Everybody Please Calm Down!

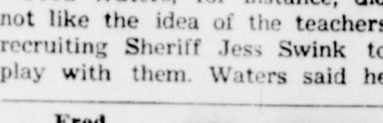

High tribute to the unimpeach-
able character of County Super-
intendent Allen Kavanaugh was
paid this week when both factions
in the forthcoming Wheeler Teach-
ers versus Trustees basketball
game in which no holds will be

barred, consented to his selection
as referee in the knock-down-drag-
out contest scheduled to be played
in the Wheeler gymnasium
next Tuesday night.
The basketball game, proposed
last week by The Wheeler Times
as a means of raising funds to
improve the Mustang football
field, has created such rivalry
and jealousy that teachers and
trustees were considering calling
it off because of failure to agree
on an "honest and unimpeach-
able" man to officiate. It was then
that Allen Kavanaugh's name was
suggested (by his wife) and the two
teams resumed the serious job of
preparing for the affray.
Kavanaugh was chosen for the
difficult post of referee because
he is more or less an authority on
George Washington, the father of
our country whose truthfulness
and honesty have been so widely
advised.
Hates and prejudices entered
the teachers and trustees basket-

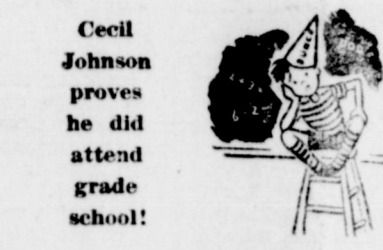

ball game soon after both sides
agreed to play. Fred Waters,
president of the Wheeler school
board, was prompt to accept the
challenge of the teachers. He
and W. O. Carrick who has ap-
pointed himself captain of the
teachers' team, quickly agreed on
7:30 p. m., Tuesday, February 11,
as the time to play the game.
Waters and Carrick also agreed
(but not for publication) that
the game between the Wheeler
women teachers and the Wheeler
P-T A which will be played just
before the men's game, will prob-
ably be a better contest than
theirs, but from there on out
there has been complete disagree-
ment.
Fred Waters, for instance, did
not like the idea of the teachers
recruiting Sheriff Jess Swink to
play with them. Waters said he

son out of the school board line-
up. It was the thinking of the
teachers that a man who has
never attended school himself
would not have the proper respect
for people who make their living
in the school room. Hedley, Texas,
has verified he once was enrolled
there.
Another man who has come in
for considerable discussion, pro
and con, is the fat boy, Osborn,
who will be whopping it up for
the teachers. The fat one who is
expected to spark plug his team,
will bring a brand of basketball to
the gymnasium that will be
strange to this locality.
The things that have been said
about the other members of the
teachers and trustees teams are
better left out of print. The
lineups appear in another article
in today's Times.

care for school teachers since
he was a boy and was given some
bad marks. Carrick intimated that
the teachers gave considerable
thought to the matter before in-
viting Swink to play on their
side and that all were agreed his
presence might be necessary.
Judge A. C. Wood who will play
for the teachers has also
come in for some criticism but
has consented (not in writing) to
slow down on his usual fast style
of play.
Considerable effort was made by
the teachers to keep Cecil John-

community are asked to draw
a red circle around the date,
Friday, February 14. That is
the date set for the big Mo-
bettie Lions club Carnival to
be held at the school gymnas-

Grady Harris, Mobettie

minding them that all pro-
ceeds go to the Legion build-
ing fund.

Packed House Expected When Wheeler Teachers Play School Trustees

The Wheeler gymnasium is expected to be jammed to capacity at 7:30 o'clock next Tuesday night, February 11, when a double-header basketball attraction will be put on for the purpose of raising funds to improve the Wheeler football field.
Headlining the evening will be a game between members of the Wheeler school board and the Wheeler high school faculty. And before the main event, there will be a basketball game between the members of the Wheeler P-T. A. and the women faculty members.
People who never saw a basketball game in their lives will be on hand as the contests are expected to provide more laughs than thrills. Admission will be 20c and 35c.

