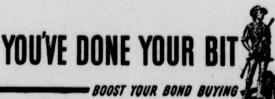

We've got to do more fighting this year. We've got to do more building, more training, more shipping-and more saving.

We've got to buy more War Bonds.

Is that too much to ask? Many of us are making more money than we have made for years. The things we'd like to buy with that money have either disappeared or are as "scarce as hen's teeth." So, why not put that money into War Bonds at good interest-\$4 for every \$3 when the Bonds mature? Money to help pay for the war-keep prices downprovide peacetime jobs and peacetime goods and a generally decent world for all of us when the war

Chances are, you're already in the Payroll Savings Plan-buying War Bonds-doing your bit. But don't stop there. See if you can't boost your antel

# Editor Thanks Staff

We wish to thank all of those who have had any part in helping to make our news column, "The Lion's Echo" a success . Everyone has worked faithfully without complaining. We especially wish to thank our faculty advisor, Mr. W. H. Willoughby, for his patience and helpful suggestions. We hope that the paper is continued next year because we believe it is well worth anyone's efforts and time. Thanks a lot for everything.

#### Sincerely, Carol and Benita Seniors Trip

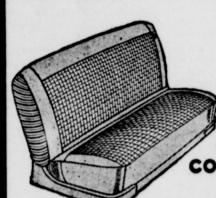

All the seniors had a very nice time on their trip. They left Kelton Saturday morning just as the roosters were crowing, got to Amarillo about 9:30 and went to the Pitcock home and picked up C. L. Pitcock. Everyone spruced up a bit and went to the Amarillo Jr. College. Dr. Shearer was very nice to the group and showed them many points of interest about the college. Probably the Defense School was more interesting than anything else; the girls especially liked the welding school because they had to put on masks when they went through. After unmasking at the college the class went to Kelly's Cafe for lunch, and after lunch had an hour for shopping, (mostly window shopping.)

Then, on to Canyon to visit West Texas State. The Manual Arts rooms attracted most of the group and they visited the museum. Out at Palo Duro Canyon most everything attracted the seniors-climbing mountains going down the "Devils Slide", and Carol and Miss Willard seemed to like to wade in the creek. Saturday night and Sunday morning we spent exploring the Canyon. Sunday the class ate lunch at a park in Amarillo. C. L. quit the party there. The group stopped at Lake McClellan and went boat riding. Everyone enjoyed themselves there, especially Imagene, Floyd and Miss Willard. They seemed to get the wet end of the boat riding.

# Have You Rendered Your **Property For** 1943 Taxes Must Be Rendered to Get Your Homestead Exemption

If you have not made your rendition, be sure to get in touch with your Tax Assessor-Collector and make certain that they are on the rendered roll.

Many people who are buying property from or through loan companies are under the impression that the Loan Company renders their taxes for them. This is incorrect. Unless you have made the rendition yourself your taxes are unrendered.

The law states that your property must be rendered this month or such property will be placed on the UNRENDERED ROLL and you will not be entitled to the HOMESTEAD privilege and will have to pay the STATE TAX.

The tax assessor office will try to see you, but if you are missed please call by the office, and the Tax Assessor-Collector will see that you are placed on the rendered roll.

Your cooperation will be appreciated very much.

# L. Gunter

Tax-Assessor-Collector Wheeler County

# Santa Fe all the way

★ For Santa Fe Employes—"all the way" means every hand, head and heart is putting everything it has into the job.

Today, more than 55,000 employes are working together handling record-breaking traffic moving via Santa Fe.

Employes are going "all the way," too, by purchasing bonds every payday through the payroll deduction plan, as well as through other bond buying sources, to keep our fighting forces supplied with the food and equipment needed.

\* For Santa Fe Equipment - "all the way" means every locomotive is pulling for war . . . every car is loaded for war : : : everything that rolls is rolling for war.

★ For Santa Fe Passengers—"all the way" means traveling only when necessary, and putting up cheerfully with crowded conditions.

\* For Santa Fe Shippers-"all the way" means loading cars fast . : : getting them moving : : : unloading quickly.

For up-to-the-minute information of Santa Fe wartime passenger and freight service—see your local Santa Fe Agent

# United Gas Ad **Outlines Points To Help War Effort**

understanding and appreciation of America's part in total war, an advertisement is being published this week in The Wheeler Times and more than 300 other daily and weekly newspapers in the Gulf South by United Gas Pipe Line Company and associated companies.

"It makes me wonder what kind of an American I am" is the heading of line rations ("A and B" coupon age speed of buses was 45 miles per justments and repairs are being few things soldiers of the home front can do to back up our fighting men and speed victory.

