FROZEN FOOD CLINIC WILL BE HELD HERE

A Frozen Food Clinic to be conducted by Extension Service specialists from College Station will be held in Wheeler on Friday, June 13, County Agent Hubert Martin and Home Demonstration Agent Mrs. Emma M. Hastings announced this week.

The program will be held in the high school home economics cottage with Roy W. Snyder, extension meat specialist, and Miss Gwendolyn Jones, specialist in food preservation, in charge of the discussions and demonstrations.

Hours for the clinic have been set as 10 a. m. until 3:30 p. m. and all persons interested in the preservation of meat, fruits and vegetables are invited to attend.

Locker plant owners of Wheeler and Mobeetie are cooperating in the program.

Miss Jones will be in charge of the morning program and will demonstrate how to prepare fresh fruits and vegetables for the locker. Beans, peas, pineapple and cherries will be the main edibles upon which the specialist will base her demonstration.

Mr. Snyder's demonstration during the afternoon will cover meat problems.

The following afternoon schedule has been announced: 1 p. m. to 2 p. m.—Discussion of frozen food problems. (Question and answer period.) 2 p. m. to 2:30 p. m.—Processing and packaging poultry. 2:30 p. m. to 3:30 p. m.—Cutting and packaging beef.

The clinic will be very useful to persons in this area, the county extension service workers believe, and Mr. Martin and Mrs. Hastings urge all persons interested to attend.

The Mobeetie seniors, accompanied by Mr. and Mrs. Chubley Seitz and Mr. and Mrs. Aubrey Ruff, as sponsors, and Bill Bailey, as driver, left Mobeetie at 4 o'clock on Sunday morning, May 18.

They reached Del Rio at 7 o'clock that night, got cabins at the Plaza Courts, cooked and ate supper and attended a picture show.

On Monday morning the group went to Villa Acuna, Old Mexico, where they observed quite a different standard of living. Taxis were horse-drawn buggies and hacks. Evidently no food laws were adhered to, for meat hung in open windows and flies were plentiful.

The students did enjoy the curio shops, though, where they had table cloths, aprons, jackets, dresses, belts, jewelry and beautiful rings for sale. The students enjoyed the little tour in Old Mexico.

From Del Rio, the group went to Garner Park, a beautiful state park, 26 miles north of Uvalde. While there they stayed in rustic park cabins, went swimming in the crystal clear water, climbed the mountain and enjoyed everything in general. They were all ready to eat when those good meals cooked over the camp fires were ready.

FORMER KELTON WOMAN KILLED; HUSBAND HELD

Mrs. Edith Norrid Honeycutt Faulkner who was stabbed to death in an Amarillo hotel Sunday morning was a former resident of the Kelton community and a sister of Solie Norrid of Center.

Bernard Gault Faulkner is being held in the Potter County jail in Amarillo in connection with the fatal stabbing of his wife.

Witnesses were quoted by police as saying the stabbing occurred about 8:30 o'clock Sunday morning. Mrs. Faulkner died almost instantly.

Police said witnesses told them Lee Lokey, who lives two doors away from the Faulkners in the Rainbow Hotel, rushed downstairs when he noticed what was going on in the third story Faulkner room. He notified a porter, who called police, and then called Mrs. Ollie Davenport, manager of the hotel.

The same witnesses, police said, told them Faulkner followed Lokey down stairs and then back upstairs.

When investigators arrived at the hotel, Mrs. Faulkner was lying on the bed and a pocket knife was beside her.

Cause of death is attributed to numerous stab wounds in the woman's chest.

Mrs. Davenport said the Faulkners had rented the hotel room since early in March. "It's the second time I knew them to have trouble," she said. The first time was recently when the Faulkner couple separated, she added. After the separation Faulkner was out of town until about 10 days ago when he returned and the couple had a reconciliation, Mrs. Davenport said.

The couple had been married about two years, acquaintances said.

Faulkner was arraigned in Judge J. D. Cazzell's justice of the peace court. Bond was denied.

Mrs. Faulkner is survived by four brothers, Lewis, David and Luther Norrid, all of Amarillo, and Solie Norrid, long-time resident of Wheeler County, who makes his home on a farm near Center. There are two surviving sisters, Mrs. L. M. Barrington of Amarillo, and Mrs. Francis Ward of California.

Funeral services were held Monday afternoon in the Blackburn-Shaw Chapel. Rev. Jack Sisemore, pastor of the Line Avenue Baptist Church officiated. Burial was in the Llano Cemetery, Amarillo.

Pall bearers were Demar Drake, William Dixon, L. W. Van Shaw, Henry Ford, Dee Moore and Troy Lee Love.

Wheeler and Kelton will tie up in what should be one of the best baseball games of the season Sunday afternoon from the spectator's standpoint, since both clubs have had trouble winning consistently this season. The contest is one that was postponed from May 11 and will be played on the Kelton diamond.

REV. ALLGOOD RETURNED FOR ANOTHER YEAR

Rev. S. Y. Allgood, pastor of the First Methodist Church of Wheeler since last November 1, has been re-appointed to fill that position for another year.

Rev. Allgood, as were most Methodist pastors of this area, was returned to his present charge at the closing session of the Texas Methodist Conference held at the Polk Street Methodist Church in Amarillo last weekend.

Rev. S. H. Salley will serve the Mobeetie church for another year and Rev. Neely Motes was returned to the Briscoe-Allison churches.

Rev. O. C. Evans will continue to serve the Kelton church as part of the Shamrock Circuit, and Rev. Hubert Bratcher was returned to the First Methodist Church of Shamrock. Rev. H. R. Bennett will remain at Lela and Heald. Rev. N. S. Daniel at Lefors. Rev. H. A. Longino at McLean.

Rev. Tom Johnston was replaced as superintendent of the Clarendon District by Rev. W. E. Hamilton. Wheeler is in the Clarendon District. Rev. Johnston will become superintendent of the Vernon District.

The 1947 conference was the largest in the history of the Northwest Texas association, and the first one ever held in the summer. In the past the sessions have been conducted in the Fall with the conference year running from November 1 to November 1. The fiscal year now begins on June 1.

