Wheeler Red Cross Quota Set at \$2900

Liberal Contributions Needed To Meet Goal

Announcing that the Wheeler chapter had accepted a quota of \$2900 in the Red Cross War Fund drive that gets under way over the nation next week, Dr. H. E. Nicholson, chapter chairman, announced today the complete plans for the drive will be announced soon. Plans for a thorough canvas of Wheeler and surrounding communities will be outlined and chapter officials point out that regular "memberships" will be a thing of the past this year. It will take generous contributions from every citizen to insure that the Wheeler chapter meets its quota and in turn continues to carry its share of the local Red Cross burden, in addition to helping pay for the many valuable services offered by Red Cross on the war fronts.

As the global conflict grows in intensity, and the crucial stage of the war is at hand, the American Red Cross is "stepping up" its activities to keep pace with the growing needs of the Armed Forces.

The American Red Cross now has men and women workers with troops in fifty-three strategic continental and insular areas. In Europe, Africa, and the fronts of the Far East, Red Cross workers either went into the theatres with invasion forces or else followed within a short time.

Service to the armed forces are not confined to the activities of Red Cross workers abroad, for practically every chapter in America is engaged in making surgical dressings; in Home Service assistance, in collecting blood, or in some activity for members of the Armed Forces.

Mr. and Mrs. Sid T. Morgan Celebrate 50th Wedding Anniversary

Mr. and Mrs. Sid T. Morgan celebrated their fiftieth wedding anniversary Sunday, February 20. They were married February 21, 1894 and to them were born twelve children. Ten are still living. Mrs. Morgan was born August 17, 1876 in Missouri and Mr. Morgan was born December 5, 1876 in Tennessee. They moved from Missouri by covered wagon to Texas in 1893 and lived in Gray county until 1919 when they moved to Wheeler county. They now live on their ranch three miles north of Wheeler.

Mr. and Mrs. Morgan have 30 grandchildren and 2 great-granddaughters. There were only four of their ten children present for the dinner. The couple have three grandsons serving in the armed forces. They are: Leroy Lamb of Kearns, Utah, Giles O. Phillip, Jr., of San Diego, Calif. and J. L. Phillip who is serving overseas.

A pair of gold rimmed glasses was presented to each as a gift by their children.

Those present for the dinner were: Mr. and Mrs. G. A. Martin and son, Allen Richard; Mr. and Mrs. J. R. Austin; Mrs. Aaron Williams, Mr. and Mrs. W. H. White; Pvt. Harry Claude Risden of the Pampa Air Base; Mr. and Mrs. Claude Schaffer; Mr. and Mrs. H. C. Turner; Mr. and Mrs. Tom Schaffer and children, Mrs. W. A. Carlton; Mr. and Mrs. J. C. Bradstreet, Mr. and Mrs. J. B. Barr, Mrs. Mattie Tiner, Mrs. C. H. Starkey and children, Mr. and Mrs. Bill Spruell and baby, Mrs. James A. Morgan and son, James Carlton, Mr. and Mrs. Earl Williams, Miss Kate Schaffer, John F. Schaffer of Heppner, Ore., Alice Morgan, Chester Morgan, Mr. and Mrs. Sid T. Morgan and B. F. Morgan of Los Angeles.

Children unable to be present were: Mrs. T. R. Banta of Topeka, Kan.; Mrs. H. E. Spruell of Los Angeles, Calif.; Mrs. Giles Phillip of Amarillo; Mrs. Roy Lamb of Wheeler; Willie T. of Pampa and James A. of Amarillo.

Office Building, Scales And Sheet Iron Of Gin To Be Auctioned Sat.

Frank Coker, manager of the Wheeler Co-op Gins, announces that the office building, platform scales and all sheet iron of the south gin will be offered for sale at an auction to be held at 3:00 o'clock next Saturday afternoon. The main building and gin equipment were destroyed by fire last fall, but the office building and scale were saved from destruction. A considerable amount of the sheet iron of the main building has been salvaged.

FUNERAL OF INFANT

Funeral services will be held in Mobeetie this afternoon for the infant (still born) daughter of Mr. and Mrs. Ted Mason with the Hunt Funeral Home in charge.

Wins Gold Star Award

MISS JOY WILLIAMS, daughter of Mr. and Mrs. Mill Williams of Shamrock, has been awarded the honor of Wheeler County 4-H Gold Star girl for 1943. To be eligible for the award a girl must have been in 4-H club for at least three years and must have kept a complete record and history of her work. Joy is a sophomore and has been in 4-H club work for five years. She was a member of the Twitty 4-H club for four years and has continued with her club work since entering Shamrock high school. She has done outstanding club work during the entire five years she has been a club member.

