ATOMIC LAW VIOLATORS

The difference between the Russian Soviet government and the United States on the question of the manufacture and use of atomic weapons appears somewhat less serious than they were. The Russian government, the Security Council was told, believes that violation of a ban on atomic weapons should be punished, and it maintains it has always held that position.

What shall be done to any nation that shall be proved to have violated any prohibition made for control of atomic energy? The world somehow has to get this terrible means of destruction under control, or it will break out the damage to human life, to civilization, and the power of a nation to defend itself, is likely to go far beyond the destruction wrought in World War II.

More PLEASANT EVENINGS AT HOME with Better Lighting

Some lighting adds livability to your home. Properly placed lamps and lights will add to the attractiveness of your home. You'll avoid eyestrain.

Fill in and mail the coupon, or call your nearest Southwestern Public Service office now for a lighting survey of your home. A specialist will come to your home, and measure the lighting in every room. You'll be given recommendations that will lead to better lighting... better living. And remember, it's another service of your Public Service Company, furnished without extra charge.

FROM WHERE I SIT... by Joe
And That Ain't Hay - Or Is It?

Quality of Grapes May Depend On Spraying
COLLEGE STATION—One of the biggest steps toward producing high quality grapes is a complete spraying program through the growing season, say Extension horticulturists at Texas A. and M. College.
In localities where grapes have not yet been forced into growth, a spraying job now will clean off all disease spores which may be on the branches to cause trouble later, the horticulturists say. Black Rot, the disease that takes a big toll of Texas grapes each year, can be controlled with 8 pounds of bordeaux mixture in 100 gallons of water. Bordeaux is the name applied to a preparation composed of copper sulfate and lime. Growers have found that a thorough spraying of the mixture on leaves and young grape clusters is a first rate control measure.

And That Ain't Hay - Or Is It?
I guess all of us secretly hanker, from time to time, for the good old days and the good old-fashioned pleasures. Leastways, Buddy Richards done a thriving business reviving the old-time harried.
With a team of horses, and a stout straw-bedded rack, Buddy can take as many as thirty adults—at fifty cents a head!
Two or three times a week they start from Tewa Hall, and go out along the river, often for a friendly glass of beer at Silverside Tavern.

There's EXTRA VALUE in the Tire that
OUTWEARS PREWAR TIRE

It's easy to measure what you get for what you pay. No matter what you buy, the measure of its worth is its performance... how long it will serve you.
In tires there are several yardsticks... mileage, protection against bruising and road shocks, resistance to skidding. In all of these, the B.F. Goodrich Silverstone gives you extra value.
In winter, better tread which covers more road area, spreads the wear more evenly. The more tire in contact with the road also means more traction to grip... to prevent skidding, be-

GARBAGE AND REFUSE ORDINANCE—1947

AN ORDINANCE REGULATING THE PLACING OF SUCH CONTAINERS FOR COLLECTION BY THE CITY GARBAGE DEPARTMENT; REQUIRING PERMITS FOR ALL TYPES OF GARBAGE REFUSE, AND PROHIBITING DISPOSAL OF SUCH MATERIALS WITHIN THE LIMITS OF THE CITY OF WHEELER, TEXAS; PROVIDING FOR THE REMOVAL OF MATERIALS FROM THE DUMP; PROVIDING FOR CHARGES; DECLARING UNCOLLECTED GARBAGE A NUISANCE; AND PRE-

SCRIBING A PENALTY. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WHEELER, TEXAS:
SECTION 1. Definitions. The term "garbage" shall be interpreted to mean all putrescible wastes, except sewage and body wastes, including vegetable and animal offal and carcasses of dead animals, but excluding recognized industrial by-products, and shall include all such substances from all public and private establishments and from all residences.
 Item 2. Refuse. The term "refuse" shall include all non-putrescible wastes.
SECTION 2. Accumulation of Garbage and Refuse.
 Item 1. Requiring accumulation in approved containers. No owner or lessee of any public or private premises shall permit to accumulate upon his premises any garbage or refuse except in covered containers approved by the health officer. Such containers shall be constructed of metal or wood in such manner as to be strong, not easily corroded, rodent proof, insect proof, and shall be kept covered at all times except when refuse is being de-