Appointments were announced by Bishop Charles C. Seelman at the closing session Sunday afternoon. Changes in nearby towns included:

Rev. C. C. Armstrong was replaced by Rev. Noel Bryant at Wellington. Bryant was formerly at Ralls. Rev. Armstrong was sent to Memphis to fill the position held by Rev. A. C. Haynes, formerly of Shamrock. Rev. Haynes will be at Phillips next year.

Rev. Stanley Haynes went to Clarendon from Quanah, and Rev. H. W. Hanks, who was at Clarendon, was sent to Snyder.

Rev. Allgood attended the five day conference which opened May 28 and continued through June 1. Other local Methodists attended some of the sessions.

MOBEETIE CLUB WINNER AGAIN

The Mobeetie club of the Red River Valley League continued to set the pace in that league as they shut out the hapless Clarendon club by a 6 to 0 count for their sixth straight win without a loss.

Metz LaFollette continued his string of scoreless innings bring his total consecutive scoreless frames to 17. He pitched 8 innings without allowing a counter against the Quail nine the week before and went the full route Sunday without allowing a runner to reach home base.

Tom Riley led the hitting of the Mobeetie club Sunday as he gathered 3 bingles in 5 trips and Glen Elmore and LaFollette each picked up 2 hits in 5 trips to the plate. Elmore collected the longest hit of the day when he got a triple.

Storm Takes Big Toll In Crop And Property Damage Late Wednesday

Wheeler and vicinity was drenched with a soaking rainfall, which measured five-eighths of an inch and had been preceded by 1 1/4 inches Tuesday night, and some hail which did minor damage to the fruit crop and wheat in this vicinity Wednesday afternoon while a small twister swooped down on the J. M. Tindall & Son Oil Mill and gin at Twitty.

At the same time a lashing hail storm accompanied by rain or near flood proportions swooped down on the Shamrock area of Wheeler County causing an estimated \$250,000 damage to property, row crops and ripening fields of wheat in that area.

W. K. FREY IS COMING HERE AS FARM AGENT

The appointment of W. K. Frey as Agricultural Agent of Wheeler County replacing Hubert Martin was announced this week.

Frey, who is at present assistant county agent of Lamb County with headquarters in Amherst, will assume his duties here on June 15.

Martin, who has served Wheeler County as farm and livestock leader for the past 1 1/2 years is being transferred to Midland County.

The new county agent is a graduate of Texas Tech, Lubbock. He spent four years in service after which he took a refresher course in county agent work at A. and M. College.

Upon completion of the course in July, 1946, Frey accepted a position as assistant farm agent at Victoria. A few months later he was transferred to Lamb County where he is now serving.

He is married and has two children.

Martin's transfer to Midland County comes a promotion and at the same time will place him in a familiar territory since he served as county agent of an adjoining county before coming here.

During the period Martin has served farmers and livestock raisers of Wheeler County, he has become a prominent leader. It has been under his guidance that this county has done more in dairy development in the past six months than most counties do in two years.

"I have enjoyed my work in Wheeler County immensely," Martin stated. "The people have taken me in and while helping them with their problems, I have learned much myself," he declared.

"Both my wife and I regret leaving the many friends we have made during our stay here, but we feel that the promotion which the Extension Service has offered us warrants the transfer. There will always be a warm spot in our hearts for the kind people of Wheeler County."

Mary Alice Close To Be On Radio Program

Mary Alice Close, along with other winners in an area-wide amateur contest held recently in Shamrock, will appear in a 15-minute program over Radio Station KPDN, Pampa, Saturday afternoon. Time for the program has been set at 4 o'clock.

Wheeler Is Blacked Out When Bull Snake Naps On Transformer

A lowly bull snake, ordinarily a harmless reptile, caused a black-out of more than three hours duration in Wheeler and nearby towns and communities during the early morning hours of Sunday.

The snake, undoubtedly with no thought of the inconvenience he would bring about, crawled on top of a transformer which reduces the voltage from 13,000 to 7,600, at the Jowett plant of the Southwestern Public Service.

The reptile placed himself across four of the 13,200 volt bushings in the transformer, causing an arc between the terminals that melted the porcelain insulation and bringing about a short in the circuit which burned out 66,000 volt fuses.

The alarm which was set off by the confusion awakened Aaron Williams and trouble shooters were rushed to the scene from Berger headquarters. The terminals were replaced on the transformers and the power was back on at 6:05 a. m., exactly three hours and five minutes after the bull snake electrocuted himself.

Grainger McIlhany and Homer Moss attended Memorial Day services at Reydon, Okla. where Mr. Moss was principal speaker on the program.

Mercers Open Cafe In Wheeler Saturday

W. B. (Blondy) Mercer and his wife, Pearl, announce the opening of a new cafe in Wheeler Saturday morning. The new eating establishment is to be known as the Wheeler Cafe and is located at the rear of the Gulf service station.

Mr. Mercer has had 20 years of experience in the cafe business and was a leader in civic activities at McLean where he was in the cafe business for many years.

An advertisement on another page of this week's Times invites the public to visit them in their new establishment.

Garrison Announces Tire Price Slash

Jack Garrison is the first tire dealer in Wheeler to announce a cut in the retail price of passenger car tires. This cut in prices is announced in an advertisement of the B. F. Goodrich Tire & Rubber Co. on another page of this week's Times.

Garrison states that the prices announced in this advertisement are even lower than prewar prices.

Mr. and Mrs. Doc Clemens of Amarillo spent last weekend visiting relatives and friends in and near Wheeler.

Minister B. M. Litton Announces Services

The Church of Christ of Wheeler is offering the public a short series of sermons on the prophecies of Isaiah at each Sunday morning and Sunday evening service, Minister B. M. Litton reported this week.

Twitty Honor Pupils Listed

Pupils of the Twitty School who were placed on the last six weeks honor roll were listed this week by Mrs. A. Robison and Mrs. Louise Burrell, teachers.

The instructors also named nine students who made "A's" on a final examination issued by the state.

There were 32 pupils enrolled in the six grades at Twitty last term and all of them made passing grades. The school was closed for the summer on Friday, May 23.

