Prepared by OFFICE OF WAR INFORMATION

Millions Trained For War Jobs
During the past four years, more than 13,300,000 men and women enrolled in organized training programs for war jobs, Paul V. McNutt, Chairman of the War Manpower Commission reports. The training was provided by agencies cooperating with the WMC Bureau of Training. Of this vast group, the food production war training program, conducted through vocational agriculture schools had 3,035,566 enrollments. The engineering, science and management war training program, given in selected colleges, had 1,558,123 enrollments. The training within industry program enrolled 1,375,767 supervisors who, in turn, provided instruction for millions of war plant workers. The National Youth Administration, which is no longer in existence, provided training for 772,756 persons, during 1942 and 1943 fiscal years.

Veterans Learn Of Rights, Benefits
Every veteran, upon being discharged, will receive a booklet entitled "Your Rights and Benefits, A Handy Guide For Veterans Of The Armed Forces and Their Dependents." The booklet was prepared by the retraining and reemployment administration of the Office of War Mobilization. Nearly 2,500,000 copies of the booklet are now available. Veterans who have already been discharged will be able to obtain copies from Draft Boards, Office of Veterans Administration, USES or Community Veterans—Information Centers.

Now You Can Draw A Lead On 'Em
If you have a few moments to spare, you may begin to oil up the family flintlock. WPB has taken cognizance of the fact that animals and birds are causing widespread destruction to crops and livestock all over the country. The ban on the sale of ammunition to hunters will be removed temporarily in the near future. Available for nimrods will be 240 million rim fire cartridges, 8 million center fire cartridges and 130 million shotgun shells. Wolves, coyotes, foxes, weasels, wild ducks, crows and pheasants should not be toled of this regulation. Happy hunting.

Lend-Lease Food Deliveries Drop
Meat, dairy and poultry products head the list of foods for the Allies, in the War Food Administration's report of July deliveries for shipment under Lend-Lease. These deliveries totaled 522,851,964 pounds compared with 658,116,418 pounds in June and 1,231,844,656 pounds in July of last year. Exactly 187,494,485 pounds of the July deliveries consisted of meat products, principally cured and frozen pork, canned meat and lard. More

than 100,000,000 pounds consisted of dairy and poultry products, principally evaporated milk, cheese and dried eggs. Grain products totaled 80,984,580 pounds; fruits and vegetables, 38,537,436 pounds; fats and oils, 38,260,249 pounds; sugar, 34,319,947 pounds; cotton fiber, 10,967,056 pounds; tobacco, 938,439 pounds.

Cost Of Living Remain Stable
The cost of living has risen six tenths of one per cent in retail prices of essential commodities, Secretary of Labor Frances Perkins reports. The figure is for the month ended July 15, most recent for which data are available. During the last year, Secretary Perkins added, average prices of family living essentials have risen 1.8 per cent, as compared with advances of 6 per cent and 11 per cent in the years ended July 1943 and July 1942. Higher prices for fresh fruits and vegetables were noted. Prices for potatoes, sweet potatoes, spinach and onions were up in July, but there were large decreases for cabbage, lettuce, and green beans.

Go-To-School Campaign Progresses
More than 40 national organizations — educational, economic, social and civic — are supporting the campaign to get employed high school pupils back to the classrooms next month. In 30 states especially organized campaigns are under way. Greatest stress is being placed on the importance of having a well-educated citizenry in the post-war era and the hundreds of thousands of high school boys and girls who have gone to work are being advised by veterans and others of the importance of preparing for the new era. In a joint statement, Katherine F. Lenroot, Chief of the Children's Bureau of the U. S. Department of Labor, and John W. Studebaker, U. S. Commissioner of Education, said. "Throughout the campaign we are stressing the importance of developing well supervised school-and-work programs in those communities where the labor supply is tight and where the work of young people is both needed and desirable."