posited therein or removed therefrom. In case garbage and one or more types of refuse are disposed of separately, separate containers may be required by the health officer.
SECTION 3. Collection of Garbage and Refuse.
 Item 1. Permits. No person, firm, or corporation shall collect garbage or refuse who does not possess a permit from the health officer. Said permit shall be issued only upon the payment of an annual permit fee of \$0.00 per collecting vehicle and only after said health officer has satisfied himself that the licensee is capable of complying with the requirements of this code. The permit may be revoked when deemed necessary to the public welfare by the health officer.
 Item 2. Placing of containers. No garbage or refuse shall be collected by any authorized agency or person unless it is placed as designated by the health officer.
 Item 3. Individual disposal of garbage and refuse in any place within the city limits or within 100 feet outside the city limits, except at the designated dumping

grounds, or incinerator, is prohibited.
SECTION 4. Disposal of Garbage and Refuse.
 Item 1. Approved methods of disposal. All disposal of garbage and refuse shall be by one of the following methods: incineration, land fill and cover, or by dumping at a dumping ground designated by the city or its authorized representative and approved by the city and county health officers, provided that said method or methods shall include the maximum practicable rodent, insect, and nuisance control at the place or places of disposal, and provided further, that animal offal and carcasses of dead animals shall be buried or cremated as directed by the health officer, or shall be rendered at 40 pounds per square inch pressure or higher, or heated by equivalent cooking. Kitchen slops and other garbage fed to hogs should be cooked and the hog-feeding places kept in such a manner as to cause no nuisance to adjoining property owners.
 Item 2. Ownership of refuse. All junk and other material of the dump ground is the property of

Russell is an advertising student, under the GI Bill of Rights, at Boston University.

Explosive Gasoline Fumes A Farm Danger

Not long ago in the farm engineering machine shop at Purdue University, I saw a contraction that showed how gasoline fumes seek low levels, and hang there for hours or days until a chance flame or spark starts a bad fire. A friend of mine met death in just such a disaster, says Ray Anderson, Farm Journal associate editor.
 These days of tractors, automobiles, and even farm airplanes, mean that you just can't take enough precaution against fire. It is well to know that explosive gasoline and fuel flames like to lurk in pits, cellars, garages, hangars, or shop corners, until someone throws down a match or cigarette stub, or a spark is generated.
 Seems like a man might get some good ideas from his Extension agricultural engineer, safety director, or insurance agent, on how to avoid having these dangerous spots.
 About 30 per cent of all fires that destroy homes are caused by careless use of matches, and smoking.

PAY YOUR SUBSCRIPTION TO WHEELER TIMES NOW!

the City of Wheeler, and no person is allowed to separate and collect, carry off or dispose of same except under the direction of the City of Wheeler.

SECTION 5. Service Charge and Non-collection.

Item 1. Rates for Garbage Service. There shall be charged, assessed and collected from each residential unit within the city limits the monthly amount of 25c and from each business establishment within said city limits the monthly amount of \$1.00. The city secretary shall collect these garbage fees either through the water department as a separate item on each water bill or by any other practicable means of collection.

Item 2. Uncollected garbage declared a nuisance. No garbage or refuse shall be collected from any premises where the owner or lessee is in arrears for a period of one month. Fermenting, putrefying, or odoriferous garbage in containers uncollected due to failure to pay garbage fees shall be declared a nuisance.

SECTION 6. Penalty. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum not more than \$100.00, and each day that any such person shall violate any of the provisions of this ordinance shall constitute a separate offense and be punishable as such.

Passed and approved on this the 3 day of April, A. D. 1947.

Payrolls...

LIKE PEBBLES

CAST IN A POND

... stir ever-expanding waves that move out to affect all the homes and businesses of the community. Texas is rich in natural resources, rich in agriculture, rich in manufactured goods... but the wealth that reaches into your home, and your neighbor's, comes in the form of payrolls—in the money YOU earn and reinvest in other Texas enterprises in your daily living.

United Gas payrolls join with all other Texas industry payrolls to raise your standard of living... to provide your family with greater comforts and conveniences... to make your community a better place to live and work. In many Texas cities and towns, United Gas payrolls are a factor in the personal prosperity of many citizens in many walks of life. In all its operations, United Gas seeks to be a useful citizen of this great state.

SOCIETY

Cobb-Render Vows Are Spoken At Tulia Thurs.

Nuptial vows were solemnized for Miss Para Cobb of this city, daughter of Mr. and Mrs. T. E. Cobb of Tulia, and Glen O. Render of Mobeetie, son of Mr. and Mrs. J. O. Render of Eldorado, Okla., on Thursday, April 3, at the home of the bride's parents in Tulia.