Students listed on the honor roll for the last six weeks: First grade (all A's)—Nelda Jo Shaffer and Jimmie Lee Gray; (A and B)—Guinn Dale Henderson, Jerry Coward and Kay Dodson.

Second grade (all A's)—Troy Mac Jolly; (A and B)—Wilma Thompson and Luvinia Hill.

Third grade (A and B)—Juanita Stevens and Forrest Lee Thompson.

Fifth grade (all A's)—Marion Payne; (A and B)—Pauline Baker.

Sixth grade (A and B)—Bobby Chaffin, Morris Shaffer and Louvella Payne.

Pupils made A on the state examination: First grade—Nelda Jo Shaffer, Jimmie Lee Gray, Jerry Dale Henderson, Guinn Dale Henderson and Kay Dodson.

Sixth grade—Bobby Chaffin, Morris Shaffer and Louvella Payne.

THE LIFE OF THE FARMER

In the old days many farm families lived isolated lives. Before there were automobiles, and when telephones were few in number, many farm people were considerably cut off from city and town life. It took such a lot of time to get to the nearest towns,

LEGAL NOTICE

SHERIFF'S SALE
THE STATE OF TEXAS
COUNTY OF WHEELER
BY VIRTUE OF AN ORDER

OF SALE issued pursuant to a judgment decree of the District Court of Wheeler County, Texas, by the Clerk of said Court on the 19 day of May A. D. 1947, in a certain suit No. 3788, wherein The State of Texas in behalf of itself and the county of Wheeler are Plaintiffs and John Marquis and Pearl Clemens, if living and if dead their unknown heirs and legal representatives are Defendants, in favor of said plaintiffs for the sum of \$64.11 for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiffs by said District Court of Wheeler County, on the 28 day of April A. D. 1947, and to me directed and delivered as Sheriff of said Wheeler County, I have seized, levied upon, and will on the first Tuesday in July A. D. 1947, the same being the 1 day of said month, at the Court House door of said Wheeler County, in the City of Wheeler between the hours of 2 o'clock P. M. and 4 o'clock P. M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate levied upon

that many of these families had little participation in the life of these communities.

The average farm family today lives in close touch with nearby towns and the outside world. The radio gives close and constant touch with the outside world and a constant stream of the best entertainment, and interesting and valuable information and discussion.

Newspapers reach the farm promptly and bring their full report and discussion of local and general events. Telephone lines connect with friends and neighbors and the nearby community and the outside world. Automobiles are commonly owned, and enable farm families to reach town centers quickly. So farm life has become very modern and up-to-date.

as the property of said defendants, the same lying and being situated in the County of Wheeler and State of Texas, to-wit:

Lot No. 14, Block No. 57, Woodley's South Side Addition to the Town of Shamrock, Wheeler County, Texas, according to the recorded plat of said sub-division in the office of the County Clerk said County.

or, upon the written request of said defendants or their attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

Dated at Wheeler, Texas, this the 19 day of May, 1947.

JESS SWINK
Sheriff Wheeler County Texas.

23-3tc.

\$2 Coyote Bounty Offered By County

The Wheeler County Commissioners Court announced last week it will pay a bounty of two dollars each on coyote scalps at once. The coyotes must be killed in Wheeler county and the scalps must be brought to the county clerk's office.

The county formerly paid a bounty of one dollar on coyotes but discontinued the bounty when a county trapper was employed. The trapper will not be employed this year.

Chickens and turkeys selected for processing must be high quality birds if a good carcass is to be turned out.

For best results in feeding lambs, each animal needs about one linear foot of trough space.

People Willing To Risk Lives By Prescribing Their Own Medicine

"It is an unfortunate fact that some people are willing to risk their health—possibly even their lives—by prescribing for themselves and taking a drug that they have read about somewhere and which has been termed a 'miracle drug,'" states Dr. Geo. W. Cox, State Health Officer.

"Although such drugs as penicillin, streptomycin, thioracil and sulfa drugs have been of great value in combating diseases that have heretofore been very difficult to control, nevertheless, they can be very dangerous products in untrained hands. They were never intended to be used promiscuously for self-medication," the State Health Officer asserted.

If a pharmacist refuses to sell a particular drug and explains that it cannot be supplied without a physician's prescription the would-be purchaser should not become provoked. That pharmacist is giving sound public health advice and is also complying with the law. The State Health Officer declares that self-medication is never advisable, and even "miracle drugs" should be taken only when a doctor prescribes them.

OPEN EVERY DAY.

From where I sit... by Joe Mar...
How to Go to Sleep
We were sitting around Bill Webster's parlor Friday evening and the talk turned to the best way of overcoming sleeplessness... like breathing real slow and deep, imagining that you weigh a ton, or simply throwing away the pillow.
The consensus favored counting sheep. But right away was the question: what kind of sheep? There were some votes for countin' Merinos, Shropshires, Oxfords and Dorsets. Ed Mapes said he had best luck counting crossbreeds.
Finally, Bert Childers spoke up
with his formula: A light and a mellow glass of beer... time. Sort of puts you in the for quiet thoughts and peace of mind. Lets you relax... hum." off to pleasant dreamland.
From where I sit, there's nothing like a temperate glass of beer to smooth away the creases of a day, relax a body, and pave the way for a good night's sleep. It, and see if I'm not right.
Joe Mar...