Shamrock Flier Dies In Crash

Dr. J. L. Huff, 30, of Shamrock was killed instantly and Dr. M. S. Couch, 29, also of Shamrock was seriously injured when the Cessna plane in which they were riding hit a power line and crashed into the river bed 2 1/2 miles north of Shamrock about 6 p. m. Wednesday. The two men were co-partners in the Shamrock Clinic and Hospital.
Couch suffered lacerations of the head, lung injuries and severe shock, but his condition was not believed to be critical, hospital attendants stated.
The plane, owned and supposedly piloted by Dr. Couch, was flying east on the north fork of Red River when it hit a power line about 100 yards east of the river bridge. It had left the Shamrock airport about 5:30 p. m. Dr. Huff, well known through-
out the area, was born at Enid, Okla., and attended an osteopathic university at Kansas City, Mo. He and Dr. Couch interned at Amarillo Osteopathic Hospital in 1942-44, and then came to Shamrock where they established the clinic.
Survivors include the widow; one son, Richard Dee, 4; one daughter, Mary Lynn, 1 year; his father, Dr. L. D. Huff, Anderson Dam, Idaho; and one brother, Dee Huff, Maryland. Funeral arrange-
ments were incomplete at the time of this writing.

Remember, both games will be played at the Wheeler gym next Tuesday night at 7:30, and that you should be there early to get a good seat.
The entire proceeds of next Tuesday night's game will be turned over to the athletic department for use in improving the Mustang gridiron. Supt. Carrick reminds fans that the poor condition of the Wheeler football field was one reason the Mustangs had difficulty remaining in District 3-A conference.
Tentative lineup for the Wheeler teachers in their contest with the P-T. A. includes: Mrs. Ebb Farmer, Mrs. Harvey Close, Mrs. Verne Hardcastle, Mrs. Ernestine Weeks, Mrs. J. E. Osborne, Mrs. Harold Nash, Mrs. W. O. Carrick, Mrs. C. L. Wilkes and Mrs. Barney Harmon.
The Parent-Teachers association has refused to announce its lineup until game time. It had been rumored one reason is that some P-T. A. members were planning to pay membership dues for Louise Tillman and Bette Richerson so they would be eligible to play.

PRIZE CATTLE CHANGE HANDS

Sale of some purebred cattle has been called to the attention of The Times the past week.
The American Aberdeen-Angus Breeders Assn., of Chicago, reported to the newspaper that Gordon Stiles of Wheeler, recently sold three purebred Aberdeen-Angus cows to Wib Fowler of McLean.
The Brown Swiss Association of Beloit, Wisconsin, reported that E. R. Stone of Wheeler route 1, has recently purchased a registered Brown Swiss bull, Mertis Anne's Stud No. 79413, from Harry Burnett of Ponca City, Okla.
W. L. Williams of Wheeler purchased Anxiety Lamplighter, a 2-year-old Hereford bred by Donald Koden of Willifut, Neb., at the Anxiety sale held at Amarillo, on January 24.
Mr. Williams also recently sold 6 registered Hereford bulls to Judge E. S. Pritchard of Dalhart.

Public Invited To Mobettie Revival

M. C. Cox, pastor of the Assembly of God church of Briscoe, is conducting a revival at the Assembly of God Church in Mobettie and Bonita Hudson, pastor, extends an invitation to the public to attend.
"Brother Cox will be bringing prophetic messages as well as messages on salvation," she said. "There will be old-time gospel preaching and special musical numbers you will enjoy."
Mr. and Mrs. Glenn Greenhouse of Mobettie are the parents of a nine pound son born January 23, at the local hospital. He has been named Harle Ray.
Mr. and Mrs. Bill Black, Mr. and Mrs. E. R. Johnson and Mrs. B. C. Johnson of Erick, Okla. have returned from a three weeks stay in Hot Springs, New Mexico.

Miss Cobb Entertains Kappa Beta Members

All members on roll of the Kappa Beta met with Miss Para Cobb Tuesday night for a regular business and social meeting. Program being on, "Africa, The Dark Continent".
Answering roll call were Miss Leona Crossland, Mrs. Harry Wofford, Miss Evonne Hubbard, Mrs. Max Wiley, Mrs. B. F. Crossland, Jr., Miss Louise Hicks and the hostess, Miss Para Cobb.
The next meeting is to be with Miss Leona Crossland.