James A. Fry, Church of Christ minister of Tulia, read the single ring service. Arrangements of pink gladioli formed the setting for the ceremony.

The bride was attired in a dressmakers suit of iris-aqua and accessories of black and white. Her corsage was of red roses.

Attending the bride as matron of honor, Mrs. J. A. Fry of Tulia, wore a navy blue crepe dress with matching accessories and a corsage of red carnations.

Frank Cocks of Mobeetie was best man.

Mrs. Render is a graduate of Tulia High School and Texas Tech at Lubbock. For the past year she has been Home Supervisor for the Farmer's Home Administration.

The groom is a graduate of El-

darado High School and attended Oklahoma A. & M. at Stillwater, Okla. He served over three years with the U. S. Infantry, two years of that time being spent in the South Pacific. For the past year he has been co-owner of the Mobeetie Drug at Mobeetie.

After a short wedding trip to parts in Oklahoma the couple are making their home in Wheeler.

Costiloe-Wiginton Vows Exchanged

Miss Esta Lee Costiloe, daughter of Mr. and Mrs. Ern Costiloe, of Pampa, became the bride of Floyd Wiginton, son of Mr. and Mrs. W. I. Wiginton, Wheeler, at 3 o'clock Sunday afternoon, March 30. The double-ring ceremony took place in the First Baptist Church with Rev. E. Douglas Carver, pastor, reading the service.

Miss Jean Costiloe, sister of the bride, was maid of honor, and F. B. Craig, Jr. of Wheeler was best man. Other attendants were Miss Margie Mullins, John Marshall and Mr. and Mrs. Virgil Greenhouse.

The bride wore a white gabardine suit with black accessories and the maid of honor wore a

blue dress with black and white accessories.

Mrs. Wiginton is a graduate of Pampa High School and is employed at the Southwestern Bell Telephone Company.

The bridegroom is a graduate of Wheeler High School. He served over three years with the Army and was employed at the Clay Food Store before going to Pampa recently.

The couple are making their home at 221 N. Somerville, Pampa.

Mrs. Oscar Johnson Is Bridal Shower Honoree

Mesdames L. T. Davis, Sr., Geo. Henderson, T. B. Killingsworth and J. A. Tucker honored Mrs. Oscar Johnson of Pampa with a bridal shower Thursday afternoon in the home of Mrs. L. T. Davis. The Easter motif was carried throughout the entertaining rooms.

Those registering and sending gifts were: Mesdames Ruby Elliott, Horace Briley, Edgar Blocker, John Dabery, Janie Keelin, A. C. Johnson, Abernathy, Gordon Whitener, C. A. Whitener, Lester Robison, Buddy Vanpool, Mary Lynch, Edd Henderson, Lorene Tucker, R. O. Johnson, Sr., Johnny Burrell, Joe Pitecock, Cully Watson, L. W. Davidson, George Davidson, Tom Britt, L. C. Bledsoe, J. F. Rathjen, Marion Addison, Dee Vines, C. O. Killingsworth, George Henderson, T. B. Killingsworth, J. A. Tucker, L. T. Davis, Jr., Charlie McCartney, John Baird, Charlie Whiteley, Charlie Lang, Bailey Whiteley, Teed Pond, Edd Seeds, A. B. Pond, John Cornelious, C. E. Dalton, John Allen, J. D. Rutherford, Elva Hubble and J. B. Woodring. Misses Rena Johnson, Mary Lois Bledsoe and Paula Bledsoe.

Mrs. Davis Leader For Royal Service Program

The Kelton Baptist W. M. S. met at the church April 7 for a business meeting and a lesson in Royal Service led by Mrs. L. T. Davis, Jr. Two crates of eggs were packed and a box of clothing to be sent to the Buckners Orphan Home.

Those present were: Mesdames Buck Henderson, T. B. Killingsworth, C. D. Davis, J. A. Tucker, L. T. Davis, Sr., L. T. Davis, Jr., H. T. Carman, J. F. Rathjen, Buck Henderson, Jr. and Karen Henderson.

Mr. and Mrs. M. L. Gunter, Jr. spent the weekend with his mother, Mrs. M. L. Gunter, and Mr. and Mrs. Terrell Gunter.

Scotty Risner has returned to school at Sul Ross at Alpine after spending the holidays here with his friends and relatives.