More Men Go To Lubbock Today

In a supplemental call to the one of February 12, the following were either sent to Lubbock this morning or transferred to other boards to be sent for their pre-induction physical examination:

Furman Voil Green, William Ray Wood, John Tig White, Clayton Vernon Green, Gilbert Grayson Lawler, Sam B. Strange, Louis Ray Webb, David Venson Smith, Thomas Woodrow Henderson, William Cole Robertson and Joe Francis Kilman, Jr.

POISON VICTIMS WERE RELATIVES OF O. C. EVANS

Mrs. Anna Belle McCracken, 38, of Brownfield, died Saturday, her 11 year old daughter, Maude Alice, died Sunday night and two other members of the family were ill from accidental food poison.

Mrs. McCracken was a sister of O. C. Evans, Briscoe school superintendent. Mrs. McCracken, her husband, Forrest, and their daughter had dinner Friday night at the home of Mr. McCracken's mother and it was supposed that some potatoes that had been poisoned for rats had accidentally gotten mixed with those for table use.

Mr. Evans went to Brownfield Saturday and returned home Tuesday night. He reported that Mr. McCracken was apparently recovering but that the elder Mrs. McCracken was still in a critical condition. Funeral services were held Monday for the mother and her daughter.

ATTEND FUNERAL SERVICES HELD FOR JOSEPH BEASLEY

Mr. and Mrs. R. Watts and daughter, LaVerne, attended funeral services held for Joseph "Shorty" Beasley in Shamrock Monday, February 14 at 3:00 o'clock in the Church of Christ with J. Lloyd Rice minister of the Shamrock church conducting the last rites.

Mr. Beasley died of heart attack Sunday night, February 13, at the home of his brother, Marion Beasley, of Fort Worth. Beasley, 27 year old, was the son of W. G. Beasley of Venice, Calif. He was born in Miami, Texas, March 18, 1916, and had resided in and near Shamrock most of his life.

Besides his father, he is survived by three sisters: Mrs. Carl Pepper of Lindsay, Calif., Mrs. Martin Price Lindsay, Calif., and Mrs. Earl Carter of Venice, Calif., and three brothers, M. G. Beasley of Fort Worth, S/Sgt. Chester Beasley who is a prisoner of the Germans, and Fletcher Beasley, U. S. Navy.

Interment was in the Shamrock cemetery.

RECEIVES DEGREE

Vera Louise Britt, daughter of Mr. and Mrs. Tom Britt has completed required work for a bachelor of arts degree at Southwestern University of Georgetown. The Reverend W. Angie Smith, D. D., pastor of the First Methodist Church, Dallas, will be the speaker for the Spring Convocation to take place in the University Auditorium at 11:00 o'clock, February 26. Mr. and Mrs. Britt will attend the graduation exercises.

Pvt. Lowell Farmer of Camp Robinson, Ark., is spending a few days with his parents, Mr. and Mrs. Percy Farmer. Pvt. Farmer has a 10-day furlough.

FFA Boys Are Having Contest To Win Gilts

The FFA (Future Farmers of America) chapter decided in their last meeting to give away several gilts to boys making the highest score in their local contest, their sponsor, Jack Spence, announces.

A scorecard has been set up and the boys winning the most points in the contest will receive the gilts. Each project will count 50 points, scholarship A-50, B-40, C-30 points; for each supervised practice job 5 points will be allowed; each certificate of merit 15; points are given for various farm pests killed, such as rats, coyotes, etc.; each animal entered in a contest will account for 25 points; each officer who knows his part will receive 10; each boy who enters a judging contest 20 points, and for each FFA meeting attended 5 points.

Boys that win the gilts this year will give one of their gilts away next year and the contest will be kept going year after year.

The boys will raise money by selling chances on a self-feeder built by them, a pie supper and an FFA sweetheart contest. Half of the amount raised will be used to buy the gilts and the remainder will be used for a trip by the group this summer. When the FFA boys go on their trip they plan to continue their studies by visiting farms and experiment stations and study farming practices and feeding and care of livestock.

Any support anyone contributes will be greatly appreciated by the FFA chapter.

WHEELER GETS MAXIMUM FIRE RECORD CREDIT

C. J. Meek, Wheeler insurance man, announced this week that he had been informed by the State Fire Insurance Commissioner that Wheeler will retain its good fire record credit of 25 per cent to apply to fire insurance premiums written in Wheeler for 12 months beginning March 1.

This will result in a direct saving on fire insurance as 25 per cent of the normal premium will be deducted on policies written during the coming year.

