THE COUNTY SEAT NEWSPAPER

Local Citizens Respond Splendidly To War Fund Drive

Reports this morning (Thursday) show that a total of \$817.85 has been placed on deposit in the local bank for the United War Fund cause. This amount includes benefits from last week's dance and band concert sponsored in interest of the cause plus individual contributions from local townspeople and others.

The quota for north Wheeler county is \$1200. Reports from the Mobeetie, Briscoe, Allison, Kelton and Jewett communities are yet to come in.

Also, several persons living out from town have not had a chance to make their contribution to the U. S. O. and the 16 other war relief agencies included in the drive. Chairman H. E. Nicholson asks that persons who have not yet made their contributions to the War Fund leave them at either of the following places:

Citizens State Bank, Wheeler Hospital, County Clerk Harry Wofford, Crump-Mundy Service Station, Clara Finsterwald or the Times Office.

Proper recognition will be given each contributor.

Stressing the fact that every real American, will want to contribute something to the worthy cause which is devoted to meeting the needs of our men in the fighting forces and rendering aid to our allies, Dr. Nicholson urges everyone who has not made his contribution to do so as quickly as possible so the drive may be consummated.

A report from Shamrock this morning indicated that \$1,750 had been placed on deposit there in interest of the drive. The county's quota is \$4,641.

At the time of his induction into the army last February he was attending West Texas State College at Canyon. The summer before he had been employed at Cretney Drug in Pampa.

Christmas Gifts Should Be Mailed This Month

In urging persons to mail their Christmas packages early, Chester Lewis, local postmaster, gives the following reasons why the postal department must have more time to handle this year's Yuletide mail:

There can be no assurance, in view of the unavoidable handicaps of war, that gifts and cards mailed in the weeks immediately preceding Christmas will be delivered on time. Such matter must not impede the movement of war materials and personnel and military mail.

Transportation facilities are heavily burdened. The number of railway cars and airplanes available for handling Christmas mail is far below that of former years. Facilities simply are not available to transport and deliver, in the last 3 weeks before Christmas, the tremendous quantities of mail that we heretofore moved in that period.

More than 30 thousand postal employees have gone into the armed forces. They have been largely replaced with less experienced personnel. In the past, we have called in more than 200,000 temporary employees to help us with the holiday mails. Great numbers of these are now in the armed forces and war industries. This year we must rely largely upon women and high school boys and girls, who cannot work long hours or at the high speed of experienced personnel.

The only way, therefore, in which deliveries of Christmas mails can be made on time is by spreading the mailings over a longer period so that available transportation equipment and postal personnel can be used during more weeks.

Special efforts should be made also to extend the use of postal delivery zone numbers on all mail addressed to cities having that system, because the numbers expedite mail distribution.

The Postal Establishment today is delivering record-breaking volumes of mail and also is performing huge extraordinary wartime tasks. The Christmas mails will be in addition to all these services, which must be kept at maximum efficiency. We must have public cooperation if these mails are to be delivered on time.

Last year, at the urging of postal people, the public did start its mailings earlier than usual, but the early volume was small. There was a deluge of later mailings. Many people who did not mail within the time specified by the Post Office Department learned to their regret that their friends did not receive the cards and gifts until after Christmas.

The war has dislocated the Christmas mailing season. This year, November is the time for mailing Christmas gifts and cards. Gifts should be marked, "Do not open until Christmas."

METHODIST PASTOR GOES TO ANNUAL CONFERENCE AT LUBBOCK NEXT WEEK

Rev. Jno. A. English, pastor of the Wheeler Methodist church will attend annual conference at Lubbock next Tuesday, Wednesday and Thursday. Streamlined because of wartime conditions the annual conference will last only three days this year instead of the usual week.

Mrs. David Dysart of Wichita, Kansas, is visiting Mr. and Mrs. C. A. Dysart of Mobeetie and Mrs. Alwyn Savage of Wheeler this week.

WHEELER COUNTY PIONEER PASSED AWAY SATURDAY

Funeral services for Mrs. E. H. Small, who died at a hospital in Shamrock Saturday night, were held Monday afternoon at the Methodist Church in Shamrock.