"COTTON ED" Says
There's a'gonna be some NEW DOIN'S . . . 'round here
Man alive . . . been Cotton Farmin' nigh on to 40 years. Seen a right smart too . . . in my day . . . but as Cotton would say . . . "I ain't seen nuthin' yet."
Yep . . . in them 40 year of 'Cotton Farmin' . . . I've seen some tall tails . . . but this NEW DOIN'S that DOES AIN'T WITH HAND CHOPPIN' . . . by mountin' blow torch . . . yore tractor . . . a burning butane and a gain' in your pocket . . . a burnin' out the weeds and NOT A HURTIN' THE COTTON . . . sounds purty fer fetched . . . Course now . . . them Cotton-oil Boys sez it'll work . . . Course now . . . what they air a talkin' about . . . ain't never been led to by listin' to 'em yet.
Well sir . . . This Contraption I MUST SEE . . . The Cotton-oil air a'gonna have a dem-un-strate . . . Guess the figure what helps us helps them . . . and that's right . . . ain't it? Anyway they call this Critter a FLEA and CULTIVATOR . . . does away with hand choppin' . . . and a heap cheaper . . . cost only 'bout 50 cents a acre . . . and a savin' from \$5.00 to \$10.00 a acre . . . Now I ain't one get sold very quick . . . But with that savin' I would share my money . . . First time I reck'lect an airplane on 'lectricity I didn't think they would work nuther . . . SO I'M A SEER THIS CONTRAPTION.
When they 'nounce the day and place of showin' this NEW DOIN'S . . . if you don't think you kin make it the dem-un-strate . . . Just take 50 cents times your own acres and figure that agin what you have been a payin' cleanin' out yore cotton by hand . . . That'll show you what I mean.
Sincerely,
"Cotton Ed"

Veterans' News

QUESTIONS & ANSWERS

Q—Are any of the cemeteries operated by Veterans Administration leased from private owners?

A—No. Veterans Administration has no such leases.

Q—Can I specify in my National Life Insurance policy that in event my wife marries after my death, payment of the balance of insurance benefits shall be made to my mother?

A—No.

Q—Who is entitled to the last compensation or pension check due a veteran in event of his death?

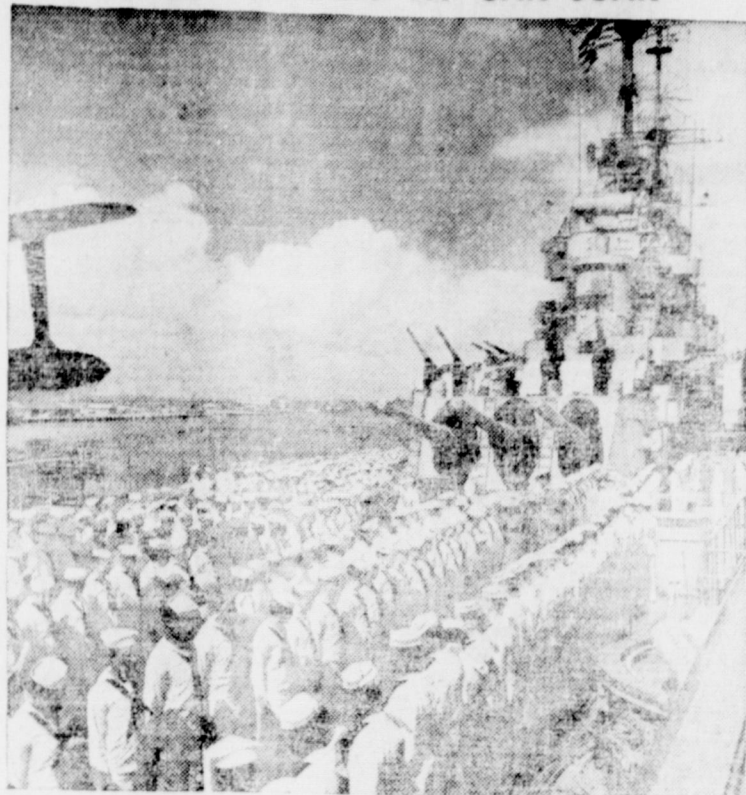

A—The check received at the time of the veteran's death becomes part of his estate. The person who bears the expense of the last sickness may apply for the burial award of \$150.

Q—Does the veteran have to pay any charges or fees to get a guaranteed loan?

A—The veteran pays no commission, brokerage fees or other charges for obtaining a guarantee. Fees paid by the borrower, such as appraisal, title search, recording, etc., may be charged against the veteran.

Q—I am a World War I veteran and would like to know if I can get a guaranteed loan under

CLEAN SHOWING AT SAN JUAN

The last hurdle before Puerto Rico liberty, Captain's Inspection, on the USS Macon, one of the several ships assigned to the expanding training program for veterans and non-veterans of the Naval Reserve. The Macon's complements of Reservists on the two-week cruises are made up of civilians from all walks of life—business men, students, carpenters, welders. After the inspection these Reservists spread from the old Spanish fortress of El Morro to the University of Puerto Rico on the tiny island of San Juan.

the provisions of the Service-men's Readjustment Act (G. I. Bill).

A—No. Benefits of the act are for World War II veterans only.

Almost 230,000 disabled veter-

ans of World War II now are in training under the provisions of the Vocational Rehabilitation Act (Public Law 16), the Veterans Administration has announced.

As of May 1, approximately 56 per cent of those in training—or 128,877—were enrolled in recognized colleges, universities, or other educational institutions.

The remaining 44 per cent—or 100,769—were taking on-the-job training in business and industrial establishments. To date, approximately 169,000 such establishments have been approved for this type of training.

Since the inception of the vocational rehabilitation program in March, 1943, upwards of 8,500 disabled veterans have been declared rehabilitated, VA said.

Disabled veterans in training by states included: Texas, 14,306; Louisiana, 3,248; and Mississippi, 3,987.

The Veterans Administration estimates that the number of living veterans and members of their families will reach a peak of 43 per cent of the nation's pop-

ulation within the next five years and decline in percentage thereafter.

VA defines a veteran's family as a family unit, living together and headed by a veteran. On the basis of this definition, VA computes the following estimates of the number of veterans and members of their families for 1947, 1952, and 1957.

Jan. 1, 1947—46,000,000.
Jan. 1, 1952—62,300,000.
Jan. 1, 1957—62,500,000.

The veteran-family population is expected to show a rapid growth in the next five years, compared to the total population, and then to level off between 1952 and 1957 while the total population continues to rise.

VA made the projections to study the importance of their implications to various VA programs during the next 10 years.

A good ration for cows nursing feeder calves is equal parts of yellow corn chops, wheat bran, ground oats and cottonseed meal.

People are told to laugh off their troubles, but when the trouble is an unpaid bill, the person whom one owes it to may not see the humor of it.

Kelton Baptist WMS In Meet At Church Mon.