The 25 per cent credit will result in an estimated saving of over \$2,000 on fire insurance costs for Wheeler policyholders during the next year.

The fire record for a city or town is determined by a fixed ratio between losses and premiums figured on a five-year average. The maximum good fire record credit is 25 per cent. The maximum charge (or penalty) for heavy losses is 15 per cent.

The worst loss Wheeler has suffered by fire during the past five years is, of course, the loss of one of the gins last fall and it was feared that such a large loss would cut down on the credit percentage allowed the town. The 25 per cent credit has been allowed locally for the past two years.

E Series Bonds Exceed 4th War Loan Quota Several Thousand Dollars

R. J. Holt, county war finance chairman, stated this morning that he had received a telegram from Nathan Adams, state chairman, praising this county on its record of purchases of Series E bonds during the Fourth War Loan Drive. The county had a quota of \$173,000 and the state chairman sent word to Mr. Holt that tabulations reaching the state office had already accounted for \$202,331.25 invested in this type bonds in Wheeler county. Since the sale of all E Series bonds the remainder of this month will count on the drive, Mr. Holt said he expected that final tabulation would show some \$10,000 to \$15,000 more invested in this type bonds before the drive is over.

E Series bonds are the type purchased by individuals and small buyers and sale of this is being especially stressed during the drive. Since the state has reached only about 80 per cent of its quota in the purchase of the E bonds, this county has more reason than ever to be proud of its achievement, the county chairman stated.

Bennie Morgan of Los Angeles, Calif., came Sunday to spend a few days with his parents, Mr. and Mrs. S. T. Morgan.

PUBLIC SALES Leonard Green—Auctioneer

Thursday, March 2 — Buster Walker, owner, 9 miles east of Wheeler and 3 miles north of Kelton; close-out sale of 56 head of milk cows, farm implements, household goods and several miscellaneous items. Sale starts at 10:30 a. m. Lunch will be served at noon. Free coffee. F. B. Craig, clerk.

C. P. Waters Is Candidate For Tax Assessor-Collector

C. P. Waters, well known Wheeler county man now resident of Wheeler, has authorized The Times to announce his candidacy for the office of tax assessor and collector of Wheeler county, subject to the action of the voters in the Democratic primary of July 22.

Mr. Waters has been a resident of this section since 1913. He lived at Shamrock until 1921 when he moved to Mobeetie. From there he moved to the Briscoe community in 1936 and has resided there until Jan. 10 of this year when he moved to Wheeler. Mr. Waters engaged in farming for several years but has more recently been engaged in the stock buying and trucking business.

Mr. Waters' long residence, combined with a friendly, cheerful disposition, has brought him a large circle of friends. Most everyone in the county knows him and those who are familiar with his daily conduct will vouch for his reputation and record as a worthy citizen.

Waters has always interested himself in activities of public nature that would render constructive service to the community in which he lives.

Feeling himself fully competent and ably qualified to discharge the duties of assessor-collector and properly conduct the duties of that office, Waters pledges his utmost efforts toward rendering such service to the inhabitants of Wheeler county as will merit the consideration of all.

He, therefore, solicits the influence and support of voters during the campaign and their votes at the primary next July.

Public Starts Using New Ration Tokens Sunday To Buy Food

During the three-week period from February 27, when the new ration token plan begins, and March 20, when the last of the green stamps good for buying processed foods run out, one-point green stamps, along with tokens, may be given "change" when processed foods are bought, the Office of Price Administration provided today.

While one-point brown stamps (for meats-fats) have been used for change making in the past, use of one-point green stamps had not, before now, been authorized by the rationing regulations. It is desirable to permit their use during the three-week transition period since it is possible that tokens may not be well distributed in some sections, and for a time the one-point green stamps, along with the one-point brown stamps, may be needed in a few localities for change making.

During the three-week transition period from the old rationing program to the simplified token plan, two sets of stamps will be used for processed foods and two for meats-fats.

Blue 10-point stamps A8, B8, C8, D8 and E8 in War Ration Book IV, may be used for processed foods from February 27 through May 20. Green stamps K, L, and M, in the same ration book may be used for processed foods from February 27 through March 20. Blue tokens and green one-point stamps may be used as change.

Red stamps A8, B8, and C8 in War Ration Book IV will be good for meats-fats February 27 and through May 20. Red stamps D8, E8 and F8 will be good March 12 through May 20. Brown stamps Y and Z in War Ration Book III will be good through March 20. Red tokens and brown one-point stamps may be used as change.

Green Stamps K, L, and M and brown stamps Y and Z will retain their old values of 8, 5, 2 and 1 points.