Mrs. Small, who was 83 years of age, was a pioneer of Wheeler and Collingsworth Counties. She was the widow of the late Judge E. H. Small.

At her bedside were the following children: Mrs. Ada Adkins of Lela, Hon. Clinton Small of Austin; Mrs. Cleo Templeton of Wellington; Mrs. Hattie Mounds of Amarillo; Horace Small, Mrs. Grace Holmes, Mrs. Nell Kromer, all of Shamrock; and Hugh Small of Abilene, Texas. Sixteen grandchildren and three great-grandchildren also survive.

Funeral services were conducted by a pioneer minister, Rev. W. A. Erwin, assisted by Sidney G. Menk, minister of the Presbyterian church of Shamrock.

Pallbearers were Kenneth Caperton, Harry Mundy, B. F. Holmes, Frank De Bose, of Shamrock, J. B. Stevenson and Frank Anderson of Wellington.

Interment was in the Shamrock cemetery.

Relatives from Wheeler who attended Mrs. Small's funeral were: W. B. Wofford, Harry Wofford, Inez Kennedy, Mrs. C. N. Wofford and Dr. and Mrs. V. N. Hall.

Wheeler friends attending were: Mrs. H. E. Nicholson, Mrs. Glenn R. Walker, Mrs. J. M. Porter and Mr. and Mrs. A. B. Crump.

Mustangs Stampede Rough Shod Over Lefors Team 38-0

The fast charging, hard tackling Mustangs defeated the Lefors team 38-0 in another 3-A conference game here last Friday night. It was the third conference win for the local lads as they have defeated Lakeview and Memphis. Only one defeat so far mars a perfect conference record and that was the whipping taken from the strong Shamrock Irishmen three weeks ago.

In Friday night's fracas Riley, big Mustang fullback, started the scoring spree early in the 2nd quarter. Wright booted the ball directly between the goal posts for the extra point. In the same period Johnson made the second touchdown but the try for extra point was blocked. The third touchdown of the same period came when a beautifully executed 35 yard pass fired by Hall was received by Jr. Pendleton who dashed a remaining 25 yards to the goal line. In the third quarter C. Pendleton's 60 yard run for a touchdown brought fans to their feet as he charged past one would-be tackler after another and shook them off at will. Johnson's broken field running accounted for two more tallies in the fourth quarter. C. Pendleton's kick for extra point on the first of these proved good, making the total of six touchdowns and two extra points for the 38 count. Twice the visitors had the Mustangs backed against their own goal line on fumbles but lacked the final push to hit pay dirt.

Mustang starters Friday night included:

Hunt, RE; Johnson, LE; Weatherly, RT; Wright, LT; Pettit, RG; Noah, LG; C. Pendleton, C; Riley, FB; Farmer, BB; Jr. Pendleton, BB; Hall, QB.

Corkey Guthrie substituted for Wright early in the second quarter and played the rest of the game after Wright was taken out because of a hip injury.

All other substitutes that could be mustered up by Coach English saw action in the closing minutes of the game.

The Mustangs do not have a game scheduled for this week but will play McLean there Nov. 12 and Wellington here November 25.

District Court Opens Term Here Monday Morning

The new term of district court will be opened in Wheeler Monday morning, November 8, by Judge W. R. Ewing of Pampa. A very light docket was predicted this week by district clerk Artie Lee Hunt in stating that only 4 jury cases, 9 non-jury cases, and 11 appearance cases are now slated to become before the court in addition to a small number of divorce cases. Fourteen divorce cases had been filed with the clerk since the last court term.

In speaking of the new term of court Judge Ewing states "Both Civil and Criminal Dockets are light. The entire Civil Docket will be called for orders and settings Monday, November 8, at 10 o'clock a. m. The entire Jury Civil Docket is set for Monday of the second week. Later settings will be made as circumstances warrant. On account of hardships jury service works on individuals at this particular time, the difficulty in securing juries, no jury case will be set and jury summoned unless the Court has reasonable assurance that the case will go to trial."