Mrs. Allgood Hostess To. W. S. C. S. Monday

Mrs. S. Y. Allgood was hostess to members of the W. S. C. S. Monday afternoon at the Methodist parsonage for a covered dish luncheon.
A regular meeting of the society followed with Mrs. Robison in charge in absence of Mrs. C. J. Meek, president. Two members, Mrs. D. E. Holt and Mrs. W. M. Hampton, were presented with life memberships into the Society. Mrs. Robison made the presentation with a lovely poem. Mrs. Porter read two poems on Friendship and Rev. S. Y. Allgood led the group in prayer. Mrs. Glover and Mrs. Robison gave very interesting talks from the 3rd and 4th chapters of the book, "The Christian Motive and Method of Stewardship".
Those attending the meeting were: Mrs. Buck Britt, visitor; Mrs. Mesdames Hyatt, McIlhany, Wren, Mayfield, Porter, Glover, Holt, Barr, Hampton, Hutchison, Robison, Farmer, and the host and hostess, Rev. and Mrs. S. Y. Allgood.

Mrs. Bailey Honored With Bridal Shower

Mrs. Bailey, nee Alice Morgan, was honored with a bridal shower at the home of Mrs. Leo Moore, Tuesday, January 25, Mrs. J. C. Moore, Jr. assisted as hostess.
Punch and cookies were served to: Mesdames F. F. Hefley, W. J. Johnson, Ted Mason, Lawton Hoffer, John Bailey, J. C. Bradstreet, Bill Morgan, Tom Crossland, C. H. Starkey, R. G. Russ, Lyndon Sims, Cecil Denson, Lindsey Clay, D. A. Hunt, Julia Williams, Chester Morgan, Boyce Farris, Marvin Bradstreet and W. H. White.
Misses Helene Martin, Jo Rean Moore, and Evonne Hubbard.

Williams, Homer Pitcock, Alice Close, H. E. Nicholson, Floyd Pennington, Lonnie Lee, W. F. Wright, Harry Wofford, Kenneth Walker and H. Bailey.
Misses Gillery Baird, Dorothy Greenhouse, Lucille Hutchison, and Florene Wright.
Miss Vyneta Boyles and E. S. Pritchard of Amarillo visited Mr. and Mrs. W. L. Williams and Mr. and Mrs. J. C. Howell one day last week. While here Mr. Pritchard purchased six registered Herefords from Mr. Williams.

COUNTY GIRLS IN CAGE MEET

The Wheeler County Basketball Tournament for Girls will be held Friday and Saturday, February 7 and 8, in the Briscoe gymnasium. Mobettie, Wheeler, Kelton and Briscoe are the only teams entered.
Admission will be 20c and 40c for each session and there will be three sessions, one at 7:30 p. m. Friday, one 10 a. m. to noon Saturday and one at 7:30 p. m. Saturday. There will be no Saturday afternoon session.
The Briscoe Athletic club will have hamburgers, cake, pie, ice cream coffee and cold drinks for sale. Every one is invited to come and help make the tournament a success.
In addition to the scheduled games the Briscoe high school boys will play an exhibition game. A suitable trophy will be awarded first place winner in the tourney. Griswold of Shamrock, will be the referee.

THURSDAY FEBRUARY 6
PUBLIC ENEMY NO. 1

Seventeen million Americans
living today are doomed to die of
cancer unless means are found to
reduce the death rate from this
malignant disease. Texas far
ahead in the world available for
cancer research only a small
fraction of the amount provided

for studying infantile paralysis, a
much less serious disease in terms
of death rate. Some are convinced
that if Congress would appropriate
one twentieth the amount
it turned over for production of
the atomic bomb, the research
against cancer might have a good
chance for success.