The sponsoring organization is engaged in production and transportrequirements of war industries, cities and military centers throughtout the to meet military requirements in this country and at distant battle-

The advertisement points out that every civilian can identify himself with the war by voluntarily doing certain jobs, working in spare time, investing idle funds and part of earnings in war bonds, and cooperating in the numerous wartime activities now being conducted.

#### Town and Farm in Wartime (Continued from First Page)

dormitory units; and 1,353, trailers. Already completed for occupancy by war workers are 13,725 units.

Used Inner Tubes are Ration-Free Used inner tubes for car or truck tires can be purchased without a ration certificate. It is estimated that there are about 765,000 used passenger car tubes and 225,000 used truck tubes now idle in dealers stocks. All rationing regulations have been removed on used tubes to help conserve the supply of new ones.

Longer Furlough Granted The War Department has authorized extension of the furlough period between the day of induction and the date men must report from seven days to fourteen days. This change will be made in all commands not later than July 1. After July 1, but before September 1, the period will be increased from fourteen days to twenty-one days.

Small Plants Get Money

More than 25 small plants in the Southwest have received financial help through the Smaller War Plants Corporation during April, Guy L. Woolley, regional loan agent, announced. Loans are made to shipbuilding companies, machine shops, mattress manufacturers, lumber companies, and dehydrating plants. In the states of Texas, Oklahoma and Louisiana, loans made to date range from \$7,500 to more than \$750,000.

Stoves Are Rationed

Rationing of six types of stoves(including laundry stoves, but excluding water heaters) will begin late June. They include coal or wood, oil, and gas heating stoves; coal or wood, oil, and gas cooking stoves. After the plan becomes effective, you must have a purchase certificate from your ration board to buy a stove. Certificates will be issued on the basis of

Meat Processed Without Points

Farmers and consumers are permitted to have meats and fats smoked, cured, rendered, frozen, packaged or otherwise processed, by a recent OPA amendment to rationing regulations. No points need be transferred, but the processor must keep adequate records.

No Special Gas For Vacations Vacations are fine, but there will be no extra gasoline for vacation travel this year, says Price Administrator Prentiss M. Brown. Both rubber and gasoline supplies are too critical to allow motorists any "luxury" gasoline rations. Mr. Brown pointed out that gasoline coupons in an "A" book could be saved, and that gasoline could be carried over in the tank of an auto from one period to the next. In this way, a motorist may save fuel for 180 miles for a vacation

# Work

Work in your spare time in victory gardens, essential part-time work and civilian volunteer services. KEEP FIT!

# Put Your Money to Work

Where it will do the most good: War Bonds and Stamps, Income Tax, Victory Tax, Victory Loan, Red Cross, Com-munity Chest, Pay off debts.

# Keep Informed

Learn the facts about your war. Don't believe rumors or repeat them. Don't talk about things the enemy would like

# Waste Nothing

Use only what you actually need in Food—Fuel—Transportation. Put idle material to work. SALVAGE: scrap met-als, tin cans, fats and greases, rubber, rags, silk stockings. CONSERVE.

# Share

With our armed forces and fighting allies. Help with Victory books, shipping space (V-Mail) blood banks. Share with each other through rationing, car share

"This morning I visited with the Jones family. Believe me, I learned firsthand what this war means to all of us, and how our loved ones are sacrificing on the war fronts today right now! That is, I talked to the oldest Jones boy, home on furlough from the battlefront.

"When I learned what our boys at the front are doing-risking their lives in battle, exposing themselves to shell shock and the many other horrors of war, going for days on emergency rations and without a good night's rest, and making countless sacrifices unheard of here at home . . well, it made me wonder just what kind of an American I am.

"It made me wonder, too, how many other Americans have been as easy-going as I going on about our daily tasks, giving little thought to what we can do to help.

"I realize that I, like too many others, have been concerned mostly about how this war is affecting me-instead of finding ways how I can help in our war effort. From now on, when I'm asked to work in OCD or Red Crossto sell War Bonds or do other wartime jobs, I won't need any excuses. In fact, I won't wait to be asked. I'll volunteer, knowing that my contribution will help bring Victory quicker and speed the return of our courageous fighting men!"

## The Undying Monster

Friday-Saturday brings the Undying Monster to the Rogue with Heather Angel and John Howard. This will be something of a diversion from the usual Friday-Saturday picture. It will be more or less a mystery drama with a certain amount of horror, or rather, spooky comedy. We believe you will enjoy this picture for a change.

## Flying Tigers