Hog Bristles Flown Over 'Hump'
Most dangerous air route in the world, by General Admission, is the flight from India to China over the Himalayan mountains. This run, known as flying "The Hump," is used for hauling vital war cargoes to China. On the equally dangerous return flight, Chinese hog bristles make up part of the cargoes, the Foreign Economic Administration reports. American pigs are killed too young to have time to grow the long, strong bristles characteristic of Chinese pigs — in reality boars. These hog bristles from China are very important in the making of

One Shoe, Helmet, and Shorts

Reading was never like this in the living room back home. It's understandable why the well-dressed Navy man in the South Pacific might wear only a helmet and shorts, but what a shoe on the wrong hand has to do with the picture is something else again.

paint brushes for the Navy and U. S. Maritime Commission, as well as for brushes used in wool combing machines.

Anazacs Meet U. S. Men's Food Needs

Australia and New Zealand have supplied American forces in the Pacific Battle zone with 250,000,000 pounds of meat, 34,000,000 dozen eggs 175,000,000 pounds of fresh fruit and vegetables, 27,000,000 pounds of butter and 55,000,000 pounds of sugar up to the beginning of this year, the Commonwealth Food Control announces.

New Ceiling Prices On Brides (QM)

New life has no more surprises — in Durban, South Africa, a man was able to get himself a wife by paying her dad \$88 in hard cash plus seven cows. So what (QM). So, into the Office of the Price Controller there appeared a man who protested that his prospective Father-in-law had jacked up the price of \$128 in hard cash. The F-I-L explained that increased cost of living made it necessary for him to boost his price. The controller allowed as how the problem was beyond his province. But, says Canada's Wartime Information Board which reported the incident, it proves that even this primitive man could see the solid common sense and usefulness of price control.

Norwegian Laborers Undernourished

The food ration for Norwegians working in Nazi Slave Labor Camps is so small the workers must have food sent them from their homes, the Swedish Newspaper Stockholms-Tidningen says in an article reported to OWI. Attempts to get Norwegians to sign up for "Harvest Work" failed because all knew that meant working on military fortifications. Not one person signed up.

Army Can Field 50,000 Ball Teams

The Army purchases annually enough baseball equipment to outfit

50,000 baseball teams and 100,000 softball teams; the Navy enough for more than 11,000 and 22,000 respectively, OWA reports. The Army and Navy buy up about 90 per cent of all sports and game equipment produced in the United States and, as a consequence, civilians can expect little or no increase for the present in the amount left over for their use. Last year the services bought sports and game paraphernalia, devoted to the use of enlisted men, costing \$38,000,000. Even so, total new supplies represent approximately one baseball glove for every 17 men in the Army and for every 28 in the Navy.

Round-Up

WPB announces — the total value

of farm machinery produced during July 1944 was \$73,595,553, a figure which is 51.2 per cent higher than the monthly average during the 12 preceding months. . . . Manufacturers of corn pickers and binders were urged to speed up their production during August and September so that corn growers will have this machinery for the fall harvesting season. . . . American coal mining machinery sent to Britain is helping to raise the rate of production of "strip" coal

from the current 10,000,000 tons a year to 18,000,000 or 20,000,000 tons. . . . Lumber stocks at sawmills and concentration yards totaled 4,118,083,000 board feet at the end of the second quarter, 1944, the lowest figure since December 1941. . . . Exactly 15,000 electric hair clippers will soon be made and the finished snippers will go to the Armed Services.

WHEELER

TEXAS

A Wanted Newspaper

Everyone reading The Wheeler Times today has either paid 5 cents for it, subscribed for it in cash, or has indicated intention to pay for it at the advertised rate of \$1.50 a year in Wheeler county and \$2.00 outside the county.

There are no FREE Wheeler Times.

We could easily increase our circulation another thousand or two by just putting names on our subscription list, by one method or another. That would please a few of our advertisers, perhaps, but not the majority of discriminating business men.

For it is a recognized fact that The Times has QUALITY circulation. It is read by people who are ABLE TO BUY the articles advertised in it. Anyone who cares enough about a weekly paper to lay down the advertised subscription price to have it sent to him, is not only going to READ it—he or she is likely to have money with which to buy the things advertised in it.