Judge Ewing in the above statement has reference to juries for court following the second week since jurors have already been summoned for that week of court beginning November 15.

Men expected to report Monday for possible Grand Jury service are:

H. O. Lane, Douglas Baird, W. A. Finsterwald, Austin G. Caldwell, Mobeetie; Fred Ashley, J. A. Bryant, Ebb Farmer, Lee Guthrie, Wheeler; L. W. Davidson, Claude D. Davis, Bailey Whiteley, Texola; Jno. Lister, Kelton; Ode Cain, B. F. Holmes, W. O. Morrow, Harry Vermillion, Shamrock.

Under the new district court continuous session plan this term of court will continue for the next six months, and cases will be tried as soon as they are ready. Under this plan, two terms of court are still held, but each continues until the opening of the next.

Committeemen Help Farmer Obtain Maximum Wartime Production

The 39 County and community AAA Committeemen in Wheeler County who were elected by other farmers, form one of the important groups of agricultural workers who will help farmers to obtain maximum wartime production in 1944 and assist them in carrying out essential practices consisting of building terraces, growing winter cover crop, improving pasture and range land by drilling and digging wells, and deferred grazing and otherwise improve the productivity of his farm in helping to win the war and improving his own situation at the same time. They will also increase production of vital needed war crops and livestock on their own farms by carrying out these practices.

The committeemen can help inform their neighbors of the 1944 farm goals and the provisions of the 1944 Agricultural conservation program, and also help other agricultural workers to determine neighborhood and community needs for planting seed, farming equipment, needed supplies and labor requirements. As soon as the provisions of the 1944 Agricultural Conservation Program are approved, this information will be carried to the farmers by their home community committeemen. The committeemen will attend county meetings of local leaders and help work out all the valuable information that need be carried to the producers as many producers failed to know that there will be a 1944 Agricultural Program and as to the purposes for which this program is carried out.

FORMER DISTRICT ATTORNEY IS HOME ON LEAVE

Lewis Goodrich of Shamrock is home on 40-day leave from fighting with the navy in the Pacific. He is a yeoman first class.

Yeoman Goodrich, former district attorney, has been in a hospital several days recovering from an attack of fever. He had been on the Pacific 17 months. Last April his ship was torpedoed and 27 members of the crew were lost.

Yeoman Goodrich served in the Navy in World War I. He enlisted soon after the U. S. entered the present war. He is visiting with his wife and daughter, Mayon, at Tulia. Mrs. Goodrich has been living with her parents, Mr. and Mrs. W. F. Griffin, since Mr. Goodrich entered the Navy. Mayon is attending the University of Texas. She returned to Tulia to see her father.

J. V. Younger Named F. S. A. Supervisor

J. V. Younger, former Wheeler county school teacher, arrived in Wheeler Tuesday to take over the supervision of the Farm Security Administration in this county. Mr. Younger comes from Lubbock where he was associate F. S. A. supervisor. He taught school for several years in this county having held positions with both the Magic City and Papan schools.

He intends to move his family here from Lubbock within a few weeks.

Mr. Younger replaces Ralph Griffiths who was recently inducted into the armed forces.

Payments To Milk Producers Starts First Of October

V. B. Hardcastle, administrative officer of Wheeler County ACA, stated this week that payments to milk and butterfat producers became effective October 1, 1943.

It has been reported that many producers of dairy products are operating at a loss. Especially is this true in cases in which a high percentage of feed has to be purchased and where labor costs have risen sharply. In order to offset a part of the increased cost of dairy production, the Government has recently announced a Dairy Feed Payment Program for the last quarter of 1943.

Payment will be made by draft direct to the producer by the county ACA Committee at the county agriculture office upon the submission of satisfactory evidence of the quantity of milk or butterfat sold, according to Mr. Hardcastle. For dairy producers selling whole milk to cooperative associations, milk distributors, etc; the statement normally furnished the producer will constitute satisfactory evidence, provided it shows the quantity of whole milk delivered. The receipts furnished by creameries for butterfat will be accepted as satisfactory evidence if signed or stamped by the purchaser. Producers who retail milk will need to substantiate their claims by submission of names of their customers, number of cows and amount of feed bought. Producers who sell butter to consumers, local stores, etc., will need to obtain receipts signed by the buyers.