The Kelton Baptist W. M. S. met at the church Monday, June 2. The president, Mrs. J. A. Tucker, was in charge of the business meeting and Mrs. L. T. Davis, Jr. taught the Royal Service lesson. Others having part on the program were: Mrs. L. T. Davis, Sr., Mrs. J. A. Tucker, Mrs. C. D. Davis, Mrs. J. L. Rathjen and Mrs. T. B. Killingsworth.

Miss Weatherly Hostess YWA's Regular Meeting

The Y. W. A.'s met at the home of Neva Weatherly, May 22, for a regular business meeting. The program chairman gave a talk on the duties of each officer and also the aim of the Young Women's Auxiliary. The group de-

ecided that pins would be ordered and that they would have a picnic May 29 and have their mothers as guests.

Refreshments were enjoyed by: Mrs. Raymond Sayre, Wilma Hefley, Pat Williams, Peggy Rodgers, Coene Carter, Charlotte Weatherly, Anita Weatherly, and the hostess, Neva Weatherly. The next meeting will be at the home of Peggy Rodgers, June 12, at 7:30 p. m.

Mrs. Hastings Gives Demonstration at Club

A group of Mobeetic ladies enjoyed an interesting demonstration on the preparation and canning of pineapple, by Mrs. Emma Hastings, County Demonstration Agent, May 28, at the Mobeetic High School. Mrs. Hastings also gave some very useful ideas on the budding of fruit trees and rose bushes.

The group organized a Home Demonstration Club, which will meet on the fourth Friday of each month, the first meeting to be June 28, at the Home Economics room of the Mobeetic High School. The following officers have been elected: president, Mrs. J. M. Hathaway, vice president, Mrs. L. D. McCauley, secretary-treasurer, Mrs. Kenneth Walker, reporter, Mrs. S. B. Hooker, council delegate, Mrs. G. A. Brown, and alternate council delegate, Mrs. J. B. Corcoran.

Those present for the demonstration and organization of the club were: Mesdames J. E. Hathaway, F. P. Heare, Susan L. Murrell, J. M. Hathaway, J. W. Seitz, Kenneth Walker, S. W. Williams, F. C. Peace, S. B. Hooker, H. H. Bonds, L. D. McCauley, G. A. Brown, J. B. Corcoran, C. R. Bonds, and Mrs. Emma Hastings. Misses Maurita Laman, Martha Hastings and Louise Hicks, assistant demonstrators.

Mrs. Mason Hostess To Briscoe H. D. Club

The Briscoe Home Demonstration Club met in the home of Mrs. Si Mason, June 3, for a program on home plans, which was given by Mrs. Emma Hastings, County Home Demonstration Agent.

Refreshments were served to: Mesdames Roy, Waters, Clarence Zybach, Ruby Zybach, Ann Standlee, J. B. Mc Neil, Olen Hudson, Emma Hastings, Misses Tamsey Riley, Jean Zybach, Joyce Mason and the hostess, Mrs. Si Mason.

Mrs. McQueen Holds Bible Study At C of C

The ladies Bible class of the Church of Christ met Monday at 3 p. m. for an interesting study in the first chapter of James, conducted by Mrs. J. C. McQueen.

This class is designed to emphasize woman's work in the church and is open to all women interested in studying the Bible.

Those present included one guest, Mrs. Jack Walls of Borger, Mesdames J. C. McQueen, Allie Minor, Bill Owens, Olen Pendleton, C. O. Sandifer, Annie Sivage, George Topper, C. L. Wilkes, W. L. Williams and B. M. Litton.

Abandon Fields Are Being Put Back To Use

COLLEGE STATION — Abandoned fields are being brought back into use this year by Fisher County farmers, who are seeding the depleted soils to pasture grasses and clovers.

Fisher County Agricultural Agent L. E. Turbeville reports that he has been called on repeatedly for help in putting the old fields back into production.

J. C. Simpson, Fisher County farmer has made five acres of abandoned land pay him dividends again by clearing off mesquite growth and planting weeping love grass, madrid clover and blue panic grass. Tom Parker, another Fisher County farmer, revived nine and one half acres with buffalo, blue grama and blue panic grasses. Mrs. Faye Young Morton, ranch owner, brought six acres back to life with the weeping love and blue panic grasses.

County Agent Turbeville says there is a drive underway in the county to put all land to some good use. Most of the new acreage that has been planted to the grasses and clovers will be harvested for seed, so that more extensive seeding can be done next year.

FARM FACTS WORTH KNOWING

Q. At what age should cockerels be separated from pullets?

A. They should be separated at about six or seven weeks of age. Removing the cockerels leaves more space for the pullets and gives them a better chance to grow. The cockerels can be fattened for market.

Q. Should calves be fed vitamin pills?

A. Vitamin work during the past 4 1/2 years with several hundred calves at the Research Farm of the Ralston Purina Company has not been encouraging. The best assurance to produce good calves is to feed the mothers well and follow this by good, wholesome nutrition and sanitary management, rather than to expect vitamin concentrates, etc., to overcome mistakes that have been made before the calf was dropped.

Q. Isn't it expensive to brood chicks early?

A. The cash outlay may be more, but early hatched chicks should be less expensive in the long run, because:

1. Mortality is lower due to less disease, particularly coccidiosis.
2. Cockerels are ready for market earlier when prices are higher.
3. Pullets lay larger eggs earlier for the high priced egg market.
4. Chicks and pullets raised on green range have a lower laying house mortality.

Q. Last spring when I turned my heifers out to pasture they had great deal of weight. Do you know what caused this and how it could be prevented this year?

A. The laxative nature of early grasses and other herbage generally causes loss in flesh if heifers are pastured in the spring without receiving some grain and hay for the first few weeks. The New Jersey Experiment Station noted losses of from 40 to 100 pounds a head during the first month that well-fleshed, bred heifers were turned out. For young stock from six months to freshening age, at least one feeding of hay and three pounds of grain, depending on the age and size of the animal, will do wonders to retain the gains made by good winter feeding.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this newspaper, as a service of this newspaper.

for all popular sizes of the tire that **OUTWEARS PREWAR TIRES** TODAY'S PRICE ONLY

Yesterday's Price 16.10 Prewar Price 14.75 **14.40** 6.00-16" Plus Tax

5.50-17—14.20', 6.50-16—17.45', 7.00-15—19.88'

B. F. Goodrich announces a big reduction in the price of the famous Silvertown tire!

Yes, you can now buy all popular sizes of the tire that outwears prewar tires at actually less than prewar prices! And despite higher manufacturing costs too.