Last year Senator Claude Pepper
of Florida introduced a bill
to provide \$100,000,000 of federal
funds for an intensive effort to
discover more about the causes,
prevention and cure of cancer,
which now takes the lives of
about 150,000 Americans a year.
This bill did not pass but recently
was introduced again. The measure
has wide support from political
and medical leaders. It gives
the pathology and gross-roots back-
ground it deserves. It should pass
without any serious opposition.

The appropriation of this fund,
which probably would be used
largely in the laboratories of the
leading universities and hospitals,
could give no absolute assurance
of victory over cancer. But neither
could the much larger sum given
over to atomic research in the
war measure assure that a bomb
would be produced in time—or
even produced at all. The chances
of success in the battle to prevent
human suffering and to prolong
life are enough to warrant making
the money.—From Dallas News.

FARM FACTS WORTH KNOWING

Q. How important is vitamin A to
the calf feeding ration?
A. The New Hampshire Experi-
mental Station found that calves
consumed more feed but the gains
were reduced by 50% when the am-
ount of vitamin A was low while cal-
culation of protein decreased by about
25%. Vitamin A deficiency decreases
the efficiency of digestion, reduces
the rate of absorption of nutrients,
and results in less energy produced
from feed used.

Q. What is meant by the term
"Goose" in speaking of poultry dis-
eases?
A. "Goose" is merely the scientific
name for nasal catarrh or cold in
the head. This type of respiratory
infection is very prevalent on poul-
try farms and in broiler plants.

Q. How soon after kindling should
dew be used?
A. A three-year project at the Re-
search Farm of the Raleigh Farm
Company indicates that production
may be increased by breeding dew
three weeks after the kindling and
weaning the nursing litter three
weeks later. Results are more young
rabbits per year, more pounds of
meat, and less feed per pound. The
size of the rabbits, their health and
condition were as good as under the
old system.

Q. What are the best pastures for
hog production in the Corn Belt?
A. For hog, alfalfa ranks first,
with red clover and rape close se-
conds. Alfalfa and chrome grass make
an excellent pasture, and so do
sweet clover and rape-and-alfalfa.
Blue grass is good in the spring and
fall, but its returns are reduced be-
cause of a rest period during the
summer. If a grower in early fall
provides an abundance of late fall
and early spring pasture, Sudan is
fair for filling in when other crops
do not mature.

Q. What are the incubation pe-
riods for broods, quail, and peewees?
A. Seventeen days for broods, 21
to 24 days for quail, and 21 to 25
days for peewees.

We have decided that Joyce is blind, because every time we see her Preacher is leading her.

The senior girls sure want C. E. Charles and Richard to go on the senior trip. We found out they were good at washing dishes.

Beverly and Drew spent the day with Vera and Kenneth Sunday.

Betty seems to be in a better mood today; thanks to a certain Wheeler boy.

Helen, when are you and your boyfriend going to see Mr. Davis? Peggy Williams, why did you want to drive through town so often Sunday?

C. E., why were you complaining about your neck being stiff? Charles, where did you get all your pin-up girls that are in your car?

Richard, what were you and Norma doing at the Power Plant Saturday night?

Gloves Are Cupid's Gifts

Handy Valentine

Thoughtful

Virginia Mayo, one of Hollywood's new stars, wraps a special gift for an extra-special friend. When he opens it on Feb. 14, he'll find a man's glove wardrobe—capskins for business, grey mochas for evening, pigskins for sports—all American-made.

Movie star Joan Crawford is in a pensive mood as she opens a St. Valentine's gift of gloves from an admirer. It's a pair of American-made pigskins, a welcome addition to the wardrobe of gloves Joan maintains for formal, street and sports wear.

When St. Valentine's Day rolls around, it brings everyone an opportunity to remember a loved one with a gift.

It is customary these days, as in other centuries, to exchange gifts on Feb. 14. One of the ideal suggestions for such a present in 1947 is a pair of gloves. The idea may sound new, but, actually, the custom dates back centuries.

Gloves, and particularly hand-made leather ones, were always given as tokens of affection and esteem. In fact, history tells us that at one time gloves were exchanged as "seals to the truth of hearts."