Tokens will be given as change for blue and green, red and brown ration stamps only when a purchase is made. No more than nine tokens may be given as change in one transaction.

Since both the green and brown stamps run out on March 20, the simple token plan will be fully in effect on March 21.

Bonner Given 5 Year Sentence By Jury

District Judge W. R. Ewing and District Attorney Walter E. Rogers were in Wheeler today to carry out the decision by a petit jury to sentence Leonard Bonner of Shamrock to serve five years in the state penitentiary. The decision was rendered by the Thirty-first District Court petit jury Monday when the trial took place. Bonner was charged with robbery of the J. I. Long Service Station on Highway 66 in Shamrock last April. Petit jurors were out only a few minutes before announcing decision on the case.

No appeal has been made by Bonner and there has been no indication that any will be made, attorney Rogers stated this morning.

DR. HAROLD G. COOKE, president of McMurry College of Abilene, announces that no campaign in the history of the Methodist church in West Texas and New Mexico has ever met with such approval and general response as has the \$1,750,000 Endowment and Building Fund Campaign for the college which is now under way in this area.

To ask an Endowment Fund of \$1,000,000.00 for a college and at the same time to build four great new buildings at a cost of \$750,000.00 is unprecedented in both magnitude and vision for the possibilities of a Christian educational institution, the college president states.

Both the importance and magnitude of the program caught the imagination of the Methodist people of West Texas and New Mexico. The annual conferences and district meetings endorsed the program, and conference allotments, district quotas, and church goals were voluntarily set to cover the entire amount.

A number of churches have already reached or exceeded their goals in the campaign and many others are just about "over the top." Quota placed on the Clarendon district is \$60,000. Last week Kelton and Wheeler Methodists had pledged \$1,289.50 in support of the fund.

It is suggested that Series "F" and "G" bonds be given to the fund in lieu of cash or subscriptions, thus enabling the donors to serve both their country and their church at one and the same time.

Last Rites Held For Beloved Kelton Resident

Last rites were conducted Monday afternoon at the Kelton Methodist church for Mrs. George Whiteley who passed away Sunday morning. She had been a resident of the Kelton community for several years.

Rev. Edward C. Derr and Rev. Bill Pond, Shamrock and Kelton Baptist pastors, were in charge of the services.

Emma Louise Owens Whiteley was born in Johnson County, Arkansas June 28, 1871. She was married to George Whiteley Feb. 22, 1891. She was united with the Baptist church at the age of twenty-four.

Survivors include the bereaved husband, four sons, White, Charley and Foster of Kelton and Bailey of Crockett, Calif.; two daughters, Mrs. Mary Hink of Tupelo, Okla., and Mrs. Lillian Hink of Kelton. All of the children were present for the last rites.

There are twenty-two grandchildren and seven great-grandchildren. Two grandsons are in the U. S. Navy. Garland Hink is in Rhode Island and Harold Hink is somewhere overseas.

Pall bearers were Fred Harris, Albert Holcomb, Floyd Carver, Aubrey Pond, John Baird, and Claude Davis. Flower attendants were Mesdames Kathryn Risner, Eula Mae Jenny, George Henderson, Edd Henderson, John Baird, Henry Carman, Aubrey Pond, Pearl Brigham, Walter Davidson and Claud Davis, Misses Henrietta Hink, Bette Jean Whiteley, Sue Hink, Carolyn Whiteley, Sidney Faye Ledbetter and Bennie Kathryn Risner.

Interment was in the Kelton cemetery with the Hunt Funeral Home in charge.

MOVES FAMILY

Mr. and Mrs. Raymond Sayre and their son, Jerry, have moved to the Melton property on South Main street. Mr. Sayre is the new manager of the Wheeler Southwestern Public Service Company office. The family comes from Gruver.

ADDS BALCONY SPACE

The Nash Appliance store has added considerable floor space to their balcony and intends to add a stock of furniture to their list of merchandise offered for sale.

Mr. and Mrs. George Bradstreet of Gageby were in Wheeler Thursday on business.

County Voters Are Fewer This Year

Both Local Precincts Will Have More Votes

According to figures released this week from the office of T. L. Gunter, county tax assessor and collector, 1943 poll tax collections are slightly under the usual state and national election year.

Comparison of figures reveals a net loss of 197 electors this year compared with 1941. Of these 155 are of the poll tax group and 42 in exemptions.

This, of course, is not unexpected after taking in consideration the large number of men from this county in the armed forces and those who have moved out of the county to seek other employment.

Though there are less paid polls in the county, both Wheeler boxes show substantial increases over two years ago.