One of the things that makes possible this huge price reduction is the tremendous demand

for the new Silvertown—greater than for any tire B. F. Goodrich ever produced. In fact, more miles have been driven on this new tire than any other tire introduced since the war.

For safe, trouble-free driving this summer—week-ends, holidays, and vacation—equip your car now with B. F. Goodrich Silvertowns at these new reduced prices.

Radio Program To Help Farm Families Who Plan To Remodel Homes

COLLEGE STATION—A series of radio programs aimed at farm families who are planning to build or remodel their homes is being broadcast over the Texas Quality Network each Saturday morning at six o'clock.

The broadcasts are presented as a special feature of the Texas Farm and Home Program, which originates from the campus of Texas A. and M. College.

C. W. Jackson, radio editor of the Texas A. and M. College Ex-

ension Service, believes the program will give farm families many valuable and timely tips on farm building plans. Extension Service specialists in landscape gardening, home management and agricultural engineering will be interviewed on the broadcast. Some of the topics which will be discussed are: Planning the farm home; building and remodeling; planning a homemakers workshop; considerations in house planning; electrifying the farm home; farm building layout and landscaping; and farm building materials.

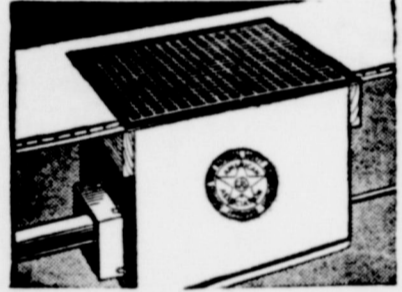

The programs will run each Saturday morning for 11 weeks, and can be heard on Stations WBAP, Ft. Worth; WOAI, San Antonio; WTAW, College Station; and KPRC, Houston.

Grade A Dairying Is Making Paying Business

COLLEGE STATION—Grade A dairying in the Texas wheat country is making a paying enterprise for Panhandle farmers.

Lipscomb County Agricultural Agent E. M. Gossett, Jr., reports that farmers in the county are finding that wheat pastures that thrive in the Panhandle have gone a long way toward making Plains dairying a stable industry. Forty-six milk producers in Lipscomb County are getting about \$16,000 in gross returns each month.

County Agent Gossett points to Clifford Mounsey, of Booker, as a good example of how a Plains dairyman can build a good business. Mounsey was a Grade C producer the first of 1946. Applying commercial prices to the farm-grown grains and wheat pastures with which he kept his herd in good shape, he had production costs amounting to almost \$4,000.

MAID HILMA SEES HOLLYWOOD

Left—Pretty Hilma Jane Seay of Memphis, Tenn., 1947 Maid of Cotton, greets Joyce Reynolds, Warner star (right), at the studios during her recent visit to Hollywood. Right—The cotton industry's Maid wears a smart new cotton in all white percale. The costume illustrates the new trend to hooded garments.

DDT And Sulphur Can Mean Dollars To Men Now Growing Alfalfa

COLLEGE STATION—DDT and sulphur mixture can mean dollars saved to West Texas alfalfa growers this year, judging from the experience of Hale County farmers.

Hale County Agriculture Agent M. W. Ayers reports that the DDT and sulphur mixture now has the nod of approval from several farmers who had a severe infestation of pea aphids on alfalfa recently. Before the aphid poisoning could get underway, however, the insects had slowed down alfalfa growth to the extent that some farmers lost their entire first planting.

A local insecticide dealer operated with the county agent and a few farmers in running some field trials in an effort to find the best poison to use against the aphids on alfalfa. Their best results were obtained with the per cent DDT and sulphur, applied at the rate of 20 to 30 pounds per acre. Most of the poison treatments were done by airplane.

The farmers who have used the treatment are well satisfied that it will pay dividends, says County Agent Ayers.

WAYS TO SAVE TOWELS GIVEN

COLLEGE STATION—Although towels gradually are getting back to normal in numbers, the quality, and sometimes the quality, desired are not easy to find. Mrs. Beatrice Claytor, Extension home management specialist, suggests several ways to make towels last longer. One way is to rotate the supply—don't use the same towels over and over. When towels are returned from the laundry, place them on the bottom of the stack.

If towels are stored for a long time without being washed, the fabric may deteriorate. Smoke, dust, and moisture from the air combine to weaken cotton.

When washing towels, Mrs. Claytor adds, be sure to dilute a bleach if one is used. Too strong a bleach weakens the fabric. Drying towels in the sunshine is an

excellent way to bleach them, but they should be brought in as soon as they are dry, because wind loosens the yarn at the corners and causes them to fray. In case this happens, she says, several rows of stitches along the edge will check the fraying.

Mrs. Claytor warns against ironing Turkish towels. She says that ironing mats the loops and the result is less absorbency. Ironing face and dish towels is permitted, but folding should be done by hand. Another trick in saving the life of towels is to fold them differently at times. This prevents too much wear at any one spot and keeps the towels from splitting along the creases.

To avoid mildew, hang up towels immediately after using so that air circulate through them. Mrs. Claytor warns against leaving damp towels on bathroom floors or folded up. Another word of warning: When drying sharp knives on dish towels or razor blades on hand towels, take care not to cut through even one yarn.

THE GUIDING HAND—In the woodworking class at Yu Tsai School for Gifted Children one of the older boys guides a younger student in the use of unfamiliar tools. China Aid Council, a cooperating agency of United Service to China, gives support to the Yu Tsai School, an educational project supplying leadership for combating illiteracy and teaching democratic principles.

His gross income was \$8,000 for the year.