The ladies were so fond of their

fine leather gloves that they would roll a glove into a tiny ball and place it inside a locket to be worn around the neck. In the early 1500's, Queen Elizabeth of England owned almost 2,000 pairs of gloves, all gifts of admirers.

One doesn't have to be a king or queen to wear fine gloves today. American manufacturers use the world's best methods of tanning leather. The American-made leather glove is second to none.

St. Valentine's Day is the appropriate day for all of us to express affection for one another. It is an ideal opportunity to revive the gracious custom of giving gloves for love.

Delton was seen with Wanda Thursday night.

Claudia, does LeRoy's G. I.'s fit you?

Nancy, where did you find that good looking boy? He couldn't be from Follette.

Louise was seen with James Thursday and Friday. Looks bad, two nights straight.

Marie seems to be taking LaRue's place with Bud Carroll.

Doris, why did you want to ride with Lancasters Thursday night?

I wonder why Frances F. thought the setting for "Specimen Jones" was in Colorado?

Wheeler Co. Poultry Raisers To Compete In Southwestern Contest

Wheeler County poultrymen will compete with poultry breeders in eight southwestern states in the 1947 phase of the nationwide Chicken-of-Tomorrow program with more than 850 poultry raisers from this county eligible to enter the competition, according to D. D. Slade, chairman of the national Chicken-of-Tomorrow contest committee.

"All that is required for Wheel-

er County poultrymen to become a part of this important breeding program is a flock of 50 baby chicks hatched between March 2 and 8," Slade said. "Poultrymen entering the contest are urged to contact Prof. F. Z. Beanblossom, Texas A. and M. College Station, chairman of the contest committee in this state."

Aimed at developing chickens with improved meat-type characteristics, the contest carries a \$5,000 grand prize in 1948 provided by A. & P. Food Stores and \$5,000 in regional prizes. The top award will go to the poultry breeder who develops the most improved meat-type chicken.

Slade urged poultrymen to continue their efforts to develop superior meat-type chickens which, he said, are paying increased dividends to the entire state. He pointed to the Chicken-of-Tomorrow contest as an outstanding example of the poultry industry's determination to provide consumers with better chicken dinners.

The importance of poultry farming in Wheeler County Slade

said, is reflected in the latest report from the Census Bureau which shows that 91 per cent of the county's farmers received income from poultry. These producers, according to the report, have more than 184,000 chickens and sell nearly 685,000 dozen eggs.

At least 1200 cows should be signed up for service before an artificial breeding association begins operation, to assure a sound financial organization.

Lem's Dogs vs Thad's Chickens

Running a newspaper, you get to know a lot about human nature.

Thad Phipps was in the other day, all burned up. Wanted me to run an item on how Lem Martin's dog had raided his chickens again, and ought to be put away by law.

I told him: "Lem was in on Saturday. Said you shouldn't be allowed to keep those chickens so close to his house—and in a residential zone, at that."

Thad shuts up right pronto then. And that very evening I see him making his peace with Lem

at Andy Botkin's Garden Tavern —over a friendly glass of beer.

From where I sit, anyone can find something in his neighbor to complain about. (Some folks may even disagree with Thad's right to enjoy that glass of beer with Lem!) But where would we be if everybody tried to have a law passed against everything they disagreed with? We wouldn't have many neighbors left!

MR. AND MRS. JOE R. WEATHERLY
Miss Waters and Mr. Weatherly
Wed at Home of Bride's Parents

In an impressive ceremony solemnized at 2:30 o'clock Sunday afternoon January 26, at the home of the brides parents, Miss Mary Alice Waters, daughter of Mr. and Mrs. Fred Waters, Wheeler, became the bride of Joe R. Weatherly, son of Mr. and Mrs. C. R. Weatherly of Wheeler.

Rev. P. D. Fullington, pastor of the First Baptist Church, officiated at the double ring ceremony before an altar decorated with lighted tapers, ferns and large baskets of white lilies. At the piano Miss Peggy Rodgers played the traditional wedding music. Preceding the ceremony Doyle Waters brother of the bride, lighted the tapers.