Returns by voting boxes for 1943 are:

Voting Box	Polls	Exs.	Total
No. 1 Mobeetie	376	8	384
No. 2 Briscoe	85	3	88
No. 3 Wheeler	350	6	356
No. 4 Allison	96	7	103
No. 5 Stanley	264	6	270
No. 6 McBee	132	2	134
No. 7 Porter	39	2	41
No. 8 Gracey	126	0	126
No. 9 Heald	40	0	40
No. 10 Lela	158	3	161
No. 11 Center	84	3	87
No. 12 Shamrock N.	483	8	491
No. 13 Benonine	19	2	21
No. 14 Ramsdell	45	1	46
No. 15 Locust	39	1	40
No. 16 Kelton	91	1	92
No. 17 Twitty	76	1	77
No. 18 Magic City	71	1	72
No. 19 Bethel	62	2	64
No. 20 Pakan	37	0	37
No. 21 Shamrock S.	413	5	418

TOTALS -----3086 62 3148

By years from 1933 to 1943, inclusive, totals on paid polls and exemptions are offered for comparison as follows:

1933*	3,319
1934	1,438
1935*	3,427
1936	1,606
1937*	3,000
1938	2,313
1939*	3,450
1940	2,113
1941*	3,345
1942	2,219
1943*	3,148

Thus it will be seen that 1943 has dropped slightly under the usual state and national election years. Such years are indicated by a * and these years always yield considerable larger poll tax returns than do the alternate years.

Closing Dates Announced For Filing For Dairy Feed Payments

V. B. Hardcastle states that word has just been received from the State Office authorizing county offices to approve application for dairy feed payment covering October, November and December sales filed not later than February 29, 1944. Application for January 1944 production and sales may be approved if filed not later than March 31, 1944. An application for 1943 October, November and December production filed later than February 29 or an application for January production filed later than March 31 require the approval of both county and state committee with a signed statement and a valid reason for the delay before payment can be made.

If you have not filed your application for payment on your cream, milk and butter for the months mentioned above you are asked to please mail or bring them to the county office immediately so payments will not be delayed.

Hospital News

J. W. Wright of Shamrock entered the hospital for treatment Saturday, February 19. Mrs. Arthur J. Wright entered the hospital Monday, February 20. Mrs. F. J. Wright entered Tuesday, February 21.

Mr. and Mrs. Bob Ramsey of Briscoe visited in Wheeler Thursday.

AAA NOTES

February 28 Final Date To Report Cotton Crop Insurance Loss
 C. D. Walker, Director Southern Division AAA, announced February 7, 1944, the extension of Cotton Insurance Reports until February 29, 1944, the final date was originally January 31, 1944. Several conditions have arisen to the necessity for the extension of this date, such as labor shortage, unfavorable weather conditions, etc. All producers having cotton insurance losses should report to this office immediately, if previous reports have not been made.

Feed Wheat Available for Qualified Feeders

February prices for feed wheat remain at \$1.28 per bushel, the same as January prices. Any livestock producer, dairyman, poultry man and other feeders can place orders for this wheat, but not to exceed a 3 months supply together with the quantity they have on hand.
 Maximum margin on sales of wheat by dealers are as follows: 1½¢ per bushel in carlot quantities, 3¢ per bushel for sales in less than carload quantities of 100 bushels or more, and 6¢ per bushel for sales of less than 100 bushel. This feed is to be fed to cattle to not more than a good finish and hogs not to exceed 200 pounds in weight, due to shortage of same.

1941 Loan Cotton

The Commodity Credit Corporation in its press release of July 15, 1943, announced that all cotton securing 1941 loans which were not redeemed by September 15, 1943 would be pooled by the Corporation, as provided in the loan agreement which authorized the holder of the note to pool all such cotton. Producers may no longer assign their equities in the 1941 cotton which they pledged to the Corporation, and they may no longer redeem such cotton or order it sold.

On liquidation of all cotton in the pool, the net proceeds, if any, after deduction of all advances and accrued costs, including shortage, insurance, and handling charges, will be distributed among producers whose cotton is in the pool in proportion to their interest. Producers may not assign or transfer their rights in any surplus remaining upon liquidation of all cotton in the pool.

Peanuts for Planting in 1944

Farmers' stock peanuts owned by the Commodity Credit Corporation may be bought by dealers for resale to farmers for planting purposes in 1944. Persons or firms interested in acting as dealers should contact the Southwest Peanut Growers Association, Gorman, Texas, or the county AAA office for further details.