Announcement

I wish to take this means of announcing that I have purchased the Helpy-Selfy Laundry formerly owned by L. H. Terry.

I invite the continued patronage of all the old customers and offer a special invitation to all my friends in this section of the country to come in and see me.

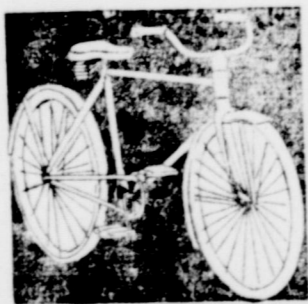

I will appreciate your business.

Finding
WHAT WE LOOK FOR

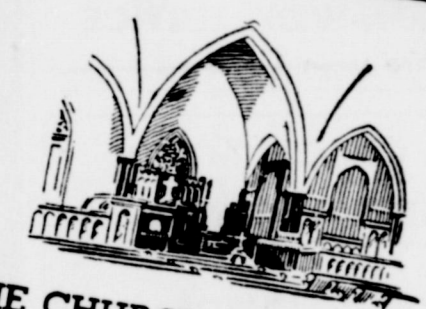

You and I usually find in life what we look for. And what we find is often a reflection of what we are.

A man who looks for trouble can find it in abundance. The person who looks for truth and beauty somehow seems always to come upon it.

One of the remarkable qualities of Jesus was that insight which enabled Him to see men not only as they were, but also as they might become. He saw Matthew, the successful business man. He also saw Matthew, the loyal disciple, writer of a Gospel story that would never die. And, He said, "Matthew, follow me." And Matthew left all and followed Him.

There is much of evil and wrong in the world about us. Much that is discouraging! Much that is cruel! Much that is unkind! God needs men and women through whom He may work to help make right the wrong things of earth. He has given us His Church through which we may work effectively.

Go to Church next Sunday and enlist your services in this great endeavor. The Church needs you even as you need the Church!

**THE CHURCH FOR ALL...
 ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake, of his community and nation. (2) For the sake of his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Mrs. Oscar Johnson Is Bridal Shower Honoree

Mesdames L. T. Davis, Sr., Geo. Henderson, T. B. Killingsworth and J. A. Tucker honored Mrs. Oscar Johnson of Pampa with a bridal shower Thursday afternoon in the home of Mrs. L. T. Davis. The Easter motif was carried throughout the entertaining rooms.

Those registering and sending gifts were: Mesdames Ruby Elliott, Horace Briley, Edgar Plockner, John Dabery, Janie Keelin, A. C. Johnson, Abernathy, Gordon Whitener, C. A. Whitener, Lester Robison, Buddy Vanpool, Mary Lynch, Edd Henderson, Lorene Tucker, R. O. Johnson, Sr., Johnny Burrell, Joe Pitcock, Cully Watson, L. W. Davidson, George Davidson, Tom Britt, L. C. Bledsoe, J. F. Rathjen, Marion Addison, Dee Vines, C. O. Killingsworth, J. A. Tucker, L. T. Davis, Jr., Charlie McCartney, John Baird, Charlie Whiteley, Charlie Lang, Bailey Whiteley, Teed Pond, Edd Seads, A. B. Pond, John Cornelious, C. E. Dalton, John Allen, J. D. Rutherford, Elva Hubble and J. B. Woodring. Misses Rena Johnson, Mary Lois Bledsoe and Paula Bledsoe.

Mrs. Davis Leader For Royal Service Program

The Kelton Baptist W. M. S. met at the church April 7 for a business meeting and a lesson in Royal Service led by Mrs. L. T. Davis, Jr. Two crates of eggs were packed and a box of clothing to be sent to the Buckners Orphan Home.

Those present were: Mesdames Buck Henderson, T. B. Killingsworth, C. D. Davis, J. A. Tucker, L. T. Davis, Sr., L. T. Davis, Jr., H. T. Carman, J. F. Rathjen, Buck Henderson, Jr. and Karen Henderson.

Mr. and Mrs. M. L. Gunter, Jr. spent the weekend with his mother, Mrs. M. L. Gunter, and Mr. and Mrs. Terrell Gunter.

Scotty Risner has returned to school at Sul Ross at Alpine after spending the holidays here with his friends and relatives.

Announcement

I wish to take this means of announcing that I have purchased the Helpy-Selfy Laundry formerly owned by L. H. Terry.