Given in marriage by her father, the bride chose a street length dress of pastel rose crepe with black accessories. She carried a

sage was of pink and white carnations.

The groom was attended by R. J. Holt, Jr. as best man.

The brides mother wore a black crepe dress with black accessories and the groom's mother wore black crepe with matching accessories. They wore similar corsages of red and white carnations.

Mr. and Mrs. Waters entertained at a reception in their home following the wedding. The two-tier wedding cake, which was placed in the center of a large round mirror and topped with a miniature bride and groom, was served with iced punch to the wedding party and guests from a lace laid table and lighted tapers.

Mrs. Weatherly attended high school in Wheeler and was graduated with the class of 1946. At present she is employed in the AAA office in Wheeler. The groom is a graduate of the Wheeler schools with the class of 1944. He served two years in the Navy as Athletic Supervisor in the Submarine Base at New London, Conn. He is associated with his father in the Auditing and Accounting business in Wheeler where the young couple will make their home.

Guests at the wedding included: Mr. and Mrs. Fred Waters, Mr. and Mrs. C. R. Weatherly, Mr. and Mrs. Milt Hathaway of Mobeetie, Mr. and Mrs. C. P. Waters, Mrs. P. D. Fullington, Wanda Sue and Doyle Waters.

**Smith-Johnson Vows
Are Exchanged Sunday**

Miss Mabel Alice Smith, daughter of Mr. and Mrs. J. L. Smith, Mobeetie, became the bride of Roy Harold Johnson, son of Mr. and Mrs. Lester Johnson, Briscoe, at 2:00 p. m. Sunday, Feb. 2, at the home of the brides parents.

The impressive double ring ceremony was performed by Rev. O. C. Evans, Methodist pastor of Shamrock, before an improvised altar flanked with ferns and tall baskets of white lilies, with white tapers in candelabra.

Mrs. Sherman Smith, sister-in-law of the bride, sang, "Oh, Sweet Mystery of Life," accompanied by Miss Mozell Wilson. The traditional wedding march was played by Miss Monett Treadwell. Introducing the ceremony, R. J. Smith, brother of the bride, and Alford Treadwell lighted the tapers.

Given in marriage by her father, the bride chose for her wedding a blue wool crepe dressmakers suit with black accessories and wore a shoulder corsage of white gardenias. She carried a white Bible topped with a white lily and satin streamers. For something old she wore a diamond ring given to her by her Grandmother Smith. For something borrowed a necklace belonging to her sister-in-law, Mrs. Sherman Smith.

Attending the bride as bridesmaids were Miss Nelda Barry, attired in a gray crepe dress with accessories of black, and Miss Mozell Wilson, attired in a white wool dress with black accessories. They wore corsages of pink carnations.

Cotton Ed ... Says

A MAN'S GOTTA PIDDLE AND WHITTLE

Ain't no doubt 'bout it ... a Man's gotta PIDDLE AN WHITTLE a little in order to enjoy hisself as he goes along makin' a livin'.

After I got my last crop all out I got to WHITTLIN' and figurin' and found out I had made more money out of cotton last year than any other crop. Yep. In spite of labor costs ... shortages ... bad weather ... and my kinfolks.

What's more ... I aim to plant more Cotton this year than I did last. There's a'goin' to be a big Demand for Cotton ... an I aim to give 'em a big Supply. First off ... folks need the Cotton ... and another First off ... Cotton Ed needs the money ... makes sense ... don't it?

Why when they perfect them machine gadgets for Choppin' and Pickin' Cotton I can save up to \$40.00 a bale on cost of making cotton ... and think of the time I'll have to PIDDLE AN WHITTLE. With that kind of savin' you can't tell ... I might invite my kinfolks down fer a spell. Then again ... I might go a'visitin' myself. ... See ya.

Sincerely,
 Cotton Ed.

Hybrid Corn Destined To Take Place Of Native Varieties

COLLEGE STATION—Corn hybrids are destined to take the place of the native open pollinated varieties of corn in Texas, says E. A. Miller, agronomist of the Texas A. and M. College Extension Service.