Payments for October will be made early in November and payments for November and December will be made early in January according to Mr. Hardcastle.

Mr. Hardcastle asks that producers secure the above information before filing claim for payment on the dates mentioned below.

Producers in the Shamrock area may file application at the Chamber of Commerce office Tuesday, November 9, Wednesday, Nov. 10, producers may file application at the First State Bank building in Mobeetie.

Applications will be taken any day at the county Agriculture office in Wheeler.

Payments will be made at the rate of 50 cents a hundredweight for whole milk and 6 cents a pound on butterfat. Payments on sales of butter will be made at 80 percent of the rate on butterfat.

If a producer is unable to furnish written evidence of sale, his personal certification of the amount sold, number of cows milked, amount and type of feed used, and customers served, will be accepted as sufficient if such certification is consistent with the county committee's knowledge of the producer's business.

"We hope that this new type of program will bring about the desired increase in milk production because of the importance of whole milk and dairy production in our nation's war time diet," Mr. Hardcastle stated.

Ration Book Four Can Be Obtained After November 10

For the benefit of those who could not arrange to register for their War Ration Book 4 in the regular period, Oct. 21, 22 and 23, the county ration board has announced that such persons may obtain them after the tenth of this month.

Wheeler county residents who did not obtain Book 4 in the registration last month can do so beginning Nov. 10, by calling at the board's office, located in the court house. They must bring War Ration Book 3 with them, just as was required in the October registration.

A total of 10,946 War Ration Book 4 was issued to Wheeler county residents last month. This was about 2,000 less than was issued in the first ration book sign-up in May of '42, indicating that there are at least several hundred books to be issued.

Harriet A. Meadows spent the week end with her parents, Mr. and Mrs. B. F. Meadows, of Briscoe. Miss Meadows is teaching at Mendota.

CROP TURNOUT IS EXCEEDING EXPECTATIONS

According to reports coming in from over the county, both cotton and feed crop yields are exceeding expectations as harvest gets into full swing. County agent Jake Tarter stated this week that many farmers are reporting yields of as much as one-third more than they had estimated their crops. This applies to both cotton and feed.

Some of the sub-irrigated land has cotton that will make a bale of cotton to the acre while some grain crops are making as much as a ton to the acre. The county agent is estimating a cotton crop of 9,000 bales in the county this year. Even though this is less than the average yield of this county it was mentioned that much less cotton was planted this year than has formerly been planted. Had it not been for the unusually long, hot, dry period during the growing season this summer, farmers would have produced a bumper crop the county over.

According to the Department of Commerce, Bureau of the Census, Washington, a cotton ginning report shows that 2,625 bales of cotton were ginned in Wheeler county prior to October 18, as compared with only 310 bales prior to that date in 1942.

It was estimated by the county agent that the cotton crop harvest is little over a fourth complete.

According to figures released by the county agent there were 169,000 acres planted to grain sorghums in the county this year. About 49,000 acres were planted to cotton and 13,900 acres were devoted to wheat growing. There are 4,200 acres of peanuts in the county.

At least 21 combines are busy over the county harvesting the grain crop while several more are needed. A large percent of the farmers are harvesting their feed in the more conventional manner, that of the row binder.

The labor situation is still bad over the county. Recent heavy frosts have caused cotton bolls to pop open in profusion and many whitened fields await pickers so far, in many instances, still unobtainable. Early this week 412 transit workers on farms had been placed by the county agent's office. More than twice that many have been requested. In addition to transit laborers, 288 prisoners from the interment camp at McLean were working in Wheeler county fields last week.

Cotton pullers are being paid at the rate of \$1.25 per 100 pounds. Other day laborers are being paid \$3.50 per day.