I invite the continued patronage of all the old customers and offer a special invitation to all my friends in this section of the country to come in and see me.

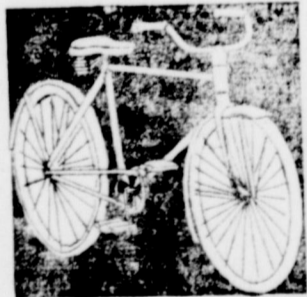

I will appreciate your business.

Finding

WHAT WE LOOK FOR

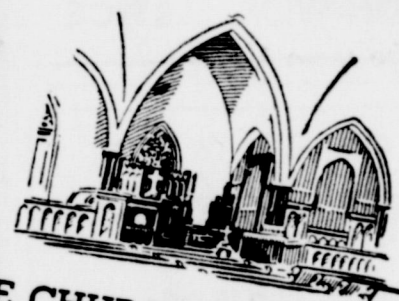

You and I usually find in life what we look for. And what we find is often a reflection of what we are.

A man who looks for trouble can find it in abundance. The person who looks for truth and beauty somehow seems always to come upon it.

One of the remarkable qualities of Jesus was that insight which enabled Him to see men not only as they were, but also as they might become. He saw Matthew, the successful business man. He also saw Matthew, the loyal disciple, writer of a Gospel story that would never die. And, He said, "Matthew, follow me." And Matthew left all and followed Him.

There is much of evil and wrong in the world about us. Much that is discouraging! Much that is cruel! Much that is unkind! God needs men and women through whom He may work to help make right the wrong things of earth. He has given us His Church through which we may work effectively.

Go to Church next Sunday and enlist your services in this great endeavor. The Church needs you even as you need the Church!

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

LEGAL NOTICE

**CITATION BY PUBLICATION
THE STATE OF TEXAS**

TO: R. B. Paxon, John T. Harding, H. T. Davidson, L. Bonifanti, Charles Sutter, J. J. Sallaska, C. Rowe Sutter, T. W. Jones, Jr., S. P. Berry, C. H. Kohler, Sidney P. Allen, W. A. Rube, Frank Danaway Jesse W. Rube and the heirs, their heirs and legal representatives of the above named persons. Defendants. GREETINGS.

You are hereby commanded to appear before the Honorable 47th Judicial Court of Potter County in Amarillo, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of May, A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court on the 26th day of March, A. D. 1947, in this cause, numbered 2-2280-a on the docket of said court and styled Orlan Carroll and Mildred Lois Carroll, Plaintiffs, vs. R. B. Paxon et al., being all the persons first named and referred to in this writ and to whom it is directed, Defendants. A brief statement of the nature

of this suit is as follows, to-wit: Plaintiffs allege that they are the owners of the South One-half of Section 63 in Block 24, H & G N RR. Co., Wheeler County, Texas, claim title and possession by a regular chain of conveyances duly filed or recorded, also by virtue of three, five and ten years limitations, that defendants are claiming of record some interest in said tract of land by virtue of quit claim deeds, unrecorded liens and affidavits thereby clouding the title, and plaintiffs ask judgment removing any and all clouds from their title and cancelling all claims of the defendants, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. If this citation is not served within 30 days after the date of its issuance, it shall be returned unserved.

Issued and given under my hand and the Seal of said Court, at office in Amarillo, Texas, this 26th day of March, A. D. 1947.

BEN SMITH, Clerk, 47th District Court, Potter County, Texas.
By ELEANOR BLODGETT, Deputy (SEAL)

VETERANS NOW GUARD PAYROLLS

Two Mississippi veterans have started a unique postal business, the Jackson Armed Car Service. Edwin C. Humphrey, left, and E. K. Humber are president and secretary-treasurer, respectively. Founded on a Veterans Administration approved business loan, the service employs three other veterans.

**ORCHARDS NEED
SPRAYING FOR
BETTER YIELD**

COLLEGE STATION—Difference between a good orchard spraying job and a poor one is often decided by the type spraying equipment the grower uses, says entomologists of the Texas A. and M. College Extension Service.

To fight insects and diseases in the small backyard orchard with only a few trees, the entomologists suggest the small knapsack type sprayer, which holds two gallons of spray—enough to spray one large peach tree. Using this small sprayer, which develops about 50 to 100 pounds of pressure, growers have found that it is necessary to go over a tree at least twice to get a good coverage. Experienced orchardists also spray from both the inside and

outside of the tree—standing first at the trunk and spraying up and down the inside branches, and then spraying the outer leaves and branches while standing away from the trunk.