Miller believes that the open pollinated varieties are on the way out because Texas farmers can get much greater yields from hybrid varieties.

Although corn hybrids adapted to Texas have been available for only a few years, about 800,000 acres—one fifth of the state's corn acreage—was planted to hybrids in 1946, Miller says. He believes that as soon as more seed is available and farmers realize the value of corn hybrids, acreage will be expanded on a much larger scale.

In field tests conducted during 1946 at 17 different Texas A. and M. College Agricultural Experiment substations corn hybrids showed an average yield increase of 33 per cent over open pollinated varieties. These tests were made in nearly all sections of the state. Such increases from hybrids can be had by farmers at an extra seed cost of only 75 cents to \$1, Miller says, and will mean more dollars in the corn growers' pockets.

The Experiment Station tests showed that hybrids have certain regions in which they are well adapted, Miller says. The Texas yellow hybrid No. 12 is well adapted in the more humid sections of East Texas, especially on fertile soil, including river bottoms. Eight and 18 have made good records in the central and western corn-growing areas and the new yellow hybrid No. 20 has a wide adaption and is suitable for the drier as well as the more humid sections. The white hybrid No. 9W, also widely adapted is the only hybrid that can be recommended for the Gulf Coastal Prairie, Miller says.

Texas, with its 254 counties stocked with a large number of cattle, sheep and goats, swine, chickens, turkeys, horses and mules, has only about 300 veterinarians engaged in private practice.

Landscape Improve by H. Demo. Clubbers

COLLEGE STATION—Over 1,000 Texas rural landscapes are improved during 1946 by the demonstration club members. 4-H girls and other women took advantage of the landscape improvement instruction

offered by the Texas A. and M. Miss Sadie Hatfield, Extension specialist in landscape gardening, reports this figure in summing up landscape improvement in the past year. The landscape improvement work, supervised on a state-wide basis by Miss Hatfield, is the result of work done by 183 county home demonstration agents and the rural women who are on the College Extension Service.

receiving end of Extension landscape work.

Citing more figures, the landscape gardening specialist says that as a protection to home grounds, 1,186 windbreaks of 100 or more trees were planted, and about 95,000 trees and shrubs were put out to improve outdoor living rooms and other landscape features.

SENIOR CLASS NEWS

The senior class met last week to discuss the selection of a play and to elect a new sponsor. Mrs. Osborne consented to be sponsor of the class.

Sample books were ordered.

STABLE GOSSIP

Quote: Peggy, you have the prettiest blue eyes. Unquote.

Nelda and Clyde having a few disagreements lately and Nelda denying the "rumors" that are flying.

Ida, did you really pay for your sandwich, Saturday night?

Mr. Osborne are hogs called "Sows of the border" in Mexico?

Wonder why some people are either sick or sleepy all the time? Yes, we really wonder.

Floy was wanting to see Lefors play at the Samnorwood tournament last week. Now Floy.

Joy, was really handing the pictures, Monday morning. Especially those that weren't there.

All the senior girls wanted to transfer to the eighth grade this week. Could it be that Glen is teaching? Could be.

All the seniors were exchanging pictures Monday. Kids, are we all that important?

Wayne isn't at school. Come on, Wayne, the seniors and LaVerne miss you.

Richard worked late Saturday night or were you working, Richard?

Clyde, what's this we hear about pushing a car at 4:00 in the morning? What were you doing out at such an hour?

June and Nelda went to Pampa, Friday. And what's this we hear about June, Sunday? Sure, we think Shamrock boys are alright, too.

Really now, Peggy, some cars do go 100 miles per hour.

Glenn is sure popular. All the senior girls are wanting to ride his bus route.

Corky don't you like to take your girlfriends home early?

We like your black and white plaid shirt, Duane.

Some people receive the strangest phone calls. Ask Dinah's boyfriend.

Joy and Floy had a visitor from Lefors Monday morning and brought her to school. We were glad to have you, Imogene Taylor. Come back sometime.

Foods on the market in abundance during February will be fresh citrus and apples, canned citrus juices, canned grapefruit segments, dried peaches, potatoes, onions, celery, eggs, heavy tom turkeys and peanut butter.