President Of McMurry College To Speak Here Sunday Afternoon

Dr. Harold Cook, president of McMurry College of Abilene, will be in Wheeler and will speak at the Methodist church at 3:00 o'clock Sunday afternoon.

Dr. Cook is making a tour of Panhandle churches in interest of the college. Methodists of the Allison Mobeetie and Briscoe communities, as well as local members, are asked by District Superintendent G. T. Palmer, to be on hand to hear Dr. Cook's message.

Just Inspection

A good piece of news to most Wheeler readers is that the Army Quartermaster Corps has slowed up the amount of exceptional waste in many camps. In sections where soldiers are stationed, civilians have complained about the amount of waste in those camps due to the number of boys eating in public restaurants. There evidently was no way of checking meal attendance and much food was spoiled in the kitchen. The Quartermaster Corps has made a survey also, on the type of food soldiers prefer, what they choose for "seconds" and what will waste when served. The whole plan is to reduce garbage. That is what housewives everywhere have been trying to do since the start of the war. It is wise to be thrifty and too, the taxpayer deserves a break whenever possible!

Pure Carelessness

This warning note comes too late for wrapping packages for the forces overseas, but timely enough for those who are planning to pack Christmas boxes to soldiers stationed here at home. You have probably seen pictures of postoffice interiors where gift boxes were stacked high and awaiting inspection for rewrapping, due to the contents bursting their moorings! Some boxes were so poorly wrapped that the contents were entirely missing. The New York Postoffice reported 1,000 of such Christmas packages burst every day. Clerks tried to salvage and repack the boxes so that the loss and disappointment would not be felt by some soldier eagerly looking for the gift parcel. As you later wrap these Christmas boxes for home mailing, tie them securely, pack them compactly, address them plainly and see that no extra work for others is necessary due to carelessness of any one in Wheeler.

For Education

The senate brings up a bill that has to do with federal grants to the public schools and which authorizes \$300,000,000 a year to the states for raising teachers salaries to combat increased living costs. Also, the grant would take care of emergency school needs and build up as well, the unequal educational disadvantages that are now found all over the country. For instance, the states that are least able to support the schools have the most children to educate. Southern senators are especially enthused over the bill since the southern states are slated for more aid due to a more backward educational set-up. But in accepting such aid, it behooves all states to look into the strings attached, whether it means loss of states rights, of governmental dictating as to how and where the money must be spent. The loss of rights long fought for, must not be hastily voted aside. We must study well the issue before we spend the money.

Many a family fights the wolf at the door while the stork slips a bundle down the chimney.

If factory workers wore uniforms more girls would follow them and that would help to impede the war effort more than ever.

A headache to any civic organization is when a local doctor advises patients to leave town for a change of climate.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

If Attorney General Gerald C. Mann reads the newspapers of Texas he is no doubt amazed that the publishers are so frank in expressing their disapproval of his blast against Governor Stevenson. So far we have not found a friendly statement. Few Texans believe that Mann is following the safe political course in swinging onto the coattail of the President, trying to ride into office. Congressman Johnson failed; Jimmie Allred failed; and we believe that Gerald C. Mann will fail if he makes the race on the issue of becoming a rubber stamp Governor. The people of Texas will no doubt support the President for a 4th term as a matter of fear of making a change during the war, but they are going to be mighty independent in choosing other officials. The voters might support the fearless Attorney General because he has been independent in the past. But they are not interested in his candidacy as another rubber stamp.

Newspaper editors sometimes get into trouble through reading errors. Publishing the following story caused an editor to leave town:

"Mrs. John Breinlinger presented her husband with an eight pound baby girl on Thursday. Mrs. Breinlinger was formerly Miss Anna Gray and very popular locally. The happy parents have the congratulations of all on this suspicious event."

—Miami Chief

And now comes news of Federal "handouts" from Washington for the public schools of the nation. And we suppose the schools of the country will grab at every dollar they can get from Washington thus setting up more power for Washington bureaucrats that could lead to the eventual Federalization of our school systems. Every dollar of Federal aid for any purpose whatsoever just adds that much to centralization of power in Washington and detracts that much from the power of local governments.