Another efficient back yard spraying rig is the wheelbarrow type sprayer, holding 10 to 20 gallons of liquid. The entomologists say that the best type wheelbarrow sprayers have pressure tanks and a pump with which the grower can get up to 100 pounds of pressure. Pressure is a big part of spraying, since the material must be broken up into fine particles to spread over the fruit and leaves and do a thorough job. At least 10 feet of spray hose, a spraying rod four or five feet in length and a 45 degree nozzle all go together to make the wheelbarrow type sprayer an efficient backyard rig.

Commercial orchardists seldom consider spraying with equipment that develops less than 200 pounds pressure, the entomologists say, and 300 pounds pressure is even better. For an orchard of 10 acres or more, growers find it necessary to use a spray tank holding at

least 200 gallons of fluid, with a pump that delivers 10 gallons of spray per minute from two leads of hose.

There are two types of power spraying equipment used in commercial orchards, the entomologists explain. One is the power take-off type, which operates from a tractor. The man who owns a tractor can save a little money by buying the power take-off sprayer. The grower who plans to move his sprayer through the orchard with a team or on a pick-up truck can buy the other type which has power mounted on the sprayer.

Biggest apple and pear insect pest in Texas is the codling moth, which can be controlled by spraying with four pounds of 50 per cent DDT in 100 gallons throughout the growing season. Newspaper Advertisement

"BURNED out" today may well mean being out of a place to live. Be doubly careful to eliminate fire hazards in your home. And consult us about today's higher values. Don't let fire catch you under-insured.

PATTERSON SARGENT... MAKE UP PAINT PRODUCTS FOR THE VERY NEED

**We second the motion
We'll do our part!**

International Harvester has reduced prices to save users of its products \$20,000,000 a year. The reductions apply to a selected list of various products made by the Company.

In making its announcement to the general public last week, International Harvester said:

"We believe there is nothing more important to this country than to lower the prices of goods people buy."

"The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry."

"Because we believe price reduction is vital, we are willing to assume the risks involved."

As International Dealers we will do our part. We will pass International Harvester's price reductions to our customers.

And now a word of gratitude to our friends who have patiently waited for the new machines they need. As most of our customers are aware, International Harvester has done everything possible—and some things that seemed impossible—to maintain and increase production.

The outlook is somewhat better. Soon we hope to supply equipment to all of those who have cooperated so faithfully with us.

Meanwhile, the same top-quality International Service and Parts that have kept equipment operating for our customers during the difficult years are available from us. We urge our friends to continue to use these facilities to obtain maximum operating economy.

International Harvester is doing its part with quality increased production and reduced prices. We will do our part in this territory.

QUESTIONS AND ANSWERS

the beneficiary or the of a veteran make pre- ments on his National Life Insurance if the doesn't care to do so. but the insured veteran right to change his beneficiary or beneficiaries at time without consulting receiving the approval. He may also surren- permanent NSLI policy at any time. drawing retirement pay. Can I receive sub- allowance while going

to school under the Service men's Readjustment Act?
A—You are entitled to draw retirement pay and still receive the full amount of subsistence allowance while in school or training. Retirement pay is not considered income from productive labor and therefore is not to be included by the veteran in his estimate of earnings filed with Veterans Administration.
Q—I obtained a G. I. loan in June 1945, and now would like to know if I may obtain a further loan under the amended G. I. Bill?
A—Yes. Evidently your guaranty under the original Servicemen's Readjustment Act was \$2,000, therefore under the act as amended in December, 1945, you are eligible for a further guarantee of \$2,000 on a real estate loan, or \$1,000 on a business or non-real estate loan.
Q—Will my 10 per cent World

War II disability of \$12.80 be increased in event I marry.
A—No. your compensation is based on the degree of disability and not on the number of dependents.
Q—I am an ex-WAC with an honorable discharge. I am contemplating marriage to a non-veteran and would like to know if I lose any rights under the G. I. Bill?
A—No.