Hubby will be able to buy a two-pants suit by Easter, manufacturers say. There'll be an extra charge, though.

Present buyer-resistance indicates that shoes will be cheaper in the months ahead. Recent sales have been up only a small percent, which means that considering higher prices the public may be really buying fewer shoes than a year ago. . . . Many people are depending on the ol' shinolite to keep their leather footwear in good condition until they can afford new ones.

Some 1947 seed catalogs are featuring vegetable variations. One, for example, is coming out with the first "true hybrid eggplant." Another shows a new cucumber and a new tomato.

Winter cabbage is one of the best sources of Vitamin C. A tasty salad that's eye-tempting, too, is one of cole slaw garnished with cinnamon apples. The cole slaw is the usual mixture of shredded cabbage, seasonings and real mayonnaise. The apples are cooked in a syrup of sugar, water and cinnamon sticks tinted with red food color. Last of all they're chilled and sliced on the cole slaw.

Don't forget that old red nail polish can be thinned and used to label your glass ice box jars.

Iowa American Legion posts have sponsored 128 basketball teams in the organization's state-wide 1947 sports programs.

Wheeler County Health Service Closes Membership Drive

At a meeting of the Board of Directors of the Wheeler County Health Service held Saturday, February 1st, a resolution was passed closing the Membership Drive February 28th, 1947.

We realize that both old and new members are still coming in every day, and we hate to have any family left out but still we feel that as every one has had three months to join and have failed to do so, that we must close the Drive.

We believe that we will be able to take care of all that come in during February and ask again that you come on in, the Drive closes definitely the last day of this month, and if you fail to get in by that time you will be left out, and we know that there are others that really need the protection that the Association offers.

Wheeler County Health Service Closes Membership Drive

At a meeting of the Board of Directors of the Wheeler County Health Service held Saturday, February 1st, a resolution was passed closing the Membership Drive February 28th, 1947.

We realize that both old and new members are still coming in every day, and we hate to have any family left out but still we feel that as every one has had three months to join and have failed to do so, that we must close the Drive.

We believe that we will be able to take care of all that come in during February and ask again that you come on in, the Drive closes definitely the last day of this month, and if you fail to get in by that time you will be left out, and we know that there are others that really need the protection that the Association offers.

Melvin Helton and Ralph Pugh, Jr. were groomsmen.
The mother of the bride wore a black dressmakers suit with matching accessories and a corsage of pink carnations.

The grooms mother wore a black crepe dress with matching accessories and a corsage of pink carnations.

A reception was held immediately following the ceremony and Jeanette Dixon sang, "Always", accompanied by Miss Mozell Wilson, as the bride and groom cut the tiered wedding cake.

The table was laid with a hand crocheted cloth and a crystal bowl of snap-dragons flanked on either side by white tapers in crystal holders provided the center piece.

Mrs. Vernon Smith, sister-in-law of the bride, and Mrs. Melvin Helton served punch and cake to the following guests: Mr. and Mrs. Everett Smith, Shamrock, Mr. and Mrs. Allen Smith, Peggy and Pete, Shamrock, Mr. and Mrs. Rex McKay and Billy of Pampa, Mrs. John McCarroll, Sherman Smith, Richard, Jerry and Sheran Beth, Venson Smith, David Wayne and Winnie Faye.

The bride is a graduate of the Briscoe high school and attended Hardin-Simmons University at Abilene. For the past two years she has taught music in the Briscoe schools.

The groom is a graduate of Briscoe high school and attended college at Canyon. He is now employed in Amarillo.

For traveling the bride chose a rust wool crepe neplum suit with accessories of brown.

The young couple will make their home in Amarillo.

Mr. and Mrs. Tom Braly of Pampa were business visitors in Wheeler Friday.

CAR OWNERS!

Treat your present car with care. It will probably be a long time yet before you will be able to get a new automobile; so, give your car the little things it needs along as it needs them and don't let it run down, then it will be worth more money when you do get a chance to trade it in on a shiny new job.