Dealers will be allowed a maximum margin of \$10 per ton for handling these peanuts. Both white Spanish and Runner type peanuts can be obtained. County AAA offices will assist dealers in estimating the amount of peanuts that will be needed for planting in their trade areas. Texas farmers planted 1,070,000 acres of peanuts in 1943 and have a 1944 goal of 1,300,000 acres. Farmers have been urged to save their own peanuts for planting purposes and to sell peanuts to neighbors for planting in 1944.

Guadalcanal Diary

In order that more people might have an opportunity to see the picture, the management of the Rogue Theatre has booked Guadalcanal Diary for Friday-Saturday, February 25-26. Much of the content of this picture was actually filmed on historic Guadalcanal during and after the siege by American forces. It is a picture that you cannot afford to miss. For star power it has Preston Foster, William Bendix and Lloyd Nolan, and it compares favorably with Bataan which we had some time ago.

The Sky's the Limit

And for Prevue-Sunday-Monday, February 26-27-28 we offer something in a lighter and cheerier mood. Fred Astaire and Joan Leslie will dance their way into your very heart as they bring you The Sky's The Limit. This is a delightful musical comedy with plenty of sparkle. You last saw Fred in You Were Never Lovelier with Rita Hayworth. Remember? We know that you will go for The Sky's The Limit in a big way.

Girl Crazy

Wednesday-Thursday, March 1-2, brings Mickey Rooney and Judy Garland to the Rogue in Girl Crazy. Nothing we could do or say would add to or detract from this picture. You be the judge and miss it if you like.

BRISCOE BRONCO

Items of interest pertaining to the Briscoe Schools

Semester exams have closed and most of the Broncos have honorably finished the first semester's work with full credits and good grades. Now another semester is ahead of us—let's buckle into the harness and make a "go of it"—not have to be driven into our school work but go forward in our harness with our goal before us so when we come to the end of this school work there will be no regrets and our teachers can say they are proud of us.

We have many opportunities—first of all a good library that should be kept with every book in place. Some of the best books in literature of high point value are to be found in this library. I highly recommend the following to any of my fellow students:

"In His Steps," Sheldon, "The Robe," Douglas; "The Daughter of the Land," and "Magnificent Obsession," Porter. Many good authors are Hill, Freber, Loring, Douglas, and Austin. Now, any Bronco who does not respond to this environment, namely good literature, good teachers, good lunches, good classmates, good friends and a good climate is not worthy to be called a Bronco and should not wear the school colors, green and gold, but be branded a donkey. So on ye Broncos, put those grades in place!

Girls Sport News
The girls met the Kelton team Friday night in a close game. The final score was 15 to 11 in favor of Briscoe. Briscoe girls playing were: Bessie Davis, Sammie Daugherty,

Alva Lee, Lottie Marie Zybach, Marie Finsterwald, Alice Cowan, Nelda Barry, Maidell Sorenson and Iris Clepper. We are looking forward to a game with Wheeler in the near future.

Wonder Why?
The Junior Home Ec. girls wish they were in the fourth grade. Kirk was so proud of a certain valentine. Lottie Marie was so proud of her grades? All the kids want big pockets when they go to the lunch room? The basketball teams can not go to the tournament? Someone does not give a party? Hint-hint.

DON'T PLOW UP YOUR GAS LINE

The gas company is responsible only for the delivery of gas at "the mouth of the meter."

Paragraph nine, of our contract with you, provides that, "The consumer is liable to pay for all gas passing through the meter, whether used or wasted, through leaks in pipes, apparatus or otherwise."

We have heretofore been very tolerant in cases of this kind, and expect to continue so. But on account of labor shortage, you are going to find it hard to get your line repaired just when you want it, in case you plow it up, it is not our responsibility, and we have more than we can do most of the time.

If you own your own premises, see that your gas line is buried at least 18 to 24 inches, otherwise, heat and cold causing contraction and expansion, will gradually work your gas line to the top of the ground.

In many cases where lines were buried deep, wind and water have shifted the top soil and exposed them.

Since starting our victory garden program, we are plowing up patches around our houses which were never plowed before. Few of the gas lines in Wheeler are buried deep enough.

If you have recently moved to a rented place, or bought a new home, don't turn a man or boy loose on your premises with a plow, without showing him where the gas line is. If you do not know where it is, have him take a shovel and locate it before he starts plowing.

If the line is buried shallow, have it buried deep, or never plow across the line.

WE DELIVER GAS AT THE METER, THE RESPONSIBILITY THEREAFTER IS YOURS, we have a signed contract with you to that effect. For your information we are printing a copy of this contract in the paper next week, as many of you have lost or misplaced your contract.