A local woman stood looking ruefully at a bottle which she had accidentally let fall to the sidewalk where its contents made a widening circle around the shattered fragments of glass. "That's too bad," she said, "there was at least four pairs of tan hose in that bottle."

—Tulia Herald

It is an awful thing to think about while we are enjoying comparative plenty, with only slight annoyances, more than half of the world's population is slowly starving to death—some of them not so slowly. The situation is particularly acute in large portions of China and from some points inside of Europe comes underground stories indicating that the situation is quite grave. This latter situation we cannot help until such time as our fighting men can crack the stone wall set up by the Hitlerites and their satellites. But authorities are said to be making every possible preparation, with the assistance of the food distributors and the Red Cross to take care of these populations just as quickly as possible. This is one reason, so we hear, why the Burma campaign is being prepared for, so as to clean the Burma road for a route to supply starving Chinese as well as to give the fighting men needed armament and other equipment.

THIS IS YOUNG MR. DOUBTING THOMAS, JR. He is a symbol, and stands for millions of motorists who want facts, not claims, about motor oil quality.

With all automobiles growing older and no new ones in sight, facts about oil quality have never before been so important to car owners. That is why we briefly present these facts about a motor oil with a good name, which is backed by a great name.

Phillips offers a number of oils, in various grades to match varying demands and pocket-books. Of all these oils, we have specifically set one apart as our best. To make choice simple and easy for you, we frankly say that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Play safe. Don't neglect either regular or seasonal draining and refilling. When you replace summer-thinned lubricant, or make the every-two-months recommended change, be sure to ask for Phillips 66 Motor Oil.

The tinselled make-believe of Hollywood seems far away indeed when one visits the Huntington Museum near Los Angeles. There, you will see a portrait of that great American Thomas Jefferson, that makes him look like flesh-and-blood, even as you and I, and not like one of the gods on high Olympus.

It so happened that, only the night before, (though all this is now four years in the past) I had seen the motion picture, "Elizabeth and Essex"—and here was a decree actually signed by the Queen. As I looked at the document, she suddenly seemed a real person and not a steel engraving in a history book. That is what a museum does—it brings bygone people and events to life.

Nearby was a manuscript copy of "Annabel Lee," my favorite American poem, signed simply "E. A. Poe." When I was a high school boy, I never dreamed that one day it would be my privilege to stand before the actual painting of Mrs. Siddons as "the muse of tragedy," by Sir Joshua Reynolds. The picture was impressive, even in our textbook of English

literature and the actual painting of the great actress of Edmund Burke's day showed a creature of queenly stateliness.

Another painting was that of Lady Hamilton, beloved of Admiral Nelson.

There was a portrait to which I would not have given a second glance but for the name of the painter, Kneller, who is mentioned in one of Macaulay's essays as having been so greedy for gold that he did only the subject's face, leaving the painting-in of the hands to a student. Unfortunately, there were no hands in this picture, so the observer had no opportunity to try to detect the fraud.

Most famous of all the paintings in the Huntington Museum is "Blue Boy" — a prettified lad in a blue jacket and in a pair of shiny silk pants. They paid \$600,000 for this picture.

The painting of the "muse of tragedy" and of Nelson's beloved meant something to me; but "Blue Boy" — well, he should have been a barefooted youngster with a lock of brown hair on his forehead and a two-bit straw hat, battered of brim, on the back of his head, a whistle puckering his lips and with a nondescript dog trotting down the path beside him through the East Texas piney woods — and then you'd have had a real work of art.

We overheard a man say that as fast as we're building submarines we will shortly run out of names of fish.

There is usually no one as mean as a mean man thinks there is.

Have a "Coke" = Good winds have blown you here

... a way to say "We are friends" to the Chinese

In far-off places, when Coca-Cola is on hand, you find it cementing friendships for our fighting men. China knew Coca-Cola from Tientsin to Shanghai, from Hong Kong to Tsingtao. To Chinese and Yank alike, Have a "Coke" are welcome words. They belong with friendliness and freedom. From Atlanta to the Seven Seas, Coca-Cola stands for the pause that refreshes,—has become a symbol of good will among the friendly-minded.