We have not increased the price of The Times—rather, we have increased its quality, and are pleased to note a satisfactory response. We have kept our old friends and added scores of new ones during the past few months. We do not add 100 new subscribers a week, but we have added as many as 10 in one week and they all paid in advance. They will read the paper from cover to cover. Some of them will keep it all week, while others will pass it on to a neighbor.

The paid circulation of The Wheeler Times has increased in number over 300 in the past two years.

This will interest our advertisers.

Oh My Darling Clementine

The many followers of Roy Acuff and his Smoky Mountain boys and girls will welcome an opportunity to see them on the screen at the Rogue Friday - Saturday, Sept. 1 - 2 in Oh My Darling Clementine. Also in the picture will be the Tennessee Ramblers. So, if you like your Hill Billy music you had better be there.

Three Men In White

Three Men In White which comes to the Rogue Prevue - Sunday - Monday, Sept. 2-3-4 is the newest of the Dr. Gillespie series of pictures starring Lionel Barrymore, Van Johnson, Keye Luke and Marilyn Maxwell. You who have seen this series of pictures will need no coaxing to be present.

Big Double Header

For Wednesday - Thursday, Sept. 6-7 the Rogue Theatre offers a Big Double attraction, Tunisian Victory and Memphis Belle. Tunisian Victory was made by the combined U. S. and British Governments. It shows the complete Tunisian campaign which resulted in Rommel's being driven from North Africa. It is war at its worst. Memphis Belle is a 40 minute subject in Technicolor showing an actual Flying Fortress bombing mission over Germany. So, if you can't take actual war pictures, we advise you to stay at home because this program is ALL WAR.

Mrs. Annie Flynt of Long Beach, Calif., is visiting her daughter, Mrs. A. D. Bryant, in Ottawa, Illinois.

BAPTIST W. M. U. MEETS WITH MRS. GUTHRIE

Mrs. Lee Guthrie was hostess to the Baptist W. M. U. which met at her home at three o'clock Monday afternoon for a business meeting and Royal Service Program. Mrs. Narville Arganbright was in charge of the program. Delicious refreshments were served to: Mesdames C. F. Flynt, C. N. Wofford, Carl Laffin, C. H. Allison, Raymond Sayre, M. L. Gunter, P. D. Fullingim, A. C. Woods, Minnie Farmer, Narville Arganbright and the hostess, Mrs. Guthrie.

PAKAN CLUB MEETS WITH MRS. JOHNSTON

"Fruit trees to be planted here should come from a northern nursery, as they are better prepared to stand the cold weather and late freezes which we often have," stated Mrs. Betty Sue Boultinghouse to members of the Pakan Home Demonstration Club Friday when they met in the home of Mrs. Ruby Johnston.

It was recommended by the council that each club member provide fruit for the family in some way this year and this has been very well carried out.

Planting, caring for and different ways of serving rhubarb, berries and fruits were discussed by the following: Mrs. W. L. Walker, Mrs. W. B. Bertram, Mrs. J. W. Stauffer, May Ruth Stauffer, Mrs. Johnston, Mrs. Boultinghouse and Misses Mavis and Marylyn Johnston.

"Household Cleaning and Household Pests," will be discussed at the next meeting, Sept. 8, at 2:30 o'clock at the home of May Ruth Stauffer. Members are urged to attend and visitors are invited.

EASTERN STAR TO MEET TUESDAY NIGHT

The Mobeetie chapter of the Eastern Star will hold its regular meeting next Tuesday night, September 5, at 8:30. Members please take note of the change in time in order that the meeting may begin promptly.

CHINA FLAT CLUB HOLDS ALL-DAY MEETING

The China Flat Home Demonstration club held an all day meeting at the home of Mrs. C. D. Evans. A covered dish luncheon was served at the noon hour. At 2:30 o'clock the club was called to order by the president. After the business was completed Mrs. O. T. Glascock gave a report on the T. H. D. A., which she recently attended in Austin.

Guests at the club meeting were: Myrtle Murray of A. and M.