Kindly read this contract in full, as it contains information you should have. And,

Burns Kerosene

Saves Eyesight - Money - Trouble

Why? Because the light the Aladdin gives is surprisingly ample and abundant in quantity and is of a quality closely approaching sunlight, the kind of light nature provided for the human eye. It saves you money, too, because it is so economical of fuel, and its splendid light banishes trouble in reading, writing, sewing, studying, or any evening's work or pleasure. Aladdin light, its simplicity, its safety, its economy, its beauty, and its decorative and practical features must, however, be seen to be appreciated. If you need more and better light, come in at your first opportunity — we'll be glad to demonstrate one to you without the slightest obligation.

Speed Pressure Cooker Repairs

Start now, before March if possible, to have any repairs done on a steam pressure cooker and have the gauge tested so it will be in order for home canning season. At the recent National Food Preservation Conference in Chicago, pressure canner manufacturers stated that they can handle such jobs much faster right now before production of canners gets into full swing. Canners put in order now will be ready for the first spring vegetables.

The national conference went on record as recommending the steam pressure method for home canning all the low-acid vegetables, that is all common vegetables except tomatoes and the vegetables pickled before canning. The War Production Board has authorized the manufacture of 400,000 new pressure cookers this year. But every old pressure cooker that can be put into good shape to preserve food for civilians will be needed also on the food front.

Repair parts will be obtainable for all standard make of pressure canners, manufacturers state. Before sending a gauge to a manufacturer because it seems inaccurate, check to see that the opening of the gauge is clean. A toothpick can be used. Also, check to see that the safety valve is working right. Many gauges register inaccurately because the safety valve of the cooker is clogged with grease or food. This can be rem-

Silver Star Recently Posthumously Awarded Brother Of Hero

In an impressive military ceremony at the McLean Prisoner of War Camp, Ollie D. Kersey of Sweetwater, Okla., on Wednesday morning, January 26, was presented by Colonel F. W. Whitney, Commanding Officer, with the Silver Star Medal and Order of Citation posthumously awarded to Kersey's brother, Corporal Jesse J. Kersey, United States Army, for gallantry in action during the July campaign in Sicily.

With Kersey and Col. Whitney on the reviewing stand were Major T. F. Fehlant, Executive Officer, Lieut. John W. Sappington, Jr., Camp Adjutant and other members of the commanding officers staff.

In the presence of a large assemblage of civilians from the neighboring towns, Major Fehlant read the Order of Citation to the battalion of troops and Mr. Kersey was presented with the medal by Colonel Whitney. Troops from the 1871st Station Complement Unit and the 411th and 460th M.P.E.G. Companies passed in review, led by Lt. Harry M. Matis Battalion Commander and Lts. James G. Kostka, Lawrence J. Buckley, Franklin J. Allen and Theodore J. John, to the martial rhythms of the Pampa AAF Base field band, Pampa, Texas.

The Order of Citation reads in part as follows:

"... When his gunner was killed and his assistant gunner was seriously wounded during a concentrated enemy attack, Corporal Kersey manned the gun alone and until relieved by his section sergeant. He then administered first aid to the injured man and summoned the company aid men. Returning to his gun, he assisted in manning it until it was knocked out of action, but holding his position, he continued to assist with rifle fire until the attack was repulsed. The courage, and perseverance displayed by Corporal Kersey's gallant action are in keeping with the high tradition of the military service."

edied at home by thorough cleaning. Remove the pet cock and valve. Soak the parts in vinegar or kerosene to remove food deposits and corrosion. If particles remain, draw a string or narrow strip of cloth through the opening.

The gauge of every steam pressure canner should be checked for accuracy at least once a year before canning begins. Do this locally if possible to avoid shipping this delicate precision instrument any more than necessary. New gauges may be obtained if your present gauge is too inaccurate to make safe adjustments in pressuring products.

Army-Navy College Qualifying Tests To Be Given March 15

"Army-Navy College Qualifying Tests will be given for the third time at 9:00 a. m., Wednesday, March 15," it was announced today by Lieut. Cmdr. Edward E. Lawson, USNR, Officer-in-Charge of Naval Officer Procurement.

Designed to measure the aptitude and general knowledge of prospective students for the Army Specialized Training Program and the Navy College Program, the tests will be administered under the auspices of the War and Navy Departments and the U. S. Office of Education in all high schools, preparatory school and colleges with eligible candidates.