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

All adjourned to meet again Nov. 18, at the home of Mrs. C. H. Candler.

New members are solicited and visitors are cordially invited.

MISS FERN GRAHAM AND DEAN AWTRY WED SEPTEMBER 25 IN DENTON

Word has been received here of the marriage of Miss Fern Graham, daughter of Mr. and Mrs. F. E. Graham of Muleshoe, Texas, to Dean Awtry, son of Mr. and Mrs. W. H. Awtry, Sr., of Muleshoe. The double ring ceremony was performed in the Methodist Church at Denton, Texas Sept. 25, at 6 p. m. with Rev. Philip Walker officiating. The couple stood before a background of gladiolas and ferns. The organist played "I Love You Truly" while the ceremony was performed. The bride was attractively dressed in black silk jersey and wore a beautiful corsage of orchid gladiolas.

Relatives only attended. Those present were: Mr. and Mrs. E. T. Ward and son, Jerel Bryant, Mr. and Mrs. F. E. Graham, and Mr. and Mrs. W. H. Awtry, Sr.

The bride is a graduate of Muleshoe high school class of '42. She attended business college at Lubbock and was formerly employed in the AAA office in Muleshoe and had been employed in defense work in Fort Worth. The groom is a graduate of Muleshoe high school class of '41 and attended business college at Lubbock. He is now employed at Consolidated Aircraft at Fort Worth. The couple will be at home to their friends at 804 Fifth Avenue, Fort Worth.

The groom is a nephew of Mr. and Mrs. J. A. Bryant, who live southwest of Wheeler and a grandson of Mrs. Eula Bryant of Wheeler. He was born in Wheeler county and lived southwest of here for 11 years and attended grade school here.

Homemaking News

The Homemaking girls have been studying good manners. Here are some of the true and false questions they used to study. Can you answer them?

1. Etiquette is the name given to the rules of society. 2. Every person should strive to learn good manners and live by them daily. 3. Good manners are for public use only and may be discarded at home. 4. Slovenly attire is permissible at the table at home. 5. Every self-respecting person comes to the table with hands and nails clean, hair combed, and neatly dressed. 6. One should be prompt at meal time. 7. One should stand by his chair until other members of the family are ready to be seated. 8. One sits and rises from the right side of the chair. 9. A chair properly placed is in line with the table cloth. 10. It is best to pause for a few seconds at the table to see if grace is to be said.

Answers: 1. true; 2. true; 3. false; 4. false; 5. true; 6. true; 7. true; 8. false; 9. true; 10. true.

F. F. A. News

During the first six weeks the F. F. A. boys have been studying livestock management, the parts of a tractor, and in shop they have been grinding valves.

Charles Ray Riley, president of the club, has for his projects: 1. A garden; 2. hens for egg production; 3. sow for pigs; 4. cotton crop; 5. a mare for colt production. This is Charles Ray's third year in the Wheeler V. A. class. He is trying for the rank of a Lone Star Farmer.

Harold Ray Starkey, has for his projects: 1. heifer for calf production; 2. calf for beef production; 3. sow for pigs; 4. a pig for pork. This is Harold Ray's second year in the Wheeler chapter.

It's Your's For The Asking!

The government has announced an additional payment of

6c per pound on all Butterfat

Sold from October 1 to December 31, 1943

Producers must have evidence of sales by creameries and produce houses to whom they have sold their cream. If you have sold us your cream and do not have your cream ticket, call by and you will be issued a duplicate giving evidence of the amount of butterfat purchased by us from you.

Payments for cream sold in October will be made at the county agriculture office upon presentation of proper proof of sales. Payment for butterfat sold during the months of November and December will be made shortly after January 1st.