employment, a Veterans Administration survey shows.
 The survey, made by VA's Vocational Rehabilitation and Education staff, included 1,133 blinded veterans who had been discharged by the Army and Navy up to November 30, 1946.
 Twenty-eight per cent were working. Another 20 per cent were in vocational rehabilitation training.
 Professional and scientific courses, particularly social work, teaching and law, accounted for the largest number of veterans who were going to school. Agriculture was second.
 Nearly half the blinded veterans with full-time jobs were in industrial occupations, chiefly as machine operators and assemblers. Another large group was in business and sales work.
 Self-employed blind veterans were found to be engaged in such occupations as general farming, chicken raising, citrus farming, fishing bait business operator, magazine agencies, gift shops, trucking business, mechanics, musicians, clerks and tourist cab-in operators.
 More than 49,000 veterans of World War II were among the 103,000 patients in Veterans Administration hospitals on February 1, VA reported this week. The remaining 54,000 were veterans of World War I and other wars.

"Stolen" Air Saves Tire Change

Latest entry in the "what-won't-they-think-of-next" sweepstakes is the handy gadget illustrated here, euphemistically known as "Spare Air," a Chevrolet accessory. Designed to "steal" air from the spare tire to inflate a punctured or slowly leaking flat, this accessory eliminates tire-changing when within reasonable distance of a service station. Since approximately 90 per cent of all flat tires have leaks so slow that an emergency inflation will suffice, the new inflator will eliminate most roadside tire changes. It will pipe half the air from the spare, and a few pounds from each of the other tires, if necessary. Women drivers, especially, will appreciate this new convenience.

By Rena Johnson

Mr. and Mrs. J. A. Tucker were Sunday dinner guests in the home of Mr. and Mrs. Junior Davis.
 Mr. and Mrs. Otto Miller and Tommy and Mr. and Mrs. Lonnie Kenney of Shamrock spent the weekend here in the home of Mr. and Mrs. Thomas Austin and daughters.
 The Kelton Junior class will present "Aunt Sussie Shoots the Works" at the local gym Friday night, April 11. The play promises to be a good one so come out and see the local talent. The admission is 25c and 50c.
 Miss Rena Johnson spent Friday in Pampa with her brother, Mr. and Mrs. Oscar Johnson.
 Mr. and Mrs. Ollie Elliott and family spent Sunday in Sayre with friends and relatives.
 Mrs. O. R. Johnson is spending the week with Mr. and Mrs. C. E. Whitener near Wheeler.
 A large number from here attended the singing at Buffalo Sunday afternoon.
 Mr. and Mrs. George Davidson and family spent the weekend in Borger.

Janet Russ, Joyce Sims, Wanda Sue Waters, Margaret Sue Gaines and Phyllis Puckett of Clinton, Okla. enjoyed a party and Easter Egg hunt at the home of Donna Greenhouse Sunday.
 Mr. and Mrs. B. L. Anderson, Mr. and Mrs. W. K. Davis of Pampa, Mr. and Mrs. John Baird and family, Mr. and Mrs. Charles Whiteley and family of Kelton and Mr. and Mrs. J. C. Slaughter of McLean spent Sunday with Mr. and Mrs. Zeb Baird and family.

A windbreak of native Texas trees around farm buildings gives protection to livestock and poultry in the winter, and plenty of good shade in the summer.
 Mrs. Bobbie Nell Shirley of Lakeview visited Mrs. Odean Hurst of Pampa Saturday night. Mrs. Hurst is employed at the J. C. Penny store.

Eggs a Dollar a Dozen?

LAGGING CHICK SALES POINT TO SHORTAGE OF EGGS AND POULTRY BY FALL AS EXPECTED SURPLUSES FAIL TO DEVELOP

How much money could you make next fall if eggs were selling for a dollar a dozen? It could happen. In fact, in New York last week, the President of the Butter and Egg Merchants' Association said it may happen.

IT MAY HAPPEN! WHY?

- Because every sign today points to a shortage of eggs and poultry next fall.
- Two months ago—even 30 days ago—nobody would have believed such a prediction. Folks were talking of an egg surplus. The Government said it would support the price of eggs. But what has happened—?
- THERE IS NO SURPLUS. Eggs are disappearing as fast as they are being laid. And far too few baby chicks are being started to meet the demand for poultry and eggs next fall.
- Poultry experts don't need a crystal ball to predict this coming shortage and high eggs and poultry prices. They just look at these cold facts of the U. S. Dept. of Agriculture which tell the story:

THESE FACTS POINT TO HIGH EGG AND POULTRY PRICES

- At the season when eggs would normally be moving into storage in great volume, stocks of shell eggs are dwindling.
 In February this reduction amounted to 70,000 cases, on March 1 there was only about half an egg in storage for every American. A year ago there were 1 1/2 million cases—about 7 times as many.
- Frozen eggs in storage decreased by 7 million pounds in February as compared to an increase of 6 million pounds in February a year ago.
- Egg production in February was 4% below a year ago due to 6% fewer layers.
- Americans are eating eggs at a record rate because of high purchasing power and high meat prices.
- There were 55 million fewer chickens on farms January 1 than there were a year ago.
- Virtually all signs point to an excellent grain producing season in 1947 which normally means lower feed prices. A record wheat crop and another 3 billion bushel corn crop are forecast.