In October, he spent \$800 to complete his Grade A barn, and figures that in three months the switch repaid him over half the cost. The dairyman plans now to start a better-breeding program in his herd to raise the average production per cow.

County Agent Gossett says there is a wide-open field for whole milk in that area.

Total amount of farm fertilizers sold to Texas farmers and ranchers in 1945-46 was 305,510 tons, as compared with 217,760 in 1944-45.

LAST CALL

THIS IS YOUR LAST CHANCE TO SECURE HOMESTEAD EXEMPTION ON YOUR STATE TAXES FOR THE YEAR 1947

We have called at every home in Wheeler County, but have failed to find a number of tax payers at home. It is necessary that the property owner shall render his property for taxes in order to secure the Homestead Exemptions. In many cases this exemption amounts to \$10.00 or more.

Will you please call by the office and give in your taxes as it will be impossible for us to make two or three trips around to each tax-payer for assessing. It is very important that we get this early so as to have the Tax Rolls completed by the 15th of August. With your assistance we can avoid many errors. If you have bought property and moved on it you can save yourself some money by rendering it for taxes. It is our aim to give you the very best service possible.

Thanking you very kindly for your early attention to this matter I am,

Yours very truly,
J. J. Daughtry
TAX ASSESSOR AND COLLECTOR

LEGAL NOTICE

SENATE JOINT RESOLUTION NO. 4

PROPOSING AN AMENDMENT to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE

STATE OF TEXAS:
SECTION 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

SECTION 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 31 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, or

organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"ALSO, THERE IS HEREBY levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings and other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

requiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"SAID BOARDS ARE severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests

are now appropriated by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"ALL BONDS OR NOTES issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

SEC. 2. The foregoing Constitution Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"FOR THE AMENDMENT to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and other permanent improvements at

state institutions of higher learning in the amounts of higher Cents and Five (5c) Cents respectively; providing for a maximum allowable state tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements at the Agricultural and Mechanical College of Texas and The University of Texas."

SEC. 3. The Governor shall cause the necessary provisions for said election and same published as required by constitution and laws of this state.

SEC. 4. The sum of Ten (\$10,000,000) Dollars much thereof as may be necessary is hereby appropriated out of the treasury of this state to pay the expenses of such election and election.

Prairie View Agricultural and Mechanical College of Texas	5.34416

"NOT LATER THAN JUNE 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is here provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"SECTION 18. For the purpose of constructing, equipping or ac-

How United Gas Helps Conserve Texas Resources

PEOPLE OF TEXAS want to conserve natural resources. But resources are like water in a river...they have no value unless they can be made to perform a service. True conservation, therefore, is in putting natural resources to use for the benefit of all mankind.

Take the situation in the Conroe field, in Montgomery County, where United Gas, back in 1934, built a 1600-horsepower compressor station to take low-pressure casinghead gas produced in conjunction with oil, compress it and deliver it to a market where it could be put to use.

United Gas gave value to this natural resource, provided royalties to lease-holders, provided tax revenues for the State, and provided another source of dependable service for United Gas customers.

This is only one example of many in which United Gas seeks to conserve Texas gas by making it available for use.

By W. W. Reid

Dr. E. Stanley Jones, missionary and evangelist, and inspiration, four "retreats for spirit-ment" will be held in four sections of the Federal Council of the of Christ in America. is returning from India at these ashrams: Byden Reading, Pa., June 30; Green Lake, Wis., July 4; Lake Winnepesaukee, New Hampshire, July 28 to Aug. 1; Sierra, Cal., August 19. Each ashram will enroll 50 laymen, 50 youth; 50 additional members.

ing factor in the increase in the acute housing problem is Mrs. Arthur Anderson, president of the Board of the Young Christian Association. Anderson says, have this from thousands of who have come to them. Many of those needing are "textbook widows" in colleges, and wended into rooms and as without recreation or Mrs. Anderson points to that there was one divorcee three marriages in States in 1946, and the new services planned by the YWCA will help relieve

ital of Norway, will be of the World Conference Youth, in the latter July 1947. The gathering will be international, inational and interracial; ed by the World Councils, the YWCA, and other organizations.

Marriage, symbolized by the wedding ring, is a tie which binds hearts and hands in a union which forms the basis of human society. Its purpose is to improve human relations, provide for the continuity of the race, and enrich human lives with the blessings of companionship and love.

A wedding is rightly an occasion of great joy; but it is also an event which marks the assumption of solemn responsibilities. It is a pledge of fidelity and wholehearted devotion which forecasts the establishment of a home and the rearing of children.

To meet these responsibilities and make marriage a success, men and women need divine guidance and the strength and inspiration which come from religion. A home without these lacks one of the first essentials to successful living and true happiness.

A church connection should be one of the first considerations of the young couple who leave the altar as man and wife. A home founded upon faith in God and the precepts of religion will stand unshaken in all the vicissitudes of life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

(Continued From Page 1)
represent an additional reduction nearly 37 per cent below the amount available this year.

If the Congress followed the recommendations of the committee it would in effect be saying to farmers: "The policy legislation on the books means nothing you have to fight for your rights every time an appropriation bill comes up." The committee action nullifies or drastically restricts the effect of several national farm policies which Congress has adopted and to which both major political parties have pledged continuing support.

Thus is raised a fundamental issue which the farmers and the people of this country recognizes as being out of keeping with the times in which we live and the situation in which the problems of our agriculture involve world-wide considerations.

Because farmers are now, in the words of the Committee, "self-reliant," the Committee proposes to weaken the farmer-operated conservation program this year and bury it next year. Debate and voting records on the Department's 1947 appropriation bill, when it was before the House on March 8, 1946, indicated clearly that Congress committed itself to a 300 million dollar agricultural conservation program for the current calendar year. The committee action would cut that about in half. This is the first time it has ever come to my notice that

a Committee of Congress has recommended to the Congress a violation of its own contract. The Department was authorized to set up the 1947 ACP program on a 300 million dollar basis. Representatives of the Department, through farmer-elected committeemen all over the nation carried that assurance to the farmers. I still believe the Congress will not repudiate its promise and repudiate the actions it directed the Department to take. I intend to urge the Congress as strongly as I can to restore this item to 300 million dollars.