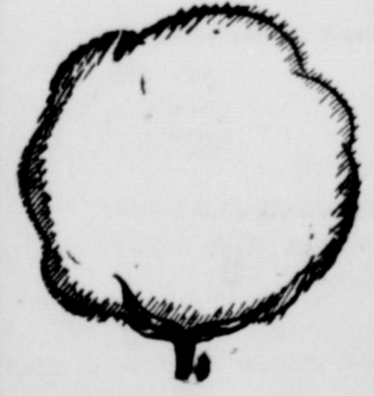

With the assurance of this additional nice profit on cream for the last quarter of 1943, it behooves all producers to get top production from their dairy herds by feeding feeds that provide all nourishment possible and contain all necessary proteins and minerals.

You'll find them in **PURINA FEEDS**. A trial will convince you.

OTHER RATIONING: Certificates from local board required for new cars, domestic cooking and heating stoves, bicycles, typewriters, rubber footwear, and from USDA War Board for farm machinery and pressure cookers.

CONGRESSMAN WORLEY SAYS . . .

"The protein feed situation is still one of the most important problems now confronting farmers and ranchers of the Texas Panhandle. This is brought about through increase in cattle population but no corresponding increase in high protein feed which means, of course, that the feed supply will be insufficient but not necessarily desperate."

"Repeated conferences with officials of the Department of Agriculture, War Food Administration and others have helped to secure the following results:

"The Texas Panhandle has been officially recognized as a drought area and every possible effort is being made to see that our section is among the first to receive supplies of

high protein feed. The soybean crop from the North and East is being transported to the South to be crushed by our mills. Although the crop, which will show an increase over last year's production, is being shipped as rapidly as possible, shortage of boxcars is delaying movement to some extent. It is hoped that soybeans will be received in sufficient quantities to greatly relieve the present acute condition.

"So far as cottonseed cake is concerned, I am officially advised that no government agency is handling distribution but it is being left in the hands of industry to be moved through regular trade channels.

"As of October 16, estimates of the War Food Administration for the entire United States show about 3 billion bushels of corn, about 835 million bushels of wheat, 330 million bushels of barley, 1,150 million bushels of oats, 33 million bushels of rye and 100 million bushels of grain sorghums are available."

WHO MAY SLAUGHTER WITHOUT PERMIT
A farmer or other producer of livestock may slaughter without a license or permit and consume meat without giving up ration points, if he qualifies under the following OPA regulations: (1) raised livestock from birth or (2) for 60 days before slaughter, or (3) the weight has increased 35 percent between time acquired and time of slaughter. In addition, a person must have resided more than six months of each year on a farm he operates, or have visited the farm to give his personal supervision to the raising of livestock for at least a third of the time during the period one of those listed in the foregoing) on which he bases his claim to the right to consume meat point-free. If a person has his livestock custom-slaughtered, he must meet these same conditions and give the slaughterer a certificate showing he is eligible to consume the meat point-free.

MOVIE CHATTER
(By a Rogue)

Fighting Frontier
Tim Holt and Ukulele Ike will furnish the western entertainment at the Rogue Theatre Friday-Saturday, November 5-6, in a rip-snorting picture called Fighting Frontier. We are sure that that there will be plenty of hard riding, fast shooting, cowboy singing, and a good story that will meet with your approval.
Happy Go Lucky
Mary Martin, Dick Powell and Rudy Vallee will be at the Rogue Theatre Prevue-Sunday-Monday, November 6-7-8 in an all Technicolor picture called Happy Go Lucky. And as we have said many times before, Technicolor is your best assurance of a good picture. So start packing your duds and making your plans to see Happy Go Lucky and we know you will thank us for an evening well spent and thoroughly enjoyed.
Dixie
Wednesday-Thursday, November 10-11, brings another Technicolor triumph to the screen at the Rogue. This time it is Dixie starring Bing Crosby and Dorothy Lamour. And let us assure you that this three-way combination of Crosby, Lamour and Color just cannot be beaten. The locale of the picture is right here in our own Southland. It is truly the Dixie that you and I love,—our own home, sweet home with all the tunes that are dear to our hearts. Again, we urge you do not miss DIXIE.