IT'S A GOOD YEAR TO START CHICKS

Yes eggs may sell for a dollar a dozen next fall, but you'll have to start chicks this spring—to cash in on this golden opportunity.

Our advice is to buy good chicks and start them right. Feed them Purina Chick Startena to get them off to a flying start. It's America's Favorite Chick Starter for LIFE AND GROWTH and this year it's the BEST Purina EVER made. We have a good supply in stock. Come in and see us for chicks and all your chick raising needs.

Have You . . .

Rendered Your Property for 1947 Taxes

MUST BE RENDERED TO GET YOUR HOMESTEAD EXEMPTION

If you own your home you will want to render it so you will be eligible for homestead exemption.
 If you have sold some of your property you will want to take that part off your rendition. Many people fail to mention this to the tax-collector, thinking he should know when it changes hands, but very often he does not know of these sales.
 The law requires that all property be rendered for taxes whether it be real estate or personal. In all common school districts (except three) the tax rate is \$1.00 for each \$100.00 valuation. All of that dollar (less 1/2 of 1%) is allotted to each respective community.
 The deputy assessor, Hester Dodson, or myself will try to see all the property owners, but if you are not at home when we call, or for some other reason we fail to see you, we will appreciate it very much if you will see us at one of the following places that is most convenient for you or at the office in Wheeler.

There will be a representative of the Tax Collector's Office in Shamrock
Monday and Saturday
 of each week
 Beginning April 12 and continuing through May 5
 at the
City Hall

- There will be a representative of the Tax Collector's Office at the School house on the days listed in the following places:
- MOBEETIE, Friday, April 18
 - ALLISON, Tuesday April 22
 - KELTON, Wednesday, April 16
 - BRISCOE, Thursday, April 17
 - TWITTY, Wednesday, April 23
 - LELA, Tuesday, April 15

If there is anything concerning your taxes you would like to discuss with us at any time we will be glad to help you in any way we can.
 Your co-operation is greatly appreciated.

T. J. Daughtry
 Tax Assessor Collector Wheeler County

Rubber Replaces 50 Year Vet

As Akron's last streetcar, piloted by Mayor Charles E. Slusser, pulled out of the car-barns for its final trip through the rubber capital, the new and ultra-modern trolley bus stands poised to take over. There were mingled feelings as the famous old streetcars did their fade-out and one who watched the finale with moistened eyes was L. H. "Harry" Mitchell, a motorman with 49 years of continuous service. Not only were the cars retiring, but Mitchell also announced he was retiring to spend his remaining years on his farm.

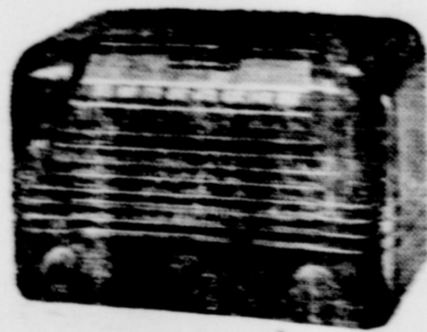

After 50 years of banging, clanging trolley-cars, Akron, O., the rubber tire capital of the world, has finally modernized its transportation equipment. Mayor Charles E. Slusser was at the controls as the last streetcar was decommissioned in a large civic ceremony at Rubber-town Sunday. The old electric-powered cars have been replaced by trolley buses equipped with Akron-made General Tires. Akron Transportation company officials have finally proven to Akronites that rubber-tired trolley buses are more efficient, more comfortable and—more important—far less noisy.

FASHIONS

Attractive suit for a young wife is shown above as pictured in the April issue of Good Housekeeping magazine. It is a lightweight imported linen for summer at the South, side-fastened with gilt buttons. Available in natural, pale pink, green and powder blue.