"The March 15 test will provide an important part of the supply of candidates for the Navy College Program," Commander Lawson explained, "and will be open to male students who will reach their 17th and not their 22nd birthday by July 1, 1944, and who have graduated or will graduate from high or preparatory school by July 1, 1944. Those who failed to qualify on either the April 2 or November 9 test are also eligible for the test on March 15, provided they have not enlisted or been inducted into the armed services."

The test, which takes two hours, employs the "best answer" technique in which the student checks one of a group of answers as the most nearly correct response to a question. Taking the test does not constitute

an enlistment in the armed services but students must express a preference for Army or Navy. Those who express a preference for the Navy will not be considered by the Army and vice versa. Application blanks for the test may be obtained from any high school principal or college administrator.

Those between 17 and 19 years of age, inclusive, by July 1, 1944, who designate Navy preference and qualify on the test may be selected for the Navy V-12 Program. They will attend colleges under contract to the Navy on active duty, in uniform under military discipline, and receive the pay of the lowest enlisted grade for a varying number of 16-week terms depending on type of course. The Navy pays all expenses and gives consideration to personal preference for college on the Navy list and courses to be pursued.

Those in Wheeler county wishing to take the tests have been asked to contact their school superintendent, to indicate their intentions.

Mr. and Mrs. Clayton Kelley were in Shamrock Saturday on business.

Mrs. Tommy Henderson was a Shamrock visitor Saturday.

Mr. and Mrs. Booker Toon and family were visitors in the home of their daughter in Canadian Sunday.

THE FACTS OF LIGHT

By BOB SIEMER

Do You Know—

that lighting engineers say you can actually increase light 25 per cent to 50 per cent by cleaning bulbs and reflectors? That goes for both home and factory.

Do You Know—

that shadows can sabotage production? A man working in his own shadow can overlook tiny errors that cause vital parts to be rejected—delaying whole ships or tanks or planes!

Proclamation

DESIGNATING FEBRUARY 27 THROUGH MARCH 4 AS TEXAS WEEK

WHEREAS, the approach of Texas Independence Day and Alamo Day herald a week of deep significance and profound meaning in the minds and hearts of all Texans; and

WHEREAS, I am prompted by the patriotic members of the Forty-Second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my own feelings of love, loyalty, and patriotism toward my State;

NOW, THEREFORE, I R. H. Forrester, Mayor of the City of Wheeler, Texas, do hereby proclaim the week of February 27 through March 4, 1944 as

TEXAS WEEK

I urge all citizens of this municipality and of Texas to observe Texas Week in an appropriate manner. No one of us will fail to cherish the rich heritage which our founders and forefathers prepared for us of this generation.

During this week let us make much of the spiritual values of our history and of our traditions. Let us dedicate our lives afresh to ideals of statesmanship, character, leadership and service. Let us make it possible, as did our forebears, for our own and for future generations to enjoy liberty as of conscience, of speech, of the press, of worship, of public assembly, and all the other liberties which we

cherish. Remember Gollad, Remember the Alamo, REMEMBER PEARL HARBOR.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of my Office to be impressed hereon at Wheeler, Texas, this 24th day of February, A. D., 1944.

Here is the ACIDOX-GERMOZONE Treatment

TRIPLE-ACTION GERMOZONE
Helps chicks make MONEY for you.
FIRST, ACTS IN DRINK Against germs and bacteria with which it comes in contact there.
SECOND, ACTS IN CROP, ordinary drinking water disinfectants may purify drinking water. But many germs are picked up from litter and droppings. Germozone acts in crop, too.
THIRD, ACTS IN INTESTINES. Germozone is an antibiotic in the intestines, of course. But it also acts against harmful bacteria there. Of value in many simple crop, digestive and bowel disorders. 4 oz., 40c; 12 oz., 75c; economy \$3 oz., \$1.50. At your Lee Dealer

for COCCIDIOSIS

1. Sanitation for both Prevention and Treatment.
2. Housing — ordinary good care. No overcrowding. No damp, drafty or cold quarters.
3. Treatment — Germozone every other day, and Acidox on days when Germozone is not given, until the chicks have had 7 days of each, 14 days of the two. Same does for each medicine, one tablespoonful to each gallon of drinking water. Both Germozone and Acidox can be given in any kind of a drinking fountain.

EXTRA

EGGS ARE DOWN - SO ARE CHICKS FROM \$2.00 TO \$4.00 PER 100

We are under the Texas and National plan of operating our hatchery. That means that we cannot set eggs that are not from blood tested flocks.

We can set turkey eggs under the plan without them being blood tested.

WE HAVE PLENTY OF GOOD, FRESH FEEDS

I am doing everything I can to hold the price of feed down in Wheeler. If you have not used our feed give us a chance to help you in your feeding problems.