The committee action would also cut administrative expenses to an extent that would make the program ineffective and would have the Congress commit itself against continuing the program next year. Because of wartime damage to the soil, we should emphasize, not reduce, the effectiveness of the conservation program. We in the department cannot favor a death warrant for the farmer-committee system of administering agricultural programs. This is the same farmer-committee system which served the nation in combatting depression to turn the tide against soil destruction and which geared farm production to the requirements of war and the reestablishment of peace. These farmer elected committees, which have their authorization in the Agricultural Conservation Program, carry a great many responsibilities including vital duties in price support operations. They represent one of agriculture's greatest assets.

I am equally concerned over the practical effect of the bill's provision depriving agriculture of the use of Section 32 money which is to nullify both mandatory and permissive price supports on perishable commodities such as fruits, vegetables, milk, poultry and potatoes. Section 32 money has always been the sole source of funds for price supports on most perishables. It is the sole source of funds used to distribute government-owned perishables to public institutions and school lunch programs, and to divert commodities to industrial uses. Section 32 monies are used to prevent any avoid-

able waste of commodities acquired by the Department in carrying out price support policies ordered by the Congress. This means that even if other monies were available to support prices of commodities ordinarily supported with Section 32 funds, the government would have no means of preventing waste of perishables it acquired and would thereby face a practical block in its price support work.

In citing this as a period of short production and unusually high prices in which there is no need for Section 32 funds, the committee overlooks the problem we have been having with potatoes, with dried milk and with some fresh vegetables. It overlooks the real possibility of early difficulties with citrus fruit. If raisin producers, for example, should encounter a surplus problem in 1948, the only way they could get help would be through Section 32 funds.

The cotton growers will not overlook the fact that it was Section 32 funds that made it possible to clear the decks of government-owned cotton. The export subsidies for cotton from Section 32 funds have totaled more than 111 million dollars in addition to nearly 40 million dollars in export subsidies paid out of CCC funds. But to offset this cost, the government made a profit of more than 190 million dollars on cotton. And what is more important, growers do not now have to fear the price-depressing effects of a surplus hanging over the market. The cotton export program really did a job and is one example of the effectiveness of the use of Section 32 funds.

The Department has a good record of turning back Section 32 funds not required for current operations. The total turned back is \$280,000,000. I therefore see no reason for the Committee to make the determination that the funds should not be available simply because they might not all be needed.

The Committee's action on the Farmers' Home Administration severs any hope that many veterans had, or that many tenant families had, of becoming farm owners in the year ahead. It

strikes out farm tenancy loans and cities inflated land values as the reason despite the fact that land produced by borrowers under this program averages only \$3 per farm more than a year ago. All these loans are made on the basis of long-time earning capacity of the land. In the light of the repayment record on these loans we regard it as a false economy to wipe out these self-liquidating loans.

The bill also reduces by one-third our estimate of 90 million dollars for production and subsistence loans on the grounds that plenty of bank credit is available. No production and subsistence loans are made to farmers who can obtain suitable credit from banks and other proper sources. The needs of veterans are forgotten in the bill as are the many small farmers who still have low incomes while agriculture generally is prospering. The loans to them are largely self-liquidating.

The bill cuts the School Lunch funds down from the 75 million dollars originally authorized this year to 45 million despite the recent action of Congress in providing the second deficiency bill funds to go beyond the 75 million appropriation for the current fiscal year. Such a cut is not consistent with the action of the whole Congress.

There are many additional items of doubtful economy but I must protest at once these cuts. This is not a controversy between the Committee and the Secretary of Agriculture. Rather it is between the Appropriation Committee of the House and the often expressed will of the Congress itself. I feel that the Congress will continue its bipartisan support of established farm programs.

Butane Ranges

and WATER HEATERS

We now have in stock several models of BUTANE RANGES and BUTANE WATER HEATERS.

The ranges are the divided top type and have well insulated ovens. Some have oven heat controls and others do not. We invite you to come in and look over these models if you are in the market at all.

JUST RECEIVED

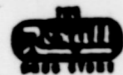

New Shipment Morning Glory Inner Spring Mattresses

ERNEST LEE HARDWARE
Furniture - Rugs - Radios - Hardware

We carry a complete line of fine greeting cards at all times and we can assure you that you will find one for almost any occasion you may wish to use one for in our selection. Spread Cheer with GREETING CARDS.

CITY DRUG STORE

ANNOUNCEMENT!

We are happy to announce that beginning **SATURDAY, JUNE 7** **MISS IONE DURHAM**

Will start work in our shop and will work each Friday and Saturday thereafter. Miss Durham has had several years of experience and has recently been working in a beauty shop in Wichita Falls.

By adding the services of Miss Durham we will be better able to take care of your beauty needs.

THANKS

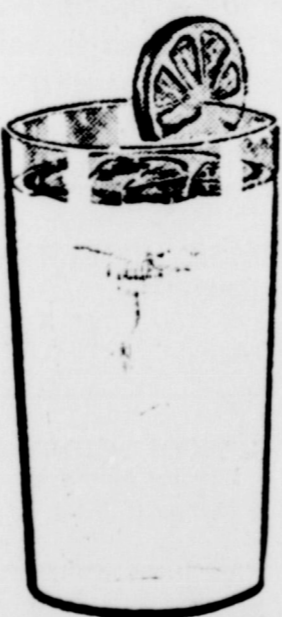

I wish to announce that I have sold my interest in the Mobeetie Drug to Glen Render and will no longer be associated with it.

I wish to take this means of thanking the public for the fine business we have enjoyed during the time we have been in the drug business in Mobeetie.

I wish to publicly wish the new management every success in their undertaking.

FRANK COCKE

FRESHEN UP WITH COOL, DELICIOUS DRINKS

Get out from under the hot sun, away from sultry summer heat. Relax and enjoy one of our Artie-style fruit drinks at our comfortable, air-conditioned fountain today. All to give you that crisp, morning-fresh feeling. Drop in anytime.

Enjoy your lunch-hour here. Try our tasty, delicious-prepared sandwiches.
